FMQB ALBUM REPORT

February 19, 1982

BILL HARD, Editor

Hard Choice

JAY FERGUSON, "WHITE NOISE", CAPITOL

On first listen, the pyrotechnics of "White Noise" made that the logical lead track. Now that we've lived with the record, and had a chance to collect radio feedback on our advance cassette mailing, it's obvious "White Noise" is Jay's deepest coin to date. We've zeroed in on 5 strong contenders, "Tonight", the title, potential 45 "I Come Alive" (wise to know he can handle ballad), the exciting cover of "I'm Down" (go Joel!), and "Inside Out". Factor in the world class production, and Capitol's exemplary set up, and it's a sure bet this perennial radio fave will be all over the airwaves.

Easy Choice

GAMMA 3, ELKTRA

We rolled the 12" on the Front Page two weeks ago, and now 60 stations later, it's up to #49 on the Song Index, and destined to advance by leaps and bounds in the coming weeks. Ronnie has paid his dues, and now he has all the ingredients for that mass appeal shot he deserves. Best of all, when "Right The First Time" burrs, "Stranger" has the moxie to follow it up the index. You might call it Gamma 3's 1-2 punch.

Chain Reaction

DWIGHT TWILLEY, "SCUBA DIVER", SMI

SMI has major hopes for this one, and you can't argue with the first week--#1 Most Added with 45 reports, and way up on the considering list for next week...In our pick two weeks ago, we rolled him pop's 'Great White Hope', and this week Kip Lee answers, "I tell you right now, he is not a Duane Sobajack, and he is not a Jerry Cooney. In other words, we can't put him on hold. This man is for real, or else a lot of us out here in radioland are gonna look like great white dopes!!"...From Art Phillips, KMD, "Dwight makes fine-tunes sensible pop that should appeal to the Petty/Kimo/Gary O listener. The remake of 'Somebody To Love' is a wise investment for Twilley, and 'I'm Back Again' delivers the goods, too"...Earle Hagovak, WBCN, "rock and roll music can hit you in the head, heart, or groin--but when an album comes along like 'Scuba Divers' and all these elements are happening at once, it's true magic"...Ray White, WLIR, "I wish Twilley's 'Diver' the same success as Steve Winwood. 'Somebody To Love' sounds even better the second time around"...Mary Billinger, WYMA, "Dwight delivers a bona fide #1 with 'Somebody To Love'. It's seduction over the airwaves, guaranteed to fog up your contact lenses"...Charlie Logan, WYVV, "It's fresh, clean pop with that sincere vocal style which to me has always been a straight mark. Why isn't this guy a star?"...Ron Sorenson, KBLF, "The saying goes 'Divers do it deeper', and as I said last week, we're so deep into Twilley's latest, we need waterproof tongues and oxygen hoses"... Other first week raves from Duke Meyer, Dick Blackman, Stew Schantz, Jimmy Christopher, Tim Smith, Tom Starr, Ron Nenni, and Tom Nast...Cuts: "Somebody To Love" and "I'm Back Again".

BONNIE RAITT, "GREEN LIGHT", WARNER BROTHERS

Everybody seems to love Bonnie and when she covers a couple of tracks from Northeast favorite NRBQ, it's going on the cake. #3 Most Added overall with 40 reports, including E Level 11 stations...The single leads, for now, with "Green Light" and "Me And The Boys" next...Comments: Steve Feinstein, WYSP, "Great to see Bonnie do a couple of NRBQ tunes on the new album"...Bob Motersky, WYUS, "Great vocals and guidance is the key suite on 'Keep This Heart In Mind'. It is time for programmers to bury any doubts of Bonnie having only a collected cult following. This album is extremely mass appeal"...Ron Phillips, WQDR, "The Raitt is super strong. No wimp here. It's all rock and roll. I think one single has hit potential, and 'Me And The Boys' is a good radio cut, too"...Dave Sane, WDMF, "Bonnie definitely has something here. The lineup in the Bump Band can really rock out, especially on NRBQ's 'Me And The Boys'"...From Ilyse at WRAL, "Bonnie's 'Green Light' was the highlight of our Mt For Women Only rock and roll weekend. Excellent response on 'Keep This Heart In Mind' and 'Me And The Boys'"...And from Larry Reisman, KEEV, "The single is a top 40 smash, no doubt about it. It's time for everybody to play Bonnie. The 'Green Light' means go".

CHAIN REACTION CONTINUED

ANGEL CITY, EPIC

From the metal of "Night Attack" to the texture of "Fashion And Fame", it's depth city with a nice touch o' class, and right in the radio pocket. #3 Most Added with 24...Comments: Long time fan and supporter, Gloria Johnson sez, "Glad to finally have the new album on the streets. What a masterpiece. The phones are already buzzing, asking about a concert"...Ed Levine, WAQX, "Already pulling calls on 'Long Night' and 'Fashion And Fame'"...Carla Raswyck, WBCN, "One lead singer that blows me away is Doc Neesen. His singing on the new album makes the hair on the back of my neck stand up"...Roberta Haber, WMJQ, "With each album, Angel City gets closer and closer to breaking wide open. You've got your basic blow your face rocker with 'Night Attack' and the more subtle 'Fashion And Fame'"...And from Dana at KOME, "I think this Angel City is consistent with past efforts, except that it offers more than a couple of good tracks"...As indicated by the comments, the cut spread is fairly open, with "Fashion And Fame", "Night Attack", "Long Night" and "Back On You" most active.

HUEY LEWIS AND THE NEWS, CHRYSALIS

Last week's highest #32 debut comes back with another banner week--32-25 Index Prime Move, and 31-24 Underline Metro...#4 Most Added this week with 19 including WDVE, KZAP, WQXM, KSHE, WAAF, KGON, WFYV, KAZY, WLUP, and WLPX, for a total of 108 in the past three weeks...Play increases: KLOL, WMMS, WIOT, WMET, KOME, WPDH, KWXL, WPLR, WQUR, KDKB, and KTIM...Now heaviest on KLBJ, KSRR, WABX, KBPI, WMJQ, WQHA, WFBQ...Average play 2.75 emphasis, 3.5 plays per day...Leading songs: "Working For A Living" 92-46, and "Do You Believe In Love" debuts at #88...Checklist: 34 building, 27 maintaining, 5 considering, and 1 dropping...Radio action: Buck McWilliams, WIOT: "Good news for Huey Lewis. We upped the rotation on 'Working For A Living' to medium after only one week"...Jim Kinney, WTUE: "Huey Lewis' 'Working For A Living' is an interesting combination of a few different kinds of musical moods. It will be interesting to see how people will react to it"...Bob Bittens, WQCN: "'Working For A Living' is definitely emerging as the cut from Huey Lewis. It's got an infectious beat, lyrics that strike a responsive chord, and the best harp solo since 'Wammer Jammer'".

THIN LIZZY, WAPNER BROTHERS

Thin Lizzy's third consecutive showing on the top 5 of the Most Added--#4 three weeks ago, #1 last week, and #5 this week, with another 17, for 79 FMQB reporters to date...As predicted in last week's Chain Reaction, it's our biggest Index gainer this week, with a 49-29 move (new at #36 Metro)...Increased play WMMS, WXRT, and WMAD...Tracks: "Angel Of Death" debuts #63 and "Hollywood" debuts #70...Comments: Rob Barnett, WAAF, "Switched to 'Hollywood' on Thin Lizzy. It seems to be the most representative Thin Lizzy on further listening"...Ron Nenni, WPYX, "Thin Lizzy's 'Hollywood' is the best song they've ever done. We're getting immediate phone response to it"...Mark Miller, WWCK: "Thin Lizzy jumps back on the scene with 'Angel Of Death' from their latest. This has got to be the most cinematic song I've heard in some time. It's very rare when you make the mistake of cueing up the wrong cut and it still sounds like a winner".

UFO, CHRYSALIS

12 new adds including WILS-FM, WAVA, KDWB, and WHCN, to bring us to 67 stations in three weeks...KOME is the only play increase, with WLPX, WLUP, KQRS, and KISS showing strongest early play... "The Writer" leads at #29 followed by "We Belong To The Night" and "Somethin' Else"...We continue to hear those "best since Schenker left" comments: Ron Nenni, WPYX: "Whoever said UFO has put out their best album since Schenker left, I agree with them. 'Writer' is getting phones, and we're seeing some sales as well"...Buck McWilliams, WIOT: "Good news for UFO's 'The Writer'. We upped the rotation to medium after one week"...Ilyse Gottlieb, WRXL: "Also impressed with UFO's new diversity. 'The Writer' is on this week and 'Back Into My Life' is waiting in the wings. This is by far their best album in several years".

NICK LOWE, COLUMBIA

It's certainly Nick's most varied effort to date, but "Stick It Where The Sun Don't Shine" jumps off the record and bites MDs where the sun don't shine--their ears that is...Nick grabs a prime move, 47-40, 46-42 Metro...Up on WMET, WQUR, KTIM, and WRAS...Heaviest on WMMS, KROQ, WBRU, WLIR, WQBK, and WHFS...On the Top 100, "Stick It" jumps 56-44.

SOFT CELL, SIRE/WARNER BROTHERS

Sure, it's a work record, but WB is convincing more doubters weekly. There are holdouts, but the evidence that "Tainted Love" is a multi-format smash (as we said week 1 on the Red Page) is mounting impressively. WCOZ came in this week and considering they've thoroughly researched it before adding it should significantly bolster your confidence if you're still holding out. Last week's Checklist showed a very strong building to maintaining ratio, and when we asked about it again this week we found 17 building, 8 maintaining, 1 dropping, and 17 not playing...Also, please note the near prime move 50-46 (both Index and Metro), and #20 Retail Index debut...Comments: Bob Bittens, WQCN: "'Tainted Love' is defying all non-believers as it continues to get a big reaction and sales around here. Those who feel the arrangement is too 'new wave' for their audience will only be left out in the cold when this record becomes a major hit"...Ron Nenni, WPYX: "Soft Cell is taking off 28-19 in local sales. 'Tainted Love' is now the most requested song on the radio right now"...Michele Sayre, KLOL: "Soft Cell is almost in my top 20 sales club play alone"...Ed Levine, WAQX: "It's getting solid club play in Buffalo, and airplay on WZIR-FM, and is a legitimate top 10 seller here"... On the top 100, "Tainted Love" goes 70-64.

ALDO NOVA, PORTRAIT

KROY, KROQ, and WRAS added, to take us to 133 total adds...Play increases WCCC, WHCN, WYNF, KWXL, WAQX, WQXM, KZAP, KSHE, WIYY, WRXL, KGON, WPLR, WRNO, WMYK, KSJO, and WKZL...Heavies include WSYR, WIOT, KISS, WMMS, WHJY, WXPY, WCOZ, WAAF, WCMF, KRQR, and KQRS...Average play 3.3 emphasis, 3.4 daily plays...An incredible checklist showing: 50 building (including KGB-FM, WMMS, WEBN, KSHE, KLOL, WYNF, KSMB, WKLS, KGON, WDVE, WAQX, WIOT, WCOZ, and WMET), 14 maintaining, 3 dropping, and 3 not playing...Up 16-13 Index, as well as a Metro prime move, 19-14... "Fantasy" advances 8-6...Radio action: Duke Meyer, WQMF: "Aldo Nova is doing excellent phones and inhouse research"...Tom Kelly, WZZO: "Aldo Nova's 'Fantasy' is stirring some rap on the streets"...Jeff Freund, KATT: "Aldo Nova is very strong. We get positive phones every time the song is on the air"...Dick Bascom, WQXM: "Aldo Nova is pulling some strong phones"...Gloria Johnson, KGON: "Aldo Nova has been a big request item for a few weeks. Sales are finally kicking in"...Alan Sneed, KSRR: "Aldo Nova is moving into the Top 20".

PAUL COLLINS' BEAT, COLUMBIA

More chart mauling--up 45-41 Index, 44-43 Metro...Increased play WMMS, WNEW-FM, KSRR, and WMET--majors, all. Average emphasis 2.5, 2.3 plays per day... "On The Highway" rolls up the Song Index 58-54. And this week, in the tradition of the Tommy Tutone Video, another innovative idea from Rap, Mac, & the Columbia Album Dept.----a special 15:IPS stereo edit of "On The Highway" trimmed down to 3:57--and (we will not be undersold!!) your very own brand spanking new Audio-pak professional cart on which to dub the edit (and believe me, if Paul or Jim could make it to your station to dub the cart, they would gladly do it).

RICK SPRINGFIELD, RCA

Does this man have a charmed professional life or what? The new 12" "Calling All Girls" hasn't even hit the most added lists yet, and "I've Done Everything For You" is resurging so forcefully that the LP reappeared on our Back Page at #42. Nice work if you can get it.

CHAIN REACTION CONTINUED

JOHNNY AND THE DISTRACTIONS, A&M

Up 29-27 Index, and 30-19 Metro--but looking quite good on the Checklist with 16 building, 36 maintaining, none dropping, and 10 not playing...Another quality add week: WILS-FM, WLIR, WLPX, WKZL, WQMF, KZAP, WYNF, and 3 more--for #8 Most Added overall...Increased air on WIMZ, WRXL, WAAF, WQBK, KZOK, and WOUR...Top songs: "Complicated Now" 43-31, "Shoulder Of The Road" 97-89.

LE ROUX, RCA

Up 19-17 Index, steady at 18 Metro...Increased play on KSMB, WPDH, WYNF, WEBN, WAQX, WRNO, WMMR, and KTIM...Heavies include WFBQ, KSHE, WCOZ, KISS, KSRR, KRQR, KWK, KPKE, KLOS, WHJY, and KQRS...New on WLUP, KZAP, and WLPX...On the Top 100, "Addicted" goes 16-12.

GLASS MOON, RADIO/ATLANTIC

Now out 4 weeks, and the profile picks up nicely--#6 Most Added this week with 15, including WYSP, KDKB, KLOS, KISS, WAAF, WHJY, and WBCN, indicating a solid increase in major market penetration. New on the Back Page at #50... "On A Carousel" leads at #100...Key calls to date: KLOS, KDKB, WYSP, WBCN, WCOZ, KSRR, WSHE, WMMS, and WNEW-FM.

SIGNIFICANT SONGS:

"JENNY/867-5309", TOMMY TUTONE, COLUMBIA

If you never came to the party, you should be convinced by now...Tommy moves to #28 on both charts and picks up more strong calls, including WHCN, KLOL, WGRQ, WLAV, and WBCN...Increased play on KSMB, WQBK, WMET, and WMAD with heaviest rotation on KILO, WHJY, KATT, WIOT, KISS, KRQR, WOUR, WYSP, WEBN, KDKB, and KQRS...Checklist action: 23 building (WMET, KBPI, KDKB, WBCN, KLOL, KMET, KSHE, WEBN, and KOME), 20 maintaining, 1 dropping, and 15 not playing... "Jenny/867-5309" is steady at #26 on the Song Index...Comments: Stew Schantz, WPDH: "Tommy Tutone's single is a song that's been strong for us since the beginning. It's a song that has one of the hookiest hooks to come around in a long time. If you overlooked this one the first time around, now's the time to hop on the bandwagon"...Bruce Goldsen, WRKI: "Reaction to the Tommy Tutone was so great that we kick it into heavy after it's second week here".

"TATTOO", NOVO COMBO, POLYDOR

We've seen an increasing amount of interest in "Tattoo" in the past month, and this week those re-adds and first-time believers put Novo Combo back on the Index at #49, and an even stronger #39 Metro (obviously a major market favorite)...New KSMB, WIMZ, WLPX, KISS, WGIR-FM, and KQRS... "Tattoo" debuts #75. Should be a top priority re-consideration item.

"CLEANING WINDOWS", VAN MORRISON, WARNER BROTHERS

It's always nice to hear from an old friend, and this is the best Van Morrison Lp I've heard in recent years...Our #4 Most Added overall with 17...Skyboy comments: "Van is an inspiration. Probably too good and too deep for formula radio, but in those hours of the night when you're deep in yourself, you need music to steady your spirit and 'Beautiful Vision' will be there"...Ron Phillips, WQDR, "'Cleaning Windows' is a personal fave this week. Great horns, precision guitar work from Mark Knopfler, and Van's own sultry style makes me shiver"...Ray White, WLIR, "Boy, Van just keeps chugging right along. His voice is an old friend, and this is one of his better records. 'Cleaning Windows' is as up and wonderful as a sunny spring day. Very inspired, to say the least".

"OFFICE LOVE", SUSAN LYNCH, JOHNSTON/EPIC

WZZO's Tom Kelly nails it, "'Office Love' is rock and roll's answer to 'Nine To Five'. It's got everybody going"...WXUS's Bob Majersky sez, "My favorite record has to be 'Office Love'--a song with the ability to seduce the audience"...And from Mark Miller, WWCK, "Susan spices things up with her debut. What a great combination of hot songs and impeccable production and super pipes coming from a beautiful lady with a personality to match. Too much to take all at once, but I suppose I'll manage"...New on WKWF, WPDH, WWCK, WHFS, and WXUS.

"HARDER THAN DIAMOND", CHUBBY CHECKER, MCA

You'll see a heavy Sebastian add week (WMJQ, WBLM, WFBQ, and WCOZ), and new air on WLQV, WYSP, and KSHE--which really qualifies as amazing for an artist like Chubby Checker--but he's come up with the right songs and feel, and it's nice to know that album rock formats can still accommodate a left-fielder like this... 'Burn Up The Night' is probably the most played track, but my money is still on "Harder Than Diamond"--those 'Driver Seat' riffs are a great hook...Jose Diaz, WBLM states, "It's actually a surprisingly strong rock and roll album. When you think about it perhaps those who might be turned off are too young to remember. Those who might not be won't be embarrassed by the sound and the music"...And from Roberta Haber, WMJQ, "Let me urge you once again to give serious consideration to the new album. If 'Diamond' is a little too understated, flip the thing over and check out 'Burn Up The Night'".

"ONE NIGHT STAND", JANIS JOPLIN, COLUMBIA

The retrospective has been out for 6 weeks now, and the forward momentum continues unabashed. "One Night Stand" is up 34-33, and we're looking at a 40-36 Index advance, and 42-40 Metro gain. Checklist moves: 15 building including KGB-FM, WAQX, KSHE, WMMS, and KOME, 17 maintaining, 2 dropping and 7 not playing...More quality adds: WOVE, WKLS, KLOL, WIYY, and WAPI-FM.

"I'LL DRINK TO YOU", DUKE JUPITER, COAST TO COAST/EPIC

As we said in the Pinch Hit last week, their track record may be spotty, but with "I'll Drink To You", they've come up with a multi-format winner. As WLQV's Tim Smith comments, "Reassuring to see Duke Jupiter get Red Page endorsement. They have come around from a classy white wine act to a real rock band. 'I'll Drink To You' has hooks and energy that feel right and demand repeated listening"...Bob Linder, WDHA, "'I'll Drink To You' clearly stands out for a partying North Jersey audience"...Charlie Logan, WFYV, "This is the strongest to date. 'I'll Drink To You' is, as they say, a stone-cold mo fo. A rock and roll anthem if there ever was one"...Dana Jang, KOME, "My past knowledge of Duke Jupiter was a non-descript band on Mercury. This album was a pleasant surprise. It contains a lot of good songs, and I think it indicates big potential for album radio"...And from Ron Sorenson, KBLE, "I too found most of their Mercury music quite forgettable, however, this one is a new beginning, and it is good"...New on KOME, WHFS, KBLE, WQBK, WQDR, WDHA, and KLBJ with a ton of projections for next week.

"DAWN PATROL", 4 OUT OF 5 DOCTORS, NEMPEROR

Key adds this week: KSHE, WYFE, WIYY, WIOT, and WPLR. We're now up to 21 FMQB reporters in 3 weeks... Buck McWilliams, WIOT, "How many opinions do I need to go on 'Dawn Patrol'? Four out of five listens convinced me"...And from Ilyse Gottlieb, WRXL, "Great calls on 'Dawn Patrol'. This is rapidly becoming the anthem of the third shift rock and rollers in Richmond".

"MODERN LOVERS", FAY-RAY, ELEKTRA

It's a top priority with the label, and already majors are expressing serious interest. We hear strong similarities to Blondie circa "Plastic Letters", as does Sky, "If you don't care for Blondie, then skip the following rave. If you do, Fay Ray's 'Modern Lovers' will recall Harry/Stein at their best"...And from Jack Snyder, KMET, "Got back from lunch and had a real pleasant surprise with the Fay Ray record. I like the whole first side a lot, especially 'Heatwave', 'Modern Lovers', and 'Love Is Strange'. It's one of the best new records I've heard in a while."

"SENSES WORKING OVERTIME", XTC, VIRGIN/EPIC

The intro may be a bit obscure, but once you get to the chorus, it'll grab you and that build won't let go. They defy the formula, but are definitely a talent worth recognizing.

"CRANK IT UP", DIXIE DREGS, ARISTA

Mike Bone cruised down with the new album on cassette, and you can expect "Crank It Up" on 12" this week. The addition of vocals is a quantum leap forward in terms of album rock acceptance, and Alex Ligertwood is clearly the man for the job. Great song.

Checklist: Sammy Hagar, Aldo Nova, Le Roux, Wabbit, Huey Lewis, Tommy Tutone, Thin Lizzy, UFO, Faul Collin's Beat, Rick Springfield (old), Soft Cell, Novo Combo, Glass Moon.

Jack Snyder, KMET: "Got back from lunch and had a real pleasant surprise from Fay Ray. I like the whole first side a lot on first listen, especially 'Heatwave', 'Modern Lovers', and 'Love Is Strange'. It's one of the best new records I've heard in a while."
Sky Daniels, WLUP: "Now, if you don't care for Blondie, then skip the following rave. If you do, Fay Ray's 'Modern Lovers' will recall Harry/Stein at their best."

LOU ANN BARTON

Produced by Jerry Wexler and Glenn Frey

HERE'S WHAT THE NY TIMES SAYS ABOUT LOU ANN:
February 17, 1982: "The freshest most emotionally compelling pop debut in the last year... More than a spectacular first effort from a bright new discovery... There simply isn't a weak performance on the album. Miss Barton gives each song everything she's got... It's heartening to see a veteran producer, a rock star, and a major record company take a chance on an unknown singer in these uncertain times. It's even more heartening when the unknown singer turns out to be an artist as mature and impressive as Lou Ann Barton."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Phones this week go to J. Geils Band, with calls still centering around 'Centerfold', but starting to spread to 'Rage' and 'Freeze Frame'...Go Go's still getting a lot of phones...Joan Jett has the top requested song...Loverboy starting to show increasing phones for 'When It's Over' and 'The Lucky One'... Some Sammy Hagar phones on 'Baby's On Fire', but primarily still on heavy metal--AC/DC's 'For Those About To Rock' and 'C.O.D.'...Journey starting to notice an increasing number of calls for the single...Kinks definitely resurging with increased calls for 'Destroyer'...Huey Lewis continues the sales and phone trend along with: Ozzy Osbourne's 'Flying High Again', Josie Cotton's 'Johnny Are You Queer', Van Halen's 'Pretty Woman', and Tommy Tutone's '867-5309/Jenny'...Aldo Nova continues to get male calls, 19-23, for 'Fantasy'...Bob & Doug McKenzie have resurged and starting to show sales and phones for 'Take Off'...Getting few phones for 'On The Highway' from Paul Collins Beat, and the new Gamma single...Also phones for the Police, especially after their great live show at the Cow Palace...Think this Angel City album is consistent with past efforts, except that it offers more than a couple of good tracks. We'll lead with 'Fashion And Fame'...My past knowledge of Duke Jupiter was a nondescript band on Mercury Records. This album is a pleasing surprise to me. It contains a lot of good songs, and I think indicates a big potential for rock radio. We'll go with 'I'll Drink To You'...UFO pulling continuing phones, and some light local sales...Still some pretty strong sales on Janis Joplin, ditto Soft Cell...Both Shooting Star albums are doing pretty well."

WMMS, CLEVELAND, OH M.D.-KID LEO: "Dwight Twilley, in the words of our Editor, was the great white hope. I tell you right now, he is not a Duane Bobbick, and he is not a Gerry Cooney--in other words, we cannot put him on hold. In other words, this man is for real, or else a lot of us out there in radio-land are gonna look like the great white dope...While we're on the subject, Bonnie Raitt has been a knockout favorite of a lot of heavyweights in the past, present, and I assume the future. All I can say is she has one punch in her and I think she should run with it--the song 'Keep This Heart In Mind'...Angel City. You know what, they're from that land of 'Down Under' that gives us straight-up rock and roll. AC/DC hits you with a sledge hammer, Angel City comes at you with a ball peen hammer in other words, a subtler approach to heavy metal. There is substance here, and it works as hard as it hits...Human League has a great song. No ifs, ands, or buts. The album, eh??? But all it takes is one great song, doesn't it...Soft Cell building with requests and some sales."

KBPI, DENVER, CO M.D.-JOE FOLGER: "Tim Goodman sounds as good the second time around as he did the first... Thought of the Week: How many hoseheads does it take to screw in a lightbulb?"

WMET, CHICAGO, IL M.D.-DAVE BENSON: "Adds: Triumph and Moonlight Drive...We added a third track ('Say Goodbye') from the very successful 'Armed Forces' Lp by Triumph. Chicago is Triumph territory...Moonlight Drive is one of the top-drawer tribute bands in the country. WMET is doing a series of concern co-productions in the near future with Moonlight Drive. We'll help spread the word with the cut 'Gloria' from the Ep...Sales story: Go Go's continue #1; Bob & Doug, J. Geils, Quarterflash, and the Police all snug in the top 5. Sales are reportedly very low all over the Chicago area...It's sad to announce that my turntable at home goes into mourning over the loss of TheLionious Monk."

KSRK, HOUSTON, TX P.D.-ALAN SNEED: "The concert situation here is jammed up. We have Ozzy Osbourne tonight, and the Cars, Sammy Hagar, Rick Springfield, and Jimmy Buffett all within the next few weeks...We went with one cut from the new Dwight Twilley this week, 'I'm Back Again'...Re-Added John Hall Band to currents... We raised the rotation of Peter Cetera, Paul Collins, and Keith Sykes...Great retail action on Joan Jett, Quarterflash, and the Police...Good action on Sammy Hagar, Prism, and Aldo Nova. Moving into the top 20... AC/DC seems to be falling off retail wise...Prism also has cracked the top 20...Some phone action on Le Roux's 'Addicted', and a slight amount of initial retail action...Starting to get good retail moves in some stores on Wabbit, Bryan Adams, and Thin Lizzy...The Survivor cut 'Summernights' is a really nice track, but is it relevant in February? It would stand a much better chance later in the Spring...Considering: Duke Jupiter, Janis Joplin, Angel City, and Gamma."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Great to see Bonnie Raitt do a couple of NRBO tunes on the new album...Understand Dave Edmunds is also going to cover NRBO on his up-coming album. Can mega-star status be far behind for that lovable bunch of New England clowns?...Also added Chubby Checker, partially for sentimental value...We're more impressed with Survivor's 'Chevy Nights' than we are with 'Summernights'...Probably my favorite record of the past week has been The Call. Not exactly your standard radio sound, but these guys definitely stand out from the crowd. There is an urgency in their music, and they seem to have something to say other than 'let's get loaded and laid'. Kind of remind me of The Talking Heads, (The vocalist reminds me of a guy named Billy Batson who used to sing with Holy Moses. They had a great song called 'Sad Cafe') but, I digress...Like Angel City an awful lot. We switched to 'Back On You'... Still waiting to see Johnny And The Distractions. I understand they really rip up a club."

KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES: "Music adds this week: Glass Moon and Jay Ferguson 12", with special thanks to Bill Hard and Capitol for the advance cassette. It sounds like a winner. I like: 'I Come Alive', the remake of the Beatles' 'I'm Down', 'She's Mine Tonight', and 'Inside Out'...We also added the Gamma 12"...I like the Glass Moon Lp. Their version of the Hollies 'Carousel' is a rarity, a cover version that lives up to the original, and then surpasses it...Joan Jett moves up in rotation this week, and ties with Donnie Iris for #1 phones...Starting to see some retail on the Huey Lewis album. What a great record...So is Dwight Twilley's new one. We got it late this week, but we're looking forward to getting it on-the-air real soon...A very special thanks to Pete Schwartz (no relation to Eddie) and Jeff Holmes at Arista, for letting me hear an advance cassette of the new Graham Parker Lp. It was a needed fix from one of my rock and roll heros. If you thought 'Squeezing Out Sparks' was a good record, hang on, this new one will blow you out of the saddle...That's it for this kid. Bye for now."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: Jim Robinson has been named the new Program Director for KZOK. Jim comes up from our sister station, KJSJ in San Jose, where he was Music Director. We're all looking forward to working with him.

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Certainly Sammy Hagar's 'Standing Hamptons' is the strongest record out there right now. Already three cuts deep...Tommy Tutone is working real well for us and, like they say, 'better late than never'...Here's a surprise, and a obvious add for WEBN since Tim Goodman was born here in Cincinnati, 'Footsteps In The Night'. It's getting immediate phones. Surprised? I am, but that's reality...Going deeper on the Genesis album, another surprise...Switched tracks on Huey Lewis to 'Change Of Heart'. Be careful of 'Working For A Living'; it seems to be a high burn out factor...I wanna thank everyone who was responsible for the live version of 'Edge Of 17'. A real phone getter... Many thanks to Ozzy Osbourne and crew for stopping at WEBN and bringing his little bit of madness to our radio station...If you're looking for another Joan Jett cut, may I suggest 'You're Too Possessive'."

RADIO ACTION CONTINUED

WGRQ, BUFFALO, NY M.D.-PAUL HEINE: "J. Geils Band continues their dominance in Buffalo--#1 airplay and retail, #2 requests...The McKenzie Brothers jump to #2 in retail. Even the adult contemporary stations are starting to play it. Is a Bob & Doug guest appearance on Lawrence Welk far away?...Rounding out Top 5 retail are: Van Halen 45, Foreigner, and Joan Jett...Quarterflash selling through...Top phones on Joan Jett. Thanks to Boardwalk and Joan Jett for the Valentine promotion. Listeners won Joan Jett concert tickets and albums and a shot at dinner/limo/backstage, etc., by calling the station and making a live radio Valentine. Joan will do the grand prize drawing tomorrow, before the show."

KRQR, SAN FRANCISCO, CA M.D.-JON RUSSELL: "Last Friday, the 12th, was my first time out to see The Police and it truly was an arresting performance...But seriously, looking forward to seeing Bryan Adams when he plays the West Coast next month. His record is still a fave of mine since last August. I understand he's got a good show to back it up...Thanks to Norm Osbourne and Elektra, enjoyed the Gamma 3 listening party the other night. I think Ronnie Montrose and Gamma fans, plus many more, will be pleasantly surprised with Gamma 3...New music on KRQR this week includes: Stevie Nicks 12", Paul Collins' Beat, and Thin Lizzy."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the Week: None. Three that are noteworthy, one of which really is a surprise--the Duke Jupiter 'I'll Drink To You'. Talk about a 15th round comeback! These guys just wrote their ticket to fat city...Next on the attention agenda is Fay Ray. Now, if you don't care for Blondie, then skip the following rave. If you do, then 'Modern Lovers' will recall Harry/Stein at their best...Now we get to a man who defies rock's limitations. Van Morrison is an inspiration. Probably too good and too deep for formula radio but, in those hours of the night when you're deep in yourself and you need music to steady your spirit, the 'Beautiful Vision' will be there...Johnny And The Distractions is starting to really work its way into the hook center. While in NYC this weekend, I heard WNEW-FM play 'Complicated Now', and it riveted me to the seat. Kudos to Father Tom Morrara for an exceptionally fine show...Joan Jett averages 100 requests per four-hour-shift that I do. I guess that qualifies for good phone response...Remember Dwight Twilley? Any of us who fought our way up the radio ranks knows that Dwight has been there counting us all along."

KGON, PORTLAND, OR ASST.P.D.-GLORIA JOHNSON: "Sales: #1-Loverboy, #2-Foreigner, #3-Quarterflash, #4-J. Geils, #5-Sammy Hagar, and #6-Joan Jett...Requests: #1-Joan Jett, #2-Bob & Doug McKenzie (this one refuses to die), #3-Aldo Nova, #4-J. Geils, #5-Donnie Iris...Aldo Nova has been a big request item for a few weeks. Sales are finally kicking in. Aldo's video on 'Fantasy' is superb...Glad to finally have the Angel City album on the streets. What a masterpiece. My favorites are 'Fashion And Fame', 'Back On You', and 'Long Nights'. The phones are buzzing already asking about a concert with Angel City...If you can get a copy, check out Men At Work's 'Who Can It Be Now'--another band of Australians just destined to break in the U.S."

KSHE, ST. LOUIS, MO P.D.-RICK BALIS: "St. Louis's Kiel Auditorium was filled with rock and roll sounds spanning 3 decades on Sunday, February 14th. It was KSHE's 5th Annual Valentine's Day Massacre. Over 7,000 fans were on hand to enjoy the music of a couple of rock traditions: John Kay and Steppenwolf, Spirit, and Fools Face, a Springfield, Mo. based group, opened the show...Although geographically located in the heart of the Midwest, St. Louis has suddenly become a part of the Great White North. Bob and Doug's influence is everywhere. St. Louisans have locked their doors and are keeping their children off the streets. Yet every conversation from schoolyards to the Mayor's office concludes with: Good day, eh? Husbands refer to their wives as hoseheads and vice versa. Take-off no longer is just associated with jet airliners. You can't run, you can't hide. The McKenzie's are here...As would probably be expected, the latest by the Cars, the Police, Sammy Hagar, and J. Geils continue to hold firm to their top rankings...But, somewhat unexpectedly, some relative unknowns are raising plenty of eyebrows. Aldo Nova and Eddie Schwartz are leading in this category...The 'Last Safe Place' Lp by Le Roux is showing plenty of potential...UFO is out of the starting gate fast and furious...It's quite a surprise that it took so long to release 'One Night Stand' by Janis. It's gaining momentum...St. Louis is proving that they too love rock and roll--Joan Jett style. Her album is soaring like a 747...In the second-wind department, Tommy Tutone's '867-5309' is doing super...And, Bryan Adams continues to give the listeners what they want... From 1982's Midwest Snow Headquarters, good day, eh."

KLOL, HOUSTON, TX P.D.-MICHELE ROBINSON SAYRE: "For those who cared enough to ask, Rob Sydes is now working. He's promoting video instead of records, but still working in Houston. He loves his job and asked me to pass along a 'thank you' to all who asked about him...New and Hot: Dwight Twilley 'Somebody To Love', Human League 'Don't You Want Me', and Bonnie Raitt...Soft Cell is almost in my top 20 sales on club play alone...Human League is right behind it...#1 sales this week: Joan Jett...One of our local restaurants took the 'meat' order for Ozzy Osbourne's show tonight. I really do think the man's gone too far... Finally, love that Huey Lewis album."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Hats off to the Capitol gang for one of my favorite releases of the year. Jay Ferguson sounds great! That audiophile cassette that they sent out was a tasty little surprise. Even tastier, once I started listening to it. The Beatles' cover is absolutely amazing with some of the hottest guitar riffs I've ever heard. It must be Smokin' Joe...Prism is developing very strongly on phones, sales, and airplay...Aldo Nova is also pulling some strong phones. Sales will follow soon, I think...I'm somewhat surprised, though not disappointed, in the retail activity on Soft Cell. As mentioned in the ad last week in FMOB Album Report, where it's getting played it's coming through with sales and calls. I say, YEA!...Sammy Hagar had another good week in sales, moving up to #5 on the chart, followed by Loverboy, Joan Jett, Bob & Doug, and #1 for Jimmy Buffett...Came real close to Dwight Twilley this week. I think we'll have room next week...I'm on my knees beggin' my P.D. to put in Gamma. I think we'll also be able to do that next week...Considering (still): 4 Out Of 5 Doctors and Angel City."

KMET, LOS ANGELES, CA M.D.-JACK SNYDER: "Got back from lunch and had a real pleasant surprise with the Fay Ray record. I like the whole first side a lot on first listen, especially: 'Heatwave', 'Modern Lovers', and 'Love Is Strange'. It's one of the best new records I've heard in a while."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "This Janis Joplin album has a lot of tasty stuff on it. I never knew that Rundgren was behind some of the Paul Butterfield Blues Band stuff with her, and I was excited to see a song recorded at the Grande Ballroom at the old home town. I also was very pleased with their release of some of the old stuff in the sampler. We went with that this week, along with things that I hope the audience can grasp with so much new music on-the-air, including: Wrabit, the Huey Lewis single (which we have high hopes for), and I'm finally giving in to Bryan Adams...Success stories here: Aldo Nova continues. They played in town last week, although they probably should not play in front of somebody like Hall and Oates, and they played well...Expect big things for UFO. So far the cult has delivered the audience; everybody else, hopefully, will follow shortly...Nice phones on the Gamma 12". The whole staff gave this one a thumbs up on-the-air...New stuff: On the Bonnie Raitt."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "Our topic this week is college radio. I think it would be wise for the record companies to start thinking more seriously about how their relationship with college radio affects play on new music. Even if a record never breaks nationwide in other than college markets, companies could still sell a lot of records in college towns. A good example of that would be Joan Armatrading or Jean Luc Ponty...Our only add this week was Bonnie Raitt. Song selection makes this record and, of course, no one can match Bonnie's style."

BONNIE RAITT

"Green Light"

is a go for album rock!

#2 Most Added

With raves in spades:

WQDR, Ron Phillips: "The Bonnie Raitt is super strong. No wimp here. It's all rock & roll. I think the single has hit potential and 'Me And The Boys' is a good radio cut too."

WLIR, Ray White: "Bonnie Raitt is alright in my book. Any artist that does two NRBQ covers on one record is a very class act. This just might be the one for Bonnie. She's got an electric guitar in her hands this time around and enough different types of tunes to please all formats."

WRNW, Pat Principate: "Bonnie Raitt's new Lp is solid. The Dylan tune is very foxy and we're also playing 'Can't Get Enough' and 'Baby Come Back!'"

WPDH, Stew Schantz: "Bonnie Raitt's covers of the NRBQ tunes are superb and her new band gives her a clean, fresh sound."

WXUS, Bob Majersky: "Great vocals and guidance is the key spice on 'Keep This Heart In Mind' by Bonnie Raitt. It is time for programmers to bury any doubts of Bonnie Raitt having only a selective cult following. This record is extremely MASS appeal."

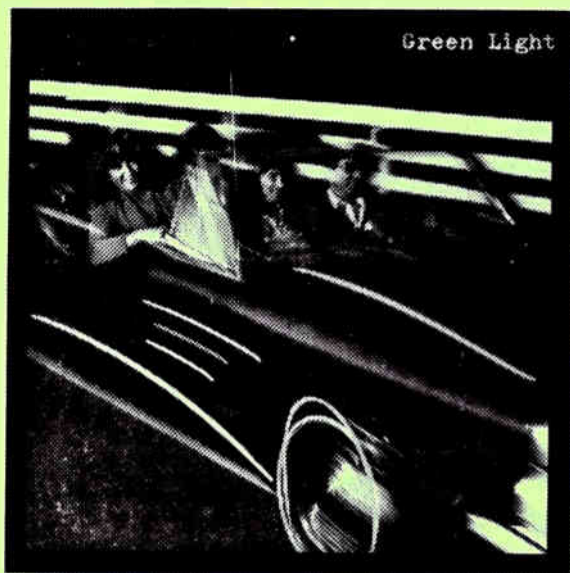

WCMF, Dave Kane: "Bonnie Raitt has definitely got something here. The lineup in the Bump Band can really rock out especially on NRBQ's 'Me And The Boys'."

WRXL, Ilyse Gottlieb: "Bonnie Raitt's 'Green Light' was the highlight of our 'Not For Women Only' rock and roll weekend. Excellent response on 'Keep This Heart In Mind' and 'Me And The Boys'. Both are added this week."

WBCN, BOSTON, MA M.D.-MARC MILLER: "Well, hoser fever is officially running rampant in Boston. The McKenzie's Lp is top 20 in sales and airplay. Yes, Bob and Doug, in the flesh (as fleshy as they get), stopped by BCN for an hour interview with Marc Parenteau. While they were on-the-air more people showed up at the station than showed up when Elvis Costello, Kiss, or Van Halen were here. This in itself would be pretty amazing, but SCTV is not aired in Boston. On a good night you can pick up the show from Providence, but not always. So the boys decided to call the local NBC-TV affiliate and ask the TV brass why the show wasn't on in Boston. The reason given was that they had signed a very long term deal with 'Hawaii 5-0', which will probably be running longer than most of us will live, and they have no intention of changing it...Speaking of SCTV, we've seen Edith Prickley and Jerry Todd in 'Record Action', how about Pirini Scleroso writing a column. She's the most articulate of the bunch...Anyhow, thanks to all of Polygram who made Bob and Doug's visit possible. By the way Polygram guys, how about reissuing the Runaway albums that were on Mercury, what with the successes of Joan Jett, The Go Go's, and everything...And now, because you asked for it, here's Carla's Corner: 'Can't say enough about that Dwight Twilley album. Rock and roll music can hit you in the head, heart, or groin, but when an album comes out like 'Scuba Divers' and all these elements are happening at once, it's true magic. Don't miss this album...There are two theatrical lead singers that blow me away: One is Bob Geldoff of the Boomtown Rats, and the other is Doc Neesen of Angel City. Neesen's singing on the new Angel City Lp makes the hair on the back of my head stand up. Unfortunately, Angel City is always being compared to AC/DC.'"

WMCK, FLINT, MI M.D.-MARK MILLER: "It really amazes me how people can have such narrow attitudes! I know that this is an old bitch, but I'll say it again. Why does everyone seem to think the best cut is always side one, cut one? Admittedly, a strong track is placed in that spot, but it's not always the best cut. I could repeat all the old examples, but to save space I'll cite just the current ones. Aldo Nova: the 'Fantasy' cut is a superb cut and it will generate a pretty decent phone reaction. But I honestly believe that when all is said and done, the cut that will really do it is 'See The Light'. I guess the problem is the fact that the cut is buried in the 5th song on side 2. I suppose a lot of you folks haven't even heard it. Do yourself, and your listeners, a real favor and give it the ear...Aldo Nova could very well become this year's platinum breakthrough artist, and 'See The Light' could help that cause along quite a bit. The songs are there, but sometimes you've got to dig for them instead of taking the easy way out...Joan Jett edges out J. Geils this week for the top spot in sales and requests. Also I understand that the 12" will be coming on 'Do You Want To Touch Me There' from Joan's first album. This old Gary Glitter tune has more hit potential than anything else Joan's ever done. I think it will be worth getting back into...Also good reaction coming on J. Geils' 'Do You Remember When'. If you're looking for more depth on the record, this one can deliver...Great to see RCA pick up on the Lamont Cranston Band. This band is a smoker. It will have your toes tapping and your butt shaking almost instantly. With major label support, there's no reason not to get on it... Finally this week's adds: Dwight Twilley's 'Somebody To Love'. I really feel that Dwight's gonna come home on this record. It's taken a few more years than expected, but the maturity was well worth the wait...Susan Lynch spices things up with her debut. What a great combination of hot songs and impeccable production, super pipes, all coming from a beautiful lady with a personality match. Too much to take all at once, but I suppose I'll manage...Thin Lizzy jumps back on the scene with 'Angel Of Death' from their latest. This has got to be the most cinematic song I've heard in some time. The images that 'Chill The Night' send little tiny chills up your spine!...And last but not least, the all around excellence award must go to Huey Lewis. Very rare when you make the mistake of cueing up the wrong cut and it still sounds like a winner. Every tune is good, but personally I lean toward 'Working For A Living' and 'Tell Me A Little Lie'. This could be a real serious record."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "Greetings from the Ocean State! If you go back to the Genesis album, there's a very subtle, yet powerful song 'Man On The Corner'. It's kind of sneaky. It's a sleeper, styled after 'In The Air Tonight'. Check it out...We also added Glass Moon's 'Simon' out of a pile of possibilities...With so many air-worthy records out right now, and so little programming space for them, Tommy Tutone and the Go Go's are an indication good records survive delay...Personal to Nancy Leeds: You can keep him!"

WPYX, ALBANY, NY M.D.-RON NENNI: "With the #1 album and the #1 request, it was no surprise to see Joan Jett and the Blackhearts blow Albany away in concert. Everybody had a heart time... 'Fantasy' by Aldo Nova is rapidly becoming an enormous request item. The listeners call for-- 'Aldo, Aldo'. We're seeing some good initial sales as well...Phones are also h-o-t for Janis Joplin. It's selling well too, Top 20 (the low price helps, hint, hint!)...Soft Cell is taking off, 28-19 in local sales. 'Tainted Love' is the most infectious song on the radio right now...Picks to click include Gamma, 'Right The First Time'. It's the perfect album track, with mucho hit potential. These guys deserve to do it this time...We're expecting early response to Jay Ferguson. 'White Noise' is one of those tracks that grabs the listeners with beat and lyrics. Other striking tracks on the album include 'I'm Down' and 'Inside Out'...Dwight Twilley is pure pop for n-o-w people. 'Somebody To Love' is undeniable...Johnny And The Distractions is up to strong moderate. 'Complicated Now' is the one for us, although 'My Desire' and 'Shoulder' could be on in the future...Thin Lizzy's 'Hollywood'. It's the best song they've ever done! We're getting immediate phone response to it... Quarterflash and the Go Go's up in power rotation as well as Sammy Hagar and Prism. They're showing great sales potential...Tommy Tutone is back in moderate, with phone support...Whoever said UFO has put out their best album since Schenker left was right. 'Writer' is getting phones and we're seeing some sales as well...Since the Convention, we're backed up a bit. Bonnie Raitt will go in the future. 'Will You Won't You' and 'Me And The Boys' ought to do it for Bonnie...In local sales: Go Go's up to #4, Quarterflash 17-10, and projections include Dwight Twilley and Bonnie Raitt... On Angel City, 'Face The Fashion' is the cut for us. Good intelligent heavy metal...In Personals: Happy belated birthday to Bruce Moser. Could be 18, huh?"

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Let me urge you once again to give serious consideration to the new Chubby Checker Lp. If 'Harder Than Diamond' is a little too understated, flip the thing over and check out 'Burn Up The Night'. This one is so hot, it just might melt the dilithium crystals in the old transmitter. Rock on, Chubby...With each album Angel City gets closer and closer to breaking wide open. This new one has plenty of variety. You've got your basic, 'blow your face off' rocker in 'Night Attack' and the more subtle 'Fashion And Fame'. Angel City lands somewhere to the right of countrymen AC/DC, but still well to the left of Olivia Newton-John... Rochester's own Duke Jupiter has released their first Lp and we are mighty proud of it. Try 'I'll Drink To You' and 'Rock & Roll Band'...Sorry, I can't be all that enthusiastic about the new Dwight Twilley Lp. I do like the first two cuts on side one but, nothing else knocks me out! Every party needs a pooper!...Speaking of parties, here's the WMJQ social note for this week: What two independent promotion men were in town for a show by a certain female guitarist who loves rock and roll? Good to see tall Joel Webber and fiesty Steve Leeds at the Joan Jett show. Thanks for dinner, guys...Also, good to see the new kid in town, Arista's Joe Raccuia, there to see headliners Bobby & The Midnites...And, thanks to all the record-types who showed up at our wine and cheese soiree to introduce our new Promotion Director, Carey Barnaby-Merz."

A Rock Department calling.

Ilyse Gottlieb, WRXL: "The Call has been on the air for just a few days and is being devoured like a week's supply of free Pac-Man games. This album should set records for its early acceptance and put The Call on the same level as Rush or Van Halen."

Jack Snyder, KMET: "Heard The Call album on Polygram (featuring Garth Hudson) and liked it on first listen."

**Many are called but
The Call will be chosen!**

RADIO ACTION CONTINUED

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Significant new action on both John Hall and Tommy Tutone has prompted us to re-add both records...Angel City went in this week, too. Like 'Fashion And Fame' from that one...If the formula worked for Red Rider and Billy Squier, it should also work for Jay Ferguson. 'White Noise' debuts on WHCN this week...Working For A Living' is definitely emerging as the cut from Huey Lewis. It's got an infectious beat, lyrics that strike a responsive chord, and the best harp solo since 'Wammer Jammer'...Soft Cell's 'Tainted Love' is defying all non-believers as it continues to be a big reaction and sales record around here. Those who feel that the arrangement is 'too New Wave' for their audience, will only be left out in the cold when this record becomes a major hit...I just found out that one of my favorite promo men, Terry Cohen, is unemployed. I don't know exactly what the circumstances were surrounding his being axed, and I don't really care. I do know that when Terry was in Hartford, he did a great job, and people who are that good at what they do shouldn't be out of work...To Mike Bone: I don't have any dolls. But I have been letting my dog chew on something with your name on it. I'll take it away from him. Let me know if your back improves."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "We added Huey Lewis and the News this week. 'Working For A Living' is an interesting combination of a few different kinds of musical moods. It will definitely be interesting to see how people will react to it. The single is a definite smash, but I don't see us playing it...A few tracks I'd like to bring up: The main one is 'Tonight' from Ozzy which we've been playing since the album came out and getting excellent response to since day one. It's still Ozzy, so the Ozzy freaks like it, and it is definitely crossover material...Also, I don't understand why more people are not playing 'Flame Thrower' from the J. Geils Band. It's been a major phone item for us ever since we started playing it, and I also feel that it has something to do with the album lasting as long as it has at the top...I hope Warner Brothers doesn't give up on the Peter Cetera album after 'Limelight' is over because there are other tracks on that album that are worthwhile. It may not be the greatest album in the world, but I've just gotten the general feeling that everyone has taken it for granted that this is a one track album, which it is not...Also on the Cars album, there's a track called 'Maybe Baby' that I think is better than some others that have been getting attention...On the McGuffey Lane album, the track 'Fairweather Friend' is being added by quite a few stations outside of this immediate area. Check that one out...As far as a fourth track goes on Joan Jett, my vote goes for 'You're Too Possessive'. She is still at the top of the heap in sales, with J. Geils at #2. Both of them are pretty far out in front...#3 this week is Foreigner. That album has about a million legs. I think 'Break It Up' should be under major consideration for a single...Bob and Doug is at #4 with Ozzy, Go Go's, Journey, McGuffey Lane, Quarterflash, and Dan Fogelberg rounding out the top 10...The big move in sales this week is from Janis Joplin, all the way up to #12."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Gotta chance to see Aldo Nova this past weekend in Syracuse. The tunes from his album come across very well live, plus he also played two new songs which were quite good...Joan Armatrading was in town last night, and proved why she is such a class act. It's a shame she doesn't get more airplay on album rock stations...In an effort to give everything a little more breathing room, there are only 2 adds this week: Angel City, which goes into medium, and Nick Lowe, which will start out stuck in rotation where the sun don't shine...Here's the sales poop: In the last 3 weeks, Joan Jett has averaged 270 albums a week with the Go Go's right behind, selling about 240 per week...Also in top 10 retail, J. Geils, Quarterflash, Loverboy, Joan Armatrading, Waitresses and Triumph. UFO and Aldo Nova jumped right in at #9 and #10...Okay, let's talk new tunes. Bonnie Raitt has definitely got something here. The lineup in the Bump Band can really rock out, especially on NRBQ's 'Me And The Boys'. Her version of 'Baby Come Back' is also very nicely done. Hopefully we can find some room for her soon...Also considering: Human League and Dwight Twilley."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Despite the fact that their limo broke down in Queens, Bob and Doug McKenzie made it out to the Island and a special broadcast in front of 500 invited LIR listeners. Well-oiled on Molsons and thrilled to be there, the crowd absolutely flipped when the brothers hit the stage. Even Jerry Todd was there. It was Bob and Doug's first live broadcast in front of an audience, and it was great. Rich and Dave are real pros and it's too bad more bands aren't as cooperative as they are. Thanks to De Bella (for mounting the letter writing campaign that got them here), the Polydor crew, and the McKenzie's management...Two nights later, The Waitresses also did a live radio concert in front of a sold out house, and last night Broken Arrow, a very hot unsigned local band. All in all a very encouraging sign for new music...Bonnie Raitt is all right in my book. Any artist that does two NRBQ songs on one record is a very class act. This just might be the one for Bonnie. She's got an electric guitar in her hands this time around, and enough different types of tunes to please all formats...I wish Dwight Twilley's 'Diver' the same success as Steve Winwood. 'Somebody To Love' sounds even better the second time around...Thanks to Ray Manzarek and the Doors for the phone calls. Last week he celebrated his birthday, and we put him on the air...Boy, Van Morrison just keeps chugging right along. His voice is an old friend, and 'Beautiful Vision' is one of his better records. 'Cleaning Windows' is as up and wonderful as a sunny Spring day. Very inspired to say the least...De Bella's Screamer this week: Eye To Eye's 'Nice Girls'. It's one of the finest tunes I've heard in a long time, and I can't imagine anyone not playing it."

WSYR, SYRACUSE, NY M.D.-TOMMY NAST: "Well, last week we had some great shows come through the area! First off, Joan Jett played to a sold-out Club 37 crowd. She was incredible! Thanks to Steve Leeds and Joel Webber for the party after. You guys must admit I do put together a great after-hours bash! It was like a mini-convention at the show. Terry Van Dyne, Walter Winnick, & Kevin Sutter were all in for the show and they all seemed to enjoy the festivities. I know why Joel Webber has such a shit eatin' grin on his face--ask him why? Does Steve Leeds have an ulcer?...Speaking of great shows, Aldo Nova opened for Hall & Oates here the other night and he smoked! 'Fantasy' live was unbelievable. Aldo is a future superstar and I wanna thank him for letting me introduce him on stage that night...Joan Jett is now #1 in sales this week. It just edged out J. Geils...Duke Jupiter is already in heavy. 'I'll Drink To You' pulls instant phones whenever it is played. The record stores are already getting great requests for it. Hope the stock comes in real soon. This record is going all the way...Added this week: Dwight Twilley and Angel City. The Twilley is real good pop, rock and roll, and the Angel City is smokin', heavy rock. Both records will do great here! We've already got an audience built in for Angel City, due to past appearance and live broadcasts with us. Moonlight Drive's 'Gloria' continues to pull hot phones here. They did a great show for us a couple of weeks back and if you get a chance to do something with him do it...To George Meier: Great spelling last week! Hope you get it right this week. It's Terry, not Jerry and Howie, not Harry!...To Denise Oliver from Howie Castle: Thanks for the Centipede info. I'm now addicted!"

KZAP, SACRAMENTO, CA M.D.-BOB KELLER: "Well, after taking a week's vacation away from records, I found that I've come back to my office to find lots of new and exciting releases. On first listen, Angel City grabs me, but I can't tell you any particular cut. Just the overall feel of the album. I've always liked these guys...UFO--another good album, and I'm looking for an album to sort of round out our playlist. We seem to have an awful lot of male vocalists out front right now. This album would complement our playlist a lot. It could be the UFO album...We would like to thank Jon Russell at KRQR, in San Francisco, for the tour. He's working with a good organization and I wish him lots of luck. And for all the record people who missed me last week while I was on vacation, I'm here now! Give me a call and we'll talk about some music."

WRXL, RICHMOND, VA M.D.-ILYSE GOTTLIEB: "Bonnie Raitt's 'Green Light' was the highlight of our 'Not For Women Only' rock and roll weekend. Excellent response on 'Keep This Heart In Mind' and 'Me And The Boys'--both are added this week...The Call has been on the air for just a few days, and is being devoured like a week's supply of free PAC-man games. This album should set records for its early acceptance, and put The Call on the same level with Rush or Van Halen...The Gamma 12" should do for them what 'Magic Power' did for Triumph. 'Right The First Time' is a smash...Also impressed with UFO's new diversity. 'The Writer' is on this week and 'Back Into My Life' is waiting in the wings. This is by far their best album in several years...Great calls on 'Dawn Patrol' by 4 Out Of 5 Doctors. This is rapidly becoming the anthem of the third shift rock and rollers in Richmond...Builders this week: Johnny And The Distractions, Huey Lewis, Sammy Hagar, Prism, and Bryan Adams...Also Nova's 'Fantasy' is becoming a sales and request reality...The Robbin Thompson cut we're using off a demo tape proved itself this past Sunday night in club date. 'Train Ride' was the hottest song of the evening, and was recognized immediately, along with 'Brite Eyes' and 'Candy Apple Red' from the 'Two B's Please' album. With the recent addition of Audie Stanley on bass, the band is the hottest I've ever seen them. It's a shame that the only other rock station in Richmond refuses to play Robbins' material--just because we're playing it. Funny, I'm using Sammy Hagar, Huey Lewis, and Loverboy...Records in trouble: McGuffey Lane, Survivor, and Eddie Schwartz...Personal to Derek Shulman: Welcome aboard, and thanks for calling."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record of the Week: It has to be Duke Jupiter. Here's a band that has toiled in upstate New York on the fringe of national success for too long. The only thing that ever held them back was a lack of direction. But from 'Sweet Cheeks' through 'Taste The Night' and 'Band In Blue', and now with the new one, this is a band that's always had it musically. Obviously, this is their strongest effort to date. 'I'll Drink To You' is, as they say, a stone-cold mo fo. A rock and roll anthem, if there ever was one. Or try 'Rockin' In A Motel Room' on for size. If you can't relate to these lyrics, you probably aren't what you'd call a fun-type person. Is a multi-format ballad more up your alley? The Duke's provide that too with 'Don't You Look At Me Like That', an absolutely killer tune quite reminiscent of Journey's 'Don't Stop Believing'. These guys have what it takes--a great live act, and now a super album. Let's break these guys out of the Northeast. They deserve it...Adds: Dwight Twilley. To use an old line, this is rock and roll with the sweat left in. Fresh, clean pop with that sincere vocal style which to me has almost always been a straight mark. Why isn't this guy a star? The Greg Kihn/Nils Lofgren syndrome maybe? With those heartthrob looks, he belongs on the cover of all the national rags. We'll start with 'Somebody To Love'...Huey Lewis: More of that fresh melodic rock and roll that has a happy feel to it. Can you listen to Huey and not smile? We'll start with the single, but I still think 'Change Of Heart', being more of a rocker, would fit better in the context of what we're doing, especially with all the pop rock out at the moment...The Buggles: Our left-field add of the week: Rad is real excited about this one. 'Vermillion Sands' is the cut. If you played 'The Friends Of Mr. Cairo', check this one out...Stevie Nicks---thank God she was smarter than others, and put out a live version that wasn't an exact replica of the studio...Saleswise: Police #1, Ozzy #2, Prism #20, U2 #16, and coming to town with J. Geils...Aldo Nova is putting great phones."

WLWQ, COLUMBUS, OH M.D.-TIM SMITH: "Reassuring to see Duke Jupiter get Red Page endorsement. They have come around from a classy white wine act to a rock band. 'I'll Drink To You' has hooks and energy that feel right, and demand repeated listenings. The real sleeper on the album will be 'You Gotta Love The Wrong Ones'. Ever have success with Bob Seger? Look for adds next week...Been playing the Chubby Checker album for everyone that walks into the station, and find 100% approval. The band, the music, and the voice all sound strong. Phones after first play for 'Harder Than Diamond'. They asked if Chubby Checker is a new band!...Dwight Twilley went on late last week. I'm told it's a hit. Early phones are positive, and confirm the familiarity with stories of it being on a 12" several years ago...Tommy Tutone finally comes through in airplay. I've believed in the song from first listen, and still foresee a success similar to Greg Kihn's 'Breakup Song'. There's something good to be said about slow, steady movement."

WZZO, BETHLEHEM/ALLENTOWN, PA P.D.-TOM KELLY: "Susan Lynch's 'Office Love' is rock and roll's answer to Dolly Parton's 'Nine To Five'. It's got everybody going...Aldo Nova's 'Fantasy' is stirring some rap on the streets, too, and moves up to medium rotation. Dominating sales and requests again were: Joan Jett and J. Geils...Special thanks to Peter Wolf for a great show at Stabler Arena, and for your hospitality and corroboration backstage afterwards...More thanks to Mike Lessner and Rich Tambora for the help...Doc Holliday brought Southern hospitality to the station for an interview and a dynamite show to Hideaway Park. Thanks to: Bruce Brookshire, Eddie Stone, and the rest of the band. Mel, you did a hell of a job. Work on your dart game...Adds this week: The Buggles, Huey Lewis and the News, Tommy Tutone, Dwight Twilley, and Johnny And The Distractions."

KATT, OKLAHOMA CITY, OK P.D.-JEFF FREUND: "A new buzz word for the record company? Or is it a new trend? The word is 'anthem'. What's the deal? I've heard it referred to for: Carmine Appice, Jay Ferguson, Joan Jett, and a few more...Aldo Nova is very strong. We get positive phones every time the song is on the air...Listened to the Jay Ferguson cassette, and was impressed with the Beatles cover. Starts out traditionally, and the middle is very good."

KWXL, ALBUQUERQUE, NM P.D./M.D.-BILL STAMBAUGH: "February of 1982 is KWXL, or 94Rock's, second birthday, so we're throwing ourselves a birthday party. We'll be having it out at a local club in the mountains on Sunday, with birthday cake, lots of things to give away, & four local bands will be playing...The other major event at the station this week is the opening of three locations of the 94Rock store, which will be a portion of a chain of stores here in Albuquerque. We'll be selling radio station paraphenalia, including T-shirts, license plates, wallets, baseball caps, baseball style jerseys, shirts, jackets and mugs. We'll be continuing to add other items as they develop...My absolute most favorite album of the week has got to be the new Bonnie Raitt album. It's so nice to have an album come out that you're looking forward to hearing and then to have it be outrageously good besides...Sales are pretty predictable so far this week; Bob & Doug in at #5, J. Geils at #4, Foreigner at #3, Go Go's at #2 and Joan Jett holding, for the third week, in the top sales position in Albuquerque. Requests more or less follow that, although Ozzy Osbourne is still very strong in requests. Following Bryan Adams' opening appearance for the Foreigner show, his sales and requests have also picked up quite a bit over what they were."

KKRQ, IOWA CITY, IA M.D.-TED BURTON JACOBSEN: "Silver Sow Award: Bonnie Raitt's high with us. The single is a s-m-a-s-h...Survivor, Triumph, and Sneaker have proven themselves as true resurrections from the grave...Johnny And The Distractions' 'My Desire' sounds a little bit like Billy Swan's 'I Can Help' but we love it in spite of that...Other adds for the week: Jay Ferguson, Chubby Checker, Angel City and the B52's."

WWV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: Live version 'Edge Of 17' by Stevie Nicks and we went one cut deeper on the Bob Welch and added 'Remember'...As for hottest phones this week: J. Geils, Quarterflash, Delbert McClinton, Go Go's, Henry Paul Band...Really enjoyed having Doc Holliday come to Charlottesville last night, courtesy of A&M Records and also National Productions. Hope they do real well on their tour...Robbin Thompson did extremely well and so did Wabbit. Wabbit should be climbing up our charts with much success in the next couple of weeks...Local sales include Quarterflash, Foreigner and also Sammy Hagar."

Duke Meyer, WQMF: "I also have to agree with P. H. on his Hard Choice of a couple weeks ago. Dwight Twilley's latest has some real refreshing stuff on it."

Art Phillips, KILO: "Dwight Twilley makes fine-tuned, sensible Pop that should appeal to the Petty/Kihn/Gary O' listener."

Mary Pillinger, WYMX: "Twilley delivers a bona fide #1 with 'Somebody To Love'. It's seduction over the airwaves guaranteed to fog up your contact lenses."

Carla, WBCN: "Rock and roll music can hit you in the head, heart or groin but when an album comes out like 'Scuba Divers' and all these elements are happening at once, it's true magic. Don't miss this album."

Ron Sorenson, KBLE: "The saying goes 'divers do it deeper'. As I said last week, we're so deep into 'Scuba Divers' we need waterproof toques and oxygen hoses."

Kid Leo, WMMS: "Dwight Twilley, in the words of our editor, was the great white hope. I'll tell you right now, he is not a Duane Bobbick or a Jerry Cooney. We cannot put him on hold. In other words, this man is for real, or else a lot of us out there in radioland are gonna look like the great white dope."

Charlie Logan, WYFE: "It's fresh, clean and with that sincere voice, some which to me has almost always been a straight mark. Why isn't this guy a star?"

Ray White, WLIR: "I wish Dwight's 'Divers' the same success as Steve Winwood. 'Somebody To Love' sounds even better the second time around."

Mark Miller, WWCK: "I really feel that Dwight's gonna come home on this record. It's a few years later than we expected but the maturity was well worth the wait."

KTIM, SAN RAFAEL CA, M.D.-TRISH ROBBINS: "Things are quiet, by comparison, this week. Of course, The Police were most definitely the HIGH POINT. What a groove, what singing, what playing, what a band. And Peter Stupar of A&M had to convince me to go the Cow Palace, which I hate, but The Police handled it so well, soundwise, that I was in heaven...Heard Gamma's new Lp. Ronnie Montrose and the Bill Graham Presents people hosted a party for us crazies to hear it--and have a chance to trade 'trade secrets'. We love to get together and hear good music...Speaking of good music--Bonnie Raitt, Bonnie Raitt, Bonnie Raitt. Thin Lizzy is hot. So is Lou Ann Barton, Chubby Checker, 'Echoes Of An Era', Jean-Luc is cool, Nick is great, Huey is wonderful, Keith is happening. I'm into the music. How 'bout you?"

WQBK, ALBANY, M.D.-LIN BREHMER: "Bravo to a couple of new labels. First, congrats to Clean Cuts Records on the release of 'Dr. John plays Mac Rebennac' and the Cedar Walton solo piano Lp. I don't know who the Clean Cuts people are, but they know how to record acoustic piano. Both those records are superb. Secondly, I love the new Elektra/Musician Label, especially The Material and the John McLaughlin re-issue. 'A Memory Serves' from Material sounds like it could be a dance club smash. Imagine a band featuring both Fred Frith and Henry Threadgill. We're testing it on 'Exposure' our weekly import and new music program...Speaking of special programming, our three hour jazz program has moved to Sunday nights from 9 to midnight. We'll be featuring the new album from Ralph Towner and John Abercrombie... It does my worm-filled heart good to see all the Indicator stations playing Ellen McIlwaine's new album. I've seen her perform four times in the last year. I've travelled downstate to see her, I've done roadtrips north, I have even ventured to the scary, scary city of Troy, New York to hear Ellen. Am I committed? Maybe I should be, but listen to 'Come and Sit Down', 'Danger Zone' and 'I Want What You Got'...And Bonnie Raitt, Van Morrison, and Dwight Twilley are all hot out-of-the-box this week. The audience flipping over the new Raitt. Great NRBQ covers, Bonnie...The Church and Johnny and the Distractions both made progress in airplay this week."

KBLE, DES MOINES IA, P.D./M.D.-RON SORENSON: "The saying goes 'divers do it deeper', and as I said last week, we're so deep into Twilley's 'Scuba Divers', we need waterproof toques and oxygen hoses... Bonnie Raitt's the other big one this week. Ian McLagan's Bump Band gives Bonnie the rock and roll chops album radio is obviously looking for these days. If it's not her biggest Lp ever, I'll join the Moral Majority. We're leading with 'Come Back Baby', 'Can't Get Enough', 'Keep This Heart', and 'Me and The Boys'...Good comments from Mr. Bill on the Duke Jupiter. I, too, found most of their Mercury music quite forgettable. However, this one is a new beginning and it is good. We like 'Don't You Look At Me Like That' the best...Our jazz show host went into a multiple orgasm upon seeing the new Elektra/Musician release. Kudos to Bruce Lundvall for an exciting and artistically adventurous concerto. May it have much success...Adds: Dwight Twilley, Michael Smotherman, Van Morrison, The Call, Bonnie Raitt, Duke Jupiter, Light, Buggles...Jazz adds: Eric Gale, Freddie Hubbard, Lee Rittenour, and Griffith Park Collection."

KNAC, LONG BEACH, CA, P.D./M.D.-JIMMY CHRISTOPHER: "First of all, I'd like to welcome Dick Sheppard to the overnight show, 1-6a.m. Dick is an English chap who comes to us from KZDZ in San Luis Obispo... Also Mary Godges has been appointed Assistant Music Director...The long awaited KNAC T-shirts are now available to anyone through mail-order. They're black with our classy pink and white logo on the front and sleeve...We interviewed the Plimsouls and the Heaters this week...We also did an interesting promotion with A&M in conjunction with The Police/Oingo Boingo show. A week before the concert at the Forum, when listeners would hear either a Police or Oingo Boingo song, they would call in. The first caller would win either album. Out of those 50 album winners, we had one grand prize winner who won tickets to the show, backstage pass, and a limo ride and a night on the town at Tommy's Burgers...I'd like to welcome Kelly Summers as the new local RCA record rep...The Jam 12" sounds real good, immediately into heavy...Roy Loney, solo now, has a real good rock and roll dance album...I was surprised at the Chubby Checker. He seems to have kept up with the times. Some good rock and roll here...The new Dwight Twilley sounds nice and clean. A good power pop album...Human League is definitely one of our hottest items at this point. A&M has released 'Dare' domestically and we're on 5 cuts. The biggest response is for 'Don't You Want Me' and 'Sound Of The Crowd'...B52's new mini album sounds really danceable. I hope that has the same success as the early B52's...Finally, there's a band out of Sydney on Capitol called The Church, which bears some investigation for all you adventuresome radio programmers...Speaking of Capitol, I'd like to thank Susan Shar and Ray Tusken for a real splendid night at the Roxy for the Motels show."

WOUR, UTICA/SYRACUSE NY, M.D.-TOM STARR: "Bonnie Raitt gets our 'Green Light' this week. We love the title cut. But my guess is that most action will be on 'Me And The Boys' which is also good although it sounds the least like Bonnie of anything on the Lp. I know Roger Lifeset's in that car on the cover somewhere...Mega songs on the Chubby Checker as it smokes into its second week on OUR...Tommy Tutone gets the nod from Tommy Nast after I spent an afternoon in Syracuse last week writing rude remarks in phone booths about him. Almost half of the requests for 'Jenny' come in on our Syracuse line. Sorry Tommy, I meant to mention that to you a few months ago...I wish I'd seen the Romper Room rerun between Howie and Ed when Joan Jett was in town. Sell tickets to that show next time too...The Stevie Nicks 12" breathes new life into the Lp. Just in the Nicks of time...'Tainted Love' drawing enormous phone response...As good as 'Don't Let Him Know' is on the Prism, I'm convinced the biggest single will be 'Turn On Your Radar'...Dwight Twilley is everything we hoped for and more. It's gonna be every-thing our listeners hope for too."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Sign of the times in NYC--'Ears peirced-with or without pain'...In the music business, which we are all a part of, we don't always have a choice. You can't add or subtract simply on the basis of personal pain or pleasure. But, when the process completely eliminates the Music/Programmer Director's ear, and relies totally on research, the result is not much better in my opinion. Add to this situation, a restricted play list of 10 to 20 current albums and 300 past hits repeated ad infinitum, with little or no personality, then you've got boring radio which serves little purpose. Surely there's room for a middle ground. You'll find WDHA there, and though we may not always be as free as the wind, we think there's a lot more pleasure than pain in opening up radio to choice and creativity...All of the WDHA staff had a ball last week at our SKROK Party (Ski and Rock) at Vernon Valley! Just ask Kathy O'Keefe, she was there! Many thousands came out to party with us, weather and ski conditions were excellent, and in the lodge--drink conditions weren't bad either!...This weekend we're holding a Mardi Gras party, sending one Best Costume Couple to the Bahamas...Coming up the following week, February 26, is an all NJ concert party featuring Clarence Clemmons at John Sher's Capitol Theater. Our new slogan is 'Nobody Rocks North Jersey Like The Rock Of North Jersey', and it's true!...Speaking of rock, we've added the Human League, UFO, Rick Springfield, Bonnie Raitt, Dwight Twilley, Jay Ferguson, Angel City, and Duke Jupiter... Human League has all the ingredients for several multi-format smash hits. We highly recommend this album...Bonnie Raitt has really come through with a remarkably accessible album, filled with solid hooks. Don't miss out on this one...'I'll Drink To You' from Duke Jupiter clearly stands out for a partying North Jersey audienceI very much agree with Bill that Angel City is metal with depth and creativity. Lots of great cuts to choose here...Requests: Soft Cell, J. Geils, Joan Jett, Cars, Loverboy and Prism...Moving to hot rotation: Van Halen, Soft Cell...Top sales: J. Geils, Joan Jett, Go Go's, Police, Cars, and Loverboy...Finally, think about my earlier comments on keeping radio open. Why go to extremes and follow everyone else. Didn't we learn from disco and country?"

WYFE, ROCKFORD, IL ASST. M.D.-THE DOCTOR: "Good day. New things at the rock station: Gamma's Ep, Huey Lewis and The News, Dwight Twilley, Thin Lizzy, and 4 Out Of 5 Doctors...Other than that, we're just kicking back and rocking and rolling--so like, we'll see you next week."

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "It was sure a nice surprise to hear the Dwight Twilley. I'm always skeptical when so much hype surrounds a record, but in this case, everything I've heard is true. 'Somebody To Love' is a smash...Tommy Tutone goes in as a re-add...We also went with the Gamma single. That one took several listens, but finally sank in...Joan Jett is far and away the request leader, and she's also on top of the sales chart."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "What a busy week it's been for us at WRNW. First off, to start the week, some excellent new material from some excellent well-established artists. Namely, Bonnie Raitt (who teamed up with Ian McLagan and the Bump Band). Bonnie and the Bumps sound terrific, and 'Green Light' is bound to be a smash...Van Morrison's 'Beautiful Vision' is a fine work of art, and to me it's reminiscent of earlier Van, say for instance, 'Astro Week' or 'Moon Dance'...Don't forget Robert Palmer's newest called 'Some Guys Have All The Look' (Palmer should certainly not count himself out of that one)...Also Dwight Twilley's 'Scuba Divers' and XTC's 'English Settlement' (you could say we're in ecstasy over XTC)...Plus, and this is a big plus, Holly Vincent and Jerry Ramone doing Sonny and Cher's old song 'I Got You Babe', and they certainly have!...Big thanks to Carmine Appice for calling me last week. We had a great conversation, and I'm sure our audience was just as surprised and excited over the call as we were. Carmine filled us in on what he's been up to lately, and what the future holds for him. Good luck in all you do, Carmine, and please stop in when you're around our area. Thanks Shelly!...More thank you's in order, this time for: John Hall and Bob Leinbach who stopped into our studios and played disc jockey with Ron Rizzi on Friday afternoon. Look out for your job, Ron. John seems to enjoy being on the air. Thank you Abe Hock...And one more thing before I go, Elektra Asylum has a musicians Jazz release out, and Riz says it's the nicest jazz package that anyone has released in the last few years...And speaking of nice, as always, it's been nice talking to you...Adds: Dwight Twilley, Bonnie Raitt, Van Morrison, XTC, Robert Palmer Imp, Holly And Joey single, Fleshtones, and the Blasters."

WTPA, HARRISBURG, PA P.D.-JEFF KAUFFMAN: "Adds: UFO, Thin Lizzy, and Glass Moon...Thanks to Dave Leach and Polygram for a great hoser party. Thanks to Debbie Gould for breaking away from her hectic schedule. It's 3:00 and I've gotta go on the air."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Adds: Human League, Chubby Checker, Gamma, Jay Ferguson, Stevie Nicks 12", A Flock Of Seagulls, Afraid Of Mice (import), The Dead Kennedys, and The Gun Club...Santa Barbara got blasted this weekend. Local music fans turned up in force to dance the night away with the Blasters. Talk about crossover. The dance floor was a checkerboard of New Wave fashions and cowboy shirts. Phone response is already indicated in the mass appeal of their sound in today's musical context...I'm also up on the soap box this week for the Human League. I listened to the Lp at home all weekend, and now can't stop singing the song, especially 'Don't You Want Me' and 'Do Or Die'...Fellow KTIDers concur--It's accessible, interesting, and superbly crafted. It's also excellent bridge material from mainstream rock into modern music. Don't hesitate on this one."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Lots of interesting new adds this week. My favorite is Dwight Twilley. A guy who I've been following since 'I'm On Fire'. 'Somebody To Love' is a dynamite track...On the cornier side, check out Susan Lynch's 'Office Love'. This girl is a dead ringer for Chrissie Hynde...OMD's 'Souvenir' has been an international smash, so why not give it a shot. We have...Bonnie Raitt finds herself an identity for the 80's on her new album. Her covers of the NRBQ tunes are superb, and her new band gives Bonnie a clean, fresh sound...Mark Knopfler adds some tasty guitar licks to Van Morrison's new album. Check out 'Cleaning Windows'...Mike Harris' hooker of the week, the new track from Gamma. Can't wait for the album...Pete Clark's Music Test results: Dwight Twilley's 'Somebody To Love' 7.1; the new Gamma track 7.9; the Buggles 'Beatnik' 6.9; Paul Collins' Beat 'Crying Won't Help' 6.0; and Carmine Appice 'Paint It Black' 4.9...The Tommy Tutone single is a song that's been strong for us since the beginning. It's a song that has one of the hookiest hooks to come around in a long time. If you overlooked this one the first time around, now's the time to hop on the bandwagon...Till next time."

WMAD, MADISON, WI M.D.-DALE WOLTER: "Another great week for Joan Jett. 3 out of 4 weeks in #1 sales. It was bumped by Bob and Doug a couple of weeks back...The Go Go's are resurging. They're #2 saleswise this week, followed by the McKenzie's. Go real deep on this one now that 'Take Off' is burning out. Every cut is a gem...Rounding out the top 5 is J. Geils and the Van Halen single...Addswise, we played the Dwight Twilley record 'Somebody To Love' about 2 years ago up in Appleton. It did well then, and now that it's been re-released, we expect it will do well here also. Great tune...A bit disappointed in the Bonnie Raitt, but she's absolutely huge here, so we'll hit on 'Me And The Boys'...I've always been behind Gamma, so that's pretty instant here also...Things we wish we had room for: Human League, Eye To Eye, and Chubby Checker...Finally, mucho gracias to a sickly Marvin Gleicher and family. Get well soon buddy. You're tops on our list."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSON: "The Stevie Nicks live Ep gives a shot of freshness that 'Edge Of 17' needs. This will give a great tune some more album radio life...Another tune that's been banging around my head is Novo Combo's 'Tattoo'. What an infectious hook it has...And we'll also add Huey Lewis and the News with 'Do You Believe In Love'. I do believe they have a hit...Joan Jett's been burning up the phones, and blowing out the stores...Speaking of phones, they are running 50/50 between 'Freeze Frame' and 'Centerfold' from the J. Geils Band. That should tip in 'Freeze Frame's' favor in a matter of day (or perhaps hours)...Top sales to: J. Geils Band, Police, Journey, Joan Jett...We're seeing retail action on the Go Go's, Loverboy and Bob and Doug McKenzie...Adds: Stevie Nicks 12", Huey Lewis and the News, Novo Combo...Considering: Tommy Tutone and Thin Lizzy."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "Back to the mountains of snow from an all too short vacation in the South. I set forth to tackle the work that seems to pile up twice as fast. This week we added Thin Lizzy's 'Leave This Town'. A ZZ Top overtone sneaks in on this fine record...The time for Tommy Tutone is now. Hats off to a fine Columbia promotion project. This effort is led by '867-5309' which reflects solid pop with a fine rock edge...My favorite record of the week has to be 'Office Love' by Susan Lynch. 'Office Love' has the ability to seduce the audience...Great vocals and ingredients is the key spice on 'Keep This Heart In Mind' by Bonnie Raitt. It's time for Programmers to bury any thoughts of Bonnie Raitt having only a collected cult following. This record is extremely MASS appeal...To wind up the female invasion this week, 'Edge Of 17' by Stevie Nicks is a must for all of us who have placed hundreds of miles on the studio version...I cut my vacation short to be able to support a 36 Hour Radioathon that WXUS put on for the Lafayette Zoo. A total of over \$12,000 was the fruit of this effort. About 3 hours before the Radioathon ended, E/A's Bob Meyers dropped by. Bob was in town a day early for the Cars concert that rocked Elliott Hall of Music at Purdue University. Thank you, Bob, for the audiographed 'Shake It Up' Lp which was auctioned off at a very impressive price to help our zoo cause. The entire staff at WXUS thanks you for the incredible support you and E/A gave us for making the Cars concert an event that Lafayette is still buzzing about!"

WAQX, SYRACUSE, NY M.D.-ED LEVINE: "One of the biggest surprises this past week has been the retail growth on the Prism album. We're starting to get calls for it, and more importantly, the album is already selling Top 30... I like the Dwight Twilley album (we're not playing it yet, just as a matter of room, but there are two or three cuts that we can use)...An interesting story happening out of Buffalo is that Soft Cell record with Z98 the only station playing the album. It's getting a good whack in the clubs. It is a legitimate top 10 seller in Buffalo. And we're considering it here...The Angel City is pulling calls on the cut 'Long Night' and 'Fashion And Fame'--my two faves... Aldo Nova opened for Hall and Oates, and did a real good job. 'Fantasy' is getting requested by name. Joan Jett retail story continues. After playing to a packed house of 1500 people, the album goes up to #2...Believe it or not, the Bob and Doug album is making a comeback. It is back up to #13 retail."

WIOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS: "If ugly musicians can make and sell good music, then ugly album covers can at least contain good music. And, although the Dwight Twilley may not sell enough to feed the fish, the new Lp has some tasty tunes. My favorites are: 'I'm Back Again', and 'Somebody To Love'...Although 'Out Of Control' is obviously the lead track on the Angel City album, I'm partial to the hook in 'Back On You'. And how many opinions do I need to go on 'Dawn Patrol'. Four out of 5 listens convinced me...Here's hoping there's some rock on the Gamma album... Good news for Huey Lewis. We upped rotation on 'Working For A Living' to medium, as well as UFO's 'Writer' (after one week)...On the Tim Goodman front, we've also upped 'Footsteps In The Night' to medium, and I'll be damned if we're not getting phones already. The tune is in the grooves... Phones are causing Thin Lizzy and Tommy Tutone to go to heavy...Top retail moves of the week: Bryah Adams, and Aldo Nova which somersaults from 45-16...Prism continues to build (up to #13 retail), Sammy Hagar stays at #5...Johnny and the Distractions sounds good, but no audience response. I do think there is something there."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "Triumph takes the plunge. They are coming to Worcester this Saturday night for a 2000 seater...Glass Moon is added, with the single cover version of 'On A Carousel'. Hope this will be a big turn on for the parents of Joey Metal and Suzy Crunch... We'll give some play to the Stevie Nicks Live single. Very nice mix on that one. Also added, the Huey Lewis' 'Working For A Living'; switched to 'Hollywood' on Thin Lizzy. It seems to be the most representative Thin Lizzy cut on further listening...To Epic: Bring back the Aldo intro...Upped Johnny and the Distractions to heavy...I almost forgot Bob and Doug were here on Friday. Won't bore you or Drake Hall with any of the details, but Rick and Dave were troupers, and funny as hell... Check out a great cut on the Ozzy record, 'Tonight'...To Ron: Thanks...To Lippy: Go for it... As mentioned a few times in earlier comments, Roy Rosenberg has joined AAF as entertainment account executive. We begin a rested institution with the resurrection of the 'added to the stiff list'. Here's Roy: Lee Strasberg died last week in 'Going In Style'. This week, poor Lee really did die going in style at age 80. Projection: Bess Truman, 97."

WOMF, LOUISVILLE, KY M.D.-DUKE MEYER: "I'm absolutely in love with the Light record. It's gonna be a battle, but I'm sure Tom will get used to my big Lebanese smile as I tap dance on his back to convince him that we should play that record...I also have to agree with Bill on his Hard Choice of a couple of weeks ago. Dwight Twilley's latest has some real refreshing stuff on it. 'It's That Girl' is my favorite...Aldo Nova, the hosers Bob and Doug, and, of course, Joan Jett are doing excellently in both phones and inhouse research this week...You know, the more I see Joan Jett, the closer I am to falling in love with her. She has a real cute teasa--that's Lebanese for--well, think about it...Looking with a lot of interest at the Gamma 12". It peaked my interest on the first listen...Thanks to Tom Genetti for the Heart and Ozzy Lps...To Al Stan: Happy late BD you bad boy. You, the big 'three o'? C'mon get outta here...Adds this week: Angel City, Johnny And The Distractions, re-add on Survivor, and Thin Lizzy. It took me a couple of listens to warm up to it. 'Angel Of Death' is my fave, followed closely by 'Hollywood',.... Tim Goodman: If you haven't set down with this album, do it. To be honest with you, when it first came in I looked at the cover and thought, 'great Jim Morrison lookalike' and tossed it in the corner. But after listening, I really believe in it. 'Footsteps' is my choice."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: Bonnie Raitt, Dwight Twilley, and Angel City... This week is KEZY's debut in the chart section of the Hard Report. Thanks Bill. It's about time... Last week I mentioned that I hoped the Bonnie Raitt album had some good old rock and roll on it. And much to my surprise, that's all there is. This record should be #1 Most Added this week, or there's something wrong. 'Me And The Boys' is my first choice, with 'Will You, Won't You', and the title track close behind. The single is a Top 40 smash, no doubt about it. It's time for everybody to play Bonnie Raitt. The 'Green Light' means go...A smart move by Atlanta Records to release the live version of Stevie Nicks' 'Edge Of 17'. With the album still top 10 sales, we really needed something fresh to play...Thanks to Capitol for the great show by the Motels at the Roxy last week. This is a band that's gonna happen. The next album is the one...Top 5 sales: J. Geils, Quarterflash, Go Go's, Cars, and Police...Big moves: 26 to 10, Joan Jett; 35 to 18, B52's. The B52's show up so bad on research and so hot on sales. Somebody must be lying."

LOVE94, MIAMI, FL M.D.-STEVE HUNTINGTON: "Our sales research is back in full swing and leaders are: Joan Jett (she just played here, but missed the opening of Oriole's spring training); Jimmy Buffett, Police, Royal Philharmonic, Journey, and Hall and Oates...Keep playing that John Hall band. Their tour just started, and we've got them at the Agora on Wednesday the 25th. 'The Touch' is our favorite, but if you're a hard rocker, add 'You Sure Fooled Me' or 'Somebody's Calling' to go along with 'Crazy'...Bonnie Raitt's new Lp is solid. The Dylan tune is very foxy, and we're also playing 'Can't Get Enough' and 'Baby Come Back'. Van Morrison is also an instant add here. 'Celtic Ray', 'Across The Bridge' and 'Dweller' are on the air in South Florida."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Another orgy of adds this week. Hope this moves out all that we got behind on while wandering Walt's World! Great after-glow from the Superstars Conference--stopped off in New Orleans to meet with Le Roux, Bill McGathy, and assorted radio maniacs! Driving home I was pleasantly surprised to hear WHMB on the Interstate. Cat stoned: If you can find a way to get your signal into New Orleans, it'll be like throwing a fat baby in a vegamatic...Invitation: Come to Lafayette for the Craw Fish Festival April 30 and May 1--that's when everybody sucks the heads and eats the tips!"

WRCN, LONG ISLAND, NY P.D.-BARRY GRANT: "Springtime arrives early to the Hamptons with 60 degree temps. Has anyone tried to build or buy a house lately? Interest rates and prices are unreal when you begin to look into it...We've been quiet about it--the nice guy syndrome--but the only promotion people I've seen in the last 6 months are Debbie Gould, Bob Catania, and Jack Hopke. One turkey stood me up for dinner a few times. Who needs it? You don't associate with people who are inconsiderate and rude, not in this business. Why bother with someone from a record company like that! The adjustment to live without the personal contact has been very easy to make on this end...New music: No matter how much exposure we give to new artists, there is little or no phone and sales reaction. There's a limit to how long we can stay on unproven product--before we give up and move on to something else. Maybe the record will happen 5 or 6 months down the road in which case it will be reassessed...No reaction to: Le Roux, Glass Moon, Huey Lewis, Wrabit, Sammy Hagar, Doc Holliday, Johnny And The Distractions, Bill Champlin, Bruce/Trower...Good reaction to: Aldo Nova, Josie Cotton, Thin Lizzy...Big records are: J. Geils, Joan Jett, Van Halen, Great White North, Ozzy, Go Go's, and the Police."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Will Jay Ferguson's 'White Noise' become the next 'We Will Rock You'? The single sounds superb on the air and this could be just what he needs to break back into the mainstream...Dwight Twilley makes fine tunes sensible pop that should appeal to the Petty/Kihn/Gary O. listener. The remake of 'Somebody To Love' is a wise investment for Twilley, and 'I'm Back Again' delivers the goods too...Geoff Downes, Trevor Horn, and Chris Squire make the Buggles chief candidates for the Yes of the 80's. Those high Jon Anderson--clone harmonies along with the best in modern recording techniques will give this album the staying power it needs to break this band. It seems like wherever the Buggles were played on the radio, or wherever their video was shown, audiences reacted to this talented aggregation...Angel City is on this week with 'Fashion And Fame' the standout track. This band has matured and shouldn't have any trouble receiving massive play...Listener question of the week: When will Girlschool be domestically available and where and when may one find the new Tubes single?"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "I guess I don't have much to say this week, after all the only record we added was Chubby Checker. It's actually a surprisingly strong rock and roll album. When you think about it, perhaps those who might be turned off are too young to remember. Those who might be turned on won't be embarrassed by the sound and the music. It'll be interesting to watch the ultimate acceptance of this record. MCA should definitely get behind it...Top ten sales around here are a very stable lot: J. Geils, Police, Foreigner, Cars, Stones, Journey, Bob Seger, Dan Fogelberg, Ozzy Osbourne and AC/DC...It's good to see Joan Jett finally getting into the stores!"

WQDR, RALEIGH, NC P.D.-RON PHILLIPS: "Finally, a week when I really enjoyed a music meeting! After rather stale weeks, there's a lot of good material out to choose from. The Bonnie Raitt is super strong. No wimp here. It's all rock and roll. I think the single has hit potential, and 'Me And The Boys' is a good radio cut too. I expect strong sales in this area...I also expect the same from Jay Ferguson. In about 3 weeks time 'White Noise' should be a top request item. It's nice to see he isn't still trying to rehash 'Thunder Island'...We played Dwight Twilley's 'Somebody To Love' the first time around on a different label. Now we're gonna play it again and I think most of our audience will perceive it as a new record...A personal fave this week is Van Morrison's 'Cleaning Windows'. Great horns, precision guitar work from Mark Knopfler, and Van's own sultry style makes me shiver...Our morning man is playing around with the Chubby Checker Lp. I swear that 'Harder Than Diamond' sounds like Foreigner. Let's goad the time warp again...Jimmy Buffet seems to be lagging a bit. Not the usual response or sales this time around."

WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD: "Key West favorites, Bonnie Raitt and Van Morrison, go in out-of-the-box. Bonnie and the Bump Band get a big assist from Ian McLagan and it really rocks. This is Van's best and most accessible since 'Wavelength'. 'Cleaning Windows' is a wipe out...Got the Aldo Nova video--what a way to audition a song! Both cuts were well presented and produced. I took it to a local record store and put it on the big screen and managed to attract some attention...Album adds: Bonnie Raitt, Van Morrison, Dwight Twilley, Susan Lynch, Guthrie & Seeger, Mondo Rock...New singles: Kid Muracco...New Wave Feature: Buggles, and Slow Children."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDBLUM: Adds: UFO, Dwight Twilley, 4 Out Of 5 Doctors, and Gamma 45...Conversions: Tommy Tutone and Johnny And The Distractions go to heavy...Retail actions on Loverboy, Donnie Iris, Joan Jett...The Gamma single is terrific. Thanks to Elektra for the cassette. I can't wait to hear what the rest of the album sounds like...Reaction to the Tommy Tutone was so great that we kick it into heavy, after its second week on here!...Dwight Twilley took a couple of listens for me but I particularly like 'Somebody To Love' too, so we'll give it a shot and hope this is the one to break him...Happy Birthday to S.L.I.C. How many years have you been boring now?...To Epic: Would you cut it out? I had to build a special 'E/P/A' cabinet for the February releases! Seriously, it's mostly good stuff but it takes some time to sift through it all...Phil Q: You picked the right time to go to Boston. Make sure you travel to Miami during July...Finally, I didn't know you could voo--doo a bone!"

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Dwight Twilley delivers a bona fide #1 with 'Somebody To Love'. It's seduction over the airwaves guaranteed to fog up your contact lenses...And, while I'm on the subject of hot numbers, I refuse to wait for Top 40 to unveil the Human League. 'Don't You Want Me' is gonna be the talk of the town just like 'I Love Rock And Roll' and I want 'Joe Q. Public' to know that album rock got their fingers on it first...Other considerations: Duke Jupiter's 'I'll Drink To You', live Stevie Nicks, Bonnie Raitt and UFO...Joan Jett continues to hold the request lines hostage with J. Geils, Donnie Iris, Journey, and Janis Joplin (hey, man, who's the new chick singer?) rounding out the phone action...Top sales: Journey, Buffett, Go Go's, hot Rod Stewart and J. Geils Band."

Syndicators

BOB MEYROWITZ, PETER KAUFFMAN, DIR: "When you remember that the 'King Biscuit Flour Hour' is booked and scheduled a good two months in advance, then it's awesome that we keep coming up with bookings like the phenomenal Joan Jett and the Blackhearts, on Feb. 14, at the very moment her album's quite simply the hottest story in rock. The same week that she was on the 'Biscuit', she hit #1 and #2 in airplay in almost every indicator and #9 and #11 in sales. Says 'King Biscuit' producer, Paul Zullo, 'We love hitting the nail on the head'. Look to March when 'King Biscuit' thaws the winter ice with Pat Benatar, Molly Hatchet, Carmine Appice's 'UNICEF Benefit' and more...We are preparing for the 4th annual broadcast of the 'Rock Radio Awards', one of radio's finest hours-actually 2 hours. This is one award show that recognizes radios' all important role in breaking hit records and acts, the one award show that is broadcast on radio, and the one award show where only radio people vote for the winner. In the past, the 'Rock Radio Awards' have been hosted by Patrick Simmons of the Doobies, Carole Miller of WPLJ, Grace Slick, Rita Coolidge, and Scott Muni of WNEW-FM. This program presents all the winners in concert-made possible through the magic of radio. This year's show will air on the ABC Rock Network and will be produced by Dave Knight, who formerly booked The Savoy. All stations should be getting ballots soon, so you all can vote and may the best rocker win!"

NORM PATTIZ, WESTWOOD ONE: "Mary Turner is in the studio cutting voice tracks for 'Rock and Roll Never Forgets', our six, 3-hour specials featuring artists like Jim Morrison, Keith Moon, John Lennon, Brian Jones, & Jimi Hendrix. The first 3 hour special will run in April, and will feature Janis Joplin. Burt Kleinman, the producer of that program, has just returned from the UK and from Europe getting background information. It's gonna be quite a series. It's already been cleared at WNEW-FM, KMET, WMMR, WLLZ, WLRS, WAVA, KPKE, WLPX, as well as KSFJ in San Francisco. David Perry is in the studio now doing voice tracks for the 'Rock Years: Portrait of an Era', which will be airing in 17 segments in the 2nd and 3rd quarter. That's Burt Kleinman's 51 hour masterpiece, which will be available in the 2nd and 3rd quarter, on a barter basis, sponsored by Michelob...I would like to congratulate the 'King Biscuit Flour Hour' on their 9th anniversary. I'd also like to congratulate NBC Source and Starfleet for their new concert arrangement. Obviously, the concert business is brisk, and there are a lot of us doing well. On the Westwood One front, in the concert area, our 45 ft., 24 track mobile unit is currently under construction and should be on the road in April. It will be quite a facility. We're very excited about it. That would make Westwood One, not only the nation's largest producer of concerts, but it will also make us the only national concert source that produces and distributes their concerts all the way from the recording on up to the sending of the final program to the radio stations...One final thing to stations: You don't have to be a network affiliate to carry the best national radio programs available. I noted with interest the limited number of affiliates that are now involved with ABC Rock and the CBS Radio Radio. I think that speaks well for the networks that already have their affiliates in place and it also points out the fact that it's not necessary for a radio station to become a network affiliate in order to carry concerts, specials and short features because they are available from companies like us."

JOHN MCGHAN, ROLLING STONE MAGAZINE PRODUCTIONS: "I will forgo talking about our radio shows in deference to other things that are going on at Rolling Stone. The Record' is in it's fourth issue. The Record' is a new magazine put out by Rolling Stone. It looks like the original Rolling Stone Mag. and this issue has The Police on the cover. It is specifically targeted to 18 to 24 year old males and females, and it is 100% music. Anyone who is carrying a Rolling Stone Magazine program on their radio station, will get a copy of the The Record sent out with the programs, and they should arrive at radio stations in the mail. It's something that every program director should be aware of. Also, the results came out of the Rolling Stone Mag. readers poll; it talked about Jimmy Iovine who has won Producer of the Year. Jimmy Iovine is in N.Y., right now, producing the new Bob Seger album, which I believe is called 'The Distance'. That will be out in May or June. We did a 2 hour interview for a future 'Continuous History Of Rock & Roll' show...I received a call from Styx. Having conquered Japan, they are beginning work on their next album in L.A. We'll be doing a feature on them as well...Norm Pattiz is a wonderful man!"

GEORGE TAYLOR MORRIS, THE SOURCE: "Greetings. We're firming up a combination of simulcasts and live broadcasts for the spring with major talent. Of course, it's all surprises until the ink is dry. The Source will be delving into major movie promotions this summer that will include screenings for many stations. The line-up of films reads like a Who's Who for our prime demographic. It does seem that Hollywood is getting younger. By the way, I truly enjoyed reading the station comments on the video games' intrusion. And I wondered if it isn't possible that the record business is hurting from it because 1) the songs listeners want to hear are all over the radio all the time, and 2) video games are more exciting than what's on vinyl these days anyway. I personally have no trouble playing PAC-man with my Sony phones on. It makes getting eaten just a little more bearable...Personal to DIR Broadcasting: My father was born before I was, but he had a stroke."

"We would like to thank all the ABC Rock Radio Network stations who have made our MTV Rush concert simulcast one of the best ever. We are looking forward to doing more simulcasts in the future...For Valentine's Day, MTV gave away 15, limited edition, red satin Valentine's Day tour jackets wrapped around four albums; Loverboy's 'Get Lucky'; Tom Petty & The Heartbreakers' 'Hard Promises'; Joan Jett And The Blackhearts' 'I Love Rock And Roll'; and Heart's soon-to-be released album, 'Private Audition'...Last week we announced the grand prize winner in our MTV Hawaiian Holiday with Devo. (They go together like surfboards and plastic hair.) Coincidentally, she's a housewife from Akron, OH which is Devo's hometown. We received 70,000 entries...Coming soon: The MTV House Party."

Question Of The Week

From the truth in comments department, what's your policy on discussing albums that are stiffing and/or negative comments on new releases.

Next week, we'd like your thoughts on how you deal with label priorities and intense pressure on records you know don't stand a chance. Any current examples?

DAVE LANGE, WQVE: "I don't think we can ever count any record out, so I hate to be the guy who says something isn't worth it, because later on this person's talents might emerge in an album. Also, there may be something on the album that you missed, no matter how great your ears are. Plus, let's face it, record companies have a lot of problems right now, a lot of negative talk about records and negatives on rock in general, and cannot produce positive results. But, geeze, I heard a record that was so bad the other day..."

MARC MILLER, WBCN: "I very rarely will make negative comments about any record in print because it does nobody any good (unless I feel that the rest of the world is absolutely wrong)."

ILYSE GOTTLIEB, WRXL: "I'm always honest about what is happening with records here, if something isn't happening, we drop it and don't mind saying so."

KID LEO, WMMS: "I love everybody--and that's entertainment!"

CURT GARY, WEBN: "Generally I reserve comment on a record that I think is negative until I think it becomes obvious to everyone."

BOB KELLER, KZAP: "I've never had any qualms about voicing a negative opinion on a record. Especially, if it's a record that is being unduly hyped, or doesn't deserve the hype that it's getting from the record company. The policy is to call it as I see them."

ART PHILLIPS, KILO: "Our basic rule of thumb is that if you don't have something nice to say..."

STEVE HUNTINGTON, LOVE 94: "I usually like to tell it like it is, but there's already enough negativity around without me adding to it."

DUKE MEYER, WQMF: "I really don't believe in putting negative comments in print, because if you are always derogatory, it makes you look like a negative. And you really can get the point across by not saying anything about it, because usually the better product is talked about."

THE DOCTOR, WYFE: "We don't talk about it and really make no reference to it. If it's something that we're not going to play, and it's stiffing, basically it doesn't exist. We always try to take a positive attitude in our music and talk about things going up the chart, but never make reference to something dropping."

LARRY REISMAN, KEZY: "If a record is bad, it's bad. I may say it's bad, but I'm sure there are others who might not think so. If I think the record sucks, I'll say so."

KAREN ANDERSEN, WGIR-FM: "About giving negative comments in print, I usually give what I consider 'questionable product' the benefit of the doubt. If I really can't stand something, or think it's awful, then I'll say something. As far as stiffing, I think I'll just let sleeping dogs lie."

JIM KINNEY, WTUE: "I guess, in general, it's really not necessary to say anything bad about a record when it first comes out. We all have negative feelings about some records, but it doesn't help the record company in trying to get a new album on the roll. I know sometimes I might say a negative, but I try to hold back most of the time. When a record's being played and stiffing out, it's a different story, because radio people owe it to each other to help each other out from their own experiences."

JOSE DIAZ, WBLM: "I rarely, if ever, have talked negatively about records. When you come down to it, there's so many positives that no promotion is stronger than negative promotion. As P.T. Barnum once said, 'I don't care what you say about me, just spell my name correctly'."

RICK BALIS, KSHE: "First of all, I prefer to avoid taking a negative position on those album projects which may not be meeting up with expectations of all those involved. I would rather accentuate the positive in the business, and while doing that, reserve comments only to those projects which seem to be making quite a marked impact. Everything certainly isn't rosy, so I don't intend to create that picture."

RON PHILLIPS, WQDR: "I guess that's really the time to see if programmers are saying good things about a record just to see their names in print. I won't hesitate to talk about a record that is working well for me, but isn't nationally. Conversely, I don't mind talking about a record that isn't happening here after being given a legitimate shot, even though it seems to chart well nationally."

MICHELE ROBINSON SAYRE, KLCL: "When it comes to print, I usually abide by my mother's old saying, 'If you have nothing nice to say about something, don't say anything at all'. But if you ask me a question, I'll be glad to tell you how I feel."

RON SORENSON, KBLE: "Most of the time, if I haven't got something nice to say, I won't say it. However, if, like the Steve Miller album, a record is really donkey dung, I will sometimes make note of it."

DALE WOLTER, WMAD: "I feel you should talk the way you talk normally. You shouldn't be put off by the pressure record reps give you. If a record is a stiff, you should be able to tell people about it. Such is the case with 4 Out Of 5 Doctors."

GLORIA JOHNSON, KGON: "I generally don't go out of my way to be negative. But if I feel negatively about a record, I don't think I should not voice my opinion. I still believe honesty is the best policy."

DAVE KANE, WCMF: "My general attitude is and has always been, if you have nothing nice to say, don't say anything--unless of course, all the music that comes out sounds the same."

QUESTION CONTINUED

TOM STARR, WOUR: "I think that the real helpful sheets and trades would become shams if they existed solely for the purpose of strokes. Labels should be prepared to take the good with the bad and appreciate the candor. If there's a reason someone is avoiding a particular record, then the labels should want to know about it. If it isn't being dealt with properly on a one to one (a music director with promotion person), then the sheet provides an outlet. If you go to the wall for a record that turns out not to mean jack shit to a label, then you've been burned, and the label should expect the same in return."

TIM SMITH, WLVO: "I think it is needed and healthy for everyone to have access to information and other opinions. Record companies will always stress all their positives while promoting a record, and it's up to the radio programmers to discuss any negatives that may be rising."

JUDY MCNUTT, KGB-FM: "With all the music that's released, I think it's healthy and necessary to hear positive and negative feedback on everything. If a record is in trouble, I'd like to know it. So, of course, I'd be interested in reading comments from Kid Leo, Dave Benson, Gloria Johnson, Drake Hall, Buck McWilliams, or anyone who appears to know what they're doing. I'm also interested when a record seems to be cooling off. I'd like to see more comments that are maybe not quite so specifically negative, but more informative in regard to the shelf life of a given album."

ALAN SNEED, KSRR: "I would prefer not to comment on a record that's stiffing at this particular station for the simple reason that the situation might be unique to this market. I wouldn't want to hurt a record nationally. I prefer the way the building, dropping, and maintaining tabulations are presented."

JON RUSSELL, KRQR: "Most of the time I feel that if you don't have something good to say, why say anything at all? Although sometimes I really feel strongly negative about something, usually it's the other way around. Most of the time I am very positive about something, or I won't comment at all."

MARK MILLER, WWCK: "My policy on talking negatively about records is that I won't talk about any record unless I'm considering adding it. The only negativity that I've got is on certain tracks. Usually if I'm gonna add an album, I get behind it 100%, and I'll spend enough time with it so I don't have to come back and become negative on it. The thing that bothers me is that some people will just take enough time to listen to one cut and say that's the cut--and then it will turn out to be a bomb. I have to become negative on that cut, stress the fact that it's bad, and then stress something positive and find the right cut."

SUSAN CHRISTOL, KIYD: "I generally don't because I think bad music speaks for itself. There's plenty of room for divergent opinions, so I'd rather let people make up their own minds."

STEW SCHWANTZ, WPDH: "I don't think there is anything wrong. If an album is mediocre, I'll say so. However, I don't think I'd go so far as to say something stinks. Diplomacy is the key here. Then again, if you don't like it, don't add it."

ED LEVINE, WAQX: "I think that even though it may be painful for some of the companies to see negatives in print, it is a very good policy. I want to differentiate between saying 'the Devo LP sucks' and 'The new Hilly Michael's album isn't selling'. What we're talking about is stating a fact. I appreciate it when people are honest in the trades, and I think in the long run, companies appreciate it too. Remember all that great feedback on Max Damian?"

BOB WALTON, WQDR: "I just prefer to let them die quietly and not cause anyone any grief."

DICK BASCOM, WQXM: "Honesty is the best policy."

MIKE LYONS, WDIJ: "It's so hard to tell nowadays from the sales and requests standpoint exactly where the line is between a record that is a stiff and a record that deserves a longer shot. For the most part, I love talking about stiffs. I also love the tendency Bill has to use specific comments which are negative about records that are still alive, when there's a whole bunch of other contenders lined up to use that same hype machine to keep 'em alive."

TED EDWARDS, WCOZ: "My policy is like my mother told me, 'If you don't have anything nice to say, don't say anything at all', and I always listen to my Mom. In all seriousness, who need the grief?"

SKY DANIELS, WLUP: "With the odds against new music as great as they are today anyway, I think it's an injustice to hurt their chances any more by adding negative connotations with comments. Like my dad used to tell me, 'If you ain't got anything good to say about someone, don't say it' (unless it's Dave Benson)."

JOE FOLGER, KBPI: "Up to now my policy has been 'no comment' on nearly everything. I would imagine as I become more established, I will become more vocal."

DAVE BENSON, WMET: "I generally try to say whatever I think. I try not to go out of my way to point out records that I think stink, unless I'm asked. The biggest problem I've gotten into recently is a record company complaining about me talking about records that I like, but that my station doesn't play. They asked me to stop talking about their records, and I did."

TRISH ROBBINS, KTIM: "I think the old rule holds true. If you don't have anything nice to say, then don't say anything. However, I don't think the truth should be hidden from all the broadcasters. We should pool our information. If something is stiffing, and there's a lot of pressure to keep going on it, I don't see any reason not to say something. But, I'd rather talk about the good stuff."

BUCK MCWILLIAMS, WIOT: "I love it. I do it all the time and that's why Tony Dwyer and Marty Schwartz call me every week. I think it's important to give my small but usually very damaging opinion."

ROB BARNETT, WAAF: "I haven't made a habit of doing that in print, but negatives on records we're playing have always been passed along to those working the record--when they ask."

ROBERTA HABER, WMJQ: "I have a personal policy on it. I wouldn't claim that it was my radio station's policy. There is not point in beating a dead horse. As far as a new record that is really promoted as the next Beatles and, if I think that it's not that hot, I'm gonna say that it's not that hot. If some band releases a poor album, I don't see any point in harping on the fact that it's junk. You can talk about other things in the space you have allotted."

TOMMY NAST, WSYR: "If I really don't like a record and it's really stiffing out, and I want to say something about it, I'll say it. I try not to be negative on artists though, because I just don't like bad-mouthing them, unless they give me a reason to do so."

ROB LIRSHUTZ, WHJY: "I generally don't like to talk about records that we're not playing that are not any good. Our not playing the record speaks for itself. As for the records we are playing that have stiffed, we don't find too many of them. I usually like to promote things that are worth talking about."

RON NENNI, WRVX: "I think it's important to be honest. If I feel a record is a stiff, I'm gonna say it's a stiff. And if it's stiffing out, we should be the first ones to tell our record people that the record isn't doing well. We have to give new records a bit of time to prove or disprove themselves. Honesty is the best policy."

MARTY SCHWARTZ, ELEKTRA (213-852-7211): "The Gamma 12" is flying on the radio. This is just a taste of what's to come on Gamma 3. 'Right The First Time' is the single, so please try and key in on this track. We're confident that most of you will be two or three tracks deep within the month. As you read this you will be receiving a debut of a very special band, Fay Ray. Take the time to listen twice to 'Modern Lovers'. It's a mo-fo, and could go the distance should you guys and gals get behind it. I know we are, so you'll be hearing from us...Currently starting to warm up are: Bill Champlin's 'Runaway' and 'Take It Uptown'; Lou Ann Barton's 'Brand New Lover'; and Terry Scott's 'Over And Over'...As for those of you who have jazz shows, how about featuring the Elektra/Musician sampler? We'll supply all the bio info and the entire catalogue for giveaways in order to introduce this wonderful new music and label. Call your local rep for follow-through...We're all very excited around here about what we have out now, and what's upcoming. Dig this! In the next few months, you'll have a new Greg Kihn (March 19th), Dan Siegel (March 5th), Warren Zevon, Don Henley, 'Reggae Sunsplash' from the Bob Marley tribute concert, Patrick Simmons, and Glenn Frey to name just a few. How's that for ridic?"

KEN BENSON, EMI (1-800-421-4155): "The Dwight Twilley album 'Scuba Divers' is here now and on the air everywhere from Abrams to Hard, from Pollack to Sebastian, and from sea to shining sea. The leading tracks 'I'm Back Again', which he obviously is, and 'Somebody To Love'...The J. Geils album is #1 with silver bullets everywhere again. The new single is 'Freeze Frame' debuting on Billboard at 67 with a silver bullet, and the track 'Flame Thrower' is definitely worth your attention...John Hall album is definitely an album that just won't stop. 'Crazy' debuts on WCMF, and WPLJ. Get 'Crazy' with the John Hall Band...And lastly, a big congratulations to Scott Kranzberg and his staff at Boardwalk Records on an incredible promotion job on the Joan Jett album. It just goes to show the little guys can hit you just as hard, even if it is somewhere else."

MARK COOPER, ROBOX RECORDS (404-451-5997): "To Bone, the king of sick lines, who I spent many hours with arguing about playing records released by the old Atlanta label he worked for, that specialized in F films when I was at the old KUDL in Kansas City. Here's the KC calls sick line: KUDL, or Kuddle as it was known then, was a KWKI (or quickie) after Lee Abrams and Max Floyd discovered KY and shoved 102 up our formasses back in '74. By the way Bone, I'll never mention GRC again if you put me on the mailing list, and forgive me for never playing Mike Greene back then. By the way, congrats to Max for bringing one of the only survivors of the old, old KUDL (boss radio, the big 13-8), Wild Bill Scott (Robert W. who?), to Hotlanta at 96 rock. Scott was in true form yesterday, his first day on the air, as he blurted out 'testicles, testicles' while checking his mike (only kidding Scott--I had to 'gotcha' for our encounter at the Starship's 'earth' party on my first night in San Francisco in '78). Who says drugs have wiped out my memory? You remember, too, don't you Wild Bill?...Back to the KC lines. Sibling rivalry says stick it to him (someday I will, Jay), but common sense says keep your mouth shut kid, or your folks will take away your house key at your family spread in metro KC, then I could never go home again...Finally, on to new business: ZIGGURAT will begin to record their second album within a week of your reading this. I'm talking serious contender this time! The band has been working southeast clubs for the past few months, while preparing some MEGA music. Look out for the ZIGS rock and roll, and I'm talking no ZAGS. As Bill Harris of cable TV's Showtime in Hollywood says, 'We'll talk again'. (Yes, he should trim his mustache--I noticed some week-old lasagna during his last report)...Oh, I almost forgot, Lee Arnold, it's great to have you back on the dial where you should be. (You all know Lee Arnold--the bore that makes Milwaukee famous---Only kidding Lee--M-m-m-m-wah)...Hey MCA, Donnie Iris is the best song on the radio today."

WENDY PRICE, STIFF RECORDS (212-431-1600): "You don't need cotton or earplugs when you hear GIRLSCHOOL loud and strong. These 4 women are simply going to rock your socks off in a matter of a few weeks. Get ready, because here at Stiff we're starting the ignition of the first U.S. Lp 'Hit And Run'... As for music for right now, Ian Dury's Greatest Hits record should undoubtedly find its way into your libraries...Without all the personals, you know who you are, it was great talking to you."

STEVE LEEDS (212-489-4731): "Dwight Twilley has finally made the record that radio can respond to... Glass Moon will put Radio Records on the map...All MDs should check out their 'Second Opinion' from 4 Out Of 5 Doctors, especially 'Dawn Patrol'...Check out the tasty licks from John Hiatt and Ry Cooder on 'The Border' movie soundtrack...Joan Jett continues her climb to #1...It's now 700,000 later... The last 3 weeks I've been on the road and caught the Jettstream, so thanks for the upstate New York hospitality: Tommy Nast, Howie Castle, Ed Levine, Amy Dahman, and Steve Becker in Syracuse. And in Rochester: Trip and Maureen Reeb, Dave Kane, Orest, Roberta Haber, and Tom 'donuts' Hunter. Belated Floridian thanks are due to: Sonny Fox, Buddy Hollis, Steve Huntington, Al Peterson, Greg Stevens, Mark Stevens, and Neal Mersky. If you're listening in the car, thanks for the ride to Rob Barnett and Steve Stockman...The Canadian invasion continues with 'Wrap It' from Doug and the Slugs. Catch them on tour as they must be seen to be believed...If your playlist is sagging for some credible rock and roll, the debut from Riggs should do the trick...Bonnie Raitt's cover of NRBQ's 'Me And The Boys' sounds real hot. If you think 'Don't You Want Me' by Human League is too out there, then you're not in sync in '82...One group to remember in '82 will be Cheetah, the latest export from Australia...Happy 5th anniversary to WRCN...Ilyse, keep on dreaming and remember, life is just a 'tug of war', so as Carl Perkins says, 'get it' (while you can)."

MICHAEL PLEN, IRS RECORDS (212-980-6874): "To start, just heard two records that totally blew me away. XTC's 'Senses Working Overtime' and the rest of the English Settlement album which is incredible. Anyone who misses it should be shot...Also, at all costs, find the Plimsouls new record on Shakey City Records called 'A Million Miles Away'. We're talking about major hits here...As for my stuff, this Wednesday is the Grammys, and as you read this, we just went Platinum on the Go Go's, one million sales...I'm working hard now on the Fleshtones. Please go back to this, as I'm sure it's very easy just to pass it by, since big adds and big push aren't always accompanying IRS's efforts. We get them played and break them market by market. Right now we're finding sales and airplay success in Boston, New York, Cleveland, Dallas, St. Louis, Chicago, and LA. Please go back and check out 'Shadowline' and 'Ride Your Pony'...Coming soon: The Eraserhead Soundtrack, Jools Holland from Squeeze, Tom Robinson, and many more exciting things...Personal to WCKO: Your printed story is very one-sided...Vejur quote: Oblique strategy...Play the Human League, if you dare."

SEAN COAKLEY, ATCO (212-484-6400): "Well, after 15 weeks of commenting on Eddie Schwartz, it's pretty hard to think of something which hasn't already been said. 'Over The Line' ships this week as a single. If Jerry Cooney thinks he's sore, wait till he meets the author of 'Hit Me With Your Best Shot'...A lot of you have been asking about the band behind Stevie Nicks' live 'Edge Of 17', so here goes: Miss Nicks, vocals; Sharon Celani and Lori Perry, backup vocals; Russ Kunkle, drums; Waddie Wachtel, guitar; Bob Glaub, bass; Roy Detene, piano; Benmont Tench, organ; and Bobby Hall, percussion...Personals: Dave Logan: Congratulations brother, and now I know why they call you superman!...John and Maryellen Gorman: Great timing and best wishes."

JOEL WEBER, INDEPENDENT (212-255-7408): "I made my way to upstate New York with Joan Jett and the Blackhearts to witness first-hand the state of radio in the Tundra. Thanks to all the radio people who made my trip there with the band so much fun. Tommy Nast sure knows how to introduce a rock and roll band! However, I suggest that any promo person travelling to Syracuse, wear a black jacket and army helmet, as the radio wars have been known to take their toll on innocent record people...Truth is stranger than fiction. WCOZ adds Soft Cell. Somebody tell Jay Cox about that! I couldn't be happier about it, even if I was working it myself. That's the kind of musical move that gives a little hope in the future...If COZ can show such good taste, so can everyone else with OMD's 'Souvenir.' It's well on the way to being a hit single in Canada, which makes the USA practically the last place on earth 'Souvenir' hasn't been a hit...Please be aware that the Act Lp should be in the vicinity of your desk. This one deserves a thorough going over. Don't make me yell at you, avoid the rush, listen to it now...Coming soon, the first independent heavy metal label...A cultural note: Be sure to check out Jerzy Kozinski's new novel 'Pinball' which is about a recluse rock god and a woman who will give anything to find him. It's the first time, I believe, that a major literary darling has written a rock novel. It's very sexy and very interesting... To Susan Heiss: Don't you know the difference between Head skis and skiing on your head?"

BILL MCGATHY, RCA (212-930-4095): "Coming this week, a 12" from the upcoming Rick Springfield Lp 'Success Hasn't Spoiled Me'. The Lp was produced by production wizard Keith Olsen (his credit list is long), and the cuts are 'Calling All Girls' and the upcoming single 'Don't Talk To Strangers'. It should be an automatic...Till next week, cheers!"

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "A lot of things to talk about this week. First of all, 'Don't You Want Me' by the Human League will be a plutonium monster. This track has the goods to go all the way...Onto the Waitresses. There are still some of you who don't understand, just like you didn't understand with the Go Go's. These retail figures do not lie: #7 Elroy's; #22 Tower, Berkley; #24 Lieberman rack in Minneapolis; breakout Tower Mountain View; #11 Tower Records, Westwood; #22 Record Rendezvous, the big outlet in Cleveland; #20 Tower Records, Hollywood; breakout the National Record Mart, Pittsburgh; a breakout at the Record Bar; a breakout at the Integrity Warehouse Chain. These are all cold, hard facts about The Waitresses. 'I Know What Boys Like' is a record you will not be able to ignore much longer. I repeat--just like the Go Go's... Other hot items: '867-5309' by Tommy Tutone is confirmed. Next, the Huey Lewis is a confirmed smash. Next, more great comments about Eye To Eye. Be sure to check out Dave Lange's favorite 'Nice Girls'. Reorders are happening already in Los Angeles and San Francisco. Go George Gerrity!... Applause to Buck McWilliams for his Tim Goodman/CBS challenge. Tim Goodman is a star. Everyone needs to go back and listen to this record, especially 'Footsteps In The Night'...Soundtracks: Check out 'Skin Games' and 'It's Too Late' from Ry Cooder and John Hiatt on 'The Border' soundtrack... Coming soon, the David Bowie 'Cat People' track which will be a #1 record...My radio show is on KCSN, Los Angeles. I remind you, I play only new records, and a lot of you are not promoting me. What's the problem? Don't you want your records played, especially the new ones? Read my lips: My gut is my consultant. I'm trying to help you. Let's hear from you. Send me all your advances. Wake up!! I also interview artists. Tom Petty, Tommy Tutone, Tim Goodman, were all on my show. This week it's Josie Cotton, next week Dwight Twilley. Call me if you have an artist you can't get anyone to interview or a record you can't get anybody to play...And, finally, somebody please take the Los Angeles Kings."

LENNY BRONSTEIN, HEAVY LENNY PROMOTIONS (213-450-6224): "Listen, I don't get this nuts real often. But when you play a song over 50 (yes, fifty) times a day every day, you know there's a hit staring you in the face. Every time this has happened to me, the song was top 5 (usually #1). It is the unqualified best new song I've heard since Police's 'Roxanne'. It was #1 for ages in England in '81, and I sing it in my sleep (between snores). If anyone fails to play it, they've missed the best song of '82. I dare you to play it 3 times in a row and not sing the chorus in your strongest 'Ed Sullivan Show' voice. If it's not the #1 song on the Index at some point, it's a major transgression (and I'm not even working it). This is the best signing at A&M since the Police. The song is 'Don't You Want Me' by Human League. I can't function without putting the 12" on my turntable with the repeat button in permanent position. I almost lost faith that records could be so good. Anyone can quote me that this will be my #1 song of the year. By the way, there are 3 or 4 other hits on it, if you think it's one-hit stuff...My other thought I've been forgetting to write about is the sincere effort of A&M, RCA, and hopefully others to release new artists at \$6.98 list, putting records back under \$4.00 at discount chains for the consumer. We need every shot in the arm as an industry to sell not just hear new artists on the radio. I don't think we can moan about not getting our shots, even from most consultants (though we bitch about slow and infrequent rotation vs. oldies), but we must learn to translate it to attractive packaging, marketing, and retailing. If the lowered list encourages more experimentation by the consumer, it is the job of retailers to pass on that discount, and make buying multiple records more attractive. Radio should find ways to work hand in hand with retail to get more listeners into supporting the artists they play and listen to...Stay heavy."

WYNN JACKSON, INDEPENDENT (404-321-5228): "Back off the dusty trail after 3 weeks and couldn't be happier to be home. If you're planning a tropical vacation, go anywhere but the Bahamas. Film at 11...I got to hear a little of the Asia Lp per John Kalodner in LA last week, and believe me, this record could be the soundtrack for the second coming! Wetton never sang so good...I can't get enough of my Riggs cassette. Sure proof that this is the year of the new rock of Atlanta...Other future releases that will curl your consultant's hair are: Krokus and Graham Parker (by the way, Bone, you shouldn't be so rough on Drake's throat)...As for the rest of the currents, what can you say about Huey Lewis or Dwight Twilley. Both are very listenable, mass appeal rock records... I may be prejudiced, but I still can't understand why no one has signed the Robbin Thompson Band. With radio support spreading constantly and the best songs the man has ever written, it amazes me... Hey, Sneed. Great promotion, eh? The March 1982 Pillsbury-Porkchop-Weigh Off. Certainly hope we can make it in for that one. I'll put my money on the Chop...Congrats to Craig 'Temptation' Lambert on the new company, Middle Of The Lake Promotions...To Marko: Thanks for the Hawaii trip...To Jim Sellers: I luv ya babe, you're beautiful, don't ever shave...In heavy rotation at Wynn: Aldo Nova, Duke Jupiter, the Bruzer cassette 'Something Good', UFO 'Writer', and Riggs, Riggs, Riggs...Well, time to hose off."

RECORD ACTION CONTINUED

J.B.BRENNER, A&M (404-455-7504): "The Human League record continues to captivate audiences across America. Once again we can see the same pattern develop that broke the Police and the Go Go's. The Indicator stations (who sell records regardless of ARB numbers), combined with Top 40 stations, are breaking the Human League. Mainstream album radio, for the most part, still have the attitude that if it's different, it can't work--a self-defeating philosophy in the long run. Along with the single, 'Don't You Want Me', also check out 'Love Action', 'Seconds', and 'Darkness'. Join the Human League now before Spring training...Johnny and the Distractions' debut album, 'Let It Rock', continues its assault on the airwaves with still another Most Added week. 'Complicated Now' is out front, followed by 'Shoulder Of The Road' and 'My Desire'. With all the upward rotation moves, it looks like Johnny's gonna be around for a while...Speaking of being around for a while, how about the Go Go's and Bryan Adams. By the time you read this, those golden girls of IRS will be those platinum girls of IRS. With their album bulleted at #3 in Billboard, this one is targeted for numero uno. If you said you would never play the Go Go's back in July, don't worry--just add it and never say never again...Bryan Adams is currently touring with Foreigner and continues to break around the country with Top 40 beginning to kick in. Following 'Lonely Nights', we're seeing nice action develop on both 'Don't Look Now' and 'Fits You Good', Bryan Adams is on his way, and we're all going to be there when he arrives...The 'Doc Holliday Rides Again' is becoming a legitimate retail album in markets where it's being programmed. Sure, there's a backlash regarding this genre, however, perhaps it's due to the lack of good Southern rock. Doc Holliday is the answer. Go back and check out 'Last Ride', 'Lonesome Guitar', and 'Don't Stop Lovin' Me'. These guys are currently opening for Black Sabbath, and they're kicking ass and taking names...The Police continue to move upward on both airplay and sales charts. This one has the legs of a centipede. Part 2 of their current tour kicks off in Miami on March 12th."

JIM SELLER, CHRYSALIS (212-935-8750): "The phenomenal growth pattern of Huey Lewis continues. The 'Clint Eastwood of rock and roll' will soon be a household word. And, after only 3 weeks, a strong sales pattern is starting to emerge on both the album and the single. Proof of just how strong this album is--every cut on the Lp is being played somewhere!...The UFO is also showing good gains. Shoot me down if I'm wrong, but if this Lp doesn't kick your listeners into submission, they gotta be deaf or dead. They are off on a national tour, with the madman Ozzy Osbourne, starting February 17th. Now there's a show you won't be able to function rationally after...This week's faves: Dr. Hook single (yes, I also speak fluent Top 40), Haircut One Hundred, and Eye To Eye...Personals: Great seeing everyone in Nashville. Ralph and Warren, the next one's on me... And to sister Peg at KLOS: Your station did do a great job, and now get outta here...Until we meet again."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Congratulations and best wishes to John Gorman and Mary Helen on their wedding. Could be married...Bill's Pinch Hit of Aldo Nova turned out to be a grand slam...Well, it looks like Bill has another homer on his hands with his Pinch Hit pick of Duke Jupiter. I'll Drink To You' could be an anthem. Kal likes this one so much he's going to Red Page it...Other tracks on the Lp that deserve a listen are 'Rocking In A Motel Room', 'Rock And Roll Band', and the Seger-type song 'You Gotta Love The Wrong Ones'...Moonlight Drive's version of 'Gloria' is an add at WMET. The station is doing a show at the Park West next week with the band...Last but not least, if you want ski lessons, call Susan. Rumor has it she's great on the slopes!"

MIKE BONE, ARISTA (212-489-7400): "Oh my God! I'm late again. At least this time, I have a decent excuse. Today I'm in New Jersey at FMQB to personally promote the G.P. Ep and Lp, the Dregs Ep and Lp, The Krokus Ep and Lp, The Outlaws Lp, Jeff Lorber, and Gino Vannelli as well...But, before I get ahead of myself, let's not forget that Starfighters are still on the road cookin' in Texas and then on to Los Angeles (heavy play at KMET, I love it!)...Now on to Graham Parker. The G.P. Ep of 'Temporary Beauty' and an instrumental version of 'No More Excuses' (don't forget that banjo, blue grass fans), ships today. So hit it when you get it. Produced by Jack Douglas, the Graham Parker Lp is a mind boggler. I'm getting \$20 for every positive comment in next week's Hard Sheet so heavy on the chat, guys...The Dregs Ep of 'Crank It Up' and 'Blood-Sucking Leeches' ships next week. 'Crank It Up' features vocals by Alex Ligertwood (the singer of 'Winning' by Santana). Don't believe me, take Jeff 'Porkchop' Cook's personal example of shedding 15 lbs. of useless stomach to get into fighting shape for the Dregs forthcoming release. (Sneed: It looks like you've lost that bet)...The Dregs and Jeff Lorber Lps ship on March 3rd. The Outlaws, Graham Parker, and Krokus Lps ship on March 17th. Get ready for the good stuff from Arista (all at one time)... Personals: Drake: It's okay you aren't the only one that gets all choked up with me...Michele: I promise not to blow our relationship over one record. I wanna triple add on March 17th, okay? If I don't get it, I'm pissed...Several people called about A Flock Of Seagulls. Your Eps are in the mail. A tip of the camouflage to Buck McWilliams (alias Bucky Babes) for going out early on A Flock Of Seagulls...Jerry Jaffe: Thanks for the independent promotion job you've been doing on Krokus' 'Long Stick Goes Boom'. Your check is in the mail...One question though, now that Mercury is based in NY, why not change the label to get 1 IBM Plaza off and put 810 7th Avenue on? Meis Van Der Rohr wouldn't mind."

KATE INGRAM, DB RECORDS (415-928-6952): "We are indeed hot to trot with the new Pylon 45 here at DB, the little label that could. (Remember the engine?) Like I said last week, you'll be hearing from me...In the local boys make good department: Sammy Hagar has come out with the best Lp he's ever done; Greg Kihn (who finally got the hit he deserves), played three Bay Area clubs in one night this weekend. (Elvis Costello did that once in Manhattan, but this was a bigger geographic area); Van Morrison sans manager has come out with a wonderful Lp (though not exactly on the track of mainstream radio these days); and Ronnie Montrose (who looks like his day in the spotlight may be upon us) has just released Gamma 3. It's definitely a move in the right direction hitwise... Valentine's weekend was a big one for the Bill Graham concert organization. The Police and AC/DC gave the Cow Palace its most raucous crowd since the Beatles in 1964, and Prince danced his ass off here in town. If the shows keep happening at this clip during 1982, Neil Young was right---Rock and Roll will never die."

THE DOG'S BODY, POLYGRAM (212-399-7071): "Okay, okay, okay. I was hit with all the good stuff coming from Polygram in my first week here in NYC...Rainbow and Scorpions both have great albums coming at you in the next few weeks...The Jam's new album sounds excellent; the single in England went straight to #1 in the first week...Al-l-l-l-r-r-r-right!!!...Jim Sotet mentioned The Call last week. 'War Weary Worlds' is my fave rave on the album. Give it a spin; it really is a strong track. I enjoyed seeing all my compatriots back in radioland down in Dallas this week. (Tom, Janel, Sandy, et al). Although it was a little brief we'll all stay in touch...It still is a little strange saying 'we' instead of 'them' here at 810 7th Avenue, but I'm sure I'll get used to it. That's all for now...T.T.F.N."

JUDY LIBOW, ATLANTIC (212-484-6063): "Don't think I'm crazy. There's a new AOR format--Abba oriented radio!! I swear it's for real! Since last week, KGB-FM has given the nod and after one play received 8 phone calls! Remember the 'resistance' you had to the Go Go's? Well, where did that go? Please give 'The Visitors' a good listen. It's as accessible as anything I've heard recently! Thank you. Crusade over...Another good week for Glass Moon! The lead tracks are: 'Carousel' (the single), 'Simon', 'Take My Heart' and 'She's On'...Also receiving significant airplay is the new album from Jean Luc Ponty, 'Mystical Adventurers'. Please check out 'As' (the single and 12") and 'Rhythms Of Hope'. This is a multi-format record...Still tearing up the turf: AC/DC and Foreigner...Up and coming: 'Man On The Corner' from Genesis; 'Brown-Eyed Girl' from Henry Paul Band; 'Evil Walks' and 'I Put The Finger On You' from AC/DC...Shipping in a few weeks: Carole King (all new), Godley/Creme (formerly of 10cc), and the soundtrack to 'Death Wish II' with music by Jimmy Page...Enjoying this week's pseudo-spring in the city, hope you've all melted!..Droid, come home!"

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "Good to be back, yadda, yadda, woof, woof. Here's the latest bebop. Audio Independents Inc. is a non-profit support organization which assists the nationwide community of independent audio producers. Come on now, I know that there's a lot of closet independents out there making little programs about this and that who need some help. Write for information. If you're programming a radio station, and you're thinking beyond the Beatles A to Z, there are things going on that you should know about. Call for details. The spirit lives. Think independent, if you need it, we got it. Write for newsletter to Airwaves, Audio Independents, 1232 Market Street, Suite 105, Bagdad by the Bay, California 94102."

TUESDAY - FEBRUARY 23

TODAY IS A 7

This is a hyper day that can easily be turned into a fine, creative time period. The reason for this is that the New Moon is exact at 4:14 PM, EST with the Moon and Sun at 5 degrees of Pisces at a difficult 90 degree square to erratic Uranus at 5 degrees of Sagittarius. What we have here is the drive for new beginnings with an eccentric twist from Uranus. If you expect this to be a quiet, normal day, you will find a disaster on your hands. On the other hand -- should you allow events to run their own course, creative ideas will abound. Most people will be exhausted by tonight, so plan to get some rest. Jupiter is about to turn Retrograde -- more on that tomorrow.

WEDNESDAY - FEBRUARY 24

TODAY IS A 5

Today is a day of another major change, as if 1982 hadn't dealt us enough curve balls already. At 0:40 AM, EST, expansive Jupiter at 10 degrees of Scorpio turns Retrograde until June 27. This is NOT a time to expand your power base; hence, promotions or new positions tend not to work -- well -- more than "tend" not to work. Another dominating angle is exact at 5:32 AM, EST when loving Venus at 27 degrees of Capricorn is at a harsh 90 degree square to disruptive Pluto Retrograde at 27 degrees of Libra. A love of change results and as long as these are mental changes all should be well. Practical, mundane changes? -- Oh no! Moon in Pisces is not Void-of-Course so let's "cool it," and that includes tonight, too.

THURSDAY - FEBRUARY 25

TODAY IS A 5

Post New Moon - it's still rampant, and the Moon in Pisces is Void-of-Course from 8:29 AM, EST until entering fiery Aries at 1:18 PM, EST when a lot of very aggressive behavior takes hold. Since Mars, Jupiter, and Saturn are all backing up (Retrograde) it would be far wiser to take a long hike as opposed to pressing forward trying to reorganize. Be wary of those bearing awesome ideas for change for at 10:14 PM, EST mental Mercury at 10 degrees of Aquarius is at a 90 degree square to philosophical Jupiter Retrograde at 10 degrees of Scorpio. All day long the cerebral juices are active, but those who shove to implement those ideas will find that they get a "TILT!" Great night to Rock n' Roll with "A Fire Down Below."

FRIDAY - FEBRUARY 26

TODAY IS A 5

Moon in action starting, fiery Aries is not Void-of-Course so a quick note. None of the changes we are experiencing should throw you. After all - we having been going through these changes of various varieties since Jan. 29! Ideas, images, and "the sound" can be easily tackled, but restructuring just won't fly -- nor will the initiation of new ventures. Just watch those who attempt mega organizational changes and the resultant disasters. Energy is still at high tide and this is a fine Friday night to Rock on out. You will even be able to note how much more aggressive drivers are today. And to Tom Cale at KLOL, our "ARIES PRAYER:" God give me patience, and I want it Right Now!

SATURDAY & SUNDAY - FEBRUARY 27 & 28

SATURDAY IS A 7 & SUNDAY IS A 7

Had either of these days been a work day, I wouldn't have been very enthusiastic. But Saturday is quick to start, and we can use the get-up-and-go -- for the Moon is Void-of-Course in Aries from 2:45 PM, EST until entering fixed, earthy Taurus at 5:33 PM, EST. Both evenings are more quiet with emphasis on close friends and smaller social gatherings. Pressure in personal relationships should not be allowed to explode -- Venus will change signs next week and help clear things up a bit. Pleasure should be your top priority Sat. eve and Sunday. The Moon in Aries Sat. morning should allow you time to get errands completed. After that -- come on over and I'll make you some home made pasta.

MONDAY - MARCH 1

TODAY IS A 6

What an optimistic day! This is due to an angle exact at 0:11 AM, EST when the Sun at 10 degrees of Pisces is at the easiest of angles -- a 120 degree Trine -- to optimistic Jupiter Retrograde at 10 degrees of Scorpio. This produces a general "up" feeling about ourselves -- at least until the postal person delivers the bills. UGH! Moon is in practical, earthy Taurus and is Void-of-Course for a lousy 26 minutes beginning at 8:25 PM, EST until entering Gemini at 8:51 PM, EST. Slow yet steady wins the race today, but the evening hours are good for whatever you want to do -- especially great for rap sessions. Should your Love Life be a bore -- take heart -- Venus enters Aquarius at 6:26 AM, EST tomorrow -- and more on that on the morrow.

NBC Radio's Young Adult Network

The Rock Report has learned the working title for the new BOB SEGER album. It's called "The Distance". Seger is currently working on the Lp in a New York studio with Springsteen producer, Jimmy Iovine. There is no scheduled release date. Iovine, by the way, will be shuffling back and forth to L.A. where he is just beginning work on Tom Petty's follow-up to "Hard Promises".

THE WHO are going back into the studio the beginning of March to complete work on their next Lp. They are currently resting while Pete Townshend finished work on his solo follow-up to "Empty Glass". Townshend is working again with producer Chris Thomas on the Lp. He will rejoin The Who to complete their album which is expected to be released by June.

The ASIA tour of North America begins April 23rd in Albany, New York. They'll be playing small to medium sized halls. We have uncovered the following tracks for their debut Lp which is due next month. They are: "Soul Survivor", "Wildest Dreams", "One Step Closer", "Time And Time Again", "Without You", and "Crossing Line".

Word is that the next BOZ SCAGGS Lp will be produced by the Commodores Lionel Richie.

The Rock Report has a release date and a title for the reunion album of CROSBY, STILLS, and NASH. The Lp being recorded now in New York is tentatively titled "It Could Be Daylight Tomorrow", and is slated for April release. Stills and Nash collaborated on 2 tracks. The remainder of the songs are individual compositions.

JETHRO TULL has just booked a 41-date European tour starting in Oslo, Norway on April 1st. An American tour is expected by late summer. The new Lp will be called "Broad Sword", and is produced by band leader Ian Anderson. It is slated for April release.

BIRTHDAYS THIS WEEK: 2/23: Johnny Winter is 38, Rusty Young of Poco is 36, Steven Priest of Sweet is 32, Brad Whitford formerly of Aerosmith is 30; 2/24: Paul Jones of Manfred Mann is 38, and Nicky Hopkins is 38; 2/25: George Harrison is 39; 2/26: Bob Hite would have been 37; and 2/28: Brian Jones would have been 38.

PORTLAND-Joe Maïta

	<u>SALES</u>	<u>POTENTIAL</u>	
Tommy Tutone	3	6	Very little activity.
Aldo Nova	6	10	Showed up in our top 30 last week. "Fantasy" definitely stands out over the air.
Soft Cell	5	8	Surprisingly good sell considering there is virtually no airplay.
Waitresses	-	-	
Le Roux	2	8	

	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Huey Lewis	60	L-M	Fairly good retail buzz already.
Paul Collins	40	L	Not much beyond his Bay Area following.
Dwight Twilley	75	L	Lots of fans out there.
Glass Moon	40	L-M	"Simon" sounds awfully good. "Simon" says, play me.
Human League	60	L	45 sounds like a hit.

"The Godley-Creme record is amazing. Also, be sure to give a listen to the Chas Jankel Lp...When extremely conservative publications, such as Time Magazine and The Chicago Tribune, point out to their readers the inadequacies of radio and records, I'd say it's time for us to take note. How much longer can this industry deny to the public alternative music? Unemployment is the highest since the 30's, there seems to be weekly threats of conflict, race relations haven't been quite this strained since the 60's, and all that musicians seem able to express, and all record companies and programmers seem willing to expose, is '3 chord, mind-smuttering, Mickey Mouse music'. The writing is on-the-wall. The smart artists, record companies, and programmers will be the ones who express themselves through their music as art, not as a piece of product. We constantly hear of progressive music and radio coming full cycle. Can anyone out there think of a better time to begin than now?...By the way, if anyone can identify the famous American who coined the 'Mickey Mouse' phrase, go to the head of the class."

DALLAS-Dave Nichols

	<u>SALES</u>	<u>POTENTIAL</u>	
Tommy Tutone	3	8	Just got airplay, and expect to see a substantial increase from that shortly.
Aldo Nova	2	8	Sales haven't really kicked in yet, but we expect them before long.
Soft Cell	2	7	Seeing some sales, but we're a little concerned about the life expectancy of this record.
Waitresses	1	6	Only marginal sales so far.
Le Roux	3	7	Growing with each passing week.

	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Huey Lewis	75	L	We expect things to pick up rather rapidly on this one in the next couple of weeks.
Paul Collins	50	L	Not much happening here yet.
Dwight Twilley	65	L	Even though it's been a while since we've seen anything from Dwight, this record has a good shot because it's hot stuff.
Glass Moon	60	L	Good Lp, but we'll just have to keep an eye on it.
Human League	40	L	Good record, but it's a little early to say.

DENVER-Gary Abrams

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:
When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
