# FMQB ALBUM REPORT

May 28, 1982

**BILL HARD, Editor**

### Easy Choices

GARY U.S. BONDS, "ON THE LINE", EMI

With Bruce and E Streeters all over the place, let's spare the verbiage and talk cuts. EMI is hot after the single, we prefer the cuts on our Advance Sampler. "Love's On The Line", "Rendezvous", and "Hold On".

APRIL WINE, "ENOUGH IS ENOUGH", CAPITOL

Producer Mike Stone (Asia, Journey) and the group's Myles Goodwin are together again--after their platinum collaboration on the last album. The new single picks up where "All Over Town" left off. Bombastic hooks, harmonies deluxe, signature guitars--all the ingredients to have you singing along 30 seconds in.

REG SPEEDMAGON, "KEEP THE FIRE BURNIN'", EPIC

Cut 1, side 1 from the forthcoming album. Another textbook example of the Holiday Inn School of #1 records--no surprises.

ALAN PARSONS PROJECT, "EYE IN THE SKY", ARISTA

Alan breaks out of his highly complex mold to deliver an unusually open, relaxed, and entertaining record. We like "You're Gonna Get Your Fingers Burned" and "Step By Step".

### Pinch Hits

DAVID JOHANSEN, "LIVE IT UP", BLUE SKY/EPIC

We think the Animals' melody is so hot we've included it on both the EPA Sampler and our new Advance Cassette. Right up there with the classic originals.

THE CLOCKS, BOULEVARD/EPIC

"She Looks A Lot Like You" sounds pleasant, if innocuous on first listen. But spin it a few times--and you're sold. Jon kept it in high rotation at the Bowl-a-thon and even after 47 plays, it sounded great!

GREG COPELANDI, GEFEN

"Used" sounds just fine on its own. In the context of Side 2 of our Sampler--it's a killer. Funny satirical lyrics and loads of Jackson Browne-old guitar notes.

### Chain Reaction

KANSAS, "VINYL CONFESSIONS", KIRSHNER/EPIC

Kansas tops labelmate Heart 97-92 for #1 Most Aided as 78% of the single reports convert to LP play. "Play The Game" remains at #1 on the Song Index with "Face It", "Right Away", and "Chasing Shadows" active...Radio raves: Dave Lange, WDVE, "With the single well entrenched, the album is a 'no sweat' add. We agree on the cut 'Chasing Shadows'. The new singer fits right in"...Bob Bittens, WHCN, "Should put Kansas back on the map. The band has emerged completely unhurt by the departure of Steve Walsh"...Doug Sorenson, KQRS, "'Play The Game' is one of the best records this year. Not only a great hook, but it takes them away from their organ rock format. 'Right Away' is another early favorite"...Bruce Bond, WZZD, "Mark my words, Kansas will be enormous. It took me awhile to hear the single, but all of the requests convinced me. This LP brings back the Kansas we all know"...Roberta Haber, WNUJ, "Epic seems to think that 'Vinyl Confessions' is going to take Kansas right to multi-platinum heaven. With 'Games' already a smash and 4 or 5 potential hits in the wings, they could be right"...Ed Levine, WAOX, "Very pleased with the new album. It's refreshing when major acts put out records that are legitimately 3 or 4 cuts deep"...

HEART, "PRIVATE AUDITION", EPIC

"City's Burning" will dominate now that the LP is out, with "Perfect Stranger" also a contender. Let's hear it from the troops: Apt Phillips, KILQ, "Unequivocally their best album rocker since 'Barracuda'"...Larry Reisman, KEZY, "The tune cooks from start to end"...Tom Nest, WSYR, "'City's Burning' is the reaction cut here"...Tim Smith, WLVQ, "The new sound of Heart and diversity on the album forces us on two cuts. 'Perfect Stranger' is simply a beautiful ballad with enough punch for album rock, and fits fine in middays"...Hobbin Bean, WLPX, "I love it. I think they've finally made an artistic step forward, and 'City's Burning' is just as strong as 'Barracuda', if not more so"...Doug Sorenson, KQRS, "Really glad to see Heart finally come up with a record that is close to 'Dreamboat Annie'. 'City's Burning' is a great rocker but they do some nice acoustic stuff, too"...Faren Anderson, WQIR-FM, "I was pleasantly surprised. 'This Man Is Mine' gave no indication as to the strength of the rest of the record. Production is a strong point, and Heart rocks out as well as delivering some forceful ballads."

#### TIP:

GLEN FREY, "PARTY TOWN", ELEKTRA

The single has multi-format legs, but the real album mo-fo is "Party Town".

### CHAIN REACTION CONTINUED

Enclosed in this week's FRODO, Volume #2 of our Advance Cassette Sampler. EMI surprised us by rush releasing Gary Bondi a week ahead of schedule. Hopefully you'll hear the tape a few times and agree that these are the strongest tracks on the album.

You'll have the April Wine single this week. The album arrives around June 18, so in the meantime, enjoy "Anything You Want" and "If You See Kay" (A guaranteed request line overload. Should go over big with 40+ parents).

The Steve Miller single is off to a nice start, and you'll hear our LP cut picks "Wondering Why" and "Cool Magic". Like "Abracadabra", a big improvement over anything on "Circle Of Love".

Joe Cocker's "Look What You've Done" has a wonderful summertime funky groove, and his best singing in years is complemented by the likes of Sly Dunbar and Robbie Shakespeare. A major career reversal for Joe.

We were big boosters of "So Young So Bad" on the debut Mayday LP, and with "Revenge" they should build from their already solid base. Strong radio track.

We wrap up the tape with "Heartbeat" from the upcoming King Crimson LP. Always challenging and frequently baffling, Fripp and Company have actually come through with a legit mainstream radio song. Heavy on the Talking Heads.

#### "PAPERLATE", GENESIS, ATLANTIC

Overall our #3 Most Added disc with 90 stations--including 24 Level 1 reporters and programmers couldn't be happier...Bob Bittens, WGN, "With the exception of the Police, I can't think of any other band that has managed to become so commercially successful while remaining true to its progressive origins"...The Doctor, WYFE, "It's not as brassy as 'No Reply' and the hook will sink you. A sure smash from some great musicians"...Buck McWilliams, WIOT, "The 12" is a perfect compromise. It has the horn sound of 'No Reply' but they're not as intruding this time. An immediate heavy"...Rob Barnett, WMAF, "Paperlate" is another cut o'jour. Genesis commands the gift for making music that makes you feel good"...Karen Anderson, WGIR-FM, "What a great tune. I took the 12" to a party, an impromptu listener advisory board, and it got enthusiastic thumbs up from everybody. I love it"...Lin Broemer, WJBL, "Paperlate" is a song I can guarantee will be with us till Christmas"...Larry Reisman, KEZT, "The new single caught me totally off guard. 'Paperlate' reminds me a lot of 'I Missed Again'. The tune is so melodic it's bound to be a huge hit."

#### 707, BOARDWALK

Lately the pre-album single release gambit has been especially effective for LP set-up (38 Special, Steve Miller, Kansas), and "Mega Force" has taken us into the third week of beautifully choreographed add activity. We had a total of 89 single adds, and this week 61 conversions to LP play status came in. The title song jumps to #7 on the Song Index, and we expect the LP to debut in the top 15 range next week...WOLX's Mark Miller volunteers, "It's really satisfying to see the rest of the country behind 707. This band has been a favorite here in Flint for 2 1/2 years, and 'Mega Force' should put them in the superstar league"...Tom Nast, W5FR, "Can you spell mega-album? 707 is gonna be big, big, big. Give me a rock and roll record like this, some beer, and some sun, and I'm set for a week"...And from Roberta at WKJQ, "707 has hit their stride with 'Mega Force'. If the advance 12" didn't convince you, drop the needle on 'Can't Hold Back' or 'We Will Last'. What 'Hi-Infidelity' was to RED Speedwagon, 'Mega Force' will be to 707."

#### AAXE, "OFFERING", ATCO

Two excellent weeks--#1 Most Added in our last report with 51, back with another 25 for #4 this week. New at #46 Index, #80 Metro...Key calls to date: WOVE, WSHE, WYSP, KRQR, WHEW-FM, WTYV, KSRR, KZEW, WMMG, KYYS, WCMF, DC101, KQRS, WNET, and WMPR...Rock And Roll Party in The Streets hits the Song Index at #54...Comments: Ed Levine, WAOX, "Requests after one week for 'Rock And Roll Party'"...Ilyse Gottlieb, "Getting more response than anything I've seen in a while"...Bob Majersky, WKUS, "We tested the song and it blew out the phones, with 90% in favor"...Steve Feinstein, WYSP, "Sounds like Aaxe did call-out research before they cut the record. It's got every ingredient guaranteed to garner positive response"...Tom Starr, WOUR, "Great music to pack a cooler to, and that's just perfect for the Summer of '82"...Dave Lange, WOVE, "Rock And Roll Party" is almost too irresistible."

#### JOHN WAITE, "IGNITION", CHRYSALIS

It's interesting that one of rock's most distinctive voices has a relatively unknown name. However, judging by the first week add action, John's first solo LP should change all that. #4 Most Added with 25 reports, including WNET, KZEW, WLPX, WMMG, WYSP, KBPI, KSHE, KTAQ, WLLZ, WIOT, and WHEW-FM... Check these raves: Steve Feinstein, WYSP, "Where does John get off making my life so difficult what with putting so many hot tunes on his album. Really impressed with the depth and range of this first solo effort"...Doug Podell, WLLZ, "Fave rave of the week has to come from ex-Baby John Waite. His debut solo has not let us down. Mass appeal rock and roll is bound to sell millions"...Gloria Johnson, KQON, "Love the Waite. He's got the voice and the songs. And with Neil Geraldo producing and Ms. Benatar lending her unmistakable pipes on 'Change', how can he lose?...Craig Martin, KZOK, "There's something for everybody on this album from the rockin' 'White Heat' to 'Temptation' to 'Still In Love With You'. This should be the big debut album of the Summer"...Kid Leo, WMMG, "Instantly recognizable to your audience, because he was, after all, the pipes of the Babys, and the production by Mr. Neil Geraldo, a native citizen of the rock and roll capitol, is impeccable"...Bobbin Beam at WLPX, "I figured out who he was after listening to the advance cassette, and he's definitely not a Baby anymore. Eons ahead of where that group was. The vocals are as strong as the production"...Trax: "Change", "Going To The Top", and "Temptation".

#### "VALLEY GIRL", FRANK ZAPPA, BAREING PUMPKIN

Two weeks out-and we're convinced. How could you hold out after hearing raves like these: Ray White, WLR, "The Bob and Doug comparisons are absolutely right. For the second week in a row, it's our #1 requested song"...Alan Sneed, KSRR, "Our calls are absolutely unbelievable, across all demos"...David Einstein, WMS, "We're getting the most response this week from Frank and Moon"...Jeff Kaufman, WYPA, "Zappa isn't always programmable, but he's always got an audience. For instant, I mean instant phones, 'Valley Girl' is the cut"...Jeff Riedel, KXDJ, "Zappa generates requests 2 to 1 over every other song"...Bruce Bond, WZZO, "Already getting great response here"...To hesitate on at least short term play, based on early phones, would be a mistake.

#### "EYE OF THE TIGER", SURVIVOR, SCOTTI BROTHERS/EPIC

New at #35 on the Song Index, and when this week's 65 adds convert next week, look out top 5! Heaviest early spins on WMMG, WYSP, KBPI, and the Loop...Comments: Steve Feinstein, WYSP, "It's a winner. Strong enough to convert anyone who is still skeptical about them. This band will be with us for a while"...Greg Gillispie, KEZD, "Not only is it a good song, but it's the theme song to a Summer blockbuster movie. I don't see how we can go wrong"...Duke Meyer, WCMF, "It's the first automatic add in my tenure as PD/MG. Was on our playlist one hour after it arrived"...Tom Nast, W5FR, "I predict huge phones for this as soon as the movie hits. Jim Peterik is one of the best songwriters in the world today"...Ron Henni, "Eye Of The Tiger" is perfect for us and will receive maximum airplay before too long"...Dave Lange, WOVE, "A very powerful cut. We're expecting pretty quick results with the movie opening up shortly"...Jose Diaz, WBLM, "A very dynamic song that proves that this band has longevity."

## CHAIN REACTION CONTINUED

### THE CLASH, EPIC

19 more adds bring us to a total of 38 FMQB reporters. Key calls include: WMMR, WCMF, WLAV-FM, WBCN, WMMS, and WXRT. "Should I Stay Or Should I Go" shares play with "Rockin' The Casbah".

### JON ANDERSON, ATLANTIC

Always a strong upper demo item based on sound and past performance, Jon nabs a quick 18 reporters including WDVE, KSHE, WLAV-FM, WXRT, WKLS, WBAB, and WLIR. That's an especially healthy start considering the confusion caused by the J&V single on Polydor...Comments: Jim Buckley, WRCN, "John is doing a fine job of keeping the Yes sound fresh and alive on his new album"...Bob Walton, WQDR, "Pleased with Jon's new one. I'm afraid the timing might be wrong. I think the Jon and Vangelis will be a big Top 40 record while Jon will be a good image record for album radio"...Bob Linder, WDHA, "There is a quality to his voice, that like Art Garfunkel, transcends reality. The music, lyrics, and production, all work well."

### SOFT CELL, SIRE

With WKLS, KDKB, WZXR, WIYY, and 10 more coming in after 17 weeks on our Back Page, you could call this record confirmed. 45-47 on the Index, but look for an upward swing when the adds convert next week. If you never played "Tainted Love", the longevity and recent call letter quality should finally convince you--a watershed record.

### ALLIANCE, HANDSHAKE

Up until the past few days, the strong market support in Dallas on KTXQ and KZEW was the real story on this record. However, we just turned up some interesting developments at WEBN. In just two weeks they've upped it to heavy play, and Curt Gary reports, "We went on 'Love On The Line' on intuition, and now the response validates our hunch. Three weeks of testing came through like a charm with an unforgettable hook."

### "CAT PEOPLE", DAVID BOWIE, BACKSTREET

Let's talk nine lives for an Lp out ten weeks...Still gaining in the top 30 markets as indicated by the 40-34 Metro Prime Move... "Cat People" went 26-24-21 in the last three weeks.

### MEN AT WORK, COLUMBIA

We're nuts for "Down Under" and "Who Can It Be Now" is also kicking up steam. Key calls: KGB-FM, KZEW, DC101-big guns to date: KISS, KLOL, KSRR, WBAB, WLIR, and KBLE.

### "ABRACADABRA", STEVE MILLER, CAPITOL

Steve rounds up 22 new adds for a total of 75 in the past two weeks. New at #23 on the Song Index... Max play on WIOT, LOVE94, WLIR and KZEW, and heavy play on KDKB, WPDH, WQBK, WNEW-FM, WBRU, KATT, WRXL, WXRT, WMET, WDHA, and KISS...Comments: Janel, KZEW, "'Abracadabra' goes straight to the head of the class. Heavy rotation. Can't wait for the album"...Ilyse Gottlieb, WRXL, "Getting tremendous calls."

### COLD CHISEL, ELEKTRA

The similarity of "You Got Nothing I Want" to Cheap Trick makes this a tough one-listen item. KGB-FM's Larry Bruce tells me he heard the song a number of times while in Australia recently and loves it. So, we went back, listened more, and now we're fans.

## BUILDERS

### SQUEEZE, A&M

New WRKI & WPYX...Increased play on KMET, WMMR, WHFS, and WRCN...On 40 FMQB stations in the last three weeks, including WMMS, KLOS, KTXQ, WHJY, KROQ, and WNEW-FM. Debuts at #49 Metro, #50 Index... Songs: "Black Coffee In Bed" and "I've Returned".

On the Consultant's Page: 16-13 Superstars, 16-13 Doubleday, and 19-18 Pollack. And an impressive #9 debut on the Retail Index. "Put Out The Fire" leads, going 12-8 on the Song Index.

### CHEAP TRICK, ELEKTRA

A double underline showing here, too, 21-14 Index, 20-15 Metro. Overall moves: 29 steady, 1 down, and 19 ups, including KYYS, WMET, WMMS, KISS, and WMJQ. "If You Want My Love" jumps 19-14 on the Song Index, "She's Tight" is next moving 69-61.

### AMBROSIA, WARNER BROTHERS

Three biggies roll in: KSRR, KMET, and WMMR. And as predicted, we have a #44 Index, #42 Metro debut. On a total of 63 FMQB stations including KZEW, KLOS, KRQR, WPLR, WPYX, WDVE, KGB-FM, KTXQ, KISS, WXRT, WMMS, WLAV-FM, WNEW-FM, KBPI, WLIR, KSHE, KMOD, and WBAB...WMMS, WWCK, and WNEW-FM increased play, 4 dipped, and 18 held steady...Checklist: 12 maintaining, 2 dropping, 57 not playing, 28 considering, and 20 building: KISS, KSHE, KZEW, KSRR, KBPI, WDVE, WMMS, KMET, KGB-FM, and 11 more...Key songs: "How Can You Love Me" debuting at #94 and "Still Not Satisfied" comes in at #100.

### BOW-WOW-WOW, RCA

Out 6 weeks, systematically accumulating majors, and bingo--new at #45 Index, #44 Metro. "I Want Candy" moves 90-44...This week's 7 adds bring us to a total of 54 stations with WCOZ, KMET, KSHE, KRQR, KBPI, KDKB, WLPX, KQRS, KZEW, WMMS, and WNEW-FM...Checklist: None dropping, 17 maintaining, 21 building, including WCMF, WNEW-FM, KSHE, WLAV-FM, KZEW, WBAB, WMMR, KQRS, WMMS, WAAF, and KSMB, and 53 not playing but a hefty 20 considering...Comments: Dave Kane, WCMF, "'I Want Candy' is picking up very credible phone response. The listeners are either asking for the artist by name or saying that was great, who was that?...WMMR's Charlie Kendall, "Bow-Wow-Wow sounds great on the radio, and requests are coming in like crazy."

### MARSHALL CRENSHAW, WARNER BROTHERS

The Checklist is really the story here. Obviously the building to maintaining relationship is the key, and with a 23-9 ratio, Marshall is performing incredibly well for only 4 weeks out. It's also significant to note that of the 59 not playing, 25 are considering, and there are none dropping... Builders include WYSP, WCOZ, WCMF, WQFM, KZEW, WMMR, WRIF, and KDKB...#9 Most Added with 11 for 53 stations total...Favorite tracks: "Someday, Someway" and "Cynical Girl".

### SPARKS, ATLANTIC

In the last couple of weeks, we've seen a number of noteworthy adds, and this week they combine with play increases to yield Sparks' first ever Chart blowout: 49-42 Index (one of the strongest back page moves) and 50-45 Metro...Increased rotation the past two weeks on WMMR, WMMS, WNEW-FM, WLIR, WLAV-FM, WRNO, and WXRT..."I Predict" shows a convincing Song Index trend 63-53-39.

## Radio Action

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "We succeeded in landing the front on the Asia concert. We feel that this is a major step, both in terms of the street and the audience...We're most impressed with the new Kansas album. Our favorite cut is: 'Play On'...We also like the two Genesis singles... Finally went with Ambrosia and the cut 'For Openers', which is generating excellent phones...One killer cut which is bound to be generating phones across the street, even though they have not yet added it, is 'Valley Girl' from Frank Zappa. Our calls are absolutely unbelievable across all demos... We expanded the Aldo Nova album to three cuts, adding the new single 'Fooling Yourself'...And, we've moved Queen's 'Put Out The Fire' into power rotation as a result of audience response."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: John Waite, 'Change'. Billy Bass laid out a spread at the Cleveland Agora six years ago, heralding their debut. Since then, I've been a Babys fan. And face it, this is the classic sound of the Babys...My second favorite this week: Genesis, 'Paperlate'. A great rock and rhythm track. (My new phrase describing music derived from old Negro music, once referred to as 'race' records. This is a lilywhite English band, so it's acceptable.) P.S. My friends at Atlantic: From Day 1 of the current Loop regime, we've played Genesis in power. I've been a programmer here longer than any other album rock station in the city. Keep that in mind... It's a wonder I can think after this weekend in L.A. (isn't that right, Bill?) at what clearly has become THE industry event of the year, Jon Scott's Bowlathon. To each and every one of you I saw, I must confess I don't remember a thing, so don't hold me responsible. All kidding aside, special thanks to: Marty Schwartz, Don Wasley, Markoman, and of course, J.S. for spending extra time with me at the party. The Plimsouls visibly blew minds...Coming from L.A., I must prepare you: Get ready for X. They've sold over 100,000 records on a small label and, self-admittedly, have smoothed out some edges. This band has the earmarkings of being an immediate phenomenon, i.e. the Go Go's, Police, etc--the Jefferson Airplane of the 80's."

WLTX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "I love the Heart album. I think that they've really made an artistic step forward. 'City's Burning' is just as strong as 'Barracuda', if not more so. Burning rock and roll soul--I'm really proud of this album...The Kansas seems like it's gonna hit, no matter what Steve Walsh decides to do...The Genesis 12" is a natural, and we're playing it daytimes due to the horns...I must say I was impressed with the John Waite. I figured out who he was after listening to the advance cassette, and he's definitely not a baby anymore. Eons ahead of where the Babys were--the vocals are strong; the production is strong. Another favorite...Also added Chicago's local band: The Kind, managed and executive produced by Mike Sheid...Seeing a few sales for Axe after a couple of weeks...Sales Highlights: Up to #1 again for Asia after their show last week; the McCartney is #2; Van Halen #3; 38 Special #4; the Clash debuts at #6; Kansas #7; Queen #8; and, Sammy Hagar #9."

**WBCN, BOSTON, MA M.D.-MARC MILLER:** "We'd like to thank: Dave Edmunds for coming by and doing an interview here and for doing one of the best rock and roll shows I've ever seen. He had them dancing on the ceilings. Special thanks to: Tom Lanzalotti and Rich Bloom for getting that together. Also, in the course of one night, I got to see The Jam and Sparks at two different shows. Both were incredible. Don't miss them when they come to your town...Vinyl that is new and wonderful: Ry Cooder, The Cure, Steel Pulse, Thomas Dolby, Thompson Twins, and Pete Shelley...Listening to the new Alan Parsons Project record now, and it sounds like another smash...Really love the Nina Hagen Lp. Too bad no one else will play it...Also, WBCN has just released a 'Live At The Metro' Lp with six of Boston's best bands. If anybody wants a copy, just call."

**KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE:** "Well, Jon Scott, you sure know how to throw a party. Actually, I feel you did it to assure yourself more mentions than Mike Bone...There are so many folks I'd like to mention in my 'glad to see/talk to you's' that I'll not even bother, except for: Mr. Bill 'picture of health' Hard and his lovely sidekick, Susan. (I figure they let me take up space in their Sheet every week, so I'm obliged to make mention of them)...Harvey: Did you ever get the top to go down on that Rabbit?...Jon: I have only one suggestion--next party I'll come out a few days early and make up name tags for everyone. I missed a lot of folks 'cause I didn't know what they looked like...Bruce Moser could be a label deal. Go with Peter Thildin, his track record is excellent...We're looking at a few quick-burn Summer songs: Sparks, 'I Predict' (Drew 'Dodgers' Murray knows all the words); and, Bow-Wow-Wow...We would consider Zappa, but there is no valley here--and no hip Jewish girls either...Looks like 1982 will be the year of the exercise record--Richard Simmons is more fun than Jane Fonda. But between the two, I'll either be dead or the picture of health by the end of the Summer...Now, here's Jeff..."...**JEFF JENSEN:** "That's Jeff 'picture of health' Jensen, Michele. Well, with a Memorial 3-dayer almost here, the Tex-sun is into a direct ray, high quality tanning phase which lasts till September. It's into the 90's daily now, and this means a lot of free, cold Lone Star beer consumed at the beaches and parties from the KLOL Party Patrol. This 3-day weekend, we attempt to shatter the previous mind-numbing record of the number of our listener's parties attended in one night. Not content with this, we intend to do it Saturday and Sunday nights and promise not to hit anyone who asks, 'Why don't you play more Zep, ya fuckers?'...KLOL priceless movies include: The new Steven Spielberg, 'E.T.'; 'Star Trek II'; and, 'Dead Men Don't Wear Plaid'...Rockfest '82, KLOL's free lifestyle fair, is expected to attract 300,000 over the 4th of July weekend. It's presumed to be 300,000 people. 65,000 folks, subhumans, deviants, and human peacocks will be at the tastiest jam of all--the Texas Jam, June 13th at the Dome...And finally, I'm preparing plans for the 'Jeff Jensen serving mankind for 26 years party' in July. I'm going to rent a giant men's and ladies' room to make it easy for everyone."

**KZOK, SEATTLE, WA M.D.-CRAIG MARTIN:** "My top consideration of the week goes to: John Waite's 'Ignition'. As the leader of the Babys, a good band with a bad name, John put out some great rock and roll. Now with the Babys image behind him, John's solo career is off to a fine start. There's something for everybody on this album, from the rocking 'White Heat' and 'Temptation' to 'Still In Love With You', a ballad in the vein of Foreigner's 'Waiting For A Girl Like You'. This should be the big debut album of the Summer...I haven't had the time to spend with the Clash's 'Combat Rock' to compare it with their other great albums, but it's safe to say that the Clash continue to be rock and roll's great non-conformists. While this album doesn't have the original impact on me of their previous efforts, especially 'London Calling', it does have the innovative touch that always leaves me going back for more. The fact that this is only one disc should make it easier for radio to deal with. 'Should I Stay Or Should I Go' is a catchy rocker that will gather some airplay. There's just no way I can be objective with this band. I've been Clashed. I listen to them with my heart rather than my head, which is tough when it comes to programming, but it is, after all, what rock and roll is all about...Quickly, I'd like to retract what I said a month ago about Van Halen's 'Diver Down'. I called it a spotty album at best; and, though I still think there's a little too much filler, after spending more time with this record, I realize that the good stuff is very very good. I break out in a sweat every time I hear 'Little Guitars'. And I agree with previous comments in these pages that Eddie Van Halen's guitar playing is better than ever."

**KQRS, MINNEAPOLIS, MN P.D.-DOUG SORENSON:** "I think 'Play The Game' from Kansas is one of the best records this year. Not only a great hook, but it takes them away from their organ rock format. 'Right Away' is another early favorite...Really glad to see Heart finally come up with a record that's close to 'Dreamboat Annie'. 'City's Burning' is a great rocker, but they do some nice acoustic stuff too...Using the 707 single--just a great tune...Monroes just sounds super on the radio...Great phones on: Bow-Wow-Wow. Slow sales. Obviously, the name of the band doesn't help, but I'd buy it just for the album cover. (If I could get a cover with a shot of the lady waving, I'd put it in heavy rotation)...Al Nalli has picked up pointers from the Journey sound, and Axe is a beautifully produced record. 'Rock And Roll Party' is a strong anthem, but 'Video Inspiration' is geared for all formats...'She's Tight' from Cheap Trick getting great 16-20 male phones...KQRS is giving away a trip to London to see the Stones on June 25th with a postcard drawing."

**WMMS, CLEVELAND, OH M.D.-KID LEO:** "The two heavyweights of the week, Heart and Kansas, have put out the albums that they needed at this point. We all know everybody's feelings on formula rock, especially the audience's, so these are important albums, for Kansas especially. I feel the new singer takes them off their spiritual plan back to more of a gut level...My favorite track on the Heart is 'Bright Girl'. Of course, 'City's Burning' and 'Fast Times' are the obvious radio tracks...We finally went with: Marshall Crenshaw. It's hard to pick songs since every one is good; but, finally, we deciphered it and went with: 'Someday Someway', 'Cynical Girl', and 'MaryAnne'...The Babys are stillborn, but this band will have a very big influence on rock in the future. Jonathan Caine is with Journey, another ex-member is with Rod Stewart's touring band, and now John Waite comes out with a very solid solo debut. Instantly recognizable to your audience because he was, after all, the pipes of the Babys. And the production by Mr. Neil Geraldo, a native citizen of the rock and roll capital, is impeccable...Added the Pete Townshend import single. On first listen, I think it's 'Face Dances Part 2'. Already makes me think that the forthcoming album will be better than 'Face Dances #1'...Finally, Genesis's 'Paperlate' sounds like a continuation of Phil Collins's new-found love for R&B, and I love it as much as he does."

**WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM:** "I'd just like to take a quick moment to extend my thanks to Robby Steinheart of Kansas for joining me on the air the other day. The response that we received from our audience since Robby's appearance and discussion of 'Vinyl Confessions' has been amazing. An incredible album from an incredible band...Aside from that, I'm up to my ass in alligators and I really have to get back to work. Toodles."

**KAZY, DENVER, CO M.D.-DOUG CLIFTON:** "Lots of Mile High sunshine today, so this will be short and to the point...Adds: Heart, 'This Man Is Mine'; Monroes, 'What Do All'; and, Frank Zappa, 'Valley Girl'... Next: John Waite, Alan Parsons Project, and Ambrosia...Considering: Stevie Wonder, Bow-Wow-Wow, Axe, and Men At Work."

WMMR, PHILADELPHIA, PA P.D.-CHARLIE KENDALL: "After weeks of carrying the ball by myself--I have relented, surrendered the white flag; and, we're pleased to announce now our new department head appointments: Lisa Richards takes over as Music Director, effective June 7th; and, Tom Sheehy, formerly with A&M and local concert promotion, moves into the Promotion Director job. The interim Promo Director has been Kevin Gunn, who now becomes Assistant to the P.D., and an able-bodied gunner he is. I'm very pleased to have this new crew of programmers in the Programming Department... Added: The Ray Parker, Jr. Sky was right. What else need be said? It's a smash...Kansas just moved into hot rotation this week. If you think they're rolling over and belly up, they've returned with an excellent album...Joe Bonadonna played the Kim Wilde on the air this afternoon, and it was fabulous. I'm sorry I waited so long...We're using: 'Someday Someway' from Marshall Crenshaw. It takes a couple of spins, but his great songwriting flair gets you...Bow-Wow-Wow sounds great on the radio, and requests are coming in like crazy...Another brilliant song and performance from Pete Townshend on the import single. I would expect nothing less from the man...The new Genesis 'Paperlate' is also marvelous. E.W.& Fire horns give it a bit of that 'I Missed Again' flavor, but it's a little more pop and less funky...Had a wonderful dual premiere of the Stones album with WYSP. They played 'Goin' To A Go-Go'; 30 minutes later, we came back with the same song and one other track from the album 'Let Me Go'. Then they came back with 'Let Me Go', because we came back with the flip side of the single, 'Beast Of Burden', which is not on the album--and they didn't have that. So at that point, I called it a victory. Atlantic and Rolling Stone Records called it a 'cease and desist'. A good time was had by all, especially the audience."

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "John Cougar is doing very well on a request and retail basis. 'Hurts So Good' is definitely the Top 5's most popular song...Steve Miller's 'Abracadabra' goes straight to the head of the class. Heavy rotation. Can't wait for the album...The advance cassette of the Alan Parsons Project is intriguing. 'Eye In The Sky' is my favorite, with 'Psychobabble' the probable candidate for album rock play...Duran Duran is great. Please audition, if you haven't. Hope this Lp gets album rock attention this time around...Split Enz and Squeeze are both excellent albums. Hoping to add them both soon...A retail phenomenon in Dallas is: Marshall Crenshaw. With no radio play as of yet, it's selling in a fantastic way at retail outlets with only in-store play. A word to the wise, this one is a long shot that seems to come home retailwise...Great new albums from: John Waite and Men At Work go in this week. Looks like it's going to be a smokin' rock and roll Summer. With major new releases on the horizon and great current product, the radio sounds great."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "With the Kansas single well entrenched in airplay already, the album is a 'no sweat' add. We agree on the 'Chasing Shadows' cut. The new singer fits right in...Axe's 'Rock And Roll Party' is almost too irresistible...On the Motels, we're finally going with 'Only The Lonely'...Jon Anderson is on a roll right now, and we instantly picked 'Olympia' as the leading track from his new one...Survivor's 'Eye Of The Tiger' is a powerful cut. We're expecting pretty quick results with the movie opening up shortly...We'll be measuring the audience's reaction to Heart. We're using: The title track and 'City's Burning'...Genesis is pretty much an automatic with 'Paperlate'...Looking forward this week to: The new Stones single and the Pete Townshend album. I'm glad I don't work for Atlantic Records. They have more work than they know what to do with. I'm sure...Till next week."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Sales: #1 McCartney, #2 Van Halen, #3 Scorpions, #4 Asia, #5 Sammy Hagar, #9 38 Special, #15 Queen, and #17 John Cougar...Requests: #1 Human League, #2 John Cougar, #3 Krokus, #4 Scorpions, and #5 Kansas...Wow! Lots of calls for Human League finally. Sales should be kicking in soon. Beginning to see a bit of a buzz on the retail level...The Monroes definitely has the hooks. It gets stronger with each listen. I'm convinced. Now, let's see if our listeners respond...Love the new John Waite. He's got the voice and the songs; and, with Neil Giraldo producing and Ms. Benatar lending her unmistakable pipes on 'Change', how can he lose? Unfortunately, we got a defective copy with what Iris, our morning announcer, describes as a cosmic fart pressed into the grooves--so we're waiting for a new one. Anyone else have this problem? Hope it's an isolated case. Records are having a hard enough time saleswise these days without defects adding to it...To Clive 'Big Boy': Thanks for the Alan Parsons Project tunes. 'Psychobabble' is a monster."

KPKE, DENVER, CO P.D.-ALLAN BAXTER: "Nice to see Rainbow doing so well. 'Power' is great...Some interesting new stuff from: Survivor, John Waite, and 707. We have all the kick-ass new Summer rockers...Thanks to: Boardwalk for quick 707 service; and, to Pat Martin for the Outlaws help... To Dave Van Dyke at KGON: Don't you know when to quit building numbers?"

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Where does John Waite get off making my life so difficult, what with putting so many hot tunes on his album? Worst of all--sticking what we think is the hottest of them all, 'Wild Life', at the very end of the album? Really impressed with the depth and range of his first solo album. Good choice of sidemen with Patti Smith and David Johansen... 'Eye Of The Tiger' by Survivor is a winner. Strong enough to convert anyone who is still skeptical about them. The band will be with us for awhile... 'Rock And Roll Party' sounds like Axe did call-out research before they cut the record. It's got every ingredient guaranteed to garner positive response...My Fave Rave Of The Week: Pete Shelley's 'Homosapien'. I'm looking forward to seeing him tomorrow night at the Ripley Music Hall...Quite an awesome performance from Tom Verlaine the other night...Sales Story: Top 5: Asia, Ozzy Osbourne, Van Halen, Loverboy, and J.Geils Band...Squeeze and 38 Special debut Top 20, and the Motels make their first appearance in the Top 20...This is the week we finally added A Flock Of Seagulls. We're going with: 'Telecommunication', which has gotten the most airplay in clubs and got the most enthusiastic response when Flock played live in town."

WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN: "Special thanks to: Steve Leeds, Kenny Laguna, and Joan Jett for their kindness and hospitality last week in the City by the Bay. Joan, it feels great. If anyone speaks to Leeds, ask him how he enjoyed his honeymoon...So that's what a bowling party is, huh? Well, now I know how popular skiing is in Los Angeles. Nice to see everyone at Mr. Scott's bash...The Alan Wolmark Wallet Opening Party is, with Alan's consent, turning into a NYC block party. Call me for details."

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "New Adds: John Waite, John Cougar, Stealer, Franke & The Knockouts (Re-Add), 707, and Kansas convert...Fave rave of the week has to come from ex-Baby, John Waite. His debut solo effort has not let us down. Mass appeal rock and roll is bound to sell millions. Most definitely the sound that radio is looking for today...John Cougar's Lp is too strong to be ignored. A monster artist here in the Midwest. My feelings are that this Lp, especially 'Hurts So Good', will make John Cougar a household word Coast to Coast, and deservedly so. This one's for you, Sotet--and all who believe...Stealer's 'On My Own Again' just won't die. We were having success with this record in the Twin Cities, and now you can add the Motor City to the list. Our #1 request item last week, and testing extremely well. Looks like the boys from Pontiac, Michigan have got a real great future...By the way, there's a local band in town with a record that will debut in hot rotation. The name of the group is Bittersweet Alley. It's clean, well-produced rock and roll in the vein of Survivor or Sammy Hagar. If you need a copy, or any details, feel free to call...Finally, thanks to: Eric Heckman, Craig Lambert, Jack Ashton, Jeanie MacDonald, and Dennis Osowski for making my first week back home a real pleasure."

WYNF, TAMPA/ST. PETERSBURG, FL P.D.-GEORGE HAWRAS: "The pirate rock and roll radio station continues its crusade. Latest Birch: WYNF 7.7, WQXM 5.6. The Rock and Roll Pirate has come ashore, pillaging and plundering the airwaves."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "The Genesis advance is my idea of the perfect excitement builder. 'Paperlate' itself bounces you into anticipation and is just one more indication that Genesis is the supergroup of '82. Now, I say, bring on the album!!!...The Clash's 'Should I Stay Or Should I Go' is a must...Survivor's 'Eye Of The Tiger' has the ever-so-important ability to sound familiar right from the start. We're getting calls already...Soft Cell's 'Tainted Love' has proven itself simply by its endurance. It's added this week... 'Abracadabra' by Steve Miller is getting tremendous female and teen response... Good calls and sales on: Frankie Miller's 'Angels'. We're now considering a second cut... 'Rock And Roll Party In The Streets' by Axe is getting more phone response than anything I've seen in a while... If anyone was ready to give up on Kansas, it was me. 'Vinyl Confessions' has made me change my mind... 38 Special jumps to #1 sales beating out Asia and Paul McCartney... After playing John Cougar for five weeks and cringing every time I listened to the lyrics, I decided to speak up. 'Hurts So Good' could have been a great song. It's got every hook in the book. Johnny conveys the seduction and the excitement in his voice, but there remains one question-- WHY???? Believe me, I'm all for 'whatever turns you on' but am personally offended by the casual acceptance of 'hurting' in this song. Sure, there have been much worse, but it worries me to find myself bouncing and humming along to lyrics like 'sometimes love don't feel like it should'... Finally, congratulations and welcome back to: Irwin Sirrota on his new venture with Jem Records!"

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Adds: Survivor 45, Heart, and Axe... Survivor's 'Eye Of The Tiger' is the first automatic add in Tom's and my tenure as PD and MD. It was on our playlist one hour after it arrived. To jump on the bandwagon proves that these guys are not your basic one trick pony. (Hey, Crisanne, is this good enough. Do you think Dave or Mark will get Sly Stallone's autograph for me now?)... I wish I could talk with some authority about the Heart album, but I haven't gotten past 'City's Burning' yet. The album's on the turntable and I have every intention to listen to the whole thing, but I keep putting it right back on 'City's Burning'. And before the song is one-third over, I'm dancing around my office like Tom Jones with a wasp in his shorts... We're going to start with Axe's 'Rock And Roll Party In The Streets', but I've got a feeling we're going to be dealing with my favorite off the album, 'Silent Soldiers', real soon... The Glenn Frey single is good. I was lucky enough to hear a cassette of 'Party Town' and I can't wait to hear the rest of the album, 'cause I've got a feeling in my bones that this is going to be one of the albums of the Summer... Personal to Kruser at Double Q: Arriving today will be a very special lady as your new Production Director, Sue Arnsten. You guys hired her away, so you best be good to her. Oh, and by the way, if you've got some spare time, check out what she can do with a razor blade... A personal to Sue: Hello, my dear."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "Mark my words--the Kansas album will be enormous. It took me awhile to hear the single, but all the requests convinced me. This Lp brings back the Kansas we all want and know. John Elefante's vocals fit in perfectly... We put the Genesis 12" on the air and received an amazing amount of positive calls. I didn't know there were that many Genesis fans around Allentown... I forgot to thank Biff for the private party of 'Rocky III' two weeks ago. I get real emotional at those optimistic films. The Survivor theme is hot... We're getting great response to: 'Valley Girl' by Frank Zappa... Records we had no room for this week: Dave Edmunds, Split Enz, Wendy Waldman, Men At Work, Steve Miller, A Flock Of Seagulls, and (as much as I hate to say it, Bill) Cheap Trick... Paul McCartney moves to heavy this week... Elton John to medium... The Clash to medium... McCartney also did well in sales, moves #10-4... The Scorpions hang in at #13... The Jam goes up again #43-33... Marshall Crenshaw from #53 to #43... I saw an excellent Crenshaw/Edmunds show last week... Requests: Soft Cell, Scorpions, and Aldo Nova... Oh, by the way, I also got to see Boxcar Willie this past Saturday. A little different, but not bad at all."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Hey, did you guys hear that NRBQ is coming out with cover versions of old Dave Edmunds and Bonnie Raitt songs? But seriously, folks. Why don't more labels send us advance cassettes so that we don't have to waste time listening to cuts when the album finally gets in? I can't tell you how valuable it was to me to be able to hear in advance: Axe, Alan Parsons Project, Gary U.S. Bonds, Glenn Frey, Eddie Money, Steve Miller, April Wine, and Billy Squier... The Bonds is absolutely great!--with 'Out Of Work', 'Angeline', and 'Turn Down The Music' leading the way... April Wine has a great tune that you'll have to pre-announce called: 'If You See Kay'... And Squier's follow-up is as solid as a brick. 'Emotion In Motion' and 'Everybody Wants You' are true to form. Now I know what to play when the Lp's arrive... And speaking of arrivals, what do you say to a baby with designer diapers? Gucci, Gucci, Gucci!... But seriously, folks, from the 'You-know-you're-quotable-when-you-hear-this' department: At lunch the other day, I heard two ladies talking about how WIOT had played the new Richard Simmons Lp that morning and wasn't it hilarious. You want instant phones? And demos of all ages and sexes? Play Richard Simmons and see if it doesn't work... The Genesis 12" is a perfect compromise. It has the horn sound of 'No Reply', but they're not as intruding this time. An immediate heavy... And finally, have you heard about the bald-headed Louisville music director who called the cops and pleaded, 'Help, my friend just got hit by a truck and he's lying in the middle of the road. He needs an ambulance!' Well, the policeman says, 'What street are you on?' The balding Louisville music director says, 'I'm on Sick-a-moe Street.' The policeman says, 'How do you spell that?' The music director says, 'Well, let's see-- S-i-k, no; S-y-k, no; S-i-c; Oh, the hell with it, I'll just drag him over to Lee Street.' But seriously, folks..."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: Heart, Kansas, Clash, John Waite, 707, Glenn Frey single, Genesis single, and Survivor single... This is one of the first of many incredible weeks of new major releases. I hope my playlist can handle it all... Glenn Frey has got a killer on his hands. The single is an automatic as any Eagles record and equally as good. It may be a bit on the soft side, but it's still a very hip image record. And from what I've been hearing, the album kicks ass... 'City's Burning' will by far be our lead cut on the Heart album. This tune cooks from start to end. I also like: 'The Situation' and 'Bright Little Girl' on the hard side, and 'Perfect Stranger' for a mellow track. This record, like all of Heart, can't miss... The arrival of the new Genesis single caught me totally off guard. I didn't even know they had another album coming this soon. 'Paperlate' reminds me a lot of 'I Missed Again' from Phil Collins' solo record. This tune is so melodic, it's bound to be a huge hit... With the hoards of people who will be going out to see the 'Rocky III' movie, Survivor's single probably won't need any radio play to sell. But airplay is what it will get, and heavy at that. These guys may end up being the next Loverboy or Journey. This is one powerful record... John Waite has certainly matured musically since leaving the Babys. I like at least half the cuts on his solo album. We're starting off with: 'Temptation'... Top 5 Sales This Week: Asia, Missing Persons, Paul McCartney, Van Halen, and Toto; with a debut for Ambrosia at #31... It was wonderful, as always, to see old and new friends at the Bowl-a-thon last weekend. Another great one, Jon, totally."

WWWL (LOVE94), MIAMI, FL M.D.-STEVE HUNTINGTON: "You can tell a record is really good when all the record people talk about it, not just the ones who are working it. Haircut One Hundred is a recent example...To Harvey Leeds at Epic: In case I don't get around to calling you soon, THE cut on Wendy Waldman is: 'We'll See In The End'. We've even got K102 playing it down here...Adds: Jon Anderson, Heart; and, singles by: Genesis, Chicago, and Glenn Frey...Top Sales: Paul McCartney, Asia, Van Halen, Willie Nelson, Stevie Wonder, and Human League."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "In goes: Heart, Kansas, Axe, Genesis, and 707...Both Heart and Kansas are an improvement over their last albums. I generally like the Heart better, and Dave and Chuck like the Kansas better--so there's been some debating about those two. There's lots of soft stuff on the Heart, but the more uptempo tracks are fantastic. 'City's Burning' and 'Bright Light Girl' are the best. 'Perfect Stranger' and 'Situation' are good, too, as is the whole album. But much of it is too soft for now...On Kansas, we like: 'Play On' and 'Borderline' the best, besides the single. After that, it's a tie between about four other songs for third place...We're dayparting Genesis just like we did 'No Reply At All', when we did play it...Axe and 707 are very formula, but they're also very good for each of their type of music. 'Rock And Roll Party' and 'Mega Force' will work well...Last Saturday, we threw a free outdoor party at the Sinclair College Campus here in town. The two biggest local groups, Dale Walton and Bramble, played to a crowd of close to 3,000. We also had a Dragster and Exotic Car Show there for everyone to gaze at. A great party and time was had by all, needless to say. We took advantage of the situation to give away stickers and discount cards, as well as get more signatures for our 'John Lennon Day Of Peace' petition. We also included the petition in the last issue of our monthly paper. We distribute about 5,000 copies of the paper each month to record stores for people to pick up and read, and we've gotten fantastic response from people passing around each petition and then sending it back. I haven't tabulated the number of signatures we have, but I'm sure we'll have a couple thousand to send into the U.N. to help make John Lennon's Birthday an International Day Of Peace. If you're not familiar with this, call up the folks at WRCN. They will definitely welcome your phone call."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "What do Los Angeles, Chicago, London, and Paris have in common? They are cities that WCMF is sending listeners to for concerts from Genesis, Journey, and the Stones. It's all part of our World Tour Month, which also has us giving away concert tickets every day. Response has been overwhelming, with over 4,000 entries received to date. We end the month on Memorial Monday with a free outdoor concert on the shore of Lake Ontario featuring Rochester's own Duke Jupiter and popular local band, Buxx, who appear on our second homegrown album...This week, we found room to add records that have been in consideration for awhile, namely: A Flock Of Seagulls and the Monroes...We also added: The Clash and the new Genesis 45...Records we want to add when we have room: Men At Work, Ambrosia, and Survivor...Very encouraging sales for: Marshall Crenshaw, Elton John, and Bow-Wow-Wow...'I Want Candy' is also picking up very credible phone response with the listeners asking for the artist by name or by saying that was great--who was that?...Top 5 Retail: Paul McCartney, Asia, Stevie Wonder, 38 Special, and Van Halen...In the 'part-of-the-business' department: Al Tvanmo: is without a gig. He's a good friend of our station, and we hope to see him back at work soon...Also, while in NYC last weekend, I was very dismayed to learn that my main inspiration Dennis Elsas from WNEW-FM is not full-time anymore. Boo-o-o-o-o!!!"

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "'Vinyl Confessions' should put Kansas back on the map. The band has emerged completely unhurt by the departure of Steve Walsh. The single is an obvious smash. And after numerous listens, I think that 'Face It' is the best second track. It has all the right elements, including a catchy hook and a screeching sax solo...Everybody's talking about Asia as the first 'supergroup' of the 80's. But one of the superist groups around right now is a holdover from the past decade--I'm talking about Genesis. With the exception of the Police, I can't think of any other band that has managed to become so commercially successful while remaining true to its progressive origins. I love the new single and look forward to future recordings from a band that has always been on the leading edge...I got to see a video of the first 10 minutes of 'Rocky III' recently, the soundtrack of which included the song 'Eye Of The Tiger' by Survivor. The song is good enough to stand on its own, even if the film flops. But based on the track record of previous 'Rocky' films and the quality of the video I saw, the film will be a huge success. So will Survivor...We've always given at least some airplay to every Frank Zappa album, just to satisfy the Zappa freaks if nothing else. This time around, we can play his album with complete confidence. 'Valley Girl' is hilarious even if you've never been to California. I mean, like, we have plenty of 'Valley Girls' right here in the Connecticut River Valley, so we can relate. Gag me with a spoon, for sure."

WWCK, FLINT, MI P.D./M.D.-MARK MILLER: "First things first, we've got two weeks' worth of adds: 707, Steve Miller, Survivor, Bow-Wow-Wow, Heart, Kansas, Axe, Queen, Marshall Crenshaw, and Marshall Tucker Band...And now for the fun part, a few comments in no particular order. To start it off, would somebody please tell me why Steve Miller's 'Abracadabra' is so much different than 'Heart Like A Wheel' or 'Get On Home' from 'Circle Of Love'? It simply amazes me that the same people who ripped the shit out of the last album are tripping over their tongues in praise of the new one. Personally, I was one of the few people who liked 'Circle Of Love'. I also like 'Abracadabra'. I like Steve Miller. The man is consistent, he always sounds like Steve Miller. And that sound is great. And, apparently, a lot of the record buyers feel the same way because he always sells product. I have a sneaking suspicion that the only reason 'Circle Of Love' 'bombed' is because a few programmers, for whatever reason, decided it was cool to knock the guy after his extended period of inactivity. Now, for some reason, these same programmers are treating the new release like manna from heaven...The Axe record sounds like a winner. 'Rock And Roll Party' should get a real big response, but also might burn quickly. 'Silent Soldiers' would make a great second track, and it certainly is worth a listen...Finally, it's really satisfying to see the rest of the country get behind 707. This band has been a favorite here in Flint for 2½ years. 'Mega Force' should put them in the Superstar league. 707 is one of the best and hardest working bands I've ever seen. No one deserves it more."

WBRU, PROVIDENCE, RI P.D.-JEREMY SCHLOSBERG: "Hello--I must be going. I cannot stay. I came to say I must be going...Yes, it seems like only yesterday that I was welcoming myself in here, and now here I am saying goodbye. So it goes. It would be all too easy for me to make some incisive statement about the state of radio today; about how it does things like drive talented, enthusiastic, and creative young men and women straight out of this business. Well, this is one young man who's not going to waste his talented, enthusiastic, and creative breath. You've all heard it before and I've got better things to do. I leave rock and roll to Huey, Dewey, and Lewey, and good music to your turntables at home. I applaud anyone, be they consultants, program director/music director, or (God forbid) jock, who occasionally tries to put music on the radio that doesn't sound exactly like somebody else. I'll be listening. Until the middle of June, I'll be in Providence and then I'm moving to upstate New York, where you'll find me recovering my sanity and free-lance writing. Heartfelt thanks go out to anyone who's been a friend along the way."

## RADIO ACTION CONTINUED

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "John Waite is going to the top because of that very track. 'Going To The Top' is a smash. Many people will agree that the reason for Journey's huge success with 'Escape' is their acquisition of Jonathan Cain of the Babys. He brought with him the Babys' style of songwriting, which Journey augmented slightly, made it fit their mold, and had two hugely successful hit singles, namely: 'Who's Crying Now' and 'Don't Stop Believing'. 'Going To The Top' fits that mold, too. But John's not imitating Journey; John's imitating John. I hope people realize that and give credit where credit is due. Also, 'Change' isn't a bad track either. And how can you find fault in a man who has the foresight to cover a track by one of America's up and coming song-writers (and one of my recent favorites) Chas Sandford."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "With all the new music and movie soundtracks, it's hard to find room for everything. But this week, we went with: 707 and Survivor for cinematic rock (giggle-giggle); three obvious ones, Genesis, Kansas, and Heart; and, the best two-note hook of the year from Soft Cell. (The one-note hook of all time remains Townshend's solo 'I Can See For Miles', which of course was the song about the seeing eye dog for a trumpet player)...Still looking for a production director. T&R's to: Program Director Bob Church, 2699 Lee Road, Winter Park, FL 32789...Alan Parsons Project sounds great on cassette...Stones and REO coming in next week. Hoping the Boss/Bonds tunes turn out great...Finally, after getting my hair cut two weeks ago, I'm going one-on-one with G. Gordon Liddy tomorrow night to celebrate the tenth anniversary of the Watergate Break-In. Rat cakes, rat tarts, and rats-on-a-stick will be served beforehand...Talk to you on the piano wire next week."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "Hot Fun In The Summertime with the new Gary U.S. Bonds album. This new record is going to make a major mark in a bunch of formats, with 'Out Of Work' the huge standout cut. I'll shut up about this one for now. But, hey, Doherty, you're the best!...'Paperlate' is another cut d'jour. Genesis is commanding the gift for making music that makes you feel good. (Heck dare sawngs even meen sumtin!)...A Flock Of Seagulls was added this week, 'I Ran' marking one of the best examples of the new music that's begun to become a factor on rock and roll radio. It's not gonna change any lives, but it sounds good and intriguing...Everybody says, nobody says anything about the Cheap Trick album. My 2 cents say 'If You Want My Love' is a real good single and a good radio song. The album grows on you...Saw Sparks at Boston's Paradise late last week. You've got to see them. And if you go, don't leave early, the encore is a classic. Lee turned me on to a new Van Halen cut called 'Secrets'--sounds very good. 'Diver Down' is selling #3...Dave Edmunds!! #11 in sales...Elton selling well, also...Congratulations to everyone who's getting married or having babies!"

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "I'm very pleased with both the new Kansas and the new Heart albums. It's refreshing when major acts put out records that are legitimately 3 to 4 cuts deep...The Genesis 12" continues in the direction they've been headed. It's already obviously a smash...Perhaps a bit less obvious, but also headed to the top, I believe, is Steve Miller's new single. Had this been on the album, a lot of the criticism may never have come...I give up, Martha and the Motels cannot be denied any longer. The cut to play is: 'Only The Lonely'. It's 1982's 'Brass In Pocket'...Dave Edmunds will go on based on the regional reaction to it, sales without airplay, and the credibility of their manager Mr. Scher...I'd also like to put in a couple of words for two albums that we're not playing yet. First off, the Alan Parsons Project, which we'll play the first moment we get it. 'Fingers Burned' will be a major song this Summer...Marshall Crenshaw writes real interesting songs. My initial faves on the album are: 'There She Goes Again' and 'Someday Someway'. However, I think there are two or three others that could click. In fact, the phase I'm in with the album right now is determining where these cuts go on the radio and bringing this one home. Unfortunately, with people's listening habits being what they are these days, being a consistent album without a killer cut is not the answer. I feel good about the Crenshaw...The Monroes 'What Do All The People Know' is generating curiosity calls and requests after only one week of light airplay. We've moved the record up to medium, and it's the 95X Pick Of The Week. Our conviction that this is a hit is as strong as ever...Also calls and requests after one week for Axe, 'Rock And Roll Party In The Streets'...I'd also like to put in what will possibly be one of the few positive words about Mr. Sebastian's interview this past week. I especially found the part referring to how radio people tend to get stuck in their ways and be threatened by change appropos."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "I've always been a fan of the Babys' meticulously crafted pop rock. Now that Jonathan Cain has found fame and fortune with Journey, it's John Waite's turn to be a star. Surrounded with Neil Geraldo's top production, Waite comes on like a revved-up Springfield (and I mean that only in the most complimentary way). There are so many strong songs on 'Ignition' that it's hard to pick favorites. But if you hold a gun to my head, I'll go with: 'Change' and 'Temptation'...Some bands seem to take a few albums to mature. 707 has hit their stride with 'Mega Force'. If the advance 12" didn't convince you, drop that needle on 'Can't Hold Back' or 'We Will Last'. As 'Hi-Infidelity' was to REO Speedwagon, 'Mega Force' will be to 707...Speaking of 'Hi-Infidelity', Epic seems to think 'Vinyl Confessions' is going to take Kansas right to multi-platinum heaven. With 'Games' already a smash and four or five potential hits in the wings, they could be right. 'Face It' is the obvious second cut, with 'Chasing Shadows' ready to please all the 'Dust In The Wind' fans...Three good singles out this week: We did so well with Survivor's last album, you've got to know that 'Eye Of The Tiger' is an out-of-the-box add for us...It's too bad Steve Miller released 'Circle Of Love'. 'Abracadabra' would have made a great comeback single. But then again, with the reception that album got, 'Abracadabra' could still be a comeback single. It's hypnotic and catchy. I'll give it a 79 'cause you can dance to it...The new Genesis single is being greeted with lots of excitement, even though 'Abacab' has just recently come out of recurrent. I guess there's no such thing as too much Genesis...Make sure you spend some quality time with the Greg Copeland Lp when it crosses your desk. This is intense stuff with lyrics that demand to be heard...MJQ Social Notes: I've had to listen to all you New York types rave about Marshall Crenshaw in concert. Sunday night, Marshall finally made it up to the land of the disc camera. Everything they said is true. That 3-piece band generates more rock and roll energy than most bands twice the size. Thanks to: Jeff Criden (Warner Bros.) and Marshall for coming up to the station at the indecent hour of 11AM...And finally, I owe Mike Rose of MCA a big thanks for coming through when I nickled and dimed him to distraction with reservice requests. Mike, can I help it if we play all your records?"

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Two big additions this week to get us excited: Alan Parsons Project and the Genesis 'Three By Three' Ep. Both are import material that sounds superb on the air. Overwhelming immediate acceptance to the Alan Parsons Project. I think the hidden allure is somehow connected to the presence of the Fairport Factor...Ditto on the Genesis. But by now, this seems almost standard...Coming attractions that will be huge records for us: Roxy Music and April Wine. And, yes, I've seen her. She was at the Bowl-a-bash...Records gaining strength in requests: Jon & Vangelis; 'Cat People'; A Flock Of Seagulls; John Cougar; and, Ray Parker, Jr. I didn't think Ray could get much stronger, but he continues to increase week after week...Thanks to: Steve Koston and Doug Podell for a great time in Detroit last weekend. Wonderful to see energy just waiting to crackle in the Motor City once again...Coming soon to blow us all away: Glenn Frey."

## RADIO ACTION CONTINUED

WPYX, ALBANY, NY M.D.-RON NENNI: "'Vinyl Confessions' is the best Kansas album by leaps and bounds. We're totally impressed with it, and our favorite cuts are 'Face It' and 'Fair Exchange'. The new vocalist certainly adds freshness to the band...The Survivor 'Eye Of The Tiger' is perfect for us, and it will receive maximum airplay before long. Can't wait to see the movie too...It seems as though Riot has found accessibility within the Bad Company niche. 'Loved By You' and 'Restless Breed' are contenders. Those songs did receive favorable reaction on our new music show. When we have room we'll play them...Going with 'Can't Hold On' by Squeeze. Love that song. We also enjoy 'Black Coffee In Bed'. Maybe after the edit, we'll play that as well...A couple of good rockers on the Heart album are 'City's Burning' and 'Fast Times'. There's still a lot of audience interest in the band...As well as the monstrous single on 707, 'Can't Hold Back' is a good track...After listening to the John Waite album, 'White Heat' and 'Temptation' are striking songs. Always liked 'Temptation' by Chas Sandford, but I think John Waite really brings out the brilliance of the song. That album is a consideration too...Local sales: Asia still holding at #1, Paul McCartney #2, Van Halen #3, Human League #4, and 38 Special from #25 to #5 and is now at #3. I think 'Chain Lightnin'' is selling the album as well as the single...Scorpions is #9, and Squeeze went from #17 to #10 in one week...We're very impressed with the initial sales on Marshall Crenshaw. Seems like everybody is accepting this record very quickly. It went from #23 to #15...We expect a smashing debut in sales for Kansas next week...Decent phones on the Axe 'Rock And Roll Party In The Streets'. It sounds great on the radio...We're getting tons of phones for our local band Visitor. We really believe they have a future...Speaking of local bands, this past weekend we presented our Capitaland Jam, which included 8 of the best local bands. It was recorded by the same people who record the King Biscuit Flower Hour, and it will be our second PYX106 album. We'll have more on that in the future."

WSYR, SYRACUSE/UTICA, NY M.D.-TOM NAST: "Well, I'm sure this week should prove great reading from all of those who were at the Jon Scott Bowling Party. I swear every maniac and his mother were there. To Jon Scott: You put on fantastic bowling parties. All that was missing was the L.A. Kings, and we didn't even need them anyway. I won't miss another one for the rest of my life. Special thanks to Marko for all the hospitality. Bill Hard looks his usual dapper self with his little old bowling shorts on. (I never did get to see that bowling form.) And, Susan is even lovelier than her voice makes her sound. I finally met radio legends Sky Daniels and Drake Hall. I've decided to hire Sky as my new publicity director and agent after the great job he did. Allen Meis does introduce some interesting people, as does Kenny Ryback. Judy Libow knew I was coming, so she got the Atlantic Limo and, yes Judy, I do return calls. 'Great to see you's' go out to: Beth, Roger, Z, Leeds, Lenny, Bill Todd, 707, Chas Sandford, and the Pinups. And, to everyone I didn't mention: Hey, I was drunk and forgot who you were and what we did, so remind me... On to music. The Genesis 'Paperlate' is the best Genesis song I have ever heard. This will not only be a #1 record on album rock, but Top 40 as well...Heart has the widespread should that reaches all. 'City's Burning' is the reaction cut so we'll do that one now...Can you spell MEGA Album? 707 is gonna be big, big, big. Give me a rock and roll record like this, a beer, and some sun, and I'm set for a week...Can't wait to see 'Rocky III'. Until then, I'll settle for Survivor's 'Eye Of The Tiger'. I predict huge phones for this as soon as the movie hits. Jim Peterik is one of the best song writers in the world today... The Sherbs goes heavy this week with 'I'm Alive' definitely the main cut...Phones continue on Fist... Stevie Wonder is getting all positive response...Huey Lewis is at #4 retail...To Jack Forsythe: I'm telling you 'Change Of Heart' is the next single...Special thanks to Ronnie James Dio of Black Sabbath for the great words on stage about 94Rock. On behalf of Howie Castle and myself, we hope your homecoming was a great one...Be looking for the review on how incredible our outdoor festival with: Benny Mardones, The Rods, Duke Jupiter, and Steppenwolf will be. And--the new Rods sounds incredible."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: Somebody zapped out my Watts lines, so I'm doing all my communicating through messages in bottles. If you're North of me, just float them down the Ohio river, and if you are South of me, you'll have to pay a barge to carry them by. Give me about 2 weeks to set up a carrier pigeon window and I'll be all set. Sorry, gotta go, the straight phone calls cost money."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "'Paperlate' is a logical progression of the Phil Collins trademark. Seems so long ago when we argued over the acceptance of horns in tracks from the 'Face Value' album. Now it's a sure accepted smash. Initial phone response is very strong...The new sound of Heart, and diversity on the album, forces us to add two cuts. I'm a little leery as to why one of our transmitters blew out shortly after airing 'City's Burning'. 'Perfect Stranger' is simply a beautiful ballad with enough punch for album rock, and fits fine in mid-days...We've expanded on the 'American Fool' album adding 'Jack And Diane'. John Cougar pulls #3 phones, heavy on females, and #6 sales...Also added 'Chain Lightnin'' from 38 Special and 'Calling All Girls' from Queen. Initial sales on Queen are light, and the addition of a second track will kick in the awareness...Asia continues to hold #1 retail...McCartney and Van Halen battle it out for #2...Kansas is pulling #9 requests."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Feeling a bit under the weather, so I'll make this quick. Can't pass up the opportunity though to talk about those amazing Mael Brothers, known as Sparks. They stopped by for a great interview, and then we zapped a truly original and fun show. Coming off the Saturday Night Live buzz, they were raring to go on this, their first tour in years. The Atlantic commitment is 100%, along with the band's total cooperation. So give 'I Predict' a healthy shot and the fans will come through...After months of playing the Pete Shelley import, we now have a domestic that sounds good enough and is priced low enough to warrant serious consideration...DeBella's Screamer is Moon and Frank Zappa's 'Valley Girl'. Bill, you're absolutely right in comparing it to the whole Bob and Doug thing a few months earlier. And, for the second week in a row, it's our #1 requested song."

WRAS, ATLANTA, GA M.D.-DAVE VENABLE: "Kim Wilde and Missing Persons are picking up extremely well here. We've been playing 'Kids In America' for one week and the response has been real good. Listen, I'll be the first to admit that I didn't hear it, but it's a hard point to argue now...For those not on Dave Edmunds yet, God forbid, you are missing the boat. A) This is Dave's best album in years. B) 'From Small Things' is a great album rock tune, and is not rockabilly. C) Bruce Springsteen wrote it. D) If Bruce did it, you would have added it into hot rotation immediately. If you agree with 2 or more of the above and are not playing it, you may need to look back at your priorities...Late news: Joe Strummer's been found and Atlanta can rest easy as the Clash roll in on June 2nd to a sold-out Fox Theater...Once again, Greystar featuring Ruby Starr is hot. Thanks for the calls from Arista, Atlantic, and CBS. Now you others better call to get an Lp before this band gets snatched. Their manager is rushing me a live tape, so come on by and give a listen."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "This is Laurie Anderson Month — on the 9:02PM traditional Hump Day Unusual Moment. Every Wednesday night at 9:02, I feature a segment of programming designed to shake our fragile face in logic. It is one of radio's few Zen Buddhist exercises from Fred Blassie to primal scream therapy. Since I awarded Laurie Anderson the award for most unusual new artist of 1981, Laurie Anderson Month seemed appropriate for the unusual moment. We have not yet, however, made the existential leap of faith to feature it in morning drive...We went on the Ray Parker 12" this week. Sounds like good, funky, rock and roll to me. Do the vocals remind anyone else of Herman Brood?...We've been playing the Genesis import to tremendous response. 'Paperlate' is a song I can guarantee will be with us until Christmas... To Heavy Lenny: When you're right, you're right. And you're right. The Monroes moved to moderate this week, and phone response has been very good...The big three airplay this week: The Clash, Squeeze, and Marshall Crenshaw...Kim Wilde and Haircut One Hundred have the potential to happen very big. Don't wait too long on these 2 gems. They're already starting to happen here...Most discouraging note encountered in these pages last week: A station saying they were going to test the David Bowie 'Cat People' single this week. Lord, take me now!"

**WWCT, PEORIA, IL P.D.-RICK PETERSON:** "Adds: Genesis 45, Survivor 45, Magnum, Kansas, Heart, and Marshall Tucker Band..!City's Burning' from Heart sounds incredible on the radio! We've moved that tune into heavy rotation...As far as sales go, Asia leads the pack...We're seeing new strong sales action on John Cougar, 38 Special, and Greg Kihn...Phones continue to be h-o-t for David Bowie and Krokus...We're considering for next week, Men At Work and Riot...Also, we have a full-time opening for a jock with production experience. If you're interested, or know of someone who is, please send tapes and resumes to my attention. Our address is: 414 Hamilton, Peoria, IL 61602."

**WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER:** "Adds: Steve Miller 45, Genesis 45, Soft Cell, Survivor, Chas Sandford...FM 105 is very proud to have won two Addy Awards for West Virginia. One of the awards was for the best television spot in the State and the other for the best billboard...The excitement has been incredible. It turns out our all-night man 'The Glove' is probably the world's greatest PAC-Man player. PM Magazine spent 8 hours taping 'The Glove' and the world will be able to see him on a national edition of PM Magazine. There's nothing like bringing major market excitement to a small market and really starting a buzz."

**WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ:** "Undoubtedly, 'Valley Girl' by Frank Zappa will be the novelty song of the Summer! Moon's rendition of the 'Valley Girl' is priceless...Also guaranteed to be around for the Summer: Heart's 'City's Burning' and just about anything on the Kansas album. Kansas and Heart both needed strong albums this time around, and they've succeeded...Also from Epic, the new Clash. Political as usual, but don't let that scare you away. We're getting good phones on: 'Should I Stay Or Should I Go'...From the power rock category, 707's 'Megal Force' is just that...And from the Soundtrack of 'Rocky II' (have they really made three of them?) comes Survivor's 'Eye Of The Tiger'. This song is good enough to be a hit even if the movie isn't...We finally made room for Haircut One Hundred this week, starting with 'Love Plus One'...The new Jon Anderson is nice. Try out 'A Matter Of Time' for that old Yes feel...Under the wire: New 12" from Genesis. Is it 'Paperlate' or 'Paperplate'? 'I Missed Again Part II'?and, the single from Glenn Frey 'The Long Run Part II'?...Asia is still very h-o-t here, with 38 Special not far behind...The Motels made some good moves for this week, as did: John Cougar and Bow-Wow-Wow...P.S.: Please listen to and add: Men At Work...Till next time."

**KLAQ, EL PASO, TX P.D.-ARIN MICHAELS:** "Much thanks to Jon Scott. I didn't even like bowling until I came to L.A. and now I want to start my own team! Details at 10!"

**WTPA, HARRISBURG, PA P.D.-JEFF KAUFMAN:** "Zappa isn't always programmable, but he always has an audience! For Instant--and I mean Instant phones, 'Valley Girl' is the cut...Looks like a long, hot rockin' Summer ahead in the capital city with an impressive concert series coming to City Island (for details see May 22 issue of Billboard). The City fathers (and mothers) deserve a tip of the rock helmet for opening their arms to embrace rock and roll!...Thanks to Biff Kennedy for special attention on Kansas and Heart...Adds: Zappa, Heart, Motorhead, Survivor, and Genesis (sounds like 'No Reply' but still, it's good Genesis)."

**WQDR, RALEIGH, NC M.D.-BOB WALTON:** "First, I want to talk about two records we're not on yet. I expect to support Cold Chisel once again--they've come back with an even stronger album than their previous and I think they will gain even greater appeal nationwide. Admittedly, it will be tough with all the 'big' albums coming out but I think Cold Chisel will be worth it...I'm also very pleased with the new Jon Anderson. I'm afraid the timing might be a little wrong, but I can't help but feel that Jon and Vangelis will be a big Top 40 record. (It sounds like 'Chariots Of Fire' with vocals). I think Jon Anderson will be a good image record for album radio. Check out the first and last cuts on each side...After scraping up Mark Diller and Sean Coakley with a spatula, we are officially on Axe! Actually, I've been playing it for about two weeks (that is what counts, isn't it?) and the response has been good. I think now that it is in regular rotation, 'Rock And Roll Party' will attract a whole lot of attention. We're already gearing up for a June appearance in Raleigh...And, to Bill: Part of your interview with Mr. Sebastian set me thinking. I challenge you to address a Question Of The Week to PDs, GMs and Consultants, 'Why Do Most Announcers Get Paid So Poorly?' (You've been here, you know what I mean!) A salesperson barely older than I am will make more in one year than I will between now and Haley's Comet, and they are selling me! It's been said that today's talent isn't as good. What incentive is there to get into radio, much less stay? I have my answer to both, but I'm curious to see what the employers say!"

**WDHA, NORTH JERSEY, NJ P.D.-MARK CHERNOFF:** "We're very happy with Stevie Wonder's 'Front Line'--no negative calls. Play it! It will work for you!...We're very impressed with the production on Steve Miller's 'Abracadabra'. This should've been the album to mark Steve's return to recording instead of 'Circle Of Love'...To Chas Sandford: Thanks for the great interview with Kathy Millar--hope to see you in concert in North Jersey this Summer!"

**KKRQ, IOWA CITY, IA M.D.-TED BURTON JACOBSEN:** "John Waite goes to the top as the new Captin of Hooks... The green eyes of David Bowie's 'Cat People' have burned their way on to our playlist... The barber calls --it's time for Haircut One Hundred. We're starting with 'Love Plus One'... Men At Work, who can it possibly be now--We've got our new 'do not disturb' sign on the door and we remain Men At Work...Adds: Jon Waite, David Bowie, Genesis 12", Haircut One Hundred, Men At Work, Glenn Frey 12", Survivor 12", Grass Roots 45, The Clash, Heart, Kansas, and 707."

**WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN (Janitor):** "Adds: Genesis 45, Glenn Frey 45, Squeeze, Heart, 707, Kansas, Clash, Riot, and Monroes...To Heavy: Genesis 45, Glenn Frey 45... I-95 record-of-the-week: Kansas...Another domino down for Heavy Lenny Monroe. What do all the programmers know? And what do you know?...A&M 'Squeezes' a non-automatic add out of us... 'Caplan' with a 'C' and I 'Clash' this week. But I'm still a stubborn week or two away from 'Who Can It Be Now'! Besides Jay, my keys don't fit right on the chain...One add each for Larry and Marty at Elektra...It should 'deafinitely' be fun on the Rainbow/Scorpions/Riot tour in June...This week's 'thanks to' list: Caplan, Miggins and to S.L.I.C. who probably did something I should thank them for!"

**KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL:** "Adds this week: The Clash, Heart, John Waite, The Cure, Slow Children, Genesis single 'Paperlate', and Steve Miller single 'Abracadabra'...The Clash Lp went straight out-of-the-box into heavy rotation. Our listeners are anxiously awaiting the Clash's arrival in Santa Barbara June 20th...The John Waite Lp is up there with Aldo Nova and Bryan Adams. Mark my words, it'll be a huge hit. 'Change' is as hooky as hell, and 'White Heat' is another outstanding track...The Cure once again brings us interesting textures and substantial production values. Unfortunately, not a lot of their music is for the radio. Play it if you can; otherwise, take it home and enjoy!"

**KKDJ, FRESNO, CA M.D.-JEFF RIEDEL:** "Adds: Frank Zappa, Axe, Alliance, Split Enz, Steve Miller...Sales: Asia at the top, followed by: Van Halen...Requests: Frank Zappa dominates 2 to 1 over any other song...Other hot request items: 'Tainted Love', Asia; Motels; Joan Jett; John Waite getting very positive early response...We were able to have Joan Jett in the station on the 21st for a chat. She surpassed my expectations in concert. We'll continue to pound your record, Joan...Thanks to Ted Cohen for the 20-minute live interview with Carl Palmer, one of the (if not the most) professional artists to pay us a visit. Thanks again, Ted, for the traditional 'we are kings' treatment. The Asia show is the best we've seen in '82 so far, and it probably won't be surpassed...Fresno is in the heart of the San Joaquin Valley here in California, which adds to the huge interest in 'Valley Girl'. For a novelty song, which we've played quite a bit already, we still find it more than amusing!"

RADIO ACTION CONTINUED

27  
 WHFS, BETHESDA, MD P.D./M.D.-DAVID EINSTEIN: "We are getting the most response this week to Frank and Moon Zappa and their tune 'Valley Girl'...Almost anything we play from the Clash, which is often, draws the question, 'Where is Joe Strummer and is the American tour continuing?' If anyone out there knows, please tell me...Speaking of 'where is it?' What happened to the release of Roxy Music and Adrian Belew? ...We are also anxiously awaiting the Rolling Stones new single tomorrow. Thanks for listening."

KNAC, LONG BEACH, CA P.D./M.D.-JIMMY CHRISTOPHER: "First of all, a wonderful time was had at the Bowl-athon. It was my first one and it was great. It was like the last three years of my radio career passing in front of me. Thanks to Jon Scott, EMI and Kim Wilde for the free drinks, of which I had quite a few...On to music. Some import singles of interest include: Siouxsie & The Banshees, Soft Cell, and Adam Ant...There's also a nice domestic single by the Grass Roots on MCA...Not a weak cut from the Altered Images 'Pinky Blue' import Lp...TV Babies is an interesting mix of female vocals, guitar, and some electronics...Thompson Twins are gonna be big...Duran Duran is a joyous effort, especially: 'Rio', 'My Own Way', and 'Hungry Like The Wolf'...Gang Of Four's 'I Love A Man In Uniform' should be on the lips of many very soon. It's danceable and singable...We went on 9 cuts from the Clash's 'Combat Rock'. It hits me where I am...Local foursome called Wet Picnic has an Ep on Unicorn records. 'She Don't Care' and 'Tension' sound good to me...Thomas Dolby has a synthesizer-oriented debut, with 'Europa' as the lead...There's a good Depeche Mode import 12" titled 'The Meaning Of Love'...Some promotions from KNAC: Midnight Movie, 'Erg, A Music War', is at the Del Amo UA Theater in Torrance, Sunday, May 30th, for \$1.05...KNAC rolls into Summer with a giant skate party at the Skate Depot. You can skate all night for \$1.05. Sylvia Aimerto will emcee...I will host the Rock-Com Showcase at the Ambassador Hotel on Saturday and Sunday. It's 6 bands a day featuring Ray Campi and Zilch."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The Axe is in and right on target. Great music to pack a cooler to, and that's just perfect for the Summer of '82. Paul Yeskel threatened to torture me with graphic details of his trip to Hawaii, unless I put it in pronto. Hey, Paul, a question for you and fellow islander Ron Nenni. Is it true that as soon as you get off the plane in Hawaii you get leid? I already know Nenni's answer to that question...It's great to see the color barrier begin to crumble at lots of stations. Black music's roundabout reintroduction to FM rock listeners is similar to the route that American blues took coming in through the backdoor under the auspices of the: Rolling Stones, Kinks, Yardbirds, Moody Blues, et al. This reappearance can be credited in part to the increased R&B flavorings in the music of the Stones, Foreigner, and now even Genesis. The other half of the equation is that Black artists finally seem interested in delivering product with FM rock credibility. Why, I even heard Stevie Wonder on WSYR the other night and it sounded great. It's been so long since Tommy played a Black artist that he thought the song 'Front Line' was really called 'Front Nine' and was written as a tribute to the PGA...As for your question of last week, Tommy, I'm ready to tear up a course anytime you are. Maybe Ed would be interested in coming along. He could use his new tower as a putter...In response to Mr. Brehmer and his softball challenge, cool your jets. Anymore flap from you, Pink Flamingo Floozies, and the WOUR Cellar Dwellers will beat you so badly you'll have to look up to tie your shoes. We'll be in touch...One end-of-the-year momentum: Quarterflash edged out Cold Chisel as the favorite new band in last year's listener poll. Cold Chisel did one of the most riveting live shows we've ever presented. It's with real pleasure that we find their new album captures much of that energy beautifully in the studio. Please give this band a listening priority. It was one of our biggest successes of last year and due to repeat this year."

KBLE, DES MOINES, IA P.D.-RON SORENSON: "Jon and John have the goods this week. As a Yes fan since day one, I'm a sucker for that 'Voice'. Jon Anderson's in pretty good form this Lp. 'Matter Of Time' and 'Boundaries' seem the most Yes-like, and we're also on 'Olympia' and 'Surrender'...John Waite has the other pick-to-click this week. Since I was never real big on the Babys, my enthusiasm for this solo outing is based exclusively on its merit. I find both the material and performance to have moved up several levels from the Babys'. A right-on brother to Mr. Bill for picking 'Going To The Top'; definitely the outstanding track on the Lp. I also like 'Change' and 'Still In Love With You'...Even if Hound Dog Taylor 'couldn't play shit', his being an inspiration for Bruce Igloure's founding of Alligator Records is a living memorial. This record is straight and natural stuff, Hound Dog style...Short Shots: Kansas: Improvement, still not up to their best stuff, but definitely in the right direction. 'Diamonds And Pearls' and 'Face It' lead...Clash: Big disappointment. 'Combat Rock', my behind. They should surrender...Genesis: 'Missed Again' part 2, good idea, but they've already done it...Chicago 45: A bit ballady for album radio, but their best song in some time...Axe: Most of the cuts too deep for us. It's on for 'Now Or Never'...Adds: David Bowie Ep, Kansas, Hound Dog Taylor, Cold Chisel, Jon Anderson, Heart, Clash, John Waite, Axe, Genesis 12", Chicago 45."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "I want to rant and rave about Graham Parker and his new band. I saw them last night, and I think those boys know how to kick-ass. The show definitely warmed up midway, kicked into really high gear by the time he hit 'You Hit The Spot', and the crowd was very responsive. Those of you not playing Graham Parker already, pull it out again and give-it-a-shot. I think this one would go on all those stations out there...Other great music on the turntables: The Dregs, Rene Geyer, Elton John (and try the song 'Princess'), Pat Metheny, Motels, Wendy Waldman, 'Dreamgirls' Soundtrack, Terry Gibbs on MCA, Greg Kihn, Ry Cooder, Marshall Crenshaw, The Clash--and I could go on and on. Happy listening."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "There are a few things to discuss today so I'll try to keep them brief. This week's new stuff comes mostly from already established artists, including the new Kansas, which surprisingly sounds a lot like the old Kansas, even without Steve Walsh! 'Crossfire' seems to be the hot one...Heart has always been a band that I liked a lot. From 'Private Audition' the slow one, 'One World', impressed me most, followed by 'The Situation', 'Angels', and don't forget the single, too...Glenn Frey's single seems to come from the Eagles' 'One Of These Nights' period, and I can't wait for the album...Jon Anderson is doing a fine job of keeping the Yes sound fresh and alive on his new album 'Animation'. We like 'Much Better Reason' and 'All In A Matter Of Time'... Steve Miller proves that he didn't lack all together on his last album. The old Steve Miller is back on 'Abracadabra'...John Waite had this week's freshest and most original sound, and Pete Shelley hooked us with his 'Homosapien'...Regarding some comments last week. P.D.Barry Grant wonders if people know what was meant by the Long Island Salt Meetings? It turned out to be a friendly and most enjoyable evening with Barry, and folks from WBAB and WLIR, all eating dinner with 'surf and turf' Lifeset. No blows were struck! No records smashed over anyone's head. C'mon people, this isn't championship wrestling. It doesn't have to be Black Jack Mulligan vs. Bob Backlund...Important news: The day after Memorial Day, we'll mark the big move for WRCN. We will be leaving our home for the last 10 years at the 'Flanders Hilton' which, if you've never seen it, looks like a World War II bunker on the outside and the set for the Little Rascals Clubhouse inside. We'll be moving to beautiful new quarters but there may be a lot of confusion here for most of the week with people swapping shifts and getting the new phone systems working as well as lugging everything across town! If you have a harder-than-usual time getting in touch with us this week, please bear with us. The phone numbers and post office box address will remain the same. Wish us good luck. P.S.: You're all welcome to come visit us as soon as we get settled."

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN:** "I was pleasantly surprised with the Heart Lp. 'This Man Is Mine' gave no indication as to the strength of the rest of the record. Production is a strong point and Heart rocks out as well as delivers some strong forceful ballads. All in all, a good record. I like 'City's Burning', 'Bright Lights', 'Fast Times', and 'The Situation'...This week we'll also give Cheap Trick a try. I think the single is the best tune on the album...Bow-Wow-Wow has been around for a while, so we'll give 'I Want Candy' a try also...Phones are building for 38 Special, Paul McCartney and Asia. We're also getting phones on Steve Miller, The Motels, and Human League...Retail honors go to Paul McCartney, Asia, Toto, Aldo Nova, Human League and Loverboy will not stop showing...The Motels are also building retailwise...One comment: I wonder how adversely Frankie Miller's similarity to Bob Seger will effect his career. He does solid rock and roll, but I'll be interested to see if we get phones for the new Seger when we start playing 'Danger Danger'...What a great tune Genesis 'Paperlate' is! I took the 12" to a party, an impromptu listener advisory board, and it got enthusiastic thumbs up from everybody. I love it!...One note on last week's Rock Wars: WOUR was the only rock station able to get into Syracuse for a long time. This station was rocking back when WSYR-FM was vinyl-casting WSYR-AM, and WAQX's channel was still in Casenovia...Sure, WSYR and WAQX are Syracuse's album rock stations now, but WOUR's contribution can't be overlooked...To Tom Starr: Do you have any T-shirts? I'll trade you...Adds: Genesis, Frankie Miller, Heart, Cheap Trick and Bow-Wow-Wow."

**WYFE, ROCKFORD, IL P.D.-THE DOCTOR:** "Looks like Genesis is on a roll with their latest single 'Paperlate'. It's not as brassy as 'No Reply' and the hook will sink you. A sure smash from some great musicians. It's the kind of song that makes you anxious for the rest of the Lp. I'm looking forward to seeing what selections they'll put on the live side. 'Paperlate' from Genesis--it's an out-of-the-box add for The Rock Station this week, and we're also going with RPM and Alliance...I'm gearing up for a great weekend on beautiful Lake Geneva--we'll see you next week!"

**WKWF, KEY WEST, FL P.D./M.D.-BRUCE YOUNGBLOOD:** "Those of you who talk to me know that I'm not a great fan of Southern rock; however, there are two state of the art albums out--Marshall Tucker and Charlie Daniels. They are showing us where it's at. This is the best since the original Allman Brothers with Dwayne. Incredible craft!...As I opened the trades this Monday, it was wonderful to see songs we've played since day 1 hitting the charts, especially the two trades I respect the most--this one and the other. Bands like the Monroes are most added in both. The list continues with the Motels, Greg Kihn, Human League, Sherbs, David Bowie, Soft Cell, AFlock Of Seagulls, Sparks, Squeeze, Split Enz, Bow-Wow-Wow, XTC, Graham Parker, Dave Edmunds, Frankie Miller and Haircut One Hundred...Our album adds are: Jon Anderson, Heart, Kansas, 707, Instructions, John Waite...Singles: Survivor, Genesis, Chicago, Jon & Vangelis, Steve Miller...Re-add: Plimsouls...New wave feature: Gang Of Four."

**WWWV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ:** "Adds: Genesis 12", Heart, Kansas, Rick Springfield, Survivor Ep, Alliance...Top local record sales on Asia, Paul McCartney, 38 Special and Toto."

**KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS:** " 'City's Burning' is unequivocally Heart's best album rocker since 'Barracuda'. With those thundering acoustic guitars, and Ann screaming those vocals, the phones are buzzing off the hook for this one...There's plenty of depth for the new Kansas and singer John Elefante has segued beautifully into the band's sound. We'll use 'Face It' as the secondary track...The feedback on the Clash's 'Should I Stay' has been purely positive, even from air-staffers who have never appreciated the Clash...We're impressed with the John Waite. Geraldo's production makes the difference. And after repeated listens, we're picking 'Change' as the hottest radio cut...Survivor has been building their reputation over the years and 'Eye Of The Tiger' should put them over the top...Certified s-m-a-s-h department, Glenn Frey's new single!...Horny rock department: Genesis 'Paperlate'. Great cut but slightly molded into that new Genesis sound...The Monroes and Seagulls are flying up our chart...John Cougar is selling...Marshall Crenshaw gets full-tilt support from the KILO machine."

**WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY:** "Adds: Axe, Survivor Ep, Heart, Kansas, 707, Genesis Ep, and Glenn Frey 45...This week was a Music Director's dream with major releases steadily coming in through the mail. We took Axe to the streets and 'Rock And Roll Party' blew out the phones with 90% in favor of a big party in the streets all summer long in 1982...Guaranteed to raise the digital control room thermometer this summer is Survivor's 'Eye Of The Tiger'...Heart's 'Private Audition' shows a lot of class and maturity. I like 'Perfect Stranger', 'Situation' and 'City's Burning'...Kansas shows a group with a strong core and have built around it to remain superstars. We're playing 'Fair Exchange', 'Windows', 'Play The Game Tonight', and 'Borderline'...Paperlate by Genesis. They have definitely mastered what it takes to make hit records...Another single add this week was Glenn Frey. We are looking forward to the album."

**WWORD, TALLAHASSEE, FL P.D.-DICK BLACKMON:** "Well, Heart's finally made another album as good as the cover! 'Private Audition' is the best thing they've done since 'Dreamboat Annie'. Period. Amen. Thank you. I'm thinking about putting all of Side One in heavy rotation. Funny, it didn't impress me on the first listen, but two's the charm. The single even sounds good now. You just have to hear it in context. The segue between the first two cuts is the best I've heard since the last Cold Chisel Lp. Bravo, ladies...Other adds this week include: Genesis single, Kansas Lp, Monroes, Axe, and 707...Paul McCartney moves into heavy and the #1 sales slot."

**WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE:** "New music from Kansas is always a treat. They are, as I've said in the past, a highly talented band but I never hear them very much on the air. After such ground-proving songs as 'Carry On Wayward Son' and 'Dust In The Wind', you would have figured Kansas to be an institution by now. I really like the new one, 'Vinyl Confessions'. We're leaning on three cuts right at the moment: 'Face It' (Already my favorite), 'Chasing Shadows' (in the ballad beautiful tradition of Kansas), and of course 'Play The Game Tonight'. I expect that we'll slice into some more meat from this juicy record...For a record that arrived in the middle of the week, the Clash's 'Combat Rock' has given Asia (a record that hasn't had a run for its money since the first week of McCartney's 'Tug Of War') a real battle. Matter of fact, 'Combat Rock' is the #1 record here--dropping Asia to #2, a position that record hasn't held in weeks. 'Combat Rock' is a step backward for The Clash in that, at least to me, it reminds of early Clash: Rough, Raw and Powerful--I like it!...I also like Jon Anderson's 'Animation'...Ry Cooder and Duran Duran show good progress this week...Congratulations to Marshall Crenshaw whose record comes in at #10 here...Our adds are: Genesis 12", Clash, Peter Baumann, Instructions 12", Jon Anderson, Glenn Frey 45, Kansas, Heart, 707 Lp, Blondie Lp, John Waite, Dirt Band 45, and Michael Murphy 45."

**WMAD, MADISON, WI M.D.-DALE WOLTER:** "Adds: John Waite is an instant! With a voice like that, how can it not be...Speaking of unique voices, Ann Wilson's is in excellent form. We're going with 'Perfect Stranger' and 'City's Burning'...Maybe a change in blood is what Kansas needed. This is their best record since 'Left Overture'. 'Play The Game' and 'Play On' lead the way for us...Check out 'All In A Matter Of Time' on the Jon Anderson album. The melody and instrumentation are wonderfully put together. Debby and I were knocked out on first listen...The reply to 'No Reply At All' by Genesis goes in as does Steve Miller's 'Abracadabra'. I can't wait for the album but probably for the wrong reasons...On a sad note, after almost 20 weeks, Soft Cell goes to recurrent. Kind of like losing an old buddy, you know? I'll get over it...From what I understand from the various record folks, we can expect new product from the following within the next few weeks: REO, Rolling Stones, Alan Parsons, Nazareth, April Wine, Gary U.S. Bonds, Joe Cocker, Steve Forbert, and Eddie Money just to name a few. In a word--Help!!"

**WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER:** "Big week for new music in North Jersey. We've added: Gary U.S. Bonds, Blondie, Heart, Kansas, Sparks, Jon Anderson, Seagulls, Alliance and 707 Lps. Also 12"s from Genesis, Survivor, Chicago, and Glenn Frey...Moving on to recurrent to make way were: Huey Lewis (16 weeks), Rick Springfield (13 weeks), Loverboy (30 weeks), Jimmy Hall (8 weeks), Dregs (12 weeks) and LouAnn Barton (9 weeks)...Gary U.S. Bonds is spectacular summertime music we all love!..My personal favorite is Jon Anderson. There's a quality to his voice, like Art Garfunkel, that transcends reality. The music, lyrics and production all work well. Side 2 is good but side 1 is great. 'Olympia' and 'Surrender' are our lead cuts. Even the longer 'Animation' should work later on...'Private Audition' will make the many Heart fans mighty happy. Moving right into hot rotation, the emphasis is still on 'This Man', but 'City's Burning' and 'Perfect Stranger' are great follow-up cuts...Absolutely not a bad cut to be found on Kansas' new 'Vinyl Confessions', another fast breaking album for us...We were very happy to meet the Mael Brothers (Sparks) at the station today to talk on the air about their prediction for a hit record. Thanks to Joe Ianello for the visit...'I Ran' and 'Space Age Love Song' have been on test for weeks and finally we can realistically say there is interest. So, with more airplay, we'll follow the response and let you know...Not much happening with Split Enz, Point Blank, Peter Noone, Kim Wilde, and Franke and the Knockouts, but we're not giving up on them yet! Even Dave Edmunds and the Outlaws aren't doing as well as we had hoped...Disappointed in the Blondie album. Other than 'War Child', this doesn't do anything for me...'Eye Of The Tiger' is an extremely powerful song that should really build box office receipts for 'Rocky III' and finally break Survivor as a prime contender for the big titles...The Clash Lp is lean and hard, just the right sound for these times. With three sold-out shows in Asbury Park within hours and two very strong cuts 'Casbash' and 'Should I Stay', we think the Clash is about to break real big this Summer...Top sales: McCartney, Asia, Van Halen, Human League and Joan Jett...Requests: Scorpions, Van Halen, and Human League...Loved the interview with Sebastian last week. Good questions -- evasive answers!"

**WYMX, AUGUSTA, GA M.D.-MARY PILLINGER:** "You want hype? You got it! I am 100% sold on the new Kansas! It's worth triple the amount of print it will receive. You want a confession? I'm not hyping. It is true. Kansas is supercalifragilistic! Along with the single, we chose 'Play On' as a more uptempo secondary cut, although 'Chasing Shadows' will be played on this station once we get into it 3-deep. Then there's 'Right Away', 'Diamonds' and 'Crossfire'--pick a cut--any cut--it's all great...From 'Poor Man's Son' to 'Rocky III', I'd say Survivor has survived. 'Eye Of The Tiger' comes on like a supernova blasting on the air with an incredible force that just sucks ya into its gravitational pull... The Heart album was a bit baffling to me because I am a Heart freak from way back. The Pointer Sisters' single does absolutely nothing, yet 'City's Burning' is a good rocker and a must play. As for the rest of the album, maybe I'm too biased because I'll have to take this one home and sit a spell with it... Marshall Tucker band, yes, is mellow but still another must add when in Marshall Tucker territory. 'Ace High Love' gets the first hand while we also like 'Reaching', and 'Hurting Me'...Another add to try out on the public opinion poll is the Genesis 'Paperlate'--'No Reply At All' soundalike. We shall see what develops...Retail action: John Cougar claims #1 over McCartney, Van Halen and Asia...New and building: Cheap Trick debuts at #18, Steve Miller single debuts at #19, and Wendy Waldman goes #26 to #20 with the phones ringing just about everytime we air 'We'll See In The End'. And those are upper demo calls at that--the kind we like to answer...Adds: Kansas, Heart, Genesis Ep, Survivor Ep and Marshall Tucker Band."

**WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ:** "This week we had a dream come true when we were asked to co-sponsor a 12-day visit by the Goodyear Blimp. For those who don't know, our logo is a blimp; and for years we have looked into getting the blimp in Maine, but the expense has always held us back. Thanks to the Portland Kiwanis Club, as part of the 350th anniversary of the City of Portland, they have brought the blimp into the area and we have become the exclusive outlet for information on its activity. In fact, this past weekend our illustrious overnight jock, Mark Persky, spent the afternoon broadcasting live from the Goodyear Blimp America...On the music front, 'Eye Of The Tiger' by Survivor is a very dynamic song that proves that this band has longevity...As I talk right now, I'm listening to The Monroes on the radio talk about a song that perks up the ears! 'What Do All The People Know' is turning out to be one of the better left-field items this year...Frankie Miller is off to a strong start. 'To Dream The Dream' has all the girls around the office swooning. And, of course, there's a lot more on this album, so we expect to be using it for a long time...Ozzy Osbourne breezed into town this past weekend after a number of cancellations and blew everybody away with his incredible stage show. The requests for his music have increased two-fold...Some of the big request items around here include: Aldo Nova 'Fantasy', 'Great White Line' by Point Blank, and John Cougar's 'Hurts So Good'... As we head into the Memorial Day weekend, for what is probably the 5th year in a row, we will kick off our annual tacky postcard promotion where we ask listeners who are vacationing in Maine or Mainers who are leaving the State, to send us tacky postcards through Labor Day. During the Summer months we read these on the air and generally have a good time with them. As usual, we expect to get thousands of them as in years past!"

**KEZO, OMAHA, NB P.D.-GREG GILLISPIE:** "Adds: Heart, Kansas, Survivor, Men At Work, Genesis. Lots of adds this week and once again the record companies are giving us a feast. I wish things could be worked out so we'd have good things all year long instead of a glut at the beginning of the Summer and again in the Fall. I truly believe it defeats the purpose of developing new acts and selling as many of the major acts as possible. When you look back at the last REO album, it was released when no other majors were out, got people into the stores, and sold 6 million copies. Now, who's got the money to pick up any 2 of the records we added this week, let alone all the other big names that will be out within the next month...I'm very surprised with the new Kansas album. The new lead singer has stepped right in to take Steve Walsh's place. Not only is he a good singer, but also a talented song writer. After the single, we like 'Play On', and 'Right Away'...We got the Survivor single too late to add it last week - so it goes in this week. Not only is it a good song; but being the theme song to a Summer blockbuster movie, I don't see how we can go wrong...I also felt the time was right for the Men At Work album. This is what we've been wanting to get in for the last couple of weeks and I'm convinced it will do well as la the Police...It's obvious that the Genesis song is an out-take from the most recent Genesis and Phil Collins sessions, but let's face it--these guys are on a roll and people will be interested in any new material they put out...Last week we added 'Jack And Diane' as our cut off the John Cougar and people are going nuts for it. Not only have the phones increased, but sales are up 12 points to #8...Aldo Nova continues to amaze. It's still a Top 3 phone item and moved up to #4 in sales this week...Other new records that are attention getters from the audience's standpoint are: Frankie Miller, Cheap Trick, Queen, and 707...Also, we're getting some high interest calls on A Flock Of Seagulls."

**WDEK, DEKALB, IL M.D.-BRIAN LEONARD:** "This week's adds are: The Clash, Heart, Frank Zappa, Jon Anderson, Blondie and two singles: Genesis and Survivor...Looking for something to raise your political consciousness? Try the Clash! Screw the lyrics and listen to the music. 'Rock The Casbah' and 'Should I Stay Or Should I Go' are great rock and roll...Frank Zappa's latest venture on vinyl is heavy duty weird. I mean like, this record gags me with a spoon, but all the more reason to play it...The Clash and Heart both move up out-of-the-box...And, this week we convert the Kansas single to an album add...This week's hots: Haircut One Hundred, Paul McCartney, Motels, Pat Metheny, Marshall Crenshaw, Elton John, Asia, Jethro Tull, Dave Edmunds, John Cougar, Queen, Toto, Greg Kihn, Graham Parker, Squeeze, and Cheap Trick."

**JAY GOLDMAN, CLAYTON WEBSTER CORP. (314-726-0906):** "Rolling Stone Magazine Rock Review: For more information on this, please contact Rolling Stone Productions...This week RetroRock features a 2 in 1 concert from the early 70's by one of rocks most energetic artists, Joe Cocker. The show contains some of his major hits like 'The Letter', 'You're So Beautiful To Me', and 'With A Little Help From My Friends'. In conjunction with the current release of Joe's latest album 'Sheffield Steel', RetroRock is proud to bring you Joe Cocker live...Rarities features, this week, the Who doing their rare studio version of 'Young Man's Blues'. Eric Clapton, Jack Bruce and Ginger Baker performing a Clapton song written and recorded for a motorcycle movie 'Anyone For Tennis?' One of the few live Yardbirds recordings, featuring Jimmy Page on lead guitar doing 'Shapes Of Things'. Jimi Hendrix rocking out on the Cream classic, 'Sunshine Of Your Love' and on Flashback Friday, Rarities features the roots of Rossington Collins' vocalist, Dale Krantz. Now that the Rossington Collins band has disbanded, it appears their new record will never come out. This is an opportunity for listeners to hear a rare recording by this group...The Sporting News Report starts this week. Listen in for exclusive interviews with 'Charlie Hulse' Pete Rose, a little bit on Ronaldo 'Skeets' Nehemiah and his new career, and preliminary conversation with Jerry Cooney and Larry Holmes preceding their June 11th tussle. Listen in...For more information, call Clayton Webster 314-726-0906."

**NORM PATTIZ, WESTWOOD ONE (213-204-5000):** "No snappy quotes, not even any rhymes. I'll just spend the time telling you what's going on, because we've got plenty. A lot of terrific concert acts coming up for the Summertime. We'll be featuring on 'In Concert', the Greg Kihn Band, Point Blank, the Go Go's, Quarterflash, Blasters, Frankie Miller, 38 Special, Prism, Sammy Hagar, Cheap Trick, Pat Benatar, and Genesis. If that isn't an exciting concert line-up for the Summer, I don't know what is. We've got some excellent specials coming up over the summer and 'Off The Record' specials series. As we will be doing a two-part special on Cheap Trick to coincide with the release of their new album. As it usually is the case, we'll be first with this. This will air in July...Also in July we'll be airing our exclusive, two-hour Paul McCartney special...Our new mobile recording studio is finished, and we used it last Friday and Saturday night at Perkin's Palace in Pasadena to record Haircut One Hundred and The Waitresses. Without trying to come across as too absolutely excited, it's like being aboard the Starship Enterprise. There's nothing like it on the road. It's a killer! We're going to be taking it all over the country, so that it can be seen by stations and artists and listeners and fans and everybody. It will be impossible to miss--it's 45 feet long, it's got WESTWOOD ONE in very large letters along the side of it, and it's got a 9 foot lounge with a computerized bar! Stop in and we'll pour you a drink."

**CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651):** "This is 'Bowlin' Tollin' reporting live from Hollywood with an in-depth report on the event of the year: Jon Scott's Rock And Roll Bowl-A-Thon, which took place Saturday evening and went on well into Sunday morning. Let me tell you that we were having some fun! Live music, open bar, video games, and, of course, my speciality, bowling. If you don't believe me, just ask Judy Libow or Susan Heiss, on second thought...Moving right along here, and back to my report. All the AOR heavies were there (with the exception of those few who were too heavy to show up and you know who you are). And even out-of-towners like Chris Miller, Joe MacCabe, Judy Libow, Dr. Jaffe, Sky Daniels, Jim Robinson, Jon Russell, Drake Hall, and of course, Mr. Bill, showed up to partake in all the fun (sorry if I left anyone out, but I think I killed a few brain cells that night). And speaking of killing brain cells, I think it's time for me to get strollin' along, so be sure to tune in again next week for my live coverage of that loveable Hollywood celeb Marko Babineau, coming out of the closet, or is that pickup truck?! Till then, this is 'Bowlin' Tollin' signing off...And now a word from our sponsor, The Global Satellite Network, same producers of 'ROCKLINE': "We'd like to extend a very warm welcome to our newest GSN affiliate, WHCN in Hartford, and a special thanks to PD Dan Hayden for his support and belief in our programming. Rock on!"

## Record Action

**BRUCE MOSER, COULD BE WILD (716-885-5200):** "Warner Bros. has a major new act with Marshall Crenshaw. The biggest problem radio has with this album is to key in on the right track. There's so much depth--this album is at least 7 or 8 cuts deep. However, if you need a place to begin, you might want to start with 'Someday, Someway' or 'There She Goes Again'. I got a chance to see Marshall Crenshaw live and he's got all the goods to pull it off live...Best wishes to Steve Clean as he exits WCOZ. Anyone looking for a unique, outstanding air personality should contact him...Congratulations to Dean Matela who just became a happy father...Riot established quite a base with their Capitol and first Elektra album. Now they have returned with a strong follow-up in addition to a new lead vocalist. This album has something for everyone. Try 'Hard Loving Man' and 'Restless Breed' for rockers. And side 2 has a great Foreigner-type ballad 'Show Down'...The BOC album is retailing as strong as any other album out there--over 250,000 copies in the last two weeks. It's a great package at a low list price. That means stores can sell this double album for the same price as most single albums. I can't understand radio's resistance to programming this album. So what if it's live--it's selling. This album will explode when this band begins its US tour in about 3 weeks. Also, think of all the great promotions you could plan around this album and the new Steven Spielberg film 'Extraterrestrial'...Aldo Nova is gold, soon to turn to platinum. You will be receiving the 12" on 'Fooling Yourself' this week...The new Point Blank single 'Don't Look Down' in addition to the 'Great White Line' is starting to sell the album...Fist is knocking them dead on the Motorhead tour...Quit being a musical bigot--Stevie Wonder's 'Front Line' is a great song that deserves to be on the radio. P.S. This record is selling, and believe it or not, the majority of those sales are to white people...Listen to the 12" by the Rods. This band is hot--especially in Europe where they were just offered the opening slot on the AC/DC tour."

**STEVE LEEDS, S.L.I.C. (212-977-5170):** "Quirk of the week is from Frank Zappa and Moon Unit, 'Valley Girl'. An isolated 12" of this bitchin' track is shipping this week from Barking Pumpkin. The phones on this record are awesome--totally!!!...Speaking of lighting up your phones, don't overlook Bow-Wow-Wow's remake of 'I Want Candy'. Who could imagine Bow-Wow-Wow cracking the Hot 100??...And how about Frank Felix?...Stay tuned for a special Summertime treat from Joan Jett and the Blackhearts...Rave on: Marshall Crenshaw is killing them on tour. The biggest problem with Marshall's record is which track to program. Thanks for the road hospitality: Bonnie Simmons, Dana Jang, Leeroy Hansen, Nikki Stevens, Jon Russell, and Kathy Paige...The two highlights of my LA visit were meeting KROQ's Rodney Binghamer and listening to Jon Scott's radio show...A handshake can form a new alliance...Marko: You give good party...Congrats to EMI Promo Guy Of The Year: Howard Bernstein...This weekend, Rizzi bites the dust...It was a real pleasure being with the Monaghans on their honeymoonunit...Pay attention and listen to your instructions, there will be a quiz later on...Question of the Week: Does the fairness doctrine apply to tip sheets?"

**DEREK SHULMAN, POLYGRAM RECORDS (212-399-7071):** "I want to thank all who I saw in my short run down South last week. Florida may be for the geriatric, but the sun, surf, and sand sure look good to me. It was also good to hear our Scorpions, Cougar, and Rainbow, all over the air. Thanks for the airplay, all...Now what about the Jam. C'mon guys, this record is easily their best!!! Stations that are playing 'A Town Called Malice' are getting all positive responses...Note to Bruce Bond: I should have told you about the streets of New York. You guys from the outback should get in commando training before hitting the big cities--but you enjoyed the wonderful Jam show--right?...Jon and Vangelis is burning up at CHR--don't be left behind--'I'll Find My Way Home' is such a good song...Coming June 7th, Rory Gallagher with 'Jinx'. Great R&B rock and roll. Dogsboddy personal fave: 'Big Guns', side 1, cut 5. Watch out, this is a killer album...That's it for now. T.T.F.M. The Dogsboddy."

**BILL MCGATHY, RCA (212-930-4095):** "At the top of this week's comments, I want to thank Andy Lockridge and Janel Dolan, and the entire staff of the Zoo in Dallas for their hospitality for Franke and the Knockouts who, by the way, totally nailed 30,000 Zoo World attendees with an incredible set of rock and roll last week. In the next few weeks, Franke and the boys will be on the road with Loverboy... Le Roux continue their crusade to play to every kid in the USA on dates with Triumph, the Outlaws, Quarterflash, Foreigner, 38 Special and Loverboy. Their new single 'Last Safe Place' debuts in Billboard at 87 Superbullet...Bow-Wow-Wow comes back to the States in two weeks, and if you're tired of the same old shit, try on some genuine unabashed energy. 'I Want Candy' from 'The Last Of The Mohicans' Ep is happening! Don't let Top 40 get the jump on you on a Summertime dashboard thumper. To quote a dear friend, 'Bow-Wow-Wow explodes out of the radio'...Listen to the Jack Street Band's 'In Over My Head', on your desk this week. There is definitely something there...Till next week, cheers!"

**JOEL WEBBER, INDEPENDENT (212-255-7408):** "I wonder if John Sebastian, like any good promotion person, really believes half the stuff he says in public. In last week's interview in the Sheet, he stated that he didn't think the music that KROQ programs is as responsible for their recent success as the overall energy level and sound of the station. The reason for the energy and excitement that KROQ creates is the music. You can't create excitement in a vacuum, and KROQ is using new music as a tool to create the same kind of rock and roll radio energy that we all grew up with. I know John doesn't see sales as being relevant to modern radio, but when Bow-Wow-Wow sells 15,000 units in LA alone, all off the play generated by KROQ, one must assume that people like what they are hearing on the radio. (Sales are rarely a factor for a lot of the 'new music' that John is 'breaking'). There are a lot of radio people that would rather bury their heads in the sand than face the possibility that public tastes really are beginning to change. Over the next 3 or 4 weeks, when we will be deluged with new releases from superstar acts, we'll witness the acid test for a lot of new music acts. If the public still wants to hear Bow-Wow-Wow, A Flock Of Seagulls, etc. by the beginning of July, then I would say that a point will have been proven...Speaking of new music, there are a couple of new artists with new releases that have definite potential. Rupert Hines' album 'Waving Not Drowning' is getting off to a nice start. Rupert is producing Robert Palmer's new album, but his solo stuff is totally original, yet very accessible...Chas Janke has released a completely reworked version of '109', a song that appeared on his second album. The new version is much better than the original. It sounds like Squeeze, Ian Dury, and the Human League all wrapped up into one...Watch this space next week for full details on the New Music Seminar. Mark off July 19th and 20th on the calendar. Everyone should be there...I made a bet with Al Twanmo that he will be fully employed within one week. Somebody very smart will definitely prove me right."

**MIKE BONE, ARISTA (212-489-7400):** "Okay kids. You now have the Alan Parsons Project 'Eye In The Sky' album in your hands. 'You're Gonna Get Your Fingers Burned' and 'Psychobabble' are the two lead tracks. The word I hear from the advance cassette is thumbs up for maximum rotation immediately. The Source special on Parsons was incredible...Krokus continues to sell like crazee and rockets in Billboard to 57\*...The Chicago Heavy Metal Momma contest was handled beautifully by WMET's own heavy metal madman Dave Benson and Arista's fighting Irishman Tom 'Motorcycle' Moran. The winning woman had two outstanding points, if you catch my drift...By now you have the Rods 12" of 'Too Hot To Stop' (Rod's version and cleaned up version) and 'Violation'. Neither of these songs are suitable for play at bridge parties or polo matches. However, if you program rock radio stations, both will fit in great. Real men don't eat quiche, they play the Rods...A Flock Of Seagulls in KISW and KZOK (okay, Ostertag, it's time to wake up and smell the coffee). 'I Ran' is cracking the Top 40 ice this week. Look out holdouts, the Gulls are right on your ass...Haircut One Hundred killed LA last week. Now that KLOS added the album, LA is locked up. Album rock, Top 40 and R&B, you are next to fall prey to 'Love Plus One'...Pete Shelley's 'Homosapien' is finally out domestically, so your audience will not have to spend \$15 to buy what they hear you play...Outlaws added on KLOL. The 12" 4-song Ep is now firmly entrenched at all album rocks. 'Running' is the lead track and our new single. The Outlaws are touring throughout the Summer...Speaking of touring, Graham Parker just finished his 5 week tour of the US and is now on his way to Europe. A tip of the camouflaged cap to all California album rockers for splendid support of Graham's concerts...Graham's brother Ray Parker, Jr. continues to astound everyone by garnering amazing response to 'The Other Woman' on album rock radio... The Thompson Twins 'In The Name Of Love' is the #1 dance record again for the third week. In the words of the immortal Robyn Kravitz, 'If you can't dance to the Thompson Twins, you can't dance'...Upcoming stuff: Huang Chung. Anyone knowing how to pronounce this correctly wins an autographed kimono...Personal: The hottest phone number in New York City today is 212-557-4455. Call it. You will be amazed...The hottest independent single received at 6 West 57th Street this week was 'Teenage Enema Nurse' by Killer Pussy, currently in heavy rotation at KROQ."

**JON SCOTT, MUSICVISION (213-344-5599):** "First of all, thanks to everybody for coming out to the Bowl-a-thon. Special thanks to Marko Babineau for the fireside chat; Don Wasley, Randy Hock, Judy Libow for the Mexican pre-bowler; one of the most beautiful ladies in the business, Kim Wilde, for picking up everybody's drinks at the party...Awards of the evening: Best bowling attire: Bill Hard, love those shorts, big guy. Honorable mention to Harvey Leeds. Who was that penguin you were with?... Worst game: Robyn Kravitz--22 gutter balls in a row...Highest score: I think everyone was high... Biggest weight loss: Larry Reisman...Gag me with a spoon: Moon Zappa, for showing up...Falling down the most: Drake Hall...Thanks to the Plimsouls, Tom Goodman, Mal & Val for the great musical entertainment. Thanks to all the national promo people who really made this event what it was... Records I must scream about: Frank Zappa will absolutely be the biggest request record of the Summer. If you would like Moon Zappa station IDs, call me immediately. You will not believe the one's she'll do for you...Kim Wilde, again, I predict this record will go all the way. 'Kids In America', 'Kids In America', 'Kids In America'...A Flock Of Seagulls is proving itself beyond a shadow of a doubt... Harvey Leeds and Rich Totoian are going to bring this XTC record home...The new John Waite record is a guaranteed go-rilla. I love the track 'Change'...And how about the 707 record?...Upcoming records I'm crazy about: The new Nazareth record is an absolute, without a doubt, total, stone, mo-fo, homerun, smash. Look for A&M to kill...Upcoming on Boulevard Records, be sure to check out this Clocks record. A lot of early interest will result in huge airplay...It was great seeing everybody, and Susan, thanks for the horizontal bop. Love that white lace!...And finally, thanks to Tommy, Ruth and the staff of KLOS for the great party."

**SEAN COAKLEY, ATCO RECORDS (212-484-6400):** "Glad to see so many gifted of hearing have got their chops down on this Axe record. A penultimate radio sound to be sure, with enough hooks to snare the lion's share of your ARB youth...Greg Gillispie: Thanks for the raves. Your comments, as always, are hilarious... The Sherbs are building consistently...If you're not playing the Jim Carroll Band, you're missing one of the artistically great albums of 1982. The critics are raving, and the fans are buying. Hey, this is work, not play...Live Stones this week--look out!...Pete Townshend's 'All The Best Cowboys Have Chinese Eyes' is riding herd on June 10th. A brilliant piece of introspection that shines in the darkness. After close scrutiny, you'll feel as if you know this man intimately. We're awed... Coming soon: Stones, Townshend, Joe Cocker, Adrian Belew, and Headpins."

RECORD ACTION CONTINUED

ROGER LIFESET, KILLER KUT ENTERTAINMENT (213-506-0771): "Rock Wars is a great series. It's very informative, factual, and pugnacious. Except in rare cases, like Syracuse, the word 'war' is not really accurate. COMPETITION is COMPETITION. I now know you can sit down at a table with all the brass and not have to take it where the sun don't shine. Last week I had the S.A.L.T. III dinner on Long Island with Ray White, Barry Grant, Bob Buchman, Ralph Tortora, plus their dates and/or wives. The only thing I asked was to come see Magnum with me and also check your guns at the door. We had fun, laughed, and enjoyed. I'm sure ten minutes after we were out the door, things went back to the radio wars mentality, but for a couple of hours, these three stations realized they had mutual problems, shared friends, and great stories that all could relate to. Thank you...Next week expect Alan Parsons 'Eye In The Sky' to be #1 everywhere. Killer Kuts are 'Psychobabble' and 'Fingers Burning'...Point Blank always seems to shoot with blanks on their first single. Now with fresh ammunition, look for 'Don't Look Down' on a 7" this week...Hot at the hacienda: Ambrosia's 'Kid No More', Instructions' 'Wicked Heart', Magnum's 'Walking The Straight Line', and Men At Work."

JIM SELLERS, CHRYSALIS (212-935-8750): "It's been worth the Waite! It's on your desk screaming 'Play Me'. The distinctive voice, the driving beat, it's all here on one incredible Lp! I speak of the first solo album from John Waite. Already being played on stations across the country, this one promises to be a major Lp of Spring '82. The tracks to 'ear' are 'Change', 'White Heat', 'Be My Baby' and 'Wildlife'. Go for it...The Blondie 12" is getting great response. Your listeners will respond positively to this rocker from 'The Hunter'...Tull is sustaining very well and has gone Top 20 in sales in several Midwest markets...And Billy Idol is going to annihilate listener senses next week...To Robyn at Arista: Yes, Haircut One Hundred was a smash--where's my cockatoo cut?..Until we meet again."

JOHN SCHOENBERGER, RADIO RECORDS (305-565-7700): "There has been a trend of late for a larger percentage of album radio to be more willing to give some new artists a shot in terms of an add. But how many of those presumably well-intended and well-thought out adds are given the airplay shots they deserve? Let not your national overview and your station's position in it dictate what is right for your market. I have long said I think Top 40 radio has broken more new artists in the last couple of years, but they, too, have succumbed to 'the national picture'. Often I have seen a single perform positively at a station, and as soon as the national picture starts to stall, it is el instant dropo, regardless of the local success. Album programmers, don't let yourself fall into this same trap. If you add it, play it. If it is doing well, keep it on. If all records are given a fair shot and longevity of airplay, if they deserve it, we could see more success stories such as the Go Go's, Human League, and Soft Cell...Have you received your Instructions? Have we aroused your curiosity yet? It's a 'Wicked Heart' that laughs 'Ha Ha Ha' in a 'Suburban Dreamworld' that thinks it's 'OK' if he hasn't listened yet."

MARTY SCHWARTZ, ELEKTRA (213-852-7211): "By the time you read this, you will have received Glenn Frey's solo debut 'No Fun Aloud'. If 'Party Town' doesn't go top 2 in this Sheet's Song Index, I'll eat the Sheet. 'Don't Give Up' and 'I've Been Born Again' are all killers. But my personal faves are those wonderful ballads 'The One You Love' (smash), 'That Girl', co-written with Bob Seger, and 'I Volunteer'. If album radio only had soul. Oh, and by the way, don't pass up Glenn's song synopsis on the sleeve, especially on 'Party Town'. 'By The Way, you got any'?...Queen's 'Put Out The Fire' is on fire, and the Lp is blowing out the stores. 'Calling All Girls' is no chopped liver either, but when I hear 'Dancer' on KROQ, it blows out the speakers. Listen to this track, it could be the sleeper cut...And speaking of sleeper cuts, Cold Chisel's 'You Got Nothing I Want' (1-1), is our left-field mo-fo pick. I strongly encourage everyone to listen to this track and the single, 'Forever Now'. That hard rockin' band from down under just might make it to the top this time...The feedback on Riot's 'Hard Loving Man' and 'Restless Breed' has been as awesome as the band's live sound. With great tracks like these two and a tour to boot, you will see sales and requests in your market...We're seeing some nice growth on Chas's debut. We're looking at breakouts in Denver, Cincinnati, Dallas and Milwaukee. We're all pulling for Chas and for those of you who met him at the bowling party and spoke to him on the phone, you can understand why...Listen to Steel Pulse's 'Raiders'. It's not just reggae music, it's potent...The Greg Kihn single, 'Happy Man' is looking exceptionally strong each week. This is the cut that is selling the album, and we strongly suggest you add 'Happy Man' in addition to 'Testify'...Anxiously awaiting some very fine and especially unique product in the next two months. X is coming on June 18th, and this one is special. This band is potentially the most important new band of the 80's. The music is urgent in its make-up and very powerful in its message. 'Motel Room In My Bed' has all the strength and emotion of early Doors meet Jefferson Airplane. Watch for this record tour and feature film. There's been a film crew documenting this band from its inception. That's big!..Also, Josie Cotton has won us over totally. This girl is a star! Even if she doesn't utter a word. She's just wonderful, ask William Hard or Skyboy. She won over everyone she met at the Bowl-a-thon, and her record has hits galore...Just heard the new Toronto record on Network Records, and it's very strong. Be looking for that one in early July. And what looks like the monster soundtrack of the year will be on E/A out in July. Cameron Crow's book 'Fast Times At Ridgemont High', soon to be a major motion picture, and the soundtrack will be just that, major... I heard and saw the video of one of the first couple singles-- Jackson Browne's new one 'Somebody's Baby', truly ridic. So if that's not enough, we'll see you in July with Don Henley's solo with what I feel is one of the best individual songs I've ever heard, his testimonial to privacy, 'Nobody's Business'."

RICH SCHMIDT, SHAKY CITY RECORDS (213-907-5189): "Big thanks to Jon Scott and MusicVision for the exceptionally good time at the Bowl-a-thon. Hope most of you had a chance to see the Plimsouls perform in the Eleventh Frame Lounge. No gutter balls from these guys--just pure R&R...Heavy rotation continues this week at KLOS (#7), KISS (#9), and KZEW (#14) as well as Providence, Philadelphia, and Oklahoma City. New adds in San Diego, Scranton, Sacramento, and Charleston. For those of you who haven't in a while, we urge you to take another listen."

MICHAEL PLEN, I.R.S. (212-989-6874): "Message to Sky Daniels: I think your statement in Billboard about The Jam's singing being 'too British for American ears' is off target. Part of the problem with American PDs and MDs is that they hear one song, usually first cut, first side, or whatever the company is promoting, and take that to be a representation of the whole record. It's this kind of close-mindedness that can condemn a highly successful band to death. Since WXRT, WMET, and WNUR have all played The Jam's records, one must assume that there is a solid awareness of the band in Chicago. Now all that is needed is a song to come along that suits the format, and here it is. 'PRECIOUS', off of 'The Gift' is one of the few songs that I heard at a club that immediately grabbed me, seduced me, and made me fall in love with it. No British accent, lots of good hard rocking and funky riffs--everything you could ask for in a top-notch rock song. Please don't say they don't have anything accessible for American music... Out this week is Chelsea and their Lp 'Evacuate'. Please listen to 'War Across The Nation' and 'Last Drink'. This music is pretty hard rockin' as well...Out June 15th: Lords Of The New Church 12", Tom Robinson 12", 'Eraserhead' soundtrack. If you're into programming bizarre and sexually oriented dialogue, this soundtrack is for you...And out June 16th, the new Go Go's single, 'Vacation' b/w 'Beatnik Beach'. A killer!...VEJUR QUOTE: Step back and take another look at what you've done."

## RECORD ACTION CONTINUED

**BONNIE SIMMONS, BILL GRAHAM MANAGEMENT (415-854-0815):** "Well, who would have ever guessed? I'm back in San Francisco, and I'm delighted to find that very little has changed. As a matter of fact, some of the same people were sitting in the same seats at the restaurants and bars that I went to when I first got here. Haven't missed LA a bit, and I certainly won't miss the smog for a couple of months... And what am I doing here in San Francisco? Bill Graham Management has been kind enough to hire me for the summer while he and several of his cohorts are in Europe directing the Rolling Stones' tour... We have the new Eddie Money record 'No Control' coming out in the middle of June, and you'll be receiving the 12" right around June 10th. The 12" will contain the single 'I Think I'm In Love', and a great cut called 'Shakin''. When you receive a copy of the album, I think you'll find several other cuts that you'll also like... At some point in July, we'll also have the brand new Santana album 'Shango'... I'll be brief this week. Just wanted to let everyone know that I'm having a wonderful time here. I'm even house-sitting a houseboat in Sausalito. What could be a more perfect return?... I'm so far behind in my listening that I feel a little foolish, however, I sure like Ray Parker and Raydio. I was very happy to see Junior become a hit... And, at long last, it's delightful to see the Soft Cell record come through... Feels terrific to be working again... Feel free to call if I can help you out with anything."

**STEVE BRACK, BOARDWALK RECORDS (213-656-2840):** "I've been getting mega-phones here at the office about the 707 album. 'Can't Hold Back' is apparently the alternate track, but raves for 'We Will Last' and 'Hello Girl' are very strong. Hope you get time to check out the whole album soon. You will see why I believe that this is the album to carry 707 over the top!... It was great seeing everyone at Jon Scott's party last week, and even nicer meeting the 'rockers' at KRQR in San Francisco. Look out in the Bay Area, Russell, Roberts and Company are delivering some fresh tracks... If you want to satisfy your Jett fans without driving 'Crimson' into the ground, check out 'Do You Wanna Touch' on the 'Bad Reputation' Lp. It's getting a huge reaction in concert... Advice for Argentina comes from Tom Petty via Phil Seymour's latest, 'Surrender'. This 12 string acoustic tune will be the single from 'Phil Seymour 2', shipping next week as a re-mastered 12". The acetate sounds beautiful. Can't wait till you hear it."

### TUESDAY, JUNE 1

TODAY IS A 5

The Moon in Libra is action-oriented and a mental position for the emotion-ruling Moon. What is called for is a great deal of patience. Mental Mercury being retrograde in its own sign Gemini, joins with the Sun at 3:44 PM, EDT--the Sun and Mercury sitting at 11 degrees of Gemini. Mercury governs the logical mind and the Sun is our ego drive. The combination of influences is going to urge a lot of people to launch projects. Unfortunately, this is the worst of times to sign contracts, release records, make decisions, or bind yourself to any long term obligations. Do not overlook this fertile time for internal mental re-evaluations. It is difficult, I know, to just take time off in our business of self-reflection, but why not schedule a vacation?

### WEDNESDAY, JUNE 2

TODAY IS A 4

A long void-of-course Moon today that lasts 7 hours and 39 minutes. The Moon in Libra makes its last angle at 9:34 AM, EDT until entering Scorpio at 5:13 PM, EDT. Look--all of those personal traits and habits that you have procrastinated on changing can well be addressed today. And this is a nice social day. So for the few remaining expense accounts--"work out". As the Moon enters Scorpio, the mood changes to a more quiet, settled pattern. It is this internal tone that makes this night perfect for relaxing or visiting with friends. It is not true that Scorpio is a sex-driven sign, but what a nice night to pretend it is true! This is a business day that can drive "the driven" crazy, but calm thyself, and we should get through this okay.

### THURSDAY, JUNE 3

TODAY IS A 4

You will not believe this, but no sooner did the Moon get into Scorpio yesterday than the Moon is void-of-course again for 2 days, 3 hours, and 49 minutes! The Moon is free-floating as of 0:43 AM, EDT until Saturday morning at 4:32 AM, EDT. Personally, I love these long void-of-course Moons, especially for the astrological skeptics. But this is a time when purchases don't work out, as in that small piece of furniture you buy, knowing it will look great and you get it home only to find that something is wrong with the furniture, or it just doesn't look right. In short, you end up unhappy. The Moon rules "the function" of things, so consider today an exercise in malfunctioning and then just watch it work. You'll have plenty of time to check it out.

### FRIDAY, JUNE 4

TODAY IS A 3

As I mentioned yesterday--the Moon will be void-of-course all day today. One of the most interesting facets of those free-floating Moons is that decisions that are made while the moon is void-of-course are later found to have lacked important considerations, and these decisions have to be re-made. Add to this the fact that we are warming up for a Full Moon on Saturday, and you can readily see how this day is a perfect "set up" for the workaholic. Drive carefully, don't over-react, and don't expect too much from yourself. With the Moon in Scorpio, this is a good personal or internal day. As for tonight, I wouldn't drive myself crazy trying to have a good time. The crazies will be out and I'll be home.

### SATURDAY, JUNE 5

TODAY IS A 3

### SUNDAY, JUNE 6

TODAY IS A 4

Sagittarius is normally a very optimistic, free-lance sign, all other things being equal. Well, things are NOT equal, and as the Moon enters Sagittarius Saturday at 4:32 AM, EDT, we are in the onslaught of a Full Moon. The exact point of the Full Moon is Sunday at 12 Noon, EDT, with the Moon at 16 degrees of Sagittarius and the Sun at 16 degrees of Gemini. This is a very mental Full Moon, and the general tone of the central nervous systems are "wired". Of course, a weekend gives more free time to let your craziness loose. So when you know that a weekend is bizarre, you can do plenty to de-commission the effects on yourself. I start by not answering the phone. I wouldn't give you much for either evening for socializing.

### MONDAY, JUNE 7

TODAY IS A 4

Welcome to a post-Full Moon Monday! There are several influences at work here. (1) The two days after the Full Moon are the craziest--so prepare. (2) The frustrations of Mercury retrograde, when communications are breaking down, mechanical problems are escalating, and scheduling is a nightmare, are testing everyone's patience. (3) The Moon in Sagittarius is void-of-course for 8 hours and 17 minutes. This begins at 8:56 AM, EDT and ends at 5:13 PM, EDT when the Moon enters Capricorn. The influence of Capricorn is one of practical earthiness, so this will help to take some of the rough edges off this Full Moon. If you have not been sleeping as well, or have noticed an increase in the number of dreams you have been experiencing, tonight may be a good one for catching up on sleep.

# THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The debut ROBERT PLANT solo album "Pictures at 11" will be out June 25th. Plant produced it himself. Musicians include: Phil Collins and Cozy Powell on drums, Jezz Woodroffe on synthesizers, Paul Martinez on bass, and Robbie Blunt on guitar. Songs include: "Burning Down One Side", "Moonlight In Samosa", "Pledge Pin", "Slow Dancer", "Worse Than Detroit", "Fat Lip", "Like I've Never Been Gone", and "Mystery Title".

The new REO SPEEDWAGON Lp "Good Trouble" will be out on schedule despite Kevin Cronin's broken finger. The tour will start as planned on July 29th in Roanoke, Virginia. There's a bunch of major outdoor dates in August and September, and the rest of the tour covers the U.S. The band then goes to Europe in December.

BILLY JOEL is in the process of finishing up his new Lp called "The Nylon Curtain" with producer Phil Ramone. The Lp is expected by late summer, and one of the tracks is "Goodbye Saigon". The Rock Report has learned of the interesting way that Billy got out of the hospital where he was recuperating from a motorcycle accident. To avoid reporters, he dressed in hospital scrubs, complete with shower cap and mask, and a white lab coat to cover his cast. He was then wheeled through the kitchen, and jumped into a jeep that was waiting outside.

The new SANTANA album "Shango" will be out in late June, and a summer tour is in the works. Songs include: "Let Me Inside", "The Nile", and "Body Surfing".

KELLY GROUCUTT, of Electric Light Orchestra, has told the Rock Report that Jeff Lynn is writing songs for the next ELO Lp. They'll be in the studio and touring by the end of the year. Kelly also has a solo album out on RCA in England. But there are no plans as of yet to release it here.

THE MOODY BLUES are working in Strawberry Studios in England with producer Pip Williams. The possible release will be in late fall. The group is still working with the same members and also Patrick Moraz.

FREDDIE SALEM, guitarist of the Outlaws, has a solo album called "Cat Dance". It will be released July, 15th on Epic Records. Freddie produced the album himself, and some of the songs include: "London Town", "Open My Eyes", and "Long Gone".

The rumors that the ROSSINGTON COLLINS BAND have broken up are not entirely true. Sources close to the band have told the Rock Report that Alan Collins wants to get back on the road, but Gary Rossington's doctors say that he needs more time for his injuries to heal before he goes back on the road. Those were the injuries sustained in that fatal Lynyrd Skynyrd airplane crash. It also seems that Gary and singer Dale Krantz will be working together in the future.

DURAN DURAN will get to the U.S. soon to start their tour supporting their new record "Rio". A video of the song "Hungry Like The Wolf" will soon be on MTV. On June 11th the band goes to Nassau in the Bahamas to do a video of the title track of the record with director Russell Mulcahy. Then they go to New York to do a video of "Hold Back The Rain". The tour starts June 25th in New York.

Elton John	6	8	Continues strong and steady.
Haircut One Hundred	5	7	Definitely one to contend with in a week or so.
38 Special	5	9	#4 second week out.
Queen	6	9	Very strong reorders.
	% OF KEY ACCOUNTS	COVERAGE	
Axe	70	L	Surprisingly good response.
Marshall Tucker	90	L	Best received new release this week. Well chosen tunes.
Monroes	90	L	Retail interest starting in secondaries and spreading fast.

"Hot in the office: Karla Bley, The Kind, Steve Forbert, Stray Cats, Gary Bonds... Sales movers: Cheap Trick, 38 Special, John Cougar, Ray Parker, Jr., Haircut One Hundred, Bow-Wow-Wow, Men At Work."

PORTLAND/SEATTLE-Joe Maita

	SALES	POTENTIAL	
A Flock Of Seagulls	4	9	It's interesting, it's unique, it's great music, and it deserves to be on the radio.
Motels	6	10	Approaching Top 20 sales.
Jethro Tull	4	8	Holding up well.
Elton John	5	9	Retail resistance continues to break down. Starting to look good.
Haircut One Hundred	4	9	Sales are spreading.
38 Special	4	10	Top 10 last week.
Queen	8	10	Hats off to the band for producing a sound for the times, and not just what radio wants them to do.
	% OF KEY ACCOUNTS	COVERAGE	
Axe	50	L	My 19th favorite record of the week. It will sell big if played.
Marshall Tucker	80	L-M	
Monroes	50	L	Some interest due to price.

"Expanding a bit on the Queen comments, it's hilarious to read the programmers whining that Queen is too R&B, too funky, too whimpy, we can't play this song, yada, yada, yada. This is a world class act that is more powerful than this format. It may be time album radio starts responding a bit to tunes such as 'Staying Power' and 'Back Chat' because with this act's influence you can bet you'll hear this sound from other major acts as well...To all the record people indicating in print that retail is the ground breaking link in the business, if you feel we're important, let's start with the basics and see adequate promo support and display materials shipped in a timely fashion. Retailers sell your records and it's a damn shame they don't get the help they need. Talk is cheap, actions speak louder than words."

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with **PLAYS PER DAY/WEEK**. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
