Hard Choices

HUEY LEWIS, "STUCK WITH YOU", CHRYSALIS...

We'll pay this song the highest compliment--it sounded incredible over the phone! By satellite no less. That straightforward pop arrangement, Huey's wonderful puppydog vocals, and the totally endearing do-wop harmonies definitely hit home. The boy next door keeps making hit records and we love it.

NEIL YOUNG, "TOUGH THE NIGHT", GEFEN...

The first fifteen seconds sound like "Beat It" meets "Like A Hurricane", with all the glorious distortion Neil is famous for--and his own particular brand of desert do-wop. Once he works his way through the first few verses, it's clear he's hit the mark on yet another signature storyrocker. Kinda weird, a little bit gloomy, and open to interpretation--in short, guaranteed Neil Nirvana for his ever growing fan club. They'll never clone this act.

BOB DYLAN, "I'VE GOT MY MIND MADE UP", COL...

The ongoing tour with the Heartbreakers has to qualify as the hottest concert ticket of the early summer, and haven't Tom and the boys done a fine job of re-affirming Bob's rock credibility? Here's the track to transfer the media excitement to your airwaves, miles better than his recent soundtrack offering. A special tip of the Sheet to Mike Campbell for his stellar bottleneck work.

THE RAINMAKERS, "LET MY PEOPLE GO-GO",

MERCURY... What this country needs is not more Government Cheese--it's a few more funtime flame-throwers like this. The lyrics are off the wall and a little bit absurd--but the "get out and have a good time" philosophy is a message everyone can relate to. It's as different a song as you'll consider this quarter--but count on the uniqueness for phones of the first order.

EURHYTHMICS, "REVENGE", RCA...

We know you're into the single--what with total station saturation a 13-5 Underline and 21 red hot play increases. Now take a clue from "excellent" phones at 23 reporters and 29 more "good" listings-- and give your listeners more of an act they're obviously crazy about. Any goon could find a couple of good ones on this record--but the English single "When Tomorrow Comes" and "Thorn In My Side" would seem the logical jumping off points.

TIP; INXS, "KISS THE DIRT", ATLANTIC...

At the rate these guys continue to conquer this continent, you'd be better off fighting City Hall than hesitating on this single. It's refreshingly smooth and sultry--and one of the few "new" items in the Lewis league of No Risk Airplay. Here's mud in your ear.

Reaction Records

DAVID LEE ROTH, "EAT 'EM AND SMILE", WB...

We got a million comments on Dave's new solo--and the one we probably like best comes from WEZX's Dave London, "Loud, obnoxious--and perfect!".. Then there's WKQQ's Rob Ellis, "You gotta love this guy's sense of humor. He's a true entertainer, not trying to ram a message down your throat or change the world with every song. He's having fun and it shows"...Or as WRDU's Bob Walton puts it, "It's fun rock and roll, even if he is a buffoon"...And "Great sense of humor" was the review from KZEW's Cindy Bailen...And the phones? Mike Boyle, WDHA, "We've had the phone out for repairs 3 times"...Marty Bender, WSKS, "Giant summer record"...Steve Funk, KOZZ, "Absolutely thrilled, big phones"...Mike Bensson, WBYR, "Awesome phone response"...The Lp checks in with the week's highest #6 debuts, with "Yankee Rose" gaining 9-8 with the week's 4th best 19 increases. "Goin' Crazy" comes in #1 Most Added with 54 stations and the week's best #43 debut. "Tobacco Road" finishes second with 53 adds and a 43 entry, and we've got "Ladies Night In Buffalo" new at #70 with 27 adds.

STEVE WINWOOD, "SPLIT DECISION", WB...

Steve dominates every critical play stat this week--with "Split Decision" first in points and positions gained 51-28, with 31 adds and 4 ups, and the Lp's #1 in points gained 4-2 National and 403 Metro..."Higher Love" holds the #1 position with 10 ups and 100 now max..."Take It As It Comes" claims 14 more adds, as 38 to date and 4 ups move it 68-57. "Freedom Overspill" builds 75-69 with 44 adds and 24 now aboard. WTKX's J.D. Stone feels, "The Winwood album is a masterpiece. All of the best Traffic albums have nothing on this one. I truly believe this album will be a rock and roll staple. It possesses a completely timeless quality"...KFMG's Michael Davis offers this, "Advice for the day: Expose the greatness of the Lp, with its exclusive programming ability, on rock radio. Listeners should not only notice it but greatly appreciate it."

VAN MORRISON, "IVORY TOWER", MERCURY...

Whoa! Great week Van!! When's the last time he came in with a 49 station start? WHCN's Bob Bittens feels "I think I can safely predict that Van's album will join Winwood, Gabriel, Genesis and friends as one of the summer's great musical treats. 'Ivory Tower' is just the tip of the massive iceberg"...KZEW's Cindy Bailen says, "You could lock me in a cool room with the new Van Morrison record and I'd stay there gladly for the rest of the summer"...From KBCO's Doug Clifton, "One of my favorite new songs of the week"...WCCC's Harve Alan agrees, "Truly his best piece of work in years"...And Rad Messick, says, "Upbeat, bright, contemporary"...KGN's Inessa York feels "He could read the want ads and have a hit"...And from WMGM's Al Branca, "A major artist and a must for your playlist."

ALVIN LEE, "DETROIT DIESEL", 21/ATCO...

Detroit Diesel does more damage to the Most Added rankings--placing #6 with 23 reports. 59 now playing and ups from WLLZ, KQRS, WDIZ, KISS, WRCN, KPOI and KNCN push it 62-44, the week's second point and positions gain...Very healthy early phones, too, with KATT, KLAQ, WSKS, WYSP and WTKX already listing "excellent" and KOZZ, WDHA, WMGM, KNCN, WHEB, WLLZ, KBER, KISS and 7 more "good" mentions...WPLR's Christina sez, "There's no escape. The hook and familiar voice of Alvin 'sorry-but-I-thought-he-was-dead' Lee's 'Detroit Diesel' causes instant listener response"...And from KIL0's Alan White, "Gonna pop me a brew and pretend I'm cruising Woodward Avenue in Detroit with Alvin Lee blasting. 'Detroit Diesel' we comes back this guitar great with a steamroller of a song"...From KRNA's Steve Kosbau, "'Detroit Diesel' is excellent. It has a feel very similar to that of Seger's older up-tempo material. I love this good American rock and roll."

INSIDE RED TIPS:

MICHAEL DESBARRÉS, "SOMEBODY UP THERE LIKES ME", GOLD MOUNTAIN,, From Silverhead thru Detective and the Power Station tour, Mr. DesBarres has certainly paid appropriate dues. We say he's earned a shot on the album's best overall track. Listen and you'll agree.

DOCTOR & THE MEDICS, "SPIRIT IN THE SKY", IRS,, The original is still the greatest--but the Doctor's slightly slowed down version is really pretty cool. We like the psychedelic simonize job on the guitars, and production feel in general. Already taste-tested in Houston, where Top 40, club and MTV play cleared the imports off the shelves and brought KSRR in this week. Coming soon to a competitor near you.

ISQUITH JOINS E/P/A ALBUM PROMO; CAPLAN TO A&R

E/P/A has enlisted much sought after promo upstart Jack Isquith to replace Michael Caplan as Associate Director National Album Promotion. Isquith started July 7, arriving via PolyGram where he worked two years in the promo dept. Reflecting on Isquith's appointment, VP Album Promotion Bill Bennett told FMQB, "When looking to replace Michael, I wanted someone with the youth to protect our musical awareness, particularly at the adventure club, college and club level, yet the maturity to deal with the conservative tastes programming album radio. I think in Jack Isquith we have found the man."

Jack told us he's "Ecstatic about joining the E/P/A team, and I look forward to talking with everyone as soon as I get Caplan's incredible collection of wrestling posters off the walls. Until then, I'd like to thank all the folks who have called with their kind words."

Caplan, whose manic and tenaciously effective style made him the enfant terrible of the promo community has graduated to Epic's A&R dept. as Director of Talent Acquisition. Michael phoned in this parting shot: "I'd like to thank all the AOR radio-types who made my life extremely interesting and challenging over the last couple of years. Most of all, however, I would like to thank Bill Bennett and Walter Winnick who gave a short young Jewish boy a chance to come to New York and make good. Initially, I'll be working on a couple of projects that will be of interest to AOR radio. Firstly, finishing up a Stevie Ray Vaughan live Lp that promises to be a major tour de force, and secondly going into the studio with one of America's great voices, Gregg Allman, and producer Rodney Mills. Please treat my more than qualified successor, Jack, with the same loving and tender care you afforded me."

CBS TRANSFORMS WHTT TO SOFT ROCK WMRQ

Boston, like many markets, is experiencing intensified album rock competition and fragmentation with the advent of new rock specialty formats. In addition to an adventurous heritage AOR, a straight ahead rocker and a classic hits outlet, the nation's #4 market now also houses a soft AOR format.

"Music that's almost too good to be on the radio. Melodic and upbeat. Never sleepy or irritating. Timeless without being old. Known for its musicianship and not for its gimmickry." That's how station sales literature describes the programming fare on new soft rocker WMRQ. Mellow rock's certainly no newcomer to 103.3 FM on the Boston dial--CBS exploited rock's soft side for years as WEEI-FM but switched to a hit approach in 1982 with WHTT. When 'HTT tapped Barbara Temple as PD from gold formatted WCBS-FM, New York last month, many suspected the station was gearing up to become Boston's second classic rocker. But 103FM went full circle last Tuesday (7/8) when CBS unplugged Power 103 and installed WMRQ, "Boston's Quality Rock". Among MRQ's core artists are Jackson Browne, Stevie Dan, The Eagles, Bozz Scaggs, James Taylor, Doobie Brothers, Fleetwood Mac, Chicago and Joni Mitchell; and a recent market monitor turned up currents from Peter Gabriel, Simply Red, Bruce Hornsby, Double and Genesis. Since the station's approach is not easily slotted into conventional reporting categories, WMRQ has asked the local Boston record community to listen over the next month and offer input on how the station should report to trade publications.

Is the new format similar to what CBS sister station KNX-FM, Los Angeles is programming? "There is some similarity, but we're not doing what they're doing in L.A." offers M.D. Chris Knight. "We're making this a Boston radio station."

AUSTIN BECOMES A 2 AOR TOWN--WPEZ TAKES ON 25+

Clear Channel Communications (owners of KMOD, Tulsa) emplaced a 25+ album format at its Austin property--KPEZ on July 4. KMOD PD Charlie West is consulting; 6 year KMOD personality Brent Clanton is P.D. Calling itself Z-102, Austin's second album outlet came out of the chute commercial free for 7 days, with 2,500 songs non-stop.

Although Z-102 favors classic rock, Clanton maintains, "You've got to have some balance. There is some good new stuff coming out and we'll play the cream of the crop." He estimates Z-102 runs 40% current/recurrent to 60% library.

KPEZ's obviously making an effort to capitalize on Austin's musical heritage (they're 4 cuts deep on the new Fab T-Birds LP, and 6 cuts deep on Stevie Ray Vaughan). But Clanton also believes that the market's unique demographics and psychographics warrant "A little more sophisticated and intelligent approach. 40% of Austinites have a college degree (compared to a 20% national figure), and the average age is 27. So it's a young well-educated market. We're trying to taper the format to Austin's distinctive make-up."

MIDWEST MUD; VAN GIL TO WLNZ PD; WIOT UPS STEELE, MASTERS, BENSON

WIOT, Toledo MD Rick Van Gil gets his first PD shot at WLNZ, Lansing replacing Linda Lanci. Sez Rick, "We're a fairly new album rocker--on the air just under a year, and we have a lot of work to do. Thanks to aggressive ownership and a great staff, we're planning to make a strong impact with the format in Lansing and look forward to putting the local classic rock station out of business."

Meanwhile, WIOT ups 3 staffers. Asst MD/overnight personality Jim Steele elevates to MD/10p-2a. His music hours? "I basically live here" quips Jim, "But the best times to call are Tuesday, Noon-5PM, and Wednesday/Thursday 2PM-4PM. Please lighten up on those Monday calls. You'll have better luck calling on a not so busy day...I've had some great teachers in the past--The Roz, whose now taking numbers at WLLZ and Rick Van Gil. I know Rick wears a size 10 Reebok, and I only take a 9, but hopefully, I can fill his shoes anyhow."

Concurrently Production Director Keith Masters adds Asst. PD duties and 10p-2a man Mark Benson segues to 6p-10p/Asst. M.D.

DIRT ALERT!

SHAFFER EXITS CFOX FOR CFMI; BEAUDOIS UPS TO CFOX PD

CFOX, Vancouver Asst. PD John Beaudois has stepped up to PD, replacing Don Shafer who has taken over crosstown rival CFMI as Director of Programming. Beaudois, whose been a part of CFOX for close to a decade told Dr. Dirt: "I don't feel that I'm inheriting someone else's station, rather I feel largely responsible for the way the station sounds now. I don't foresee any drastic changes in the overall direction of CFOX, just some fine tuning and subtle modifications that will hopefully allow us to continue to maintain our edge in the marketplace."

Shafer's departure from CFOX comes after 11 years with the station--7 as PD. Having replaced CFMI's New AC approach with what he calls an "AOR Big Chill" format, Shafer's shooting for the 25-49 demo. Explaining the station's new programming design, he told us, "The biggest reason I came over is because the station in my mind has the potential to be the most successful one in the market. CFOX is licensed as a hard rock station. CFMI is licensed as a pop/soft rock station. That gives us the opportunity to go wider and play more artists than CFOX does and not be as concerned about artist image as they are. We can program a mass appeal rock station and they have to play the Judas Priests and Ozzy's. The perception in town is that CFOX is a heavy metal station and we don't have to carry that cross."

ALBUQUERQUE UPDATE

What's up at KRKE, Albuquerque? The FCC has approved new call letters KZRR and the station has dropped Burkhardt/Abrams in favor of consultant Jon Sinton. PD Frank Jaxon isn't giving any clues other than "We'll stay AOR" and "It's gonna be big!" Hmmm. Southwest dirsters say it could be classic rock.

But with Albuquerque's two album rockers committed to the format, what niche will new Devine Communications property KKHJ (soon to be KKBR) carve out for itself. No word yet, but Devine Group PD Drake Hall and new OP Mgr Bill Evans did spend the weekend in Albuquerque listening to the market.

Evans' last day at WLUP is July 18th. His five year run at the Loop began in 1977 when he became the station's first AOR MD. Bill crossed the street to then AOR WMET in 1978 as MD under PD Bob Coburn (KLOS, Rockline). Sez Bill, "We had a nice 2 year run, made some inroads into the Loop, and I beat Sky Daniels at night." Returning to The Loop in 1981 as an air personality, Bill regained the MD position after Sky left for KFOG. He also programmedo wLAV, Grand Rapids from 1973 to 1974.

Meanwhile, back at KBER, Salt Lake City, midday jock Tricia Griffith upgrades to MD. Talk music with Tricia Mondays 3P-5P and Tuesdays 7:30A-9:30A, Salt Lake time. Sez Drake, "If you can't get to her, talk to (Asst.PD) Bill May."

MOTTLA (WAAF) AND JAMES (WTPA) ELEVATE TO ASST. PD

WAAF Worcester/Boston has promoted MD Russ Mottla to Asst.PD. "I'm excited to begin my new job with the world's best broadcast group" sez Russ. "I think the new job has a great hook and Cynde kept telling me she would put it in next week...my promotion that is. I'm glad she finally committed to this one." Guess you gathered from Russ's quote that he retains MD duties.

Also adding Asst. PD responsibilities is WTPA, Harrisburg MD Chris James. Chris tells us he's been assuming a lot of the Asst. PD work as of late and it was time to play catch up with titles.

FMQB WELCOMES NEW REPORTER WCLZ, PORTLAND ME

From MD Loretta Crawford: "WCLZ is happy to join the distinguished ranks of FMQB. Although our record service has been fairly steady since our EOR reincarnation nearly 4 months ago, we would love to be on your regular mailing list. We have the technology, so please send CDs when possible, and keep your eyes on us. We're waging a quality music war in Portland, Maine." Reach out and touch Loretta Mon.-Fri, 3PM-5PM.

GONDEK SET TO STEER WCXR, WATTS TAKES WRAS PD

Classic rock WCXR, Washington, has called up MD/midday personality Doug Gondek as PD, succeeding the outgoing Don Hagen. Gondek, a former KDKB MD expects good news when the Washington Arbitron numbers are released later this month. According to Doug, the latest Arbitrends show-- Adults 18-34: WCXR-10.9 (#1); DC101 8.2 (#3)...Persons 12+: WCXR 5.8; DC101 4.5.

George Watts is the new PD at WRAS, Atlanta. The station will up to 100,000 watts on August 15th.

DIRTY LAUNDRY

KMET newsca Parquat Kelly and Creative Services Director Rick Scarry are handling mornings on KMET...for now. Morning partners Dean Goss and Denise Westwood are off the air while management reevalutes their positions.

Former KXLP PD Mike Stapleton has joined WAPL, Appleton/Green Bay for evenings.

Congrats to CFNY, Toronto, the only Canadian station to win at the International Radio Festival in New York. CFNY picked up a gold medal in the station promotions category for their famed Mosquito Repellant spot.

Congrats to WNEW, New York personality Dennis Elsas who celebrated his 15th year with the top-rated New York rocker this past week. During his tenure with WNEW, Elsas spent over four years as MD (1972-1976), and handled the 6-10PM airshift for six years (1976-1982), both WNEW records for length in those positions.

MTV has promoted Susan Binford and Barry Kluger to Sr. VP/Press & Public Affairs and VP/Press & Public Affairs, respectively. Binford joined MTV in 1985 as VP/Press Relations following a tenure as Manager/Program Publicity and Director/Program Publicity for the Warner Amex Satellite Entertainment Company. Kluger had served the USA Cable Network as Director/Public Relations since 1981 before moving to MTV a Director/Press Relations, in 1985.

The Chappell/Intersong Music Group-USA has promoted Marcy Drexler to Director of Professional Activities for its east coast operations.

FROM TERRY MARSHALL'S DAILY INSIDER:

ALICE COOPER: Alice Cooper's new album, tentatively titled, "Alive," isn't due out now until September. But he's expected to launch his comeback attempt a little sooner since one of the songs is reportedly set to be used as a theme for one of the summer's big movies.

MICHAEL MC DONALD: Michael McDonald continues to deny any knowledge of a Doobie Brothers reunion in interviews, so it must have been just coincidence that he spent a recent weekend at the Sonoma Mission Inn in Northern California, just down the road from the offices of Doobie Brothers manager, Bruce Cohn.

THE CURE: The Cure are releasing both a greatest hits album and video to coincide with their American tour. The album, "Standing On A Beach--The Singles," contains all 13 of their singles, including "Killing An Arab," and "Let's Go To Bed." The 82 minute video, "Staring At The Sea--The Images," will retail for \$24.98.

BONNIE RAITT HAS NEW ALBUM, MOVIE THEME AND GUEST APPEARANCES COMING UP. Bonnie Raitt will have her first new album since 1983's "Green Light," released in August. Bryan Adams wrote her new single, "No Way To Treat A Lady," which they dueted on at the Amnesty International concert in Los Angeles. Raitt says the album's title, "Nine Lives," is a little "tongue-in-cheek," but is an allusion to her being a survivor because she's still around after all these years. Raitt says the current trend in music should help her out. She says, "Radio has come around to accept R&B music again. It's great to see so much airplay for Tina Turner, Aretha Franklin, Huey Lewis, John Cougar Mellencamp, The Del Fuegos and Charlie Sexton." In addition to her own album, Raitt also appears on upcoming albums by Irene Cara and Don Johnson. He's pretty funky, really," she says of the "Miami Vice," star. "Some of the stuff sounds like Glenn Frey, but some almost sounds like the Rolling Stones." Raitt has also recorded the title track for the Farrah Fawcett film, "Extremities," which will be out in August.

ICEHOUSE DUE TO TOUR AMERICA. Icehouse will begin what is only their second tour of the U.S. since they released their first album five and a half years ago at the end of this month. The Australian band will play club dates in about nine cities before returning later in the year as an opening act on a bigger tour. Iva Davies says one of the problems the band faces is finding a compatible, headlining act. He recalls that three years ago, they had to choose between opening for David Bowie and Peter Gabriel on a European tour. They chose "The Serious Moonlight Tour." "It was a nice choice to have to make," Davies admits, "It was good for us from the obvious point of view, but also because of the fact that the music is reasonably sympathetic. Probably the biggest problem we'll have is finding somebody who is doing something in the same line as we are." "No Promises," a song Icehouse composed for a ballet, "Boxes," that was staged in Sydney last fall, has just entered the singles charts, but the group is already preparing "Cross The Border," as a follow-up. Brian Eno makes a special guest appearance on that song, not only playing keyboards, but singing back-up vocals as well. "No Promises," and "Cross The Border," will be among the six or seven songs from the new album Icehouse will be doing in concert. They'll also be doing older material like "Hey Little Girl," and "Great Southern Land," as well as songs from their other albums.

MIKE + THE MECHANICS TO TAKE YEAR LONG BREAK AFTER TOUR. After their tour winds up at Expo '86 this month, Mike and The Mechanics won't be working together again for a year, until June of 1987. That's because Mike Rutherford will be returning to work with Genesis for that amount of time and Paul Carrack will be recording his solo album for Chrysalis Records. "This is the kind of project where everyone involved is happy to have it take up a few months every year, something that isn't constant," says Rutherford. As for Genesis, Rutherford remains confident that he, Phil Collins, and Tony Banks--who is about to release his own album of movie music--can keep juggling indefinitely their work with the group and outside commitments. "I would have thought we'd done enough by now that people wouldn't still see that as a problem," Rutherford said, adding, "We've been doing it for eight years." Of course Collins and Rutherford haven't been as successful on their own for that amount of time as they have been lately, and success can sometimes lead to scheduling problems. Not so, says Rutherford. "I don't think the scheduling could be any worse than the past year," he said, "and it's all happened okay. Once we fix the date we're going to get back together, it's always in your mind." Rutherford says the only reason Genesis would ever break up is if "musically it was not happening."

"DAILY INSIDER" continued...

EURHYTHMICS: Former Blondie drummer Clem Burke is continuing his association with the Eurythmics. He's joining the band for their upcoming tour.

BEE GEES: A spokesman for manager Ken Kragen confirms that they are talking with the Bee Gees about handling their American comeback next year, but says any decision or announcement is still three to four months away. He also stresses that despite brother Andy's previous claims in the media, he will not be added to the trio.

LOOSE ENDS: Loose Ends have finished a new album with Philadelphia producer Nick Martinelli. He also did their hit, "Hangin' On A String."

"FARM AID'S LAST MINUTE HOME AN APPROPRIATE ONE. The last minute decision to move "Farm Aid II" to Manor Downs outside Austin, Texas, meant some publications printed the wrong venue for the show. The choice of that site was a most appropriate one. The track is owned by Chisley Millikin, a man whose motto has always been "Rock And Roll And Horses." Millikin worked for Epic Records in England years ago, then managed the Chieftains and Stevie Ray Vaughan until he resigned, effective July 1st. "Farm Aid," will be Millikin's last involvement in rock and roll for a while. He resigned from handling Vaughan because he's getting married and going to Europe on his honeymoon.

CONTRIBUTED BY LOU O'NEILL JR:

RARING TO GO: While Daryl Hall wraps up the recording of an upcoming solo Lp -- his first since 1979's "Sacred Songs" -- partner John Oates has also been busy. Oates has recorded "Shape Of Things To Come", a tune he wrote and sang for the soundtrack of that hot new movie "About Last Night" starring Rob Lowe, Jim Belushi and Demi Moore. The guitarist has also been active as a producer, and is now putting the finishing touches on an album for the Canadian rock band The Parachute Club.

ELEKTRA'S FAITH IN HOWARD JONES has been rewarded, with "No One Is To Blame" going Top 5. The single -- which featured Phil Collins on drums and backing vocals -- proved to be Howard's highest charting single to date.

MONKEES MANIA RULES SUPREME: Although the Monkees will visit more than 100 cities during their four month 20th anniversary world tour, apparently that's not enough! Lou O'Neill Jr tells the Quarterback that fans from cities and states the Monkees will not appear in have taken to signing petitions and getting local radio stations to support them in their quest to bring the Monkees to their town. North Carolina, South Carolina, Seattle and Oklahoma City are only a few of the places that have flooded the producers of the Monkees' campaign with petitions.

THE NEW EURHYTHMICS VIDEO, "Missionary Man", is reportedly one of the most brilliant pieces the band has ever done. The clip was filmed on the old Charlie Chaplin soundstage at A&M Records in Los Angeles and was directed by Willy Smax, the man who did the group's highly praised previous effort, "It's Alright And Baby's Coming Back".

WORD FROM CAPITOL is that the Billy Squier single and album are just about ready. The single should hit the streets sometime next month, with the Lp penciled in for after Labor Day. Meantime, Billy continues to mix his masterpiece in New York City and plan his American tour, which is now due to get under way in late fall.

IN ADDITION TO riding one of the hottest rock tracks in the nation today, "Secret Separation", The Fixx rendered a spirited show last week at the Ritz in New York City, as the band from England made their first metro area appearance in a couple of years. All indications say that "Secret Separation" will be a big one, and it continues to be one of the most requested in radio today.

CURRENTLY RISING ON THE CHARTS with his debut solo single "Take It Easy", Andy Taylor of Duran Duran knows where his priorities are. "I thrive on going into the recording studio, working sixteen hours, and physically annihilating my body. I'm totally self-motivated. If I don't like something, I just can't do it. But, if I like it, I'll try to be brilliant at it...and then take three days off."

CONGRATULATIONS to Willie Nelson and all the other committed and dedicated artists who participated in last week's Farm Aid II in Austin, Texas. More than 70 groups and performers made it a day those who attended will long remember.

THE FRIDAY MORNING QUARTERBACK was right on target a few weeks ago when we said that Rolling Stone Ron Wood would join his old mate, Ronnie Lane, and Rod Stewart on stage at the Wembley Arena for the exciting reunion of England's Small Faces. Ron's colleague in the Stones, Bill Wyman, was also a participant at Wembley and sat in on bass. And...Ron Wood linked up with fellow Stone Keith Richards in Detroit for a big secret session with the "Queen of Soul" - Aretha Franklin. Remember, you read it here F-I-R-S-T!

THE FABULOUS T-BIRDS landed their first Top 10 single from their album "Tuff Enuff". They'll be coming into New York City at any moment to cut a track titled "Twist It Off", with Dave Edmunds once more producing. Incidentally, the T-Birds will be seen performing and doing a teensy-weensy bit of acting in the forthcoming rock movie everybody's talking about - "Light Of Day". Their segment was filmed in Chicago.

VIDEO NEWS

THE POLICE will be recording some new tracks together soon. Band and record
 company spokespeople won't say when the band are planning the studio reunion,
 but the new tracks may be included on a Police Greatest Hits album,
 reportedly scheduled for a fall release. These group sessions will not
 interfere with the individual solo plans of STING, SUMMERS, and COPELAND,
 and it's unlikely that The Police will play any more live dates in the near
 future...OINGO BOINGO's lead singer, DANNY ELFMAN, is a hot Hollywood

 and, next month, he'll score EMILIO ESTEVEZ's next film, "Wisdom". Oingo
 Boingo will kick off a six week U.S. tour at the L.A. Forum in September...
 THE CURE are releasing a long-form video to accompany their new compilation
 album, "Standing On A Beach." The tape is called "Staring At The Sea -- The
 Images", and it'll feature nearly an hour and a half of Cure videos and TV
 appearances, including the band's current video, "Let's Go To Bed". In fact,
 that clip was shot four years ago -- at a time when the band's vocalist,
 ROBERT SMITH, was making The Cure's records singlehandedly..."Music From The
 Edge Of Heaven", the last WHAM! album, has a "Hot Side" and a "Cool Side",
 and so does the cover: the "Hot Side" is red and yellow, and the "Cool Side"
 is blue and green. The only writing on the cover is on the spine. The lp
 includes GEORGE MICHAEL's latest single, "A Different Corner", as well as
 Wham's new single, "Edge Of Heaven". It also features "I'm Your Man", a live
 version of "Blue" from last year's tour of China, a long version of "Last
 Christmas", and "Wham Rap 86" -- an update of their first hit.

INTERVIEWS

MOODY BLUES-Justin Hayward: "The very first thing that we did when we made
 the change from being more or less a rhythm and blues band to the style that
 we've still kept, to this day, was by doing a stage show. Originally our
 first album, "Days Of Future Passed" was written as a stage show, so we've
 always been aware of having some kind of theme within our material, and
 presenting it as a group. I think that's why whatever we do, even if people
 don't know the individual names of everybody in the band, it's the Moodies
 that they know, and that they can identify that particular sound."

The Friday Morning
 Quarterback Album
 Report

DIRT ALERT!

THE MOST MOVING COMMERCIAL we saw throughout Liberty Weekend on ABC-TV was the one done by the Strohs Brewing folks, which featured John Lennon's lyrics and accompaniment to the classic "Imagine". The camera just focused on the Statue of Liberty as Lennon's song of Utopia unwound.

THE FOLKS AT CHRYSALIS don't want to commit themselves for fear of jinxing it, but watch for the long, long, long awaited Billy Idol project right around the corner. Unimpeachable sources indicate that the label expects to receive a master tape on or about the 20th of July. Our guess is that the album will be out before Labor Day.

THE TALK OF THE HISTORICAL JULY 4th New York City weekend was that crazy and kooky party that MTV threw - right in the harbor - that featured an impromptu concert by that little ol' band from Texas - ZZ Top. And what a show the Texas trio put on! People who floated by couldn't believe their eyes and their ears!...Among those on board: comedian Joe Piscopo; actor John Cryer; actor Barry Bostwick; and the rock band Bananarama plus, of course, the MTV veejays. And, from out of nowhere, Don "Miami Vice" Johnson pulled up in a cigarette boat carrying his youngster in his arms. Johnson was whisked to a private cabin below deck, and was hardly seen for the rest of the soiree.

BIRTHDAY BOOK FOR THE WEEK OF SUNDAY, JULY 13: Roger McGuinn (born in Chicago) is 44. Roger was a founding member of the progressive rock band The Byrds. Actor Harrison Ford, who so stunningly portrayed Indiana Jones in "Raiders Of The Lost Ark", turns 44. New York State Congressman Jack Kemp is 51. In addition to being a former pro-football quarterback, he's considered to be a dark horse for the 1988 G.O.P. presidential nomination. On this date in 1973 (13 years ago) Eric "Slow Hand" Clapton staged his legendary comeback concert at London's Rainbow Theater. MONDAY, JULY 14: Had he lived, Woody Guthrie would have been 74. Former President Gerald Ford is 63. Veteran NBC newscaster John Chancellor is 59. On this date in 1973 (13 years ago) the legendary Everly Brothers called it quits at the John Wayne Theater in Buena Park, Calif. TUESDAY, JULY 15: Linda Ronstadt is 40. Artimus Pyle, formerly of the Lynyrd Skynyrd Band, is 38. Alex Karris, former pro-football player-turned-actor, is 51. Actor Jan Michael Vincent is 42. On this date we lost the legendary rock musician Clarence White, who passed away 13 years ago (1973). He was one of the fabulous guitar players in -- The Byrds. "Dallas" star Ken Kercheval is 51. WEDNESDAY, JULY 16: Stewart Copeland, of the Police, is 34. On this date in 1960 Hank Ballard and The Midnighters became the first artists in history to score, believe it or not, three records on the Billboard Hot 100 at the same time. They were: "Finger Popping Time"; "Let's Go, Let's Go"; and "The Twist". Many people don't realize that Hank Ballard wrote the song "The Twist", not Chubby Checker. On this date 5 years ago (in 1981) the world of music, and the world in general, lost the great folksinger Harry Chapin, who died in a car accident on the Long Island Expressway. Harry was only 38 at the time of his death, and was survived by a wife and 5 children. On this date 10 years ago the Allman Brothers Band split up. News From Rock Over London

There's a lot of British input on the soundtrack of the new TOM HANKS/JACKIE GLEASON picture "Nothing In Common". The title track is sung by CHRISTOPHER CROSS, but the THOMPSON TWINS aren't far behind with "Nothing In Common But Love", produced by ex-YES and BUGGLES man, GEOFF DOWNES fresh from the GTR Lp. The soundtrack's U.S. release is on July 24th and also includes the KINKS' "Don't Forget To Dance" and NICK HEYWARD'S "Over The Weekend." Also, expect tracks by the CRUZADOS, CARLY SIMON, and ARETHA FRANKLIN with PETER WOLF....

An estimated 100,000 braved the soaring temperatures and prickly grass of Clapham Common for last week's massive rally and free concert in support of sanctions against South Africa. Among the Artists Against Apartheid who appeared were SADE, STING, PETER GABRIEL, the STYLE COUNCIL, SPANDAU BALLET'S GARY KEMP BOY GEORGE, BILLY BRAGG and BIG AUDIO DYNAMITE. Their all too short sets of conscience songs were punctuated by rousing speeches from visiting ANC and SWAPO representatives and all in all the atmosphere was a strangely harmonious mixture of protest and celebration....

The same cause will receive support at an Oxfam benefit in Birmingham on August 2nd. FINE YOUNG CANNIBALS, LLOYD COLE and the COMMOTIONS, ICICLE WORKS, and THE POGUES are among the first performers to be signed up.

That appearance by the ICICLE WORKS is part of a mini tour to promote their new release "Understanding Jane", which was a late selection change as the 45 instead of the previously reported "Sweet Thursday".

CHRIS REA fans will have a chance to get "On The Beach" in chilly December when he plays throughout the country including a Christmas show at London's Royal Albert Hall.

GMD have confirmed they'll join THE SMITHS, THE FALL, NEW ORDER and others at Manchester's G-Mex festival next week and they'll revert to taking their trusty tape recorders on stage too.

The ART OF NOISE discover the art of being famous with a HAMERSMITH concert next month. They've had to abandon their mystery image with the success of "Peter Gunn" and the latest release "Paranoimia" which features Max Headroom. They're already showing their faces in America and are planning a trip to Japan in late August....

As we write, the bill of fare remains undecided for the newly resurrected Reading Festival at the end of August. However, the organizers say there's already a healthy demand for tickets which should help draw some big names despite the last minute rush....

And although last month's Glatonbury festival (which is the Campaign for Nuclear Disarmament's major fundraiser) proved a great success, it will not take place in '87. This year's event included LEVEL 42, SIMPLY RED, THE CURE, THE PSYCHEDELIC FURS and MADNESS drew a crowd of over 50,000. But the organizers say it has gotten too big and they need time to review the security arrangements and indeed the festival as a whole....

"Don't Be Scared of Me" is the latest release off the BLOW MONKEYS' "Animal Magic" album and it's featured on ROCK OVER LONDON this week. The JESUS AND MARY CHAIN return with a new single "Some Candy Talking" next week. IT'S INMATERIAL have released their follow up to "Driving Away From Home". It's a re-issue of "Ed's Funky Diner". THE FALL have a new 12"- only single "Living Too Late".

Just when you thought it was safe to not mention WHAM!, well, here we go again! During THAT concert, GEORGE MICHAEL introduced the audience to an old pal from his busking days, guitarist DAVE AUSTIN. David played on "Edge Of Heaven" and also appears in the video. He and George have already started to work on the new album due for release at the end of the summer....

"Sid And Nancy" the film about the life and death of SEX PISTOLS' SID VICIOUS opens shortly in London and has already caused an outcry. That old P11, JOHN LYDON, objects to the film in principle and considered suing the makers to prevent the use of SEX PISTOLS' music in the soundtrack. Rumor has it though that Sid's mom has seen the movie and thinks it's wonderful. The band's music has actually been re-recorded by the actors playing the parts of Sid and John, but will only be featured in the film and not in the soundtrack album. The album entitled "Sid And Nancy -- Love Kills" is released on July 21st and includes music from JOE STRUMMER, THE POGUES, and STEVE JONES. A couple of singles are expected to be released next week....

Independent Television is to network its first peak time rock show in ten years on August 29th. Featured will be performances by FRANKIE GOES TO HOLLYWOOD, THE PRETENDERS, the STYLE COUNCIL, and THE DAMIEN. And it will be recorded at the end of this month during four evening concerts in Liverpool called "Rock Around The Dock". ROCK OVER LONDON is offering no prizes this week for guessing where the event takes place. The special effects department is planning an extravaganza of a set which includes a specially constructed floating stage. Certainly, the organizers are setting themselves up for a potential wash-out....

The long awaited, much leaked, Peacock Report into the commercial future of broadcasting was published last week and caused about as much excitement as another re-release of "White Christmas". As expected, it did recommend the selling off of Britain's only national pop/rock station. RADIO ONE would be a better way of raising cash than introducing advertising on the BBC as a whole. However, the government have cold feet about the whole thing and are unlikely to take any action at all until after the next general election....

Britain independent commercial radio stations are breathing a sigh of relief as the government also shelves plans to set up a system of community radio in the UK (they stood to lose from the increased competition for advertising), but the community stations who applied for a franchise are furious at the waste of their time and predict a great increase in uncontrolled pirate stations as a result....

And the end is in sight in the row between the British phonographic industry and the TV companies for overpayment for screening music videos. The BBC and TYNE TEES TV who make "The Tube" have agreed to pay the BPI an annual sum thought to be 150,000 pounds, instead of paying for each clip individually. The other TV companies are expected to follow suit. No doubt they'll want to get their money's worth. So does this mean that we'll even see less live music on British TV in the future?...

With GENESIS'S "Invisible Touch" still holding off all challenges as the UK's best selling album, a very significant event in the top 10, the HOUSEMARTINS entered at #3 with their debut album "London O Hull 4" four places higher than ROD STEWART'S Lp. We're betting that's caused a bit of consternation at STEWART'S HQ. Meanwhile, an even more modest entry right down at #38 is the soundtrack to "Labyrinth" featuring those new DAVID BOWIE songs. Perhaps that's less surprising though because the film has yet to open in Britain....

JEFF BECK'S new release in Britain is a new recorded version of the old TROGGS' classic "Wild Thing". Beck sings lead vocals himself but we must confess we use the word sing hesitantly. It's a highly individual interpretation bordering on heavy metal....

EMI/Virgin's latest joint venture is "The Summer Album", a double Lp compilation featuring all the obvious UK summer hits along with a few more imaginative selections such as ASTRUD GILBERTO'S sublime "The Girl From Ipanema", MARTHA AND THE MUFFINS' "Echo Beach", and "Groovin'" by the YOUNG RASCALS. The package will be TV advertised with a 300 pound campaign behind it. The two labels have cleaned up in the compilation stakes over the last year or two with their recent hits collections in the "Now That's What I Call Music" series. #7 of those follows in a few weeks....

Island Records have decided against releasing "Hyperactive" as ROBERT PALMER'S British follow up to "Addicted To Love". Instead they've looked again at the "Riptide" album and have selected his cover of the CHERRELL'S soul number "I Didn't Mean To Turn You On" b/w another Lp track "Get It Through Your Heart"....

LATIN QUARTER, ROCK OVER LONDON'S chart entry a while back with "Radio Africa", release a slow moody single in a couple of weeks entitled "America For Beginners"....

The two-piece THOMPSON TWINS have their soundtrack contribution to "Nothing In Common" featured on the forthcoming ROCK OVER LONDON show. We'll continue our support for the fine STEVE WINWOOD album with another track and introduce the BLOW MONKEYS' new UK release. Plus there's THE FIXX Lp, a rock request from THE JAM, and in the Melting Pot, JUSTIN HEYWARD is back to unveil his wildest dream. And we'll reveal the winner of the car compact disc stereo system....

The Rock Report

"PRESS TO PLAY" is the name of PAUL McCARTNEY'S new record coming next month from Capitol and, as we told you, the first single is called "PRESS". The B-side of that song is a tune called "IT'S NOT TRUE". McCartney, as you know, worked with a myriad of producers on this Lp, including JULIAN MENDELSSON, BURT BEVANS, HUGH PADGHAM and TONY VISCONTI. Not to be forgotten is LINDA McCARTNEY'S new single, which is actually a re-release, called "SEASIDE WOMAN". Penned by Linda, who goes under the moniker of SUZY AND THE RED STRIPES (named after her favorite lager), the song was originally released in 1977 via Epic and reached #59 on the Billboard charts.

HUEY LEWIS AND THE NEWS return August 20th with a new disc via Chrysalis Records titled "FORE" (the golf term). Produced by the band, the record will feature the first single "STUCK WITH YOU". Huey begins a 14 month tour beginning in August. In the meantime, Huey And The News will fly to the Bahamas to shoot the video to "Stuck With You" with director ED GRILES, who is responsible for the group's "HEART OF ROCK 'N ROLL" clip as well as CYNDI LAUPER'S "SHE-BOP" video. Lewis also has plans to show off his style on a future cover of the men's magazine "GO".

In more Chrysalis news, BILLY IDOL has once again changed the first single to be released from his forthcoming album "WHIPLASH SMILE." The first song to see the light of day will be called "TO BE A LOVER". Idol and band are still mixing this long awaited album in New York. No release date has been announced.

Fans of the classic 1967 MONTEREY POP FESTIVAL pay close attention: Virgin Video has just released footage of that event focusing in on performances by JANIS JOPLIN, ERIC BURDON, MAMAS AND PAPAS, RAVI SHANKAR, OTIS REDDING, PETE TOWNSHEND and JIMI HENDRIX.

Speaking of JIMI HENDRIX, IMP Publishers have just released a book that chronicles the legendary guitarist's song lyrics. Titled "JIMI HENDRIX - RECORDED POEMS", the tome was written by ROGER ST. PIERRE and, according to the author, contains lyrics to some of his most remarkable contributions to rock 'n roll music.

NEW RIDERS OF THE PURPLE SAGE rise from the ashes with a new album coming on the Relix Label. Actually, the record is not new material, but older songs the band recorded before they were signed to a label. Included among the 12 tracks are "HENRY, ALL I EVER WANTED", "LAUGH LONELY EAGLE" and "CECILIA". All feature JERRY GARCIA on pedal steel, MICKEY HART and PHIL LESH who now are members of the GRATEFUL DEAD. All of the songs were recorded in 1968 and '69. Currently The New Riders are out on the road touring as a three piece acoustical band with original member JOHN DAWSON.

Another group with a long history is also making a comeback. QUICKSILVER MESSENGER SERVICE have been working on a new album for Capitol with original members: GARY DUNCAN (vocals) and DAVID FREIBERG (bass). No word yet on when we can expect the Lp.

For those of you who were worried about WARREN ZEVON, worry no more. ZEVON, BRIAN COOK and members of R.E.M. have been keeping busy with their new band HINDU LOVE GODS. The ad hoc group plans to release their debut single, "HAVE A GOOD TIME TONIGHT", in the very near future. R.E.M., in the meantime, is gearing up to release their fourth album, "LIFE'S RICH PAGEANT," in August. R.E.M., who have a habit of choosing producers who expand on their ideas and sound, have once again made a good decision with JOHN COUGAR MELLENCAMP'S man, DON GEHMAN.

POLYGRAM PRESENTS Question Of The Week

With Shadowfax on at least one consultant's worksheet this week, and all the industry press that 'new age' has garnered lately, we felt it was time for a 'new age' reality check. Is the 'new age' phenomena real or a figment of the consultants' imagination? How relevant is it to the 25+ crowd and the rock audience in general? Any other thoughts?

BRUCE MOSER, COULD BE WILD: "New age'? One of my favorite sayings is the masses are asses but even asses know when they're being kicked. No matter what the label, records continue to get added with no rhyme or reason-- and instead of sound programming logic dictating add policies, many recommendations seem more a function of the buddy system or "consultant" arrangements with record companies. In the old days this was called "conflict of interest", but now, working both sides of the street (records and radio) on a particular act has become accepted practice. I'd like to see a return to the good old days where programmers and consultants use their ears and gut level feelings again. It's time for the consultants to listen to valid and valuable feedback from their employers. They should have to earn their money. They work for you--you don't work for them. It's difficult to fathom a world where Shadowfax and Hank Williams, Jr. (I hope Huey Lewis doesn't record a duet with Moms Mabley) take precedence over proven platinum acts like John Cougar Mellencamp and Robert Palmer. The list of records being missed is a long and lengthy one. Bob Catania deserves promo man of the year for building and maintaining the Danny Wilde record for 20 weeks without any help from the consultants. When consulted stations ignore such obvious hits as Glass Tiger, Honeymoon Suite, and Kim Mitchell (all of which are rapidly escalating the charts), it's time to wake up or tomorrow you may find yourself powering Tangerine Dream... And last but not least, if you're looking for a new label, I'd like to suggest Bandwagon Age since it is clearly evident that only after acts are broken does radio jump on them (i.e. U2 which now has 13 to 15 songs in most AOR stations' libraries now that the consultants have deemed them a safe act). A healthy AOR format can break acts, so become leaders once again--dare to be great. The format is only as strong as its weakest link. Pride in the name of radio. It's your job so why not rise to the occasion.

GREG MULL, WXRC: "I think it's definitely a real phenomenon and personally I feel that 'new age' jazz is the Beautiful Music of the rock generation. Within the next five years, I predict several key major markets will have a station programming 100% 'new age' and doing very well. It has more sizzle and more pizzazz than traditional Beautiful Music, therefore it can be used as foreground or background music. I envision use of promotions and even concerts as audience builders for the 'new age' station. It's Yuppie Beautiful Music."

BONNIE STACY, KNCR: "It's real for some markets. Metro areas can definitely benefit from the influence of 'new age', especially those AOR's who have reversed their image to the point where they can appeal only to the 30+ demo. It's real for them. For the 25+ audience, again it depends on the kind of people you are dealing with. The rock and roll audience can appreciate 'new age' music, but not a force-fed diet of it. For us to play 'new age' music here is ridiculous. This is a rock station and people tune in to hear rock and roll. Our audience runs 18 to 49 and we've kept them for ten years without 'new age' music."

ALISON STEWART, WBRU: "It seems that as audiences age, they've got to have somewhere to go. Whether 'new music' is the outlet for new AC stations is not clear. It's a step in the right direction to update the outlet of music for the 25+ crowd."

RAD MESSICK, WDIZ: "I think it's a total reality. Otherwise artists like Pat Metheny and Stanley Jordan wouldn't be gold and platinum. Once again, just like any other genre of music, it's down to a song-by-song basis where the good songs will rise to the top and establish these artists as multi-format. As far as being a figment of the consultant's imagination - I kind of doubt it. I think it's more a problem of getting it onto the radio and taking the shot or the chance to do it. Otherwise, these artists will never get the play that will take them from a 200,000 piece count to gold and platinum status. On the air, I think they should be played in day parts where the 25+ population dominates listenership and carefully surrounded with compatible songs like Genesis or Peter Gabriel to keep them from sticking out like a sore thumb. Just like metal, 'new age' is another slice of the pie that we can use to add variety to the format."

STEVE BECKER, WKFM: "I believe there's a faction in the album listening audience that will always appreciate 'new age' music. I don't think that it is necessarily a format by itself. 'New age' music can add some texturing to the already existing mainstream AOR sound."

CINDY BAILEN, KZEW: "Though I myself don't mind listening to the occasional Windham Hill album, I think a steady diet on the radio would be too much. So far, we haven't integrated so called 'new age' music in with our rock and roll on KZEW. And I can't see it happening in the near future. Is it a reality for 25 to 34 year old people? Undoubtedly for some, others still prefer rock and roll."

QUESTION CONTINUED

MARTY BENDER, WSKS: "It's very probable that a certain disenchanting listener will evolve into this music and appreciate it. However, it will remain pretty much the same percentage of the eclectic fringe which add up to small numbers. The majority of the somewhat knowledgeable album rock listeners will gravitate in and out, but never stay. 'New age' music is for assholes, or those among us who need Sunday morning hangover records, because our Joni Mitchell records are trashed. As far as consultants go, remember they're selling you a new package not only to make money, but to make you quickly forget how unsuccessful their last bright idea was. Never trust anyone who prefers wine and cheese to beer and peanuts."

BOB WALTON, WRDU: "It is relevant to the upper demo radio listener, but once it gets in the consultants' hands, once you try to quantify it, once you try to make it a format, you lose it. Most people, I think, are just tilting at windmills."

J.D. STONE, WTKX: "Yes, I think it's real, and I definitely think it's relevant to the 25+ crowd, and I think you have to ask yourself a couple of questions about your own market situation. And, I also think you must be very careful on how you package the 'new age' music in your presentation."

DAVID ANDERSON, WMAD: "Music is real, but the consultants are imaginary. I think the music is great and has a lot of promise, if given a chance. I understand that this week a miracle occurred. In addition to Bob Horner's homeruns, the Abrams stations added the Shadowfax track, and I applaud them for their decision. I'd like to see it continue."

LEE ROBERTS, KMYZ: "What a great question. It's right up our alley. We do three jazz breaks, Monday through Friday here and we also do a 5-hour jazz show on Sunday mornings. Without a doubt, it is the strongest feature we have on Z104. The Yuppies love it, the clients love it, and it's really improved the overall sound of our radio station. As far as the consultants go, they're right on this one... We're shooting specifically for 25 to 49, and, as I stated before, it's the strongest feature because, if you give them a steady diet of rock 'n roll and then you hit them with a jazz break, in essence you're putting the 'oh wow' instead of 'oh no' into your radio station."

PEPE LOPEZ, KLAQ: "It is a reality. It's very relevant to the 25+ crowd. All it needs is exposure."

PEGGY APPLE, WQBK: "I think the 'new age' music is real and there is a big audience for it, but I think the audience is just starting to surface. I think it's very relevant to the 25+ crowd in that this is a crowd that enjoys listening to alternative music and jazz. In a rock format I don't feel it's relevant unless of course it's programmed very carefully."

BOB BAILEY, WKLS: "I believe the phenomenon is real in the same way that the New Wave phenomenon was real, primarily for special interest listeners. Whether or not the 'new age' music can successfully be integrated into a rock context is something about which I have considerable doubts. There is a very vocal, at least in terms of record sales, audience for the 'new age' music, but I have yet to see any research or even any well composed theories that indicate that the general radio consumer has any real interest in it. For a station that is positioning itself more toward pop or has had success with jazz block programming, it makes sense. For a station that is positioning itself more along rock lines, I think it is pointless at best, and potentially quite detrimental."

PATTY MARTIN, KMBY: "I think it's a real thing and it's relevant only to the 25+ crowd in our area - people who like to listen to something quality, not just your normal radio fare. Personally, I love it."

CHUCK BROWNING, WIOQ: "I definitely think there is a point to the music and it can fit in the overall presentation of a rock station, but it must be titles that can fit in the mix. There are accessible 'new age' songs, for example, Shadowfax 'Orangutan Gang' which we added this week and feel will compliment our sound. There is a danger in 'new age' if you take it as anything more than just another nuance of a radio station. You can't allow it to dominate your sound. And after all, playing this kind of thing is not new. AOR stations were playing this stuff eight years ago. Al DiMeola, Pat Metheny, Jean Luc Ponty, John Kelmer, and Jean Michel Jarre have all been embraced by the format in the past. It really comes down to deciding which ones and how much of it is right for the individual station. There are no universals."

DOUG CLIFTON, KBCO: "New age' music is alive and well at KBCO. It is a form of music that has 25-30+ appeal, but it certainly won't work for a station going after a younger audience (i.e., 12-24). The 'new age' phenomenon seems to have peaked somewhat and is slowing down a bit, but I still think it's an important part of our format. It's something that has to be dealt with on an individual basis, station to station."

RON DIAZ, WYNF: "It's relevant for hip Yuppies waiting in a dentist's office."

DON BERNS, CFNY: "I think the phenomena is real although slightly hyped considering actual numbers of 'new age' artists that exist. It seems to me that Lee Abrams is attempting to become a hero again, which is fine, considering the quality of the music. There is no doubt in my mind, however, that 'new age' music has to be programmed very carefully. We have had excellent, albeit limited, success with Andreas Vollenweider and Jerry Goodman, but most of the rest is either out and out jazz or atmospheric that only goes over in special programming. However, it's worth noting that whenever we play one of the two aforementioned artists we always get positive calls."

ANDY PRESTON, KPOI: "It's very real to me, personally, as much of my home listening is comprised of 'new age' music. Establishing an audience and educating them will be a long process which will require a lot of patience. Weaning 25+ from a crankin' electric guitar will take some doin', but yeah, I think we can pull it off... I'll be following very carefully and wishing success to those stations who are brave enough to go for it."

KAREN ANDERSEN SMALL, WGIR: "No, I don't think it's necessarily imagination. I think that segment of the audience is restless and looking for something new, different, and, yes, soothing. It seems every time I'm in a record store, I see somebody either buying or asking about Windham Hill and Windham Hill-related products... As one who really appreciates variety, I'm glad it's around."

MARK DIDIA, WXRK: "What's 'new age'?"

WAYNE SUMMERS, WRCN: "Good music is good music! Let the people decide. Personally, I feel you're treading in dangerous waters whenever you begin to experiment, but in order for rock music to evolve, somebody has to take a chance. Perhaps Shadowfax is a good place to start!"

HARVE ALAN, WCCC: "I personally love the 'new age' sound. If you have a jazz show, it's perfect--but, will it fit regular programming? It depends on the tilt of the station. If you lean toward CHR crossover material, you can seriously hurt yourself with 'new age' music. If you were to play both, your menu would be too wide, taking your station from the far left to the far right. If you are a straight ahead AOR with little crossover, it could add a great flavor to your station."

RON SORENSON, KBLE-FM: "I don't think it's relevant to the overall rock audience, although for the 30+ segment, it seems to be quite significant. Reaction to our 'new age' show has been enthusiastic!"

RUSS MOTTILA, WAAF: "I don't really believe in a 'new music' phenomenon. I think as a radio person, my main concern is to play good songs for my audience and if that happens to be by a 'new age' band, then we'll play it. When we start pigeonholing music types and artists, we sometimes create short-lived music fads and good songs have no demographic appeal. There may be songs, as always, that appeal to younger or older demographics, but the key now (and always has been) is to play currents that your audience will like."

QUESTION CONTINUED

AMY DAHLMAN, WAQX: "'New age' and its genre is necessary, regardless of the current buzz, to keep the industry fresh and to allow new groups to get off the ground. All 'new age' music is not right for all radio stations. Each station has got to have some room somewhere for something a little different or they're a classic oldies station. The buzz itself - well, who cares. Relevant to 25+? If you have a hip audience in a city that demands it, then you know that you've got to deal with it. 'New age' will always be around as an underground force in the industry. Whether a consultant is spray painting his hair this week or not is not relevant to the situation."

BOB BITTENS, WHCN: "The Windham Hill school of music certainly is growing in popularity, particularly with 25+ and music lovers and audiophiles of all ages. I'm amazed at how often I run into people who have otherwise very mainstream tastes but are nuts for recordings on Windham Hill and similar labels. I certainly do feel that it has growing relevance to the album radio audience, particularly as album radio tries for older demographics."

RON GARRETT, KDJQ: "I think it would be very relevant to the 25+ demo in its own format. I'm not too sure about how well it would work mixing with an AOR rock station. Personally, I like to go home and listen to that stuff. There is enough of it out there to justify a format, but they should give Beautiful Music stations a run with it instead of rock stations. Don't dilute what you were fighting for when you were 20."

WLUP, CHICAGO, IL M.D.-BILL EVANS: "I have resigned my position as M.D. at WLUP effective July 18 to become Operations Manager of the New Albuquerque outlet for Devine Communications. This affords me the opportunity to renew an old friendship with Chris Devine and begin one with Drake Hall, a man whose reputation I have always admired. After ten years in Chicago, I must say adios to close friends, the best airstaff in America, a deceptively creative engineering staff, a likable sales staff, and a promotions/production staff that is always one step ahead. My undying gratitude to my assistant Fina Garza and our office manager Gerri Wells. A special thank you to WLUP Executive Vice President and General Manager Jim DeCastro for his patience and inspirational energy. Most importantly, I will dearly miss my best friend Greg Solk, who has displayed an uncanny ability to always make the right decisions. My successor will indeed be a lucky person."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Let's talk about this Diamond David Lee Roth guy. It's all we expected and, surprisingly, a bit more. Quick faves from the grooves include the wonderfully low keyed 'Ladies Night In Buffalo', 'Tobacco Road', and 'I'm Easy'; and I finally realized what I really like about DLR is that sultry sultriness of his. Whoa....What else--One of the best soundtracks for consistency and credibility of material contained therein. The envelope, please --'About Last Night' very tasty Bob Seger tune, almost better than anything on the Lp, and a fabulous John Oates track just to name a few...I'm on the proverbial holiday trail. Next week Iris will cover."

WCCC, HARTFORD, CT P.D./M.D.-HARVE ALAN: "Let's hear it for Van 'The Man' Morrison. 'Ivory Tower' is truly his best piece of work in years...Alvin Lee provides a great summer 'album rock' hit...Can it be a 'Top 40' record too?...Eurythmics 'Missionary Man' is pulling Top 5 phones. Without question, it's their most well received record...I'm convinced Kim Mitchell is going to win big in Hartford. Already response has me pleased. Go for it Kim!"

WIOQ, PHILADELPHIA, PA P.D.-CHUCK BROWNING: "A special thanks to Elektra's Rick Alden and Brad Hunt who made it possible for Jackson Browne to spend an hour on the air with us prior to his second show in Philadelphia."

KBCO, BOULDER, CO M.D.-DOUG CLIFTON: "Van Morrison's 'Ivory Tower' is one of my favorite new songs of the week. It shares the spotlight with David And David's 'Welcome To The Boomtown'...Also new this week: Tonio K., Rosie Vela, Michael McDonald, the Screaming Blue Messiahs, and a hot fusion record from Steps Ahead...I'll be at the New Music Seminar this week. In my absence, please refer your music calls to Ginger Havlat. She'll be taking calls Monday, Wednesday, Thursday and Friday from 2 P.M. - 5 P.M."

WYNF, TAMPA/ST. PETERSBURG, FL ASST.P.D./M.D.-RON DIAZ: "With the depth of superstar albums in our hands right now, we're having a field day. Steve Winwood is indeed flying high. His new Lp is perfect for 'album rock'. 'Take It As It Comes' is my personal fave at this point. Horns push this track into the boogie zone. A great up tempo rocker...From Peter Gabriel, 'Red Rain' is the one. We've had this one on for weeks and it's time to power it...On the Genesis Lp, we'll focus in on 'Throwing It All Away'. These three excellent albums from the cream of the rock will take us through the long hot summer...The Outfield came to Tampa Bay over the weekend for another 95 YNF concert event. 27,000 tickets were sold on a rainy night. The band is huge here. Thanks to Rap and everyone at CBS Records and thanks to the Outfield and their management. I'd also like to thank Van Zant and the folks at Geffen for providing a great opening act."

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY: "I'm nice and relaxed from my vacation and ready to jump right back into things. I did all the typical things one does at the Jersey Shore--ate nothing but soft icecream and pizza and laid, like a dog, on the sand--But now I'm back...Thanks to Rick Alden and Brad Hunt for a compelling interview with Jackson Browne...Had a chance to see a preview of the upcoming Southside Johnny tour at the Garden State Art Center. Opening up the show was Glenn Burtnick. He and his band had the audience going bananas, and when he lit his guitar on fire and smashed it into the stage, we knew it was time for Southside Johnny to come on stage! The songs from 'At Least We Got Shoes' went over great, especially 'Walk Away Renee'. The show ended with a guest appearance by Jon Bon Jovi, singing various Southside standards. I guess Jon was itchy from being up in a studio in Canada recording record #3. I can't wait to hear it!"

CFNY, TORONTO, CN ASST. P.D./M.D.-DON BERNS: "As predicted, the Eurythmics, the Smiths and Sting albums are as h-o-t as the Summertime and it's not the outside temperature that's been burning up our turntables these past weeks. There are no less than five Eurythmics tracks: 'Tomorrow Never Comes', 'Missionary Man', 'Thorn In My Side', 'The Last Time' and 'Take Your Pain Away' getting initial airplay here with an immediate high audience recognition and demand factor...'Big Mouth Strikes Again' is not only WLIR's Screamer-Of-The-Week, it's also the hot, hot, hot lead-off track from the stunning Smiths Lp, 'The Queen Is Dead', which may get banned in England because a certain MP doesn't understand the doubleentendre of the word 'Queen'. Also check out 'Some Girls Are Bigger Than Others' and 'Frankly Mr. Shankly' on this unique album...The Sting Lp: What can you say about such amazing quality, both in the musicianship and live recording. Whenever one of the 7 tracks we're playing comes on-the-air, it stands out as pure class...Three real hot singles of note this week that are burning up our airwaves: Doctor & The Medics--searing version of 'Spirit In The Sky' is a must play. Speaking of remakes, Da Books comes in hot 'n' heavy this week with their steaming version of Stevie Wonder's 'Living For The City' (a British Import on the Let's Go Fly A Kite Label--love that name!), and our number one requested record is a harmonica based Summer cruising song 'Driving Away From Home' by Its Immaterial, another British Import on Sire, via Virgin Records. They oughta rush release this one in North America to catch the crowd before the Summer ends!...Speaking of seasonal greats, why doesn't Atlantic (WEA in Canada) release Matt Bianco's 'Summer Song'? It's absolutely perfect for the season...Thanks to Iva Davies from Icehouse for stopping by for a live-mike-interview, and special 'thanks' to Robert Palmer and his band for stopping by our Three Buoys Houseboat in between the hottest shows of the Summer so far at Ontario Palace (where they drew some 30,000 fans)...Biggest eye opening concert this year is Canadian Scott Merritt, who without a doubt has a major future in North American music as soon as some smart U.S. record company SIGNS HIM...Biggest disappointment: The Moody Blues back-up singers who sounded great but look like they just stepped off a Las Vegas Stage--yuck!!!...Anybody want to see Canada's hottest music awards show? Details on the Casbys coming in 2 weeks!"

KZEP, SAN ANTONIO, TX M.D.-DICK SHEETZ: "Thanks to the folks at RCA, Skip Bishop, Jeff Naumann and Bruce Hornsby for a fine time in Houston slamming sushi. It was a first for me and I dug the hell out of it."

WIYY, BALTIMORE, MD M.D.-CHRIS EMRY: "Attention AOR's in pursuit of 25-34 demos! Add Van Morrison 'Ivory Tower'--quality stuff...It looks like I'll have to start adding all the new Elektra product. It's tough for a die-hard Orioles' fan like me to admit, but it looks like it's time to get on the good side of Super Red Sox fan Brad Hunt and line up those play-off and Series tickets! I'm now available to see promo people Mondays from 9:00AM-11:30AM. Tom is available Noon to 1:30PM."

WHCN, HARTFORD, CT ASST. P.D.-BOB BITTENS: "Having heard the whole Van Morrison album, I think I can safely predict that it will join Winwood, Gabriel, Genesis and friends as one of the summer's great musical treats. Van is back with an album that covers his full range of musical styles from spacey jazz to foot-tapping R&B influenced rockers. 'Ivory Tower' is just the tip of a massive iceberg...When I added Shadowfax last week, I thought I was sticking my neck out for one of my pet projects--that is, getting Windham Hill the solid album radio airplay they deserve. But the response thus far has been so positive I can't believe I ever had any doubts. The hippest record you can play--DO IT!"

KZEW, DALLAS, TX ASST. P.D./M.D.-CINDY BAILEN: "You could lock me in a cool room with the new Van Morrison record and I'd stay there gladly for the rest of the summer...David And David's 'Boomtown' is also real cool. Adult and sophisticated. Love that L.A. ennu. Didn't someone say it reminded them of 'Hotel California'? ...The sales picture got us on the Rod Stewart album this week...Speaking of sales, I've noticed an interesting pattern emerging here this summer. There are a few rock Lps selling real well, i.e., 'Top Gun', Peter Gabriel, Fabulous Thunderbirds, and lots of superstar Lps doing only so-so in sales...Thanks to everyone who helped us out at Farm Aid. Boy, we had a good time despite the heat."

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-LARRY "THE DUCK" DUNN: "Summer colds are the worst. The best is when Bananarama stops on the air. And when the first question is 'How are you?' - the response, in unison, is 'Drunk', you know you're in for a great interview. Thanks girls for stopping up on the air...Album Of The Month: Eurythmics, 'Revenge'. Out currently as an import, we are three cuts deep...Thanks to the great Jim Henson, Kermit The Frog, and Doctor Teeth. Go see 'Labyrinth', it's a great film, and it's Jim's best to date... Love the new Tonio K. album. 'Romeo And Jane' are pulling in early, heavy phones...Screamer Of The Week: Secession (Import/Michael)."

KGB, SAN DIEGO, CA M.D.-PAM EDWARDS: "The 'Top Gun' soundtrack has been #1 in sales here for the past couple of months. With that in mind, and 'Danger Zone' just about played out, it's time to pull another track off the Lp - Cheak Trick provides us with a real rocker, reminiscent of 'California Man'. In my book these guys are just a step short of being on top again. I hope 'Mighty Wings' provides the impetus...Will Bryan Adams and Jim Vallance ever write a real dog? Do they both have rare recessive genes that only allow them to write songs that procure gigantic royalty checks? They've done it again on the Rod Stewart album with 'Another Heartache'. This blows 'Love Touch' into the swamp water. Wise collaboration, Mr. Stewart...And how's about those Beat Farmers? They're still gaining momentum in San Diego. Catch the fever...P.S.: I love my 'Patio Lanterns'. I now have the tackiest balcony in the West."

"Walk Away Renee"

"Mega airplay. Mega requests. And mega stupidity if you don't play this record! CHARLIE KENDALL, WNEW
 "'Walk Away Renee' has always been John DeBella's favorite song of all time. When he heard we were going to play a cover version of it, he stormed into my office and demanded to hear it. 'How dare they!' he shouted. Half way through it, John wiped a tear from his face and told me it was the most gut wrenching, emotional version of the song he could imagine. I most definitely agree." ERIN RILEY, WMMR
 "'Walk Away Renee' is as focused as the Left Bank's classic original and Lyon and Bandiera take the Jukes' strong backing as a signal to send the choruses into rock 'n soul heaven." ROLLING STONE, July 1986

The new 12" from SOUTHSIDE JOHNNY & THE JUKES

WAQX, SYRACUSE, NY M.D.-AMY DAHLMAN: "I had to make a big decision this past week: The opportunity was there and what kind of self-respecting Music Director would pass up a chance to see Bob Dylan? Not I! So, off to Buffalo I went to spend the 4th of July with Bob, Tom, Jerry and the boys, plus about 70,000 Dead Heads at Rich Stadium. Now, let's get one thing straight. I'm not a Dead Head! I've caught Garcia numerous times over the years and have always been impressed with his guitar action and the crowd enthusiasm has always been--well, interesting. But, this show started on the Thruway, three days early and three cities away. What a zoo! But it turned out to be a great time! The Dead were truly phenomenal and Dylan and Petty treated Buffalo to 'Like A Rolling Stone', 'Band Of The Hand', 'Refugee', 'Knockin' On Heaven's Door', etc. ...Thanks to Wild Man Moser, Festival's Don Thomasulu, CBS, and John Scher for all involved...Musically, I'm having mixed feelings about the David Lee Roth 'Yankee Rose'. On one hand, Diamond Dave plus Vai and Sheehan is a brilliant mix of talent and the performance is k-i-l-l-e-r, but surprisingly negative comparisons to Van Halen are cropping up. It seems that Eddie fans feel it's too close to the real thing. I don't know. Sounds hot to me, but in the end, of course, retail will tell the whole story. 'Yankee Rose' is still the #1 request and the Benny phenomenon continues...Steve Winwood debuts #7 in the record stores this week...Attention A&R people: Friday, July 18th, is your chance to see MARDONES live in Syracuse at MacArthur Stadium. Please call if you plan to attend."

WIOT, TOLEDO, OH ASST. M.D.-JIM STEELE: "It is with tearful joy that the 104 staffers say 'goodbye and good luck' to M.D.-Rick Van Gil. Rick moves on to the P.D. position at Lansing, MI WLNZ...Just a personal note: There is a musician out there that I admire and who has changed my life. So, fittingly, I will borrow a saying from him and use it for another who's had a great deal of positive influence on me: 'Bon viaggio, mio Frattello, RVG!'"

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS: "Better late than never on the Alvin Lee. Can't play it, if you don't have it!...David Lee Roth fans have come out of the woodwork to support his latest! Number one phones on 'Yankee' and instant response to other cuts as well...A couple of solid projects that have now received our full support include Kim Mitchell 'Patio Lanterns' and the Beat Farmers...Advice for the day: Expose the greatness of the Steve Winwood Lp, with its exclusive programming ability, on rock radio. Listeners should not only notice it, but greatly appreciate it!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE BECKER: "Chalk up another successful Summer promotion for KIX! We presented a free movie screening of 'Big Trouble In Little China' at a drive in. Just about 2,000 people showed up, with their vehicles getting a brand new KIX sticker slapped on them! Thanks to Scott Levine with 20th Century Fox for the event...At first I wasn't sure if David Lee could pull it off without Van Halen. Well, I'll 'Eat 'Em And Smile!' Dave kept the winning tradition 'Goin' Crazy' out there on 'Tobacco Road'... Smart idea to have that Seger tune on the 'About Last Night' Soundtrack. It's a killer...Speaking of killers, Van 'The Man' Morrison is back and with a vengeance! 'Ivory Tower' sounds great on the radio...A couple of weeks ago I gave my vote for Roy Buchanan's version of 'You Can't Judge A Book By Its Cover'. Now we'll give the listeners a chance to hear Hank and Huey's rendition!"

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "Isle Of Man has been a long time favorite of mine! The song sticks to you like white on rice. 'Am I Forgiven' may make it all the way to CHR land! Don't let it slip by without getting your AOR spins in!...Van Morrison is as ethereal and mystical as ever. There's no blarney about it--'Ivory Tower' is true to Morrison form. It must be played...Thanks to Karen Durkot for The Cure at Great Woods. It was a great show with lots of big hair to look at, except, of course, for Robert Smith who now dons a crew cut...Hopefully, by next report, post New Music Seminar, I'll have some faces with names and a couple of names with faces!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA: "Thanks for all the warm welcomes!...In the season of 'hot and cool', Kim Mitchell's 'Patio Lanterns' should be floating in your listeners' glasses of pink lemonade. Here's an icecube that will last all Summer long!...David Lee Roth is the #1 circuit breaker. We're into 'Goin' Crazy' as the second cut...There's no escape--the hook and familiar voice of Alvin 'Sorry But I Thought He Was Dead' Lee's 'Detroit Diesel' causes instant listener response...The best little kiss ever has come from Bruce Hornsby And The Range. It keeps building with curiosity calls and requests, placing it among the Top 5 phones! If you're still not on it, you just don't deserve to be kissed!...My favorite cut-of-the-week: John Cougar's 'Rumbleseat'."

KATT, OKLAHOMA CITY, OK M.D.-SCOTT DOUGLAS: "Thanks to Mila Collins and Jeff Naumann, both of RCA, for their hospitality and a great many beers in the rain in Dallas. Also, thanks to Bruce Hornsby for the impromptu acoustic concert and for being such a warm guy!...Also had a great time with Jim and Kathy Jones from KMOD/Tulsa. We need to do that again soon!"

KICT, WICHITA, KS M.D.-PHIL THOMPSON: "If anybody would have told me that one day I'd be playing Hank Williams, Jr. on KICT, I would have figured the owners would be wearing cowboy hats and making that format change to country--but I'm wrong. We're playing Hank and still rockin'!...Shadowfax has always done well on our Jazz Show so we're giving them a shot in regular flow with 'What Goes Around'...Quite a diverse week with country and jazz crossovers...The new Van Morrison is a natural, and I never figured we would add four more tracks from the new David Lee Roth album. 'Tobacco Road', 'That's Life', 'Goin' Crazy' and 'Ladies Night' have our votes!"

WBGK, MILWAUKEE, WI M.D.-RANDY STEWART: "There is an abundance of great Summer music out right now. The Bruce Hornsby album has a good warm weather feel to it...We're getting great response on the entire Jimmy Buffett album...Also strong is Matt Bianco's 'Summer Song'. You can't go wrong with any of this music!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Still recovering from 24 hrs. on the Hudson River with 'Operation Sail' and statue fireworks. What a party! Then Saturday, WDHA did our annual synchronized fireworks display for over 10,000--a truly eclectic music soundtrack this year with rock, jazz, classical. Quite a high to hear everyone cheering with thousands of boomboxes on the hillside tuned to 105.5...I'm happy to see CHR playlists with more black/urban/disco. It makes Album Rock a lot more distinct/unique. The few crossovers that remain, we've played long before CHR discovered them!...M.D.-MIKE BOYLE: "Hope you all enjoyed the long 4th of July weekend! Bob and I are now looking forward to a crazy time at the New Music Seminar! We'll be looking for you!...Musically this week: The Quicksilver and Alvin Lee tracks smoke on-the-air!...The Nails 'Things You Left Behind' was an obvious choice! The fun lyrics should make your phones light up!...My favorite upcoming project is the Rainmakers! On the 8th day God created The Rainmakers! It's been a long time since I've heard a band have fun with their approach to music! Don't miss one word from any song on the forthcoming album! 'Let My People Go-Go' is as good as any to start! I look forward to seeing them at the New Music Seminar!"

KMYZ, TULSA, OK M.D.-LEE ROBERTS: "Just a few words about the Steve Winwood Lp. Play the whole damn thing!... Special thanks to Columbia's Michael Scurlock for The Outfield phoner...And, very special congrats to Richard Pachter on the new add!"

WRDU, RALEIGH, NC M.D.-BOB WALTON: "It's too h-o-t! I'm going home!"

KILO, COLORADO SPRINGS, CO M.D.-ALAN WHITE: "Diamond Dave is out of the box and he's smokin' and jokin' very credible cover of 'Tobacco Road' and we don't go on a lot of cover tunes. 'Goin' Crazy' is our second choice. Got to say that guitarist Steve Vai was a real find...Looks like it's the week of David's because David And David is on the air with 'Welcome To The Boomtown'. It's hard to categorize this tune, but it is haunting with great guitar...Smithereens earned a shot this week. We've had great luck with this type of band. Very much in the same league as Del Fuegos, Los Lobos, et al...Gonna pop me a brew and pretend I'm cruising Woodward Avenue in Detroit with Alvin Lee blasting. 'Detroit Deisel' welcomes back this guitar great with a steamroller of a song...Lookin' and listening to Queensryche, Quicksilver, Brickin, True Believers, Chris Thompson, and Van 'The Man'...Top 5 retail: Genesis, Peter Gabriel, 'Top Gun', Van Halen, AC/DC...Steve Winwood debuts at #8...Thanks to Dick Merkle at A&M for the Joe Jackson show in Denver. Joe was his usual outspoken self, hushing the crowd several times during the set. He did a new tune from his forthcoming Lp which he called 'Accropolis Now'. See the show, but keep quiet!"

KLPX, TUCSON, AZ M.D.-MARGIE RYE: "Another 4th of July has come and gone but it came and went in a big way here in the naked pueblo. Independence Day is KLPX's anniversary and we celebrated with a KLPX 4th of July Beach Friday Birthday Bash at the Breakers (a family water park that holds 6000 people and the closest thing we have to a beach in Tucson). We woke up to rain on the 4th, but the day turned out wonderful (pictures are coming). Thanks to Jeff for my dinosaur, Conrad, Bravo, Pete, Beak, Beth, Bubba and Sharon; the list could go on and on. All you record types have been wonderful. P.S.: I will be on vacation from July 14-18."

WTPA, HARRISBURG, PA M.D.-CHRIS JAMES: "ADDS: Quiet Riot 'Wild'; Joan Armatrading 'Kind'; Chris Thompson 'Loneliness'...Thanks to Jay Ziskrout at Arista for the help with the Texas Jam promotion. Also thanks Jay for the GTR giveaway...Congrats also to Neil Lasher of Chrysalis for the air conditioner giveaway during our 93 Days Of Summer promotion...And last, but not least, many thanks to Pat Milanese of RCA for the Honda scooter via the Lou Reed promotion...If it sounds like a lot's going on, this is just the beginning...I would have to say thanks to management at WTPA for the promotion to Assistant Program Director."

WRCN, LONG ISLAND, NY ASST.P.D./M.D.-WAYNE SUMMERS: "The club action in the Hamptons during summer has to be among the hottest anywhere in the world. It's kinda kickin' my ass, but I'm lovin' it. To go along with all that partying, we're giving the poeple what they want. The rock 'n roll station on Long Island is WRCN. Come on out for a visit and compare. You'll hear us rockin' true while our competition is all over the road with loads of that crossover crap, which to me isn't 'album rock' radio. Look out guys! Remember, Long Island loves rock 'n roll and WRCN is where they're getting more of it."

RADIO ACTION CONTINUED

KFMQ, LINCOLN, NB ASST. P.D./M.D.-BOB ALLEN: "With an artist of Van Morrison's stature, the question of late hasn't been 'is it quality music', but rather, 'is it right for radio?' I heartily suggest that the answer to both questions is a resounding 'yes'. All you need to do is listen to 'Ivory Tower'...There will be a change in the hours I'm available for taking music calls, effective the week of July 14th: Calls will be taken Wednesday and Thursday ONLY from 2:00PM-4:00PM Central. Sorry, no exceptions...And 'thanks' this week to Jeffiland from Geffen Records for the wonderful time with the Models!"

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN MATHIEU: "Portland has never seen so many great shows as this Summer and I really want to thank everyone who has helped us put our concert promotions in action! Tonight we have a fun one: A barbeque for 38 Special listeners before the 38 Special/Honeymoon Suite show. Thanks to Chuck and A&M for all the promo and to 38 Special and Honeymoon Suite for the call-ins...Jackson Browne was the most moving performer I've seen this year and a great person, too. Thanks to Elektra's Karen Durkot for the show!...ADDS: Dokken has earned another place on the playlist with what I always felt was the best song on the album. 'It's Not Love' will get response and a rockin' video doesn't hurt either. We have just been waiting for the right moment to add Van Halen's 'Summer Nights', and the timing couldn't have been better. It's already getting big requests...Glass Tiger's 'Don't Forget Me' sounds great on the radio, and Joe Walsh is an excellent addition to the Winwood Lp. We're playing 'Split Decision' and 'Freedom Overspill' and crossing our fingers Joe will join Steve Winwood on tour."

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI P.D.-BRIAN TAYLOR: "We're having great fun with the comparison of the new David Lee Roth with Van Halen! This is just what we needed to drive the dancing peasants crazy! Considering that, to some of these listeners, we're walking the fine line of sacrilege. Although these records may not be very comparable, I must credit Diamond Dave for being true to his conviction. Using his music as the message, he's telling us to lighten up...The Danny Wilde still sounds fresh after all this time. Nice to see a new artist develop like this in the face of so many major releases. Kudos to you, Bob C. for staying with it (although a few extra Genesis tracks were pretty tempting)...Personal to Joe Owens: Sorry to see you go! Hope your new venture is successful!"

CHEZ-FM, OTTAWA, CN M.D.-GREG TORRINGTON: "ADDS: Eurythmics 'Tomorrow'; Steve Winwood 'High'; David Lee Roth 'Road'; Big Country 'Seer'; Van Morrison 'Ivory'; Jean Beauvoir 'Feel'; Depeche Mode 'Lust'; Pete Shelley 'Waiting'; DeFilm 'Saw'; Eric Johnson 'Soul'...MOST REQUESTED: Run DMC 'Walk'; Glass Tiger 'Thin'; Colourbox 'Keep'; Kim Mitchell 'Patio'; David Lee Roth 'Yankee'...INCREASED PLAY: Rod Stewart; Chalk Circle...INCREASED SALES: The Fixx; Luba; Simply Red; Glass Tiger...It's been a busy week for concerts! On July 1st (the Canada Day holiday) CHEZ sponsored a free outdoor concert with Glass Tiger with over 40,000 in attendance. I'd say we had a h-i-t on our hands! They are certainly one of this country's top acts at this time...Also through town in the past week, headlining a large hall for the first time, was Katrina And The Waves. They still remain a local favorite and are performing better than ever. As such, their album refuses to fall on our charts!...Finally, it was a privilege to see Van Morrison in Montreal. His new album is due shortly and he did quite a bit of material from it--suffice to say, it's wonderful!"

WHMD, HAMMOND/BATON ROUGE, LA M.D.-KLIFF KAHUNA: "If you're not playing the Glass Tiger, you've almost missed the boat! Strong hooks, strong vocals, strong everything--It's a winner!...If you didn't play 'Holding Back The Years' give a listen to 'Too Much Money (To Mention)' by Simply Red. If your station serves an economically depressed area, the lyrics really hit home!"

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA: "ADDS: Andy Taylor 'Take It Easy'--Who cares if it sounds like 'Bang A Gong'? I'm getting mega phones just from MTV exposure!...Van Morrison, 'Ivory Tower'--A major artist and a 'must' to balance your playlist...Crowded House, 'World Where You Live'--This track grows on you fast... Chris Thompson, 'Love And Loneliness'-- When some newcomers beat out the likes of Steve Winwood and Peter Gabriel for Top 5 phones, you don't think twice!...Bricklin, 'Even When You're Done With Me'--goes heavy even after just one week of play...TOP 5 PHONES: 1) Van Halen 'Love Walks In'; 2) The Fixx 'Secret Separation'; 3) Genesis 'Invisible Touch'; 4) Emerson, Lake & Powell 'Touch And Go'; 5) Bricklin 'Even When You're Done With Me'."

KRNA, IOWA CITY, IA M.D.-STEVE KOSBAU: "CONGRATULATIONS to our P.D., Mark Vos, and his wife, Kathy, on the birth of their second child. Her name is Amber Crystal, and she arrived late on the 2nd of July. Everyone is happy and healthy!...On the subject of music, the crop of music remains strong. I am elated that there wasn't a release by a super group this week which makes room for a classy yuppie grabber, in the form of 'Fire On The Water' by Chris DeBurgh. I would suggest that you listen to it again as room on your list becomes available...The new Alvin Lee song 'Detroit Diesel' is excellent. It has a feel very similar to that of Bob Seger's older up-tempo material. I love this good American rock 'n roll...Glass Tiger's 'Don't Forget Me' is performing exceptionally well for us. It's giving our phones a real work out--and calls are pouring in from the often quiet upper demos!"

KFMH, MUSCATINE/DAVENPORT, IA M.D.-LISA CATALONA: "ADDS: Tonio K. 'Romeo', 'Impressed', 'Perfect', 'Belong'; Rough Cutt 'Double'; David Lee Roth 'Crazy', 'Tobacco', 'Life', 'Easy'; Smithereens 'Blood'; Queen 'Magic'; Chris DeBurgh 'Fire', 'Spirit', 'Lady'; Fountainhead 'Feel', 'Rhythm'; Tom Cochrane 'Love', 'Boy', 'One'; Screaming Blue Messiahs 'Wild'; Van Morrison 'Ivory'; Alvin Lee 'Detroit'; Ten Ten 'Rains'; Giuffria 'Radio'; Quicksilver 'Pool', 'Good'; Simply Red 'Tight'; David And David 'Welcome'; Doctor And The Medics 'Spirit'...CONSIDERING: Bricklin; Aviator; Peter Cetera; Rosie Vela; Nick Jameson...MOST REQUESTED: The Fixx 'Secret'; Bruce Hornsby 'Kiss'; Bob Seger 'You'; Genesis 'Last'; Dwight Twilley 'Sexual'...INCREASED PLAY: Steve Winwood; True Believers; Models; BoDeans; Bruce Hornsby; Isle Of Man...INCREASED SALES: The Fixx; Bruce Hornsby; Bob Seger; 'Top Gun' Soundtrack."

WVCT, PEORIA, IL M.D.-PHIL MANICKI: "ADDS: Glass Tiger 'Forget'; GTR 'Hunter'; Device 'Hanging'; Berlin 'Take'; Jean Beauvoir 'Feel'...CONSIDERING: None...MOST REQUESTED: David Lee Roth 'Rose'; Monkees 'That'; Honeymoon Suite 'What'; Andy Taylor 'Take'; Fabulous Thunderbirds 'Wrap'...INCREASED PLAY: Monkees 'That'; David Lee Roth 'Rose'; Starship 'Before'; John Cafferty 'Voice'; Eurythmics 'Man'...INCREASED SALES: Genesis; Peter Gabriel; Van Halen; 'Top Gun' Soundtrack; Bob Seger."

WKLT, TRAVERSE CITY, MI DEE MARTIN FOR ASST. P.D.-TERRI RAY: "ADDS: David Lee Roth 'Yankee', 'Crazy', 'Tobacco', 'Ladies'; Alvin Lee 'Detroit'; Jean Beauvoir 'Feel'; Poison 'Cry'; Van Halen 'Summer'; The Models 'Cold'; Dokken 'Love'; AC/DC 'Who'; Glass Tiger 'Forget'...CONSIDERING: None...MOST REQUESTED: AC/DC 'Who'; 38 Special 'Somebody'; Eurythmics 'Missionary'; David Lee Roth 'Yankee'; The Outfield 'All'...INCREASED PLAY: Genesis...INCREASED SALES: Rod Stewart; Joan Armatrading; Peter Gabriel...I really like the new stuff that's out! The Glass Tiger; David Lee Roth and the AC/DC. The cold blooded rock 'n roll blood in me just can't get enough of it...I wish Chuck would come back from golfing, and I wish Terri would get well. I like doing her job, but..."

WTKX, PENSACOLA, FL M.D.-J. D. STONE: "The Eurythmics 'Missionary Man' has turned into the town favorite! And, while it took 'Would I Lie To You' to break the ice, Eurythmics has planted itself as the new rave of the more earthy rock 'n roll crowd, which you never would've thought two years ago!...The Steve Winwood album is a masterpiece. All the best Traffic albums have nothing on this one. I truly believe this album will be a rock 'n roll staple. It possesses completely timeless quality!"

KMBY-FM, CARMEL/MONTEREY, CA M.D.-PATTY MARTIN: "ADDS: Quiet Riot 'Wild'; Steve Winwood 'Split'; Genesis 'Anything'; Rob Jungklas 'Memphis'; Van Halen 'Summer'; Kim Mitchell 'Patio'; David Lee Roth 'Goin'; Smithereens 'Blood'; Andy Taylor 'Take'...MOST REQUESTED: David Lee Roth 'Yankee'; AC/DC 'Who'; Genesis 'Everything'; Peter Gabriel 'Sledgehammer'; Mick Jagger 'Ruthless'...Isle Of Man's 'Am I Forgiven' is a song that keeps lingering in my mind after I hear it. I keep finding myself humming it!...Check out The Nails. Their last Lp made it on to my Best Of The Year list and 'The Things You Left Behind' sounds just as good!"

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "Just got John Mellencamp's 'Cold Sweat'--played it for a couple of staffers and they went nuts! This is too fine to pass up!...Speaking of fun, the David Lee Roth is truly fine. 'Goin' Crazy', 'Ladies Night In Buffalo', seem to be (dare I say) the more serious tracks on the record, as opposed to 'That's Life' and 'Tobacco Road'. You've gotta love this guy's sense of humour. He's a true entertainer. He's not trying to ram a message down your throat or change the world with every song-- He's having fun and it shows!...The Steve Winwood project is really strong. The keyboard throughout the Lp reverts back to a 60's-early 70's type of sound that your upper demo audience might consciously or sub-consciously find very tasty."

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "This week Z0092 goes on Van Morrison 'Ivory Tower'; Bruce Springsteen 'Stand On It'; Rob Jungklas 'Memphis Thing'; Models 'Cold Fever'; Michael DesBarres and Krokus 'Let This Love Begin'...'Stand On It' is sheer straight forward rock 'n roll like only Bruce Springsteen can deliver... Rob Jungklas 'Memphis Thing' deserves a medal for best song about itself. Already the Z0092 phones show Bruce, Rob Jungklas and Krokus gaining immediate positive reaction...This week's best lyrics go to John Cougar Mellencamp 'I should be drunker than a monkey, but I don't like to drink' from 'Rumbleseat'...Plus, in the midst of all this rock 'n roll, Z0092 is giving away a \$3,500 diamond and \$15,000 Laser XT--The perfect combo--harder, faster--that's rock 'n roll!"

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS: "Hey! I'm on vacation. So what am I doing making these calls? This is carrying dedication a little too far...The only other thing I want to say, 'make mine a heavy serving of "pool hall chili"'...Gotta run. Got a plane to catch. Bye!"

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON: "Being the new 'album rock' that we are, the majority of our requests are for older material. There's finally an exception. David Lee Roth 'Yankee Rose' was pulling legitimate phones after less than three days on the air. It's nice to finally get requests for current product, and Diamond Dave has been receiving the overwhelming majority. The guy may be arrogant, but he sure as hell gets noticed...We're gearing up for Seger's show here on the 16th. It's a sellout, but if you're lucky enough to have tickets and you're headed to Savannah, give us a shout. We'll talk rock and roll shop and drink many beers. The Fabulous Thunderbirds open the show. We can't wait."

KOZZ, RENO, NEVADA MAX VOLUME: "David Lee Roth's record is phenomenal. Their first clue should have been when Ted Templeman left with Davie...Genesis is still killing me. Look for 'Land Of Confusion' to be big... Queensryche is exactly what metal artists should be doing. Metal needs to change, update and evolve and that's what they've done. Think of Queensryche as the Pink Floyd of metal...Red Rider has been #1 phones for three weeks at KOZZ. This album should be around for at least the summer."

WUVA, CHARLOTTEVILLE, VA M.D.-JOHN MALINOWSKI: "ADDS: Van Morrison 'Ivory'; Steve Winwood 'Take'; David And David 'Boomtown'; Glass Tiger 'Don't'; Bruce Springsteen 'Stand'; Beach Boys 'Rescue'...MOST REQUESTED: Peter Gabriel 'Sledgehammer'; ELP 'Touch'; Bruce Hornsby 'Kiss'; The Fixx 'Secret'; Genesis 'Touch'...INCREASED PLAY: Eurythmics 'Man'; Bob Seger 'Aftermath'; John Mellencamp 'Rumbleseat'; Kim Mitchell 'Patio'; Models 'Cold Fever'; Joe Jackson 'Hometown'...INCREASED SALES: Genesis; Peter Gabriel; Steve Winwood; Bob Seger; Rod Stewart."

KRIX, BROWNSVILLE, TX P.D./M.D.-ACE PALADINO: "ADDS: Van Halen 'Love'; Bob Seger 'Living'; Steve Winwood 'Split'; Run DMC 'Walk'; Guadalcanal Diary 'Lonely'; Quicksilver 'Pool'; John Eddie 'Pretty'; Mick Jagger 'Ruthless'; B.A.D. KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "ADDS: Tonio K. 'Perfect', 'Romeo', 'You Belong', 'Emotional', 'Go Free'; Eurythmics 'Thorn', 'When Tomorrow', 'Last'; Queen 'Pain', 'One Year', 'Live Forever'; Tom Cochrane 'Lasting', 'Ocean', 'One More'; 'About Last Night' Soundtrack; J.D. Souther 'Step', Bob Seger 'Living'; Gordon Lightfoot 'Edge', 'Stay Loose'; David Lee Roth 'Ladies', 'That's Life'; Jacob Magmusson 'Footprints', 'Time Zone', 'Sunburn'; Smithereens 'Lonely', 'Don't Want'; APB 'Part'; Van Morrison 'Ivory'; David & David 'Boomtown'...INCREASED PLAY: Isle Of Man; Bruce Cockburn; Blues Busters; Roy Buchanan; Limited Warranty; Sting (Import); Rod Stewart; Steve Winwood; 'Club Paradise' Soundtrack...I thought we lost Tonio K. forever, maybe to bitterness and burnout and maybe due to the music industry's previous indifference to issues. In the era of Live Aid and Farm Aid, during a time when Bruce Cockburn and Jackson Browne have highly successful albums full of political content, when the Amnesty International, 'a conspiracy of hope' is a major media event, it seems ironic to me that Tonio comes back with an album of love songs! Nonetheless, we like this stuff just as much as his first 3!...I don't know why the Eurythmics need 'Revenge', but this is the kind of payback I like. Certain to be a #1 Lp here, although if Van Morrison's 'Ivory Tower' is any indication of the quality of the rest of his record, the Eurythmics could have some stiff competition for that #1 spot. 'Ivory Tower' is so catchy, it's contagious!"

KSQY, RAPID CITY, SD M.D.-JEFF MICHAELS: "ADDS: Joan Armatrading 'Kind'; David Lee Roth 'Tobacco'; Tom Cochrane 'Untouchable'; Isle Of Man 'Am I'; Bruce Hornsby 'The Way'; Genesis 'Land'...CONSIDERING: David And David...MOST REQUESTED: David Lee Roth 'Yankee'; Genesis 'Throwing'; The Fixx 'Built'; Tom Cochrane 'Boy'; Steve Winwood 'Higher Love'...INCREASED PLAY: David Lee Roth; Alvin Lee; Van Halen; Kim Mitchell; Joe Jackson; Glass Tiger...INCREASED SALES: AC/DC; GTR; Peter Gabriel; Van Halen; Genesis."

INCREASED PLAY: Art Of Noise; APB; Beat Farmers; Screaming Blue Messiahs; Guadalcanal Diary.

"The Cure played to a wildly enthusiastic crowd at the Great Woods Center last weekend! As the only commercial station who plays The Cure in this market, it is gratifying to see this band get such a warm response. Don't label them as just another haircut band. These guys can write and play great pop songs...Thanks to Elektra's Karen Durkot for tickets...The Smithereens hang tough with Top 5 requests and WFNX is very pleased to welcome them to Boston on July 11th...Thanks to Kevin Sutter of Chrysalis for the remix of Art Of Noise 'Paranoimia' featuring Max Headroom. This cut is an immediate audience grabber! And that's life in heavy rotation! WFNX will be presenting the premier of Art Of Noise in Boston on July 14th. I will be in New York, so I'll have to catch them at the New Music Seminar. Watch for the FNX delegation resplendent in our Revolting Cocks tee-shirts!"

INCREASED PLAY: Joe Jackson; Rob Jungklas.

" Nice to hear from Quicksilver again! This is not another case of a band regrouping for the bucks. 'Pool Hall Chili' is a h-o-t (pardon the pun) cut that sounds real good. Is there really a cut on the album called 'Pool Hall Gas'? (Just kidding)!...I expect Crowded House to do real well for me...Split Enz is still a good phone reaction band...I really like the Peter Case 'Old Blue Car'. It's the Dylan of the 80's--Of course, there's no truth to the rumor that Marko Babineau is buying all the equipment for our new studio...Many thanks to David Kragoskow for bringing Patrick Moran's Graham Edge by last week---And to Jeff, from Geffen, for bringing The Models by for an interview...The jocks here are really excited about the Beat Farmers; Eurythmics; Metros; Screaming Blue Messiahs and Chris Thompson...That's it! I'm overworked! I need a 'Seven Day Weekend'."

"WEQX had a successful All American weekend, during which we featured only music by American bands! It made for a real R&B slant when you omit all the top Lps by the Brits! Our listeners really got into it and I'd like to especially thank Paul Kenedy, our overnight man, for the extra work he did on drop-ins and IDs...Outstanding among new adds this week is the Queen Lp. I think it's a great Lp, except for that 'Princes Of The Universe' song. Real maturity is happening here...Still great is Peter Gabriel; Steve Winwood and Joan Armatrading... And, if you're not playing Peter Case (as we have been since May 19th), you're nowhere!"

Record Action

AL MOSS, MOSS PROMOTIONS (404-425-5634): "The following is simply the opinion of one person, namely myself, who has never programmed a radio station and, it is in no way meant as a blanket indictment of album radio, simply my own observation...What has happened to album radio? It primarily seems to consist of a few types of music such as classic rock, corporate rock, and straight ahead American rock and roll. Where's the variety? Where's the exciting new music? While there's certainly a place for plenty of the aforementioned types of music, it seems to me there's a big void in the air sound of many album rock stations. With the emphasis moving somewhat towards an older demographic and not as heavily based on 18 to 24 males as in the past, that would seem to dictate a bit more variety. After all, album rock evolved from progressive, where the emphasis was largely on new and varied music, where you could hear music flavored with jazz, R&B, and country as well as straight ahead rock and roll. Now it seems as if the CHR's are the ones playing the varied sound, and many album stations are positioning themselves in a much narrower musical frame, as a result a lot of stations may be missing lots of great music such as: Simply Red, Dwight Yoakam, Run DMC, Blow Monkeys, The BoDeans, Matt Bianco, The Bangles, The Cure and Level 42, just to mention a few. Music, not because it fits into a certain mold, but simply because it's great music. I say all of this not as a record promotion person, but as a concerned listener and as someone who got into this business to begin with because of the music. Agree or disagree--but think about it."

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "JEAN BEAUVOIR's 'Feel The Heat' is on the move. Hey it's fun discovering a new artist isn't it? The very, very good ones just don't come along that often so it's great when they do. Over seventy-five stations strong and growing. 'Feel The Heat'-a summer classic...And how about that RODNEY CROWELL?!!! Talk about a wheel tapper! You can't sit down and listen to 'Let Freedom Ring' - you got to get up and dance. This is major instant. Put it on and it flies, you don't even have to wait a week! This is for real. You ought to just put it on out of sheer curiosity! And, hey, your next logical step from 'Top Gun' in the number one best seller in the country. Be a part of it-this is your audience!..By the time you're reading this you will be playing BOB DYLAN with TOM PETTY AND THE HEARTBREAKERS. 'Got My Mind Made Up' positively smokes. From the hottest tour of the summer right on to your turntable. Smoke it!"

DEBBY APPELBAUM, POLYGRAM (609-424-8688): "Okay, now, you've been listening to us Recordheads rant and rave for the last several weeks about a brand new band out of the Midwest called the RAINMAKERS. Many of you have had the opportunity to hear them. Some of you have even had the chance to see them perform live. Now 'us Recordheads' are listening to you rant and rave about The RAINMAKERS and we couldn't be happier. It's a truly wonderful feeling when the excitement you have about a new band is carried over to the radio community. All we are asking now is that you don't let it stop there. Please let the excitement carry on one step further to your listeners. This band is new and refreshing and full of intriguing lyrics that will make you want to listen over and over again. Don't keep them to yourself - let your audience in on the fun too! And for all you still creative radio stations, try a segue from 'Let My People Go-Go' into The Hooters' 'All You Zombies'! RAINMAKERS 12" is ON YOUR DESK NOW!!"

SEAN COAKLEY, ARISTA (212-830-2178): "Hurrah, hurray, GTR just went gold!! Thank you rock radio. We've only begun. 'The Hunter' is skyrocketing up the charts, and if you ain't playing it, may your transmitter be the target of Khadafy's next attack. If GTR comes within a 100 mile radius of where you live, don't fail to see them on their tour. This band has audiences in a frenzy...This new Thompson Twins single is the theme song from the new film called 'Nothing In Common'. It's perhaps their most rock accessible hit to date. You've got the 7" today and the smart money will jump on it before the 12" ships next week...Personals: John Prine has a new album (Oh, Boy Records) that is his best since 'Bruised Orange'. Call if you need any information regarding how to get this record."

JEFF NAUMANN, RCA (213-468-4055): "Be prepared for the best music Daryl Hall has ever put on vinyl with the help of the man who's everywhere these days, Dave Stewart. We're so sure about this record, we're blitzing the entire country with the 12" and CD single 'Dreamtime'...If you have any problem playing Hall And Oates, they will all be solved when you hear the new Daryl Hall. Street dates will be July 16, 17 & 18...You should all have the Eurythmics 'Revenge' Lp and if you're looking for additional cuts to 'Missionary Man' then put a blindfold on and play 'pin the needle on the head'...For some good commercial rock and roll, check out the 12" 'Frontline' by Long Island's Aviator...I love the new song by the Nails, 'Things You Left Behind'. If you've ever gone through a divorce or a loved one has left you, you'll relate to this song. The lyrics are great and it's a super song for mornings, too...Coming soon, a completely revamped version of 'Video Violence' by Lou Reed. You'll think it's a new song, and the remix makes 'Video Violence' completely compatible for the radio...Bruce Hornsby wound up his promotional tour in Texas. A good time was had by all, as usual. If you're not playing Hornsby by now, you're making a major mistake and I'd love to hear your excuse since this record's been a hit for every single station that's played it so far. You are also robbing your audience of hearing the best new act of 1986...Finally, whoever signs Iggy Pop's 'Blah-blah-blah' Lp produced by David Bowie, will have a veritable sucker."

BRAD HUNT, ELEKTRA (212-484-7200): "Boy, I guess they really know how to rock in California! Is it true that those tremors can change the timing on a Porsche?...To everyone in the Big Apple for the New Music Seminar: Welcome and feel free to help yourselves to the culinary delights offered by our street vendors. Just don't drink the water...Dokken is the hardest working band in rock 'n roll and after nine months on the road and the charts, the world tour continues (now with Loverboy through September) and 'It's Not Love' is taking aim on the top of the charts. 'Under Lock And Key' has sold over 700,000 copies and our cassette sales are growing everyday! Last year, Elektra ran an ad which took a few shots at a few acts who didn't exactly last on the charts for a long time. Well, we won't do that again, but the point still stands, Dokken is always there and thanks to almost all of you, hard work does pay off...The Call is on the radio 'Everywhere I Go' and all the non-believers are wrong!...Don't miss the chance to see the Cure live and find out what thousands of fans already know -- the Cure is great! Don't miss 'Let's Go To Bed' because your CHR competition won't...The best of the New Music is on Elektra: The Screaming Blue Messiahs, Guadalcanal Diary, Steps Ahead, Keep It Dark and Simply Red!"

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.
