

THE CASH BOX

THE
CONFIDENTIAL WEEKLY
OF THE
COIN MACHINE INDUSTRY

VOL. 11, NO. 48
AUGUST 26, 1950

You've gotta go a long way to beat this team of recording artists! Folk stars Red Foley (left) and Ernest Tubb get together for a bit of back-slapping, and well deserved it is too. Both are currently riding hot on the nation's juke boxes with a flock of hit tunes. Red's etchings of "Birmingham Bounce" and "Mississippi" and Tubb's renditions of "I Love You Because" and "Throw Your Love My Way" currently occupy a top spot with music operators. Both are teamed together on their latest recording, "Lady of Fatima" and "Goodnight Irene," with advance sales indicating another smash hit. Red Foly and Ernest Tubb are exclusively featured on Decca Records.

Jobbers! Distributors!

A FREE AD EVERY WEEK!

FOR AN ENTIRE YEAR (52 WEEKS) OF 40 WORDS WHICH YOU CAN CHANGE EACH AND EVERY WEEK IF YOU SO DESIRE OR RUN STEADY FOR THE ENTIRE YEAR OF 52 ISSUES WITHOUT CHANGING

Plus
A SUBSCRIPTION TO
The Cash Box
(WORLD'S GREATEST COIN MACHINE MAGAZINE)

ALL FOR
ONLY

\$**48**

FOR THE
ENTIRE YEAR

I SINCERELY believe that this is, without any doubt, the greatest advertising bargain that has ever been offered by any publisher in all the world. A FREE LISTING for all Jobbers and Distributors every single week, for 52 weeks, (one full year) without halt (the last ad you send in continues to run week after week until you change it). 40 words that appear in our famous classified advertising section (cost of such an ad alone would be \$3.20 per week or \$166.40 per year) PLUS a full year's subscription to THE CASH BOX ("The World's Greatest Coin Machine Weekly Magazine") cost \$15. ALL THIS FOR LESS THAN 92c PER WEEK. Only \$48 for the FULL YEAR of 52 weeks. Just read what one outstanding distributor wrote me. "My first week's ad paid for the entire \$48 subscription more than ten times

over." And this isn't out of the ordinary. Many such letters reach me every week. Here's a bargain of such outstanding quality and caliber that I am willing to PAY YOU DOUBLE YOUR MONEY BACK after the first four weeks if you don't agree that this IS THE BIGGEST BARGAIN IN ALL THE HISTORY OF THE COIN MACHINE INDUSTRY. With sincere conviction that even before the first four weeks are over, you too, will write me a highly complimentary letter regarding this terrific \$48 FREE LISTING 40 WORD AD—plus—THE FULL YEAR'S SUBSCRIPTION. Send us your check along with your first 40 word ad TODAY.

Bill Gersh, Publisher.

IMPORTANT NOTICE

IF YOU ALREADY HAVE A SUBSCRIPTION TO "The Cash Box" THE DIFFERENCE REMAINING UNTIL COMPLETION OF YOUR PRESENT SUBSCRIPTION WILL BE CREDITED TO YOU AND DEDUCTED FROM THE \$48 COST OF THE ABOVE LISTING OFFER.

IF YOU USE MORE THAN 40 WORDS IN ANY ONE WEEK'S LISTING YOU WILL BE CHARGED AT THE RATE OF 8c PER EXTRA WORD YOU USE. PLEASE COUNT WORDS CAREFULLY. MAKE SURE THAT YOUR FIRST LISTING HAS NO MORE THAN 40 WORDS.

Parts & Supplies

One of the big problems facing the trade is parts and supplies. Will Uncle Sam allow a sufficient quantity to be manufactured so that machines can continue to operate? Will tubes be available for juke boxes? Will merchandise be obtainable for vending machines?

These are really serious problems for the average operator, especially the man buried deep in the hinterland and not accessible to the bigger cities where, somehow, he can find substitutes and materials to some extent for whatever he will require.

World War II taught the majority of the nation's coinmen a lesson in the need for preparing and holding onto a sufficient stock of parts and supplies so as to keep their equipment operating under any and all conditions.

It is a well known fact to many who were engaged in the field at that time that route after route was sold because the operator was unable to obtain a sufficient stock of parts and supplies to keep going.

Many will also recall that three machines became two, as operators broke up older machines "just for the parts," to keep two other machines working.

Will all this happen again? There is every likelihood that it will, if the operators do not better prepare themselves than they are doing today, and stock whatever they will need in parts and supplies for at least a year ahead. To the average operator that is

not too much stock, nor will it take up too much space in his present quarters.

At the same time manufacturers believe that, regardless of whatever war production they may be doing, they will still be allowed to sell parts and supplies to their customers.

Naturally, if this happens, then the average operator need not worry too much about obtaining what he will need to keep his business going. He may have to pay somewhat higher prices for the parts and supplies, yet this should not deter him in any fashion whatsoever.

The shortages which already exist are said to be highly artificial and that there are large stocks of supplies and parts about the country. Of course there is some hoarding. Yet in this case it cannot be considered strictly hoarding. Not if the man is attempting to maintain himself in business.

He is not purchasing anything which will, in any fashion whatsoever, deprive the public of anything necessary to the public's good and welfare. He is simply arranging for himself to remain in his own service business. That service which he is contracted to render to his locations must be maintained if he is to remain in business, help his location owner to enjoy better business, and act as one of the many morale boosting sparks for the general public's betterment.

Tho this somewhat deviates from the first thoughts expressed here, the fact remains that parts and supplies are among the very vital necessities for the trade to remain in business.

The time has now arrived when all must take stock of this fact. They must assure themselves remaining in business. To do so they had best contract, or somehow or other arrange for whatever they will require in parts and supplies, as these become more difficult to obtain.

ADVERTISING RATES on request. All advertising closes Friday at 12 Noon preceding week of issue.

SUBSCRIPTION RATE \$15 per year anywhere in the U.S.A. Special listing for jobbers and distributors at \$48 per year incudes 40 word classified advertisement each week for an entire year (52 weeks) plus the full year's subscription free of charge. Airmail, First Class, as well as Special Delivery subscription rates on request. Subscription rates for all foreign countries on request. Three weeks advance notice required for change of address.

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. The Cash Box is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by The Cash Box. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by The Cash Box.

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. "The Confidential Price Lists" are an exclusive, copyrighted feature of The Cash Box. "The Confidential Price Lists" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "The Confidential Price Lists" are recognized by many cities and states throughout the country as "the official price book of the coin operated machines industry". They are an integral part of The Cash Box and appear in each week's issue. "The Confidential Price Lists" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "The Confidential Price Lists" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "The Confidential Price Lists" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "The Confidential Price Lists".

USED MARKET PRICES CONTINUE UP

Used Equipment in All Categories Continues to Rise in Price. Late Models Difficult to Obtain. Closeouts Scarce. Route Prices Rise Accordingly. Higher Trade-in Offers Fail to Corral Equipment. Roadmen Scour Country Lanes in Search for Machines.

A check thru today's issue of "The Confidential Price Lists" and an issue six months ago, will probably surprise, and even shock, many coinmen.

The fact is that prices of used machines in all categories are continuing to go up. They started up as rumors of war began to spread when the Korean incident came into being. They are still going up, and the peak is as yet far from sight.

Then, of course, Canada came back into the buyer's market, and started to buy used five-balls, and now used phonos. There is no doubt that the Canadian market, which hasn't had anything new in two years, will prove very important to all in this field.

But, Canadians as well as domestic ops, all want late model machines in the used equipment category. Nor can they be blamed for this. Sometime ago this publication pointed out that many of the smaller town ops were buying more late model used machines because prices were so very low at the time. Today, the late models are scarce as hen's teeth, and what's more, getting scarcer each day.

Distributors have taken to offering higher trade-ins. This hasn't helped them to corral the number of used machines for which they have orders.

Most of the distributors and jobbers are frank enough to state that they could use many, many more machines than what they have calls for at this time.

"For," as one noted distrib said, "I'm actually holding back from making any more orders for late model used machines. I haven't enough on hand, or coming in, to take care of the orders I now have."

Nor is this condition too spotty. The fact is that everywhere in the nation the demand for good late model used machines of all types began to rise all at one and the same time.

Distributors and jobbers have been sending their roadmen out to the country lanes for the first time in years, in an effort to dig up used machines of all kinds. Nor are they too particular about what they can buy at this time for, in most cases, these sellers have orders on hand which cover all types of equipment.

Roadmen report that the average operator is holding onto whatever good equipment he has on hand, and is buying and warehousing standard type machines, as well as parts and supplies, just in case of shortages.

With the government urging voluntary allocating of scarce raw materials such as steel, copper, zinc, tin, rubber, etc., there will be a dearth of new machines even before many can come to this realization.

The manufacturers have their problems procuring raw materials and components. Their procurement experts are scouring every possible source to fill present needs.

Fourth quarter allocations are almost gone in most cases. Suppliers of steel and copper wire, etc., have been notifying some of the manufacturers that they have already completely allocated everything they would receive for the fourth quarter. Advising the manufacturer, at the same time, he had best hustle about to get what he can wherever he can get it.

Therefore, it was only natural that, as the demand for used equipment began to grow, and jobbers and distributors phoned and wrote and wired ops to send machines in, that a backlog was bound to come about. Ops held back, suddenly, from sending in machines for which they had already committed themselves to sell to the jobbers and distributors in return for new machines which they wanted to purchase. They would rather buy the new machines without trading in any equipment to do so.

Many leaders claim that this is only "a beginning." They feel that the scarcity will become more acute as the weeks go by, for the ops are now hoarding all equipment as the war news becomes more critical.

In fact, some state, many are buying far "over their heads" and, naturally, are storing in all such purchases so that "they will be set in case the factories are curtailed from further production."

In the meantime the used machine market grows ever more important. Prices which are rising on new machines are, in accordance, rising on used machines, too. This means that an entire change is occurring in the market.

The used equipment field is, once again, assuming great importance in the buying and selling of machines of all types.

It's a fact that as used machines go up, new machines are harder to obtain. Everytime there is any price fluctuation in the used machines market, it can always be traced to the new machine field.

Some factories aren't able to deliver in sufficient numbers at this time to fill the orders they have on hand. Others are holding back somewhat because of price rises and are turning to conversions and simpler games in an effort to keep prices down.

But, so far, the entire field has well accepted the price rises. All knew this was bound to come. What most leaders fear is that Uncle Sam will suddenly jump into the larger factories and curtail much present production.

This is almost a certainty in the case of the coin machine manufacturers who won such an outstanding reputation during World War II for the fine products which they manufactured, and also because some of them have been doing war work ever since the war ended, and are completely geared to enter into this sort of production all over again.

Tho some ops at first balked at the sudden raises which sellers decided on in the used machines field, they have now accepted these and are, instead seeking more machines. Attempting, at the same time, to hold sellers to quoted prices while they try to dig these machines up for the buyers.

This publication instantly felt the effect of the used machines market boom as more and more prices started on their way up, and continued to go up, in its famous "Confidential Price Lists."

Sudden price changes are now being reflected each week and checking back on prices of the same popular used machines even six months back caused much surprise.

It is of great interest and benefit to all concerned with the industry to carefully check "The Confidential Price Lists" in each week's issue of this publication to see how far prices are going up for equipment, and also see what happens to the market, as scarcities continue to develop.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"DANCING TAMBOURINE" (2:12)
"LA VIE EN ROSE" (2:06)
 RALPH FLANAGAN ORCH.
 (RCA Victor 20-3889)

● More music by the Ralph Flanagan ork, with the maestro displaying his instrumental wares on this fresh duo. Top deck is a novel piece that makes you pay close attention, and has the gang turning in a wonderful side. Coupling is a smooth, danceable version of this current hit tune. Both sides should do exceptionally well.

"HONESTLY I LOVE YOU" (2:56)
"OUR LADY OF FATIMA" (2:48)
 RICHARD HAYES-KITTY KALLEN
 (Mercury 5466)

● Vocal teaming of Richard Hayes and Kitty Kallen on this pair should result in peak play for music ops. Top deck has the pair in duet manner on a soft, tender romantic ballad, with a set of sweet moon-in-June lyrics to match. Flip is in the somber, religious vein and is truly worthy of music operators' avid attention.

"DADDY'S LITTLE BOY" (2:50)
"THEY PUT THE LIGHTS OUT" (2:50)
 EDDY HOWARD ORCH.
 (Mercury 5475)

● Fresh wax with the Eddy Howard ork, with the maestro offering a wonderful piece in "Daddy's Little Boy." Flip has Eddy back again on a cute melody, with the lyrics echoing the title. We go for "Daddy's Little Boy."

"SKATIN' WALTZ IN SWING" (2:20)
"MAMA'S SAMBA" (2:43)
 LAWRENCE WELK ORCH.
 (Mercury 5469)

● Novel accordion duet on the top deck, should meet with the approval of Lawrence Welk's many fans. Tune itself is a standard, and will probably be easily recognized once it's aired. Flip side has Roberta Linn on tap handling a cute ditty that should hold its own. Both sides are for the many Lawrence Welk fans.

"RED LIPS WALTZ" (2:40)
"ACAPULCO POLKA" (3:03)
 FRANKIE YANKOVICH ORCH.
 (Columbia 38923)

● Music ops who have those locations that go for the brand of music that Frankie Yankovic puts down will sit still for this pair. Top deck has a duet vocal by the maestro and Carl Paradiso on a medium tempo'd waltz, flavored with some sugar-coated lyrics. Coupling picks up to a polka theme with a dash of Latin flavoring in the background. Wax is there for the asking.

"OUR SERENADE" (2:40)
"DON'T TREAD ON THE TAIL OF ME COAT" (3:02)
 FRANK GALLAGHER
 (King 15058)

● Top tune is adapted from Schubert's "Serenade," and has Frank Gallagher coming up with a new set of romantic lyrics that should meet with fair reaction. Tune rolls along in slow manner, with ork backing to match the mood of the song. Coupling has Frank with some Irish brogue, with the title giving off the bill of fare. We like the top deck.

DISK OF THE WEEK

"BLESS THIS HOUSE" (2:50)
"THE ROSARY" (3:03)

PERRY COMO
 (RCA Victor 20-3850)

PERRY COMO

● The smooth, dulcet tone of Perry Como's vocal strains make this disk the winner it will be. Perry's relaxed vocal manner projects itself wonderfully, and puts the listener in a most receptive mood. Both ends of the platter are off the beaten track, and as such,

should win tremendous applause for an excellent performance. "Bless This House" is a dramatic heartwarming melody, with Perry and a mixed chorus blending voices to offer a wonderful side. Organ accompaniment playing softly in the background gives the song the proper atmosphere, and makes the listener sit back and take it all in. Basically a hymn, the song should capture a tremendous audience, and result in a big winner for music ops. On the other end with "The Rosary," Perry retains the same mood and beauty of the top deck, and offers ops another excellent performance. The side that should score in a big way is "Bless This House." Music ops should grab it!

"CINCINNATI DANCING PIG" (2:34)
"YOU CAN'T GET TO HEAVEN ON ROLLER SKATES" (2:55)

BILL DARNEL
 (Coral 60288)

● Fresh novelty tune that is stirring up a whale of attention in the disk biz is offered here by Bill Darnel in sock style. Tune is a merry ditty, replete with a cute set of lyrics and some wonderful ork backing to match Darnel's excellent vocal. The coupling is a standard theme that will always earn its keep. Top side can't miss—ops should get with it.

"LA VIE EN ROSE" (2:25)
"IT ALL BEGINS & ENDS WITH YOU" (2:35)

GUY LOMBARDO ORCH.
 (Decca 27127)

● This rendition of "La Vie En Rose" should do more than earn its keep in the boxes. Maestro Guy Lombardo's wide popularity is sure to account for some heavy coinage. Vocal by Bill Flanagan is effective, and blends with the sweet, danceable style of the Lombardo ork. Flip side has Flanagan at the mike again, on a plush ballad that bears ops' attention.

"THE RED WE WANT IS THE RED WE'VE GOT" (2:41)
"NEVERTHELESS" (2:51)

RALPH FLANAGAN
 (RCA Victor 20-3904)

● Top deck of this one is the subject of extra heavy promotion, and should cause loads of tongue wagging in the disk business. Tune is a timely one, offered in up tempo march style by Flanagan's sweet ork. Vocal chorus echoes the sentiments of the title, with the music just as stirring. Flip side has Harry Prime on a smooth ballad from the picture "Three Little Words." Disk bears ops' avid listening attention.

"ON A LITTLE STREET IN SINGAPORE" (2:43)
"RED SAILS IN THE SUNSET" (2:55)

ROY SMECK ORCH.
 (Coral 60285)

● Pair of oldies for the tavern locations, with the Roy Smeck ork setting up with "On A Little Street In Singapore" and "Red Sails In The Sunset." Vocals on the pair are handled effectively by Bob Hannon on the upper lid, and a trio on the flip side. Music ops should know the tunes well, since they have been long-standing favorites. Ops who have the spots might listen in.

"VAGABOND SHOES" (2:30)
"SOME DAYS THERE JUST AIN'T NO FISH" (2:30)

PEARL BAILEY
 (Columbia 38928)

● The lazy drawl of Pearl Bailey's vocal tones give the top tune a novel twist. Wax whirls in shuffle tempo, with Pearl's easy going pipes pitching the lyrics effectively. Flip side is a novelty that has earned some coin in spots. Both ends are strictly for the Pearl Bailey fans.

"I MISS YOU SO" (2:55)
"WALKING HOUND" (2:40)

BOB VINCENT
 (King 15059)

● Blues ballad in the offing for music ops is set up by Bob Vincent in smooth, effective manner. Top deck is a current rhythm and blues winner—this pop rendition has the earmarks of a potential winner. Flip side stays in the same vein and makes for nice listening. Top deck should step out.

"I LOVE THE GUY" (2:31)
"THINKING OF YOU" (3:00)

SARAH VAUGHAN
 (Columbia 38925)

● Thrush Sarah Vaughan sets an effective platter for her many fans with this one. Upper lid is a rhythm ballad that's catching on in many spots. This rendition should hold its own. Coupling is a rising ballad done in ultra slow tempo, with a tender mood about it. Both ends are strictly for the Vaughan fans.

"JAZZ ME BLUES" (3:11)
"PANAMA" (3:12)
 JIMMY DORSEY ORCH.
 (Columbia 38564)

● Music ops who feature collectors' jazz items in their locations will want to get with this bit. It's Jimmy Dorsey and the original Dorseyland ork on deck with a pair of dixie classics in "Jazz Me Blues" and "Panama." Both sides show the combo at their best from start to finish. Ops who have the locations will climb aboard the bandwagon.

"YOU'RE NOT IN MY ARMS TONIGHT" (3:10)
"ANGELS CRY" (2:20)

GUY MITCHELL
 (Columbia 38931)

● More romantic wax on tap for music ops, with the top deck of this one bearing the marks of a potential winner. Vocal refrain on the side by Guy Mitchell rings true throughout, with the moon-in-June lyrics echoing wonderfully. The flip side stays in the same vein, and has more of the tear-jerker in it. We like the top deck—we're sure you will, too.

"CAN'T WE TALK IT OVER" (2:45)
"ONLY A MOMENT AGO" (2:30)

TONI ARDEN
 (Columbia 38930)

● Oldie that is bound to break wide open, gets a sock send-off by chirp Toni Arden here. Tune should be well remembered by veteran ops, since it scored heavily years ago. This rendition, with Toni's pipes pitching beautifully, is one of the best around. Toni does just as well on the flip, a very effective ballad that bears ops' avid listening attention. Top deck gets our nod, though.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- | | | |
|---------------------------------------|--------------|--------------------|
| ★ "CINCINNATI DANCING PIG" | Bill Darnel | Coral 60288 |

| ★ "CAN'T SEEM TO LAUGH ANYMORE" | Sylvia Froos | Jubilee 4006 |

ROUND THE WAX CIRCLE

NEW YORK:

Gene Krupa, having hung up a string of high attendance marks on his summer tour through the Pacific Northwest, in town for his Capitol Theatre stand this week. . . . NBC is negotiating with Spike Jones for an exclusive contract.

Doris Day has been named to head the Hollywood committee lining up West Coast talent, who will appear on the Disabled American Veterans "Garden Of Stars" benefit September 18th. . . . Patti Page opened her first big California engagement last week at Ciro's. . . . A wonderful flicker, and an equally wonderful tribute to songwriter Harry Ruby is MGM's "Three Little Words." . . . Kitty Kallen, Mercury Records singing star, holds the signal honor of being the first entertainer to visit the first group of Korean war casualties at the Walter Reed General Hospital in Washington, D. C. . . . Bobby Heller, Eddie's younger brother, joins the Rainbow family as promotion manager.

King Cole in from Hollywood to sail for London aboard the Ile De France for an engagement at the Palladium. . . . You can't stop Johnny Desmond. His "Just Say I Love Her" has hit the popularity lists awreddy, and is a cinch to zoom. . . . Can't think of a nicer guy that deserves it more. We still remember, and say thanks to Desmo, for coming all the way out on Long Island to Newark, to sing for hundreds of kids at the Newark Police & Fireman's Athletic League's weekly shindigs. . . . Chirp Fran Warren goes into the Waldorf Astoria August 21. . . . And that's a long way from band singer. . . . As for Fannie, we'll take a pat on the back for touting the gal up the road to success ever since she first cut "Sunday Kind Of Love" with Claude Thornhill. . . . Ralph Flanagan's "Dancing Tambourine" makes for mighty fine listening, and is reminiscent of some of the old great band numbers. . . . Lennie Tristano's sixth appearance at Birdland is making such a hit, that several new record dates are in the offing. Tristano's following has steadily increased, and his records are beginning to catch on with the general public as well as with the jazzophiles. . . . Look for "Dream A Little Dream Of Me" to break out all of a sudden, and score like sixty on the nation's phonos. Ditty is a natural if there ever was one.

lots of guys happy over the fact that Sherman Hayes will go into the Oriental to front the band and emcee. Sherman will take Carl Sands' spot. And everyone pulling for Sherman. . . . Erwin Barg all hepped over that British clickeroo, "Let's Do It Again." Frankie Carle waxed it and it's out already. Guy Lombardo also cut it and, from what Erwin believes, "here's the next big one." Maybe at that. Have you heard? . . . Myron Barg of WMOR clicked with his narration of "Our Lady Of Fatima" and has attracted many of the churchmen about town. In fact, they've phoned Myron and he may do a very special performance. . . . Art Kassel and Harvey Glass of Detroit wrote one called, "Under A Polka Dot Sky" which Dick Jurgens rushed to wax and Dick believes will be his big one. Sounds great. Here's hoping Dick smashes right over the top with the "Polka Dot Sky." . . . They say that Eddy Howard is set for a six month stay in town and may even give up his hand to do a TV show which will feature his golden pipes. Eddy sure would like to stay close to home. . . . Jimmy Dorsey into the Edgewater thru Sept. 7. . . . Followed by Bill ("Bewitched") Snyder who'll make it a seven week run and let his piano (Oscar) really cut loose with a dancing beat. . . . Al Morgan back into the Oriental and his "Can Anyone Explain?" starting to catch on. Which makes a grand combo for the hand waving maestro of the 88's. . . . Johnny Desmond absolutely thrilled with the way juke box ops are warming up to his latest clickeroo, "Just Say I Love Her." Between helping out Marty Hogan as a deejay, and rushing about to say "hello" to many juke box ops in town, doing his Breakfast Club shot, a TV show, and a couple of hundred other things, Desmo's thinking of maybe a song or two he can wax. Got one for the kid? . . . Danny O'Neil's enjoying one terrific publicity shot from Oriole disks here in town. They're slapping fronts of juke boxes with stickers of his latest recordings for the Oriole label.

lots of guys happy over the fact that Sherman Hayes will go into the Oriental to front the band and emcee. Sherman will take Carl Sands' spot. And everyone pulling for Sherman. . . . Erwin Barg all hepped over that British clickeroo, "Let's Do It Again." Frankie Carle waxed it and it's out already. Guy Lombardo also cut it and, from what Erwin believes, "here's the next big one." Maybe at that. Have you heard? . . . Myron Barg of WMOR clicked with his narration of "Our Lady Of Fatima" and has attracted many of the churchmen about town. Got one for the kid? . . . Danny O'Neil's enjoying one terrific publicity shot from Oriole disks here in town. They're slapping fronts of juke boxes with stickers of his latest recordings for the Oriole label.

LOS ANGELES:

Ran into Jules Braun, Regal platterly headman, at Dolphin's off Central Avenue the other evening. . . . Vacationing on the Coast with his family, Jules found time for a little biz and was all aglow over the way his "I'll Never Be Free" by Annie Laurie and the Paul Gayten ork has finally caught on out here in a big way. . . . Another distinguished visitor at Dolphin's was Chicago dee-jay Al Benson, who took a busman's holiday by spelling local jock Ray Robinson at the window mike. . . . Seems our former Hollywood hangout is jumping these days, musically and otherwise. . . . Crown Records, headed by former dee-jay Dick King, has moved into 1520 No. Gower, along with the office of a newly organized AFL Models Union. . . . With the lads at Crown, who also weren't objecting to the improved scenery, a busy schedule looms for a starting firm. . . . Their first release was a disc by the Esquire Trio, followed by "Ensenada," one of many discs slated for cutting this year by Larry Maddi, popular artist now appearing at the Town House. . . . Fresh signed that day was New York TV and nitery singer Beverly Albers. . . . Dinah Shore has a winner in "Dream A Little Dream Of Me." . . . While Eddie Mesner was off hunting talent in the wilds of Texas, brother Leo Mesner twisted our arm to accompany him in a hunt for some fine art through the galleries of Beverly Hills. . . . We tried to interest him in a calendar but seems he goes for the other stuff. . . . Two brief and somewhat varying pictures of business here and elsewhere: Irving Fogel of Tempo Records says, "Sales have picked up nicely during the past few weeks." . . . Jack Andrews of Central Record Sales, just back from a trip to San Diego, says, "Surprising how quiet things are down there in the music field, especially when it's usually such a busy place." . . . Must be the Korean war influence, but at any rate Capitol Records have blossomed out with a newspaper type publicity sheet titled "Communique," complete even unto spread eagle over the masthead.

lots of guys happy over the fact that Sherman Hayes will go into the Oriental to front the band and emcee. Sherman will take Carl Sands' spot. And everyone pulling for Sherman. . . . Erwin Barg all hepped over that British clickeroo, "Let's Do It Again." Frankie Carle waxed it and it's out already. Guy Lombardo also cut it and, from what Erwin believes, "here's the next big one." Maybe at that. Have you heard? . . . Myron Barg of WMOR clicked with his narration of "Our Lady Of Fatima" and has attracted many of the churchmen about town. In fact, they've phoned Myron and he may do a very special performance. . . . Art Kassel and Harvey Glass of Detroit wrote one called, "Under A Polka Dot Sky" which Dick Jurgens rushed to wax and Dick believes will be his big one. Sounds great. Here's hoping Dick smashes right over the top with the "Polka Dot Sky." . . . They say that Eddy Howard is set for a six month stay in town and may even give up his hand to do a TV show which will feature his golden pipes. Eddy sure would like to stay close to home. . . . Jimmy Dorsey into the Edgewater thru Sept. 7. . . . Followed by Bill ("Bewitched") Snyder who'll make it a seven week run and let his piano (Oscar) really cut loose with a dancing beat. . . . Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"MONA LISA" (2:34)

"TOREADOR" (2:40)

RALPH FLANAGAN ORCH.
(RCA Victor 20-3888)

● This dance arrangement of "Mona Lisa" by the Ralph Flanagan ork with Harry Prime on the vocals, should satisfy the many Flanagan fans, and prove to be one of the better renditions around. Tune rolls in an up tempo patter, with some fine ork sounds by the band. The coupling is a straight instrumental piece with a familiar lilt, and the ork displaying their musical wares in good style. Disk rates a spot in ops' machines.

"SWAN LAKE" (2:39)

"SWEET JENNIE LEE" (2:14)

SKITCH HENDERSON ORCH.
(Capitol 1144)

● This adaptation of the famed piano piece from the "Swan Lake Ballet" by Skitch Henderson should sit well with those fans that go for this brand. Wax shows the ivory work of the maestro to good advantage. Flip side has a vocal trio on a novelty side with Skitch thumping a honky-tonk piano. Wax is there for the asking.

"POWDER & PAINT" (2:45)

"DREAM AWHILE" (2:45)

FRANK DEVOL
(Capitol 1143)

● Novelty echo of the top deck spells coin play for music ops. Les Baxter and a vocal group handle the cute lyrics in mellow style, while the Devol ork makes wonderful music. Flip side switches to some slow tempting tones with the oldie, "Dream Awhile" seeping thru. We like the top deck.

"CAN ANYONE EXPLAIN" (2:46)

"JUST SAY I LOVE HER" (2:58)

VIC DAMONE
(Mercury 5474)

● Sock rendition of these rising hits is sure to spell coin play for music ops, and result in a hit disk for Vic Damone. Both ends should be well known to music ops since they have been widely recorded. Vic's vocal on both sides is superb all the way, as is the ork blending. Ops should lend an ear.

"FORGIVE & FORGET" (2:51)

"CAN'T SEEM TO LAUGH ANYMORE" (2:57)

SYLVIA FROOS
(Jubilee 4006)

● Disk that is packed with winning potential is this one by thrush Sylvia Froos. Both ends are tailor made for the juke box trade, and should take hold with ops. Top deck is a tender touching ballad, with Sylvia lending top notch vocal work to the tune. It's a ditty that holds your attention, and then makes you wanna come back for more. Flip side is another great piece of material, expertly handled from start to finish. Disk rates a featured spot in music ops' machines.

SLEEPER OF THE WEEK

"CAN ANYONE EXPLAIN" (2:57)

"IF I HAD A MAGIC CARPET" (3:12)

DICK HAYMES
(Decca 27161)

DICK HAYMES

● Music ops can chalk this one up on their calendar of hits in the making. Dick Haymes steps to the mike to notch this featured spot this week via a sock rendition of the rapidly climbing hit, "Can Anyone Explain." The tune itself has

been widely recorded, and is undoubtedly nabbing a ton of juke box play right now. Dick's vocal work on this side, matched with the blending of the Four Hits and A Miss in the background, and the Victor Young ork, is the sort of material that makes for coin winners. Song is a smooth ballad, suited for dancing or listening pleasure. It's the kind of side that'll have the romantic crowd cuddling close as this piece spins. On the other end with "If I Had A Magic Carpet," Dick bounces back with still another wonderful side in a dreamy atmosphere. Lyrics of the song echo the bill of fare the title gives off, with the Sonny Burke ork displaying their musical wizardry in the background. Both sides are top notch, altho we give the edge to "Can Anyone Explain."

"I'M GONNA LIVE TILL I DIE"

(2:37)

"MY DREAM WORLD" (2:23)

DANNY SCHOLL
(National 9110)

● Danny Scholl's big, strong voice echoes wonderfully on this top deck. Altho the tune itself doesn't quite come off, Danny's vocal work makes you sit up and take notice. Ditty echoes the title throughout, and is off the beaten track a bit. Flip side is a moving ballad that makes for good listening pleasure.

"PARADISE" (2:51)

"WISHING WELL" (2:57)

HENRY JEROME ORCH.
(London 759)

● Pair of soft, smooth danceable numbers by the Henry Jerome ork should sit well with music fans. Both sides of this platter are rendered in a style faintly reminiscent of the late Hal Kemp crew. Vocal refrain by Hal Barton on the pair is extremely effective and is easy to take. Wax should make a good juke box item.

"OUR GOLDEN WEDDING WALTZ"

(2:54)

"THE SWEETHEART POLKA"

(2:57)

DICK MUNSON-BONNIE KAYE
(Crystal 290)

● Music ops in the market for a filler item might try this bit of wax. Top deck is a fair enough waltz, with a duet vocal by Dick Munson and Bonnie Kaye. Coupling is in polka time, and finds the pipers splitting vocal honors on a so-so melody. Ops who have the spots might lend an ear

"BLUE, BLUE, BLUE" (3:06)

"GOLDEN SAILS" (3:00)

LEIGHTON NOBLE ORCH.
(Coral 60281)

● Pair of dreamy sides in store for music ops are these by the Leighton Noble ork. The maestro and a vocal trio handle the lyrical expression on both ends of the wax, with the echo sounding effectively. Both tunes are just what the titles indicate, and altho they won't stop traffic, they make for fairly pleasant listening time.

"I JUST NEED" (2:26)

"JINGLE, JINGLE, JEE" (2:31)

FREDDIE HALL
(Coral 62082)

● Sock novelty wax by Freddie Hall, has the mark of a juke box winner. Upper crust is a clever bit, with Freddie's novel vocal manner spilling some merry lyrics that make for loads of laughs. Ditty has a cute twist to it, and should attract attention. Flip side is in the same vein, and is another potential winner. Wax rates ops listening—and more.

"GREEN FIELDS" (2:56)

"DUBLIN ROSE" (2:57)

LORRY RAINE
(Universal 8958)

● Bit of tender, touching wax for music ops to lend an ear is this piece by thrush Lorry Raine. "Green Fields" is a slowly woven piece offered with a ton of sweetness in Miss Raine's vocal work. Coupling is a romantic air with Erin the background setting. Top deck might have something.

"JUST SAY I LOVE HER" (2:46)

"OUR LADY OF FATIMA" (2:50)

TONY BENNETT
(Columbia 38926)

● The big vocal strains of piper Tony Bennett handle this platter in top notch manner to score heavily for music ops and fans alike. Top deck is a sure-fire hit tune that is being widely recorded—this rendition, with a split chorus in Italian, is first rate from the word go. Flip side has also aroused loads of music fans, and is handled in brilliant fashion by Tony. Both ends of the wax are must-get 'em.

"AT SUNDOWN" (2:43)

"SNOOKY OOKUMS" (2:10)

FRANKIE FROBA
(Decca 27142)

● Unique piano styling by maestro Frankie Froba on the top deck, should result in some coin play for music ops. Ditty is a standard that is currently winning some silver—this rendition is among the best around. Coupling is a hot novelty item, with the vocal work handled by the trio effectively. For a steady winner—this is it.

"PUNKY PUNKIN" (2:45)

"RICKETY ROCKETY" (2:47)

FRAN ALLISON
(RCA Victor 20-3887)

● Novelty ditty on the top deck is a cute enough side that is currently causing loads of talk in the disk biz. Tune is a clever one, and is effectively handled by Fran Allison. Coupling is a lullaby aimed at the younger set of music fans, and has Miss Allison repeating her smooth performance.

"MUSIC MAESTRO, PLEASE" (2:53)

"THE BIG DIPPER" (3:35)

TONY MARTIN
(RCA Victor 20-3883)

● Music operators are bound to remember the splash this tune made years back. Balladeer Tony Martin offers good reason why it should score today, via the sensational rendition. Ditty is offered in slow, smooth tones, with Tony's gilded pipes gliding about the glowing lyrics. Other end is a lush dramatic effort, and shows as a number with tremendous winning potential. Take note of this platter.

"I NEED YOU SO" (3:15)

"IT COULDN'T HAPPEN TO A SWEETER GIRL" (2:55)

DON CORNELL
(RCA Victor 20-3884)

● Don Cornell at the mike with this pop rendition of a current rhythm and blues winner. Tune is a slowly woven piece, and makes for pleasant listening from start to finish. Don's vocal work, matched with the orchestrated patterns of Hugo Winterhalter's ork, make the tune one to be reckoned with. Flip side echoes the flavor of the title and is also worthy of ops' attention.

THE CASH BOX
Jazz 'n' Blues Reviews
AWARD O' THE WEEK

"DECEIVIN' BLUES" (2:57)
 "LOST DREAM BLUES" (2:46)

LITTLE ESTHER
 (Savoy 759)

LITTLE ESTHER

● The fact that there's no stopping this gal, is borne out by this latest etching. Thrush Little Esther comes up with her fourth succes-

sive hit in this etching of "Deceivin' Blues" and "Lost Dream Blues." Both sides of the platter are sensational, but we'll give the edge to the top deck. Vocal work by Little Esther, matched with top notch ork tones by maestro Johnny Otis, combine to offer music operators a platter that'll go wild in the boxes. It's the sort of material that's tailor made for the juke box trade. Little Esther's many fans are sure to yell loud and long for this one, once it makes the rounds. Ditty is a clever blues number, with Esther spouting the lyrics in her excellent vocal manner all the way. It's a side that can't miss—music ops should load up on this one by the boxful!

"DOBY AT THE BAT" (2:15)
 "ANYTIME IS THE RIGHT TIME" (2:45)

FAT MAN HUMPHRIES ORCH.
 (Abbey 3016)

● Top deck of this one should attract some heavy silver for music ops. Ditty is an ode to ball-player Larry Doby, with some good vocal work by Ted Humphries coming thru. Flip side has Ted on deck again, handling a mellow tune that should sit well with music fans. Ops should use this one in their machines.

"DON'T EVER MOVE A WOMAN INTO YOUR HOUSE" (2:41)
 "DOCTOR BLUES" (2:49)

JIMMY WITHERSPOON
 (Modern 20-764)

● Balladeer Jimmy Witherspoon out with a pair of fresh ones, and a pair that should clinch with music fans right from the start. Top deck has a set of clever lyrics and feature's Jimmy's excellent vocal work throughout. Flip side slows down some to a steady blues pace, with Jimmy spouting the story again. Disk rates.

"RHYTHM IN THE BARNYARD" (2:23-2:24)
 PARTS I & II

JOE LIGGINS ORCH.
 (Specialty 368)

● Joe Liggins and his "Honeydrippers" offer music ops some of their musical antics with this double-header tagged "Rhythm In The Barnyard." Disk shows the combo's instrumental wares off to fine style, and altho the disk might be limited to some locations, it should do exceptionally well nevertheless.

"THE JUMPING JACK" (2:40)
 "SOMEDAY YOU'LL NEED ME" (2:57)

JOHNNY MOORE'S THREE BLAZERS
 (RCA Victor 20-0095)

● Johnny Moore's Three Blazers, long missing from the phono spotlight, might have a winner in this etching. Both sides of the wax feature the vocal work of Billy Valentine in smooth, effective style, with the group showing their musical charm from start to finish. Top deck of this one gets our nod—lend an ear.

"PACIFYING BLUES" (2:30)
 "CHOCOLATE CANDY BLUES" (2:45)

HOT LIPS PAGE & SYLVIA VANTERPOOL
 (Columbia 30220)

● Hot Lips Page and chirp Sylvia Vanterpool split vocal honors on this pair, and offer music ops a pair of potential winners here. Both sides make for pleasant listening, and should be greeted by ops with better than fair reaction. The side we like most is the top deck, listen in, we're sure you'll like it, too.

"I DON'T CARE IF I NEVER GO TO BED" (3:00)
 "JAZZ ME BLUES" (2:46)

MARIE BENSON
 (Theme 100)

● Pair of sides which music ops may use as a filler item are these offered by chirp Marie Benson. Both ends should be well known to ops since the tunes have always scored well on the boxes. This rendition is fair enough, and should hold its own. Miss Benson's vocal work is effective, as is the ork backing. Ops should listen in.

"GET TO GETTIN'" (2:43)
 "HONEY, HONEY, HONEY" (3:25)

VIVIANE GREENE
 (Decca 48168)

● Chirp Viviane Greene on deck with a pair of fresh ones, in "Get To Gettin'" and "Honey, Honey, Honey." Both ends of the platter make for better than average listening, and show the thrush's vocal antics off to good advantage. Side to ride with is the top deck—it's the echo shows as top notch juke box fair.

"BLUE SHADOWS" (3:00)
 "RAW MEAT" (2:55)

JOE THOMAS ORCH.
 (King 4385)

● The widely popular Joe Thomas should do very well with this duo. Top deck is tailor made for music ops, and has the Thomas gang displaying their instrumental wares in fine fashion. Take note of the wonderful sax work by the maestro here. Flip side is another instrumental, and should hold its own. "Blue Shadows" for the moola.

45 RPM BIZ BOOMING. DISKERS SEE BIG FALL & XMAS SEASON

Early Increase In Volume of Sales, Points To Good Seasons

NEW YORK—Veteran diskers predicted peak sales seasons during the fall and Xmas periods, pointing to the phenomenal success of 45 rpm records as one of the fundamental factors for the expected increase.

Record execs pointed out that with the industry gradually settling down to a "two-speed" business, the barriers to prosperity in the industry have been taken away. Columbia's reticence in accepting 45 rpm records was virtually torn away because of dealer response it was borne out. Many in the industry feel, that underlying reasons other than the record business itself, prompted Columbia to continue to promote their 33 1/3 Long Play line, as long as they did. One well known recording executive stated, "It's a good thing that Columbia decided to go ahead with 45's now, instead of waiting until the Christmas season came about."

The industry had been in a state of confusion for some time, resulting from the battle of the speeds in which Columbia and RCA Victor engaged, with their respective speed systems. Columbia's efforts to promote popular records on 33 1/3 met with very little response, altho their LP label is quite successful. On the other hand, RCA Victor's 45 rpm recordings took hold with dealers and distributors throughout the nation, and has enjoyed peak sales since its inception.

Columbia continues to insist that their entry into the 45 rpm field is still a "test." The plattery issued two recordings, Frank Sinatra's "Goodnight Irene" and the Mariners' "Sometime" this past week. Trade figures point out that the plattery will have to follow up with more disks in order to get any sort of reaction.

Reports from the field conclusively prove that distributors are enjoying better than "normal" business already, with many pointing to 45 as the difference. Independent record manufacturers have hopped on the 45 bandwagon too, with many reporting that they have also increased their sales potential tremendously.

Discounts Boost Capitol Business

Early indication of good business expected in the fall is reported by Capitol Records, which in the first week's operation of a bonus-discount plan to dealers reports near-full quotas.

Capitol's plan offers a 10% bonus discount to dealers, in addition to the regular 2% discount for 30 days. It also extends the 30-day payment time to 90 days. Included in items are new releases, the forthcoming Christmas line, and a catalog of 900 pop, classical, western and children's records. Records are in all three speeds.

At the end of the first week of operation of the discount plan. Capitol toppers reported that the New York distrib had filled 80% of its 30-day quota, while Boston had hit 70%.

Response of dealers surprised Capitol execs themselves, who had expected good business but not that good.

Eddie Heywood Set For Comeback

Pianist Eddie Heywood is readying for a comeback after being inactivated for two years by illness. Heywood, who before he was stricken recorded for Decca and played niteries, will cut eight sides for Columbia shortly and expects to return to niteries.

Illness paralyzed one of his hands, and Heywood feared at the time he wouldn't be able to play again. However, he says he is ready and will start playing niteries after his recordings are released. Pianist will work as a single. He has no intention of forming a band again.

Eileen Wilson Prepares For Air Show

NEW YORK—Eileen Wilson, Hit Parade singing star now riding high with her Decca recording of "I Didn't Know What Time It Was" is pictured rehearsing a part prior to her appearance as guest on the "Jack Berch Show" via NBC. Left to right, accordionist Charles Magnante; Jack Berch; Eileen Wilson; and Al Ross, WBAL, Baltimore, Md., guest disk jockey.

RCA Victor Signs Phil Spitalny All Girl Ork To Long Term Pact

NEW YORK—One of the most colorful musical aggregations in the country, Phil Spitalny and his All-Girl Orchestra, whose famous Hour of Charm radio program and concert and theatre appearances have made them one of America's most popular musical aggregations for many years has been signed by Paul Barkmeier Vice President and General Manager, RCA Victor Record Department, to an exclusive RCA Victor recording contract.

The first Spitalny release under the RCA Victor label will be his famous album of "Christmas Music," which has reached a phenomenal sales peak of half-a-million during the past three years under Charm Records, his own

label. The album now will be re-packaged and made available on the RCA Victor label with heavy promotion emphasis during the fall and holiday season. Spitalny also is slated for a series of light classical and operetta favorites during the coming year.

Spitalny, who started his career as first clarinetist with the Cleveland Symphony Orchestra, had noticed during this and subsequent engagements that there were many outstanding women musicians. This led him to organize an all-girl orchestra. He auditioned more than 1,200 girls, with the orchestra actually built around Evelyn and her Magic Violin, who was its first member.

Ted Steele Forms Music Pub. Firm

NEW YORK—Ted Steele, well known music business personality, this past week disclosed the formation of his own music publishing firm. The firm will be known as Plaza Music Company. Steele disclosed that the Plaza firm will apply for an ASCAP license. Steele is an ASCAP writer.

Associated with Steele in the publishing firm will be Doris Brooks, his wife and manager, and Don Owens, his programming assistant. The firm has already set its first song, "When You Kiss A Stranger," written by Elsie Simmons and Robert Yassen.

Steele at present has an afternoon television show over WPX, and a disk jockey show via WMCA. He broke up his band well over a year ago, but brings it together for Columbia recording dates.

The firm has already started work on its first tune, with records on the song expected to be announced shortly.

Bob Broz Joins Mercury Flack Dep't

CHICAGO—Mercury Records Inc., this city, this past week announced the appointment of Bob Broz to head the firm's popular record promotion department.

Broz will work directly under Art Talmadge, plattery vee-pee, and advertising and promotion topper for the firm.

Broz replaces Nat Shapiro and Barbara Ruthe. Shapiro recently left the Mercury firm to form his own flack firm, with Miss Ruthe has been acting as Talmadge's assistant.

Broz joins the Mercury firm from the MS Distributing Co., local Mercury distrib in their area. He will make his headquarters in Chicago, but will travel throughout the nation quite extensively it was revealed. Broz also was a former disk jockey at WGN, this city.

Scalisi Heads Decca's Music Op. Department

NEW YORK—Sydney N. Goldberg, Vice-President in charge of sales for Decca Records, announces the appointment of John F. Scalisi as head of Decca's Music Operators' Department.

Scalisi, a veteran of 20 years in the music business, replaces Bob Arkin, who resigned this week.

Active in Decca's national sales department for the past year, Scalisi spent the six previous years with Capitol Records as Eastern Divisional Sales Manager and later as Chain Store Sales Manager.

Davis Announces Sheet Music Hypo Via Contest For 'Daddy's Little Boy'

NEW YORK—Joe Davis, publisher of "Daddy's Little Boy" this past week disclosed plans of a six-week contest, aimed at stimulating sheet music sales, and the popularity of the song. The promotion is scheduled to tee off on October 1st, with a full-page spread in the New York Daily News. Latter paper has a guaranteed circulation of 1,800,000. Contest is to be called "The Daddy's Little Boy Contest."

Photos of boys from three to seven years of age may be entered, with the winner set to get a \$500 bond. In addition, the winning picture will be published on the sheet music of the tune.

Davis figures to boost sheet music sales thru the contest, since it will be necessary to buy a copy of the music in order to get an entry coupon. Entry blanks will be imprinted with the sheet music dealers name, and the dealer selling the sheet to the winner, is also set to get a prize, a \$100 bond from Davis.

The contest will run thru November 15, with the winner, to be determined by a panel of leading traders to be announced December 1st.

Records available on "Daddy's Little Boy" include the original Dick Todd version on Rainbow, Mills Brothers on Decca, Don Rodney on Coral and Eddy Howard on Mercury.

THE CASH BOX

'Folk' and 'Western' Record Reviews

"CINCINNATI DANCING PIG" (2:47)

"SOMEBODY'S CRYIN'" (2:53)

RED FOLEY
(Decca 46261)

RED FOLEY

● Music ops and fans alike, are going to be hearing quite a bit of this one once this platter makes the rounds. It's folk star Red Foley

on tap again, with still another great hit for operators in this sensational rendition of "Cincinnati Dancing Pig." The song itself is currently attracting a ton of attention in the music field—this version is a cinch to clinch with music fans everywhere, and result in a peak play number for ops. Tune is a clever one, with a sock set of lyrics to match. Foley's easy, relaxed spooning on the side jells with the happy, merry mood the melody puts you in. Ditty rolls along in a bouncy, swiny manner, with some fine ork backing rounding out the tune. Flip side has Foley displaying his versatile vocal style, on a number that has as much winning potential. The side we're goofy about is the top one—latch on to this by the boxful!

"TEXAS DREAMS" (2:46)

"JUKE BOX BOOGIE" (2:49)

CASEY SIMMONS
(Crystal 289)

● Casey Simmons and his Night Riders offer music ops some fair material here. Top deck is just what the title indicates—an ode to Texas. Flip side picks up in tempo and pace, and should do exceptionally well in the boxes. Vocal work by Casey is effective on both ends. Listen in.

"I'M BLUE, I'M LONESOME" (2:47)

"BOAT OF LOVE" (2:41)

BILL MONROE
(Decca 46254)

● Fresh wax by Bill Monroe and his Blue Grass Boys, with this duo sure to spark juke box play immensely. Both sides make for excellent listening, and should meet with excellent reception. Top deck is a folk lament, while the flip stays in the romantic vein, and echoes wonderfully too. Bill's many fans should go for this pair.

"I WANT TO LIVE WITH MOMMY THERE" (2:35)

"STORY OF THE ORPHAN" (2:45)

WAYNE RANEY
(King 887)

● Tender, touching material by Wayne Raney on this pair should meet with top notch favor on the part of music ops and fans alike. Wayne's heart-warming vocal of this pair fits the mood and manner of the songs excellently. Musical accompaniment on the platter rounds out the wax in first rate style. Ops should get it.

"MONA LISA" (2:40)

"TROUBLE THEN SATISFACTION" (2:37)

T. TEXAS TYLER
(4 Star 1514)

● The widely popular T. Texas Tyler lends his pipes to some new sides, and comes up with an excellent offering for music ops to look into. Top deck is an extremely clever folk rendition of a current pop hit, and has Tyler giving his all on the side. Coupling is rising in popularity—this rendition should be among the top platters around. Disk rates a spot in music ops machines.

"TEXANS NEVER CRY" (2:26)

"GOODNIGHT IRENE" (2:51)

GENE AUTRY
(Columbia 38934)

● Folk star Gene Autry on tap with a pair of new sides that should hold their own. Top deck is a bit of pleasant music, with Gene extolling the praises of Texas and Texans. Flip side is a current hot pop number, and has Gene, The Pinafores and the Cass County Boys handling the melody very effectively. Autry's many fans should go for this.

"I WAS BITTEN BY THE SAME BUG TWICE" (2:35)

"BOOGIE MAN BOOCIE" (2:50)

CHET ATKINS
(RCA Victor 21-0367)

● Chet Atkins and his Guitar Pickers on deck with a pair of new ones, which music ops can use to good advantage as a filler item. Top deck is a clever song with the title giving off the bill of fare. Flip side also parrots the title and makes for nice listening. Disk should do more than hold its own.

"WHY SHOULD WE TRY ANY MORE" (2:48)

"THEY'LL NEVER TAKE HER LOVE FROM ME" (2:43)

HANK WILLIAMS
(MGM 10760)

● Hank Williams seems to have come up with still another click in this latest etching. Both ends of the wax are the sort that will draw repeat plays in the boxes. Hank's vocal work is in his usual top notch manner, as is the ork background. Ops should latch on to this one—but pronto!

"FOR EVERY KISS" (2:55)

"I HURT INSIDE" (2:42)

DOLPH HEWITT
(RCA Victor 21-0369)

● The smooth vocal work of Dolph Hewitt, set against a string ork background, should score heavily for music ops. Both ends of this one are top notch juke box fare, and are sure to be taken up as soon as the wax gets around. Dolph's vocal work on these tender romantic odes is top notch. Disk is a must in your machine.

DISKERS CONTINUE HEAVY PROMOTION EFFORTS IN JUKE BOX FIELD AS PHONO BIZ SPURTS

Record Company's Sales Potential Booming With Increased Attention To Music Ops

Diskers Set Plans For Big 45 RPM Campaign In Music Operating Field

NEW YORK—Record manufacturers throughout the nation continued their heavy promotional efforts in the juke box field, with each vying to "get the records into the hands of the operators first."

Increased efforts on the part of all the majors was paying off, too. Music ops were quick to note that they were receiving shipments of records timed with the release to the general trade. In addition, the promotion plans of several platteries, in sending preview recordings to music operator trade associations, has certainly allowed the music operator more time in which to select recordings for his route.

One of the major reasons for the increased attention that diskers are giving to the music operating field is that juke box business has been continuously spiraling upward, with a peak fall season predicted by many in the field. Operators have pointed out that the normal summer slump in their business did not come about as much as was expected. Several Metropolitan New York operators stated that the reasons for their steady solid business during the summer months was basically the fact that there were several "hot hits in the market." Promotional efforts of the music publishers and record companies during the summer months generally fall down, with the pubs and diskers more or less allowing standing song hits to ride.

One well known operator in New York stated, "We've had two real solid record hits this past summer, and they were hits—they took hold right from the start. If we had more songs like "Tzena, Tzena, Tzena" and "Goodnight Irene," there wouldn't be any so-called summer slump to even talk about."

Music operators were quick to laud Decca Records for backing "Tzena" and "Goodnight Irene" on one record, realizing that the plattery could have easily issued separate recordings and realized twice as many sales.

"Decca's back-to-back policy seems to be the one sure way of keeping juke box operators happy," he stated.

Other operators point out the fact that the summer weather in and around New York was not as warm as in past years, and that many people who normally would leave the city for resorts and country homes, stayed in the city. This, too, added to the steady stream of business music ops have experienced.

Music operators who heretofore could not be reached by salesmen from the record companies, now preview recordings at their trade association headquarters, and turn their orders over to the distributor directly.

Sales executives for the many platteries who have continued to concentrate on building their sales potential with music operators were also quick to state that their efforts with the operators have paid off.

One disk official from a major plattery stated "The gains we've made in the automatic music field in the past four months have truly been phenomenal. We've boosted our business with operators by as much as 30 per cent, in addition to realizing the untold promotion that the juke box gives to our records. We realize that every record we have playing in a phonograph means another possible sale by a dealer to a home phonograph owner. The juke box itself offers invaluable promotional gains for our recording artists, and the label itself."

Many of the diskers disclosed that they would continue their promotional campaigns in the automatic music field, especially so with the expected increase in the number of phonograph locations owing to the current war situation. With the increase in the number of men being drafted and inducted into the armed forces being upped almost daily, diskers realized that more potential locations for juke boxes would present itself in Army camps and installations. Music operators throughout this area have already disclosed that competition for these locations has considerably tightened. This latter situation undoubtedly exists in all areas where there are Army or Navy installations.

Many record manufacturers were also preparing plans and campaigns to promote their 45 rpm line with music operators, in an effort to stabilize the industry down to a two-speed system. Music operators will continue to use 78 rpm recordings for some time, altho many ops are switching to 45's more so than ever before. Ops point out that the records themselves cost less, are easier to handle, take up less storage space, and because of their novelty in size at the present time, make for more juke box plays. Altho the industry has accepted 45 rpm recordings for the pop field, all record manufacturers have stated that they will continue to supply music operators with 78 rpm records "as long as there are machines that will play them."

Jo Stafford Signed To Five Year Pact With Columbia. Tommy Dorsey Reported Set With Decca

Disk Talent Raids Continue. Hint Dinah Shore Will Go To RCA Victor

NEW YORK—The expected switch by songstar Jo Stafford, from Capitol Records to Columbia Records came to pass this past week, with the announcement by Edward Wallerstein, president of the latter company, that Miss Stafford had been signed to a five-year contract.

Wallerstein made the announcement from the Hollywood offices of Columbia Records. He flew to California to complete negotiations with Miss Stafford. The contract goes into effect in December 1950.

Thus the reported deal of Miss Stafford moving to Columbia when the latter platter signed Paul Weston to be musical director of their West Coast setup came to pass.

Executives of Capitol stated they were reluctant to lose Miss Stafford, whose sales "which have not equalled those of Margaret Whiting's, have maintained her in the top group of record selling artists. However, Capitol's policy is that an artist is doing his best work only if he is happy with his professional affiliations and therefore has made no attempt to halt Miss Stafford's departure."

Capitol, foreseeing Miss Stafford's exit, has been training repertoire promotional guns on top selling gal singers, Margaret Whiting, Peggy Lee, Kay Star, June Christy and Dotie O'Brien. This roster still leaves the label with some of the top female singers in the record industry.

Miss Stafford's exit of Capitol, and her subsequent signing to Columbia gave further impetus to the report that Dinah Shore would leave the Columbia platter at the expiration of her contract, and sign with RCA Victor. It is known that negotiations have been carried on with Miss Shore and that the latter favors signing a pact with RCA. Her contract with Columbia expires in December of this year. Also rumored was a possible switch by Doris Day from Columbia to RCA along with Miss Shore. Should this come about, RCA Victor's current top fem singers, Mindy Carson and Fran Warren might possibly look to align another record deal, argument being that the Shore-Day combine would be too much weight for Mindy and Fran to contend with. While this is possible, it is known that RCA Victor has been quite happy with the success of both the misses Carson and Warren.

Aside from all rumors, most likely contention of label switches following Jo Stafford's remains that of Dinah Shore to RCA Victor.

Meanwhile, it was reported that Tommy Dorsey, who last week dropped his affiliations with RCA Victor, was nearing completion of a reported deal with Decca Records. Dorsey left Victor after being with the firm for nearly 15 years, along with Sammy Kaye, who went to Columbia.

The current situation existing among artists and the possible label

switches involved, represents one of the most hectic known to the record business in recent years. The raiding going on between RCA Victor and Columbia seems to continue in force with no signs of a halt at present.

Other artists rumored to be contemplating a switch, are Vic Damone and Frankie Laine from Mercury Records. This does not seem likely at this writing, since both artists scored their initial fame with the plattery and have continued to meet with phenomenal success under the Mercury banner. Damone and Laine have been top disk sellers on Mercury for several years now, and a label switch seems far from coming about.

Stafford's contract with Columbia is reported to guarantee the singer somewhere between \$40,000 and \$50,000 a year.

Decca Into Longhair Field With Gold Label

NEW YORK—Milton R. Rackmil, president of Decca Records, Inc., announces the entry of Decca Records into the field of serious music with the release of the Decca Gold Label Series.

The record releases in this new series, covering all phases of serious musical literature written by past and contemporary composers, will contain symphonies, concerti, chamber music, operas, choral, vocal and instrumental.

American and European artists with world-wide reputations, as well as important new performers, will be featured in the Decca Gold Label Series. Among these established artists with a strong international following are: Reginald Kell, Lili Kraus Szymon Goldberg, Lukas Foss, Richard Tauber, Conchita Supervia, Dimitri Mitropoulos, Lina Pagliughi, Anthony Pini, Zimmler String Sinfonietta, Claudio Arrau, Lotte Lehmann Lillian Fuchs, Joseph Fuchs, Lec Smit, Leonard Rose, Eileen Joyce Nadia Boulanger and Ebe Stignani.

ARMY, NAVY, WAR PLANTS CALLING FOR ALL TYPE VENDORS

Manufacturers Deluged With Requests. Ops Buying Whatever They Can Get. Many Storing Extra Machines. Foresee Long Drought of New Vendors Ahead.

Investigation discloses that almost everyone of the automatic merchandiser manufacturers has been receiving requests from the Army, Navy and war plants for vending machines of all kinds.

Manufacturer after manufacturer has had requests to fill Navy orders of drink dispensers, cigarette vendors and other types of machines for ships and training centers.

Requests have been received also for installation of new type vending machines of all kinds for Army camps that are once again springing up and others which are being put back into shape.

In addition to requests from the Army and Navy, war plants everywhere in the nation, are asking that vending machines of every type be immediately installed.

This past week *The Cash Box* printed an editorial, "Vendors Go Military," which was but a hint as to what is happening everywhere in the country as far as automatic merchants are concerned.

Operators of machines are reporting to manufacturers that they have, in some cases, actually been asked to place machines in war plants and military installations.

Ops are swinging over to camps and naval bases as well as war plants just as rapidly as they possibly can, and for more than one reason.

Most outstanding reason, of course, is fact that they hope to obtain syrup and other merchandise if they operate in Army, Navy, and war plant locations.

This was the case in World War II. Therefore, many ops are pulling machines from other locations to install them in more important priority spots.

There have been some complaints, ops advise, from some very fine locations. But, as ops have pointed out, they don't believe that they will be able to obtain merchandise they will need for continued operation of their vendors unless they are in necessary type locations.

Quite noticeable is fact that many leading vendor ops are buying up whatever equipment they can at this time. Tho some haven't any use for the machines, they are storing them in belief that, as war effort grows greater, they will be needed in their communities, and that they will then be able to service plants as they go into war materials production.

Rather than be caught short, without machines on hand, one noted vending machine operator told one leading manufacturer, he would much rather pay for the equipment now, keep it in his warehouse and "be ready when the time comes."

This is, probably, the attitude of almost everyone of the leading vendor ops. They are trying to foresee events as far ahead as they possibly can.

They are of the belief, at least the majority of them are, that they will not be able to obtain new machines for a long time to come, once the present supply is exhausted.

They point to the fact that if steel is allocated only to "necessary" factories that the industry will be faced with a drought of new machines which will last for sometime to come. "We don't want to be caught short," one noted op said.

It has already become somewhat difficult for some ops to obtain all the merchandise they require for their vendors. In fact, some state that even tho they are getting merchandise, prices are rising constantly, and they are forced to hike price of products in machines.

Where cigarettes have been sold at prices to match retailers, these will soon have to go up, one well known cigarette vending op said.

He can't see his way clear anymore to anything but "emergency sales price" for cigarettes.

Most interesting to the trade is the fact that the vending machine operator, as well as the manufacturer, has gone all out to serve the military forces as well as the war production plants.

Some of the larger plants devoted to cabinet fabrication for automatic vendors have already advised manufacturers that they will, very soon, be unable to complete orders for them.

Not only for lack of raw materials, but, because their plants are already being called on for war materials production.

One leading manufacturer is planning to advise all buyers of his product regarding this fact and ask them to plan their purchases as cabinets are delivered and factory completes assembly.

Many stories are going the rounds of the vending machine industry at this time. Some that will do great credit to the patriotism of the men engaged in this division of the field.

Almost every operator of larger equipment is making it his business to place his machines in the Army, Navy installations, or in war plants in his area. Even if this means loss of sales at this time, and maybe for some weeks to come.

This is one all out effort on the part of the vending machine ops which the entire industry can be very proud of. There is no other bunch of men who have gone so far ahead in bringing their products to the most needed locations.

Whatever the future will bring, and there is no doubt that the Navy and Army will purchase many, many vendors direct, as they are already doing, the vending machine ops will cover themselves with great glory in the fact that they have been, and still are, sacrificing many good locations to place machines in Army and Navy installations, as well as in war production factories, thruout the country.

Whether needed syrup and other merchandise will be available, even to ops in military and war plant installations, isn't known at this time. Even these men may find themselves short of needs. But, in the meantime, they are answering Uncle Sam's call and that's the most important thing that is, today, happening in the entire automatic merchandising industry.

NAMA's 1950 CONVENTION WILL MARK FIFTEENTH YEAR OF SERVICE

Convention And Exhibit At Palmer House, Chicago, November 12-15

CHICAGO—With the holding of the 1950 convention and exhibit, Palmer House, Chicago, November 12-15, the National Automatic Merchandising Association stands on the threshold of its 15th year of service to vending machine operators, manufacturers and suppliers.

This year's meeting will mark the 15th annual meeting of the association's membership. Organization of N.A.M.A. was completed on September 14, 1936, at a meeting in the Commodore Hotel, New York City. The association formally started to function on November 19, 1936.

In urging the nation's vending operators to attend the 15th annual meeting in November, N.A.M.A.'s president, George M. Seedman, said: "This convention and its meetings will make us all better operators. It will make our industry one that will maintain and gain respect from everyone. The 15th annual meeting at the Palmer House with thousands of operators in attendance will be a fitting tribute to the six men who held the first N.A.M.A. meeting many years ago."

Due to the efforts of the association which has grown from six to approximately 900 members since 1936, many important tax victories have been gained. The N.A.M.A. legislative department is currently on the offensive in many states working with operators towards the removal of per machine taxes. The objective of N.A.M.A.'s legislative activity is to put the taxing of automatic merchandising on the same basis as other forms of retail distribution.

Hand in hand with N.A.M.A.'s legislative work has been the growth of the association's public relations program. Initiated at the operators' level, as a purely local program, the plan has helped automatic merchandising to achieve a favorable place in the eyes of the public. The 1950 public relations program of N.A.M.A. calls for the use of the vending machine in the promotion of local Red Feather campaigns by member operators in their own communities. A complete report on this good will-building program for automatic merchandising will be made to operators who attend the 15th annual meeting in November.

A series of six regional meetings in various sections of the country has been scheduled by N.A.M.A. The holding of these regional meetings first held in 1945, has done much to strengthen the association and to enable N.A.M.A. to carry out its legislative and public relations work.

The first results of an operating ratio study for operators were issued this spring. It is expected that in the future this service will be one of the most important services the association can render its membership. In the line of new activities, an insurance program for operators is now being considered. Operators at the 15th annual meeting will hear a progress report on these new services.

October, 1946, the Congress Hotel, Chicago, was the date and place of the first general convention held by N.A.M.A. The following year the association initiated its present series of a combination convention and exhibit. More than 180 firms exhibited

their products at the 1949 convention and exhibit in Atlantic City, N. J. with an attendance of approximately 5,000. It is expected that even a larger number of operators will attend the 15th annual meeting at the Palmer House, Chicago, November 12-15.

The pioneer group of operators who were instrumental in forming N.A.M.A. in 1946 were: Nathaniel Leverone, Automatic Canteen Company of America, Chicago; Robert Z. Greene Rowe Manufacturing Co., Inc., New York; W. G. Fitzgerald, International Ticket Scale Corp., New York; W. R. Fowler, F & W Products Company Westery, R. I.; Kirk Sullivan, Mills Automatic Merchandising Corp., Long Island City, N. Y., and A. Schläffer, Peerless Weighing & Vending Machine Corp., Long Island City, N. Y. C. S. Darling, now executive director, was appointed secretary.

Past presidents of the association are: Nathaniel Leverone, Robert Z. Greene, E. F. Pierson and Ford S. Mason. President for 1950 is George Seedman. Other officers are: J. B. Lanagan, vice president, and John T. Pierson, treasurer.

Chicago Red Feather Vendor Drive To Start October 9

CHICAGO—Local operator members of the National Automatic Merchandising Association (N.A.M.A.) have completed the organization of a committee formed to support Chicago's Community Fund through the association's Red Feather plan, it was announced this week.

A committee of operators headed by William Fishman, Automatic Merchandising Company, Chicago, chairman of N.A.M.A. Region VI, met with Bernard A. Roloff, public relations director and Robert E. Coburn, campaign director, of the Chicago Community Fund, at N.A.M.A. headquarters recently. The purpose of the meeting was to demonstrate the solidarity of N.A.M.A. operators in Chicago behind the Red Feather plan and to estimate the total amount of message tape that the Chicago Community Fund should order for N.A.M.A.'s Chicago Red Feather needs.

The operators also discussed with Roloff the dates of Chicago's Community Fund Drive. It was decided that N.A.M.A. Red Feather promotional material would be placed on the vending machines of the participating operators a week to two weeks before the campaign begins on October 9—preferably by September 15. Cups and matches with the appropriate Red Feather message will be dispensed at the same time.

An expression of appreciation of the Chicago Community Fund to N.A.M.A. member operators for their promotional aid in the forthcoming campaign was made by Community Fund campaign director Coburn to C. S. Darling, N.A.M.A.'s executive director.

Last Of NAMA's 1950 Regional Meets To Be Held In Buffalo

Rob't. Z. Greene To Speak

BUFFALO, N. Y.—Last of the 1950 series of 6 regional meets will be held on September 26 by the National Automatic Merchandising Association in this city. N.A.M.A. Region II will be host to Regions I, A and III at a big nine-state meeting at the Hotel Statler, at which a large attendance is expected. A meeting of N.A.M.A. directors will be held on the following day.

Frank Bradley, Automatic Equipment Company, and chairman for the meeting, announced that Robert Z. Greene, president of Rowe Manufacturing Company, Inc., New York City, and a past president of the association, will deliver the principal speech at the luncheon meeting of the Greater Buffalo Advertising Club.

The advertising club is holding an Automatic Merchandising Day in connection with the Regional meet. Greene's talk is entitled "Automatic Merchandising—A Billion Dollar Market." Operators attending the meet will be special guests of the advertising club at the luncheon. A display of vending machines will be in the foyer of the ballroom of the Statler.

A feature of the regional meeting will be a talk on "How To Develop A Sales Presentation That Will 'Click'," by Ralph D. Myrick, general sales manager of Bacon & Vincent Buffalo, and instructor of sales training at the University of Buffalo. Myrick will devote his talk to location selling problems of vending machine operators.

An unusual feature of the meet will be a special banquet in the evening. Present and past officers and directors of N.A.M.A. will be guests at the banquet. A special presentation will be made that evening, honoring a veteran operator and early director of the association.

Chicago N.A.M.A. operators participating include: A. J. Behrens and Edw. Wygert, Pepsi-Cola Bottling Co. of Chicago; Matt O. Blesius, Mills Automatic Merchandising Corp.; J. D. Brodsky, Illinois Vending Co.; G. L. Duryea, Chicago Concessions, Inc.; David Gottlieb, Kaffe Coffee mat Vending Service; T. H. Griesenauer, Bowman Dairy Co.; M. L. Heffer, Johnson Tobacco Co.; B. J. Kiley, Jr., Airport Vending Service; Herbert S. Kohn, Kwik-Kafe of Chicago; Max Kovinow, Milk Vending Service Co.; Howard I. Olsen, Transit Sales Service, Inc.; Leon Segal, Kandy Korner, and Herman Stamer, Mechanical Merchants, Inc.

Topps Gum Gives Priority To Regular Customers

BROOKLYN, N. Y.—Charles Zubrin merchandising manager of Topps Gum, this city, stated this past week that the firm had never in all its history had such a rush of orders for its ball gum and novelty gum for the vending trade.

"If we were to stop taking orders right now" stated Zubrin, "we couldn't fill those on hand for many months."

Vending operators who experienced shortages during the past war were making every effort to stock up large quantities of merchandise in order to protect their businesses in the event this same condition comes about at this time.

"Topps has sufficient gum to satisfy our regular customers if they were ordering normal quantities" said Zubrin. "However, in addition to our regular buyers now placing orders for three and four times their needs, we have received orders from a great many new customers. This rush for merchandise has upset our entire production schedule. We are now producing more gum products for the vending trade, but naturally, it's hardly enough."

"We haven't raised the price of any of our items as yet" continued Zubrin, "and hope we aren't forced to raise it in the future. However, with conditions as they are, we do not know."

"We shall be more careful in screening orders we now receive and shall give our regular customers first shipments. We have a pretty good idea of their needs, and shall see that all are taken care of, even though we may not be able to ship in the quantities they order. Even if conditions come about where we run into shortages we'll see to it that our customers get a fair deal at all times."

TRADE GETS SET FOR WARTIME CONDITIONS

NEW YORK—Reports reaching this office indicate many operators thruout the nation are getting their organizations ready to continue their business under wartime operating conditions.

Taking heed of the editorials and news items appearing in *The Cash Box*, and by listening to the radio and reading local newspapers, operators in the coin machine field foresee many controls and restrictions coming along.

Those many coin firms who conducted their business during the past war experienced many hardships and know exactly how to organize its forces at this time. While many changes will be made gradually, they acknowledge that the time to start is now so as to keep pace with any eventuality that the government may decide upon.

Many operating firms have already switched vending type equipment into industrial organizations busy with war production, as well as military establishments. Many others are checking territories where army and navy military personnel will be based. Games and music operators are surveying their locations located near and around large manufacturing centers to make sure that the proper equipment is available in order to give them the best returns.

In addition, operators are studying localities where they can open arcades in the event it is necessary to pull equipment from outlying spots and concentrate it all in one location.

From sources close to the nation's leaders, *The Cash Box* hears that the experts look for a long period of national emergency. One crisis is expected to follow another. Even when the Korean situation is cleared up, similar incidents are expected to occur—perhaps in Formosa or Indo-China, or even in Europe. They state that the United States is embarked on a program which will give it sufficient strength of arms to defend itself no matter when or where the "incident" may take place. How long the country will be under this pressure before a real world conflagration

starts no one can predict. But these experts look for a long, hard period of "war"—perhaps four or five years.

All this means that the coin machine industry should be prepared for similar conditions that existed during World War II. The manufacturers of equipment, some now engaged in war materials work, may all be in it sooner than expected. Which means that it's only a question of time when new machines may be unavailable.

Operating firms, distributors and jobbers have reported already losing men to the military, and others to war production plants. They look for more losses. Now is the time to check employees so that you can be prepared to reorganize your staffs. Employees should be taken care of, and wages raised to keep them satisfied, especially in view of a wage "freeze."

Particular attention should be paid to your parts and supplies department to be sure you don't get caught short.

The time has come when everyone in this industry must get set for "war"—the sooner the better. It will be a gradual process on the part of the government, and probably, a gradual process on the part of those engaged in this industry—but those who will survive will be those who prepare themselves for it.

Paul A. Laymon Appointed Wurlitzer Distrib For So. Calif.

PAUL A. LAYMON

LOS ANGELES, CALIF.—Paul A. Laymon, Inc., this city, has been named distributors for the Rudolph Wurlitzer Company's line of automatic phonographs and accessories for Southern California; and Clark and Lincoln counties in Nevada, according to an announcement by Ed R. Wurgler, general sales manager of Wurlitzer.

Both Paul Laymon and his wife Lucille are well known thruout the

entire coin machine industry. They have been active in the business since 1921 and have been located in California since 1933. From its headquarters on West Pico Blvd., the Laymon organization will serve the Southern California area from San Luis Obispo in the north to San Diego in the south—and the two Nevada counties mentioned above.

"We are most happy and enthusiastic over our appointment as distributors for Wurlitzer" stated Laymon "as it gives us the distribution of the finest phonographs made and associates our firm with the oldest manufacturer of automatic phonographs in the world. Complete sales and service facilities for the model '1250' is now available to music operators in our territory, as well as Wurlitzer remote control equipment and a parts stock to service older Wurlitzer models."

"In Paul A. Laymon, Inc., we have been most fortunate to select a firm which enjoys an enviable reputation thruout the industry" stated Wurgler, "and which has a business policy that for years has assured giving customers their money's worth, offering better service than the competition and assuring every operator profitable merchandise. The '1250' model has been well accepted by music operators since its introduction in the early spring, and we are happy to state that Laymon offers the finest merchandise possible to obtain in the automatic music field, a fair trade-in price and excellent, continuing service facilities. The new model '1250' is the only phonograph on the market today which offers the music operator the choice of record speeds (78, 45 or 33-1/3 RPM) which protects against obsolescence and assures him continuing revenue, without exorbitant conversion costs."

Paul and Lucille Laymon have extended a warm and cordial invitation to all of the music operators of Southern California, their friends and acquaintances to stop in at their showrooms and see the new Wurlitzer.

The appointment of Paul A. Laymon, Inc., is effective immediately said Wurgler. This wholesaler replaces the Southland Distributing Company, which formerly represented Wurlitzer in the area.

In addition to Wurlitzer, Laymon has long represented top manufacturers in the industry.

Today's Business

Today's type of business is exemplified by the two pals who met each other on the street. Joe showed Jack a beautiful, sparkling, big diamond ring he had just purchased. It glistened and gleamed in the sun as Joe proudly displayed it before his pal Jack's eyes.

Said Joe, "And what's more, Jack, it only cost me \$200."

Said Jack to Joe, "I'll tell you what Joe, I'll give you \$250 for it."

"It's a deal," said Joe.

When Joe returned to his office and told one of his visitors about it, the visitor said, "I would have given you \$300 for it."

So, very hastily, when the visitor left, Joe got on the phone and called Jack. Jack said, "Jack, have you still got that diamond ring?"

"Sure," answered Jack.

"Well," said Joe, "I'll give you \$275 for it."

A few minutes later, in walked one of Jack's pals, and Jack told him about the diamond ring and the deal he had made.

Said Jack's pal, "I would have given you \$350 for it."

So Jack hurriedly phoned Joe and asked, "Joe, have you still got the ring?"

"Why, yes," said Joe.

"Tell you what," said Jack, "I'll give you \$325 for it."

"It's a deal," says Joe.

So Joe rushed the ring over to Jack and before he could compliment himself on this deal, in walks the man who originally offered Joe \$300 for the ring, and says, "Hell, I would have gone as high as \$400 for that ring."

"My, oh, my," says Joe. And gets back on the phone, calling Jack. Says Joe, "Jack, have you still got the ring?"

Says Jack, "Why no, Joe, I just sold it."

"My God," groans Jack, "You dumb cluck—you just put us out of business."

Exhibit In Full Production On New Five-Ball "Playland"

FRANK J. MENCURI

CHICAGO—Having already rushed samples of its newest five-ball, "Playland," to all their distributors, Frank Mencuri, sales manager for Exhibit Supply Company, this city, advised, "We are now starting full scale shipments of our new five-ball game."

Mencuri also advised, "Tests of 'Playland,' in various important operating centers, proved it to be one of

the finest five-balls we had ever manufactured.

"We decided then and there, after receiving reports of the intake, and the fact that collections were continuing on even higher, that we should start this newest machine out to the field in larger quantity."

Even tho Frank Mencuri had been away from the Exhibit plant for a week's vacation, he found that everything was going right ahead when he returned.

He plunged right into action, contracting everyone of the firm's distributors, as well as test locations, to ascertain just how far the firm could go with its production schedule.

"I found," Mencuri reported, "that everywhere 'Playland' had been shown operators admitted it was one of the 'most outstanding fiveballs so far presented to the industry.'"

"That, in itself," he continued, "convinced me that the game was what the operators needed. We are now urging our engineers and production experts to get them out to the field just as fast as possible."

"We will fill all possible demand, just as fast as we can," he stated, "and can assure the trade that in 'Playland' which," he said, "many ops are now calling 'Playland,' we have one of the best five-balls of the new season."

Angott Urges Ops Turn In Idle Phonos

DETROIT, MICH.—Carl Angott of Angott Distributing Company, Inc., this city, Wurlitzer factory distributors here, is appealing to all the music operators in this territory to, "Please turn in your idle phonographs at this time so that we may help out other operators who are in need of this equipment."

Carl stated, "We have been busier than we ever dreamed we would ever be. We have been supplying the brand new Wurlitzer 1250 phonographs to all the leading operators in our territory and these phonos go out just as fast as we receive them."

"In fact," he said, "of late, ops have asked us not to even 'check' the 1250 for, as one of these men said to me, 'I know that the phonograph is perfect so don't waste any time checking it, just ship it to me as quickly as you get them in.'"

"At the same time," Carl continued, "we are now having a very big problem trying to keep our customers supplied with used machines. We just don't know how we're going to do it unless those operators who have idle phonographs in their places come around and trade them in to us at this time against the purchase of the brand new Wurlitzer 1250 phonos."

Carl stated that the music business in Detroit, regardless of television and all other competition, has been showing better collections right along.

He also explained that many operators are already switching over to locations at the big war materials manufacturers and that all the music field here believes that phonos will prove among the greatest of the "morale boosters" for the workers in this very important war materials production center.

Adds More Help To Handle Bell Conversion Orders

CHICAGO—Harry Brown of Amusement Sales Corporation, this city, introduced a complete kit and brand new cabinet for "Wild Deuces," this past week, and reported that the firm is "working around the clock" to fill orders.

He said, "We are adding more and more help each day. We are trying our best to fill all the orders we have already received as well as the orders that are coming in to our offices here daily."

Not only does the firm build a complete conversion kit which allows the bell op to change over any old Mills escalator type slot into a "Wild Deuces" for only \$14.95, but, it is also building a brand new complete "Wild Deuces" cabinet which, complete with the above kit, is being sold to operators for only \$59.50.

In addition the firm is producing factory rebuilt machines complete with the above kits in 5c, 10c, 25c and 50c denominations. These are changed over by experts who have been working on slots for many years.

"The finished machines are really remarkable," Brown stated, "actually bringing a brand new, better machine to the market at an extremely economical price."

Brown said, "We urge the operators to get their orders in just as quickly as they possibly can. We'll have to stop shipping the moment the bill passes and becomes Federal Law."

"Therefore," he continued, "all orders which are in our hands before then will be shipped."

"We again urge every operator," he reiterated, "to get their orders in immediately. We are shipping each and every day and don't know how long we'll be able to continue."

Gottlieb Shipping New Five-Ball

CHICAGO—D. Gottlieb & Company, this city, announced it was in full production of its new five-ball game "Rockettes."

The new amusement game gives the player many of the Gottlieb time-proven play-action features, plus some additional scoring angles.

The playfield and extremely attractive colorful backboard offers the player a combination high score and point feature that includes four alternating Up-and-Down Pockets and a traveling light or super high score. It features four flippers to extend ball action; 12 number sequence light rollovers for replays; variable number spotting; and "Pop" bumpers. In addition it has the fast action drop coin chute.

"Our distributors who have had samples on hand report that operators have already placed many orders" stated a factory executive, "and naturally this reaction has reached us in the form of substantial distributor orders, with the clamor for immediate and fast shipment."

"Turf King" Orders Far Exceed All Former Bally Hit Games

JACK NELSON

CHICAGO—Jack Nelson, sales manager for Bally Manufacturing Company, reported this past week, "Over a comparative period of time, 'Turf King' has exceeded sales of our former hits."

Nelson explained that in a check of sales records of the firm they have learned that "Turf King," in the same comparable period, has outsold the great "Citation," and also "Champion," of Bally Manufacturing Company.

"At the same time," Jack says, "it must be remembered that 'Citation' en-

joyed a one and one-half year run at our factory.

"'Champion,'" he continued, "enjoyed a full year's production run and would probably have continued on, except that 'Turf King' was ready and we decided to introduce this newest game in the Bally line of finer products."

"'Turf King,'" according to Nelson, has now been on the market for approximately three months. In those three months it has exceeded the sales which were made for "Citation" as well as for "Champion" in the first three months that these two games were in production.

"It's very interesting," Nelson continued, "to look over the sales figures and note that 'Turf King' is continuously growing in volume and is reaching a point now where it gives promise to surpass anything that has ever before been manufactured by us.

"Operator after operator, distributor after distributor, has phoned, called in person, wired or written, to advise that 'Turf King' is outshining in profits and play appeal any game to ever appear on the location before it.

"This, we believe," Jack Nelson concluded, "is the answer to what will probably be the longest run machine in history."

Art Sauve Looks For Record Business This Fall Season

ART SAUVE

DETROIT, MICH.—Having enjoyed one of the best seasons in all their long history in this city, A. P. Sauve & Son believe, "This will be as nothing compared to what the forthcoming Fall season brings."

Art Sauve, one of the old timers in the coin machine industry and well known to all here, along with his son, Dale, and their right hand, Hazel Carlson, have been working harder than ever getting set for this Detroit boom.

They believe that the operators here are going back to "wartime profits as more and more of the big factories here enter into war materials production."

The firm represent some of the nation's leading factories and have been

able to keep the trade thruout the state supplied with games while maintaining a marvelous service organization. They also feature the Evans' "Constellation" phono.

Dale said, "Both Dad and myself have worked out some very fine methods for the operators here so that we could arrange to help them increase their operations and assure them of the best profits any operators would enjoy as this city becomes busier each day."

Hazel Carlson, well known to all ops here, and considered one of the old-timers in the coinbiz, is setting up a sales campaign for the firm where operators will be able to get equipment faster and easier and just what they need.

The firm is very well stocked with machines at this time, they report, and also have been gradually arranging for a new trade-in policy which should prove interesting to all the operators.

Begining this fall season they are going to place special sales emphasis on the "Constellation" phonos, they report.

New "Whiz Bowl" Flasher System

CHICAGO—Col. Lewis, prior to taking off for a trip thru the South, announced that Allied Coin Machine Company, this city, now has a new flasher system for its "Whiz Bowl" game. The lights come on as the pins reset or come down.

Baseball Fans Mob "D. H." Game Spots, States Stern

SAM STERN

CHICAGO—With one of the hottest title races under way in both the American and National Leagues at this time, Sam Stern of Williams Manufacturing Company, reports that he has been receiving information from various coinmen that some of their spots, "are actually mobbed by baseball fans" wherever they place

the new Williams' "Double Header" machine.

"Not only are collections standing up in almost every spot," Sam reported, "but, at the same time," he stated, "they are still continuing to go up in many, many locations."

"In fact," he said, "the collections on many, many 'Double Headers' have already set new high records for many locations. Operators are absolutely thrilled with the machine."

The firm is working on a full six day week in an effort to fill all the orders which they have received.

Stern also stated that they are going to try and live up to their reputation of speedy delivery, regardless of the cost.

"This is," he said, "the biggest moneymaker we've ever built. Operators everywhere know that they have a game that will last for a good many years to come."

Stern looks for even more business after Labor Day. He believes that more and more ops will find "Double Header" one of the all time great moneymakers.

CPA Sees Phono Depreciation Problem Growing Acute

CHICAGO—The problem of equitable depreciation for automatic phonos is one that is constantly growing more acute, according to Leo L. Kaner, CPA and Tax Counselor of this city.

Kaner handles business for many of the leading phono ops here. At the first annual convention of MOA (Music Operators of America) Kaner presented a four year depreciation plan which met with much acclaim from all those present.

Being closely associated with the automatic music industry, Kaner has urged its members for sometime now to get together nationally in an effort to have Washington better understand their depreciation problem.

He explains, "The suggestion which I made, and which has appeared in your publication in editorial form a few times, the last time in the August 19, 1950 issue, is the one and only method which should be adopted by the industry and which should be presented to Washington authorities on a national basis, so that a uniform national depreciation plan will come into existence for the automatic music industry."

Kaner's plan is one of the best that has ever yet been presented. His suggestion is to arrange for 40% depreciation of the phono's cost the first year; 30% the second year; 20% the third year and 10% the fourth, and last, year.

Kaner also stated, "The fact that there are so many and varied depreciation plans in existence at this time, and the further fact that, in the main, these are very unfair to the automatic music operators, causes this problem to grow ever more acute the longer it continues."

Coven Reports Bally Biz Sets All Time High Mark

BEN COVEN

CHICAGO—Ben Coven of Coven Distributing Company, this city, advised this past week, "We have just set an all time high mark for sales for our firm with Bally 'Turf King'."

Coven reported, "There has never been any game manufactured, as long as we can remember, that has clicked with our customers the way Bally 'Turf King' has."

"The 'Turf King,' plus all the other products of Bally, have put our firm over the top, setting an all time high sales mark for us, and a mark which we believe will last for a long time to come."

Coven's entire organization has been working right along taking care of the demand which they are enjoying at this time for Bally products.

"Since we started shipping the 'Turf King,' about three months ago, beginning with the very first samples we sent to customers, we have enjoyed repeat after repeat order."

He believes, "Bally's 'Turf King' is going to continue as a hit game for a long time to come. Every operator that ordered has reordered and is begging for more."

Ristaucrat Names Distributor For New York

APPLETON, WIS.—Joe Cohen of Ristaucrat Corporation, this city, reported this past week that F. (Chippy) Maltz of Ristaucrat Distributors of New York, Inc., 457 West 45th Street, New York City, had been named distrib for the firm in the New York and outlying territory.

"This is one distributor," Cohen said, "who has already proved his capabilities, and is already showing operators everywhere in his territory how to profit from the 'Ristaucrat 45' phonograph."

He also said, "We believe that every operator in the east will be more than satisfied with the service which this firm will give him.

"They have established one of the finest service departments in the country and are ready to show every operator how he can profit with the 'Ristaucrat 45' phono in the spots they forgot all about."

"Chippy" Maltz is well known to all eastern operators. He has, for many past years, been considered one of the inventive and mechanical geniuses of the industry. He has, time and again, proved himself one man who could pick a winner.

"Today," Chip said, "the operator needs everything that he can get on locations in his area and the kind of equipment which will pay for itself in quick time while showing him a profit every day that it operates.

"Our 45 RPM record phono, the 'Ristaucrat 45' is, because of its low

price, one of the most outstanding moneymakers that the trade has ever known."

"Even storekeepers who have had very little experience with automatic music proclaim it one of the best machines they have had in their place.

"The operator who wants the smaller spot and who wants to get money from that location should investigate this machine immediately."

Shipping Cartons Getting Scarce

CHICAGO — Manufacturers thru-out this city report that shipping cartons are becoming scarcer every day.

One manufacturer here, running short of cartons for shipping purposes, called his regular supplier and was told, "You'll be lucky if we can fill your order in the next 30 days."

It is believed that those factories facing shortage of cartons may have to arrange for truck shipping with any wrapping that can be arranged at this time.

Others in this area, who are also using large, heavy cartons report that they have been advised to, "Place orders well in advance and we hope that we will be able to fill them."

Coimnen are urged to hold onto all cartons which they receive at this time so that they can reship merchandise in these when necessary.

As cartons grow scarcer manufacturers are planning to arrange for more general pickup of machines.

Music To Their Ears

CHICAGO—Bill O'Donnell, assistant sales manager for Bally Manufacturing Company, this city, lends an attentive ear as Al Bergman, Alfred Sales, Inc., Buffalo, N. Y., tries to hypnotize him into shipping more of the firm's hit game, "Turf Champ." Bergman, prior to his coin machine venture, had been a professional musician, playing in the orchestras of Gene Goldkette, Russ Morgan, the Casa Loma orchestra, and finally baton wielder in his own orchestra.

**Detroit Booms — Miller-Newmark Enjoy
But Ops Sad Biggest Summer Biz
In Firm's History**

**Only Phonos And Shuffleboards
Working — Still No Games**

DETROIT, MICH.—As was expected by the nation's economic experts, this city is enjoying the opening part of the big war production boom.

Labor is so scarce here that the larger plants are already appealing to the southern states for war workers.

In fact, some of the factories here have created headlines with the ads they are featuring, asking for labor from "everywhere in the country to come to Detroit."

Yet, regardless of the boom, and regardless of the fact that locations are jammed with workers, ops here are sad.

So far, and which has been the case for some many months now, nothing but shuffleboards and phonos are working in this very important, booming city.

As operator after operator explains "Even tho the people from our industry get excited when they visit Detroit and see what's going on, they don't stop to realize that we aren't allowed to operate anything but shuffleboards and phonographs."

In fact, it is reported that ops here had a difficult time getting the 12 foot shuffleboards to operate here. Police believed that this cushion board could be used for a "dice table."

Nor even shuffle games are allowed nor counter games. Vendors, phonos and the 22 foot and 12 foot shuffleboards is all that operates. Nor can the shuffleboard be placed promiscuously either. Many spots are much too small to accommodate the 12 footers.

So regardless of the boom going ahead here in this city, ops are sad, and will probably remain sad, unless someone can get games okayed.

DETROIT, MICH.—Miller-Newmark Distributing Company, this city, captained by Ben Newmark, advised this past week that the firm has enjoyed the best summer business season in all their history.

Ben also stated, "My partner, Bill Miller, who handles the Grand Rapids offices for the firm, advised me this past week that his offices had gone away over the top, and that business was better for this summer, with a few weeks still left to go, than at any other time in the history of the Grand Rapids offices."

The firm has concentrated on the AMI phonographs and accessories and report that they are away over the mark which they had originally set for themselves when they took on this line.

"In fact," Newmark said, "we wish we could fill fifty percent of the orders we have on hand right now. This would shoot us into a bigger business record than we have already set."

At the same time the firm has done marvelously well with the Eastern "Electro" cigarette vendor. This 8 or 10 column machine is now prominent in this area due to the sales which this firm has made.

"One thing," Ben stated, "that I want everyone of the operators everywhere in our territory to know, is we dont operate, and we don't intend to operate, so that none of our customers will ever get any competition from us in this fashion."

Please mention THE CASH BOX when answering ads—it proves you're a real coin machine man!

Phones And Wired Music To Be Fair Traded In Calif. Aug. 20

OAKLAND, CALIF.—The operators of coin operated phonographs and wired music are to avail themselves of the benefits of the Fair Trade and Unfair Trade Practices Act in 48 counties of Northern California, as of August 20, according to a statement by George A. Miller, president of the California Music Guild.

Counties that will operate under this act are: Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, Del Norte, Eldorado, Fresno, Glenn, Humboldt, Inyo, Kings Lake, Lassen, Madera, Marin, Mariposa, Mendocino, Merced, Modoc, Mono, Monterey, Napa, Nevada, Placer, Plumas, Sacramento, San Benito, San Francisco, San Joaquin, San Mateo, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tehama, Trinity, Tulare, Tuolumne, Yolo, and Yuba.

The act is a part of Part 2, Division 7 of the Business and Professions Code of California, added by the 1941 Legislature. The Act became effective September 13, 1941 and has been amended several times. It is now considered a model and an excellent piece of progressive economic legislation. The significance of the act is that it prohibits anyone in California from doing business at less than cost. It applies to selling merchandise or the rendering of a service or the output of a service trade.

The Act is designed to foster and encourage fair competition and to safeguard the public against the creation of monopolies and prevent "unfair, dishonest, deceptive, destructive fraudulent and discriminatory practices by which fair and honest competition is destroyed or prevented."

"The phonograph operators have for a long time been facing unfair and dishonest competition," stated Miller. "Great numbers of operators were not even recovering the bare operating costs. Soon they were unable to buy new replacement equipment. They used up their capital and sold out at distressed prices and looked for a job. This came about because the Act had not been enforced or taken advantage of."

"Many months ago, a fair trade committee was set up in the industry to make a thoro study of the business and take the procedural steps necessary to avail themselves of the benefits of the California Trade Act. This committee rendered yeoman service and deserves the commendation of the entire industry. Numerous meetings were held. Investigations of scores of operators, complete records of operation were studied to determine the absolute, irreducible cost of doing business. This was set forth in a cost survey in the form of a committee report to the operators of Northern California at a meeting held in the Leamington Hotel in Oakland, July 20, and unanimously adopted. This

survey will be established according to the law as of August 20. Anyone doing business at less than cost after this date will be proceeded against as provided by law.

"The phonograph industry is on the threshold of a new and healthy era," concluded Miller.

Miller quotes some of the sections of the law: Section 17045. The secret payment or allowances of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and where such payment or allowance tends to destroy competition, is unlawful.

"There is no substitute for Quality!"

EASTERN FLASHES

Altho resort owners in the Catskill Mountains report a 30% drop in business from last year, coinmen with equipment in these spots state their collections have held up. In addition, locations at shore areas are doing very well. Arcades in particular show a fine increase over the previous year. Operators say that this improved business condition is due to the falling off in 1949 during the month of August. It was at that time that a polio epidemic sprang up in this area, which resulted in practically cleaning out vacationers in mountain and shore spots. Coney Island and nearby New Jersey arcades are particularly benefited by the continuous play this year.

Samuel Wolberg, Chicago Coin executive, and his missus in town for a few days. The Wolbergs made the trip primarily to greet their eighteen-year-old daughter Roslyn (described by Al Simon as "a most gorgeous dish"), who was returning on the Corona after a ten-week trip thru Europe. While in the big city Mr. and Mrs. Wolberg took in several shows, and spent the week-end at the Al Simon domicile, which is practically a country resort. We're wondering if that pool game ever came off! . . . Herbie (Happy) Semel back on the job after a two-week honeymoon in Miami Beach. Herbie took his first lesson in golf from that Miami terror, Sam Taran, and now can't get his mind off the game. What with a new bride and a new avocation, Herbie can be a very busy man. . . . Jack Semel tells us he's felling fine after his recent illness—and most important, is taking care of himself these days. . . . Mike Munves, sporting a nice deep tan, and looking relaxed, back on the job, after a week's vacation in the mountains with the missus. Next vacation (whenever that comes) will be in Miami Beach, according to Mrs. Munves. . . . Joe Munves quite rushed with reconversion jobs on shuffle games. He takes in the operators' old games—sprays and reconditions the cabinets; and overhauls the machine mechanically—then puts on the firm's reconversion unit. "We give the operator who brings or sends his machines into our shop a game that looks brand new and works like it," stated Joe.

Jack Mitnick, AMI eastern regional representative, stays around town for the balance of this week, and then heads South. . . . Barney (Shugy) Sugerman, Runyon Sales Company, rushes out (in this hot weather) on a business deal, and all we can do is say "hello" and "goodbye" in the same breath. . . . We're told Bill Bye is in town. . . . L. B. (Mac) McCormick, Wilmington, N. C., in town for a few days, strictly on business. However, before he returned home, Mac couldn't resist the temptation to order a few new suits at his New York tailor. . . . Another visitor was Abe Rechschafer of Reliable, Hartford, Conn. . . . Hirsh de La Viez, Hirsh Coin Machine Company, Washington, D. C., another coinman who visited our town this week. Hirsh and Phil Mason up to some deal in Washington, which may be made known in a week or so. . . . While busy buying and selling used music, Harry and Hymie Koepfel, Koepfel Distributing Company, doing a terrific job supplying most of the country's distributors and operators with plastic for phonos. . . . Couldn't get to Joe Young, Young Distributors, who was busy with several operators demonstrating the Wurlitzer 1250. Talked with Abe Lipsky, who smiling reported another delivery on the way from the Wurlitzer factory.

According to Dave Stern, Remington Products Corp., Elizabeth, N. J., plenty satisfied with the number of coinmen who have been in touch with them and who are interested in setting up operations of their automatic "Insect Control." The firm has appointed several distributors and now is in the process of naming several more. Stern states an announcement along these lines will be made very shortly. . . . Teddy Seidel busier than ever getting those arcade machines for his client in the South. . . . Sales of Williams' "Double Header" increasing, according to Murray Kaye of Seaboard New York Corp. "As the operators find out how large their collections are, not only do they come back for more machines, but the word is being passed along thruout the trade, bringing in many other ops," stated Kaye. . . . Dave Lowy, Dave Lowy & Company, doing a terrific selling job on all Keeney products. "Wish the factory would be able to ship me more equipment," says Dave.

DALLAS DOINGS

Ray Barnes is at it again. Ray has been galloping around the country seeing the golf tournaments and participating in a few. . . . Herb and Emily Ripa are enjoying a good business at "Rip's Lounge." Dropped in myself and ran into Clyde Carr, Hoss Robinson, Jaunita and Dewey Parsons. . . . Mary Cass, attractive secretary at American Distributing, is vacationing in Missouri. Confidentially, I think the Metassa boys really miss her. They are really having to pitch in and work. . . . Monk Kaiser and family are enjoying the scenery in beautiful Tennessee. . . . American Distributing is selling more A.M.I. machines than they can get from the factory. Joe and Leonard are very enthusiastic about Gottlieb's "Rockette" five ball, forthcoming in about one week. . . . Milner Music Company sold out to the Gregg enterprises of Dallas. However, the company still operates on the old policy and Lester Woods is still with them. . . . Fred Barber, Walbox Sales, returned from a two-week vacation in the Rocky Mountains. Fred tells us the "Ristaurat" Player is still going great in Texas and New Mexico. . . . Even with the advanced price on the "Turf King," the demand is far exceeding the supply on hand at Walbox. Incidentally, George Wrenn tells me that their semi-annual report is running above that of last year. Who says business isn't good? . . . Bernard Reichel of Reichel Dist. Company, El Paso, flew into Dallas in his Beach Bonanza to visit with friends for several days. . . . Another visitor in Dallas is Lou Sebastian, Southwestern sales manager for Rock-Ola.

Ruth Robertson is taking an extended trip to Alabama, Florida, Tennessee and Louisiana. . . . Dallas coin machine men have lost their first man to the armed forces. Tony Padillo has been called to the army and is scheduled to leave September first. . . . We were sorry to hear about Harry Drollinger and Buck Nash. Both had very bad heart attacks, but at this time are much improved. . . . Claude Haynes, who has been very seriously ill in a Dallas hospital, is home again but definitely is still on the sick list. . . . Hear that Bob Hunter is re-entering the coin machine business from the stand point of operating. Good luck to both Bob and Audry. . . . Tommy Chatten returned from his Mexico vacation and headed for Possum Kingdom for a few days of fishing. Glad to have you back Tommy.

CHICAGO CHATTER

Regardless of the continued torrid weather, the greater sales that are being reported around town, many are getting set for one of the biggest Fall seasons in all history. . . . Reports from Washington are to the effect that the Senate bill will pass unanimously. Many complications are expected to arise as result of this bill. For example, many hardware stores are selling approximately 300 parts which can be used in present slots. Should hardware men sell these with knowledge that they are being used for slots (gambling devices) this is criminal. According to interpretations which some have received, consoles are okay. Lots and lots of other legal tangles in offing. Even such states as Nevada may have to rewrite present legislation regarding slots. Anyway, bill is reported already out of Rules Committee and may be law even before this appears in print.

Lots of people at the United Mfg. Co. picnic at Devon and Crawford this past Saturday. All kinds of fun. Races, prizes, games, lots and lots of food and drinks. All execs on hand. All employees out to enjoy themselves. Billy DeSelm promised to run the three legged race with one of the boys. Ray Riehl expected to win a couple of contests—especially the lost shoe race. This is one time when engineers just don't count. . . . Joe Kline of First Distributions back in town after his first week on the road (southern Illinois) in six months and absolutely loaded with business, Joe believes that this is the time to get out on the road. Wally Finke worked until midnight almost every day that Joe was gone. Result? More employees being added to First Distributions. . . . Distributions around town trying to get more and still more machines. Herman Paster (regular commuter) in from St. Paul and asking for the stuff in carload lots.

Chris Christopher in from Baltimore and working hard to get Bally to double and triple present shipments to keep Baltimoreans happy. . . . Jackie Rosenfeld in from St. Louis and also much upset because he didn't get another ten carloads of this and that to just fill orders. . . . Carl Hoelzel popped into town from Kansas City and is reported to have made the track here very sad. The guy is reported to be uncanny at pickin' 'em. . . . The boys over at Como Mfg. Corp. are probably the busiest in the city. Bill Billheimer now has orders to "Ship as many as you can each day until we tell you to stop." . . . Bob Breither of Bally still on the West Coast conducting Bally service schools. . . . Bill Happel expected to bounce into town with Al Silverman any day now. . . . Cartons are getting as scarce as hens' teeth and 30-day delivery schedules are only the beginning. . . . Frank Mancuri has the answer, "We call it 'Playland.' You'll call it 'Playland'" he's telling ops about Exhibit's newest five-ball. Frank reports that location tests proved this one of Exhibit's finest.

Ben Coven over at the International Fair and meets up with German boy who was a Russian prisoner for sometime. Ben telling us all about what this man saw while in Russia. . . . Harold Saul, who originally started with Ben Coven in TV department, is now so glamorized by coinbiz. He just can't get over it. . . . Carl Christianson reporting in from southern Illinois with but one word, "Ship." . . . Lou Rubin of Lieberman Music, Minneapolis, in town to see the All Star Football Game drops over at ChiCoin and tells execs there how well firm's products going. . . . Mac Brier so busy at Coven's he can't leave for road trips anymore. Mac also furnishing a new apt. . . . Sam Lewis of Chicoin expects to become a "Daddy" in about three weeks. Hopes it'll be a "boy." . . . Avron Gensburg rushed down to Florida. There's romance in the tropics. . . . Samuel Wolberg on to New York to meet his daughter who just returned from Europe. . . . Ed Levin punching away at those telephones, just says, "Trophy Bowl, that's all." . . . Exhibit Supply already starting to plan for '51—that'll be the first Golden 50 Years in the coinbiz.

Visitors at the Rock-Ola plant amazed at the activity, especially how speedily those cabinets come off the lines. . . . Happy Birthday to: Harry Hurvich, Birmingham; Bill Marmer, Cincinnati; Dave Bond, Boston. All getting one year older this week. . . . O. D. Jennings & Co. shipping a remote control machine called "Joker" which is non-coin operated and worked from the bar. Lots of people interested. . . . Harry Pearl of Elizabeth, N. J., in town and up to Appleton, Wis., to visit with Ristauerat, Inc. . . . Frank Mancuri spent his vacation at home. Says Frank, "Got some repairs in at long last." . . . Mike Hammergren of SuperVend one of the busiest of the execs around the industry. Never in one place long enuf to even take a phone call. . . . Charley Pieri of Keeney had only this to say, "Just busier than hell, that's about all."

Col. Marshall Micon, brother of Lenny Micon now with World Wide, and formerly with this publication in Los Angeles offices, drops in to say "hello" and advise he may be coming back to his home town as attorney. . . . Joe Cohen of Ristauerat phones in to advise the firm will speed up production to catch up with demand. . . . Ed Ratajack of AMI one of the proudest daddies in the coinbiz. Ed spent his entire week's vacation with "easy" Mark—his son—who is now all of 3 months old. Ed got the biggest kick in the world out of it. . . . Joe Caldron advises that export biz is greater than ever and that he's working hard trying to satisfy demand. . . . Sam Stern over at Williams is about as busy as they come. Says Sam, "We sure can't complain. Our 'Double Header' is going ahead faster than ever." . . . Trip up to Detroit is an eye opener for all engaged in the coinbiz. Its the boom town of the nation. But, without coin games of any kind. . . . Ouch!

Dave Wallach passing thru to go back home to L. A. advises he left Dave Lowy in NYC and is seeking connection on West Coast. . . . Mfrs. believe that Chgo tests of new games of "no value." Public here so hungry for games that play always away up on top. "Must test them where play has been going on for months and months and players well used to all types of games," they say. . . . Watch arcades grow and grow and grow. . . . Harry Brown of Amusement Sales here a hard guy to catch in these days since news out he has something not for any bell op. . . . All leaders agree ops should set up and be prepared for any eventuality. Operating is "it" from now on.

CALIFORNIA CLIPPINGS

Biggest news of this week and several others on the L. A. Row was the appointment of Paul Laymon as Wurlitzer distrib for Southern California. The popular music box had been handled locally for the past year by Al Mendez and Norman Rothschild at Southland Distributing Co. up on Crenshaw Blvd. We are certain the Laymons will do a fine job on their new baby. At last word, the future plans of Southland was a little uncertain. Here's wishing the boys the best of luck on any new enterprise they may launch together or separately. The occasion of Paul Laymon and staff taking over on the Wurlitzer called for a little celebrating, especially with Wurlitzer General Sales Manager Ed Wurgler on hand for the celebratin'. It was swell of the gang to invite us up to join them in hoisting a short one, and we sure regret not being able to make it this trip.

One that we were real late in catching up with is Ray Powers joining Badger Sales Co. some weeks back in charge of the Music Dept. Ray tells us that he's kept plenty busy and happy, too, on his new deal with the Happel firm and is relieved of a few headaches he had while off on his own here and in San Diego. His former business associate Nels Nelson is also hard at it at Minthorne's, where he's gone back to his old reliable trade of mechanic. . . . Back from Vegas, which he reported as being hotter than the rim of Hades, was Jack Simon of Sicking, where one-balls and five-balls are merrily spinning out these days. Jack's secy., Cele Padwa, was lining up her vacation trousseau when we stopped by and only giggled when we asked if she was running off to get married. . . . Phil Robinson, one of the busiest men in town these days, with just about everybody wanting in on Chicago Coin's fast moving "Trophy."

Jack Sheppard, still headquartering at Lyn Brown's, off on another one of his two-month sales tours on premium merchandise through Colorado, Utah, Arizona and Texas, Lyn's partner, Fred Halpran, reports. . . . Back in the music business is Mrs. P. A. Barnes, a pioneer music operator, who recently bought a route from Ray Powers. . . . Bill Happel went albacore fishing once again last week, along with ops Harold Presher of San Diego, Ed Harrison of Sherman Oaks and Mike McGreal of Newport in Mike's boat. . . . The boys rigged up a jackpot, which wasn't won by Bill Happel. . . . Universal Engineer Murphy drove around the town on his vacation and told the boys at Badger that it looked good enough to live in for him. . . . Over at Automatic, George Warner reveals that they're starting to get some lively action in the one-ball department, especially since Dannie Jackson brought in some orders from his recent out-of-state tour. . . . On the Rows: S. W. Ketchersid of San Bernardino. . . . Mr. and Mrs. Harry Rowe from Van Nuys. . . . Bakersfield's Mr. and Mrs. Fred Allen. . . . M. S. Tillitson of Long Beach. . . . Bell's E. S. Trimble. . . . Mrs. Lorene Davis of Whittier. . . . Cam Hathaway from San Luis Obispo.

MINNEAPOLIS—ST. PAUL, MINN.

Henry Greenstein of the Hy-G Music Company, back at his desk and refreshed after spending several nice days at Breezy Point Lodge, Brainerd. . . . Mr. and Mrs. Gil Kitt of Chicago were guests of Herman Paster at his beautiful summer home up North near Brainerd. Mr. and Mrs. Herman Paster, the Gil Kitts and Alvin Nilva, drove over to Breezy Point Lodge Saturday evening for a night's fun, Herman Paster leaving for Milwaukee over the week-end, as did Gil Kitt leave for Chicago, Mrs. Kitt staying on. . . . Art Hagness of Grand Forks, N. D., is taking two weeks off to drive leisurely towards the West Coast with the Mrs. If he gets to the West Coast okay—if not, he will turn around and come back home. . . . Al Jahn of the firm, Jahn & Schaller, LaCrosse, Wis., in Minneapolis for the day, picking up some equipment.

Stan Woznak of Stanley's Music Company, Little Falls, in Minneapolis for the day. . . . Mr. and Mrs. F. E. Donaldson of Taunton in Minneapolis for the day, and they report that their new building which will be a cafe and beer parlor is near completion and they are very anxious to get into their new quarters. . . . Don Smith, of Sioux Falls, S. D., taking a few days off to come into Minneapolis, on sort of a vacation. . . . Mr. and Mrs. Lorenzo Olson of Grand Forks, N. D., spending a few days in Minneapolis making the rounds. . . . Charlie Webber is not only a good Minneapolis operator, but also a good writer, as he is composer of "Wings and Clippings," which is the headline of the article appearing each week in the North Minneapolis Post. Charlie, during World War 2 flew B29's.

Quenton Haroldson of Northwood, N. D., in town for the day, calling on a few distributors. . . . Dave Chapman and George Coddington, Minneapolis operators, took off the first of the week to drive into Canada, where they will do some fishing. . . . Phil Jordan of the Howard Sales Company, back on the job again after spending a very pleasant week with the Mrs. and the baby, at their cabin at Osakis, Minnesota. . . . Paul Felling and his young daughter, Janice, taking time off to drive into Minneapolis for the day to pick up his record supply. . . . Earl Berkowitz of the B & B Novelty Company, Superior, Wis., will leave the hospital tomorrow after an appendectomy operation. He is feeling fine and hopes to back on the job very soon.

CLASSIFIED ADVERTISING SECTION

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

Bally TURF KING

gives **MORE** fun to **MORE** people,
earns **MORE** money for operators

NEW Player's Choice Idea attracts record-smashing play

TURF KING gives every player what he wants. The fellow with the loud tie fights for Odds. The guy with the glasses goes for Selections. His buddy gets a bang out of Double Scores. The Feature-fancier drums tunes on the Pennant-button. The result is complete player-satisfaction and the greatest continuous earning-power in pinball history.

Get your share of the record-smashing TURF KING profits. Get TURF KING today.
