## George Klein To Plead 'Not Guilty'

George Klein, former PD, WHBQ, Memphis, told R&R this week that he will plead an emphatic "not guilty" to any and all charges contained in a four count indictment handed down in Memphis last week by a Federal grand jury (as reported last week in R&R). Klein, through his attorney, James Eikner, was served late last week with a four count indictment charging him and a local postal employee with "conspiracy to commit mail theft and aiding and abetting in the possession of stolen mail." The charges stem from alleged Arbitron diary tampering in the Memphis market during the time Klein was Program Director at WHBQ. Klein is now employed as Public Relations Director for a Memphis amusement park.

## Sklar Promoted At ABC

Rick Sklar has been elected Vice President of Programming for the ABC Radio Division by the Board of Directors of ABC, Inc., it was announced Tuesday (3/1) by Harold L. Neal, Jr. President of ABC Radio.

In his new position, Sklar will provide guidance, counsel and direction to Program Directors and Operations Managers in planning, development, research, and day-to-day operations of programming. He will report directly to Michael Hauptman, Sr., Vice President of ABC Radio.

In making the announcement, Neal said, "Rick Sklar is recognized industry-wide for his accomplishments and innovations in radio program management. His professional expertise, sound judgment, and leadership will serve to insure the continuing excellence of programming content and policies at the ABC-owned stations and the ABC Radio Network."

## Frankie Crocker Sentenced To One Year, Fined \$1000

Frankie Crocker, former Program Director of WBLF-FM/New York, was sentenced to one year's imprisonment and fined \$1000 in Federal court Monday (2/28) for lying to a Newark grand jury investigating payola. Crocker denied having lied during the 1975 investigation, and was continued on \$20,000 bail after his attorney announced his intention to appeal the verdict.

Crocker told the grand jury in 1975 that he had not received some \$10,000 for playing records from Ellsworth Groce, also known as Rocky G., President of Rocky G Promotions. The New Jersey-based firm's record clients included Capitol, Playboy, Curtom and Babylon. Crocker asserted that Groce had given him money from time to time as a friend, but never for playing records.

Judge Frederick B. Lacey noted that a jury had found Crocker guilty in December on one count of lying before the grand jury, acquitting him on a second count. He agreed with Melvin S. Krakov, Assistant U.S. attorney in the case, that a "signal" should be broadcast that lying before a grand jury would not be tolerated, and stated that the prison sentence handed Crocker would serve as a deterrent.

## Payola Probe Continues

In further developments in the FCC's public inquiry into payola, a prominent concert promoter introduced new payola evidence, and an air personality from WOL/Washington D.C., the primary target of inquiry attention thus far, denied any impropriety in selecting records for airplay.

Teddy Powell, President of New York-based T.P. Productions, one of the nation's largest concert promoters of Black acts, cited numerous instances of pressure through threats of withholding airplay directed at promoters by air personalities involved in outside concert promotion enterprises. Among the incidents enumerated by Powell were cases of concert dates being lost to rival DJ-operated concert

## Rolling Stone Keith Richard In Drug Bust

Rolling Stones guitarist Keith Richard was reportedly arrested by Toronto police Tuesday (3/1) on drug charges. Richard was allegedly in possession of \$4000 worth of heroin.

The arrest is the latest in a series of drug-related incidents that have plagued Richard, 33. He was recently fined in a London case involving possession during the Stones' 1976 British tour. Prior to that, he was involved in a marijuana possession case in Louisiana during a recent American tour.

**HENNES HANDS IT OVER**—Bill Hennes, (l) Program Director of WNDL-WFBQ/Indianapolis since July of 1975, is shown handing over control of the stations to his successor, Chris Bailey (r). Hennes resigned to accept the PD post at WIFL in Philadelphia. Bailey, PD of WIFE/Indianapolis for the past two weeks, accepted the position in a surprise move last Friday afternoon (Feb. 25), citing irreconcilable differences in programming ideas as the reason for his departure from WIFE.

## SPECIAL ARBITRON ANALYSIS REVEALS:

## Black-Formatted Stations Command Nearly 50% Of Black Listenership

New York—A special Arbitron Radio analysis based on listening of the Black population in 16 major markets shows nearly 50% of all listening by Blacks to Black-formatted stations. These findings confirm two previous Arbitron Radio studies produced in 1974 and 1976. The studies compared the listening of the Black population to listening of the general population on the basis of station formats.

According to the study, Blacks spend 48.5% of their listening time tuned to stations programmed specifically for Black audiences. A demographic analysis shows Black stations achieving a 45.5 share of the Black women 18 plus audience, and a 43.6 share among Black men 18 plus. Among Teens 12-17, the Black station's share is a 68.9, but this share varies widely by individual market. Black teens spend their remaining time mainly with contemporary formatted stations.

The ability of Black stations in a market to attract the total Black population 12 plus ranges from a high of 66.5 share in Kansas City to a low of 30.5 in St. Louis. Among Teens, the range is from a 92.8 in Indianapolis to a low 29.7 in Louisville. It should be noted that the number of Black formatted stations listed in the Black Reports varied by market;

three markets had one Black formatted station; four with two Black stations; five with three; and four with four.

Radio stations with Contemporary, Pop/Adult and News/Talk formats rank second through fourth among Black listeners with a 16.2, 9.6 and 9.4 shares respectively. News/Talk and Religious

station formats have higher shares among the Black population than among the total population.

It's interesting to note that Black radio is the second most listened-to station format among the general Teen population; and on the average ranks sixth among Men and Women 18 plus in the regular Arbitron Radio Market Reports.

### "GREAT RADIO GIVEAWAYS"

## KFRC Sets Biggest Ever Promotion

Michael Spears, KFRC PD, has set March 1 as the kickoff date for the biggest radio promotion the station has ever run. The multi-level, multi-month promotion is called "The Great Radio Giveaways" with the first set of con-

tests giving away \$1000 a day, every day during March. Spears noted the contests will be simple to understand and easy to win, and will run in month long durations, no quick hit giveaways, all large prizes.

## WB Records Launches Career Development Dept.

Mo Ostin, Chairman of the Board and President of Warner Bros. Records announced the formation of a new Career Development Department. The department will be headed by Vice President Bob Regehr and will encompass both the Artist Relations and Publicity Department of the company. Both departments will retain their individual identity under the revised structure, but will be coordinated to offer label artists a total spectrum of career guidance and opportunities.

Carl Scott has been named by Regehr to be Artist Relations Director and Bob Merlis will be National Publicity Director. Regehr will report directly to Board Chairman and President Mo Ostin.

Regehr noted that the department will be concerned with a total concept of artist career services including, tours, personal appearances, radio, television, press, and broadcast news. Regehr

also revealed that in the next few weeks both Merlis and Scott will be announcing personnel expansions in their respective areas.

## Bos Assumes Presidency At United Artists

LOS ANGELES—L. Joseph Bos, presently Chairman of the Board of United Artists Music and Records Group, Inc., has announced that he has assumed the additional function of President and Chief Executive Officer of United Artists Music Publishing companies. In this position, he will be working closely with Artie Mogull, President of United Artists Records and Wally Schuster, Vice President and General Manager of United Artists Music as well as the Managing Directors of the publishing company's international subsidiaries. The position was previously held by Mike Stewart who resigned two weeks ago.

## RCA ACT INVOLVED IN COVER-UP

Recently 14-year-old Dolores Kay, a Pure Prairie League fan from the group's hometown of Cincinnati, Ohio, gifted the band members with the world's largest T-shirt, measuring 6 feet by 9 feet, with the name Pure Prairie League emblazoned across it in bright red letters.

Knowledge of this soon reached Albert Soto, president of Pure Prairie League's Pasadena fan club, and acting in a burst of one-upmanship he came up with a new world record—a Pure Prairie League T-shirt measuring 8 feet by 10 feet.

When RCA got word of all this devotion and sewing, they asked Albert if he'd be willing to "lend" the gigantic T-shirt to "Sad Luke," Pure Prairie League's cowpoke mascot who adorns all of their albums and currently can be found on a billboard high atop Sunset Blvd. promoting the group's current LP "Dance."

Albert agreed to dress "Sad Luke" in the T-shirt but before he could climb the billboard to do so he received a last-minute call from friends daring him to put the T-shirt instead on the King Kong billboard which backed that of Pure Prairie League's.

Albert took the dare and now King Kong is the fashionable owner of the world's largest T-shirt, proudly bearing the name of Pure Prairie League. (There is no truth to the rumor that he has signed on as the group's new "Konga" player).

## TIN WINS IN WKLO CONTEST

Pictured above is Barbara Marks of St. Athanasius Woman's Club disguised as a new version of the "Tin Man." This was one of the costumes modeled at WKLO/Louisville's Community Club Awards Pay Off Festival made from CCA sponsors proof of purchase. WKLO awarded \$6500 to 88 participating non-profit organizations in the Louisville Area. Participating clubs saved designated proof of purchase of the CCA sponsors to earn money for their club treasury. The "Tin Man" costume was made primarily from cans from sponsor Pepsi-Cola Bottling Co.

## 3XY EXPO BRINGS MELBOURNE TO STANDSTILL

3XY/Melbourne, Australia brought that city to an almost virtual standstill when the station presented its third annual five day "3XY Expo." The station promotes the fair-type expo with exhibits and continuous shows, giving away thousands of "3XY Bags" filled with client samples, patches, posters, etc.

A special feature, a twenty minute wide screen film "Beautiful Noise" was shown which told the story of the station. An estimated 90,000 people viewed the film during the five day Expo.

Commenting on the enormous success of the radio promotion, 3XY's General Manager Bob Baeck told R&R "the promotion cost about \$150,000, but judging from the results, every dollar was well worthwhile. It represents positive evidence that we, as a station, are prepared to go out and meet our audience."

## KYA Showers Bay With Love & Bananas

KYA/San Francisco recently ran two weekends full of fun. One was the "Love Weekend" which had listeners calling in hourly and reading their valentines to their lovers on the air. Each caller, according to KYA PD Michael O'Conner, received as a bonus, copies of the latest Heart and Kiss albums.

The second weekend was their "Kong Weekend" giving away official KYA Kong Kits, which included a KYA/Kong T-shirt and two copies of the Dickie Goodman record "Kong" (one for the winner and one to give a friend). KYA MD Steve Jordan noted that the Kong record soared to number one in requests over the weekend.

## Speaking Of Apes...

WAPE/Jacksonville's new PD Mark Driscoll is putting together the annual "Official Rock & Roll Super Bowl" with none other than Dickie Goodman as this year's MC. The promotion is basically a battle of the bands, in what Driscoll describes as "being held in a great outdoor Woodstock type concert atmosphere."

## WOWO Into New Surroundings

WOWO/Fort Wayne began broadcasting from their new studios February 21st. Their new mailing address is 203 West Wayne St., Fort Wayne, Indiana 46802.

## Q Country Connection

CKIQ/Kelowna B.C. just installed a CB base station in their master control room. They are urging listeners to call them with all the latest weather and road conditions so that they can pass them along as a community service. The station's handle is "Q Country Connection."

## Big WAYS

WAYS/Charlotte news editor John Kilgo, announced the establishment of a Raleigh, North Carolina news bureau. WAYS will be the

only radio station to have a bureau in the state capital. Dave Blackshear has been named to head the office. His assignment will be to cover the Legislature for the station, compiling news stories of state-wide interest.

## Secret Sweetheart Contest

KPNW/Eugene developed the "Secret Sweetheart" contest where listeners call in and identify one of the several sweetheart celebrity voices the station had pre-recorded. Some of the celebrities were Olivia, Cher, and Carol Burnett.

Country radio station KUGR, Green River, Wyoming, this Valentine's Day showed their appreciation and affection to their listeners by inviting them to call in their Valentine messages that they wanted to pass on to their sweethearts. These messages were read over the air. From these calls special ones were selected to win various gifts, plus the station's jocks were on the street during the day giving away hundreds of flowers, candy and albums. To set the mood, Music Director Dave Hayduk did his afternoon show decked out in his Valentine BVD's.

The lovely lady shown here is KUGN/Eugene Promotion Director Mimi Barnecut, modeling a sweatshirt bearing the name and photo of Ronnie Lee (a former University of Oregon All-American), now a starting guard for the Phoenix Suns. Ten of these sweatshirts were auctioned off to benefit the Ronnie Lee Scholarship fund at the University of Oregon. They went for an average of \$405 apiece!

WKY/Oklahoma City played its part in keeping Led Zeppelin fans warm in the 16 degree weather they were forced to stand in to get tickets to the group's upcoming concert. The station took their mobile studio to the site of the ticket lines, and provided free coffee (200 gallons) and donuts, along with lots of Zeppelin music, free frisbies, albums, and directions on how to get to the end of the long line.

WSGA/Savannah recently presented their "Coffee Conversion" promotion. The first 140 people who came to the station's studios at a prescribed time received a free box of Tetley Tea (to beat the high price of coffee) and one of those boxes contained a crisp \$100 bill. Shown above is WSGA assistant PD Brady McGraw with the contest winner.

There will be two songs per side, with an approximate playing time of six minutes per side. "The Pink Panther" will have a large hole and a playing speed of 45 rpm.

## FM Audience Share Increases

"The nationwide FM share of the total radio audience," says **J. Robert Cole**, Vice President, CBS Owned FM Stations, "is progressively increasing throughout the day and in all significant dayparts. In fact, in the evening, FM listeners now nearly equal AM listeners, and in some time periods, like Sunday evenings, FM radio actually attracts more audience than its AM counterpart."

**Cole** cites a recent **CBS Radio** analysis of **RADAR XIV** Spring/Fall '76 data, which shows FM's share of the nationwide radio audience at 41.5% (Monday thru Sunday, total day, average-quarter-hour, persons 12 plus). This has increased from an FM share of 39.6% in Fall '75/Spring '76 (**RADAR XIII**).

The FM share is strongest, and continues to increase, in the evening hours, 7pm-Midnight, Monday through Sunday, where it reaches 49.6% (Spring/Fall '76), an increase from 46.7% (Fall '75/Spring '76). On Sunday evenings, 7pm-Midnight, the FM share of the total radio audience is 53.7%.

# Street Talk

by J.J. Jordan

Hal Widsten, PD, KIMN, Denver has resigned effective immediately. Is Rick Dees coming to Los Angeles to do AM drive and be close to his record company?

Look for 13Q/Pittsburgh, to change formats within eight weeks and go Country. The entire jock staff at the station is looking. If anyone needs a staff call the station fast and put in your bid.

Former record promotion executive Red Schwartz, is now Vice President of sales at Executive Car Leasing of Los Angeles. Red told me that he was finally back to his first love, cars.

Street talk is that WQCM/Hagerstown, Md., will ease out of their present AOR format and slip into a Top 40 format in the very near future. The station has been sold and the new owners are making the format adjustment.

Congrats to Chris Bailey, new PD at WNDE/Indianapolis. Chris called me from his new office last week to tell me how great everything was at the station. As we concluded our conversation, Chris said, "I better get off the phone and go resign at WIFE, which I haven't done yet." Better late than never.

asking why I couldn't make it to his party. Big secret, Dave.

WFYR, Chicago is not changing formats as per the street talk in Chicago. However the station is going to more live programming.

Jay Cook, WFIL, needs a great morning man and fast. If you're that good send him a tape as fast as possible. Ditto Charlie Lake at KSLQ who needs a jock like yesterday.

WYSL-FM, Buffalo will probably be changing their call letters back to WPHD, which they had several years ago. Look for the FM to play more albums mixed with singles while the AM will continue to stay as they are. Both stations are programmed by Harv Moore. By the way I just found out that WYSL-

AM needs an afternoon jock. Tapes end resumes to Harv in Buffalo.

Edwin Starr, formerly on Motown, has just signed with 20th Century.

Happy birthday to me and thanks to Epic's Bud O'Shea for the cake and champagne and to Columbia's Bob Sherwood (who knows Mac Davis personally) for helping me eat and drink it over at Martoni's during Bob's latest West Coast visit. We were having such a good time that we called Jim Jeffries in New York at 2 in the morning. He really thought it was funny.

Thanks to those who have sent me photos for our photo flashback. I still need more, so please look around the house or office for old pictures of industry friends.

WDBR/Springfield welcomed Epic's Charlie Daniels to the city. The sell-out concert audience brought Daniels and his band back for three encores. Seated (left to right): Daniels, Rich Schwan, Epic midwest promotion. Standing (left to right): Bob Edelman, local journalist; Gene Denonovich, Columbia Promotion Manager; and Dan Scott, WDBR evening personality.

WIRK/West Palm Beach participated in the ten-day "South Florida Fair" with a free disco dance party each night. All the station's jocks participated, and \$300 in prize money was awarded. The cash presentation was made to the two winners by "Miss Recreation" (right) on behalf of WIRK.

Congratulations on another fine Radio & Records convention!

After the session in Atlanta last year, I really didn't think a convention could be better organized or more beneficial to those who attended. This last weekend proved that I was wrong about that.

I can't think of a weekend I have ever spent that was more beneficial from both a business and pleasure point of view.

Although the hotel fire on Friday afternoon must have given you a grey hair or two, even that seemed to add to the convention.

Hal Widsten

I am compelled to write you this note of congratulations on the best convention I've attended in the ten years I've been in the music business. Everything was absolutely sensational from the food to the one to one radio sessions. The idea of having breakfast-brunch with key radio people sitting at different tables provided me with the opportunity to sit down with many friends.

My hat is off to your staff for such a well planned, exciting, creative meeting. I thought the comments of Gordon McLendon were absolutely sensational. I am grateful for this experience and hope to enjoy many more R&R Conventions to come.

John Antoon  
National Promotion Director  
Springboard Int'l Records

It was the most effective professional gathering I have ever attended...NAB, RAB, State Associations, Ad Age Seminars, AES...nothing provided as complete an opportunity for direct interface and communication. Congratulations!

Arthur H. Holt  
President  
WEZV/Bethlehem

The entire staff at R&R is to be congratulated on a well organized informative convention!

Mike Phillips  
PD KGW/Portland

I just wanted you to know how much Jim Sebastian, our Music Director, and myself enjoyed the convention. It was well planned, interesting, and well executed.

I learned many things at the sessions and in the face to face meetings with various programmers. My heart aches for other small market programmers who never attend conventions. It would really get them excited.

Give me more next year.

promotion firm who threatened cessation of airplay, and actual instances of paying cash to air personalities to insure "successful shows." Powell cited an instance involving WOL, but asserted the Washington situation was typical of many throughout the country.

Meanwhile, Roger Bethel, WOL air personality, testified Friday (2/25) that he followed normal procedures in choosing records to play on his daily morning shift. Station jocks had been accused of using airtime to plug performers appearing in concerts sponsored by their own D.J. Productions firm.

As the inquiry continues, further accusations and revelations are predicted during the course of the potentially explosive proceedings.

## Dog Eat Dollars

Ted Nugent is shown here being paid off in Texas-style with a cowboy hat full of \$100 bills from Concerts West for his record-breaking sell-outs of Ft. Worth, Dallas, Houston, and San Antonio. This set an all-time attendance record for one artist, drawing more people in the state of Texas during a twelve month period of time than any other act. Pictured from left to right are; Troy Blakely (VP, Diversified Management Agency), Nugent, Jay Hagerman (Concerts West), and Bill Herd (Regional Promotion Man for Epic Records).

## Mike Harrison

*"Back in the early days, when Program Directors were just office people..."*  
Australia's broadcasting legend Rod Muir didn't have to say anything more, in our recent conversation. His opening line gave me plenty to think about and I tuned out.

Contemporary Music radio seems to have almost successfully rid itself of all those egotistical, self-indulgent, "star" people who would take to the microphones and actually have the nerve to express themselves in such a manner as to 1) give the listeners the impression that they were unusual and talented human beings, 2) build a personal following separate from that of the overall radio station, 3) give other radio people in their markets the impression that the station they were on didn't have a rigid 24-hour-a-day format.

How has radio cleansed itself of these nuisances who could leave at any moment and, perhaps, take their audiences with them? How did radio free itself of those exorbitant salaries that it had to shell out to keep these undisciplined, "immature" characters happy? How was radio able to find so many easy-going, selfless, and controllable people to replace them?

### Radio Is A Business

It took quite a bit of time, but actually it was easy! The objective was to make every one in its ranks aware of the fact that radio is a business.

Yes indeed, it's the old game of changing the standards. When the base standards of any universe change, so do the actions of those who enter it in their effort to gain approval and rewards. The "radio is a business" fact has definitely been said and heard more than once in the past decade.

Marvelous revelation!

Once it was established that radio is a business, unlike baseball (which is a game, or is it?), the next moves were even easier.

Step 1: The word "star" was made dirty. Accusations such as, "Whad'ya think you are, some kind of star?" and "Sorry, we don't want any stars here" became acceptable and helped further the cause to tarnish the concept. Remember the old classifieds we used to see in our efforts to break into radio? "Drunks and drifters need not apply." Well, it soon became "drunks," "drifters" and "stars."

Step 2: The word "ego" was made to indicate some kind of negative neurosis that should be hidden. Examples include, "Hey man, your ego is showing" and "Stay away from that guy. He's got a real ego problem." When this idea finally became imbedded in our industry, it became a lot safer to expose one's ass around a radio station than one's ego.

## CHANGES

**CHANGES:** Bonnie Simmons, Program Director of KSNB/San Francisco, announced that the station's morning man for the past 2½ years, Terry McGovern, is resigning to pursue a career in television and comedy. No replacement has been chosen yet. Word is that Laurie Cobb, MD of KTYD/Santa Barbara, will be doing some voice work for KGIL-FM, a soft AOR automated facility that covers a good portion of the Los Angeles market from the San Fernando Valley. According to PD Tom Teuber, WTVN-FM/Columbus has officially changed call letters to WLWQ. They will be using Q FM 96 as their official logo. Frank Baum (formerly Barry Chase) from Y95/Rockford is the new Music Director.

**Promotions:** WAAL/Binghamton has been "Takin' It To The Streets" in regard to their "Whale" (logo) bumperstickers. If they spot the bumpersticker on a car, that person can win stereo equipment, dinners, albums, and other assorted goodies. KMOD/Tulsa PD Bill Bruun won the title "Best Dressed Oyster Eater" in a local contest/promotion. WWCK/Flint gave away tickets to a local George Carlin concert. According to reports, some of the parents who took their kids to the show at the "prestigious" Whiting Auditorium were shocked by Carlin's language and content and expressed their negative feelings to the station.

**Interviews:** Buffy St. Marie did a special DJ shift on KTIM/San Raphael for the inmates at San Quentin. WCOL-FM/Columbus interviewed Melissa Manchester, Wendy Waldman, and Al Stewart. WJKL/Elgin interviewed Tom Rush and Chuck Mangione. Martin Mull was the guest of Saxophone Joe for lunchtime on WBCN/Boston. He even cut an anti-wife beating spot for the station. Chuck Levell of Sea Level was also on WBCN and took listener calls. KFMH/Muscataine interviewed Charlie Daniels, Luther Allison, Flying Burrito Brothers, Heartsfield, Rush, and Stanley Turrentine. WBRU/Providence interviewed Bonnie Koloc, Thin Lizzy, and James Talley.

Step 3: Hire young people and destroy their confidence. "Ya know, you're really lucky to be here. Do you know how many guys out there would give their left -- to work at this great radio station?" It was a brilliant business concept to keep all parts of the organization replaceable so that the glorious end product would always come off the assembly line of half-caring workers unhampered by personnel changes. If it worked for Henry Ford, it could work for radio.

Step 4: Challenge conviction and make it an unprofessional quality. "How the hell do you, one individual person, know that?" "You'll have to prove it to us." As a by-product to step 4, the word "justification" became very popular and a noble accompaniment to the word "inspiration."

### TV Can Do It Too!

There you have it. Radio has paved the way for all so-called "creative" business enterprises to enjoy the luxury of our modern technological age without the hassle of having to deal with the nasty human element which does nothing more than "rock the boat."

John Tope in an effort to help stimulate airplay in the Denver area, on Atlantic's "Winter's Bros." gathered up the services of "Ralphie" the University of Colorado "mascot" to go around to local radio stations in the Denver area for a little horn to heart talk. L-R Rita, air personality; Frank Cody, John Tope, Atlantic promotion rep. in Denver; and Frank Felix PD of KBPI/Denver.

Television, if it were really smart, would follow in that direction. That way, when the Cronkites, Reasoners, Smiths, Carsons, Wallaces, and the like finally get out of the way, they can be replaced by some of those good looking young guys with the nifty little TV station emblems pinned on their blazer pockets.

Eventually, the standard set by radio will even filter to the hairdressing industry. If they come up with a machine that you stick your head into and come out looking good, gone forever will be the problem of having to make an appointment with a human individual who might leave the shop and take you along.

Before we get carried away, though, the next step in this wonderful evolution called "progress" should be taken by the artists of music, if they plan to keep up with radio and the times. Before they ever even step into the studio, they should be absolutely certain, through the numerous research techniques and sound business principles available, that their product will be appealing to the demographic target group of their choice... or better yet, radio's needs.

Then, not only will we finally be able to get down to business...but our jobs will become so much easier.

### Zeppelin Tour Postponed

**A SPEEDY RECOVERY TO ROBERT PLANT.** Tonsillitis and 105° fever caused the postponement of the Led Zeppelin tour scheduled to start in the West this month and end in the East. The doc said no way should it start until April at which point the group will begin touring the already scheduled East Coast dates and then head West for re-scheduled concerts. In the meantime, have fun answering all those extra listener calls requesting Zep concert information.

### Abrams To Detroit

Bart Walsh, General Manager, WWWW/Detroit has announced that the AOR facility has retained the services of Lee Abrams of the consulting firm Burkhart/Abrams, effective immediately. In addition, WWWW afternoon drive personality Jim Johnson has been upped to Program Director, Steve Dahl has moved over from competitor WABX to do mornings, and Rod Prahin has been brought in from WWCK/Flint to do 6-10pm.

### Goodbye KEXL—Hello KITE-FM

Program Director Alan Grimm reports that KEXL/San Antonio, an AOR formatted station since 1968, will be dropping Album Oriented Rock on March 14, thus leaving the market without an AOR outlet. KTFM/San Antonio, the market's other departed AOR station, abandoned the format last year in favor of Top 40. According to Grimm, who founded the KEXL format nine years ago and has been with it ever since, "They're pulling the plug on March 14 at which time the call letters will change to KITE-FM and they'll simulcast sister station KITE-AM's Bonneville Pop/Adult format." Grimm went on to comment, "Unfortunately, I have to place the cause of KEXL's demise on poor ratings." In its history KEXL has been many forms of AOR from 'Free-form' to the Abrams 'Superstar' format. The entire staff has been terminated and is available. For information contact Station Manager Rex Tackett at (512) 696-9940.

## Direct From Duncan

### *The Lines Are A Changin'*

In this week's issue I am sure you will notice a few changes in the R&R Country section. With the reduction of the graph sizes we will be able to print many more photos each week. More than ever we are asking for your assistance in contributing pictures, new logos, billboards, bumper stickers, artist appearances, or any type of visual promotions in which you are involved. In the next few weeks we will be adding more music research information. All of these changes are to make R&R more useful to you. Thank you for your constant input.

### *Radio On TV*

A reminder from the Country Music Association about their Country Music Month promotion: Entry deadline is July, 1977. You do not have to be a CMA station to enter. Any promotions your station has been involved with in the past year to promote Country music, since October 1976, should be put in your entry. Winners will be determined in three different market sizes. A special added attraction to this year's contest is an appearance by someone from the station on the syndicated TV show "Hee-Haw." The winning stations will select one person to do a bit on the show. For more details contact the CMA (615) 244-2840. Send your material for the contest to 1511 Sigler, Nashville, Tennessee, 37203...

### Promotions

Canadian Country station CFGM's morning man Frank Proctor and Newsman Peter May helped raise over \$2000 in pledges for Ontario's crippled children. Proctor and May completed a 100 mile hike on snowmobiles for the benefit...March 19 and 20 will be when KBOX, Dallas, holds their third annual free listener appreciation show. Each year the event is held at the Cotton Bowl. Among the many guest artists will be George Jones and Dr. Hook...KHAK, Cedar Rapids, is running a "Coffee Can Test." Listeners call in to win cans of coffee...WMC, Memphis, will be hosting a benefit show March 19 starring Merle Haggard, Marty Robbins and The Bill Black Combo. According to PD Bob Young this is the fourth time the station has held a benefit show...Rick Stewart reports from KMPS, Seattle, the station just ran a "Compass Coffee Monster" promotion. On a rotating cart, the mythical monster decides if that hour's caller will win a can of brew beans...Ric Libby, Operations Director of KENR, Houston, tells of their recent four day "Tribute to the Great American Singing Cowboy" promotion that was held in conjunction with a local shopping mall. The first day the station showed original Gene Autry movies. Other events included a western fashion show and quick-draw specialist, which drew (ha) a standing-room-only crowd...KHOS, Tucson, according to PD Tommy Wright, is running a "Roots" contest. They are asking for post cards to be sent to the station. Each hour a card is selected. If that person is listening, they have five minutes to call the station. When they call, they get a Merle Haggard "Roots Of My Raising" album and then are eligible for the grand prize, which is a complete tracing of a family's tree. (I guess the station is having a "branch" of a tree-tracing firm do the research)...Gary Bender, Music Director of KJJJ, Phoenix, says some members of their staff made "asses" out of themselves at a recent donkey basketball game...Dale Turner of WKDA, Nashville, dropped a line to let us know the station has put together a basketball team, "The KDA Friendly 5 plus a few"...KSO, Des Moines, May 15, will be having their fourth annual free Great Country Concert, starring George Jones and T.G. Sheppard. The free tickets can be picked up at local sponsors. Good tie-in concept...WHOO, Orlando, PD Mike Burger says for Washington's Birthday, the jocks told "little white lies" on the air. When someone caught them, they called the station to win a cherry pie. (That's no lie)...KSON, San Diego, recently had Playboy's Bobby Borchers and Capitol's Mel McDaniels at the station for guest interviews...KFGO's all-nighter Mike Hoyer had a full page article written about him in a local Fargo, North Dakota, newspaper...WB's Margo Smith was the guest artist at a recent dance put on by KEED, Eugene. Good crowds were reported...

### News Notes

JOHN LEGO, from KHOW, Denver, has taken over as General Manager of KERE, Denver...RON JONES has taken himself off the air at WHK, Cleveland. JONES, who is the station's Program Director, will be devoting more time to market and music research...LARRY HUNTER, ex-PD of KSOP, is now PD and MD of KRGO, Salt Lake City. KSOP's new PD LARRY FLYNT informs me the station plans no change in the music formats, as was mentioned in last week's column. He said they plan to run as many new records as before...BARRY CHASE is leaving WTCR, Ashland, Kentucky, to join Rock station WNDE, Indianapolis. WTCR, a Greater Media station, is looking for a PD to replace Shase. Contact General Manager RICHARD HOLCOMB if interested: (304) 453-4600...FRANCES WAYBRIDGE has been appointed Promotion Director of WDEE, Detroit, according to GM JOHN RISHER...KRZY, Albuquerque, has a new Program Director. From KIKK, Houston, where he did the morning show, comes JERRY GRONER. Groner had been with KRZY prior to joining KIKK...JOHN KENNY has been promoted to assistant Operations Manager of Z-104 (KOZN-FM), San Diego...DON KENNEDY will not be joining KGA, Spokane, to be Operations Director. JOHN OGLE will handle the chores left by the departed RON NORWOOD. (No, Ron didn't die, he "departed" and went to KMPS, Seattle). MIKE MONROE will be the Music Director of KGA...KARL SHANNON, from WINN, Louisville, is the PD of a new full time Country station in Knoxville, WBIR-FM...WVOK, Birmingham, is now full time Country. DAN BRENNAN will handle the programming and DIANE BRENNAN of WBAM, Montgomery, will consult the Music department. The 50,000 watt station will use the logo OK 69. (It's o.k. with me, if it's o.k. with you!) Diane says the station is requesting artist ID's saying "Welcome To OK Country." If you can help, send them along with Country record product to WVOK, P.O. Box 1926, Birmingham, Alabama, 35201...WVVA's FM station will change formats to Progressive Country, album-oriented, in May. They need product: 1015 Main, Wheeling, W. VA. 26003...A good money gig at WONE, Dayton is open. The slot is afternoon drive. Operations Director TERRY WOOD needed someone yesterday: (513) 224-1501.

Famed television actor Chad Everett is shown with Columbia recording artist Sonny James exchanging autographed copies of their latest albums. Everett's first musical effort will be featured on a forthcoming Calliope album. The two gentlemen met recently during the taping of the Dinah! TV show in Hollywood.

For public service above and beyond the call of duty, Sacramento's KRAK and KEWT were presented this year's "Big Heart Award." The award is given annually during February, "Heart Month," by the American Heart Association. During the month the stations ran many extra "heart awareness" public service announcements informing people how to prevent heart attacks. Two of the station's disc jockeys quit smoking and urged listeners to do the same. Pictured are Bernice Slater, General Manager of KRAK/KEWT and the award presenter Sacramento Country Sheriff Duane Lowe.

It may have been cold outside in Wheeling, West Virginia, but in the true tradition the show went on at the Jamboree U.S.A. With the Eastern U.S. experiencing a shortage of natural gas, the Jamboree did its part by turning the thermostats down to a chilly 32 degrees. Shown (left to right) trying to warm up before the show are: Buddy Ray, the show's MC and all night jockon WWVA; Bobby Berry, WWVA's Music Director and afternoon drive personality; and Monty Blake, Stage Director of the Jamboree U.S.A.

# Biff Collie

(Continued from page 30)

ished their new hymn album...FARON YOUNG's manager BILL DEATON chosen as President of the Nashville Association Of Talent Directors for 1977...SCOTTY TURNER head of Starcrest Records here, overdid the old adage, "Just get a foot in the door," a door closed too soon and he broke a toe!

**SICK BAY: STONEY COOPER**, the longtime Opry star who suffered a heart attack in his doctor's office, continues on the critical list. His heart stopped beating for four minutes at the time of the attack... EMMYLOU HARRIS came back to town to co-star in concert with the MARSHALL TUCKER BAND. Emmylou's got some not-too-pleasant memories of this town, having lived here, worked as a waitress, tried unsuccessfully to get on record. This trip was a triumph; as a Grammy winner.

**DIDJA NOTICE:** That three sisters from Butcher Holler, KY had

records on the charts at the same time? Must be a FIRST...DOTTIE WEST re-signed with the Coke folk to be their voice and face for another year...THAT ARCHIE CAMPBELL was inducted into the Florida Stars Hall Of Fame in Orlando... That MEL TILLIS gave President and Mrs. Carter each a M-M-MEL T-shirt when he visited them in Plains recently?...JOHNNY DUNCAN says he thinks JANIE FRICKE (the "she" voice on his recent hits) is the best singer around, girls?...MARY MacGREGOR, when here a couple of weeks ago, said it's nice to win, but if you haven't got something or somebody to win FOR, it's really not that much fun...

**GRAMMY GOOF:** RAY STEVENS and BRENDA LEE, both natives of the State of Georgia, have been residents of Nashville for ten to fifteen years.

**CLOSER:** (Quote from ROGER MILLER): "The last time I had a steak here, it was so rare, it bit me!"

## POP/ADULT NOTES

MIKE KASABO

Well, now that we're back to normal I'd like to thank those of you who took the time to send in personal letters of positive observation of Convention '77. Now that we've had a little time to evaluate all that went down in Dallas, it's obvious that it was, in fact, the biggest and best industry convention ever.

The Deardorf & Joseph single "Never Have To Say Goodbye" has been slowly but surely getting more and more play...this week some key adds at KSL, WSAV and WTRX. It's also reporting hot at KHNY.

The William Bell single moves 17-10 at K149 and was added at WIOD, WSM, and KOY.

The Jackson Browne record "Here Come Those Tears Again" showing early hot signs at several stations. 20-16 WBEN, 28-19 KAKE, 19-12 KUKI.

Glen Campbell riding his hottest horse since "Rhinstone Cowboy." "Southern Nights" making some good moves...16-6 WTRX, 7-5 WSAV, 22-16 WGST, 8-3 WLW, 14-11 WBT, 13-6 KRMG and reporting hot at WIP, KMBZ, WJNO, KHOW, KEX, KVI and others.

Bill Conti, who has the original sound track version of "Theme From Rocky," picked up good action at Cincinnati powerhouse WLW.

A brand new entry by Tony Orlando & Dawn, "Sing," is off to a fast start...check New & Active.

Dionne Warwick (that's right she dropped the "e" from her surname) is back into the race with two single releases. A solo effort on Musicor called "Only Love Can Break A Heart" which went right on WSB, KMBZ and KHNY. She also has a duet with the "hot buttered-soul man," Isaac Hayes. It's a medley of "By The Time I Get To Phoenix" and "I Say A Little Prayer." It went on WGN, KCRA and WATR.

Thom Bell co-wrote, arranged, conducted and produced the new Johnny Mathis record "Loving You-Losing You." It went right on WSB and WGAR.

New Rose Royce off and running at K101 and WTRX.

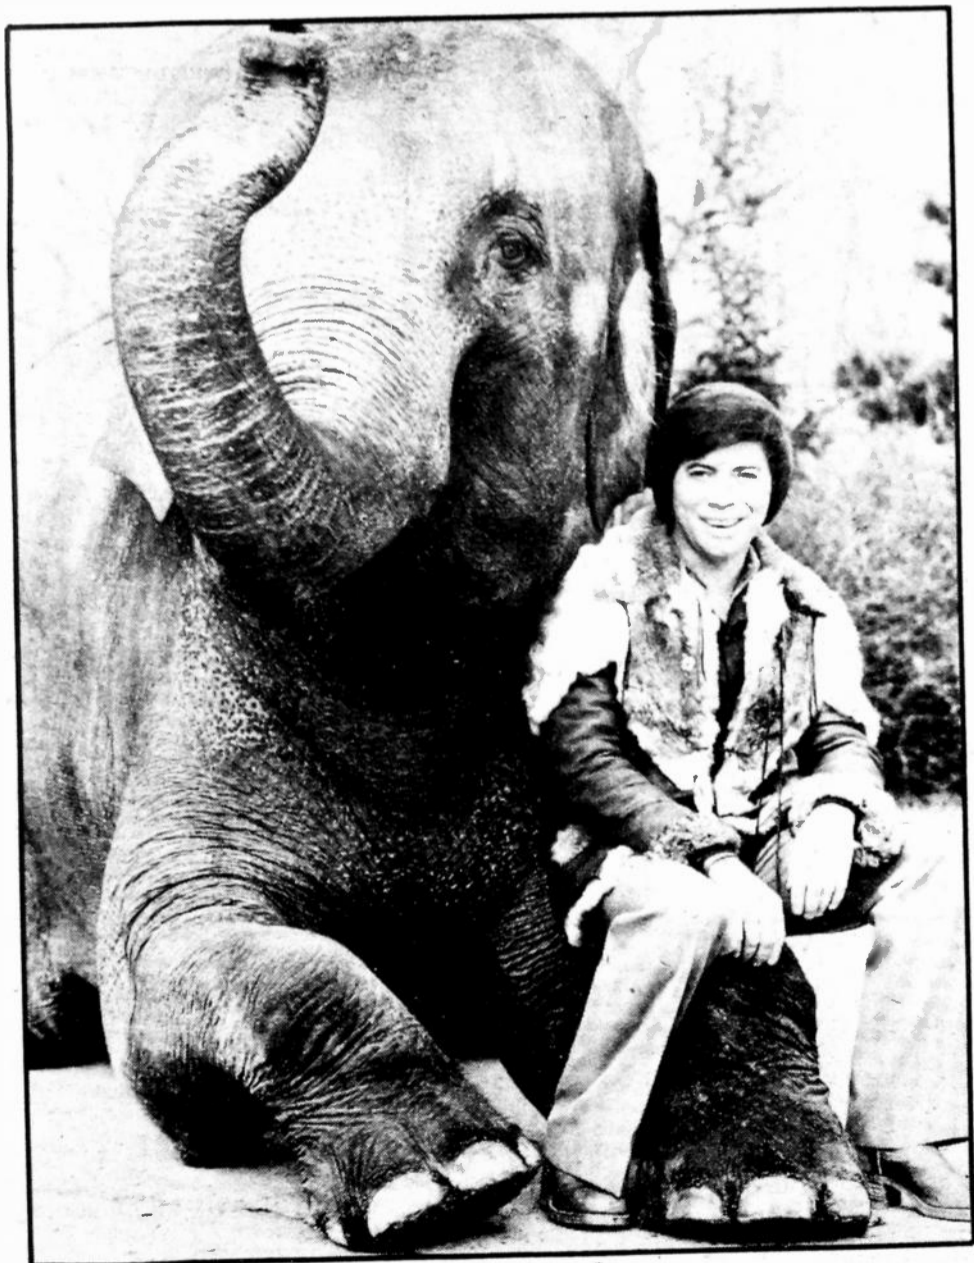

Boz Scaggs, who delighted thousands at the convention in Dallas, jumps off to a good airplay start with "Lido Shuffle." See New & Active.

The Silveti record "Spring Rain" on Salsoul continues to be added at many major Pop/Adult stations...check New & Active for latest station play.
