Hard Choices

SANTANA, "SAY IT AGAIN", COLUMBIA... Though it's the most overtly commercial song they've ever done--in the end (and probably by the middle) the hook and Carlos guitar mastery will once again win you over.

JOHN PARR, "MAGICAL", ATLANTIC... Here's more front end, only because you're a bit slow on the draw on this excellent second track. The man has earned a shot--and got it this week on KZEW, KSRH, WJZY, KISS, KATT, WOUR and WOIZ. New at #87.

KING KOBRA, "HUNGER", CAPITOL... Gosh, how do those Pasha people come up with so many radio relatable crunchers? At the rate the secret formula is clicking, there're practically the Ronco of rock and roll.

LINDA THOMPSON, "CAN'T STOP THE GIRL", WB... This light and engaging pop track is perfect mid-day material, beautifully sung and orchestrated. The surprise of the week takes Linda from Splittsville to Hitsville the first time out.

Chain Reaction

MICK JAGGER, "JUST ANOTHER NIGHT", COLUMBIA

Mick jogs into the winners' circle in fine fashion --#1 Most Added with 115 (54 of which start at max), debut at #2 on the Song Index, and #4 Most Requested. We asked checklists to rank order the latest from Mick, Phil, David Lee and Bowie, and "Night" nailed down top honors there, 31-25 over Phil Collins...KXOR's Lisa Novak asks, "What about this song sets it apart from other Stones' material? Answer--the label".

ALAN PARSONS, "LET'S TALK ABOUT ME", ARISTA

Let's talk about a return to grace--take it from: Lynn Wells, "A great adult record that has erased any doubt I had about their future"...Amy Dahlan, "It has the balls that some have missed on other Parsons projects"...Again to Mr. Bittens, "It has restored the faith I'd lost in him after 'Ammonia Avenue'." "Talk" is one of his best songs ever."...The stats speak well for themselves too--#3 Most Added with 86--New at #25 on the Song Chart.

DAVID LEE ROTH, "EASY STREET", WB...

"California Girls" pushes back up to #1 Most Requested...but there's obviously plenty more to work with on what Lee Randall describes as, "A flavorful switch from the norm"... "Easy Street" hits the bricks with 37 Adds and a #51 Debut... Lisa Novak comments, "It's a showcase for what he can really do with those pipes, and a nice safe way to play the blues"... David Grossman, WCOG, feels, "Dave picks up where the Honeydrippers left off. A superb production item that will cause instant audience reaction"... Amy Dahlan agrees, "It's a little leftfield, but the Honeydrippers have paved the way. Plus Diamond Dave's charisma is enticing as hell".

BOWIE/METHENY, "THIS IS NOT AMERICA", EMI

Your basic clean up week--25 more adds bring the count up to 113, as 25 max mentions join forces with 19 increases for a 24-11 underline...KBPI's Lynn Wells raves, "I'm excited to be able to play a Metheny cut here. The pairing is perfect and is obviously crossing all previous format barriers."...Our four-way checklist playoff had WBCD, KAZT, WSHE, KLPX, WAAF and KEZO among those rating the Bowie the best of the bunch--Also please note, the rock audience isn't immune to the song's subtleties, with a debut at #11 Most Requested.

DONNIE IRIS, "INJURED IN THE GAME OF LOVE",

WNEZ/CBS... The second of two solid weeks shows 19 adds and 41 total, with increases on WNEW, KATT and WLYO. The album debuts at 34 National, y, 36 Metro--with "Game" underlined 54-43...WJZY's Jeff Riccio is back on the team, saying, "I had reservations about his chances of ever scoring again, but 'Injured' is a good example of why you shouldn't give up on an artist. The tune builds wonderfully, accented with Donnie's high pitched vocals"...WBN's Curt Gary adds, "Already a rock favorite here".

PHIL COLLINS, "ONE MORE NIGHT", ATLANTIC

26 out-of-the-box make the premier balladeer #2 Most Added, with "Night" falling in at #12. Max on 21, as instant Top 5 phones at KPDG, WCMF, WOUR, WRDU, WGRX and WHCN back-up Bob Bittens' comment that, "Very few records bring out phone callers of all demographics like a Collins' ballad." You'll find Erin Riley, The Rox, Ron Diaz, Ralph Tortore, Lynn Wells, Mark Miller and Tom Starr among those listing it at the top of the Big Four.

SIMPLE MINDS, "DON'T YOU...", A&M...

Charlie Kendall says, "It'll be their first hit."...Bob Krane tells us the whole WBCN staff is raving...KGOB's Inessa York calls it, "A song with atmosphere and a beautiful and gentle hook. My favorite this week."... "Magestic" is the word from Larry "The Duck" at LIR...WOIZ's Rad Messick thinks, "Simple Minds could be the Band for 1985 with this consummate pop rock song"...WHTG's Rich Robinson relays, "This is the best thing I've heard in months" and KNAC's Jimmy Christopher gushes, "Ultra sheer rich taste in the form of well-produced melody"...#4 Most Added with 41, new at #50.

ELLIOT EASTON, "LIKE A WHEEL", ELEKTRA...

"The Cars connection is the strength", says Ted Edwards, "so why not give this one a try while the band is still on the top of your mind"... Bob Krane advises, "If you have any doubts about 'Wheel', lose them quickly. This song is a bona fide smash. Elliot's guitar comes roaring through like a car out of control"...#6 Most Added with KZEW, WAAF, WBCN, KGB, WNEW, WJZY, WYSP, KLAG and KTXQ leading 27 first week believers.

THE FIRM, "RADIOACTIVE", ATLANTIC...

I was a bit surprised at the number of programmers expressing initial skepticism on the single--but this week we noticed a marked turnaround. Here's Bob Krane, "I must admit it seemed a little weak at first, but boy was I wrong. The hook is simply incredible and the song is wonderful. Last week the phone was dead and this week it's on fire"... That debut at #3 Most Requested tells you Boston isn't the only hotspot...23 more adds brings the total to 115...Ups on 22, and 25 at max made for a 16-7 underline.

DURAN DURAN, "SAVE A PRAYER", CAPITOL...

If you thought the "Prayer" didn't have a prayer of getting back on rock airwaves--the numbers will show you the error of your ways. So far 41 AOR's have come in, 18 this week, and we're looking at a 59-49 song underline, and a Metro Chart debut at #50--steady at 39 in the Nationals...increased play includes WCCC, WZZD, WPDH and WIOB.

CHAIN REACTION CONTINUED

LISTENERS:

L. R. B. "PLAYIN' TO WIN", CAPITOL, KLDL: KISS and four more give L. R. B. 100 now playing--and the fact that KISS, KLOS, KSHE, WBCN, WRJY, WREX, WSHE, and KLPX increased play this week is equally encouraging. Single gains 20-77, with album debuts at 17 Nationally, 18 Metro...No competition for the biggest comeback of the year so far.

JOHN WAITE, "RESTLESS HEART", EMI, Another 14 give "Restless Heart" 65 reports to date, moving it 37-33. Only one station dropped back in rotation and we logged in ups on 11--including KQRS, KQOR, WNEW, WSHE, and KOMA. Our checklist shows "excellent" calls at KXZL and KRIV, "good" phones at 16 more including WYSP, KSHE, WBEH, KICT and KMDU with fair follow through on 12. The LP rebounds 31-27, 31-28 Metro.

ROMAN HOLIDAY, "ONE FOOT BACK IN YOUR DOOR", A&E/ARISTA, "Teachers" was obviously the perfect intro for this band's current acceptance on album radio--as evidenced by the triple primers: 45-39 for "One Foot", LP debuts at 32/35. New on 12 (KZAP, KLOS, WCCO, KLPX), with 25 saves and none down...WBLM's Tom Wallace comments, "It's pure pop magic and sounds super on the air". Ditto Alan White, KIL0, "This is the kind of song that you can sing along with after the first listen". Interesting to note that the majority of our reporting stations are using this group for the first time.

GEORGE THOROGOOD, "GEAR JAMMER", EMI, The single holds at #30, with 6 more adds and ups on KTXQ, WSHE, WMMJ, WYPS, WJMR and KZL. "I Drink Alone" comes on at #98--just added at WYSP, KYYS, WQHA, WOUR, KATT and several more...Action on those two fuels Back Page action at 21 and 23. We checklisted and found "excellent" phones at 10--including KEZO, WSXS, WRJY, WYSP, and KQON... "Good" phones at 17 more, "fair" response at 16.

DANNY SPANOS, "I'D LIE TO YOU...", PASHA/EPIC, Last week's Metro debut improves with a 47-43 underline. New at #16 in National LP play as his version of one of Frankie Miller's best tunes grabs a 94-88 underline. New on 11 (WAOX, KSPI, WQHA); up on WCCC and WTPA, down on 2, and steady on 9.

LOUIVRESS, "CRAZY NIGHTS", A&E, New air on five and increases on KTXQ, WBCN and WTPA puts the LP on the Back Page at #50 in the National LP rankings--moving "Crazy Nights" 65-79.

WIDOW, "BITCH", EPIC, Fast action in the majors--KEEW, KQON, KISS, WYVE, WRJY, WTVY, KTXQ - brings "Widow" up on the Metro chart first--at 447, "Bitch" enters the song list at #83. Sure sounds like a phone threat to us, and KIL0's Alan White confirms, "Immediate calls. If you can relate, so can your audience".

JOHN FOGERTY, "CENTERFIELD", WB, John takes over the #1 Album Airplay slot; "Old Man" holds at #1--with 69 max/and ups on KYYS, WMMJ and WOMP; "Rock And Roll Girls" streaks 14-10--making him the only artist with two on base in the top 10 with none out. "Saw It On TV" advances 63-59; "Centerfield" drops back to #78. KQOR's Live Now! updates, "Doing exceptionally well with the old fans and gaining ground with the younger audiences as well. One of our most active records and they are begging for him to tour". WOUR's Tom Starr, "Happy to join the list of markets reporting #1 sales for John. Appropriately 'Rockin' All Over The World' was the farewell song from the E Street Band".

AUTOGRAPH, RCA, "Turn Up The Radio" is still a top fiver at KSPI, KQRS, WOMP, WZLX, WJOT, WLVO, WYND, WRJY, RRR, and more--now #8 Most Requested--and still ruffing up noteworthy play increases--KGB, KISS, KQRS, WYMF, KATT and WIMZ, as WLVO, KLAQ, KSRK, KGB and 7 more list max play...Now keep an ear on "My Girlfriend's Boyfriend". Already on WYVE, WBCN, WOMP, KISS, WSXS, WOUR and several more. Well worth a serious listen--especially considering Autograph's excellent audience reaction.

LOS LOBOS, "WILL THE WOLF SURVIVE", WB, We're totally committed to the band--and urge you to pay close attention. Note the credible 90-70 song index underline, with ups on WYSP and WTPA--and adds on KQEW, WNET, WSHE, WLAV and four more. Can't top them for class and originality.

GIUFFRIA, "DO ME RIGHT", CAMEL/MCA, Based on success to date, Ted Edwards' logic is right on--Giuffria has developed into a major force for us and we're ripe for a second track. "Do Me Right" is just what we're looking for. 8 more joined KGB on the add list--including KZEW, KEZO, WDI2, KXZL and WROQ. Increases on KISS, KISS and KIL0. The LP holds in the low teens--with a 61-52 prime base for "Do Me".

ROBIN GEORGE, "HEARTLINE", ISLAND, All those debuts (David Lee, L. R. B., George T., Waite, Holliday, Iris) obviously kept prime moves at a minimum--in that light, Robin's 35-37 Index/41-35 Metro progress is quite presentable as is the 51-45 Song Jump. Still very much a comer in the adds department. New on WRIF, KGB, WBCN, KLPX, KZL, WNET and four more. Increased play on WRJY, WLLZ and WOUR, with 26 saves and only 1 dtp. No problem on the checklist either--11 building, none dropping, 15 maintaining, and 14 close.

TRIUMPH, "KILLING TIME", MCA, "Follow Your Heart" gains a notch to #7. New on KZAP, WSHE, KTXQ, WRK1 and WQHA--and the new single "Killing Time" hits at #99. New on KLAQ, KLPX and KXZL. Already getting more play on KYYS, WBCN, and KICT with the current report list sporting WYVE, WLVO, KEZO, WPIA and several more.

MARTIN BAILEY, "DANGEROUS MOMENTS", MERCURY, Moving well in the heavy chart traffic, Martin pulls up a notch on the Back Page--to 26 Nationally, 31 Metro--as KZAP, KSHE, WYSP and three more give it 74 to date. "Moments" advances 75-71--upped on KATY, WCCC, WPLR, WOUR, KRVV and KIL0, with 45 steadies and none down. Best early phone response at KLB3, KZL, WQQ, WIMZ, KIL0, WXP, KSOY, WYD, WQRL and WQOS.

GARY Q., "SHADES OF '85", RCA, Twelve adds led by KISS, WJMS, WLLS and KTXQ with several very supportive comments spells solid week and validation to us. WCCC's David Grossman comments, "We played it this week in middays and it had good positive phone response. Again, one of those lyric songs that breeds quick audience awareness". WAAF, WLUP, KSRK, WYDD, KXZL, WAOX, and WLLS also came up on the list of stations listening and taking--and we expect a healthy pick-up in our next report. New at #100.

JOHN HIATT, "THE USUAL", GEEFEN, "The Usual" earns a 100-88 underline--thanks to new spins on WRJY, WYV, WJMR, and a 9011 call that includes KYYS, KQON, WYSP, WAAF, KGB, WREX and WQHA. Extra texture that's mean and clean.

BEAT FARMERS, "TALES OF THE NEW WEST", RHINO, Only thing this outfit has going against them is their name and one listen will put that problem to bed...Take it from Dave Kane at WOMP, "One of the most enjoyable records I listened to last week". KQOR's Steve Bridges sez, "Give the Beat Farmers a listen. It's kind of like the 60's meets the 80's. Very good. I like their style". Wally Walker adds, "This record is really good. I think Rhinn is on the verge of harvesting a hit". And, WBCX's Peggy Apple vouches, "I always felt San Diego was a hip place, and when I heard something like 'Reason To Believe' I know it's true"... "Bigger Stones" and "Reason" lead.

Think RED's smash belted has peaked! The stats say quite the opposite--9 ups against 3 downs and 47 still at max WRZ don't fight it...SCANDAL's "Beat Of A Heart" pulls in WNEW, WQAB, KZL, KJJO and WBLM with max status at WLUP, WLLS, WLVO, KZAP, KLAQ, WRK1 and WPDH--and KIL0 the only reporter dropping back in play should tell you there's plenty of life here too...GENERAL PUBLIC's "Tenderness" also enjoyed a week with no play decreases--as 20 reporters indicate "Good" sales with 13 more good to "Excellent" phone listens...If you haven't committed serious air time to HENLEY's "Dance"--take a hint from 11 play increases, 12 max mentions and the 32-23 underline in the Song Index...ZORBEY's "Only The Young" closes the gap on #1 with 15 increases, and 57 max--considering the 4-3 build and ongoing top 10 National phones - I'd play it in heavy and then some.

MICK JAGGER

"Just Another Night"

#1 MOST ADDED
From his forthcoming Lp
"She's The Boss"

Bob Bittens, WHCN: "Just Another Night' is nothing short of magnificent. With folks like Townshend and Beck in the backup band, I expect a world class album to follow."

Tom Wallace, WBLM: "Jagger went to heavy out-of-the-box."

The Roz, WIOT: "Mick's lips are all over the radio with 'Just Another Night', but if you read my comments last week you know I'm really waiting for the album."

Pam Brooks, WPDH: "We're hot on the solo Jagger. Good mix of the Stones latest sound and Mick's one-of-a-kind voice, so who cares who's The Boss? Mick's in charge and the song's gonna soar up the charts."

Mark Devine, WRKI: "Let the truth be known, the single is pretty hot stuff and it's quite a relief too. I was kind of half expecting some 'State Of Shock' or 'Emotional Rescue' type schlock. Instead we get a good tune, yeah!"

Mary Jo Godges, KNAC: "The new single is tough as nails."

Lisa Novak, KRQR: "The 12" is getting tons of calls immediately. Far and away the most requested new item on the radio. Question: What about this song sets it apart from other Stones' material? Answer: The label."

Bob Kranes, WBCN: "A killer Jagger song that will be included with classic Stones songs almost immediately."

Lisa Braun, WFAL: "The new tune demonstrates that Mick just can't shake the Stones' sound—but did he want to?"

Kevin Young, WCPZ: "And I could say great production, infectious beat, or even go as far as saying it's the AOR pick of the week, but instead I'll just say 'Mick Jagger' and let it go at that. Its hot!"

Ted Edwards, KGB-FM: "Cool tune, instant heavy rotation. Just put it on the turntable and spin. This one should be as big as Mick's lips."

Charlie Kendall, WNEW: "Mick Jagger alone makes this as heavy a month for music as it can be."

Dirt Alert!

By now you've heard about the Fuckers '85 convention, coming up March 10-13 at the Sheraton Premier Hotel in Los Angeles. I stayed there for the last NAB, and will testify that this beautiful new facility took a licking and kept on ticking. I'm pleased to announce that I'll be moderating the Monday afternoon Album Radio Idea Exchange, for which we've allocated three hours. We're gearing up for a spontaneous and wide-ranging discussion of any and all relevant issues and for once there will be adequate time to stretch out and move it around. Sort of the convention equivalent of the Steel Cage match. Call me with ideas and suggestions--and I hope to see you there.

DATELINE LOS ANGELES...As if MIKE HARRISON's resignation as KMET Program Director and GEORGE HARRIS's appointment as his replacement wasn't enough headline news out of L.A.--this week comes word that KLOS P.D. TOMMY HADGES has resigned to join JEFF POLLACK's consulting firm. Naturally, he'll be involved in the radio end of the biz and will be active in setting up a television division for programming and talent evaluation. Tommy told us "Bill Sommers and everyone at ABC have made it so comfortable for me here at KLOS that this was a very difficult decision. But the opportunity to join Jeff in radio consultation, as well as our new venture in television and channel management, was just too strong to resist. I'm looking forward to a long and successful relationship with Jeff and our clients". Expect Tommy to remain at KLOS for approximately 4-6 weeks as the "Great P.D. Hunt" begins. ANDY BEAUBEIN would appear to have the inside track--that is, if he feels like calling Beacons.

Meanwhile, We tracked down GEORGE HARRIS at the Superstars Convention in Miami, who told us he'll be officially taking over the reins at KMET, L.A. in mid-February. We're still waiting by the phone for his return call with that "exclusive" report--but in the meantime our well placed (hah!) West Coast sources tell us G.H. has personally yanked a sizeable quotient of the mighty Met's Metal (that'll get him on the phone).

Meanwhile, up the coast, SKY DANIELS, the terror of the comments section, has taken over as Acting P.D. at San Francisco's KFOG. He welcomes your music calls from 11-Noon, Monday through Friday.

Congrats to NEIL "What Me Worry" MIRSKY, formerly of WCKO, Miami; MTV, and WSHE on landing the P.D. slot at WPLR, New Haven. With Messrs. Bittens, Grossman, and now Mirsky all battling it out in close quarters, we expect lots of sparks to fly.

We'd love to hear from TONY GATES, who resigned last week as P.D. of WLAV-FM, Grand Rapids. Yo Tone--call us with your current address and we'll comp you till you're situated.

KQDS' hard working BRIAN TAYLOR is the new P.D. at WAPL, Appleton, WI. KQDS Music Director MIKE KELLER moves up to the big chair.

BUCK McWILLIAMS and CHRIS O'CONNOR, most recently dealing Amway products over the request line at WZUU, Milwaukee, take over mornings at WLLZ, Detroit. Speaking of WLLZ, it is true that LEE ARNOLD's TV spot had him doing a great Lee Iacocca imitation, right down to the eye movements. Is it true that Mr. I dropped Arnold a note in regard to same? At any rate, word is His Hatness looked great.

And while we're on the subject...The big news out of Miami is none other than LEE ABRAMS slim and svelte new look. The old boy has apparently dropped serious poundage and Took's years younger.

New M.D.'s: PATRICK COONEY is the new M.D. at KXLU and KATIE ARNOLD assumes the M.D. duties at KBCO, Boulder...ANDREA CARR is the new Assistant Music Director at WMMR, under ERIN RILEY...And, JOE SIMPSON replaces you know who at WAQX, Syracuse.

DAN CULHANE is the new Research and Production Director at KQRS. And if that's your speciality and you're ready for the big time, drop your T&R in the mail to WAPP, N.Y. Operations Director GERRY CAGEL.

Consultant Scorecard: In addition to signing TOM HADGES, JEFF POLLACK has announced WCKO and KLOL, who will also retain B/A/M/D...Meanwhile, JPC is no longer working with KSRR and WCMF. BAMD signs KZOK, Seattle. Do not pass go. And, STEVE LEEDS has completed his consulting at LeFrac and can now be found at S.L.I.C headquarters at 212-765-2600. He'll retain the Jett Lag account as well as consulting the Channel 5 ten o'clock news.

Congrats to DRAKE and CHELSEA HALL on the birth of their first son, BENJAMIN ALEXANDER, who was clocked in at 8lbs. Also, belated congrats to WDVE's M.D. HERSCHEL and his wife LINDA, on their new daughter, MEGAN ANN, 7 lbs. and change.

Sorry to hear Gold Mountain's BURT STEIN was attacked by a vicious toothbrush holder wielded by a crazed record man while trying to pack for the Superstars convention. After a day's rest, BURT grabbed the Redeye. Get well wishes to Arista's DON IENNER recovering from a skiing injury.

Happy birthday to one of the nicest people in the business, Polygram's KYLE HETHERINGTON.

WMMS was voted Radio Station Of The Year in the Rolling Stone Readers Pool for the sixth straight year. WMMS also gets the FMQB Promotion Of The Week Award for this hot idea: Jeff Kinzbach will soon be giving listeners a chance to appear opposite himself in a bit part on the prime time hit TV show "Miami Vice". Listeners listen for the "Miami Vice" theme song and if they are the designated caller, they will be eligible for the grand prize - 2 tickets to Miami and a ticket to stardom!"

If you have an exceptionally hot picture, promotion, piece of station paraphernalia, disc jockey, etc., send profiles to FMQB's Dirt Alert and you could represent and participate in a new Dirt Alert section. Send all correspondence to: Dirt Alert, c/o FMQB, Executive Mews, 1930 E. Marlton Pike, F36, Cherry Hill, NJ 08003, Attention: Lisa Kendall.

The Rock Report

THE ROCK REPORT HAS LEARNED that a huge peace festival is being organized to take place this summer in Japan with a talent line-up featuring the likes of Bob Dylan, Stevie Wonder, Duran Duran, Yoko Ono and Culture Club, to name a few. Peter Grant, former manager of Led Zeppelin, is among those putting the event together. This festival will commemorate the atom bomb destruction of Hiroshima and Nagasaki that happened 40 years ago. The organizers are also discussing the possibilities of a live-via-satellite broadcast and/or a movie to record the event. The proceeds will benefit leukemia and cancer victims in Japan.

SPEAKING OF BENEFITS, "Video-Aid" is the title of an upcoming cassette compilation by the members of Band Aid. The forthcoming cassette will feature 22 clips from the various artists who sang on the single "Do They Know It's Christmas". Also lending a helping hand to this project are Mick Jagger and Elton John. Some of the clips to be featured on the comp. are Culture Club's "War Song", Elton John's "Passengers", Duran Duran's "Save A Prayer", and Paul McCartney's "No More Lonely Nights" along with many other top video's from Frankie Goes To Hollywood, Phil Collins, Ultravox and Wham!, among others. The clips are all tied together by special messages and introductions by the featured artists. "Video-Aid" will be released in February in the U.K. on Virgin Video with all proceeds to go to the starving in Ethiopia. Bob Geldof once again organized the project and describes it as "simply the best collection of pop videos there has ever been."

ERIC CLAPTON IS SET TO RELEASE his long awaited Lp "Behind The Sun" sometime this month on Warner Bros. Phil Collins produced a few tracks on the album. Clapton is set to begin a U.S. tour April 1st. Speaking of Phil Collins, his British solo tour dates with the Hot Tub Club are completely sold out! Phil hits the road this month on a tour that will take him to Japan, Australia and the U.S. His first date in London comprises of six sold out shows at the Royal Albert Hall.

TWISTED SISTER ARE CURRENTLY NEGOTIATING a movie deal that would feature Dee Snyder and the boy's musical talents as well as their acting talents. As far as the plot is concerned, Dee told THE ROCK REPORT that it would revolve around the band's first album "Under The Blade". A script has been written and Peter Bergman, formerly of Firesign Theater, has been tapped to direct the film. The band is looking toward an April shoot and a summer release.

FORMER LED ZEPPELIN BASSIST John Paul Jones is releasing his first solo work since the demise of the band in 1980. The work will come in the form of a soundtrack to the upcoming film "Scream For Help". Also appearing on the album will be Yes vocalist Jon Anderson and former Zep bandmate Jimmy Page. The film will be produced by Michael Winter who is known for his work on "Deathwish". The film debuts in the U.K. in March and a U.S. release is planned soon after. This isn't the first time Page has worked on a film score. He wrote the music to the sequel to Winter's film, "Deathwish II".

AS WE REPORTED A WHILE BACK, Powerstation is the name of the band comprised of John and Andy Taylor of Duran Duran, Robert Palmer, and ex-Chic drummer Tony Thompson. The ad hoc group have just completed their Lp for Capitol and will see it released on March 15th. No word yet about the possibility of a tour. Bernard Edwards, also formerly of Chic, produced.

JULIAN LENNON IS PLANNING TO TOUR the U.S. beginning sometime in March for six weeks in support of his debut gold album "Valotte". Julian has just returned from a holiday in Mexico where he took a little time off from his busy schedule. In the last month, Julian has appeared on "Solid Gold", hosted "The News That Rocked '84", and appeared on the "American Music Awards".

THE FIRST SINGLE TO BE RELEASED from the new Tom Petty Lp will be "Don't Come Around Here No More". The single, from Tom's latest "Southern Accents" album, will be released sometime this month. The song was written by Petty and Dave Stewart of Eurythmics. Petty also has plans to release a 20-minute video in the near future to accompany the track. We hear he is still undecided about the director.

DONALD FAGEN, FORMERLY OF STEELY DAN, enters the studio to begin work on his follow-up to his successful "Nightfly" Lp. Once again Greg Phillinganes will be playing keyboards. The record should be out on Warner Bros. late this spring.

News From Rock Over London

Following hot on the heels of BAND AID is something called VIDEO AID. The idea is to continue the flow of cash for the Ethiopian Famine Relief Appeal through a 90-minute video compilation. This new fund raising project has been joined by ELTON JOHN, DAVID BOWIE and PAUL McCARTNEY among others. According to BOB GELDOF it's "simply the best compilation of videos there has ever been." It will be released early next month on Virgin, and is comprised of 22 tracks including "Vienna" by Ultravox, "Save A Prayer" from Duran Duran and "Pastures" by Elton John. Meanwhile, as a result of his visit to Ethiopia, Bob Geldof has planned to build a new township called Feed The World. He hopes to bring relief in the form of 20,000 homes, plus clothing, food and water, all to be provided from proceeds of "Do They Know It's Christmas."

TIME U.K. is the band which includes ex-JAM drummer RICK BUTLER and they have a new single out on Arista called "Playground Of Priviledged"/"Puppets Don't Bleed"...FIAT LUX has released "Solitary Lovers"/"No More Proud" and that's to be their first release as a threesome since DAVID CRICKMORE has now left the band...GARY NUMAN has formed an unusual liaison with the British instrumental outfit, SHAKATAK. He's teamed up with keyboards player BILL SHARPE on the track called "Change Your Mind" on Sharpe's solo Lp....And talking of people teaming up, guitarist JIMMY PAGE has gotten together with ROY HARPER and has done quite a bit of work on Harper's new Lp, "What Ever Happened To 1214."

Ex-10cc men, GODLEY and CREME, have thought about the future of the music business and are doing something about it. The pair are starting up a creative workshop to encourage young talent. Godley says, "We are looking for fresh young faces with unlimited imagination who want to develop careers as designers, artists, inventors and film makers." It seems that Walt Disney was an inspiration for this latest project because he encouraged young talent. They've already taken two youngsters under their wing. Meanwhile, their video for Frankie Goes To Hollywood "Two Tribes" looks set to pick up an award at the annual International Midem Music Festival.

Listen out for very powerful lineup this week on Rock Over London. DAVID BOWIE gets things rolling with his latest "This Is Not America" and we've also got the latest from HOWARD JONES "Things Can Only Get Better", a track from his forthcoming Lp...XTC says "Wake Up" and you should because that's the next release from the "Big Wheel" Lp...We delve deep into the archives to bring you "Oh Well" from FLEETWOOD MAC, a track from their recently available live Lp...You can hear the remix version of "Love Ain't No Stranger" from WHITE-SNAKE plus the BLUEBELLS' "All I Am Is Loving You"...We'll be talking to ex-FUN BOY THREE and SPECIALS singer TERRY HALL now with the COLOURFIELD...And we've already obtained a remix of PHIL COLLINS' "Sussudio", so don't miss it.

Question Of The Week

What did you listen to this week?...Best new act you've heard this year?...Hottest pre-advance tape you've heard?...How often do you get pre-advance tapes?

REGGIE R. G. JONES, WQMF: "Utopia, John Hiatt, Robin George, Elliot Easton, Danny Spanos...Best new act: Giuffria... 'Jagger At The Party'. Not too often."

RAD MESSICK, WDIZ: "Jagger, David Roth, Cars, Pat Metheny and more Pat Metheny, and Simple Minds...Couple of new half speed masters for 'Hotel California' and Led Zeppelin II, 'Five Miles Out' from Mike Oldfield (love that real version of 'Family Man')..Hottest pre-release tape: Simple Minds. Pre-release service is good. They just roll in."

THE ROZ, WIOT: "Elliot Easton, Beat Farmers, 'Tuff Turf', W.A.S.P. Fierce Heart, the Donnie Iris album, Los Lobos, Bruce Cockburn, Lloyd Cole, Simple Minds, Keel, Gary O, Utopia, and Loudness...John Parr...Do 'Hungry For Heaven'. Not often enough."

DAVE WEEKS, WEZX: "Not much...The Firm...We don't get them. Please send us your pre-advance tapes!"

BOB LINDEN, KESI: "Everything in sight...General Public...Not too often."

PAM BROOKS, WPDH: "Utopia 'Stand For Something'...Best new act: The Firm...More often than not, Mountain."

JOHN HUTCHINSON, KLPX: "Martin Briley, Danny Spanos, John Parr...Best new act: Giuffria."

KAREN ANDERSEN SMALL, WGIR: "The list would be too long...Los Lobos, Del Lords and Elliot Easton...Hottest pre-advance tape: Elliot Easton. We get them quite often."

CURT GARY, WEBN: "Boy, you name it! Lloyd Cole And The Commotions, Linda Thompson, Loudness, David Lee Roth, an absolutely dreadful band called Shire, and a not too much better Keel, Gary O again, even Widow, and a collection of bad writing with Danny Spanos. I also listened to the George Thorogood boogie, Simple Minds, through the Roger Hodgson again, Elliot Easton, John Hiatt again--as for the usual. Heard the Nails and had a good laugh, and listened to the Los Lobos remix. Went through the Briley again--and that was only up until Noon Monday. Not to mention the raft of local stuff that's come through, none of which is worth mentioning... Best new act: Robin George is one, and definitely sounding hot."

TED EDWARDS, KGB-FM: "George Thorogood, David Lee Roth, Gary O, Simple Minds, Donnie Iris, the Bowie, LRB, 'Hard Bodies' soundtrack, Loudness, Widow, and Keel...Best new act: Beat Farmers."

INESSA YORK, KGON: "I listened to Simple Minds, Sax Talk, Billy Bragg (which I really liked), Donnie Iris five times, The Cars 'Why Can't I', and David Lee Roth--and Lloyd Cole And The Commotions."

MIKE BOYLE, WMGM: "Danny Spanos, Bongos, and Robin George...Best new act is the The Firm...Hottest pre-advance tape is Alan Parsons Project, without question. And, I don't receive enough advance cassettes--only when I ask for them. Why should I have to ask for them?"

KEVIN YOUNG, WCPZ: "Let's Active, Stranglers, Dwight Twilley, LRB, Martin Briley, John Waite, Roman Holliday, and I could go on and on...Los Lobos is the best this year so far."

ZAK PHILLIPS, KAZY: "I have a stack of about 30 albums I listened to this week...A toss-up between Chris Isaak, Everything But The Girl, and Sade...I don't hear pre-advance cassettes very often."

Dana Jang, KOME: "Definitely a breath of fresh air in '85. Very unique sound. 'Perfect Skin' is a perfect AOR song."

QUESTION CONTINUED

JOHN MICHAEL SCOTT, KLBJ: "Utopia, Robin George, Alan Parsons Project, George Thorogood, LRB, Phil Collins, Elliot Easton, Survivor, Donnie Iris, John Palumbo, Animation, and many more...The Stranglers...Danny Spanos. I get advance tapes on 70% of what I listen to on vinyl."

DAVE KANE, WCMF: "I listened to Beat Farmers, Simple Minds, Utopia, David Lee Roth, Freddie King, Eric Clapton, Live Talking Heads, and a bootleg Springsteen tape...The Simple Minds single, and thank goodness I receive them regularly."

LYNN WELLS, KPFI: "What did I listen to this week? Where do I start?...Tough decision to make, but I'm crazy about 'Bitch' by Widow...Michael Bolton's upcoming album. I get about one pre-advance tape a week."

LEE RANDALL, WLVO: "Entire albums: Elliot Easton, Widow, Coney Hatch, Fiona, T.K.O...Singles: Collins, Parsons, Roth, 'Heavenly Bodies', Triumph, Danny Spanos, Eric Carmen, David Sanborn, Roman Holliday, Shire, Linda Thompson, Chris Issak, Bongos, and Robin George (again)."

LEE ROBERTS, KICT: "George Thorogood several times, also Donnie Iris (very good), Keel 'Right To Rock' (very, very good)...George Thorogood And The Destroyers...Probably the Alan Parsons Project. I get pre-advance tapes not as often as I'd like to receive them."

VINGE MERTZ, KZEL: "Utopia, Elliot Easton, David Lee Roth, Los Lobos, Gary O, Danny Spanos, George Thorogood, 'Heavenly Bodies' soundtrack, and Phil Collins...John Hiatt is the best new act I've heard this year...Coney Hatch is the hottest. We get one or two pre-advance tapes a week."

PEPE LOPEZ, KLAQ: "I re-listened to the John Hiatt, A Drop In The Gray, Donnie Iris, John Palumbo, and the entire Beatles 'White' album...A Tie between Los Lobos and The Firm...Widow. We get pre-advance tapes sporadically."

LINDA LANCI, WWCK: "Simple Minds, John Waite, Linda Ronstadt George Thorogood, Mick Jagger, Donnie Iris, Phil Collins, General Public, and many more...I'm impressed with Don Henley's new album...We don't get pre-advance tapes very often."

FRED BRENNAN, WYFE: "I've been listening to everything we will never play...I really like Flash And The Pan 'Communications Breakdown', but I think 'Downtown Too Long' is fabulous. Also, we are very impressed with John Palumbo's 'Blowin' Up Detroit', if your format can accept this music give them a listen...No, we don't get new cassettes as often as we'd like. One pre-advance reel we got that I really liked was the edit version to 'Welcome To The Pleasure Dome' by Tom Cale and Chris Miller. It's very easy for any of us to critique such a work after it has been done, but I think all-in-all they did a very good job."

KELLY GRAY, WTOS: "The Firm...It's a local one 'The Kopter'...Maybe once a month we'll get a pre-advance tape."

DANA JANG, KOMA: "George Thorogood, Lloyd Cole And The Commotions, David Lee Roth, and the Beat Farmers...It would be the John Hiatt...Van Morrison. We get tapes a couple of times a month."

JEFF RICCIO, WHJY: "Utopia, Elliot Easton, and the Lloyd Cole...Best new act: Elliott Easton has the most potential...The Mountain. We get tapes on a regular basis."

SCOTT REPERT, WTCS: "Everything that came in...Bluebells...When we start getting them I'll answer the question."

LARRY "THE DUCK" DUNN, WLIR: "Well, it's always a struggle to find the cream-of-the-crop. That's why a lot of our format is based on imports--which I don't report. Nobody cares anyway. But I've heard a lot of great independent singles, and I think the new Howard Jones single is a smash...The best new act I've heard this year is English Evenings, and the best pre-advance tape I've heard is 'Go West'."

AMY DAHLMAN, WAQX: "George Thorogood, Lloyd Cole, Beat Farmers, and LRB...Best new act: A Drop In The Gray, Lloyd Cole, and Robin George...Hottest tape: A Drop In The Gray and Alan Parsons Project. One to two a week."

PAUL SHUGRUE, WRXL: "The Beat Farmers, George Thorogood, David Lee Roth, and Simple Minds...The Beat Farmers...None. Not enough."

JOHN GRAPPONE, WRCN: "Simple Minds...A Drop In The Gray...Van Morrison. Lately, on a regular basis."

BOB SHOWACRE, WHFS: "All that I added...Kim Wilde's 'Janine', Lloyd Cole, and 'One Night In Bangkok'(Murray Head)...John Hiatt. All the time, and they're great for the car."

BOB KRANES, WBCN: "I listened to Premier Mover, a band from the midwest, Lloyd Cole, David Lee Roth's 'Crazy', George Thorogood, Alan Parsons Project, Gary O (again), Springsteen's 'Born In The USA' (again and again)...Til Tuesday's 'Voices Carry...Utopia 'POV', Mountain 'Go For Your Life', 'Vision Quest' soundtrack...Best new act: Til Tuesday...Advance cassette service ranges from fair to poor."

RICK LAMBERT, KLOL: "Spanos, LRB, John Hiatt, and A Drop In The Gary...Best new act: Gary O...Simple Minds. Occasionally, and when they do, they help."

JIM JONES, KMOD: "LRB and The Firm...Robin George and John Parr...Fogerty. Companies have been fantastic about getting them to us."

TOM SCHEPPKE, KISS: "George Thorogood...King Kobra...King Kobra. Often."

ERIN RILEY, WMMR: "Everything that came out including Sade, and the new War cover of 'Groovin'...The Firm...Van Morrison. More than I can keep up with."

DAVID GROSSMAN, WCCC: "David Lee Roth Ep, Simple Minds, Elliot Easton, Dwight Twilley, and a few other assorted 12" and albums...The Firm...Alan Parsons Project. Not often enough."

JO ROBINSON, WKLC: "All that we added...Best new act: The Firm...Rarely get pre-advance tapes."

Radio Action

WNEW, NEW YORK, NY P.D.-CHARLIE KENDALL: "Whatever happened to January being a light month for music? Mick Jagger alone makes it as heavy as can be. Sharp programmers will get the B side for that album edge...David Lee Roth's 'Easy Street' is a winner. A great follow-up to 'California Girls', if the novelty ever wears off...The Cars guitarist, Elliot Easton stopped by the station to bring us his new solo Lp. It must be at least 3 songs deep for album radio...Don't you dare forget about the Simple Minds--it will be their first h-i-t... And, last but not least, Lee Abrams is rapping in 'Miami' and on-the-radio with Alan Parsons 'Talk About Me'. When Abrams speaks, no one else has a chance."

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Hey, hold on! What's all the commotion about this VH1? Cincinnati's been playing 'Running With The Devil' and 'Jamie's Crying' for years now...Heck, even WEBN's playing it!... David Lee Roth not only sounds good but he looks good, due to the fact that he has surrounded himself with one of the ugliest back up bands of all time...Donnie Iris looks--well, the same--but I'm happy to say he's back making real records again. 'Injured' is in and 'Riding Thunder' is pure and easy...Alan Parson's record is there and should take a better than average ride for the Project...That W.A.S.P. 'Sleeping' song isn't that bad...Gary O' '45' is begging for a slot...LRB meets Gentle Giant?...Did Nancy O. forget to order my Laurie Anderson set, or was she too embarrassed to bring it over when she realized that she couldn't lift it? Good luck in Chicago--better brush up on your bowling and John Prine trivia...Oh, by the way 'Happy Boy' by The Beat Farmers is our number one request!"

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "What can I say that hasn't already been said about the new Mick Jagger!? 'Just Another Night' is nothing short of magnificent. With folks like Townshend and Beck in the backup band, I expect a world class album to follow...We'd been banging both sides of the Phil Collins import for almost two weeks when the domestic 12" came in and immediately monopolized the telephones! Very few records bring out phone callers of all demographics like a Phil Collins ballad...Alan Parsons 'Vulture Culture' has restored the faith in him I'd lost after 'Ammonia Avenue'! 'Let's Talk About Me' is one of his best songs ever. Lee Abrams' theory on the porcupine's defense posture bears close scrutiny too. If the consultancy should fail, there's always a future in global politics waiting for him...I'm surprised at the lack of front page print on Danny Spanos. This is a h-o-t rock and roll record. 'I'd Lie To You' and 'Wherever There Is Smoke' rival the best of John Cougar!"

KQRS, MINNEAPOLIS, MN M.D.-WALLY WALKER: "This is Mr. Obvious Week. Mr. Jagger, Mr. Collins, Mr. Parsons, and Mr. Bowie...Congratulations to our former local rep Thom Gorman on his promotion to national with Capitol. It couldn't happen to a better person. But now I'm stuck going to the Twins game with the Catman...A couple promotions also happened here at KQ. We're happy to announce that Shaun Waggoner who's been working part time for us for two years has been elevated to Promotion Director. He formerly was Promotion Director of WWTC-AM in Minneapolis...Dan Culhane has assumed the responsibilities of research and Production Director. These two appointments will further contribute to the continued success of KQRS...This Beat Farmers record is really good. I think Rhino is on the verge of harvesting a hit."

KXZL, SAN ANTONIO, TX M.D.-ANGELA WRIGHT: "Thanks, thanks, and more thanks to Bubab Wayne at MCA for bringing by David Glenn Eisley and Greg Giuffria for the pre-show interview and the great time at the show. My only complaint is that they didn't play longer and there was no kick-ass guitar solo to be found anywhere in the 30 minute on stage...The new Mick Jagger solo and The Firm record--Wow!! Keep it up guys, always!!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Phil Collins', 'One More Night' is an instant smash with our listeners. Of the big releases in the past week or so this song has had the best phone response. We also picked up the import single and we're playing both sides of that. It's getting good phone response too...Mick Jagger is off to a bit slower start but I do expect that to kick in. I have to admit it was a song I didn't like initially but it is growing on me now...A song I hope radio will get behind and help support is the Simple Minds song from the 'Breakfast Club' soundtrack, 'Don't Forget About Me'...Beat Farmers seem to be off to a good start, from all the things I've heard, this is a band you have to see live to appreciate...Fun phone conversation with John Hiatt...Visits from Janie and Daniel Glass and Jeff Hackett of Chrysalis and Jeff Lauber from Arista...KBCO welcomes Katie Arnold to the Colorado music community."

KRQR, SAN FRANCISCO, CA M.D.-LISA NOVAK: "David Lee Roth brings his bag of tricks to a song I always liked, 'Easy Street'. A showcase for what he can really do with those pipes, and a nice safe way to play the blues...The Mick Jagger 12" is getting tons of calls immediately--far and away the most requested new item on the radio...Question: What about this song sets it apart from other Stones' material? Answer: The label...Phil Collins is one to jump on right away before it moves to CHR country...Also added the Parsons, which we cue past the intro, thank you very much. Good textured record with guaranteed passive appeal...Added: The Roman Holliday - an obvious hit from a band we've never played before...Fogerty doing exceptionally well with the old fans and gaining ground with younger audiences as well. One of our most active records and they are begging for him to tour...They want more from The Firm. The 12" is not enough."

WBCN, BOSTON, MA M.D.-BOB KRANES: "Mick Jagger, Jimmy Page, Paul Rodgers, what else can we ask for all in one week? As we finish up the first month of 1985, all I could ask for is 11 more months like this past one... 'Just Another Night' is a killer Jagger song that will be included with classic Stones' songs almost immediately... I must admit 'Radioactive' from The Firm seemed a little weak at first. Boy was I wrong! The hook is simply incredible and the song wonderful. Judging by the audience reaction it wasn't much different than mine. Last week the phone was dead on The Firm--now the phone's on fire. 'Change, No Change' from The Cars' Elliot Easton has already been played on WBCN. Elliot stopped by with the record for a debut performance. If you have any doubts about 'Wear Down Like A Wheel', lose them quickly. This song is a bona fide smash. Elliot's guitar comes roaring thru like a Car out of control...Having always been a big fan of the Simple Minds, 'Don't You Forget About Me' was an easy choice. The entire staff is raving about it and it sounds great coming out of the radio...Congrats to A&M on the whole 'Breakfast Club' project...Getting back to Joan Jett and the Blackhearts 'Glorious Results', 'I Love You Love' is beginning to do well for us. The single is much hotter than the album--Give it a quick listen and you'll be hooked...This week's thank you department is saved for one Tom Starr, who not only picked me up at the Syracuse Airport Sunday night at 7:30, but got us to Bruce Springsteen's last show at the Carrier Dome on time and then to top it all off, drove us to the airport at an ungodly hour on Monday morning. Tom wins tickets, a parking spot, all the beer he and Annie can drink, popcorn and hot dogs to any Red Sox game of his choice, plus a lot more. Thanks, Tom...Finally, be on the look out for 'Voices Carry', the debut album from Boston's own Til Tuesday. Bother your local Epic rep for a cassette copy now...Charles Laquidara's big mattress song of the week: Elliot Easton's 'Wheel'."

KBPI, DENVER, CO M.D.-LYNN WELLS: "Big week for adds here at KBPI. Of course there are the automatics: Mick Jagger, Phil Collins, and The Firm's short and sweet 'Radioactive', which I'm happy to say is pulling monster phones from all demographics...I was a bit hesitant about Duran Duran, only because of the past negatives we've received on the band. But 'Save A Prayer' has always been one of their strongest tracks, so we'll let it fly at night for the time being...Danny Spanos' 'Passions In The Dark' grabbed my attention from its release back in '83 and is still one of my favorites. 'Looks Like Trouble' sounds like an album that will take him over the top! From the catchy lead track 'I'd Lie To You For Your Love' through such great rockers as 'Where There's Smoke' and the song included from his '83 Ep 'Excuse Me', it's a solid package worthy of immediate airplay...I can't say I was looking forward to the next Alan Parsons Project--that was until I heard 'Let's Talk About Me'. It is wonderful! A great adult record that has erased any doubt I had about their future...And finally, I'm excited to be able to play a Pat Metheny cut on the radio station. The Bowie/Metheny pairing is perfect and obviously crossing all previous format barriers...That's it from my end. Have a great week and stay warm!"

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "Our sales explosions this week: John Fogerty in at #2, #5 Don Henley, and Philip Bailey's entry into the Top 10...Foreigner takes the #1 retail position, moving Springsteen out of action...And rabid phone calls continue for Autograph, John Fogerty, Glenn Frey, and Deep Purple...David Lee Roth's new release is a flavorful switch from the norm, and we're enjoying 'Easy Street' and 'Gigolo' as well as the obvious...Our audience was excited about Phil Collins. And with the addition of the import, we have some good new sounds on-the-air...Record Of The Week: Elliot Easton...Joke Of The Week: American Music Awards--Totally unfair. What happened to the Award for Best Pop Latino/Indian/Hebrew video?"

WYDD, PITTSBURGH, PA M.D.-DAVE SHEDLOCK: "Animotion's 'Obsession' has an absolutely hypnotic beat and I believe it's going to be a h-i-t. Early phone response to the song has been terrific...There's a great new Lp on the way from Norman Nardini And The Tigers. These guys define rock in Pittsburgh and you'll find their new record loaded with great material. Be sure and check out the video too, filmed in Pittsburgh...It's great to see another Pittsburgh favorite, Donnie Iris, having another strong week...My thanks to Dave Loncao for the Phil Collins import, although I played it half way through at 33 before I discovered it was a 45! It still sounded great...And to everyone who went to Florida last week, welcome back to the real world. Wish I could have been there. Then again, who wants to give up clouds, cold and snow?"

KISS, SAN ANTONIO, TX M.D.-TOM SCHEPPKE: "Hi from the land of nachos and snow! EMI finally got around to releasing a 12" on Queensryche. It's the title track 'The Warning' with a live version recorded in Sushi Land, but what the hell does that scribbling on the back cover mean? I guess I'm supposed to take the thing to Chop Suey City and get it deciphered. Gimme a break! (No, gimme an egg roll!)...Brand new from Dio 'Hungry For Heaven' is another strong song from 'The Vision Quest' Soundtrack. We premiered it and at this point it's being played exclusively in San Antonio only on KISS...Our Metalheads are demanding Metallica. Try the song 'Fade To Black'. It's got more MPG (musical properties by golly)...While we're talkin' metal, W.A.S.P.' 'Sleeping In The Fire' has got more going for it than a gang of pre-pubescent noise boys would expect...Don't miss the classic-Zep-sounding 'Life Is Too Lonely' by Stone Fury....With a title like 'French Kisses', Robin George gets the 99.5 KISS Tongue-In-Cheek-Award Of The Week...Finally, check out the Jagger B-side 'Turn The Girl Loose' and you can have an exclusive notch in your belt, too. Ta, ta, T-Bone...P.S.: Let's make album conversions automatic!"

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "Elliot Easton's solo tune is my pick of the week. I was ready to brush the song aside on the first listen, but the trick is not to listen to the cut 'Wheels' on cheap office speakers. Throw it on-the-air and listen for the hook to take hold. Everything from the arrangement, production, technique and phrasing clicks for me. What at first seemed to be just another standard tune has turned out to be a unique gem...The trick to believing Gary O 'Shades Of '45' is to play the song loud (and to have a P.D. who insists it's going to be a hit). Give it a try. As much as I hated to, I had reservations about Donnie Iris' chances of ever scoring again but 'Injured In The Game Of Love' is a good example of why you shouldn't give up on an artist. The tune builds wonderfully and is accented with Iris' high pitched vocals. I think this tune should mend any hard feelings you may have had towards Donnie Iris!"

WEBN, CINCINNATI, OH M.D.-CURT GARY: "If the ending of 'Heartline' doesn't wake up your audience, they've got to be dead. Put a warning light on your cart for Robin George...Phil Collins. If you want to put them to sleep, put on Phil Collins 'One More Night'. It's really quite a beautiful song...Quick switch on John Fogerty this week to 'Rock And Roll Girls'...And the rock and roll guy, Mick Jagger, coming out with a bang...Looks like Donnie Iris is already in the game for keeps this time. Already a jock favorite here...Probably top of the requests list this week is The Firm's 'Radioactive'. It's definitely heavy water as opposed to heavy metal...Speaking of heavy metal, I want to be somebody soon, and if you fuck like a beast you must be an animal. Out of a triad of heavy metal bands seen last night, W.A.S.P. is the only one with the goods. They are three times as gross as Motley Crue...LRB's title says it all, and we're playing it...Angel City--just last week I dug as deep as you can go in Angel City. I found not one, but three songs that can be put on-the-air. There's gonna be a lot of room after 'Underground' is over."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "With the equals on reading Frankie Miller lyrics, plus Danny Spanos pipes, it has got to equal an AOR hit...Jagger's flip side is funky but chic...Check out 'More Light' on the Utopia Lp...We're dancing with Don Henley this week...And what can you say about Phil Collins that hasn't already been said? 'One More Night' is a beautiful tune that's going all the way to #1!"

KGON, PORTLAND, OR M.D.-INESSA YORK: "Wanted to extend a 'thank you' to Sammy Hagar for taking out the time for our station ID's. He's got the honor of really putting the '85 concert season into drive. He's doing not one but two shows and we all know how difficult that can be these days! By the way, Hagar's '55' is back on top of the requests, followed by John Parr's 'Naughty', Mick Jagger and David Lee Roth...Getting to finally see calls on Don Henley's 'Sunset Grill'. I thought it would never be soup for my favorite Henley tune...Angel City and Autograph phoning in too...My favorite tune this past week: The Simple Minds--a song with atmosphere and a beautiful and gentle hook. I hope this one is it from a group who deserves to be heard!"

KGB, SAN DIEGO, CA M.D.-TED EDWARDS: "Favorite add-of-the-week: Beat Farmers' 'Bigger Stones'. Top 20 sales debut is the way this one kicks off in San Diego. Obviously, we're firmly behind it...Mick Jagger's 'Just Another Night'. Cool tune--instant heavy rotation. Just put it on the turntable and spin--this one should be as big as Mick's lips...Phil Collins 'One More Night'. One more ballad. Truly a beautiful tune and yes, it's a s-m-a-s-h--but, between you and me, don't you wish the guy would sew his balls back on for just one or two songs? Either way, don't add this one and expect a shipment of crutches from the National Lameness Association...Bruce Springsteen's 'I'm On Fire'. If I had a line as seductive as this tune, I'd have to take out fatigue insurance for my unit. Sexy, seductive and beautiful. An easy add. And since it seems everyone is still CHR conscious--and it's the next single, I can't think of a better excuse to add another Springsteen tune...Alan Parsons Project 'Let's Talk About It'--on the other hand, let's not--this one's obvious...Elliot Easton 'Like A Wheel', the Cars connection is the strength. Why not give this one a try while the band is still top of your mind?...Giuffria has developed into a major item for us and we're ripe for a second track. 'Do Me Right' is just what we're looking for...U2's 'A Sort Of Homecoming' finds one on KGB...Shot of the week: Robin George 'Heartline'. Gone tune, not a first--listen one for me, but we're hooked now and it sounds h-o-t on-the-air...Personal: We've got two fund raisers going this month for L. J. Martell, with just a little less than a month to go in the fund drive. Try to make time for one in your facility. God knows it's hard to try to find the time to do something extra--(I've got the same problem), but if you're gonna squeeze something in, doesn't this make sense...Personal to Tom Starr: If I had known how bad it was going to be in the East, I would never have started my comments off as I had. That's just my annual rib to anyone who lives in the snow bank. Keep warm!"

WCCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "It's always great to be surprised with quality solo projects--enter Elliot Easton and David Lee Roth, respectively. Easton's 'Wearing Down Like A Wheel' showcases his ability to depart from The Cars sound and come up with 3:50 of rock energy. Being a fan of the 'real roots of rock', circa '60 Minute Man' from the Dominoes in 1951 and all the great early rock of the 50's and 60's...David Lee Roth picks up where the Honeydrippers leave off 'Easy Street', 'Just A Gigolo' and 'I Ain't Got Nobody' medley are both super product items that will cause instant audience reaction. My vote of agreement goes with Bill Hard on the Gary O record 'Shades Of '45'. We played this record this week in middays and it's had some good, positive phone responses. Again, one of those lyric songs that breeds quick audience awareness."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "What a nice bunch of people Twisted Sister are! It almost makes me want to take back all the horrible things I said about them, feasting on human bones and such! Danny, you can leave them on my doorstep anytime! Thanks to Frank Sciarra and Dee Snider for everything and proving you can't judge a book by their cover...Congrats to Neil Mirsky on his new position. Are you moving just because I'm invading Miami for the Hall & Oates tour?...This weekend we here at MMR held a Radiothon to benefit UNICEF Ethiopian Relief Fund and raised over \$118,000. I'd like to thank all who contributed their time and help to the warmest three days I've ever felt at this radio station."

WRCN, LONG ISLAND, NY M.D.-JOHN GRAPPONE: "Forget about rock in Rio--Rock in Riverhead was happening last Friday morning! A sell-out crowd of one hundred four thousand people showed up at the Riverhead Stadium to hear some blast from the past music: The Raspals, Lovin'Spoonful, plus a surprise appearance by The Stones. We actually had some people believing it was a real show. The master tapes are in my possession in case any record companies are interested. Ha! Ha!...After listening to the longer versions, remixes, edits, and foreign versions, I got around to listening to the real versions...A Drop In The Gray has got to be one of the new bands that has caught my attention. 'All The Same' sounds real good. A bit like Bryan Ferry and Roxy Music...Hats off to David Lee Roth. He's got a good sounding Ep for everyone's ears...Robin George is hitbound and John Hiatt is a R'N'R album that should not be ignored...Jagger update: Mick goes to heavy...Congratulatory to Jack Hopke on his new position. See you in February. Over and out!"

WOUR, UTICA/BRUCEACUSE, NY M.D.-TOM STARR: "Happy to add to the list of markets reporting #1 sales for John Fogerty...Appropriately, Fogerty's 'Rocking All Over The World' was the farewell song from the E Street Band as 80,000 over two nights in the Carrier Dome gave the 'Born In The USA' tour a rollicking send-off to Australia and points beyond and between. This tour could shift the balance of trade back in our favor. Hats off to Bob Kranes for knowing that conventional considerations have no place in a decision to see the last show on the U. S. tour."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "Stop the presses! In last month's edition of 'Smash Hits', Nick Rhoades of Duran Duran was asked his favorite radio station. He replied WLIR! We'll take it...The current Screamer-Of-The-Week is Danny Elfman 'Gratitude'. Lots of new music in the running for screamer this week. In fact, the Duck-Pick-To-Click is Simple Minds 'Don't You'. It's majestic...From 'a good song is a good song is a good song' department comes The Firm. At first, before even listening to the record, I thought we couldn't play it. I was wrong...Don't ignore Lloyd Cole. We've been playing 'Perfect Skin' as an import and he should match his British success...If you're looking for a band straight out of the 60's with some psychedelic overtones, listen to the Nomads. They're from Sweden and they have a domestic deal on Homestead. Try 'The Way You Touch My Hand'...The new Lena Lovich single on the 'Tuff Turf' soundtrack is tremendous. The listeners at WLIR love her alone on the strength of her previous appeal and on 'Breakin' The Rules', Lene delivers... Finally, WLIR has been chosen as one of three stations in the United States for a great Heaven 17 promotion. We will send two listeners to London for a weekend in London to meet Heaven 17 and have dinner with the band."

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "Two nights of The Boss followed by the Syracuse University defeat of the Georgetown Hoya's made for three consecutive evenings of 'Blowout' partying in Syracuse! Energy in this town has been so-o-o high since the S.U. defeat of Nebraska this fall! The Georgetown game was tremendous, but Bruce and the band were astounding! 84,000 were on hand for the closing shows of the tour during which The Boss took the time to support our local foodbank, raising a total of \$16,000 for the hungry. Our thanks to Mr. Springsteen. You're truly a class act...Got knocked out by the Parsons. 'Let's Talk' has the balls that some have missed on other Parsons' projects, plus the hooks of an across-the-board mauler...David Lee Roth's 'Easy Street' is a breeze from 'Crazy'. But what about 'Gigolo'? First listen I said, 'what?!' Second listen, both Ed and I said, 'Ya!'. It's a little left field but the Honeydrippers have paved the way plus Diamond Dave's charisma is enticing as hell. Eat your heart out, Bing...George Thorogood improves his style with every release and 'Maverick' is no exception. 'I Drink Alone' picks up where '1 B 1 S 1 B' left off... Import and domestic Phil Collins both do the trick. Extended 'Sussudio' is getting spins at night!"

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "After being bombarded by what seems to be called 'roots rock' or 'American beatrock', by everybody from Robert Plant to George Thorogood to David Lee Roth, it's nice to hear that Jimmy Page is not jumping on the bandwagon! Not that I object to that kind of music, but too much of a good thing.. Jimmy Page gets back to what he does best with The Firm and that is psychedelic rock. 'Radioactive' sounds as if it could be pre-Zeppelin as much as it is post-Zeppelin--Paul Rodgers' vocals don't hurt either. This is one Firm that'll be on our client list for a while!"

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE KANE: "The first order of business this week is that my airshift has changed and I'm now on from Noon-4PM Monday through Friday. PLEASE--DO NOT CALL ME ON-THE-AIR! I'll gladly take music calls Mondays and Wednesdays from 10AM-Noon. I'm also around Thursday and Friday mornings, but those are the guaranteed times when you can reach me...This week we welcome John Hager to our team. He comes to us from the late 97-ROCK and will handle the 8PM-Midnight job...Okay! I don't know what's coming down harder--the snow or all the great new records! We're shoveling through both though...Lots of good seconds out there with The Kinks and Toto, and we're going back to thirds on John Waite and Don Henley...'Breakaway' by The Cars has generated some decent response after only one week and that, along with the new single, should add up to extra mileage for the band...And let's hear it for American music! The Beat Farmers was one of the most enjoyable records I listened to last week...Thanks to: Mark Felsot of the Global Network for his kind consideration and assistance. And to: Columbia's Jay Miggins for his usual bang-up job...One last quick note: I watched the American Music Awards the other night and it was a better presentation than I expected. There's less phoniness and hoopla. However, there was one disturbing factor in the presentation. There were certain categorizations made, i.e. favorite 'Black' Artists, Favorite 'Black' Video, etc. There was no mention of any favorite 'White' category and it seemed to me that there was an effort (maybe unintentional, but nonetheless apparent) of drawing racial lines where there shouldn't be any. Music is music!"

WBLM, LEWISTON/PORTLAND, ME M.D.-TOM WALLACE: "A wealth of wonderful new rock and roll kept my ears happy all week long! Jagger and Collins went to heavy out-of-the-box. Those guys at Atlantic certainly have a sense of humor releasing the first 12" from 'No Jacket Required' with no jacket...My favorite of the week is the new Simple Minds tune. This is the most accessible thing they've done, yet they remain true to their roots. Bravo...I've been rooting for the Roman Holliday record for a long time. It's pure pop magic and sounds super on-the-air...Angel City gets the nod this week too. It could be a huge one!...After hearing 'California Girls' I didn't expect much from David Lee, but 'Just A Gigolo' is a real hoot. He does a great Louis Armstrong impression!...And, does anyone remember the original 'Easy Street' from the Edgar Winter Group?"

WTUE, DAYTON, OH M.D.-BOB CLARK: "Favorite record of the week: Elliot Easton. I think this record proves that he need not stand in anyone's shadow anymore!"

KLPX, TUCSON, AZ P.D.-JIM RAY/M.D.-BRYAN MILLER: FROM JIM RAY: "The only thing that's consistent about our business is the changes we all go through. Our competitor, and the radio station that has had my blood, KWFM, made the big switch to A/C Monday, January 28. 96 ROCK is now the only rock and roll station in Tucson. I have to say it feels good but a great radio station will always stay close to a lot of people, and I might add Howie Castle and Chris Ryan have themselves a good sounding A/C, KWFM! So, hats off to a smooth transition... Now, back at the ranch: Bryan Miller, M.D. at KLPX for the past few years, has decided to go back on-the-radio in Morning Drive and will give his M.D. duties to John Hutchinson. Bryan can truly put feathers in his cap for getting KLPX to be the rock and roll leader in Tucson, and now the morning airwaves will never be the same, with 'killer' to knock them out of bed! Congratulations to our man 'Hutch', he's the man who will make another set of shoes to sit beside Bryan's."...FROM BRYAN MILLER: "As Bob Dylan says 'The Times They Are A Changin'!' The Tucson radio scene is turning into a towering inferno. As mentioned in Jim's comments, I will go back to Morning Drive effective January 30, with the coffee, donuts, the coffee and, of course, more coffee! KLPX will have a new Music Director effective ASAP with John Hutchinson. I leave the M.D. position after three years of hard work, massive amounts of PR work, and a great many friends in the record industry. It has been a pleasure working with all of you over the past three years. In one sense I feel I'm losing my adopted child, having nursed KLPX into the dominant (make that the only) AOR station in the market! I'll still be sort of lingering for a couple of weeks helping Hutch get settled, etc. Remember, life is a reality sandwich...Knock 'em dead!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "The Firm knocks me out! Every time it gets played I can hear all of the station monitors cranked up in unison. A sure sign of a winner!...Can we talk? Alan Parsons hits the nail on the head! It's not mamby-pamby or over orchestrated, and we can definitely deal with this straight-ahead tune...Immediate calls for Widow's 'Bitch'. If you can relate so can your audience...Mr. Thorogood has laid down his best effort in a long time. Lots of good tunes to choose from but we like the Chuck Berry covers the best...Roman Holliday's 'One Foot Back In Your Door' is the kind of song that you can sing along with after the first listen...Just a reminder to all label video reps, KILO's video show 'Radio Vision' is no longer on-the-air. We established r'n'r videos here in Southern Colorado four years ago and now with every cable channel offering videos, we can concentrate on making KILO-FM even better. Thanks for everyone's help in making music vision a pioneer in music videos...By the way, KILO is up again from 12.0 to 13.1 in the latest Arbitron ratings. Long live rock and roll radio!"

WCKO, MIAMI, FL M.D.-JEAN CASHMAN: "I can finally shed my winter coat! Many thanks to Triumph for an incredible concert, and a great laser show. Our rock star for a day, Cathy Jones, is on her way to a recovery period. Special thanks to March, Edger of MCA, Larry Solters, Steve Dahl, Jeff Krump (you're great!), and of course Gill Moore, Mike Levine and Rik Emmet (I'll be your security guard anytime!)."

WAAF, WORCESTER, MA P.D.-ROB BARNETT: "She's all rock and roll and she's got a massively overlooked current Lp--Joan Jett! And we've re-added 'I Love You Love'. It's breaking open in New England!"

WYFE, ROCKFORD, IL M.D.-FRED BRENNAN: "I am concerned with some of the recent product that has been delivered in the form of the 'Advance 12"'. I feel very taken advantage of when we get an inferior product in advance of a long-awaited powerhouse Lp. Are we really helping an artist when we are being coerced, even forced to play a song that you and I both know is not up to the caliber of the product that will be arriving in a couple of weeks! Take a look at those charts. How many of the advance 12" would we really be playing if we had the rest of the Lp to choose from? We have to look at the long term effect of this strategy. How are Lp sales boosted with an inferior product? Sure, awareness is given to product, but what if our listeners and your buyers don't like what they hear? You make your job tougher by having to overcome that initial negative awareness. We lose listeners because we end up cluttering our airspace with substandard product! The advance 12" can be a great promotional tool for an artist and for AOR radio. But when instances come up where someone takes advantage of the system and tries to pawn off an inferior product, we will draw the line. And if we can, we will wait until the Lp comes out and play something better!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Did you think for one minute that Phil Collins couldn't come up with yet another smash. The phones haven't stopped. They're all dying to get their hands on the new Lp. Immediate anticipation surrounding this one...By the way, a lucky WPDH listener is going to be flying to London for a week and is getting tickets to see Phil at the Royal Albert Hall. Wish I could stow away...We're hot on the solo Mick Jagger. Good mix of the Stones latest sound and Mick's one of a kind voice, so who cares who's the boss? Mick's in charge and the song's gonna soar up the charts...I'm still plugging away for the Eurogliders, a band we took to heart on first listen! 'Another Day' should help keep sales and interest going and we'll continue to stay behind the newest offering from down under. I really just love their sound... Speaking of sound, Bowie and Metheny are taking their best efforts to the fullest. 'This Is Not America' literally gets better and more intensified with every spin. One of those songs you really stop and listen to. A guaranteed must on your list...Epic, everyone knows where there's smoke there's fire and you sure could light a nice little torch under Danny Spanos' career with that one. It's our favorite pick...Personal to Paul Yeskel: Katie was right. Make me a part of 'Vulture Culture'. The project is superb as usual and I sure want to scream out my own feelings after having my ears chewed off by friends, lovers, family, business associates, on and on. 'Let's Talk About Me' should score big with everyone."

WEZX, SCRANTON, PA M.D.-DAVE WEEKS: "Last Wednesday night Rock 107-Rock Hits conducted their 17th annual birthday party at local night club, Pep O'Brien's. We had four area bands to help us entertain, a huge buffet and birthday cake and we opened the doors to the public. Subsequently Pep's was filled to the rafters and we gave \$107.00 to the listener that presented us with the most creative birthday card... We're looking forward to paying a lucky listener's heating bill for the month of January. Listeners registered at Jean King Stores in Northeast Pennsylvania. By the time you read this we've already drawn a winner...Northeast Pennsylvania loves The Firm. That's no hype. They've won our nine o'clock record vote for two nights running, and they're all over our Top 5 At Five. We can't wait for the album."

WIOT, TOLEDO, OH M.D.-THE ROZ: "My, my, my, although I think David Lee Roth is a bit unimaginative doing all cover songs, I was delighted to hear 'Easy Street'. My old boyfriend had the eight track of Johnny Winter's 'Captured Live'. It's one of my favorites, and Roth does a good job with it...WIOT is happy to support the hottest song on the new Deep Purple album 'Nobody's Home'. It cooks!...The female demos should drool for Phil Collins' 'One More Night' but I can't believe 'Man With A Horn' won't be on his Lp. What a great song!...Mick's Lips are all over the radio with 'Just Another Night' but if you read my comments last week you know I'm really waiting for the album...While all you other superstar clients were sunning in Miami wasn't it reassuring to know that Roz was holding down the fort in Toledo? (With all the top brass out of town, we're rolling the Iggly Squiggly's in heavy!)."

WDIZ, ORLANDO, FL P.D.-RAD MESSICK: "For a change, let's talk about class on the radio. I never thought I'd see the day when AOR could deal with Pat Metheny on the radio. The collaboration with Bowie is just amazing. I've never heard a record flow so well and if you go to see the movie it's really sad because Bowie doesn't appear until they roll the credits at the end. Too bad this wasn't on 'Tonight'... Simple Minds has all the potential to be The Band for 1985 and 'Don't You' is a perfect example why. It's the consummate pop rock song. Plus the fact that Jim Kerr is married to Chrissie Hynde won't hurt either... Phil Collins has another smash on his hands. 'One More Night' is 'Against All Odds part 2', and the 'Man With A Horn' rocks...The Cars deserve play on both sides. The record will not die. Phones are especially good for 'Breakaway' and adding to Ron Nenni's best disc since 'Pink Cadillac' I'll take it back as far as 'Hey Hey What Can I Do'."

WXKE, FORT WAYNE, IN P.D.-RICK WEST/ M.D.-HAL BRANDT: "ADDS: David Lee Roth 'Easy', Phil Collins 'One', Mick Jagger 'Just', George Thorogood 'Drink', Alan Parsons 'T2', Prince 'Take', Elliot Easton 'Like', Simple Minds 'Don't', Duran Duran 'Prayer', Gary O 'Shades', Loudness 'Nights', Krokus 'Rock'...CONSIDERING: Utopia...MOST REQUESTED: Deep Purple 'Knocking', Frey 'Heat', John Fogerty 'Old', Mick Jagger, Phil Collins...INCREASED PLAY: Metheny/Bowie, Kinks, Roth 'Girls', Frankie Goes To Hollywood 'Relax'...INCREASED SALES: David Lee Roth, Foreigner, Deep Purple, John Fogerty, Hall and Oates."

WMGM, ATLANTIC CITY, NJ P.D./M.D.-MIKE BOYLE: "ADDS: Mick Jagger 12" 'Just', The Firm 12" 'Radioactive', Phil Collins 12" 'One', Alan Parsons Project 12" 'Talk', Danny Spanos 'Lie', Southside Johnny 'Tuff Turf' soundtrack, Bongos 'Space', Angel City 'Underground', Don Henley 'All', Elliot Easton 'Like'...CONSIDERING: Simple Minds, Utopia, Flash And The Pan...MOST REQUESTED: Frankie Goes To Hollywood, Don Henley, Foreigner, Glenn Frey, David Lee Roth...INCREASED PLAY: Glenn Frey, Bryan Adams, Bowie/Metheny...INCREASED SALES: John Fogerty, Foreigner, Don Henley, Bryan Adams, REO Speedwagon...As far as Mick Jagger, The Firm, and the Phil Collins material goes, we could write pages about how great this music is. Let's not just play the hell out of these songs...I do want to rant and rave about the new Alan Parsons Project album. The whole album is wonderful and 'Let's Talk About Me' is the perfect track to start with. Also check out 'Sooner Or Later'. Thanks to Arista's Paul Yeskel for the advance cassette. Yes, Paul, I did contain my enthusiasm and waited for the vinyl."

WCPZ, SANDUSKY, OH M.D.-KEVIN YOUNG: "ADDS: Mick Jagger 12" 'Just', Phil Collins 12" 'One', LRB 12" 'Win', Martin Briley 'Moments', Alan Parsons Project 12" 'Talk', John Waite 'Heart', Duran Duran 'Save'...MOST REQUESTED: John Fogerty, Tina Turner, Flash And The Pan, Don Henley, Foreigner...INCREASED PLAY: David Lee Roth...When the weather's as cold as it's been which do you turn up first, the thermostat or the stereo? With 'Midnight Man' by Flash And The Pan, we've made the choice an easy one. We're getting great response for that record and we're gonna go deeper on it with 'On The Road' in a light medium this week... Speaking of deep, John Fogerty's 'Centerfield' is a hard one to keep your hands off of. Phones are still strong on the album, especially for 'Rock And Roll Girls' and 'Searchlight', with 'Centerfield' and 'Saw It On TV' not too far behind...Foreigner's 'That Was Yesterday' and 'Down On Love' are emerging as strong cuts with our listeners...Toto's 'Holyanna' was on the verge of our Top 5 requests, along with Alphaville...And speaking of Alphaville, we've been on 'Forever Young' and have been drawing upper demo requests pretty steadily. Usually we'll get the people who never call and when they do call they pair their requests for Alphaville with Emerson, Lake & Palmer, Asia, or the Moody Blues...How Phil Collins is constantly in the limelight and draws response from new products like water in the desert never ceases to amaze me. That's in hot this week with the Alan Parsons Project. Who can't relate to that one?...We've had a brisk week with The Firm. Lots of phones and great expectations from our listeners... And I could say great production, infectious beat, or even go as far as saying it's the AOR pick of the week, but instead I'll just say 'Mick Jagger' and let it go at that. It's in our hot too...The David Lee Roth Ep made my Monday...And that's all she wrote."

His dangerous music poses a serious threat to success...Some great stuff again from Utopia...And finally seems like The Alan Parsons Project will feed the starving with 'Vulture Culture'."

WDHA, NORTH JERSEY GM-BOB LINDER: "Recent comments about doing something to prevent the possible prohibition of wine and beer radio advertising should not be taken lightly. Such a ban is possible and extremely harmful to AOR's financial survival. I will be going to Washington next month to lobby with our congress people. On-air we're presenting PSA's about safe driving without drinking. Anyone wanting a copy of these announcements is welcome to give us a call at 201-328-1055. We've all got to work together on this one. Any bands wanting to record safe driving messages would be a big help too...Of new music we're excited about: The Mick Jagger album would have to be right up there...Of new advance cassettes: The Alan Parsons Project is one of the best I've heard. The advance cassette is an important promotional tool. We listen to at least one a day and prepare for the Lp or CD to follow. In the case of Widow we got the CD first. By the time the advance cassette reached us our listeners were already whistling the tune."...P.D.-MARK CHERNOFF: "I've had the worst case of the flu; two weeks and still not gone. This week's vacation will be spent taking care of my wife and kids who have the same!...Definitely hot to trot on Jagger's 'Just Another Night', got to hear the whole Lp at the CBS Party and although I don't know cut names there's an awful lot of good stuff to be played on the radio for many months to come...Thanks to Dave Fleischman for rushing out the wonderful new multi format smash 'One More Night' from Phil Collins...Also going deeper on George Thorogood: 'I Drink Alone' and 'Willie And The Hand Jive'. Please keep thinking Janey Street and 'Under The Clock'. If you'll just listen to it you'll be dancing in seconds!!!"

WTPA, MECHANICSBURG, PA P.D.-LOUIE TORRIE: "Keep the patience and the product coming!...We're excited about Autograph coming to the area. We initially went on two cuts to support their album, but they can stay in the format long after they leave the area...Recent songs like Bruce Cockburn's 'If I Had A Rocket Launcher' have paved the way for artists like Gary O and songs like 'Shades Of 45'...Hoping! the movies 'Vision Quest' and 'Heavenly Bodies' do well...I really believe in the Dwight Twilley song, I think it can work on any AOR, also looking forward to the Henley and the Dio from the 'Vision Quest'... I couldn't hear anything in David Lee Roth's 'Easy Street' so we might have to wait for the next Van Halen."

WRKI, BRIDGEPORT, CT M.D.-MARK DEVINE: "Let the truth be known I miss Keith but the Mick Jagger single is pretty hot stuff, and it's quite a relief too. I was kind of half expecting some 'State Of Shock' or 'Emotional Rescue' type schlock. Instead we get a good tune, yeah...The new Phil Collins is a real hypnotizer and The Firm has got the phone ringing...My favorite tune of the week has got to be Utopia. It's an underdog but the chorus is definitely a killer...Here at the station a couple of industrious DJ types going under the name of Radish and Ruttabegga have come up with the spoof song of the year, 'If I Had A Vegamatic'. It's a gripping tale of the senseless slaughter of lettuce heads all over the world, and you thought that Bruce Cockburn dealt with serious matters...Congratulations to Dave Kane on the promotion."

WWTR, OCEAN CITY, MD P.D.-RICHARD REMSBURG/ASST. P.D./M.D.-GLENN STEWART: "ADDS: David Lee Roth 'Easy Street', Phil Collins 'One More Night', Mick Jagger 'Just Another Night', Alan Parsons Project 'Talk About Me', Cars 'Why', 'Breakaway', Elliot Easton 'Wheels', Don Henley 'All', Simple Minds 'Don't You', Giuffria 'Do Me Right'...MOST REQUESTED: Autograph, David Bowie, Bryan Adams, Don Henley, John Fogerty...INCREASED PLAY: John Fogerty, Cars...Glenn and I were sitting around impressed because it seems like everybody in the music business is in Miami. We decided to fight back with a July in January Indoor Best Body Contest. And it was a smash! We turned away hundreds! The bodies were just as fine and scantily clad as on the beaches in Miami. The only difference was the outdoor temperature and the number of people speaking Spanish! Scan the trades for pictures soon!...From Glenn Stewart, MD: "Phil Collins was no slouch last year, but now he's pleased to make his major breakthrough in 1985. Even without a Genesis Lp or a solo album he's stayed in the spotlight and if 'No Jacket Required' is as strong as the single it will all pay off with a mega hit! 'One More Night' is 'Against All Odds' and you know what that means, smasher! Obviously, we're talking total radio saturation... 'Just Another Night' will no doubt redeem Mick Jagger as a solo performer. Jagger and Beck sure beats Jagger and Jackson, doesn't it?...Edgar Winter and David Lee Roth are a fine collaboration on 'Crazy From The Heat' as well...The Firm hits a direct bulls-eye on the AOR core audience...Free meets The Yardbirds, and the upper demos who went nuts over John Fogerty will do it again for 'Radioactive'...It took a couple of listens to catch it, but now it's apparent that 'This Is Not America' is exactly what Bowie's 'Tonight' Lp should've been...Finally Crack The Sky has always carried a lot of weight at the beach, and their former lead singer, John Palumbo remains a force. I think he'll work for you too."

KZEL, EUGENE, OR M.D.-VINCE MERTZ: "I usually don't jump on the soapbox unless I've got something to scream about. I'm screaming! The topic: Record Reps. The majority have been understanding, easy-going and friendly kind of people, but there's always an exception. This past week I talked to it! (I'm not gonna mention names.) This rep got all bent out of shape because I didn't add some of his product! Among the reasons given to us for adding the product, 'Other regional rockers have been on this for weeks!' One tune, the rep couldn't figure out why we didn't add it right out-of-the-box. The rep went on to question the professionalism and sanity of my P.D. and myself. The rep then asked if we had any backbone or if we just let the consultant lead us by the hand. Enough of this bullshit! This is and has been our music policy: 1. We don't add records just because other regional stations are doing it. That would be like jumping off a cliff because a friend did! We add a record because it has the right image and the right sound for our station. 2. We don't and won't paper add a record. First, it distorts the trades. Result: People who use the trades as a guide end up with a distorted view of what is really going on in the world of rock radio. 3. My sanity and professionalism are intact and sound. (They may rattle loose from time to time! Ditto for my P.D.-Ken Martin!) 4. Our consultant does just that--consult! They don't make decisions for us. But we don't object when they make recommendations--that's what we pay them for. They certainly don't lead us by the hand everywhere we go. That would defeat the entire purpose of a consultant...If we don't add a record right out of the hat, we have a good reason for it. If you want that reason, call--we'll give it to you! The incident I mentioned was one isolated event and shouldn't influence anyone's opinion overall of reps. It's just something I needed to call attention to...Now, on the lighter side of the news. Musically there's a lot of great stuff out like Gary O', Dwight Twilley on the 'Heavenly Bodies' soundtrack, Elliot Easton, David Lee Roth, Phil Collins and Mick Jagger."

WQBK, ALBANY, NY M.D.-PEGGY APPLE: "Set 'em up, Bartender! I'll have the usual and don't forget the little umbrella! That new John Hiatt blows me away! I go crazy when I hear him. 'The Usual' is the one we're going with and it sounds great! Hiatt, along with Mick Jagger, Phil Collins, and Alan Parsons, has made my job a very pleasurable one...I'm very impressed with Simple Minds. 'Don't You Forget About Me' has a great hook... American rock and roll is kicking out January with the likes of George Thorogood and David Lee Roth. David's choice of 'Easy Street' is wonderful (one of my top Edgar Winter tunes). David is in fine form to tackle such fun stuff. Edgar isn't a slouch on this either...Speaking of American rockers, listen to The Beat Farmers' 'Reason To Believe'. I always felt San Diego was a hit place, with a band like The Beat Farmers I know it's true...Murray Head's 'One Night In Bangkok' is a h-o-t request item, along with Bronski Beat and Phil Collins... Gotta go. Gotta get ready for the big QBK FM-104 rock and roll party with Marshall Crenshaw and Steve Forbert."

KRVV, VAIL, CO M.D.-MARO SELBY: "All of Vail Mountain heard the new Alan Parsons. I listened to it at top volume for the first time unaware that the outdoor speakers were on at the mountain mansion I was house-sitting this week. I couldn't figure out why so many skiers were stopping to stare at the house! Later I realized they were just enjoying 'Let's Talk About Me'. It was a hit even before we added it...Having had 'Heartbeat City' open since last March, we are applauding the encore as we add it this week...Is it Rod Stewart or Danny Spanos? Whoever it is 'Excuse Me' is going to get him through the crowd and to the top...KRVV is looking forward to presenting Spyro Gyra to Vail tonight in a concert at The Studio, our intimate 300 seat nightclub!"

WGIR, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "I got a chance to hear several cuts from the forthcoming Elliot Easton album and was very impressed. The Lp is full of catchy vocal hooks and guitar. The music sounds like Todd Rundgren in his pre-Utopia days and the album is by no means a Cars clone...Alan Parsons' new tune 'Let's Talk About Me' got instant positive reaction from several on our staff. People who don't immediately get into Parsons' music take to this new one right away... 'Don't You Forget About Me' could be the tune that gets Simple Minds wider recognition. I liked 'Waterfront' but this new one moves closer to a rock mainstream sound while retaining integrity."

WHFS, BETHESDA, MD M.D.-BOB SHOWACRE: "The Lloyd Cole as an import was as good as gold, so they should take the domestic to the bank!"

KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Utopia 'Play', 'Stand', 'Secret'; John Prine 'Lake', 'Friend', 'Love'; Bongos 'Space', 'Brave'; Greg Phillinganes 'Lazy'; LRB 'Eyes'; Shad Weathersby '1951', Spanos 'Molly'; George Thorogood 'Price', 'Woman', 'Recoil'; Beat Farmers; Southside Johnny; Marianne Faithful; Phil Collins 'One'; Alan Parsons '12'; Simple Minds '12'; Mick Jagger '12'...INCREASED PLAY: Fogerty, John Hiatt, Martin Briley, A Drop In The Gray, 'Beverly Hills Cop', Flash And The Pan, 'Heavenly Bodies'...It's almost a given by now, a new Utopia Lp means catchy well-crafted adult album radio and this is no exception...Bongos 'Beat Hotel' certainly their best shot yet at commercial radio play. Serious 3-alarm-attention should be paid to this Lp. We like 'Space Jungle' and 'Brave New World' best so far...YOR (Yuppie Orientated Radio) note: The new Donald Fagen song on Greg Phillinganes' 'Pulse' album. Neat tooone...Simple Minds make their first appearance ever on KBLE with 'Don't You Forget About Me'--I finally like one!"

KZYR, AVON, CO M.D.-JOANI WILLIAMS: "ADDS: Fierce Heart 'Never', 'Bad', 'Lose', Steve Bargonetti 'Arcaine', 'Inside', 'Rock', 'Moonlight', The Firm 'Radio', Flash And The Pan 'Man', 'Look', 'Communication', 'Early', Angel City 'Under', Phil Collins 'One', Mick Jagger 'Just', Elliot Easton 'Like', Dwight Twilley 'Working', Gary O '45', 'Get', 'One'...CONSIDERING: Let's Active 'Chess'...MOST REQUESTED: Frankie Goes To Hollywood, Los Lobos, The Kinks, Stevie Ray Vaughan, Molly Hatchett...INCREASED PLAY: Talking Heads, The Firm, Roman Holliday, Martin Briley, LRB...INCREASED SALES: Talking Heads, Toto, John Fogerty, Bruce Cockburn, The Kinks...Brave new radio is here, we hit the airwaves on Xmas eve with a long overdue gift for the Valley, rock 'n' roll 24 hours a day and 9,000 feet high. Our morning team is Matt Garrett and Don James came to us from KCAL in San Bernadino. On middays we have Randy Savers who's also programming the Zephyr, previously Randy was PD at KKFM, KR0D, KOBE, KINN. Larry Woodside joins the staff from KROQ and will be doing afternoon drives as well as helping out in programming. Joani Williams comes to KZYR from WDEK in Dekalb and is doing evenings as well as doubling as MD. Jeff Sandiever comes to all-night drive from WZEW in Mobile. Our programming at the Zephyr is obviously AOR but with an adult appeal and new music is an important part of our sound. We have a 3 hour new music program Thursday nights and a 4 hour jazz program Sunday nights to satisfy the great appetite we found for those types of music. Both Randy and myself are available for conversation and whatever else you may desire almost constantly, so give us a call at 303-949-0103 on Wednesdays. I would love to talk to you... (Oh, I almost forgot) Our new music show is hosted by Mercy Hawkes who many of you know by the name of Fred Moore. Fred is the General Manager and Vice President of KZYR and is the fellow who assembled the staff above. He came to us from such stations as KRVV, KAWY, WHCN, WWUH and WRMC and his experience in this industry is extensive. He, too, is always ready to talk. So give all of us a call."

INCREASED PLAY: George Thorogood, John Hunter, Bluebells, John Hiatt, Kim Wilde, Southside Johnny...New stuff in one week from Utopia, Mick and The Firm...Somebody get me a chair. In my opinion Utopia is one of the most underrated groups of our time. Todd and the boys know how to put a record together with great production and great songwriting. How can you go wrong?"

WTOS, SKOWHEGAN/BANGOR, ME M.D.-KELLY GRAY: "ADDS: George Thorogood, Loudness, LRB, Utopia, John Martyn, The Bongos, Son Felas Flamingo, Kid Keel, Simple Minds, Let's Active, Murray Head, Elliot Easton, Phil Collins, Ratt, Onike, Alan Parsons Project...CONSIDERING: Danny Spanos, Fierce Heart...MOST REQUESTED: David Johansen, Devo, Bob Dylan, Danny Elfman...INCREASED PLAY: The Stranglers, The Firm, Bowie/Metheny...Now we're cranking on the music drive for '85, the stack of incoming records on my desk Monday morning was as tall as me, just look at our list of adds. If it's good music I don't want to wait to play it...Annie's song of the week: Simple Minds 'Don't You (Forget About Me)'."

Sales, airplay and requests are telling the success story... WFNX welcomed Tom Robinson to The Paradise in Boston last week. The show was fantastic! Tom never sounded better. Thanks to Mr. Mike from Warner Bros. for bringing Tom by the station. Also, thanks to John Boulos from Island for bringing Malcolm McLaren to the station that same night. FROM JIMMY THE SAINT CHRISTOPHER - P.D.: "Hey, Hoss, she's the boss...The new Jagger single 'Just Another Night' is as tough as nails. I'm really excited about the new Lp due in February, and would like to thank Bob Garland and Jim McKeon at Columbia Records for the class act listening party held recently at the Century Plaza Hotel...Want some ultra sheer rich taste in the form of well-produced melody? Try Simple Minds 'Don't You Forget About Me' from the movie 'The Breakfast Club'...The Bongos 'Beat Hotel' is full of crisp pop tunes with sharp harmonious vocals. Check into the 'Beat Hotel' for starters, and you'll be rewarded with a plush room that has a nice view of the American music scene...That old hard ball player himself, George Thorogood is on the loose again with some snappy driving blues rock from the 'Maverick' release. And who, of the post war baby boom, doesn't remember the 'Maverick' TV series with James Garner and Jack Kelly? Funny version of the title...I like the Carl Perkins tune 'Dixie Fried' for energy, John Lee Hooker's crawling 'King Snake' for a shot of Southern blues, and 'Woman With The Blues'...For some country blues, toss in 'Gear Jammer', Chuck Berry's 'Let's Go Go Go' and George's 'Long Gone' and you have a shoulder high fast ball that finds the strike zone... On the horizon is Lloyd Cole And The Commotions... A Drop In The Gray is fast becoming a big favorite. The tip of the saints halo to Bob Schulman for a fine production job...Another catchy ditty is John Palumbo's (he's the ex Crack The Sky leader) 'Blowing Up Detroit', on the new HME label...The boys from Down Under, Flash And The Pan have something in their latest, 'Early Morning Wake Up Call'. I found myself humming the title on the way to the station today, Also noteworthy are 'Midnight Man' and 'Communication Breakdown' (no relation to Led Zeppelin)...Gotta grab a hat. Till next time, keep it up--Remember, better watch out for the 'Skin Deep'!"

KXLU, LOS ANGELES, CA M.D.-PATRICK COONEY

"Well, they warned me but I didn't listen--For indeed, this Music Director stuff is hard work. Good luck to Russ in the endeavors he is taking on...Musicwise, the Afrika Bambaata/John Lydon 12", 'Time Zone' has really taken off here. Combine this with the moody sweetness of Berntholer's 'My Suiter' and you have a diversified Top 5...Personal to Dan Reed in Akron, WOXY: I'm still waiting for my T-shirt. I guess my answer to your replacement's question wasn't sufficient!"

WOXY, OXFORD, OH P.D.-DAN REED

ADDS: "Heavenly Bodies/Twilley "Working", Sparks "Prison", Tubes "Control", Utopia "Game", "Style" "Zen Machine", Elliot Easton "Wheels", Mick Jagger "Just Another Night", Murray Head "Bangkok", Simple Minds "Don't You", Bongos (various), The Vipers (various), Code of Honor (various).

MOST REQUESTED: Depeche Mode, Eurythmics, The Keepers, Replacements, Julie Brown.

INCREASED PLAY: The Nomads.

INCREASED SALES: Eurythmics, The Nails, Depeche Mode.

"The Vipers have delivered a groovy, mind-blowing record that's best listened to in a dark room with your old lavalight on. Outa sight man!...We're real impressed with the new Utopia album. It has something for every rock 'n roll format. Check out 'Zen Machine' and 'Style' for starters... A few bands here that command instant respect and mean instant phones, like Simple Minds. It's another top notch performance from a real class act... I read with interest Rick Winward of Enigma's comments last week. I hope we all consider his words carefully and attempt to implement some of his ideas when ad time rolls around...Next, still h-o-t here at 97X are The Nails, The Replacements, Los Lobos and Crazy 8's. Good deep records, each one...And finally, FMQB, we Indicators are pretty bored with our Indicators title. We'd like something more flashy and bold, like The Marauders or The Mystical Warriors. Let me know what you think!"

Record Action

DAVID FLEISCHMAN, ATLANTIC (212-484-6017): "No fancy illiteration or analogies necessary. Bottom line: Miami is gorgeous...Current HITS on Atlantic: Foreigner, Phil Collins, The Firm, John Parr, Julian Lennon, and Twisted Sister. Not a bad line-up in anybody's book. Special thanks to all of the talented artists who have given us such great product. It makes our job easier (notice I said 'easier' not easy)...Coming to you in a couple of weeks will be the debut Lp by an artist we feel is destined for stardom. Her name is FIONA...Although I can't confirm the rumor that several deceased rock stars will make an appearance at Rockers '85 Conference, Expo, Awards Ceremony, and T.J. Martell Bowling Party; everyone I've talked to is dying to come. Be there or be square!"

MICHAEL PRINCE/THE FAT MAN, ATCO (212-484-6400): "'Thunder In The East' is now in the stores, so please brace yourselves. To a station the phone action is strong, immediate, and sustained. The reaction to 'Crazy Nights' proves that Loudness, while virtually unknown, has taken radio by surprise. PROGRAMMERS TAKE NOTE!...On the other hand, Fierce Heart is just beginning to kick in. This is what we at Atco call the anticipatory stage. Watch this record too. 'Fierce Heart' is the lead track. And while you're watching this Lp, give it a good, hard listen as well...That's it from sunny Florida...Since you did, thanks for reading."

AL CAFARO, A&M (212-836-0477): "Bryan Adams 'Somebody' is 99.9% hot. The single is a breaker with a bunch of debuts. The album is at 1.4 million and on its way to 7 million...Great first week on Simple Minds--over 50 stations...After all these weeks playing Bruce Cockburn, don't bail just as it's starting to sell. We're over 150,000 albums. These are consumers with an ear for relevance. We should not go recurrent just as we're realizing the fruits of your airplay...Watch for a big week on Keel. We're determined to put this on radio...We're working to back up AOR with single airplay this week on 'Jeopardy'. Roger's album is just over a quarter of a million...Coming soon, a terrific Joan Armatrading album."

KEVIN SUTTER, CHRYSALIS (212-758-3555): "GO WEST! By now you've heard the name, received the postcard, seen the ads, and are asking the same question most of your fellow programmers have. WHO ARE THESE GUYS! Well, as of February 7th, all your questions will be answered and I think we have got a great approach for this project: 1. No comparisons. 2. No adjectives. 3. No hype. Once and for all, the music speaks for itself. If by February 7th you haven't received your 12" copy of 'We Close Our Eyes', call me, call my field guys, but call somebody fast!...As we move into another great week with Pat Benatar's 'Ooh Ooh Song', I think you should all be complimented for the upward rotations you've given Pat. Ooh, you haven't increased rotation yet? Well I think it's time you catch up to the likes of WKLS, WBCN, WMMS - just to name a fewoo!... Armored Saint hasn't gone away! In fact, they've been talking to your listeners while you didn't even know it. Don't believe me? Check your sales research, do your scrutiny of 'Take A Turn' cause by the week of February 11th when 'Take' comes out as a 12", I think you'll be surprised just what we'll have for your ears. By the way, I'm not the only one who feels these guys are onto something BIG. Confer with a fellow radio mate Mr. Tom Schepke, M.D. at KISS, San Antonio: 'Finally, whether you play Armored Saint "Can U Deliver" or not, "Take A Turn" will be their "Bringin' On The Heartbreak". Play it now or later (like with Def Leppard), but you've gotta give it a try. Please. "Take A Turn".' See, he doesn't even work for me!...Well, friends, I must board my flight to the Sunshine State and continue my search with Jacques Cousteau for the great BIKINI FISH who have been sighted off the shore at the Fountainebleu. More on that reel adventure next week."

BRAD HUNT, ELEKTRA (212-484-7232): "To all of you in the northern half of the continent, let me allay your fears. The thermometer does go above 32 degrees (now if we could only figure out how to ship all this hot air north from Miami)...Roaring off the line in 1985 comes the first release from Cars' guitarist Elliot Easton, 'Like A Wheel'. Elliot has studied his roots well to create an exciting project of self-styled American rock and roll. The album 'Change No Change' arrives Monday, February 11th but now is the time to get rolling with 'Like A Wheel'...Speaking of The Cars, how about these guys? Not to be satisfied with triple platinum on 'Heartbeat City', the rallying cry from Boston is go for four (million, that is). 'Why Can't I Have You', the fifth smash single, is all ready to put The Cars back into the top 10 where they belong. At the same time, in the true spirit of competition, 'Breakaway' is roaring up the charts, hot on the heels of its older brother. Two Cars tracks in the top 10 - what a way to celebrate an album's first anniversary on the charts...Dokken is crossing the fine line to CHR with 'Just Got Lucky'. 'Tooth And Nail' is now a quarter of a million strong and the tour continues to plow through the heartland. Now is the time to kick this track into a high rotation and remind listeners who it was who broke this band - it was you and you alone...Finally, there is Metallica. The band that was held captive by Mother Nature in Buffalo is back on the trail with those house attendance records at venues through the Midwest. Releasing next week is the 12" 'Fade To Black' from 'Ride The Lightning' - a song already proving itself to be a metal anthem at WQFM, KGB, and WAQX. You may not want to play this track in morning drive but listen and check out sales and get hip to the hottest tour on the streets...On your desk Monday, the new 12" from Yello, 'Vicious Games'...Congratulations to Brian Taylor and welcome to the great white north, Mirsky."

JON SCOTT, MUSICVISION (818-906-1995): "Many thanks to all record companies, artists, and radio stations who are doing promotions to help our T.J. Martell Rock and Bowl for Charity. We can't meet our goals if you don't help. Listen carefully to Kid Leo, Roz, Bob Bailey, Ted Edwards, Lynn Wells, and Rob Lipshutz when they approach you about doing a promotion about this very worthy cause...Also, congratulations to my partner Drake Hall and his lovely wife Chelsea on the birth of Benjamin Alexander Hall."

PAUL RAPPAPORT, COLUMBIA (212-975-4321): "Is Scandal 'Beat Of A Heart' the comeback record of the year or what?! Looks like a hit all over again and Top 40 is major. Look out for another million records...Thanks to everyone for continuing with the Toto project. 'Holyanna' looks very strong, and some are having great performance by 'Endless' and 'Angel Don't Cry'...Please watch out for the Eurogliders coming to your town soon. Grace Knight is a star!...The next tracks to watch on the Philip Bailey album are 'Chinese Eyes' and 'I Go Crazy'...Mick Jagger will be the biggest record of the year, and how about that wake-up call called 'I'm On Fire'. (We will now deal with part 2 of the Springsteen project!)...One last note, the Santana is a smash...And watch out for a record called 'Girl With The Curious Hand' by Digney Fignus. This could be a sleeping giant."

BOB CATANIA, ISLAND (212-477-7159): "Certain things in life are inevitable. We all know about death and taxes, and now it appears the 'Tuesday deadline' can be added to that list. As this will now compact the week even more, it's time for a bit of professionalism to emerge in our respective businesses. The deadline will enable the companies to be more effective in sorting information on our projects and relaying that info back to radio. However, you guys must be there to take that information. Nothing is more frustrating than calling at the appointed hours and finding no one there. Even worse is being put in the position of having to promote interns, receptionists, and the like because you don't want to take the call. I realize this has to be a two-way street. The promotion people must be more professional in working radio and helping your guys be time efficient. The other problem that needs to be addressed is records not being listened to. Case in point: Robin George. This record was serviced during the holiday break so it could be listened to without the usual flood of releases. The strategy obviously worked because those aggressive stations who found it are now enjoying good success with the project. However, I now find stations just now listening and liking but have 'no room' due to the automatics. Well, you guys bitch that the companies release too much product all at once and you simply can't absorb it all. But when we get something to you up front it still doesn't get heard. If you don't change, either will the companies. Don't hold back Robin George because you didn't listen and now have automatics. This record deserves your attention. Listen! It's your job!!"

RECORD ACTION CONTINUED

JAY McDANIEL, MCA (404-447-6405): "Exciting new artists are breaking on MCA. This week we delivered the Warrior Lp, An LA-based band with lyrics reflective of concern for all and the future state of the world. 'Fighting For The Earth', the title cut and consensus song, should get immediate reaction... 'Follow Your Heart' from Triumph is on the right track for a multi-format breakout. The single will explode at all levels this week. Depth of airplay on 'Killing Time' is a compliment to the versatility and strength of the 'Thunder Seven' Lp... Angel City and 'Underground' have tunneled their way up the airplay charts. Rock image for your station is important and Angel City reflects that image and positioning to your listeners... Kim Wilde and the 'Teases & Dares' Lp has broadened an ever growing list of AOR believers. The hit single 'Go For It' and the track 'Rage To Love' are the two AOR favorites... Giuffria and 'Do Me Right' gained new airplay this week while the single, 'Call To The Heart', continues to the top of the singles chart. Confirmation of the Foreigner tour has just been announced so watch for dates in your area soon... Glenn Frey's single 'The Heat Is On' pushed sales totals to gold this week on the 'Beverly Hills Cop' Lp. Glenn now has another success as 'Miami Vice' TV show stars Glenn Frey in the 'Smugglers Blues' episode which aired this Friday, February 1st... Stone Fury and 'Life's Too Lonely', the new single, is continuing to gain new airplay. Album radio's support and the anticipated CHR explosion will make Stone Fury a huge success... Sales totals on Bronski Beat, in the #1 position at alternative college radio on 'Smalltown Boy', should make album radio aware of the ever changing market place... 1985 should be a year of discovery and personal analysis of ourselves, our goals, and, most importantly, our music. Keep an open mind to the music of 1985. Your listeners deserve it and thank you for it... In the bag later this week The Fixx 12" of 'Less Cities...' coming for reports next Monday, February 7th. This one will explode... Regards, Jay."

MICHAEL SCHNAPP, IMPORTANT (718-995-9200): "While the cat's away the mice will play. The boss men are at the MIDEM Record Convention in France and the Schnapp man is doing the big Blue Cheer/Tokyo-Blades mailout. That's right, 'The Beast Is Back'. Blue Cheer, who were gone for so long, are back in action and alive in '85... Speaking of alive in '85, T.K.O. will knock out your listeners and keep those phones alive. WYSP reported last week that T.K.O. was #3 in phone requests. T.K.O. gives good phones. 'I Wanna Fight' is knocking 'em out at WLLZ, WHJY, WYSP, KRST, WAQY, KUFO, KISS, WXCS, KABL, and WLSW and will keep 'em down for the count. And speaking of food, if you're ever in Rhode Island, Ron Nenni and Jeff Riccio at WHJY know great food and great music. They just added T.K.O. Guys, ?au jus loved the prime rib and the swordfish looked great. I hope Bruce was as good as the meat... Well, gotta go. Remember, knock 'em out with T.K.O. and be Important."

RICH SCHMIDT, RHINO (213-450-6323): "Trivia Quiz at the end of this paragraph... Big week for both our current projects. The Beat Farmers bring in 20+ stations with the 'Tuff Turf' soundtrack in close pursuit. Thanks to all the early believers... We are proud to be working with Bruce Moser and Ace Entertainment's Michael Papale and Hugh Surrat... Best song while on 'hold' this week: Joni Mitchell's 'In France They Kiss On Main Street' as heard waiting for Lin Brehmer at WXRT... Now the quiz: John Reid was the true character identity of what famous hero? Winners will receive Rhino's 'Best Of The Everly Brothers' picture disc."

ANDY ALLEN, RCA (212-930-4518): "'Shades Of '45' by Canada's Gary O is one of those 'how did I miss that one' records from the 'Strange Behavior' Lp released before Christmas. The issue of nuclear energy is one we live with daily and this song serves as a gentle reminder of misuse... Autograph begins its fifth month on the radio and shows no signs of slowing down. 'My Girlfriend's Boyfriend Isn't Me' will keep you one step ahead of CHR... '88 Lines About 44 Women' by The Nails is lighting up phones in the Northeast - look for the 12" this week... Bongos first full length Lp is sure to be Top 5 at college radio and has already grabbed the attention of fresh music oriented commercial AOR. 'Space Jungle' is our key track... An album radio remix of 'Somethings Are Better Left Unsaid' from 'Big Bam Boom' is in the works - by why wait? This is Daryl and John at their best."

BOB LAUL, SERIOUS BOB PROMOTIONS (212-580-3314): "'Heavenly Bodies' may be another aerobic dance movie but Dwight Twilley's 'Keep On Working' is doing just that with his best rocker since 'I'm On Fire'... Flash And The Pan are also making some impressive moves at radio with 'Midnight Man' and 'Communication Breakdown' and getting great response... The 12" by The Stranglers is already making a big impact on radio, and by this time you should have the Lp in your hands with the shortened version of 'Skin Deep'... Let's Active's new 12" 'Waters Part' makes waves this week - be part of it... Also in your hands this week is the new 12" by Go West. 'We Close Our Eyes' is a hot little record not to be compared, just played... And lastly, something very special by Andreas Vollenwieder."

BENNETT KAUFMAN, GOLD MOUNTAIN/A&M (212-469-2411): "You got it! Fight for it! The right to rock! The two cuts radio is pulling from Keel's Lp are the 'Right To Rock' and 'Let's Spend The Night Together'. With over 30 stations on it to date, Keel is taking their extravagant show live to the streets. They'll be playing dates with Triumph and Dokken before they headline Detroit, Toledo, and Milwaukee... Look for a 12" coming from Bruce Cockburn with 'Lovers In A Dangerous Time' backed with 'Nicaragua'. Your audience now knows Cockburn. Reintroduce them to 'Lovers'... Great seeing everyone in Miami."

INTERVIEWS

DON HENLEY talking about becoming a video star: "I can't get used to it, you know? I mean...it's the way I feel, it took me two or three years to get myself accustomed to hearing myself sing, I've never gotten accustomed to hearing myself speak on tape, I hate it. And I get the same thing when I see myself on film. It's really unsettling but I guess I'd better get used to it hadn't I?"

"Another video for 'Relax' by Frankie Goes To Hollywood? Yes, that's right. This one features performance footage shot in Britain recently...A one and a half hour compilation of music videos will be offered for home video sale in England in February. 'Video Aid's' proceeds will go to Ethiopia, and it will include Ultravox 'Vienna,' and 'You Can't Hurry Love' by Phil Collins, among other clips...Giuffria's video for 'Call To The Heart' was filmed on location at an elegant Westwood restaurant and at the Chaplin Stage in Hollywood. Members of the band's extended family, record company representatives, and the band's manager are cast in the clip...Former Who member John Entwistle notes that 'videos just seem to be getting more expensive. Soon you're going to have to spend as much money on a video as you do on a feature film.' Entwistle says he 'can't see the sense of it.'...Lookalikes of Kid Creole, David Bowie, Grace Jones, Tina Turner, Rod Stewart, Prince, Boy George, Annie Lennox, Mari Wilson, Elton John, Mr. T., and others appear in the new Thompson Twins video for 'Lay Your Hands On Me.'...Sade says she had trouble with her video for 'Smooth Operator,' when her British record company sought to remove a scene from the clip in which Sade gets out of bed. Sade says she managed to get back from Japan and, 'I spent the whole day screaming and ranting. The scene was left in the video.'...Julia Heyward ('Burning Down The House') directed the Fixx's 'Sunshine In The Shade' video for Picture Music International. The video is set on location in Canyon Country in California, where the band originally sought to shoot a performance on the barren landscape. Instead, a surreal background, including an oil rig field in Valencia, was used for the clip...Animation's video for 'Obsession' has band members donning classic authentic Hollywood costumes, including a dagger and turban used by Rudolf Valentino in 'The Sheik', a Roman sword, tunic and cape from 'Ben-Hur,' and the headdress worn by Elizabeth Taylor in 'Cleopatra.'...Simon Kirke and Mick Ralphs of Bad Company put in appearances in Barry Gibb's video for 'Fine Line,' which was shot at Dougie's Dine & Dance."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
