ANSWER TO VIDEO RIDDLE FOR OPERATORS, LOCATIONS

Operators and location owners are hailing AIREON'S television as a sensational drawing-card . . . combining the best features of television and automatic music—without the usual disadvantages.

Operators can now offer a revolutionary money-making team that operates without stopping . . . gives a continuous "take" . . . the answer to ordinary video or phonograph competition. Locations can pull in capacity crowds with televised programs—and still avoid non-profitable customers who come in for a "free show." Phonograph music is available between programs or whenever the location owner desires, providing continuous coin-play at all times.

AIREON TV FEATURES "PLAY INDICATOR" & "EYE WITNESS" UNIT

Operating through the CORONET or its wall-boxes, the new AIREON television cabinet features the RCA "Eye-Witness" picture synchronizer exclusively. The AIREON-designed cabinets harmonize with the CORONET. When video is in operation, customers buy audio, at the rate of 3 minutes for 5¢, by inserting coins in the CORONET or wall boxes. An indicator placed above the video screen serves as a constant play reminder.

YOU MAY NOT HAVE TELEVISION NOW, BUT . . .

CORONET is available with or without the television unit . . . However, since most cities will have television within a short time, operators are advised to inquire about the new AIREON unit as early as possible. Be the first in your area to take advantage of greater profits with coin-operated television. Get the whole story from your AIREON representative, or write the factory direct today!

Talking It Over

There is now in progress a completely exclusive voting contest to decide which were the best money-making records as well as the most outstanding recording artists of 1948.

The Cash Box, after much study and thought, decided to conduct and sponsor such a poll for the Automatic Music Industry of America to help gain for this industry greater recognition, more good will, and better understanding.

So that the voting would be fair and equitable, *The Cash Box*, after consultation with leading music operators, jobbers, distributors and manufacturers, came to the conclusion that the best and most impartial method would be to give one vote for each juke box, one vote for each wall or bar box, one vote for each wired music shell, or other wired music display unit, owned by the voter.

In this way both the large and small operators are given equal opportunity to cast their votes in the fairest and most impartial fashion.

There is no doubt that it will take a little time to complete such a voting contest. But, there is also no doubt that it will attract the attention of the press, as well as other news media, when completed.

It will bring the Automatic Music Industry of America the sort of recognition and attention which means better business.

It is, therefore, the duty of each and every operator of automatic music to plunge into this voting contest immediately and report to *The Cash Box* (on the prepaid postcard enclosed in this issue for that purpose) what he believes was his biggest money-making record as well as who he believes were the best performers of 1948.

"Every juke box operator," one noted automatic music leader writes, "should do everything in his power to cooperate with *The Cash Box* to get every man who owns juke boxes, wall and bar boxes and other types of automatic music, to enter into this voting contest. It is sure to bring greater glory and recognition to this industry."

TRADE ZOOMS AHEAD

Optimism Noticeable as Game Mfrs Find Themselves in Midst of Peak Production. Juke Box Mfrs Bid for Market Revival with New Mechanisms and Television-Juke Box Combos. One-Balls, Bells, Consoles in Sales Spurt. Ops. Report Collections Holding Up. Some Defense Work in Factories. More Expected. Ops Urged to Anticipate Their Needs.

As the trade zooms ahead, having readjusted much earlier and much faster than many other industries, surprise seems to be the top element among many because of this sudden zoom forward.

This shouldn't be. The facts are that the manufacturers of the industry were faced with sudden and courageous decisions, and made these decisions rapidly, coolly and without even a moment's hesitation.

This past torrid summer was sufficient proof of the manufacturer's courage, foresight and business daring. While the heat swirled to new records, the manufacturers introduced some of the best products they had ever built.

They didn't stop there. They continued right into the opening of the Fall season and have, this last quarter, captured a tremendous amount of business for the amusement games division of the field. This has heartened all in the industry.

Everyone of the better known amusement games manufacturers are going forward. These men are not resting on whatever laurels they accumulated up to this point.

They foresaw the rush to readjust, to cut overhead, to lower costs, to eliminate here and there and wherever possible, but, this did not stop them. They knew that if they continued to build equipment which the public liked that they would go ahead. The fact is that they have built such equipment, and they are going ahead.

A visit thruout the leading pinball factories by any member of this field is one of the most heartening things he can do at this time. These factories are working at top speed. They are having trouble getting all the employees they require. They are manufacturing at capacity. They are going ahead with new and better ideas.

Not only are the pinball manufacturers rushing to the fore to take advantage of the business pickup which resulted with the opening of the Fall season, but, the automatic music manufacturers are now also in the midst of a bid to get more and still more business.

Some of the leading juke box manufacturers have actually smashed their way into the new season. Advance rumor has it that some very outstanding new mechanisms will be shown, and will be priced to please the trade.

Even more impressive is the fact that leading manufacturers have recognized the inroads which television has made and are also preparing to feature television-juke box combos.

These are so ingeniously arranged that the operator can use them on a "free" basis, which means continue to allow the public to see the picture without insertion of a coin, or on a coin operated basis.

Whichever the music operator will decide for, whether to enter into the television field and take advantage of public demand, or continue strictly in the juke box business, the fact remains that there is a decided revival in the automatic music market with more coinmen entering into the new ideas which have been proposed.

Nor has this business uplift stopped with just the pinball and juke box fields. The other manufacturers, too, are now feeling the sudden boom which seems to be developing and which, leaders claim, will reach its peak sometime after November. They, too, are going ahead just as rapidly as they possibly can.

For example, there is now a sales spiral most noticeable in the one-ball games field. The largest manufacturer here is thrilled by the orders which have poured in for his latest product. And the orders continue to pour in. Reaching beyond even his tremendous production capacity.

The same is also true in the bell field. Showing of brand new bells by one leading manufacturer this past month resulted in some of the best business this firm has done. Execs of the firm are actually excited at the way operators have taken to this new equipment.

One salesmanager remarks that shipments are larger than ever before in history and that, it seems to him, some of the ops must definitely be stockpiling the equipment to order in carload lots.

One noted distributor-operator remarked a few weeks ago that any good coinman could use a very handsome quantity of a brand new console. It seems, at the same time that he made this remark, that the consoles were selling in larger quantity than they have in many months. Sales are going ever higher. Some of the manufacturers are quite surprised as well as greatly pleased at this grand revival of the market.

All this better business which has resulted these past months is attributed to a great many causes. Some state that this is due to the fact that the average location owner has found he needs more coin operated equipment to insure his income. Others state that greater liberality has suddenly resulted as money grew scarcer. Some believe that taxation programs are responsible, and that coin machine will be among the first most highly taxed as well as encouraged at the same time.

Whatever the real reason for the sudden boom, the fact is that this field is going ahead faster than ever before as other industries seem to fade and enter into the readjustment period which all fields have to go thru to survive in this new business era.

But, as stated here before, there is but one cloud on the horizon as this industry gets going again. That is the entrance of defense work which is taking away production capacity from the trade.

Already some of the leading manufacturers have defense contracts. more are expected daily. Some even believe that their entire production facilities may be taken up with the defense projects to which they have listened.

If such is the case, and if this recovery period continues to go ahead, and it should since ops are reporting that collections are not only holding their own, but even going up, then every coinman in the nation should protect himself with whatever equipment he will need by anticipating his future wants immediately and ordering the products he will use in quantity.

While the factories can supply him, and will know how much of their production capacity will be taken up by the industry, is the time for the op to take advantage of what he will require to protect himself.

It would be very sorry and sad commentary on the trade should the men who comprise this industry be once again caught short and have to pay for used equipment what they can now pay for those fine new machines which are being rushed to market by the outstanding manufacturers.

While the trade zooms ahead. While interest continues to grow white hot in all the new games and new types of music, is the time for the members of this field to zip into action, and take advantage of this situation, which will give them a lead that will never be overcome by any competitor.

THE CASH BOX

Record Reviews

"Happy In Love" (2:44)

"Moon Glow" (2:48)

SHIRLEY MOORE
(Apollo 1133)

● Pair of sides by chirp Shirley Moore and the refrain of two oldies seeping thru the wax. On the top deck with "Happy In Love," Shirley displays her pleasant pipes in effective manner. Song is one that is widely known to music operators and phono fans alike. This rendition should add to the ever-lovin' popularity of the ditty. The gal's pipes ring true throughout and makes for easy listening pleasure. On the flip with "Moon Glow," Shirley once again shows her tonsils to excellent advantage with this standard. Both sides are there for the asking—ops take it from here.

"Temptation" (2:29)

"By The Waters Of The Minnetonka" (2:39)

VIN RODDIE
(Apollo 1130)

● Pair of sides which may go in wired music locations are these rendered here by pianist Vin Roddie. Wax, featuring the tinkling of Vin has possibilities of winning favor in those locations since it fits the needs of those spots easily. "Temptation" and "By The Waters Of The Minnetonka," both widely known to music operators showcase Vin's ivory styling in fair fashion. Ops who have the spots should lend an ear in this direction.

"Don't Want That Man Around" (2:59)

"Harlem Holiday" (2:28)

STAN KENTON ORCH.
(Capitol 15248)

● Jazz styling by maestro Stan Kenton and some wax that seems sure to click with his wide bevy of fans. It's chirp June Christy on deck for the topside tune, picking 'em up and laying 'em down in scintillating fashion around "Don't Want That Man Around." It's a slow, moody affair, pepped up with loads of blues feeling supplied in abundant fashion by the thrush. Expressive background, mixed with loads of brass, adds to the luster of the platter immensely. On the flip with an instrumental bit, the Kenton crew run wild on "Harlem Holiday." It's Kenton at his best—grab 'em.

"You'd Be Surprised" (2:49)

"Rub-Dub" (2:42)

RAYMOND SCOTT ORCH.
(MGM 10282)

● Maestro Raymond Scott in the driver's seat with the refrain from this oldie bouncing around in fair fashion. Chirp Dorothy Collins purrs the comely wordage to "You'd Be Surprised" in effective fashion here, and altho the disk lacks polish, it may come in for some phono play. On the flip with an all instrumental bit, Ray and the boys get together for "Rub-Dub," some pleasant music ops can use as fillers. Both sides won't raise havoc with phono fans. Music ops take it from here.

DISK OF THE WEEK

The Cash Box this week selects "My Darling, My Darling" as the "Disk Of The Week." The song, recorded by Eve Young & Jack Lathrop on RCA-Victor; Jo Stafford & Gordon MacRae on Capitol; and Doris Day & Buddy Clark on Columbia Records has received the utmost in universal accord by all who have heard it. We're leaving it up to you, Mr. Music Operator, to select the platter you believe best suited for your locations.

DORIS DAY-BUDDY-CLARK

● (Columbia 38553)

Plug tune from the musical production "Where's Charley" gets a sensational sendoff here by Doris Day & Buddy Clark. The vocal combo, currently hotter than a ten dollar pistol, display their best vocal quality in this beautiful ballad, "My Darling, My Darling." Soft, moderate music, delivered with a load of feeling by Doris and Buddy makes the platter shine and dazzle. The tune has everything that a music operator could ask for, and is sure to be widely requested. Flip offers ops another potential coin winner in "That Certain Party." This rendition should step out and bring ops more repeat play action. "My Darling, My Darling" is nothing short of terrific.

EVE YOUNG-JACK LATHROP

● (RCA Victor 20-3187)

Altho this rendition of this wonderful tune lacks orchestral background, Eve Young and Jack Lathrop team up to more than fill the bill here. Their version should be one of the most widely played items ever. Soft intimate singing by the pair, offered in the very best of fashion makes the listener warm up to the tune immediately. Light spot of guitar flavors the piece all the more, while Eve and Jack give out with a dazzling performance. Backing "You're The First Cup of Coffee in the Morning" is there for the asking and should garner its fair share of coin play. The top deck will mean nothing but silver for music ops.

JO STAFFORD—GORDON MacRAE

● (Capitol 15270)

Jo Stafford and Gordon MacRae team up for this rendition of "My Darling, My Darling," with the refrain spelling coin play all over the lot. This combo's spooning of this wonderful tune is sure to receive wide praise and garner a top spot on juke boxes. The depth and richness of the song are showcased in tender tones of scintillating music that satisfies throughout the disk. Flip, a slow moving piece, might grab some silver too with the pleasant mood of the song delivered in grand manner. We like "My Darling, My Darling"—we're sure you will too.

"Anytime" (2:37)

"Bouquet Of Roses" (2:51)

DICK HAYMES
(Decca 24506)

● The vocal styling of balladeer Dick Haymes, and a pair of tunes currently clicking away like sixty on thousands of music machines in folk and western locations. The tunes showcase Dick's superb tonsiling in such a manner to set the stage for a ton of coin play. It's wax that can really move in the boxes, and a platter that Dick's many fans are bound to grab up. Top deck, titled "Anytime" has Dick purring the romantic wordage in ultra slow tempo, with a mixed chorus spooning in the background. Dick's refreshing vocal treatment of this tune is sure to

arouse loads of excitement and garner a ton of coinage. On the flip with "Bouquet Of Roses," Dick bounces back with another folk and western song to keep the mood set and low and soft and once again, in the romantic vein. It's a nickel-nabber for sure—get with it!

"Any Resemblance To Love" (2:49)

"Old Fashioned Love" (2:43)

NORMA SHEPERD
(MGM 10283)

● Vocal chirping of Norma Sheperd and the musical offering of a pair of ballads done up in sweet, slow tempo. Wax, titled, "Any Resemblance To

Love" and "Old Fashioned Love" is offered in effective manner and should grab its fair share of phono play. The gal's piano tinkling and vocal spooning makes for pleasant listening and is easy on the ears. Altho the tunes won't stop traffic, they should be greeted warmly in music circles. Both tunes are in the romantic vein, spilling in moderate tempo, with the lyrics weaving around the titles. Wax is there for the asking.

"Tickle Polka" (2:39)

"Hoyer Waltz" (2:41)

ERNIE BENEDICT POLKATEERS
(Victor 20-3129)

● Pair of sides styled in light mood and manner, with maestro Ernie Benedict and his Polkateers serving it up. Top deck, titled "Tickle Polka" spins in medium fast tempo with the refrain showing attractively. Music ops who have the spots would do well to get with this side. Flipped we find, "Hoyer Waltz," an all instrumental bit done up in effective fashion. Wax won't stop traffic, but it should serve ops who use this brand well enough.

"The More We Are Together" (2:56)

"The Trail Of The Lonesome Pine" (2:52)

RUSS MORGAN ORCH.
(Decca 24196)

● Music styled in the "Morgan Manner" and the set up of a pair of tunes that beat fairly attractively. It's the maestro himself, paired with a vocal ensemble, to wail the soothing wordage to "The More We Are Together" on the top deck. Wax shows as excellent filler material and is especially suited for wired music locations. The music won't raise a storm of approval, but nevertheless is sure to satisfy the many Morgan fans. On the flip with the standard, "The Trail Of The Lonesome Pine," Russ takes it solo to bounce back with another piece of effective material. Music operators who have the spots should take note.

"Lili Marlene" (2:44)

"A Bluebird Singing In My Heart" (2:49)

BING CROSBY
(Decca 24508)

● It's Bing in the saddle, warbling a pair music ops can use as potent coin cullers in their phonographs. Bing's tuneful pipes offer their usual brand of glory on the war-time favorite "Lili Marlene." Song might be attractive enough to warrant a featured spot on your machine, since it is widely known and was at one time, extremely popular. Tune offers an excellent showcase for Crosby's pipes, with the groaner displaying his usual warmth and richness in the vocal part. On the flip with more light melody, Bing renders "A Bluebird Singing In My Heart," to offer music operators another potential coin winner. Ops are bound to find a spot open, especially so since it's Crosby.

MERCURY RECORDS BUYS DEFUNCT MAJESTIC WAXERY

Indie Diskery Outbids Majors With Top \$142,000 Bid. To Release New Artists Platters This Week. Eddy Howard Masters Draw Top Prices.

CHICAGO—Mercury Records, Inc., this past week purchased the assets of the defunct Majestic Record Corporation at open auction. This included 106 masters on Eddy Howard, masters by Louis Prima, Rose Murphy, Three Suns, Ray McKinley and many others. In addition, Mercury acquires the entire Majestic pressing plants in Newark, and Burbank. The total purchase price was revealed to be \$142,000.

Mercury disclosed that they will release under its own label, all records of the above mentioned artists. With the acquisition of this bulk lot of masters and the pressing facilities, Mercury grabbed top honors as the nation's largest so-called "independent record manufacturer."

Mercury outbid individual prices for masters put forth by Capitol, RCA-Victor, Decca, Savoy and several other companies. Representatives of George Olsen, Percy Faith and other artists also bid for their clients' masters, it was disclosed.

Center of excitement as far as the bidding was concerned was the disposition of the extremely valuable

Eddy Howard masters. Mercury, in acquiring the lot of Howard platters, revealed that they will immediately release six sides by Howard, with four more coming up for early release next month. Among the Howard platters currently on their way to Mercury distributors throughout the nation are "Bella Bella Marie," "Dainty Brenda Lee," "On A Slow Boat To China," "I'd Love To Live In Loveland," "Just Because" and "When The Red Red Robin, etc."

Altho Mercury has acquired the Howard masters, it could not be immediately ascertained if the Howard contract went along with the deal. It was learned that Howard's attorney, Norman Nachman, had filed a petition with the court in an effort to put a lien on the Howard masters. Howard claims that his contract with Majestic terminated one day before the platters entered into Chapter 11 of the Chandler Act.

A similar request was put before the court by legal representatives of Alfred Newman, who had cut approximately 30 longhair sides for Majestic.

Record Reviews

"What Did I Do?" (2:55)

"The Morning Glory Road" (2:57)

RAY MCKINLEY ORCH.
(Victor 20-3124)

● Here's maestro Ray McKinley up with a pair that should blossom into top notch coin cullers. Ray himself into the vocal spotlight on the widely recorded "What Did I Do?", with the refrain echoing pleasantly throughout. Ray's infectious tonsils spill in excellent tones that satisfy and should receive wide praise. On the flip with a strong, meaningful piece, balladeer Artie Malvin steps to the mike to spoon "The Morning Glory Road." Song is from the 20th Century-Fox production "If This Be My Destiny" which might hypo the popularity some. Artie's vocal work on this side is nothing short of terrific. The hush-hush treatment he lends this wax should put the spotlight on him in a big way. The platter rates a spot in your machine.

"I'll Remember April" (2:58)

"I Like It Better All The Time" (2:35)

MARTHA TILTON
(Capitol 15250)

● Vocal chirping of thrush Martha Tilton and the offering of "I'll Remember April" and "I Like It Better All The Time" show as items music ops can use to excellent advantage. Top deck, a ditty that has kicked around a bit is done up in attractive manner, with Martha's pipes trilling fashionably. On the flip with a soft, slow moving ballad, Martha lends her voice in grand manner to this dainty piece. Ork backing by maestro Dean Elliot hypos the pair immensely and adds to the disk's winning potential. The many Tilton fans should go for this.

"You're A Darlin', My Darlin'" (2:59)

"Buttons & Bows" (2:49)

JEFFREY CLAY
(Dana 2023)

● Ditty loaded with possibilities to score is this bit offered here by balladeer Jeffrey Clay. Titled, "You're A Darlin', My Darlin'", the tune appears to have the stuff that makes for coin cullers. Jeff's pleasant pipes trickle along in moderate tempo, with the light, dainty wordage echoing favorably. Ops shouldn't confuse this one with the tune from the production "Where's Charley". On the other end of the popular "Buttons & Bows", Jeffrey displays his pipes in effective styling to this hot tune. Ops who have the spots should take a look-see; especially so with "You're A Darlin', My Darlin'".

"El Lobo" (3:09)

"Sunday In Old Santa Fe" (2:56)

XAVIER CUGAT ORCH.
(Columbia 38327)

● The torrid and scintillating Latin styling of maestro Xaxier Cugat is displayed in gala fashion here as Cugie and the boys offer "El Lobo"

SLEEPER OF THE WEEK

"Tara Talara Tala" (3:01)

"Before Long" (3:03)

JOHNNY DESMOND
(MGM 10287)

JOHNNY DESMOND

● Oh, what a dilly this one is gonna be! Sure to arouse a ton of excitement and create an avalanche of coin play for music operators from Maine to California is this latest offering by balladeer Johnny Desmond. It's one of the better songs we've heard in many a moon—and offered in the best of vocal styling by Johnny. The rave fave of millions of ex-G.I.'s, Johnny

is sure to be remembered for his wonderful work with the old Glenn Miller band. Purring the enchanting lyrics to "Tara Talara Tala," a beautiful ditty offered in the lullaby vein, Johnny displays his usual top notch brand of tonsiling. The song is softly set with loads of warmth and meaning echoing throughout the platter. The disk is literally loaded with coin culling incentive and is sure to be appreciated by music fans everywhere. Johnny's vocal spot is nothing less than sensational—his pipes pitch pretty and ring crystal clear thru-out the cookie. You've gotta listen to this bit to really appreciate it—and this is just what we recommend. On the flip with another romantic air, Johnny keeps the mood and manner of his delivery sweet and sentimental to offer ops another potential coin winner. It's the top deck ops should grab. Run out and get with "Tara Talara Tala"—and get 'em by the armful!

and "Sunday In Old Santa Fe." Wonderful music in "El Lobo" (The Wolf) makes for easy listening and dancing pleasure. The hip-swivelers are sure to take to this one. Vocal spot on the side by Del Campo, offered in south-of-the-border tongue shows as effective and adds to the disk's winning ways. On the flip with a nostalgic piece titled "Sunday In Old Santa Fe", piper Bob Graham steps to the fore to purr the affectionate wordage. Ops who use this brand should listen to this pair.

"Mexicali Rose" (2:35)

"Rose Of Washington Square" (2:42)

FRANKIE CARLE ORCH.
(Columbia 38331)

● Piano styling by Frankie Carle and the musical offering of "Mexicali Rose" and "Rose Of Washington Square". Both sides, taken from a Carle album and offered to ops as singles, have Frankie displaying his talented fingers in excellent fashion. Operators should know the wax well since they both have been favorites for some time. The light spots should go for this pair. Music ops listen in.

"When Summer Comes" (2:57)

"You Gave Me The Runaround" (2:59)

SONNY DUNHAM ORCH.
(Embassy 1009)

● Pair of sides styled by maestro Sonny Dunham with piper Pete Hanley in the vocal limelight to render "When Summer Comes" and "You Gave Me The Runaround." Wax shows as a pleasant piece and might come in for some phono play. Pete's handling of the vocal chores is at-

tractive and rates wide praise for a mellow performance. Top deck, a ballad spinning around the title is there for the asking. Flip picks up in tempo with Pete hogging the limelight once again. Wax won't stop traffic—ops take it from here.

"Hair Of Gold" (2:44)

"Underneath The Arches" (2:54)

NICK MINARD
(Apollo 1129)

● Pair of sides music ops with tavern locations may go for are these done up by Nick Minard. With a rhythm trio offering the background music, Nick steps out on "Hair Of Gold" and "Underneath The Arches." Both tunes are currently spinning with wide favor on music machines across the land—this rendition should add to their popularity. Nick's heavy pipes sound fairly attractive throughout the platter. Vocal chorus in the background adds to the flavor of the cookie immensely. Ops who haven't as yet hopped on with these two songs, should listen in here.

"Gloria" (2:57)

"I Want To Be The Only One" (2:56)

THE MILLS BROS.
(Decca 24509)

● Plug ditty spinning wildly on juke boxes throughout the land is this bit offered here in extremely top notch fashion by The Mills Brothers. It's "Gloria" that the combo is ravin' about and with just cause too. Harmony displayed here is nothing short of terrific. The soothing and enchanting tones the group display make for some wonderful listening moments. On the flip with another de-

lightful piece, the combo bounce back with "I Want To Be The Only One". Wax has the spark of a coin culler and is easy on the ears. The many Mills Brothers fans should go for the wax—especially so with "Gloria."

"It's A Quiet Town" (2:49)

"Strictly On The Corny Side" (2:53)

BETTY GARRETT
(MGM 10288)

● Pair of novelty sides by chirp Betty Garrett and some wax ops may use as filler material. Betty's heavy pipes pitch pretty on "It's A Quiet Town", as the Harold Mooney ork back the lass in effective styling. Song is a parody on the title, with Betty thrushing her way thru in fair fashion. On the flip with "Strictly On The Corny Side", Betty renders more novelty wax to keep the metro lively. Ditty is from the MGM flicker "A Date With Judy" and might grab some publicity from that. Ops who use this brand should take a look-see.

"Czardas" (2:49)

"On A Slow Boat To China" (2:56)

FREDDY MARTIN ORCH.
(Victor 20-3123)

● Here's a bit of unusual wax by maestro Freddy Martin and his crew. With Gene Conklin on deck to whistle—yes whistle—the enchanting melody of the widely popular "Czardas", the deck takes on the air of a potential coin winner. Musical background is first rate and should be received with wide popularity. It's the whistle spot by Gene that grabs the glory and well deserved glory it is. Song is refreshing and easy on the ears. On the flip with a ditty currently rising in popularity, piper Glenn Hughes joins with the Martin Men to purr "On A Slow Boat To China." This rendition should boost the tune into the limelight all the more. The Freddy Martin fans should yell for "Czardas."

"Down Among The Sheltering Palms" (2:48)

"If We Can't Be The Same Old Sweethearts" (2:51)

JACKIE BROWN QUARTET
(MGM 10286)

● Pair of tunes kicking up a storm in a slew of locations are these rendered here by the Jackie Brown Quartet. With a vocal duet purring the lyrics on "Down Among The Sheltering Palms" and "If We Can't Be The Same Old Sweethearts," the wax takes on a refreshing air to beckon loads of coin play. Both songs are oldies bouncing back, much to the pleasure of music ops and fans throughout the nation. Top deck is currently receiving heavy plugging and should be one of the better versions of this tune out. Vocal work shown here is extremely attractive and should be greeted warmly. Flip is currently spinning on thousands of music machines throughout the nation. This version should add to its popularity. Wax rates your listening time.

ROUND THE WAX CIRCLE

NEW YORK:

Neil McDonald, advertising head at Signature Records, operates his own record shop in Greenwich, Conn. Neil inaugurated several promotion stunts to promote the sale of records including the servicing of juke boxes in the area for the dances at the YMCA and several schools. . . . We're a little late, but congratulations nevertheless to Mr. & Mrs. Buddy Kaye on the arrival of their lovely daughter, Barbara Leslie. . . . And Kenton goes on. . . . Recent concerts for Stan and the band were reported smash sellouts. . . . Orkster Art Mooney over the half-million mark with his MGM recording of "Bluebird of Happiness." Third click in a row for Art. Seems as if he really has a "four leaf clover" . . . Local jazz addicts can't wait for the reported re-organization of the famed Benny Goodman and Artie Shaw bands. Loads of guys and gals we know would love nothing better than to hear Benny and Artie stepping out again with their old brand of music. And then there's that circle who insist Benny, Artie and the late Glen Miller, if he were alive, would bring back the band biz—but quick! . . . The main stem just ravin' and ravin' bout the new Frank Loesser tune from "Where's Charley," tagged "My Darlin', My Darlin'." Look for this ditty

FREDDY MARTIN

to be among the top ones in nothing flat. Some wonderful platters out on it too. . . . Thrush Sarah Vaughan stepping out like wildfire in the Third Annual Music Poll. Votes pouring in for the chirp like mad. . . . Thank to all the jocks for their wonderful cooperation in getting our new "Disk Jockey Regional Report" feature off to a flying start. . . . Piper Vic Damone still draws the crowd, laryngitis 'n all. Great boy with a greater voice. . . . Ditto Tony Pastor and gang, all at the Paramount. . . . Lovely dance music at the Tavern-on-the-Green, with Blue Barron on the bandstand. . . . Look for The Orioles to open at a Broadway theatre. . . . Mel Torme, bouncing like mad at the recent Illinois Jacquet-Sarah Vaughan jazz concert. . . . Dick Haymes running neck and neck with Perry Como in our Music Poll. . . . Freddy Martin's music at the Strand jes wonderful.

CHICAGO:

Big interest being given the first vote returns of THE CASH BOX's 1949 Annual Record Poll. Already our office is deluged with calls from operators wanting to know "how does it look," and, "who do you think will win." If you haven't as yet sent in your selections, be sure and mail them in today, and help give your favorite recording artists the votes they so richly deserve. . . . Genial Del Courtney bowed into the south side's Trianon Ballroom for a three week engagement. Following his appearance there Del will one night stand thruout the midwest until he returns to Chi on Nov. 19th for his opening at the Marine Dining Room of the Edgewater Beach Hotel. Meanwhile the Edgewater features Will Osborne and his ork with Victor Lombardo's band opening for a short stint Oct. 30th. . . . Bumped into disk jockey Rosemary Wayne over at the Blackhawk, Rosemary tells us she is now doing a six time a week show over station WAIT. . . . Al Trace, now holding forth at the Blackhawk, receives numerous requests for the tune titled, "Brush Those Tears From Your Eyes," this is Al's new candidate to top even the fabulously successful "You Call Everybody Darlin'". . . . The Congress Hotel scored a scoop in bringing Lenny Herman and his little band into its Glass Hat. The Herman group make a big hit with their immense library of old songs, as well as Lenny's own compositions, plus the usual crop of modern tunes. . . . That popular loop bistro, The Blue Note, which features the top names in jazz, set for a WBBM remote wire. Louis Armstrong penciled into The Blue Note for six weeks beginning early November, with Woody Herman inked for two weeks starting Jan. 10th. . . . Skitch Henderson scheduled for the Hotel Sherman's College Inn when the spot reopens the latter part of this month. . . .

LOS ANGELES:

Considerable interest evoked in these parts by Capitol taking over on Tele-funken German catalog and Mercury buying up Majestic assets. . . . While the imported stuff normally wouldn't excite the jukebox boys in view of its leaning on the classics, ever since pop hits of such overseas folk tunes as "Lilli Marlene" and "You Can't Be True, Dear," there's no telling what Tele-funken might come up with. . . . George McDonald raring to go on the Majestic masters, particularly those by Eddy Howard. . . . George also tying in on promotion for Norman Granz' forthcoming "Jazz at the Philharmonic" concert, featuring Flip Phillips, Coleman Hawkins and crew. . . . Folks assured of some great jazz, judging by past performances. Leonard Klein of Gold Seal records visiting here from East and stirring up demand for several of his platters. . . . 4-Star Sales Mgr. Don Pierce sounding out local trade on next contemplated Ivory Joe release while awaiting boss Bill McCall's return from East any day now. . . . Similar prediction and comment re Modern's "Feeling So Sad" by Jimmy Witherspoon, this time the oracle being a shaplier one—the Biharis Lil' Gal Friday, Pearl. . . . Jimmy Witherspoon's other patron, Al Patrick of Supreme Records, admits he's never had one hit yet the way Paula Watson's "A Little Bird Told Me" has caught on cross country. . . . Could say we told ya' so some weeks back—and we will. . . . Art Rupe another disc-domo beaming over sales of a hit. . . . "Looks like Roy ('Everything I Do Is Wrong') Milton is doin' right by dear old Specialty," says Art. . . . With the platter heading for a clean sweep of the charts, the Ruper shouldn't be grim. . . . Johnny Blackburn just buzzed us to say, "You know, you and these other characters grinding out juke columns don't give enough credit to some of the stores for the job they do in helping to put a good record over. . . . like the way Mary over at Leuenhagen's was sold on 'A Little Bird Told Me' and sold everyone else who got within range". . . . Capitol Records Continue Expansion In International Field With Arrangement In Mexico

HOLLYWOOD—The second expansion within two weeks into the international field by Capitol Records, Inc., became evident this week when Floyd A. Bittaker, the firm's Vice President in charge of general Sales, revealed that Capitol has followed its recently announced reciprocal agreement with Germany's Telefunken with a similar arrangement in Mexico.

According to Bittaker's statement, Capitol has signed contracts with Articulos Domesticos, S.A., and Panamericana de Discos, S.A., calling for these two firms to manufacture and distribute, respectively, Capitol records in Mexico. Under terms of the agreement concluded Oct. 12, Capitol Records in turn will press and distribute in this country Mexican records provided them by the Mexican recording firm, Articulos Domesticos.

Signing the final contracts for Capitol Records were Bittaker, Glenn E. Wallich, the firm's president, and Sandor A. Porges, chief of Capitol's International Department. Porges, who played one of the leading roles in the Telefunken deal, also was responsible for the arrangements with the two Mexican companies.

Louis R. Baptista signed for Articulos Domesticos, while his brother, Eduardo C. Baptista, signed for Panamericana de Discos. The latter is

one of Mexico's pioneers in the phonograph record industry, having built the first record factory in the country some 23 years ago, producing and distributing records under the "Peerless" label, Mexico's largest and best known. He sold the Peerless factory a year ago and is no longer connected with it.

Although Capitol has exported its product to Mexico previously, Bittaker stated that these sales arrangements were shelved in favor of the present agreement due to changing government restrictions in Mexico.

While Capitol spokesmen were pleased over the prospect of entering the Mexican sales field for the first time on a large scale, they also pointed out that the agreement would enrich to a considerable extent the firm's catalog for domestic consumption.

Higgins - Selvin Swap Columbia Disk Spots

Manie Sacks, Vice President in Charge of Popular Artists and Repertoire for Columbia Records Inc., announced this week that Ben Selvin has been appointed Manager of Popular Artists and Repertoire for CRI in Hollywood and that Joe Higgins moves from Hollywood to New York as Eastern Manager of Artists and Repertoire under the Vice President in Charge of Popular Artists and Repertoire.

Mr. Sacks stated that Mr. Selvin will also continue as Director of Children's Records for the Company.

Another change in assignments at CRI involves George Avakian, Manager of Hot Jazz Classics. In addition to his present duties, Mr. Avakian becomes Manager of the Foreign Language Division, reporting to Goddard Lieberman, Vice President in charge of the Masterworks Division. Mitchell Ayres, who had been Manager of the Foreign Language Division, will continue as Musical Director in the Popular Artists and Repertoire Department.

Ben Selvin first joined Columbia Records in 1927 as Musical Director and Assistant Recording Manager. He remained with the Company until 1934 when he left to become Vice President of the Muzak Corporation. He was associated with Muzak until 1945, when he was appointed Vice President in Charge of Artists and Repertoire at Majestic Records Inc. He rejoined the Columbia organization in 1947.

Apollo Records Push Murphy Sisters Disk

NEW YORK—Apollo Records announces that the presses used in its regular production have been turned over entirely to filling the overflow of orders that suddenly poured in from operators and dealers this week for the Murphy Sisters' record, "To Make a Mistake Is Human."

The waxery has directed all promotional and production energies to push to top rating the new hit disk spotlighting the Murphy trio with orchestra, recorded before the ban.

Irv Katz's Salescrew in the New York home office, augmented by Murray Conesser, new Apollo salesman, is concentrating on the "Mistake Is Human" record via heavy disk jockey promotion.

MGM Starts Intensive Christmas Campaign

NEW YORK—MGM Records has commenced a nationwide campaign for the promotion of both its children's series and special Christmas Records for the Holiday Season.

Opening gun in the Christmas campaign is the institution of nationwide cooperative advertising for MGM's three big holiday items, Lionel Barrymore's rendition of "CHRISTMAS CAROL," "CHRISTMAS HYMNS AND CAROLS" and Franklyn MacCormack's one record gift package. The new item for MGM's Christmas campaign is the special MacCormack gift package especially designed for the Christmas shopper looking for an item that is attractive, inexpensive and entertaining.

RACE DISK O' THE WEEK

"I Don't Care Who Knows" (2:50)
 "You Had Better Change Your Ways" (2:51)

BUDDY JOHNSON ORCH.
 (Decca 48088)

BUDDY JOHNSON

● Grabbing this featured spot this week is this offering by Buddy Johnson and his group. Both sides of this platter spell coin play and appear to be loaded with the stuff that goes toward making a coin

winner. With chirp Ella Johnson warbling the glowing wordage of "I Don't Care Who Knows" on the top deck, the platter really steps out. The gal's pipes ring true throughout the disk to put a well deserved spotlight on her. It's one of the best pieces we've heard in a long while, and one that is sure to be received with much favor by music operators. On the flip with Arthur Prysock at the mike to offer "You Had Better Change Your Ways," the cookie once again shines as a nickel naber for music ops. The balladeer's deep, rich pipes spoon vocal magic all over the place on this bit. Tempo is moderate and in the blues vein. We're sure you'll go for this hunk of wax—latch on!

"McKie's Jam For Boppers" (2:49)
 "Downfall Blues" (2:44)

TOM ARCHIA
 (Aristocrat 605)

● Music styled by Tom Archia is shown to excellent advantage here with some wild rhythm floating down for music ops to listen to. Wax, titled "McKie's Jam For Boppers" and "Downfall Blues" shows as attractive and should grab some heavy phono play. Top deck has just what the title indicates, some great tones of moderate bop with a heavy sax hogging the lime. Stuff should go with the jazzophile set and go in a big way at that. On the flip with a blues offering, the group display their instrumental wares in excellent fashion again. It's the top deck to grab.

"Hawk's Nest" (2:51)
 "Goldwyn Stomp" (2:44)

LIONEL HAMPTON ORCH.
 (Decca 24505)

● Music styled in the Lionel Hampton manner, with Lionel himself in the spotlight tappin' out some mighty fine rhythm at the vibes on "Hawk's Nest" and "Goldwyn Stomp." Wax is from the Goldwyn flicker "A Song Is Born" and as such is sure to receive some heavy publicity. It's mellow music all thru, with the maestro turning in a dazzling display at the vibes. Light beat in the background of the pair adds luster and polish to an already glowing platter. Both sides are aimed at those who appreciate the finer stuff in jazz. Ops who have the spots should get with this one!

"Olopa" (2:29)
 "This Is It" (2:33)

J. C. HEARD ORCH.
 (Apollo 783)

● One of the biggest names in jazz and music circles, and one of the finest musicians around today, maestro J. C. Heard sets with a pair which should draw some jitney. Topside, titled "Olopa" is a fast instrumental bit with the crew running wild throughout. It's top drawer music, offered in the very best of fashion. On the backside with "This Is It," the Heard crew slow down the tempo a bit to bounce back with another item music ops can go for. Both sides makes for wonderful listening pleasure—get next to 'em.

"Bye, Bye Baby" (2:50)
 "Just A Minute" (2:41)

COUNT BASIE ORCH.
 (Victor 20-3051)

● Count Basie on the stand, with piper Jimmy Rushing at the mike to spoon the wonderful wordage to "Bye, Bye Baby." Wax really steps out with Jimmy warbling blues here, while the Count and his boys offer some great music in the background. Always a heavy favorite with phono fans, this side should be greeted warmly by the many Basie fans. Flipped we find an instrumental affair that shows as effective. Music is styled in easy flowing manner and makes for mellow listening pleasure. "Bye, Bye Baby" is the side to ride with.

"I'm Lazy That's All" (2:35)
 "Say It Simple" (3:00)

PEARL BAILEY
 (Columbia 38328)

● Always a heavy favorite with music fans everywhere, thrush Pearl Bailey steps to the mike to render a pair that have all the ear-marks of becoming big winners for music ops. It's the top deck, "I'm Lazy That's All" which should grab a ton of coin-play. The tired, and yet attractive pipes that Pearl show make this a top notch platter. Lyrics here parrot the title, with some mellow backing by the Mitchell Ayres ork thrown in. On the flip with "Say It Simple," Pearl once again delivers a story on wax, with the refrain making for loads of kicks. You've gotta listen to appreciate this stuff—which is just what we recommend.

"Strange Hour" (2:58)
 "Rhythm Itch" (2:49)

SIR CHARLES ALL STARS
 (Apollo 782)

● You just gotta get with this one! It's Sir Charles and his group of All-Stars on deck with a pair that are sure to clinch with phono fans. The mad metro of this pair spell coin play all over the lot. On the top deck with "Strange Hour," Sir Charles and his boys display some wonderful music with a heavy sax and piano spot hogging the glory. It's tailor made for the dance and listener spots. Flip shows attractively too, with the rhythm in "Rhythm Itch" beating thru in hep tempo. Don't miss this duo—they are sure to boost your take.

Jon & Sondra Steele Guest At Michigan Music Ops Hit Tune Party

DETROIT, MICH.—Jon & Sondra Steele, exclusive Damon recording artists, this past week guested at the Michigan Phonograph Owners Association Hit Tune Party.

The Damon recording of "I Want To Be The Only One," was recently selected by the music ops trade group as the Hit Record of the Month of October. The party, tendered Saturday, October 17th, was crowded to the rafters with an enthusiastic audience, largely consisting of teenagers.

The youngsters tore the house down with their applause for the Jon & Sondra Steele act, who sang "My Happiness" and a recording not yet released.

Vic Damon, prexy of Damon Records, disclosed that music operators throughout the nation are currently reordering on "I Want To Be The Only One." Platter sales on this disk were reported to have passed the 120,000 mark already.

Sandy Rederer Resigns Bullet Records Post

To Form New Disk Distributing Firm

NEW YORK—Sanford (Sandy) W. Rederer, National Sales Manager of Bullet Records Inc., Nashville, Tenn., this past week announced his resignation from that post, to set up an entirely new type of record distributing organization.

Rederer, who just returned to New York after four week trip thru the South, will make his resignation effective November 1st. During his trip thru the South, Rederer reorganized the sales setup of Volunteer Music Company, Nashville Bullet Record Distributing subsidiary.

Rederer disclosed that details of his new distributing firm will be announced shortly.

Disk Promotion Thru Ops Hypo's Record Sales

NEW YORK—Firm in his belief of hypoing music and record sales thru automatic music operators, local publicist-disc jockey Buddy Basch, this past week disclosed plans for a future intensive promotion campaign with several of his clients.

Basch, who this past week completed his 30th broadcast over WFMO, Jersey City, N. J., acted as original advance man for the Tex Beneke and Glen Miller Orchestras, Johnny Desmond, is currently handling the press relations and promotion for the Johnny Long Orchestra.

"By promoting and selling music and records with the music operator," Basch stated, "the band or group being promoted realize the utmost in exploitation by receiving promotion at the point of sale."

"Those music operators are going to go out and buy recordings and then in turn place it upon their juke boxes, thereby giving the band the opportunity for repeat sales of recordings and a chance for the public to hear the band's music."

Tie-ins are especially important, Basch feels. Recent stunt that had the music trade talking for quite a while was the tie-in he made with the Bungalow Bar Corporation for Johnny Long's engagement at the Strand Theater. Basch had the Bungalow Bar people supply him with a Bungalow Bar sales truck, drivers, uniforms, etc. He got two young actresses and had Long's record firm make up buttons for the uniforms and the signs for the truck. That done, he took three days and nights off and went to see every disk jockey, record librarian, trade and newspaper personnel, entertainment sheet staffers, and broadcasters. The stunt really attracted attention and payed off box-office wise for maestro Johnny Long.

In addition to his disc jockey show, Basch writes two weekly and five monthly columns. Not a fellow who sits in his office, Basch has hit the road for the Glenn Miller band, Johnny Desmond and Johnny Long, and boosted grosses for them in Chicago, Detroit, Milwaukee, Boston, etc.

SPECIALTY RECORDS DROP PRICE ON ALL LABELS TO 79c. ADD TO STAFF.

Pete Kameron Named Promotion Chief of Firm

LOS ANGELES, CALIF.—Because of the high cost of living, Specialty Records, Inc., this past week announced a price cut on their entire line. Specialty Records now will retail for the list price of 79c it was learned.

Dealers' and Operators' costs are now 49c, which includes the present and future yellow and black label, as well as the old red label release series which retailed for the price of \$1.05. The red label will list for 79c.

Art Rupe, president of Specialty Records, Inc., feels this change was necessary to stimulate sales by putting labels at a price people could afford.

The firm disclosed that the current Roy Milton recording of "Everything I Do Is Wrong" backed by "Hop, Skip And Jump" has already passed the 200,000 mark in sales; while the Camille Howard disking of "Barcarolle Boogie" and "Has Your Love Grown Cold" has topped 100,000.

Pete Kameron, former jazz concert promoter, band manager and West

Coast manager for Capitol songs and other publishers, has been handed exploitation and promotion reins for Specialty Records it was learned, and is currently engaged in setting up a new publishing firm, Venice Music, Inc.

The addition to Specialty's staff was necessitated by Art Rupe's plans for expansion in the record and publishing field.

Monroe Cops "Kilroy Award"

NEW YORK—Vaughn Monroe this past week was honored with the "First Annual Kilroy Award" by the men of the European Command for having the "outstanding band of 1947 and the band that contributed most to the morale of the European forces."

The award, a hand carved wooden plaque with a Kilroy figure at the top was sent from Höchst, Germany, and was made by the American Forces Network of the Armed Forces Radio Service.

HEALTH BOWL GAME CANCELLED

DAVE GOTTLIEB
President, CMI

CHICAGO—One of the industry's greatest plans, which entailed considerable effort and work for many months for CMI's officials, had to be called off this week.

Due to circumstances beyond its control, Coin Machine Institute has been forced to cancel plans for the "Health" Bowl football game, scheduled for December 4 in Chicago. This announcement was made by Dave Gottlieb, CMI president.

Everyone in the industry was behind the "Health" Bowl game, the purpose of which was to raise a substantial fund for the CMI's campaign for cancer research. All proceeds, after deduction of operational expenses, were to have been donated to the Damon Runyon Memorial Cancer Fund. It was hoped that with the amount raised thru this football game,

plus individual contributions from members of the industry, would be much greater than that turned over in 1947, which totaled \$250,000.

"We regret the necessity for taking this step," Gottlieb said. "Our plans were well made and we had every reason to believe that the event would have been a tremendous success.

"At the last moment, however, it became clear that one of the colleges was 'stalling' in signing the contract after it had practically committed itself to participation in the game. Another school, an Eastern college, had already signed a formal contract to play in the 'Health' Bowl.

"The Board of Directors felt compelled to cancel all arrangements since it would have been virtually impossible to line up another suitable opponent at this late date.

"We are sorry to disappoint the members of the coin machine industry who had given us their enthusiastic support in this great public relations project."

Gottlieb indicated the belief that the team that was expected to sign, was postponing action in the hope of receiving an invitation to play in one of the older post-season "bowl" games.

Members of the industry, upon hearing of the cancellation of the football game, were extremely disappointed, but were hoping that someone in the business would come along with a substitute plan that would make it possible to continue the good work of the coin machine industry thru its contributions for cancer research.

Appointed Distributor For Aireon In Indiana

HENRY J. WINDT

INDIANAPOLIS, IND.—Henry J. Windt, Hoosier Simplex Distributing Company, this city, was appointed distributor for the Aireon line of phonographs and accessories, according to an announcement by Bernard D. Craig, Aireon's general sales manager.

Extensive remodeling is underway at the headquarters of the Hoosier Simplex firm, 2064 North Illinois Street, and a formal showing of the new Aireon Tele-Juke combination

will be announced in a few weeks.

Wayne Trout, well known to Indiana operators, has been retained to head the sales department, and an extensive sales promotion program has been planned. Feature of the campaign, it was stated, will be a strong public relations program aimed at location owners to acquaint them with the operator's problems and with the view of getting the operators a better percentage set-up.

"One of the biggest problems in the business," comments Windt, "is the fact that for years the operator has actually been giving away his profits by placing new machines on location on a fifty-fifty basis. With our sales program, plus Aireon's low priced line of equipment, we expect to whip this."

"Henry Windt and his firm are one of the most substantial in the state," said Craig, "and we are very happy to welcome them into the Aireon family. We know that from Henry's years of experience both as founder and past president of the Indiana Phonograph Operators Association, that he understands their problems thoroughly and we can look forward to the utmost in cooperation and service from him."

Bally Proclaims "Citation" The Best One-Ball Ever To Come From Their Factory

CHICAGO—Jubilation reigns at Bally Manufacturing Company!

"We are simply astounded at the way our new Free Play One-Ball 'Citation' is ringing up big collections everywhere," beams George Jenkins, vice president and general sales manager. "Our own location tests proved to us here at Bally, that 'Citation' was a winner. But, since this game has gone out into one-ball locations scattered all over the country, collections, without exception, have far exceeded our greatest expectations.

"The many new play-compelling features built into 'Citation' coupled with the other profit-proved features of previous Bally one-balls provide the reasons why 'Citation' (Free Play) and 'Lexington' (Automatic) are getting such a tremendous play," continued Jenkins. "They are the greatest one-balls we have ever built."

Production facilities at the Bally plant are working day and night, it was stated, in an effort to take care of the tremendous amount of equipment ordered.

Photomatic Used In Royal Palace

NEW YORK—Bill Rabkin, President of International Mutoscope Corporation received a letter from an Egyptian operator who advised that His Majesty, King Farouk, and entourage visited and used the photomatic he has on location.

The King was greatly impressed with the speed with which the machine produced pictures and with the quality of the photographs . . . so much so that Mutoscope received an order for a machine for delivery to the Royal Palace and this Photomatic is now on its way to Egypt.

"Although the Photomatic has earned a world-wide reputation since we first introduced it in 1935 and is in operation in practically every part of the world," stated Rabkin, "this is the first time in the history of our company that a Photomatic has ever been shipped for use in the palace of a reigning monarch."

ure, which is one of the major problems in refrigeration, is being checked daily at Lion by the P205 Analysis Method. Samples of refrigerant (Freon F 12) for analysis are drawn from (1) Hermetic units received from manufacturer; (2) Refrigerant as received from supplier; (3) Systems with strainer coil; (4) Equipment used for charging system with refrigerant; (5) Completed units with driers after thorough dehydration process.

Aireon Distribs. Hold Showings Of New Tele-Juke Combination

DALLAS, TEX.—Aireon Manufacturing Corporation's "Coronet" television-juke combination, and equipped to play microgroove records, was put on display for Texas operators by the American Distributing Company, this city, this week, and operators from all over the state came in to take a look.

Henry Manning, Joe Matassa and Leonard Matassa, heads of American Distributing, together with W. F. Roberts, Aireon regional sales manager, and E. J. King, Aireon chief engineer were on hand to demonstrate the new equipment.

The first television station in that vicinity inaugurated operations about September 29, and interest in this new type of broadcasting is very strong.

"The showing has drawn tremendous interest not only from operators and distributors," stated Manning, "but also from the passersby on the streets, as this is the first time they have seen television in most instances.

"Orders have been taken at the showing," continued Manning, "from operators who were most enthusiastic about the opportunity to make money by use of this equipment. Shipments are currently being made."

The showing will continue for a considerable period, Manning announced, to give operators in the nearby cities the opportunity of seeing the equipment.

MINNEAPOLIS, MINN. — Don Carmichael and Harold Harter, Music Service Company, recently appointed distributors for Aireon Manufacturing Corporation in this city, are conducting a location showing of the new Aireon "Coronet" with television.

Ken Willis, Aireon regional sales manager, and Sim Tyler, factory radio engineer, were on hand for the opening days of the showing.

"Operators and distributors in the territory dropped in to see the new equipment in operation," stated Carmichael, "and they were most enthusiastic in their approval."

"Reserve Hotel Rooms Now For CMI Show"

CHICAGO—Officials of CMI (Coin Machine Institute) state that reservations for hotel rooms thruout the city are being gobbled up by advance reservations for the week of the big Convention—January 17, 18 and 19.

"We suggest that all coinmen make hotel reservations immediately," warned Herb Jones. "Every year, without fail, many of our members wait until the last moment, and then find out that it's impossible to secure rooms. We expect a greater gathering than ever before—so reserve your hotel rooms now."

N A M A Seeks To Double Op Members

NEW YORK—N.A.M.A. (National Automatic Merchandising Association), under the leadership of Membership Chairman Fred Baehr of the Gum Vending Corp., New York City, is conducting an intensive drive to double the organization's operator membership.

In announcing the drive, Baehr pointed out that 44 state legislatures are scheduled to meet in 1949, and the association must be even stronger and more effective in its primary activity—that of combating unfair, discriminatory and confiscatory taxes.

"Ten of these legislatures have unfair laws on their books already," stated Baehr, "so that we have 10 offensive battles to fight and win right there.

"We started a team in 1936—a team of manufacturers, suppliers and operators—because we knew that the team could do things which no member of the team could do single-handedly. We still have the team, and it's done very well since. We must be on our toes lest new unfair laws are enacted, plus the effort of conducting offensive battles against present unfair legislation."

Operators are hoping the beer delivery strike will be settled quickly. Bars and taverns weren't affected too badly as a whole this week as the supply on hand was sufficient for current needs, but operators are worrying about a slump in collections if the strike continues on into next week. Some beer is being delivered by New Jersey trucks, but the amount will hardly be sufficient to supply any great quantity. Conferences between the union and brewers may remedy the situation before its gets to a point where it may affect collections badly.

THE CASH BOX moves this week-end to the Empire State Building, and we've been busy with all the details of moving, and preparing the suite of new offices. After a visit at the new quarters of Mike Munves on 11th Avenue near 43rd Street, our efforts are to be considered microscopic. What a colossal moving job Munves is going thru, moving machines that probably run into the thousands. Trucks have been running back and forth with equipment for the past several weeks, and Munves hopes to have this part of the job finished this week. Then comes the matter of setting up in the new building. Brothers Joe and Mike are working at this chore. It'll take quite some time before everything is completely settled. Munves is planning on using one of the floors for a display of several completely stocked arcades, each to be supplied at various prices.

Announcement

AMI Incorporated will not produce a new phonograph for the coming Coin Machine Show. We believe that music operators do not welcome the introduction of too many new models which may obsolete present equipment and reduce trade-in values. We have introduced two new phonographs in the last three years, each model phenomenally successful as a music maker and a money maker. Our latest model, introduced in May this year, is the beautiful 40 Selection "B." It has already won nation-wide acclaim as the most popular phonograph on the market. This is our "show model," available to you right now!

With the coming election but a short time away, main topic of conversation around town these days is—politics. Most coinmen seem to be of the opinion that "after the election an improvement in general conditions will prevail." They anticipate a "boom" in the business . . . Fulton (Skeet) Moore of the Williams Mfg. Co. back in full stride . . . and feeling fit once again after his recent bout with the "flu." Moore tells us the factory has been a beehive of activity the past few weeks with an unusual number of out-of-town operators visiting. Moore hied himself off on a short business trip last week, flying his own plane up to Milwaukee. While Sam Stern, vice prexy of Williams, returned from his trip to Philadelphia. Harry Williams still remains in town. "But," says Harry, "I always have some kind of a trip planned and will be off again at the first opportunity" . . . Found things rather quiet over at AMI with Monte West down in Memphis on biz, and prexy John Haddock and Lindy Force in Baltimore, leaving Joe Calderon to look after the home front. Joe tells us that Lindy will travel on up north to visit with operators and distribs while Haddock covers the southern territory. Joe informs us that AMI's production continues at a heavy pace with sales on the increase.

Firm heads, Sam Gensburg and Sam Wolberg of Chicoin, announced that the first deliveries had been made on their new 5-Ball "Sally." The game has several new features which include lighted tower bumper, powered flippers, a bonus replay set up and a new type ball tray. They stated, "These new attractions should prove to be a big drawing card." Expect "Sally" to receive much favorable attention from distributors and ops . . . Leon René of Exclusive Records stopping over in Chi between planes. A. Green of National Record Co., also a visitor to the Windy City . . . Billy DeSelm of United Mfg. Co. tells us that R. E. Williams of Dallas, Tex., was a recent visitor to the new plant. According to Billy, "The new cafeteria, which features all the comforts of home plus a few extras, is due to open sometime next week." At least he hopes it will open then because the employees have heard so much about it they're getting very, very anxious. In the meantime, everything is "Blue Skies" with Billy . . . Spoke with Mr. Davran, export manager for Illinois Simplex, who informed us that he recently received statistics from the Department of Commerce showing the amount of phonos exported during the first six months of 1948. Davran learned that Illinois Simplex shipped 10% of the total amount sent to foreign countries during that period.

George Jenkins, sales manager for Bally Mfg. Co., announced the appointment of the Roanoke Vending Machine Co., headed by veteran coinman Frank Page, as Bally distributor for that territory. Al Shannon, president of Coin Machine Sales Co., Houston, and George Wrenn, who heads Walbox Sales Co., Dallas, were recent visitors to the Bally plant and reported excellent business in the Texas territory. Vice-Prexy Herb Jones, who is also (Show Chairman for the CMI Convention) tells us that this year's show is expected to be the biggest ever and will feature a more impressive line-up of booths and exhibits than in any other previous year. Jones urged that all persons planning to attend the convention make their reservations as early as possible and help to avoid the usual last minute rush . . . Partners Gil Kitt and Ralph Sheffield of Empire Coin very pleased over the completion of their remodeling program. The boys stated that under the new arrangement they now have five times the former showroom space which will allow their customers a better view of Empire equipment . . . Bumped into Milt Salstone of the M. S. Distrib. Co. dashing hurriedly across the Loop, trying to keep up with his many appointments. Milt tells us that Herman Lubinsky of Savoy Records was another out-of-towner visiting Chi this past week.

Tony Galgano of the Used Record Exchange says his business is good and improving all the time. As a matter of proof, Tony is now driving two cars . . . Wally Fink of World Wide Distributors returned from a recent biz trip thruout the midwest with very glowing reports. Wally says that business has picked up and an even bigger improvement should be noticed after election . . . Murray Rosenthal of Coinex is a very busy guy these days. Not only does he have his own business to attend to but also helps his wife who is very active in charity work . . . Spoke with Jerry Blonder at Eagle Coin Machine Co. They are now settled in their new quarters on Montrose Avenue. Jerry is very pleased with conditions and says the plastic replacement part business is going great.

Morrie Gottlieb of Dallas, Tex. visiting brother Dave here this last week. Alvin Gottlieb tells us that things continue to roll along at a steady pace over at Gottlieb & Co., with enthusiasm rating high for their latest game "Buccaneer" . . . Art Weinand of Rock-Ola Mfg. Corp. is one guy who doesn't believe in giving himself a minute's rest. We hear that Art recently left town on another business trip . . . Lots and lots of activity at the Genco factory. The boys jammed with orders for their new "Puddin' Head" . . . John Niese of O. D. Jennings & Co. attending the C. A. Robinson showing out in Los Angeles while Ed Vojack keeps busy looking after things at this end.

Fred Mann, regional distributor for Aireon Mfg. Co. took time out from his very busy routine to tell us about Aireon's new Tele-Juke combo, which was recently placed on location in a tavern on Chicago's south side, made such a hit the tavern owner refuses to let it go. Fred says the former juke box there took in an average of \$8 a week, while in the first week there, the Tele-Juke combo took in \$50, which is good business in anybody's language.

A complete report and analysis of equipment most active on the market during the week, as well as location (by states) of price range areas, and other pertinent facts to help guide buyers and sellers. States where prices are "high," "low," "average," "below average" or "above average," should be checked with "The Confidential Price Lists" on the following pages. All states are abbreviated. All markings also abbreviated. Read carefully. Check closely.

THIS WEEK'S BUSINESS IN FREE PLAY GAMES

Most noticeable again this week is the fact that only latest type of pinballs are being pushed in sales to present market. Some of these "buys" may never again be equalled for there is a slow rise in market prices and even tho, every so often, someone comes in to crack the general market scale, prices are going up regardless. Belief is that this is the very best time to buy used pinballs before these prices zoom. Check "The Confidential Price Lists" very carefully this issue.

THIS WEEK'S BUSINESS IN ARCADE EQUIPMENT

Action continued to pick up in the arcade equipment field this past week. Seems that there will be more equipment placed on the used market during the next few weeks than appeared even during the past summer season. Belief is, too, that prices will continue on more even keel, which was very noticeable this past week with widely separated territories quoting same prices for same machines.

THIS WEEK'S BUSINESS IN ONE-BALLS

Sales action continues at high speed in the one-ball market. Tho many more games are listed by dealers than herein mentioned, prices remained pretty well equalized for all but the equipment listed here. Belief is that this field is gradually going on ahead and may assume even greater importance in trade this winter. Already reports filtering thru that one-balls being placed in more and still more areas and that reception very liberally accepted.

THIS WEEK'S BUSINESS IN BELLS

Business low this week on bells. Action last week very brisk. Jumpy condition attributed to pulling in of equipment in some areas. Action expected to bounce up within next few weeks and continue upward thruout winter season. If certain territories open, as expected, action will again be very heavy.

THIS WEEK'S NEW EQUIP'T

Four brand new five-ball free play games presented this week:

"Blue Skies" by United Mfg. Co., Chicago, Ill.
 "Buccaneer" by D. Gottlieb & Co., Chicago, Ill.
 "Sally" by Chicago Coin Mach. Co., Chicago, Ill.
 "Puddin' Head" by Genco Mfg. Co., Chicago, Ill.

HOW TO USE THE "C. M. I. BLUE BOOK"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Box acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

GREATEST ONE-BALLS EVER BUILT...

IS VERDICT OF OPERATORS EVERYWHERE

EARNING \$1

WRITE FOR CONFIDENTIAL reports on sensational earnings of CITATION and LEXINGTON... in many spots NEARLY DOUBLE the average previous one-ball records. The new MYSTERY "MULTIPLE" and GUARANTEED ODDS are sweeping the country like wild-fire. Odds "multiply" on mystery basis... AND NEVER DROP BACK TO A LOWER BRACKET... always either advance or remain as high as on previous coin. Without fear of losing favorable odds, players play 10 or 12 coins per game for additional selections. The result is the fastest play in one-ball history. Get your share.
