VOLUME 12 NUMBER 12

DECEMBER 16, 1950

Bing Crosby, "Mr. Music" himself to millions of people throughout the world, has a new movie breaking around the country at Christmas time called—guess what—"Mr. Music". A consistent best seller of records, his royalties from disk sales are second to none. This summer Bing and his son Gary electrified the music world with their wonderful waxing of "Sam's Song" and "Simple Melody". And now for the Christmas season, he has several numbers going strong including "Crosby Christmas" which has passed the half million mark, "It's A Marshmallow World", "Rudolph, The Red Nosed Reindeer" and of course the greatest of all his disks, "White Christmas". Bing records exclusively for Decca.

Used Market Grows More Important

There will have to be trading and selling to continue an active market. Used machines will prove faster selling than anything else.

The growing importance of the used machines market is reflected in the latest issues of the "Confidential Price Lists" which appear in each week's issue of *The Cash Box*.

Where the used market, for sometime, was so jittery that prices didn't seem to hold stable from one week to another, they seem now to have, at last, settled down and, if anything at all, are starting to slowly and gradually climb to new heights.

The importance of the used machines market cannot be underestimated by the man in this business today. He knows what this market meant during War II. He also realizes that when Spring, 1951, comes into being, and controls are as tough as Washington says they will be, then the used market will once again assume tremendous importance to all who buy and sell.

Many changes are sure to come about, as the weeks go by, but, most definitely, if anything at all happens in the used market, it will be continued jumps in prices of equipment, especially later models, to the point, as new equipment becomes more scarce, where the used field may again step into the limelight to lead the parade.

The Cash Box will continue, therefore, to carefully watch the growing importance of this market thru its "Confidential Price Lists."

There is no doubt, these lists will prove of invaluable help to everyone engaged in the field, especially as conditions change and defense work takes over to the point where nothing but used equipment is of outstanding importance.

The general business slideoff is reflected in present sales of new equipment.

In addition to the seasonal holiday business slideoff, ops have held back from trading in equipment.

There is more than one reason for this. The average operator reports that what is being offered him for trade-ins at this time doesn't correspond with what is being asked of him for the new machines.

He feels that he is better off holding onto whatever equipment he now has, "For", as one operator after another has stated, "prices simply can't go any lower. If anything," these ops believe, "they've got to go higher."

And that, more or less, is so true that the distributor who seeks used machines realizes now that this market is growing ever more important.

As the materials controls orders come thru from Washington, less and less new equipment will be produced.

"*The Confidential Price Lists*" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of *The Cash Box* and appear in each week's issue. "*The Confidential Price Lists*" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "*The Confidential Price Lists*" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "*The Confidential Price Lists*" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "*The Confidential Price Lists*".

MUSIC LEADS BIZ

Steady Climb Gives Music Commanding Sales Lead. Music Mfrs Enjoy Unprecedented Demand. Field Continues to Grow as Ops Add More Music and Modernize Routes. Better Commish Basis and Front Money Most Important Problems.

Automatic music continues to lead the field.

This was first noted the early part of this past summer, when dollar sales of music began to exceed all other sales of this industry's merchandise, and the continued big demand for automatic music in all classifications went on unabated.

A slideoff in sales became apparent, in almost all divisions of the field, this past October.

But, the automatic music field continued on ahead, even tho there were sales halts in various areas.

As one noted automatic music manufacturer stated, "There are some slideoffs in sales in our field, too. But, these are spotty. Demand continues. We only hope we can build the number of machines the trade demands."

A slowdown in sales, in Fall, of automatic music, is more or less expected in the juke box industry.

This has been the case for some years, due to the fact that the average factory announces new models about that time of the year, and the juke box op holds back from further buying until he is certain that the machine he buys today, will not be declared an "old, last year's model," tomorrow.

Even with this fact in view, the slide-off is not serious in the automatic music field. In fact, if anything, it is a breather for the average juke box manufacturer.

He now has a chance to accumulate some raw materials to assure himself continuing in production. At least a certain percentage of his normal production. He doesn't expect to be able to continue normal production for the next few years.

Most of the automatic music plants are very busy building defense materiel and will get more and still more of this work as time goes on, for the juke box manufacturers proved among the finest builders of war equipment the last time and will, probably, so prove themselves again this time.

Whatever the future holds, the automatic music field is sure to continue its lead, as it continues to produce new and better equipment, and holds to a price line which is in keeping with what ops can earn.

The field continues to grow greater each year. There is now no doubt that the juke box business is well on its way to overpowering anything that can be called a "national chain of music."

This is one field that is giving the public, young and old alike, in small villages and big cosmopolitan centers, the music best liked at the most economical price.

The big problem that faces the average automatic music operator today is to arrange for a more equitable commission percentage basis between himself and his location owners.

This continues the greatest need. Regardless of the fact that this publication (continuously quoted by automatic music leaders and faithfully followed by them) has urged the nation's juke box operators, for over eight years now, to change to a more equitable commission and front service money basis with all locations.

There are those locations, a few of them in each operator's route, where the old 50%-50% basis can be continued. But, the average spot (and that is the location above the poor places) must be placed, either on 70%-30%, or on a front service money guarantee, ranging anywhere from \$5 to \$20 per week.

This is the big problem of the juke box industry. To arrange a more equitable commission basis so that the operators will continue to amortize their equipment in a reasonable time and will see a decent percentage of profit on their huge investment.

Everyone in the field must concentrate on this purpose. This is the one and only way to assure the automatic music industry going ahead as it should progress. Without this effort, without this purpose,

the industry will stand still. And a standstill means that all will lose.

Accountants have shown that 70%-30% is more equitable. Accountants have also proved that quicker depreciation is necessary. The four year depreciation plan as explained by this publication, is the most reasonable, and the most equitable, for the industry on a national scale. No machine is worth much after four years as far as trade-in value is concerned.

The same is true of front service money guarantees. The average old machine should get \$5 per week front money. Brand new equipment should get at least \$20 per week front money. The balance should be divided 60-40, according to most ops, but, the majority are willing to divide the balance of the gross intake on a 50-50 basis.

Whatever method the operators adopt, whatever plans they have for the future, whatever distributors and manufacturers are proposing, the fact remains that the music field continues to lead.

Many ops, who formerly never operated music, have now seen fit to enter into this division of the industry.

Much new blood has also been brought in. And most of this new blood is upsetting territories everywhere it has been introduced.

The new units will continue to sell in good quantity and many new innovations are as yet forthcoming. All in all the automatic music industry has shown great progress. And continues to show great progress.

The time has now arrived when the leadership of automatic music, plus its continued good progress, must be definitely and convincingly cemented.

That can only be accomplished by a complete, national effort to obtain a more equitable commission arrangement for the juke box operator everywhere in the nation, whether by educational processes or by definitely showing him that he cannot long exist without profit.

JUKE BOX OPS URGED TO FEATURE "ANY BONDS TODAY" IN NO. 1 SPOT IN ALL PHONOS Nation's 550,000 Juke Box Locations Can Once Again Tremendously Boom Uncle Sam's Bond Sales

Forever, to the lasting praise and commendation of the Automatic Music Industry of America, the great and outstanding job which the phonographs of this industry did, before and during World War II, to help boom sales of War Bonds to the public, by featuring the great Irving Berlin tune, "Any Bonds Today," in the Number One position in every juke box in this great nation, will forever be remembered.

Now, once again, the juke box industry can be of tremendous help to Uncle Sam.

Once again, the juke box industry can help Uncle Sam's Treasury Department *sell more bonds*.

And the one, and only, way for this industry to boom the sale of more, more, and still more bonds, is to loudly and proudly feature "Any Bonds Today."

The song that sold more bonds than any other media, while it was featured and played in the Number One position in the nation's juke boxes.

This is the time to call on the record manufacturers to immediately again press the tune that helped the nation to victory.

Every dollar siphoned out of the public's pockets means so much less possibility of ruinous inflation.

Every dollar invested in War Bonds means so much more power for Uncle Sam to win a victory.

Every dollar invested in War Bonds means so much better an investment for everyone in the nation.

The bonds pay better, and are safer, than any other investment that can be made in all the wide world.

This, then, is again the time for the nation's juke box ops to come to the fore to prove that this industry can, and will, sell more and more bonds for the

U. S. Treasury Dept. than any other media, any other method, any other agency, anybody else in the country.

This is the time for "Any Bonds Today" to be featured in the Number One position on every title strip holder in every juke box, and other automatic musical instrument, in the nation.

Whether this current conflagration will turn into World War III or not, is not known by this publication.

It is the sincere and wholehearted hope of this publication, and everyone concerned with it, and surely everyone of its readers, that there will not be anything even approaching something which can be labeled "World War III."

To make most certain of this, make Uncle Sam stronger than ever!

Build up his sinews with investments in U. S. Treasury Bonds.

The juke box industry proved so outstandingly successful at this venture in World War II that the then Secretary of the Treasury publicly commended this industry for its great work in this direction—selling *Bonds*.

Put that tune back into the Number One position in every automatic musical instrument in the nation.

Feature it in placards and posters on every juke box. Put stickers on the glass where programs are featured.

Make 'em play and remember, "Any Bonds Today."

Sell more bonds via juke boxes than any others can sell.

And, while we're about it, how about YOU? **ANY BONDS TODAY?**

Record Review

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"BON VOYAGE" (2:52)
"WHEN YOU RETURN" (2:47)
 GRACIE FIELDS
 (London 844)

● Two slow ballads by Gracie Fields are pushed forward on this platter. Accompanied by the Mayfair Singers and the Bob Farnon Octet, she gives these sides an accomplished rendition. Both tunes are sentimental items sung in Gracie's easy to take style. Ops will want to hear these for themselves.

"AULD LANG SYNE" (2:41)
"SHOW ME THE WAY TO GO HOME" (2:20)
 HENRY JEROME ORCH.
 (London 860; 45-860)

● Two very bouncy versions of old standards give Henry Jerome and his boys a wonderfully listenable disk. Upper half has the Glee Club doing the lyrics while Hal Burton and the Ensemble go to town on the lower lid. Both ends have good arrangements which makes you want to hear more. For some pleasant light hearted fare, ops should get this one.

"TEARDROPS FROM MY EYES" (2:34)

"THIS EVENING" (2:54)
 LOUIS PRIMA ORCH.
 (Robin Hood 103)

● Louis Prima gets his bid in on an item that began in jazz circles and is spreading fast. Louis does a duet with Keeley Smith and gives it a good hot instrumental. Second side is a ballad again with Keeley Smith and again offering up a good instrumental. Ops will want to listen to both ends very carefully.

"END OF DESIRE" (2:35)
"CALIFORNIA" (2:23)
 NATURE BOY ORCH.
 (Mercury 5554)

● A very unusual disk, as might be expected, is offered here by Nature Boy and his orchestra. The first tune is a very appealing one and it's given a strange, gasping vocal by Bobby Please. On the lower level, there's again a sort of broken vocal by Bobby to an interesting background. Ops should hear this for themselves.

"HALF AS MUCH FLIRTIN'" (3:05)
"THINKING OF YOU" (2:30)
 MARGARET PHELAN
 (King 15089)

● A girl with a good voice shows her versatility with two different types of numbers on this disk. First side is a jump item given a full going over by Margaret Phelan and Dave Terry's orchestra. Lower half is a current ballad on which she turns in a pleasant piece of work. Ops will want to get a look at this girl.

"YOU'RE MINE, YOU" (3:07)
"THE NEARNESS OF YOU" (3:17)
 SARAH VAUGHAN
 (Columbia 39071)

● A present day ballad with a lot to offer is given a first rate rendition by Sarah Vaughan. Helped out by Joe Lipman's orchestra, she makes it sound real good. The lower lid is an oldie which she gives some terrific feeling to and it just sends a shiver straight through you. It's a wonderful side and it gets our nod.

DISK OF THE WEEK

"LOVING IS BELIEVING" (2:58)
"MUSIC BY THE ANGELS" (2:52)

AMES BROTHERS
 (Coral 60352; 9-60352)

THE AMES BROS.

● Here's a situation. In the December 2 issue of The Cash Box, we picked the Ames Brothers' waxing of "Music By The Angels" backed by "The Thing" as The Disk Of The Week. Now comes an Ames Brothers' record labeled "Loving Is Believing" backed by "Music By The Angels" and the new side is so

terrific that we have to pick the disk all over again. With a heavy-weight on each end, it makes it very uncertain which is gonna get up there first, but there's no doubt at all that both are destined to do it. Music ops have a disk here on which both ends are gonna be worn white and then some. On the top deck, the Ames Brothers have a ballad which you find you can't get out of your mind after you hear it once or twice. It has a lovely simple melody with lyrics to match and of course the boys give it a vocal that's out of this world. Roy Ross and his orchestra also chime in and an organ interlude by Roy creates a wonderfully easy feeling. As we said, the other side "Music By The Angels" has already been picked as The Disk Of The Week, so you know what we think of that one. Both ends of this disk are tailor made for music ops. Grab on right now.

"SLAUGHTER ON TENTH AVENUE, PART 1" (2:48)

"SLAUGHTER ON TENTH AVENUE, PART 2" (5:57)

LES BROWN ORCH.
 (Columbia 39074)

● An exciting arrangement of the Richard Rodgers ballet from "On Your Toes" is dished up here by Les Brown and his orchestra. Dividing the number up between the two sides, Les makes each end a good listening experience. Ops should take a good look at these instrumentals. They're gonna grab a lot of play.

"CHRISTMAS IN KILLARNEY" (2:30)

"RAINBOW GUY" (2:35)
 RALPH MARTIERE ORCH.
 (Mercury 5549)

● An Irish sounding Xmas tune with a wonderful lilt is given a comparatively slow arrangement by Ralph Martiere and the orchestra and the Richard Page choral group. The second side features a grand number with cute lyrics and a vocal by Betty Chapel. Both ends are pleasant to hear.

"BABALU" (2:38)

"TANGO OF ROSES" (2:49)
 JAN AUGUST
 (Mercury 5556)

● Jan August puts his piano to work and gives out with a couple of terrific instrumentals. On the upper lid he takes "Babalu", twirls it around the piano, gives it a touch of swing, and has you crying for more. The lower half, dished up in tango rhythm again displays some magnificent piano work. This is a natural for ops.

"IN THE MIDDLE OF A RIDDLE" (2:46)

"CROSS MY HEART, I LOVE YOU" (2:47)
 TED STEELE
 (Rainbow 30044)

● Ted Steele has a couple of organ numbers here on which he gets some help from Eddie "Piano" Miller. Upper lid is a current ditty that's been trying to break through. Lower side is a waltz on which the organ and the piano combine again with a choral group to do the lyrics. This one needs the proper locations.

"EVERY DAY" (2:37)
"TILL I MET YOU" (3:03)

MEREDITH WILLSON and EILEEN WILSON
 (Decca 27334; 9-27334)

● Meredith Willson and his orchestra and Eileen Wilson team up to give ops a couple of ballads. They insure that both ends make for good music. Eileen's voice is lovely to hear and the setting which Meredith provides adds to the interest. Ops should listen in.

"HANDCUFFED TO LOVE" (2:40)
"I CAN'T GIVE YOU ANYTHING BUT LOVE, BABY" (2:40)

TINY HILL ORCH.
 (Mercury 5546)

● A sad smooth ballad is tossed around on the upper lid by Tiny Hill and his ork. With his western sounding voice, Tiny makes this a heartfelt ditty. On the lower half he has a jump version of an oldie with a good piano accompaniment. This deserves a listen from ops.

"TIMELESS" (3:05)

"IF I HAD ONLY KNOWN" (2:35)
 ALAN DALE
 (Columbia 39072)

● In his easy going way, Alan Dale has a couple of songs to show here. Top deck is a ballad given a light going over by him while the bottom half is another ballad which has some good choral work. As is usual with Alan's records, this one is easy to listen to.

"MERRY CHRISTMAS" (2:17)
"MY CHRISTMAS WISH" (2:59)

ANNE SHELTON
 (London 837)

● A couple of Xmas tunes are sung pleasantly on this disk by Anne Shelton. Upper lid, to the accompaniment of Roy Robertson's Orchestra, is delivered in light tempo. Flip is a ballad on which Anne's big voice does a neat job. Ops in the market for seasonal material have good possibilities here.

"IF I DIDN'T MISS YOU" (3:07)
"IF I WERE A BLACKBIRD" (2:45)

STANLEY BLACK ORCH.
 (London 845)

● Stanley Black and company run through two ballads in fair enough style. Featuring some good piano playing by Black, the disk has Dick James on the vocal with the Star-gazers and the George Mitchell Choir on each side. Although these aren't any world beaters, they should serve ops as good filler items.

"CHAT-CHAT-CHATTERING" (2:54)
"WANNA PULL TAFFY?" (2:46)

JOHN PEREE
 (Rainbow 5555)

● An absolutely crazy novelty done in crazier style makes this disk something to hear. John Peree gives it a vocal that's just short of mad and Eddie "Piano" Miller comes in with some terrific piano work. Flip is another novelty in the same vein done in similar style. It's not quite the same madcap thing but amusing to hear. Top deck could very well break out.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"YOU LOVE ME" (3:09)

"TEN THOUSAND FOUR HUNDRED THIRTY-TWO SHEEP" (2:55)

DORIS DAY
(Columbia 39058; 6-913)

● "The West Point Story" provides Doris Day with material for both sides of this disk. Upper half is a ballad with a lot of potential. With Doris' chirping and this good orchestration, it could very easily come through. Flip is a novelty on which Doris does a good job accompanied by Frank Comstock's orchestra and the Quartet. Both ends deserve ops attention.

"ANYTHING YOUR HEART DESIRES" (2:45)

"MAMBO NEGRO" (2:20)

XAVIER CUGAT ORCH.
(Columbia 39059)

● A lovely familiar melody gets a going over here by Xavier Cugat and his band. Abbe Lane does the vocal to this tango rhythmed number in pleasant fashion while the orchestra comes through in plush style. Lower level is an easy to listen to mambo done instrumentally. Ops will want to get with this.

"ONE LIE LEADS TO ANOTHER" (2:21)

"DON'T CRY, BABY" (2:30)

TONY BENNETT
(Columbia 39069; 6-924)

● Tony Bennett has a bouncy number which he does in an easy vein. With Norman Leyden's orchestra accompanying him, he makes it sound very listenable. The second side is a sort of blues thing on which his full voice gets a chance to be shown. This is a good record for ops to listen to.

"IT IS NO SECRET" (2:37)

"HOW NEAR TO MY HEART" (2:45)

THE MARINERS
(Columbia 39073; 6-928)

● The Mariners, that combo that turns out such wonderful harmony, go to town on a religious tune that's headed for big things. With Archie Bleyer's orchestra to back them up, they add to the song's charm. The lower half is a nostalgic item, soft and easy and pleasant to hear. Ops will do ok with this one.

"MY HEART CRIES FOR YOU" (2:48)

"YOU LOVE ME" (2:54)

BILL FARRELL
(MGM 10868; K10868)

● Bill Farrell lets go with a tune headed for the top and gives it a pleasant working over. Taking it real easy, Bill gives the song a little different flavor with the backing of Russ Case's orchestra. The lower lid is a ballad done as a jump item which gives it an unusual effect. There's good juke box material at both ends.

SLEEPER OF THE WEEK

"SMILE, SMILE, SMILE" (2:25) "WILLOW WILL YOU WEEP FOR ME?" (2:31)

PRIMO SCALA
(London 823)

● A swingy, catchy tune is given a great going over by Primo Scala, his banjo and accordion band and it comes up as a sure bet for music ops. Titled, "Smile, Smile, Smile" this tune has a lot of appeal and is sure to be a hot item for juke boxes. Getting a good singing chorus from the Keynotes, it flows easily from beginning to end. The banjo is handled in wonderful style with all sorts of gimmicks in the playing making it sound good. Plenty of

accordions give the disk a full affect and the whole combination of voices, accordions and banjo unite for a platter which'll make customers and ops very happy. Bottom half is an oldie done in similar style in which the same group go to town, again with a very listenable result. Ops who recall the way in which Primo Scala has caught on with former disks, will want to get onto this one in a hurry.

"AN AMERICAN IN PARIS" (2:49)

"LIZA" (2:47)

DAVID ROSE ORCH.
(MGM 30291; K30291)

● Two old Gershwin items are given a magnificent revival by David Rose and the orchestra. The top deck, taken from a much longer piece and condensed is a beautiful thing to listen to as arranged instrumentally by the Rose crew. Flip too is an exciting experience. Ops who get with the upper level have a money making disk on their hands.

"FOR ME AND MY GAL" (2:57)

"LULLABY OF BROADWAY" (3:06)

BENNY FIELDS
(MGM 10867; K10867)

● For his first disk on the MGM label, Benny Fields comes up with two oldies that are pleasant to hear coming from him. Upper half offers a subdued Benny going along with the Crew Chiefs while the bottom level has a bouncy version of an old favorite on which the Jud Conlon Singers help out. Ops will want to get this one.

"MY HEART CRIES FOR YOU" (2:54)

"MUSIC BY THE ANGELS" (2:48)

VIC DAMONE
(Mercury 5563; 5563x45)

● An excellent tune is given an excellent rendition by Vic Damone and it comes out as an excellent record, which isn't surprising. With George Sirabo's orchestra and a grand chorus Vic really sends this number to the skies. Flip is a slow interpretation of a strong item on which Vic turns in a workman like job. Top deck gets our nod.

"THESE FOOLISH THINGS" (2:45)

"SOLITUDE" (2:54)

HERB JEFFRIES ORCH.
(Mercury 5539)

● Herb Jeffries takes a couple of old ballads and sends them flying with his wonderful interpretations of them. Putting some grand feeling into both of them and getting a terrific instrumental from his orchestra, Herb makes these disks not to be missed. Ops will want to listen in as soon as possible.

"THE ROVING KIND" (2:44)

"THE WRECK OF THE JOHN B" (2:23)

THE WEAVERS
(Decca 27332; 9-27332)

● A ditty that's threatening to break out and run away serves to bring back The Weavers to the juke boxes. The group gives it a distinctive rendition with the help of LeRoy Holmes and the orchestra. Flip is a folk type thing set to rumba rhythm and boasting lyrics by the poet, Carl Sandburg. After "Goodnight, Irene", ops will want to see about this.

"SERENATA" (2:35)

"THE KISSING ROCK" (2:45)

ART LUND
(MGM 10860; K10860)

● A song sporting a very singable melody is displayed here by Art Lund. Featuring a South American lilt, Art gives it the works with the Jud Conlon Singers and LeRoy Holmes and the ork chiming in. The second side sees Art working over a novelty, this time with the Crew Chiefs. This one should do fine in the boxes.

"WHERE, OH WHERE" (2:56)

"I AM LOVED" (2:46)

TRUDY RICHARDS
(MGM 10863)

● "Out Of This World" provides the material for these two sides by Trudy Richards. Upper half is a ballad on which Trudy turns in a competent job with Joe Lipman's orchestra. Flip is a typical Cole Porter number in beguine tempo. These'll hold their own with the many other waxings from the same score.

"THAT'S A MAN EV'RYTIME" (3:38)

"NOBODY'S CHASING ME" (3:03)

MARTHA TILTON and CONNIE HAINES
(Coral 60346; 9-60346)

● Two cute novelties are offered in interesting fashion by Martha Tilton and Connie Haines. With George Cates' orchestra providing the background, each tune has a set of good lyrics to push it along further. The girls sound real sharp on it and ops will want it in their machines.

"I DROPPED A PENNY IN THE WISHING WELL" (2:40)

"WE'RE ALONE AT LAST" (2:54)

KATHY MARCH
(Abbey 15032)

● A tune with plenty of potential is offered her by Kathy March. Giving it a lot of bounce, she gets some excellent help from a good orchestration by Jerry Shard's orchestra. Flip is a slower item, again a good song on which Kathy turns in a nice job. Ops should listen to this one carefully.

"YOU'RE IN LOVE WITH EVERY ONE" (2:32)

"THAT OLD GANG OF MINE" (2:40)

LAWRENCE (PIANO ROLL) COOK
(Abbey 15018)

● Two piano solos by Lawrence (Piano Roll) Cook make for some wonderful listening on this platter. Taking a couple of well known tunes, he gives them the kind of rendition he is known for which means they sound grand. For some excellent piano playing, ops should hear this.

"LITTLE BITTY BABY" (2:47)

"THE SAME LORD" (2:58)

KATE SMITH
(National 9139)

● On her first disk for National, Kate Smith comes up with two spirituals which should do very well. Both sides have a Jack Miller accompaniment and make for good listening. A choral group backs Kate up and give the tunes a very rhythmic, fast paced tempo. Here's a good disk for ops to hear.

ROUND THE WAX CIRCLE

NEW YORK:

The closing of Major Distributing is causing a terrific shakeup in the distributor set up on the east coast for independent labels in the rhythm and blues field. Meetings going on now are aiming at a possible cooperative deal and each company is putting forth suggestions fast and furious. . . . Pete Doraine of Abbey Records out on a coast to coast trip covering operators, distributors and dj's with accent on his new release of, "I Dropped A Penny In The Wishing Well" by Kathy March and Jerry Shard's ork. . . . All firms of Music Publishers Holding Corp. (Harms, Remick and Witmark) have dropped everything to put their entire staffs on "Christmas In Killarney." Vic Bellamy, ASA Record folk artist, signed for the Chuckwagon show over CBS-TV. . . . Nice to hear from Jimmy Parks in Manchester, N. H., who writes that Ted Herbert and ork are signed for the Dartmouth Winter Carnival. . . . King Cole has waxed a disk written by Mickey Rooney, "Little Christmas Tree." . . . Apollo last week signed Valaida Snow, international singing thrush. . . . Cormac Records is going all-out on, "Please Don't Call Me Wolfie Wolfie." . . . Al Dexter has a good contender in his new waxing, "You've Been Cheating Baby,"

backed by, "Diddie Wah Boogie." . . . Spike Jones' "Mommy Buy A Baby Brother" is nearing the million mark. . . . Helen Grayco (Mrs. Spike Jones), is expecting her second child. We're anxious to hear what they'll call this one. Their son is called Tack. . . . Rumor has it that Eddie Fisher is about to do some of the old Jolson numbers. . . . Talking about Jolson, did you know that he wrote "Me And My Shadow," Ted Lewis' signature ditty which was just done by Bill Snyder. . . . Bill Farel opens at the Casino Theater in Toronto, December 14. . . . Bill Simon, trapezoid man who just joined London, has an unusual set up. In order to get a complete working knowledge of London's operation's, he's being assigned to all departments until he fits into a definite pot. First assignment will be customers' service where he will be in direct contact with distributors, handling complaints, etc. (that is, you should pardon us, if London ever has complaints).

CHICAGO:

Jubilant phone call from Pee Wee King, all the way from Louisville, to advise how grateful he was to nation's juke box ops for voting him into No. 1 spot with "Bonaparte's Retreat" as, "Best Western Record of 1950." What's more, in addition to writing, "Tennessee Waltz," which is clicking like everything here by Patti Page, he is also the writer of, "Bonaparte's Retreat" and this is something for Pee Wee to be tremendously proud of. . . . Which reminds us, Jon and Sondra Steele, who are doing such a grand job at the Empire Room were winners of the big "Best Record of 1948" award. Music ops voted their, "My Happiness" into No. 1 spot. It was a terrific money-maker that year. (Betcha, you don't remember the label). . . . Those midnight jazz concerts at Orchestra Hall are clicking. . . . Sarah Vaughan and Duke Ellington take over at the Chicago Theatre. Whatta combo. . . . Orrin Tucker going great at the Edgewater. . . . Song Row's plug bldg upset over Hank Markbreit losing his position right before Xmas. Bourne, Inc., closed their offices here. Both Hank and Joanie looking around. . . . Myron Barg and Art Morton in a huddle talking things over and discussing this and that about Art's new Capitol disks. Seems like Art's TV show here is bringing the boy great recognition. . . . Sorry to hear that Mrs. Erwin Barg is hospitalized. But, from what we hear, came out of her operation 100 per cent. . . . Jack Zero, writer of, "Hey, Keesideetch," ("Hey, What Do You Say?") called around to say, "Hey, Keesideetch." . . . Lou Levy in town looking things over. . . . Les Smith of the Sampson Co., here advising that some of their new Columbia disks going great. . . . Patti Page's, "Tennessee Waltz" taking preference, even over the Xmas tunes, with dj's. . . . And "The Thin" by Phil Harris just doesn't stop ringing the airwaves into a frazzle-dazzle these days, and nites. . . . Art Talmadge to California. . . . Still more 45 rpm disks for juke boxes on the way. . . . Remember our "Holiday Special"—that's when season's greetings mean something to everyone in the juke box biz.

LOS ANGELES:

Looks as if John Dolphin, who just fathered twin boys, Errol and Gerold, has a twin hit on his Recorded in Hollywood label in Jimmy Grissom's, "Once There Lived A Fool" and "I'll Still Keep Loving You." . . . Ever since Dolphin entered the production end of the blues and rhythm business by putting out Percy Mayfield's, "Two Years of Torture" the older hands in the mfg. end of the game have allowed that years of experience as one of the leading retailers of blues and rhythm records on the West Coast qualify a man to know what the public here and elsewhere will go for. . . . Hill and Range's St. Louis Music pubbery has "Once There Lived A Fool" and we'll venture a prediction that this will turn into a big pop thing on a number of major labels before very long. . . . "I'll Still Keep Loving You," another very fine ballad, was written by Ted Mossman of "Till The End of Time" fame. . . . Ted is tickling the ivories these evenings at the Sirocco Club on the Sunset Strip and plugging his and Bill Anson's "This Is My Beloved" via his Farfare publishing firm. . . . Mike Kurlan doing better than holding his own these days, with a batch of lively items in Coral's Connie Haines and Martha Tilton pairing on "That's A Man Every Time". . . .

Martha's "I'll Always Love You" is just starting to hit its local stride on the boxes. . . . And the gal is coming up strong in a duo with Harry Babbitt, "You're Just in Love". . . . Lou Chudd's Imperial label is doing right fine for Mike (and vice versa) in the blues and rhythm dept. with T-Bone Walker's "When The Sun Goes Down" catching up there with Fats Domino's topper, "Every Night About This Time." . . . Tag note: Had occasion to buzz Henri Rene, RCA-Victor A & R West Coast chief re some beyond-the-line-of-duty information, and just want to register that he's one of the most obliging guys we've yet encountered in this business. . . . Some of the record boys, we might add, are all one way when it comes to giving and taking a small courteous gesture.

**Peacock Signs Marcus
As Sales Director**

HOUSTON, TEXAS—Peacock Records, a leading independent in the rhythm and blues field, this week signed Irving Marcus as National Sales Director.

Marcus was at one time assistant to Sid Nathan, President of King Records and also Branch Manager for Mercury. More recently, he was president of Mercury Distributors, Atlanta, Georgia.

In addition to trouble shooting and stimulating sales throughout the country, Marcus will audition talent in strategic areas and sign the most promising artists.

"SORTA NEED YOU" (2:43)
"YOU THRILL ME" (2:49)

IVORY JOE HUNTER
(MGM 10861; K10861)

IVORY JOE HUNTER

● Ivory Joe Hunter follows up his recent hits with another disk that's sure to click. Coming up with

a top rate ballad called, "Sorta Need You." Hunter makes this one a platter that ops are gonna need and get. The song itself is a very winning one and the interpretation can't miss. It's soft and dreamy and very easy. A good orchestration helps considerably and Hunter's vocal ranging from mild to plush gives feeling to the lyrics. Ops are gonna have a field day here. On the lower half Joe has a change of pace in which he goes into a jump number, giving it a good vocal and some terrific piano playing. Both sides make for excellent listening and ops who know the pulling power of this artist are gonna come along fast.

**"WHY DO YOU DO ME LIKE
YOU DO?" (2:33)**

**"THERE'S SOMETHING ON MY
MIND" (3:00)**

BIG THREE TRIO
(Columbia 30228)

● A couple of easy going numbers are offered here by the Big Three Trio. Featuring some good harmony and a nice vocal solo, both ends of this make for interesting listening. To the accompaniment of a fine instrumental, the boys take a winning workout. Ops will certainly want to get with this one.

"CHRISTMAS CELEBRATION"
(2:34)

"I CAN'T STAY HERE" (2:24)

LLOYD GLENN COMBO
(Swing Time 240)

● The Lloyd Glenn Combo get in their Xmas bid with a good number on the upper level. With Jesse Thomas doing the vocal, the small instrumental group get some wonderful feeling into the disk. Flip is a fast paced item again featuring Jesse with some fascinating instrumentals. Ops have a good bet here.

"IF YOU'VE GOT THE MONEY"
(2:34)

"WALKING WITH THE BLUES"
(2:51)

JOAN SHAW
(MGM 10866; K10866)

● The full voice of Joan Shaw takes hold of a couple of slow numbers and gives them the works. The top deck is taken from western fields and is currently going strong. With Luther Henderson's orchestra backing her up, Joan turns in a nice job. Flip is another blues number getting a fine vocal. Ops should hear this disk.

"GOOD TIME WOMAN" (2:47)
"HIGHWAY 61" (2:57)

MEMPHIS EDDIE
(RPM 310)

● Two low-down blues ditties are turned out on this platter by Memphis Eddie. Giving them a moaning vocal, he goes at it very slowly and takes his time. A good piano background follows straight through on either side which helps the disk no end. Ops should get to hear this one.

"SKIDROW BLUES" (2:57)

**"HOW I HATE TO SEE XMAS
COME AROUND" (2:49)**

JIMMY WITHERSPOON
(Swing Time 244)

● Two shouting blues numbers are dished up on this disk by Jimmy Witherspoon. Upper half is a lowdown item boasting a good orchestration. Second side is a seasonal number, very slow and very blue. Ops who know Jimm's driving power will listen in quick.

"WALKIN' AND CRYIN'" (2:54)
"THE OTHER NIGHT BLUES"
(2:57)

B. B. KING
(RPM 311)

● The top deck finds B. B. King giving out with a ballad to the accompaniment of an interesting instrumental. King takes it real easy and makes the side sound very listenable. Flip is a subdued blues number with King again getting a good backing. This is a good one for ops to listen to.

"LONESOME CHRISTMAS, PART 1"
(2:57)

"LONESOME CHRISTMAS, PART 2"
(2:58)

LOWELL FULSON
(Swing Time 242)

● Lowell Fulson, who seems never to miss, comes up with his Christmas offering on this disk. Dividing it between the two sides, he rides around a slow blues thing with plenty of good instrumentals, including piano and of course, he gives it his usually good vocal. Ops know what Fulson can do.

"MILENBERG JOYS" (2:57)
"I LIKE BANANAS" (2:45)

SHARKEY BONANO
(Modern 1002)

● A couple of numbers in dixieland style are offered on this disk by Sharkey Bonano and his Kings of Dixieland. Upper half is an instrumental with a lot of good music. Flip finds Sharkey shouting out a vocal that couldn't be missed from here to there. A good disk, this one should do OK in the juke boxes.

Weavers Join Gold Record Club

NEW YORK—The Weavers, popular folk singing group have joined the exclusive Gold Record Club. Their disk of, "Goodnight, Irene," which received The Cash Box award as the Best Record of 1950, has passed the million mark and they are shown receiving the award from Faye Emerson on the latter's CBS television show. The Weavers' new record, "The Roving Kind," is currently garnering attention from ops.

Snow Thru The Mails; Anything For A Plug!

NEW YORK—The shortage of snow in the eastern states gave music pubs and record companies a headache before Thanksgiving. No one wanted to play, buy or hear winter songs and receipts on seasonal numbers were lagging.

Not taking Mark Twain's, "Everybody talks about the weather, but no one does anything about it," to heart, United Music Corporation, in plugging "Winter Waltz," went Twain one better than just doing something about the weather. They also created some poetry (?).

A few weeks ago, Seena Starr of United, sent out a letter to disk jockeys and others in the trade, filled with confetti, as their substitute for snow and after you opened it and brushed all the paper off your suit, chair and desk. you read the following:

"Tis the month before Christmas
And all through the sky,
Not a snowflake is falling
And the temperature is high.
The weather man's throwing a
curve at us, so

We thought it would help if we
sent our own snow.
It's all to remind you it's time
to begin
To please give our "Winter
Waltz" record a spin.

Replies to the letter, poetry and confetti are unprintable, but we advise those who are apt to be particularly vehement about cleaners' bills to control themselves for the next song to be plugged by United Music might very well be, "Mud In Your Eye."

Savoy Acquires Artist

NEW YORK—Herman Lubinsky, president of Savoy Records, this week announced the signing of several artists during his recent trip through the South. They were Villa May, a blues and ballad singer; Tommy Brown, blues shouter; and Fats Jackson and his band. Savoy has also waxed Billy Wright who did, "Blues For My Baby."

More Operator Sales Available To Distributors Whose Salesmen Reach Out-of-the-Way Spots

NEW YORK—A situation well known in the music field, that distributors are losing plenty of sales by not seeking ops out, received further confirmation from Eddie Heller, president of Rainbow Records following his return from a nationwide trip.

Heller disclosed that he covered many of the operators himself, getting orders for 25, 50 and more records and hearing much comment about, "Why don't those salesmen come to see us more often."

It is Heller's belief that thousands

of potential disk sales are missed for the want of a little more effort on the part of salesmen to get to those out-of-the-way places and grab those sales from ops who are waiting to see them.

Heller, who was caught in the recent storm and had to make the trip back from Nashville by train after his car was damaged, said that business in general was good.

In particular he felt Rainbow had some hot items in, "Chat Chat Chattering," "I Still Feel The Same" and "All Around The Christmas Tree."

Closing Of Major Dist. Causes Shake Up In Rhythm 'N Blues Field

NEW YORK—The closing of Major Distributing of New York effective January 1 has caused quite a shakeup in the eastern distributing picture for independent rhythm and blues record firms. East coast distributors were all bidding for the lines held by Major, which includes Modern, Sittin' In, Premium, Coleman and Pearl.

Tempo Distributors grabbed off the plum, getting the metropolitan area territory for Modern Records with Essex Record Distributors handling Modern for all of New Jersey. Tempo also acquired the Pearl line.

The town was buzzing for a week with claims made by everyone that they had the inside track on Modern until word came through on Friday (December 8) from Modern's eastern representative, Cy House, that Tempo and Essex had been picked.

Sittin' In, meantime, is setting up its own distribution, taking over Premium, Gospel and Dot as well as its own Sittin' In and Jade lines. The new outfit is called Record Sales, Inc.

A meeting held in California by Modern, Aladdin, Specialty and Imperial aiming at setting up an independent rhythm and blues cooperative distributorship for the New York area made no progress and the plans fell through.

Major's closing was a direct result of Ed Levey's being called back into the army to his former rank of Major in intelligence. Herb Zebley is going back into war work manufacturing radio parts for the Navy.

Manie Sachs Named Staff VP of RCA

NEW YORK—Emmanuel (Manie) Sacks was named staff vice president of Radio Corporation of America last week following a meeting of the Board of Directors.

Manie joined RCA less than a year ago as Director of Artists Relations after having been A & R head of Columbia Records. In this short span of time, he was responsible for bringing into the RCA fold such artists as Dinah Shore, Frankie Carle and Gene Krupa in the pop records division, as well as Ezio Pinza and Rise Stevens in the Red Seal department.

A tremendous feather in his cap was the gaining of radio, record and television rights to "Call Me Madam" with NBC putting up 50% of the show's backing. Since the musical has turned out to be one of the biggest hits of this or any other season, NBC stands to make quite a substantial profit.

In the radio department, Manie had no small part in lining up Bob Hope, Jimmy Durante, Martin & Lewis, and Danny Thomas for big shows on NBC.

All we can say is "It couldn't happen to a nicer guy."

"Elephant Rock" On Wax

NEW YORK—With "Elephant Rock" getting widespread newspaper coverage as a new dance sensation, Joe Shuster, the writer, announced that Decca has cut the tune in the rhythm and blues field. Bob Howard has waxed it on the Skyscraper label with other companies negotiating. The dance was introduced at Arthur Murray's and Roseland.

Ed Penney And Some "Things"

Taylor Joins Maypole

NEW YORK—Larry Taylor, formerly of Michael Music, was made professional manager of Maypole Music this week.

Losing no time, he was busy immediately lining up a powerful array of recordings for a major plug tune of the firm, "Bring Back The Feeling" written by Ruth Poll and Pete Rugolo. The lineup includes Eddie Fisher with Hugo Winterhalter on Victor, Billy Eckstine on MGM, Mary Mayo on Capitol, Vinnie De Campo on London, Doris Day on Columbia, with Mercury, Coral and Decca also set.

FITCHBURG, MASS.—Ed Penney, WFGM disk jockey, is shown with the winning entires in his "Thing" contest in which he asked contestants to draw pictures of what their imaginations led them to believe "The Thing" was. In five days over three hundred drawings, ranging from juvenile scrawls to professional pen and ink drawings were received. The prize was—you guessed it—a record of Phil Harris' "The Thing."

Federal Releases First Record

CINCINNATI, OHIO—Ralph Bass, A & R man of Federal Records, kicks off his new label as he presents the first record off the press to Bill Ward, leader and arranger of the Dominos, a quartet which has just waxed "Do Something For Me" backed by "Chicken Blues." Left to right, are: Ralph Bass, Charles White, Clyde McPhatter, William Brown and Joseph Lamont. Bill Ward is at the piano.

**Tops Records Intros Newcomers Added
45 RPM To Ops At 29¢ To MGM Roster**

CHICAGO—Tony Galgano, Galgano Distributing Company, this city, well known to juke box ops, reported this past week that the firm is now ready to serve the juke box trade with latest "Tops Records" releases on 45 rpm unbreakables, as well as the regular 78 rpm disks, at only 29c. Retail price of Tops is 49c.

Galgano said, "Tho we have been distributing Tops Records here for almost a year our business has been mainly concerned with the 78 rpm disks.

"Now we are able to offer the juke box operators 45 rpm Tops Records and at the same price which we have been selling the 78's, only 29c each.

"We have the very latest releases of all the most popular tunes and many juke box ops tell us that our records are helping bring them bigger profits."

Galgano Distributing is midwest distribs for the Tops Records of Los Angeles, Calif.

NEW YORK — M-G-M Records made two additions to its artists roster within the past week, both additions coming under unusual circumstances. One of the new artists is vocalist Tommy Edwards, theater and nitery entertainer, the other a vocal duo, Paul Sears and Johnny Heymer.

Edwards, described as a cross between Frankie Laine and Nat "King" Cole, was taken on by M-G-M's a. & r. topper Harry Meyerson, after going to the diskery's New York offices to peddle a song he had written. The demonstration record of the tune was sung by Edwards, and Meyerson liked Edward's voice so much that he decided to wax the boy.

Sears and Heymer were spotted by M-G-M's general manager Frank B. Walker, at New York's Palace Theatre, where the team was appearing on the vaudeville bill. Material for the duo is now in preparation.

STUBBY AND THE BUCCANEERS
 (Decca 46282; 9-46282)

STUBBY AND THE BUCCANEERS

● Stubby and the Buccaneers have a ballad on the top deck of this disk that's gonna be getting a lot of attention for a long while. Titled "You Never Say I Love You Anymore," the tune has a very

winning melody and as done by this group it's gonna garner much coin for juke box ops. Tiny Stokes renders the vocal in unbeatable style and gives the whole number a feeling that can't be topped. The instrumentals also are first rate with a good guitar beat being kept up all the way through. Ops can't go wrong with this. The second side is a slower ballad, easy and soft, featuring some interesting harmony by the Buccaneer Trio. This end, too, gets a good working over from the boys. The side, though, that is really due to make it is the first. And ops who want to get onto a good thing, should get onto this one real soon.

"CHRISTMAS CHOO CHOO TRAIN" (2:45)

"CHRISTMAS JAMBOREE" (2:45)
WARREN BROTHERS
 (Rainbow 2222)

● A seasonal disk with special appeal is put forward by the Warren Brothers. As done by Coy McDaniel and the Newark Ranch Boys, the top side is definitely OK. Flip is another novelty, this time sung by the Warren Brothers. Ops will want to tune in.

"GOLDEN ROCKET" (2:45)

"WAITING FOR THE TIDE TO CHANGE" (2:20)

COTTON CALYON
 (Mercury 6296)

● A wonderful song is given a fast paced going over on the upper half by Cotton Calyon and it comes out real good. Showing a pleasing voice and nice guitar style, Cotton runs through this in easy manner. The lower lid is also a fast thing with a string instrumental. Both ends will make sense to ops.

"I LIKE YOU BEST OF ALL" (2:26)

"I'M LEAVING (YES INDEEDY)" (2:26)

JOHNNIE LEE WILLS
 (Bullet 724)

● A couple of terrific ditties are dished up on this platter by Johnnie Lee Wills and his boys. With a vocal by Leon Huff, both sides feature a grand tune with a good beat done in a manner that makes you want to hear more. These are sure things for ops.

"THE PLACE WHERE I WORSHIP" (2:28)

"IT IS NO SECRET" (2:25)

OZIE WATERS
 (Coral 64069)

● Two currently high-flying religious numbers are given a working over by Ozie Waters and the Kentones. On both ends, Ozie gets some excellent backing as he sings the tunes in his likeable manner. Although there have been a lot of recordings on both these ditties, this disk should still go well in the machines.

"STATUE IN THE BAY" (2:56)

"KEY TO THE DOOR" (2:45)

MONTE HALE
 (MGM 10865)

● A couple of good sides are turned out on this platter by Monte Hale. The top deck is a patriotic ballad which he delivers in a pleasant voice. Flip is a swiny number featuring some good piano. Hale again shows fine vocal work here. Ops should listen in.

"YOU GOTTA WALK THE STRAIGHT AND NARROW" (2:14)
"WHEN THE SAINTS GO MARCHING HOME" (2:17)

RAY SMITH
 (London 857)

● Two numbers in the spiritual vein are offered here by Ray Smith. The upper half has some excellent guitar work backing up Ray's easy to listen to voice while the lower level has a heavy drum accompaniment in march style. Ray does a good job on both the vocals and makes this a disk definitely worth an op's while.

"I WON'T BE AT HOME" (2:30)

"THIS SIDE OF HEAVEN" (2:50)

CARL SMITH
 (Columbia 20765)

● Carl Smith gets going on a tune which makes for easy listening. With a winning guitar instrumental, he runs through this number in a pleasant manner. Second side is a ballad on which he again shows an easy going voice. Both ends are worth hearing.

"I NEVER KNEW I'D MISS YOU" (2:54)

"JEALOUS STARS" (2:42)

BILLY BROWN
 (Columbia 20766)

● Billy Brown makes the two ballads on this disk real nice things to listen to. Getting a little yodeling into the top deck, he also gets some aid from a guitar instrumental. On the bottom half he shows more good singing work and comes through very well. This will do fine in the boxes.

Bill Snyder Meets The Ops

NEW YORK—Bill Snyder, in town for his recent stay at the Paramount, took time out to meet some of the operators who play such an important part in getting his records before the public. Bill is pictured having just handed Tony Catanese of Silver Sales Music Co., Suffern, N. Y., a copy of his latest London waxing, "The Night Is Young." Left to right are Barney Sugarman, head of Runyon Sales Co., Bill Snyder, Tony Catanese and Irving (Kempy) Kempner, field representative of Runyon Sales.

London Pushes Up Lorry Raine Release

ST. LOUIS—London Records has decided to push up for immediate release Lorry Raine's waxing of "Who'll Take My Place When I'm Gone" and "Spin The Bottle." The decision was made by Joe Delaney of London after scanning the capacity business Lorry did at the Lyn Theater in this town the week of November 23.

In addition she had eight dj shows and two TV shots set up for her by Paul Levy, local London Distrib. Levy got so hepped up about the girl that it was he who asked Delaney to move up her releases.

Levy has already garnered ops' orders for immediate placement of 1700 of the new platter.

St. Louis is where the Raine gal's "Strangers" first took off, so she hopes the charm holds true on the new opus.

DJ Johnny Clarke Aids Sale For Blind

NEW YORK—Dj personality Johnny Clarke last week was made Chairman of the Radio Publicity Committee by the New York State Commission for the Blind.

Their annual Christmas sale is currently being held at 15 West 47 Street. The full purchase price on all articles is returned to the blind during this three week sale from November 27 through December 16.

All workers for the sale are volunteers and Clarke, in addition to getting plugs for the sale, is lining up djs in the metropolitan area to make a live pitch behind a counter sometime during the sale.

Plans are being made to have a Dj Day next year with all counters being manned by disk jockeys and their wives.

Fifth Cash Box Poll Discloses Juke Box Money Makers of 1950

NEW YORK—The Fifth Annual Poll of the Juke Box Operators of America conducted by *The Cash Box* confirmed the popularity of many of the outstanding artists in the recording field and brought to the fore some new ones.

Almost to the surprise of no one, the outstanding song of the year was "Goodnight, Irene." A folk tune that had been around for some time with a classic record of it by Leadbelly, it took hold when almost the entire trade thought that the big side would be "Tzena, Tzena, Tzena."

Gordon Jenkins, who did it, and was voted as having the Best Orchestra of 1950, achieved this popularity despite the fact that he seldom goes out on personal dates and that except for a few weeks of theater engagements, he stays pretty close to the recording studios. However, Jenkins consistently superior arrangements have made his style of music one of the most distinctive in the country.

The Weavers, who until they were discovered down in Greenwich Village by Jenkins, had been known as folk singers with a grand style but with little commercial appeal. Their first record completely blew that up.

Spencer Music, which published "Goodnight, Irene," has had one of the most outstanding years of any small independent publisher. They also had "Tzena, Tzena, Tzena," "Molasses Molasses" and are currently going wild with "The Thing."

The Best Male Vocalist award was given to Perry Como. This is the fourth year in a row that Perry has won it and such numbers as "Hoop-Dee-Do" and "Patricia" helped him stay up there.

One of the big surprises of the poll was the way in which Kay Starr shot up in the last two weeks. Kay's terrific records of "Bonaparte's Retreat" and her duet with Tennessee Ernie on "I'll Never Be Free" were highlights of a magnificent year for her.

Coming out of nowhere, by the way, to cop second place in the female division was Patti Page who, of course, swept the country with "All My Love" and "Tennessee Waltz."

Two groups that repeated again this year were the Andrews Sisters as the Best Vocal Combo and the King Cole Trio as the Best Small Instrumental of 1950.

In the Western field, the best record was "Bonaparte's Retreat" by Pee Wee King. King also wrote "Tennessee Waltz" which he recorded three years ago and which recently caught on.

Jimmy Wakely, who took the prize as the Best Western Artist, is currently going into the pop field making records by himself and duets with Margaret Whiting.

The Best Folk Record was "Chattanooga Shoe Shine Boy" which ran away with the honor. It was sung by Red Foley, who won as Best Folk Artist.

In the Jazz 'N Blues category, there was a tie between Ivory Joe Hunter whose terrific recording of "I Almost Lost My Mind" took the Jazz 'N Blues Record award also and Little Esther who burst upon the field with "Double Crossin' Blues."

The Juke Box Operators Of America showed in this poll which artists made the most money for them during the year. We wish them all luck and hope they go on to have many more successful records.

FACTORIES FACE PROBLEMS

All Materials And Components Extremely Difficult To Obtain. New Products Being Introduced To Serve Trade. Ops Again Urged To Buy New Equip't. Most Plants Seek War Work To Take Up Slack.

CHICAGO — All factories here are fighting very hard to continue production of their regular equipment against almost insurmountable odds.

Raw materials and components are becoming extremely difficult to obtain. Such items as speakers, resistors, tubes, condensers, slug ejectors, transformers, and even cabinets, to name a few of the items, are growing tighter each day.

Manufacturers are spending the greater part of each day trying to dig these up. And when obtainable, prices are sky-high.

The greater majority of the manufacturers are a great deal off in production compared to the same period in '49.

Of course, during that period in '49 they were extremely busy with shuffle and rebound games.

But, with conditions what they are and new equipment sure to soon disappear, all believed that business would be much brisker in view of the fact that operators, jobbers and distributors would attempt to stock up with whatever equipment they could buy at this time.

Some of the manufacturers are introducing new items to the market in an effort to give the trade every bit of equipment possible.

Manufacturers joined in an urgent appeal to operators to buy whatever new equipment they can. There will be very small production runs in the future. Whatever the operators can obtain now may have to last for years to come.

In the meantime, manufacturers here have their men scouting for war work to take up the slack caused by the lack of sufficient materials to produce their regular products.

There is now no longer any doubt that, as war work becomes more plentiful, everyone of the factories here will be busily engaged with war orders and will only be able to run any other products thru their production lines in limited quantity.

As one leading manufacturer told one of his distributors who visited with him this past week, "It's a helluva lot later than you think."

United Mfg. Delivers New 10¢ Play Game

Two Player Mechanical Hockey Game Features 10 Balls 10¢. Clix With Trade On First Shipments.

CHICAGO—Lyn Durant, Herb Oettinger, Bill DeSelm, Ray Riehl, and other execs of United Manufacturing Company, this city, announced this past week that, to meet with the requests of the majority of the nation's amusement game ops, they have presented their newest machine, "Team Hockey," on 10c play.

This is the famous two player hockey type game, well known to the industry, which is, without any doubt one of the most exciting, competitive play games in all coin operated amusement machine history.

The United "Team Hockey" is tremendously improved over the old time games. It features three player hockey teams. Each of the two players who play the game controls a three player team and, therefore, tremendous excitement is created in the actual play of the game.

As far as the operator is concerned, the game is one of the fastest that has ever yet been developed. It is a very attractive game. It has simple-to-service-features. It handles both players at the cost of only 10c.

This is just that the operators have been asking for from coast to coast, 10c play amusement games.

This is the first 10c play game which retains and even enhances every feature of one of the most outstanding and proved moneymakers known to the industry.

It is one game on which operators can depend to continually earn good profits over a long period of time.

To the credit of Lyn Durant, who produced the 10c play "Shuffle Alley," this is another type amusement machine which can, and easily does gladly obtain 10c from the players.

The players don't mind investing a dime in the least to play this game.

It is, of course, factory policy that if, and when, ops decide that they do not want to use the 10c coin chutes, regardless of the fact that the greater majority of them have been asking for 10c amusement play games for many, many months, they can always have United Manufacturing Company place 5c coin chutes on their games.

This game symbolizes exactly what the nation's amusement machine ops have been asking for—10c play.

This is the first game, complete credit goes to Lyn Durant and other execs at United for meeting the wishes of the nation's ops to produce 10c play amusement machines which will

intrigue the public as well as increase take.

United's "Team Hockey," after long and varied tests, seems to be the game which the nation's amusement machines ops have been begging for all these many months.

Pictured above, reading right to left, are Bill Gersh, Johnny Casola and Bill DeSelm watching a demonstration on "Team Hockey" by one of the United execs.

The Vanishing Buffalo

NEW YORK—H. I. Phillips, writer of "The Sun Dial" column, syndicated in hundreds of papers thruout the country, makes a short, but important comment of the gradual disappearance of the nickel.

Says Phillips: "Complete description: He's so old-fashioned he still carries nickels."

"I couldn't believe it!"

Remember the farmer who saw his first giraffe?
"There ain't no sech animal!" he insisted. *He couldn't believe it.*

Many operators, looking over the earnings record of their first AMI juke box, are like that farmer. They, too, find the factual truth hard to believe.

They're amazed when they realize how little it costs to operate the AMI. Breakdowns are nil. There's no lengthy period of shutting down for repairs. The AMI costs less when new, sells for more on a trade-in; enjoys top earnings all the time between.

Small wonder that disbelief fades, for as operators add more AMI juke boxes to their routes, their experience proves that believing in AMI is a common-sense, profitable thing to do!

68,000,000 Employed by Summer Is Prediction

Coin Operated Equip't Will Get Big Play

NEW YORK—Robert C. Goodwin, executive director of the Office of Defense Manpower in the Department of Labor, told the National Association of Manufacturers, which held its meeting at the Waldorf-Astoria Hotel this week, that the nation's total labor force would be 68,000,000 by next summer. This figure would create an all-time record, as the present employment figures run to some 62,000,000. Even during the past war the total employment never reached this predicted figure.

While a period of unemployment would prevail for a while, during which labor would be changing jobs, or awaiting plant conversion, when the above-predicted numbers are employed, coinmen can look forward to its greatest play era. These people will have extra money, and as the possibilities of purchases of other merchandise will be curtailed, a certain amount of their earnings will go for economical entertainment—juke boxes and amusement machines.

In order to keep this great number of workers employed, it will be necessary that they work around the clock, giving the operators the vision of continuous 24-hour play on their machines.

Cincy Assn. To Hold Annual Xmas Party

CINCINNATI — Charles Kanter, president of the Automatic Phonograph Owners' Association, announced that the organization will hold its annual Christmas Party along with their regular monthly meeting on Tuesday, December 12, at the Hotel Sheraton Gibson, at 9 P.M.

A gala time is assured all attending, as there will be plenty of food and refreshments, as well as an evening of entertainment. Those attending will receive gifts, including records.

CHICAGO—Williams Manufacturing Company, this city, one of the leading manufacturers of amusement equipment, will present its entry into the music field next week with the introduction of a new, low cost, selective phonograph playing ten 7-inch 45 rpm records, according to an announcement by Sam Stern, executive vice-president.

Called Williams' "Music Mite," it was designed by Harry Williams, firm president, who spent over a year developing and testing the unit and incorporating every newly designed engineering feature in its construction.

"We have watched costs of equipment and supplies in the music industry skyrocket," stated Stern, "and realize that present market conditions leave music operators without any equipment to offer the smaller type of location where the cost of the equipment can be amortized quickly in proportion to earnings. My own history in the coin machine industry began in the music business and we always showed a profit even though collections were low average because our overhead, amortization and service costs were low, too.

"Music Mite" is designed to offer good, selective music to the smaller type of location," he continued, "and our location tests in various sections of the country prove conclusively that it has ready acceptance, and earns a very good average collection for the operator. Furthermore, 'Music Mite' has been designed to sell to the operator at a price under \$200. He can install them in five locations for approximately the same cost as one standard size phonograph."

"Music Mite" is small, measuring only 20 1/2" high, 13" deep, and weighing only 50 lbs. It is designed for quick and simple installation on a bar or counter; but, there is a complimentary pedestal available as accessory equipment for spots that have the space for floor installation. The pedestal is 32 1/2" high, 16" wide, 14" deep, and weighs 29 lbs., thereby giving a complete unit installation an over-all high of 53".

"Music Mite" portrays the typical

Williams knack for adapting the new ultra-smart California design. The cabinet has a beautiful hand-rubbed finish. Glowing illumination, an antique gold grille and colorful musical notes, bars and clefs combine to give the unit an aura of soft splendor. Complete visibility of the machine in operation is achieved thru a handsome curved plexiglas dome and an interesting arrangement of beveled mirror squares.

Stern proudly emphasizes that "Music Mite" offers selection—including cancel button—of ten records with patron selecting his choice of a tune by pressing illuminated push-type selector button. It has a credit unit and the Williams' 5c drop-type coin chute, which accepts up to 40 nickels at a time.

The machine uses the tried, tested and proven RCA rpm record changer, has a fine tone amplifier, to which an auxiliary speaker can be attached, and a lightweight tone arm with crystal pickup and volume control.

One of the most important features from the service man's viewpoint, Stern points out, is the exclusive "In-A-Drawer" arrangement of the easily understood mechanism, which permits the entire chassis to be pulled out at once for servicing from the front, and the light weight of the unit—only 50 lbs.—which permits lifting by one person.

"Harry Williams has done a magnificent job of employing every up-to-the-minute engineering and design feature to make 'Music Mite' a compact, versatile, eye-appealing phonograph that does everything the standard size phonograph can do," concluded Stern. "We know that 'Music Mite' will enable the operator to recapture the profits waiting in the thousands of small locations which have been forgotten since World War II."

An additional cooperative step, Stern advises, is the inclusion with each machine shipped of a printed "Location Contract," calling for a minimum front-money guarantee of \$3.00 per week.

Sam Stern (right), tells Bill Gersh all about the new "Music Mite" phono.

DENVER, COLO.—Wolf Roberts, head of Wolf Distributing Company, and president of the Colorado Music Guild, once again reaped the benefits of local favorable publicity (as did the entire music industry) when they featured a photo (above), and a news story stating, "There'll be plenty of music now at the Colorado State Home for Dependent Children, where a fancy juke box was installed for the kids."

Rock-Ola Delivering Samples "Rocket '51-50" Phonos To Distribs

CHICAGO—The big Rock-Ola Manufacturing Corporation kept its word to its distributors everywhere in the country.

Samples of the new "Rocket '51-50" phonograph are now on the way to all these firms.

David C. Rockola, president of the firm, has literally been swamped with wires, letters and phone calls from the firm's distributors who have already received their samples, complimenting him on this new phono, and also, at the same time, hoping that he will be able to produce in

the quantity which these men believe they will sell.

According to J. A. (Art) Weinand, vice-president and general sales manager, "Everyone of our distributors is tremendously enthused over the new 'Rocket '51-50' and everyone of them has already phoned or wired us asking for large quantity delivery."

DAVID C. ROCKOLA

As all in the industry know, the Rock-Ola plant here, one of the largest in the entire field, is busily engaged with a very large war work contract and is, therefore, actually working separated production lines to produce the new "Rocket '51-50" phono as well as deliver the war work they are doing, on scheduled time.

David C. Rockola is reported to have advised his distributors that he was tremendously pleased with the marvelous reaction which the new Rock-Ola phonograph is enjoying among the nation's juke box operators.

He stated, "We will continue to produce as long as we possibly can."

Trade Asks Standardized Parts-But Conditions Make This Impossible Now

CHICAGO—Almost eight years ago this publication brought into the open the need for "standardized parts" for all equipment which would help every operator in the nation to take care of used machines.

This past week this same demand was heard from many ops and distribs about the nation, who came to the sudden realization that standardization of parts at this time would mean they could probably keep their equipment working for years to come.

"It is much to the advantage of the manufacturers themselves," one well-known manufacturer stated some years ago, "to have all parts completely standardized."

"It would mean," he said, "that the manufacturers could, by pooling their orders for standardized merchandise, be able to purchase at a much lower price."

"It would also mean," he continued, "that distributors wouldn't have to carry so many thousands of dollars worth of parts on hand."

"To the small town operators, especially," he stated, "this would be a tremendous boon. It would mean that the standardized parts would fit into all the games they purchased and, in this way, they would be able to interchange parts from one machine to another to keep all their equipment going and, at the same time not invest too heavily in parts."

The call to "standardize parts" at this time, is much, much too late. It cannot be done at a time when materials are so slow that the manufacturers of components can change dies and tools to bring manufacturers standardized parts and, even if they could, this wouldn't mean anything.

The machines now on the market wouldn't be able to handle the majority of parts which would be standardized now anyway.

It is much too late to plan a standardized parts program. The time is now upon the industry when just obtaining parts is plenty tough.

CMI Sets Service On Defense Info. For Mfrs.

CHICAGO—CMI (Coin Machine Institute), in the face of critical material shortages and increased emphasis on defense work, announced the formation of a new service for manufacturer members.

Manufacturer members will be asked to file their production information with the Institute. CMI now receives each morning procurement information from the Government. If potential contract information, suitable for the manufacturers, is received, CMI will notify the manufacturers. They will be told the product required by the Government, number of

units in the contract, bid information number, opening date for bids, and where to get the contract specifications.

In addition to information on offers for competitive bids, CMI will directly contact Government procurement agencies in hope of obtaining negotiated contracts, as well as sub-contracts from prime contractors.

CMI also reported that the Board of Directors, at a meeting held on November 16, voted against a national coin machine exhibit in 1951.

Speakers Like Diamonds

CHICAGO—Juke box ops and distribs who have speakers thrown about in their repair shops had best gather these in and carefully place them in guarded places.

"Speakers are like diamonds," is what manufacturers here reported, as cobalt control cut reached the point where speaker manufacturers phoned factories they just "couldn't see when we may be able to deliver again."

ChiCoin's 'Band Box'—“Solves Many Problems Of Music Ops”

CHICAGO—Flattering response to their first announcement regarding their new “Band Box,” animated full orchestral speaker, caused executives of Chicago Coin Machine Company, this city, to state this week, “Every juke box operator in the country, who wants to solve a great many of his problems, should test the new ‘Band Box’ speaker.”

After two years of tests in various parts of the nation, executives of the firm believe, “In the ‘Band Box’ we

are sure that we have the product which will solve, to a very great extent, many of the problems which the juke box operators are faced with at this time.

“In the first place,” they continued, “operators who must get front service money guarantees of \$10, \$15, \$20, or more per week, will find that our ‘Band Box’ can do this better for them than anything else they could use.

“They will also find,” these execs said, “that the ‘Band Box’ will, in a

great many instances, allow them to obtain a more equitable and better percentage commission basis.

“Operators who brought the ‘Band Box’ into test locations were able to swing over to 70%-80% commission basis. This alone meant many, many dollars to the juke box operators which they couldn’t have obtained any other way and, therefore, the ‘Band Box’ not only paid for itself, but produced extra profits.”

Executives of the firm also stated, “Not only that, but one of the big, major reasons why every operator in the country should test ‘Band Box’ is because it is the best location-getter in history.

“The ‘Band Box,’” they stated, “has helped operator after operator to insure obtaining and maintaining the best spots. It is so fascinating that it has boosted collections over 100 per cent in many locations thruout the country.

“But, even more important, it has insured the operator maintaining the best locations for himself, because it earned more money, and because it proved such a great attraction that the location owners wouldn’t part with it at any price, or for any deal they had to make with the operator.”

Deliveries are under way daily to Chicago Coin distributors. The firm reports that the price has been brought down to a new attractive low figure by the volume production which has been instituted.

EASTERN FLASHES

Repercussions from the previous week's wind storm now being reported by operators from outlying areas, particularly thruout the New Jersey coast-line and resort areas, and many sections of Long Island. Lou Rabkin, who operates an arcade in Keansburg, N. J., stated that the water rose to the heights of the telephone poles in town, completely flooding his arcade. In most instances, the loss doesn't affect the equipment, but some operators have lost collections from two days to almost two weeks.

Wholesaling firms report buying of amusement games quite slowed up these past few weeks, but those firms handling both used and new music state that sales kept going along in good style. . . . Music operators, who attended the general meeting of the Automatic Music Operators Association last week, still talking about the wonderful talk made by John Haddock, president of A.M.I. . . . Barney (Shugy) Sugerman, head of Runyon Sales Company, looking forward to his forthcoming vacation, which he will take at Lou Koren's "King Cole" Hotel in Miami Beach, Fla., during Christmas week. . . . Which reminds us that the National Coin Machine Distributors Association has decided to hold their meeting January 15 to 17 at the Martinique Hotel. (Note: Rates at Miami Beach hotels reach their top price starting January 15—we hope the officers made a deal with the Martinique.) . . . Tony Catanese, Silver King Music Company, Suffern, N. Y., visiting at Runyon's, and has his picture taken along with Shugy, Irv (Kempy) Kempner and Bill Snyder, London Records artist (picture in music section, this issue). Catanese, who played considerable football in his youth, looks like he could go sixty minutes right now. . . . Dave Lowy, Dave Lowy & Company, back from his second visit to Chicago within a month, pleasantly surprised by the renovation job done in his offices during his absence. The mirror on the back wall is quite a twist. . . . Mike Munves, who displayed arcade equipment at the Park Show in Chicago last week, back working hard as usual. Mike quite satisfied with the action, and stated that it would have been a great deal better if the stormy weather hadn't kept a number of prospective buyers from reaching the show.

Eddie Lane, connected with his brother Bert Lane, visits along the street. The large outside sign over this firm's offices, torn apart by the windstorm, now straightened out. . . . Bob Jacobs, U. S. Distributing Company, kept going full blast selling games operators his shuffle conversion for ChiCoin's Bowling Alley. Conversion features 5½-inch light-up pins. . . . Al Simon, Albert Simon, Inc., attracting great music operator attention with his display of Chicago Coin's "Band-Box". Figures are so life-like, some ops wanted to know if they would have to sign up all the instrumentalists with Petrillo. Sure is an attractive attention getter. . . . Harry and Hymie Koeppel, Koeppel Distributing Company, both busy. Harry taking care of the plastic department, and Hymie handling the used music set-up. . . . We understand Benny (Albino) Horowitz, hospitalized, suffering a heart attack. . . . Joe Young, Young Distributing (Wurlitzer distributors), tells us that music operators, buying the model 1250, order the 45 rpm converter in a ratio of 1 to every three machines. As time goes along, Young states ops will go for 45 rpm more and more. . . . Joe Hirsch, business manager for the Associated Amusement Machine Operators of New York, completely recovered from his recent illness, and reports a sell-out for the association's big shindig being held at the Latin Quarters on Sunday, December 17. . . . Dave Stern and Tom Burke, Seacoast Distributors, Elizabeth, N. J., holding the doors of their freshly renovated offices open awaiting the arrival of the first shipment of Rock-Ola's "Rocket '51-50" phonograph. . . . General Vending Sales Corporation, headed by the three "Generals," Irv Blumenfeld, Harry Hoffman and George Goldman, inviting the country's coinmen to participate with them in a "triple celebration" on Sunday, December 17. The "Generals" celebrate their 25th year in business the completion of the new addition to their building; and the display of equipment from the various factories they represent, including several new products.

MIAMI MURMURS

Murray Blaine's "Bar Mitzvah" party for his son, Stephen, at the Miami Beach Temple was one of the most outstanding events of the season. Saw Jack Kauffman, "Moish" Marder, Davey Friedman, Willie Blatt, Judge Lee Mason and their families and almost everyone who was anyone at this grand reception. In fact, many people came from many miles away, and from other states to attend. . . . Reservations just made at Lou Koren's King Cole Hotel for Mr. and Mrs. Barnett (Shugy) Sugerman of Newark, N. J., and entire family. They expect to be here around the 26th of December and will stay on after New Year's. . . . Ozzie Trupman, Ted Bush and Willie Blatt having lunch the other day. Wonder if this means that Willie bought still another batch of the new Wurlitzer phonos? . . . Rod Rood of Orlando is expecting his sample of the new Rock-Ola "Rocket '51-50" almost any day now. Ron is all excited over this new 50 selection phono. . . . Collections have jumped about 10 per cent with the increased number of visitors. And the way reservations are going right now, all coinmen who want to get down to our sunshine country better make sure they have rooms. Collections expected to continue to go up. . . . Ely Ross is one of the busiest guys in town over at Sam Taran's distrib headquarters with the demand for AMI phonos and other machines almost impossible to fill as the season gets well under way. . . . Back in the news the story of the fact that the Supreme Court ruled sometime ago that free play pinballs are illegal. On Oct. 11, Atty. General stated, free play pinball machines are not illegal if the free play mechanism is plugged or removed. . . . Also in the news here is the problem merchandise machine ops are faced with increasing drink vendor price from 5c to 10c. One reporter here stated that the ops didn't know whether this would get public support, the 100% increase, and that all wished "The Cash Box" suggestion for a 7½c coin had been passed thru Congress this last session when the bill was presented by the American Institute for Intermediate Coinage. . . . Anyway, the sunshine is great here and coinmen are expected to flock down to Miami's warm clime as the snow grows deeper in the north.

CHICAGO CHATTER

Now that more and more members of the industry realize that this publication was anything but "alarmist," in advising that production was being cut considerably, many fine letters have been received from all over the country complimenting this magazine on its efforts in behalf of all coinmen to help them prepare for the great barren period ahead when no new equipment, or so little new equipment, will be manufactured, that they will have to exist with whatever they have now purchased. Sincerest condolences to the family of Miss He'en K. Moloney who passed away this past week (Sat., Dec. 2). Everyone who knew Helen will miss her tremendously. She was one of the world's nicest people. One noted salesmanager here advises that, in talking with a beer driver the other day, he was told by this driver, "We're delivering more cases of beer into homes than ever before." In short, according to this coinman, TV is keeping lots of people home and away from taverns. This doesn't jive with reports received this past week that, in the greater majority of cases, collections are going up.

Harry Williams in town all this past week and simply full of pep. Harry is sold on "Sunny California". Sam Lewis, Ed Levin, Avron Gensburg, and all others at Chicago Coin, much enthused over their "Band Box" which, they have found, after two years of tests, has been able to solve many of the juke box ops' problems. Dick Cole of ColeSpa dispensers returns from a visit to New York and Boston and phones to advise entire east worried about war being very imminent. Charley Pieri returns from northern visit and advises that the majority of the firm's distribs seem to be all set for whatever may come. Boys have built up fine service depts. and also stored equipment. From location owner to operator, famous last words, "I've bought my own machine."

Sam Stern is now concerning himself with procuring materials, working out ad campaigns, sales promotion and a dozen other things, even while Harry Williams is in town. Frank Menciuri of Exhibit advises that one of the most outstanding results of their booths at the park show was the fact that almost everyone who visited with them is sill inquiring about getting speedy deliveries on that Exhibit horse. Yet, "Dale Six Shooter" stole the show and continues to get bigger orders each day. Rock-Ola plant very busy with war work yet deliveries going forth of new "Rocket '51-50" phono to the firm's distribs. Sol Gottlieb, David Gottlieb, Ed Wurgler, Bill Ryan, Ed Levin, many, many others at the big Lieberman opening in Minneapolis. Gloomy pics being painted by military men to firms in war production. Bill Bye writes from Kansas City to advise he's on the road appointing distribs. Bernie Weinberg of Philly in town.

Ben and Trudy Coven moving over to their new home in Highland Park very gradually. Will be all moved over in about another week and Ben will soon be enjoying a country squire existence. Joe Simon, Ed Kennedy and Bill DeSelm (with Herb Oettinger missing) in a game of "gin". Simon piling up the winnings. Ray DeRoche of United, back from a long road trip, preparing to go out again. "There's business out there," said Ray—just pointing around in a circle. Bumped into Jackie Fields of SuperVend here, there and everywhere this past week. Mike Hammergren down in Texas rushing deliveries as customers yowl for more and more of his drink dispensers. In addition to many new records, Ray Moloney also donated a brand new juke box to the kids at Mooseheart. Bumped into a salesman who advised, "I spend half my day in these waiting rooms trying to get into see the right man in every firm." Wonder why someone doesn't think of waiting rooms as locations with salesmen waiting around in them all day long?

Controversy between nickel and dime play continues hot and heavy wherever ops meet. "Now's the time to play the dime." Lack of cobalt is making speakers and rejectors harder than ever to get. Juke box ops urged to put "Any Bonds Today?" in No. 1 spot in all phonos. We hear that Herman Paster actually read an entire news story which appeared here a few weeks ago to one of his customers over the long distance phone. Nat Cohn of New York and Tucson was in town during the park show and reported to have purchased some rides. Seems like Nat's outdoor movie show "The Rodeo" in Tucson is now being surrounded by large airplane assembly plant. Jimmy Johnson of San Antonio also in town attending the park show. Tom Callaghan in bed a few days with a bad cold, but, back again just as dapper as ever. Jack Nelson of Bally scooting between plants to keep things rolling.

American Airlines "Fiesta" display featuring the new Wurlitzer 1250 in their ticket office on Wabash Avenue meeting with much praise from employees. They like the music. "Keeps the place lively," they report. Roy McGinnis, they say, is just itching to get out his golf clubs and birdie his way around one of the Miami courses. Distribs and manufacturers with inventories on hand now agree that value of brand new equip't bound to go 'way up. Al Shannon in town and drove back via St. Louis and Oklahoma with Phil Weinberg in Al's brand new Caddy which he picked up here in Chi. Chris Christopher of Baltimore in town just for a day. Ben Becker and Art Garvey both rushed in from the east to attend Helen Moloney's funeral. As did Herb Jones and Andy Wrenn and some others who heard the news on Saturday. Bill Billheimer hard at work on "Hollycrane" to fill orders taken at the park show. Like Georgie Jenkins says, "Just can't stop selling 'Turf King'." Looks like this one'll go on and on for years. "Turf King" has already bust all production records at big Bally plant.

Lyn Durant met operators' demand by producing a brand new legal-type game, "Team Hockey," featuring 10c play. This is the two player hockey game with each player controlling three players. There's 10 balls for 10c and the game is exceptionally speedy. Ops who asked for 10c play games now have their wish. Ray and Millie Riehl's daughter, Millie, Jr., engaged to Bill O'Donnell (not the Bill O'Donnell of Bally). Henry Lemke phones long distance from Detroit to advise he put on quite a shindig for the Goodfellow's which earned this organization plenty of money. Henry shouldered all the expenses and loaned all the equipment. The new Governor thanked him profusely. Which is certainly very fine public relations effort on Henry's part. By the way Henry is now "Photomatic King" of Detroit. Bought out all competitors. Exhibit Dale Six Shooters on dime play are amazing operators everywhere, Joe Batten, vice prexy of Exhibit, advises.

CALIFORNIA CLIPPINGS

Paul and Lucille Laymon were due in any minute the day we chatted with Charlie Daniels, who tallied up almost a four-week absence for the Laymons, which means they should be raring to go when they get back to their desks. Charlie had a batch of new 5-balls on the floor, including Chicago Coin's "Punchy" and Williams' "Nifty". Bally's "Hook Bowler" is still moving out fast and there's just no stopping "Turf King," on which a new shipment was due any day.

Found Charlie Robinson and Al Bettelman hard at it, though they readily admitted that most of their action and paper work is centered around the Reno office rather than local activity . . . Standing right by the Bud Parr door, waiting on that long overdue Rock-Ola phonograph was Fred Gaunt . . . Badger Sales must be busy these days, despite some of the other distribs singing the blues. We spotted two new girls in the office force and a "new" line-up of used music equipment on the floor, including Wurlitzers, Rock-Olas, AMIs and Seeburgs.

In addition to his extensive premiums and full stock of all 5-ball lines, enterprising Johnny Hawley has started production on the "Turnabout" record cabinet, a handsomely upholstered plastic job selling at a moderate price to music stores and any operators who may find them a useful item. Johnny's putting them out in association with Tom Huddleston, who devised the product while heading the General Music Instrument Co. of New York, Chicago and Los Angeles . . . Ran into a pair of Jacks (Simon & Ryan) and a queen (Cele Padwa) at Sickings, where the boys were huddling over some paper work and seey. Cele was rejoicing over the news that a new white typewriter ribbon had been perfected to cover over typing errors—not that she makes 'em . . . Dannie Jackson and George Warner were also engaged in some paper work when we dropped in, but took time out to tell us that Sammie Donin had jumped back to Vegas and was hard at it up there . . . On the Row: S. Del George and I. B. Gayer of San Bernardino . . . San Diego's Ed Wertheim, N. P. Craver and R. W. Mason . . . Bill Black, R. C. Jenkins, and John Bridger of Bakersfield . . . M. F. Tilton, Todd Faulkner, and Johnny Ketchersid of Long Beach . . . Visalia's Ivan Wilcox . . . Lawrence Raya from Colton . . . Claremont's Jack Mallette . . . Glen Catlin of Montrose . . . Eddie L. Lee of San Luis Obispo . . . Fontana's Dick Harrison . . . Earl Wilson from Las Vegas . . . Pomona's Lloyd Barrett.

MINNEAPOLIS—ST. PAUL, MINN.

The crew at the Lieberman Hy-G Music Company feel that they deserve a well-earned vacation after the big "Grand Opening" which was held Saturday and Sunday, December 2nd and 3rd. There really was a tremendous turnout, considering the heavy snow fall and the fact that a number of highways in this area were tied up with no vehicles moving . . . The manufacturers represented were the Rudolph Wurlitzer Company by Ed Wurgler and Bob Bear; D. Gottlieb Company by Dave Gottlieb and Sol Gottlieb; Chicago Coin Machine Company by Ed Levin; Universal Industries by Bill Ryan, and the Exhibit Supply Company by Frank Menceri and Joseph Batten. A buffet table was set up and all types of delicacies were served.

Kay Starr, Capitol recording artist who is currently appearing at the Minnesota Terrace Hotel Nicollet, stopped over and spent several hours Sunday afternoon and captivated the crowd that was gathered . . . Miss Starr was thrilled at winning The Cash Box Poll as the most popular female recording singer for the year 1950.

Frank Krall of Chippewa Falls, Wis., talking about his deer hunting trip that he went on in Northern Wisconsin. There were seventeen men in the party and they all got a deer. . . Al Barry, service man for Al Scheiner passed away and was buried on November 29th . . . Some of the operators seen around town were Clayton Norberg of the C & N Sales in Mankato, who was purchasing bowling equipment . . . Wes Rydell of Mora, was in with Mrs. Rydell while she was doing some early Christmas shopping he was purchasing pin games. . . Ray Benkowski of Cloquet, was into town . . . Kenny Anderson of Austin, came in to help his wife do some early Christmas shopping . . . Jack Backus of Jamestown, N. D., was in town for a little while . . . Stan Woznak of Little Falls, reports that the duck hunting in North Dakota was good and because he couldn't get hunting out of his system he went to Wisconsin and bagged a deer.

WIN A BOND PLAY THIS GAME

 **HANG THIS SIGN UP PROMINENTLY ON EVERY AMUSEMENT GAME YOU OPERATE!**

Alright. So some cop is gonna come along and say that you've turned your pinball game into a "game of chance."

Hell, everyone of the kids out in Korea right now are taking one helluva bigger chance.

They're chancing their lives.

So, if some cop does come along, and says, "You can't do this, my friend, it's gambling" — then ask him whether those kids trapped by those Chinese Communists in Korea are "gambling"?

Just ask him.

Give those bonds away.

If the play on our amusement games is great enough, go ahead. Play the hell out of this deal.

Give one bond a week, even if it's only a \$25 U. S. Treasury Bond.

Let's get behind Uncle Sam with everything we have. Every bit of effort. All that we can do to bring about a halt to Korea, or to win, if this is the beginning of World War III.

If you are giving away premiums as a weekly draw prize, then for God's sake, start giving away U. S. Treasury Savings Bonds.

Make every dime count.

Make Uncle Sam stronger than ever.

Get behind his bond program to halt the possibility of inflation.

Get behind this bond program to prove to those goddamned Communists that every American is ready, willing, and able to fight, and fight with whatever method he can fight, to WIN—for Uncle Sam.

And if some cop drags you into court, because he says this machine offers a "cash award," by God, let yourself be dragged into court day after day. But keep spreading those Bonds.

Give 'em away for high score of the day, or the week, or the month.

Let's pitch in. This may be "it"! And if it is "it", then let's all work together in the one, and only, the best fashion that we can make those inanimate objects of amusement and relaxation — GIVE AWAY U. S. TREASURY BONDS—not premiums, not anything else.

Get back of Uncle Sam—EVERY WAY YOU POSSIBLY CAN.

Get into this fight.

Remember those kids out there in Korea. It's below zero. Their fingers are frozen solid. But, they've got to keep pulling triggers for dear life itself.

They've got to move. **THEY'VE GOT TO FIGHT.**

Hell, man, you're living. You're enjoying life. You're having one helluva swell time.

GET BACK OF THOSE KIDS IN KOREA.

You, your customers, your location owners. The hell with collections. Let's all fight and fight like hell.

Remember the kids that were butchered in Kora.

Remember the kids that were trapped in below zero weather.

Give Bonds!

Give 'em away!

Let's help Uncle Sam in this greatest nation in the world to WIN. To again prove to those damned Communists that this is one nation where everyone, big or small, male or female, young or old, in every way, will fight like mad to keep this NATION — THESE GLORIOUS UNITED STATES—AWAY UP ON TOP.

But AWAY UP ON TOP.

SO—GIVE AWAY BONDS IF YOU GIVE AWAY ANYTHING.

Make every play on your machines COUNT FOR UNCLE SAM!!

THIS WEEK'S USED MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory. METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
