"LOVE STORY": arranged by the man who arranged
"I Left My Heart In San Francisco."

And guess who sings it.

The team that gave us "I Left My Heart In San Francisco" and
"I Wanna Be Around" is back. Marty Manning,
conductor, arranger. And Tony Bennett. The man Sinatra calls
"the greatest singer in the world today."

We teamed them up again because we believe that "Love
Story" will be one of the major songs of the year.

And we wanted to have one of the major recordings of the year.

Will U.S. Sign Int'l Anti-Piracy Treaty?

Wheels will be set in motion this spring for a vital, historic international document involving the music business. In Paris, delegations for the world community of nations will meet to finalize the language of an international treaty to outlaw disk and tape piracy. This final draft will be submitted during the summer to the Bern and Universal Copyright Convention gathering to revise and update these international copyright documents. The anti-piracy treaty, however, is not to be assimilated into the Bern or UCC document, but will be signed by the international community as a separate piece of intl legislation.

The United States, as the major supplier of pre-recorded music in the world, has, of course, much at stake in the implementation of such a treaty. There is, however, one rub. The U.S. cannot be a party to this treaty unless it can provide copyright protection for disks and tapes within its own boundaries. This, tragically, is not so, since our antiquated Copyright Law, written in 1908, does not include disks and tapes under its protection. Such protection is granted in the new Copyright Bill now before Congress, and if the U.S. is to be a signatory to the treaty it must be in a position to put teeth

into its commitment.

So it behooves members of the music business to continue to press—more urgently than ever—for passage of this Bill into law. The trade is well aware that current estimates put the sale of unauthorized disks and tapes—whether they be pirated, bootlegged or counterfeited—at \$100 million each year. This for the U.S. alone. There are grave bogus disk and tape problems in other areas of the world, especially in Asia, where a key Japanese music executive stated recently that the problem is "rampant." So much U.S.-oriented product goes abroad that it's logical to assume that many millions of dollars are lost to U.S. music company and artist royalties on foreign shores. With the enactment of the anti-pirating treaty, the world community of music is ready to put itself on record and, with proper authority, to combat this evil.

The trade must let its members of Congress know that it wants a new U.S. Copyright Act with unquestioned protection against the sale of bogus disks and tapes. It means protection here at home and, with U.S. commitment to an international treaty riding on such passage, all over the world, too.

Where R&B Goes Beyond Rhythm & Blues

Curis Mayfield wrote it and The Impressions first made the world know it. Now The Main Ingredient warms it, mellows it—right up the charts. From their new album, "Tender Soul," #3, 12, 1985-1987. All in all, a lot to be proud of.

'Pre-Beatles No Trend, Economy' Spurs 'Packaged' Show Revival

NEW YORK — A pre-Beatles no trend and tight-money combination is affording a new look at the "packaged" concert tour.

To Ira Blacker, vp of American Talent Int'l, a six month old booking agency here, the situation is "rough." Besides the tight-money situation, Blacker sees a present "rough time" for concert tours because "music needs a boost" on the order of exciting new acts which leads to emulation, which, in turn, creates activity.

The concept of reviving the "pack-

RIAA Gold Awards Hit High In 1970

NEW YORK — RIAA gold awards reached a new high in 1970. A total of 169 awards were made, compared to 158 in 1969. In 1970, 113 albums and 56 singles earned gold, while the year before, 94 albums and 64 singles earned awards. The leading record label in the gold derby was Columbia Records, with 21 awards, 16 for albums, five for singles. Gold awards are determined either by \$1 million in sales for LP-tapes, and 1 million units in the case of singles.

FRONT COVER

A phenomenon like Chicago doesn't happen frequently but when it does, America, and the world sit up and take notice. Columbia Records is re-releasing the third double-album simply entitled Chicago by the seven-man group with the Midas-touch.

Each of Chicago's earlier Columbia double-record sets, C.T.A. and Chicago, have recently sold over two-million copies each, and both have been awarded Gold Records for sales exceeding one million dollars as certified by the R.I.A.A. (Record Industry Association of America). In addition, both albums are still riding high on the national best-seller charts nearly two years after their initial release, thus attesting to the group's ever-increasing popularity. All of Chicago's albums are produced by James William Guerico for Poseidon Productions.

UA's Picker Stresses Stronger Amalgamation Of Disks & Films

Stewart Is Exec VP Of New Label Mgmt.

HOLLYWOOD — U. A. Records made a rusty rumor official. It has abandoned the Liberty logo for the U. S. and Canada and henceforth will be known as U. A. Records. At a press conference held at the Beverly Hills Hotel last week, David Picker made this announcement, adding that only the Blue Note and the firms international Latino labels would be continued along with U. A. "We are starting with a fresh look, using the name of one of the most successful film firms in the world," said Picker. With this change, Picker added, there is a new direction and philosophy.

New UA Logo

The new management team will include Mike Stewart as exec vp, Ron Bledsoe as vp in charge of product, Mike Lipton as vp in charge of marketing and Bob Cato (who redesigned the logo and look of the U. A. label) as "consultant."

Artistic Cut

U. A. has cut its artists roster drastically in recent months from 265 to 71, said Picker, in order to offer a heavier concentration to new and established acts. Those recently signed to the label include George Gerdes from the folk-rock field, El Quintet (the group that backed Sir Douglas) and Eric Burdon's hard rock combo, WAR. WAR will be the initial album to be released with U. A.'s new logo and is said to ship Feb. 15. Picker said there had been some confusion about U. A. signing Eric Burdon. The group known as Eric Burdon and War is signed to MGM Records for the U. S. and Canada, but U. A. has foreign release rights.

Disk-Film Ties

"We hope that U. A. will not only be a home but will be an outlet for inventive performers," said Picker, cont'd on p. 34

age" show is the work of ATI vp Sol Saffian, Blacker notes. "It's a question of survival," Blacker explains. In pointing to an upcoming "package" tour by Savoy Brown, Small Faces with Rod Stewart and the Grease Band, Blacker says that the difficulty in booking a single heavy attraction is being made-up in a "three acts to compete with one" approach. The exec indicates that the six-week tour will probably gross a million dollars.

To Blacker, the current pop music vacuum is exemplified by the emergence to the surface of traditional "undercurrent" sounds, like R&B music and standard pop sounds. He claims a "conservative white backlash" that prevents the booking of strong R&B acts. The lack of show-cases, Blacker adds, is giving the booking agency business a hard time, too, especially on the west coast. Says Blacker: "Promoters used to bid for acts, now they bid for big halls." Blacker also sees a trend toward acts becoming more involved in "small, tightly run agencies."

Among other contemporary acts booked by ATI, whose president is Jeff Franklin, are Badfinger, Curtis Mayfield, Dawn, Four Seasons, Impressions, Jay & the Americans, Rascals, Mungo Jerry, Potliquor, Spooky Tooth, Tokens, among others.

Elektra Into Multiple Tape Dist

Posner Cites More Outlets

NEW YORK — Elektra Records, which previously held exclusive distribution of its tape, has established a system of multiple distribution on its tape product only.

Mel Posner, vice president in charge of national sales, explained that Elektra tape distribution would now operate through Elektra's 21 distributors across the country and through certain key tape rack accounts. Elektra's regional salesmen, Stan Marshall on the east coast, Stan Schoen in the midwest, and Scott Ross on the west coast, as well as Posner himself and assistant George Steele, will be calling on these accounts.

Posner declared that the reason behind Elektra's decision was twofold. "First of all," Posner stated, "we have found over the years that the present distribution system excludes certain very important tape accounts that are simply not serviced by record distributors."

But Posner alluded to a further problem with tape merchandising that influenced Elektra's decision. Both Elektra president Jack Holzman and Posner feel that one of the great problems with tape merchandising revolves around the fact that there is a serious lack of means of exposure for tape product, a shortage of facili-

ties, and virtually no promo and publicity at all. As Posner pointed out, "A hit tape is always preceded by a hit record."

Posner further indicated that the time is over when tape sales can be thought of as just a "groovy sideline." "Tape sales, as we all know," Posner said, "have become a major factor in the overall business of pre-recorded music, and the percentages of tape sales are constantly rising."

Posner added that on a day to day basis the change would mean that Elektra will easily be able to guarantee service directly into accounts without any delay. Merchandise will be serviced from Columbia in Terre Haute where it is being duplicated.

Dick James, ATV Reach Settlement

LONDON — Dick James Music Ltd. and Associated Television Corporation Ltd. report the settlement of the action for damages initiated in the Courts of New York State by Dick James Music Inc. as a result of the termination in August, 1970, by Northern Songs Ltd. (now owned by ATV) of the contract whereby Dick James' U. S. company managed Maclen Music Inc., Northern American subsid.

The writ against Maclen Music Inc. is being withdrawn and an agreed sum is being paid to Dick James Music Inc. as compensation for the terminated contract, which would otherwise have had approximately two-and-a-half years to run. In agreeing the settlement relating to the North American contract, AT has reaffirmed its confidence in the management of Dick James Music Ltd. of Northern Songs Ltd. in the United Kingdom and the rest of the world. At the same time as arriving at the settlement referred to above, ATV and Dick James have mutually agreed that, Northern Songs Ltd having acquired in Dec. 1970, after many months' negotiations, the catalogs of Lawrence Wright Music Company and associated companies, the management of those catalogs will be in the hands of the newly-formed music publishing venture, ATV-Kirshner. This arrangement accords with the development plans of both Dick James Music and Associated Television Corporation.

McCartney Seeks To Dissolve 2 Beatles' Firms

LONDON — The New Year opened with final irrefutable confirmation that the Beatles are no more as one entity. Paul McCartney initiated High Court action to dissolve the Beatles and Co., formed in April 1967, and Apple Corps. He wants a full rendering of accounts and assets and a four-way split of these between himself and the other three erstwhile group colleagues. It has been common knowledge that the Beatles have been glaring eye to eye more often than seeing eye to eye since soon after the death of their manager Brian Epstein. It's understood that McCartney wanted Lee Eastman, now his father-in-law, to succeed Epstein in guiding their fortunes, but John Lennon, George Harrison and Ringo Starr overruled his choice in favor of Allen Klein. That decision was it as far as McCartney was concerned, and Lennon went into detail about his change in attitude towards the rest of the group in a recent interview published in an underground magazine.

Lennon's friendship and marriage to Yoko Ono also is said to have taken a disruptive effect on the foursome, and the rather sorry end to the twentieth-century's most spectacular and legendary pop partnership will be a probably prolonged and acrimonious spell of litigation. The exact monetary value of the Beatles and Apple Corps has not yet emerged, but some quarters estimate it at being in excess of £40 million. Experts in such matters have already pointed out that, in the event of a division of the assets between the foursome, the capital gains tax is likely to make fearsome inroads into each share unless some satisfactory formula can be found to circumvent this hazard.

Sire To Polydor In U. S.

NEW YORK — Sire Records product will be distributed by Polydor in the U. S. A., effective immediately, as a result of an agreement concluded by Sire directors Seymour Stein and Richard Gottelher and Polydor president Jerry Schoenbaum. Sire had previously been distributed for over two years by London, with an agreement still having several months still to run, but which was terminated amicably. For the past year, Polydor has been handling Sire's Blue Horizon label.

"The move to Polydor," Stein said, "was prompted first by a growing desire on our part to expand our marketing potential through an alternate means of distribution. The rack-jobber method of selling records, although successful, limits the quality and variety of records sold, by concentrating primarily on moving large quantities of a limited assortment of records. We intend, without competing with or eliminating the rack-jobbers, to circumvent these traditional methods and develop new channels of distribution through 'head shops' and directly to colleges by means of on campus representatives."

Sire has scheduled its first release for mid-March and will use the interim period to ready product and firmly establish a working relationship with Polydor personnel and their distributors. Under the terms of the new agreement, Sire will function autonomously in all aspects of production, and will work in conjunction with the Polydor staff in all phases of promotion and marketing.

London will continue to sell existing records, including some 30 LP's in the Sire catalog during their six month sell-off period with special emphasis on recent album releases by Climax Chicago Blues Band, Barclay James Harvest, and Focus. Many key items will be immediately repackaged for distribution by Polydor.

The current Sire artist roster includes Martha Velez, Ann, Climax, Peter Kelley, Jean Ritchie, Barclay James Harvest, Paul Geremia, Focus and the New Deal String Band. There will be new releases by all of these acts by mid 1971. In addition, Sire is currently negotiating with several

Big 3 is preparing a 40-page folio of the score which will utilize the cover of the LP. Special airs Jan. 30 at 12 noon (EST). Big 3 will also handle future Goggles music.

Wienneke Leaves Basart

AMSTERDAM — After a five-year association, the Basart publishing-group and its general manager F. Wienneke part company on Feb. 1. Wienneke is one of Holland's leading arrangers and music directors. He will set up his own outfit concentrating mainly on musical production for records, motion pictures and background music purposes. He will continue to render services to Basart in various capacities. Wienneke calls his past relationship with Basart a "happy one." "Teaming up with Basart's president Mr. Guus Jansen Jr. has been a highly instructive experience to me and has resulted in the acquisition of numerous important catalogs, such as Apple, Mother Mistro, Neol Gay, Shaftesbury, Shelby Singleton etc."

other American and English groups.

The move to Polydor is one of the most important events in Sire's five year history and brings Sire a step closer to global representation by Polydor, which now distributes Sire product throughout the world with the exception of France and Italy. In addition, Blue Horizon, the English based blues label, jointly owned by Sire and Richard and Mike Vernon, is distributed by Polydor in the U. S. A.

Sire/Blue Horizon managing director Seymour Stein left last week (13) for a month long European trip. At MIDEM, Stein hopes to conclude several foreign publishing deals. Stein will also confer with key Polydor execs and Barbara Baker of Disc's A-Z, Sire's French licensee, to plan Sire releases in Europe. In England, Stein will meet with his Blue Horizon partners and several newly signed Sire producers. Final stop will be Amsterdam, where Stein will supervise new sessions by Focus to be produced by group members, Jan Akkerman and Thijs Van Leer.

Columbia Contemporary Music Spotlight Over Next 4 Months

'Music Of Our Time' Is Campaign Theme

NEW YORK — Columbia Records' merchandising department has launched a full-scale rock merchandising campaign called "Music of Our Time." It's designed to promote both new artists as well as the new releases of Columbia, Epic and Custom labels through April.

Columbia vice president of merchandising Bruce G. Lundvall commented "we ran the first major rock merchandising program in the industry in 1968, and it was an incredible success. Our second program ran the following year, and we billed over \$12 million dollars. Any program is only as strong as the artists whose product it embraces, and with the heavy artists on Columbia, Epic and our Custom labels and some of the bright new people we'll be launching

during the next few months, I fully expect that we'll double the sales of our last program."

The "Music of Our Time" program will highlight the more than 160 releases of the next couple of months such as the live albums of Miles Davis at the Fillmore, Johnny Winter/live, highlights from the Atlanta Pop Festival, The Johnny Otis Show/live at Monterey Jazz Festival, highlights from the Isle of Wight Festival, and the new releases by the Rascals, The Chambers Brothers, Chicago, Al Kooper, Boz Scaggs, Loco Janis Joplin, Ivory Joe Hunter, Edgar Winter's White Trash, John Hammond, Ballin' Jack, and Leonard Cohen. Debut albums by new artists and groups will be released during these months such as by Diane Kolby, the powerful singer/writer from Texas, Chelsea Beige, Tin House, and Grin, an exciting rock group from Maryland.

Spearheading the campaign will be a special sampler album, featuring nineteen of Columbia's current contemporary artists. Called, "Different Strokes," the album is designed to introduce as many people as possible to the label's contemporary catalog. The "Different Strokes" album will feature performances from the new albums of Johnny Winter, Tom Rush, Poco, Dreams, Big Brother and the Holding Company, Miles Davis, Spirit, It's A Beautiful Day, The Chambers Brothers, Laura Nyro, Ballin' Jack, New York Rock Ensemble, The Hollies, Redbone, Elvin Bishop Group, Fraser & DeBolt, Bill Puka, Soft Machine, and The Flock, and will be available in record stores for the suggested retail price of \$1.00, as well as tapes at a slightly higher price.

A 16mm. film featuring many of the artists on the "Different Strokes" album will also be made available to record stores. Named "Different Strokes" the movie will provide an audiovisual dimension that will further familiarize the record buying public with Columbia's product.

The program also introduces an innovation in economy line product with the release of three contemporary underground albums on the Harmony Headliner Series: Mike Bloomfield, Moby Grape and Grace Slick.

The "Music of Our Time" merchandising campaign will be supported by an extensive advertising schedule. Highlighting this schedule will be a full-page ad in the February 15th college edition of Time Magazine that will include a specially prepared, bound in, flex record featuring the following six Columbia artists: The Chambers Brothers, Laura Nyro, Poco, Spirit, Dreams and Tom Rush. Ads in other leading consumer publications such as Playboy are also

for the strong resurgence of the recording industry in that city, and in little more than three years have become leaders in the pop music world. Their first joint efforts, symbolically titled "United" and "Together," for a then unknown group called The Intruders led to their smash hit for the same group with the tune "Cowboys to Girls."

Since "Cowboys to Girls," their list of hit tunes include singles and albums by Nancy Wilson, The Intruders, Dusty Springfield, The Vibrations, Jerry Butler, Soul Survivors, Billie Paul, The O'Jays, Archie Bell and the Drells, and Wilson Pickett. In addition, Gamble and Huff have supervised dates for other top recording artists, among them Bobby Hebb and DeeDee Warwick, and have written and produced five gold singles. They won the NATRA Golden Mike Award for the best R&B production team in 1968 and 1969.

Gamble and Huff will produce a variety of music on their label, including pop, rock, R&B, jazz, as well as country.

MGM 1st Qtr Income Up w/ Label-Pub Aid

NEW YORK — MGM Pictures was well in the black for the first quarter of fiscal '71, thanks, in part, to a \$413,000 net by MGM Records and Big 3 Music. The record-music division lost \$116,000 in the first quarter of fiscal 1970.

MGM, which showed net operating losses in fiscal 1969 and 1970, reports a net of \$22 million, or 37¢ a share, for the first quarter of fiscal '71, ending Nov. 21, an increase from \$328,000, or 6¢ a share, for the 1970 first quarter. Gross revenue for the first quarter was \$36.7 million compared to \$38.8 in the same period last year.

Jim Aubrey, MGM president since Nov. of 1969, cited the company's reorganization, economies, consolidation of operations and better performance of recent films as contributing to a better profit margin.

Kirk Kerkorian, owner of 40% of MGM stock, is "most gratified" at the financial showing.

Childs Tops A&M Promo; Fuhrman Heads East Coast

NEW YORK — Harold Childs is moving to A&M Records headquarters on the west coast as national promo chief, while Mel Fuhrman will assume Child's previous post as director of east coast operations, according to Bob Fead, A&M vp and director of distribution.

Childs joined A&M in 1967 as album field coordinator in Hollywood, and, in 1968, became sales promo director for Creed Taylor Int'l, previously handled by A&M, in New York. He took over A&M's eastern operations last year.

Fuhrman comes to A&M after an association with Liberty/UA Records, holding general managership posts at Liberty, Blue Note, Solid State and Minit. He was also east coast district manager for Liberty.

Firm Expanding Student Owned Record Shops

LAWRENCEVILLE, ILL. — By working with student governments, a new company has helped to establish seven student-owned and operated record shops on seven different Midwestern campuses and expects to see the number boom to 30 or more locations in '71.

Student Economic Development Corp. in Lawrenceville, Ill. not only functions as a rack jobber for student record shops but also offers student aid in the selection of locations, accounting procedures, inventory and traffic control, merchandising, advertising, and promotion.

"This is an entirely new concept in record distribution," said H. Stephen Landau, Jr., president of the corporation. "We're interested in helping student governments and organizations enter the business field, so we not only supply the records but also the expertise to initiate and conduct a successful business."

Student Economic Development Corp. is working primarily with organizations in the Midwest, including Michigan State University at Lansing, Southern Illinois University at Carbondale, University of Missouri at Columbia, and Case Western University at Cleveland, but expects to expand westward in 1971.

SEDCO was formed in 1970 as a consortium of students and recent students who were interested in helping student organizations develop co-operative business ventures on college campuses. It offers a variety of college-oriented services and products in addition to records. SEDCO was capitalized to the extent of \$250,000 by Executive Systems, Inc., also of Lawrenceville, socially oriented management consultant firm which provides the more mature business expertise for the student ventures.

Budget 'Superstar' Via Pickwick/33

LONG ISLAND CITY, N.Y.—Pickwick/33 label is rushing into immediate release the first economy version of "Jesus Christ/Superstar." Priced at \$1.89, this album features full orchestra and chorus. The original version is on Decca Records.

"This album," said Rich Lionetti, marketing director, "marks some-

thing of a precedent for Pickwick/33. While we have, in the past, released economy versions of hit Broadway shows and important film scores, this marks the first Pickwick album based on a work commissioned exclusively for records.

"Our decision to record this rock opera on Pickwick/33 is based on the unique nature of 'Jesus Christ/Superstar' and its enormous socio-religious impact in the United States and Great Britain. The rave reviews from the nation's press, starting with Time and Newsweek and from them virtually every major newspaper in the country, as well as the underground press, were coupled with the enthusiastic endorsement of clergy of all faiths. We feel that this recording should be available to the entire public."

Ira Moss, president of Pickwick International, USA, commented: "'Jesus Christ/Superstar' is a monumental work which should be made available to the broadest possible public and merits the mass merchandising expertise that Pickwick has demonstrated in this area of the record market. We are extremely proud of the marvelous recording this rock opera has been given, and are very conscious of its tremendous impact in contemporizing religion. 'Jesus Christ/Superstar' is already in our 'priority' shipping schedule and product is now being delivered."

WSPR-Springfield, Mass Welcoming 'The Age Of MOR'

"No question about it. We are entering into the age of MOR." The speaker was Budd Clain, certainly a man who knows whereof he speaks, since he has been at the program director helm of WSPR for more than a few years and that station is currently the MOR leader in the Springfield, Mass. area.

"Take a look at the Top 100 chart," suggested Budd. Two years ago, I would be lucky if I could use a dozen of the records there. Now I find that every week there are about twenty five that are suitable for play on our station. To me that is indicative of a change in musical tastes."

A glance at just the top ten records on the current listings revealed at least five, or half, which would qualify for inclusion on the WSPR playlist. Even allowing for the fact that the station itself may have modified its stand somewhat and be-

gun accepting more up-tempo numbers (something admitted by Budd) it still seems as if something is happening.

A trend toward MOR would probably be of more import to stations trying to gain a foothold in a market than to one such as WSPR, which is already in a good position. In fact, Budd's station is presently involved in plans to attract younger members of the audience, the more rock-attuned 18-24 age group.

WSPR made the shift to its present format back in 1967, and a very unique shift it was, since it was made when they were already entrenched in

WSPR-Springfield, Massachusetts. 5,000 kw. Alan C. Tindal, president and general mgr.; James Kirby, commercial mgr.; Budd Clain, program director; Don Stuart, music director; Sy Becker, news director; Kevin Kelly, sports director.

Format: Contemporary MOR. Playlist: 75-90 singles, 50 LP's changed weekly.

On-Air-Personalities: Paul Monson & Bill Sterling, 5:30-10 a.m.; Bob Green, 10 a.m. to 2 p.m.; Joe Bernard, 2 to 6:30 p.m.; Kevin Kelly, 6:30 to 8 p.m.; Dick Marshall, 8 p.m. to midnight.

the number one slot in the adult market. So it was not a desperation move, rather one based on a feeling that conditions were changing. Prior to '67, WSPR was locked into a lush instrumental type of sound, which although popular among older listeners, seemed fated to fade as more rock-oriented teenagers gained adulthood.

Budd works off a fairly large playlist consisting of from 75 to 90 singles and about 50 albums. Deejays are given more opportunity to get acquainted with new product since they have absolutely no news responsibilities. At WSPR, a man from the news department is on duty the whole time the station is on the air.

Sportswise, the station broadcasts local college games as well as Boston Bruins hockey and Boston Red Sox baseball contests.

Clain credits consistency with being the prime reason for WSPR's success. We don't let music pile up on our window sill. We've been doing our homework from the start."

NERO-ICS—"Love Story," pianist Peter Nero's new single for Columbia was the reason for a recent tour of New York radio stations by Nero and the label's branch promotion men. Pictured, left to right, Joe Senkiewicz and Matty Mathews of Columbia, Nero and Jim Lowe, deejay at WNBC.

He introduced his new single standing in the middle of a street.

Fortunately 30 million people watched Gary Puckett sing Simon & Garfunkel's "Keep The Customer Satisfied."

The place was Biscayne Blvd., Miami, Fla.

The event was the annual New Year's Eve Orange Bowl Parade televised by NBC.

The response was something you'll understand after hearing Gary's new release yourself.

All in all, it appears that with so much exposure Gary Puckett's new single will definitely not be one thing: Part of the passing parade.

America's top composer for the musical theater and Andrew Lloyd Webber, the young English rock composer met in New York recently to discuss the theater, music and, yes the Bible. Buddah/KS Sets Do-It-Yourself Ad Publication

NEW YORK — The "Buddah Record," a comprehensive tool for distributor and dealer co-op advertising, has been published by the Buddah/Kama Sutra Group of labels.

Designed to "eliminate the middleman and make advertising fun," the 24-page booklet contains screen Vellox reproductions of album covers, captions, headlines, 100-, 200-, 300- and 400-line ad forms, instructions on the booklet's use and biographies of all Buddah Group artists.

Conceived by Milt Sincoff, Buddah director of creative merchandising and packaging, the "do-it-yourself mat kit" is seen by Buddah as a built-in incentive to co-op advertising. The booklet was shipped in quantity last week to distributors and retailers.

"By utilizing the materials in the 'Buddah Record,' the distributor and dealer no longer have to depend on expensive outside studios," said Neil Borgart, co-president, "Through this program, the dealer and distributor have control over how the ad looks and what it says. It's another means of making the Buddah family closer and more effective, so that we can all do better business faster."

Chess Backs Ramsey Lewis With 'Year Of The Ram' Promo

NEW YORK — Len Levy, head of the GRT Records Group, has announced that a major promotional, publicity and advertising campaign will be undertaken during 1971 for pianist Ramsey Lewis, who has been with the Chess Records organization for the past fifteen years. Titled "The Year Of The Ram," the campaign will include the release of at least four albums on the Cadet label during the next twelve months, extensive trade and consumer ads, a national college tour co-ordinated with a talent search, major tv exposure, point of purchase displays and incentive programs. The GRT tape division will also be involved in the promotion.

Epic Redoubles Push On 5 Decks

NEW YORK — Mike Kagan, director of national promo at Epic/Columbia Custom labels, reports that five of its singles, released before the Christmas holidays, have been receiving "such strong airplay and sales" that it has redoubled its promo activities on these disks while withholding the release of a number of new singles. The disks: Rufus' "Brand New Day," "San Bernadino" by Christie, "Gasoline Alley" by the Hollies, Redbone's "Maggie" and Ray Stevens' "Bridget the Midget."

The first Ramsey Lewis album to be released in 1971 is "Back To The Roots." Set for a late February or early March release, the LP marks the reunion of Lewis with Esmond Edwards, now vice president of A&R for Chess, who co-produced this LP with Lewis. Several years ago, Edwards produced the million-selling "The In Crowd," "Hang on Sloopy" and "Wade In The Water" for Lewis.

A double record set listing for \$5.98, which will include 15 years of the best of Ramsey Lewis, will be released in the fall and at least one other Ramsey Lewis LP will be issued in 1971. Each album will receive extensive merchandising support under the direction of Arnie Orleans, vice president of marketing. Point of purchase material is being prepared including browser bins and window and counter displays. Radio and co-op ads will be placed in major markets. A specially prepared Ramsey Lewis press kit, which will include a sampler record, a complete discography and other material, will be given away at the NARM convention in February and will be utilized during the year.

The entire Chess executive team, including vice president of marketing Arnie Orleans; vice president of A&R Esmond Edwards; sales manager Worthy Patterson and national promotion manager Chuck Fly, will be involved in the Year Of The Ram campaign.

'My Fair Lady' Film Returns To Broadway

NEW YORK — "My Fair Lady," the winner of eight Academy Awards, returns this week (21) to the Criterion Theatre on Broadway, where Warner Bros.' top hit had its world premiere on Oct. 21, 1964, and where it ran for a record-breaking 87 weeks until June 20, 1966.

Starring Audrey Hepburn and Rex Harrison, the Alan Jay Lerner-Frederick Loewe film musical was directed by George Cukor and produced by Jack L. Warner from Lerner's screenplay. Its eight Oscars, awarded on April 5, 1965, included those for best picture, best actor, best director, best art direction, best costume design, best cinematography, best sound and best musical scoring.

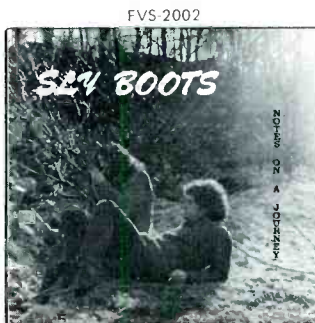

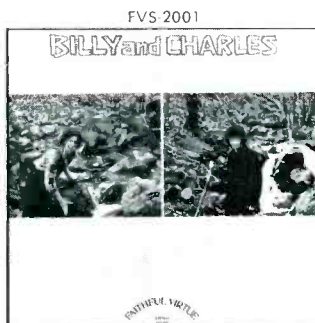

"My Fair Lady" has far outgrossed all other Warner Bros. releases, topping \$100,000,000 around the world. Columbia Records has a multi-million seller on the soundtrack score.

Following its re-opening at the Criterion, "Lady" will open on Jan. 22 in Los Angeles at the Fox Wilshire Theatre, with other engagements set for key cities subsequently, Greenfield said.

Filmed in Technicolor and 70mm Panavision, with six-track stereophonic sound, "My Fair Lady" includes 18 musical numbers. Among them are such all-time Lerner-and-Loewe song hits as "I've Grown Accustomed to Her Face," "The Rain in Spain," "Wouldn't It Be Lovely?," "With a Little Bit of Luck," "Show Me," "Get Me to the Church on Time," "I Could Have Danced All Night" and "On the Street Where You Live."

POST CAMPAIGN—"Quit Dreaming Of A White Christmas—Stop Pollution" is the word from Post Records, the Philadelphia-based manufacturer and distributor of the "Solid Gold Sound" album series. In wrapping up its usual Christmas promotion, Buzz Curtis, president of Post Records, says that he realizes the billboard campaign is a small contribution but in conjunction with their new "stop pollution" message inscribed on each label hopes that it will alert the public of the concern in the music industry for this crucial problem.

Picks of the Week

THE JACKSON 5 (Motown 1177)

Mama's Pearl (3:09) (Jobete, BMI—The Corporation)

Tapping their special keg of pop energy, the Jackson 5 roars into the lists once more with a blazing bubbly-soul surger that has already bounded into the top forty in its first week on the market. Super side as a new year follow up to their Christmas hit. Flip: "Darling Dear" (2:37) (Jobete, BMI—H&R Gordy, Story)

CREEDENCE CLEARWATER REVIVAL (Fantasy 655)

Have You Seen the Rain (2:39) (Jondora, BMI—Fogerty)

Hey Tonight (2:43) (Same credits)

Showing their first major change since establishing themselves on the rock front, Creedence Clearwater slows and softens their sound in this single from the "Pendulum" monster. While "Have You Seen the Rain" comes as close to a ballad as anything from CCR, the flip features their unique power to turn this into a two-sided giant.

THE GUESS WHO (RCA 0414)

Hang on to Your Life (3:20) (Dunbar/Cirrus/Sunspot/Expressions, BMI—Cummings, Winter)

One of the most aggressive vocal and musical singles from the Guess Who brings the group's top forty visage closer to that presented in their LP's. Side is already a strong from-LP choice with FM stations and should explode into AM sales lists. Flip: "Do You Miss Me Darlin'" (3:54) (Same credits)

DEREK & THE DOMINOS (Atco 6803)

Bell Bottom Blues (3:10) (Casserole, BMI—Clapton)

Shrugging off the 50's styling of their earlier side, Derek (Clapton) and the Dominos come up with a progressive ballad that should see powerful top forty reception. Instrumentally enticing and surprisingly melodic, the piece is certain AM/FM dynamite. Flip: no information.

CHRISTIE (Epic 10695)

San Bernadino (2:54) (Leeds, ASCAP—Christie)

Having faced a long haul up the sales lists with "Yellow River," Christie should find it easy sailing with this second-time outing. Side is a British best seller loaded with rhythmic magnetism for teens and a good performance to add extra FM impetus to the single. Flip: no info.

CANNED HEAT (Liberty 56217)

Woolly Bully (2:30) (Beckie, BMI—Domingo, Samudio)

Taking the Sam the Sham hit of last decade, Canned Heat pours out a fine follow-up to their "Together." This side still features the top forty dance and humor of the original, but Heat's instrumental additions should add enough FM impact to give the side widespread playlist magnetism. Flip: no info.

JERRY BUTLER (Mercury 73169)

If It's Real What I Feel (2:38) (Ice Man, BMI—Jackson)

Jerry Butler takes on two aids in this side, giving him his most moving and commercial sides in about a year. First, he had gone back to a slightly faster pace, and second, he's accompanied by a girl who gives the side that extra hit icing. Flip: no info.

GARY PUCKETT (Columbia 45303)

Keep the Customer Satisfied (2:40) (Charing Cross, BMI—Simon)

A heavily programmed "flip" from Simon & Garfunkel, "Keep the Customer Satisfied" has become identified with Gary Puckett as the opener for his appearances. The grand vocal ability of Puckett, the song and a production plus should put this new side high in the top forty picture. Flip: no info.

DAVE MASON (Blue Thumb 7122)

Waitin' on You (3:05) (Coachhouse, BMI—Mason)

Superb mixture of blues and exuberance gives Dave Mason an outstanding new side to captivate the teen audiences at AM and FM dials. Brightly paced and nicely performed, the side should catch enough attention to climb onto sales lists. Flip: "Just a Song" (2:59) (Same credits)

JANIS JOPLIN (Columbia 45314)

Me & Bobby McGee (4:09) (Combine, BMI—Kristofferson, Foster)

The ready-known "Me & Bobby McGee" becomes an intensely personal thing in this Janis Joplin reading from her newly issued "Pearl" LP. This, on top of the entire Joplin cult anticipation assures overwhelming receptions to the performance. Flip: "Half Moon" (3:50) (Open End, BMI—Hall)

JIMMY RUFFIN (Soul 35077)

Maria (You Were the Only One) (2:56) (Jobete, BMI—Gordy, Brown, Story, Glover)

Brilliant production, a sparkling piece of material and Jimmy Ruffin's glowing vocal should excite immediate R&B and top forty notice for this ballad offering. One of the most powerful sides from this artist in a long while. Flip: "Living in a World I Created for Myself" (3:10) (Jobete, BMI—Story, Brown, Gordy)

TAMIKO JONES (Metromedia 205)

Cross My Heart (2:25) (Muscle Shoals/Cotillion, BMI—Soule, Woodford)

Having gained MOR play with her first single in two years, Tamiko Jones aims at adding the pop and blues areas without dropping that easy, MOR appeal. Bright new side that could find a variety of spotlights on its way up. Flip: "Since I Don't Have You" (3:05) (Bonneyview, ASCAP—Rock, Skyliners)

Newcomer Picks

DREAMS (Columbia 45300)

Devil Lady (2:50) (Crunchy Grenola, BMI—Kent, Lubahn)

Muted horns with a '30's tingle and arrangements built on the Sly Stewart rhythm power give Dreams a wild premiere backdrop in this side from the group's LP. Powerful top forty effort that should break loose with teen audiences. Flip: "The Maryanne" (2:25) (Crunchy Grenola, BMI—Lubahn)

C.C.S. (Rak 4501)

Whole Lotta Love (3:40) (Cotillion, BMI—Page, Plant, Jones, Bonham)

C.C.S. arrives with its British best seller only to become locked in a cover fight with King Curtis' instrumental version of the same hit. Top forty reaction is already building sales for this electric-flute and power-percussion treatment. Flip: "Boom Boom" (3:30) (Conrad, BMI—Hooker)

BRASS MONKEY (Rare Earth 5022)

Sweet Water (2:51) (Hill & Range, BMI—Flett, Fletcher)

Imagine Creedence Clearwater performing after a year of tutoring by English musicians. That's the musical blend that comes out clearly in Brass Monkey's own brand of rock. Excellent teen side with strong top forty potential. Flip: "You Keep Me Hangin' On" (3:47) (Jobete, BMI—Holland, Dozier, Holland)

DAVID ALLEN COE (SSS Int'l 825)

Tobacco Road (2:30) (Cedarwood, BMI—Loudermilk)

The Nashville Teens' early rock giant has been revived by a handful of progressive artists in LP's, but the arrangements on this latest performance could prove right in breaking the version with top forty and FM stations for the first time since the original. Flip: no info.

FRANK LEWIS (Beverly Hills 9358)

Year of War (2:56) (Markari, BMI—Lewis, Castle)

An interesting lyric with contemporary enticement is fitted to the "Barcarolle" from Tales of Hoffman in this unusual side for top forty consideration. The Australian artist here could follow Miguel Rios' pattern of breakaway sales. Flip: "Indianapolis" (2:51) (Same credits)

Choice Programming

Choice Programming selections are singles which, in the opinion of our reviewing staff, are deserving of special programmer consideration.

ANDY WILLIAMS (Columbia 45317)

TONY BENNETT (Columbia 45316)

Love Story (Where Do I Begin) (3:10/3:12) (Famous, ASCAP—Sizman, Lai) First vocal versions of the theme from "Love Story" enter the running against all the instrumentals already on the market. Powerful names and good lyrics could overcome MOR obstacles.

JIMMY WITHERSPOON (ABC 11288)

Handbags & Gladrags (3:55) (United Artists, ASCAP—D'Abo) Outstanding British material is toned down into a blues ballad style that could bring Jimmy Witherspoon back on the sales charts. Flip: "Stay With Me Baby" (3:11) (Ragmar/Crenshaw, BMI—Ragavoy, Weiss)

O. C. SMITH (Columbia 45301)

Downtown U.S.A. (2:59) (Ben Peters, BMI—Peters) Rousing produced glimpse of the seedy side of city landscapes. Biting enough to kindle involved-radio support from MOR and top forty stations. Flip: no info.

IKE & TINA TURNER (Liberty 56216)

Proud Mary (3:15) (Jondora, BMI—Fogerty) Slow intro almost belies the power that grows into this revival of the Creedence monument. R&B sales could build enough momentum to put the side into top forty again. Flip: no info.

THE PREMIERS (Scepter 12298)

Lonely Weatherman (2:58) (First Class/Our Children's, BMI—Kelly, Lewis) Gently smouldering blues ballad with the attractive vocal performance to carry it into the R&B playlists. Could burst top forty with a push. Flip: "I Won't Stand in Your Way" (2:41) (Same pubs, BMI—Kelly, Howard)

EDDIE LONG (Fun City 100)

There's No Weapon Like a Woman's Tears (3:10) (Beryl, BMI—Dixon) This fine taste of funk for blues fans gives Eddie long a potent side to garner R&B action. Flip: "Mo Jo Workout" (2:30) (Melody Lane, BMI—Dixon, Covay) Fun City, a division of Julmar, 1674 Broadway, NYC.

RUSS EDEN (Dream Machine 1001)

Lady (2:35) (Virtu, ASCAP—Wahonka) Rousing teen side with a driving rhythmic impact and scathing vocal to tempt top forty programming. Could come out of left field. Flip: "Does Anybody Know What Time it Is" (2:43) (Lemm)

FLEETWOOD MAC (Reprise 0984)

Jewel Eyed Judy (3:17) (WB, ASCAP—Kirwan, Fleetwood, McVie) High and low extremes are juxtaposed with none of the madium-range sound to give this side an unusual appeal. Fine FM material that could turn up on top forty lists. Flip: "Station Man" (5:49) (Same credits)

SCOTT MCKENZIE (Ode 70 66012)

Going Home Again (3:35) (Hollenbeck, BMI—McKenzie) A bit more involved, but with the same musical sparkle that marked his first hits, Scott McKenzie returns. Strong LP track that could turn top forty. Flip: "Take a Moment" (5:40) (Same credits)

THE MANHATTAN TRANSFER (Capitol 3036)

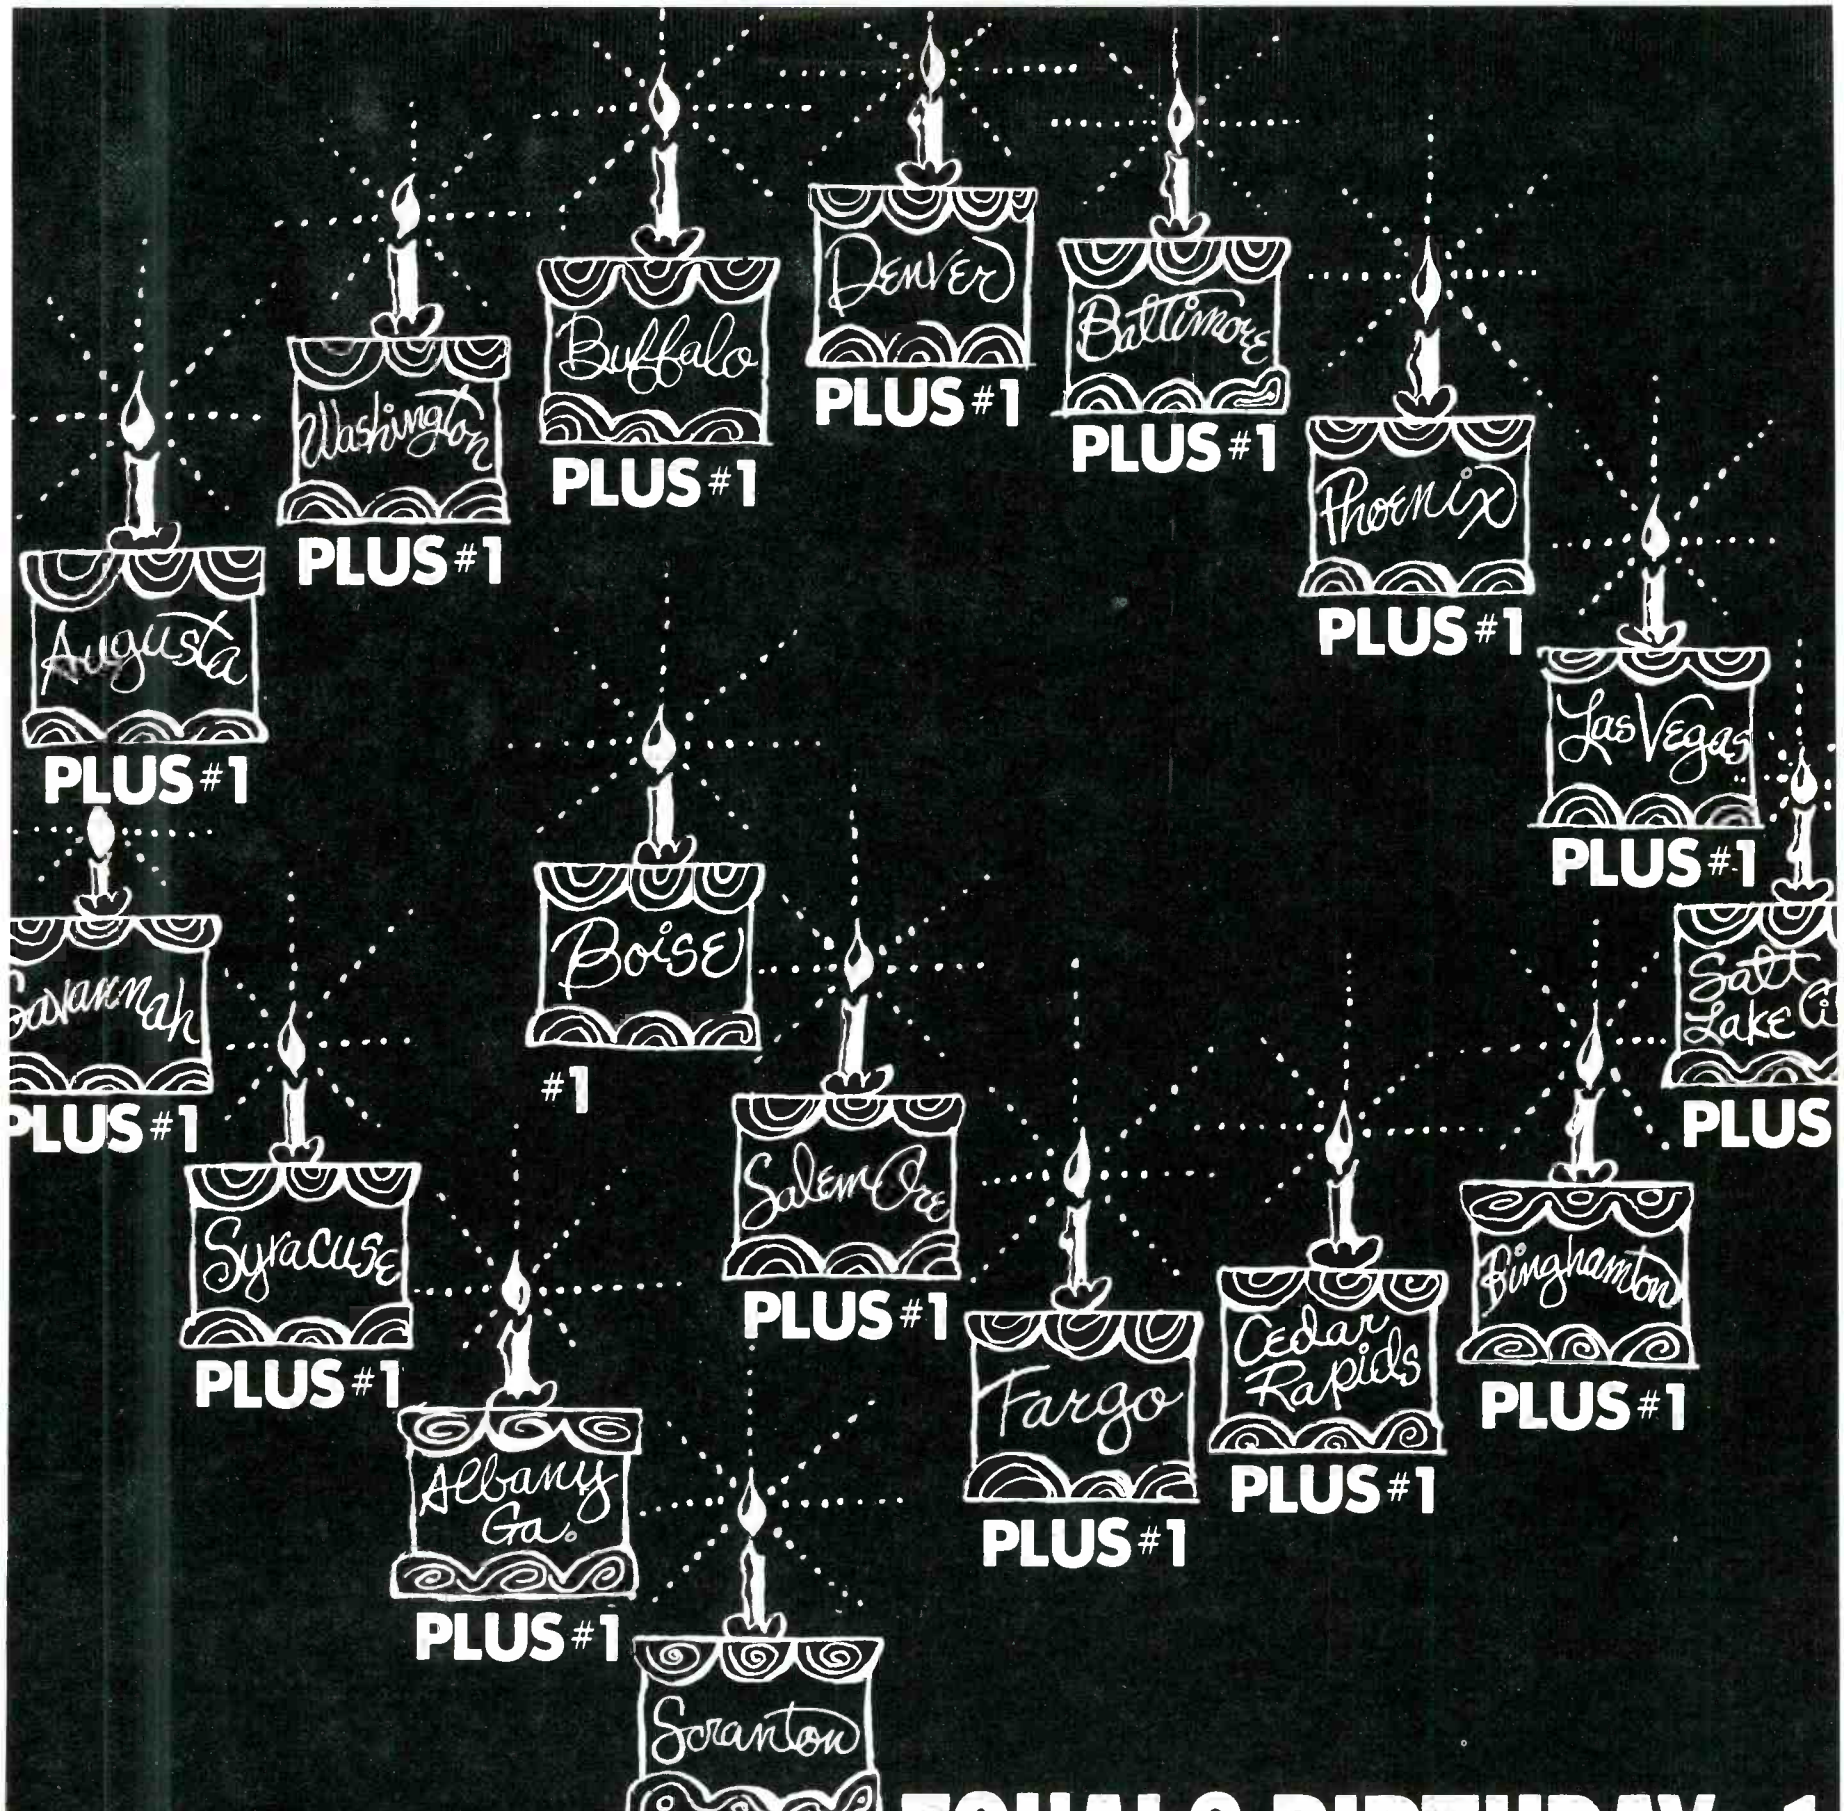

Winterlude (2:50) (Big Sky, ASCAP—Dylan) A lightly humorous Bob Dylan tune is placed in an interesting new light by this reading aimed at both teen and young-adult audiences. Flip: "Maybe Mexico" (3:22) (Cotillion/Danel, BMI—Walker)

JAMES LAST (Polydor 15017)

Washington Square (3:05) (Showboat, ASCAP—Goldstein, Shire) Vocal as well as instrumental treatment of the Village Stompers' classic gives the side a lightness to entice MOR play. Could grow to top forty audiences. Flip: "Proud Mary" (3:20) (Jondora, BMI—Fogerty)

THE PATTERSON SINGERS (United Artists 50724)

Mr. Soft Touch (3:30) (Helios, BMI—English, Butler) Fine old-fashioned ballad offering for the R&B format, this lovely track could grow into a sales item with chart potential. Flip: "What Did You Do for Your Fellow Man Today?" (4:25) (Wellmade/Roterite, BMI—Evretts, Ott)

Pop Picks

CHICAGO III—Columbia C2 30110

Because Chicago makes such brilliant music one was, in the past, inclined to forgive their self-indulgences on wax. By the same token one would have thought that their third album would be even more satisfying than their second. Yet sides one and four are rather tedious in their pretentiousness. The former holds an extended guitar solo that says no more than "Free Form Guitar" (from the first lp) and the latter is an "Elegy" (to man's waste and pollution) which just tries too hard. Still sides two and three present us with excellent Chicago in a transitional stage, which points to an explosive fourth album. Best cuts: "Happy Cause I'm Going Home," "Mother," "Flight 602," "Morning Blues Again," and "At The Sunrise." An almost instant top tenner.

PEARL—Janis Joplin—Columbia KC 30322

This is a deeply moving, infinitely sad album. If it were made up of out takes and tracks left in the can, how easy it would be to say that Columbia was just tidying up its Joplin catalogue. That "Pearl" contains some of the finest Joplin music she ever created makes it very clear that she died just as she was coming in to her own. Full Tilt Boogie, the band on this lp is by far the best she got together, and the only one to really understand her musically. "Move Over," "Cry Baby," "A Woman Left Lonely," "My Baby," "Trust Me," and "Get It While You Can," are stunning in their impact. Janis, we remember you well.

RED WHITE & BLUES IMAGE—Atco SD 33-348

Good semi-hard sounds abound in this second album release from the Blues Image. All tunes were written by members of the sextet and while all are competent, some are worthy of extra attention. For instance: "Good Life," a low-keyed starter with interesting guitar effects throughout, interspersed with some heavy organ work. The whole track builds effectively. "It's The Truth" uses tempo and guitar to achieve a creeping evil effect similar to some Free cuts. Again that Free sound comes across on the extended "Ain't No Rules In California." A nice release by one of our groups to watch.

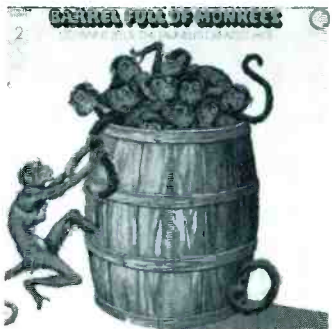

SUPER BAD—James Brown—King-KS 1127

Mr. Dynamite's first album release of the new year promises to be a big one at that. Included in this brand new package are parts 1, 2, and 3 of his hit single, "Super Bad," and a fine rendition of Jim Webbs' "By The Time I Get To Phoenix." Also contained in LP are "Let It Be Me," "Sometime," "A Man Has To Go Back To The Crossroads," and "Giving Out The Juice."

BARREL FULL OF MONKEES—The Monkees—Colgems—SCOS-1001

Monkees fans, who have lately had to content themselves with Saturday morning tv reruns, can now rejoice with release of this double album. While, alas, these are not new Monkees songs, they are the cream of the crop turned out by the fearless four. To name only a few: "Daydream Believer," "Last Train To Clarksville," "Valleri," "A Little Bit Me, A Little Bit You" and "I'm A Believer." All told, twenty songs; altogether a fabulous package and a trip down Memory Lane.

A MAN AND A WOMAN—Steve and Eydie—RCA-LSP 4393

Steve and Eydie, who make beautiful music together, both on and off stage, have put together a rather interesting set of easy listening tunes that should make their many fans happy. The reoccurring theme of the LP is love, and Steve and Eydie pour it on strong with "A Man And A Woman," "Suddenly You," "Made For Love," "Love For Love," "Boys And Girls," and a medley featuring "Love Is Blue" and "Autumn Leaves."

Newcomer Picks

IT'LL ALL WORK OUT IN BOOMLAND—T.2.—London PS 583

It's been some time since a group's first album hit with such impact; Mountain or Santana, maybe; Elton's first U.S. release. This is superior rock all the way, with only some poor production techniques that often tend to muddle the sound and mar the perfection. T.2. is a British trio. The four long cuts were written by Peter Dunton, the group's drummer and lead vocalist and they're uniformly unusual and intensely creative. Keith Cross plays fascinating guitar and keyboards. His electric solos, while at times extended, always have something to say. "J.L.T." is beautifully reminiscent of Pink Floyd, while "No More White Horses," integrates some fine horn passages into the group's framework. An outstanding first effort.

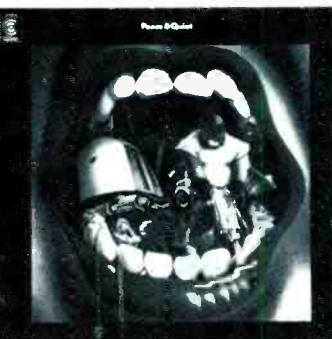

JOE SPEAKS—Music and Dialogues—Mercury-SRM 607

The motion picture "Joe" was one of the biggest grossing box office attractions of the past year. Now, Mercury Records has released an album containing the most striking dialogues of the picture. For those who missed the film, this is a great opportunity to meet Joe, spokesman for the 'silent majority.' Album contains the now famous 'American Bar Scene' as well as songs, and is taken from a motion picture that is rated R. Album is likely candidate for instant pop chart success.

Pop Best Bets

PEACE & QUIET—Kinetic Z 30315

This holds a great deal of promise for a premier release. Peace & Quiet are a Miami-based quintet who have, it seems, been following the British Progressive movement with a great deal of attention, because this seems to be the basic influence on their music. The album is far from perfect or even complete but that feat is so rare in a first album, that they can be forgiven their primary musical indulgences. Best cuts: the hard as nails "You Can Wait Till Tomorrow," and the episodic "Margo's Leaving Song," which stands head and shoulders above the rest of the cuts. Flock's Jerry Goodman's volatile violin is heard to such excellent effect here that the group should seriously consider finding a permanent violinist.

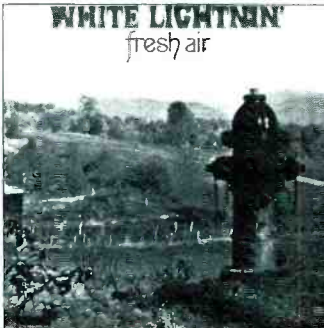

THE PRIVATE COLLECTION OF JOE BROOKS—Joe Brooks—Metromedia-MD 1037

After listening to Joe Brooks' album, you might wonder why he's kept this collection private for so long. The first side of the LP contains five intriguing selections all produced, arranged and composed by Brooks. The other side of the LP is a three part suite, also written by Brooks, with the help of the first chair members of the N.Y. Philharmonic. Joe Brooks is a magnificent singer/songwriter who is destined with this album, to make his mark in the music business.

SEATRAN—Capitol SMAS-659

Seatrain has arrived at the station or the pier or wherever it is that Seatrains do arrive. Anyway it's all about their second album (first for Capitol) which contains some very nice sounds, many of them emanating from the frantic fiddle of one Richard Greene. Group sparkles on fresh new songs "I'm Willin'" and "Broken Morning," also serves up the Goffin-King opus "Creepin' Midnight." LP is well worth a listen and could go a long way toward establishing this West Coast group as a really major act.

FRESH AIR—White Lightnin'—Polydor-24-4047

White Lightnin' combines the unique country talents of Byard Ray and Obay Ramsey performing on banjo and fiddles. With the expert help of such artists as Eric Anderson, Judy Collins, Harvey Brooks, Paul Harris, and David Frishberg, the duo have managed to put together a fine album of old fashioned country/bluegrass music. "Orange Blossom Special," Dylan's "I'll Be Your Baby Tonight," "Scotland," "Up The Country Blues," and "Billy In The Lowground" highlight the set.

NTD's Into The Black For Full Fiscal Year

MILWAUKEE — National Tape Distributors have finished in the black for the fiscal year ended Oct. 31, though pre-tax income and the company's net were down sharply from the previous fiscal period.

NTD closed with a better than break-even last quarter, making the full year tally \$39,614,829 in net sales. This gave NTD income before taxes of \$229,342 and a net of \$114,413 or 5% per share.

During the comparable period of 1969, the firm's sales were \$32¼ million, but income before taxes came to \$1,424,179 and the net showed 34¢ per share with \$717,938.

President James Tiedjens cited several factors contributing to the net decline including the reduction of inventories which increased returns and freight charges, expenditures of funds to finance moving of four subsidiary firms into market centers, and investments in computer equipment to sophisticate financial data reports for all 12 companies under the NTD aegis.

New Executives

Tiedjens last week also said that NTD had hired several new executives to strengthen the management team, and he noted that at the last meeting of the board of directors four men were elected to the body: Paul Freund, operations vp; and financial investing counsels Gregory Pauly, W. J. Truettner, Jr., and Matthew Betley.

Three members were also appointed to the executive committee: Ralph Kaffel, Lawrence Rosmarin and Freund.

CHATSWORTH, CALIF. — The corporate headquarters for Car Tapes have now officially been opened in California. Located at 9180 Kelvin Ave. in Chatsworth, the new facility houses the brunt of Car Tapes' capability in a new 24,000 sq. ft. plant along with corporate offices, warehousing, quality control, manufacturing, shipping, sales, marketing and design operations.

The company will continue to maintain its midwest facilities for sales, service and distribution under direction of Marv Rose.

Mike Elliot To Point Compass In Tele-Cartridge Directions

NEW YORK — Compass Productions has formed a division for production, acquisition and distribution of audio-visual tape cartridges under the management of Mike Elliot. Elliot comes to Compass from his presidency at Liberty/United Artists Distributing Corp.

In assuming the leadership of Compass' tele-cartridge wing, Elliot will also become a vice president in Compass, George Schaefer's wholly owned operation. Elliot's background in cartridge work includes five years with Lib/U. A. since the label's start with audio tapes.

No System Bonds

Discussing his formation of the audio/visual division, Schaefer stated that the firm does not intend to make

decks in all major metropolitan areas in the U. S. early this year.

According to Jack Harris, general marketing manager for the education and training products unit of Motorola, the field service system will be supported further by backing of 26 Motorola regional service representatives and the factory engineering department. "Service," he added, "will be made available from Motorola regardless of how the Teleplayer units were distributed."

Calling the system the most comprehensive in support of a-v product, Harris said that an extensive service training program has already been carried out through the regional managers at distributor level and that professional technicians are currently in the 84 Motorola distributor ships. Training of workers at the 400 centers is currently underway and should be completed by mid-February. Service manuals are published and being distributed to the national organization.

Harris noted that the Motorola setup is "ideally suited to take on this responsibility because of its technicians, computerized parts system and experience in the similar Quasar module servicing." The solid-state modules for Motorola designed tele-cassette players are similar to the construction of Motorola's Quasar color tv.

VPA To Hold First Open Meeting Of '71

NEW YORK — The Videotape Production Association will hold its first open meeting of 1971 this Tuesday (19) at the Advertising Club, 23 Park Ave., N.Y.C. at 6:15 P. M.

On the program are: a demonstration by Reeves Actron of kinescopes from helical scan tapes, a talk by Dick Lavsky, president of the Music House, on videotape as a musician's work tool; and George Gould's (Teletronics) panel discussion of video cassettes.

ITA Seeking U.K. Arm

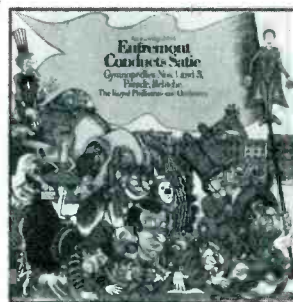

NEW YORK — Larry Finley leaves for London this week to begin talks with United Kingdom tape manufacturers with regard to opening a U. K. chapter of the International Tape Association. He will be departing this Monday (18) in order to complete as many conferences as possible prior to the MIDEM conclave.

Last week, the ITA approved memberships for seven new firms: Dow Chemical, Bell & Howell Magnetic Tapes, Brigham Young Univ., Stereodyne and Stereodyne of Canada, Gotham Recording and Time-Life's video division. This brings the total membership to 84.

any commitments to one system of playback or configuration. "Our strategy will be aimed at defining product according to the needs of audiences whose wants are restricted by programming offered by present media. This need affords a tremendous challenge to the creative producer. We will be examining all markets to determine what the end user will be willing to spend his money for—either by outright purchase, rental or CATV usage."

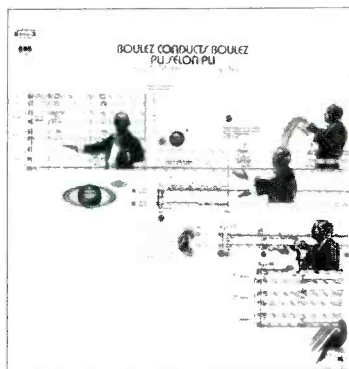

Elliot's comments were that since the television cartridge is moving to become tomorrow's medium, "we must prepare for its needs, anticipate changes and analyze a public's willingness to part with discretionary dollars for what we have to offer.

Classical Picks

ENTREMONT CONDUCTS SATIE—Royal Philharmonic Orchestra—Columbia M 30294

Noted concert pianist Philippe Entremont turns to conducting (his father is a conductor) for these startlingly brilliant Satie works. "Parade" on side one and the two-part "Relache" which takes up all of side two were originally scored for orchestra by the composer. However the "Gymnopedies" (nos. 1 and 3) were originally written as a three-part piano work. Satie's close friend, Claude Debussy orchestrated them, as they appear here.

BOULEZ CONDUCTS BOULEZ: PLI/SELON/PLI—Columbia M 30296

"Pli Selon Pli" means 'fold according to fold' and is taken from a poem describing the city of Bruges emerging from the mists. It's a five part work incorporating a poetic text to music. The first and fifth parts are instrumental; the other three vary their use of the text from inscription to amalgamation. Boulez conducts his own work masterfully and the BBC Symphony Orchestra is particularly sensitive to his feelings. Soloists include: Halina Lukomska, soprano, Maria Bergmann, piano, Paul Stingl, guitar, Hugo D'Alton, mandolin. Beautiful.

THE TCHAIKOVSKY BALLET ALBUM—Columbia MG 30297

More and more it is becoming apparent that Eugene Ormandy is one of the most, if not the most, versatile conductors alive today. Here he takes the complex, swirling melodies of Tchaikovsky and directs his Philadelphia Orchestra in brilliant readings of "The Nutcracker," "Sleeping Beauty," and "Swan Lake" ballet music. What with "The Music Lovers" opening shortly (it's based on the tortured life of Tchaikovsky and stars Richard Chamberlain and Glenda Jackson) this is sure to be a powerhouse item.

BEETHOVEN/THE 32 PIANO SONATAS—Claud Frank—RCA Victor VICS-9000

And the Beethoven Bicentennial celebration continues with this twelve disk set of the master's complete piano sonatas played with style and panache by German-born Claud Frank. According to the accompanying notes "The sonatas span almost all of Beethoven's whole life as a composer, though they are distributed through it so that half of them were written by his 31st year. An excellent package.

BEETHOVEN: THE NINE SYMPHONIES—Leinsdorf/Boston Symphony—RCA VCS-6903

Almost every major conductor has had a package of Beethoven's nine symphonies released as part of the Bicentennial celebration. Eugene Ormandy, Leonard Bernstein, Bruno Walter, Herbert Von Karajan, and others are already on display. So it's no wonder that Erich Leinsdorf and the world renowned Boston Symphony Orchestra should combine with RCA's Red Seal classical division to give us this package. Leinsdorf considered by many to be one of our top conductors presents fine readings of the master's masterpieces.

DONIZETTI: LUCIA DI LAMMERMOOR—Sills, London Symphony Orchestra, Schippers—ABC Audio Treasury ATS-20006/3

A host of operatic stars including Beverly Sills, Carlo Bergonzi, Piero Cappuccilli, Justino Diaz, and Patricia Kern join forces with the Ambrosian Opera Chorus under the direction of John McCarthy, and the London Symphony Orchestra conducted in brilliant style by Bernstein protege Thomas Schippers to present the Gaetano Donizetti-Salvatore Cammarano three-act opera, Lucia Di Lammermoor. Based on the Sir Walter Scott novel "The Bride Of Lammermoor," had its first performance in Naples in 1735. This fine version was recorded last summer in London.

NEW YORK—STANLEY MYRON HANDELMAN: THE FRIENDLY MAN WHO SELLS GOOD HUMOR

"Then God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the birds of the air, and over the cattle, and over all the earth." So God created man in his own image, and called him Stanley Myron Handelman. And God looked down upon Stanley Myron Handelman and saw that it wasn't too good, but it was the best he could do under the circumstances.

The years passed, and Handelman, now living in Brooklyn, New York, began working as an ice cream salesman in Brighton Beach. The work was hard, but Stanley soon put together a little song and dance routine and began selling Good Humor at a record breaking pace.

Handelman has held just about every job imaginable except for selling pretzels in the street. His place though, is on the stage in front of television cameras. For Handelman possesses a certain kind of 'good humor' that is completely his own. Abstract humor. Absurd humor, if you will.

Handelman's first big break came in the 60's when he toured with Vaughn Meader who created the 'First Family' album. Since then, it's been success after success, and I can think of nobody who deserves it more than he.

At first, Handelman was nervous and constantly forgot his lines. To overcome this obstacle, Handelman wrote down the key phrases of his monologues in a small notebook which he carried with him at all times. If he then forgot a line, he would reach into his jacket pocket, produce the notebook, and continue as if nothing had happened. Strangely enough, the method worked. The audiences thought it was part of the act, and Stanley was able to continue with his routine.

Handelman has appeared on every major television show in the country, and if the audience doesn't respond, "it really doesn't matter." "I always do my best. I know when I'm good, and if the audience doesn't catch on, it's their fault—not mine."

Handelman's philosophy on his career can best be explained in his own words: "My act isn't a means to an end. I love comedy. My act IS the end!" His dialogues (cont'd on page 30)

HOLLYWOOD—S DILEMMA: SUBSIDIZATION, WAGE CUTS?

A few months ago we came across an item in the L.A. Times that, at the outset, seemed startling. It noted that recordings produced in Hollywood were outgrossing films produced here. (But the graffiti might have been witnessed as far back as '58 when a Columbia record (Johnny Mathis' "It's Not For Me To Say") topped the total grosses of "Lizzie," the film that introduced the song.)

Fouad Said of the Cinemobile Systems has sent a letter off to Richard M. Nixon which (in part) reads: "... the motion picture industry is in grave danger. Unemployment in the various guilds—including writers, directors, actors and crafts—ranges in the area between fifty and sixty percent; worse than in the darkest big city ghettos. ... today the American Government subsidizes the Aircraft Industries, Merchant Marines, Oil Drilling, Farmers and other industries; but neglects the Motion Picture Industry which once meant so much prestige to America ... we need your help in initiating action for incentive programs similar to other countries, based upon our accomplishments."

It's true that other countries (England, France, Russia etc.) offer subsidies and tax relief to the arts. The U.S. did this with WPA backed Broadway and off-Broadway productions during the early thirties. But there are many here who fear government intervention in films, the nation's new fabulous invalid.

Songsmith Arthur Hamilton offers an alternative. "I can't understand why all the heads of the unions don't get together in one room and decide to accept the responsibility of so called 'runaway productions' and perhaps lower their prices accordingly—make it feasible to produce more films here." Hamilton believes this should include local 47 of the Musician's Union as well.

In behalf of the Composers and Lyricists Guild, representing songwriters here, Hamilton cites a number of contractual inequities with producers. But does not feel the remedies will raise the cost of film making. He does not, for example, suggest the increasing of front money payments to songwriters. "The writer, in some instances, finds himself signing 'for hire' contracts. There's a phrase in that contract that says the producer is, in effect, the creator of the song, the producer 'is author.' And most usually, under these antiquated contracts, the producer has the right to use that song in any motion picture he ever produces from that day forward—with no extra payment to the writer."

Hamilton's "Cry Me a River" received its second gold recording award this past year, thanks to Joe Cocker (a dozen years back Julie London also hit the million mark with the song—Hamilton also insists that Roberta Sherwood and Barbra Streisand topped a million but neither is RIAA certified) and is currently represented in the preliminary selection for Academy nominations with a song from "Madron," a ballad titled "Till Love Touches Your Life" which he composed with Riz Ortolani. "Ours is a dark horse," says Hamilton, "since the film came out recently and is not an enormously high budgeted production; it's Four Star's first major full length picture."

At the moment Hamilton is in N.Y., attending ASCAP meetings, carrying along a final draft of his 24 song musical tentatively titled "Love Play." "The book is by Nick Boretz whose father wrote 'Room Service.' It's a marvelous, unusual, outrageous script." "Love Play" is planned as a off-Broadway production for the fall of '71.

THE ULTIMATE LOVE STORY—"To begin, place this record on your record player, dim the lights, and take your favorite member of the opposite sex in your arms. If you're still fully dressed at the end of the record, perhaps you should discuss your early childhood with your analyst." These are the opening lines to the jacket notes written by Anthony Newley, introducing a new Bell lp narrated by Newley and titled "For You." Not unlike the runaway best selling sensual "This is My Beloved," which titladed millions in the mid-forties, "For You" is based on a book of poetasty by Jennings Cobb with original score composed and conducted by Neely Plumb. As to album cover, it was Newley who suggested to Neely that he (Newley) pose totally nude with "a naked chick."

are usually a combination of completely unrelated stories woven together to make another unrelated story. "Do you know what the difference is between me and Tolstoy? Before he wrote anything, Tolstoy would lock himself up in a room without food. He never would sleep or eat or do anything until he finished writing. This went on for weeks at a time. Then, when he finished, he would go out to the finest restaurants, eat a 10 course meal, and fool around with the women. I'm not like that, but my friend Bernie . . ."

Handelman's most recent project has been an album entitled "Spiro T. Agnew Is A Riot," and the album is just that! Together with **Rich Little** and **Vincent Price**, Handelman, who portrays Agnew, has put together an excellent comedy album that pokes fun at the American political tradition, especially the Vice President, whom Handelman wanted to get at.

Stanley Myron Handelman is one of America's freshest and most original comedians. He is dedicated to his career, and delights in making people laugh. But for Stanley, that's an easy task. He's funny, and no one will argue otherwise. k.k.

A TOKEN GESTURE

In an industry that is frequently run by committee decisions, the domain of the record producer often seems the last stronghold of the rugged individualist. Yet five young men have applied the committee approach to record production and instead of coming up with a colossal clash of egos, they've created an unbroken string of hit records and commercials.

Hank Medress (who does most of the mixing and is the spokesman), **Jay Siegel**, **Mitch Wargo** and **Phil Margo** (most active in jingles), known collectively as the **Tokens** and their exclusive executive producer **Dave Appell**, have topped off all their past triumphs with **Dawn's** "Candida" and "Knock Three Times" on Bell, both gold records.

In the past, the quintet have written or produced (or both) such hits as "He's So Fine" and "One Fine Day" for the Chiffons. They produced "I Got Rhythm", "See You In September" and "Mammy" for the Happenings. For themselves they did "Portrait Of My Love", "She Lets Her Hair Down", "He's In Town", "Tonight I Fell In Love", "I Have A Boy Friend", "Sweet Talking Guy", "Love So Fine" and "The Lion Sleeps Tonight" which was a smash hit.

Dubbing themselves the "secret agents" of the record producers, they will tell you that they once had five records on the charts at one time as artists or producers and no one knew they did anything but sing. "We knew we were real", **Hank Medress** says "because we've been together for ten years, ever since we first left Brooklyn to take a shot at the music business. Now that we've decided to concentrate strictly on production and give up personal appearances, it's important that the people in the business know our track record."

Not the least lucrative part of "what they've done" is the commercial area that they went into four years ago. Since then they've come up with "Pan Am Makes The Going Great", "Chesterfield", "Great Shakes", Adams Gum, HIS, Nestle's, Eastern Airlines and Burger King. In some cases they not only produced these and wrote them, they sang them too.

Okay, **Tokens** and **Dave Appell**, your secret agent days are over. Now everybody knows.

HOLLYWOOD (cont'd from page 28)

"The photographic session was a joy," notes Newley. "I love taking my clothes off. The nude female model turned out to be a delicious dancer called **Kathy**, whom I immediately fell in love with, and to this day she lays in my arms. I bless the name of **Neely Plumb** and **Jennings Cobb**."

BOY TALK—A few weeks back we mentioned that **Tony Richland** and **Bob Levinson** were our all time most attractive guys of the week. Richland immediately arranged to send us a updated photo with a note: "I am as winsome as ever," he says, "still the lithe sylph-like fun loving creature I always was. My hobbies are still tennis and psychiatry and I'm still attending courses in advanced freight forwarding and neo-classical whittling." Levinson, who has added regular art criticism in Los Angeles editions of the weekly **Key Mag** to his monthly "Artscene" column for **Coast Magazine**, has recently authored a major cover survey of the **Geminin GEL** graphics publishing org for the **West Magazine** supplement to the **L.A. Times** (upcoming Jan. 24) and has other features scheduled for publication in both **Westways** and **Coast**. He is also principal in **Litrov/Levinson Public Relations** in **Beverly Hills**, repping, among others, **Glen Campbell**, **Bloodrock**, **Merle Haggard**, **Lesley Gore**, **Anne Murray** and **Jobete Music**.

SHORT TAKES—**Jerry Hoff** has, by this time, left our shores to head **Threshold Records** in **Cobham, Surrey, Eng.** Hoff, former western regional director for **London Records**, will be re-titled g.m. of **Threshold**. . . . **Leon Gardner**, who started as a dancer, may be heard on a "sleeper" novelty blues side on the **Igloe** label, just released and backed by the **Watts 103rd St. Band**—Gardner also composed the "A" side, "Farm Song." . . . **Ella Fitzgerald**, for the eighteenth year in a row, has been chosen by **Downbeat** readers as the #1 female vocalist in the world . . . Songwriter **Ben Oakland** has cut his first record on the **Beatrix** label, based on the eulogy written for Ben by his wife **Beatrice** and lyricized by **Jack Elliot**. It is a distraught statement by a father with profits going to local "Fight Drug Abuse Drives" throughout the country. Ben's 21 year old musician son was a victim of drug abuse. Song is titled "So You Did It Your Way." To date it has been performed by **George Jessel** on the **David Frost**, **Steve Allen** and **Merv Griffin Shows** . . . **Elvis Presley**, C.B.'s single male record artist of the year, does his thing again—returning to the main showroom at the **International Hotel** in **Vegas** on **January 26th**. It'll be his fourth appearance there, coinciding with the release of his latest **RCA** lp, "Elvis Country."

CHICAGO—**Brunswick's Jackie Wilson**, who made a tremendous chart comeback with his current single "This Love Is Real", was in **Chi** for a weekend gig at the **High Chaparral** . . . **Universe**, a 5-piece unit from **Lansing, Michigan**, will be appearing at **Beaver's** this week . . . Following his current engagement at the **Tropicana** in **Vegas**, **Pete Fountain** will be doing concerts in **Houston** (22), **San Antonio** (30), **Phoenix** (2/7) and **Columbus** (2/12), after which he'll perform with the **Cincinnati Symphony Orchestra** (2/13). His latest album "Pete Fountain Plays Something Misty" has **Floyd Kramer** on piano and **Owen Bradley** on organ, and contains a lot of current material (**Superstar**, **Close To You**, etc.) plus some choice selections (up-dated for this session) from his '65 "Taste Of Honey" hit seller!

MGM Signs Steve & Eydie

NEW YORK—Steve Lawrence and Eydie Gorme have signed an exclusive two year pact with MGM Records, it was announced by Mike Curb, president of the label.

Prior to their new MGM association they were among the leading sellers for RCA and Columbia, the latter where Miss Gorme recorded her grammy award winning, "If He Walked Into My Life."

On Broadway, they have appeared together in the successful musical, "Golden Rainbow," during the 1968-'69 season and Mr. Lawrence is a winner of the New York drama critic's award for his performance in "What Makes Sammy Run?" in 1964.

Miss Gorme has just recorded her first single for MGM, "It Was a Good Time," the theme song from the MGM film "Ryan's Daughter."

adding, that he was actively pursuing amalgamation of records and film artists. U. A. pictures, he announced, has contracted for the services of Frank Zappa and David Crosby. Zappa's "200 Motels" film is now in production in London with a projected late fall '71 or early spring '72 release. Crosby's film is titled "Family" and Crosby will star in it as well as produce it. U. A., Picker said, will issue both the Zappa Crosby soundtrack albums.

Picker, cited another U. A.'s goals, "recognizing some of the giants in our business and in giving creative freedom within recognized bounds to those artists."

Additional Block Buster soundtracks will include "Fiddler On The Roof" (film opens in N. Y. on Nov. 3) with album shipping in September, and "Man Of La Mancha" which will be released in 1972.

As for U. A. distribution they will continue their five main depots and 31 branches, all company owned with the exception of a distributorship in Great Falls, Montana.

A new west coast office structure is in the planning stage, said Picker.

Also announced was the appointment of Ed Jarman to the post of sales manager for London's new Atlanta branch, the firm's fourth factory-owned distribution outlet.

Judy's 'Life' 3rd Gold LP

NEW YORK—"In My Life," Judy Collins' seventh Elektra LP, released in Nov. of 1966, has just been certified by the RIAA as a gold album with sales of over a million dollars. This is her third album, the other two being "Who Knows Where The Time Goes" and "Wildflowers," which contains the smash hit single classic "Both Sides Now."

She is currently riding the charts with her tenth Elektra LP, "Whales And Nightingales," and the hit single, "Amazing Grace."

Sly's 'Greatest' At One Million

NEW YORK—"Sly and the Family Stone, Greatest Hits" has past the one million mark in copies sold in less than two months after its release, according to Epic Records. The album was certified gold by the RIAA just two weeks after its release, making it four gold records for the Epic artists.

CAPITOL'S CHILD—Janis Ian, one of Capitol Records, newest signings, and Dick Asher label v.p. of Eastern operations, look over the jacket design of Janis' first Capitol album set for Feb. release.

Linda Ronstadt

TROUBADOUR, L.A.—A rough diamond is a beautiful thing because it's a work of nature. A masterfully cut and finely polished diamond, placed in a carefully handcrafted setting, is an even more wonderful thing because it combines the work of nature with the work of man. It's taken a long time, but Linda Ronstadt, L.A.'s adopted diamond-in-the-rough, has finally had her edges smoothed, and, set within the framework of Swamp Water, one of the finest instrumental country-rock ensembles that's ever picked its way to the Troubadour, has emerged as rock's Star of India.

It's hard to know what changes Linda's gone thru, or who caused them, but judging from the recently acquired aura of poise and confidence surrounding her decidedly trimmer figure, they've done nothing but good. Not only that, but Miss Ronstadt has learned some new songs, which made her opening night set even more appealing to the full house of underground notables and just plain fans who witnessed her ascent to the zenith. Even her voice, always regarded as one of the best, seemed to take on new life.

The songs, as usual, were the best, each seemingly tailor-made for her soulfully soaring treatment. The old ones, like "Only Mama That'd Walk The Line," "Silver Threads and Golden Needles," "I'll Be Your Baby Tonight," "Lovesick Blues" and, of course, "Different Drum," still filled the mind with visions of the Shangri-la that seems to be waiting at the end of every day. Linda's last hit, "Long Long Time," and her current release, "You're A Very Lovely Woman" (an old Emmitt Rhodes tune), stirred fond memories of lost love. "Sad Situation" (which Linda borrowed from Tracy Nelson), "Take A Whiff" (in a differ-

ent interpretation than the Byrds) and "Strawberry Roan," were the new songs that filled out an incredible evening. Somebody at Screen-Gems knew what they were doing when they signed Linda to a television development deal, because she's ready to become a full fledged star, not only to the rock world that nurtured her, but to the millions of middle Americans who have no idea what they're in store for. I wouldn't be surprised if Capitol was pretty happy also.

Geremia To Sire

NEW YORK—Paul Geremia has been signed to an exclusive recording contract with Sire Records by label president Richard Gottehrer, who will co-produce Geremia's recordings together with David Wilkes.

Geremia has built up a following during the past four years by working at various clubs, folk festivals and colleges throughout this country and Canada, particularly through his appearances, at the Philadelphia Newport Folk Festivals, the Gaslight in New York, the Second Fret, and the Main Point, both in the Philadelphia area, the Unicorn, and many other clubs in and around Boston.

Prior to signing with Sire, Geremia had recorded for the Folkways label. His first LP, "Outside Man", is scheduled for release in early March.

Schwartz Exits A&M

NEW YORK—Harriet Schwartz, head of east coast publicity for A&M Records, has left the company and will relocate after a brief vacation. While at A&M, Miss Schwartz worked with such artists as Cat Stevens, Lee Michaels, Carole King, and Joe Cocker.

Jackie DeShannon

COPACABANA, NYC — Jackie DeShannon is a remarkable talent and not the least remarkable aspect of her appearance at the Copa was her choice of material. It successfully fused the very best of the progressive pop composers with a few of the more traditional standard bearers.

In the former category and sounding good as ever amid the glitter of the room, and thanks to Jackie's straight-ahead delivery, were Leonard Cohen's "Bird On The Wire," Robbie Robertson's "The Weight" and Lieber/Stoller's masterwork "Saved." These songs were all dressed up with somewhere to go!

Out of the Bacharach/David songbook fluttered "What The World Needs Now," which, of course, was a great hit for the artist. To "Let It Be" Jackie brought a new warmth of meaning and her treatment of the Dinah Washington favorite "I Won't Cry Anymore" was artistry of the highest quality, as well as a sincere tribute to that great lady.

To no one's real surprise and seemingly to everyone's delight Jackie vocalized "Put A Little Love In Your Heart," which in every way has come to be "her song." This was a welcome if expected choice and it only fortified our wish to hear this Capitol artist do more of her own compositions.

Jackie has one of the classier voices in pop/rock; it is instantly recognizable and entirely distinctive. It has filaments of the blues, of jazz, of a certain silken fibre. Listening to it is a pleasurable experience.

Ernie Caceres Dead At 59

TEXAS — Ernie Caceres, who was a featured clarinet and sax player with the big bands of Benny Goodman and Glenn Miller, died in a local hospital in Texas after a long illness. He was 59 years old.

Caceres and his brother Emilio, a jazz violinist, formed, with a guitarist friend of theirs, the Emilio Caceres Trio in the thirties, and got their first big break when they appeared on Benny Goodman's radio show in 1937. After serving in the army, Caceres returned to the music business and became a featured studio musician on the Garry Moore television show from 1949-1959.

Spring & Event Expand Rosters

NEW YORK — The Spring and Event labels which are distributed by Polydor Records have both added new talent to their growing rosters. The announcements came from Julie Rifkind, president of Spring and Event.

The first acquisition was a master purchase (on the Virgo label) of a new single by Lou Jackson, entitled, "Peace To You Brother." The single has already sold over 15,000 copies in the Philadelphia area and is garnering airplay on WDAS in Philadelphia.

"Peace To You Brother" is also beginning to show sales in the New York area and has been programmed on both WWRL and WLIB in New York. Spring Records scored a coup by outbidding several major companies, to purchase the master. Lou Jackson has now been signed to Spring on an exclusive contract as an artist.

The Event label has also acquired two new acts. In an agreement with independent producer, George Tindley, the label has signed Sunny Ross and Cindy Webster, to long-term recording contracts. Sunny Ross will have a single in release within the next few weeks and Cindy Webster will have one within a few months. These two new artists join the Buchanan Brothers and Horatio on the Event talent roster.

Country Music Report

Para/Dot Records To Nashville Branch

NEW YORK — Paramount/Dot Records' position in Nashville and in country music has been completely solidified with the establishment of Dot Records as a self-contained label in Nashville.

In addition to recently named country music A&R director, Jim Foglesong, Famous Music Corporation executive vice president, Jack Wiedenmann has appointed Larry Baunach to the newly created position of director of marketing for country product. Baunach, who has already relocated in Nashville, assumes direct responsibility for the promotion, sale and merchandising of all country product issued on the Dot label. This teaming of Foglesong and Baunach in Nashville gives Dot the only fully staffed creative-marketing team in that city with the exception of Nashville based labels.

Baunach returns to Nashville after a year in New York as eastern field marketing director for Paramount/Dot in which position he was active in the creation of the labels' independent distribution set-up and the organization of the field promotion force.

Prior to his year in New York, Baunach was Decca's southern regional promotion manager based in Nashville and was the recipient of the Gavin Southern Regional Promotion Man of the Year Award. Prior to his association with Decca, Baunach was with the Columbia label in Nashville involved in country product coordination and administration.

"The Dot label originated in Tennessee and had its initial, as well as its most important successes in the country field," noted Wiedenmann. "In creating this self-contained music operation," Wiedenmann continued, "we wish to reconfirm the fact that Dot will continue to build an important position in the country music industry and in the appointment of Larry Baunach to direct the sales and promotion of country product, from Nashville, we are placing a well seasoned marketing executive in this key position."

In order to assure continued flow of country product into the marketplace, Jim Foglesong has begun work with several Dot artists and pro-

Roger Miller To Tape Pilot

NASHVILLE — Personable Roger Miller, gold-record winning singing star and composer of some of the funniest hits in music during the

ducers with the result being that key single and L. P. product has been scheduled for the first quarter of 1971 and production of this product has been going ahead over the last three weeks.

Foglesong has, in addition to setting immediate new product goals, been working with Dot's complete country roster and producers, and has expressed his enthusiasm and satisfaction in the high quality of the people making country music for Dot.

The new Dot operation is currently working on three breaking singles: The Compton Brothers', "Nadine"; Jack Barlow's "Dayton, Ohio"; Joe Stampley's, "Take Time To Know Her"; and a major new project in Roy Clark's two sided, one vocal and one instrumental, version of the "Theme From Love Story," which is being released immediately.

1960's, will tape the pilot for the new "Roger Miller Show" during the first week of February in Nashville.

The Yongestreet Productions, Inc. project will be filmed in the studios of WLAC-TV where Yongestreet films the extremely popular Hee-Haw television show.

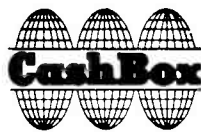

Hee-Haw stars Gordie Tapp and Grandpa Jones will be regulars on the show, with Tapp acting as Miller's sidekick. The famed Nashville Brass will be the regular band for the proposed show.

Guests for the pilot will include Johnny Cash, Paul Hemphill, who wrote the book, "Nashville Sounds: Bright Lights and Country Music," plus renowned composer-singer Tom T. Hall, and songstress Jodie Miller.

The program will be a cooperative production between Yongestreet and Millers "Engine Productions" with the same staff as Hee-Haw, Sam Lovullo and Bill Davis as coproducers, with Davis acting as director and Frank Peppiatt and John Aylesworth as executive producers.

The Roger Miller Show will first be offered the networks, and if not picked up there, will go into national syndication.

Another Yongestreet pilot, starring The Hagers from Hee Haw, currently is getting an extremely high interest factor from the syndication markets.

Country Roundup

Gene Kennedy says, "You gotta work a country record just as hard as you do a pop one" . . . The Nashville Songwriters Association's Fourth Annual Awards Banquet has been set for January 17 at the Holiday Inn-Vanderbilt, Nashville. Joe Talbot, managing director of the SESAC Nashville office will be guest speaker. A Songwriter of the Year Award will also be presented to the writers whose songs received the largest number of votes. Last year's winner was Merle Haggard.

The Gospel Music Association expanded their Nashville office during the recent Christmas holiday season. Moving from a two-room office at 801 16th Avenue, South in Music City, the GMA has relocated their headquarters in the Sonny James Building at 817 18th Avenue, South . . . Artist-agent Buddy Lee recently popular Decca recording artist Warner Mack, Mack, young businessman-songwriter-publisher-artist has recorded for the Decca label since 1957 and has 14 Top 10 hits to his credit. Warner has cut 11 albums with his current LP entitled "Love Hungry."

In spite of all the talk of a "recession" in the music field in Nashville, Music City Recorders reports that its studio business during December, 1970 was the greatest of any single month in the studio's six years of operations . . . SSS International artist-writer Rex Allen, Jr. is planning a movie to Nashville in mid-January from his native California. The change in residence is due to his desire to be closer to what he considers the center of country music. Initial single release "Wake Up Morning" was released in early January, 1971 . . . Judy Lynn and her nine piece show in Tucson recently to tape the Johnny Cash Show to be televised nationally February 3rd on ABC, Channel 8.

In January, Channel 2 began a new series, "Off The Record," of half-hour programs exploring the multi-faceted

music industry in Nashville. Ray Walker of The Jordanares hosts each program, visiting The Grand Ole Opry and The songwriter in January; The publisher, The A&R man, The musician, and The producer in February; The sound engineer, promotion and publications, The disk jockey, The road artist in March; and management and booking, The businessman, and The growing Nashville music scene in April.

The rodeo will be held in the Tri State Fair Coliseum on March 5 and 6 and will have collegiate competition from Oklahoma, New Mexico, and Texas . . . J. D. Sumner has signed an exclusive studio recording contract with Mark Five of Greenville, S. C. The decision was the result of the recording of the latest Stamps album, "Going Home," at the studio.

In 1953 a young artist first recorded for 4-Star and Capitol under the name of Terry Preston. Now, 17 years later, that same artist, whose real name is Ferlin Huskey, has

named his four-weeks-old son Terry Preston. Wonder if the Capitol Records roster will have a Terry Preston on the artist roster in 1988! Ferlin's latest chart climbing hit on Capitol is "Sweet Misery" . . . Merle Atkins, only child of Chet and Leona Atkins, is recent bride of Dr. Will Russell of Dublin, Ireland . . . The Singing Ranger, Hank Snow, who penned "I'm Movin' On," has been on the Grand Ole Opry for nineteen years with thirty-two years on the RCA label. Tom Hartman, general manager of Tree Hollywood, expecting to "branch out" soon; seems as though he and his wife Sue are looking for their first visit from sir stork in the spring.

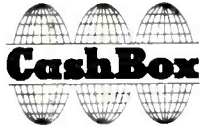

Bill Anderson will be guest speaker January 21 at the annual Alabama Broadcasters meeting in Birmingham. His topic will be "Impact of Country Music in Radio." Bill's latest release on Decca is "Where Have All Our Heroes Gone" with a new LP of the same title just released . . . In December, 1970, Brock left Sure Fire to set up his own firm . . . John and June (Carter) Cash in Florida for brief well-earned vacation . . . There's over a hundred verses to the hilarious tune performed on Hee-Haw by Archie Campbell and friends. Published by Mamy Music Corp., Inc. (BMI), it's called "Phift! And Then You Wuz Gone."

Three groups, The Stamps Quartet, The Oak Ridge Boys, and The Rambos, packaged and professionalized the first gospel package (called "Gospel Festival USA") ever to be assem-

bled in gospel music. Booked into Louisville on January 15 and 16, advance sales have totally sold out both shows . . . A letter of thanks is on its way to William Loy and West Virginia's Governor Arch A. Moore for ordering out the snowplows and police escorts to clear the West Virginia Turnpike so the Stamps, Rambos, and Oak Ridge Boys could make the "Gospel Festival USA" premier in Raleigh January 1 . . . Glenn Sherley, well known writer for House of Cash and inmate of Vacaville Medium Security Prison in Sacramento, set for LP live recording at Vacaville. Independent producer Jim Malloy will be on hand along with Larry Lee and five Nashville musicians to produce the album which will consist mainly of prison type songs. "Portrait of My Woman" by Eddy Arnold on RCA is a Sherley penned tune, along with Johnny Cash's "Greystone Chapel."

Jim Elliot, staff writer for Newkews, received his notice from Uncle Sam to report for active duty . . . DICK CURLESS (Capitol 3034)

Juke Box Man (2:36) (Moss Rose, BMI—H. Mills)

Dick Curless, who, with each new single release comes closer and closer to having a hit record, takes another giant step with "Juke Box Man," the story of a travelling service man. Flip: "Please Buy My Flowers" (3:05) (Central Songs, BMI—Turner, Dunham)

MANHATTAN TRANSFER (Capitol 3036)

Winterlude (2:50) (Big Sky Music, ASCAP—B. Dylan)

Manhattan Transfer, whose records of late have become more and more country oriented, went to Dylan's "New Morning" album for this soft and simple ballad. If any record is going to make the group, it's this one. Flip: "Maybe Mexico" (3:22) (Cotillion Music, BMI—Jerry Jeff Walker)

REX ALLEN, JR. (SSS 813)

Wake Up Morning (2:31) (Prize Music, BMI—Ben Story)

This latest effort by Rex is a fine up tempo country tune with enough appeal to cross over into pop with no difficulty at all. Should become a giant record in the weeks to come. Flip: (No information Available)

JIM AND JESSE (Capitol 3026)

Freight Train (2:28) (Peter Maurice Music, ASCAP—James, Williams)

After a prolonged absence from the recording scene, Jim and Jesse return with a bluegrass country tune that is destined to win the hearts of all country music lovers. Originally recorded by Rusty Draper, this new and powerful version should attain instant success for the duo. Flip: "Just Wondering Why" (3:03) (Central Songs, BMI—McReynolds)

Best Bets

MIKE APPEL (Capitol 3022)

Non Stop U.S.A. (2:53) (Pocketful Of Tunes, BMI — Appel, Cretecos) Sounding a bit like early Simon & Garfunkel, Mike Appel comes on strong with a record that is getting lots of attention in the country market. This may be a case of a pop record going in another direction. Flip: "Honky Tonk" (2:14) (Pocketful Of Tunes, BMI — Appel, Cretecos, Farrell)

KAREN KELLY (Capitol 3018)

Permanently Lonely (3:02) (Tree, BMI — W. Nelson) Karen's previous release, "Let Me Go," received enough attention for Capitol to give her another go at it, so, Karen is back with a rendition of an ancient Timi Huro tune done in fine fashion. Flip: "I Swore I'd Fix His Wagon" (2:10) (Central Songs, BMI — K. Kelly)

DALLAS FRAZIER (RCA 9950)

Big Mable Murphy (3:44) (Blue Crest Music, BMI — Frazier) Somewhat reminiscent of Bobby Darin's "Mack The Knife," this is by far Dallas Frazer's best effort to date. Flowing melody with good lyrical content, record has fine chance of becoming a hit. Flip: "White Fences And Evergreen Trees" (2:42) (Same Credits)

WILLIE NELSON (RCA 9951)

I'm A Memory (2:24) (Willie Nelson Music, BMI — Nelson) Willie delivers an excellent performance of this original composition. Record has good story line and is worthy of your attention. Flip: "I'm So Lonesome I Could Cry" (2:23) (Fred Rose Music, BMI — H. Williams)

STAN GUNN (Sugar Hill 011)

A Vision Of Blindness (3:12) (Yonah Music, BMI — R. Martin) Still looking for his first big hit, Stan delivers a brilliant performance on this exciting ballad. Record has excellent lyrical content and should do very well in chart competition. Flip: "We're All The Same Size" (2:35) (Yonah Music, BMI — Spurlock)

THE RAYS OF SUNSHINE (Royal American 25)

Ray's Bar And Grill (2:05) (Blue Echo Music — Ray Griff) Here's a happy-go-lucky country instrumental that finds Ray Griff soloing on the piano. Record can be heard over and over again, and becomes more enjoyable with each additional listening. Flip: "To Know You Is To Love You" (2:24) (Same Credits)

TOM CROOK (Show Land 11970)

Thanks To You (2:15) (Grandwealth Music, BMI — T. Crook) Tom delivers a powerful performance on this stirring ballad which he also wrote. Record has all the makings of a hit,

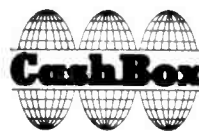

and should be getting lots of extra plays. Flip: "Bottle Of Dreams" (2:46) (Grandwealth Music, BMI — Crook, Wilson)

DALE WARD (Paramount 0071)

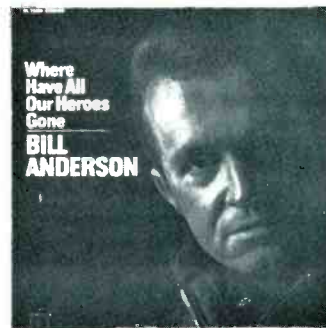

The Lady's Not For Sale (3:23) (combine music, Kristofferson) There seems to be no end to the various renditions of Kristofferson songs, especially when they're all done so well. This one is no exception. A beautiful ballad with interesting musical and lyrical content, "The Lady's Not For Sale" could be making lots of noise for Dale. Flip: "Kansas City Woman" (2:18) (Cedarwood, BMI — E. Polo)

BEN COLDER (MGM 14209)

Fifteen Beers Ago (3:09) (Peach Music, SESAC — Smith, Wooley) Ben Colder takes off on a recent Conway Twitty smash, and turns it into a delightful novelty number that makes for some enjoyable listening. Flip: "Sundoy mornin' comin' down" (3:10) (Combine Music, BMI — Kristofferson)

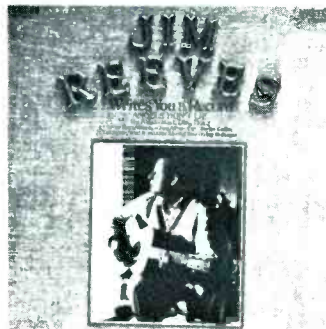

Country LP Reviews

**WHERE HAVE ALL OUR HEROES GONE—Bill Anderson—Decca-DL 75254**

With the release of his latest single, "Where Have All Our Heroes Gone," "Whispering" Bill Anderson has become the spokesman for the silent majority. And like the single, too, this new album will take off and rocket to the top of the country and western charts. Also included in the package are "For The Good Times," "Loving A Memory," "All I Have To Offer You Is Me," "Melinda," "Friends," and four Anderson Compositions.

**WHERE IS MY CASTLE—Connie Smith—RCA-LSP 4474**

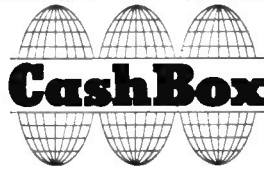

Connie Smith has the remarkable ability of taking somebody else's song, performing it, and making it sound as if she actually wrote it. She can do this because she is possessed with an honest and sincere quality that lingers in the minds of an audience long after a performance has ended. On this new album, Connie performs her latest hit single, "Where Is My Castle," as well as Haggard's "Jesus Take A Hold," "Hello Darlin'," "I'm So Used To Loving You," by Conway Twitty, and "When A House Is Not A Home" by Roger Miller.

**JIM REEVES WRITES YOU A RECORD—Jim Reeves—RCA-LSP 4475**

Jim Reeves is one of the finest vocalists in country music. He is capable of soaring to great heights with up tempo tunes, or, when need be, his soft voice captures all the feelings and emotions of a tender ballad. Reeves makes you do more than listen; you must also feel. The 10 new selections on this album more than prove that point. "Wild Rose," "After Loving You," "Angels Don't Lie," "The Storm," and the Roger Miller-Bill Anderson tune, "When Two Worlds Collide" are only a few of the great selections performed on one of Jim's finest albums to date.

**THE BEST OF BOB WILLS—Kapp-KS 3641**

With the release of the most recent Merle Haggard album, "A Tribute To The Best Damn Fiddle Player In The World," there has come a sudden resurgence of popularity for Bob Wills. The originator of 'western swing music,' Wills ranks as one of country music's most influential musicians. This "Best Of" album includes 11 of his most famous selections. "San Antonio Rose," "Deep In The Heart Of Texas," "Silver Bells," "Milk Cow Blues," "Pan Handle Rag," and "Southwestern Waltz," are among his more memorable performances.

JESUS CHRIST SUPERSTAR DO YOU THINK YOU'RE WHAT THEY SAY YOU ARE?*

ENGLAND—New Musical Express

...“the superhuman effort involved is only matched by the result—which is magnificent.”...

AUSTRALIA—Sunday Mirror

December 11, 1970—...“Jesus Christ, Superstar is being released in Australia early next month by MCA. For the past week I’ve been privileged to have been able to listen to an English copy of the album lent to me by a friend.

It has had an extraordinary effect on me and I’m sure it will on everyone who hears it.”...

SWITZERLAND—Pop Magazine

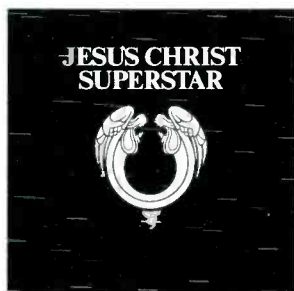

...“for the recordings,...several attractive rock musicians with proven drawing power were engaged. Ian Gillan, of the Deep Purple, for example, plays Jesus, Michael D’Abo (formerly with Manfred Mann) mimes King Herod and Murray Head acts the part of the traitor Judas Iscariot. The other “parts” were not “under”-cast, either. And a colorfully jumbled rock-band of highest caliber plus an 85-instrument symphony orchestra provide the musical background. What more could one want...”

BELGIUM—“Pourquoi Pas”

...“It is a remarkable effort. The work is wide-ranging and, as it stands, is a good reflection of the tastes, ideas, sensitivity and even the spirit of protest of a majority of youth.”...

...“a valuable and courageous endeavor, a serious accomplishment, a searching whose value and import one cannot underestimate.”...

That's why we've taken a global outlook for our music. All of our companies around the world will now be pooling their talents in a highly coordinated effort to make things happen *faster*.

global record company

Most important is the benefit to be enjoyed by our artists: Now when we release new product it won't be breaking in just one country, but all over the world at the same time.

Our one-company global outlook is just one more of the exciting changes happening at the new RCA Records. And we have to admit that for a new record company, we're pretty proud of our worldwide size.

MESSAGE FROM BERNARD CHEVRY

BERNARD CHEVRY—GENERAL MANAGER—MIDEM

YEAR	PARTICIPANTS	COUNTRIES REPRESENTED
1967	900	14
1968	2200	27
1969	3350	35
1970	4200	42

The above figures are self explanatory, and we can safely predict that the figures for MIDEM 1971 will be substantially higher: for the number of participants; for the countries represented and particularly for the total business transacted.

In four years, MIDEM has become the only worldwide Market for the Pop Music Industry. Professionals in show business from five continents meet not only to buy and to sell, but also to promote their artists, make contacts, to compare and to discover productions from the world over.

The new Palais des Festivals, inaugurated at the MIDEM 1970, will be open on January 16, 1971; most of you already know it and have benefited from all the advantages of a new modern building, an indispensable base for the smooth working of an international event such as MIDEM.

Naturally, in the first year, we met with some small difficulties, inevitable at any opening. We know that we do not have to tell you that we have noted them all and our technical department will ensure the improved efficiency of MIDEM 1971—with an even more pleasant atmosphere.

See You There!

Chevy To Host Cocktail Parties

Bernard Chevy will host two cocktail parties. The welcoming cocktail party will be held Sunday, January 17 and will celebrate the 5th Anniversary of MIDEM. It will be held in "Le Casino" with the cooperation of

Lucien Barriere, president of the Casino. The other party will be held Friday, January 22 in conjunction with the world premiere of a film featuring Joe Cocker and will be followed by a Pop Night at which international artists will perform.

A "JUDICIAL COMMITTEE" AT MIDEM '71

For the first time in 1971, the MIDEM will put at the disposal of the 5000 participants an information committee composed of international well-known lawyers specializing in music judicial matters.

Thus each participant will have the unique opportunity during the MIDEM of getting free and immediate information on legal matters that concern him. General matters such as the establishment of a new firm abroad, the intricacies of copy right law will be explained by competent international lawyers.

As of 1971, this Committee will be made up of lawyers from France, Great Britain, the U.S.A. and Germany under the general direction of Alfred SCHENZ, lawyer to the Supreme Tribunal in Bavaria and to the Munich Tribunal. Then in 1972 the major countries of the record world will be represented.

The members of the Committee will be available for consultation to all participants at a special office reserved for them at the Palais des Festivals. They will be free from any interference either from Record Com-

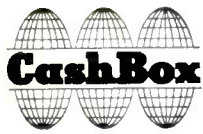

panies or Publishing Houses. General information on legal matter is the main reason for setting up this Committee, any particular project will come in the second place and will have to be arranged for individually.

The international makeup of his committee will also allow for fruitful exchanges of views and information, and the organizers of MIDEM are persuaded that such an initiative will be of a great help to many participants.

Canadian Theme In Columbia Toronto Showcase Of Product

TORONTO — Columbia's A&R head Johnny Williams and the company's national director of advertising and promo, Bill Eaton, put together an impressive product presentation (4) at Toronto's new posh Don Valley Holiday Inn.

Attending the presentation were the label's sales and promotion people as well as some of the new artists signed with Columbia.

Unlike previous years, this product presentation spent more than 80 minutes of its 4 hour show on new Canadian product.

Williams, who is responsible for Columbia's successful entry into the domestic market with perhaps Mashmakhan as the leading force, also introduced a new Hamilton group known as Smyle with a sampling of their waxed sound. Almost every province was represented at the event. The label's involvement with Canadian product covered all fields, MOR, MOT and country. The most impressive new act is that of Gordie Tapp, now an important supporting actor with "Hee Haw," popular U. S. TVer now returned for another year. Single and album product is expected shortly.

Canada's newest city Thunder Bay was represented at the meet by Don Grashey and Chuck Williams of DMG Sound. They have recently signed a production deal with Columbia and their first act, Carrol Baker, a lovely

Liberty To MCA Canada

TORONTO — MCA Records (Canada) has taken over national distribution of the Liberty line and all allied labels which include: Blue Note, Imperial, Sunset, Minit, World Pacific, and World Pacific Jazz.

Arrangements have been made with London records (former distributors) to take over the existing inventory, making all current Liberty product fully exchangeable under MCA's current exchange policy.

Shipment of product from MCA's national warehouse in Cornwall has already begun with complete inventory servicing to the trade by the early part of February.

A complete inventory order form is now in the printing stages which will be mailed to retailers across the country.

Final negotiations for the distribution deal were finalized by MCA's vice-president Product Development Lee Armstrong and Liberty/UA's exec vice-president Mike Stewart.

Sire Pubs Sign Scandinavia Rep

NEW YORK — The Bleu Disque/Doraffo group of music publishing companies, a division of Sire Records, will be represented in the 5 Scandinavian countries by Air Music Scandinavia, as the result of a three year agreement reached between Seymour Stein, president of Bleu Disque/Doraffo, and Air Music chief Sture Borgedahl.

All catalogs in the group are included in the deal, including Bleu Disque (ASAP), Doraffo (BMI), Gordie (ASCAP) and Pandora (BMI). Air Music will work closely with Sire's Scandinavian licensee, Polydor Records in scheduling and promoting record releases.

and talented young country singer was in attendance. Her "Memries Of Home" is already established as a Canadian country hit.

Crashey and Williams are also responsible for a new and heavy message group known as the Jarvis Street Revue. Their message (first single) "Oil Man" concerns itself with pollution.

Mashmakhan are expected to hit the market shortly with their follow-up single "Back To The Beauty (That's Where I Want To Be)." Their first outing has already sold over 250,000 copies in Japan and made a good showing on the CB 100.

Perth County Conspiracy, another Williams' discovery, will bow the single disk scene with a drastically edited version of "You've Got To Know," one of the favorite cuts on their top selling album.

Farrell, Grever Launch Joint Latin Production, Pub Venture

NEW YORK — Wes Farrell, president of The Wes Farrell Organization and Bob Grever, president of Grever International of Mexico City, have set a joint venture for the production and publishing of Latin artists for distribution in Central and South America.

Farrell indicated that the duo will "discover and develop Spanish-speaking performers who are right for the Latin 'pop' market." "Few people," he adds, "are aware yet of what the growth of a middle class, a phenomenon of the 1960's, has done to the record-buying potential in these countries. Today a hit single in these combined markets can easily reach the million dollar mark. This is an audience that is worth a great deal more effort than is currently being directed towards it and one that we will grow with. We want to develop a minimum of three acts during the first year and more after that.

Bob Grever and Wes Farrell have an association stretching back many years. In addition to representing Farrell's Pocket Full Of Tunes publishing firm in the Mexican market, Grever also represents such major publishing houses as E. B. Marks, Chappell Music and the Big Three (Robbins, Feist and Miller).

New Label Planned

Farrell indicated that it is very likely that he and Grever will establish a new record label to market their product. According to Grever, several established Latin artists have already been approached to record for them and for other producers in the Wes Farrell Organization.

It was pointed out by Farrell that "we will, in many cases, be making cover-records of contemporary English-language pop hits as well as

Capitol Canada Island Statement

ONTARIO — Capitol Canada reports that its recent announcement that it would be distributing Island Records in Canada was "inaccurate and should be disregarded."

Request At MIDEM

NEW YORK — Request Records will be at MIDEM this week, with representation by president H. J. Lengsfelder and manager Ruth B. Gamba.

Guess Who's Hunter Lays It On Line To Radio In Canada

TORONTO — The record producer versus radio station record producer controversy continues to be the chief topic of conversation with music people in Canada.

Don Hunter, manager of the internationally famous Canadian group, The Guess Who, recently made available his views on the subject. This is the beginning of a trend of influential figures making known their views on the Canadian music scene which appears to be facing a survival crisis. Canadian disk and production luminaries heretofore have remained silent with regard to criticising those in the important radio industry. There always looms the threat of blacklisting by radio stations. This may be prevalent in Canada, but like any country, hard to prove. Hunter was quite outspoken, noting: "At this stage in the development of a Cana-

dian record industry, there must be distinct separation—record companies must be record companies and radio stations must be radio stations." He added, "The Canadian scene is too young, too much in a state of flux. Anyone who expands at this time, too rapidly into too many fields has to be hurt."

Hunter pointed up the fact that record sales of Canadian groups have improved over the past year. The Guess Who's "These Eyes" although receiving certification for U. S. Gold failed to make the 100,000 mark in Canada but both "Hand Me Down World" and "Share The Land" have topped this previously hard to capture figure.

Hunter outlined a personal experience which indicated to him that in the U. S. it was nearly impossible for a group (associated with a record company having a tie-in with a radio network) to get exposure on that media because of a very good and strong anti-trust law. He indicated there were no such laws in Canada, noting: "We don't have the same laws in Canada. In the U. S., everyone is faced with the possibility of an anti-trust suit, and they're terrified of even appearing like they're helping an act from an associated company."

Zeroing in on broadcasters Hunter expressed: "I don't think radio stations should be allowed into record production, and especially not into publishing, not at this time. It can do nothing, but hurt the situation now. Later on it might be fine, but right now it should not be allowed. No matter what anybody says, there has to be a potential conflict of interest. It can't be anything else."

In summing up Hunter was of the opinion that "The fate of the Canadian record industry depends on the CRTC. One of two things is going to happen in the next 12 months—we will have a record industry or we'll be right back where we started—nowhere at all."

Great Britain

RCA Records general marketing manager Walter Sparksman left the company at the end of December after two and a half years. Sparksman stated his departure was precipitated by events beyond his control and although no hostility existed between him and the company, he felt unable to go along with the set-up as it was. RCA chief Ken Glancy paid tribute to Sparksman's part in establishing the company as a major independent record company in the UK. His duties will be assumed by Olav Wyper prior to the naming sales and marketing managers. Sparksman previously worked with Glancy and Wyper during his time as sales manager at CBS Records, and left that post to take up an appointment outside the record industry before returning via RCA.

Another RCA departure is marketing development and planning manager Alan Bull, who has been named general manager of the Keith Prowse Wholesale network and associated companies. Bull was prominent in the pioneering of eight-track cartridges in the UK during his RCA service, and is expected to be actively engaged in tape product being sold through non-record retail outlets and racking operations in his new post.

Yet another Philips staffer joins RCA. This time it's Geoff Hannington who takes up the position of marketing manager responsible for creative services, radio and television promotion, new release co-ordination, popular and classical product, management and press and public relations. He, together with sales manager Ray Hunt and A&R manager Mike Everett, will report to RCA's commercial manager Olav Wyper. The company's managing director Ken Glancy commented "The effectiveness of the commercial operations are essential to the planned growth of RCA in Britain. We have now assembled a team to work closely together in achieving our objectives, and this reorganization will ensure the flexibility to the success of such an operation."

Ronnie Bell, head of press and promotion for Liberty/U.A. just returned to London after a hectic European trek taking in Paris, Amsterdam, Copenhagen, Stockholm and Zurich, coordinating press and promotion arrangements for tours being undertaken by Eric Burdon and War and Ike and Tina Turner. The Burdon tour kicked off in Hamburg on the 9th and runs through to February 20th at the Montreaux Casino. Ike and Tina Turner begin their tour in France on January 18th and finish in England on February 14th. Both acts will be featured in this year's MIDEM Galas.

Management Agency and Music is viewing 1971 and its prospects with wide-range gaze as chairman Gordon Mills discloses in his annual report to stockholders. MAM is contemplating entry into the audio-visual field and is also keeping a close eye on developments concerning the official advent of commercial radio in Britain. MAM managing director Bill Smith confirmed that discussions are proceeding with various other companies on the subject of producing audio-visual films featuring the organization's top acts, and the presence of Geoffrey Everitt with his long Radio Luxembourg experience as head of MAM Records is a very tangible asset if the company decides to enter commercial radio operations in any manner. Mills revealed that the agency division has been strengthened by the recruitment of underground specialists Johnny Jones and Ian Smithers, and on the music publishing front negotiations are at an advanced stage to acquire the catalogues of Paul Anka and the rights to all his further works over the next five years. Meanwhile the insurance cover on MAM's two leading assets Tom Jones and Englebert Humperdinck has been raised from £1 million to £3 million each and on Mills from £1 million to £1.5 million.

EMI is also looking to the future in terms of recruiting skillful staff and specialist personnel. A booklet published by the company outlines career opportunities in the record and entertainment industry for university graduates. The bulk of openings are in EMI's electronics division, but vacancies also occur on the disk side in production, finance, marketing and sales. One of the company's three "apprentices of the year" in 1970 was Douglas Butler BA, who has been training at its Abbey Road studios since September 1969. An EMI recruiting team is currently touring British universities, and will interview over a thousand graduates.

The sale by Reed International of its 50% stake in the Music for Pleasure budget LP company to EMI is not expected to cause any alteration in MfP's operation. EMI has held the other 50% share in the company since its inception in 1965, and acquired the Reed holding for \$619,000. The deal covers MfP activities in the United Kingdom, Europe and South Africa, but does not affect its Australian offshoot, which is wholly owned by Reed. It is understood that negotiations are in progress which may result in EMI acquiring the Australian operation as well. Meanwhile the UK MfP company remains at its Feltham, Middlesex, headquarters as a tenant of Reed.

Japan

Foreign records have shown favorable sales at the start of 1971, contrary to the beliefs of the record industry; 1971 record market will be reigned by Japanese records as usual.

The following foreign single records are good sellers:

- As Years Go By
Mashmakhan
- Never Marry a Railroad Man
Shocking Blue
- She Sold Me Magic
Christie
- Let It Be
Beatles
- I Think I Love You
Partridge Family
- Mr. Lonely
Lettermen
- Mr. Monday

- The Original Cast
As for albums:
Led Zeppelin III
Led Zeppelin
Bridge Over Troubled Water
Simon & Garfunkel
Abraxas
Santana
Tom Jones Greatest Hits
Tom Jones
Grand Funk Live!
Grand Funk Railroad

The above mentioned foreign records sales growth has been caused by the positive attitude of each company which has been handling foreign records, and the effects of live performances in Japan. For example, the public performance of Jose Feliciano, Blood Sweat & Tears, Burt Bacharach, The Original Cast and B. B. King are scheduled in the near future in Japan.

Argentina

Following our comment on the current trends in the local market, appearing last week in this same column, it is interesting to add what seems to be a possibility for getting more involvement of the record buyer in products: during 1970, an increasing number of tunes have been somewhat related to places or cities of this country. At first, it was tried as a way to open certain regional markets which weren't too active before, although their book, cinema and theater indexes were high. Afterwards, the songs became related to the capital, Buenos Aires, and the summer has brought a number of songs for Mar del Plata and other touristic resorts. The observers expect another increase in the trend for 1971, and some of them believe that this move could bring even a sort of new popular music, something that has been tried to establish during the past five years, departing from folk and tango basis, without too much success, except in a few cases.

The Mar del Plata Pop Music Festival will be held next week in Argentina's main summer resort, and the entries have been divided into rock and other categories to widen the range of songs and allow better exposure. As happened with the other song contests held recently in Buenos Aires, the winning songs may expect strong promotion and good chart action, both in the National and International scenes.

Manuel Rodriguez Luque of Disk Jockey sends word about the extraordinary success of the second volume of the "Todos Juntos" album, which contains, as the first one, a selection

of the current hits by the label's artists. There is also another strong potential seller in the new Abracadabra single, "En Mi Pais", although the biggest seller, according to the diskery's last week statistics, continues to be the Pepito Perez recording, "El Retrato de Mama".

Luis Calvo of Music Hall reports very strong sales during the past month of December, along with a very strong new item, released by Johnny Magac's Fania label through Music Hall, featuring The Mardi Grass. The single appears as one of the hottest items of the summer, and there are also good hopes regarding the new Hector Cabrera single. An LP featuring this artist is also under way.

Notes: RCA is outing in a couple of weeks the first LP of Facundo Cabral, with strong sales expectations; a new album by Almendra, with two LP's, is already in the market . . .

Korn Publishers report control on several tunes that appear in the charts, including "Candida" and "Quiero Abrazarte Tanto" . . . EMI suppliers happy with the success of the new Dawn single, "Knock Three Times" . . . Canada

The Canadian Record Manufacturers' Association, in a recent meeting, have agreed in a name change. They have dropped the word record replacing it with Record "to better embrace the advancement of pre-recorded tapes and other contrivances by means of which sounds may be mechanically performed or delivered as vehicles for the reproduction of literary, dramatic or musical works.

Johnny Murphy has moved from GRT promotion and sales to RCA where he will be involved in promotion only.

Lee Rand and his manager Bob Jefferies into Toronto for photo taking for the cover of their new album, to be released on the Quality label. Rand is well-known throughout Western Canada where he plays the top clubs regularly. Much of his new album was cut at Edmonton's Damon Studios. He has cut a session at Sound Canada (Toronto) which will constitute his single release. Rand is no draft-dodger. He is a former U. S. Marine (6 years) having appeared on some of the leading U. S. TVers including the Jackie Gleason show as well as appearing at Rodney Dangerfield's popular New York club.

Heart Records, a new Canadian label headed up by Robert Kates, bows its first single with "Mr. Fortune" by The Hitch-Hikers featuring the Mighty Pope. The single has already caught a few markets where the jocks dig this new Canadian soul sound.

"Carry Me" by the Stammeders on Mel Shaw's recently unveiled label Music World Creations (MWC) have picked up strong MOR play and have also found a berth on several charts. This Calgary trio have been on the scene for several years having released on MGM previous. This would appear to be their strongest release to date. Shaw reports strong interest from U. S. disk biggies. Another MWC group showing promise is Christopher Robin, a family group of singers and musicians who released "Fronts" a few weeks ago. Touring throughout the province and border U. S. states, the family have picked

up important plays in these areas. Quality distribute the MWC label.

Quality's new Celebration label is showing early indications of harbouring a hot chart item with the single release of "High Falootin'" by Jay. Country and middle of the roaders have already shown a liking for this deck with some of the Top 40 types catching on.

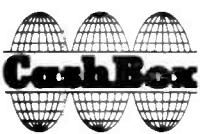

London Records will distribute Vancouver's Pacific Star Records. Initial release, "I Wish That We Were Free" by Jimmie Knight was produced by Don Aikens at Al Reusch's Aragon Studios.

Good sales and encouraging air-play is the order of the day for the Canadian Talent Library set, "The Way We Hear It". This album, its \$11,000 production costs completely underwritten by the Armadale Communications Ltd (CKDK Regina; CKRC Winnipeg; CKOC Hamilton), features some of Saskatchewan's top talent (Jim Roberts, Pat Steele, Ken Fisher).

"Dickens" the new Revolver single by Leigh Ashford is still shaping up in Canada's secondary markets as hot potential. Voted down by the MLS, RCA's promotion believer, Scott Richards has launched a personal battle to get this single moving and is succeeding. RCA distributes Revolver in Canada.

A Canadian group, Songbird is set for UK release on the MAM label. Their initial release will be "Sweet Elaine." The deal was signed by MAM's Geoffrey Everitt and Jack Herschorn who was representing his Vancouver firm Jack Herschorn Music.

Tommy Graham, another Capitol hopeful has just completed a successful tour, west of Canada and is now finding excellent exposure on many Western Canadian stations with his double-sided hit "Things Ya Say" and "24 Hours From Tulsa." Both are contained on his album release, "Planet Earth". Capitol's national artists promotion man Richard Glenville-Brown has taken personal charge of Graham's promotion.

Australia

If all reports are correct, CBS attraction Blood Sweat and Tears will be making the scene down under in February. The LP "Blood Sweat and Tears 3" is coming on strong here. Another new album recently issued by the Australian Record Company is the soundtrack "Performance" starring Mick Jagger. The movie is banned here. ARC incidentally hold the catalogues of CBS, Epic, Chess, Hickory and Harmony; and although the newly formed Warner Brothers office is open now, they will still continue to distribute WB product as well as Reprise.

Budget priced albums certainly make up a large percentage of record sales in this country. Latest into the act is EMI's "Country Spectacular" which features the Seekers, Ned Miller, Johnny Cash, Glen Campbell and others; all tracks taken from EMI's

many labels. The set is the subject of a big advertising campaign.

Astor Records here are represented on the local scene by a song called "Kelly Country" (after the noted bushranger-outlaw Ned Kelly). The track is off an album recorded by Anne and Johnny Hawker, the husband and wife team contracted to the company.

Former Righteous Brothers member Bill Medley was here for a few weeks prior to Christmas for play-dates in Sydney only, but while here the Phonogram people issued his MGM single "Gone" b/w "Nobody Knows".

Despite a period of months since the record dispute, local recordings are finding it hard to hit the Top Ten. There are plenty selling moderately well but no where near good enough for hit status.

Straight Talk on Games

Where the audio-visual novelty games used to dazzle your eye, the most recent brace of games coming from the factories dazzle your imagination. Unless you're a crack mechanic, with a little mechanical engineering background to boot, it's almost impossible for the layman to figure out how some of these new novelties achieve the near life-like effects they do.

We are talking about the target games, especially the units which feature a combat situation for their themes. We are talking about them for the simple reason that some people in this trade have the foggy idea that a combat-styled game may not be in the "best of taste" in today's consumer market.

This thought is not only wrong, it's ridiculous. If anything, a combat game gives our young people a safe and exciting way to do something they may or may not find abhorrent—actually flying a fighter in combat. Such games, simply, are great fun and anyone who'd find some psychological connection between these and the real thing should spend some time in therapy.

The worse thing about this is that some operators are flaunting the combat-syndrome issue as a real crisis—criminal in this respect because there are real problems besetting the games industry which are being ignored in the process. Those real issues we speak here of today are the restrictive laws which inhibit the operation of certain amusement games because some area legislators think there's gambling involved or because they don't like kids playing them with their "lunch money".

Let's get serious. We have operator associations all over the joint. We have them in liberal areas and in restrictive areas. But have we one association now actively trying to lobby for fairer play in games operation? We're not pointing any fingers but there are big cities with big operator associations that are so accustomed to doing without pingames they don't want a liberalization of laws. They don't want to make waves or upset the "status quo" and invite outside competition from other operators.

There are actually areas (we know of one state) where pingames are illegal, but are operating anyway. From time to time, the police pull a raid and the operator simply says, "well, I guess it was my turn." Why doesn't that operator and his brothers get off the defensive and strike out like any other industry would to get its just treatment under law!

You say this industry doesn't give the local and state governments enough money in taxes to afford it a strong enough voice? You may be partially right but there is some money for them there, and considering the fiscal poverty of some big cities, more games in more types of locations could bring them more in taxes and anything that would help these cities—large or small—shouldn't be overlooked.

That's where our associations should pitch—more money for the cities and states thru more games on more locations. Sure, it's a tricky business to get across, especially for those among us who fear that present taxes would be increased in the process. But you think it out. It's your business.

New Solo Pingame By Gottlieb With Outer Space Motif

Gottlieb 2001

CHICAGO—A space odyssey, a realistic and thrill packed journey into the future, awaits the player of "2001," newest of the single-player pin games from Gottlieb.

A backglass of three dimensional like design is highlighted by life like depictions of space voyagers and moon maidens. A shower of stars and maze of pathways adds to the mind boggling image.

The game features 20 colorful drop 'em down targets in four different color groupings. Knocking down all targets of one group lights the holes and rollovers enabling the player to rack up a super high score.

Add to that the bulls-eye targets and center kick-out hole light for a special score when all the targets are down.

Operator profits should rocket upward at the same speedy rate as player scores, which are tallied in easy-to-read style on the backglass.

Gottlieb has already begun shipping of "2001," and operators interested in this space age game are urged to contact their local distributor. All systems are go!

Long Island Operators Form Assn. Sub-Group

NEW YORK—Music and games operators on Long Island have formed a sub-group of the New York State Coin Machine Assn., in order that problems affecting the industry in Nassau and Suffolk counties (Long Island) can be more effectively discussed. Meeting roughly once a month, the group (numbering about two dozen operators) are members of the state association and as such, elect no local officers and pay no additional dues. Fifth in their series of meetings will take place Jan. 21st in Great Neck, and NYSCMA members and non-members are invited.

New 'Talking' Vendor

DALLAS—Ussery Industries, Inc. has introduced a "talking" vending machine that "tells" a short joke with each vend.

The Dallas-based vending equipment manufacturer introduced a dime Snack Shop vendor equipped with a tape player to distributors attending its first convention, Dec. 19-20 at Market Hall, Dallas.

The gags are delivered by comic Henny Youngman, who also appeared at the convention. "Thanks for the dime," quipped the machine. "Say, my mother-in-law got a mud pack, for two days she looked nice. Then the mud fell off."

Cecil Ussery, chairman of the firm, predicted 50,000 of the machines would be in operation throughout the United States by the end of 1971.

Comic Henny Youngman, brandishing violin, trades quips with a vending machine that dispenses audible gags with a sale, while Steve Adams, vice president of Ussery Industries, shields his ears against the dialogue which also features Youngman as the unit's recorded playback voice.

Dallas, Denver, El Paso and Ohio Host Wurlitzer Service Schools

NORTH TONAWANDA, New York—Wurlitzer service schools in Dallas, Denver, El Paso, and the Company's Cleveland Coin territory provided little holiday relaxation for over eighty servicemen in attendance representing operators who have the new Zodiac phonograph on location. Under the direction of Field Service Engineers Karel H. Johnson, Leonard Hicks, and Robert Harding, the schools demonstrated the mechanical components and service features that have helped to make Zodiac sales this year's big success at Wurlitzer. Instruction on the

phonograph's service manual and preventive maintenance procedures were among other topics reviewed.

Participants at the December 29-30 service school conducted by Karel H. Johnson at B & B Vending Co., Dallas were Albert L. Ewing, J. C. Maxwell, Gordon Youle, Howell Grisham, N. Kast, J. D. Barnes, Bill South, Bill Byrd, Raymond Faircloth, and Bill Carver of B & B Vending Co., Dallas, and Evert Schutter Jr., R. G. Purvis, and Jack Eskew of Commercial Music Company, Dallas.

(Continued on p.64)

We've got the most marvelous amusement machines on the market today. It's a crime they can't be used to maximum advantage and placed at every location that would accept them.

27th A.T.E. Draws Trade to London

LONDON—The capital of the United Kingdom also becomes the capital of the international music and games manufacturing and distributing industries this week as the 27th annual Amusement Trades Exhibition opens in Alexandra Palace (photo), Tues. Jan. 19th thru Thurs. Jan. 21st.

Some 85 firms will exhibit wares ranging from fruit slots to penny pusher payouts, from music boxes to pure amusement games, from parts suppliers to trade publications.

A virtual 99% attendance of the principles from every machine factory from England, the Continent, the United States and Japan is expected. Further, numerous foreign distributors will join their British colleagues in this greatest of international machine bartering markets.

'Sonic Fighter' Ships from ALI

ALI SONIC FIGHTER

HALEAH—Samples of Allied Leisure Industry's much-heralded 'Sonic Fighter' aerial aircraft dueling game are en route to the factory's U.S. distributors today (18th), and a sample will also be displayed for European operators by MONDIAL at the stand of their British agent London Coin Machines Ltd. at the A.T.E.

Described as "the most total audiovisual experience ever incorporated into any amusement game ever made" by ALI sales manager Gene Lipkin, the Sonic Fighter combines the thrills of flying a jet fighter in hot pursuit of a weaving and dodging enemy aircraft, with extremely authentic hit explosions and 3-dimensional visual effects.

Play of the game—After insertion of coin (straight quarter is recommended), a fleeing jet fighter is projected onto the screen. The sensation of movement is aptly provided by passing scenery and clouds which pass right and left of the player's peripheral vision. The enemy plane "attempts" to elude the player's "plane" by dodging and banking (a random scanner in the game gives a different dodge pattern to the enemy's plane each game).

The player then tries to fix the enemy's position thru a cross-hair target scope. When he zero's in, he pushes the firing button in the control handle and if he hits, an explosion, accompanied by a red fireball effect, knocks the plane out of the air. (The firing button sends out machine gun tracer bullets.)

The game's skill is both in lining up the fleeing enemy in the cross hairs and in maneuvering the pursuing plane to get into firing position. Maneuvering is controlled by the player's wheel which if raised will drop his trajectory, if lowered will raise it, and left and right turns will bank it.

"The player really feels like he's in a cockpit of a jet fighter," Lipkin stated. "The game action is accompanied by other authentic effects, such as realistic indicators, blinking lights, etc. The piece is a real credit to our chief engineer Ron Haliburton," Lipkin declared. "It should be set at 25¢ play, but it can be switched down to 2-25¢. The game time length is also adjustable by the operator," he added.

WW 1 Flying Thrills Await Game Buffs With New NI Unit

NI RED BARON™

MILWAUKEE—"The RED BARON takes the public back 50 years," said Marty Johnson, director of marketing for Nutting Industries Ltd., Milwaukee, announcing NI's new coin game. "Capitalizing on today's interest in World War I and the early days of flying, we designed the RED BARON to appeal to a broad, pre-sold market. Our field tests confirm our market research; everyone wants a chance to shout, 'Curse you RED BARON!' and shoot him down."

The RED BARON play simulates 1918 dogfight combat flying, complete with a flight control stick that vibrates whenever the machine gun is fired. "To produce the images of the German target planes for the player to pursue and shoot down, we used exact replicas of the planes that flew in von Richthofen's famed Flying Circus," Johnson said.

"All the effects," Johnson explained, "have been engineered to make the play of the game look real, sound real and feel real." The player actually sees his direct hit turn the enemy plane into a fireball as it goes down in smoke and explodes. All action is accompanied by authentic sound effects: a 1918 rotary aircraft engine in combat flight, machine gun fire, the whine of the stricken plane and an explosive crash.

Working fuel gauges on the cockpit instrument panel indicate duration of game (90 seconds), eight hits win Bonus Time (an additional 30 seconds), 12 hits score Ace.

Compact in size (height 66", width 25½", depth 36"), the game is painted brilliant red for "strongest point-of-purchase impact" and features the Baron's pictures on the sides and front. Among other operator advantages, Johnson stresses that the two basic chassis slide out for complete accessibility.

Texas Dealership Destroyed by Fire

SAN ANTONIO—The premises and inventory of All Coin Equipment Co. here at 121 Navarro St. were completely destroyed in a tragic fire on Friday Jan. 8th. Malcolm Gildart and Dan erotta, owners of the coin equipment distributing firm (which counts Rock-Ola among its product lines) said destruction was nearly 100% and over one dozen pieces of fire fighting apparatus could not save the building.

It is business as usual for the company, luckily. They've set up temporary headquarters at 125 W. Cervillos St. (same phone number) and will operate from there until the old building is rebuilt. Gildart reckons it will take over six months to complete.

Mid-Year MOA'er

CHICAGO—MOA's executive vice president will shortly announce the dates and location of the national group's upcoming mid-year board of directors meeting. Under consideration as a possible site for the meeting are Nashville, Washington D.C., Texas, Florida and several other states.

The meeting is tentatively scheduled for early March. "We consider this our most important meeting of the year," Granger said. "It's a three day conference during which a great deal of substantive work is done. We have accomplished much at past mid-year meetings and I am confident this year's session will be equally constructive."

New IRS Gaming Tax Invoked

WASHINGTON—According to the 1971 edition of the Tax Guide for Small Business, published by the Internal Revenue Service (Dept. of Treasury), a special tax of \$250 for each gaming device is now imposed on every person who maintains for use or permits the use of, a "gaming device," on any premises occupied by him, whether or not it is operated by coin.

"Free game machines"—a machine that has no payout mechanism and no reels or drums, but which appears to have all other characteristics of a "slot machine" and awards free games

the meeting will automatically be held in Washington, Granger stated.

for its successful operation, are taxable as a gaming device.

Free play machines—A pinball machine designed to increase chances of a high score by insertion of additional coins, and which registers far more free plays than a person playing for amusement would normally play off, is a gaming device. The \$250 rate applies regardless of payoff evidence.

One-ball pinball machines are considered gaming devices whether or not payoff evidence exists.

Form 11-B is prescribed for the registration and payment of this tax.

Devices exempt from tax include: bonafide vending or amusement machines in which no gaming features are incorporated, are exempt from tax.

EASTERN FLASHES

FUN CITY—Slippin' and a slidin' time hit the town again last Thursday and routemen in the further reaches of the metro area were dusting off their skid chains. Plenty of trade talk (mostly joking) about the fuss concerning a "possible" gambling casino on North Brother Island in the East River. The joke's got a double edge to it among tradesters—they feel nothing of the like could ever come about in this city, but also are just a might miffed at the restrictive amusement game laws that exist. If all these politicians would stop looking for pie in the sky with their far reaching schemes and get down to basics like permitting games in non-alcoholic stops and easing off on the pins, most of us would be a lot better off—even if it may upset the much-touted "status quo".

AT THE COLISEUM—The big New York Sporting Goods Fair held forth at the Coliseum in Columbus Circle last Sun. thru Wed. and brought over a number of our own pool table manufacturers. Irv Kaye was the only industry table manufacturer who took exhibit space (that we saw), but took good advantage of the show by offering all his high-styled and furniture designed non-coin tables. They were about the finest looking pieces there. Visitors included Len Schneller and Dick Simon from U.S. Billiards, and Nick Melone, Sol Lipkin and Mike Bozza from American Shuffleboard. Talking with Len and Dick, we learned about Malcolm Gildart's place burning down in San Antonio. Lenny really felt badly about the catastrophe, saying he'd just been visiting with Mal couple of weeks back and enjoyed looking around their now former place. "Really beautiful, especially the showrooms and offices," said Len. "Really a shame." On the lighter side, Len told us that he received a gorgeous scroll from Governor Farrar of South Dakota, awarding him the "Order of the White Buffalo" for his work in bringing coin-op 8-ball tourneys to that state. Nice honor and Len's having it mounted for framing behind his desk out in Amityville.

ON THE ISLAND—Vic VanDerLeenden, president of Montauk Automatic, says Bill Kobler has officially sold out his interests in the firm and probably will go back to teaching. Vic, now sole-owner of the route, merged with Bill's B&B Novelty couple of years back. The Montauk route now counts among the largest on the Island. . . . Long Island members (and invited non-members) of the New York State Coin Machine Assn. will be meeting Jan. 21st in Great Neck to hear State prexy Millie McCarthy lay down the good word and also discuss trade problems intrinsic to the Island counties. (see separate item this issue). . . . We enjoy chatting about records every couple of weeks with lovely Ilene Joyce out at Bernie Boorstein's Double-B Records in Freeport. Joyce, along with Don Liberator, do most of the business with the area's operators and have a good rep for picking new disks just before they happen. They're currently recommending a new

Juke Record disk called 'You're Cheatin' Heart'. It's a real barroom piano thing, performed by, ready for this, **Dumpy Rice**. But no jokes, Ilene says the record is already earning great coin on numerous jukes in Nassau and Suffolk.

GOING SOUTH—Allied Leisure's Gene Lipkin, a most excited young man last week with the introduction of that factory's most exciting new Sonic Fighter (see separate item), capped off the week with the Super Bowl game. Gene's dad, Sol Lipkin of American Shuffleboard, flew down for the game and the two enjoyed the Orange Bowl doings together. Gene's pretty steeped in football lore, with Miami Dolphins' players **Bill Richardson** and **Dean Brown** living in his building and dropping in from time to time for a chat. Matter of fact, the three lads were in Gene's place last Sat. evening when who rings the bell but Baltimore's **John Mackey**, looking for Richardson. They drank to the game. . . . FAMA members in district IV will have their next meeting Jan. 27th in Tampa.

HERE AND THERE—In our story on Trimount Automatic's party in honor of their veteran employees, we neglected to mention that other firm execs were rewarded at the affair for long and faithful service, essentially because their photos didn't make it thru the processing. Also honored by Irv Margold and Marshall Caras were: sales exec **Dan Brown** for 25 years at the company, and to **Bob Rome**, **Charlie Drew**, **Arthur Frates** and **Charlie Duncan** for their 15 years of loyal service. Congratulations to all. . . . Mrs. **Gert Brown**, secretary of the New York State Operators Guild, reminds us and her members that the next regular meeting will be held Jan. 20th (Wed.) at the Poughkeepsie Motor Inn, in (you guessed it) Poughkeepsie. Get-together commences promptly at 7:30 P.M. . . . Plenty of ops in and around New York City have been looking hard for used 5-balls, and have been shooting out as far as the mid-west to buy them from dealers and jobbers there. **Joe Westerhaus, Jr.**, Royal prexy in Cincy, just launched a used machine promotion which, among many other types of amusements, lists some fine sounding 5-balls. They should move fast, since Royal's rep for used machine reconditioning is first class.

The staying-power of good amusement games is both a tribute to the factories that made them and to the operator and/or distributor who took the trouble to keep the games in working condition. We're always amazed to hear such things as **Sam Morrison** and **Steve Tarzanin** at Musical Moments citing great collections with a ChiCoin 'Ice Hockey' game. The boys recently set one in a Bronx bar and the customers are mad for it. Game came completely shipped from **Harold Kaufman's** in Brooklyn. As they say, a great game yesterday, is a great game today. Keep it clean and it'll be a great game tomorrow. . . . U.S. Billiards' **Dick Simon** says their Aristocrat time-table is taking off beautifully. The high-styled unit, first premiered at the MOA, comes with a time mech, or plain drawer-lock, but Dick says dealers are calling for the timer. The unit is especially popular in the upper-mid-west and parts of the south, but Dick submits that time-operation will become established in the industry before the year's out.

Nate and Fred left Chicago on the 17th and will remain in London through January 24 . . . Nice chatting with Midway Mfg. Co.'s sales manager Larry Berke who's very much back in the swing of things following his recent hospital stay. Larry resumed a full time work schedule right after the holidays—and is following doctor's orders, of course. He mentioned how grateful he was for the countless cards, letters, flowers, etc. which did so much to cheer him up during his hospitalization. As of now, the Midway Schiller Park factory is concentrating pretty heavily on the "Invader" and "Jet Rider" which are both doing very well, according to Larry . . . Lots of activity at National Coin Machine Exchange these past weeks. A steady flow of out of town operators have been coming in to purchase equipment. Mort Levinson is very anxious to receive his first shipment of the newly released D. Gottlieb & Co. game called "2001" which is currently in production at the factory . . . Talked to Mort Secore of Chicago Dynamic Industries and learned that the factory began shipping samples, early last week, of the new "Night Bomber" which will be among the line-up of equipment displayed by ChiCoin at the ATE show. Mort also made mention of the very successful "Gayety"—a big seller! . . . MOA's Fred Granger and Bonnie York managed to carry on as usual (or as close to usual as possible under the circumstances) last week while painters were working at re-decorating the office. Imagine that paint smell was just awful!

MILWAUKEE MENTIONS

Wurlitzer Dist. Corp. of Milwaukee just launched a promotion on the Zodiac model phonograph, which will run from now through February 28. As Paul Jacobs spells it out, each time a customer purchases a Zodiac he receives a number of points (5,000 points per purchase) which he can apply toward the selection of various items from a catalog. These items range from small things to deluxe home stereo units, depending of course upon the number of points. The more phonos you purchase, the more points you get, right! But that ain't all. A ticket is also issued with each purchase and deposited for two drawings, one to be held at the end of January and the other the end of February, for a trip to either Jamaica, Nassau or Acapulco! Sounds great and we imagine there'll be plenty in the running for these wonderful prizes! . . . Here's word from Nutting Industries Ltd. that the new Red Baron amusement machine which is currently on the factory's production schedule, will be officially released to the trade very shortly. Firm's director of marketing **Marty Johnson** said a few pieces have been put on test locations and the results have been more than gratifying! Watch for it! . . . With all this talk about pollution and the need for clean air, we can understand why Hastings Dist. Co. is enjoying so much success with the Tepeco Air Pollution Master line. Not only is it effective in the smoke filled tavern and lounge, but it's beginning to attract attention on an industrial level. **Jack Hastings** has had inquiries from several industrial accounts who are interested in improving working conditions with the installation of a Tepeco!

VENDING NOTES FOR VENDING OPS

The Institutional Food Service Division of General Foods Corporation just announced a price decline on its line of ground coffees for institutional and vending customers. The price decrease, to become effective Monday, January 18, will be 2 cents per pound on all hotel-restaurant and vending ground coffees, except for tin packed coffees. The division stated that these price cuts were being initiated to maintain its competitive position in the food service market. Prices of the Maxwell House Division's coffees, which are sold through grocery stores, are not affected. . . . "Caterers" who prepare meat food products for sale away from their premises may be exempt from U.S. Department of Agriculture (USDA) inspection. USDA had previously ruled that these "caterers" were subject to federal or state inspection under terms of the Wholesome Meat Act of 1967.

This new development was announced by NAMA public health counsel **David Hartley**. He is presently working with USDA officials to define classifications of operations which now appear to be exempt from inspection. NAMA members and industry publications will be informed of the outcome, Hartley said.

"Under these new regulations the so-called restaurant and retail store exemptions from inspection have been broadened to include 'caterers' who deliver or serve meat food products and who meet other qualifications contained in the regulations," Hartley said.

Hartley and NAMA government affairs department director **Richard W. Funk** have been working with USDA authorities on various aspects of the Wholesome Meat Act since its passage by Congress in 1967.

Dick's Vending Service, Inc. of Au-

rora has merged with Services Corp. of America, Chicago and Boston, Ber- ton Steir, SCA president has announced.

Red Roses Gettin' Greener

NEW YORK—Al Rubin of Musicanza Records just reported in a reorder from Miss Lou Dahl of Heilicher Brothers Inc. in Minneapolis a 2000 reorder which is mainly going to one stops and jukebox operators. That's 4000 records in Minneapolis alone. In Boston at Dick's Record One stop a reorder of 500 records for a total of 1000 without any airplay at all. To date the record is nearing the 30,000 sales and order mark around the country and this all happened since the beginning of November. It is a phenomenal thing, Rubin suggested that one stops and jukebox operators have been ignored for so long a time.

"I see the jukebox in bars and taverns giving a song an opportunity for a group of people to sing along with music again. When people in this country start singing and whistling all over we may have a lot of happy people."

WE DON'T COMPETE WITH OTHER COMPANIES AS MUCH AS WE COMPETE WITH OURSELVES.

We're not trying to outstrip our competitors, we're trying to satisfy our operator customers by our own standards. And we think those standards are very high. We improve our phonographs every year. Not just where it shows, but all over.

The Rock•Ola 444 for 1971 is a classic example. It's psychedelic purple, like this season's fashions.

Then there's a great new program holder assembly that drops down to make for complete accessibility in cleaning the dome glass. And flip-down title strip holders for quick title strip changing. The new, spring loaded dome comes up with hardly any effort, and the glass is tempered to reduce glare. We've also added a new system of integrated circuitry, a new optional locked cash box system, and a modular approach to

getting at the guts. Not to mention a computerized "Record Now Playing" indicator to top the package off.

Those are only some of the ways we made the new Rock•Ola 444 better than last year's model. And it wasn't easy. Because last year's model was our stiffest competition.

INTRODUCING SONIC FIGHTER, THE ONLY AIR-TO-AIR COMBAT GAME.

The player chases every plane in cloudy weather, using wild evasive tactics. They climb, dive and bank left and right.

Sounds of jets and machine gun fire gives the player a thrilling illusion of realism.

And when he gets his sights right on his enemy and makes a direct hit, the plane bursts into flames with a loud explosion, and spirals down with a howling shriek.

Meanwhile, everyone watching the player gets excited too. They become impatient to be the next pilot at the movable controls.

Sonic Fighter. Another original from Allied. Tested and proven to be the biggest money maker yet. By the way, it's the least expensive on the market.

It fits anywhere. 31-1/2" wide by 38-7/8" deep by 75" high.
