# FMQB ALBUM REPORT

March 19, 1982

**BILL HARD, Editor**

### Hard Choice

#### FRANKE AND THE KNOCKOUTS, "BELOW THE BELT", MILLENNIUM

Their debut was one of the bright spots in a year that was tough on new bands. Against the odds, Franke came up with two hit singles, and locked up serious album rotation on "Come Back" and got rave reviews on tour with the Starship and April Wine. For the second round, they're definitely rocking harder, and based on the response to the apparently effective listening parties, we guarantee major calls quick-pronto. Key cuts will be "Keep On Fighting", "He Never Had It Better", and "Just What I Want".

### Easy Choices

#### \*KROKUS, ARISTA

Considering the 12" has gone on over 85 stations (including KYYS, WBBN, KORS, WLVQ, WIOF, KYTX, and KMET) in the last two weeks, this is as easy as a Front Page shot gets. "Long Stick Goes Boom" bangs into the Song Index at #16, and it smells like at least a top 20 track to us. As KMET's Dave Benson says, "We'll add Krokus just to see if we can get into Mike Bone's comments, or do I have to mention Polaroid? If the gear-heads don't attack Krokus for the blatant AC/DC imitation, they'll probably go for it."

#### SPEC WITHN, "WHINTNUED", BESERKLEY/ELEKTRA

We think "Testify" picks up where "The Breakup Song" left off. It's ultimate suburban rock and roll. Instantly hummable, infectious and endearingly unpretentious--and just in time for Spring. The "Higher And Higher" cover is red room rock deluxe, and "Robby Man" is neat, too.

### Chain Reaction

*You will not  
miss these records, period--fore!*

#### ASIA, GEFLEN/WARNER BROTHERS

Last week it got our vote for Album of the Year, and this week the radio ballots rolled in--109 adds (most ever for a new group), and the most laudatory comments we can remember--obviously a brilliant set up from Geffen. With programmers so excited and committed, this is how the public is reacting: From Premier Talent's Frank Barcelona, "We had an enormous advance in Chicago. We sold out Baltimore and Washington before the album was released. Philadelphia and Santa Monica sold out in just one hour. I haven't personally seen this kind of reaction in the business for five or six years. We're getting calls from the different promoters around the country saying they're checking with the record store owners in their regions, and the stores are selling out of the album in hours. For a new act to come out with this kind of excitement could be the first real sign that the business is coming back. It's incredible"... How to radio: Judy McNutt, 42B-FM, "Audience response is unbelievable. I haven't seen this much audience anticipation for a new release probably ever"... Charlie Logan, WFV, "Already pulling incredible phone response"... Joe Bonadonna, WMMR, "After only a couple of days play, already pulling much phone action"... Robert Haber, WMOJ, "I threw it on the radio and those phones just went crazy. Listeners are intensely interested"... Dave Langle, WQVE, "Audience reaction is through the roof. Since one of their first tour dates is here in Pittsburgh, the audience is showing tons of anticipation and excitement. It kind of reminds me of the good old days"... Mark Miller, WQK, "I've never seen the audience react so wildly and so positively"... Don Rodell, KORS, "No doubt in my mind that this will be the biggest album of the year. Phones are already incredible". And the clincher: from WLVQ's Tim Smith, "You know a record is a treasure when promotion people tell you they're going to buy it, unable to wait for a free copy."

#### CHARLIE DANIELS BAND, "STILL IN SAIGON", EPIC

The topical theme will elicit response and it's one of Charlie's better songs. A guaranteed high profile reaction track. Overall #2 Most Added with 83 (the third highest first week total this year behind Asia and Rick Springfield), including an impressive 29 Level 1 stations... Comments: Dave Logan, WLVQ-FM, "Kind of hard not to play this one"... Joe McCabe, KYYS, "Saigon" will hit the hearts of many, and I echo Bill's "Thanks for no fiddle" sentiments"... Rid Leo, WMS, "Charlie Daniels has come up with what could be the most powerful song he has ever done. Already very active phones"... Dave Krusenklau, WQDO, "Already getting positive phones. Probably one of the most socially relevant tunes I've heard in quite a while"... Paul Heise, WOPQ, "While the Reaganauts are drooling over the prospect of intervention in El Salvador, it takes Charlie Daniels to remind us that for some, the Vietnam War still isn't over. 'Still in Saigon' is a very powerful statement"... Bob Majorsky, WAUS, "'Saigon' is extremely powerful with requests and has taken off as one of GFB's best stories to date. Made 18-34 calls"... And from Dana at KUMF, "Immediate phones--a great song."

#### TIP:

#### WENDY WALDMAN, "HEARTBEAT", EPIC

Great drums, urgent vocals, and a not lisible hook make this the most dramatic turnaround to cross our desk in months.

## CHAIN REACTION CONTINUED

### SCORPIONS, "BLACKOUT", MCA

Two big weeks back to back--#2 v. #5 last report and back with another 27 for #3 Most Added. New at these heavies, WCOZ, WCMF, DC101, WIYY, WLUP, KZEW, KOMI, and KSJO...The week's second highest debut at #24 Index/\* Metro... "No One Like You" debuts at #12 on the Song Index...Strongest early spins on WEBN, KGON, WPHY, WLPX, WRCN, WMJQ, WAVA, WLLZ, KPKE, KWK, KZOK, WYNF, and KRQR...Reaction: Dana, KOMI, "Scorps have another smash out-of-the-box. Top 25 sales and jumps right into top 5 phones"...Drake Hall, WYQ, "They're burning up the phones and the amazing thing is they're not all 15 year-olds"...Curt Gary, WEPN, " 'No One Like You' is undoubtedly a license to print money. My god, I've never seen anything come out-of-the-box so fast...Kid Leo, WMMS, "Automatic phones. We've always gotten immediate calls but these are heavier than usual"...Dave Lange, WDV, "Phones right away for 'No One'...Greg Gillispie, KEZO, "On the air a week and already moved up due to tremendous phone response. Obviously the best Scorpions album yet"...The Doctor, WYFE, "Lots of phone calls here too"...Finally, Rob Rittens, WHCN, "I've never been much of a metalhead, but I do like 'No One Like You'."

### DREGS, ARISTA

Continued great airplay. The Dregs blast their way beyond the cult with the new vocal track, while maintaining their base with instrumentals. Is everybody happy??!!...19 new adds take us to a total of 73 reporters in 2 weeks...New on the Back Page at #39, #47 Metro... "Crank It Up" went 68-34 on the Top 100...Hottest station reports from KQRS, KSJO, WXRT, KISS, WRKK, KTIM, WLIR, and WQBK... This is how WTUE's Jim Kinney sums it up. " 'Crank It Up' is the smartest move these guys will ever make."

### ROGER DALTREY, MCA

It started as a peripheral offering, but you can't deny the 55 adds in three weeks, including new air on WCOZ, KMET, WYQ, KLOL, and 13 more for #5 Most Added. Other heavies on the case include WMMP, WCMF, WNEW-FM, WPLJ, KSPP, WLUP, and WMET...A near miss on the Metro list, but new at #49 on the Airplay Index... "Martyrs And Madmen" debuts at #48 on the Top 100... Dave Gariano says "It's gonna be a hit, it has those Who overtones and just sounds great on the radio."

### DAVID BOWIE, "CAT PEOPLE", BACKSTREET

I'll admit I had a hard time hearing "Under Pressure", but "Cat People" drilled me on the first spin. Radio likes it too, 38 first week adds...Comments: Bob Linder, WDHA, "Rowie's title to 'Cat People' is one of his best compositions. A real definition of superstar is the ability to be constantly entertaining and innovative. Bowie's theater of the mind in music and video add up to superstar plus"...J. David Holmes, KDKB, "We say the theme song from 'Cat People' by David Bowie is an instant request item. The intro is a bit bizarre, but then it gets cookin'. Bowie's one of those rare performers that deserves the title of 'artist'"...Dave Kane, WCMF, "Once you get past the initial strangeness of Bowie's 'Cat People', it really pulls you in"...and Pat Principate, WRNW, "David Bowie's 'Cat People (Putting Out Fires)' is tremendous. As soon as that single came in, I scooped it up and put it on the turntable. Bowie can't do a thing wrong. The man is truly talented."

## Radio Action

WNOR-FM, NORFOLK, VA P.D.-RON REGER: "When I was a teenager, I could sit for hours listening in a state of rapture to the same song over and over again. It was the magic of the power in the music that made listening to the radio such a thrill. I am in this business because of songs like 'She's Not There', 'Things We Said Today', 'Summer In The City', 'Born To Run', and only a couple dozen others. I truly regret that after a few years in the business, listening to the politics of the industry, the hype, and the latest weak copy of a new trend has become such a chore. It has been so long since I felt a deep thrill of a great new song that I've begun to realize it must be me who changed. I must have become so wrapped up in the duties of a Program Director that I can no longer appreciate the beauty of a great song. The only other potential explanation is that there haven't been many great songs lately. Thank God, the magic still exists. Asia is a thrill. I've been listening to 'Only Time Will Tell' and others over and over again with a joy I haven't felt in years. I want to thank anyone who is responsible for this. It's a damn near perfect record. The magic and power feel great."

WOXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Seeing as everybody is talking about Asia this week, let my silence attach to its greatness...A big Southern welcome to: George Hawras. I know that at least he'll love the weather down here...I've got to run to be in a parade, so we'll check ya next time."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "Great meeting and serving time with Susan Lynch and Paul Collins this past week. I think it a great idea to take artists around to meet radio people. It benefits both sides of the radio and record industry to get an effective line of communication established. I'm impressed at how aware artists are and how interested they are in radio...Congratulations to: Jim Sotet on your new gig. Jim, you need to check with Dave Lonca about a special beer he's sending you from Milwaukee...With entertainment dollars at a premium these days, I have seen a lot of retail reaction to newer product in this marketplace. It's really exciting for a change. For instance, Joan Jett is #1, Go Go's #2, Scorpions #3, Rick Springfield #6, Aldo Nova #7, UFO #10, and the Dregs #11... UFO put on a hot show last week, which we co-sponsored. We gave out UFO-LPX collector series concert buttons and had a banner contest where we gave away an Atari home video game...The Asia Lp: How timely and ultimately musical this material is--should have been the direction Yes went...Roger Daltrey: The unreleased 'Martyrs And Madmen' makes this album important...Paul Collins: After seeing how this record doesn't want to quit, we've become believers in the infectiousness of 'On The Highway'...I liked the first song on the Iron Maiden cassette, even though I listened to it at 8:00 in the morning!!"

RADIO ACTION CONTINUED

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the week: Asia, 'Heat Of The Moment'. I've dusted off the term 'Supergroup' and applied it to rock collectives like calimine lotion to a cub scout pack. I was wary of this project at first, but after one listen, I said, 'The Goods'...If I thought there was a prayer that album radio would bother to listen, I would have popped Ray Parker, Jr. 'The Other Woman' as ROTW. But, not even Papal intervention could make the bullshit color barrier that will stop this from happening. Maybe if first Frankie Miller, then Bob Seger covers it, we'll hear it...I hit San Francisco this weekend and, as a result, really turned onto Bay Area music. Look for the new Eddie Money to come out swinging. Sammy Hagar sounds perfect. Huey Lewis came to the forefront of my consciousness (what a record!!). I saw the Tubes at the Old Waldorf. A heartwarming night for a band that's faced incredible trials. Their Who medley was a transcendent moment. Thanks to: Sandy Thompson for the in. It was great seeing Belle, Trish, and Eddie at the show...Also thanks for a visit here in Chicago to: Susan Lynch and Johnny Rounce of the Distractions; as well as the mentor of radio street kids everywhere, Don Jenner. His Franke And The KO's have gone into the heavyweight division with their latest. Check out: 'Never Had It Better'...Have you listened to Greg Kihn yet? Then 'testify' in that Hard Sheet, goddammit!!...Alright to Roberta Haber with her raspberries to Rick Springfield chronology... One name that is so misleading is A Flock Of Seagulls. If any comparisons are to be made, then make them to Pink Floyd and nothing else. And you do play Pink Floyd, don't you?...I must be off. The Green River in Chicago is leading me to the nearest Irish bar (next door) to talk directly to St. Patrick himself."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "First of all, I went up to L.A. on Monday night and joined the Rockline staff for Rick Springfield and Aldo Nova live on the radio. Rick Springfield is wonderful--very nice, cordial, patient, and has a lot more character in his face than you see on television (assuming of course that you watch 'GM'). He brought his mom with him, and she charmed everyone. She was real hip and thoroughly enjoyed traveling around with her son...I think the Asia is really fine work. We especially like the first song 'Heat Of The Moment'. The vocals are terrific. Audience response is unbelievable. I haven't seen this much audience anticipation for a new release probably ever. I don't think listeners usually care that much about new groups' Lp's, but they're asking about this one. Of course, everyone in the group has a history. But on the other hand, you don't get a lot of phone calls prior to a Foreigner, Journey, or Cars release asking when you'll air their records. The show, which is slated for May, is nearly sold out already. It's gonna be a big group...Charlie Daniels 'Still In Saigon' needed to be written, and I'm glad Charlie Daniels had the balls to write it... Phones are exploding on the Scorpions, as expected...Excellent response to Phil Collins 'In The Air Tonight' from 'Secret Policeman's Other Ball'. But then, that was always a big record here and we expected reaction...Tons of requests for: Human League...Midday requests from offices all over San Diego County for Susan Lynch. We hear typing in the background when they call us. Groups request, 'Can you play Susan Lynch for us?'...Gamma is selling lightly--sounds good on the radio...Very good retail on: Simon And Garfunkel."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Seeing pretty steady sales on: The Waitresses. Definitely among the New Wave lifestyle crowd, they have quite a reputation. We're using: 'I Know What Boys Like'... Already getting a lot of retail action on the new Springfield. Jumps right into the Top 25...Immediate phones on: Charlie Daniels 'Still In Saigon'--great song...Scorpions have another smash out-of-the-box. Top 25 sales--jumps right into Top 5 phones...Also strong Top 25 sales for: 'Secret Policeman's Other Ball'. A few phones for: 'In The Air Tonight'...Dregs also have a strong cult following, and with the addition of two vocal tracks, this should be the biggest one for them yet...A few phones for: Chubby Checker--no sales...Soft Cell continuing to show steady sales and phones have increased for 'Tainted Love'...Still some pretty steady sales activity on the: Dwight Twilley--a few phones...Light sales, few phones for Bryan Adams...Huey Lewis shows continued strong sales--light calls...Joan Jett calls starting to switch to 'Crimson And Clover'...Janis Joplin showing continued phones for 'One Night Stand'--pretty steady sales...Aldo Nova picking up in sales. Still strong phones for 'Fantasy'... UFO still showing phones and tight sales."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Hope the Asia album spurs interest in John Wetton's previous work: three brilliant Crimsonstudio albums and his bass playing on a couple of bargain bin classics, Family's 'Fearless' and 'Bandstand'. Now I'm anxious to hear Geffen Records' real signing coup--Peter Gabriel...Joel Webber and Gene Kraut from Hannibal Records played us an advance of a new one from a fave of Ray White, Alan Wolmark, and mine: Richard and Linda Thompson. Sounded fine. They're expected to tour with fellow ex-Fairport Contentioneers Dave Mattacks and Simon Nicol...Nice finally getting to meet Burt Stein from Elektra. He dropped off the new Greg Kihn...Look out for the new Rainbow single 'Stone Cold'. It's tailor made for radio. Very Foreigner-esque and has a killer chorus about 'searching for a reason' that will hit you where you live...Bowie is on a roll these days. 'Under Pressure' was a gem, and now 'Cat People' has got me hooked. That line about 'putting out fire with gasoline' also hits home...Finally put a rotation where my mouth's been and moved up Chubby Checker's 'Harder Than Diamonds'...Does Bon Scott's estate receive a share of the royalties from Krokus sales?...On the turntable at home: Tom Tom Club; Jimmy Destri; The Call (I'm approaching the obsession stage with the first side of this album); Lou Ann Barton, 'Brand New Lover', which makes me look forward to Marshall Crewshaw's new album--thanks to Bonnie Simmons for pointing out this one)... XTC's 'Runaway' seems to have implanted itself even more firmly in the old cerebral jukebox than 'Senses'...Is anybody else playing 'Can't Get Loose' from Sammy Hagar's album besides the Loop? Killer cut...Looking forward to working with former Philadelphian, Al Peterson...Best wishes to: Frank Hoiler as he steps into Trip Reeb's position at WCMF. Both of them are WYSP alumni...I miss Vinnie Scelsa--hoping that he and Razoo Kelly will resurface shortly...Listen to the new J.J.Cale and find out where Eric Clapton copped his style. And if Cale ever does one of his infrequent gigs in your area, run over your grandmother to get to see him."

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "I'm pleased with the results on our add of Nowhere Fast. Even in a light rotation, we're getting many calls asking who the artist is and where they can get the record. I predict big things for these guys...Enjoyed the conference call with Jon Scott and the boys. I get much useful feedback from the different heavies in the industry that I get to talk to. Thank you, Jon, for including me...The Bowie single continues to thrill me. Instant phones when we play it, and I look for major sales in the next couple of weeks...Thank you, Heavy Lenny, for turning me onto the album from Light, featuring the fattened vocals of Shawn Phillips. Anyone who hasn't heard it needs to take some time and do so...The Human League album continues to astound retailers in Dallas--it's an 'I told you so' situation. Ever since I listened to the cassette a month and a half ago, I knew it would be a major triumph for A&M...Very pleased with the final product, 'Below The Belt', by Franke And The Knockouts. I feel it'll be a smash album in every format. Enjoyed the listening party with RCA's finest with McGathay, Muscolia, and Bill Poindexter. We missed Jeffrey 'You Like Loud Music' Nauman, but he was there in spirit...And to Donnie Jenner: Many thanks for the fine time and the great music."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "Like everybody else must be, I'm very impressed with Asia. I was surprised by the way they really don't directly sound like anything that's come before. The arrangements are accessibly rich, and not overblown. 'Heat Of The Moment' and 'Sole Survivor' are very solid songs...Also added: A good basic rock and roll track called 'Ready Or Not' from Riggs...My favorite record these days is: Plimsouls, 'Million Miles Away'. It's as exciting and ear grabbing as anything on Dwight Twilley...Finally Joan Jett has usurped the #1 sales slot from the J.Gells Band, which they had held for the past 10 straight weeks...We upped Gamma to medium rotation...Still pretty confident about the Bonnie Raitt record."

**RADIO ACTION CONTINUED**

**KYYS (KY102), KANSAS CITY, MO P.D./M.D.-JOE MacCABE:** "Everything you wanted to hear about Asia and more--is that the new title of the Sheet this week? Actually, the album is superb. Exciting new guitar riffs, powerful drums, and overwhelming vocals make this easily the album of the year to date. If the audience feels 1/10 of the excitement over the Lp that the industry is experiencing, maybe we'll see this influence spread to other bands...Charlie Daniels puts out what almost amounts to a comeback album. 'Saigon' will hit the hearts of many, and I echo Bill's 'thanks for the no fiddle' sentiments... Heard the Franke advance. Probably as close to a guaranteed add as you can get. C'mon, me commit?... Scorpions doing just fine, thank you. Everybody has keyed in on the right track...But let's not overlook Krokus. I think there's something to 'Long Stick Goes Boom'...Still convinced 'Tonite' is the track from Jay Ferguson...Tommy Tutone goes to heavy this week. 'Jenny' is indeed a hit."

**WEBN, CINCINNATI, OH M.D.-CURT GARY:** "I may not want to hear about the Vietnam Vets, but apparently the listeners do. Of course, I took the route that Charlie said he couldn't take--four wonderful years of higher learning, and I'm still getting high...Real good sounding record from Gamma. I'm a little worried about the response--maintaining after a couple of weeks, but not building in retail or on the phones...We just went to the Huey Lewis single, though 'Change Of Heart' does seem to be doing better than the single--a real good song. I'd like to see a girl sing 'Change Of Heart'. After all, we know they're not buying groups, they're buying songs...Still a lot of teen phones on: Tommy Tutone...We moved Wrabit up to heavy. Primarily, it's just a monster radio song. Not too much activity on the phones or in retail, but it's got a hook you can dive into...A lot of initial retail on: Angel City. Phones pretty good. But overall, 'Fashion And Fame' is a favorite with the jocks here, which brings us logically to Krokus and everyone's favorite track 'and now we're going to play you an undiscovered AC/DC song'. Are they really kidding when they said, 'the voice is back'...Have a feeling Duke Jupiter's 'Drink' is gonna be real strong, especially in the Midwest...Scorps 'No One Like You' is undoubtedly a license to print money. My god, I've never seen anything come out of the box so fast... Soft Cell looks like it had a couple of weeks of interest and then we started to get negatives... Considering: Johnny And The Knockouts and Franke And The D's."

**WMMR, PHILADELPHIA, PA M.D.-JOE BONADONNA:** "Joan Jett maintains #1 airplay and #1 sales in Philadelphia for 10 weeks straight...Go Go's still holding #12...Soft Cell 'Tainted Love/Where Did Our Love Go' are Philadelphia smashes, holding #4 record sales...Waitresses break into the Top 10 at #8...The Human League cracked the Top 20, coming in #18 for the second week of play. Doing amazingly well. The song is so hot--many, many requests, and it sounds excellent on the radio...The Rick Springfield album is exploding on the air. The obvious lead tracks are: 'Strangers' and 'Christina'...Bonnie Raitt doing well with #10 sales and medium midday calls...Rich Little stopped by this past week and did an interview with Anita--a very pleasant experience...Also had a visit from Chubby Checker...Also, I was privileged to be picked as one of the Top 22 radio personalities in the country by Playboy, being included in their year end music poll. Great to be in a class with Larry Lujack and Dan Ingram...The Asia record looks like it'll be big in Philly. With only a couple of days play, already pulling much phone action...The David Bowie 45 'Cat People' is excellent, too."

**WDVE, PITTSBURGH, PA P.D.-DAVE LANGE:** "Since I couldn't say anything more on Asia than what the BH Choice said last week, why don't I just update you on audience reaction--which is through the roof! The leading songs on the phones are: 'Sole Survivor', 'Heat Of The Moment', and 'Wildest Dreams'. Since one of their first tour dates is here in Pittsburgh, the audience is showing a lot of anticipation and excitement over the band. It kind of reminds me of the good old days...Charlie Daniels has a real strong single, and we also felt that 'Partying Gal' was a very worthwhile track on the album. Charlie has always done well in this market, and this should be no exception...The David Bowie single is very good. I understand the movie is real weird...Bonnie Raitt holding her own in the stiff competition. Still getting very good reaction to: 'Green Light'...Scorpions: Phones right away for 'No One'. Sales should follow in a week or so."

**KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE:** "We're making some structural changes here at KLOL. Isn't it amazing how it takes so many more people now to get the job done? The lineup is: Chris Miller, Program Director; Michele, Asst. Program Director; Jeff Jensen, Music Director; Alice Chapa, Asst. Music Director; Steve McGehee, Promotion Director. This means that Jeff will now see record reps on Monday and will be taking phone calls, though his hours are not yet determined. Being selfish as I am, I will continue to do the Hard Report and talk to regional and national reps--thus assuring myself of continued record service. I'm still going to be very involved in music. Jeff is coming in to help share the work, and the GLORY. Poor boy, little does he know...Dave Gariano and I plan to speak about music weekly, so please keep me apprised, as I know you will with Jeff...So Asia is here!! How does Geffen Records continue to do it? Great stuff. Chris is crazy about it. I like it, though I'm not cinematic rock's biggest fan...The one I'm just wild about (Chris, too) is a song called 'Stone Cold' from a forthcoming album by Rainbow--and it features my favorite singer Joe Lynn Turner. (Editors Note: Look for 'Stone Cold' to lead off our advance sampler cassette enclosed in next week's Sheet.) Don Bernstein and Drew Murray: Thanks for the preview. I breathlessly await the album...And finally, to Mike Bone, Jeff Cook, and Randy Hock: Here at KLOL, we're not worried. We wanted to make sure the Dregs 'Crank It Up' not only got played but got heard too, so we've added it this week."

**KTXQ, DALLAS, TX M.D.-DRAKE HALL:** "I love the Asia record. I don't want to fall all over myself like everyone else is, but I probably can't avoid it. The trouble with a great record like this is they make the Sheet totally boring. Everybody loves it--great calls--have your service call my service--let's have lunch, love...Using: 'Man On The Corner' from the Genesis 12". It has the 'In The Air Tonight' feel, which I'm sure will elicit active audience response...Considering: Carole King (Ha-ha. Only fooling, Judy)...We are gonna use the 'Death Wish II' in some way. I think the album deserves to be heard, although it's pretty much strange and boring--but maybe I'll be proved wrong...Bone: Love the Krokus. But since you're promoting it, how come it's not titled 'Short Stick Goes Pfff'???... Charlie Daniels is an old friend and a great performer. 'Still In Saigon' should top our requests from quadraplegics in the near future. Look for the followup to be called 'Stuck Inside Hanoi With The Herpes Blues Again'. Looking for heavy phones from 18-24 women...Finally gave in on the Human League, because Jon Scott called me 'a little puke'. Actually, I think we have to realize rock and roll sounds are changing, and we need to pay attention, stay in tune, add records like this, and drop them shortly thereafter...Getting great reaction to the 'Secret Policeman's Other Ball'. We're using: 'Crossroads' and 'Roxanne', which was written to be performed this way (off key)...Scorpions burning up the phones, and the amazing thing is that they're not all 15 year olds...Great phones on: Aldo Nova. I averaged 7 out of 10 on the air yesterday...Still would like more action on: Gamma and Dwight Twilley."

**KSHE, ST. LOUIS, MO M.D.-RICK BALIS:** "I can't say enough about the new album by Asia. First of all, St. Louis has had a long-running love affair with Yes, Emerson, Lake & Palmer, and King Crimson. And to say the least, the links between these groups and Asia is a good start. Putting tradition aside though, the album is a killer from beginning to end. The Lp is obviously the work of veteran rock and roll talents. Although 'Heat Of The Moment', 'Only Time Will Tell', and 'Here Comes The Feeling' appear to be the lead cuts right now, every groove on the disc deserves attention and plenty of it. I could very well take up the rest of this page expounding...On the subject of hot items, KSHE welcomes the Police, with special guest Joan Jett, to St. Louis on April 1st. April Fool's Day or not, St. Louisans weren't fooling around when they devoured 15,000 advance tickets in no time at all... Speaking of the Police, Sting's version of 'Roxanne' on the 'Secret Policeman's Other Ball' album has really caught on as an alternative to the original version. Great initial sales on the album...Huey Lewis is looking great; as is: Gamma and Dwight Twilley."

**KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL:** "Asia sets a trend for the sound of the 80's. No doubt in my mind, this will be the biggest album of the year. Phone response is already incredible...Charlie Daniels Band has always meant rock and roll in these parts. Although the theme seems a little late in coming, 'Still In Saigon' seems to be relatable for the upper demos...Soft Cell finally goes in this week. I think we're the first in the Five State Area, but I expect to see more. 'Tainted Love' has crossed over nicely...'Death Wish II' gets the 'most asked about' award this week. The listeners seem to be calling for: 'Jam Sandwich'...Once again, thank you to: Eric Heckman and Dan DeNigris for the great night out with Susan Lynch. 'Office Love' is getting good reaction during morning drive...Novo Combo continues to pull phones and sales; also, Tommy Tutone...Starting to finally pick up some action on Johnny And The Distractions after moving to 'Let It Rock'...Phil Collins from 'Secret Policeman's Other Ball' getting the calls...Since we moved to the Huey Lewis single, phones have improved...We put the Krokus 12" on 'Smash Or Trash' and we didn't say who it was, and the initial reaction was 'What AC/DC album is that from?' But also negatives--second night, more negatives. We've noticed more 'AC/DC sucks now' comments in our focus groups too...Thanks to: Jon Scott for the always informative conference calls. Always like taking to Tommy Nast."

**WBCN, BOSTON, MA M.D.-MARC MILLER:** "On March 15th, WBCN proudly celebrated its 14th anniversary. We are all very proud to be working at this radio station and being able to play rock and roll on the radio, without the use of any artificial ingredients. Thanks to all the mega stars who called...Got to see the Cars and Nick Lowe last night for one incredible show. Thanks to: The entire Columbia staff for being so entertaining...Now, in the matter of the Asia record. This was a record that for weeks I had been prepared to hate because of all the hype, etc., but I can't believe how good this record is. I have not heard a bad tune on it yet...And now, by popular demand, Raz' Rave Ups: 'Kim Wilde's 'Kids In America' will be blasting out of radios on every corner of America this Spring. It's smooth, it's sassy, it's streetwise...To Tommy Newman of The Innocents: A big wet kiss...Rick Springfield's 'Calling All Girls' gives (or should I say gets) good phone ak-shun...Now back to Sparky...The Jam record is probably the best they've ever done. Hopefully, this will be the one to break them on American radio...My fave song of the week: 'Cat People', David Bowie."

**WSYR, SYRACUSE, NY M.D.-TOM NAST:** "OK, OK. The Asia Lp is out and the universe added it. I must say I figured this would be the hype of the year, but the music is solid and pulls immediate phone response. And when was the last time you intro'd a record and said what band all the musicians played in?...The Charlie Daniels is interesting. I think the timing is a few years late, but nonetheless, it's real good music and a great reaction record...Real good phones on the Scorpions. Sounds like their best effort yet...Duke Jupiter's #10 sales--pulling huge phones. Would you believe some other program director up here once said he would bury Duke Jupiter? Speaking of the same person, this guy has been known not only to be a consultant, but even to drive three hours to do an overnight all-night show on the weekend. Well, now we hear that this person has taken on the added responsibility of selling for the Syracuse station. What a guy!...Rick Springfield is growing all the time. Sales are real big, and we can't keep up with the phone response...The new Graham Parker is real exciting. The Lp is hot!! I've gotta feeling Mike Bone is gonna deliver this one...Human League, Huey Lewis & The News, and Riggs all picking up real good phones...Tommy Tutone still huge...To Tom Starr: Now, be nice. You don't want us to start handing out concert patches at the Utica Auditorium, do you? Besides, we can start naming some records you missed, too...Jon Scott puts great conference calls together. Keep up the excellent work...Rockline continues to be one of my favorite things to talk about. This show should be in every city...To Charlie Logan: Does this mean you cancelled the check you sent me now?...I gotta run because Ted Mussaro is here, and I've got to put his expense account in orbit."

**WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN:** "OK, so like it was a big joke, eh. I just figured with doomsday approaching and the Ides of March following it, I had to escape to find the true existential meaning of life. Or in other words, how else can you get a two-week vacation just before the Book? Well, in case you didn't notice, the world didn't end, and my guru revealed the true meaning of life comes on the 15th and 30th of each month. So I'm back, and onward we go...Record of the week: Hell if I know. I've been listening to old Elvis Costello records for two weeks...Adds: Asia. It's a mind blower--already pulling incredible phone response; Charlie Daniels Band; Genesis 12"; and, an incredible AC/DC live import 12" with super versions of 'TNT' and 'Back In Black'...Another factor in my return was the inspiration and rejuvenation received upon catching the Police in concert this weekend. Impressed? Amazed? Awed?--I really don't know how to express the proper emotion, but it certainly was one of the finest and classiest performances I've ever witnessed...P.S. Many thanks for the good words to Mr. Bill, Wynnski, Could Be Moser, Kano, and Mr. Nast--that is 'N-A-S-T'. Right, Tommy?"

**WTUE, DAYTON, OH M.D.-JIM KINNEY:** "Asia sounds super. 'Heat', 'Sole', and 'Time' all sound great. Perfect timing, too. It's nice to have something like this to create a lot of excitement going into a Book...Charlie Daniels 'Still In Saigon' is in also. You cannot deny the relevance of this song. People like to identify with the feelings that a song like this brings out in them. I think we all always knew it was tough over there in Nam, and back here when the vets returned. But beyond that, we just don't understand. However, with a tune like this, we'll all be able to understand the hardships of thousands of our brothers a lot better...We're going to play a few from the Simon And Garfunkel in the mornings. The album entered at #8 in sales. We can't ignore that. The more uptempo tunes fit in fine...Also added: The Dregs. 'Crank It Up' is the smartest move those guys will ever make...Sammy Hagar, UFO, Prism, Rick Springfield, and Wabbit all make good sales moves this week."

**KEZY, ANAHEIM, CA M.D.-LARRY REISMAN:** "Adds: Asia and Girlschool...Asia is a band that definitely has a head start in front of all the competition this week directly because of their personnel lineup. Fortunately, that's not where it ends. What's in the groove is as hot and commercial as anything I've heard this year. We expect the most response from: 'Heat Of The Moment' and 'Sole Survivor'. Their upcoming concert at the Santa Monica Civic sold out in only a couple of hours on the band members' reputation only. This record will be with us for quite a while...The Go Go's have gone heavy metal--that's just about it on Girlschool. No one should have any reservation about playing an all-female rock band after the huge success of the Go Go's. This record has some tasty, hooky tracks. Try: The title track and also 'Race With The Devil'...A personal favorite of mine this week is: Karla Bonoff's album. This should be the one that will get Karla the airplay she deserves, and possibly a couple of hit singles. If your format allows it, try: 'Personally' and 'I Don't Want To Miss You'...Top 5 Sales: J.Geils Band, Joan Jett, Quarterflash, Go Go's, and Cars...The Scorpions debut at #18."

**WHCN, HARTFORD, CT M.D.-BOB BITTENS:** "Okay, let's go crazy. Asia has arrived. The first monster release of 1982 is here, and it's a bitch, killer, gem, humdinger, lulu, pip (pick one) of an album. Are John Wetton and Greg Lake the same person? or do they just share the same voice? Seriously, it's a good solid album. Whether or not it represents the future of rock remains to be seen...I've never been much of a metalhead, but I do like 'No One Like You' from the new Scorpions album. We added that, along with Charlie Daniels 'Still In Saigon', which is already getting some interesting reaction...It's pre-Arbitron paranoia time in Atlanta, so you may see a few musical changes here over the next couple of weeks. The consultants are playing a game of 'I can be tighter than you' and before you know it, the only songs that will be acceptable for airplay will be from 'Dark Side Of The Moon' and Led Zeppelin '4'. Luckily, the music was here before Abrams, Sebastian, etc., and it will no doubt be here when they are gone."

**KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON:** "Sales: #1 J.Geills Band, #2 Sammy Hagar, #3 Loverboy, #4 Johnny And The Distractions, #5 Quarterflash, #9 Aldo Nova, #12 Scorpions, #13 Rick Springfield's new one, and #16 Angel City...Requests: #1 Aldo Nova, #2 Joan Jett, #3 J.Geills Band, #4 Scorpions, and #5 Sammy Hagar...Mothers lock up your sons. The Girlschool record is on the street! And with a tour to follow, these women are about to invade America with a special brand of rock and roll that'll make a lot of people take notice. In addition to 'The Hunter', we're playing 'Race With The Devil'...Those who are talking about not having enough good new music to play, maybe you're listening to the wrong records. Asia is phenomenal. 'Wildest Dreams' gives me the chills. With Moon and Bonham gone, Carl Palmer reigns as percussionist extraordinaire...Scorpions continues to amaze me. Like the soft touch too, but my personal fave is: 'Dynamite'...Records that'll show real longevity and depth: Angel City. The Rose City is buzzing in anticipation of two concerts here next month. There are so many great cuts on 'Night Attack' that it's hard to believe more of you can't find something to play on this Lp...Also, Johnny And The Distractions. I consider Johnny Koonce a major songwriting talent. The band is hot, and touring with J.Geills will enable a lot of people to discover the magic of Johnny And The Distractions. Aldo Nova is getting bigger by the moment. He did a soldout concert here last weekend. We had an air guitar promotion, and the winner got to play along during 'Fantasy' on stage...I'm personally moved by the Charlie Daniels Band's 'Still In Saigon'."

**WMET, CHICAGO, IL M.D.-DAVE BENSON:** "WMET Adds: Asia, Charlie Daniels Band, and Krokus...Asia and Geffen Records are definitely in the right place at the right time. Asia fills a supergroup void; and, happily, the music doesn't disappoint. We'll play: 'Heat Of The Moment' and 'Wildest Dreams' for a start...We'll add Krokus just to see if we can get into Mike Bone's comments or do I have to mention Polaroid? If the gearheads don't attack Krokus for the blatant AC/DC imitation, they will probably go for it in a big way...Sales: Go Go's, J.Geills Band, Police, Joan Jett, and Loverboy Top Five...Have to go now 'cause it's St. Patrick's Day in Chicago. Cold weather Mardi Gras."

**WGRO, BUFFALO, NY ACTING P.D.-PAUL HEINE:** "Undoubtedly, one of '82's best albums is the debut from Asia. It's a gift to rock radio. 80's techno rock at its very best...While the Reaganauts are drooling over the prospect of intervention in El Salvadore, it takes Charlie Daniels to remind us that for some, the Vietnam war still isn't over. 'Still In Saigon' is a very powerful statement."

**WMMS, CLEVELAND, OH M.D.-KID LEO:** "Last year was the year of the comebacks a la Steve Winwood, Moody Blues, Gary U.S. Bonds, etc. This year we may see a comeback in the great 70's tradition of Supergroups. The first and maybe foremost is: Asia. I do believe the timing is perfect for a band of this nature. The sound has been described to me as the Boston/Journey of the Art Rock set. One can see them having the same degree of success as well...Charlie Daniels has come up with what may be the most powerful song he has ever done. Though he has always been a fantastic storyteller, usually his tales are of the tall nature and pie-in-the-sky dreams. This one is the story of a true-to-life nightmare. Very active phones already...I've heard it said that the Girlschool are 'the Go Go's with balls'. If you want to speak in terms of the anatomy, they are as hot as a Winter's day in Cleveland is as cold as a witch's mammary gland...I recommend: 'Aces With You' from the Moon Martin single. I tell you he has one helluva hole card with this track...Automatic phones on: Scorpions. We've always gotten immediate calls, but these are heavier than usual...Thin Lizzy resurged a bit in play this week...We're seeing sales on: Soft Cell and Human League. Seems that people may want something a bit different...Aldo Nova has become the first rookie of '82 to break into the Top 20 sales."

**KAZY, DENVER, CO M.D.-DOUG CLIFTON:** "Album Adds: Gamma, 'Right The First Time'; Bonnie Raitt, 'Keep This Heart In Mind'; John Hall, 'Crazy'; Charlie Daniels Band, 'Still In Saigon'; and, single adds by: Stevie Nicks Live and Genesis remix...Re-adds for: Ozzy Osbourne and Survivor...Song Adds: Le Roux, 'Nobody Said It Was Easy'; Loverboy, 'When It's Over'; and, Cars, 'Since You're Gone'...Retail: #1 Joan Jett, #2 J.Geills Band, #3 Go Go's, Sammy Hagar jumps to #4, #5 Cars, Rick Springfield debuts #6, Soft Cell Ep #7, #8 Bob & Doug McKenzie, #9 Police, and #10 Quarterflash...This past weekend was a big weekend for KAZY. We were involved in the annual St. Patrick's Day Parade Saturday, and Sunday was our 4th annual Icicle Classic Run. It attracted 730 runners. All entry fee money was donated to the National Jewish Hospital and Asthma Center here in Denver...Considerations: I still believe in Johnny And The Distractions and that tops my considering list this week...Asia is a great album, and we're looking at it closely...Also, Franke & The Knockouts is a knockout and we should be able to do something with it...Other considerations include: Jay Ferguson, Dwight Twilley, Soft Cell, and Scorpions...Looking forward to: Heard the new Toto single this week, and it is by far their best yet; as is the new one from Rainbow coming soon...Personals: Judy Libow: Great talking to ya. See you at Red Rocks...Joe Folger: Loved last week's comments. Thanks."

**KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES:** "The incredible debut from Asia arrived too late for some reason to be added this week, but we'll be all over this beauty. It's really a toss of the coin as to which track to play. Asia is state of the art production, vocals, musicianship, and composition. An album that lives up to every word of its pre-release hype...I don't know how the listeners will react to 'Still In Saigon' from Charlie Daniels' fine new Lp, but we added it 'cause we like it and it's an important record...KDKB's presenting a Sneak Preview of the new Malcolm McDowell/Nastasia Kinski flick 'Cat People'. Jon Scott says it's strange, but great; and, we say the theme song from David Bowie is an instant request item. The intro is bizarre, but then it gets cookin'. Bowie's one of those rare performers that deserves the title of artist...Elton's moving tribute to Lennon is grabbing major phones for us. Hope the whole Lp is solid...Looking to make room for: Karla Bonoff's new album. The title track is a heartbreaker...Finally, congratulations and best of luck to: Jim Owens on his new position in Kansas City."

**WLIR, LONG ISLAND, NY M.D.-RAY WHITE:** "If yours truly was asked a month ago if the new Asia Lp would have the amazing impact it's enjoying here at LIR, I probably would have told you, 'No, I don't think so.' Well the boys in Asia have the most requested record here at the station. Every mistake made in their past bands seems to have been avoided with a real awareness of the 80's--yet the roots remain. If I might mention one flaw concerning this record, it's the slight lack of soul...Don't miss the Michael Shenker Group double live--it's Hot!!...Speaking of hot, Don Bernstein dropped by with the new Rainbow single 'Stone Cold'. If this doesn't make you a Rainbow believer, maybe you ought to try the insurance biz...Could it be J.J.Cale has a hit on his hands? 'City Girls' certainly sounds like one. It sounds great in the morning...Bowie's gasoline is beginning to grow on me. Dennis and the staff are in love with it. David, having three releases out at the same time, has got to be awfully confusing to our listeners...We've been playing an exceptional import from a new British band called Haircut One Hundred. The tune is 'Love Plus', and I'm glad to see Arista is releasing their album...Track down the Plimsouls single, it's worth it. 'Million Miles Away' has the new music edge, yet it's loaded with 1966 Byrds-type riffs."

**WWCK, FLINT, MI M.D.-MARK MILLER:** "Asia is a musical masterpiece. To reiterate a few comments from last week, I really believe this band is the direction for the 80's. Album radio has needed this album for years. Hopefully, it'll usher in a period of musical growth. The magnitude of Asia is simply awesome. Every record played before it or after it pales by comparison. A fact backed up by listener requests and comments. I've never seen an audience react so quickly and so positively. 'Sole Survivor' is definitely in the lead, but I think 'Time Again' and 'Here Comes The Feeling' might surface as dark-horse choices. Give 'em a listen, and I think you might agree...As long as we're talking about dark-horse choices, Aldo Nova hits Top 5 sales this week on the strength of 'See The Light'. It works for us, and I'm sure it would do the same for you...I'm very proud to announce that WWCK has scored three awards from Billboard Magazine: We have been named Top Medium Market Album Station; Buffalo Dick's 'Radio Ranch'--a Howdy Doody satire--has been given an award for special programming; and, I've received an award as Medium Market Album Program Director. It's great to be able to bring something positive to the city of Flint...By the way, anyone interested in a demo of Buffalo Dick's, contact me here at the station...P.S. Just wanted to drop in a couple of positive lines about the Bruzer album. Sounds real tasty. It might have gotten overlooked in the past few weeks, but it's definitely worth considering. We're going to do that and maybe you should do that too."

**WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB:** "The Asia album does better than live up to expectations. It's refreshing to listen to such accessible mastery. The pre-release talk was right on the money. We're using: 'Only Time Will Tell' and 'Wildest Dreams' for starters...The new Charlie Daniels album also has some worthwhile material, and we're getting especially good response to 'Still In Saigon'...Reaction to the 'Secret Policeman's Other Ball' is quite impressive. Calls on: Phil Collins and the Beck/Clapton collaborations...Dwight Twilley is beginning to show promise on the phones and in the stores...If you're not playing Le Roux, you're making a big mistake! We're getting great response to the title cut and 'Midnight Summer Dream'...Tommy Tutone moves into power this week, and sounds great!...The Bryan Adams single is holding up nicely, with good calls and sales. I expect that to jump after his appearance with Foreigner on the 31st...Gamma jumps up this week from 18-11 on our sales chart...Simon And Garfunkel is #1 sales this week...Personals: Many, many thanks to: Jay Lopez and Mary Bartone at WWV in Charlottesville for making me a superstar at Nautilus in Richmond. It was really a blast, and we'll have to do it again soon. Thanks to: Rich Bloom, too...To Wynski: What rumors? I'm not starting any rumors. I thought they all were true...Congratulations and good luck to: WRXL part-timer Stacey Isaacs, who joins the staff of WIMZ, Knoxville full time next week...Remember the group Snuff I raved about two weeks ago? The release date of the single 'Jokers Are Wild' has been moved up to April 1st and the album will follow in May. Don't miss this one. It's hot!"

**WLRS, LOUISVILLE, KY P.D.-TERRY MEINERS:** "Good evening, it's really great to be here! Let's kick off things with a seasonal yuk. What's three miles long and has an asshole every three feet? A St. Patrick's Day Parade!!! How do you cure a Jewish-American princess of nymphomania? Marry her!!! What has 100 toes and 2 tits? The Supreme Court!!! What does Kinney Shoes and the post office have in common? Both have 30,000 black loafers!!! What's the difference between a pig and a disc jockey? A pig won't stay up all night just to screw a disc jockey!!! How do you keep a moron in suspense?---- Thank you, you've been a delightful audience. Elvis will be out in a minute, as soon as Colonel Tom gets here with the wheelbarrow. Thank you, really, it's been fun. Thank you. Good night."

**WLAV-FM, GRAND RAPIDS, MI M.D.-DAVE LOGAN:** "Things written down on napkins and other loose items-- Thanks to: RCA and Mike Whitneck for the stroke on the Hall & Oates show here. Glad they remembered our support. If I had known how slick the party was going to be, I would have stayed in KZOO... P.S. Franke And The Knockouts has a pair of sleepers on it: 'Without You' and 'Have No Fear' (pretty much our attitude on whether or not we're going to add it)...So Charlie Daniels is back again. Kind of hard not to play this one. Wish they'd ship some smokeless tobacco with the album...Is Asia really the Messiah everyone seems to be waiting for? Really?? Looking forward to their show here May 12th... Question: Are instrumentals the ultimate passive records? If it has a distinguishable beat with licks to match, these can be huge albums. Al Di Meola remains Top 20 here, and the Dregs should be the next to arrive...Wishbone has sent some bloodsucking leeches with the album. That one rips my face off...All-time great night: Paul Collins and Larry Whitman stormed Grand Rapids with Mark Westcott and Rich Abravaya in tow. Too much wine later. It's guitars and stars on the living room floor with new and old tunes around like so many treasures. Wish I hadn't passed out around Midnight face down in someone's bed--by myself. Got to remember to mention how impressed we were with their new found friendship...Is there something wrong with my eyes, or is Marko looking better than ever? I mean, like healthy...Where is Ray Gomez and his new Columbia album?...That's it, I'm going Nowhere Fast for 'The First Time' next week."

**WAAF, WORCESTER, MA M.D.-ROB BARNETT:** "Asia is here, and all the hype is immaterial once you've heard the masterfulness of this record. This is not a here today and gone in two months record. And with songs like 'Wildest Dreams', 'Time Again', 'Sole Survivor', and 'Heat Of The Moment', Asia should be on the radio for a long time...I've promised the Joan Jett goons a line about 'Crimson And Clover'. We held off adding that cut for a while, but when they talk gold record, we figured it deserved a fair shot. Seriously, the requests for 'Crimson And Clover' have been massive since we started it...We're going to try Jay Ferguson's 'White Noise', which seems to have generated listener interest here based on wide market airplay...Also added: The new Genesis single 'Man On The Corner' off that new 12" remix...Saw the Cars in Boston last night, and contrary to the advice to bring my sleeping bag, I thought they played a musically fine show. True that Angus can put the moves over Ocasek any day of the week, but see the show regardless. Nick Lowe had a fantastic band put together for the opening...Hard to believe, but Bob and Doug are still selling tremendously here...Very good meeting Paul Rappaport with the Columbia co-horts this week...Finally, well you know how it is, the Stiff List is getting tighter: Frozen this week."

WZZO, ALLENTOWN/BETHLEHEM, PA M.D.-BRUCE BOND: "Thank you to everyone for supplying me with cassettes for my Sony Walkman. The skiing was great! Tom is going this weekend, and will be using the Sony to help with future adds. In particular, thanks to: Howie Klein for the Romeo Void cassette...This week's adds include: David Bowie 12", which I really like a lot; and, the Dregs, who will sit in for our 'R-D' listeners. That's our new term for the kick-ass flannel shirt listeners in the Rural Delivery area--you see, my father's a mailman. Those people like to 'Crank It Up' in more ways than one...We have a Rock 'n Back Weekend this week, so we added the live Simon And Garfunkel...Two cuts deep on Asia in medium rotation. Personally, I think they need more hype. I'd like to thank: George Silva for all the help in getting the Asia cassettes and albums to WZZO...It was a pleasure talking to Boneski. Thank you for replenishing my joke supply, but Steve Leeds thinks they're gross...Sales were the same as last week: Jett/Geils/McKenzie...The Go Go's keep jumping up and down...Rick 'Success' Springfield debuted at #14; Aldo Nova moves to #18; and, the Human League up to #22...And when the phones work: Ozzy/Jett/Soft Cell/Aldo Nova were #1-2-3-4...Congratulations to the FMQB for getting the Top 20 of the four big so-called consultants. AOR/TOP 40 steams ahead?...By the way, I got a new antennae on my stereo in the music room. I can now pick up WNEW and WPLJ. It's great listening to two majors, New York and Philly."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "A great week for new stuff. I guess, in a way, I lucked out because I took four days off to get married, so it made my choices easy when I came back. First of all, it's soap box time for the old Arab. I absolutely love the Asia album. To quote Nancy O., 'I dropped the needle on Side One, Cut One, and just listened over and over and over again.' This thing is going to be around a long time. I see at least five cuts, and we added 'Heat Of The Moment' right out-of-the-box...I was listening to Franke And The Knockouts while I was scribbling down my comments. Sounds real good on the first listen. I still have to go back over it for my faves...I'd love to say that I'm absolutely in love or I like or that I've even heard the new Dregs album. How can I 'crank it up' if I don't have a copy of the album to crank up?...Considering: Duke Jupiter and Jimmy Page... Still looking very hard and battling for: Bonnie Raitt, Light, and Glass Moon...Other adds this week: Rolling Stones (Re-add), Charlie Daniels Band, Scorpions, and Krokus 12."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Asia...So like, the topic for today is the amount of great music currently making the rounds...Asia...The new Greg Kihn is wonderful. I am at a loss to say which tunes are best for airplay 'cause I love them all. However, listen to: 'Everyday Is Saturday', 'Testify', and 'Sound System'...Asia...Elton's new tribute to John Lennon is a poignant, moving song with lyrics that can move you to tears...Asia...Other new music worth your attention: The Plimsouls, Haircut One Hundred, Girlschool, Bruzer, and The Jam...And thanks to: Alan Wolmark for the preview of the new album by Sparks. Watch for a great song called 'I Predict'...WCMF Adds This Week: Asia, Charlie Daniels Band, Fay Ray, David Bowie single, and Genesis single...Once you get past the initial strangeness of Bowie's 'Cat People', it really pulls you in. Besides, you can't not play a new song by Bowie...CDB also gets the nod for his chilling Vietnam remembrance...Fay Ray is deserving of airplay, so we'll try: 'Modern Lovers'...Which brings us to the new album by Asia. Could be the most added record in the world. There's nothing I can say that won't be echoed a hundred times. It's a fine record, and I found myself listening to Side One three times before I forced myself to turn the record over...Records being considered: Dregs; Krokus; Utopia; Roger Daltrey; and, 'Secret Policeman's Other Ball'...Heavy at home: New Greg Kihn and Human League...In the 'do you date' dept.: We're running a promotion where two listeners can have dinner with Ozzy the night of his concert here. Pass the frogs legs, please, Ozzy."

WPYX, ALBANY, NY M.D.-RON O'NENNI: "Happy St. Patty's Day from a true-blooded Sicilian Irishman... A couple of bona fide ear blowers this week. The Asia album certainly lives up to all the hype. It's a masterpiece, and it's right into heavy rotation. 'Sole Survivor' and 'Wildest Dreams' are strong radio cuts, and I think 'Heat Of The Moment' could be a strong single. My favorite cut is: 'Time Again'. Asia is a tasty menage a trois between Yes, Emerson, Lake And Palmer, and UK. There's immediate phone response on the album...Also, great phones on the Bowie single, which I think is wonderful...Finally found room for Utopia. I think 'One World' should satisfy their large local audience and then some...Phones on Aldo Nova continue, and it's up to #6 in local sales...Bonnie Raitt #9; Gamma #15; 'Secret Policeman's Other Ball' #16; and, Soft Cell maintaining at #20 with lots of encouraging phones and future sales...I think the best-sounding song on the radio now is Duke Jupiter's 'I'll Drink To You'...Personals: To Clive: Mike Bone is a very nice boy, and he made me promise I'd say something positive about Krokus. C'mon, are you reading these comments? Mike said you would. I've been supportive of Krokus since the beginning. I think they sound a bit too close to AC/DC at this point, but phones are hot for 'American Woman' after test play...To Mavis: Couldn't be happier for you, kiddo. Go get 'em...Monster phones on: Scorpion's 'No One Like You'. Expecting substantial sales next week."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "The Asia album came in. I threw it on the radio, and those phones just went crazy. Listeners are intensely interested. I mean, what else can we ask for--great songs, great musicianship. ELP and Yes without all the pretentiousness that dragged them down in later years. This record will be HUGE, despite all the hype...Charlie Daniels has given us the first of what will probably be a flood of songs about the Vietnam vets. (A worthy subject I might add.) As we seem to be rushing headlong into another disaster in Central America, it's important to remember that for many, the Vietnam war is not over yet...On a lighter note, that Franke And The Knockouts cassette sounds pretty hot. This album should do even better album rock wise than the last one...MJQ Social Notes: We're very happy to welcome a new member to our staff: Ginger Caldwell comes to us from the birthplace of rock and roll, Lubbock, Texas (KFMX). She'll do da nooze...MJQ has another movie preview coming up. This time it's 'Quest For Fire'...Last week's MJQ chug-off finals were an absolute zoo. Competing teams rented busses to bring their faithful to cheer them. The bar was so packed they were actually turning people away at the door. A wild scene...Thanks to: Debbie Gould from Epic for lunch and the visit...Thanks to: Alan Maye of EMI for the very nifty J.Geils t-shirt (guaranteed to impress your friends)."

WIOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS: "Nothing peps up the morale of a staff having to do a Book than a move to newer state of the art facilities. We're now located at: 124 N. Summit, Fort Industry Square, Suite 400, Toledo, OH 43604. We have the same phone number. Even the security guards wear tuxedos...Added 'Death Wish II' Soundtrack for a week only because I learned while on vacation we whored the station out to get an advance on it which never came...Toe-tapper of the week is: Moon Martin's 'X-Ray Vision'--stocked with hooks galore...And the Asia record is all it was promised to be. 'Sole Survivor' and 'Heat Of The Moment' go out-of-the-box and into heavy...Krokus sounds cleaner and better than AC/DC's latest...Finally, the Tim Goodman album gets phones."

WMYK, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS: "It's not often that an album can live up to the kind of emotional buildup that Asia has had, but this Lp does. It's heavy out-of-the-box for us on: 'Heat Of The Moment' and 'Sole Survivor'...Listened to the Iron Maiden, and I'm convinced that 'Run To The Hills' will be a heavy metal staple for some time to come...In retail this week: Jay Ferguson, Le Roux, Dregs, Aldo Nova, and Rick Springfield."

**KZAP, SACRAMENTO, CA M.D.-BOB KELLER:** "We're doing a Huey Lewis & The News show, helping Huey kick off his national tour by bringing him to the Fox Theater in Stockton. The Fox Theater, incidentally, is a restored movie theater which is now super plush, acoustically right, and has a bar service available to its patrons...I'd like to say a word about the Charlie Daniels record. For those of us who were there, the song 'Still In Saigon' really brings it all home--the feelings, frustrations, and what it was all about. I often marvel at the depth of this man's lyrics...Albums I love almost immediately upon hearing would include: Greg Kihn, Moon Martin, and of course, the Asia Lp...Gamma is strong enough to increase rotation, which we're doing."

**WWL (LOVE 94), MIAMI, FL M.D.-STEVE HUNTINGTON:** "Suddenly there's too much good new music out to be able to fit it all in. Karla Bonoff's 'Wild Heart Of The Young' album ranks right up there with her first two in terms of greatness of the songs. It's even better than the first two in the confidence she exudes. The production is reminiscent of Al Green/Willie Mitchell at times, with organ and drums as key elements...Carole King's 'One To One' Lp has some fine moments, too. Good luck working them on album rockers these days...As a 'Tainted Love' supporter since 1981, I'm pleased to report that it's catching on. Miami's closed...The Human League's 'Don't You Want Me' could be the next new music that will not be suppressed...Our audience was much more ready to discover (or rediscover) Joan Armatrading than we ever thought. Current airplay has led to the playing of some of her older stuff, and the calls keep coming in...We're also getting good phones on: 'Secret Policeman's Other Ball' cuts by Phil Collins and Sting...Congratulations to: London Wavelength on putting together one of the all-time great radio shows in the Beatles/BBC sessions...Happy Birthday to: My P.D.-to-G.M. role model, WOUR's Jeff Chard...Not to mention St. Pachter's Day, and Happy Spring to whoever needs it."

**WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE:** "Whenever I hear that a new 'supergroup' is about to make an appearance on the scene, I immediately get set for overblown hype and a mediocre album. This is not the case with Asia. It's been a long time since either Yes or ELP made a great record. However, the 'orchestral sound' is still very much alive on the radio these days. There would be no such genre of music if it weren't for the gentlemen that comprise this band. My favorite and pick to click is: 'Heat Of The Moment', followed closely by: 'Sole Survivor' and 'Without You'. This is a perfect record. Good for the kids. They'll think it sounds like Styx. Older people will remember these guys...I noticed Bill mentioned that he was having a hard time finding a blowout sales story on Bryan Adams. How's #12 in Syracuse grab ya, hoser? By the way, Bryan, thanks for the free publicity on the Rolling Stone Magazine Rock Review...Huey Lewis & The News is definitely an album to contend with. With our airplay being the only commercial airplay in Syracuse (on a station with over a 3 share), the record came in at #22 retail this week. We've stayed away from the single, and our primary cut has been 'Working For A Living', with 'The Only One' being the backup choice. We're getting requests for 'Working For A Living', and the retail strength is obvious. If you're not playing this, take another look...The Sammy Hagar album has gotten a ton of play on the 45 and has finally cracked the Top 25 sales this week. The more I hear 'There's Only One Way To Rock', the more I'm convinced that that is a major song for album radio...The Charlie Daniels overall, to me, sounded a lot like his last couple of albums except for the fiddles which are downplayed this time. 'Still In Saigon' has already started pulling requests from the battle fatigue psychographic of our audience. It'll be interesting to see how deep radio goes on this Lp...I must agree with the people who have been very pleasantly surprised by the Rick Springfield. Not so surprising is the #8 retail debut!...Duke Jupiter comes in at #15 retail this week. 'I'll Drink To You' is one of those songs that sounds better coming over the radio than it does on the turntable...Aldo Nova moves into heavy airplay this week based on Top 15 retail. The artist's identity is very strong, so we've added a second cut: 'See The Light'...For all you folks who call up leaving nasty messages 'cause your calls don't get through on Monday and Tuesday: I try to take all the calls I can Wednesday through Friday between 9AM-2PM. Amy, who does add music on this radio station, is here to take phone calls five days a week. Please have patience with me and our system and everybody will be happy."

**WLVO, COLUMBUS, OH M.D.-TIM SMITH:** "How often do we read of people honestly talking about the year? The Asia album is a masterpiece. Phone curiosity is strong, equalling the buzz about XYZ. Some can't quite digest it on first listen, but are interested enough to ask for more. You know a record is a treasure when promo people tell you they're going to buy it, unable to wait for a free copy...Only Charlie Daniels can pull off the writing and delivery of American music that hits the soul. 'Still In Saigon' is the mirror of Vietnam vets' spirit in '82. Interestingly enough, reaction from an A/C programmer was that the song was too negative. Negative or not, it's called relatable, and who in our generation felt positive about Vietnam anyway?...Girlschool will come through, guaranteed. Stores and studios have had steady requests since an import slipped on the air a while back. My congrats to Stiff for having the ears and pride to go with it...Tommy Tutone and Loverboy move to heavy due to phone response...Look for Greg Kihn next week."

**WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN:** "We've been on the Kim Wilde for months and months. 'Water On Glass' is a classic; everybody should need this one. 'Kids Of America' is also getting good phones...Still getting heavy phones on 'SPOB', The Sting and Paul Collins cuts. Phillip Glass is our off-the-wall-shot that seems to be working real well and Dear Warner Bros.: Please send us an import of B52's, we like what we heard--the import mixes are great!"

**KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS:** "Oh boy, lots of goodies this week! Huey Lewis came by the station and he and I shot the breeze for a good 45 minutes playing not only News material but also favorites from our library of 10,000 Lp's plus. We had a good time, as we usually do, and he began interviewing me at one point! Huey's gonna charm the pants off everyone out there, both live musicwise and personally. So, make plans to hear The News as they pass through your neighborhood... Lou Ann Barton, who is just burning up our turntables and creating a demand in the stores for herself, called our evening jock Paul Ghiringelli and he replayed the interview during our Hot Wax program wrapped around 5 or 6 tracks from the album. Paul, who was in love before, is now a complete convert to the sweet, hard-assed Texas style of Lou Ann Barton...The B52's are a great comakazie dance band! Within the first eight bars of their first song at the San Francisco Civic last Friday-- everyone was up and dancing including me, of course. The B52's are creative, vacuous mirrors of our own ancient tribe belongings and I dig them the most. We could really have a dance party if there was room to dance. The festival seating is a drag and eventually caused me to take off for The Tubes gig around the corner...Carole King could live a million years on her publishing, songwriting credits from the 60's. That lady wrote so many songs that you and I know and love. She is a mature singer, although not real fancy, very direct, sincere and sensitive to life's problems. It's not something to ignore. It's not old hat...Funny thought of the week: Why has the New Wave adopted all the disco trappings they purportedly despised only a few short years ago?...Personal to Sky Daniels: Who were those guys you were with at Enrico's? Did you ever find out what they said? Sorry we got to the Dartmouth too late--how about another time? Give me a call...And finally, John Belushi--you crazy fucking maniac--you lived life a bit too well--you Samari comedian, you wise ass humorous demon, you, you, you, you, you're gone--Goddammit and we'll miss you. Blast!"

**WOUR, UTICA, NY M.D.-TOM STARR:** "Sorry if you had trouble reaching me during this past week. I was busy participating in and accepting the delivery of the one add that will always keep this business in perspective: Jessica Elizabeth Ferris Starr, 7 lb. 12 oz. Thanks to everybody along the line for their cards, telegrams, flowers and gifts...Asia is in and we and our listeners are absolutely delighted with it. It sounds like a record that will wear forever!"

WMAD, MADISON, WI M.D.-DALE WOLTER: "Am I mistaken in believing that Charlie Daniels is seizing a rather sad opportunity here? I know subtlety was never one of his strong suits, but now I think he's bordering on the morbid! I would be interested in hearing the reaction on this record from people who were really over there. Is this the way people should be reminded or not? I just don't think so! Anyway, onward ever onward...Pardon our impurity but we're going with the short version of David Bowie's 'Cat People' for now, the long side tends to drag...Asia is instant. We particularly like 'Sole Survivor' and 'Heat Of The Moment'...And, looks like ole Elton John is on the right road to recovery--an absolutely gorgeous tribute...To Larry Grain: The one thing we admire above all else is a record person who gets the job done. Thanks again for taking care of business!"

KLBJ, AUSTIN, TX M.D.-JOHN MICHAEL SCOTT: "You people should try out Lou Ann Barton--it's good for all demographics. 'Stop These Teardrops' is the cut!"

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-GREG STEVENS: "We'd like to say a few quick 'thank you's: To Larry Ferris at RCA for the help with Triumph; to Michael Harris for J. Geils; and to Rich Pachter at A&M for the hospitality at the Police concert. Also, to Columbia and Warner Bros. for the help with the James Taylor show...A big welcome to our new Program Director, George Hawras."

KKRQ, IOWA CITY, IA P.D.-MARK VOS: "Asia scores the Silver Sow Award this week. I don't think they'll ever put it on the shelf with the 'White Album' or the 'Dark Side Of The Moon', but there's no question that this album offers album rock radio a mesmerizing quality that is all too rare...We've really been feeling the effects of The Innocents' TV appearance a few weeks back. They are always in demand, those cute little devils, and 'Hold My Hand' is our lead track and generating requests... Those of you who turn the chain saw off occasionally may want a second opinion on the 4 Out Of 5 Doctors 'Never Say Die'. The females diagnose it as a real hit...Also on this week, Charlie Daniels Band, Elton John, Karla Bonoff, Roger Daltrey, Buggles, and Susan Lynch can work in my office anytime!"

WYFE, ROCKFORD, IL ASS'T. M.D.-THE DOCTOR: "True to our word this week, the rock station has added the Dregs latest, 'Crank It Up', which is exactly what I do everytime I'm on the air! Amazingly enough, the first time I put it on the turntable, I got instant calls and you probably will too...Also going with super-group Asia...Tommy Tutone is back...And one of my all-time favorites, the Charlie Daniels Band with their latest 'Still In Saigon'...Chubby Checker is starting to pick up a lot of phone calls in Rockford, as are Scorpions and Jay Ferguson...Aldo Nova is very hot with us as well... One other group that I'd like to talk about, although we have not added it yet, are the Buggles. They have a very nice sounding album. It's always a pleasure to come home to that one...Other than that, hosehead Thompson is going to be wrestling female wrestlers called the Chicago Knockers, in green jello at a local pub and I'm sure he's going to find himself in very interesting positions underneath all those knockers! It should be fun...Until next week!"

WVCT, PEORIA, IL P.D.-RICK PETERSON: "For months listeners have been calling and asking about the new Asia album. Now that the Lp is finally here, I don't think they'll be disappointed. The first 3 cuts from side 1 are outstanding. Asia is our one add this week...J. Geils, the Police and Sammy Hagar remain our hottest. All three are also drawing positive phone reaction along with Joan Jett, Aldo Nova and Soft Cell...We're seeing new sales action on the Dregs, Scorpions, and the 'Secret Policeman's Other Ball'...Considering for next week: Utopia."

KEZO, OMAHA, NB P.D.-GREG GILLISPIE: "Our adds this week are Asia and the Charlie Daniels Band...I think next week it'll be interesting to see what everyone has to say about the Asia album. This easily has to be the most anticipated record of the last three years! I think everyone was hoping for the best and they certainly have gotten it. Now it's time to let the audience be the judge. In the end they will make or break this record. For us, the cuts 'Sole Survivor' and 'Heat Of The Moment' are standouts; although I think there are 6 strong songs on the album...Off Charlie Daniels, we'll be using 'Still In Saigon'. As has been the case with the last few Charlie Daniels' albums, this one will be short-lived, but it makes a statement that is certainly valid for the times...We've only had Krokus and the new Scorpions albums on the air for a week and already we've moved them up in rotation due to tremendous phone response. This is obviously the best Scorpions album yet with 'No One Like You' leading the way. And this could be the album that makes Krokus a household word to the metal-heads...This Saturday, Z92 is welcoming the first official day of Spring with a party in Elmwood Park. Our morning team will broadcast live throughout the day as well as give away T-shirts and other goodies...And finally, I think it's sad to see a band like J. Geils, that has worked so hard and been so special to several people over the years, take a stance like they have recently taken. In an effort to keep from aligning with any one radio station, I'm afraid they may be alienating many and not even realizing it!"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "We're very pleased with the new Charlie Daniels album. Of course, this is yet another Charlie Daniel story but is more rock and roll oriented as well as being a timely comment with 'Still In Saigon'...The new Krokus is real good except that it sounds just like AC/DC. I'm not quite sure how the audience will deal with it. We'll see what happens with 'Long Stick Goes Boom'...We're getting pretty good initial reaction to the Roger Daltrey cut 'Martyrs And Madmen'. Obviously the kids think it's a new Who song...The album of the week has got to be the new Asia. It sounds tremendous on the radio. 'Heat Of The Moment' and 'Sole Survivor' is also very good. Right down to the packaging it looks like this Lp will be a big one for '82. I have to agree with our editor, Mr. Hard, that this will definitely be a major record when the dust settles...I feel XTC is kind of subtle but I'm not quite sure what we'll do with it. I'll have to listen a few more times."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "Although our softball team is the most powerful radio softball team in the entire world, our bowling team is, in a word, m-i-s-e-r-a-b-l-e! We bowled with other radio and television stations for the benefit of Big Brother/Big Sisters of Albany County and fortunately our hideous bowling was offset by the fact that Q104 raised more pledges and money than any other radio or TV station in the market...I have to agree with all the people who have mentioned 'One World' on the Utopia album as the hottest tract. We love that tune...The phones have been hot immediately for Asia. I don't think anyone knows what the album sounds like yet. They just know how much they like the members of the band...The David Bowie single 'Cat People' is the best new song I've heard this week. No one can combine instant recognition with the cutting edge that makes rock 'n roll vital as David does...We feel 'Town Called Malice' from the Jam is a very strong American radio track...The piles of clone-rock that have been released in the past few months seem to be bombing in Albany. When something like Soft Cell is in hot rotation at an Abrams station, can the revolution be far behind?...Finally, I'd like to direct your overworked attention to an album you probably don't know exists. The album is from a band called The Church. The Church is one of those rare bands whose articulate vocals and harmonies are distinctive without being idiosyncratic. 'Unguarded Moment' by The Church is a song we've been playing heavily for weeks and the entire staff agrees (an uncommon occurrence in itself) that the song's pleasurable qualities increase with repeated listens. We're starting to get some retail action and the song gets enthusiastic calls every single time it goes on the air. Hey, just listen to it! Tell me I'm wrong!"

**RADIO ACTION CONTINUED**

**WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE:** "Adds: Carole King, Charlie Daniels Band, Genesis 12", Karla Bonoff, Levon Helm, David Byrne, David Bowie 45, Asia...Talk about your super groups!! Asia is a biggie. Whether they plan to stay together and become a major force in the music world (as they once were with their past respective groups) or just blow in and out of our lives, doesn't matter. The thing that matters is that they even decided to get together, and what a gathering of talent! Carl Palmer, percussionist extraordinaire; Geoffrey Downes, former Buggles and Yes man; Steve Howe, remember The Clap, and John Wetton from King Crimson. Is it possible to go wrong with personnel like that? I guess I have to wait for the future, but back to the present--Asia's new record is a sensitive, thought-provoking album...Carole King's new record 'One To One' ranks right up there with 'Tapestry'...Hey, I was surprised with the new Levon Helm record. I expected a mellow sounding band record and instead got a refreshing surprise. We've opened the record quite a bit. There really is a lot of good material to choose from. Even 'Willie And The Hand Jive' sounds fresh and we all know how passed around that song is!...David Bowie's 'Cat People (Putting Out Fire)' is tremendous. As soon as that single came in, I scooped it up and put it on the turntable. Bowie can't do a thing wrong. The man is truly talented. And, David, if you ever need a ride to Kennedy or LaGuardia airport, I'll come get you...Alan Chapin, our morning man, says Utopia's 'One World' should be the first single from 'Swing To The Right'. And I say, 'One World' is probably the best thing Utopia's ever done and it couldn't have come at a better time. Now maybe they can shake off the beating they took on 'Deface The Music'."

**WDHA, NORTH JERSEY, NJ M.D.-BOB LINDER:** "I left off last week talking about the regrowth of music on AM. Ten years from now, receiver technology will allow the stereo/audio quality of AM to be very close to FM. But, both will be overshadowed by a new technology starting to compete with listener's ears, direct satellite digital radio reception with optional high resolution video. We'll have cantaloupe-size dishes on the car roofs instead of windshield antennae. Of course, 100-watt transceivers built into our eyeglasses or wristwatches will make for instant communication anywhere on conventional wave lengths. And the kids of tomorrow will be shaking their heads at us veteran cosmic rockers for still grooving on the classic albums by Asia, Stones, Kinks and Genesis. And when will the Police and Led Zeppelin get together for a global satellite reunion concert? Of course, the younger demos will have long since discovered rock-rock. That automatically changes tempo with your physical activity or mood. Wherein all this crystal ball gazing does commercial radio fall? Hopefully, not on its face, but in new forms of subliminal advertising that will have the older folks up in arms about the dangers of brainwashing our kids. Will the quality of life be better? Probably not, but it will be longer and more competitive with fewer opportunities to amass great power or credit (money will be obsolete), and there will definitely be more leisure time. That increased need for leisure-time entertainment is what's going to keep us all gainfully employed, if we're smart enough to be in the right place at the right time...But, back to 1982--shall I rave madly again about Asia! No, I'll just thank everyone responsible for making everyone at WDHA and our North Jersey listeners very, very happy. My only advice is that they should disband by summer's end, so they'll never be faced with the near impossible task of producing a sequel to this classic...In other important new releases: Bowie's title to 'Cat People' is one of his best compositions. A real definition of superstar is the ability to be constantly entertaining, and innovative. Bowie's theater--of the mind in music and video add up to superstar, plus...Charlie Daniels 'Still In Saigon' will cement his name forever in the rock hall of fame, and if you've ever met Charlie, you know he deserves every bit of success coming to him...Kim Wilde is hot and ready to cash in on 'The Kids In America' cased for women rockers. What a welcome relief for metal-fatigued ears...Carole King has hit the spot with 'One To One'...Also, honorable mentions go out to the Bongos, Greg Kihn, and Jools Holland. Whoever says there's no worthwhile new music has tin ears...We want to thank Renaissance, John Sher, and Michael Plen for the opportunity to promote and introduce their show last week at the Capitol theater...Finally, in keeping with the memorable dialogue in 'Quest For Fire'--Ummgh!!!"

**KKDJ, FRESNO, CA M.D.-JEFF RIEDEL:** "Adds this week: Asia, Scorpions, Rick Springfield, Roger Daltrey and Susan Lynch...Sammy Hagar makes it to the #1 position in sales with Geils and Joan Jett close behind...UFO had a nice flurry, they are at #14...Asia is definitely the best release of '82 so far. If we can get two more releases this year of that caliber, I'll be satisfied...Soft Cell is doing real well and, as anticipated, the Fresno's are going wild over the new Scorpions album. I'm surprised that there is no mention of the track 'Can't Live Without You'. It is the staff's and the audience's top track so far...Sammy Hagar and the Quarterflash Wednesday, the 24th...Fresno will be dressed in Red--the Red Wave knows how to rock. Go Bulldogs!"

**KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS:** "Asia goes beyond all expectations--even the raves of our beloved editor. An incredible combination of talent from the Roger Dean cover to the track for track, one hundred percent solid songmanship... 'Cat People' took multiple listenings but no doubt whatsoever that it's Bowie at his best. Let's hope radio takes this one further than 'Under Pressure'...Southern Colorado's top retail: Aldo Nova, Go Go's, Joan Jett, Simon and Garfunkel and Soft Cell... Pages' 'Jam Sandwich' quickly becoming a hot phone item as is Rick Springfield and 'SPOB'."

**KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "I knew my delirium was heavy last week--but didn't realize so many people would wonder what I was moaning. Didn't know anyone even read my stuff! Now I'll have to start having worthwhile opinions and insightful outlooks...Amen to Buck McWilliams!"

**WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN:** "Adds: Asia, David Bowie 45, Charlie Daniels Band, Krokus 12", Scorpions, Duke Jupiter, and Utopia...To heavy: Chubby Checker...Sales: Soft Cell and 'SPOB'... I-95 record of the week (special discount at area record stores) Aldo Nova...What can you say about the Asia album but that it's a very needed breath of fresh air. From the instant the first track hit the air, both the jocks and listeners couldn't stop raving about it...We're getting a double dose of metal mania with two above average--Krokus and the Scorpions...Finally made some room for a hook-filled Duke Jupiter...Coming soon, a CBS video party at an area park, an Asia listening party, and a Gamma night on the town promotion. A big 'thanks' to the WEA and CBS folks for all their support."

**WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD:** "Moon Martin is my favorite of the week. The man is just a real solid songwriter with a rock and roll heart...Utopia, as usual, starts off sounding familiar and progresses to something completely new and different. We're playing 'Last Dollar' and 'Only Human'... Listen to a group called The Innocents. 'Twisted Kiss' is a h-o-t song...Our album adds: Charlie Daniels, Doug & The Slugs, Utopia, Fay Ray, The Innocents, Moon Martin...New 45's: David Bowie, Elton John, the Beatles...New Wave feature: Swollen Monkeys, Jools Holland...Jazz feature: Dan Siegel."

**WRN, LONG ISLAND, NY M.D.-JIM BUCKLEY:** "Most of the music this week was put on hold with the exception of Asia and Charlie Daniels. I've been trying to think of something to say about the Asia album and all I can come up with is: 'My god, what a record. I f-o-v-e it!' Asia's been selling-out shows in the New York area even before the album was released...Charlie Daniels has always been big on the Island, and 'Party Girl' and 'Still In Saigon' are no exceptions. Both CDB and Asia are right on target for the adult album rock listener and we're on both heavy right out-of-the-box...On our retail chart, XTC debuts at #26, Rick Springfield at #21, and the 'SPOB' at #9...The Top 3 still: J. Geils, Joan Jett and the Go Go's...As the temperature slowly rises in the Northeast, we're gearing up for Spring, sightseers and sea breezes and none of them will be here soon enough!"

## RADIO ACTION CONTINUED

WQDR, RALEIGH, NC M.D.-BOB WALTON: "The Asia album is incredible!! Ignoring the irrelevant comparisons to the 70's, this is one of the freshest sounds the 80's have given us! The superb and experienced musicianship, state of the art production, and a sound that lifts you out of your chair and makes you listen. This record was made for album radio (and vice versa)...The Glass Moon success story is continuing for us, with increased phones and steady sales. If you're not on it yet, I do have a suggestion--put it back on your turntable, close the door, turn the volume way up and play 'She's On'...Speaking of lack of image problems, Abba and Chubby Checker are continuing to build nicely. We edited 'The Visitors' down to 4:06 and it fits perfectly. Active phones and virtually no negative comments...While the Chubby Checker record hasn't been shattering sales records, the phones are active and he is being taken seriously...Also, speaking of image and in a belated response to last week's question, one story comes to mind: We went on the first Rick Springfield album almost out-of-the-box and three cuts deep (the three future hits). About 10 days later I got a phone call from Mr. Springfield. No hype! No stroke! Just a sincere 'thank you'-and an honest conversation about the record and radio industries and both of his careers. Face it--the man's got class and the smarts! He knows what's going on, and he's not out to make the front page of Teen Beat. He's a musician and if there is an image problem, that's your problem. 'Success Hasn't Spoiled Me Yet' is a s-m-a-s-h...Personal to Derek Shulman: Except for football, once you get past the flashy graphics, Intellivision doesn't hold a candle to Atari!"

WKQQ, LEXINGTON, KY ASS'T. P.D.-DAVE KRUSENKLAUS: "Obviously the consensus record of the week is Asia. I kept waiting for this record to get pompous and boring but it never did! In fact, it was fun to play 'Name That Riff' and pick out the Yes, ELP, and King Crimson influences that would pop up in each of the tunes. As has been said, this is going to be a major package for both radio and the record company. We'll start with 'Sole Survivor' but we'll be expanding...Charlie Daniels 'Still In Saigon' is already getting some positive response. Probably one of the most socially relevant tunes we've seen in quite a while. In fact, Charlie Daniels is coming to town next month and we're going to tie-in a charity promotion around the concert by giving money to the local Veterans Outreach Program...The more I hear 'I'll Drink To You' by Duke Jupiter, the more anticipation I have for this song to cross into all formats and become a big record. It's a good fun tune for this time of year... Slow first week reaction on 'SPOB'. Also watching the Glass Moon and Le Roux records...Going to have to make room for heavy metal in the form of the Scorpions record... I was impressed with the tune 'Run To The Hills' from the Iron Maiden advance cassette. Definitely cleaner than the last record...Rick Springfield's new one seems to be the hottest retail item of the week...We're getting incredibly positive first week response to Tommy Tutone. This is a sleeper record of the year... Bonnie Raitt is performing well for us and the money track seems to be 'Me And The Boys'. Nice sales pattern developing on this record... 'Fits Ya Good' from Bryan Adams is getting great response."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Added this week: Girlschool, The Jam, Scorpions, the Dregs, 'Death Wish II', the Boomtown Rats Import 45, and the Bowie 45...We're all recovering from a trip to Mesopotamia last night with the B52's. Together with Warner Brothers, we put together a paper B52's bomber airplane which we handed out at the show. This is a promotion guaranteed to fly...Let's talk about the adds. Girlschool: The Go Go's go heavy metal. Who said girls couldn't play power chords? Don't pass this one up...The Scorpions have to be the Haagen Daz of heavy metal! Superb musical ingredients combine for tasteful power...From the import racks, it's the Boomtown 'I Don't Like Mondays' Rats; 'House On Fire' is SKA at its best."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week we added Asia and the songs 'Only Time Will Tell' and 'The Heat Of The Moment'. I found this record really something to get excited about. It's one of those records that keeps on sounding better and better every time you play it...The Charlie Daniels Band and 'Still In Saigon' is extremely powerful with requests and has taken off as one of Charlie Daniel's best stories to date. Calls mostly from males 18-34...Karla Bonoff's 'Personally'-- I feel there will be a lot of Linda Ronstadt comparisons to this record. The difference is Karla's delivery is sexier and soulful...Also added Roger Daltry 'Martyrs And Madmen'."

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Adds: This week's adds are the Charlie Daniels Band, and Asia 'Heat Of The Moment', for starters, but I hear plenty more...The Go Go's, J. Geils, Joan Jett, Simon & Garfunkel are leading in sales. Jimmy Page, Aldo Nova and 'Secret Policeman's Other Ball' are making the phones ring. On the 'Death Wish' album we spliced 'City Sirens' into 'Jam Sandwich' and it sounds great. To me neither song stood well alone but together you still only have a 4½ minute package!"

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Well, the new Asia album has finally arrived! I won't take up tons of space like I'm sure every other M.D. will this week, so suffice it to say it is great...My personal favorite of the week; however, is the new record from Moon Martin. Every song on this album is clean and crisp...On the novelty line, don't miss 'Snack Attack' from Godley/Creme. It's a lot of fun...Lots of phones on the Bowie song but it'll take a while to grow on me...Speaking of phones, 'Still In Saigon' is getting good calls as well...And from Mike Harris: There have been a few changes at rock and roll headquarters in the Hudson Valley. I have been promoted to General Manager, taking over Ralph Arrigale's position after his untimely death. Pete Clark has been promoted to P.D. from Asst. P.D. I'm excited about my new challenge and look forward to continuing my working and playing relationships with everyone (even you, Kaplan). I'm confident you will strike a harmonic chord with Pete. He has already done a helluva job. One last thing, thank you, Jay Miggins, for the platinum Loverboy."

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "I'll be real surprised if Asia doesn't set a new record for most-added-status. It certainly is excellent. Several songs are exceptional, several more are superior, while the rest are merely way above average. Musicians have been innovators and pace setters in the past but there is an adventurous and aggressiveness asserted here which has been missing at least from Emerson Lake & Palmer and Yes for some time. We are, of course, playing every track, with 'Only Time Will Tell', 'Heat Of The Moment' and 'Here Comes That Feeling' up front...Looks like Charlie Daniels Band is going to get a lot of press for 'Still In Saigon'...It's a great song and if you can get away with playing the word 'shit' on your station, I've got a killer segue for you. Take John Prine's 'Sam Stone' into the excerpts from 'The End' by the Doors used in 'Apocalypse Now'--track the Doors cut through to where Robert Duvall comes in saying 'Saigon, shit I'm still in Saigon'--then hit Charlie Daniels, the result is rather impressive...If a style that sounds like a combination of Rickie Lee Jones and Smokey Robinson appeals to you, try 'On Third Street' from David Lasley's debut 'I'm Missin' Twenty Grand'. The lyrics are slightly filthy but it's great stuff... Karla Bonoff's 'Wild Heart Of The Young' is better than her second Lp and easily as good as the first. That's a long way to it's a real good record! True, it may not be AC/DC or Van Halen but if album radio can't make room for artists of this caliber (and others like David Lasley, Carole King, and J. J. Cale just from this week) then it will force into existence a new format actively competing with album radio for its upper demos and more intelligent youngsters!.. Adds: Asia, Carole King, The Jam, The Records, Moon Martin, Charlie Daniels Band, J. J. Cale, Kim Wilde, Levon Helm, David Lasley, Karla Bonoff, Chris Rea David Bowie 12", the Plimsouls 12", and Elton John 12"."

# Question Of The Week

On the eve of the ARB, we asked our reporters this week, "What's the best excuse you've ever come up to take a day off during the ARB?" If you happen to find these answers boring, blame Thom O'Hair.

RON REGER, WNOR-FM: The best excuse for me is that the wind is perfect for a kite. The excuse I gave: I have a lunch meeting. I'll be back in a few minutes. Tell the record people I'm in production."

BOBBIN BEAM, WLPX: "You know, I've never taken a day off during the book!!"

ED LEVINE, WAQX: "This question hits home! Actually I took a week off during the last ARB which may well have contributed to our down book. Let me ask you this: If someone said I will fly you all expenses paid to Hawaii for one week in the middle of a Book, would you have the guts to turn that down? I mean, really, would you?"

BRUCE GOLDBERGER, WRKI: "Softball season is almost here. I have those free passes for the batting range, and the first day of the book is 2 for 1 day there."

BRUCE YOUNGBLOOD, WKWF: "My electric coffee pot doesn't work, and I can't wake up."

SUSAN CHRISTOL, KTYD: "I usually don't need an excuse to take a day off. We're always programming for optimum results. Though while rating periods are times of special concerns, we generally don't vary what we're doing."

BOB KELLER, KZAP: "I have to have all my teeth pulled. I had to have a lot of them pulled--those of the wisdom variety."

MIKE LYONS, WDIZ: "I've never taken a day off. When the men from Mothra contact me during 'General Hospital', then I'll take off."

DAVE KRUSENKLAS, WKQQ: "I've always found that an out-of-town wedding is most convenient for a Friday off."

STEVE HUNTINGTON, WWL (LOVE94): "A Bruce Springsteen concert."

JOSE DIAZ, WBLM: "To begin with, you don't take days off during the ARB. If I had to take a day off it would probably have to do with life and death situations."

DOUG CLIFTON, KAZY: "I lost my voice."

JIM KINNEY, WTUE: "I have never taken a day off during the ARB. I'm too dedicated."

GREG GILLESPIE, KEZO: "I need another day off to recover from the day you so graciously gave me off yesterday."

PAT PRINCIPATE, WRNW: "A funeral. Funerals always work."

JIM BUCKLEY, WRCN: "I've never done it. I've faked illnesses, but never during an ARB. Usually, if I want a day off, all I have to do is ask for it."

LARRY REISMAN, KEZY: "We're always in a book here. You really can't avoid taking a day off during the ARB as it covers 48 weeks here."

BOB BITTENS, WHCN: "I'm such a conscientious person that I'd feel guilty if I took a day off during the ARB."

MARK VOS, KKRQ: "I don't think I've ever missed a day during an ARB. I did leave a week before an ARB once to go to Disneyworld in Orlando."

THE DOCTOR, WYFE: "With the bosses I've worked with, there isn't one. I have yet to find a good excuse, and it will be interesting to see what some of these other hosers come up with."

SCOTT SEGRAVES, KSMB: "I hope it doesn't happen, but during this one, I may have to have a hernia operation. A cat stepped on me."

RON SORENSON, KBLE: "My best excuse was the fact they were tearing down the station studios and once they had taken out the floors and walls, we were the last tenants in the building. We were off the air during the ARB, so it was tough to go to work."

DAVE KANE, WCMF: "I have to go see my guidance counselor."

DAVE BENSON, WMET: "Since we're always in an ARB here, any excuse I can think of is a great excuse."

RON NENNI, WPYX: "The best excuse I have for this upcoming book will be my wedding day and honeymoon."

LIN BREHMER, WQBK: "I got two raisins stuck in my nose and I couldn't breathe."

BOB LINDER, WJHA: "I was hit by lightning. It's true! Lightning came through the ceiling vent right above my head and went right over my jacket behind the metal rack behind me, singed my hair, gave me a heart attack, and I needed the next day to recuperate."

MARK MILLER, WWCK: "I want to go home and listen to the competition."

TRISH ROBBINS, KTIM: "I had to stay at The Tubes' concert all night and couldn't get up the next day--ARB or not."

TIM SMITH, WLVQ: "My basement's flooded."

TED EDWARDS, WCOZ: "I've never taken a day off during the ARB."

TOM STARR, WOUR: "Went sailing in the Caribbean: Excuse: honeymoon. I said to my boss, 'What are the grounds for being able to take time off during the Book?' He said, 'Well you have to die.' I said, 'Well, how about getting married?' He said, 'Well, for a lot of people that wouldn't apply, but for you, of course.'"

TERRY MEINERS, WLRS: "Menstrual cramps!!!"

DAVE LOGAN, WLAV-FM: "The record company is flying me to Seattle to see this band."

KID LEO, WMMS: "I haven't had two sick days in my entire 9 year career. They have to force me out of here. Only the strong will survive."

ROBERTA HABER, WMJQ: "Ain't no way to get a day off in this place. The only one that's worked for me during the ARB was pleading Jewishness and taking off a holiday."

JOE MACCABE, KYYS: "A nosebleed? But then, they checked my expense report and I had to come into work."

CURT GARY, WEBN: "A variation of toxic shock--toxic cock syndrome."

## Syndicators

JOHN MCGHAN, ROLLING STONE MAGAZINE PRODUCTIONS (212-758-3800): "The only thing consistent in radio is change--and change must be part of radio. If program directors, record companies, syndicators, and most important, rock artists, are not willing to change, they will be left behind with a handful of memories. Radio must change. Syndication must change. The way that records are promoted must change. A great example of rock artists who have changed is the new Asia record. Here we have a handful of musicians who have come together in a new genesis, and this new age of record is an example of change for the better, a change for the '80's and a change for the audience. Many syndicators are going to die this year. Some have already bit the dust. Here at Rolling Stone Magazine Productions, we are going through changes left and right to keep pace with the changes in radio and with the rock audiences. It's just a thought for the week. Consider the changes your radio station has gone through in the last six months. Consider the changes you anticipate making in the next 6 months. If nothing is on the board to be changed, the change may be you."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "Beep, beep ba beep beep!!! Prepare for satellite transmission from outerspace--Earthdog on the line--go ahead please. Hey there, just wanted to send you all fair warning that you'll be hearing from me weekly in this-here section of the FMOB. Thanks to Bill and George for the invitation to join in on all the fun...But seriously, folks, you all know about 'Rockline' and the great success it's been achieving out there. It's the only nationwide live call-in show bringing your listeners closer to their favorite rockers each week...But, did you also know that the Global Satellite Network is planning much more in the way of unique and exciting (oh, yeah, let's not forget fun, too), programming? Well, we are!!! And, not the least of which, is our upcoming live concert broadcast featuring only the biggest superstars--of course. Don't just take my word for it, read this section every week, until you're dazed and confused, but nonetheless convinced that the Global Satellite Network will be a big part of radio programming in the '80's."

BOB MEYROWITZ & PETER KAUFF, DIR BROADCASTING (212-371-6850): "The poet who said, 'April is the cruellest month', had it wrong. If he had looked at our lineup for 'King Biscuit', he would have thought April the coolest month with acts like: Billy Squier (4/18), UFO (4/25), and Todd Rundgren (4/4). Neighboring months, March and May, aren't so bad either with (respectively): Le Roux (3/28) and Aldo Nova...'The Inside Track' debuted this week on 160 stations with Lisa Robinson interviewing Jagger, Richards, and Wyman. Next month Lisa takes on Rod Stewart, Ray Davies, and Ian Hunter--and, the following month, Peter Wolf, Rick Ocasek, and Billy Squier. This is a very hot show: It's 90 minutes, it's 75% music, and the talk part is controversial--Lisa does not pull her punches. If you want to sign up on this one, give John Platt a call at 212-371-6850."

JAY GOLDMAN, CLAYTON WEBSTER CORP. (314-726-0906): "This week 'Rarities' features a surprise cut by the Phantom for April Fool's Day. Listen closely, any resemblance to a long-gone superstar of days past, is purely not coincidental. This one guarantees heavy phone-ins. Also featured this week are cuts by: The Faces, Allan Clarke, live Hollies, and Todd Rundgren. Every 'Rarities' disc is sent to affiliates with a rap sheet to enable stations to voice the show themselves or promote it, giving them the background material to do so. Stations can re-air 'Rarities' for audience recycling and sales opportunities... 'Retro Rock' also has a biographical sketch of a featured concert artist or group so that stations have that background material to rap about beforehand. If additional discs of 'Retro Rock' are needed, they are available on request. This week 'Retro Rock' features Blondie in an early club appearance recorded in the late 70's...'Rolling Stone Magazine Rock Review' features interviews with the hottest artists in rock radio. 'Rolling Stone' offers stations two 90-second features daily, 5 days per week. This week 'Rolling Stone' features interviews with Chris Butler from the Waitresses, Robbie Robertson, Henry Small of Prism, Sting of the Police, Joan Armatrading, and Bob & Doug McKenzie...'Rolling Stone Magazine Rock Review', 'Retro Rock', and 'Rarities' are available on a barter basis. For more information call: Jay Goldman or Marlene Kennedy at 314-726-0906...Also, as mentioned in last week's report, the 'Sporting News Report' will be available soon. It is an excellent program to augment stations's programming, directed towards men 18-34. It's not another floss and gloss sporting report, but an in-depth, behind-the-scenes, get-down and get-dirty review of current events and sports. 'The Sporting News Report' will feature material and actualities of key sports figures that stations cannot normally obtain. For a demo tape and/or more information: call Bruce Butler at 314-726-0906."

## Record Action

JON SCOTT, MUSICVISION/BACKSTREET/KCSN (213-344-5599): "Promotion Man Of The Week Award goes to Marty Schwartz for his persistence in getting his records played at KCSN. Of course, you know KCSN is where my radio show originates every Friday night at Midnight. The all new records format. This week we played: the new Dave Edmunds (what a great album), the Tutone live stuff (great version of '867'), Duke Jupiter, Asia, the Dregs, Moon Martin (I love 'Double Cross'), 'Cat People' (sounds incredible on-the-air), Plimsouls, Lou Ann Barton, Greg Kihn, and many others. Make sure I have service from you...Thanks to Louie and Jack at Chrysalis for the cool Huey Lewis van...Heard the new John Cougar album. This will be the one to break Mr. Mellencamp...Also heard the new Trooper album produced by Mike Flicker. Another Canadian smash...Congrats to George Gerrity and Bill Hard for the Soft Cell explosion...Nice meeting Aldo Nova when he was on 'Rockline'. Great guy. And, speaking of 'Rockline', this show gets better and better every week. If it's not in your market, wake up...Personal to Scott Segraves: I heard you like 'Cat People'...I love the Karla Bonoff record. 'Personally', mark my words, will be a hit record...The Eagles-sounding 'Please Be The One' deserves to be on FM radio...Human League continues to show strength week by week--as does The Waitresses, whose sales figures cannot be denied...Hey, Rapper: Congrats to you and the CBS Mac and the CBS crew for the 100% commitment to Tommy Tutone. Can't wait until the live Tutone stuff gets out...Good to have Drew Murray in Los Angeles...And the L.A. Kings are back in the groove. Go Marcel...And finally, how many Southern Californians does it take to screw in a light bulb?"

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "Please reserve a spot on your playlist for the year 2000."

JUDY LIBOW, ATLANTIC (212-484-6063): "The Mister Softee has taken to the streets. Wolmark is back on his motor monster, and my brittle bones walked over 50 blocks as a tribute to the rites of Spring. It feels great to breathe deep again!..In the music department: Carole King's debut Atlantic LP 'One To One' is out and already on KBPI, KEZY, LOVE 94, WIOQ, and a host of other stations. Please check out the title track...Familiarity is not a dirty word!..Also out: The new single and 12" from Genesis, 'Man On The Corner'. Please note, Ladies and germs, it is a new mix (the English mix) and it's a hot one!..Godley and Creme continue their 'Snack Attack' with the title track and 'Under Your Thumb' as leaders. These guys are quite unique...Glass Moon is getting stronger every week, the single 'On Carousel' looks like a Top 40 builder...'Death Wish II' is not to be denied. 'Jam Sandwich' and 'City Sirens' are the cuts...And, one mo' time, Abba is still picking up album airplay even as I write this! WCKE, and KBCO are new 'Visitors'. How about it! I cannot tell a lie...I do love what I heard on the new Asia LP, and I even like Rick Springfield (Bettancourt, which one of the pooches is yours?)...Rumour has it that Jimmy Mack will be making his rounds dressed as a Rabbi for Passover...I'm afraid to Predict what's next. Oh yeah, SPARKS."

RECORD ACTION CONTINUED

MARTY SCHWARTZ, ELEKTRA (213-655-8280): "Kihntinued' reaches your desk today and Greg's timing couldn't be better. It seems that anthem rock is the current rage, and Greg's hook-filled sing-along songs certainly fit that mold that he helped to revise. 'Testify' and 'Every Day Saturday Night' are just two examples of what Greg does best. The whole Lp stands up even better after repeated listenings, so check it out and have fun...We're having lots of early success with Gamma 3 watching 'Right The First Time' climb the Song Index (21-16) in its early stages. 'What's Gone is Gone' is coming on strong, so check that one out also. My personal fave on the Lp is 'Condition Yellow', the instrumental cut...This week's honorable mention goes to Lou Ann Barton for a four-star review in Rolling Stone Magazine. Similar reviews in the New York Times, the L.A. Herald, and Billboard, to name just a few. The reviews are in the mail to radio, but you have the record. Again, listen to 'I'm Old Enough' and 'Brand New Lover'...Fay Ray still remains many people's favorite and other people's paradox. For those of you who may be perplexed, listen again, there's something there that a lot of people like...Some great stuff upcoming in April. Remember this name, Chas Sandford. It made the cut on the FMQB sampler, and it's real strong. He wrote, produced, engineered, arranged, plays and sings on his first outing, and has one song from Hagar's Lp, 'Surrender', and the only non-original on Rick Springfield's Lp, 'Still Crazy'...In April, Queen's 'Hot Space' hits the streets. This one is beyond re-dic."

JIM SOTET/DEREK SHULMAN, POLYGRAM (212-399-7813): "Instead of talking about our current priorities, I just would like to thank Jim Kinney of WTUE for his comments in last week's Sheet. Obviously, I want to thank him, because he raved about one of our records. But the great thing about Jim's comments was that he put personal taste aside and listened to a record from the standpoint of his station and his audience. Jim, thanks for the add, but thanks even more for being a pro and listening to music. The Scorpions and I owe you a beer. Your attitude is what it's all about... 'A' rotation at home: Sonic Youths, Amarcord Nino Rota, U2 Live, (I know they'll be great, and I'll drive my neighbors crazy about 2AM the morning after St. Patty's Day), Swollen Monkeys, and David Byrne 12"...And Bone, thanks for the add. We owe you one...DEREK 'THE DOG'S BODY' SHULMAN: Thanks, Jim. Just a quick note from the Dog's Body who does want to rave about priorities and the fab records we have out there. Thanks to all for the great comments on the Scorps album. You know this is the one, and so do we...The Waitresses still keep selling, 100,000 now, and we have some great adds this week. Hey, Rap, it's about time you returned my call. Just because you found it tough with Giant there, it's no need to be embarrassed. Now we're in the same boat, eh?...Personals: XTC, Lorie Anderson (weird), and Asia."

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "AI is holding an all-day seminar Friday, April 23rd at the new School, 12 W. 66th St., in Manhattan. 'Inside Commercial Radio' is an intense one-day seminar on programming, production, marketing, and syndication of independently produced audio programs. All independent producers are invited. Contact AI for details...Flash to Jon Scott: I'm developing a one-hour version of 'I Love Rock And Roll'. Perfect for commercial-free programming... Also on the works, ARB special sweep version of 'Free Bird', six weeks long, live...Floated through L.A. on the weekend and the Mighty MET has airwaves crackling with the Burner smokin' and the Lewis 'Award' to David Perry for playing the Stones on Saturday night...The J. Gells promo is just sleazy enough to be a smash...Bobby Slayton: Don't let anybody tell you you're funny...Rapper: Your snapshots are ready."

JOEL WEBBER, INDEPENDENT (212-255-7408): "The Fleetwood Mac Marathon Career Breaker Award of the Month goes to: The Jam, who have finally come up with a song that will break them in the States. The song is 'A Town Called Malice', and for those of little (or no) faith in this excellent British band, the song will come as a shock. Even though the sound is unmistakably that of the Jam, it sounds like a hit, at least to me...Anybody taking a good look at the charts lately? Certain types of records are starting to sell (or should I say Cell) that have not sold as well before. The Go Go's broke because of the Top 40 radio play. So did Devo. So may Soft Cell and The Human League. If album radio wishes to continue to enjoy the benefits and privileges bestowed upon it by record companies, such as promotions and time-buys, it has to remain the format which breaks the music. If album radio continues to be more of a hindrance than a help in the exposure of new product, I would expect that the record companies will be forced to take their promotional resources elsewhere...In the heavy metal dept: A four song Ep/Lp by a new band called Guardian is on the way. Soundus Humongus!...Also, I must say the Bruzer album is not getting the fair shake it deserves. This is a record that could do great with the proper airplay...The controversy rages on as to whether the unfortunate creature depicted on the cover of the Scorpions album is Sonny Bono or Ed Levine. At any rate, I'm sure that neither Mr. Bono or Mr. Levine did anything to The Scorpions to warrant such cruel and inhuman treatment. Talk about an Excedrin Headache--ouch!...Coming soon: Andy Pratt's return to rock, Haircut One Hundred's brilliant debut, and an album from Flock Of Seagulls that'll make Lola Heatherton want to bear her own lil' flock."

MICHAEL PLEN, I.R.S. (212-980-6874): "Go Go's still at #1 this week. Thanks!!...Play Jools Holland's record. 'Bumble Boogie', a 2 1/2 minute instrumental is great, and 'Driven To Drink', 'Like I Do To You' and 'Dynaflo' are cuts to listen to. He'll be opening up the whole XTC tour (Mike, Jay and Keith's aka the I.R.S. contingent favorite band)...You'd still better be listening to the Fleshtones. How can you deny 'Ride Your Pony'? Also check out 'Shadow Line'...Sorry about the rumor of Jimmy Page becoming a female black singer. I caught a lot of grief for that. The real rumor is he's a mutant nympho and is auditioning for Zappa's new band, Fred Zeppelin...Coming soon on I.R.S.: The 'Eraserhead' soundtrack, Tom Robinson-TR3...VEJUR QUOTE: 'N O 2--whip it, whip it good. SSSSSSSHHHHH"...Anybody who would like to trade service with me, please call."

BRUCE MOSER, COULD BE WILD (716-885-5200): "Happy birthday to Mike Bone! Rumor has it Krokus' Long Stick Goes Boom' is a birthday wish from the band to Mr. Bone. P.S.: Dust off your wheelchair, it's the perfect present, since you are now an ancient one...TV Trivia: Who remembers the TV show 'Car 54 Where Are You?' Next season there will be a TV pilot filmed in Cleveland called 'Car 7323 Wake Up'...Speaking of Cleveland, the Ohio House of Representatives recognized WMMS for its outstanding broadcasting achievements on being made Rolling Stone's Station Of The Year for the third year in a row...Coming soon: What happens when you get Robbie Kreiger to join BOC on stage for an awesome live version of 'Roadhouse Blues'? Could be a smash. Watch for a double live BOC album at the beginning of April...Speaking of smashes, Bill's last two Pinch Hit picks are grand slam homeruns. Duke Jupiter's 'I'll Drink To You' sounds great not only on album radio, but they also got 5 major Top 40 stations on the single last week...Aldo Nova is retailing faster than any other debut act in recent memory. This album is 5 or 6 cuts deep, and will be platinum when all is said and done. Watch for Aldo opening for about 30 Sammy Hagar dates...Thin Lizzy have their strongest effort to date. 'Hollywood' and 'Angel Of Death' are great tracks, and if you're not playing them, you should be...The Waitresses continue to pick up great airplay. So take a tip from someone who knows (a waitress). Over 100,000 in sales with huge phone response, this record is too big to ignore...New Math have a great new record on 415 Records. Start with the title 'They Walk Among You' and a song 'American Survival' (An appropriate song of our times--Reaganomics). Call me if you need a copy...Last but not least, Fernando Valenzuela is better than Dean Smith, especially since nobody knows who Dean is."

**RECORD ACTION CONTINUED**

**ROGER LIFESET, PEER PRESSURE PROMOTION (213-506-0771):** "I got to thinking just how far we have gone with Bonnie Raitt's bust-out Lp 'Green Light'. Aside from chart jumps, airplay conversions, and chutzpah, what else could be said to attract holdouts? Now with brains sizzling, the most important reason for playing Bonnie is the impact of the most elusive demo for phone response--females, 25+! Many have got the kind of midday all day phones that suggest a very important record. Bonnie's tour hits the road today, and I only hope most will get to see GROUP/Raitt doing what comes naturally. Rock and roll...Finally, the big push for G-i-r-l! After gathering a month's worth of dust, go to the back of your 'must listen' pile and dig out 'Wasted Youth' by Girl on Jet/Epic. Killer kuts are 'Old Dog' (another great fem-foner) and 'Ice In The Blood'. Testing at a handful of indicators have shown this Lp smokes without the use of flint and steel. We will call you on this one and yes, we are serious...Hot at the Hacienda: Light, 'Trying To Get To You'; D-Day 'Right To Know'; Skinny Lizzy, 'Renegade'; Full Moon, 'Phantom Of The Footlights'."

**MIKE BONE, ARISTA (212-489-7400):** "Don't be fooled by another pretty face. Demand the real thing. Demand THE VOICE. Demand the Krokus 'One Vice At A Time' album. The key cuts are 'Long Stick Goes Boom', 'American Woman', 'Bad Boys and Rag Dolls' and 'Down The Drain'. The Krokus 'Vice' tour starts April 9th in Florida with Rush (special thanks to the Bay State bandit Ray Daniels)...Okay, you have been waiting long enough for the Graham Parker album. It's on your desk now, so enough with the 'I want the rock' excuses. You have the Graham Parker rockers now, so in the words of the man himself, 'hit the spot'. Yes, Virginia, there is a Graham Parker tour that starts April 24th in the Northeast and goes coast to coast, top to bottom. Also, there is an incredible video of Graham available. Call Randy Hock for copies...The Dregs album is almost locked up. Only a few holdouts left. The general consensus is that it couldn't happen to a more deserving act. Calls are already reaching fever pitch in key Dregs markets and, needless to say, sales are explosive. TV shows and touring start in early April with a super heavy kick-off in Atlanta. (Merci, Max)...Haircut One Hundred is being received with open arms at Indicator album rock stations and Top 40's. The track is 'Love Plus One'. This album is colossal in Great Britain. (#2 album this week)...If you have any soul at all, get into the Thompson Twins 'In The Name Of Love' and the Ray Parker Jr. single 'The Other Woman'. (Sky, can I get you to testify one more time?)...The Jeff Lorber Fusion has released their finest album to date with 'It's A Fact'. If you have a jazz show, Lorber is a staple for the fusion market. Key album-oriented tracks are 'Tierra Verde' and 'Delevan'. Jeff is a superb performer and constantly tours. Do yourself a favor and check him out when he is in town...In closing, may A Flock Of Seagulls descend on your turntable in early April (Jon, your tape is in the mail, and I promise not to...)...Personals: Max Floyd added 7, yes 7, albums at WKLs this week. I'm in shock. Next think you know, Bob Hatrik will start returning promotion phone calls...Is Asia the new Beatles or what?...The four consultants' chart side by side look really good. A nice way to separate the wheat from the chaff...KROKUS RULES IN '82."

**KATE INGRAM, DB RECORDS (415-928-6952):** "This week's subject is one that I used to rant and rave about years ago, back when they had a single on the Sperry record label. The B52's performed here Saturday night to a sold out crowd of 8,000 people, with no advertised support. But even more surprising, no commercial radio exposure. The average age looked to be about 16 years old, and someone more objective than myself commented that he had not seen such a strong crowd response since the days at the old Fillmore. The whole Civic Auditorium went crazy. Kids had been lined up outside for general admission since early in the afternoon, listening to tapes of the B's prior to the show to get 'in the mood'. Obviously, this cult appeal is spreading, and it concerns me directly since our bands, like Pylon, appeal to the same audience. Their sound is unique, but that is exactly what makes it so appealing. When will this band get the commercial radio exposure they deserve? What was really astonishing was that no Bay Area radio programmers were even in attendance to observe the impact of this performance."

**JIMMY MACK, STIFF RECORDS (212-431-1600):** "Mr. Mack's Girlschool is now in session. Take your seats. Alright class, today we discuss improbable events. Improbable event #1: Maureen Reagan and Rita Mae Brown being photographed holding hands at an Ann Murray concert. #2: Zippy The Pinhead replacing Gene Shalit on the Today Show. #3: Margaret Thatcher dressing up as a cabbage. These are cited as improbable events as there is only the smallest likelihood of their realization. An example of an improbable event actually occurring is illustrated by such stations as KMET, KLOS, WMMS, WHCN, WLVO, and KGON adding a record on the Stiff label out-of-the-box. This is the case with 'Hit And Run' by Girlschool this week. Not bad for my first project. But then, I had to sleep with a truckload of people just to get those six. Do you have any idea what I'll have to do to get this thing in the top 10? Good thing we're Stiff. If you didn't receive an American copy of the album until late in the week, it's not because we don't like you. It's because our trucking company doesn't like us. Our ex-trucking company that is. 'The Hunter', 'Race With The Devil', and 'Hit And Run' are shaping up as the initial chart maulers. You'll have to do a bit of listening here. This is not a one-cut potential \$1.98 bin album...Also, out on Stiff is my favorite record of the moment, 'Themes For Great Cities' by Simple Minds. And, no, this band was not named for our promotion dept. KYD, KNAC, and WXRT are among the first believers. We'll be servicing a 12" urban sampler next week... And now, this week's quotes: 'Human League or die'--Roxy Myzal... 'Sex is fleeting but tuna casserole is forever'--Jay MacIntyre (my Dad)... 'Jimmy who?'--Rob Barnett... 'Some of my best friends are homosapiens'--Mike Bone... 'I know the mambo! Will I ever stop having fun?'--Zippy."

**SEAN COAKLEY, ATCO (212-484-6400):** "Let's talk about upcoming releases. In two weeks you'll have new music from the Sherbs. 'Define Gravity' will be specially priced (\$6.98), and feature six great songs. Hopefully the discount will help induce new buyers to this group-whose music has been heard steadily on album radio since January of last year...The Jim Carroll Band's new album is called 'Dry Dreams' (leave it alone, Drake), and it's a wonderful, positive progression for this extraordinary poet/rocker. If stupid, mundane lyrics frustrate you, this will be a welcome relief. This man is a heavyweight...Be sure to watch Stevie Nicks live on HBO this weekend (even Mr. Iovine bangs a drum!) This was one of the best shows I saw last year. If you really need a 100% unbiased recommendation, ask John Gorman...Home listening: Lou Ann Barton, Karla Bonoff, Bonnie Raitt, Simon and Garfunkel Live (which makes my eyes weep and my throat lump), Nick Lowe and Eddie Schwartz... Recommended reading: Paul Theroux's 'The Mosquito Coast'. Robinson Crusoe meets Lord of the Flies."

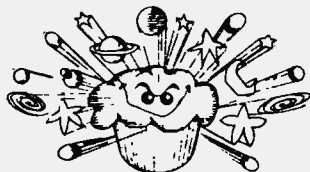

**JIM SELLERS, CHRYSALIS (212-935-8750):** "Just like General Sherman, Huey Lewis has finally succeeded in burning down Atlanta! The last stronghold of resistance, 96 Rock, succumbed this week. Thanks to Max and Bob. The rest of the holdouts are bound to fall soon. You know who you are!!! Huey will be one of the great new talents broken in 1982...UFO continues to develop nicely. Now I know everyone is concentrating on 'The Writer', but I'm telling ya, 'Doing It All For You' is a classic. This cut can take your listeners out of this world! Try it...Some great new releases coming April 2nd. Details coming soon...Personals: Thanks to Cindy Tollin, Global Satellite Network, for her testifying about Huey Lewis...Last week, we all mourned the loss of John Belushi. He was, indeed, a very special person to all of us. Then I read comments of people who were angry that God had taken him away from us too soon--Not true! John took himself away by falling off that thin tightrope we all walk. Really, it is a shame to think such a talent went out just another statistic...Faves this week: Haircut One Hundred, A Flock Of Seagulls, J.J. Cale...Was really overjoyed to find that subscribers read this publication so thoroughly. Until we meet again..."

**RECORD ACTION CONTINUED**

**EDDIE UMBER, MAKING TRACKS (707-585-2105):** "R.O.S.E.-Radio Organized for Solar Energy: It has a nice ring to it--it also has a helluva reason behind it--helping preserve this country's energy future. We've all been greatly effected by what's going on with our energy resources. Especially in the one respect everyone can relate too--\$\$\$\$. In 1983, proposed spending on solar development is 72.9 mil, and on energy conservation, 21.8 mil. Now 97.4 mil seems like a lot of money until you consider the Government is spending 95.5 mil on military marching bands. Now that we've got your attention, here's what's happening: Dede, Laurie Cobb, and myself are coordinating a national radio bond for the benefit of the solar lobby--a non-profit lobbying group. Details are extremely simple. During the week of May 2nd through 9th, we are asking stations to run, as PSA's, comments from major rock artists which will be provided by us, giving their views on solar energy, and asking the listeners to call an 800 number to pledge. Comments would run 20 seconds, leaving 10 seconds for a station insertion. Pledges will be asked for their station call letters, and the totals will be available to the stations by calling the same 800 number. Response initially has been incredible from stations and labels contacted. So, do something for yourself and your country, and jump on the bandwagon. You can contact Dede or myself to pledge or contact one of the regional indies donating their time to this project. In the SW, Ronnie Raphael; Midwest, Craig Lambert. Your listeners will truly thank you...Nice to see Skyboy in SF at the Tubes show. What did you say to that waiter in Enrico's?..Cooking at the Coop: R.O.S.E., Lou Ann Barton, Twilley, Kim Wilde, and Fay Ray."

**STEVE LEEDS, S.L.I.C. (212-977-5170):** "Thanks to album radio for forcing Top 40, making Joan Jett's 'I Love Rock And Roll' #1 in America. In the mail to you now is a special remix of 'Crimson And Clover', which will be the next single. Make sure you catch Joan and The Blackhearts as they cross America with the Police. Contact your local independent for details...Glenn Klotkin, the guy who engineered 'I Love Rock And Roll' is continuing his airplay streak as producer of the latest export from Rochester's favorite band: Duke Jupiter...Make sure you listen to all the grey areas on the new Graham Parker. The opening track on side 2 really hits the spot...Prediction: 'Kids In America' will get Wilde for Kim...Bowie scores another cinematic coupe aided by Giorgio Moroder's production for the theme from 'Cat People'...Home vinyl that excites me: Karla Bonoff, Cheetah, David Lasley, and Lou Ann Barton...Also, stay tuned for Bow Wow Wow...Is it true Superstars programmers cannot 'P' now until after 6 o'clock?...Stay tuned for the first Northeast regional jock-off with Ted Edwards and Bruce Bond...Where's the Levine chart?...Congrats to Rick Piombino, Frank Holler, Trip Reeb, Al Peterson, and Poppa Tom Starr on his new addition, Jessica...I'm getting ready for the Tug Of War."

**TUESDAY - MARCH 23**

**TODAY IS A 4**

We have very dualistic forces at work today. On the one hand the emotion ruling Moon is in adaptable, Sensitive Pisces producing a mood that wants to "mellow out." On the other hand -- a New Moon is warming up that is going to be very aggressive. Hyper-activity today with a desire to have some quiet time does not a strong day make! The beauty of the Moon in Pisces is the ability to adapt -- or "roll with the punches." Plan to do just that. By tonight you will find a friendly, conversational mood in force. So if you have plans tonight, there is energy to spare. Should you be tired after the day's work -- Rest up -- such is the dualism rampant on this Tuesday.

**WEDNESDAY - MARCH 24**

**TODAY IS A 5**

Keep your adaptability level high, for as we get closer to the exact point of tomorrow's New Moon the level of excitability and temperamental behavior escalates. The Emotion-ruling Moon in Pisces is sensitive, so count to "10" before opening your oral cavity. In the East -- the work day is more productive as the Moon becomes Void-of-Course as of 4:29 P.M., E.S.T. until 9:38 P.M., E.S.T. when the Moon enters fiery Aries -- and a pedal to the metal night is upon us. When the general mood gets this hyper, it only makes sense to tire yourself out in order to sleep well. If today seems somewhat explosive, wait until Thursday and Friday!

**THURSDAY - MARCH 25**

**TODAY IS A 6**

New Moon is exact at 5:18 A.M., E.S.T. with the Moon and Sun joined at 4 degrees of Aries. Now Aries is a very fiery, aggressive sign -- sometimes temperamental and war-like -- depending on your personality. Added to this is the fact that Eccentric Uranus Retrograde at 5 degrees of Sagittarius is at an easy 120 degree trine to this New Moon. WILD INDEPENDENCE is the only way to describe today! With all this energy -- you have to hold some respect for this day, and what a night to party! Now is the time to cut your hair to stimulate growth, plant things to maximize growth, and this is a perfect time for personal re-evaluation. As for massive re-structuring and changes, I will wait until July.

**FRIDAY - MARCH 26**

**TODAY IS A 6**

Several books have now been published by researchers who seem to be surprised to discover that what Astrologers have known for thousands of years -- the 48 hours AFTER the exact point of the New Moon is the most hectic. The Moon in action-starting Aries is not Void-of-Course until 7:43 P.M., E.S.T. until Saturday at 0:40 A.M., E.S.T. when the Moon enters Taurus. To the degree that you have time to be independent, today should be O.K. -- but those who want to have meetings, conference calls, or need reports -- are going to find people snappy and short tempered. If you have to wait until tonight to "let it all hang out," the high energy will still be there -- so take advantage and party.

**SATURDAY & SUNDAY - MARCH 27 & MARCH 28**

**SATURDAY IS A 7 and SUNDAY IS A 7**

A weekend with the Moon in fixed, earthy Taurus sure helps to take the rough edges off of this post New Moonitis. This is perfect internal weather for personal and external Spring House Cleaning. As a result of the hectic, crazy week we have been through, many people are going to need some time for socializing. Whether you are heading out or having friends over to the house -- makes little difference. This is a "Green Light" weekend -- both days and both nights. In studying cycles it has always been of interest to me that people tend to exert tons of energy during rough cycles -- and then get somewhat paranoid or lazy during the good cycles. That doesn't make good sense -- let's capitalize on this fine weekend.

**MONDAY - MARCH 29**

**TODAY IS A 5**

The Moon entered Gemini at 2:45 A.M., E.S.T. and we have a communication day. No Void-of-Course Moon, but this begins a week of MAJOR activity. Mystical Neptune turns Retrograde (backs up) at 11:36 A.M., E.S.T. -- but this is not critical. However -- the Moon is the closest to Earth exerting its strongest gravitational pull on the Earth's crust, the oceans, and on US -- since we are about 90% liquid. People are at high tide, and the Memo's will be flying. You will also be able to detect an increase in telephone calls. A calm, steady course is called for today -- after all a "5" day is hardly a disaster. Tonight is a good one for conversations whether you are at home or going out.

# THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

SUPERTRAMP has told the Rock Report that they have been spending lots of time at keyboardist ROGER HODGESON's home studio in northern California. They also tell us that their new Lp has been delayed from its scheduled June release and that SUPERTRAMP will have a "very interesting announcement" to make very shortly regarding the new album. They wouldn't say exactly what that is but they did say that the new record will be the first ever released in the U.S. in a certain way. We'll keep you posted.

The Rock Report has learned exclusively that MIKE LAWLER, the ALLMAN BROS. second keyboardist, has left the band and it looks like CHUCK LEAVEL, who was with the ALLMAN'S in their early days and has more recently been working with his own group, SEALEVEL, has rejoined the ALLMAN'S. Also look for the ALLMAN'S to produce their next Lp on their own.

The new QUEEN album called 'Hot Space' is now complete, and will be released next month. The Lp will contain 11 songs including 'Under Pressure' and will also contain another track with DAVID BOWIE called 'Cool Cat'. QUEEN expects to start a world tour in the summer and there's a good possibility that BILLY SQUIER will open that tour. Also QUEEN fans take note, there's a new book called 'Queen's Greatest Pix' coming out this month from Merrimick Book Service.

The Rock Report has learned that JOHNNY VAN ZANT BAND is going into the studio this week in Atlanta for their third Lp scheduled for July release. AL KOOPER, founding member of Blood, Sweat and Tears and a part of the band during Dylan's electric days, will be doing the production for the Lp. (He did Johnny's first album as well as the first few Skynyrd Lps).

VAN HALEN'S fifth Lp will be called 'Diver Down', and will be released in mid-April. It will contain the song 'Pretty Woman' as well as another Ray Davies' composition called 'Where Have All The Good Times Gone'. It will also contain a VAN HALEN version of the 1920 song 'Big Bad Bill Is Sweet William Now', which will feature Eddie and Alex's father on the clarinet.

We may not see a new album from JACKSON BROWNE this year, but he's been keeping sharp gigging with friends in Los Angeles' area bars. Last week JACKSON showed up at the Blue Lagoon Saloon in Marino del Ray to play 2 bluesy dance sets with Bonnie Raitt's companion, Rick Vito, and her backup band, doing all originals by Vito. There will be at least one JACKSON BROWNE album this year, just released. It's an audiophile recording of his 'Pretender' Lp.

Birthdays: 3/22-Keith Relf, ex-Yardbirds is 39; 3/24-Dougie Thompson of Supertramp is 31; 3/25-Johnny Burnette is 48, Aretha Franklin is 40, Elton John is 35, and Michael Stanley is 34; 3/26-Sтивен Tyler of Aerosmith is 34, Richard Candy of ELO is 34, Fran Sheehan of Boston is 33, and Diana Ross is 38.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
