## JACKPOT! SINGLES, TRACKS, ETC.

★ **FRANKIE GOES TO HOLLYWOOD "Relax" (12") (Island, 14 East 4th Street, 3rd Floor, New York, NY 10012)**—This #1 U.K. hit is taking America by storm. And what a smash! Although banned by the BBC for its gay/S&M references, its infectious melody and slitheringly satisfying dance beat simply cannot be denied. It boasts a chunky rock bottom nicely touched up with electronic nuances and effects. And it cooks! Clubs, colleges and rhythm radio will eat up the extended version (with one of rock's greatest grunts) with the edit a killer AOR track. You won't stop humming this one for weeks.

**ANDY FRASER "Do You Love Me" (12") (Island, 14 East 4th Street, 3rd Floor, New York, NY 10012)**—It's been a hit twice before (for the Contours in 1962 and the Dave Clark Five in '64) and there's no reason why it can't happen again. It's a great song, vigorously performed by ex-Free bassist Fraser. The single is hot, the 12" is hotter (and great for rock clubs). Play it.

**MICHAEL SEVEN "Held In Spell By Voodoo" (12") (Romance, P.O. Box 719, Cooper Station, New York, NY 10276)**—Catchy, upbeat, well produced commercial pop. At its best, it's inspiring, at it's worst, you can dance to it. The dance mix is a bit long—go with the edit.

**DOMINATRIX "The Dominatrix Sleeps Tonight" (12") (Streetwise, 25 W. 43rd Street, Suite 1202, New York, NY 10036)**—Masterminded by Ken Lockie (Cowboys International), "Dominatrix" could be a top club record, with good possibilities for "Rock Of The '80s," progressive and urban radio. It's a simple, solid hip-hop dance number with an infectious beat and playfully teasing vocals.

## FUTURES

The future is now! "Futures" seeks to provide an avenue for exposure for America's best lesser known bands by making radio and record people aware of undiscovered talent.

To be considered for "Futures" send a recent cassette (or record), lyrics, and any other info on your band to:  
New Music Report/Futures, c/o CMI Media, 185 Willis Ave., Lower Level, Mineola, NY 11501.

If your station plays local talent don't forget to put them in touch with us.

This issue's picks:

**THE UPTIGHTS (demo cassette) (8126 Apricot, New Orleans, LA 70118/504-866-8481)**—Lead singer and rhythm guitarist Caroline Odell heads this four piece pop/punch outfit. The vocal is outstanding—great background voices layered on top of Odell's spirited lead combine with a steady drum beat and concisely expressive bass lines to make songs like "Better Place" instantly hummable. The Uptights are lively while not explosive, catchy but not trite and musically as well as lyrically innovative. In "So So Suburban" Odell sings "Are we Anglophiles ashamed of our homes/Watchin' the decline like Egypt and Rome." Other top cuts are "Don't See Don't Speak" and "Planet X."

**VARIOUS ARTISTS Behind The Garage Door (Vol. 1) (Cassette) (Rackit Records, Box 113, 2440 6th St., San Francisco, CA 94103)**—A compilation grab bag from All Points, USA, ranging from the traditional with Little Carl Day's "Little Sister," Master Cylinder's "Wichita Lineman"/"Tears Of A Clown"/"White Christmas" medley and Flatt Topp's "Blue Moon Of Kentucky" to the eccentric with Dogmen's "Self Made Man," the instrumental work of Mighty Dog "Mighty Dog vs. Jah Flea" and the Angry Young Cookies' "Giri's Eyes." Eclectic, sparsely electronic and often bizarre. Worthy of a listen all the way through at least once. Courage required. Have *you* been in the attic lately?

**Attn: We're putting out an APB for L.A.'s Red Hot Chili Peppers—anyone knowing their whereabouts please contact us or send a tape. The names will be changed to protect the innocent.**

# RELAX

(a zang tuum tumb phantasy)  
Let's go down the hall  
to the disciplining room...

## Chapter One

Holly Johnson: one voice, flames, secrets.  
Paul Rutherford: two voice, desire to be  
repeated as often as desired.  
Mark O'Toole: bass, greed, speed, twist.  
Peter Gill: drum, anxiety, immoderation.  
Brian Nash: guitar, judging eye.

## Chapter Two

"Get down there and lick that shit off my  
shoes!" Frankie demanded.

## Chapter Three

(spaces of ecstasy)... where can we come...  
BETWEEN razor AND revolver...  
BETWEEN hammer AND anvil...  
BETWEEN doors... BETWEEN currents...

## Introducing FRANKIE GOES TO HOLLYWOOD

## Chapter Four

In fact, in no sphere of behaviour does the character of a person show more clearly than in the sexual act—possibly because it is the least 'learned' and patterned behaviour. A person's love, his tenderness, his sadism, or masochism, his greed, his narcissism, his anxieties—indeed his every character trait—is expressed in his sexual behaviour.

## Chapter Five

TREVOR HORN produced Frankie Goes To Hollywood's first twelve inches.

## Chapter Six

Frankie was a monster. No one could imagine what he demanded of his nephew.

## Chapter Seven

Further information about Frankie Goes To Hollywood, and information about all Zang Tuum Tumb fantasies, is available from ZTT Records, The ZTT Building, 8-10 Basing St. London W.11. Enclose s.a.e.

## Chapter Eight

And it is the incision and tumescence and new intensive points, pain-pleasure points, that first extends the erotogenic extension.

## Chapter Nine

This is the end of the non-story we wanted to tell, and we hope that you won't believe a word of what we have not said.

By Mary Anna Feczko

### ★Jackpot!★

**TRACEY ULLMAN "They Don't Know" (Stiff (UK)) directed by Dave Robinson**—With kewpie doll eyelashes, Tracey Ullman portrays a girl/woman peaking in the platform boot-studded '70s. They don't know it's true love, but she's damn sure, riding in his truck with Tracey and Paul plastered on the front window. None of the confidences to her intimate audience—delivered while she's on a bowling date—prepares the viewer for the "after" segment: a pregnant Ullman in salmon pom-pom scuff slippers, loping to tempo down a supermarket aisle with a kid in the shopping cart. Paul, now a stock clerk hubby, still in platforms, gives her a lusty pinch and, while she's still convinced it's real, the Paul in her truck is now the ex-Beatle. Juxtaposition of home movie footage while audio sings parental disapproval is remarkable for the punch it provides (in retrospect) when the mothering Ullman necessarily censors her own life expansion by virtue of the life she's chosen. Her balletic kick of resignation, fueled perhaps by the freedom to pursue fantasies, is worth a million misogynistic movements at the conclusion of "She Works Hard For The Money." Fierce, touching and fragile.

**JASON AND THE SCORCHERS "Absolutely Sweet Marie" (EMI America) directed by David Hogan**—This combination concept/performance clip of the Bob Dylan chestnut draws its visual tension from a warped but subscribed to sociology that categorizes women as virgins, mothers or whores. Orthodox Christian mother/child icons and statues take care of the first two Marie's, and young saloon-guarding vamps, the third. It's those nubile, seductive inbetweens wearing Catholic school uniforms, however, who manifest as the most formidably tempting and balanced lot. Jason Ringenberg's transition from formal white suited transcendence to fringed shirt and leopard hat splendor is his own visual rite de passage into a sense of perspective. Performances are exceptional, with a fine multiple image spin of guitarist Warner Hodges, but Jason is *dazzling* as he holds private dialog and dance party with the microphone. Looks as if the spirit of the Big Bopper has found new flesh to inhabit. *Bay-buh*.

**TINA TURNER "Let's Stay Together" (Capitol) edited directed by David Mallet**—Flanked on either side by two exceptional looking women giving vocal/dance support, Tina Turner looks the platinum lioness bathed in light in this peerless performance. The leopard sky looks as if it's on fire and Tina, halo'd by virtue of her placement under a circular neon light, slowly burns up like a phoenix. Now why can't Michael Jackson make a video approaching this elegant simplicity?

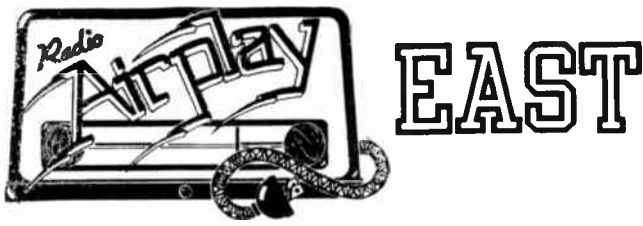

**THE BEATLES "I Want To Hold Your Hand" (Capitol) edited by R. Srole**—After 20 years, who would want to see a b/w clip with no T&A, shattering glass, flying guitars, dwarfs, falling rose petals, bedroom eyes, slamming doors—just some historic footage of old performances, mad dashes from and to modes of transport, screaming fans, and the delectably infatuated Ringo practicing head tosses to marry hair and breeze? The line forms here.

**EBN-OZN "Bag Lady" (Elektra) directed by Luis Aira**—Ebn and Ozn are street musicians who "work" the same territory as the bag lady, portrayed by the grand Imogene Coca, who lives out her fantasies sampling the goods at department store make-up counters. Production values are excellent, the pacing uptempo, and the anger of audio—both lyrically and in rhythm's heavy metal bite—translatable through the men's frustration in being constantly ripped off by gangs. However, the clip cheats and mocks insofar as Aira washes his v/c in crisp yet beautifully muted hi-tech colors—white and shades of grey—to depict the drabness of the trio's lives while they shiver in vogue-ish fingerless gloves and oversized Japanese-style clothes. (Even the bag lady sports "in" hi-top steel-grey sneakers.) That Ebn-Ozn begin their day in upper class bedrooms does little to inform why either would earn his living as a busker. And, their final kindness of treating the bag lady to a make-over session (instead of taking her to a shelter for the homeless) makes little impact since the woman is portrayed as distracted and deranged. Socio-economic questions may pop up in the Midwest about the Balducci's shopping bag in this very "New York" of clips: fabulously good-looking (generally at the expense of losers) and severely incredible. That's both the v/c and the city.

**THOMAS DOLBY "Hyperactive" (Capitol) directed by Daniel Kleinman**—Audio is about hyperactivity but video is more bent on depicting communication or lack thereof. Ingenious images are conversation in memo-pads, as cubed faces with attached pads full of pictures are plucked off as needed, as well as a ventriloquist's dummy that talks itself out of its body. The pummeling tempo needs visuals far more controlled than this. A disappointment.

**FRANKIE GOES TO HOLLYWOOD "Relax" (ZTT/Island) directed by Bernard Rose**—Frankie Goes To Hollywood, with its gay/S&M angle, aims for "sleaze and class" in the words of lead singer Holly Johnson. The class shows up in the duo's edited version, an extremely effective performance clip contrasting the ease-up advice of audio with the hi-tech restrictiveness of color, set design and the image cast by the group itself. Brilliantly colored laser beams and triangularly segmented performers reinforce the phallicism all the more provocatively precisely because of the dispassion. The censored (BBC, MTV) "sleaze" version is not an unexpected offering from Bernard Rose, considering he's well practiced working with all that fluid in the UB40 "Red Red Wine" v/c. The performances here, despite intended depiction of debauched revelry, are less than convincing even in the midst of Roman gladiatorial references—caged inhabitants, tigers and a toga'd man of pustular corpulence whose emission cascades onto a couple lying in bondage. For readers thinking they've missed out, watch this: "At Stephen's suggestion, at Bloom's instigation both, first Stephen, then Bloom, in penumbra urinated, their sides contiguous, their organs of micturition reciprocally rendered invisible by manual circumposition, their gazes, first Bloom's then Stephen's, elevated to the projected luminous and semi-luminous shadow." Buy a copy of *Ulysses*—the trajectories are better. And so are the lyrics.

Percy, Chin Randy's, Brooklyn, NY 212-778-9470

Although SISTER CAROL was pregnant, she did a great show at Rockpool's party at Danceteria in NYC.

Robert Peterson, WUCF, Orlando, FL 305-275-2133

Thanks goes out to Heartbeat Records for the service we've recieved. Where are the rest of you? Orlando's crying out for more reggae.

Al Schares, KUNI, Cedar Falls, ID 319-273-6400

A big thank you to all the independent labels. I think they're doing marvelous work.

I feel very positive about the new JIMMY REILLEY single "You Got Me," produced and written by CHRIS STANLEY on Mountain Sound Music. I think it has all the ingredients of a "crossover" hit. I stake my reputation on this record being a hit. If your station needs a copy call me or write to me for a copy: WHBI, 515 Madison Ave, New York, NY 10022.

## CRUCIAL!

**STEEL PULSE** *Earth Crises* (Elektra Records, 645 5th Avenue, New York, NY 10019)—Flash it, Dread! The Brit-reggae band from Birmingham has "stepped out" with yet another star album—musically and lyrically. Ever political, ever Rasta, ever slick and musically polished, these musicians are hard! Warnings, statements of truth, reaffirmations and inspiration are all included in this "earth crises"—"Man in his ignorant state, / has signed and sealed his own fate in this earth crises." Take advantage of the title track, "Bodyguard," "Throne Of Gold," and the previously released single, "Steppin' Out." "Rollerskaters" is a wonderful ode to radio and to the only saviour and mainstay in life—music. Roots.

## Ah-So-Me Chat

Greetings. In our ongoing quest to spread the word about reggae music and get it out of the block programming frame of mind and into the mainstream mix/flow, the Reggae Route is adding two new features, and your support is greatly needed and appreciated. **Nice Up The Dance** will list DJ mixes/sets incorporating a reggae track with a pop, rock or dance tune, i.e. **Police** "Every Breath You Take," into **Rockwell** "Somebody's Watching Me," into **Black Uhuru** "Somebody's Watching You." This would be of extreme interest to the non-reggae parts of the music industry—AOR, CHR, Urban Contemporary, new music stations and DJs. Your input is encouraged—let us know your best mixes of this nature. Another new addition (to debut next issue) is **Reg Segs** (short for reggae segue) where we'll list new songs that segue well with reggae tunes. For example, the newly released **John Lennon/Yoko Ono** album **Milk And Honey** contains a reggae influenced song—"Borrowed Time," track 1, side 2. The "ca-chinka" is there and is suitable for reggae shows, while AORs should look into it, too. The message is nice as well—something every young adult can relate to as perceptions and responsibilities shift from teenager to adult. . . The first and only news of Sunsplash '84 thus far is that it's tentatively scheduled for August 7-11. More details as they become available. . . **Musical Youth** is up for a Grammy award for the Best New Group (up against **Culture Club**). While they're on the West Coast they'll be doing some TV shoots, interviews and such. After a gig in LA, they'll be heading back to England for their March 4th engagement with the Royal family as they perform at the **Royal Command Performance** at Her Majesty's Theatre in London. This is quite an honor, as groups from all over the world are invited to perform at this annual event. Pass the Grammy! . . . **Winston Reedy** has out a N-I-C-E album titled **Dim The Lights**. On Inner Light Records and distributed by Sounds Good

imports, anyone wishing to receive a copy should get in touch with Judy Harris at 2012 Graham Ave., Redondo Beach, CA 90278 or phone (213) 376-1227. Reedy's video, recorded live in England at the Hammersmith, will be shown on MTV's **Cutting Edge** on March 25. Any TV stations or video programmers who'd like to air these concert clips should contact Judy Harris as well. . . **Black Uhuru's Anthem** album is dead. I impatiently await the domestic release of this killer LP cause it's certainly a strong crucial contender. . . **UB40** will be back touring the States in March. Its single "Red Red Wine" has been rising on the **Billboard** Top 100 for the past four weeks and is currently at 53. As of February 18 the song debuted on the Rock Albums And Top Tracks chart at #41. Reggae's certainly infiltrating its way into commercial radio (these charts are "a compilation of Rock Radio Airplay as indicated by the nation's leading Album Oriented and Top Tracks stations"). Now that's what I call progress. . . **Eek-A-Mouse** returns to the States this month where he'll be touring for a bit. . . **Matthew Wilder** has been on the top of the Charts for 23 weeks or so as he's enjoying commercial success with "Break My Stride." The more I hear it, the more I must say that the song is speckled with the reggae beat. . . **Tyrone Taylor's** "Cottage In Negri," which was number one on the reggae charts in both **NME** and **Melody Maker** for ten weeks, is now available domestically on Pressure Records in Florida (distributed by Landslide Records, 450 14th Street, N.W., Atlanta, GA 30318—direct your requests to Pam Kent at (404) 873-3918). . . LA-based reggae band **Babylon Warriors** have released an album called **Forward**. It's on American Music, 8033 Sunset Blvd. D542, Los Angeles, CA 90046. When you can, let these folks know that the Reggae Route sent you their way!! . . . Give thanks to all who attended IBS—Irie runnings.

## Record Company. . .

- Linda Clark, Slash Records, Los Angeles, CA 213-937-4660

CMJ five years old already?! Congratulations to all of you...and from all of us here at Slash--a warm and whopping THANK YOU to you, the NMR readers/activists for your votes of confidence in our artists and our company--it means so much to us. When dreams and the hard work efforts blossom, it's a very gratifying feeling. Having been involved in the radio/music business for so many years, it's exciting to experience the renaissance of the music scene. Radio goes beyond being a jukebox of tunes--you as programmers have the unique opportunity to challenge, enlighten and share with your audiences. Whether your message is transmitted through the P.A. systems in the cafeteria, carrier current, cable, 10 watts or 10 kw--make the most of it! By the way, congrats to A&M's Karen Glauber and I.R.S.'s Meg Jones on their new positions--good move. Mssrs. Gold and Plen!... Coming your way in April: hot new stuff from VIOLENT FEMMES, THE BLASTERS and RANK AND FILE. In the meantime, we hope your listeners are enjoying LOS LOBOS, GREEN ON RED and MITCHELL FROOM.

- Larry Butler, National Artist Development Manager; and Nancy Kramer, National College Coordinator, Warner Bros. Records, Burbank, CA 818-953-3297

First of all, we want to thank all the programmers who played practically everything we put out last year. You guys played us often enough that WB and our associated labels (Geffen, Sire, Slash) picked up 21 slots on the year-end College Radio Hot 100. But even more, thanks for the votes in the NMR Readers Poll, scoring points for the TALKING HEADS, VIOLENT FEMMES, AZTEC CAMERA, PAT METHENY and EMMYLOU HARRIS... Secondly, check out our releases scheduled for the first quarter of 1984--CHINA CRISIS, LAURIE ANDERSON, MADNESS, MODERN ENGLISH, BERLIN, KING CRIMSON, AUSTRALIAN CRAWL, STYLE COUNCIL and the SMITHS!... Thirdly as an aside, we think it's strange to have not one, not two, but THREE tracks from three very divergent artists, all with the same name "Jump": VAN HALEN's hit single from their 1984 LP, the lead instrumental title track from the forthcoming VAN DYKE PARKS album, and the B-side of the new XTC single ("Wonderland" on the A-side)...It boggles the mind.

- Steve Bonilla, Island Records, Los Angeles, CA 213-469-7205

Greetings from Hollywood. In the past month most of you have received my introductory call. For those of you who have not, here's the news. Island Records College Promotion will be out of the L.A. office. Please send playlists, requests, info, etc. to me at the following address: 6525 Sunset Blvd., 2nd Floor, Los Angeles, CA 90028... Well, it's great starting off 1984 with the success of U2's mini-LP Under A Blood Red Sky and GREGORY ISAACS' LP Out Deh. Can ART OF NOISE be far behind? From BUGGLES to ABC to MALCOLM McLAREN to YES and now ART OF NOISE, TREVOR HORN (leader and producer) continues to set the pop parameters for the future. Thanks to all for putting Into Battle into the ranks. Due out soon: "Do You Love Me" by ANDY FRASER, founding member of the legendary group FREE. The Motown classic ships in time for Valentines Day. JAH WOBBLE, in the company of THE EDGE and deluxe mix-master FRANCOIS KEVORKIAN, presents Snake Charmer, the much awaited mini-LP and THE WATERBOYS sail your way with their debut mini-LP also. Both out this month. LATE FLASH. The #1 UK hit, "Relax" by FRANKIE GOES TO HOLLYWOOD, produced by Trevor Horn, ships now. Check it out. It will definitely steam up your windows. Till next time, spin and be happy.

Keith Altomare, I.R.S. Records, Chicago, IL 312-298-9411

I'd like to take the time to welcome two new people to the I.R.S. family. Meg Jones will be starting March 1 as our National Director Of College Radio And Video Promotion. Cary Baker, who many of you know from his articles in major rock magazines (including Progressive Media) will be taking over as our Director Of Publicity. Both People are very talented in their positions and it's great to see them join our team. You'll be able to reach Meg in New York and Cary in Los Angeles... Ahem... What is a new record? Is it something that only you'd heard before and your listeners never knew existed? Your goal should be to educate your listeners on music that they may never have heard before. When an import gets an American release, you are doing your listeners a disservice by not playing it. Let them know that the record is now available in local stores. You look good, and if the record breaks, you've helped to break it. American releases by XTC, KATE BUSH, BILL NELSON, the CRAMPS and the ALARM either had all or part released in some form. Don't ignore them... Play the ALARM--let's make it the first number one (nudge nudge, wink wink Scott)... Other good records include SIMPLE MINDS, BILL NELSON, WANG CHUNG, WIRE TRAIN, SLICKEE BOYS... The new R.E.M. Reckoning sounds superb, as does the GO-GO's Talk Show. Listen for both at the I.B.S. Convention. Also appearing that weekend--LET'S ACTIVE... Go see "Broadway Danny Rose." It's one of the best Scott Byron impersonations I've ever seen. And that's not facetious nor didactic.

Kim Buie, Enigma Records, Promotions, Torrance, CA 213-328-9407

By now everyone should have received 45 GRAVE, AGENT ORANGE, and Hell Comes To Your House Part II. Now watch it tear up the college charts. The calls expressing favorable response have been very encouraging. As you may, or should know, Meg Jones has gone to 595 Madison Avenue, NY, better known as I.R.S. Records. She will be doing college and video promotions and I couldn't think of a more deserving person for the job. Enigma sure misses her bright face in the office, but we're happy for her all the same. Meg my dear, GOOD LUCK! You've been more than an inspiration to me... Bye for now.

Beth Kittrell, Elektra Records, College Promotion, New York, NY 212-207-6677

ATTENTION PROGRESSIVE RADIO: I've got an important question for you. Are you singing my favorite "New Song?" Of course you are, but are you singing it loudly enough (ie: heavy rotation)? If you're not playing this special record by HOWARD JONES, wake up! It's a "feel good" song that's just what the doctor ordered. It'll definitely get you moving in the right direction... And speaking of right directions... First, they taught you how to pronounce their name. Then EBN-OZN gave you a lesson in the vowels "A E.I.O.U. Sometimes Y." Now, Elektra's Dynamic Duo show you a slice of New York City street life with their new 12" "Bag Lady ( I Wonder)." Don't forget to give me a call as soon as you're Feeling Cavalier . . . And now it's time to put on your dancin' shoes and show me what you're made of! After all, " I Didn't Know I Loved You (Till I Saw You Rock 'n Roll)!" So says Shrapnel. It's not metal, it's not "dance"- - it's just real down and dirty rock and roll. From the sound from some of our recent phone conversations, I know you all can definitely get "down and dirty"! No names mentioned of course... On a somewhat more tranquil note, Steel Pulse is inviting you to do some "Stepping Out." It's "Reggae Plus" and a record that I can't get off my own turntable. By the time you read this, the album Earth Crisis should just be arriving for your inspection... Finally, lots of belated love and kisses to all my Valentines. You know who you are!!

Jay McDaniel, MCA Records, National AOR Field Director 404-447-6405

1984 and MCA mean "Action" music. The ENDGAMES is already on a number of quality stations coast to coast."Love Cares" is a great cut. The much talked about DEAN RAY should be on your turntable. This is our debut artist for San Andreas Records..."If it's a hit, it's our fault." This week you should have the TONY CAREY 12" "Fine Fine Day." The RAVYNS have been scheduled for Feb. 27th along with another super heavy act, The CHAMELEONS UK, the group voted most promising of last year in England. The buzz already from import action is incredible! Coming March 12th the new FRANKE & THE KNOCKOUTS, along with the Texas legend himself, JOE ELY. Both LPs coming in early March..... All on the new MCA!

John Sigler, RCA Records, College Promtion 212-930-4552

The response to Touch, the EURYTHMICS new record has been excellent, as it hits the top of the progressive charts. This is a record which everyone can play. EURYTHMICS will be touring the country beginning in March. Upcoming records from RCA are M plus M(Once known as Martha and the Muffins), IGGY POP, and NONA HENDRYX. Currently the I.R.T. 12" "Watch The Closing Doors" is on the move in dance clubs. So be sure to listen to this as well as Wing of Fire, the new album from ROBERT HAZARD. Tracks to listen to on HAZARD's record are "Fire On Fire," "Hard Hearted" and "Undercover Lover."

Jack Isquith, Director of College Promotions, Joel Webber Promotions.212-371-3158

What's hip, aggressive, and street smart? Kinetic, energetic, and serious? Accesible yet innovative? The Domanatrix Sleeps Tonight. On your turntables this week from Uproar/Streetwise,

Teresa Ensenat/ Kiki Ramos, Side One Marketing, 212-307-1015 , 213-462-1530

" We'd like to thank all of you for your resounding early support for the ACCELERATORS! A Southern tour is underway; here are the dates: 2/24 Greenwood, S.C., 2/25 Knoxville, TN, and 2/28 Charlotte, N.C. WUTZ and WDAV, we'll be in touch. More dates to follow so stay tuned, HOWARD JONES is also doing well; all signs point to a star in the making, and your support has been and continues to be, crucial, Keep it up! By the time you read this ENDGAMES(MCA) should be at your station. Lead tracks are "Miracle In My Heart," "Love Cares," and "Waiting For Another Chance." Also be on the lookout for CHAMELEONS " Script Of The Bridge" and MODERN ENGLISH's "Ricochet Days" toward the latter part of the month. See ya!"

Rob Burr, QL Records, Coral Gables, FL , 305-446-2477

Just around the corner you'll find a new addition to the QL Digital family arriving in the mail. (Using storks may well be faster) It's a super 12" from THE SLEEP OF REASON containing 3 real neat tunes. I predict this will be a smash with colleges and progressives. In your hands March 1, My fave on this is "Shelters Are Melting." See what you think... As of this writing, there has not been a winner in the QL Compact Disc player giveaway, By the time you read this it should be history... IBS convention coming up. Save up this one counts... Legend in my own mind dept: I'm crazy about my latest Direct-to -Digital recording, singer JACK MULACHY backed by my own super session men. Friends, this is the only way to record. Wait 'til you hear it. Out in April... SEX EXECS demand your attention with their latest 12" entitled "My Ex," another great example of a band from Boston that has what it takes... Groups and small record companies; Let us track your record for you on 575 college and AOR stations across U.S. and Canada... Donations now being accepted for the ROB BURR RETIREMENT FUND... I'll be bad, you stay up late...

Mad Dog, Brat Records, P.O. Box 157, Richmond , VA 804-359-0001

What can you do with 24 people in 21 non-stop hours with no drugs and no arguments? Make a video for SUZY SAXON & THE ANGLOS, of course! I directed the video of "Boys In Dresses" the other day with Director of Photography Jon Parks of Mirage Productions, and it was hot. Everyone was A-1 and a joy to work with, Saw the rushes yesterday and they look great. By the time you read this we will have edited it and will be circulating it. We're picking up 2-3 stations a day who have the good taste to be adding SUZY SAXON & THE ANGLOS and want to congratulate Jeff Lipscomb, Ron and Matt Hart (thanks for the letter!) at WDNA in Berea, KY for making "Boys In Dresses" the #1 single and "Rebecca" the #5 single. We love doubling up on the charts kids. And for those of you who are prejudiced against 7" records ( oh come on, just throw it on a cart and play the hell out of it) the next move after the video is the album. By the way, tell your favorite record stores that Important Records is distributing for us. As Jesse Jackson said when he was asked about the abortion bill.... "I paid it last month." I quit, you're it.

Brad Paul, National Promotion Director, Rounder Records, 617-354-0700

STEVIE RAY VAUGHAN is the answer. What was the question you ask? Which fellow Texan has been receiving a great deal of well deserved success of late, sat in on JOHNNY COPELAND's forthcoming Rounder release Texas Twister? As a matter of fact he also provides some hot licks on MARCIA BALL's title cut "Soulful Dress." If you haven't received Soulful Dress at your station yet let me know, Speaking of STEVIE RAY VAUGHN, MARCIA BALL, and JOHNNY COPELAND brings to mind an important issue. That is the issue of roots music's relationship to new music and how all of that can be translated into quality radio programming. Too many radio formats are mono-perspective. Anyone with a limited amount of intelligence and motor skills can program a show using the same genre of music. Segues from no music to nu music, or urban contemporary to urban contemporary, or reggae to reggae are safe bets. But my ear would be infinitely more intrigued by a jock that could play THE CIRCLE JERKS, T-BONE WALKER, VIOLENT FEMMES, SLEEPY LABEEF, CULTURE CLUB, NIGHTHAWKS, PABLO MOSES, ROLLING STONES, BIG MAMA THORNTON, and THE THOMPSON TWINS (for example) in one set and pull it off. It is a matter of realizing that all music borrows from other music. In one form or another it is all interrelated. The ability to hear that interrelationship in your head and then be able to let it flow from one turntable to the next is what separates the great jocks from the mediocre ones. While you're thinking about that here's the question for the next New Music Report: What major wrestling star has appeared on stage with NRBQ and is often referred to as their manager? Clue; one song on the new Q's LP Tap Dancin' Bats is in honor of this great individual and his contributions to professional wrestling.

- Josh Rosenthal, WKWZ, Syosset, NY 516-921-8850  
Dear Enemies:... Beth Kittrell at Elektra told me that I was the "hot new thing" and I suppose she's right... I am very ready for I.B.S.; I may be heading a certain panel on that Friday night. Hint: All high school stations call me now. This is important!! 516-921-8850 or at home--you know the number... Increased airplay: VIOLENT FEMMES, THE THE, BILL NELSON, JASON & THE SCORCHERS, PRETENDERS... Special hellos to Jim Slusarek at WDGC and everyone else who is the least bit hip... Byron: Spit it out, Scott.
- Rick Weiner, WUSC, Music Director, Columbia, SC 803-777-7172  
KIRK: Are people actually alive and listening to Alternative radio in South Carolina?  
SPOCK: Logic tells us that this is not possible. However, due to large amounts of sonic ambience and high velocity wavelengths, Alternative 90.5 seems to have brainwashed the populous of Columbia.  
KIRK: ASTOUNDING\$%&\*:: And so were Nashville based AFRIKAN DREAMLAND. Their Blu-Reggae style kept the crowd skanking here last week. WIRE TRAIN almost came, but they'll wait for some fame. Video night is coming up... Congrats to N.C. RIGHT PROFILE on their new deal with JEM. HELLO JAMIE. Check out San Francisco's PARIS WORKING and Seattle's VISIBLE TARGETS. Two very impressive maxi EPs. Let's feed the fashion sharks to the dogs.
- Peter Sage Gladue, WPSC, Music Director, Wayne, NJ 201-595-5900  
The media event of the year so far has been PBS's "Good Morning Mr. Orwell." The show proved to be extremely exciting with its live simulcast of various avant garde happenings from Paris, New York and San Francisco. I found JOHN CAGE and LAURIE ANDERSON quite engaging while the DEAN WHITTNER/PHILIP GLASS video piece was eloquently done. The highlight though, had to be the ANDERSON/GABRIEL collaboration, "This Is The Picture." The video work was some of the finest I've ever seen, while the song was quite moving and unique. Someone at Warner Bros. should wake up and release it as a 12", it would be the dance floor smash of the year. (By the way, when is Heartbreak Kid going to be released?)... I've realized that one of my major problems as Music Director is having to work with a limited budget. It is extremely hard to obtain quality records within monetary limitations, but the New Music Distribution Service has solved that problem. As an introductory service to their new customers, there is a special offer in the back pages of its 1984 catalog. Out of a select group of albums in various categories, you can choose 6 albums for \$36.00 or ten for \$60.00. The list is quite extensive but may I suggest the following artists and albums: EDGAR VARESE The Varese Record, JOHN CAGE Sonatas And Interludes For Prepared Piano, BRANCA/GIORNO Who You Staring At?, SHANNON JACKSON Street Priest, GOLDEN PALOMINOS, ROBERT ASHLEY Music Word Fire, DAVID THOMAS Variations On A Theme, KIP HANRAHAN Coup De Tete and MASSACRE Killing Time. The whole catalog offers the finest in Avant Garde and underground music, and any music director should check it out... Myself and our chief reggae man Danny Goodman are going to check out OLIVER LAKE AND JUMP UP at the Peppermint in Orange, NJ. It should be a very hot show. Hope to see you there Amy... Until next time.
- Paul Navarez, WCUR, Music Director, West Chester, PA 215-436-2477  
At long last things are really moving here at WCUR. There have been many position changes on the staff, as well as lots of fresh ideas, making 1984 look like a very positive year, indeed. As the new Music Director, I would like to personally thank all of the record companies that service us. We really do appreciate it. Hope to see you all at IBS in March! Until then...
- Barbara Schwartz, WLVR, Music Director, Bethlehem, PA  
Hola! I still haven't figured out when these things get printed relative to when you send them in (and I also missed a couple), so, Happy Holidays, Happy New Year, Welcome Back, and Have A Nice Summer (just in case)! It was great to come back from Florida and find LET'S ACTIVE topping the charts! The radio stations down there are lacking (talk about an untapped market!). "Room With A View" is my personal favorite. It sounds like a great blend of the '60s and the '80s. HOWARD JONES "New Song" is also terrific and getting lots of airplay here. Big at LVR (since I missed this week's report) are PRETENDERS, SPECIMEN, ECHO and CYNDI LAUPER. We also like "What's A Girl To Do" off the new LP by CRISTINA... Adios to Peter Steinberg--for now. Larry B. and Nancy K. that was a cute poem. Bye!
- Erica Brenner, WLHD, Music Director, Athens, OH 614-594-5422  
A bulletin to all radio stations not airing THE DARK. Don't Feed The Fashion Sharks deserves every MD and PD's attention. It's truly "More Fun For Everyone"!! Music is HOT this year: the EXPRESSION, ECHO AND THE BUNNYMEN, THE FIXX, LET'S ACTIVE, HOWARD JONES, MIDNIGHT OIL and GRACE SLICK are living proof. But, let's not forget who supplies us with this vinyl. I'm pleased to see that Larry Butler and Karen Glauber were given the promotions they deserve. Congratulations. Good luck to Steve Bonilla and Peter Steinberg in your new positions.
- Brandon Lieberman, KBVR, Corvallis, OR 503-754-2008  
From the new music capitol of Oregon, the mythical city of gold--Corvalis--hello, once again. This time we're honored to welcome X. Great big hugs go to Beth at Elektra, Double Tee in Portland, John Doe for the phone interview, and the rest of X for being the best band, American or otherwise. Also, thanks to Rob in Eugene for bringing the new T.S.O.L. in for another KBVR sponsored show. Also thanks to Mike V. for the demo tape... Hi to GREEN ON RED from Station Manager Kristina. She says thanks for the interview, too bad you lost the chugging contest... Here's some real men for ya: Real Men report late. Real Men wear spikes, not studs. Real Men never watch videos. Real Men don't need a backstage pass. Real Men were playing the 12" long before the album came out. Real Men don't play Arista or DEPECHE MODE. Real men don't read record reviews, they make up their own mind. Real Men never return phone calls or questionnaires. Real Men open their packages with their hands. Real Men can't spell quiche.
- Steve Julty, Music Director, WTNW New York 212-757-7121  
Hi everybody, I figured it was about time that I took advantage of the "soapbox" that CMI has going here! For those of you out there who don't know what WTNW is, I'll tell you(briefly): WTNW is a cable FM station in New York City. I'm told we are one of the oldest cable stations around(five years) & the first one in New York! The reason that I brought all of this up is to talk about a project that our program director, Charlie Mor & myself have completed: "THE COMMERCIAL RADIO SHUTOUT OF 1983" - a special based on a list of records which we felt should have gotten some attention from our commercial counterparts. If I missed any of you indie companies please drop me a line or call me in the evenings & I'll be glad to send you a copy. Also, if any of you other stations are interested in airing the special please let me know. (we have a limited budget so a blank tape would be appreciated.) Our address is 1855 Broadway New York, New York 10023. Everybody, be on the lookout for CHRISTINA on Polygram, DREAM 6 on Happy Hermit, and SPECIMEN on Sire. That's all for now... See you all in Washington!
- Stephen Lociatto, Music Director WMWM, Salem, MA. 617-745-9401  
Top picks of '83. VIOLENT FEMMES, R.E.M., NEW ORDER. Anyone beg to differ? Looking forward to '84. Outstanding local music- NOVEMBER GROUP new EP on Braineater, get it, play it, etc.. Best time to call, Afternoons Tuesdays and Thursdays. Other names to remember; BOB, NELSON, MAURA SULLIVAN my associates -- over and out...

In January, newly signed EMI recording artist JASON AND THE NASHVILLE SCORCHERS played a near-capacity date at 688. Management, EMI and retail record people all showed up to give their support. It seems that management and EMI wanted Jason to drop his slower country ballads and stick to rock & roll. Well, you can take the boy out of the country, but you can't take the country out of the boy. Right, Jas?... New groups tearing up the Atlanta scene: ARMS AKIMBO, BLUE TV, and the NIGHT PORTERS. Watch for vinyl from these groups soon.

**MADNESS Keep Moving** (Geffen, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)—Less nutty, more controlled but no less exciting, *Keep Moving* is the newest chapter in the Madness success story. No band (except perhaps the Police) makes pop music which is so complex yet so simply enjoyable. "The Sun And The Rain" is the first single—straight forward and likeable; it should be a hit. "One Better Day" and "Wings Of A Dove" are excellent follow-ups. We also like "Prospects" and "Hurry Up."

**JAH WOBBLE/THE EDGE/HOLGER CZUKAY Snake Charmer (EP)** (Island, 14 East 4th Street, 3rd Floor, New York, NY 10012)—The first new music supersession? Jah Wobble from PIL on bass, U2's The Edge plays guitar, and avant-garde instrumentalist Czukay fills in the gaps—combining their wildly diverse talents under disco producer Francois Kevorkian to produce one of the most exciting and adventurous dance records in recent memory. A bold step forward for dance music—a dynamic blend of rock, funk, avant garde and disco—and one that is sorely needed. Top cuts: "Snake Charmer," "Hold On To Your Dreams."

**THE ALARM Declaration (I.R.S., c/o A&M, 595 Madison Ave., New York, NY 10019)**—The Alarm makes some of the most powerful rock and roll around—the clashing guitars, crashing drums and passionate vocals are genuinely exciting and downright inspiring. "Shout To The Devil," "Blaze Of Glory," "When The Storm Broke" and "Third Light" are our favorites, but all the tracks are strong. One problem: all of the songs on *Declaration* (except "Third Light") cry out one basic theme: "Stand up for your rights and beliefs no matter what." Which is fine initially, but gets tedious after repeated listenings—the tracks become marching songs for a revolution without purpose. A revolution needs a cause—and so does the Alarm. The Alarm burns, and we see the smoke. . .but where's the fire?

**MODERN ENGLISH Ricochet Days** (Sire, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)—A solid collection of tracks—a bit more commercial than their debut, without losing their edge or urgency (much of *Ricochet Days* sounds a bit like mid-period Beatles circa *Rubber Soul* or *Revolver*). "Hands Across The Sea" is a hit—solid hooks over a catchy, upbeat track. We also like "Heart In Him," a slow atmospheric piece; "Rainbow's End," upbeat pop 'n' roll and "Machines," especially good for clubs.

**EBN-OZN Feeling Cavalier** (Elektra, 665 Fifth Avenue, New York, NY 10022)—The follow-up LP to their hit single "AEIOU (Sometimes Y)," dedicated to late Mountain bassist Felix Pappalardi, is a charming collection of witty, danceable pop funk a roll: electronic latin rhythms (courtesy of the Fairlight CMI) combine with sardonic (sans maliciousness) lyrics to make for entertaining listening on "The Video D.J.," a salsa number authenticated by the presence of Tito Puente on timbales. Also try "Pop Art Bop," a wild re-working of "Rockin' Robin" and the latest single "Bag Lady" (look for the video featuring Imogene Coca). It's refreshing to find a talented band that lets you know they don't take themselves too seriously—don't let this one fly inuendo and out your front door.

**AFRICAN IMAGE Roots (Impizmzande)** (Gramavision Inc., 260 W. Broadway, New York, NY 10013)—Thomas Mhize and Glynn Storm, two multi-talented South Africans, have created an LP that takes traditional African dance rhythms and sprinkles on Western production and instrumentation (piano and organ replace talking drum and excessive percussion) to synergize a thoroughly modern feel. The two instrumentals "The Way I Feel" and "From The Roots" are beautiful pieces, both featuring wailing yet soothing saxophones. Also of special interest is the tribal call and response vocals of "Fly Machine," which relates the emotions of a Zulu man experiencing his first airplane trip, as well as the festive "African Beer." "War Cry" is more of an uptempo chant—with its ringing piano run it displays the more accessible side of the duo. Intriguing and satisfying.

**THOMAS DOLBY The Flat Earth** (Capitol, 1750 N. Vine St., Hollywood, CA 90026)—The *Golden Age Of Wireless* was a veritable seminar in techno-pop, and it took a genius like Dolby to turn that worn formula into something more innovative. With *The Flat Earth* we find him more soulful and less robotic, relying mainly on a fretless bass rather than a drum machine. An unexpected variety of instruments and influences are put to use, including Eastern sounds and jazz. Dolby compensates for lack of vocal chops by always creating an urgent atmosphere, and his most intense vocal performances are here. The crowning achievement is "Hyperactive," a devastatingly infectious ear-piercer. *The Flat Earth* is truly big and round, and ready for the universe as Dolby remains one of music's most precious craftsmen. Top cuts: "Hyperactive," "Dissidents" and "White City."

**TRACEY ULLMAN You Broke My Heart In 17 Places** (MCA, 70 Universal City Plaza, Universal City, CA 91608)—Yet another British revivalist artist—this time Tracey Ullman digs up early sixties girl-pop (a la Leslie Gore, Diana Ross, Shelley Fabares, Marcie Blane) and carries it off nice and sassy. Highlights are "Breakaway," "Long Live Love," "Bobby's Girl" and "(Life Is A Rock) But The Radio Rolled Me." Cute.

**NRBQ Tapdancin' Bats** (Red Rooster, c/o Rounder, One Camp St., Cambridge, MA 02140)—The "Contractual Obligation" LP from the Keystone Kops of the music world. The package comes complete with sappy/cutesy love ditties from bassist Joey Spampinato and the Grand Poobah of the piano Terry Adams; a silly frolicking romp "Rats In My Room," two cacophonous contributions ("Trouble In The Henhouse" and the consummate title track), along with a skeleton from the closet, "Ain't It Alright," co-written by Steve Ferguson, the group's original guitarist before Big Al. NRBQ's zaniness in concert has never been fully captured on record (with the possible exception of "Who Put The Garlic In The Glue?") so their vinyl efforts serve more as adorably esoteric reminders. Still one of America's best kept secrets.
