### WHITESNAKE, "STILL OF THE NIGHT", GEFLEN

New Led Zeppelin? Just about. Two and a half years in the making, Whitesnake's latest has all the ingredients of a Zeppelin classic--in fact Greg Gillispie hears "4 Zep songs in one!" You've got to be knocked out by the way producers Mike Stone and Keith Olsen blend hard rockin' crunch with light cerebral textures in a 6:40 tour de force that plays like the best of the 70's rock. And the way David Coverdale belts out the vocals, better batten down the hatches before you fire up the CD! Immediate request/retail reaction is a given. Blast it!

### THE CULT, "LOVE REMOVAL MACHINE", WARNER BROS.

Looking to add a little fiber to your playlist with something raw, wild and revealing? Then turn on "Love Removal Machine". The buzz coming down the pre-release pipeline indicates The Cult will more than surpass the success they achieved with last year's international hit "She Sells Sanctuary". Lead vocalist Ian Astbury's delivery has a reckless abandon, and with Rick (Beastie Boys) Rubin behind the board, the rhythm section kicks it out with an exhilarating AC/DC intensity. But when Billy Duffy powershifts into that final :45 gut seering guitar eruption, all we can say is better have a power hitter cued up to follow it!

### THE DAMNED, "ALONE AGAIN OR", MCA

Before you even think about the four corner stall based on their name or image, take this tip from WRDU's Bob Walton, "Don't repeat my mistake and file this away without listening closely. This is a song that will get people singing!" After weeks of heavy at home/in office/in car play, we'll confidently back up Bob's claim with pride. Weaving Spanish guitars and muted trumpets, The Damned transform this 1967 Arthur Lee & Love artifact into a majestic and engaging charismatic track with tons of mass appeal potential. One listen will dictate "Alone Again Or" urgency for the format.

### WIRE TRAIN, "SHE COMES ON", 415/COLUMBIA

Bono's been championing this refreshing San Francisco band for years now, and with "She Comes On" we feel Wire Train has finally found that all important common denominator track. Chiming guitars, catchy choruses and '60's harmonies, have always been their forte, and this time ace producer Tim Palmer (Robert Plant, Mission U.K.) adds a hard edged gloss that puts the band in serious contention for mainstream acceptance. Expect the Bay Area and Adventure Club out of the box, with the action spreading from there. Take the Wire Train!

## GINO VANNELLI, "WILD HORSES", EPIC

Gino's always had major league female appeal, and last year's "Black Cars" re-introduced his powerful pipes to album stations from Maine to Mexico. For '87, Gino gives us "Wild Horses"--a slick, soft, upper demo detonator. His vocals have taken on a Lou Reed street rap, the fretless bass ad vibes evoke a distinctive jazz flavor, and the understated arrangement lets the song shine through. A dose of Vannelli's broad rock appeal seems to be in order. Early spins at KBCO, CHOM, WIMZ, KBER, KZEL, WBGK and CFOX.

## THE DEL FUEGOS, "LONG SLIDE (FOR AN OUT)",

SLASH/WARNER BROS... Last year's "Boston Mass". Lp proved their prowess as fresh furious free-wheelin' rockers "make the American way". Now prepare to be moved and grooved as The Fuegos downshift into a smokey seductive blues thang. The slide guitar work makes us melt, Don Zanes voice cuts like a razor, and the horns and gospel tinged back-up vocals hold it all together. Slide it on, baby!

## PATTY SMYTH, "NEVER ENOUGH", COLUMBIA

In barely three weeks, "Never Enough" has rocketed to 11\*. Hot Trax with 138 adds to date, 36 Good to Excellent phone locations, and a massive 26 play ups (3rd best in that stat). Assisted by world class songwriters, players and producers, Patty has forged an album that places her in the same league as the Wilson Sisters, Benatar, or any reigning rock queen. She's not afraid to cover new ground--interpreting Tom Waits' "Downtown Train", or enlisting Magic Dick to blow his face out on "Give It Time". Our immediate follow-up pick-to-click is the anthemic "Heartache Heard Round The World" (featuring The Hooters). Like Ron Diaz, WYNF sez, "Too much is just enough".

## JON BUTCHER, "WISHES", PASHA/CAPITOL

Jon's fastest starting, quickest reacting record ever nails a #1 Most Added 57 station finish, doubling the cume to 118 in two weeks. Programmer positives? Try, Anthony Alfonsi, WDVE "a mesmerizing record"; Chip Hobart, WQFM "should move him into the mainstream"; or Chris Garrett, WHEB "Will finally establish him as a bonafide star". You'll love the focused energy, terrific direction and maturity on the new Lp--start with the guitar drenched "Living For Tomorrow", the topical "Holy War" or the Hendrix "Little Wing"--styled title track. Mass with class.

## ERIC MARTIN, "I'M ONLY FOOLING MYSELF", CAP.

Eric's redefined his direction and image this time out, and we think the new album positions him as America's Paul Young. "Everytime I Think Of You"s sweet soulful hooks immediately sank into and on KFOG, KOME, KSJO, KZAP, KNCN, KGRQ and KSQY with significant OTB interest at the other format. If you're looking for more of an edge, try "These Are The Good Times". Melodic, mass appeal, and ooh that voice!!

# AUTOMATICS

Depth Trax From Established Albums

## PETER GABRIEL, "DON'T GIVE UP", GEFLEN

How many albums have produced as many chart-mauling trax as "So"? Who else owns the #1 Rock Radio song of 1986? And who's hipper than St. Peter? We've been big fans of

this subtle yet moving ballad since the Lp's release and figured it would make its airplay impact sooner or later. Teaming Gabriel with Kate Bush is a match made in heaven. It may be on the soft side, but don't underestimate Peter's appeal and "Don't Give Up" power.

## BILLY IDOL, "SWEET 16", CHRYSALIS

After his show-stopping live performance on the Grammys, you better believe Billy's front and center with every demo from 8 to 80. Now make sure they're hearing his new 7"/12" on your air. New this week on KLOL, KLPX, WBRU, WWTR, WGLU, KSQY and WWCK, now on 33 including WGTR, KZAP, KGB, KATT, KILO, WRXL, WLIR and WXXP. Improving 79-76.

## IGGY POP, "ISOLATION", A&M

Since its release last summer, "Blah, Blah" has garnered convincing airplay/retail/press, and combined with Iggy's blazing live shows, won over many new believers. "Isolation", the moving, mid-tempo follow-up to "Real Wild Child" has been a programmer favorite from the git-go. Bowie's presence and influence shines brightest on this track. Let's keep the Ig-man rollin' with this deserved cut.

## DAVID AND DAVID, "RIVER'S GONNA RISE", A&M

Here's more of that edge city, other side of midnight magic that made "Boomtown" work so well. At this point, they're a name act and one of the format's proudest artist development o.k. stories, so why wait? Your listeners will love the way those distorted guitars build to a frenzied finish, while the band locks into a firm tight groove. Russ Mottla, WAAF, hears "a wonderfully moody song that reminds me somehow of old Bad Company with Al Green sentiments." New this week on WGTR (power), WAAF, WBRU (heavy) KILO, KLAQ, WHTF, WQBK, KOZZ and 4 more, with KBCO increasing. I'm going home!!

## DOKKEN, "DREAM WARRIORS", ELEKTRA

(39 New/47 Cume)...This had to be one of the week's easiest adds and based on "Dream Warrior's " #2 Most Added showing and Dokken's consistently forceful phone activity, it's safe to say their programming value at Album Radio is now etched in stone. Among the 39 new are majors KGB, KLOS, KOME, KDJQ, WQFM, KLOL, KSJO, WYNF, WCCC and KAZY sparking a debut at 57\* on the Hot Trax 100...The four-star raves continue to pour in in abundance from folks like Tim "Through the ceiling" Jeffreys, KAZY...Alan "They know how to rock" White, KILO...Wayne "Another kick-ass track--strong phones" Summers, WRCN...and Pepe "Monster track" Lopez, KNCN...While instantaneous phones is the haps just about everywhere (including Top 5 calls at KQRS, KILO, KAZY, and KSJO), Harvey "Doctor K" Kojan, KLOL, submits this classic report, "Our #1 Request --and they haven't even heard the tune..." Don't wait!

## ANDY TAYLOR, "I MIGHT LIE", MCA

(37 New/81 Cume)...The format continues to be sky-high on A.T.'s solo road test as 37 new commitments (WBYR, WNOR, WHCN, KISS, CILQ, KZAP, WYNF, KGB, WTUE, WRKI, KOME, KAZY) combine with last week's 44 OTB adds to produce a chart crushing 62-38\* Trax leap--good for #1 Gainer honors! out is solid with 15 Excellent/Good request mentions...Rick Panneck, WAPL, stamps it, "Great rock n' roll, pure and simple"...WGIR's Karen Andersen Small injects, "Andy Taylor further buries his Duran Duran reputation with a rock n' roll record that's right for us. 'I Might Lie' definitely fits the bill"...And Cathy Down, WLNZ, turns in this early 1988 Grammy nomination: "How about Andy Taylor for Best Male Vocal"...We'll second the motion.

GLASS TIGER, "I WILL BE THERE", MANHATTAN (30 New/44 Cume)...When the Tiger's rockin', you know just about everyone "Will Be There" and the proof is in the 30 newcomers (WMMR, WFBQ, WHJY, KUPD, KOME, WCCC, KLPX, KATT, WMGM); the early 44 cume; and the fat 25 Considering/Close. And while WSHE, WRUF and WKLC have already upped the rotation, their third emphasis track impacts the Hot Trax chart with our highest debut at 53\* and returns to the Album Action ranks at 43\* National; 44\* Metro...Erin Riley, WMMR, steps up, "When I first heard the Glass Tiger album, they sounded solidly AOR to me. And when I saw them open for Journey, I was convinced. Now comes 'I Will Be There', the song WMMR will play, and you should too"...Chip Hobart, WQFM, feels it's "The strongest track they've done"...J. David Holmes, KUPD, nails it: "This track deserves AOR support"...Lots of it.

FROZEN GHOST, "SHOULD I SEE", ATLANTIC (28 New/42 Cume)...This week's stellar activity (#5 Most Added with 28 including KSHE, KOME, WQFM, KUPD, WLVQ, WFYV, KOZZ, WAAF, KILO and WEZX, and debuts of 56\* Hot Trax, 46\* Metro) is surpassed only by the magnitude of positive testimony around the dial...Ron Nenni, KOME, excites "It blew me away"...John McCrae, KRQR, calls it "Best debut record this year"...Ron Garrett, KDJQ, finds it "Really new, exciting, fresh"...KSQY's Jeff Michaels reports "Excellent phones"...WSHE's Michael Dalfonso states simply, "It's a Hit!"...Also among the dozens of four-star raves is this prediction from Ron Diaz, WYNF: "Will be on everywhere soon"...Very soon!

CINDERELLA, "SOMEBODY SAVE ME", POLYGRAM (28 New/37 Cume)...WKLS, KLLOL, WHJY, WYNF, WTPA, WAQX, WLNZ, WEZX, KKDJ, WEGR and 18 more deliver the triple shot--joining early birds KISS, KUPD, KSHE, WLLZ, WBAB, WHTF, WWZU and KNAC already on Cindy's latest killer. While that #5 Most Added finish generates a Hot Trax debut at 58\*, the Lp cranks up our #3 National and #2 Metro Gainers, 39-35\*, 42-34\*, respectively...WMGM's Al Branca has the floor: "I'm sure 'Nobody's Fool' can pull Top 5 phones for another year, but it's time for a fresh slice from Philly's new force. With the Lp still Top 5 retail and their upcoming opener for Bon Jovi, 'Somebody Save Me' deserves some play." Most definitely!

HUEY LEWIS, "I KNOW WHAT I LIKE", CHRYSALIS (27 New/73 Cume)...More good news to relate on Huey and the boys as "I Know What I Like" bags a bundle of fresh spins including WIOQ, WCKG, WHJY, WRDU, KEZE, WEZX, KDJQ, KOMP, WAQY, WRXK and WRKI. As the track glides 50-37\*, the album posts our #2 National Gainer, 38-33\*, and #3 Metro cruise, 36-30\*. It's now Max/Heavy at 32, with increased play at WSHE, KDKB and WPLR. News you can use.

BON JOVI, "NEVER SAY GOODBYE", POLYGRAM (23 New/63 Cume)...In true Bon Jovi style, "Never Say Goodbye" continues to perform like a mutha as 23 (KZEW, WHCN, WLVQ, KAZY, WCCC, KLAQ, WRFX, WAPL, WIOT and WTPA) say hello

to this newest chart cruncher motivating a beefy 54-36\* Trax jolt (our #3 Gainer) and a debut at #13 Most Requested. While more than half the cume are already banging it at Max/Heavy, "Let It Rock" is new at 8 and surges 53-42\* on the Hot Trax 100...And as many programmers continue to expound on their #1 Request/Retail assault, Rick Panneck, WAPL, forecasts "This looks like it could be their third #1 smash." When you're hot, you're hot.

CUTTING CREW, "(I JUST) DIED IN YOUR ARMS," VIRGIN (19 New/148 Cume)...Virgin's astounding debut offering continues to explode on all fronts as "Died" initiates 19 new crew members (WLUP, KMOD, KGON, WGTR, KOMP, WTUE, KBLE) generating a blistering 28-12\* Hot Trax jolt--our Fifth Ranked Gainer. As 25 up the rotation and 36 Excellent/Good phone reports produce a #9 Most Requested debut, the Lp impacts the Album Action charts at 19\*; 20\* Metro, to take home highest debut honors...More raves from Chris "An instant smash" James, WTPA...Duane "Beautiful harmonies; guaranteed upper demo appeal" Sherman, WTOS...For testimony on the Lp's enormous depth, we present WIZN's Steve Cormier who shouts, "The 'Broadcast' album is incredible. Song after song of nothing but topnotch material."

EUROPE, "ROCK THE NIGHT", EPIC (19 New/23 Cume)...Fast on the heels of "Final Countdown's" dynamic run at rock radio and current CHR chart attack, this forceful follow-up shows its auto teeth as 19 deliver the double slot paced by WNEW, WBAB, CILQ, KLLOL, WGTR, WPLR, KLPX, WOUR and KILO, stimulating a Hot Trax debut at 88\*. The Checklist barometer shows plenty of future growth potential as 25 are Considering--12 of which are close. They've proven to be a very useful programming tool--so put it on and watch it fly.

LITTLE AMERICA, "WALK ON FIRE", GEFFEN (17 New/39 Cume)...Their first outing continues to illicit reams of raves as well as major doses of fresh airplay. New this week are KGB, WYNF, KLLOL, KZEW, KUPD, KICT, WAPL, WEZX, WMAD and eight more, sparking a Trax pounding 92-75\* jump (#4 Gainer) and a Metro debut at 47\*...Jack Degnan, WRUF, calls it "Killer, simply because it's down to earth"...Ron Diaz, WYNF, relates "Little America has a smooth groove to it. 'Walk On Fire' sure is catchy stuff"...With a meaty 32 Considering, it's clear many more will soon catch on.

LOU GRAMM, "READY OR NOT", ATLANTIC (16 New/82 Cume)...Lou still holds the Album Action throne and "Midnight Blue" remains at #1\* Hot Trax and Most Requested, with "Ready Or Not" closing fast. Among track #2's 16 newcomers are fresh spins at WSHE, WOUR, WPDH, WPLR, WLNZ, KPOI, WAAF, WIXV and KZEL, prompting a 34-28\* Hot Trax surge. The Checklist shows a build at 6, building phones at 10, building phones and sales at 13, plus 10 more considering. We've always perceived the P-Furs as a 'cult' band, but this track certainly has the goods to take them beyond the cult level."

ROBERT CRAY, "I GUESS I SHOWED HER", POLYGRAM (15 New/48 Cume)...WMGM's Al Branca steps up, "The guy may have no luck with women, but he sure can score with an adult hit"...And score big he does as "Guess" collects 15 new commitments including KSJO, WHJY, WDVE, WMGM, WQBK, WKFM, WHEB, WZZO and WWZU, powering a scorching 63-46\* Hot Trax bolt. It's already Max/Heavy at 15 as the album flies 16-12\* National while holding at 11\* Metro...Now check out "Right Next Door", new at KTXQ, KICT, WIOQ, WHTF, KOZZ and three more--cracking the Hot Trax chart at 84\*.

CROWDED HOUSE, "DON'T DREAM IT'S OVER", CAPITOL (14 New/106 Cume)...Destined to go down in history as the surprise AOR smash of 1987, "Don't Dream" is new at 14 (WRIF, WCKG, KLOS, WTUE, WPLR, WKFM, WFYV, WHTF); up at 18 and cruises 22-15\*, 23-20\* National, 23-21\* Metro. But the big noise is on the phone lines, as 21 Top 5 call locations motivate a kick-ass #5 Most Requested debut...And this late flash from L.A.: Two pistol hot SRO (plus) shows at the Roxy where our illustrious editor and his ensemble were escorted out of the club (w/others) by the Fire Marshall -- Crowded House, indeed!

LOS LOBOS, "SET ME FREE (ROSA LEE)", SLASH/WARNER BROS. (14 New/21 Cume)...Impacting the Hot Trax chart at 94\*, this mass appeal follow-up bags fresh spins at DC101, KRQR, KLOL, WIOQ, KFOG, WBRU, KILO, WXRC, WWZU and five more joining early birds WBRY, WLUP, WHEB, WBLM and KZEL. What's more impressive is that out of 21 cume, it's already Max or Heavy at nine! Considering your audience's wholehearted embrace of the lead track -- ("Shake" is now #16 Most Requested; #8 Trax) -- and the album's proven strength (10-8\* National, 9-6\* Metro), why not back-up your praise of Lobos by delivering the deuce?

WORLD PARTY, "PRIVATE REVOLUTION", CHRYSALIS (14 New/21 Cume)...KDKB, WRXK, WLNZ, KKDJ, WHTF, WXRC, KILO, WTKX, WRDU and five more lend their support to the "Revolution", joining KYYS, WBRU, WAAF, WWWV, WQBK and more already there. The Party's latest is off to a nice start at 96\* Trax in its first full impact week. And we're sure this track will pick up quite a head of steam in the weeks to come judging from the hefty 39 Considering/18 Close...Bruce McDonald, WFNX, is right on target: "'Private Revolution' is the song that convinced us here at 'FNX that Karl Wallinger's talent is too massive to ignore. Our listeners agreed, making it one of the most requested tunes over the last three months."

PAUL SIMON, "BOY IN THE BUBBLE", WARNER BROS. (13 New/111 Cume)...The Grammy Award winner for "Best Album Of The Year" is our #1 Metro Lp Gainer, leaping 37-27\* while upgrading 28-24\* National (#3 Gainer). The Rhymin' one's latest emphasis cut also continues to shine, generating new play at WIYY, KLOS, KLOL, WHCN, WDVE, WAAF, WNOR, WPLR, KFMM and four more, with increased play at a dozen, to spark a 30-25\* Hot Trax climb. Way to go, Paul!

STEVE MILLER, "I WANNA BE LOVED", CAPITOL (13 New/30 Cume)...The track that WGIR's Karen Andersen Small aptly describes as "instantly accessible" sure is performing as such. Thirteen give "Wanna" the auto nod headlined by WCCC, WHJY, KDKB, WAQX, WHTF,

WAAF, WTUF, WGLU, KZEL and WGIR. While power driving 80-66\* on the Hot Trax 100, KQDS ups the rotation to swell the Max/Heavy cume to 18. Another great track from everybody's favorite gangster.

CHRIS ISAAK, "YOU OWE ME SOME KIND OF LOVE", WARNER BROS. (13 New/22 Cume)...Coming off his run as our #1 Buzzband, Chris Isaak continues to be one highly talked about artist at Rock Radio. All the chatter is generating quite a bit of airplay as 13 are new this week (KSJO, WBRY, KZAP, KILO, KFMM) to thrust "You Owe Me" onto the Hot Trax chart at 100\*...Straight to the classic reviews: John McCrae, KRQR, "Going to be a massive record"...Jon Russell, KFOG, "His best yet"...Alan White, KILO, "A perfect blend of old and new"...Carolyn Wessel, WBRY, "This is the cut to make it happen"...And this advice from Bob Showacre, WHFS, "Don't miss this one"... Don't indeed!

PETER WOLF, "COME AS YOU ARE", EMI (12 New/151 Cume)...As good as closed in two short weeks, the Woofa Goofa's latest gem picks up 12 new (KISS, KOMP, KPOI, WWCK, WXP) and bags our top ranked 39 increases to bolt 13-5\* Hot Trax. Along with that Top 5 chart assault is a debut at #17 Most Requested, spearheaded by nine Top 5 phone reports. It's now Max at 28; Heavy at 54 more...WIZN's Steve Cormier turns in this classic comment, "The Moobagooba man is back in true fashion. It's good to hear Peter Wolf rocking out again"...You ain't lyin', Steve.

STRANGLERS, "ALWAYS THE SUN" EPIC (10 New/51 Cume)...Another former #1 Buzzband that's living up to all the excitement is the Stranglers: New at 10 including WGTR, WIOQ, WFYV, WOUR, WRXK, WMGM, WWZU and WHMD; up at WRCN, WKLC and WMAD; Max/Heavy at 14; surging 61-54\* on the Hot Trax 100; and impacting the National Album Action chart at 49\*. The buzz on these guys is real and it shows in radio's steadfast commitment to breaking them. Don't choke on "Always The Sun". Put it on and watch it shine.

ESQUIRE, "TO THE RESCUE", COLUMBIA (10 New/38 Cume)...With another ten new coming "To The Rescue" this week (WLQV, KOME, WYNF, WEZX, WZZO, WMGM), it's clear that this is the AOR cut to deal with...We'll return to WMGM's Al Branca for further testimony: "'To The Rescue' is the track we've liked since day one. And like the Kinks story, another reason why the choice should be made by those who know -- we the music heads"...A quick chart check: Surging 72-64\* Trax; 47-44\* National; 50-48\* Metro.

EDDIE AND THE TIDE, "WEAK IN THE PRESENCE OF BEAUTY", ATCO (10 New/20 Cume)...Adds and raves keep rolling in with the Tide as "Beauty" goes on at KQRS, KDKB, KUPD, WDHA, KOZZ and five more to motivate 95-89\* Hot Trax improvement...Beth Kepple, WKLS, informs "I love the song"...John Lassman, KQRS, predicts "Will be huge"...J. David Holmes, KUPD, labels it "An obvious hit"...Jeff Reidel, KKDJ, reveals "It's working well"...We know it will work for you too. Put it on and find out for yourself.

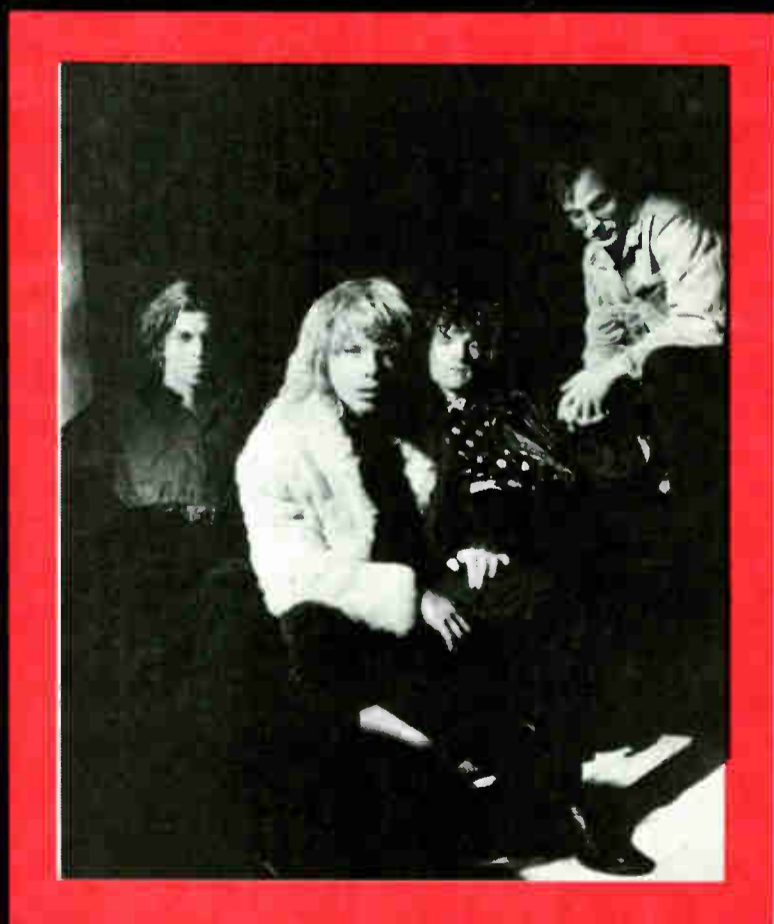

NEVILLE BROTHERS, "WHATEVER IT TAKES", EMI (10 New/10 Cume)...The Neville's latest offering certainly has what it takes to generate a solid dose of OTB add activity and radio regard...We offer these reviews from Jay "Great Pop Music" Baker, WFBQ... The Most Talked About New/Developing Artists

JOHN PHILIP, "WHAT'S IT GONNA BE", ATLANTIC  
What's it gonna be?? How 'bout #1 Buzzband honors!! We've all fallen in love with this record and early indications shows us radio's just as jazzed: WQFM's Chip Hobart: "John Philip is from Florida, but he may be finding work in the north soon"...KUPD's J. David Holmes: "Where has this John Philip guy been hiding? 'What's It Gonna Be' has that raw edge that makes Rock Radio fresh and exciting!" We also heard tons of Petty comparisons from the likes of WYNF's Ron Diaz...WDIZ's Rad Messick and WRUF's John Degnan. John Philip grabs 9 OTB'ers (WYNF, WDIZ, WRXK, KUPD, WRUF, WFYV, KSQY, KFMH, KWIC) with interest also building on "Little Bit Of Faith". Like we said last week, if you're in the market for straight ahead American Rock & Roll, look no further. John Philip's got the goods!

FARRENHEIT, "FOOL IN LOVE", WARNER BROS.  
We still can't believe Charlie "Farren" met David "Heit", but it seems to be a marriage made in heaven. Their sweet soulful vocals, strong harmonies and hooks galore has radio excited; WAAF's Russ Mottla: "I think we have a new core AOR artist in Farrenheit"...KLOL's Harvey "Dr. K" Kojan feels: "Farrenheit was easy- this song's got more hooks than South Main Street on a Saturday night!"...and from WQFM's Chip Hobart: "I love it...Another great Boston Band." Just out and already on KLOL, WBCN, WAAF, WOUR, KISW, KRQU, KJOT and KGRQ. Farrenheit's temperature is about to rise - don't get left out.

POISON, "TALK DIRTY TO ME", CAPITOL  
The Buzz started in the streets, hit the stores, and blew out the phones. Rock Radio is feeling the Poison..."Talk Dirty To Me" is new at 7 this week (WYNF, WDIZ, KILO, KWHL, WEQX, WOOJ, KFMQ) with another 15 considering. The track vaults 87-80\* Hot Trax and is pulling Top 5 phones at KAZY, WPLR, WWZU and WRCN. With Top 5 video requests and the rabid Ratt/Poison Tour in full swing...this Poison is reaching the boiling point!!!

XTC, "DEAR GOD", GEPHEN  
"Brilliant, Powerful, Controversial" says Alan White, KILO of XTC's newest offering "Dear God". When a song is this angry and so clearly heartfelt, how can it not leave you without a chill down your spine or at least a question in your mind... Carter Alan, WBCN says: "It's unfortunate that their massive critical success has never translated into massive airplay and sales. 'Dear God' could change that... We put it right into heavy"...Bruce McDonald, WFNX agrees: "This song is huge! It received over 30 calls on our first spin and the calls haven't stopped." "Dear God" is pulling Top 5 phones at WXXP, WFNX, WTOS and KFMH. STOP! XTC is not just an Adventure Club band, as evidenced by this week's add at CILQ. Join Todd Rundgren (who produced the Lp) and others who insist this song will be a hit and take faith in "Dear God".

LOVE AND ROCKETS, "BALL OF CONFUSION", BIGTIME...This should be nothing short of an automatic for Adventure Clubbers, but like the Beasties and Run DMC have recently proven, rock rap can work everywhere and deserves careful consideration. Love And Rockets add an entirely new flavor to this timeless classic that will have your listeners rappin' and tappin' and dialin' your request lines for an encore, and that infectious guitar squeal is certain to hook 'em hard. And the buzz goes on...Duane

Sherman calls this WTOS "Pick Of The Week", "A truly outstanding track that deserves your full attention"...New at KFOG, WLIR, WFNX, WEQX and WTOS.

KILLING JOKE, "SANITY", VIRGIN  
Don't turn away because of their name. Take a good listen. You can't deny their ability for intense, powerful music and "Sanity's" driving beat grips like a vice. This track opens the door to increased exposure for Killing Joke as noticed by early adds from WLIR, KZAP, WHFS and KZEL. Killing Joke will be leaving the private sector of the college and club scene and heading for larger pastures. Climb on board now "for Sanity's sake".

RANK AND FILE, "BLACK BOOK", RHINO  
Four more march in this week (KISS, KWIC, KSTM, KATP) to join the ranks of other believers. "Black Book" is straight ahead Rock and Roll with a bonus. It's got a groove that can't be denied as noticed by KLAQ's Magic Mike who calls it "Great Texas down home blues". Take a tip from Cathy Down, WLNZ, who believes that Rank And File is "A band we'll be hearing a lot more from." We agree.

THE SAINTS, "JUST LIKE FIRE WOULD", TVT  
The buzz on this record has been steadily increasing and we're certain that "Just Like Fire Would", it can only continue to spread. The evidence is in the healthy dose of fresh airplay The Saints continue to generate, the constant flow of unsolicited positive testimony we've been receiving and the mighty 25 considering mentions...Jennifer Grossberndt, WRAS praises, "The Saints is a killer record!"...And J.D. Holmes, KUPD announces, "I'm happy to say we finally made room for a song I've liked for a long time--'Just Like Fire Would'." New this week are WLIR, KUPD, CILQ, WXXP and WYMG, expanding the cume to 20 and catapulting it on the Hot Trax chart at 98\*. Catch the buzz.

RECKLESS, "NITTY GRITTY", VALENTINO/ATCO  
We tipped you to these New York Rockers a few weeks back and the add activity is starting to roll - WXRK, KNAC, WCCC, WHJY and WRCN enlist as early believers this week. WRCN's Wayne Summers calls Reckless "More great nighttime flavor" and WFBQ's Jay Baker states: "Straight ahead good Rock & Roll". "Nitty Gritty's" raunch and roll formula is guaranteed to spur nighttime excitement - let it roll.

"An effortless crushed velvet voice over itchy guitar painting a picture of wildness in control and just out of reach. For best results, play **Sounds** loud."

"To place **Hipsway** in the appropriate soul/funk niche is to demean them. They have somehow conceived a way of presenting their music in a refreshingly original manner, exposing a lot of other bands for the pretenders they are." **The Record Mirror**

"Music that is hard-edged, pared down, and stays at the right side of clever." **New Music Express**

"**Hipsway** stands tall as the archetypal British music product of the 80's, and we don't want a word said against them." **Sounds**

## KENDALL TAKES WSHE OM; 4 WAY MIAMI AOR RACE HEATS UP

Flash. This just in: Former WNEW-FM PD Charlie Kendall has accepted the Op. Mgr. position at Miami's WSHE, effective March 9. Kendall will report directly to TK Communications VP/Programming Rick Peters; WSHE PD Michael Dalfonzo will report to Kendall. CK will continue to operate Kendall Energies, providing voice-overs and limited consultancy services to various concerns. Full details and statements here, next week.

Free advice to any and all South Florida AOR PDs: Put your helmet on! The stage is set in Miami for an all out 4 way Rock Radio dogfight. In this corner, new Adult Rocker WINZ. Consulted by Harris Communications, the former Top 40 outlet has shed Madonna, The Bangles and Luther Vandross in favor of "A preponderance of familiar Rock music" according to VP/GM Gary Lawrence. Billing itself as "South Florida's Home Of Rock N' Roll", 95INZ targets 25-40 with a 25-75 current to gold ratio. Artists heard in a recent monitor included Deep Purple, Alan Parsons, Beatles, Queen, Bon Jovi, Bob Seger, Stones, Aerosmith, Billy Joel, Gregg Allman and Pink Floyd. Lawrence flatly denies heavy market rumblings that 95INZ will revert back to the "ZETA 4" handle it employed years ago in its first incarnation as an AOR. Look for the station to announce its new PD this week. Odds on favorite: KGON PD Peter Bolger, who worked with Harris when HC consulted KGON.

Also relatively new to the AOR combat zone is Cox Communications WGTR. Programmed by former WKLS, Atlanta and WFBQ, Indianapolis PD Bill Wise, and consulted by Burkhart/Abrams, WGTR has marketed itself as "The world's first all compact disc rock n' roll radio station".

Defending their turf as Miami's heritage Album Rocker is WSHE, programmed by the Peters/Kendall/Dalfonzo hierarchy. And making it an even 4 is Classic Hits WMXJ. The Nov/Dec/Jan Arbitrends have the South Florida 12+ pie split up this way: WSHE 4.1-3.5; WGTR: 2.3-2.6; WMXJ: 2.6-2.3; WINZ: 2.4-2.0.

## GARIANO PROGRAMS NEW ORLANDO ADULT ROCKER

Miami won't be the only Florida market to host heightened Album Rock competition in 1987. Orlando will become a 3 AOR town

February 27 at 5PM when country formatted WHOO is transformed into Adult Rock WHTQ. Consulted by Harris Communications, and programmed by David Gariano-who exits HC to return to hands on programming-Q96 will position itself as "Quality Rock N' Roll". The move puts Q96 up against long time format market leader WDIZ, who use the slogan "The Home Of Quality Rock N' Roll".

"I am delighted to be here" Gariano told FMQB. "This is the best of both worlds for me, not only being able to start a brand new radio station in the fastest radio growth market in the country, but also to continue my professional and personal relationship with George Harris and Harris Communications."

Targeting 25-54, Q96 will run jock-less until an air staff is assembled. "We're talking to some very, very wonderful people that will captivate the Orlando radio audience" allows Gariano. Look for the station to launch a major marketing campaign in the future.

A 14 year broadcaster, Gariano earned his programming stripes at WZOU, Boston; WLLZ, Detroit; KPOP, Sacramento, and KMJJ, Las Vegas. He's also served as Director of Marketing at Sebastian/Casey and Associates, and is a former Director of Research at WCOZ-FM, Boston. Elaborating further on Q96's market strategy, Gariano said, "To establish the radio station we're going to take a somewhat conservative posture. We hope as we begin to learn about the market and what it will bear that can continually readress it and based on the amount of wonderful new product out that we need to embrace. I think that we need to be flexible. In the beginning I would like to be a very familiar, very consistent sounding radio station. In terms of new music I'm open and there isn't a great new rock and roll song that will come out that we will miss."

Also programming an AOR format in the Orlando market is WORZ.

## ABRAMS UNVEILS NEW AGE FORMAT: KSCO FIRST CLIENT

As predicted in last week's DIRT, consultant Lee Abrams will debut his New Age format next month on Fuller Jeffrey's KSCO-FM, Santa Cruz. Two years in the making and targeted 25-44 Adults, the new format follows the arrival 2 weeks ago of Metropolitan's KTWV--The Wave.

We spoke with Lee on the much talked about format--it's design, music, components, and the New Age phenom in general.

Paul Heine: For starters, how about a brief formatic description. And is it different from KTWV?

Lee Abrams: "The format is certainly different that what KMET's doing. It's a combination of the acoustic New Age, electronic music a la Jean-Michel Jarre and Vangelis, and certain crossover jazz pat Metheny kind of music. There may be a few vocals but I would say probably under ten percent. Core artists would include Andreas Vollenweider, Pat Metheny, Jean Michel Jarre, Vangelis, Al DiMeola and Jean Luc Ponty.

Paul: How would you compare/contrast what you're doing with what KTWV is doing?

Lee: Theirs sort of reminds me of AC. Ours will be structured more like a beautiful music kind of station.

Paul: Will the presentation be closer to The Wave or to an AOR approach?

Lee: Much more like a mainstream AOR with real disc jockeys and a lot of good production which will take a while to get together, but not vignettes. The production will be similar to the KFOG stuff, but not as humorous. More along the lines of great stereo effects.

Paul: In last week's FMQB, Denny Somach likened New Age music today to progressive music in the mid to late '60s in that in both cases the music is selling without any real airplay.

Lee: I don't think it has nearly the same cultural significance as that whole thing in the 60's, but I can see musically, as far as there being a void that no one's filling, it has a lot of similarities. Once it gets on the radio the whole thing will explode. Not culturally--I can't see people getting Andreas Vollenweider haircuts, but musically I can see these artists really starting to happen once it gets exposed.

Paul: What existing formats will New Age radio pull audience from and how about an average listener profile.

Lee: Primarily from an AC station, but also it will take people who don't listen to the radio that much and get them to listen more. I can see it going on in the morning and staying on all day with no listener fatigue. It's a total mood, atmosphere format. As far as a listener profile goes--In the early '70's you had somebody who might have liked contemporary music but every now and then wanted to relax and could put on a beautiful music station and hear "Guantanamera". Now 15 years later there's a whole generation of 25-44's who'd like a button on their dial for relaxing but they're not going to listen to a beautiful music station, and a lot of the AC stations are too Barry Manilow. So we're building a beautiful music station for the new mainstream.

## POLYGRAM REALIGNS ROCK RADIO PROMO DEPARTMENT

Calvin Lew has advanced to National Director/Rock Radio Promotion, West Coast from Local Promotion Manager in Seattle and San Francisco as part of a realignment of Polygram's rock radio promotion department. Lew, who will be based in Los Angeles now shares National Promo duties with National Director of Rock Radio Promo ace Drew Murray, who will concentrate on the label's East Coast Rock Radio Promo responsibilities. Murray will be based in New York.

The label has also elevated Manager of National Adult Contemporary Promotion, Brenda Romano, to National Field Manager, Rock Radio Promotion. All three will report to Polygram Director of National Promotion, David Leach.

"Our success with our artists on AOR Radio has been spectacular. This expansion is long overdue, and now we are more capable than ever to be attentive to rock radio's needs," Leach said, adding, "As always we are most pleased when we can promote from within. Calvin is a eight-year company veteran who's one of the best around. We're thrilled to have him aboard our national team on the West Coast. Brenda's only been with us less than a year, and in that short time she's proven herself a talented and invaluable asset. They are an unbeatable combination with Drew Murray, who after more than nine solid years with Polygram will be able to focus his talents more effectively and efficiently than ever before."

## BRUUN BAGS KEZO P.D.

Bill Bruun officially begins programming Omaha AOR KEZO on Monday, March 2, filling the vacancy created when former PD Bruce McGregor exited to take the PD reins at new Milwaukee AOR WLZR. Commenting on Bruun's appointment, GM Jeff Crabtree told Dr. Dirt, "I'm thrilled about Bill joining us. I first met him at the Burkhardt/Abrams convention. At that time I wasn't looking for anybody but I thought that if we ever needed somebody, he would be the guy. When Bruce turned in his resignation, the owners and I quickly consulted and he was the first person who came to mind. He was also the highest recommended person from other sources that we checked with."

Bruun, a radio veteran brings a wealth of prior experience to KEZO including close to a year as OM/PD at KMYZ, Tulsa (his most recent venture), OM duties at KICT, Wichita from 1983-86, the PD post at KXXY, Tulsa from 1981-82 and seven years as KMOD, Tulsa PD beginning in 1975.

## WYSP'S STEVENS ASSUMES WBMW GM DUTIES

WYSP, Philadelphia GM Ken Stevens assumes additional GM duties at Infinity's newly acquired Washington property WBMW. Like Infinity VP Tony Berardini who manages both WBCN, Boston and KROQ, Los Angeles, Stevens will split his time between both stations.

Commenting on rumors that WBMW will go classic rock and simulcast Howard Stern in morning drive, Stevens told FMQB, "We haven't been in Washington long enough to make any kind of judgement on the future programming plans of the radio station. We'll have to get in the market and evaluate before we can make any decisions. Obviously WYSP has been pretty successful with that approach, but we have no intentions of trying to duplicate WYSP's, success in Washington. But all possibilities are open until we've had a chance to get in the market and see and hear what's

## RARE ON-AIR OPENING AT WNEW-FM

Maxanne Sartori has left WNEW-FM overnights after three years. Filling in temporarily is weekender Ken Dashow. Her exit creates a rare full time on-air opening at the Mount Everest of Rock N' Roll radio. Before you send in a tape and resume, PD Mark Chernoff asks that you ask yourself these questions ... "Have you ever worked in New York? Are you from New York? Do you know a lot about the area? Are you familiar with WNEW-FM and its history?...If you still feel you're ready for the job, call Mark between 9AM and 12 noon, (212) 986-7000, again before you send in a tape.

In more news from WNEW, Donna Fiducia joins the station as morning news anchor. Fiducia most recently was with crosstown outlet WCBS as traffic reporter and has also worked with WAPP and WNBC, also in New York, as well as Shadow Traffic.

## READY OR NOT...LOU GRAMM TALKS DIRTY

Lou Gramm's debut solo album, "Ready Or Not" may top every chart in this week's FMQB, but that doesn't mean he's too busy to make the promo rounds and chat. Lou stopped by our offices this week and talked with FMQB's Paul Heine about the new record, Rock Radio, his solo career, and the future of Foreigner.

**PAUL:** "One of the comments we've been hearing from radio is that they like the direction on your solo album--more guitar dominated, stripped down, and simpler, compared to the Foreigner approach."

**LOU:** "We strove for spontaneity and performance, in other words, we didn't over-rehearse these songs, however, the people who played the songs knew what the songs were about. So, any spontaneous kicks or anything that was put down was captured on tape, as opposed to blowing all your best shots in a rehearsal situation and just being played out by the time you actually recorded the song. We went for a performance oriented type approach. We walked away from it, and it hit us with the same impact every time. We could have spent weeks and weeks on it, belaboring, does this work - does that work? But, I think that part of the effectiveness of this album is knowing when to stop and say: 'hey, it's great, it's enough', you know. 'Let's move on, let's look at something else'- and we did."

**PAUL:** "It must have been exciting having Nils Lofgren play on the record. How did the two of you hook up?"

**LOU:** "I was a Nils Lofgren fan for many years and kinda followed his career, and really enjoyed his writing and playing, and it was just kind of a dream for me. I kept wondering what it would be like if he could participate on some of my songs. His guitar style is unique. We had tried a few other guitar players on some of the songs, some

worked and some didn't. So, we got in touch with Nils, and he was a fan of Foreigner and said he would be real pleased to come and play on a song. He came down with the intention of playing on one song, and ended up playing on about four or five."

**PAUL:** "On the album, you share production credits with Pat Moran. Had you worked with him before?"

**LOU:** "No I haven't. He has worked with Robert Plant, Tom Cochran, and Red Rider, whom we'd met. It was suggested to me to get a real heavy weight producer to lend credibility to what I was after. But the people I interviewed seemed to be inclined to make another Foreigner album, you know - the 'Foreigner album that maybe they never had the chance to make.' They started telling me how I ought to do it-and it was all wrong. I knew these people were wrong for me. I didn't want to make another Foreigner album. This was going to be something different, definitely different. I went out of my way to make it different, and Pat Moran was one of the few people that I talked to who was really interested in what I was after, how I wanted to go about it, and the kind of styles that we spoke of together. He wasn't domineering, he was real easy to work with and he was meticulous."

**PAUL:** "Your record currently tops every chart in FMQB. Not bad for a solo debut."

**LOU:** "I'm pleased about it - to me this wasn't a one off album. I'm launching a different phase of my career - but again, it was an outlet for my songs to kind of hone my production and arrangement skills which I really didn't have the opportunity to do in Foreigner, because Mick dominates the band so completely. So, it was a chance for me. It was a chance to be taken."

LOU READS HIS FAVORITE TRADE

**PAUL:** "In light of the album's overwhelming success - is a solo tour a likely possibility?"

**LOU:** "It's more than a likely possibility. We're not pinpointed to shows or to cities yet, but within the next two or three weeks, we will be coming together. I would like to assemble the group that's on the album. When we were recording just as a whim, I said 'what are you doing later this summer' and I got a really positive response from everyone involved, providing their schedule permitted."

**PAUL:** "Did 'Ready Or Not' provide a better outlet for you creatively as opposed to making a record with Foreigner?"

**LOU:** "Yes, it definitely did. My contributions are pretty substantial in Foreigner, but they have to be tailored to a Foreigner sound, left as raw ideas for Mick to kind of manipulate to the way he hears Foreigner. Basically, I was never able to complete an idea. It just was an incomplete picture-in letting someone else finish it for you - or an incomplete paragraph and letting someone else complete your idea. That's the way working with Foreigner has been, at a certain point, it's out of my hands. It's great to contribute, but not very gratifying when you can't see your own ideas through to the end. So, at some point, it gets a little unfulfilling. I had to have my own outlet or I don't know what would have happened. I probably would have left the band."

**PAUL:** "Has the success of your solo record caused any friction within Foreigner? Is there resentment that you have to deal with?"

**LOU:** "I think there is a resentment factor. Not from all the members, but I think certain people are having a tough time adjusting to me doing something else outside of the band. As if this album might just have been a hobby or something. This is very serious to me. It will take a little while to adjust. Hopefully, there will be an adjustment. Or there probably wouldn't be a bright future for me within the band, but I think at this point, it's very much hanging in the balance. I honestly wouldn't say things are going smoothly. "

**PAUL:** "You've been on a promotion tour for a couple of weeks now--calling and visiting with radio, the press, etc. Any thoughts on Rock radio in 1987?"

PICTURED (L-R) AT FMOB HEADQUARTERS: ATLANTIC'S FRANK SCIARRA & DANNY BUCH, FMOB'S MARK DI DIA, ATLANTIC'S JOHN WESTON, LOU GRAMM. & FMOB'S PAUL HEINE.

**LOU:** "Yes, I think it's wide open. There is such an expansive array of different styles and hybrids of rock and rap - the Beastie Boys, World Party, and it just seems like it could come from anywhere, any style - and again, the exciting part about it is that it's down to the song again. If the song is good, it goes. People are not flying in on past laurels or reputation. If the song is not good, it's not happening. And the new artists, right out of the blue, if they've got a good song, they're moving."

**PAUL:** "Lately, we've seen a whole new bumper crop of hard rock bands that are having some amazing success stories. With Foreigner a long time leader in that area, how do you see the band today fitting in with other bands in that genre?"

**LOU:** "I'm honestly not sure how Foreigner would fit in now. I think we are a band at a precipice, going either back to a rock direction, or into not a MOR direction, but certainly a mid tempo - more keyboard oriented sound. That's a question that I think Mick could answer better than I, cause he has a vision to direct this band where he sees it going. I know where I'm going with my stuff, and it's going to be hard and heavy."

WRCN, Long Island has discontinued its consultancy arrangement with Jeff Pollack. On the move, PD Lenny Bloch told Dirt Central, "For the past few years I've had the pleasure of working for radio stations associated with Jeff Pollack Communications. WRCN has decided to no longer use their services. I'd like to extend my thanks to everyone at JPC for their invaluable programming assistance and their confidence in me as a program director. I'm sure they'll have many more success stories to rave about. Best of luck."

ROCK OVER LONDON PLAYLIST

Show airing internationally during the week of March 8...and another New Zealand station joins us - KKC FM in Whangarei...

PETE TOWNSHEND/"Long Live Rock"  
(Atco)

A great track from "Another Scoop", his latest album of out-takes and demos.

WORLD PARTY/"Nowhere Man"  
(Chrysalis)

Karl Wallinger sings Lennon and McCartney...a new track from our favourite buzz band.

ALISON MOYET/"Weak In The Presence Of Beauty" (CBS)

Her follow-up to "Is This Love" and another foretaste of the new album.

WANG CHUNG/"Hard Times" (Geffen)

One of those songs that got away...it's never been released as a single, it's never made it on to an album and it's great!

THE MISSION/"Severina" (Phonogram/Mercury)

The next release from this week's interview band whose debut LP "God's Own Medicine" is set to go gold in the UK.

THE ROCK OVER LONDON TOP 5

1 (3) LEVEL 42/"Running In The Family" (Polydor); 2 (-) WESTWORLD/"Sonic Boom Boy" (RCA); 3 (-) SIMPLY RED/"The Right Thing" (WEA); 4 (1) CURIOSITY KILLED THE CAT/"Down To Earth" (Mercury/Phonogram); 5 (-) THE CHRISTIANS/"Forgotten Town" (Island).

This week's Rock Request is "Don't Make Waves" from Brand X, featuring PHIL COLLINS.

FREDDIE MERCURY'S ever-increasing image as the man to take over LIBERACE'S bejewelled crown is further strengthened this week with the release of a new solo single by QUEEN'S lead singer: FRED'S interpretation of "The Great Pretender", the song which topped the American charts for two weeks early in 1956, and went Top Five in the UK, for THE PLATTERS. MERCURY'S vocal is perhaps not quite as hammy as the original one by TONY WILLIAMS, but it runs pretty close...

BOY GEORGE is back on vinyl this week too with a solo single for Virgin, also a cover version - GEORGE has remade DAVID GATES' "Everything I Own" in a reggae style similar to that which gave the Jamaican singer KEN BOOTHE a UK Number One with the song in 1974. GEORGE'S version was recorded before his recent problems last summer in GEORGE MARTIN'S studios in Montserrat and features members of the English dance group WELL RED. GEORGE'S solo LP follows later in '87.

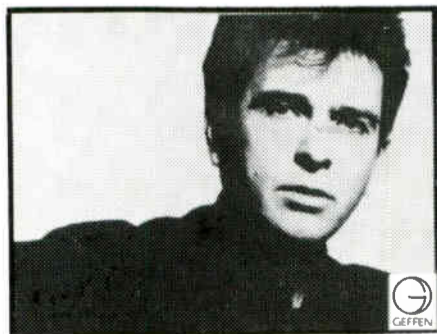

PETE TOWNSHEND'S second "Scoop" album is unlikely to be released in Britain at all. PETE has now signed a new record deal for the UK with Virgin, and felt that the collection of outtakes and demos was hardly the best way to open his account with them, so he's currently ensconced in his studio working a strict nine-hour day on his next studio set, which will be out later this year.

Also in the studio working on his next solo album is ROBERT PLANT, but his management company tells us it'll be at least six months before anything emerges from this. They promise us some dynamite material, though, and the strong possibility of another UK hit single for ROBERT. About time, because "Big Log" was, amazingly, in our Top 20 more than three and a half years ago...

The UK album chart had one of its more unpredictable weeks, with two of the top three being new entries:

straight in at the top was the original cast recording from ANDREW LLOYD WEBBER'S current smash musical "The Phantom Of The Opera", nudging PAUL SIMON down to two, and the now defunct British pop outfit HOT CHOCOLATE saw their "Very Best Of" collection crash in at three following the success of a remix of one of their big 70s hits, "You Sexy Thing", which of course was also their biggest American success. SIMPLY RED'S new album will be upon us very soon, but in the meantime the healthy sales of their single "The Right Thing" catapulted their previous LP "Picture Book" back from 34 to 6, a move also helped by the band's appearance on the recent televised BPI awards ceremony. On which subject, incidentally, LP sales in general jumped by 25 per cent as a result of that show and the release of the "Phantom" album.

Other BPI award winners did well in the album chart too: PETER GABRIEL'S "So" jumped back from 28 to 9, EURHYTHMICS climbed four to 16 with "Revenge", and CHRIS DeBURGH'S "Into The Light" went from 62 to 33. Both PET SHOP BOYS albums had healthy boosts - "Disco" from 31 to 24 and "Please" from 95 to 50.

And MEATLOAF was in London a few days ago collecting an award for outlasting JULIE ANDREWS in the British LP chart... "Bat Out Of Hell" has overtaken "The Sound Of Music" and so far has clocked up a 388 week run...

Now is the winter of our financial collapse: sad to report the demise of three worthy British ventures in the last week or two - first the STREETWAVE group, responsible for putting out some of the best dance music compilations, ceased trading, then the SMITHERS and LEIGH record store in London's Oxford Street called in the receivers, and now GARY NUMAN'S record label Numa has folded after three years. We hope and expect them all to be back with new ventures before too long.

The organisers of International AIDS Day events have now confirmed that a big concert will take place at Wembley on April 1 with GEORGE MICHAEL as one of the major star attractions. It'll be his first live appearance since the demise of WHAM! and his involvement should help boost publicity for the cause as well as persuade other rock artists to take part...it will also, no doubt, prove a very useful springboard for GEORGE'S solo career. THE BLOW MONKEYS are set to headline a smaller gig down at the trendy Brixton Fridge in South London and a considerable number of other artists are due to confirm what level of support they'll be giving over the next few days...so more news will follow.

NICK "Topper" HEADON who used to drum for THE CLASH and then found a job as a cab driver has been remanded on bail after allegedly supplying heroin to a sailor who later died from a drug overdose.

SQUEEZE pianist, JOOLS HOLLAND has not been idle during his six week suspension from controversial TV music show "The Tube"...he's found a month's temporary employment as a music DJ for Manchester's Piccadilly Radio earning himself nearly twice as much as he would have if he hadn't sworn on camera...However, it didn't take JOOLS long to establish a similar reputation with the local police...he dreamed up an on-air spoof, pretending he was locked in the trunk of a patrol car and requesting listeners to hoot every time they saw one...there's a joke about a police record in here somewhere!

And not to be beaten by her fellow TUBE presenter, PAULA YATES is taking to the national airwaves next month...she'll take her turn as host of the evening rock show on BBC Radio 1 along with STAN CULLIMORE of the HOUSEMARTINS and TOM ROBINSON...

This week sees a number of interesting musical relationships coming to light...SIMPLY RED'S flame-haired singer MICK HUCKNALL has written a song for

DIANA ROSS...JOHNNY RAY turns up in BILLY IDOL'S latest video...PETER FRAMPTON looks set to tour with

DAVID BOWIE...and BRIAN MAY of QUEEN has teamed up with ANITA DOBSON, queen of Britain's favourite soap opera "Eastenders" and aspiring singer.

But the award for the unlikeliest collaboration of all has to go to BEN E. KING who's just shot to number one in the UK singles chart with "Stand By Me"...he told ROL'S PAUL SEXTON that he's busy recording a new album at the moment featuring the talents of JOHN PAUL JONES (ex of LED ZEPPELIN), RONNIE WOOD and TED NUGENT...incidentally, BEN E plays the London Palladium on March 2.

And the success of "Stand By Me" has nothing to do with the film which isn't scheduled for UK release until next month...this song along with the PERCY SLEDGE classic "When A Man Loves A Woman" (up from 28 to 5 this week) have appealed to a new generation of record buyers who also happen to be the target audience of the new Levi's jeans commercials.

It seems MIDGE URE is like most offspring who leave home but keep all their junk in the parents' attic...however, this week he may be reconsidering after his gold and platinum discs nearly went up in smoke when the family's thatched cottage in Devon caught fire...

YOKO ONO spent her 54th birthday in the cold at the women's peace camp outside the Greenham airbase in Berkshire...as well as drawing media attention to their campaign, she has pledged financial support their cause.

In the "Chariots Of Fire" breach of copyright case at the High Court, the judge removed his walkman headphones to pronounce VANGELIS innocent of plagiarising "City Of Violets", a tune by Greek composer STRAVOS LOGARIDES. He said that this tune had a nostalgic sound while in contrast "Chariots" is a "striving" piece and the fact that they both contain the same 4 note phrase is coincidence. Now EMI, who brought the case for Logarides, are liable for the court costs of 200,000 pounds.

And ROGER WATERS has decided against taking his former PINK FLOYD colleagues to court over their intention to continue using the band's name. The injunction has been dropped but WATERS is still going ahead with plans to extricate himself legally from the FLOYD'S management and obtain a court ruling on how the group's fortune is divided and the way in which their jointly owned publishing company Pink Floyd Music Ltd. is to be run. Meanwhile both sides are rushing to get albums released in the autumn.

ERIC CLAPTON returned to the Top Of The Pops stage for the first time in more than 20 years to mime "Behind The Mask"...last time he appeared on the show, he was in the company of CREAM.

PETER GABRIEL has announced a handful of UK dates this summer...they'll be his first here for four years and we're glad to see he's chosen to play Earl's Court in London rather than the Wembley Arena aircraft hanger...and his old mates GENESIS have confirmed they'll play the open air Wembley Stadium on July 1 and 2. Their new UK single is "Tonight Tonight" on 7", 12" and CD.

THE BLOW MONKEYS are back on the road in April and May...and ERASURE will tour the country in April too. Meanwhile FURNITURE'S British Council visit to Iraq has been scrapped from their tour after the Foreign Office said they couldn't guarantee the group's safety. FURNITURE are now likely to perform in Turkey instead.

GO WEST'S April tour has been postponed until early July when it's hoped the LP will at last be out and PETER COX will be fully recovered from his illness.

The latest set of releases from JOHN PEEL'S Strange Fruit label includes a SIOUXSIE AND THE BANSHEES session and a SPECIALS special...

CURIOSITY KILLED THE CAT may have lost their hold on the ROL Top 5 this week, but their success continues...the follow-up single "Ordinary Day" is scheduled for mid-March and following their current mini-tour and a trip to Holland, they'll return to the studio to finish off their debut LP "Keep Your Distance" which should be out in April.

## ROCK REPORT

SOURCES IN ENGLAND have told the Rock Report that KEITH RICHARDS and RON WOOD, the two flamboyant guitarists from THE ROLLING STONES, are looking into the feasibility of a summer tour together. Both will have solo albums out by then as RON WOOD has just completed his in London with producer BOBBY WOMACK, and KEITH RICHARDS is in the midst of recording his debut for a still-unannounced record company. This wouldn't be a first for the duo, as they

embarked on a similar outing in 1979 under the banner of THE NEW BARBARIANS. Also featured in that ad-hoc group were bassist STANLEY CLARK, keyboardist IAN McLAGAN and drummer ZIGGY MODELISTE who, at one time, played with THE METERS. It is doubtful if MICK JAGGER will participate in this venture; he seems to have tour plans all his own, which are said to include JEFF BECK on guitar. More on that later. Currently, JAGGER is in Barbados working on his follow-up to "She's The Boss" with producer and EURYTHMIC DAVID A. STEWART.

WE TOLD YOU BACK IN NOVEMBER THAT PINK FLOYD was reforming without the services of bassist/vocalist ROGER WATERS. Remaining members DAVID GILMOUR, NICK MASON and RICHARD WRIGHT have been in a London studio for the past three months working on what they are calling a "concept" album. It will retain the trademark FLOYD sound, which is, according to guitarist DAVID GILMOUR, "dark emotion backed up with power." Expect the new disc this summer with a U.S. tour guaranteed to happen in the fall.

FOREIGNER'S VOCALIST, LOU GRAMM, has, as you know, just released a solo album titled "Ready Or Not". We got a chance to speak with GRAMM recently, and he told us that he will do a solo tour this summer. He's recruited most of the players from the album to hit the road with him, including no less than three relatives (two brothers and his father), along with the services of guitarist NILS LOFGREN. In the meantime, LOU has been writing and rehearsing with MICK JONES for the next FOREIGNER album, which should be in stores this fall via Atlantic Records. A FOREIGNER tour will happen sometime in 1988.

THE MOODY BLUES have been on the road for over a year now in support of their last album "The Other Side Of Life". The band, currently touring Australia, haven't stood in the way of keyboardist PATRICK MORAZ, who's gearing up to hatch a solo record. MORAZ will release HUMAN INTERFACE on May 17 via Cinema Records, which is distributed through Capitol. This is PATRICK'S first solo album since 1980'S "Co-Existence" LP.

SPEAKING OF solo albums, keyboardists, and Cinema Records...Former CAMEL/KEATS ivory tickler BARDENS, is planning a release entitled "Seen One Earth" with his new band PETE BARDENS' ALTERNATIVE 3. Look for BARDENS and band to hit the road this summer.

SOUTHSIDE JOHNNY AND THE JUKES have just returned from Toronto where they filmed their appearance in an upcoming CHRIS COLUMBUS (Goonies, Gremlins) movie titled "Adventures In Baby Sitting". JOHNNY AND THE JUKES appear as themselves and perform two songs. One is the classic "Expressway To Your Heart", which was produced by ROBERT DRAFT, the man responsible for BRUCE WILLIS' "Return Of Bruno" album. The other tune is an original called "My Future In Your Eyes". This movie should be out by summer via Touchstone Films. This week SOUTHSIDE and the boys head to Japan where they are playing a couple of gigs in Osaka and Tokyo. From there, it's back in the studio to record a new album. Hopefully, we'll see it by the end of the year.

While we're on the subject of movies, Canada and rock musicians...(didn't I just use that transition?) Director ROBERT FRANK is known to most as the man behind "Cocksucker Blues", the 1972 rockumentary of the ROLLING STONES' U.S. tour. It is perhaps the steamiest, most controversial and seldom-seen rock film ever made. Well, we are happy to know that FRANK is at it again, though this time he's in Canada working on a project that seems much more accessible. He's enlisted the talents of DAVID JOHANSEN, TOM WAITS, JOE STRUMMER, DR. JOHN and LEON REDBONE for his upcoming movie "There Ain't No Candy Mountain". Filming has just completed, so chances are that this movie will be in a theatre near you by year's end.

BANGLES SUSANNA HOFFS and VICKI PETERSON are currently in the midst of writing their first novel and have put the word out that they're shopping for the book deal. According to VICKI, the book's plot is this: "It's about real sleazebags having a slumber party where they decide to form a band." Hmm...watch out, NORMAN MAILER.

**EARTH, WIND AND FIRE:** Earth, Wind and Fire are reported to be getting ready to record their reunion album. Both Philip Bailey and Maurice White have apparently returned to the line-up, though Bailey will also be pursuing his solo career as well.

**SMOKEY ROBINSON:** Almost three decades after he scored his first international hit, "Shop Around", Smokey Robinson has changed his tune. On his 40th Lp, "One Heartbeat", scheduled for March release, Smokey has included a song titled, "It's Time To Stop Shoppin' Around".

The next night, their first concert was in Irvine, California. This is the English duo's debut headlining tour of the U.S., and it will take them to at least 20 cities, ending in Detroit on March 22nd. Wang Chung, whose last video for "Everybody Have Fun Tonight" was banned in England because the BBC felt it might trigger epileptic seizures, say they've had no problems with their video for "Let's go". "But," laughs singer Jack Hues, "I wouldn't be surprised if someone manages to claim the video's surreal effect could bring on acid flashbacks and hippies!"

**NO NUKES TO BEACH PARTIES FOR THE KBC BAND:** It was Paul Kantner's idea for the KBC Band to play a concert on a flatbed truck for 2,000 people demonstrating against nuclear testing outside Las Vegas, Nevada. ## FORMER RONSTADT ASSOCIATE TO PRODUCE VENETIANS NEXT

Rikk Swinn, lead singer of The Venetians, says he got the idea for "So Much For Love" after listening to silly love songs all day back in 1984. "I wanted to write a verse that would make people think it was going to be another one of those silly love songs, then throw them a curve," said Swinn. "People who are going through break-ups or tough times especially like it because of the contrast between the verse and the chorus." The song was a Top 10 hit in Australia.

**10 MORE BEATLES CDs DUE THIS YEAR:** The first release of four Beatles albums on compact disc at the end of this month will be followed by ten more later this year, including a 20th anniversary release of "Sgt. Pepper's Lonely Hearts Club Band" in June. Capitol Records plans to release "Rubber Soul", "Help", and "Revolver" in April. The "Sgt. ## LORBER TO FOLLOW FIRST HIT WITH OTHERS FOR NU SHOOSZ,

**TRANSFER:** Jeff Lorber is wrapping up a two month tour before heading into the studio to work on records for the new vocalist in his band, 20 year old Karyn White, Manhattan Transfer and Nu Shooz. White, who was suggested to Lorber by Warner Brothers Records, now has her own recording contract with the label. Lorber says he'll probably work as producer and arranger on the Nu Shooz record and as arranger on the Manhattan Transfer project. Lorber says he was finishing up his album, "Private Passion", when he discovered the song that has turned out to be his first hit single, "Facts Of Love". Songwriters Evan Rogers and Carl Sturken had asked him to play on Cheryl Lynn's album. They played him three of their songs, "Facts Of Love", "True Confessions" and "Private Passion", and Lorber recorded all three. "True Confessions" is being readied as the next single and video, "I'd written three albums worth of material," says Lorber, "but some of it was not exactly the direction we wanted to go. A lot of the songs were a little more adult and sophisticated than what we were looking for. They had exactly the kind of songs we wanted."

**ART OF NOISE:** The Art Of Noise is contributing one song and scoring the new film "Disorderlies", starring The Fat Boys, Ralph Bellamy, and Anthony Geary. The Beach Boys, Ray Parker, Jr., and Rick Nielsen all make cameo appearances. The soundtrack will be released on Tin Pan Apple Records when the film opens in August.

On this date 23 years ago (in 1964) Bob Dylan released his classic "The Times They Are A Changin'". **SUNDAY, MARCH 8:** Former Eagle and founding member Randy Meisner is 41. Country great Charley Pride is 49. Original Monkee Mickey Dolenz is 40.

# PROMOTION FILE

## BEATLEMANIA--PART TWO

If you've been reading the papers and watching the news lately, you might think that you just walked into a time warp back to 1963 with all the hullabaloo about the Beatles. The Beatles' CD releases have made the front cover of USA Today and local print and TV coverage in towns all over the country. Capitol records expects to sell 500,000 units of each Beatles CD and all week long, radio stations have been doing promotions in celebration of the long awaited CD release.

The CD release became a tailor made promotion for WGTR, Miami, the world's first all CD station. Upon word of the soon to be released CD's, WGTR began pre-promoting their arrival through their feature called "CD Facts". These pre-recorded bits ran about five times a day and informed the listeners of all aspects of the new CD's with information provided by Capitol records. Capitol's exposure in this venture went so far as to have a local Miami rep on WGTR for a question and answer interview.

On the day of the release WGTR played an hour from the Beatles' CD's and gave them away on the air. Everytime you won a CD on the air, or if you went by a Peaches store to register, you became eligible to win a trip for two to London. The trip included round trip airfare, hotel accomodations and a tour of the Abbey Road studios where the Beatles recorded.

## DO BEARS DRIBBLE?

Although they're not quite ready to challenge the Boston Celtics for the NBA title, the WXKE, Fort Wayne, IN, staffers can play some hoops. Just ask Jim McMahon, the colorful, controversial quarterback of the Chicago Bears who, along with several other of his gargantuan teammates, found that out firsthand during a charity event put together recently by Promotion Director John Machino and other 'XKE staff members for the benefit of the Allen County Society for Crippled Children and Adults.

Machino, PD Rick West, MD Jetson and other 'XKE staff members took to the courts of the Fort Wayne Memorial Colesium on the night of February 13th to challenge McMahon and the

Bears to a game of roundball. Also playing for the "WXKE Media Allstars" were several local media personalities, the Unknown Comic, New York Jet RB Mike Augustiniak, as well as several former local college basketball players. Representing the Bears were Steve Fuller, Kurt Becker, Todd Bell, Jim Morrisey and Al Harris, to name a few.

McMahon, who coached the team but did not play, was actually the main attraction of the night which also included an autograph session with the players, a buffet at the Hilton Hotel in town before the game and--perhaps the most entertaining part of the evening--a Jim McMahon look alike contest at halftime. One of the finalists donned a full body cast, much like the one McMahon wore after being illegally dumped on his head during one of this past season's games. Another guy, dressed in full Bears uniform, came out onto the court with a taco in each hand and a Taco Bell headband on his dome. The individual in the body cast was named the winner and received round trip airfare for two to anywhere in the continental United States.

McMahon, whose antics off the field have prompted many persons in the media to label him as a grizzly SOB to deal with, turned out to be a Teddy "Bear" with muscles, winning over the hearts of everyone involved in the event, including the nearly 4,000 folks who showed up to catch the action. And while he has not exactly made a habit of doing charity events, he was not only very generous with his time and energy, he was downright psyched to be involved. He did several exuberant liners over the 'XKE airwaves to pre-promote the event, gave an autograph to everyone that requested one at the buffet--during his dinner --and displayed such an overwhelming amount of enthusiasm throughout the evening that no one went home the least bit disappointed.

The promotion was an incredible success, with just about the entire community offering their support to the venture, which raised quite a bit of money for the foundation. Although the 'XKE Allstars lost a close game, a great time was had by all, and we were stoked to learn that WXKE's John, Rick and Jetson more than held their own on the courts. McMahon enjoyed himself so thoroughly that he's already committed himself to next year's event. Congrats to all of the WXKE staff members who were involved in this truly spectacular promotion.

# BEST BITS

## NOTHING PERSONAL

M Dung and the rest of the morning crew at KFOG in San Francisco took it upon themselves to help their listeners find dates this past Valentine's Day. They

did a bit called "Foghead Personals" (a Foghead is what you call a devoted KFOG listener) where listeners called in with classifieds. They would describe who they are, what they look like (ie: I've got a pair of bodacious ta tas), and what kind of person they were looking for. They were recorded on Wednesday and Thursday playing the better ones on the air. Then on Friday eight winners were selected and taken to the Lucky In Love Valentine's Day Lunch which included dining with the KFOG morning team. Each of the eight people won flowers as well as lunch and they gave away two romantic weekends for two in San Francisco. KFOG doesn't miss a step as they tied their V.D. Promotion in with National Condom Week and gave each of the winners a box of condoms so that in their search for Mr. and Mrs Right so they can have good, clean and safe sex. According to Trish, KFOG's morning show producer, "We're always talking about sex on the air and it's especially fun to talk about sex on 'Humpday'. But this promotion gave us an excuse to talk about sex even more!"

## DEAD FROM THE NECK UP NEWS

KNAC, LA morning monster, Thrasher, has a slightly different approach to mornings than most AOR stations. He told us, "I come from AOR radio where there's a much more laid back approach. But there's basically a younger audience here and the music is going 95 miles an hour. I keep rolling and keep the forward momentum. I think with a station like KNAC it's imperative."

With that in mind here's a sampling from your favorite guy, Thrashpie! "I do a feature called 'Dead From The Neck Up News' every Wednesday. We run four stories by the audience at different times throughout the morning and let them vote on their favorite story between 9 and 10. The stories we use come from the wire, from The Flash (you know, the believe it or leave it stuff), I listen to the news at night and video tape the news stories looking for anything that might be remotely interesting. For example, here's one that was a recent winner: 'Dead From The Neck Up News'...Giant Duck Runs Amuck! A one hundred and fifty pound duck escaped its steel cage and terrorized a small Austrian town before being recaptured by scientists who created her. Lucy the duck was an experiment in steroids and hormones, but the

enraged foul bent the iron bars of the cage and escaped, attacking a bakery and a beer garden. Dr. Silas Wizecott said, "Only one death occurred when an elderly citizen feeding birds in the park had a fatal heart-attack when the giant duck snatched his popcorn sack." The townspeople aren't very fond of the doctor, wondering who the real quack is!" Giant duck, runs amuck---dead from the neck up.'

## WASHINGTON'S CLASSIC LOX

Paul Harris has been doing mornings at WCXR in Washington for several months now and told us about one of his bits that has really taken off for him.

"We do a feature called 'Begging For Bagels'. We tell our listeners to get down on their knees for cream cheese. They have to beg, plead and grovel in a letter sent in on company letterhead, and once a week, we decide which one should be the recipient of our 'Begging For Bagels' delivery. That same day, my partner and I go and deliver two dozen bagels and cream cheese, donated by the Chesepeke Bagel Bakery. It's a good way for us to meet our listeners face to face, and for them to know who the jerks are behind the microphone.

"The volume of mail that we get is incredible. We get 75 - 100 letters a week. And the great thing is that it's some of the cleverest material I've seen from listeners ever. My favorite letter so far is one I got from a congressman's legislative aid who sent us a letter on official stationary in an envelope that was marked 'Official Business Only' and therefore, no postage was necessary. I haven't decided whether I want to get on this guy's case or just bring him the bagels. We've also had people send us pieces of paper with the word 'please' written on it, with a bite taken out of it. People have written poetry. And one office of about twenty people wrote in and said they tried to come up with things that they would do to have bagels delivered to them. They said they would 'sit in a room for fifteen hours and listen to Barry Manilow records non-stop.' They would 'go to the Moscow Ballet and stand up in the audience and shout out, "Way to stuff those tights, Ivan!" at the top of their lungs'. They listed about seven more reasons and the last one was: 'We would even become for a...oh never mind. We have our limits.'

"When we deliver the bagels, we bring them bumperstickers and we give them a book called The Bagel's Bagel Book, written by two of our listeners, Tom and Marilyn Bagel. It's really their name. They even have a dog named Muffin. We also have certificates made up for our listeners. People swarm around us from all over the office. It's really become a big word of mouth promotion."

Paul and his partner John have put together a very simple promotion. It doesn't take much dough, it's really kneaded, and it's a hole lot of fun.

P.S. Begging For Bagels is trademarked. This title can not be used.

# POLYGRAM PRESENTS QUESTION of the WEEK

In light of the recent condom controversy, what is your station's policy regarding advertising from condom manufacturers? If you run condom advertisements or PSAs, do you daypart them?

**RON GARRETT, KDJQ:** "I'd like to try 'em all before we use them...I don't see what the big issue is, we should hip our listeners to the problem. There's sex and violence in every form of media and advertising. Why not follow through and give 'em smart sexual advice!? Condoms will make a big comeback."

**CHIP HOBART, WQFM:** "I'm all for it. I don't know if 'QFM has a policy or not. If the ads are done tastefully, they're okay. It's a religious issue and it shouldn't be. If it's gonna save someone's life (AIDS), I'm all for it. It beats the shit out of abstinence."

**TOM SCHEPPKE, KISS:** "We had a brainstorming session a few weeks back and this condom issue came up. We're thinking about distributing KISS condoms since it's the year of the condom...something like 'Rock With KISS But Protect Your Ass'."

**LENNY BLOCH, WRCN:** "We just talked about that today. As of right now, we don't have a policy. If they're used as a public service, it's our duty to inform. I don't see a problem with running them. Why not?"

**CARL DICKENS, KRQR:** "KRQR will accept the category of condom advertising. It is the judgment of this station that the importance of disseminating information about the deadly AIDS epidemic and means of prevention is an overriding consideration...CBS looked at it and decided that it's still inappropriate for the TV and radio networks to accept condom advertising at this time. However, they did advise CBS O&O's to make whatever advertising decisions about condom advertising they believe to be appropriate in their markets... I haven't heard any condom adds on radio yet in San Francisco. I'm positive that the condom manufacturers probably have nothing in the works right now to even be on radio, but I'm sure that will change in the next week or so...All copy will have to clear our continuity policies. We would not take a condom advertisement that would be talking about birth control, it has to be strictly for either AIDS or prevention of disease."

**BILL WEBBER, JR., WIOQ:** "At the moment we don't have a policy, but it's being considered."

**RICK BARR, WBRU:** "As far as I know, we have no problem with condom advertising, but I also believe that no one has approached us yet with advertising. If the sales office came to me and asked me if I had any problems with it, I would say, 'no, of course not'...Dayparting wouldn't matter."

**KATE HAYES, KKCX:** "If the advertisers were to approach us, it would simply be a matter of whether or not the ads were in good taste. Being in San Francisco, the safe sex issue is critical and top-of-mind...I see no need to daypart them, our audience doesn't daypart their listening habits and it is an issue as important to one daypart as to another. Again, the ads would have to be tastefully done and properly address the issue."

**RUSS MOTTLA, WAAF:** "Our policy is very simple. Condom advertising and overall awareness of the issue is very important to us and to our listeners. Therefore, we accept condom advertising and do public service announcements... and there is no dayparting involved."

## POLYGRAM ROCKS RADIO ROCK N' QUOTE OF THE WEEK

"Jennifer Warnes and Stevie Ray Vaughan? Great song; great collaboration; but a marriage would never work!"

—Skid  
"The Music Foreman"  
Roadie/KYYS

**MICHAEL DALFONZO, WSHE:** "We've aired them already; they're a sponsor on the 'Dr. Ruth Show' (Sunday nights). We would not be opposed to running them again because it's as much a public service as anything else. There's a big controversy going on down here. They are handing them out on the beaches during spring break!"

**ERIN RILEY, WMMR:** "It's a penetrating thought isn't it?"

**RON NENNI, KOMA:** "Our policy is to accept the advertising with no dayparting. In our area, we feel it's important. We've run PSAs also."

# QUESTION OF THE WEEK

Continued From Previous Page

ZAK PHILLIPS, KAZY: "After looking at the fourth Quarter figures for 1986, we'll take it any way we can get it. We haven't been confronted with this yet, but I don't anticipate a problem with it."

IVAN HAMILTON, CFNY: "We are open to running contraceptive ads and always have been; however, all copy must be approved by the creative director before going to air. Ads for tampons have run for years at CFNY with minimal public objection. We will also run PSAs concerning this subject if they are submitted. Currently though, there are no PSAs or ads for contraceptives on the air."

WARD HOLMES, WONE: "We have no policy as yet because the problem has not cropped up... When it does, I think dayparting would be important for two reasons: 1) to reach the audience you want, and 2) to soften the blow to your midday audience. As of this point, we'll take the advertising."

NICK FANTASIA, WTCS: "Our philosophy is: If someone were to approach us with an ad and it was tastefully done, we'd run it...As for our scheduling it, they're paying the bill so it's gonna go where they want it."

GENE ROMANO, WZZO: "We celebrated National Condom Week by using drop-ins that included adult humor about sex and condoms from the movies and comedians (Robin Williams, David Brenner, George Carlton) and added recorded tags like: 'It's not a joke. Health authorities across the country urge the use of condoms as a means of stopping the spread of sexually transmitted diseases. A message from KZZO for National Condom Week.' Great local reaction to what we did."

MIKE BOYLE, WDHA: "We would advertise condoms in any daypart! Let's face it, we've got a problem. WDHA is in the process of teaming up with Planned Parenthood to put out a pamphlet on the subject. We'll let you know the progress."

RON DIAZ, WYNF: "I like them brightly colored, neon lit, and if at all possible heavily ribbed with a french twist to them; and chewable, preferably with a multi-vitamin supplement...Yes, we're currently running condom PSAs and, no, they're not dayparted. As far as what we'll do in the future, let's just say we'll see what pops up!"

CHUCK DU COTY, WIYY: "Our policy is we do not accept condom advertising. That's been our policy on any and all personal items including zit creams, feminine hygiene products, etc., so it's very consistent with station policy --which has been in place since the station came on the air."

DAVE LOGAN, KFOG: "Our policy is that we accept condom advertising as long as it's done in good taste. Currently a group called The Pregnancy Counselling Center is running spots with us that talk about condom use in their ads. It's all very well done, very low key. Nobody wants bells and whistles about it. No complaints, either. They'd probably complain here if we went running them. No, we don't daypart them."

GUIDO, WXRK: "We're running PSAs that say, 'Before you get your K-Rocks off, slap it on'."

JOHN PICCILO, WBYR: "No one has approached us yet to place a condom buy. But we would have no problem running them if someone did. Obviously with the AIDS problem, it's only logical to help spread the word on something that could help prevent it from getting worse than it already is. We wouldn't daypart them because people that have sex listen to the radio all the time, so dayparting them just wouldn't accomplish anything."

DAYNA STEELE, KLOL: "Yes we would accept condom advertising if someone wanted to place a buy. The condom issue has been a major topic on our morning show for several days now. It's definitely something we're dealing with. Stevens and Pruitt had a representative from a pharmaceutical company on the other day talking about condoms -- the different brands, the different kinds, the different colors. We even had a listener panel of experts calling in and discussing their favorite brands. Our morning show was thinking of remaking 'If I Had A Hammer' into 'If I Had A Condom'...I hear the Beastie Boys have a rider in their contract that requests 7 dozen condoms packs in assorted colors for backstage purposes."

STEVE BECKER, WKFM: "At the moment we have not been approached for condom ads or public service announcements. I feel that we could run condom ads using a tasteful approach. I can see both sides of the coin. Many stations are making their policies but from what I can see most stations are deciding thumbs up. It's probably just a sign of the times...We would probably daypart them."

STAN MAIN, WCMF: "We have no policy right now, if it were up to me of course I'd run them, but it would be up to my GM and I haven't spokento him about it yet. Naturally we would clear only spots that were in good taste. No we wouldn't daypart them."

BILL WISE, WGTR: "We don't have a company policy yet per se but I don't see any problem running them. We would listen to the spot when it came in and deal with each on a spot by spot basis, in order to screen them before they hit the air. They would have to meet the same requirements as all other advertising, i.e., professional and in good taste."

JOHN SEBASTIAN, KDKB: "We have a corporate policy of not running them at this time. If you're asking for my opinion, I personally have nothing against running them, as I think it would provide a valuable public service by running them. Sanduskey may be re-evaluating their policy in the near future. I wouldn't be surprised if eventually everyone ended up running them in some way or another."

BETH KEPPLER, WKLS: "The only policy we have is--cash in advance with the clients. We'll run 'em if they pay for 'em...No dayparts."

# RADIO ACTION

WYNF, TAMPA/ST. PETERSBURG, FL ASST.P.D./

M.D.-RON DIAZ: "A major league thank you to the all-star talent known as Bon Jovi. Jon, the band and PolyGram came to Tampa Bay for a killer show and an incredibly successful sold-out softball game against 95YNF. We raised \$10,000 for a charity that puts mentally and physically disabled people into jobs in the mainstream of society. For the record, 95YNF had a 14-2 lead in the 4th inning when we put in all of our lady players...Am I Teslafying? You betcha, bud! 'Modern Day Cowboy' is getting lots of requests and selling lots of albums for Tesla. Great promotional idea, Marko... There's a new Florida boy on the scene that's got a world of talent: John Philip. His song 'What's It Gonna Be' from the Lp 'Wait For The Night' has all the right ingredients to be a hit. John Philip has a bit of a Tom Petty snarl in his style at times, but he is an original with a fresh sound. Listen again to 'What's It Gonna Be' because it should be a hit...Little America has a smooth groove to it. 'Walk On Fire' sure is catchy stuff...Already on the radio and kickin' ass: Cutting Crew (an absolutely fabulous tune); Patty Smyth ('Never Enough' is strong! Too much is just enough with Ms. Smyth); Sammy Hagar and Peter Wolf both muscle heavy rotation. Smash records!"

WXRT, CHICAGO, IL M.D.-LIN BREHMER:

"Some delicious seasoning to the WXRT mix this week. Frist up: The New Bluebloods, the next generation of Chicago Blues Anthology from Alligator Records. It is especially gratifying to hear such fine quality from some of Chicago's best kept secrets, artists less established nationally than some of their label mates, but none-the-less the people you go to bars to hear. The Valerie Wellington performance displays one of the truly great voices of our time. It's unusual to hear a singer with this rare, earth-shaking power who can balance it with so much poise. Valeria Wellington. Remember

that name...Gloria Hardiman's spirited 'Meet Me With Your Black Drawers On' is instantly ear catching. Please spend some time with this rewarding record...On the jazzier side, John Scofield provides enough sides of his considerable style to entertain both the jazz snob and the guitar hero worshiper. His playing is dazzling...For that hypnotic texture, few things we've heard arrest the commonplace like the Cocteau Twins' 'Love's Easy Tears'...Correct me if I'm wrong, but lyrically and musically Heaven 17's 'Contenders' is a knock-out...Til next week, thanks for listening...Adds: Pete Townshend, 'Light Of Day', Heaven 17, Cocteau Twins, John Scofield and the New Bluebloods."

CFNY, TORONTO, CN ASST.M.D.-IVAR HAMILTON:

"Canadian music biz types were treated to a preview of U2's 'Joshua Tree' Lp at Toronto's McLaughlin Planetarium on Feb. 23rd. This was the ideal listening situation with no distractions and a stupendous sound system. What Peter Gabriel's 'So' Lp was to the music industry in 1986, the 'Joshua Tree' will be just as prominent in 1987. Besides the single, my personal picks so far are 'I Still Haven't Found What I'm Looking For', 'Bullet The Blue Sky' and 'In God's Country'. One final note on U2: CFNY, having a reputation for getting the product before the competition, found it quite amusing that we were jokingly frisked for tape recorders upon entering the Planetarium. You Island guys are a regular riot!...Tears For Fears guitarist, Roland Orbizal, guesting on the Colourfield's new import single 'Running Away', has made a vast difference in the sound of the band. Incidentally, 'Running Away' is the old Sly Stone song...Special thanks to Relativity Records for sending Scruffy The Cat stickers. You can't miss them in any part of the radio station... Peter Murphy made his solo debut in Toronto last week to a sold out show that was recorded for future broadcast. This man is a star with all the right moves on stage. Murphy's newer material comes across stronger live than the older Bauhaus songs. Glad to see you're back strong as ever, Peter...The success of the Housemartins in the Northeast is now spreading to the Great White North. They are now running neck and neck with the Smiths for top request position. Other top requests are the Style Council, Mission U.K., Beastie Boys and Psychedelic Furs...And finally, from Don Berns vacationing in Hawaii to Howie Kline: 'Howie, congratulations. You were a smash at the Gavin Convention.'"

KLOL, HOUSTON, TX M.D.-HARVEY "DR. K."

KOJAN: "KLOL tried to make up for several years of light listening in one wild year--challenging 16-hour-a-day week! The results: Still ways to go to get caught up, but significant progress was made. Farrenheit was easy. This song's got more hooks than South Maine on a Saturday night! ...Little America gives me chills...The Stranglers tune is wonderful...Other winners include: Frozen Ghost (an imminent add)...Jon Butcher, who finally has a hook to compliment that fluid guitar...Los Lobos 'Shakin' Shakin' to heavy, 'Set Me Free' to medium, and of course Paul Simon who finally gets on KLOL after all these years... Flesh For Lulu is still growing on us (that doesn't sound quite right)... On the heavier sound, there's Europe; Cinderella and my personal fave, Vinnie Vincent. Love those harmonies and finally, what is the dang deal with Dokken? Do they pay people to call us? I can't believe they have that many relatives in Houston! 'Dream Warriors' is our #1 request, and they haven't even heard the tune!"

WDVE, PITTSBURGH, PA M.D.-ANTHONY ALFONSI:

"The Jon Butcher is a mesmerizing record! The intro of 'Goodbye Saving Grace' reminds me of Don Henley 'Boys Of Summer'...Adding Paul Simon is a natural, considering he'll probably win a Grammy or two!...Telma once again shows strong phones, and it was only a matter of time for Sammy Hagar to show up in heavy rotation."

WBCN, BOSTON, MA M.D.-CARTER ALAN:

"WBCN was pleased to do a special concert with Stevie Ray Vaughan at the Metro in Boston. This show is right in the midst of mega-requests for, and mega-airplay of Stevie's latest live album. 'BCN bought the house and gave away every last one of the tickets for the Texas Blues Party. Of course the club was partying far into the night! Thanks to Epic Records and Stevie's team for helping us set this one up... Brighton Rock stopped by to turn in a heavy performance for the 'BCN Lunchtime Concert Series. This band has loads of energy and their debut album is doing well on-the-air here...Concrete Blonde is due to do a 'BCN Lunch Show on March 18th, and we're eagerly anticipating that one...Our 19th birthday celebrations have begun... Finally, after a week of broadcasting from the Grammys in Hollywood, we're hoping 'BCN's Mark Parenteau brings us back a little sunshine!"

STEWART: "As you read this, I am enjoying a week in London, having a wonderful time--wish you were here!"

WLIR, LONG ISLAND, NY ASST. P.D./M.D.-

LARRY "THE DUCK" DUNN: "Great to see new and old friends in San Francisco. Congrats to my good friend, Lin Brehmer, at WXRT. Also, Denis and I would like to send belated personal congrats to the Irwin Family in Boston on their greatest add ever!...Also, this question comes around every now and then: What is the Screamer-Of-The-Week? Answer: It is the best new song of the week as voted by the WLIR listeners every Thursday. This week's Screamer is the Beastie Boys 'She's Crafty'...Top 5 requests: Peter Wolf; Beastie Boys; Barbusters/Joan Jett; Love & Rockets and China Crisis...By the way, Love & Rockets 'Ball Of Confusion' was the club classic of 1986! It is about to become the AOR classic of 1987!...For those of you keeping score, we are four cuts deep on the new Psychedelic Furs album!"

KGB-FM, SAN DIEGO, CA M.D.-PAM EDWARDS:

"Play Andy Taylor! It can't miss!... Thanks to Iggy Pop and Chrissie Hynde and the Pretenders for an incredible show and a couple of great interviews. Chrissie's one special lady who never ceases to amaze!"

KBCO, BOULDER, CO M.D.-DOUG CLIFTON:

"It was a short trip but well worth it! Congratulations to everyone at the Gavin Report for a superb Convention. You always wish you could spend more time with everyone you see at these gatherings, but it never seems to work out that way. I was glad to finally meet the Quarterback's Debby Applebaum. All those stories John Bradley told me about you, Debby, are completely untrue...Best new releases: Cutting Crew...Favorite new songs: Prince 'Sign Of The Times'--building...Ben Orr 'Too Hot To Stop'...Paul Simon 'Boy In The Bubble' and the Stranglers 'Always The Sun' move into power rotation this week... Fusion and instrumental records: David Sanborn 'Images'; Larry Carlton; Mark O'Connor; John Scofield; The Rippingtons and Koinonia are our top current instrumental artists...Phones: Crowded House; Stranglers; Venetians; Bob Geldof; Concrete Blonde...Thanks to Jeff Naumann and Mike Schaeffer of Virgin; Kevin Sutter and Giena Horton of Chrysalis, for their visits and for the new music previews... Hugh Surratt for the tour of North Beach...Art Phillips for just being you...A big thanks to Jackson Browne for taking time to call us and to discuss some very important topics with our News Department...Congratulations to: Mad Max; Lin Brehmer; Norm Weiner; Larry Dunn; Denis McNamara and WBCN...Best of luck to: Kevin Knee, who leaves Denver for the San Francisco CBS division...All of us at KBCO welcome our new CBS rep, Lisa Wolf, to the Mile High City!"

WQFM, MILWAUKEE, WI ASST. P.D.-CHIP

HOBART: "The new Jon Butcher is the best record he's ever done and should move him into the mainstream. A lot of people thought of Jon as a Hendrix clone when he first hit the scene, but this record will change all that...Frozen Ghost is an interesting name and has an interesting song. It sounds great on-the-air and is a welcome departure from the glut of formulaic sounds of today...Promo item of the year award goes to Virgin for the Cutting Crew circular saw promo disc. P.S.: I will not use it as a frisbee!... John Philip is from Florida but he may be finding work in the North soon. He's got a great Tom Petty-type sound to him, and the record sounds fine...If you're into Glass Tiger, make sure you play the version of 'I Will Be There' from the album--that's the one with Bryan Adams on it and I think it's the strongest track they've done."

WBRU, PROVIDENCE, RI M.D.-ALISON STEWART:

WMMR, PHILADELPHIA, PA M.D.-ERIN RILEY:

"There seems to be quite a few good records out, but don't worry I'm not complaining! I'll try not to be too biased, but I think the Patty Smyth record sounds great! Her voice is so-o-o good, and having the Hooters and Tommy Conwell on the record certainly doesn't hurt. When you get the record, check out 'Isn't It Enough', last year's Danny Wilde song. It really sounds like a h-i-t...When I first heard the Glass Tiger album they really sounded solidly AOR to me. In some ways they reminded me of U2 and Big Country, but with a sound all their own--and when I saw them open for Journey, I was convinced! And now comes 'I Will Be There', the song WMMR will play and you should too!"

WLVQ, COLUMBUS, OH M.D.-WENDY STEELE:

"Our 10th Birthday Party last Wednesday with the Georgia Satellites was one of the best parties I've ever been to! Thanks to Elektra's 'J-Boys': Hart and Brooks for all their help, and to Dan (from the band) for hanging out in the studio for a while. Two days later I was off to see Seger in Cleveland. We took a busload of listeners who won tickets at our party--(I'm still recuperating)...Our curiosity got us. Cutting Crew is in and is captivating!...The REO album debuted in our Top 20 this week at #4. We've added 'Variety Tonight'. It's a quite moving and sexy song...Lou Gramm debuted on count-

down at #13. Thanks to Lou and our Atlantic buddies, David Fleischman and Mark Fritzes for the phoner!"

WGTR, MIAMI, FL M.D.-THE BEARMAN:

"Surprise! Surprise! Top 5 phones this week on the Psychedelic Furs. 'Heartbreak Beat' is a super strong song but we never expected reaction this fast. We've always perceived the Psychedelic Furs as a 'cult' band, but this track certainly has the goods to take them beyond the cult level...In from left field comes Cutting Crew. Where did these guys come from? How did they get to be so good on their first album? 'Died In Your Arms' sounds great in South Florida and is a likely candidate for heavy rotation next week... Far and away our #1 Most Requested item is the Beatles on CD. Since we play only CDs, listeners haven't been able to hear Beatles on WGTR, and they're telling us how grrreat it is to hear them again, especially with such amazingly clean and clear sound quality...How'm I doin'?"

WAAF, WORCESTER/BOSTON, MA ASST. P.D./

M.D.-RUSS MOTTLA: "Gregg Allman and the Georgia Satellites continue to be the smokers on WAAF!...The new David & David is a wonderfully moody song that reminds me somehow of old Bad Company tunes with Al Green sentiments...This new band, Farrenheit, on Warner Brothers 'Fool In Love' is a great AOR record and the album is deep with tracks made for rock radio. I think we have a new core AOR artist in Farrenheit!...Thanks to RCA Records and Bruce Hornsby And The Range for putting on a sterling Valentine's Day show at the Orpheum here in Boston. Hornsby is a class act and WAAF is proud that we were behind this band from the beginning!"

KUPD, PHOENIX, AZ M.D.-J. DAVID HOLMES:

"When 1987 is over, two bands will have to be considered for best new artist: Frozen Ghost and the Cutting Crew! Both have killer songs and solid Lps to back them up. Definitely check out 'One For The Mockingbirds' from the Cutting Crew and the cut, 'Beware The Mask' from Frozen Ghost. As soon as there is space, we will be making room for these strong second tracks. Both albums are battling it out for permanent residence on the home turntable...Thank God for Whitesnake! Our listeners devoured the last album and as soon as the vinyl is here for the new one, it's on-the-air...David Coverdale's voice sounds phenomenal. I'm happy to say we finally made room for a song I've liked for a long time: 'Just Like Fire Would' by the Saints. The Graham Parker comparisons are fair but hopefully this will sell better than Graham Parker...The first two Glass Tiger songs were a little too light for Arizona's real rock, but the song 'I Will Be There' puts them on-the-air. The track deserves AOR support...Where has this John Philip guy been hiding? 'What's It Gonna Be' has that raw edge that makes rock radio fresh and exciting...If you're not playing Bon Jovi's 'Never Say Goodbye', you should be! We're getting more requests for that song than the other tracks combined... It's been a great couple of weeks for new music, now bring on the Bryan Adams and the U2--We're ready!"

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA:

"Jon Butcher has come up with a piece of hypnotic funk that will go far at AOR! Great guitar work and a great groove too. It's been a while between albums, Jon, and now we know why!...Vinnie Vincent goes in this week. I know this one's gonna explode. More details next week... This is the track I wanted to go with from the beginning. 'Final Countdown' put Europe on the map (no pun intended). 'Rock The Night' will prove these guys ain't one-hit-wonders. P.S.: This is one of the best 'Rock Whatever' songs I've heard in a while...Chris Isaak--Bryan Ferry meets Elvis Presley (sounds like a James Bond movie, and I mean that as a compliment)...Another one on the back burner is 'Fool In Love' from Farrenheit. It's basic rock with good melodic changes--very good production and great harmonies. If you haven't heard it yet--check it out when you get a chance!"

WKCG, CHICAGO, IL M.D.-TOM DANIELS:

"I really like the Peter Wolf, and I really like the Patty Smyth."

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS

JAMES: "The Lou Gramm Lp looks to be a big seller in Central PA. It's already forced us to go two deep on the Lp--'Ready Or Not' here we come...Just two weeks on and already pulling Top 5 phones is the Cutting Crew, an instant s-m-a-s-h!... We're on to another track with Bon Jovi--that makes two in current! 'Never Say Goodbye' gets the nod. It has been our #1 pick all along and it shows no signs of burn until Christmas. We can't argue with #1 sales and phones!...Love the Frozen Ghost. The great sound, coupled with the story behind it makes you listen over and over...Is it Spring yet?"

KICT, WICHITA, KS M.D.-PHIL THOMPSON:

"Another Lou Gramm goes on-the-air this week. This album sounds as hot as any Foreigner album!...Peter Wolf continues to knock me out...Other tunes that are

screaming here at 95.1 are the new Andy Taylor; Little America; Sammy Hagar and Tesla. Looking forward to seeing Tesla in concert. They will be opening the Alice Cooper show next month...A couple of tunes pulling in the female requests are the Cutting Crew and Crowded House...And by the sound of things, the new Jon Butcher should join the ranks...And finally, thanks for all the CD service we are fast approaching the 300 CD mark! Keep them coming!"

WRCN, LONG ISLAND, NY P.D.-LENNY BLOCH:

"For the past few years I've had the pleasure of working for radio stations associated with Jeff Pollack Communications. WRCN has decided to no longer use their services. I'd like to extend my thanks to everyone at JPC for their invaluable programming assistance and their confidence in me as a Program Director. I'm sure they'll have many more success stories to rave about. Best of luck!...We've believed in the Stranglers track 'Always The Sun' since day one. Unforgettable hooks and a sweeping melody move it to medium. If you've got guts you'll play 'Reckless'. Out of the garage and into our hearts!...Nice job by the Frenchmen from Twisted Sister on this one...Long Island's concert leaders celebrate the Gregg Allman Band March 5th. Can't wait to see those tatoos, Gregg...How about those Hooters? I mean, how about that Patty Smyth tune? Mega-multi-format smash!...Our 104 Allstar Softball Team takes to the diamond for Long Island real soon. This year we'll play all our games for various charities. Hit a homer for the homeless or the hungry. Let's play ball!"

WAPL, APPLETON/GREEN BAY/OSHKOSH, WI M.D.-

RICK PANNECK: "Thanks to Capitol for the Beatles CDs...We've been getting Top 10 phones on Bon Jovi's 'Never Say Goodbye'. This looks like it could be their third #1 single...Andy Taylor a wimp? Listen to 'I Might Lie'. It's great rock 'n' roll, pure and simple...Check your retail on the Psychedelic Furs. This record is exploding! Don't let CHR beat you on this one...After weeks of consideration, Vinnie Vincent goes into light rotation. Those nighttime rockers will eat this up...Glass Tiger returns with their most AOR-oriented track to date--and being nominated for a Grammy doesn't hurt either...Little America hasn't left my car stereo since I got the advance cassette. The record gets added this week."

WKQQ, LEXINGTON, KY M.D.-STACY YELTON:

"WKQQ welcomes News Director Brian Wright. Brian comes to us from WNDE, which is WFBQ's AM in Indianapolis...Now as for music matters: I sat in stunned silence listening to Frozen Ghost. This record is put together more carefully than your grandmother's best quilt. Moreover, it gets the message across. If America doesn't want to see, hear or read about sex, drugs or violence, use the off button...Jon Butcher gets my 'wow' vote this week. The big boom of the last couple records is gone, replaced by a more thoughtful hook, smooth and flawless with great guitar leads...So many records--so little room. Love the new Andy Taylor; Little America has a great little American rock and roll tune; and can't wait to get into Townshend's 'Another Scoop'."

KLAQ, EL PASO, TX M.D.-MAGIC MIKE:

"This Thursday we'll be playing records for money during our 12-hour Rock Radio-O-Thon For Special Olympics...Friday night, Iron Maiden invades the El Paso County Barn along with the Vinnie Vincent invasion. The show will be sold-out and we want to thank Capitol and Chrysalis for their support...Then on Monday, March 2nd, I'll be taking two of our

**WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:**

"Frozen Ghost should 'appear' high on the rock charts with 'Should I See'--or we're going to thaw this one out early...Gregg moves up to heavy as well as REO. (Can't wait to add 'Variety Tonight', one of their best in years)...Can you go wrong going strong with Bon Jovi when he's sold over 5 million copies of 'Slippery When Wet' in the U.S. alone? 'Never Say Goodbye' goes heavy, too...I'm glad to see other stations going with 'Reflected' as the next track from Lone Justice. We've believed in that one all along and it's gotten good phone reaction, plus it's also been in medium rotation for over a month here...Special thanks to Al Moss for all your help with Robin Trower."

**KOZZ, RENO, NV M.D.-HARRY REYNOLDS:**

"Thanks to Jackson Browne for calling us to talk about Central America and his latest self-produced video 'Lives In The Balance' ...I was sorry to see the Georgia Satellites miss out on the #1 single, but they're looking good for a shot at the #1 Lp."

**WCMF, ROCHESTER, NY ASST.P.D./M.D.-DAVE KANE:**

"The Hank Williams, Jr. record is real. It really rocks and the listeners are noticing it and calling...Stevie Ray Vaughan 'Willie The Wimp' is also pulling some healthy phones ...#1 requests and sales still belong to Bon Jovi. So who are we to say no more? 'Let It Rock' goes in this week, as well as a second tune from REO Speedwagon...Heavy at home this week: Los Lobos and the Hank Jr. video...Does anybody out there know what the advance 12" from Death Tongue will be?...And finally, large thanks to Dave Bouchard who has risen to new heights as an Epic promotional representative. Thank you."

**KBER, SALT LAKE CITY, UT M.D.-TRICIA GRIFFITH:**

"THE BEAR' is celebrating its one-year-anniversary on-the-air. A great big thank you to everyone who has helped us. We look forward to another prosperous year."

**WRDU, RALEIGH, NC M.D.-BOB WALTON:**

"Please do not repeat my mistake. Don't take the new record from The Damned and simply file it under "D". It's not what you think it is. It's a superbly crafted song, the production and arrangements are first class--so please take the time to listen!...Ditto for Waysted. Yes, I hate the name too, but the song is good and that's what we're all about."

**WHEB, PORTSMOUTH, NH M.D.-CHRIS GARRETT:**

"Well, say goodbye to Axis and hello to 'Saving Grace' and the Lp that will finally establish Jon Butcher as a bonafide rock star...Continued on-air success with Crowded House, Sammy Hagar, and the Cutting Crew... Favorite new song this week is Frozen Ghost. Although winter's cold will pass, this is one song that 'Should I See' will not vanish ...Last, but certainly not least, thanks to Lenny Collins for the tickets, Robin Mathieu for the hospitality, and to SRV for the most awe-inspiring guitar exhibition I have ever seen. It's with a performance such as the one I saw in Portland, Maine, Sunday, Feb. 22, that makes me sure Jimi Hendrix is alive, well and living in Austin, Texas. Wielding a meaner ax than Paul Bunyon, SRV is the best there is."

**KWHL, ANCHORAGE, AK M.D.-KEVIN VARGAS:**

"Congratulations to Production Director John Frost who, besides doing his usual cleanup of the Alaskan Advertising Federation's production awards, recently won five Inaugural Goldie Awards for his station promos and commercial contributions from the Alaska Broadcasters Corp. Way to go, Johnny! Our fine facilities and a staff that knows how to use them makes for a slick production sound and a huge contributor to our station's overall sound, that I'd match up against many top 75 market stations. Thanks to Pioneer Broadcasting for realizing the importance of a state-of-the-art production room."

**WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER:**

"Yes! WDHA wholeheartedly endorses the move away from 12" singles and we're very much in favor of the proposed 3" CD single at \$2.00-\$3.00. That product, plus the new midline CDs to retail for under \$10.00, will greatly broaden the CD base and bring a lot more people into the format...Boo, hiss to those in Washington who wish to make it illegal to sell or buy digital cassette recorders that record from CDs or other tapes or radios playing that music...Here's a new idea for solving the problem of 'weather' to do snow closings or play music: WDHA plays instrumental rock on the left channel and closings on the right! Listeners can choose what they like by turning their stereo balance controls--mono-compatible, by the way!... the Beatles CDs was a lot of fun and the interest is overwhelming!...I'd also like to applaud Columbia's decision on 12". It's about time somebody pulled the plug on lazy programmers and made them listen again!...Boyle's 'Mo Fo' Award this week: Atlantic's Frozen Ghost! The music is great and the lyrics are very topical!... Thanks this week also to Steve Schnur at Elektra for bringing Dan from the Georgia Satellites out for an interview. Dan had a good time as you'll soon see from the pictures in the coming weeks!"

BECKER: "In the promotional file, we are very actively wrapping up our month long First Year Anniversary celebration. We're giving a free concert featuring three top regional bands, complete with free anniversary cake, food and other sundries...The Beatles new compact discs have spurred us on to do the Beatles A-Z minus one, giving away those discs along with a brand new compact disc player. During the month of March we'll be rebuilding somebody's record library by giving away over 300 albums worth more than \$3,000! And for the sports enthusiast, we're giving an all-expense paid trip to the Big East Tournament in New York City. Whew!...When the dust clears, we'll comment about music next week!"

WLNZ, LANSING, MI M.D.-CATHY DOWN:

"The tension is building--the excitement is escalating and if you take a breath of air you can discover the reason why---because it's Grammy time! Predictions are circulating, guesses are guesstimated and theories are thoughtout but no one really knows the outcome until that envelope is ripped open and the winner is announced! Just to be selected for a nominee is an honor, but to actually w-i-n, now that's something! It makes you look at this week's music adds for possible nominees for next year's Grammys: How about World Party being a candidate for next year's best new artist...Or the award for album-of-the-year given to Lou Gramm's first solo effort...Or, how about Andy Taylor for best male vocal...Or the best duo or group award given to Cinderella---Or the dynamic new one from Dokken? Who knows? It's a possibility, but then again there's a whole year of possibilities ahead!...As for this year's Grammys, WLNZ is getting into the Grammy spirit. We're giving our listeners a chance to try their luck and skill of picking this year's winners and the person with the most correct picks will win Grammy rock 'n roll. The lights have now dimmed, the clock has struck 12, the awards have all been handed out and this year's Grammys are history. And, until next year, when the whole Grammy process starts all over again, just remember 'and the winner is'...."

WIOT, TOLEDO, OH M.D.-JIM STEEL:

"By the time this is printed, Keith Masters, Mark Benson and myself, will have been treated to seeing one of the seven Bob Seger shows in Detroit, so thanks in advance to Dave Tezak of Capitol and everyone else involved...A couple of nights ago while sipping on some suds, I was thinking about the song 'The Honeythief' from Hipsway. I understand this song is not for all AORs but to those that can get away with it, it will work for you because a hit is a hit is a hit, no matter how you slice, dice or chop it! Interesting too, imagine INXS with no AOR roots. Then imagine the song 'What You Need' being

released. Just how quick would AORs have been with that song? More than likely, reaction would have been slow and the end result the same. If you snooze, you lose. Hipsway--it's a h-i-t!...P.S.: Special thanks to Joe Carroll and Jack Isquith at Epic Records for the extra special treatment!"

WMGM, ATLANTIC CITY, NJ M.D.-AL BRANCA:

"With the arrival of the Beatles CDs last week, Beatle-mania broke loose in Atlantic City! It was as if these songs were never released! Thanks to Rick Salvador and Capitol...Adds: Esquire 'To The Rescue'--the track we've liked since day one! And, like the Kinks story, another reason why the choice should be made by those who know--we, the music heads...Robert Cray Band 'I Guess I Showed Her'--the guy may have no luck with women, but he sure can score with an adult hit!...Cinderella 'Somebody Save Me'. I'm sure 'Nobody's Fool' can pull Top 5 phones for another year, but it's time for a fresh slice from Philly's new force. With the Lp still Top 5 retail, and their upcoming opening for Bon Jovi, 'Somebody Save Me' deserves some play...Glass Tiger 'I Will Be There'--their first two did well here and this track's even more suited for the format, especially with Bryan Adams helping out on the CD version...Frozen Ghost 'Should I See'--this week's in-house favorite! A couple of listens and you'll catch yourself chanting the chorus...Also on: Huey Lewis And The News 'I Know What I Like'; Stranglers 'Always The Sun'...Top five phones: Still #1 Bon Jovi 'Living On A Prayer'; #2 The Cutting Crew ('I Just) Died In Your Arms'; #3 Cinderella 'Nobody's Fool'; #4 Robin Trower 'No Time'; #5 World Party 'Ship Of Fools'."

WQBK, ALBANY, NY M.D.-BOB WELCH:

"I was just sitting around the house over the weekend listening to the radio and tossing a few copies of People Magazine into the fire, when Gregg Allman's 'Don't Want You No More/Ain't My Cross To Bear' came on the radio. What a sound! Thanks to Terry Cohen and Epic Records for the CD. Calls continue to pour in about this record!...Jon Butcher not only sounds great on the radio, 'Goodbye Saving Grace' has become a staff favorite. They're fighting over who gets to play it...I much prefer the Pretenders 'Hymn To Her' over the new 12". The phones are ringing off whenever we play 'Hymn'... Phones are also h-o-t for the Cutting Crew; Robert Cray and World Party."

KRIX, BROWNSVILLE, TX ASST. P.D.-JOE KELLEY:

"ADDS: Peter Wolf 'Come'; Concrete Blonde 'True'; In Pursuit 'Only'; Lone Justice 'Found'; Patty Smyth 'Never'; Jon Butcher 'Goodbye'...MOST REQUESTED: Genesis 'Tonight'; World Party 'Ship'; Cinderella 'Fool'; Sammy Hagar 'Winner'; Crowded House 'Dream'; Eddie Money 'Wanna'...INCREASED PLAY: Crowded House; Steve Winwood; Sammy Hagar; Barbusters/Joan Jett; Paul Simon... On the Lone Justice--it's a fantastic song and people should listen again...The Jon Butcher sounds like it's from another planet--very good!"

WWCT, PEORIA, IL M.D.-PHIL MANICKI:

Thanks to everyone who gave us the bullets needed to make it happen! WIXV, SAVANNAH, GA M.D.-VIRGIL THOMPSON: "A 1-o-t happening here the past few weeks! Huey Lewis and the Robert Cray Band played here in Savannah a couple of weeks ago, to a sold-out crowd of 8500! The first rock show to sell out here in a long, long time. A very successful Banner Contest gave us much exposure inside the Arena. Many thanks to Polygram's Steve Smith and Geary Tanner of Chrysalis for their help. The same week I got Tesla-fied in Atlanta...Many thanks to Geffen's modern day cowboys, George Cappelini and Marko Babineau, for coordinating all the festivities. Tesla continues to do well for us and 'Little Suzi' has been getting good response with only a few feature plays... And another concert event this past week with Bon Jovi in Jacksonville. We presented the band with over 21,000 signatures to show that Savannah could definitely support a Bon Jovi concert. We know it can happen, now it's just a matter of when. Thanks again to Steve Smith of Polygram. And even more excitement on the way in a couple of weeks! All in one week-end, we'll celebrate our one-year anniversary and St. Patrick's Day. There

will be 300,000 visitors in town that day and many of them will be on the I-95 'Boogie Boats' cruising the Savannah River. Our new 950 foot tower goes up in a couple of weeks--Just in time for the Book--Just a few reasons we're excited!...A little music talk: The combination of Jennifer Warnes voice and Stevie Ray's guitar is a combination that works very nicely. Hopefully, we'll have space next week."

It's a night we won't soon forget!...Also, a tip of the hat to Tony Chalmers from Capitol for the Beatles CDs. This track is truly beautiful. It conjures up feelings of John Lennon's classic 'God'... And speaking of controversy, Prince returns this week with 'Sign Of The Times'. A truly political record, guaranteed to offend some and make others stop and think. I've always been impressed by anyone who can combine killer lyrics with a killer beat. Now granted, Prince is not my favorite artist of all times, but he's not my least favorite either...The Psychedelic Furs are still on the rise with 'Heartbreak Beat'. Don't overlook 'Shock' or the title track as other possibilities...The Cutting Crew moves into heavy rotation this week. This band does what Asia tried to do - successfully. Beautiful harmonies dominate this track, and this is guaranteed major upper demo appeal...Pick Of The Week: This week it's a split bill: Love & Rockets 'Ball Of Confusion' and World Party's 'Private Revolution'. Angels, Chameleons UK, 'Some Kind Of Wonderful' Soundtrack, Smitherens, Mission UK...INCREASED SALES: The The, Husker Du, Los Lobos, Kate Bush, Smitherens...It was great seeing a lot of the faces behind the voices at Gavin. The high points included:

Julian Cope live; the U2 listening party; The Alternative Meeting previewing the new Hoodoo Gurus album; meeting Robert Cray; lunch with Jack, Norm, Peter and John; dinner with Tipp and Kipness; discovering the joys of Anchor Steam on tap with Mark Kates; playing pool at the Haight; and enjoying the weather. The folks at Gavin are to be commended for putting together a well organized, stimulating and thoroughly enjoyable seminar. Heartfelt congratulations to Larry 'The Duck', Lin Brehmer and Harry Levy on winning Gavin awards...Now let's talk about music. Anyone who doesn't 'hear' XTC's 'Dear God' the first time should stop listening and put it on-the-air. It received over thirty calls on our first spin and the calls haven't stopped. This song is HUGE!...The The continues to sell extremely well. If you have any doubts about 'Infected', check your retail research...World Party's 'Private Revolution' is the song that convinced us here at 'FNX that Karl Wallinger's talent is too massive to ignore. Our listeners agreed by making 'Private Revolution' one of the most requested tunes over the last three months...I applaud Enigma's choice of 'In A Lonely Place' as the new Smitherens track...Suzanne Vega is a genuine star on our airwaves, and the renewed retail activity on 'Especially For You' shows that a new audience is being reached...Personal to Rambo, Archie and John: 'If we can't participate in it, we might as well support it.'"

WMRY, ST. LOUIS, MO M.D.-KIM POOL:

"ADDS: Spoons 'Radio'; Esquire 'Rescue'; Golden Palominos 'Something', 'Work'; Oingo Boingo 'Home', 'Slave'; Los Lobos 'Set'; Timbuk 3 'Hairstyles'; Georgia Satellites 'Stand'; Smitherens 'Crazy'; Benjamin Orr 'Circles'; Robert Cray 'Woman'; Little America 'Walk'...MOST REQUESTED: Concrete Blonde 'True'; Spoons 'Bridges'; Esquire 'Moving'; Golden Palominos 'Just'; Dave Edmunds...INCREASED PLAY: Spoons, Esquire, Golden Palominos, Los Lobos...For the next few weeks my mind will be occupied with thoughts of what great items I can come up with for our charity function with Cerebral Palsy. Again, I want to remind anyone and everyone to get in touch with me if they have any wonderful donations."

PAUL RAPPAPORT, COLUMBIA (212-975-8616)

"The Psychedelic Furs are poised to bust wide open! 'Heartbreak Beat' will be HUGE. This record sounds just incredible on the radio - a true compression rush.. And watch those Hipsway adds! WNEW, WLLZ, WAAF, WHJY, WSHE, KBPI, WCCC, WLAV, WIOT, KDJK, KNAC, etc., etc., over sixty Album Rockers showing how to beat the competition...Album radio's gonna kick Top 40's butt around the block this year!!!!!! Want credentials? Hipsway opened for Simple Minds on their English tour. Response was so great that the Eurythmics asked Hipsway to open their whole European tour! The Hipsway Lp was on the English charts a record setting six months. Doug Podell himself, told us he heard 'Honeythief' on his own radio station and thought he was listening to INXS!...Now, Colin Hay. The next track is 'Can I Hold You'. Also check out the title track 'Looking For Jack' and 'Master Of Crime'. This record is blowin' out of Chicago where WLUP has two tracks on in good rotation. This album is a masterpiece and over one hundred album rockers agree!... Get ready for Wire Train 'She Comes On' on your desk this week!...The next track off Dave Edmunds is 'Paralyzed'. A killer tour, as I know everyone who was lucky enough to see Dave will agree... When you're all finished playing your Columbia Records immediately add Jon Butcher. Wow! What a track! 'Goodbye Saving Grace' is the definition of album radio. This guy is destined to be a major star and the song will last a long, long time... Lastly, thanks for all the support over the twelve inch issue. I'm convinced we're right on this one. ALBUM RADIO WILL RULE IN '87."

JACK ISQUITH, EPIC (212-975-5687)

"If you consider your left elbow out the window and your right hand vacillating between your volume dial and steering wheel a true transcendental rock 'n roll experience, then you'll know it in your gut. That is, you'll instinctively hear Europe's new emphasis track, 'Rock The Night' as the jubilant rock 'n roll celebration that it is. However, if you're bound by the restrictions of commuter trains and OM/GM duties, you'll dig this - over 500,000 units sold, 14\* on the Billboard Lp chart, a CHR single exploding and an American mega-tour invading our shores in early April. In the gut - 'Rock The Night' is a pure party; in the pocket-book/ratings game 'Rock The Night' is the finest hard-pop song available to programmers now. Please don't hesitate - deal with Europe immediately... Personal to Bill Bennett: Thanks for everything from day one on."

JEFFREY NAUMANN, VIRGIN (213-278-1181)

"We are now virtually locked up on the Cutting Crew 'Broadcast' Lp. And as you can hear, there's lots of depth. The phones are going crazy for '(I Just) Died In Your Arms' in only two weeks! Look for the highly collectable 'Saw Blade' 12" of '(I Just) Died In Your Arms', designed either as a wall decoration for your office or a very effective lethal weapon, ideal for decapitation... Put on your turntable and give a couple honest listens to Killing Joke 'Sanity'. This song has a great and memorable hook. Killing Joke is not a trend band with green hair either, but a true rock band which people can even dance to. Don't be afraid of playing Killing Joke to your audience just because it has a beat. Remember, Killing Joke is not a new band to many. Give 'Sanity' a shot, it really grows on you..."

Who said 'if you don't like the weather in Colorado, wait five minutes and it'll change'? During my visit to Denver last week, it snowed the entire time. It was great seeing everybody in my old stomping ground of Denver. I had an especially great time up in Steamboat Springs with Diane Hicklin, Kathy Blackwood and newcomer at KFMU, the infamous Kelly Thomas. Thanks for the ski passes too...I really love the Hipsway record."

LINDA KIRISHJIAN, COLUMBIA (212-975-1701)

"Are you ready to board the train? Yes, Wire Train's new single 'She Comes On' comes on the radio this week! Be there or be de-railed!...P-Furs rule!"

RICHARD PACTER, PROMOTION IN MOTION (305-482-6629)

"The Frozen Ghost album is full of great songs. Start with 'Should I See' and run with it...Make sure you put an ear to 77's record...Here's the deal with the Smithereens: 'In A Lonely Place' is still what we're going after; but if it's too this or that for you, try 'Time And Time Again'. Need a CD? Call Rich Winward at Engima or myself.. 'Hairstyles and Attitudes' is the new cut from Timbuk 3. Call Dr. Lyons at I.R.S. or me again to get compactly digital...The C.S. Angels record is too good to let fly...Same thing with Pseudo Echo and The Spoons...And the Julian Cope full length album is on the way. So is U2!... It's nice to see this AOR move in Florida. Curiouser and curiouser..."

SEAN COAKLEY, ARISTA (212-830-2178)

"Here's what's coming up: An edited version of 'Hold Me' from the KBC BAND that sounds like a huge record. (It's already been #1 phones at KBCO and KINK.) No one can pull those heart strings like Marty Balin. The KBC tour begins March 24...Since you've all got the album and CD of ALAN PARSONS, we won't need to send a 12" for 'Money Talks', will we?--'Billboard, Cashbox, money talks'-- Indeed!...On March 12, the first THOMPSON TWINS single from 'Close To The Bone' will arrive. Produced by Rupert Hine, this album has more layers than a wedding cake (and tastes better, too!). 'Get That Love' leads the way...Personal opinion: The highpoint of last week's Gavin Convention for me was the opportunity to see the brightest new light on the musical horizon: Chris Isaak. Rocking a sold-out club, I felt what Jon Landau must have experienced when he saw Bruce play in '74. Ironically enough, it was Bruce at this year's Rock and Roll Hall of Fame dinner who admitted that he always wanted to sing like inductee Roy Orbison. Well, if Roy had a singer son, I imagine he'd sound just like Chris Isaak. Most of radio missed his stellar debut. Please don't miss this one!"

MIKE CORCIONE, RELATIVITY (718-995-9200)

"Had a wild time out at the Gavin Seminar last weekend. It was great to meet a lot of new people and share many drinks. Now it's time to dry out, hit the Visine and get more adds on Robyn Hitchcock. 'Somewhere Apart' is picking up steam and rolling down those tracks WMRY, WZEW, WTCS, WQCK, KLPI, WPGU, KZAM, KDEY, KTAO, KABN, KATP, WDST, WKWQ and WKGL are playing Robyn and getting great response. Come on guys, we need those confirmed adds. Don't be afraid of this record if you need records or info. please call me. Also watch out for the purrfect Lp for the spring and summer Scruffy The Cat."

BARRY LYONS, I.R.S. (818-771-4730)

"Highlights from San Francisco: A record guy winning the award as CHR PD of the year; and a special category -- Suppose they gave an award for Label Of The Year to a major company and no one was there to accept it. The major highlights were seeing old and new friends and spending some time in one of the best cities on earth...On the vinyl front, 'Hairstyles And Attitudes' is the new track from Timbuk 3. If you're looking for a record that will light up the phones, this is it. Get hip or get clipped!...Concrete Blonde is shaping up as a serious hit record. 'True' is moving up in every category that counts: rotation, requests and sales. In two weeks, this album has jumped 66 points in Billboard. The song is working for stations like The LOOP, WBCN, KGB, 91X, KTXQ, WKFM, WAQX, KBCO and about 90 others-- and if given a proper shot it will work for you. MTV got the video for 'True' last week and put it right into medium rotation. The single is at the other format next week... Other records getting heavy rotation at the Lyons Den include Dokken, Motley Crue, Millie Scott, and, of course, 'I Just Wanna Teslafy!'"

## INTERVIEWS

CHRISSIE HYNDE (PRETENDERS): It'd be nice if you could bring one band together with the same four or five guys and have a history that keeps it going for the fifteen years or something, but it doesn't. People get other interests, they want to do other things. Maybe someone isn't really interested in making music for a couple of things. Maybe someone isn't really interested in making music for a couple of years. Maybe someone wants to pursue songwriting or something. You gotta to do your thing. You can't stick together when it becomes a parody of itself.
