GREGG ALLMAN BAND LP.....LOU GRAMM LP.....JOAN JETT.....BIG DISH.....THE SAINTS

#### GREGG ALLMAN BAND, "I'M NO ANGEL", EPIC

*A favorite here comes!*

The bottom line on the unusual pre-release teaser? Mission accomplished! -- and bet the transmitter that "Angel" will be next week's #1 Most Added track. Thankfully, producer Rodney Mills and promo vet-turned A&R man Michael Caplan have avoided the usual pitfalls inherent in bringing back a legend, and have delivered a diverse, classy contemporary album. There's ballads, blues, rockers and remakes, and like we told you last week, no living white boy can sing the blues like Gregg. In addition to the title track you'll want to give immediate attention to the respectful cover of "Don't Want You No More/Not My Cross To Bear", and put an ear to "Can't Keep Running" and "Anything Goes".

#### #1 MOST ADDED

SAMMY HAGAR/"Winner Takes..."  
102 ADDS/D-23 HOT TRAX

#### LOU GRAMM, "READY OR NOT", ATLANTIC

Judging from "Midnight Blues" second week stats: 44 play ups (#1 increases), 98 heavy/power reports, debut #6 Most Requested, 12 new, 134 cume, and that 13-5\* Trax jolt -- just about everybody's capitalizing on Lou's best rocker since "Urgent". If you're in the market for some real tasty blues/rock, and who isn't, you'll love "Ready Or Not's" stripped down, meat and potatoes posture. Simple guitar drenched arrangements and spellbinding percussion effects keep the spotlight focused on Lou, who consistently captures that universal dirty white boy angst like no other. We like the title track, "Heartache" and "She's Got To Know".

#### THE BARBUSTERS FEATURING JOAN JETT, "LIGHT OF DAY", EPIC

*Knock it for Franche*

From the opening "1-2-3-4", you just know Joan's primed for another explosive power driven rocker. Penned by the Boss, "Light Of Day" is a cadillac of a tune, and Joan's raucous rave up rendition is definitely in keeping with her "Bad Reputation". The upcoming flick, starring Joan opposite Michael (will he ever take that tie off) J. Fox, will insure a maximum cross-media profile. Already on ten including KTXQ, WQMF, KMJX, WAQX, WRKI and WXXP.

#### #1 ALBUM GAINER

GENESIS/"Invisible Touch"  
21-13 NATIONAL

#### THE BIG DISH, "SLIDE", WARNER BROS.

*The Big Hit.*

This week's left field pick-to-click easily goes to The Big Dish. This Scottish quintet's American debut is an absolutely haunting piece of pure popmanship that brings back memories of Ace's "How Long". Propelled by a relentless bass line, "Slide" offers an alluring blend of crisp keyboards, echo chamber guitars, and slick studio sounds. Added out of the box on The Loop.

THE SAINTS, "JUST LIKE FIRE WOULD", TVT  
When Bob Geldof recently pronounced The Saints "One of 3 bands to change Rock music in the '70's" you best pay attention. One of the original architects of 1976's primal punk movement, The Saints have dramatically refined their sound on this, their first American release in over 8 years. Formerly Top 10 in Australia, "Fire Would's" imaginative multi-layered instrumentation and gargantuan hooks make the latter-day Saints the freshest group to travel the independent route since The Smithereens.

## AUTOMATICS

Depth Trax From Established Albums

PAUL SIMON, "BOY IN THE BUBBLE", WARNER BROS.  
By now you've read the raves, seen the sales, and hopefully become a fan of Paul's daring and ground-breaking comeback album. "Boy In The Bubble" (the new 12"/7"/promo CD) is the track that's always made the most sense for the format, and with platinum plus retail and Paul's heritage with your listeners, it's virtually risk-free. Why do you think it's side 1, cut 1? New this week on KGB, WLAV, KKDJ, KNCN and 4 others, gaining 83-74\* Hot Trax.

BOB GELDOLF, "LOVE LIKE A ROCKET", ATLANTIC  
Here's the track to bust the album wide open. It's no wonder many picked "Rocket" as their fave at first listen -- Bob's Lennon-esque lead vocal, those baritone back-ups, Clapton's soulful guitar solo, and the song's entrancing uptempo groove make it a natural. Bang it -- like a rocket! Already at #80\* Trax.

JASON & THE SCORCHERS, "SHOTGUN BLUES", EMI  
"Golden Ball & Chain" was a big breakthrough for the band--Top 15 airplay, and a considerable cache of programmers offering unsolicited testimony to its noteworthy performance. The follow-up is a hell-bent, rip roaring rocker, set in motion by a wicked multi-guitar attack, and Jason's "desperation with a smile" vocals and harmonica. Rootsrock at its best from Nashville's finest. Already on at KUPD, WBRU, WDHA, WTPA, WMRY and KNCN.

PRETENDERS, "TRADITION OF LOVE", WARNER BROS.  
With two number 1 Trax from "Get Close" under their belt and all the tour hoopla, who wouldn't instantaneously support the new 12"? "Tradition Of Love" settles into a hauntingly beautiful groove, thanks to Robbie McIntosh's stunning axe work and Chrissie's breezy vocals enhanced by state of the art production wizardry. The end result is an automatic that more than lives up to the Pretenders proud tradition.

## REACTION RECORDS

Like the man says, 'if you wait for it, the finer things come shining through!'"

ESQUIRE, "MOVING TOGETHER", GEFLEN  
(22 New/22 Cume)...What snowstorm? Although the envious weather we've been experiencing in the Northeast slowed down this track's arrival, an impressive 22 managed to slide in icing a Most Added finish. "Moving Together" this week are WLLZ, WDIZ, WEGR, WLAV, WFYV, KKDJ, KBLE, WPYX, WKFM and KWIC to name a few. And now for some Esquire subscriptions...Kelly Cruise, WEGR, detects, "A truly unique sound with incredible vocals"...Kim Alexander, WHCN, admits, "It's growing on me fast"...Jim Pemberton, WLLZ, excites, "Very impressive!"...Curt Gary, WEBN, finds "Real potential"...Steve Becker, WKFM, "Yes fans, perk up!"...And Andi Turco, WPYX, heralds, "Tops on my list is Esquire. (20 New/92 Cume)...KTXQ, WDIZ, WBAB, WFYV, WMAD, WEZX, KDJQ, KQWB, WAOR, KWHL, and KSJO are among the new Willies stretching the cume to 92 and motivating a 44-36\* Trax surge. There's 8 play ups (WDHA, KBCO, WBYR, KFOG, WTKX) and huge phone action: 32 reporting Good to Excellent (CILQ, KRQR, KWIC, WEGR, WHFS, WKLS, WYNF, WPLR, KAZY, WHJY, WXRK, WRXL). Album Action shows a pair of #29 bullets. One mo' week and this "Willie" be closed!

DEEP PURPLE, "CALL OF THE WILD", MERCURY  
(20 New/49 Cume)...The DP Double Shot is comin' on like gang busters as evidenced by the 20 new spins (WLLZ, CILQ, WSHE, WDIZ, WTPA, WIYY, KLOL, KATT, WPYX, KILO, WLAV) and our #3 Trax Gainer 75-59\*. Much like track one, the calls on "Wild" are mounting fast and furious. Album Action shows this report's #2 Gainer 18-11\* National, and 12-11\* Metro. "Bad Attitude" remains active as 10 increase play (WAAF, KYYS, WAQY, KSHE, WAPL, KISS) holding the track at #17, while it continues to show strong audience demand, #7 Most Requested.

CONCRETE BLONDE, "TRUE", I.R.S./MCA  
(17 New/39 Cume)...Last week's #1 Buzzband is this week's #1 Trax Gainer, 98-72\*! Further proof that Rock Radio's puttin' up instead of shuttin' up - let's break more new artists! 17 concrete adds include WBYR, CFOX, WHCN, WKLC, WBRU, WEZX, KATP, WHEB and WHJY where Glenn Stewart sez "If 'new music is this year's Buzz phrase, then there's no excuse to ignore Concrete Blonde. The haunting melody adds necessary texture to any upscale sounding AOR"... and more...J. David Holmes, KUPD "True" is a real record that won't go away. Play it and your stations hip quotient will rise!"...Kim Alexander, WHCN "Johnette's got this great sultry voice and the lyrics are a great pick me up. Now sit back and watch this thing take off!"...and Joe Marino, WAQY simply states "'True' sounds great on the radio". The Lp debuts at #49\* National, #50\* Metro.

JULIAN COPE, "WORLD SHUT YOUR MOUTH", ISLAND...(16 New/91 Cume)...Julian's been mixin' it up with the big boys in the Most Added column since we've resumed biz this year, and with no end in sight, expect 'World' to go the distance! Amidst the 16 new are heavies WLLZ, WAAF, KLOS, WYNF, KISW, WKDF, WBAB, WSHE, KROQ, KLBK, KAZY and WFYV expanding the cume to 91 and boosting the track 42-35\*. The cut is performing: 20 report Building phones (KILO, WPYX, WKFM, WRXK, WTPA, WAAF, WAPL, WRCN) with four Top 5's (CILQ, WMAD, WTKX, WUVA); while a dozen report Building phones and sales. The Album lunges 38-35\* National, 40-35\* Metro.

ERIC CLAPTON, "AUGUST", DUCK/WARNER BROS.  
(15 New/90 Cume)... "Miss You" is the obvious new emphasis track as 15 add this week (KSHE, KYYS, KAZY, KZEW, KSJO, WIOT, WLUP, KDJQ) bolstering the cume to a hefty 90 and generating our #4 Trax Gainer, 40-25\*. Ten increase play (WQFM, KLOL, WCMF, CILQ, WDIZ) and 40 are playin' in heavy/power. "Tearing" holds the #4\* spot, #10 Most Requested, and continues with clout as 16 increase play (WIYY, WGTR, KGON, WNEW, KYYS, WHCN, KOMP, WZZO, WFYV), while "Run" scampers 87-83\* Trax. Album Action unveils a hot pair of bulleted 1's!

CROWDED HOUSE, "DON'T DREAM IT'S OVER", CAPITOL...(15 New/50 Cume)...Despite being arguably the most over looked track of '86, this sophisticated ballad is quickly becoming one of the most talked about in '87. And as anticipated, radio is ready to bust this record wide open as evidenced by the #10 Most Added showing headlined by KDKB, KSJO, WHJY, WLWQ, WKDF, WEZX, WIOT and WWCK and the wealth of programmer raves... Jim Steel, WIOT sez, "I'm sure it will become an allstar"...ditto Robin "This one's gonna break big" Mathieu, WBLM...WHJY's Glenn Stewart steps up, "Now that we're convinced it's going to come through we'll pound it and the timing is right for other AORs to do likewise." With nine play-ups to go along with 11 considering/close mentions, that 53-47\* Trax move is a mere ripple compared to the oncoming chart tsunami.

THE KINKS, "LOST AND FOUND", MCA  
(15 New/38 Cume)...With their latest emphasis track finding a plethora of new homes (nearly doubling its cume) in what technically is its first active week, it's clear that the Kinks haven't lost that magic touch. Among this report's #10 Most Added tally are new commitments from DC-101, KOME, WRIF, CILQ, WHEB and KILO, prompting superb 76-62\* Hot Trax improvement...DJ Bird, WXXP offers this advice, "'Lost And Found' is going to be a classic so play it now." Heed these words!

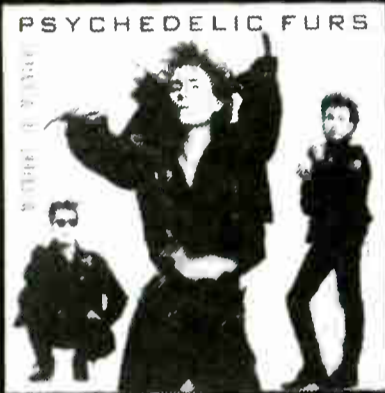

WAYSTED, "SAVE YOUR PRAYERS" LP/"HEAVEN TONIGHT", CAPITOL...(15 New/19 Cume)... Following a week of excellent raves Waysted impacts this week with an impressive 15 newcomers (KSHE, WHJY, WTPA, WHTF, KDJQ, WDHA, WRCN, WAQY, KWIC) and lands on the Trax Chart at #98\*. ## VINNIE VINCENT, "No Substitute", CHRYSALIS

(13 New/42 Cume)...Damned if this former Buzzband isn't rapidly becoming one of the more pleasant surprises for many a programmer. The brow-raising, double-digit add pull including WHJY, KUPD, KQDS, WFYV, KATT, KICT and WKLC is proof enough, but just take a gander at the multitude of folks who are stoked, like Ron "This is mass appeal" Garrett, KDJQ...Lex "Best night record out right now" Staley, WFYV...Tom "Hot tune" Scheppe, KISS...Magic "Vinnie's a winner" Mike, KLAQ...Wayne "Excellent axeshun" Summers, WRCN...Alan "Tremendous power ballad", White, KILO...KQWB's Ty Banks advises "Expect many phones"...Gaining 100-88\* Hot Trax as nine more consider.

## GENESIS, "TONIGHT, TONIGHT, TONIGHT", ATLANTIC...

(12 New/95 Cume)...The night may belong to Michelob, but "best product marketing concept" honors belong to Genesis. Hell, this one was saturated before the 12" was even released! Album radio's only recourse is to provide airplay in abundance and among the latest to take advantage are KMET, KBCO, KQDS, WCMF, WAPL and WEZX, prompting chart moves of 21-15\* Trax, 21-13\* National (our #1 Gainer) and 19-16\* Metro. And do those listeners love it. Witness 10 Top 5 phone reports and 14-12 Most Requested improvement. With the 12" remix now at radio, this one will reach the summit! Next.

Metro. Phones? You bet your switchboard: 26 excellent/good reports. With Iggy melting the stage as an opening act for the Pretenders, our advice is add if you're not on it, increase if you are.

## BOSTON, "CAN'TCHA SAY", MCA

(12 New/87 Cume)...Following in the footsteps of its predecessors, "Say" gains Top 20 airplay and #11 Most Requested status (that category's highest debut) thanks to another big week of adds and increases. Among the new are majors KTXQ, WNEW, WLLZ, KQRS, KYYS and KSJO, while KGON, KLOL, WBAB, WFBQ, WYNF, WEBN, WHCN and WSHE head the list of 13 play-ups. As the Lp holds at #3\* on the Album Action charts, 35 locations supply max air and 29 bang it at heavy. It's close out time.

## REO SPEEDWAGON, "THAT AIN'T LOVE", EPIC

(11 New/121 Cume)...Combined with last report's OTB add avalanche, the fresh spins provided this time (KTXQ, KRQR, WQFM, CFOX, WKDF, WRFX, WIMZ) have the Speedster's latest all but closed in two short weeks. And with added impetus from our third ranked 27 increases (KYYS, WLLZ, WKLS, WFBQ, KUPD, KSHE, WHCN, WSHE) it leaps 20-11\* Hot Trax, with Top 10 airplay guaranteed for next week...Bob Kranes, WXRK predicts, "That Ain't Love" is going to be around for a while"...And we're with KLOL's Dayna Steele, "You can't go wrong with REO Speedwagon's latest". Can you say power?

## RIC OCASEK, "KEEP ON LAUGHIN'", GEFLEN

(11 New, 48 Cume)...Album Radio can more than deal with Classic Ocasek and this week "Keep" is new at WBYP, WKLS, WPDH, WGTR, KEZO, KBAT and five more, motivating a 52-45\* move on the Hot Trax 100. Early power airplay is provided by KGB, KISW, WLIR and WXXP, while 11 more currently rotate it in heavy. Ric is a format staple and "Keep On Laughin'" embodies his signature sound. Give it the airplay it deserves.

## LONE JUSTICE, "I FOUND LOVE", GEFLEN

(11 New/37 Cume)...We found a bunch of new commitments this week paced by KLOS, WSHE, KTXQ, KFOG, WKFM, KPOI and WWZU. And, as KGB and WKQQ provide early max airplay and seven more rotate in heavy, "Found" soars 68-60\* Hot Trax. We think it's time Justice was served. This rocker works Add it.

## LOS LOBOS, "SHAKIN', SHAKIN', SHAKES", SLASH/WARNER BROS...

(10 New/112 Cume)...A very pumped Ken Anthony, KSJO takes center stage... "By The Light Of The Moon" is a stunning masterpiece which combines the spirituality and street level all-American rock n' roll that is so popular today...It touches all the right emotions...easily one of the best albums of 1987, even in January. And like fine wine, this album should get better with age, becoming a landmark effort for the band, and even more so, American music in general..."...The numbers reflect the enthusiasm: new at KLOS, WRIF, WLAV, KOMP, WAAF, WRFX, WWCK, KPOI, WIMZ, KGRQ; up at 15; 19-13\* Trax; 23-16\* National, 25-18\* Metro (#2 & #3 Album Gainers, respectively); 34 excellent/good phone mentions...whew!

## BRUCE HORNSBY, "MANDOLIN RAIN", RCA

(10 New/108 Cume)...The Virginia hit machine is at it again, and as predicted last week, "Rain" bags a bundle of adds and ups prompting a move into the Top 10. That butt-kickin' 14-8\* Trax move and the 5-4\* Metro surge is motivated by fresh spins at WMMR, KMET, KISW, KLOS, CHOM and five more combined with our fourth best 24 increases (WBYP, KYYS, KSJO, WYNF, KSHE). Top 5 phones at six, it's getting max airplay at 56, heavy exposure at 34. That's just the way it is.

TINA TURNER, "WHAT YOU GET IS WHAT YOU SEE", CAPITOL...(10 New/10 Cume)...There's no reason why Hit Radio should have a format exclusive on one of Rock's greatest natural resources, and when another Rock Legend, Slow Hand himself, joins the party...prepare for sonic meltdown. Check out the new remix already playing on 10: WHEB, WQBK, WWCT, CHEZ, KWIC, KRQU, KATP, KRNA, KFMG and KFMH.

## BUZZBANDS

The Most Talked About New/Developing Artists

CHINA CRISIS "ARIZONA SKY", A&M

The "China Crisis" has arrived and by virtue of nine new adds earns #1 Buzzband honors and debuts on the Trax chart #97\*. Among the newcomers are WFBQ, WLAV, WHFS, WBGK, WWZU AND CHEZ joining the already playing list of KFOG, WMAD, KBCO, WXXP, KRQU and seven others. This track has primo upper demo rock appeal...and album radio's sky high...Aris Hampers, WLAV "Very strong!"...Doug Clifton KBCO "Great hooks" ...Don Berns, CFNY "A proven hit here!"... John Cooper, WQBK "Real strong!"...Alison Stewart, WBRU "Strong female appeal".... Joe Marino WAQY "Beautifully textured" and Patty Martin, KMBY finishes "Great melodies."

THE HOUSEMARTINS, "HAPPY HOUR", ELEKTRA  
CFNY's Don Berns calls them "The Smiths of 1987" and with their solid adventure/alternative foothold and 60,000 units sold, he couldn't be more on target. But if you think The Housemartins offer no mainstream potential, you're dead wrong. "Happy Hour's" already busting out of Boston, thanks to heavy play on WBCN and WAAF, with solid rotation reported at WFNX, WBRU, WHJY, WQBK, WXRT, WXRK, WLIR, WHFS, WHEB and KCGL. The new 12" is 2:17 of intricately arranged pure pop joy. Get happy!

THE MISSION U.K. "WASTELAND", MERCURY

An offshoot of England's Sisters of Mercy, The Mission U.K. traverse that same dark, forboding, other side of midnight musical territory that The Doors and Lords Of The New Church once covered. Lead singer Wayne Hussey's rare baritone sneer and Simon Hinkler's trance-inducing guitar solos and harmonics give "Wasteland" a brooding yet dynamic quality. A natural for alternative/progressive AOR and beyond. Already on WHFS, WLIR, WFNX, 91X and KTCL.

BLUE YONDER "WINDSONG", ATLANTIC

Ms. Stewart's second vinyl outing is certainly a soul-stirring performance with quality production and that familiar vocal appeal which has radio buzzing. KLOL's Dayna Steele is excited: "I get the same reaction from Blue Yonder's "Windsong" that I got the first time I heard Sandy Stewart sing---I get chills up and down my spine.

I just love the way this girl sings!" "Windsong" is just out and already on WXXP, KRQU, KBLE, AND KLOL. Look for immediate alternative airplay, followed by Rock Radio Reaction.

BROKEN HOMES "STEELTOWN", MCA

WDHA, WMGM, KRQU, WEQX AND KLPX go to "Steeltown" this week as all that first week chatter is now translating to some serious airplay! This week there were more comments regarding radio's "original choice" of this track upon the album's release and with a whopping 39 considering detonation is right around the corner. Ron Nenni, KOMA is jacked "I love it, fresh rock n' roll!"...Kelly Cruise, WEGR confirms "Best Track on Lp".... and Carter Alan, WBCN sez "Good AOR track." Looks like this double shot's ready to fly!

THE C.S. ANGELS, "THE CUTTING EDGE", ISLAND

Don't expect this one to eject you from your chair while you're doing paper work. But devote your undivided attention to listening to this track and let its subtle seductive hooks take you to a very interesting place. Suave like Roxy Music, and classy like Talk Talk, C.S. Angels create thinking man's music for the late '80's. Hear it on KBCO, WEQX, WHFS, WFNX, KZEL, KFMH, KBLE and WRAS.

IN PURSUIT, "ONLY FOR YOU", MTM RECORDS

This power pop trio is certainly no stranger to danger. They've opened for REM, Mr. Mister, and Starship, headlined their own national club tour, and recieved ample video exposure on their previous project "Losing Control". Their latest effort finds In Pursuit paired with producer Steve Churchyard (Pretenders, INXS) for a tasty versatile piece that features an uplifting vocal face-off between lead singer Emma and guitarist Jay Joyce. Already on WKDF, KRIX, KRQU, KZEL, KATP, WONE, WRAS, WEQX, KBLE and WTOS.

STRANGLERS "ALWAYS THE SUN", EPIC

Take it from WHJY's Glenn Stewart: "If new music is this years "buzz" phrase there's no excuse to ignore Stranglers "Always The Sun". This is a haunting melody that adds the necessary to any upscale sounding AOR". This "Sun" is about to rise as this weeks checklist revealed an impressive 31 stations considering. It's up at 4 (KBCO, WDHA, WHFS, KRQU) and new at 3 (KNCN, WHJY, KATP) generating a 86-82\* ride on the Hot Trax 100. It's time to take the Stranglers serious!!

BRIGHTON ROCK "WE CAME TO ROCK", ATCO

There's more rockers out there this week as evidenced by fresh spins this week at 4 (WOUR, WAPL, WIXV, AND WBEN) and rotation increases at 2 (KISS, KRQU). The "Buzz" is for real with this band as substantiated by our checklist which uncovered 24 considerations. "We came to rock" is new to the Hot Trax 100 at #100\*. WAPL's Brian Taylor nails it: "Following on the heels of bands like Bon Jovi and Cinderella, Brighton Rock has the looks, raw edge sound, and of course the management to go a long way!" We couldn't agree more...

HIPSWAY "THE HONEYTHIEF", COLUMBIA

Lookin' for some hip-hop-be-bop-finger-poppin'-blue eyed soul...then get wise to "The Honeythief"...the guys across the street are. Just barely out and already on 15 quality stations (KBCO, WHJY, WBYR, WDHA, KNCN) with another 27 considering. It's 99-96\* on the Hot Trax 100 and many a programmers fave...WLIR's Larry "The Duck" Dunn quacks: "Hipsway's 'The Honeythief' was screamer of the week as an import 12" back in April of '86...we had a field day with 'The Honeythief' and so did the clubs." Doug Clifton, KBCO shouts "Should be a hit" and Russ Mottla, WAAF agrees "Multi-format hit!"

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts.

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets, as defined by Arbitron.

PRESENTS

# DIRT ALERT!

We are pleased to announce the addition of Amy Grosser to the FMQB Album Report Team to further strengthen our commitment to the Radio and Music Industries. Many of you know Amy from her previous positions in the Music/Programming Departments at WMMR, Philadelphia and WNEW/FM, New York.

Her research and music skills will be an asset to the continuing expansion of information we provide. She can't wait to talk to you!

## WQFM HIRES HOBART AS ASST. PD

FORMER WAPP, NEW YORK, MD/PM DRIVER CHIP HOBART has joined WQFM, Milwaukee, as Asst. PD, replacing Dana Brown who exited three weeks ago to program KZEP, San Antonio. Chip may be new to 'QFM, but he's certainly no stranger in the house--he first worked with PD Greg Aushum at KDWB, Minneapolis, in the early 80's, and his experience with 'QFM GM Ralph Barnes goes back to their days together at WOKY, Milwaukee.

Most recently a late-night talent at WHTT, Boston, Chip joined WAPP for its "commercial free summer" AOR start-up in 1982, leaving shortly after the format change in '85. From 1981 to '82 he jocked at WLUP, Chicago. "What goes around comes around," Chip told FMQB. "It's such a thrill to be working with these people again. In rebuilding 'QFM we have our work cut out for us, but it's a very positive challenge, and there's a great deal of pride that comes with a heritage station like this that has been committed to AOR for 14 years. Let's just say we're under construction."

Any truth to the rumors that Milwaukee will host a third AOR now that Taft has taken over WBCS AM/FM from Great Trails???

## MILES UPS TO KOME ASST. PD: LINDSEY KZEW ACTING MD

KOME, SAN JOSE, 6P-10P PERSONALITY LARRY MILES has advanced to Asst. PD. A three-year KOME air staffer, Larry has worked as an air talent at KLPX, Tucson, WEZX, Scranton, and WMJQ, Rochester. He retains his 6P-10P airshift.

Reflecting on the new assignment, Larry told us, "I've been working with (PD) Ron Nenni in the Programming Dept. for over a year now, and this is the kind of position I've been looking forward to for several years. To be offered this opportunity with a company like Infinity, well, it goes without saying that I

accept it with a great big grin, and we look forward to continuing our dominance in the market."

The appointment follows the departure of MD/air talent Candi Chamberlain and a revamping of KOME's air line-up.

AND: The big question on everyone's mind is where will former KBPI, Denver, MD/PM driver Lynn Wells re-surface in Bay Area radio??

AS KZEW, DALLAS, REBUILDS FROM THE GROUND UP, the station has called on afternoon driver Tempie Lindsey to serve as Acting MD. Part of a 3-tiered music team that also includes KZEW music consultant Jon Sinton and air staffer Summerfield, Tempie's role includes acting as liaison between labels and The Zoo. Summerfield is in charge of KZEW's computerized music management system.

Tempie, a former MD/air talent at KISS, San Antonio, and KTXQ, Dallas, is fielding music calls on Mondays, 10A-12N, Texas time.

## KMET TAPS GOLDSTEIN AS PROD. DR.

FORMER WNBC, NEW YORK, PRODUCTION ADMINISTRATOR PAUL GOLDSTEIN has joined KMET, Los Angeles, as Production Director. "Paul will handle all aspects of our on-air promotion including image, personality, and contest promos," KMET Director of Programming Frank Cody told FMQB. "Paul produced several NBC Entertainment Specials and has further demonstrated his talents by winning three first-place awards for his WNBC promos. With the big plans we have in 1987 for Metropolitan Broadcasting, I'm thrilled to have one of radio's best 'Cinematographers' contributing to this 'film' I'm directing."

Prior to his stint at NBC, Paul headed up the Production Department at WPIX, New York; cleared syndicated programming for Narwood Production; produced the morning show at KOGO (now KLZZ), San Diego; and was the Asst. Program Director at KPRI, San Diego. Goldstein has also headed his own production company, REP, Radio Entertainment Productions.

## WXRT'S FAREWELL TO LYONS: "HOIST UP THE JACK DANIELS!"

SHORTLY AFTER LEARNING THAT ELEKTRA CHICAGO PROMO/MARKETING MANAGER BARRY LYONS was L.A. bound (to take the VP Promo position at I.R.S. Records), WXRT, Chicago, PD Norm Winer and MD Lin Brehmer penned this farewell tribute to the Doctor. We've reprinted the lyrics

## "SLOOP JOHN JD"

(sung to the tune of The Beach Boys "Sloop John B")

"He came in from Buffalo  
you thought he was a big schmo  
but then he became a Cubbie's fan  
drinking all day, smoke a few Js  
we feel so broke up, Barry's gone to L.A.  
so hoist up the Jack Daniels  
slap on a pair of sandals  
call for the tracking in every market you know  
buy some new shades, maybe get laid  
we feel so broke up, The Doctor's gone to L.A.  
pro wrestling won't be the same  
Metallica's changing their name  
the future of Timbuk 3 was never so bright  
we'll miss his cats, not to mention his hats  
we feel so broke up, Barry's gone to L.A."  
(chorus, refrain)

But seriously folks, Barry will be in place at I.R.S. February 2, after nine years with Elektra as Promotion/Marketing Manager--5 in Chicago, 4 in Buffalo. He told FMQB, "It is with considerable regret that I leave the finest city and the finest radio community in America. I look forward to continuing relationships with old friends, and meeting a lot of new ones. You may be able to take me out of Chicago, but don't count on taking the Chicago out of me."

Look for Barry's thoughts on making the transition from regional to national promotion in next week's DIRT ALERT!

Replacing Barry in Chicago is Elektra Detroit/Cincinnati Promo/Marketing Mgr. Louis Heidelmeier.

## SWINDEL AND STACY TO JOIN VIRGIN

YES, THERE IS STILL HOPE FOR ANOTHER "LONG AND SHORT OF IT" CALENDAR from Jim Swindel and Phil Quartararo. The two will soon be reunited when Swindel joins The Young Virgins, from Island, where he currently holds the VP Sales/Merchandising position. Swindel's experience with Virgin Directors Jeff Ayeroff and Jordan Harris at A&M, and his knowledge of the WEA and Atlantic distribution systems, made him the logical choice. Look for Jim to stay on with Island through the release of the new U2 album in March.

In other Virgin news, KNCN, Corpus Christi, Asst PD/MD Bonnie Stacy has joined the new American-label for Southwest promo duties, based in Dallas. Also enlisting are:

- \*20-year music/promotion vet Jerry Hall, covering North Central promotion out of Cleveland.
- \*Former Columbia Atlanta R&B promo rep Cledra White for Northeast promo, headquartered in New York
- \*Ex-WUNH, Durham, NH MD Todd Bison to National College promotion.
- \*Former I.R.S. Midwest promo ace Phil Costello to Midwest promotion.

One of Virgin's first releases to Album Radio will be the much anticipated debut release from The Cutting Crew.

## BAUMGARTNER NEW COLUMBIA NAT'L AOR DIR.

EIGHT-YEAR COLUMBIA SAN FRANCISCO PROMO MGR

BURT BAUMGARTNER has gone national, upping to Columbia Director National Album Promotion, based in New York. He reports to VP Promo, Paul Rappaport.

"My job is to be the phone and road dog," Burt told Dr. Dirt. "I'll be in touch with all the AOR stations across America so they have a friend at Columbia records in New York"

Burt started in the biz in 1973, working with Rick Carroll at AOR hybrid KNDE, Sacramento. Later that year he helped engineer KSFM, Sacramento's AOR start-up; the station debuted with a 22 12+ share. In '76, as Asst PD/MD at KSJO, San Jose, Burt helped return the station to its original Album Rock format. From '77 to '79 he covered Denver promo for RCA Records.

## WILLIAMS TO QUANTUM; SCHOENBERGER FORMS FOCALPOINT

NINE-YEAR EMI PROMO EXEC DICK WILLIAMS is slated as Exec VP/GM of Quantum Media Inc., the new label being formed as a joint venture between MCA and former MTV Exec Bob Pittman. The new label, readying offices in New York and L.A., plans its initial release in April or May.

FORMER MCA VP ALBUM PROMOTION JOHN SCHOENBERGER has set up FocalPoint Marketing at 818-894-2138. Commenting on the new venture, John told FMQB, "There's a large network of small independent tastemaker retail accounts where you can get your first indications of what impact early alternative radio airplay is having. Not all of these accounts necessarily have direct day-to-day contact with the record manufacturers. I hope to instill some enthusiasm into those accounts on the newer acts, as well as help move product on the newer acts. FocalPoint isn't so much a tracking service, as it is learning to read what areas of the country are best suited to which projects, and how to make that next marketing step."

FocalPoint's first project? The upcoming soundtrack from John ("Pretty In Pink") Hughes' new film, "Some Kind Of Wonderful."

## RADIOACTIVE

NEW ORLEANS, A MARKET THAT HASN'T HAD AN AOR STATION SINCE THE 70'S, will soon be getting a little taste of the format. Classic rocker WCKW plans to implement a couple of currents per hour, according to PD Dennis Carlton. Labelling the station a Classic Rock/AOR hybrid, Dennis told FMQB he'll be cutting back on some of the station's library depth, replacing it with as many as three currents per hour by the Spring book.

LOOK FOR KNCN, CORPUS CHRISTI, OP MGR PEPE LOPEZ to temporarily take the place of Asst PD/MD Bonnie Stacy when she departs for Virgin Records.

WE STAND CORRECTED: Last week we incorrectly reported that WDI2, Orlando, had dropped B/A/D/E and signed on with Jeff Pollack. WDI2 has in fact hired JPC, but also retains the services of B/A/D/E.

JEFF POLLACK IS NOW CONSULTING WPHD, BUFFALO. 'PHD had been consulted by John Gorman until last December. The station is evolving away from its hybrid format toward a pure CHR approach.

NEW ATLANTIC CITY ADULT ROCKER WZXL has appointed Barbara Voight to Asst PD/afternoon drive from sister station RI-104, Providence.

EVERYONE AT FMQB offers their deepest condolences to the family of Bob Lewis, aka Bob A Lou, who passed away January 23 from complications following a long bout with pneumonia. One of the original WMCA, New York Goodguys, and former all night/swing announcer for WABC, New York, in their heyday, Bob was last associated with WNEW-FM, New York. For the past 10-15 years Bob had been the voice of Showtime, Downey, Colgate, IBM, Ford, Certs and others.

## GABBING WITH GELDOF

Bob Geldof called FMQB shortly before press-time from L.A. where he was in the middle of a west coast promo tour. Here are some excerpts from Paul Heine's interview with Sir Bob:

### ON THE NEW 12", "LOVE LIKE A ROCKET", AND ERIC CLAPTON'S CONTRIBUTIONS TO THE ALBUM:

"Rupert Hine did it. The song itself is just a groove, a shuffle. It's a nice twisting song...I think Clapton's guitar playing on the 4 tracks on my album is better than on his album. I don't know what happened, I think I got him at a great time. His playing on 'Rocket' reminds me of that shuffle he did just after Cream."

### ON WRITING "LOVE LIKE A ROCKET" WITH DAVE STEWART:

"We wrote that late one night in California. Dave and I are the Brothers of Doom. I'm Dick Doom, Dave is Ray Doom. So the Brothers of Doom had a night on the town, and we came back none too good for the wear and we were playing around with the acoustics and we started into that riff and it was very infectious. It was a good combination. Do you remember 'Waterloo Sunset' by the Kinks? You know, (he sings) 'Terry meets Julie every Friday'...That was one of my favorite songs ever, and I always wondered what happened to those two kids who I always imagined standing at a Waterloo bridge watching the sun go down. Bright young things in a brave new world of the '60's and this is just what happened to them in the 20 years since. And that's why I said 'the Waterloo Sunset don't work for her anymore.'" It's just what happened to them. They both grew up..."

### ON TOURING AND REESTABLISHING HIMSELF AS A MUSICIAN:

"I've put a band together and we'll probably tour in the summer. I really want to see the record get away, and I want people not to come out of curiosity, which will be a problem with me, but to come because they like and know the music. It's really not so much the media image, it's their image of me, because they took part in this massive thing. It really comes down to getting them to come out and see my job as a pop singer. If they look on my passport, it says "Occupation: Pop singer". There's about 4 singles on the record still to go, so I want to get a couple more away and then come out."

ON HIS NEW BOOK, "IS THAT IT": "It's an autobiography, and much to my surprise it got incredible reviews and just won a big literary prize in England. In fact it's been put on the new syllabus for next year for the literature course. It makes me feel good, but what would make me feel better would be to have the same result with the record."

### ON CURRENT MUSIC HE LIKES AND MUSIC TRENDS:

"Talking Heads, who I think are probably the most influential band in American pop music in 15 years. Anita Baker, Peter Gabriel. I think there will be a change very shortly and I think it will be a sociological change like what happened in '75 or '76. I keep looking at all the people that are selling records and getting awards and they're all 40 plus, and I'm not complaining about their age, but what I'm saying is that there must be 15 year olds in garages and clubs playing stuff that is new. And it doesn't seem to be encouraged. What happened in '75 and '76, with Blondie, Ramones, Talking Heads -- that was the first explosion of American style in pop music and was very important. And the same thing needs to happen again, because only from that do you get the bands which populate the charts."

## LATEST FROM THE LABELS

ROCK OVER LONDON PLAYLIST

Show airing internationally during week of February 8...four more stations join our worldwide line-up this week: WNPT, Tuscaloosa, Alabama...105 FM, Charleston, West Virginia, WZRZ AM, Jackson, Mississippi, and KSND, Springfield/Eugene, Oregon.

DAVE EDMUNDS/"Girls Talk" (US Columbia)

Dave The Guitar returns with what amounts to a live greatest hits album - ROL will be interviewing him soon, meanwhile here's the in-concert version of his 1979 UK smash recorded at Roseland, New York.

ELVIS COSTELLO/"Blue Chair" (Imp)

Not entirely coincidentally, the man who wrote "Girls Talk" is our next featured artist, with his new UK single, a re-recording of the song that first appeared on his "Blood And Chocolate" Lp.

THE SMITHS/"Shoplifters Of The World Unite" (Rough Trade)

The Police Federation in England don't care much for the lyrics of this one but it's another certain hit for Morrissey and Co, produced this time by the band's guitarist Johnny Marr.

PAUL YOUNG/"Why Does A Man Have To Be Strong" (CBS)

The third single from his "Between Two Fires" Lp and an important one, as "Wonderland" and "Some People" both fared disappointingly in Britain.

LOVE AND MONEY/"River Of People" (Mercury/Phonogram)

We first played this Scottish band in June last year when their single "Candybar Express" was produced by Andy Taylor; here's a remix of a song from their debut album.

THE ROCK OVER LONDON TOP FIVE

1 (3) UB40/"Rat In Mi Kitchen" (Dep); 2 (-) Dead Or Alive/"Something In My House" (Epic); 3 (-) Siouxsie and the Banshees/"This Wheel's On Fire" (Polydor); 4 (4) The Mission/"Wasteland" (Mercury/Phonogram); 5 (-) Curiosity Killed The Cat/"Down To Earth" (Mercury/Phonogram).

This week's interview is Part One of an exclusive interview with Paul McCartney (more details below) The Rock Request is Gerry Rafferty's "Night Owl".

As mentioned, this week ROL features part one of an exclusive interview with PAUL MC CARTNEY, discussing some of the aspects of his private life he doesn't often say much about. For instance, that story that appeared in some of the less trustworthy British newspapers recently about PAUL'S Jaguar being destroyed in an explosion and Paul narrowly missing death - well, he reveals the truth about that and it's a long way from the version we all read. Macca also talks about the trials and tribulations of being famous ("Maggie has to put up with more than I do", he says) and in part two next week, he lets on about the job he'd like to do if he wan't a musician. Compulsive stuff from a fascinating talker.

ROL also spoke this week to the near-legendary British hitmakers THE HOLLIES, who've just stepped out on a massive UK tour in their 25th year on the road. Paul Sexton spoke to two of the band's three remaining original members, Tony Hicks and Bobby Elliott, and found them just as enthusiastic as ever. They've just released a new single on EMI, "This Is It", and Tony says it's looking like there'll be an album later in the year. He says there's even a chance they might hook up again with their former member GRAHAM NASH some time in the future. GRAHAM of course rejoined the band temporarily for their 1983 album "What Goes Around" which included the US hit "Stop! In The Name Of Love". The band now features three new, younger members and there's plenty of life in the chart veterans yet - maybe their tally of 29 British hits (including 17 Top Toppers) will increase even further.

We really had a busy week of interviews...ROL were the only people Dave Edmunds talked to before he headed off on his six-week US tour. The results will be on the show in two weeks, but among many subjects Dave revealed that the 1983 Roseland, New York show that's partly featured on the new live album "I Hear You Rockin'" featured guest appearances by BRUCE SPRINGSTEEN and BRIAN SETZER. Sadly, contractual restrictions mean they can't appear on the record. Dave also revealed to us that he'll be teaming up with THE FABULOUS THUNDERBIRDS again to produce their next studio album, which they'll begin in April in Nashville. Dave is also thinking about his next studio Lp, but he says he intends to "take his time" on this one.

Latest additions to the bill for International AIDS Day are THE PSYCHEDELIC FURS, who'll play Wembley Arena, possibly on April 1, which will mean they'll have to fly back from a gig in Milan the previous evening. Also on the bill will be THE BLOW MONKEYS and ASWAD. However, Virgin have denied that PETER GABRIEL will appear, their spokeswoman says that PETER won't be free on that day. The PET SHOP BOYS, ALISON MOYET and PAUL YOUNG have all promised to help even though they'll all be on world tours at the time.

Expect a strong debut album this year from new signings to WEA, THE WEATHER PROPHETS, whose excellent indie release "I Almost Prayed" was featured on Rock Over London last year...the label has also signed the former member of THE SPECIALS, STAN CAMPBELL.

With SIMPLY RED about to burst back into action with a British tour and their new album, lead singer MICK HUCKNALL can't be too happy about the appearance of an Lp of old recordings featuring him as lead singer of THE FRANTIC ELEVATORS. The "Early Years" Lp is available in the UK only by mail order and features three songs never before released.

Final figures for the entire year of 1986 revealed these to be the five bestselling singles of the 12-month period: 1 "Don't Leave Me This Way"/THE COMMUNARDS; 2 "Every Loser Wins"/NICK BERRY; 3 "I Want To Wake Up With You"/BORIS GARDINER; 4 "Living Doll"/CLIFF RICHARD and the YOUNG ONES; and 5 "Chain Reaction"/DIANA ROSS. In the album bestsellers, MADONNA'S "True Blue" came out on top, followed by DIRE STRAITS "Brothers In Arms", the "Now That's What I Call Music 8" compilation at three, PAUL SIMON'S "Graceland" at four and "Whitney Houston" number five.

## MUSIC NEWS

Continued From Previous Page

Last week's Lp chart, Meanwhile, had KATE BUSH still sitting pretty at number one with "The Whole Story", and "Graceland" still hanging tough at two. The week's highest new entry came from DEEP PURPLE, straight in at 10 with "The House Of Blue Light". That marks the 18th chart album of their career in the UK, and the ninth to make the top ten. There were only two other new entries on the entire Top 100; the Electro compilation "Street Sounds Crucial Electro 3" at number 41, and a budget price re-issue of PAUL SIMON'S "Greatest Hits Etc" at 73. On the subject of PAUL'S back catalogue, by the way, we note with some amazement in view of his extraordinary British success in the last few months that his first four solo albums, including even "Still Crazy After All These", have been deleted on record. Surely there are thousands of new PS fans just dying to dig into the back catalogue?

We feature that new ELVIS COSTELLO version of "Blue Chair" on this week's ROL, and the release is very good value for his many fanatical followers, because the B-side is another re-recording, a "Twilight" version of the fine song from "King Of America" called "American Without Tears". The 12-inch features a brand new song, "Shoes Without Heels".

XTC fans get a real treat on the 12-inch of their new single "The Meeting Place". It also serves to demonstrate the band's obvious dissatisfaction with the producer of their "Skylarking" Lp, TODD RUNDGREN, because the 12-inch includes no fewer than four extra tracks that RUNDGREN wouldn't allow onto the album: "Terrorism", "Find The Fox", "Let's Make A Den" and "The Troubles".

MARC ALMOND'S new UK single is "Melancholy Rose"...THE SPECIALS features on one of the latest releases in STRANGE FRUIT'S "Peel Sessions" Eps with a session recorded in 1979...WORLD PARTY'S UK release of "Ship Of Fools" features the new song "World Groove (Do The Mind Gorilla)" on the B-side and the 12-inch also features "Nowhere Man".

Newspaper reports that Channel Four's rock programme "The Tube" was coming off the air have been denied in the strongest terms by C4's head of youth programming...the speculation began after Jonathan King wrote it off in a newspaper article and although the presenters themselves then hotly refuted his claims, JOOLS HOLLAND did not exactly help their case when he swore during a live early evening promo for the show and was promptly suspended by the channel bosses.

London Thams TV begins a new rock series next month called "Meltdown". The hour show will initially run for 10 weeks and like Top Of The Pops it will air on Thursdays...however, this is a late-night show and it

aims to achieve a concert atmosphere with a live audience and a "Tube" style of presentation (hopefully without the swearing!). Among the artists who'll be featured are GO WEST, NIK KERSHAW and BIG AUDIO DYNAMITE.

KIRK BRANDON'S BAND SPEAR OF DESTINY, who enjoyed a small measure of lower chart activity in Britain in '83 and '84, are back with a new deal, on 10 Records, and a new single called "Strangers In Our Towns". They're touring Britain in April.

The STYLE COUNCIL'S new album "The Cost Of Loving" is out on February 2 with eight tracks including their current hit "It Didn't Matter". Meanwhile the band hope that their 33-minute film "Jerusalem" will be getting airings on TV and in the cinema soon. It may also be shown during the COUNCIL'S upcoming tour.

If the Liverpool band THE CHRISTIANS don't score a British hit with the outstanding "Forgotten Town", featured on last week's ROL programme, we'll want to know why. It's produced by Laurie (SQUEEZE, PAUL YOUNG, STRANGLERS) Latham and the video shows the band don't take themselves too seriously, even if they are among the current media darlings over here. The CHRISTIANS started a UK tour last week.

HOWARD JONES has announced dates around Britain for March...The STRANGLERS will play two nights at Hammersmith Odeon on March 29 and 30...BILLY BRAGG is back on the road here this week as part of a RED WEDGE tour...and LEVEL 42 have added dates in Birmingham, Manchester, Edinburgh, Newcastle and Brighton to their Wembley engagements in the spring. Their new single "Running In The Family" is out here next week, while in the States there's a belated release for their big UK hit of last year, "Lessons In Love", which was simply begging to come out as the follow-up to "Something About You" and when it didn't "Hot Water" trickled right down the plughole...

The writer of ALISON MOYET'S "Is This Love" smash, credited on the label as one J. Guiot, now turns out to be none other than DAVE STEWART writing under a pen name, as his RCA contract prevents him from using his own...

"Tonight Tonight Tonight" looks likely to be the fourth UK single from the GENESIS album "Invisible Touch"...MURRAY HEAD'S new single "In The Heart Of You" has the same sound as the recent RED BOX hit and it's produced by Steve Hillage...Rough Trade records are saying that "Shoplifters Of The World Unite" won't be the last SMITHS' single on the label - they've already scheduled two more.

The KANE GANG will release their next album at the end

of April, a single will be out in mid March...ROL Top 5 band THE MISSION whose debut album went silver in the UK in just 13 days are to tour North America and Canada in April. They are currently doing European dates and are planning a trip to Australia and the Far East later in the year.

BERNIE TAUPIN is releasing a solo album next month. The songs on "Tribe" have been written and produced by BERNIE and MARTIN PAGE...a collaboration that proved itself last year with the success of STARSHIP'S "We Built This City" and HEART'S "These Dreams". Credited for his help on backing vocals is BERNIE'S other other-half, ELTON JOHN and BRUCE HORNSBY turns up too playing piano on one track.

## ROCK REPORT

PETE TOWNSHEND is gearing up to release "Scoop 2", his two-record compilation set of older material consisting of personal demos, some done for THE WHO, and some done for himself. The album is set for release February 16 via Atco. That same day, a 2 cut 12" will also hit the street featuring Brooklyn Kids & Ask Yourself. Right now, production meetings are being held to decide what else should be included in this double package, and when

things are firmed up we'll let you know. In other related news, both ROGER DALTRY and PETE are working on solo albums and it appears that both upcoming Lp's may feature collaborations between the two, meaning that ROGER will show up on TOWNSHEND'S record on a track and vice versa. In fact, we hear that the possibility of a summer tour by TOWNSHEND AND DALTRY together exists.

ROCK REPORT correspondent KEN SHARP spoke to DAVE DAVIES of the KINKS, who told us that the group plans to hit the shores of the U.S. in April for a short tour in support of their debut MCA album "Think Visual". The band has just released their second single from that Lp, the group's 25th, titled "Lost And Found". They also recently completed a video for the tune which they shot in London. When we get the tour dates we'll pass 'em on.

STEWART COPELAND OF THE POLICE is ready to make his acting debut and he's chosen CBS's blockbuster series "The Equalizer" as his vehicle. It's a natural since COPELAND scores the incidental music for the show anyway.

WITH THE PENDING RELEASE of selected BEATLES titles on compact disc, happening on February 26, it's only fitting that we should see the "Fab Four's" first color movie released on home video -- "Help!"! That's right folks, you can now view this top-grossing theatrical hit in the comfort of your own home thanks to MPI Video. We can expect this home video, which features digitally encoded Hi-Fi stereo sound, to be available on February 18. In more BEATLES news, "Beatlefest '87", the annual BEATLES fans celebration, is happening at the Meadowlands Hilton Hotel in New Jersey February 27 - March 1. This year's convention will honor the 20th anniversary of the release of the landmark Lp, "Sgt. Pepper Lonely Hearts Club Band". Also included in the festivities are BEATLES films and videos, trivia contests, flea markets and live entertainment. One of the band's appearing at "Beatlefest '87" will be the newly reformed "Badfinger". For those of you unfamiliar with "Badfinger" and their role with THE BEATLES, they were the Apple House Band and had the help and support of PAUL McCARTNEY on their first hit record "Come And Get It". GEORGE HARRISON played on the band's hit single "Day After Day", as well as being his guest at the "Concert For Bangla Desh". Original "Badfinger" members performing will be JOEY MOLLAND and MIKE GIBBONS.

REO SPEEDWAGON chart their return to hitmaking via "Life As We Know It", their fifteenth record, coming February 9 via Epic. The first single, titled "That Ain't Love", has just shipped. The band, who have been dormant since 1985's "Wheels Are Turnin'", are gearing up to hit the road for a U.S. tour beginning in March. The group recently lensed the video for the single with director DAVE HOGAN who's worked with the likes of BOB SEGER in the past.

RUSH continue work on their follow-up to 1985's POWER WINDOWS for PolyGram. We can expect the new album sometime in the fall of '87 with the band getting out on the road for a tour in November. In the meantime, Omnibus Press has just inked a deal to release the first authorized book on the Canadian trio being penned by long-time follower BILL BANASIEWICZ (a.k.a. B-Man). Look for this highly researched tome to hit the streets in October.

BOSTON IS THE SITE for the first ever KISS convention happening March 1 at the Government Center at the Holiday Inn. Many dealers will be present hawking their KISS wares which include videos, records, and memorabilia. For more information contact Karen Hatch at 617/236-1997. KISS will enter the studio with producer RON NEVISON (HEART) in April to begin work on the follow-up to ASYLUM. We can look for the new disc sometime in the summer with a tour to follow.

SIOUXSIE AND THE BANSHEES are releasing their new album via Geffen on March 2. The Lp, titled "Through The Looking Glass", features a cover of BOB DYLAN'S "This Wheel's On Fire" as the single. Actually, this record has more than its share of cover tunes including a version of THE DOORS' classic "Lost Little Girl", "Sparks" "This Town", "Strange Fruit" most notably done by BILLY HOLLIDAY and ETTA JAMES' "Trust In Me".

TERRY MARSHALL'S DAILY INSIDER, 708 Cole Street, San Francisco, CA 94117... (415) 564-5800

**ROBBIE NEVIL:** Robbie Nevil has just finished writing a song with Alison Moyet that may be on her next album, though he says he's finding less time for songwriting with the success of "C'est La Vie," a tune written three years ago, "Dominoes" is the next U.S. single from the LP, which was recorded in England. A video has just been shot in England for the track. "Dominoes" is a darker song, so we went for more night shots," Nevil says. Nevil says he still has no definite tour plans.

**STEVE WINWOOD:** Steve Winwood and Eugenia Crafton married at The Fifth Avenue Presbyterian Church in New York January 18th. They'll divide their time between England and Nashville, the bride's hometown.

**R.E.M.:** "Lifes Rich Pageant" has become R.E.M.'s first gold album, and the second this year for I.R.S. records, following Belinda Carlisle's success, Peter Dinklage, Mike Mills and Bill Berry of R.E.M. are currently backing Warren Zevon while he finishes up his debut album for Virgin America records.

**THE KINKS:** The Kinks release "Lost and Found" as their new single on February 9th. The video is currently being done. The Kinks are putting together a U.S. tour to begin in April.

**BRYAN ADAMS:** Bryan Adams is mixing his new album in London, his long awaited fifth album, "Against The Grain," is now scheduled for release on March 30th.

**LOVERBOY:** Loverboy drummer Matt Frenette surprised a drummer in another band in his hometown recently with a new set of cymbals. Frenette was impressed with the drumming he heard during the band's performance at a Vancouver Club, but noted the drummer didn't have any cymbals, Frenette returned the next night with a complimentary set of brand new cymbals and wished the band luck.

**BON JOVI:** Bon Jovi recorded more tracks with Cher for her new album in Los Angeles over the weekend of January 18th.

**SPANDAU BALLET:** After a delay of two and a half years while they switched record companies, Spandau Ballet is finally set to release a new single February 10th. It's their first for Epic Records and is entitled, "How Many Lies." The album, "Through The Barricades," is scheduled for release March 5th.

**ROBERT CRAY WORKING WITH HUEY LEWIS, MICK JAGGER, TINA TURNER:** Robert Cray began a national tour with Huey Lewis and the News. Cray, who is touring in support of his fourth album, "Strong Persuader," also has some other interesting gigs coming up including playing on the second solo album by Mick Jagger, which will take him into a Los Angeles recording studio in February. Home box office will also feature Cray as one of the guests on a Tina Turner special which will air in March. They did a couple of songs together during the taping.

**OLD RECORD BY SIMPLY RED SINGER RELEASED IN ENGLAND:** Simply Red release a new album titled "men and women," next month, the perfect time to dredge up and release an old album by singer Mick Hucknall. And that's just what an English record company has done. T.J.M. records has released "The Early Years," by the frantic elevators, Hucknall's old band. The six song record features three songs that have never been released before, Hucknall recorded the album in 1978.

**BRUCE WILLIS HAS ALL-STAR CAST IN "MOCKUMENTARY":** Bruce Willis' first TV special, which will begin airing on home box February 6th will feature Ringo Starr, Elton John, Billy Joel, Grace Slick, Crosby, Stills and Nash, Gene Simmons and the Bee Gees, all talking about how Bruno influenced their careers. After this 20 minute "mockumentary" as it has been dubbed, the last 40 minutes will be a Bruno and the Heaters concert. According to Ringo, there never would have been a Beatles without Bruno; Elton claims Bruno gave him the key to success--"Excess"--which, he adds, has always worked for him. "It's very similar to the way Belushi and Aykroyd approached the Blues Brothers," says an associate of Willis'. "Rather than trying to be taken seriously as musical artists, they did their trip as the characters Jake and Elwood. Bruce is approaching his musical career as Bruno. It's more of a character thing for him where he just goes out and has a good time as Bruno, even though he is a serious harmonica player and a good singer."

**ORGANIZERS CLAIM STARS' SUPPORT FOR WORLDWIDE AIDS BENEFIT IN APRIL:** Mick Jagger, Paul McCartney, Peter Gabriel and Simple Minds have all pledged their support to an "International Aids Day" benefit on April 1st, according to organizers in London. Other English bands will appear in a series of London-wide events scheduled for the first week in April. Festival co-ordinator George Cant says it will be the biggest Aids benefit the world has ever seen. Cant also says plans call for a day long event at Wembley Arena which will be filmed, edited and ready for broadcast within one week. They plan to stage a telethon with a satellite link-up to the U.S. and other countries. There'll also be a merchandising tie-in with underwear, t-shirts and bags bearing the slogan, "Don't be a fool/be safe." (Please note: for more information, the phone number in London is 011-44-1-734-3336.)

**MCCARTNEYS SUING TO GET NUDE PHOTOS BACK:** Paul and Linda McCartney have filed a lawsuit against a North London woman, seeking the return of 70 photographs they allege were stolen several years ago, the photographs show the couple "virtually naked" on a beach. The court action is targeted at 20 year old Carolina Dimmock of Enfield. Her late father was an avid collector of Beatles memorabilia, and left the pictures to his daughter when he died. Dimmock has offered to sell the photographs back to the McCartneys for \$50,000, but the McCartneys say they won't pay. "The pictures belong to me and are very personal. We're not going to be forced into paying for something that already belongs to us," says Linda McCartney. "I think it's disgusting that they've asked for money since we made it plain that the pictures have been stolen. I'm glad they approached us, though, despite the way they chose to do it because at least we know where the pictures are and where to get them back."

## CRONIN SAYS NEW REO ALBUM HAS HARDER EDGE: REO

Speedwagon's Kevin Cronin says the title of the band's new album, "Life As We Know It," is quite literal. "All the songs are about things that have happened to us over the past two years," says Cronin. Apparently REO has had peaks and valleys just like everyone else and the album captures it all. Cronin says, "REO records are usually about real positive messages. In the past, I tended not to finish songs that weren't about positive things because you feel people don't need to hear about your troubles. But what starts to happen when you only finish the UP tunes is that you feel a little one dimensional...like you're always walking around with a smile button on and that's obviously not the whole picture." Last June when recording sessions began, Cronin said they wouldn't be doing any ballads. They did end up doing one, "In My Dreams." The rest of the album tackles, life, relationships, romance, even personal despair in one song, "Over The Edge." Cronin claims they "Left no stone unturned as far as packing every song with every idea we had." and Gary Richrath adds, "after the success of 'Hi Infidelity,' the pressure has been on a higher level. We've learned to take more time to get the material together. Songs to an album are like a script to a movie." REO will be announcing a world tour in the coming weeks.

## FIRST SINGLE FROM STABILIZERS DUE NEXT MONTH: "One

Simple Thing" is being released as the Stabilizers first single on February 8th. The duo already received a lot of attention last fall with "Underground." "One Simple Thing," was not one of the two songs that got them their recording contract. Those were "Underground" and "Tyranny." It's unusual for a band to sign with a major label on the strength of only a two song demo tape. But both songs had been in the top 20 in their hometown of Erie, Pennsylvania and they were drawing a thousand people to their club appearances, even though they were basically just a cover band. "Underground" and "Tyranny" were the only two originals they'd do; the rest of the set would be drawn from Howard Jones, Inxs or Peter Gabriel. Rich Nevens, guitarist and keyboardist, feels their choice of music is one reason they stood out from other bands. "Most people in bands there want to play straightforward rock and roll like Bruce Springsteen or John Cougar Mellencamp," he explained, "but Erie is a college town. There are three or four colleges there and they wanted to hear modern music. We did well because no other band was doing that kind of thing." Nevens and partner, singer and lyricist Dave Christenson have since disbanded that group and moved to Los Angeles, where they hired two other musicians. The four man line-up expects to be playing dates through the Spring.

## VERA'S HEARTBREAK EARNS HIM NO. 1 RECORD NINE YEARS

LATER: "At This Moment" hit no. 1 on the charts this week (19) nine years after Billy Vera wrote it. But the passage of time hasn't dimmed his memory of the circumstances surrounding the writing of the song. He recalls, "I had just started dating this girl who turned out to be the big love of my life. She was just breaking up with her previous boyfriend. She was telling me the story of the moment of breaking up with him and his reaction. She was so articulate about it that it was easy to see it from both sides." Vera said he began writing the song a few days later from the other man's point-of-view, but he wrote about two-thirds of it and couldn't finish it. "A year later when we broke up, I was able to write that last verse," he said. "I knew how it would end because it happened to me." Vera says he usually writes songs in one day, but had to live out the ending to this one because, "I had never had my heart broken that badly before. Everything I wrote before that just didn't ring true." Vera said he was unaware that a producer from the TV show, "Family Ties," was in the audience one time when he happened to perform the song at a Los Angeles club. He only caught his song being used in reruns from last season and didn't know that it was going to be on again this year. "I was out seeing the Everly Brothers," Vera said, "and when I got home there were about 25 messages on my machine saying they had used it on a new episode."

Tex-Mex rock guitarist Joe Ely, a critic and musician's darling since his self-titled '78 debut Lp, is back and has recently retained the very talented Raleigh Pinsky, President of the Raleigh Group, to handle his public relations full time.

The final count of the first North American leg of Lionel Richie's "Outrageous" tour reveals that the Richie concert stand has sold more than a million tickets. The handful of tours that have hit the million mark usually get there in six to eight months, but Lionel did it in less than three. Good luck to Lionel Down Under as he begins his "Outrageous" tour of Australia.

RCA Records threw a big party celebrating Bruce Hornsby's tremendous success, at Rockerfeller Plaza's American Festival Cafe. There was a strong temptation to don your ice skates, and Lou O'Neill Jr. promises full details next week.

The new Psychedelic Furs Lp, due for release on Columbia momentarily, is titled "Midnight To Midnight", Lou O'Neill Jr. flashes from New York that the brass on the 12th floor at Black Rock believe the P-Furs' time is at last at hand. There have been some personnel changes in the group, with Marty Williamson added on guitar, and Roger O'Donnell dealt in as keyboard player. The Furs are doing a major television blitz this week in London, and hit the concert trail in about two weeks with shows in England, Europe, and Scandinavia. Then, in early April, Richard Butler and the rest of the P-Furs will arrive in America for a major coast-to-coast U.S. campaign. The current lineup for the Furs is: Richard Butler, vocals; Tim Butler (his brother), on bass guitar; John Ashton, on guitar; Mars Williams, on horns; Paul Garisto, on drums; and newcomers O'Donnell and Williamson. The shows they did in England were "The Tube" and "Saturday Live". The concert tour starts February 4th in Newcastle, England, and they're rehearsing in London at Nomis Studios.

At the victory party for the Giants on Tuesday, in the Meadowlands, Ben E. King was called upon to sing -- yep, you guessed it -- "Stand By Me", to the crowd's delight. Jersey's own Joe Piscopo did a skillful job as Master of Ceremonies. Despite the frigid temperatures, more than 45,000 Giants-lovers came to pay homage to the team.

"Houston Sweeps"!!! What other headline could you write for the American Music Awards? Whitney Houston took home five awards at the 14th annual ceremony, with these awards being voted on by fans. Other winners included: Billy Ocean, who was cited twice for Best Pop Singer and Top Video; Lionel Richie, for four awards; New Edition, for Favorite R&B Group; and, Huey Lewis, who edged-out Genesis for Best Pop/Rock Group of the Year. Barbara Mandrell, an old hand at this game, garnered her sixth American Music Award, and the "Material Girl" herself, Madonna, looking stunning, was called from the wings to accept her award for Best Pop/Rock Video.

Genesis continues to generate sizzling business across the country with what has to be the hottest young tour of 1987. In fact, last week, in conjunction with the American Music Awards, Genesis did a live appearance from their concert site in Cleveland.

Glad note that Stevie Ray Vaughan is back on the road again, and starting at the Texas State Fair in Dallas. He heads into San Antonio on the 1st of February, and will do the Line One interview program the 2nd. On the 3rd it's on to Austin with a date at McAllen the following evening. In all, Stevie Ray will be on the road right through the end of February, with most of the dates being in the great south west.

# POLYGRAM PRESENTS QUESTION of the WEEK

In our January 23, 1987 issue we asked our reporters their thoughts on how they could get better use out of the 12" format. This week we polled the record company reps on their thoughts on the 12" issue and here are their responses.

**DREW MURRAY, POLYGRAM:** "On the plus side, advance 12"s generate excitement through radio to the consumer. This helps us at retail with advance orders so that when the album becomes commercially available, there is stock in the stores. This works with both superstar and up and coming acts. For instance: by having a 12" by Deep Purple on the radio two weeks in front, of the in-store date, people were lining up to be the first to buy it. This obviously created an immediate sales impact; we started getting immediate reorders, and after three weeks, that album is almost gold. In the case of an unknown act, like the Spoons, picking up four or five major markets out of the box on the 12" (Dallas, New York, Washington, Denver, etc.) gave our salespeople cities to attack immediately to create a sales awareness which could spread across the country. As far as second, third and fourth tracks being serviced via the 12" form, I agree with those stations who feel that it is getting redundant. And, obviously, it costs money which we could spend in other areas (major promotions, etc.). The problem it seems, is that not enough stations feel that way. For example: There was never a 12" for Bon Jovi's 'Wanted Dead Or Alive'. It went Top 15, it got huge phones, it goes over great in concert, and it is not going to be a CHR single. Therefore, album radio was given a format-exclusive smash. However, there were a number of stations who'd never played it; and even more who dropped it (instead of putting it in recurrent, like you do with most 'hits'), because it wasn't available on a 12". As a matter of fact, when the 'Livin' On A Prayer' 12" arrived, a lot of stations felt we were 'giving up' on 'Wanted Dead Or Alive'. Nothing could be further from the truth. One station, who shall remain nameless, actually asked for another copy of the 'Wanted Dead Or Alive' 12" because it was scratched. (We told them to send us the scratched one back before we'd send them another one). As long as this type of thinking persists at a majority of stations, they will continue to be inundated with vinyl that, if they really were 'album radio', would be unnecessary."

**PAUL RAPPAPORT, COLUMBIA:** "We at CBS have been wrestling with the 12" issue over the past couple of years. If I can remember back that far, I think I was one of the early fathers of the 12" syndrome. God knows the vehicle is suffering from massive overuse. Look for some surprises and new ideas from us in the near future."

**DANNY BUCH, ATLANTIC:** "Personally, my wife enjoys me more in the extended 12" mode... but that's of little importance here. Maximum multi-format exposure on a specific track from an album gives us the best shot at breaking that Lp, selling some records and ultimately providing us record 'DROIDS' ('DROIDS' is a registered trademark of Alan Wolmark) with food and shelter. Breaking a record into hit status is obviously vital to radio people who listen to the radio to hear that 'smash' (and sing along with off key). This 12" malignancy has definitely grown out of proportion, yet we keep hearing back from radio: 'We'll wait for the 12", what's the 12"...etc.'. Maybe that's because we're caught up in the competitiveness and losing a step if we don't come with the next 12". We would love to release a 12" only as a lead track of a well known artist before the Lp hits or if the 12" has a substantially different remix or edit. The question back to radio is: (1) How can we avoid getting hurt by track fragmentation? (i.e., not enough concentrated airplay on one track at one time to create an 'impression'). (2) Will we be hurt by those stations who are still waiting for the next 12" before adding the next track?"

## POLYGRAM ROCKS RADIO ROCK N' QUOTE OF THE WEEK

"The Spoons are on the verge of breaking wide open. Don't, I repeat, don't get left out! The Spoons will be an important band in 1987."

**Bob Kranes**

WXRK

**BILL BENNETT, MCA:** "There are so many different reasons for promotional 12" records that it's hard to argue with the concept. They were designed for convenience. Radio programmers wanted to know in advance what acts were going to show up across the street at CHR. It's true they have become a key marketing tool for big releases, but they still preserve the original concept of convenience. Please don't blame the

record companies for providing you with a tool. We didn't ask you to heavy up on the oldies and carefully choose your currents. At MCA, we utilize advance 12"s for the obvious reasons. (As far as radio choosing the lead cuts, which seems to be the underlying theme here, that's about as practical as us choosing your morning man.) Subsequent cuts are released well into the record's life because some stations want them. If you don't, then throw them away. You'll never get an argument from us. Besides, we don't go back and collect the albums just because a 12" ships."

RAY TUSKEN, CAPITOL: "I'm a champion of the uniqueness of AOR radio, and I'd be glad to see the format take a leadership position with regard to breaking new artists; but, overall, that doesn't seem to be a very dominant consideration for most AOR programmers. It's one thing for AOR radio to have the unique opportunity to champion a Steve Miller track that's missed by CHR radio, but the number of AOR stations supporting Crowded House, a high-quality, rock-rooted band, is lagging behind CHR; those AOR stations who believe that our current single (12" & 7") is not right for their sound are entitled to their opinion (even though Greg Solk would tell them they're making a big mistake), but how many of these hold outs have picked up the Crowded House album, which is loaded with great songs, and picked one for themselves? With respect to hard-rock bands, an area of repertoire that was AOR's ace at the peak of the format's strength, it seems that MTV has usurped the leadership role in discovering the best of the new, and that CHR, not AOR, is putting them over the top. I agree with all the programmers who advocate a return to uniqueness for the format, and it's also true that the musical heritage of many markets has been lost in the standardization of radio across the country. But the record companies can't take the rap for the lack of leadership by rock radio. As regards the infamous 12-inch, it comes down to a simple economic reality: when we've invested a few hundred thousand dollars, we'd like to have a decent chance to recoup and, hopefully, achieve success for our artist and ourselves. The most efficient way to do this in a timely manner is to give the media (as many formats of radio as possible, plus video outlets) one track at a time to expose. When it works, the synergy of exposure so achieved gives the new artist a fighting chance (while more and more marketing investment must be made to sustain the effort) and prolongs the life of major artists' new releases. Obviously, we fuck up, too; I feel that Billy Squier's last album would've been received in a much more enthusiastic manner if radio had heard it all initially; we're equally guilty of inflexibility. Maybe we can dedicate ourselves this year to meeting halfway in a new creative spirit. As the guy who might've started this 12-inch mania a decade ago (the edited version of Bob Seger's 'Beautiful Loser/Travelin' Man' medley from 'Live Bullet'), I'd certainly be up for a better plan."

BRAD HUNT, ELEKTRA: "The discussion of 12" product for AOR comes up everytime there is any meeting of Radio And Records, and the answer remains the same--we will stop sending 12"s when radio starts listening to Lps again. The record companies all get pinned with starting the one cut mentality, but I firmly believe that the 12" became a necessity when programmers stopped listening to records and started asking, 'So what's the next single?'. It wasn't that long ago and many companies resisted the 12" because of cost. It costs as much to make a 12" as it does to make an album. So, before you say, 'Don't send them', please be prepared to listen to the music again."

SEAN COAKLEY, ARISTA: "The issue seems to be twofold: radio objects to advance 12"s prior to hearing the whole album, record companies object to radio saying, 'We'll wait for the 12" before moving onto other tracks. This company would love to decrease the number of 12"s we manufacture annually. In order to do this, we need radio's help. Please respond in one way or another when advance cassettes are sent for your opinion. When albums do come in, listen to them in their entirety. Make notes. The average price tag on an album today (recording, manufacturing, marketing and promotion) is in the neighborhood of \$300,000 to \$500,000. There are many avenues to consider in breaking artists. AOR is but one of them. If you're doing your job, you make ours that much easier and you get the music in the way it best serves your listeners."

ALAN WOLMARK, RCA: "This question came up at the recent B/A Convention, where I realized there's a considerable misunderstanding around the why's and wherefore's of promotional 12"s. Many years ago the album radio community 'forced' record companies to tuse 12"s because programmers did not have the time to explore entire albums. As a result, the advance 12" became the industry standard for not only promotion, but also any major label's sales force. The B/A meetings, at which this question came up, came to one conclusion, that being that the advance 12" of the lead track from an album has established itself as a virtual necessity much like advance singles have been for the past twenty to thirty years. By the same token, I agree with radio and have actively tried to reduce the flow of 12"s and rely more heavily on the integrity of the RCA field staff and radio programmers. When we do 12"s, we now consistently try to make them something special to offer album radio an alternative to just another configuration of the same track. We are also trying to use CDs in the same way, much like the live 'promotion-only' Eurythmics CD and the forthcoming 'promotion-only' Bruce Hornsby live CD and Ep."

## MARKO BABINEAU/GEFFEN RECORDS

For starters, let's rearrange the question and answer theory here. Do you remember when AOR radio, or Rock and Roll as we knew it then, would receive an album and have the luxury of adding 3-5 tracks deep. Unfortunately, now radio has become a formula structure that luxury has been narrowed down to a one track at a time mentality unless you are of superstar quality which never exceeds more than two or three tracks at a time. Now let's get to the 12" theory. Let me try to give you the big picture. When we as a record company receive a finished album from an artist there are numerous amounts of meetings that incorporate decisions from the national promotion

## QUESTION OF THE WEEK

Continued From Previous Page

department, the whole promotional field staff, A&R, marketing, creative services, publicity, never mind the artist and management. Hopefully we will all come to a unanimous decision on what track to lead with. Also behind the scene ninety percent of the time you've had a video under production so time-wise you will hit with not only a 12" and possibly a single, but also a finished video, a marketing campaign and hopefully a projected tour in the very near future. All in all this takes many hours of planning and usually a couple of months to put this to bed. I would hope this clarifies the perception that at 5:30 PM we hang our phones up and play an album through once and we all point our finger at that unfortunate lucky track. Now, after there has been a 12" released and you get to live with an album, we will always be open to moving towards a track that is expressed with interest. And you don't always have to lead with a 12". But with everything I've just mentioned to get a record off the ground how can you slow the wheels of progress. One thing should be understood; this will never be a closed issue. Record companies, like radio stations, should always be willing to sway in whatever direction feels right.

J.B. BRENNER, A&M: "The 12" has evolved in most instances into an expensive Mailgram. As more and more stations go to CDs, and as record companies become able to service CDs upon release, the quality reason for a 12" goes out the window. The only real need for a 12" record is when the first single comes out three weeks in advance of the album. You wouldn't want to play a 45rpm, would you??? Speaking for A&M, we'll continue to get you the CDs as soon as we can on format compatible releases. And we'll take your station off our 12" mailing list if you wish."

RICHARD PACTER, PROMOTION IN MOTION: "If sonic quality were the prime consideration, then the 12" would be at 45 rpm. However, that is much too confusing and impractical. Putting a single cut on a compact disc is the way to go, but unfortunately it's prohibitively expensive. It would be nice if programmers could choose the emphasis cut without having it spoon fed to them in the form of a 12" or single, but that didn't always work, which is why the 12" came into being in the first place for AOR radio. Obviously astute programmers will play the right track even if it's the third cut on side two. But if there is going to be a unique version of the song, like a live cut or special remix, expense involved in the 12" is probably justified. Ideally though, there should be no reason for it. The Lp or CD should be sufficient."

JOHN HEY AND KEN BENSON, EMI/MANHATTAN "What we are doing by releasing the 12" is satisfying the wishes of AOR radio who initially asked us to define the track we were basically going after. We're doing what they asked us to. We also release albums and as AOR radio is well aware they select what they feel should be the emphasis track from it. The record companies then respond by putting their choice on the 12"."

JEFFREY NAUMANN, VIRGIN: "Maybe record companies have created a monster with the 12" record. But I do like them for convenience sake and quality. The 12" does keep everybody in sync with the development and life of a hit song. I also believe radio likes them whether they admit it or not. Many programmers constantly ask what the next 12" will be, and some will as much as wait for the 12" release before adding that track. Remember AOR can mean artist oriented radio, the format isn't so restrictive that you can't go deeper on a good sounding record. The job doesn't end with the 12", that's just a beginning if you're doing your job... Your job is listening and playing hits before they're hits. The only reason a 12" has become an out of control monster is because radio got lazy and failed to trust their gut instinct on what is and isn't a great song for your station."

RANDY HOCK, MCA: "Any cutting edge/alternative station cannot just accept the 12" as just being reflective of the whole Lp. These stations have to dig a little deeper. It's so important that alternative stations realize their importance and position within the industry. 85% of the time, we present AOR, on 12", a song that we feel can go the distance, a song that can cross from AOR to CHR, which after all is what this business is all about--producing multi-format hits. However, not every group is ready for that crossover smash. Many of these bands have to be nurtured and developed, and therein lies the importance of going beyond the 12", if in fact the station's in a position to. For AOR, we're seeking that universal, common denominator kind of song, but the alternative stations are not necessarily looking for a common denominator track. They're looking for depth and for something different. AOR and CHR share so many songs that it's critical that the alternative stations understand that their audiences are looking for something different from them."

SHEIK AYATOLLAH, MANAGER OF CHAMPIONS: "The pros of a 12"? What kind of question is that? Just ask my girlfriend!"

BARRY LYONS, I.R.S.: "In a perfect world, I would say that the 12" disc--and here I refer to those that don't include distinct remixes or otherwise unavailable material--is a complete waste of time and money. In a perfect world, I would take the considerable amount of money spent pressing and shipping these discs and pump it into artist development. In a perfect world, programmers would evaluate the potential each cut on an Lp might have for their station, without worrying about whether or not all their peers concur with their choices. Sadly, this is not a perfect world. Most programmers don't get to evaluate every cut on every release; and most programmers, for a variety of reasons, want to see large numbers of their peers confirm their decisions. I applaud those who are willing to invest their time in finding the right cuts off any Lp for their own market. Whether it's my 'emphasis' track or not, airplay is airplay, and it's up to us to take advantage of whatever airplay we get. But this being a less than perfect world and there being many programmers who do go by the numbers and want that 'consensus' cut, I suspect the 12" promo disc will be with us for a while to come."

CFNY, TORONTO, CANADA ASST.P.D./MD-DON BERNS:

"Is it just me, or has anybody else noticed how strong the music is for the beginning of the year? One of the strongest of the strong is Shrekback, and as Paul (Mr. Astute) has been saying, you shouldn't be put off by the name. They make great music and 'Gunning For The Buddha' is the track off 'Big Night Music' --their most accessible Lp to date. Being slightly out of the norm, it's one of those tunes that definitely makes the listener crank up the volume, not just the first time you hear it but everytime. The late 'Buddha' is a winner...Along the more traditional rock 'n' roll vein, Julian Cope's 'World Shut Your Mouth' has everything in it that a hit should have--great hooks both vocally and instrumentally, super production, and that anthem-like quality that has been a staple of AOR radio since the beginning. And wait till you see the request lines light up on this one! ...Speaking of requests, the Beastie Boys top our list this week. If you are in any

way, shape or form responsive to your teen audience, you should give them 'The Right To Party'. In fact, in addition to jamming the request lines for all four tracks we're playing, I've noticed when we got out on the road they pack the dance floor whenever we put the Beastie Boys on the turntable. Talk about knowing what your audience wants to hear...And since we're talking about what your audience wants to hear, those of you who read my comments ought to be committed. No, let's try that again. Those of you who read my comments will remember December's flap about our playing the new Psychedelic Furs as an import. But politics aside, did it work on the radio, you ask. You bet, I answer. 'Heartbreak Beat' is so strong in Toronto that it was one of the few singles that our audience voted as the 'Best of '86'. Now you can create that same feverish anticipation for the 'Midnight To Midnight' Lp by playing 'Heartbreak Beat', a winner in any pop rock format...This week's hot adds and definite Picks-to-Click are: 'The Circle And The Square' by Red Box, a totally neat-sounding record featuring 'Lean On Me' and 'For America', two of the hottest import singles we've played in the last 12 months...And Scott Goddard's 'Eleventh, Billionth' album on Chamelon Records which contains some Garret original rock 'n' blues songs...plus some super covers including (are you ready for this?) the 'Beverly Hillbillies' theme which is guaranteed to create an absolutely huge phone reaction when played."

WLIR, LONG ISLAND, NY ASST.P.D./M.D.-LARRY "THE DUCK" DUNN: "Oh those Beastie Boys! They're sly, they're crafty, they're funny, and they're gold. Congrats! Licensed to Ill--the only band that has a license for a brain...Every label seems to have their week. Last week Warner's got the Hat Trick with Pretenders, Talking Heads and Red Box--with Los Lobos to boot. This week CBS got the Hat Trick with the Furs, Dave Edmunds and Big Audio Dynamite as Screamer-Of-The-Week. Honestly, I'm not a big fan of live albums, but Dave Edmunds is the exception. Let's face it, Dave is a great live performer and this album proves it...Two of my favorite songs this month: Shriekback 'Gunning For The Budda', which I think has a good shot to go CHR, and the Ward Brothers 'Cross That Bridge'...Not to dwell heavily on the import issue, we've had great success with this as an import 12". Also to put in a final point: Hipsway 'The Honeythief' was Screamer-Of-The-Week as an import 12" in April of 1986. Back in April we had a field day with 'The Honeythief' and so did the clubs. This song could cross Urban and CHR...To Lin Brehmer: Tying together Husker Du with Mario Cuomo was a brilliant notion on your part...Thanks to Julian Close of Red Box and Gazza Johnson of China Crisis for phoning in live on the air. Julian phoned in live from London, Gazza phoned in live from Scotland, and we of course phoned this report in live from beautiful, scenic, downtown Hempstead, New York."

Z-ROCK, O.M.-WILD BILL SCOTT, M.D.-MAD MAX HAMMER: "NEW: Abattoir 'The Only Safe Place'; Cities 'Annihilation Absolute'; Cerebus 'Too Late To Pray'; Whiplash 'Power & Pain'; Tension 'Breaking Point'; Straw Dogs 'We R Not Amused'; Executioner 'In The Name Of Metal'; Ravage 'Wrecking Ball'; Hexx 'Under The Spell'; Purgatory 'Tied To The Trax'; English Dogs 'Where Legend Began'... 1) Megadeth 'Peace Sells'; 2) Iron Maiden 'Somewhere In Time'; 3) Slayer 'Reign In Blood'; 4) Deep Purple 'House Of Blue Light'; 5) Metal Church 'The Dark'; 6) Stryper 'To Hell With The Devil'; 7) Black 'N Blue 'Nasty Nasty'; 8) King Diamond 'Fatal Portrait'; 9) Yngwie Malmsteen 'Trilogy'; 10) Ratt 'Dancing Undercover'; 11) Fastway 'Trick Or Treat'; 12) Lizzy Borden 'Menace To Society'; 13) W.A.S.P. 'Inside The Electric Circus'; 14) Alice Cooper 'Constrictor'; 15) Jack Starr 'No Turning Back'; 16) Diamond Rexx 'Land Of The Damned'; 17) Tesla 'Mechanical Resonance'; 18) Stevie Ray Vaughan 'Live Alive'; 19) Warlock 'True As Steel'; 20) Georgia Satellites 'Georgia Satellites'; 21) Saxon 'Rock The Nation'; 22) Bon Jovi 'Slippery When Wet'; 23) Dark Angel 'Darkness Descends'; 24) Killer Dwarfs 'Stand Tall'; 25) Malice 'License To Kill'."

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS: "The Hagar record is already blowing out the phones. Reaction was immediate and continues to be strong...If you want to really get a good laugh, get a hold of a record by Bobby Craig entitled 'Have You Got Any Pot, Nancy Reagan?' It's on Paladium Records and their number is: 714-497-3720. It's definitely worth your dime!"

WIYY, BALTIMORE, MD M.D.-CHRIS EMMY: "The Almighty came to me in a vision and said that if we didn't add Iggy Pop this week he would call A&M's J.B. Brenner 'home'. Iggy's 'Real Wild Child' is on because I was afraid that the 'home' Mr. Big was referring to was Baltimore. We must protect our pro-

perty values...Steve Winwood's 'Back In The High Life' should be retitled 'The Album That Wouldn't Go Away'. Here we go with our fifth track!...It's The Red Rocker Meets Rocky, Sammy Hagar's tune from the new Stallone flick that can't miss...We're also going with Colin Hay. Honestly, we should have added that one last week...Movie music from the Starship and Deep Purple's 'Call Of The Wild' round out our line-up."

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART: "Oooh! It was so easy! The Furs 12" showed up, we put it on the turntable, we made it the Master Blaster, and then we reported it. Now wasn't that easy. You too should follow these simple steps and launch these future superstars on their way. Conscientious programmers will recognize the value of a band like the Furs who can draw so much attention without an equivalent amount of radio support...Santana fits perfectly into our air sound. It was the second easiest add this week. Carlos can definitely still groove, but with the updated style it's all that much better...The Housemartins are the hippest thing in England and New England. It makes Top 5 phones this week. We were goofballs and passed on 'Happy Hour' the first time. Don't make the same mistake!"

WHJY, PROVIDENCE, RI ASST.P.D.-GLENN STEWART: "Sammy Hagar sounds as powerful on 'Winner Takes It All' as anything on '5150'. Hagar drives this one home like a jackhammer pulsating, pounding and priceless...With Crowded House's 'Don't Dream It's Over' being such a soft, subtle tune, I'll admit to being shy on this record till I saw some CHR action. Now that we're convinced it's going to come through we'll pound it, and the timing is right for other AORs to do likewise...If 'new music' is this year's buzz word, there's no excuse to ignore Concrete Blonde's 'True' or the Stranglers 'Always The Sun'. These are haunting melodies that add the necessary texture to any upscale-sounding AOR."

KSJO, SAN JOSE, CA P.D.-KEN ANTHONY: "Week after week I read comments in all the trade magazines from P.Ds and M.Ds espousing adjectives about any and every piece of new music that is released. Granted, there is a considerable amount of sincerity in all this, but be honest with yourself: How much of it is pure hype to get your name and station calls in print? Hell, I've been guilty of this myself, but since I've taken over as program director at KSJO, all the demands of the job have made it difficult to listen to and express my thoughts about my first love in radio--music. 1986 was a particularly gratifying year musically for AOR. There was a great re-emergence of street level, all-American rock 'n' roll in Lps by ZZ Top, Jason & The Scorchers and new comers Georgia Satellites, and a renewed spirituality expressed through albums by Peter Gabriel, Steve Winwood, Simple Minds and The Call... But I have to say that the new album by Los Lobos, 'By The Light Of The Moon', is a stunning masterpiece which combines both the spirituality and street level all-American rock 'n' roll that is so popular today. The new Los Lobos album touches all the right emotions. You'll dance and sing, laugh and cry, and probably do a little thinking too. I know I did, and that's what prompted me to comment on this album. David Hidalgo's beautiful vocals, T-Bone Burnette's clean co-production, and the song writing talents of Hidalgo/Perez make 'By The Light Of The Moon' easily one of the best albums of 1987, even in January. And like a fine wine, this album should get better with age, becoming a landmark for Los Lobos, and even more so,

American music in general. Since music, like art, expresses personal opinions, all my philosophizing here is really leading up to this: I love this new album by Los Lobos and that ain't no hype."

KLQL, HOUSTON, TX M.D.-DAYNE STEELE:

"Sammy Hagar is so big down here -- they think he's from Houston -- he's sort of like an honorary Texan! With Eddie playing guitar and producing, needless to say we can't wait for the Lp...I get the same reaction from Blue Yonder's 'Windsong' that I got the first time I heard Sandy Stewart sing: I get chills up and down my spine. I just love the way this girl sings...You can't go wrong with REO Speedwagon's latest. They are quite simply an AOR stable...This is our second time around giving World Party a shot, and it is finally taking off for us...One of my favorite albums from 1986 is Ben Orr's 'The Lace'. I want to see this record happen in a big way. Right now we're focusing on 'Too Hot To Stop'."

WXRT, CHICAGO, IL M.D.-LIN BREHMER:

"Adds this week: Psychedelic Furs, Santana, Colin James Hay, Drivin' N' Cryin'...We're expecting the Psychedelic Furs to sell a cool million with no problem. We're talking about a band that can lay claim to a generational anthem with the best of them. Yes, I'm talking about 'Pretty In Pink'. Whether you were a fan of 'Sister Europe' or have never been a fan, new music from the Furs should be one of your priorities. We do not often bother to play imports before domestic releases, but it seems in the case of the Furs' 'Heartbreak Beat' it was a good idea...Taj Mahal/Lonnie Brook concert is the place to be Friday night in Chicago. Both have hot current records and both will be taped for a future WXRT Sunday Night Concert...Robert Cray is our #1 record this week."

WYNF, TAMPA/ST. PETERSBURG, FL ASST. P.D./M.D.-RON DIAZ:

"The powerful rhythmic sound of The Spoons 'Bridges Over Borders' has me testifying. I like the way this song is structured--it builds to a wild, frenzied hook, then follows with great instrumental breaks. It's gonna work!... 'Shakin' Shakin' Shakes' sure is fun stuff. Nothing fancy, just sing along and dance your ass off to it. This type of music is happening in a big way. Los Lobos is another fine example of it...The new Stallone flick won't be the one everyone is talking about at the Cannes Film Festival, but 'Winner Takes It All' the soundtrack piece from Messrs. Hagar and Van Halen, is alright by me--Sammy on guitar, Eddie on bass, and Giorgio Moroder on knobs--What the funk is happening here?...With the incredibly h-u-g-e success of Bon Jovi, it's time for another track from 'Slippery When Wet'. 'Never Say Goodbye' is already generating calls. It's a great rock ballad from an album that looks like it's headed for 10 million...Gregg Allman's 'No Angel'. The boy sure can wall! I had a chance to listen to Gregg's new material a few months ago and it left me with a strong impression. After listening to 'I'm No Angel' a few months later, I believe my first impression was correct. This is quality stuff!"

WEBN, CINCINNATI, OH M.D.-CURT GARY:

"We're all over Joan Jett like a hot potato!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"Best new release: The Colin James Hay continues to grow on me. The album has some great back-up tracks, including 'Can I Hold You' and 'Looking For Jack'...Favorite new song: Even though we've been playing it for about two months now, I still would pick 'Heartbreak Beat' from the Psychedelic Furs...New life: Genesis returns to the air this week with 'Tonight Tonight Tonight'...Long shot: There're two new records this week that we like a lot, that have a long shot at making it: The C.S. Angels and Lyle Lovett...Requests: Topping the list are Iggy Pop; Crowded House; The Roches; Alan Parsons; and China Crisis...Adult retail (Not to be mixed up with adult bookstores): Bruce Hornsby; Eric Clapton; Robert Cray; David & David; Georgia Satellites; Bruce Springsteen; Pretenders; World Party; XTC; and 'Til Tuesday...Visits: Del Williams and Randy Robins...Thanks to Michael Linehan for the opportunity to meet Bonnie Raitt...Denver will be back to the Super Bowl, and next time they will win!"

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:

"January is always the time for fresh new sounds and there are a lot of them around! I like the Julian Cope record more every time I listen to it. It has a great rock 'n roll attitude...Another guy with a great rock 'n roll attitude visited Philadelphia last week: Iggy Pop! I think Iggy summed it all up when he left the stage after an encore saying, 'Thanks for having me. I know I'm strange, but thanks for having me anyway'. Iggy put on a killer show opening for the Pretenders. Yes, he still does some heavy gyrating, but at least now he does it with his clothes on. Truly inspiring...Another band that's always a fave with me is the Psychedelic Furs. They toured through Philly in between the recording and release of this new album, 'Midnight To Midnight', and we were treated to many of the new songs. I distinctly remember 'Heartbreak Beat' among my favorites...For those of you who want to play the Bruce Willis record but are at a loss for what to play, I strongly suggest 'Jackpot'--it's the song he did last night on the American Music Awards. It has some terrific harp playing and it's impossible to keep from dancing when you hear it!"

KGON, PORTLAND, OR M.D.-INESSA YORK:

"We had a fabulous time with Georgia Satellites last week. Dan Baird makes an excellent guest on-air. He's very witty and he knows what to do. By the way, there are at least three other incredible songs on the album. May I be so bold as to say 'Battleship Chains' is an okay tune, but I feel 'Railroad Steel' is stronger and there is a tune handbuilt for AOR, 'Nights Of Mystery' which they do very well live. Lots of passion in this here band. Thanks again for the wonderful time to the Satellites and Elektra... By the way, I've been re-alerted to Broken Homes. 'Steeltown' sounds more like Jefferson Airplane taking off than Jefferson Airplane did when they took off!"

WKLS, ATLANTA, GA M.D.-BETH KEPPLER:

"She's gonna make you see. There's nobody else here--no one like Chrissie! She's special, and she's got to have some of your attention. Don't be an asshole--give it to her! She's everything I ever wanted to be in my rock star fantasies and the concert was the best I've seen in my two years in Atlanta!...Not another Sylvester Stallone record! Do we have to go see it or can we just add the record? I played it 5 times in a row. If someone

KRANES: "With the Giants' Super Bowl victory now history, and the K-Rock Giants celebration now behind us, we can look forward to 1987 baseball season! Our broadcast with the Price-Sulton band last Tuesday was extremely successful. Playing to a S.R.O. crowd at the Bottom Line, the band sounded just fine!...If Colin Hay's 'Hold Me' is not a hit, then I'll spend the rest of my life 'Looking For Jack'... I can't believe the amount of people not playing the Beastie Boys--What are you, crazy? There are some great songs that are on the deck circle. When they step into the batters box, they will be home runs...Lou Gramm 'Midnight Blue' and Julian Cope are all ready to take their turn...There's no denying the Alan Parsons Project. 'Standing' is on and is a song that undoubtedly will get the phones going...Believe it or not, people want to hear REO Speedwagon. 'That Ain't Love' is going to be around for awhile and we're looking forward to REO's return to this area...It was great sharing coasters with Rob Jungklas; Howard Bernstein and Jeb Hart. If anything else happened last week, I can't remember--My brain is frozen!"

KDJQ, SACRAMENTO, CA M.D.-RON GARRETT:

"Hot tamales, Amigos! I'm stoked! Carlos Santana is back, and from the sound of 'Veracruz', he's more inspired than ever! I love the man! His debut album motivated me to buy a set of congas and timbales. I knew I'd never play guitar like that! 'Veracruz' has crossover written all over it, with its thick baseline laying down the foundation for layer upon layer of superb music. Buddy (yes, I've had the blues) Miles' super smooth vocals, sharp guitar lyrics, crisp and deadly accurate, and that's got to be Norton Buffalo blowing the harmonica around; topped off with a Latin percussion trademark of Santana. It's like nothing else on the radio. It's fresh, baby! This record gets me going. 'Veracruz' sets the mood so well, I got suttanned listening to it! I had to kick sand out of my shoes. I'm flying to 'Veracruz'. Book some room for this muther! I have the feeling this will be Santana's biggest in years...Don't let the cover fool you. Waysted's 'Heaven Tonight' is an intelligent 18-34 appeal record. Listen to it--it will sell itself. Take a lead and consider this one. It's safe as REO and hip as UFO...Are you sure that's not Steve Stephens playing guitar on Eric Clapton's 'Miss You'? Eric must've taken some fun vitamins or something! He's certainly having lots of fun playing his guitar again...Stay fresh, fun-seekers, and return your phone calls. You poor record reps have a job to do, you know!"

WAAF, WORCESTER/BOSTON, MA ASST. P.D./M.D.-

RUSS MOTTLA: "What a good month for new music!!! Some real performers out there now: The Julian Cope; Hank; Van Halen; and Pseudo Echo. Concrete Blonde's 'Still In Hollywood' to our ears is a great reactive first track from this album... Early indications on Crowded House are as strong as any piece of breaking product we added last year, and the Lp sounds real deep to me...WAAF is happy to present Bruce Hornsby for a Valentine's Day show at the legendary Orpheum Theatre in Boston. (They still buy their power from the subway system--the sucker runs on DC!)"

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:

"Our January thaw this year came in the form of Tesla, and even though it lasted only 40 minutes, there's still a smoking crater downtown where the band opened for David Lee Roth! If this show is headed your way--get there early. Tesla's phones, which were good before the show, are outstanding now!...'Smoking Gun' has proven such a good signature song for us. We're backing this Robert Cray feature with 'Guess I Showed Her'...Even if you don't have an attitude problem, 'Call Of The Wild' is the tune on the Deep Purple record...Lou Gramm's 'Midnite Blue' is one of those rare songs that doesn't really have a great hook, but doesn't need one, because the whole sound is one giant hook! It's a mid-tempo monster...Brighton Rock gets a regular add after premiering impressively on WOUR's 'Power Hour'... While we huddled before our screens in 10° weather to take in the Super Bowl, two WOUR listeners basked in the glory of the event in Pasadena, complete with primo seats and limo service throughout the weekend. WOUR listeners were updated on the spectacle by reports from former SU great, Mighty Joe Morris. Needless to say, the outcome suits us fine, and we're one Giant step closer to spring training, which suits me even more!"

WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON:

"It sounded like humble pie, 'I Don't Need No Doctor', the first time I heard it. That's why Stevie Ray Vaughan's 'Willie The Wimp' should work very well here...Just finished a very successful Boston weekend, Thanks to Don Miller & Jack Isquith at Epic and MCA's Mike Steele for the product...We're Tesla believers! 'Modern Day Cowboy' is the most requested nighttime tune, and that makes it the 'Welder Of The Week' on Metal Shop, three weeks in-a-row now, and relating the story behind the band's name, makes us sound so damn cool!"

WBLM, LEWISTON/PORTLAND, ME M.D.-ROBIN

MATHIEU: "Finally got a chance to add a couple of holdovers from 1986: Crowded House had one of the best ballads of the year though the record was seriously overlooked. This one's gonna break big and we're glad to give it a shot now... After good reports, as opening act for David Lee Roth, we gave Tesla a spin and instant phones...If you're still playing R&R, 'Modern Day Cowboy' will work for you...Good early response on Colin Hay; Alan Parsons; and Rob Jungklas, though 'Boystown' never sold the Jungklas album. Our retail is now getting requests, thanks to 'Make It Mean Something'...Two local bands we're playing are definitely worth checking out for yourself: The Kopterz of Portland, ME have released their third piece of vinyl, 'Dancin Disorder', on Broken Records. It's their best work to date and could spell success...We're playing 'The Fall', a cut with a real R.E.M. feel to it. If you wanna give me a call, another New England band, The Boyz, are getting tremendous response with their 60's reminiscent rock. 'She Loves Buddha' is a s-m-a-s-h here...Top 5 requests: Bon Jovi 'Living On A Prayer'; The Boyz 'She Loves Buddha'; Robin Trower 'No Time'; REO 'That Ain't Love' and Don Dixon 'Praying Mantis'."

WHCN, HARTFORD, CT M.D.-KIM ALEXANDER:

"Greetings from the Arctic zone! We're rockin' here regardless, come snow and more snow...Last week I bragged about playing Concrete Blonde non-stop at home. This week we put 'True' on the radio."

Johnette's got this great sultry voice, and the lyrics are a great pick-me-up! Now, sit back and watch this thing take off!...Also new this week: Sammy Hagar and Santana (automatics, yes!)...Looking forward to a week of Billy Joel and Dave Edmunds in concert...Keep shoveling!"

WDHA, NORTH JERSEY, NJ P.D.-MIKE BOYLE:  
"The Psychedelic Furs; Santana and Sammy Hagar---Is the record company of '87 already Columbia? It's been awhile since I've seen this much quality released by one company in a week!...Very glad to see MCA's commitment to Broken Homes! 'Steel-town' was the track I liked the most from the advance months ago!...Speaking of commitment, WDHA is on Toby Redd again! The second track, 'Looking For You' should have come first!"

WPYX, ALBANY, NY M.D.-ANDI TURCO:  
"With nothing but sub zero temperatures outside, one looks to indoor activity to keep busy and warm. Needless to say I've been working out with the turntable on. Lots of great music to hear--I just wish there was room for it all!...Tops on my list is Esquire. At last something that sounds so different, but won't alienate anyone. It just generates a lot of curiosity. Refreshing, yeah that's it!... Also found room for Sammy Hagar; Iggy Pop; Kansas and Deep Purple, which by the way debuts at #7 local sales...If you find yourself the time, give a listen to Price-Sulton 'Stories' and Pseudo Echo's 'Living In A Dream'. It just might be the thing to lift you out of your mid-winter rut!... That's it for now. Thanks for reading!"

WIOT, TOLEDO, OH M.D.-JIM STEEL:  
"Congratulations to Louis Heidelmeier of Elektra on your big move to Chicago! You are a credit to your profession, and I for one am glad to see your talents being taken advantage. See, we told you that you deserved a raise and a promotion!... Congratulations, also, to my good friend, Alvin Robertson of San Antonio Spurs for being chosen a starter in the NBA All-Star Game...And, speaking of all stars, Crowded House cracks our playlist and I'm sure it will become an all star too!"

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES:  
"This week we roll with a second track from Europe's 'The Final Countdown'. 'Rock The Night' has been pulling requests before we even played it, and with sales starting to skyrocket, the time is right

for another cut...Also, we added Sammy Hagar from the 'Over The Top' soundtrack and it's instantly number one requests... Whether Stallone's new movie is another 'Rocky' or 'Rambo', it doesn't matter. Hagar's 'Winner' is a stone s-m-a-s-h!... Concrete Blonde 'True' is a real record that won't go away. I think the song will have legs, and it sounds so original. Play it and your station's hip quotient will rise!...Finally, say hallelujah! Gregg Allman has tied with John Fogerty for the comeback of the decade! Hearing that voice is like welcoming home a long lost friend. 'I'm No Angel' is his best solo work to date, and may soon replace 'Midnight Rider' as his signature song!"

WAQY, SPRINGFIELD, MA M.D.-JOE MARINO:  
"Great stuff from Rob Jungklas this week with 'Make It Mean Something'. It sounds great on-the-air, especially on the CD. I can see us at least three deep on this album before the dust clears...Waysted 'Heaven Tonight' sounds like Journey on a power trip. Great stuff!...I was very skeptical about Colin Hay, being that Men At Work burned out and all, but 'Hold Me' is a super track...What is a guy with as much performing talent as Don Dixon doing producing more records than he's making? This guy sounds grrreat, even though he sounds like Mungo Jerry!...Once again I make my plea for Billy Squire's 'Powerhouse'. We've had great phones on it, and this is a fantastic cut! Don't leave it on your desk any longer--Get it on the damn turntable!...And finally, even though they sound like the early Pretenders, Concrete Blonde have a sound of their own on the album and 'True' sounds great on the radio!...And a very special Happy 40th Anniversary to Mr. & Mrs. Merv Amols of Capitol Records!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI P.D.-BRIAN TAYLOR: "With Rick on vacation it's like old home week on the telephone!...Bon Jovi continues to outdistance anything on-the-air right now. After selling out a March concert date in two hours, Bon Jovi fever is running rampant...Just when you thought MTV was on the skids, it's interesting to note the positive effect that it has had on a couple of new acts, particularly Europe and World Party. The retail request numbers show that the added exposure has reinforced my playlist long before the CHR competition gets the big holler...Let's hope the hip clip of the week does the same for Julian Cope... Sammy Hagar's vocals have become an AOR staple. That's why it's nice to have some fresh new vinyl to throw into the recipe."

...The Santana does not strike me as being quite as obvious, but certainly an artist of this caliber teaming up with another veteran like Buddy Miles deserves to be exposed...Also on the new band front, we're giving a shot to Brighton Rock. Following on the heels of bands like Cinderella and Bon Jovi, Brighton Rock has the looks, raw edge sound; and of course the management, to go a long way. Good luck to Steve P. and the band on a successful career...And now that it's official, congrats and best of luck to the good doctor, Barry Lyons. Does this mean I.R.S. will be signing some heavy metal?"

WXXP, PITTSBURGH, PA M.D.-D. J. BIRD:

"After floating around as an import, the Psychedelic Furs 'Heartbreak Beat' is now domestic--PLAY IT!...I've been listening to the new Rave Ups 12" for some time now. I'm convinced these guys have potential! Their first Lp was somehow passed up, so we've added 'Positively Lost Me' as well as the new track...The Kinks single 'Lost And Found' is going to be a classic, so play it now...What can I say about the new Joan Jett song? Don't tell my fiance but I think I'm in l-o-v-e!...Special thanks to Deb Brady, our afternoon drive jock, for all her help with the music--She's been great...The Human League will be kicking off their American tour right here in Pittsburgh. We're very excited to see Phil and the girls!"

WPLR, NEW HAVEN, CT M.D.-CHRISTINA:

"Sales on Robert Cray; Georgia Satellites and Europe have really kicked in...Colin Hay is stealing the phones here...Bob Geldof and Bon Jovi must think alike, except instead of Tommy & Gina, it's Terry and Julie! 'Love Like A Rocket' is a-----gosh-----it's a really good song! Have you listened?...And, Santana 'Veracruz'-----Love it! Love it! Love it! Is this cool funk, or what? Funny, though, it hasn't started raining!"

KFMG, ALBUQUERQUE, NM M.D.-MICHAEL DAVIS:

"The new Santana simply continues the great tradition! 'Veracruz' makes us ready to hop a plane and join the party!...Julian Cope and Waysted are a couple of solid projects. Both are fresh sounding... Special thanks to the great people of New Mexico for their support of Rock 108 KFMG!"

WKFM, FULTON/SYRACUSE, NY P.D.-STEVE

BECKER: "Giants! Giants! Giants! What a Super Bowl. The Syracuse connection, with Joe Morris, sent this city sky high. Let's look to repeat next year...Diamond David Lee Roth played to a Sold Out crowd at the War Memorial here. Many thanks to Paul Childs; Jeff Criden; and, of course, to Diamond Dave for a great promotion and show!"

WLNZ, LANSING, MI M.D.-CATHY DOWN:

"I've got to hand it to prime time TV these past couple of days! They've become the great educators of our time. First, on Sunday, we had Super Bowl XXI. Now here's a program where you not only got to see a great football game (way to go, Giants!), but you were able to see special commercials made just for the Super Bowl that cost over a million dollars a unit to air. Quality commercials like Clint Eastwood golfing, or the brother and sister of the two competing head coaches talking about insurance--but, as ridiculous as they may be, they still have a value of entertainment, whatever that is! Then, on

Monday we had the pleasure of seeing the 14th Annual American Music Awards. Now, with this show you don't just watch to see who won, you watch to see the latest hair-styles, fashion, dances and catch up on the latest lingo, such as when I was watching the Awards, a friend younger than I called a guy 'gweebee'. Now I know it's hip to be square, but is it hip to be gweebee? So, after watching these two entertaining but very educating shows, I gather all of the info and it becomes a personal research tool. Kind of like when you call the record stores weekly to check on what is and isn't selling. It's a pain in the butt but the results really do help and you don't live and die by the results any more than you live and die by the phones; (although how many times in comments do you read a record is getting 'great phones?'). I guess we would call this info our professional research tool. Take for instance Cinderella and Steve Winwood. Our professional research tool tells us both are registering Top 5 phones and sales, so we'd be blind, deaf and dumb not to increase rotation at least for a little while. Then we place the rest of the data in our professional research tool, as well as battle it out in our weekly music meeting, and when the dust clears, out pops the Igster's revival: Sammy Hagar; Ben Orr; Santana and Psychedelic Furs; Deep Purple's latest (much better than 'Bad Attitude'); and Nicki Squire's 'Esquire'. The end result is a lesson well learned, an A-plus for music adds and a shining gold star for the day!"

WLWQ, COLUMBUS, OH M.D.-WENDY STEELE:

"Still need Birthday IDs for our 10th Anniversary on Feb. 14th, and general IDs as well: 'Happy Birthday and congrats to QFM 96 for rockin' and rollin' Columbus for 10 years'----And, for general IDs, 'This is \_\_\_\_\_ on QFM rockin' and rollin' Columbus'...It was ad-mania for us this week--a total of 10!...I must be honest. A few months ago, I would not have expected World Party to be in heavy rotation. As of this week--it is, and sounds great. It definitely conveys a message that leaves you wondering about the world...Crowded House sounds fresh and, of course, just about anything on the Winwood album fits. This week it's 'Finer Things'. You know, you can't ignore what is happening. This week, into medium Cinderella and Europe! These cute young boys will get you everytime!"

WRFX, CHARLOTTE, NC M.D.-MARY LONDON:

"We are going to be celebrating our very first Birthday as Charlotte's only AOR station. Record companies, please get us artist IDs with birthday wishes. Include within the wish: 'Only the finest rock 'n roll on 99.7, WRVX, Charlotte's rockin' FOX'. Our Birthday is April 14th! Please, oh please, oh please, send us IDs by mid-to-late March. Hugs and kisses, but only receivable upon receipt of IDs!"

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS

JAMES: "Culture shock of sorts has set in! We finished moving into an entirely new studio with state of the art everything. We finally said goodbye to the local home of rock 'n roll. The new address is: 970 West Trindle Road, Mechanicsburg, PA 17055. This comes on the coattails of another great ratings sweep. The numbers continue to rise in the Harrisburg metro as well as the surrounding markets...Alan Parsons is the hottest story in Central PA. The ground they stand on gets higher and higher. all demos. Looks to be the biggest thing for them since 'Turn Of A Friendly Card' ...Don't miss the new 12" from Capitol by Waysted. It'll put the bite back into your nighttime sound...Have a great ground hog day!"

WFXR, CHARLESTON, SC P.D.-MULLIGAN:

"Thanks to Joan Jett, the crew, and Mike Conway for the on-air visit and hot show last week! The following morning, a FOX listener was awarded the bottle of Dr. Pepper Joan Jett drank out of while chatting with PM driver, Tim Burns!...FOX Super Bowl Party was a huge success despite a junior monsoon! We shipped off a pair of listeners for an All-Expense Paid Weekend to Savannah...Eric Clapton 'Miss You' and Sammy Hagar 'Winner Takes It All' are killer cuts for the week...Happy to see 'a real stretch' for Stallone in 'Over The Top'...Phone action: Bon Jovi; Deep Purple; Europe; Boston; Georgia Satellites ...Is it baseball season yet?"

KFMQ, LINCOLN, NB M.D.-JOE SKARE:

"I'll be taking music calls Monday from 11:00AM-2:00PM; Wednesday from 11:00AM-1:00PM; and Thursday from 11:00AM-1:00PM Central time."

KPOI, HONOLULU, HI M.D.-ANDY PRESTON:

"All of us at KPOI 98 Rock have ear-lobbed grins over the Fall '86 Book! 10.1 12+ is only part of the story. KPOI is also number one in men 18 to 34 by a nearly 2 to 1 margin and we're number one men 25 to 54, as well as #2 in adults 25 to 54...On track for '87! Aloha!"

WAQX, SYRACUSE, NY ASST. P.D.-LORRAINE

RAPP: "Still recuperating from our wild bash with David Lee Roth and Tesla at the War Memorial! What a great show! Tesla stopped by early in the day for an interview with Simon, followed by a solid performance which was very well received by the Sold Out crowd (all of whom were wearing free 95X David Lee Roth concert pins). Nothing could have prepared me for what was to come! The David Lee Roth stage set up and light show were incredible, but not overdone. The band is awesome (I knew I'd use that word to describe something and this is it!). The jam on 'Ladies Night In Buffalo' is enough to keep me buzzed for the rest of the week! David pranced and danced and was thoroughly entertaining. It was a very exciting show and exceptionally loud."

David and the band were on hand to meet the 95X air staff and the only picture taken all night was of me in his arms! Thanks to everyone who made this show such a monster, especially Road Manager Patrick Whitely, Promoter Chuck Chao; Jeff Criden of Warner Bros.; David Lee Roth and Tesla."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:

"Give Gregg Allman a halo! 'I'm No Angel' is a helluva record! From the first listen on cassette, I was blown away and I can't wait to watch this record soar!... Obviously, the Sammy Hagar is an instant add and the new Santana is a three and a half minute vacation--(Sounds like the Gap Band does rock 'n roll)...We added the Esquire. Its unique sound should grab lots of attention...'The other beer commercial song', Daltrey's 'Move Better In The Night' is working well for us as a recurrent...And Genesis 'Tonight' is Top 5 requested here...Good luck to our FM News Director/Announcer Donna Britt. She's moving back to Arkansas to get hitched...Thanks a bunch to Warner Bros. Gene Dries and A&M's Ross Grierson for an eventful night out. Iggy Pop and the Pretenders were fantastic!...Attention record folks: I'm changing my hours by the phone: Beginning Feb. 6th, I'll be available 2:00-5:00PM on Fridays and 11:00AM-2:00PM on Mondays."

KQDS, DULUTH, MN M.D.-WADE LINDER:

"Rock 'n roll lives, for crying out loud!"

KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:

"Special thanks to everyone involved with Journey and Columbia Records during the three night Sold Out stand of Journey in Alaska. The band set a new record for ticket sales and we were proud to be a part of helping welcome the show. We hope Jonathan Cain enjoyed himself as he stayed over for an Alaskan ski weekend. He even attended our 3rd Annual world's largest Super Bowl party which was a huge success...We're going back on Bon Jovi's 'Wild In The Streets'. The album is phenomenal and this is a definite AOR track that will get response. It's a reaction song and it's guaranteed to keep the reaction #1 phones and #1 sales... Georgia Satellites 'Battleship Chains' moves into power this week. You don't have to convince us this is a legitimate AOR single. We've been playing the album since the beginning to a great sales and phone response and we're pleased to be a part of the Georgia Satellites phenomenal orbital pattern."

WHMD, HAMMOND/BATON ROUGE, LA M.D.-PHIL COLWART: "Georgia Satellites still going strong...World Party a sense of power...Yo Lenny, Pretenders; Julian Cope; Jungklas compact disc. Colin Hay, a personal favorite...Increasing phone action on Timbuk 3; David & David; Big Bad Don Dixon. D&D plus DD both move to heavy...Bon Jovi has sold out Lake Charles. Biloxi concert sold out by the time you read this. The phones won't stop ringing with inquiries on these guys. The receptionist here has been mumbling to herself. We bought her a house plant!...Lou Gramm is above par. Can't wait to hear the Lp...Paul Simon-sales still strong. Requests for 'Call Me Al' and 'Graceland' continue. 'Boy In The Bubble' is deep and contagious. Our night jock got a call from a 50 year old lady who called it an 'unqualified success!' Wouldn't you trust someone old enough to be your mother? There's no bomb in this baby carriage!...Thanks for reading...Happy Mardi Gras. Eat a king cake!"

AORs should probably get on this now because the CHR's seem to have caught up to David & David after being shy on 'Boomtown'...The new Los Lobos album sounds fantastic. David & David; Lone Justice; Julian Cope; Tesla...I like that Joan Jett/Michael J. Fox record. It's got Springsteen written all over it and they do a great job with it!...The new Hagar is a h-i-t...And one final question: Has Carlos Santana been listening to 'Sweet Home Chicago'?"

WQBK, ALBANY, NY M.D.-BOB WELCH: "For the past 3 months in a row, Don Dixon's 'Praying Mantis' has one of our Top 5 most requested songs---if not the most requested song. We're becoming known as the station that plays that 'Praying Mantis' song! It's kind of nice having a market exclusive...About the same goes for the Crowded House. It looks like Top 40 is going to beat album radio on this one!"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "To say the least, we're psyched about the latest Birch report! In all of these demos, we were #1! We had a 28 share men 18+; a 38.5 share men 18-34; 28.2 share men 25-49; adult 18-49 26.4 share; and adults 18-24 33 share. We love those double digits!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Is there no stopping 'Back In The High Life'? No way, Steve! You can write the rent check and lay back and smile! We've now added six out of the eight tracks on this Lp and all have found their way into heavy and power rotations. Are our listeners bored? Hell, no! Sales and phones are tip top! I've always been a huge fan of Steve Winwood's lyrics and overall sound so it is especially gratifying for me to see him capturing a whole new and larger audience. Like the man says, if you wait for it, the finer things come shining through...I'm happy to report that we, too, are giving the nod to Concrete Blonde and 'True'. Johanne has a truly refreshing voice and reproach, but besides that I just really enjoy this song. I was singing along after my first spin and it has the kind of quality about it that makes the tune stay with you. Give it a listen and I'm sure you'll be pleasantly surprised--maybe even motivated to add it!...Still performing very well for us is 'Til Tuesday 'Coming Up Close'. It's getting strong enough calls to spend five weeks on our Top 12 at 12, three of which are above the #5 position...Also gaining strength in both calls and sales is the KBC Band's 'America'. Buoyed by both the video and our listeners' growing awareness of what is going on around them--'America' is an ode to what is and what should never be! Let's bring this one home because it's too timely to let this one slip by!"

WWZU, WILLIAMSPORT, PA P.D.-MARK WILLIAMS: "Here are some red h-o-t tunes to definitely check out, if you haven't already. We're getting excellent response here on Starship; Los Lobos; Don Dixon; Rob Jungklas; Crowded House; Pseudo Echo and Lone Justice. If you're looking for perfect nighttime rock 'n roll, these are the ones!...Deep Purple's 'Call Of The Wild'; Tesla; Vinnie Vincent; Poison; Stryper and Brighton Rock, all pulling Top phones!"

I l-o-v-e it, especially the Hagar; Waysted; Santana; and even Hank can rock this town... If Tesla is still not on your playlist, do it this week! Your listeners will love it and the record stores will be very busy at the counter... Then there's the adult appeal of Paul Simon, and that new China Crisis keeps slipping back into my ear to where I may have to do something with it! "I'd like to commend some of our personnel here at 'MGM, when the blizzard hit this week. Our O.M.-Tom McNally had the presence of mind to come in early, while the roads were still passable. Both Tom and our overnight guy, Jim Spector, kept the station rockin' for 36 hours while the rest of us were snowbound!...An avalanche of great tunes this week: Sammy Hagar 'Winner Takes All'--Sammy does 'Survivor'. Powerful vocal performance...Santana 'Veracruz'--My only complaint about this track is that it leaves me hungry for those legendary Santana guitar licks...Esquire 'Moving Together'--the instrumentation has Yes written all over it...Psychedelic Furs 'Heartbreak Beat'--Their best track for AOR to date...Broken Homes 'Steel Town'--Good, straight-ahead rocker. Excellent vocals...Paul Simon 'Boy In The Bubble'--Still Top 10 retail...Also on: Dave Edmunds 'The Wanderer'...Top Five phones: Bon Jovi 'Livin' On A Prayer'; Cinderella 'Nobody's Fool'; Deep Purple 'Bad Attitude'; Eric Clapton 'Tearing Us Apart'; Boston 'Can'tcha Say'."

New bands, new artists all over the charts--all over the radio. Fresh, quality, creative music sounds like World Party; Robert Cray; Bruce Hornsby; Georgia Satellites. All that violate the 80's format rock sound. Along with that, a Lou Gramm solo shot that sounds better than when he's with the band...A great Robin Trower tune and a Sammy Hagar tune, with help from Eddie and Georgio to set up what is going to be Sammy's biggest solo record...I'd have to say that music is very healthy right now and of course, waiting in the wings, the attack of the Beatles' CDs. These guys will never go away. 1987 is shaping up to be a great year musically."

KENNY PUVOGEL, WARNER BROS. (818-846-9090)

"First off, belated Happy New Year to everybody out there in radio and record land. From George, Dave, Patti and myself, thanks to everyone for making 1986 a record breaking one in both sales and airplay for Warner Brothers Records. Also it was great seeing old friends and making new ones at the Burkhart/Abrams Convention. I had a great time and next year I promise I'll take first prize in the tennis tournament. Speaking of sports, as I write these comments, they're partying at the Meadowlands right now. It sure feels great to say the Giants are the World Champs!..Now into records. We are extremely pleased and excited about the response and acceptance to the LOS LOBOS 12" and Lp at radio and retail. This will be the one to put them over the top. Looking for more cuts to play: Try 'Is That All There Is', 'My Baby's Gone' and 'Set Me Free Rosalee'. Please take time to read the Robert Hilburn article from the Calendar section of the LOS ANGELES TIMES that we sent to you on LOS LOBOS... The ERIC CLAPTON record is on fire with both 'Tearing Us Apart' and 'Miss You' burning up the charts, with 'Tearing Us Apart' heading towards #1...The next 12" from the PRETENDERS will be 'Tradition Of Love'. Remember this Lp has had two #1 AOR tracks to date. So please give serious consideration to this new remix... STEVE WINWOOD has another winner with 'The Finer Things' at both AOR & CHR radio... Looking for new records to play: Try the MIGHTY LEMON DROPS, 'My Biggest Thrill' and HUSKER DU's 'Could You Be The One'...Looking for a great instrumental to play: You could probably pick any of DAVID SANBORN's new songs from his new LP, 'A Change Of Heart'. My favorite track is 'Tin Tin'. DAVID SANBORN stands for class... We would also like for you to take note of three new pros on your desk: DAVID LEE ROTH'S 'I'm Easy' (Lp now 2 million), TALKING HEADS 'Love For Sale' (Lp now 1 million) and HANK WILLIAMS, JR.'s 'My Name is Bocephus'. Check out the video!...Last, but certainly not least, we would like to announce the release of PAUL SIMON's new

12" + single, 'Boy In The Bubble'. You will have this on your desks Monday, February 2. You will also be receiving a CD of the single version and an extended mix on the same day. This Lp is still the #1 seller at Warner Brothers with no signs of slowing down. As you already know, the press covering this Lp has been fantastic and very favorable. The Grammy nominations have everyone at Warner Brothers excited. Get ready and consider 'Boy In The Bubble' for airplay... Great new records coming in the first quarter: DEL FUEGOS, FARRENHEIT, CHRIS ISAAK, BIG DISH, THE CULT, K.D. LANG, WILLIAMS BROTHERS and, cross your fingers, FLEETWOOD MAC."

PAUL BROWN, I.R.S. (212-605-0601)

"It's hard to believe that it was less than 48 hours ago that the Giants won the Super Bowl. For as long as I can remember, they have been either doormats or also rans. Unfortunately, as I vainly attempted to lie back, stare at the ceiling, smoke a cigarette and bask languorously in the afterglow of such a wonderful and unfamiliar experience, a vision of Concrete Blonde began to permeate my mood. It's 'True' folks, it's 'True'. That being said, kudos to Dave Einstein for formulating the quote of this and any other year. It's one that probably never will be topped. Coming next week, a view from the Lyons Den."

ANDY ALLEN, ISLAND (212-477-7132)

"The Julian Cope Ep, 'World Shut Your Mouth' was released in mid November. Since then, the record has been a #1 college/alternative hit, and last week, the video was selected as MTV's clip of the week. This week, Cope is R&R's #1 new artist album and a Album Network homer! Over 20 stations are reporting good/excellent phones and the re-orders at the retail level are doubling each week. In late February, we will release a full Cope Lp that contains 'World Shut Your Mouth' and 'Trampoline' (just out as a import), but none of the other bonus tracks. The single ships to CHR on February 9... Also released late in '86 and just now making some noise at album radio is Shriekback. 'Gunning For The Buddha' is a multi-format, wide demo record that sounds better with each play. The alternative base is there and look for quick reaction at CHR... Last week Island showcased Peter Himmelman to radio, press and video in New York at the Bottom Line. He was terrific! His band smoked and he impressed all that attended. Listen to 'Eleventh Confession', just out on 12"... Chasing Shadows' is C.S. Angels' first release on Island. 'The Cutting Edge' is our lead track. Robert Palmer is the Executive Producer... The U2 Lp is entitled 'The Joshua Tree' and will ship to retail March 9th. The album was produced by ENO/Landis and mixed, in part, by Steve Lillywhite: Side One: 'Streets Of No Name', 'Still Haven't Found', 'With Or Without You' (12" and single), 'Bullet The Blue Sky', 'Running To Stand Still', Side Two: 'Red Hill Town', 'God's Country', 'Trip Thru' Your Wires', 'One Tree Hill', 'Exit', 'Mothers Of The Disappeared'. The tour will begin in Phoenix on April 4th with multiple dates in LA and NY to be announced. In addition to the 11 tracks on the Lp, there are 10 other completed tracks that will be used as B-sides and bonus tracks. Every attempt will be made to ship the CD, Lp and cassette simultaneously. More information will follow. Thanks for your support."

JEFFREY NAUMANN, VIRGIN (213-278-1181)

"Virgin is fully staffed and ready to go. Cutting Crew's '(I Just) Died In Your Arms' 12" will be on your turntable February 6th ready for airplay. Virgin's first release is truly a veritable suckaahh."

PAUL COOPER, ATLANTIC (212-484-6073)

"Atlantic will be releasing the soundtrack 'Platoon': 'White Rabbit' Jefferson Starship, 'Tracks Of My Tears' Smokey Robinson, 'Okie From Muskogee' Merle Haggard, 'Hello, I Love You' The Doors, 'Sitting On The Dock Of The Bay' Otis Redding, 'Respect' Aretha Franklin, 'I Thank You' Sam & Dave, 'Ohio' Crosby, Stills and Nash. Box office over the weekend was \$3,290,933.00. Total box office to date: \$16,220,910.00. Not bad!"

ALEX MILLER AND MICHAEL PRINCE, ATCO

(212-484-6400): "Guitars and vocals have always been the backbone of rock and roll. So it's no wonder that a stunning guitar combined with a voice that is both melodic and powerful provides Brighton Rock with the skeletal structure of a musical giant. When you flush that out with impressive original material ala 'They Came To Rock', the giant becomes a monster and that's what happening where Brighton Rock is getting airplay. Monster phones! The Brighton Rock boys are 'Young, Wild And Free', is there anything else you need to be when your 18-24?... Julian Cope. We believed in 'World Shut Your Mouth' since day one. Radio, open your ears... Shriekback's 'Gunning For The Buddha' is a beautiful song. Congratulations to those of you who listened to this Lp early and realized it's depth... Coming soon! Reckless 'Nitty Gritty'... Since you did, thanks for reading."

RICHARD PACHTER, PROMOTION IN MOTION

(305-482-6629): If you have not yet received the IDEOLA CD via A&M, please call JB, Al 'King' Cafaro or myself and we'll see that you get it. It's very fresh sounding stuff... Julian Cope is almost home... Get behind the Spoons before it gets behind you... Pseudo Echo is a genuine article. Make sure you listen to Wednesday week on Enigma, the new home of the hits... In Pursuit deserves your attention. I like the Concrete Blonde album... If you want to hear an American original, give an ear to the Lonnie Mack record... Contratulations to Charlie Keen on the change of venue. If you're feeling the cold, remember that spring training is only six weeks away."

DEE DEE "VANNA" WHITESIDE, MTM (615-242-1931)

"Yes, while the east coast itself is suffering from the modern yuppie version of a drug habit (it's a blizzard), lovely California has 80° weather. Hey, thanks to all my formerbuddies out there that reminded me of that fact this week. My poor little California plates are covered in snow and ice... But Nashville's got a great rock scene here, believe it or not. In pursuit of warmer weather, and towards that effort, In Pursuit's new video--added at MTV and Night Trax along with 17 other video outlets--cassette is on the way for y'all's cars along with something for your tastebuds and martinis. 'Only For You', 'Thin Line' and 'Standing In Your Shadow' are emerging as favorites with AOR radio. Special thanks to WKDF, KZEL, WONE, WEQX, KRIX, KESI, KRZQ, KBLE, KATP, WNCN, KRQU, WRAS, WTOS, KEYX and KLWD for your early support and adds on this record... Some of you may hear from Scott Borchetta or myself next week. We're looking forward to it."

Christmas list. I'm 'Too Hot To Stop' compiling the list of those radio stations that have been naughty (read haven't added) or nice (read have added). Ben Orr's 'Too Hot To Stop' is that up-tempo, rockin', Cars-like track many of you clamored for. If you're one of those few stations that haven't added it yet, do yourself and your listeners a favor and get it on. That's Ben Orr's 'Too Hot To Stop' on Elektra music cassettes, records and compact discs. The very same Elektra that will be delivering the new Cars to you sooner than 'You Might Think'. Ben Orr, The Cars--on Elektra. Get it? Get serious. Add it!"

DAVID ROSS, RCA (212-930-4518)

"I'd like to thank everyone for the kind thoughts and words of encouragement on my promotion from New York local promotion to Manager, Album Promotion East. Thanks to Eddie Mascolo, Alan Wolmark, and Larry Van Druff for their belief in me to do the job. Our new New York local promo rep will be Steve Stoff. He'll be in touch with you all real soon...1987 is already knocking down the

doors with such acts as Love And Rockets and Pseudo Echo. With over 100,000 in Lp sales and over 60 AORs playing 'All In My Mind', we're just on the verge of breaking another new artist on our roster. Please give this track your fullest attention. We did it with Bruce, we did it with Mr. Mister, and now we're going to do it with Love And Rockets...Pseudo Echo is bursting on the scene with their first RCA 12" release, 'Living In A Dream'. Let's let AOR lead the way with this track before CHR jumps all over it. In the not-to-near-future they'll be touring in America. Give this track and Lp your fullest attention. I'm sure, they will be big!...Other projects include the Starship 12", 'Nothing's Gonna Stop Us Now.' It's a cold stone smash...Toby Redd's 12" 'Looking For You' is gaining momentum and breaking out in Detroit...Bruce goes Top 10 this week with no end in sight. He's on his way to your town. I'll be on the road with Bruce and I'm looking forward to meeting you all. If I can be of any help to you, I'm in New York at 212-930-4518. I answer my own phone and I do windows. Thanks for your support. Speak to you next week."

It's called "The Joshua Tree", named for a member of the Ucca family that thrives in the desert. There are rumors the band will shoot four videos for this album. And although exact dates have not been confirmed, Bono and the boys will kick off a U.S. tour the first week of April...Madonna's former boyfriend and longtime producer, Steven Bray, will have his first album out next month. His band is called "Breakfast Club", and it was Madonna's first band, back when she and Bray were an item five years ago in New York City. The album is called "Right On Track". The title song will be released as a single February 16th, along with a 'cas-single a tape of the title remixed four different ways.

DAN BAIRD (GEORGIA SATELLITES): "You gotta remember that all rock 'n' roll music, -- basically all American music styles -- came out of the South, except for doo-wop. I think that came from New York City, and they can keep it. But everything else can go right back to the touchstone of the South."
