SURE SHOTS

PETE TOWNSHEND, "A FRIEND IS A FRIEND", ATLANTIC

Pete's not one to rearrange a few old Who licks in a modern setting and call it a new solo album. When he steps out it's always with something original, intelligent and different. In the tradition of "Tommy" and "Quadrophenia", The Original Mod crafts a "modern song-cycle musical" featuring 2 new Who trax and this operatic single. Using his trusty falsetto and a children's chorus reminiscent of "Another Brick In The Wall Pt 2", Pete takes Rock to a place where it's never been before. Again.

DON HENLEY, "THE END OF THE INNOCENCE", GEFLEN

Don doesn't strike often -- only 3 solo records since The Eagles disbanded 9 years ago -- but when he does, it's total K-O time. Henley & Hornsby is a natural combination and together they present "The Boys Of Summer" grown up, a bittersweet farewell to youth that takes on an Eagles "Desperado" quality. Don's songwriting has never been sharper, and when have you heard such longing in his voice? "The End Of The Innocence" is as multi-format as they come. Hear it once and be hooked. The Rock Ballad of the year.

BAD ENGLISH, "FORGET ME NOT", EPIC

And now, filling in for the vacationing Andy Rooney, here's KISS' Tom Scheppeke with this perspective: "Doncha just love some of the new rock conglomerations coming on the scene. Bands like Bad English, for example. If it ain't working, mix up a new concoction and get the sparks flying." Fly they do, thanks to dynamic production, just enough edge and a band full of recognizable rock figures who have been part of 33 million album sales. John Waite hasn't rocked like this since The Babys, and this combination of seasoned vets should be all over the street and airwaves in a New York minute.

THE BODEANS, "YOU DON'T GET MUCH", REPRIZE

You knew it was only a matter of time before they made a record that delivered on the promise of their first 2 albums. But who would have envisioned that a record as rich sounding and fully realized as this would result from The Bodeans producing themselves? "You Don't Get Much" starts off with a haunting U2/Robbie Robertson-like quality. They sprinkle the mix with tambourine, piano and strumming guitars before Kurt Neumann lets his guitar ring out and wrap around your senses. Together, he and Sammy Llanas' have one of the most unique new vocal styles on the American scene today, and it's great to hear them lean into a line as memorable as "You don't get much without giving". Huge potential!

STEVIE RAY VAUGHAN, "CROSSFIRE", EPIC

The Stratocaster Master offers, for your programming pleasure, a horn-fortified ration of Memphis magic that 9 out of 10 music doctors agree is his best radio record yet. Chris Herrmann, WHJY "Stevie Ray's best work to date. 'Crossfire' defines his sound in an ultra-accessible 4 minutes of Rock Radio nirvana"; Anthony Alfonsi, WDVE "A rip-roaring song that comes bursting out of the radio"; Meg Stevens, WAQX "The smoothest vocals and smokin' guitars"; Tom Bass, WPLR "Going to be his biggest yet" and Jeni Gipe, WZBH "Stevie Ray rules the universe!". Officially "leaking" on 76 new stations for a #2 Most Added start-up and this week's Traxmaker at 30*.

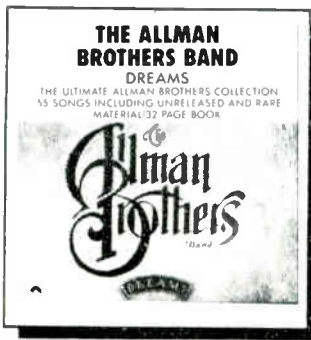

ANDERSON BRUFORD WAKEMAN HOWE, ARISTA

When's the last time a 10-minute track went this far? 10-7* in an ultra-competitive Hot Trax, #3 Most Requested, with 35 Top 5 phones, and the week's best 44 play increases. Now that "Brother Of Mine" has signaled the new beginning of an old tradition, prepare to dig deep into what WMMR's John DeBella calls "a record that has taken the band light years beyond where they were". Returning to the original progressive premise of "The Yes Album", "Fragile" and "Close To The Edge", ABWH revitalize Art Rock by marrying its past with the future. We recommend "Order Of The Universe", "Quartet", "Birthright" and "The Meeting".

THE ALLMAN BROTHERS BAND, "STATESBORO BLUES", POLYDOR

This previously unreleased studio original of the "Live At Fillmore East" barnburner is, of course, historically relevant. It documents the genesis of one of America's most influential Rock and Roll bands: Duane's elastic slide, Dickey's mellifluous lead work, Gregg's young husky Blues chops, Butch & Jaimoe's dual drum assault and Berry's tie-it-all-together bass. But for programming purposes "Statesboro" offers a fresh, never-heard-before version of an album rock standard. And with the "Dreams" retrospective box-set shipping a quarter million units, there's much more than just a passing interest in this band's indisputable legacy.

MARSHALL CRENSHAW, "SOME HEARTS", WARNER BROS.

Crenshaw fans have been hoping he'd bounce back with something AOR could sink its teeth into, and voila. A fun, jangly tune that shows what this talented singer-songwriter is all about. Marshall's a master of taste whose always made critically acclaimed "home listening" records. You'll still want to take his latest home, but you can also safely put this one in the air studio, thanks to irresistible hooks, a buoyant mainstream arrangement and some of his best writing since "Someday Someway". Love that rockin' violin break!

HOTTEST NEW TRAX

DIESEL PARK WEST, "WHEN THE HOODOO COMES", EMI

After one full-volume listen we felt like the guy in the Maxell tape commercial: blown away. There's nothing pretentious about this band or the way they build a dense wall-of-guitars sound that intermittently recalls The Stones of the "Let It Bleed" period, and U2. New this week on 12 including KISS, WLAV, WTPA, KJJO, WHFS and KEZE. **Tom Scheppeke**, KISS "Diesel Park West, what a tune. Who are these guys?"; **Erin Riley** WMMR "Great energy"; **Bruce McGregor**, KEZO "Great rock tune"; **Chris Herrmann**, WHJY "Super chorus" and **Chris James** WTPA "My favorite new act".

JET RED, "NOT THE ONLY ONE", RELATIVITY

Although Jet Red is virtually a new band to the industry at large, these seasoned Sacramento rockers have been jammin' for 6 years. The chemistry of their playing really shines on the energetic lead-off. Rooted in seventies rock, Jet Red is anything but a flashback. The band does rock hard, but with enough polish, melody and foresight to fit in with today's AOR. Produced by Keith Olsen pupil Brian Foraker (Nightranger's last Lp), "Not The Only One" smoothly merges power rock and pop sensibilities. Great results!

INDIO, "HARD SUN", A&M

"Indio is a shifting, evolving cast of characters playing the music of singer-songwriter-instrumentalist Gordon Peterson", sez their bio. Hmm, a modern Alan Parsons Project or Steely Dan, possibly. Energized by acoustic guitars and some Phil Collins-style pounding, "Hard Sun" may "lock into Peter Gabriel's fans", notes WBCN's **Carter Alan**. **Doug Clifton**, KBCO believes "Peterson proves himself a talented songwriter with a knack for creating a wonderful hook." Now playing on CILQ, KBCO, WWTR, CFOX, KTCZ, WHFS, CFNY, WTPA, CHOM, KBOY and 10 more.

DEPTH TRAX

THE CULT, "SUN KING", SIRE/REPRISE

Here's one hard rockin' quartet that's assuredly made it to the big leagues. "Fire Woman" produced explosive results: Top 5 Trax for 5 weeks, and after an OTB debut at #2 MR, a 4 week stint at #1 MR, still residing Top 5. "Sun King" is equally as powerful and potent, and poised for a repeat performance. Now scorchin' on 46 (KYYS, WLZR, WBAB, KISW, KSJO, KLOL, KATT, WCCC, KISS), "Sun King" coasts 74-54* Trax.

U2, "ALL I WANT IS YOU", ISLAND

When in doubt, add a U2 cut. From a band that will be synonymous with the eighties, comes a passionate and wonderfully compelling depth track. Another automatic from the enormously successful "Rattle And Hum" package, "All I Want Is You" radiates of U2 majesty. And adding to that infinite list of unreleased B-sides, the new 12" has two more gems. Dig in.

KINGDOM COME, "WHO DO YOU LOVE", POLYDOR

KC is certainly no stranger to your actives, and the lead-off rode the Most Requested chart for a solid 7 weeks. Now, for the introduction to the radio track from the current Lp, we give you DC101's **Curt Gary**, "Who Do You Love" is one of the best rock 'n roll arrangements I've heard in a long time. Give this one a listen and turn it up loud! Already heeding that advice are WDVE, KUPD, WQFM, WYNF, KJJO, WLZR, KFMG, KSJO, WAPL, KDJK and 9 more.

SIMPLE MINDS, "TAKE A STEP BACK", A&M

Picking up the pace appreciably on step two, Simple Minds manages to maintain that delicate balance of being musically intriguing and commercially appealing. "Take A Step Back" actually allows the band to comfortably move forward with their ever-changing moods and tempos. Upgrading 95-86* Trax, hear it first on 21 including WNEW, WQFM, WKQQ, WDHA, WDIZ, KLOL, KZAP, WYNF, KMOD and 91X.

JOHNNY DIESEL & THE INJECTORS, "DON'T NEED LOVE", CHRYSALIS

The format's insatiable appetite for quality street rockers is never satisfied. And when they come as rough, ready and right as Johnny Diesel, you don't even need a second listen. "Don't Need Love" is pure, unadulterated rock 'n roll, unleashed with passion, guts & glory. Rock Radio needs to get behind these spirited rockers. Erin Riley, WMMR hails "A great record all the way through!"

TREAT HER RIGHT, "JUNKYARD", RCA

THR comes right back at 'cha with a bluesbuster supreme. The band has etched a Blues/Rock style of their own, and with "Junkyard" they've crafted a moody, smoky and seductive piece. It's hip and original enough to tantalize any new rock listener, while maintaining a hold on the 25+ factor by virtue of their roots-oriented sound. Suave and sophisticated.

SEA HAGS MEET A COUPLE OF FANS

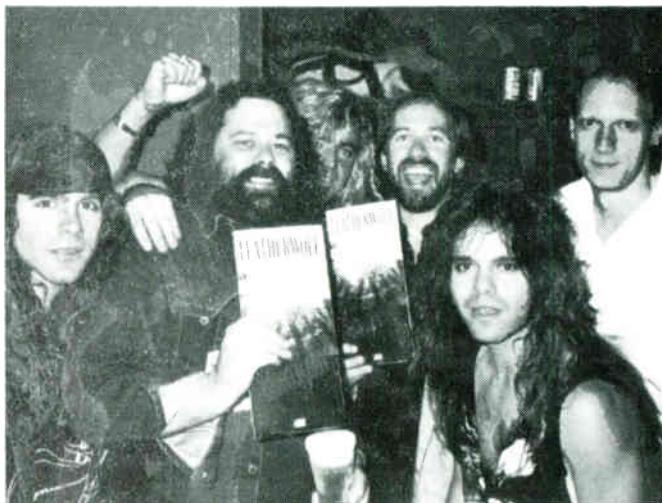

After a sold-out performance at L.A.'s Whiskey, Ron Yocom of the SEA HAGS was joined by two fans. (L-R) THE CULT's Ian Astbury, Ron and RATT's Stephen Percy.

BLONDES ON KIP

WINGER recently blew through Little Rock with CINDERELLA and the BULLETBOYS. Pictured here after the sold-out show (L-R) KMJX's Carole Kramer, Kip Winger and our favorite babe, KMJX's Casey "She's all ours" Jones.

LEATHERWOLF GETS STREET READY WITH KNAC

Here's a shot of the LEATHERWOLF guys with some KNAC dudes. (L-R) LEATHERWOLF's Michael Olivieri, Wild Bill Scott, LEATHERWOLF's Carey Howe, KNAC PD (and our good bud) Tom Marshall, LEATHERWOLF's Geoff Gayer and KNAC MD Michael Davis.

When the moon is in the seventh house, and Jupiter aligns with Mars, then peace will guide the planets and love will steer the stars. This is the dawning of the age of Aquarius -- just thought you'd like to know that. With that in mind, this week's stroke list includes Don "Good Buddy" Maggi, Jody "The R.S.V.P. is in the mail" Young, Andy Dean, B.Y. (He's back!), Max the dog (He's glad he's back), John Boulos, Tom Marshall at KNAC for coming through BIG time for us, Ed "By the time you read this I'll be raw" Green, the very well connected TC (with ya'), Ricky Salvador, Rudy Rubini, Mark "My yellow pants look even better with a coffee stain on them" DiDia Drew "I got those Philly lams" Murray, Holman Suzuki, Classic Chevrolet, Sugar Ray, Pat, Fearless Freddie D., Michael Cross, George & Ree (Congratulations!), Frank "The Hog" Sciarra, John "Scum" Weston, Mark Fritzges, Ed Trunk, Gail Flug, JOHN EDDIE, Paul Rappaport, Jim DelBalzo, Herb "Babe" Gordon, OZZY OSBOURNE, Ray Koob, Hillary at Reprise, The Town Crier, Colleen at DIR, Brian Kushner, BRITNY FOX, JOANNA DEAN, Donna Brainard, Patty at Cornerstone, Happy Birthday Nick DiDia, B-Man on his B-Day, Enchante, BULLETBOYS, Get well Mike Faley, Cheryl Valentine, Schnapp, The Full Ho, Yentl the clown, and the girl in the orange car who acts likes she doesn't want us, but we know the real deal! METAL MONSTERS

MR. BIG, "ADDICTED TO THAT RUSH", ATLANTIC

Our expectations for this project were extremely high. When you combine the forces of some of the best players in the business, you expect quality. That's just what MR. BIG delivers! We've been waiting for Eric Martin to get a shot at showing off his chops, and you all ready know that Billy is the finest bass player going today. Paul Gilbert rips it up on guitar and drummer Pat Torpey has has pounded it out with the big boys before. Don't even think twice!

CIRCUS OF POWER, "STILL ALIVE...", METAL BLADE/RESTLESS

What could be better than a live package from one of today's hottest young bands. "Motor" and "Call Of The Wild" set the stage for CIRCUS OF POWER and thanks to you guys, the response was great. Now take advantage of this live collection. Our faves are the Derringer cover of "Still Alive And Well", "White Trash Queen", "Heart Attack" and, of course, "Motor". This is very cool!

FAITH NO MORE, "THE REAL THING", REPRISE

You got your first taste of this album from our Spring '89 METAL DETECTOR CD. FAITH NO MORE defies the statement that we must have a specific sound to be successful. Blending complex styles with hardcore anger and melodic riffs, "The Real Thing" is just that. We, along with the girl in the orange car, recommend "Falling To Pieces", "Surprise Your Dead", the title song and "Woodpecker From Mars".

CONCRETE FOUNDATIONS: Welcome back to Chartland folks! LITA FORD makes a surprising jump from obscurity to #19 with the success of her latest single, bringing the album into the limelight. This 11 position move makes her this week's Block Buster, no doubt! Also returning this week is the "Triple Axe Attack" - LEATHERWOLF. The current tour is definitely kicking it in for the Island artists sending the "Street Ready" Lp back into the Top 30 at #24. CRIMSON GLORY makes a return appearance at #30 on the retail chart. SARAYA debuts on the chart at #26 with their self-titled Lp. Shaker once again goes to the CRUE boys without a real definite date in sight. M.O.D. returns to the Top 5 after a brief vacation, but are now back to take the world! Ciao! LISA PROSPER - CONCRETE MANAGEMENT.

STUFF YOU SHOULD KNOW...

* Guitarist Adrian Vandenberg is still a member of WHITESNAKE! Although many have speculated that the guitarist was leaving the band, the truth is that he will remain with the band. Vandenberg is obviously very upset that his guitar work will not be featured on the forthcoming album, that all goes to Steve Vai. Adrian co-wrote every track on the new record with David Coverdale and will tour with the band as well as appear in their videos. WHITESNAKE had considered recording the old VANDENBERG hit "Burning Heart", but decided to scrap the idea. Adrian stated that his wrist, which he injured while practicing, is on it's way to recovery.

* FASTER PUSSYCAT are presently working on their new record with producer John Jansen. The Lp will be titled "Wake Me Up When It's Over" and will contain such highlight tracks as "Poison Ivy", "Tattoo" and "Little Dove".

* Here's a couple of SEA HAGS tour dates: 6/13 Fullerton, CA, 6/14 Huntington Beach, CA, 6/16 Long Beach, CA. Stay tuned for more dates!

* More tour dates? How about upcoming MASS dates to whet your appetite...: 6/13 Boston, 6/18 Providence, 6/21 Boston, 7/7 Fall River, MA.

* Here's those much anticipated GIRLSCHOOL tour dates: 6/13 Las Vegas, 6/16 Reseda, 6/17 Tijuana, 6/19 Hollywood, 6/20 & 6/21 San Francisco, 6/23 Long Beach, 6/24 Ventura, 6/29 Killean, TX, 7/1 Dallas, 7/2 Houston, 7/5 St. Louis, 7/6 Bloomington, 7/7 Indianapolis, 7/8 Chicago, 7/9 Madison, WI, 7/11 Minneapolis, 7/12 Green Bay, 7/14 Detroit, 7/15 Columbus, 7/16 Cleveland, 7/18 Albany, 7/19 Syracuse, 7/20 Rochester, 7/21 Boston, 7/22 New York, 7/24 New Haven, 7/25 Philadelphia, 7/26 Washington, D.C., 7/28 Baltimore, 7/29 Norfolk.

* Here's the track listing for the forthcoming KING DIAMOND "Conspiracy" album: "At The Graves", "Sleepless Nights", "Lies", "A Visit From The Dead", "The Wedding Dream", "Amon Belongs To (Them)", "Something Weird", "Victimized", "Let It Be Done" and "Cremation". This is the sequel and conclusion of the "Them" story. Look for KING to hit the road this summer with a very large stage show.

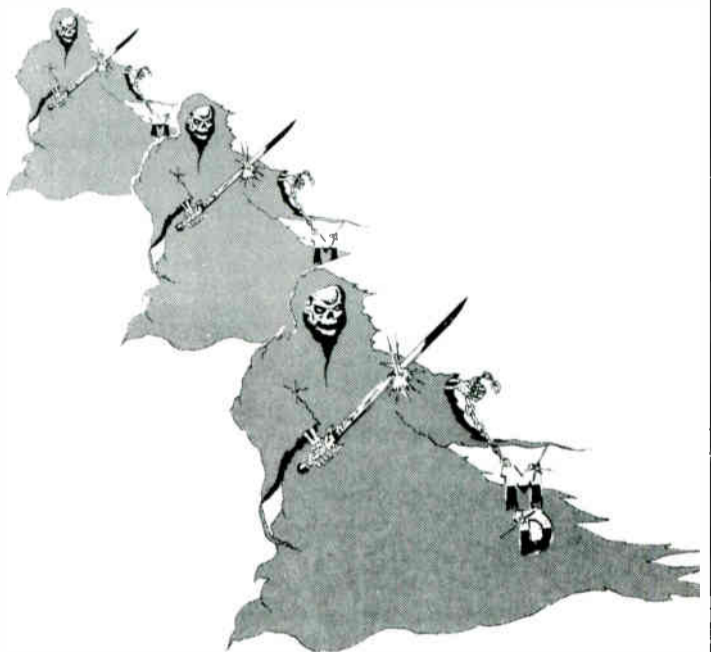

* METALLICA will release a video entitled "2 Of One". The video will feature both versions of the song as well as an intro by Lars.

* In other news from the Roadracer camp: CRIMSON GLORY's "Lonely" video will debut June 3rd, and the band is now home in Tampa, Florida. They will be playing local dates and are looking to tour the U.S. In July. KING DIAMOND will be spending the first week of June in New York to watch over the mastering of his next Lp, "Conspiracy" which is set for an August 21st release.

* New Jersey favorite T.T. QUICK will be releasing a new album titled "Sloppy Seconds" next month. The album was produced by T.T. QUICK and features eight all new songs. Highlight tracks include "Eye Of The Storm", "Rule The World", "Method Or Madness" and "Isolation Booth". The group reunited the line-up of vocalist Mark Tornillo, guitarist Dave DiPietro, bassist Walt Fortune, and drummer Eric Ferro for "Sloppy Seconds".

* Here's those DAVID T. CHASTAIN/LEATHER tour dates you'll want to mark on your calendar: 6/5 Midland, TX; 6/9 & 6/10 Dallas; 6/15 Houston; 6/17 Jackson, MS; 6/23 & 6/24 Columbus; 6/26 Cincinnati, OH; 6/28 Boston; 6/30 York, PA; 7/2 Philadelphia; 7/3 Baltimore.

* Speaking of LEATHER, their new Lp "Shock Waves" will be out on June 12th and the band will be playing material from both solo Lp's as well as vintage CHASTAIN material.

VARIOUS ARTISTS, "EVERY DAY IS A HOLLY DAY", EMERGO

1989 marks the 30th anniversary of Buddy Holly's death. New Rose records in France decided this was a hollyday to celebrate. Seventeen groups get together on this compilation to pay tribute to Buddy. Contributions included "Peggy Sue" by Tav Falco's Panther Burns, "Down The Line" by

The Slickee Boys, "It's So Easy" by Chris Spedding, "Oh Boy" by OFB, "It Doesn't Matter Anymore" by Chris Bailey and "Words Of Love" by Shoes. Call Emergo at (212) 219-0077.

THE STYLE COUNCIL, "THE SINGULAR ADVENTURES OF THE STYLE COUNCIL", POLYDOR

The Cappucino Kid has compiled his singles into a greatest hits package. Sure, this isn't the Paul Weller you knew and loved from The Jam. But as you grew up, so did he. This record offers a melange of musical styles and paths, all quite familiar and energized by Paul's distinctive vocal delivery. Tunes include

the "rock-ish" "Speak Like A Child", "Walls Came Tumbling Down" and "Life At A Top People's Health Farm". Also included are the jazzier "Have You Ever Had It Blue", "Long Hot Summer" and "My Ever Changing Moods". They've thrown in one new tune, "Promised Land".

NOW READ THIS...

The next U.K. R.E.M. single will be "Orange Crush". The B-side will be two cover tunes, "Ghost Riders" and "Dark Globe", the latter being a Syd Barrett song. The release coincides with their tour featuring Blue Aeroplanes and Throwing Muses.

LORDS OF THE NEW CHURCH have officially disbanded. The group was secretly auditioning singers. When Stiv Bators found out, he sacked the band first.

Artists have banded together to put on a show to benefit the Terence Higgins Trust. The first such effort came about with the compilation album "TILL THINGS ARE BRIGHTER", an album of Johnny Cash covers. Pete Shelley, Marc Riley and others will perform live.

THE THE's new album, "Mind Bomb" features a guest appearance from Sinead O'Connor who duets with Matt Johnson on "Kingdom Of Rain".

Look for a solo album from DEPECHE MODE's Martin Gore. The album "Counterfeit" will include the Sparks tune "Never Turn Your Back On Me".

Another solo album will come from THE STRANGLERS' Jean Jacques Burnel. He's currently in England recording with the help of Smithereen Pat Dinizio.

THE PRETENDERS are in London recording their next album produced by Mitchell Froom.

TIM FINN has just recorded a version of "Parihaka" with the New Zealand reggae band Herbs.

Look for the next release from the DEL FUEGOS to come from RCA.

A new effort from MALCOLM MC LAREN entitled "Waltz Darling" will feature Dave Stewart, Jeff Beck and Bootsy Collins.

Look for a new import release due late July from JOE STRUMMER. The album is entitled "Earthquake Weather".

A solo import album from ex-Orange Juice-r EDWYN COLLINS entitled "Hope And Despair" will be out soon.

THE DAMNED have broken up. They'll begin a farewell tour in the U.K. soon. Sorry, no U.S. dates.

IAN MC CULLOGH has wrapped his solo album which he recorded at the Eurythmics' studio in London. Guest stars will include Liz Fraser and Cure drummer Boris Williams.

The B-side of the 10,000 MANIACS latest release "Trouble Me" is "Party Of God" a duet with Natalie and Billy Bragg.

Sean O'Neill of THAT PETROL EMOTION has left the band for good. He took a leave of absence due to the birth of his child but has now decided to make parenting his full time job. Tour bassist John Marchini will take on full time duties.

HOTTEST NEW TRAX

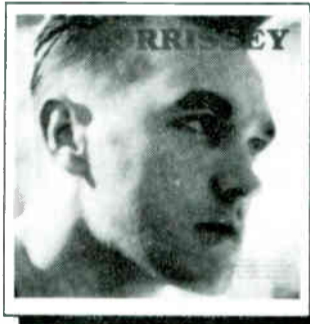

KD LANG, "ABSOLUTE TORCH AND TWANG", SIRE/WB

The album title is not far from its content. kd uses her passionate delivery much like a 40's torch singer and adds a touch of down home country twang. This Canadian has quickly gathered fans and critical praise with the release of each new album. This effort features some sparkling new offerings. Check out

"Luck In My Eyes", "Big Boned Gal", "Pullin' Back The Reins" and her cover of "Three Days".

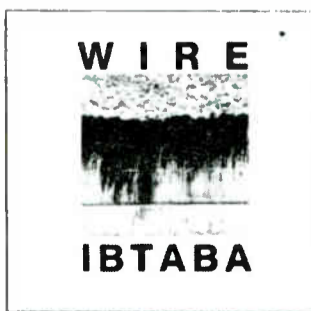

MORRISSEY, "INTERESTING DRUG", SIRE/REPRISE

With the London legal hassles over the release of this tune finally over we find the record on our shores. Disputes raged between Morrissey and producer Stephen Street over monies owed and caused quite a stir in the U.K. "Interesting Drug" is another trademarked Morrissey gem. Smooth vocals mesh with a

fluid base to create an intoxicating offering. Guests on this record include ex-Smiths Andy Rourke, Mike Joyce, Craig Gannon with background vocals from Kirsty MacColl.

WIRE, "IBTABA", MUTE/ENIGMA

"It's Beginning To And Back Again" contains some new material, most notably the alternative hit "Eardrum Buzz" and the best of their last two records. It's not a "best of" record but it is a compilation of sorts. The album was recorded live during their last two tours in Chicago and Portugal but contains no

audience noise. Tunes include "Finest Drops", "German Shepards" and "Illuminated".

JOHN MOORE AND THE EXPRESSWAY, "EXPRESSWAY RISING", POLYDOR

John Moore is an exceptional young talent. His delivery is passionate and energetic and listening to his music makes you want to see him perform live. His vocal swagger and stance place him along the Idol/Astbury rocker types but the music is the message and the message is accessibility. There's something here for everyone. From the lead cut "Out Of My Mind" to the more pop "Something About You Girl" to the uptempo "One To Five". Check it out.

POI DOG PONDERING, "CIRCLE AROUND THE SUN", TEXAS HOTEL

This young band is quickly becoming 1989's underground darlings. They caused quite a stir at this year's South By Southwest Convention and are rumored to be courted by many major labels. This Ep offers just a taste of their distinctive sound. Somewhat eclectically, they fuse a jazzy, exotic base with smooth, mellow vocals. Influences abound from as far back as Al Jolson to today's current rock. Give this a listen. If you don't have it...get it! (213) 392-5746.

PETER GABRIEL
PASSION
Music for The Last Temptation Of Christ
Featuring: The Feeling Begins • A Different Drum

With "So" as his most successful album fully digested by the radio public, and one last single "In Your Eyes," being released in conjunction with the soundtrack to "Say Anything", the time is right for more Gabriel. So what does the man do? Puts out an album of twenty-some instrumental tracks. Twenty exquisite instrumental tracks. And it too, is a soundtrack. The music is derived from the Scorsese film "The Last Temptation Of Christ." And "derived" is the correct word; for what Gabriel has done is taken those themes he used for the film, and expanded and built on them beyond their inclusion in the film. For those of you familiar with his soundtrack for "Birdy," this is in the same vein, but with a much more earthy feel. Gabriel looked to the setting of the film and studied hours of Middle Eastern music to get an idea of style for the film. Everyone from YOUSOU N'DOUR to DAVID RHODES to JON HASSELL appear on this new release. Among the best tracks are "The Feeling Begins," "A Different Drum" and "It Is Accomplished," where Gabriel proves his hand at great melodies while presenting fiery rhythm backgrounds.

RICHARD ELLIOT, "TAKE TO THE SKIES", INTIMA

RICHARD ELLIOT
Take To The Skies

The saxophonist-composer has had a wealth of studio experience working with RICKIE LEE JONES, MICHAEL MCDONALD, THE TEMPTATIONS, and as a member of the killer horn group TOWER OF POWER. He stayed a member of the west coast pop-brass group until his solo career demanded all of his time. This album, his fourth, is a continuation of the smooth jazz sounds he has pursued as a solo artist. In addition to the seven original instrumentals, you'll find two vocal tunes (including BOBBY CALDWELL'S very appealing, hook-filled "In The Name Of Love") and a fine instrumental cover of "When A Man Loves A Woman." Aside from that, Elliot's work includes both ballads and funky tunes. "Boardwalk Walk" and "The Grip" are biting propulsive numbers featuring a hip slap-bass, while quieter moments are reflected in "Take To The Skies" and "In Your Arms."

NEW YORK VOICES, NEW YORK VOICES, GRP

NEW YORK VOICES

NEW YORK VOICES is a vocal quintet hooked on jazz. Through the ten cuts on their debut, they only want to share this love of the form with the listeners. It's not an a cappella group, as instrumentation backs their musical adventures, but their harmonic textures are very reminiscent of what we heard on TAKE 6's debut. The

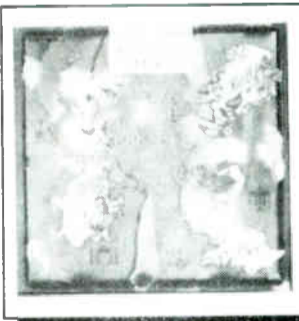

ratio tips in favor of original tunes, with the ubiquitous "Round Midnight" cover getting a new life from its up-tempo reading and vocal interpretation. Far better, and possibly the best track on the album, is the group's cover of ELLINGTON'S "Caravan." The group makes up the lyrics for tunes such as these and most feature vocal scat calisthenics that are brilliant. Leader DARMON MEADER doubles his musical role as he's both vocalist and sax player. His sax solo on "Dare The Moon" equals the vocal talent displayed in his scat solo on "Caravan." The album's approach of layered vocal textures in a jazz form delivers a fresh look at a traditional American music form.

TANGERINE DREAM, SOUNDTRACK TO MIRACLE MILE, PRIVATE MUSIC

The very apex of the electronic music pantheon is occupied by TANGERINE DREAM. Here, EDGAR FROESE and PAUL HASLINGER put together eleven examples of why this group works so well in the film idiom. Their musical success easily crosses from that medium to radio as all the cuts are eminently listenable. Both pulsing sequences and ebb-and-flow synth-washes alternate as key motifs in these compositions. As always the timbres are rich, the rhythms moving. The band has built a veritable side career out of their work in the film industry and this is yet another feather in their cap.

JON HASSELL & FARAFINA, FLASH OF THE SPIRIT, INTUITION/CAPITOL

JON HASSELL'S ambient, spacey trumpet sounds were long an inspiration to MARK ISHAM. There is a consistent, dark, brooding mood that pervades the bulk of Hassell's work. Here he is credited with working with the group FARAFINA, a percussion and dance ensemble. It is their polyrhythmic textures that ground the lofty brass-lines that Hassell coaxes from his horn. BRIAN ENO and DANIEL LANOIS are both credited as helping Hassell produce the album, which further explains the openness of the sounds and atmosphere created on the record. The title is borrowed from author ROBERT FARRIS THOMPSON, whose book of the same name describes the rich cultural heritage brought to America by the African people. It is an appropriate description of how this African group has brought their dimension to American Hassell's playing.

TOURS:

Eliane Elias will be taking her jazz sounds to the stage all around the country. On June 24th, she'll be in Salt Lake City, followed by a jazz festival in New York City on the last day of the month. Upcoming July dates include Georgia, Vermont and California. Her latest release is the Blue Note album "So Far, So Close".

The magic fingers of guitarist Stanley Jordan will amaze and astound Little Rock, Arkansas on June 16th, Cleveland on the 29th and Merrillville, Indiana on the 30th.

DIALOGUE

MIKE EILAND, WLWQ, COLUMBUS:

"John Weider's 'Spirit's Moving' from the album 'Essence' definitely got spirit's moving upon its first play on May 21st. That track had people asking for it one more time before the end of the show, so I rolled it again...DMP's 'Urban Contours' by Bob Mintzer is getting a lot of phones for '8th Avenue March'."

JOANI WILLIAMS, KKFM, COLORADO SPRINGS:

"We're very proud to be working with Fiddler's Green in welcoming some wonderful contemporary jazz artists to Colorado: Grover Washington, Jr., Spyro Gyra and Larry Carlton June 24th for 'Jazz On The Green', and Al Jarreau, The Pat Metheny Group and David Sanborn in upcoming performances. We'll be sending listeners up to the Green for each of these shows. Many thanks to Fiddler's Green for being there!"

ROGER LIFESET, PEER PRESSURE PROMOTION, AGOURA:

"Welcome to our next Tsunami wave of women: Shirley Maldonado (WXDJ), Monica Logan (KTWV), Joanie Williams (KKFM), Janel Dolan (KOAI). No rookies in this bevy of programmers...Soon in June: William Aura 'World Keeps Turning' (you will be very surprised -- no warm milk, cookies or bathrobe necessary), Cusco 'Mystic Island' (another country explored in depth by these German audio adventurers), Jim Chappell 'Living The Northern Summer' (his most radio conscience effort to date -- great seasonal appeal), Wally Badarou 'Words Of A Mountain' (Level 42 keyboardist steps out on his second threshold -- Smurfs & Keebler Elves are marching again), Images 'Relative Work' (one of those image bands with unmistakable calling card chords), Sojiro 'Sojiro' (catchy, kitch, commercial debut by a Japanese band on a country label -- East meets Country and Western), Eliza Gilkyson 'Legends Of Rainmaker' (we coined the term New Age Vocals a year ago to describe her appeal within this format -- we were right, her 'Calling All Angels' vocal went Top 5)...See you on the phones -- this ain't no June Swoon -- go Angels!"

MARK BENSON, WIOT, TOLEDO:

"We enjoyed the Dan Siegel appetizer. Bring on the CD...Thanks to all for the words of support during the transition. Please direct all Jazz music calls to me for the time being."

ROB MOORE, THE BREEZE:

"Our Breeze affiliate in Colorado Springs needs service on everything for live dayparts. Please contact Cheri Parton at KBZE at (719) 578-1055."

DIRT ALERT!

"HE'S BACK!": BLOOM RETURNS AS WYSP OM

ANDY BLOOM

Media Strategies Consultant/researcher **Andy Bloom** has returned to WYSP, Philadelphia as OM, replacing **John Roberts** who has resigned as PD to pursue a CHR or AC programming opportunity. Bloom, who programmed 'YSP from '85 to '88, will also act as a research resource for Infinity's 17 radio stations. He starts June 19th.

Infinity President/CEO **Mel Karmazin** told FMQB, "I look forward to Andy rejoining Infinity. In addition to his responsibilities at WYSP, I am anticipating that Andy's knowledge and experience in research will enable him to make an important contribution to the other Infinity stations as well."

WYSP GM **Ken Stevens** added, "I've worked with Andy for a long time. He's done great things for the station, and now that he's been down the consultant's trail for a year he's going to be even better. The new Andy Bloom is more of a functioning part of WYSP's management team than he was as PD. He'll also act as a resource available to the other Infinity stations for auditorium testing, focus groups, perceptual research projects, etc. Aside from consulting WYSP, he did a lot of research in a lot of cities so he's coming back here with a fascinating perspective on Rock in general, Classic Rock in particular, along with morning shows, promotions, and contesting. It's really great seeing how much new stuff he's picked up in the last year. He's returning to WYSP with a clear vision of the future of Classic Rock 'N Roll."

Bloom first came to WYSP in '85 after programming WQFM, Milwaukee. Following a false start with a modal format, he orchestrated 'YSP's change to "Howard Stern All Morning, Classic Rock 'N Roll All Day" in August of '86. After guiding the station to a record setting 12+ of 5.8 in the summer of '88, he exited for Media Strategies.

"Infinity had approached me several times," Bloom acknowledged. "But this final offer as OM of 'YSP coupled with the opportunity to do research on a corporate level, was simply too amazing to let pass. Although it's difficult to give up what was an extremely fun and creative job, it was an easy decision to rejoin Infinity. I'm looking forward to making major contributions at 'YSP and elsewhere in the corporation. A lot of ideas are stored up in the back of my head, as a result of my experience with Media Strategies. The opportunity to work hand in hand with **Fred Jacobs** and observe the reasons why this format is capable of working so well, along with discovering the strengths and weaknesses the AORs have we've worked with, has been invaluable.

"Our mission at 'YSP is pretty simple. It was my promise to Mel, Ken and Infinity that within the next three months WYSP will be the finest sounding Classic Rock 'N Roll station in America by anybody's standards. Nothing short will be acceptable. A number of things have happened in the market since I left. Most importantly, WMMR has really begun to develop some cracks in the dam. My advice to them is hide and watch."

LEVINE LEAVES KLOL FOR WJFK

ED LEVINE

In its second PD announcement this week, and its third East Coast programming appointment in 4 weeks, Infinity Broadcasting has secured KLOL, Houston PD Ed Levine to program WJFK, Washington. Levine, an 11-year AOR programmer, replaces Mark Chernoff who was transferred to WXRK as PD last month. He

starts June 19.

"That's a real war going on there," WJFK GM Ken Stevens told *Dirt Alert!*, commenting on the WCXR -- DC-101 -- WJFK Rock race. "There's been a very interesting shakeout between the three stations over the last six months since we jumped into the AOR/Classic Rock arena. I wanted somebody who was really aggressive, had a strong, winning track record, and had some good innovative ideas. There's already a Classic Rock station and a traditional AOR in Washington, so it's not a situation where somebody can come in and put in a playlist and some positioning statements and expect to win. The station that's going to win in that market is going to be the one that really is the most entertaining."

Levine expects KLOL's Spring book will be its best in seven years. Explaining his short stay in Houston, he told us, "I did in nine months what I expected to take two years to accomplish. I've always considered myself an East Coast person, and have always loved Washington and my wife is from there. Infinity's a company that I've had my eyes on for a long time. There's something really special about going into a situation that is a start-up or a turnaround, and JFK is kind of both. You get to break some of the rules, you don't have to play it so conservatively, and you can be more offensive. Inheriting a .9, there's obviously a lot of room to grow and a lot of room to maneuver with."

JFK's new PD first programmed at WAQX, Syracuse from '78 to '86. As the underdog against a 100,000 watt direct format competitor, he learned firsthand how to program with a signal disadvantage. He also earned a reputation as an aggressive, street-smart, stop-at-nothing-to-win programmer: the "enfant terrible" of AOR. Moving East on New York State's "Thruway Chain", Levine put in two years at WPYX, Albany as PD before joining KLOL last year.

Asked to assess Washington's competitive make-up, Levine said, "DC-101 is a giant. Grease is brilliant. WCXR is probably one of the best-sounding Classic stations in America. It's not going to be an easy battle. But on the other hand, I think I've discovered something in that market, a vulnerability, and we're doing a lot of research to confirm our suspicions. We think that there is a position to be staked out and we're going to do a good job of clearly defining that to the audience. Both of our major competitors have major problems. They have significant positives but they also have significant negatives, and I intend to exploit those negatives and carve out, maybe over their bodies, a clear niche in the Washington market. I wouldn't have taken the job if I thought that it could not be successful. To what degree, with a somewhat limited signal, we're all going to find out together."

WJFK's signal is the station's most blatant shortcoming. But Stevens believes that "signal is not the issue at this point. We've got a competitive signal, but we haven't built the programming up to where it should be yet. Until you see major numbers on the station, it's really not an important point. We could buy a station with a better signal, but we would still be faced with creating a programming niche in the marketplace and programming it."

No replacement had been named at KLOL at press time.

HARRISON RESURFACES AS WZLX PD

Veteran Rock Radio programmer/producer/editor Mike Harrison, the man who coined the term "AOR", has accepted the PD slot at Classic Hits WZLX, Boston. Harrison, who hasn't programmed since leaving KMET, Los Angeles in '85, replaces Cliff Blake, who exited three months ago.

Recently President/GM/part-owner of WSPR, Springfield, Harrison's programming history has deep progressive roots: He was the first PD at WLIR, Long Island; programmed KPRI, San Diego; and put in 10 years at "The Mighty Met" as PD, personality and consultant. Harrison was R&R's first AOR Editor, wrote for Billboard and published "Goodphone Weekly". He was also producer and host of a variety of nationally syndicated radio programs, including "Grammy Radio Specials", "Rock Connections", "The National Album Countdown", "The Royalty of Rock", and recently "The Official History of Rock 'N Roll".

"I always come back," he boasted. "I sold my station in Springfield, spent three exciting months at K-Rock producing "The Official History of Rock 'N Roll," working with the extraordinary Pat Evans. That whetted my appetite to get back into the thick of day to day Album Radio and simultaneously this came up. And how could a Rock 'N Roll dawg like me resist the opportunity to guide a great Album Rocker into the '90s. The Boston market is exciting with a fabulous array of Contemporary radio stations and a real receptive listenership. We're going to be contemporizing so that Classic Hits has a very vital place into the 21st Century and then beyond. The challenge here is to keep the AOR format fresh and vital. We reserve the right to play as many Currents or Oldies as we like, week-to-week, based on what the environment dictates. We're playing Currents now and I envision more Currents in the near future. WZLX will not be predictable or mechanical when it comes to new music."

CARROLL CONSULTS KROQ

RICK CARROLL

Former KROQ PD Rick Carroll has signed a one-year deal to consult the L.A. Modern Rocker on formatics and programming. Carroll will serve as in-house consultant for the first 30 days of the agreement.

"Rick's been a driving force in the Modern Music field for the past 10 years," KROQ VP/GM Tony Berardini told Infinity

Alert!, er, ah...*Dirt Alert!* PD Van Johnson added, "His expertise will be instrumental in maintaining KROQ's prominence as the premiere station of its kind."

Carroll told us he intends to re-focus KROQ to get it back into the 4 shares. In response to Pirate Radio's 57 minutes of music an hour and KIIS and Power's long

CODY DIRECTS PYRAMID BROADCASTING

Twenty-five year broadcast vet Frank Cody has been appointed head of group programming for Pyramid Broadcasting. While overseeing the 7 market chain, Cody will continue as a partner in Cody/Leach Broadcast Architecture, the Princeton-based research and consulting firm acquired by Pyramid last year.

Owen Leach and Cody have worked extensively with all the Pyramid stations in the past. This move insures the steady growth of Pyramid's stations, while CBLA continues to expand. Cody commented, "Now that Cody/Leach Broadcast Architecture is up-and-running, I relish the opportunity to be more directly involved with our own stations. Pyramid is poised for tremendous growth in the next decade. (Pyramid CEO) Richie Balsbaugh and Pyramid management are committed to building, supporting and rewarding the greatest programming team for the '90s, and I am proud to be a part of it."

During Cody's impressive career, he has served as an exec at NBC and ABC Radio, and has programmed KTWV & KMET, Los Angeles; KBPI, Denver; and others. He has also produced countless entertainment specials.

B/D & A GOES COUNTRY, MERGES WITH ALBRIGHT

B/D & A has made a major move to Country radio by merging with Jay Albright. Albright's Let's Talk Inc will consult all B/D & A Country stations, and Albright's current client list will become part of the B/D & A family.

Prez Dwight Douglas commented, "I met Jay a few years ago when he was programming in Seattle and was very impressed with his knowledge of radio and Country music. His consulting firm is very successful, and all our clients will benefit from this joint venture."

"I'm excited about the merger with B/D & A," added Albright. "I know that together, our combined experience, communication skills, perspective and abilities will make us a stronger team. My clients expect a very high level of personal service and involvement. That philosophy fits very well with the way B/D & A does things. Let's Talk clients will benefit from many new services, and I'll be there to help B/D & A clients as well."

Albright has over 27 years in broadcasting, and he has helped plan winning strategies with Buck Owens and Drake-Chenault. Let's Talk will remain Seattle-based.

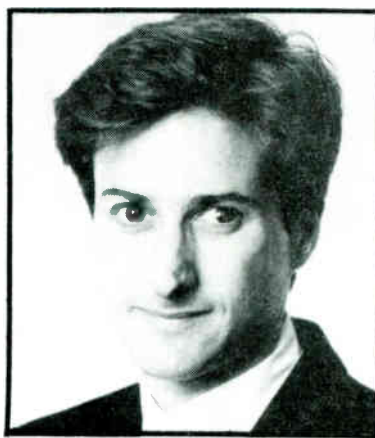

ROBERTS READY TO RETURN TO CHR OR AC

Outgoing WYSP, Philadelphia PD John Roberts told **Dirt Alert!** he plans to return to CHR or AC radio in a programming or consulting capacity. The programming vet of KEGL, Dallas; WFBQ, Indianapolis; and WLLT, Cincinnati commented, "Although I've programmed six different formats during my career, I'm most comfortable with the concepts I used doing CHR and AC. A few weeks ago I came to the conclusion that it would be in my best interests to find a format situation more compatible with these philosophies. Because I have a great personal relationship with GM Ken Stevens, we were able to sit down, talk it over, and work it out. Infinity Broadcasting gave me a chance to fulfill a long standing career goal (programming in my home town), and I sincerely appreciate that."

Regarding his future plans, Roberts said, "Right now I'm checking into several possibilities. Although it only makes sense to look at every option that might present itself, considering my previous CHR success at KEGL and a good AC showing at WLLT before that, I'd prefer to concentrate on those formats."

Roberts will continue to be based at WYSP and can be reached at (215) 667-7190 or (215) 668-9460.

TIPP COMMANDS COLUMBIA ALTERNATIVE

STEVE TIPP

Warner Bros National Dance Club Promo Manager Steve Tipp has been named the newly-created Columbia VP of Alternative Music. The addition of this exec position is a reflection of Columbia's strong belief in the importance of the Alternative music marketplace. In his new position, Tipp will oversee the development, promotion and

marketing of Alternative music.

"When we looked for someone to help expand our involvement in the area of Alternative marketing, one name kept coming up-Steve Tipp," commented Senior VP of Marketing Bob Sherwood. "He's the best and his desire to take his love of music and bring it, along with his promotion expertise, to a greater level of involvement in the business, happily collided with our need for a special talent in Alternative marketing. Everybody wins - particularly our artists!"

Tipp has also worked at I.R.S. Records.

Peil, the Cars' Elliot Easton, Extreme's Nuno Bettencourt, Fahrenheit's Charlie Farren, New Man's Mark Jones, Twisted Sister's J.J. French, and 1,000 fans. WHCN CELEBRATES 20 YEARS OF PURE ROCK

WHCN recently celebrated "International Guitar Month" by giving away 20 guitars in 20 days to celebrate 20 years of Hartford's Pure Rock. Every Monday through Friday, morning men Picozzi & The Horn would announce the 'HCN guitar hero of the day. When listeners heard three songs by that artist or group, they had to be the 6th caller the following morning. The person who could name all three songs won the guitar of the day and qualified to win the grand prize which consisted of an autographed Bon Jovi Ovation Acoustic, a Journey autographed Gibson, a Traveling Wilburys Gretch and an autographed Ozzy Osborne Gibson.

KATT STARTS A T.V. FEUD

KATT, Oklahoma City morning team Rick Walker and Max Morgan recently hosted an on-air contest between the local T.V. affiliate's news teams during the T.V. sweeps. Each morning for a week, a different anchor from each network joined Rick and Max in the studio for a game of "T.V. Feud" in the spirit of "Family Feud." Prizes were awarded to the winner each morning including a Mr. Coffee maker, skillets, back massagers and other items. A grand prize was awarded to the winning network at the end of the week. NBC came out on top, while the loser took home a consolation prize...the trash!

WBLM LISTENER WINS HANDS DOWN

WBLM, Lewiston/Portland recently raised over \$47,000 for the American Cancer Society in their 2nd annual "Hands Down" giveaway. Ninety-nine contestants, vying for ownership of a '89 Pontiac Lemans, gathered pledges and put their hands down on the car. They vowed to stay there until a winner was declared. Over 109 hours later, one person was left, shattering last year's record of 54 hours. Of the 99 contestants who started on Friday, 60 remained on Saturday, 25 on Sunday, 9 on Monday, and 2 on Tuesday & Wednesday. Early Wednesday morning, one of the two remaining contestants threw in the towel. When asked why the winner wanted the car so badly, she responded, "My heat went out in January. My engine went last month, and I have the payments due until June."

ROCK REPORT

Our sources have told the Rock Report that YES has been auditioning various singers to replace Jon Anderson, who had been sharing lead vocals with Trevor Rabin over the last two albums. Among those recently discussed to take the place of Anderson are: ROBBIE NEVIL, Roger Hodgson (ex-SUPERTRAMP) and Steve Walsh, of KANSAS. In related news, the Rock Report has learned that

Kansas has been dropped from MCA Records.

In the wake of stunning the music community by winning the Grammy for "Best Heavy Metal Group," JETHRO TULL is currently feverishly at work on the follow-up to their most successful album in years -- "Crest Of A Knave." The band has recorded ten tunes thus far at IAN ANDERSON'S home studio. According to reports, the Lp will have a much harder edge than their previous works, but nothing to scare off METALLICA. If all goes well, look for a new Tull album in late August, with a U.S. tour slated to begin in November.

FRANK ZAPPA'S autobiography, "The Real Frank Zappa," has hit the book stores. Written by Zappa and Peter Occhiogrosso, the tome covers his entire life story -- from a teenager fascinated with doo-wop music, to the controversial figure he is today. Advising that the book "doesn't pretend to be some sort of 'complete oral history,'" Zappa characteristically examines his colorful career with disarming cynical flair and witty barbs. Published by Poseidon Press, the book retails for \$19.95.

Those with a fondness for wild theatrics, platform shoes, and more makeup than Tammy Faye Bakker will want to pick up "Glam Rock," a new Virgin home video examining the early 70's phenomenon. Available now at \$14.95, this 52-minute compilation showcases those artists to whom today's rockers like GUNS N' ROSES, MOTLEY CRUE, and BRITNY FOX are in great debt. Featured on the video are SLADE with "Mama Weer All Crazee Now" (later popularized by QUIET RIOT), GARY GLITTER'S "Dò You Wanna Touch," along with MARC BOLAN, SWEET, ALICE COOPER, and ROY WOOD'S WIZZARD. If you like your rock tasty and sweet, run out to your local video store and purchase "Glam Rock."

Capitalizing on the release of his first solo Lp in four years, Rhino Records has just released TODD RUNDGREN: ANTHOLOGY (1968-1985). Featuring such classic cuts as "Open My Eyes," "I Saw The Light," "Hello It's Me," "Can We Still Be Friends," and "Bang The Drum All Day," this double-Lp marks the first "Best Of" compilation covering Todd's 20-plus solo recordings. Officially supervised by Todd, the package includes rare photos, extensive liner notes, and a complete libretto for all the songs. Expect Todd and back-up band to hit the road in support of his new solo Lp later this summer.

FREHLEY'S COMET has entered the studio to begin work on their third album -- their first with new guitarist Richie Scarlet and drummer Sandy Slavin. Produced by Eddie

Kramer (HENDRIX/LED ZEPPELIN), among the songs slated for inclusion are: "Give It To Me Anyway," "Trouble Walking," "Audio Video," "Five Card Stud," and "Lost In Limbo." And according to well-informed sources, it appears likely that ex-KISS drummer Peter Criss will accompany his former partner on a track. Look for a new Comet Lp and tour this fall.

Throw a little ELO into a pot, add a healthy dose of THE BEATLES, and you'll have the brilliant debut release by FREIHEIT titled "Fantasy." Featured on the "Say Anything" film soundtrack, this German-based quintet has created an album bursting with lush melodies, a singer whose sweet vocal style could pass for PAUL MC CARTNEY circa 1968, "Beatlesque" harmonies, and sparkling 1980's arrangements. Produced by Armand Volker, the Lp -- which has already sold over 400,000 copies in Germany -- includes such standout tracks as "Keeping The Dream Alive," "Diana," "Moonlight," "Tears Are A Girl's Best Friend," and "Poor Little Boy." Released through CBS/WTG Records, the album is available now.

NEWS

There was plenty of publicity for the **SAVE THE RAINFORESTS/SPIRIT OF THE FOREST** record earlier this week when the all-star line up featured on the national TV news and in a special documentary. The organizing charity Earth Love Fund are in the process of compiling an album, but at this stage Virgin have no firm commitment to release it. So far Kate Bush has offered to record

something especially for the project and XTC, Iggy Pop, Ravi Shankar, Little Steven and Thomas Dolby have agreed to donate existing tracks. The Fund has also obtained the rights to Louis Armstrong's "What A Wonderful World" for inclusion on the LP.

SINEAD O'CONNOR has a concert video out in the UK this week featuring songs from her hit album "The Lion And The Cobra". The title is "The Value Of Ignorance".

Tickets for **TIN MACHINE**'s British dates will be in short supply because as expected, the band will play small venues in just four cities including the Kilburn National Ballroom in London, with the promise of more to come if they enjoy themselves.

SHARPE AND NUMAN, also known as Bill Sharpe of Shakatak and Gary Numan of Cars' fame, have a new collaboration album out at the end of the month. "Automatic" is produced by the duo themselves.

THE ALARM are featuring a Welsh male choir on their new material which is being arranged and produced by Tony Visconti.

The follow-up to Britain's biggest-selling double album of all time is now in production. Producer Jeff Wayne is making the sequel to "The War Of The Worlds", which sold four million copies worldwide after its summer 1978 release and spent some four and a half years on the UK chart. This time he's bringing "**SPARTACUS**" to record, and among the many planned star appearances, co-writer Gary Osborne tells us that Ladysmith Black Mambazo and actor Anthony Hopkins are already committed to the project. We hear that Suzanna Hoffs of The Bangles and Steve Winwood are also on the wanted list for the album.

As UK sales of his "Don't Be Cruel" album move ever nearer to half a million, **BOBBY BROWN** announced a fifth Wembley Arena show on June 27 to follow the four sellouts previously scheduled...then topped that by adding a sixth on June 28.

The final line-up for next month's **PRINCE'S TRUST** concerts in Birmingham will be Mike Rutherford and Paul Carrack, Natalie Cole, Bryan Adams, John Farnham, Chris De Burgh, Swing Out Sister and as previously announced, Mica Paris and Will Downing, Van Morrison. Level 42 and Spandau Ballet's Tony Hadley who will duet with Gloria Estafan. George Martin will arrange and conduct the 60-piece Birmingham Symphony Orchestra with guest violinist Nigel Kennedy. The concerts take place at the NEC on July 18 and 19.

This summer's famous heavy metal festival at **CASTLE DONINGTON** will go ahead with the audience limited to 70,000. The reduction was considered necessary after two fans died at last year's event.

While **FISH** plans late summer dates to promote his forthcoming solo album, his old band **MARILLION** announce a Christmas tour with new singer, Steve Hogarth. The LP "Season's End" will be released in September with a single in August.

ROACHFORD's new release will be a four track EP with "Kathleen" as the lead track. It's been remixed from the "Roachford" album...dance/pop group **Imagination**, who had a string of big hits in the early 80s, are releasing a greatest hits album of remixes.

JASON DONOVAN has Britain's number one single and album this week, returning to the peak of the LP chart with "Ten Good Reasons" just as his cover of "Sealed With A Kiss" enters the singles chart at the top. Other album action included a new entry at three for **STEVIE NICKS** with "The Other Side Of The Mirror" and **VAN MORRISON**'s "Avalon Sunset" at 13, **PUBLIC IMAGE LTD**'s "9" was new at 36 and "Stage Heroes" by Les Miserables' star **COLM WILKINSON** appeared at 52. There was renewed action for "Watermark" by **ENYA**, jumping 38-17 in its 35th chart week, and "Appetite For Destruction" moved 16-10 for **GUNS 'N ROSES**, 43 weeks into its chart career, thanks to the success of the reissued single "Sweet Child O'Mine".

Inevitably, Jason's reworking of "Sealed With A Kiss" has led to the reissue in Britain of the **BRIAN HYLAND** original, and although it's no contest, there's also a third player in the game: **GARY SOLOMON** has a version of the song on release as well.

THE ROBERT CRAY BAND, always massively popular in concert in Britain, have announced July dates including Newcastle, Birmingham and Edinburgh. They'll be in the country around the same time as the Georgia Satellites and Little Feat. Soul fans at News From London were also delighted to see the announcement of a date at London's Hammersmith Odeon on July 9 featuring Bobby Bland, Johnnie Taylor and Little Milton.

OZZY OSBOURNE: Ozzy Osbourne's three year old son, Jack, appears in his new video for the song "Breaking All The Rules." It's a live video shot at the Hammersmith Odeon in London. Ozzy carries Jack out onstage on his shoulders. Jean Pelleran, who did **DEF LEPPARD'S** "Rocket" and "Close My Eyes Forever" for Ozzy and **LITA FORD**, is the director.

IAN HUNTER: Ian Hunter and Mick Ronson, who go back to **MOTT THE HOOPLE** together, are recording a new album for Mercury Records. Bernard Edwards is the producer.

FORCED ENTRY: Forced Entry, the heavy metal trio which recently won "Best Metal Band" at the Northwest American Music Association Awards in Seattle, will release its debut album, "Uncertain Future," next month on Strategic Records.

BEACH BOYS: The Beach Boys taped an appearance for the TV show "Endless Summer" at the Universal Studio tour.

JEFFERSON AIRPLANE: Jefferson Airplane is looking at two possible titles for their reunion album: "Experimental Aircraft" and "F----- A." Wonder which one Epic Records will prefer.

WAS (NOT WAS) TO PLAY BERT PARKS' BAND: Was (Not Was) will do the score and appear in the new film "The Freshman," starring Matthew Broderick and Marlon Brando. They'll appear as Bert Parks' back-up band. The movie is being written and produced by Andrew Bergman, whose past credits include the original script for "Blazing Saddles," plus "The In-Laws." Filming is scheduled to begin in Toronto next month. Among the songs Was (Not Was) has already started work on for the film is a version of **BOB DYLAN'S** "Maggie's Farm." The band makes an appearance in **BONNIE RAITT'S** new video, "Love Letter," and they'll be doing a few shows in Japan before starting their work on "The Freshman."

CURE TO SET SAIL FOR AMERICA THIS SUMMER:

Don't look for The Cure at any U.S. airport when the band tours the States late this summer. The members hate to fly. In fact, not only will the band be busing it across America, but they'll actually be coming over to New York by sea. Robert Smith has decided the five-day voyage on The QEII will do the group some good. Even though the trip will take longer than the three hours on the Concorde, the band feels the cruise will be "mesmerizing and inspiring." The Cure will be appropriately dressed, complete with navy blue blazers, white trousers and captains hats. "You've got to get into it and do it properly," says Smith. "When we took the Orient Express to Italy, we all rented 1920's tails, smoked cigars and drank a lot of brandy."

U.S. SUCCESS MAKES ROXETTE A HIT NEXT DOOR IN

NORWAY: Per Gessle says one of the benefits of Roxette's success in America is that they were finally able to have a hit in Norway, Sweden's next door neighbor. Gessle admits a rivalry does exist between the two countries, similar to the one between England and Scotland. "Or," he explained, "Americans have all these jokes about Polish people, we have them about Norwegian people in Sweden. It's sort of a big brother attitude." Gessle says Roxette had a problem selling records in Norway until after "The Look" became a hit in America. Then both Roxette's single and album went to #1 in Norway for four weeks. "It had to cross the Atlantic to get back to Norway," Gessle laughed.

MC CARTNEY THOUGHT JACKSON WAS JOKING ABOUT BUYING HIS SONGS: PAUL MC CARTNEY

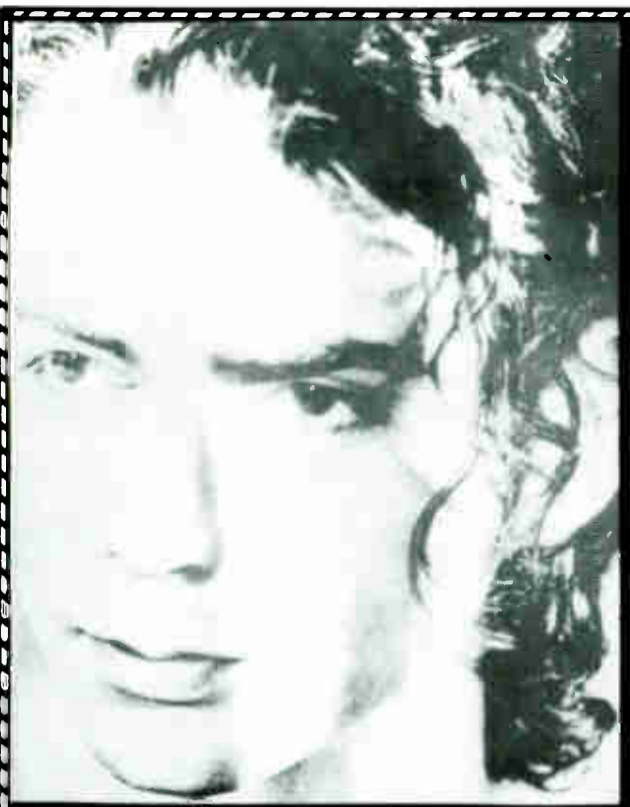

recently discussed how **MICHAEL JACKSON** informed him that he was going to purchase the rights to **THE BEATLES'** songs. McCartney explained, "He said, 'I'm going to buy your songs, you know.' And I said, 'Love it, good joke, Mike!'" He discovered Jackson was serious. "I just got a phone call one day that said, 'Michael has bought your catalog,'" McCartney said.

BEATLES PRODUCER NOW IN SEMI-RETIREMENT:

Veteran producer George Martin says he's now in semi-retirement. In accepting an honorary degree from the Berklee College of Music, Martin said he's not looking for any new artists because he feels he's done his share. "There are other people now who can do rock and roll better than me," says the Beatles producer. "One of the advantages of getting older is the luxury of doing just what you want. In terms of rock, I'm a sucker for what is now considered very old hat -- **ELTON JOHN, STING, PHIL COLLINS, MARK KNOPFLER**." Martin will act as musical director for this year's annual Prince's Trust Charity Concert in London.

QUICKSILVER'S CIPOLLINA DEAD OF EMPHYSEMA AT

45: Friends of John Cipollina immediately started planning a memorial concert for him on work of his death on Tuesday April 30th. The 45 year old guitarist, best known for his work with **QUICKSILVER MESSENGER SERVICE**, but still a member of five bands at the time of his death, was diagnosed with emphysema last year, and spent the last three months of 1988 hospitalized. Cipollina had recovered enough to tour Greece the last 10 days of April with longtime friend and partner Nick Gravenites, and had a series of appearances booked this summer with **THE DINOSAURS**. This was in spite of the fact that the steroids doctors had been giving him to keep his lungs open had

caused his right hip to deteriorate to the point where he had to use a wheelchair or crutches. Cipollina returned home about 6:00 p.m. Monday April 29th, after spending the weekend with his girlfriend. (Around 8:30), his mom noticed he was having more difficulty than usual breathing and summoned paramedics. Cipollina was rushed to the hospital where he died an hour later. A memorial fund has been established in Cipollina's name to help his family with medical expenses. Checks made out to The Dinosaurs should be sent to First Interstate Bank, Account No. 686416543, 830 Third St., San Rafael, CA 94901.

JIMMY HARNEN: Jimmy Harnen's album, "Can't Fight The Midnight," will feature a guest appearance by Kevin Cronin of REO SPEEDWAGON. Harnen's Lp will be out June 27th. He's currently doing some dates with JOAN JETT, and will spend the summer touring, playing a lot of fairs.

ACHIEVER MELLENCAMP SETS HIGH GOALS FOR HIMSELF: JOHN COUGAR MELLENCAMP may have experienced his ups and downs in the music business, but no one can accuse him of ever being unambitious. Even now, with all the fame and glory he's achieved over the last few years, the Indiana-born rocker says that he'll never get lazy when it comes to his craft. "Sometimes I feel like Rocco in 'Key Largo,' he admits, referring to the 1948 movie starring Edward G. Robinson and Humphrey Bogart. "In it," Mellencamp explains, "Robinson's the criminal and he says, 'I want more.' And Bogart asks, 'Will you ever get enough?' And Robinson answers, 'I don't think so.' Well, that's pretty much my goal, too," Mellencamp confessed. "It's to feel for the rest of my life that I haven't accomplished what I wanted to accomplish until I get to be an old man, because that's what keeps me alive -- just being able to do something. As soon as I feel fat and successful and feel like I don't need this anymore, I might as well quit 'cause I'm dead. I've always maintained that it's better to feel bad or crummy than it is to feel numb."

BAD ENGLISH'S DEBUT SINGLE WAS INSPIRED BY ANNE RICE: JOHN WAITE, JONATHAN CAIN and NEAL SCHON are getting ready to release their first single together as Bad English. And, in the tradition of STING'S "Moon Over Bourbon St.," Bad English's "Forget Me Not" was also inspired by the writing of vampire novelist Anne Rice. Waite was the first to read them, and bought copies for Cain because he hadn't read them. "We started talking about vampires, obsession and possession itself and came up with this very dark, Gothic piece," Waite said. He describes it musically as "THE WHO meet THE PRETENDERS meet... the two Johns."

WINGER GOES PLATINUM, HOPES NEW SINGLE EARNS HIM RESPECT: Kip Winger received a Platinum record for his debut album, and since then it has sold another 100,000 copies. Winger says the record is now selling on the strength of "Headed For A Heartbreak," which pleases him very much because he wrote both music and lyrics. "I get accused a lot of not being able to play," he admits. "In the video for 'Seventeen,' my bass is hanging off of me. Anybody who is wondering if I'm a real musician or not can just listen to 'Headed For A Heartbreak'." Winger credits constant touring, radio airplay and MTV's support with helping him break through with his first album after a stint with ALICE COOPER. Winger has spent the last year touring with SCORPIONS, BAD COMPANY, OZZY OSBOURNE, POISON and CINDERELLA. Next month, he'll be on some stadium dates with BON JOVI. Winger will tour through November, with shows being booked in Japan and Europe. And although he has five songs finished for his second album, which Beau Hill will begin producing when his tour is over, Winger says there will be two more videos from this Lp to keep the momentum going until a new album comes out next spring. The fourth and fifth videos will be "Hungry" and "Without The Night."

GRAPES OF WRATH: The Grapes of Wrath have finished their new album -- just in time for the 50th anniversary of the first printing of the JOHN STEINBECK novel that gave them their name. Called "Now and Again," the Lp was produced by ANTON FIER, who has worked with Bob Mould, the GOLDEN PALOMINOS, FEELIES and PERE UBU. Capitol Records has it scheduled for a fall release.

B.A.D.: Big audio dynamite have just completed recording their third album in England.

PAUL SHAFFER'S DEBUT ALBUM IS SCHEDULED FOR AUGUST: David Letterman's musical director, Paul Shaffer, releases his debut single July 12th and his album in August. Shaffer says his album, "Coast To Coast," is a tribute to different American musical "Sounds" and styles. The album celebrates the regional sound of eight cities: Miami, Minneapolis, Memphis, Chicago, Detroit, New York, New Orleans and Los Angeles. Yes, Shaffer's album will also include "The Late Night Theme."

TEMPEST IN A TAPING OVER CURE MEMBER'S MAKE-UP: ROBERT SMITH'S slash of red lipstick, deliberately porcelain complexion, and black tangled mane recently caused some chaos when the Cure was to appear on the British music show, "Top Of The Pops." At the taping, producers refused to let him go onstage with his make-up, claiming it didn't set a "good example" for their audience. Confusion broke out backstage as Smith stormed off and refused to remove his make-up. After a delay of several hours, the producers finally relented and the band performed on the show. Smith, by the way, is credited as "Boss" on the band's album, "Disintegration." Now we know why.

POISON MEMBER GETS INTO THE SPIRIT OF NEW ORLEANS: Poison's C.C. DEVILLE took the party to the streets when he and the band played New Orleans recently. The wild guitarist selected one of his many guitars, grabbed a mini amp and headed for Bourbon street. Deville entered the first club he found and proceeded to jam with the local Blues band. But not satisfied with just playing onstage, he left and set up on the street where he began serenading local residents with his wild guitar licks. Eventually Deville moved on when police came and threatened to arrest him for disturbing the peace.

NOW IN CONTROL JULIAN LENNON HAS FIRST NO. 1 HIT, EUROPEAN TOUR: Julian Lennon readily admits that after his second album and tour, he felt so "depressed, frustrated, caught up, up tight and let down" that he needed a year off to get his affairs in order. Now he makes the final decisions about his career, and he's just scored his first number one single. He is preparing for his debut tour of Europe which will take him back to Liverpool for the first time in 10 years. Lennon got the news while he was in Los Angeles shooting a video for "You're The One," the second single from his album, "Mr. Jordan", that "Now You're In Heaven" hit No. 1 in Australia. About his year off and subsequent two years spent recording the new album, Lennon says: "I was pushed into the second album. I wasn't happy about it. I began to realize I was becoming more of a certain personality than an artist, as well as other things - lots of other things. It was just time to get in control because I was tired of being led around, not knowing what the hell I was doing." Lennon and his five piece band have been rehearsing in L.A. for two weeks, and have another two weeks to go before the tour starts in Europe, where his first two tours were booked, then canceled. Dates in Canada and Europe are scheduled to begin later this summer.

WBNS PRESENTS
**QUESTION
of the
WEEK**

This summer marks the 20th anniversary of Woodstock and The Who's 25th anniversary tour. How are you tying into these events promotionally and in terms of programming?

GARRETT HART, WAPL/APPLETON:

"The Woodstock anniversary and The Who concert tour make for a great promotional combination. Add to that, Grateful Dead concert dates in our area and we've got a 'Woodstock Summer'. Weekend events include call-in winners receiving tickets to The Dead and Who concerts at the Alpine Valley Amphitheater

this July. Grand prize winners receive front row reserved seats and a limo to and from the show. For the Woodstock anniversary weekend we'll deal out CDs of Woodstock 1 and 2. On air that weekend we'll do a Woodstock Time Warp and blast people back to Yasger's Farm."

GENE ROMANO, WDVE/PITTSBURGH:

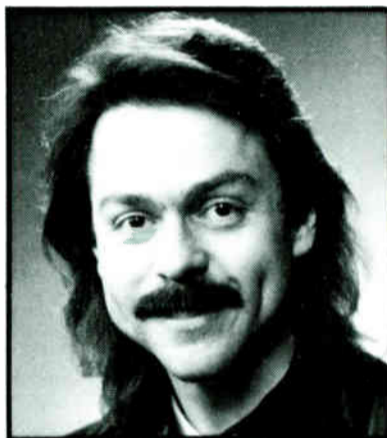

"We will be doing a 'DVE Presents' on The Who show where we guarantee a certain number of tickets will be sold in order to have an exclusive on the event. We have a pretty intense series of promotions and imaging that will go along with that. The Who will be the official kickoff of our 20th anniversary celebration. We're flying listeners to the other Who shows before the Pittsburgh date and our winners phone back their reviews of the shows, including the Radio City show. All of the tickets that WDVE is giving away are in the first five rows. We'll be broadcasting live from three different locations: pressbox, down on the field next to the stage and outside the venue. We'll be throwing a big tailgate party in the parking lot, and we've got a commemorative banner to hang in the show.

Woodstock happened in '69, which is when WDVE began, but we're not doing a whole lot with it because I think there is potential to make yourself sound too nostalgic and too old. The same thing applies with our anniversary as a whole. We're not going to beat it to death for six months. Some stations are guilty of doing that. We're proud of our heritage and we're going to celebrate it, but at the same time we're very conscious of being perceived as a 1989 radio station as well as having the ability to sell our heritage."

BRIAN KRYSZ, WHTQ/ORLANDO:

"Our involvement is kind of a unique situation. With the movie studios down here there is a special project funded locally by the state that teaches college students how to make movies. The best way to do that is to make a real movie, so they brought in a professional director by the name of Ralph Clemente and they're putting on a movie called 'Sealed With A Kiss'. What the movie has to deal with is a couple that has grown up together, loses touch and then stumbles upon each other again at a festival in the late '60s. We can't use the word 'Woodstock' because it's copywrited, but basically the festival is 'Woodstock'. As a matter of fact, some of the original performers who were at 'Woodstock' are in the film, such as Richie Havens. Coming up the weekend of June 17th & 18th we're going to be responsible for getting the crowds in a recreation of 'Woodstock' complete with Richie Havens performing, the mud slide scene and just about everything that happened. The movie will be out next summer for national release. As far as a promotion for The Who goes, we're to have people at the filming of the movie I just described dressed in that era of clothing and we'll give away some tickets to see The Who at their rehearsal show on June 21st in Albany. All in all, it's going to be an exciting event for us at WHTQ."

CHRIS POOLE, KBPI/DENVER:

"For Woodstock we're looking at several different plans. We haven't decided on one of them yet, but we will most likely do something to commemorate that historical event, like sending someone to the farm. As far as The Who, there is some interest among our listeners, but we're not a classic leaning radio station

and we don't play a lot of Who, but we realize there's some interest out there and we'll certainly tip our hat in some fashion. We feel that the summer concert season here in Denver is excellent and KBPI is heavily involved in many of the shows here and in the mountains."

TIM PARKER, KNCN/CORPUS CHRISTI:

"For 'Woodstock' we'll be airing a syndicated program called 'Woodstock Minutes'. These will start in mid-June and run through the anniversary date in August. For The Who we'll be teaming up with Miller Lite for a couple of huge Texas parties. We'll be sending listeners to see the Fabulous Thunderbirds, Stevie Ray Vaughan and The

Who in Houston and Dallas on September 2nd & 3rd. By the way, the proceeds from these shows will benefit Texas Special Olympics."

FRANK JAXSON, KZRR/ALBUQUERQUE:

"For The Who we are sending a couple of listeners to Giants Stadium for their concert there. We're also carrying the live 'Tommy' broadcast from Radio City, as well as the live call-in show on August 17. And you can be sure that there will be more Who activities coming up on KZRR. We're planning a number of special event programming for Woodstock, but details haven't been worked out yet."

RADIO ACTION

WDVE, PITTSBURGH, PA ASST. M.D.-

ANTHONY ALFONSI: "Ain't Going Down" from Joe Grushecky's 'Rock 'N Real' is something that everybody should give a good listen to because it's straight-ahead down-home roots rock 'n roll without the pretentious fluff...Stevie Ray Vaughan's 'Crossfire' is a rip-roaring song that comes bursting out of the radio. A lot of people have been waiting for a new Stevie Ray Vaughan -- and they won't be disappointed...Paul McCartney seems to have found his old spunk with the release of 'Flowers In The Dirt'. I guess Paul decided to go back and listen to some of his older stuff as a reminder of what good McCartney music is because this record sounds like a compilation of some of Mac's best. 'We Got Married', 'Put It There' and 'Figure Of Eight' are just some of my favorites from the album...Tora Tora's 'Walkin' Shoes' is reminiscent of many bands with Aerosmith quickly coming to mind...The same can be said for Tangier's 'On The Line' which sounds like Whitesnake. 'On The Line' has a great hook...It's hard to believe that it's been two years since the first White Lion album, and that's why 'Little Fighter' took me by surprise."

WKDF, NASHVILLE, TN M.D.-SLATS:

"I'm finally happy to see that we decided to go with the new Love And Rockets. It's got that cool essence to it. Maybe by next week I'll paint my face white and stick a clove cigarette between my legs...The more I listen to this Doobie Brothers thang the more I wonder if they went to the Tone Loc school of sample recording...Be fresh, have a Def week and \$500 to the first AOR who OTB's Prince."

KLOL, HOUSTON, TX ASST. P.D./M.D.-

DAYNA STEELE: "The snake -- he's leaving us already - just as we were gettin' used to The Yankee! Seriously, we are all in a state of mourning at KLOL as Ed Levine announces his resignation to accept a position in Washington, D.C. at WJFK. God, can you imagine, Ed working with Howard Stern -- who would've ever thought?? Ed has only been with KLOL eight months, but in that time he has done more for us than anyone before him, and left a mark that will stay with us for a long, long time. He is an amazing programmer and any station in the world would be lucky to have him. Stay tuned for more KLOL program director news coming soon."

WBCN, BOSTON, MA M.D.-CARTER ALAN:

"I've been listening to the new Spirit album and I'm impressed at the adventuresome return to active duty for this classic outfit. The album is a faithful dive into this band's heritage -- avoiding the '80s commercial gloss that has ruined some classic band's revival efforts. This record sounds like it followed 'The Twelve Dreams Of Dr. Sardonicus' in 1972. Each song has a different vision, making Spirit's latest a multi-colored affair. The opening track, 'Hard Love', is an auspicious start...We like Indio's debut. I believe there is a chance to lock into Peter Gabriel fans on 'Hard Sun'. There's also the obvious Summer connection as well...Tangier is a record that appears to be on the right side of the hard rock/heavy metal dividing line. Tangier's debut is very much in the Bad Company mold and could explode in a similar way to that band's debut years ago...Concrete Blonde is performing well on the air at BCN. I was a bit apprehensive because of the long stretch of time between albums, but am heartened by our strong request reaction to 'God Is A Bullet'. WBCN put nearly 1,000 listeners in a club for a Concrete Blonde lunch show two years ago and it's great to see that the fans have not forgotten."

WHCN, HARTFORD, CT M.D.-KIM

ALEXANDER: "Well, here I am one week later, writing about our 20th birthday party. It took me that long to recover. 'HCN celebrated 20 years of rock on May 26th by throwing a 20-hour party -- all of it live on the air. The biggest thanks in the world to you guys for your help, love and support: the Mayor of Hartford, all the TV folks who showed up, Al Anderson, Jack Reich, Joe Riccitelli, Saraya (all of you), Joe Koplick, the Bassman, the 'HCN alumni, all the record folks who showed up - you made the party even better -- Karen Durkot for dinner and her shoulder, our engineers, Snow Sound, the Fabulous Thunderbirds for being there and being great, Jack Isquith for being the best and, finally, to Bob, Sal and everyone on the 'HCN staff who went over and above the call of duty and made the event an EVENT. So -- when do we start work on next year?"

WMMR, PHILADELPHIA, PA M.D.-ERIN

RILEY: "Ever since I came to Philadelphia I felt so strongly about the local music scene here, but was never so convinced as this week. Three out of four of our adds are bands we've been working with for several years now. John Eddie has been a station favorite for a very long time. We've been playing songs of his for seven years now, and the progress he's made is incredible. 'Swear' sounds awesome on the air. The vocals pop out and sound great. John reeks of stardom. When you meet him it will be undeniable. And when you see him perform live, forget it, it will be all over...Tangier has been playing the Philly scene for as many years and the record they have come up with is strong song for song...Skid Row has been hanging out with us practically since they were children...Wang Chung is from out of town, but that's okay. We'll play them anyway because they have a great song...We've always prided ourselves in supporting our community by playing our local artists heavily and sending them off in fine style to the rest of the world."

KBCO, BOULDER, CO ASST. P.D./M.D.-

DOUG CLIFTON: "Stand out adds over the last two weeks include the new Paul McCartney. I was a little skeptical that Paul would wimp out on us again, but that doesn't seem to be the case this time around. Sure, he has several sweet ballads on the new release, but he also has several tunes that are quite diverse. After just one listen we like 'We Got Married', 'Figure Of Eight' and 'Rough Ride'...Tuck And Patti: We've never received so many positive calls about a Jimi Hendrix cover than we're getting right now with 'Castles In The Sand--Little Wing'. After just one week on the air -- #1 phones by a very large margin. A must for any Adult Album station...Indio: Gordon Peterson proves himself as a talented songwriter with a knack for creating a wonderful hook. 'Hard Sun' grabbed me immediately and had me on the phone to J.B. to find out who this mystery man was. We look forward to hearing the entire project...Phones: Tuck And Patti, Adrian Belew, Todd Rundgren, Alannah Myles and Indigo Girls...Retail: Raitt, Cure, Love And Rockets, 10,000 Maniacs,

John Mellencamp, Neville Bros., Tom Petty, Doobie Bros., Stevie Nicks and the Indigo Girls...In recent weeks I've noticed labels doubling and sometimes tripling their calls to our Music Department. We get calls from the local rep, regional rep and national. In the future, if your call is not returned, then we have talked to someone on your staff and we know the priorities for that week. Please give us a chance to listen to your music instead of just talking about it. Ginger will be handling more music calls now that I have some new responsibilities. **Scott Arbough** will also be handling Alternative music calls. Thanks for your cooperation"...**FROM: SCOTT ARBOUGH:** "Hello! Some of you may remember me from these pages a few years back, but to most I am a stranger. Let me take this opportunity to introduce myself and let you know why I'm back. I am **Scott Arbough** and four years ago I left a music director job to join the great staff at KBCO. I am the host for KBCO's new music showcase, The 10:00 News. It is our chance to play some of your records which might not enjoy regular airplay on KBCO. Because **Doug Clifton** has his hands full, I am stepping in to assist with New Music calls. It is my intention to make it easier for anyone working new releases to reach us here at KBCO, particularly those independent reps working smaller labels or Alternative music. To this end, I will be available each Wednesday from 3 to 5 Mountain Time to take your calls. Please make a note of it on your schedule and give me a call at your convenience. Of course, **Doug and Ginger** will continue to take your calls as well. I look forward to hearing from you and hope that together we can get more of your records on the air at KBCO."

Z-ROCK, DALLAS, TX O.M./P.D.-TRACY

BARNES: "Blasting through coast to coast with a new Z #1. **Great White** assumes the top slot after 12 weeks with a cool track from the new hot one, with more gains made by the second track '**Mista Bone**'...Safe to say that the most happening real rock band around these days is **Jake E. Lee's Badlands**. Three weeks on Z-Rock Network and already into power rotation. Hopefully, the same will happen with our newest work premiers: **UDO, Silent Rage, and Tangier**...Live concerts? We've got 'em - most recently with TNT taking no prisoners - was so prime it sounded like a live recording. **Harnell** be jammin', and these dudes have never sounded better...And **Roxx Gang**. There is NO band, anywhere, that has any advantage whatsoever over this band. Check out the CD and you'll know what I mean. '**Scratch My Back**'! When you rock, rock with **Roxx Gang**...And future bangers? **Brunette**. As yet unsigned, but I know a major deal will surface. Search out the demo and check it. C-Ya!"

WBRU, PROVIDENCE, RI M.D.-KARYN

BRYANT: "Hey, kids! **Ted McEnroe** has been promoted to PD and, if you haven't by now, you all should give him a call and say hello -- especially any new folks who may not have known him as MD. **Neil** has moved on to face the world in other places, although at this time we're not sure exactly where that place may be! If he comes to you bearing resumes, be nice and give him a shot. He's a great guy, lots of fun, hard working, and he learns quickly. We'll miss him here in Providence. But luckily we've got **Teddy** to take over; he too is a hard worker, etc. etc., and you already know and love him! Who could ask for a smoother transition? I consider myself to be very fortunate to be working with such great kids. So be prepared for some initiation parties and some wild months in the future! If you need to reach **Neil** for anything, give us a call here at 'BRU and we'll put you in touch. So get psyched for the new line-up at 'BRU, it should prove to be an exciting one!"

WCCC, HARTFORD, CT M.D.-JOE MARINO:

"If you're done with **Saraya's 'Love Has Taken Its Toll'**, you must add '**Get Ready!**' It's a kick ass Summer tune. I saw **Saraya** live a couple of weeks ago, and they were great! Don't miss them when they come to your area...We're re-adding the **Bulletboys 'Smooth Up'**. We had good luck with it the first time, so we're going to do it again...The **Godfathers** are #4 in our requests this week. **Tom Bass** is right, we should all be playing this one."

WYNF, TAMPA/ST. PETERSBURG, FL ASST.

P.D.-CHARLIE LOGAN: "Tora Tora is a war cry for radio -- respond immediately because your audience will. A one-listen knockout. Tora Tora is torrid. '**Walkin' Shoes**' walked onto our playlist after one play on the air. This song had our phones burning for two weeks now. If you are on the fence about what baby bands to add with all the superstar product out now, Tora Tora is the record. Play it now and reap the rewards...**Tangier** is another out-of-the-box monster. There are certain intangibles that records like this need to make it. '**On The Line**' has them all. Very strong debut...**Bad English** and **White Lion** are automatics. The perfect combination of pop and crunch. It's great to hear **John Waite** and **Jonathan Cain** working together again...The record with the biggest street buzz right now is **Badlands**. **Jake E. Lee's** fans are out there and calling the station in droves."

WLUP, CHICAGO, IL M.D.-DAVE BENSON:

"Reading last week's comments by a fellow radio rocker, boasting with pride of the historic feat of enticing 4,000 listeners to a free co-pro concert, I think I'd be remiss if I didn't point out **The Loop's** latest concert success. Our own **Johnny B. And His Leisure Suits** packed in over 40,000 paying crazies for his two-night stand at the Poplar Creek Music Theatre. Not just a 'morning guy' and a sloppy coverband, but **Johnny's** super-tight ensemble (featuring newsman-bluesman **Buzz Kilman**) and an onstage extravaganza that makes **Brandmeier's** show the '90s version of **Spike Jones** -- with balls. Congrats to **Johnny** for a fantastic show."

KISS, SAN ANTONIO, TX ASST. P.D./M.D.-

TOM SCHEPPKE: "The new **Queen** Lp, '**The Miracle**', sounds real good with plenty of different moods. We'll start with '**Party**', '**Khashoggi's Ship**' and '**Was It All Worth It**'...Love some of the new rock conglomerations coming on the scene. Bands like **Bad English** and **Mr. Big**. Hey, if it ain't working, mix up a new concoction and get the sparks flying...Looking forward to checking out **McCartney's 'Flowers'** Lp and the new **Henley**...On this week: **Stevie Ray Vaughan** (his best); **Tangier** (great new band); **White Lion** (this one makes the last one look like child's play); **Diesel Park West** (what a tune--who are these guys?); and lastly **Concrete Blonde**. (Okay, **Barry**, you can leave now. It's finally on, no more vaseline please.)"

WFBQ, INDIANAPOLIS, IN M.D.-JAY BAKER:

"Looking forward to Jackson Browne in concert. I gather his Philly concert opener was fantastic and radio really came out in support of Jackson. I guess what I'm wondering is, if he likes to write songs of such a personal nature, how come he didn't write one about doing it with Darryl Hannah? You know the Bulletboys wouldn't have shied away from such subject matter. Or how about Great White?"

WLWQ, COLUMBUS, OH M.D.-WENDY

STEELE: "Congratulations to Mark Fritges of Atlantic on his promotion. He's one of the best reps that we ever dealt with and he deserves it. Good luck Fritzgey!"

WXRT, CHICAGO, ILL M.D.-LIN BREHMER:

"Stop talking about some new British group steeped in the blues tradition. Stop passing around the press on some Florida rock band firmly rooted in the blues. Pull out that CD single from the Kinsey Report on Alligator Records, listen to the song, 'Midnight Drive' and hear what it sounds like when rock and roll is taught the blues."

WGR, BUFFALO, NY M.D.-BOB RICHARDS:

"Atlantic Records has another major band on their hands with the release of Mr. Big. This tune went from the mailbox to the air studio in a matter of seconds! 'Addicted To That Rush' combines the guitar expertise of Paul Gilbert with Billy Sheehan, one of the best bassists in the biz. Eric Martin's vocals and Pat Torpey on the cans makes for a band that will no doubt own the '90s! Mr. Big is major league stuff that should be considered out-of-the-box material! One listen and you'll be addicted to the record."...And now, these words from CARL RUSSO: "I bet even Bill Wise will add this record!"

WHJY, PROVIDENCE, RI M.D.-CHRIS

HERRMANN: "Wow! About 10 more appetizers to choose from on the AOR banquet table this week. Unfortunately, me and my playlist are about maxed out after last Tuesday's jam. (six: belch...) In fact, I feel like the extremely rotund man in Python's 'The Meaning Of Life', trying to say 'no' to that last wafer-thin dinner mint...We did, however, nibble at a few of the offerings this week including a healthy slice of Stevie Ray Vaughan's best work to date. 'Crossfire' defines his sound in an ultra-accessible four minutes of rock radio nirvana...Also taking to the air this week over Southern New England are Warrant (if you thought 'Every Rose Has Its Thorn' was big...) and Tora Tora. These kids from Memphis have put their finger right on a new blend of rock 'n blues that will appeal to both young and old alike...Although it didn't make it this week, Atco's debut Tangier has got the goods and will profoundly affect any male 15-40 driving alone at night...Diesel Park West have got a simply nifty tune in 'When The Hoodoo Comes', while White Lion have taken it to another level...Finally, if you're not playing Blue Rodeo, listen again! I can't tell you how good this one sounds on the radio, with lots of inquiring calls coming in every time it spins."

KGB-FM, SAN DIEGO, CA ASST. P.D./M.D.-PAM

EDWARDS: "Watching White Lion's pride develop into an almost double platinum release last year was certainly a lesson in how to reach the top the hard way. The product was always unquestionably good, but it seemed like every little advance came only after a tenacious and impassioned struggle by Atlantic Records. Many were disbelievers and no ground was gained easily. Now I should think that this band has proven itself to all previously doubtful programmers. 'Little Fighter' is a musical maturation for the band, and lyrically topical in its support of the downed Greenpeace Rainbow Warrior Ship. Play the record, reap the rewards and add a few years to Buch's and Flash's lives!"

KTCZ, MINNEAPOLIS, MN M.D.-JANE

FREDERICKSEN: "So much good music, I start to hyperventilate just thinking about it. Starting out, we've got Paul McCartney's latest, 'Flowers In The Dirt'. A fine album to be sure, but won't songs like 'Day Is Done' fan the old 'Paul has left us' rumors again? And what about the 'untouched TV dinner' in 'My Brave Face'? And where's this 'peaceful place far away from the noise of a busy day where we can spend our nights counting shooting stars' mentioned in 'Distractions'? 'The darkest night' in 'Put It There'? The 'Figure Of Eight' which is the symbol for infinity? The 'swan' faded to black? 'The other side' in 'How Many People'? And 'Don't Be Careless Love' is positively macabre! At any rate, whatever plane Paulie's in, we've decided to add 'This One' and 'You Want Her Too', which we see as an ascerbic takeoff on the earlier Macca-Mikey Jackson duet...And

then, there's the new Jackson Browne. As always, this album is what you've come to expect from a gifted musician and master lyricist who doesn't pull any punches. We're starting with 'Chasing You Into The Light' and 'Enough Of The Night'...An advance listen of the Don Henley-Bruce Hornsby collaboration 'The End Of The Innocence', reveals a stunning megaformat crossover, musically rich and lyrically profound...Top phones still on Indigo Girls. So glad to see that this group that we've supported for four months now (see March 24th comments) is finally beginning to crest like a tidal wave!...HOT retail and phones on 10,000 Maniacs and Sam Brown, plus active response to the Neville Brothers and the law firm of Anderson Bruford Wakeman Howe."

WTPA, HARRISBURG, PA ASST. P.D.-CHRIS

JAMES: "Things may have slowed a bit as far as superstar acts go, but the wealth of great sounding baby bands is overwhelming! Our two faves for the week are the Indio and the Diesel Park West. These two should produce instant phones. If you're looking for one of those great cruising, Summertime songs, the Diesel Park West is it! The Indio I've loved ever since the blind cassette came in the mail. We couldn't stop playing it in the Music Meeting. In fact, to be honest, we made an extra slot in heavy for it just so we could add it this week...The Cult continues to perform with #1 phones this week. The record just won't quit! If this keeps up, it might outperform Guns 'N Roses...The Indigo Girls inch up another notch this week to #2 phones. Amidst all of the big superstars, this one continues to be the big story here. Sales continue to be Top 10. Put this on our list of Top 10 tracks of the year...The Love And Rockets and Wang Chung also had great weeks. So much so that they jumped right up to power. Don't let the CHRs steal these away. They can be Top 5 AOR songs...Tora Tora had a great first week. This could prove to be one of the big Summer records...Finally, keep an eye on the Hotel Hunger. I still think this could be a big sleeper record...Thank you, Herb Gordon, for the help in nailing down the John Eddie. We look forward to seeing you Thursday."

KFMU, STEAMBOAT/VAIL, CO ASST.

P.D./M.D.-PAUL CAVANAGH: "Immediately catchy this week is John Eddie 'Swear' and FireTown 'She Reminds Me Of You'...Deeper this week on the Stevie Nicks and the Richard Marx...Excellent debut for the newly reformed Atco group is the Tangier cut 'On The Line'...Many other notables on the playlist these days: Explorers' Club is one year old on 6/15 and will celebrate with the best of the 'Unsigned Bands'. Laser days around the corner. Be expecting some requests for giveaway items...Two months and counting to Sweden!"

KRZQ, RENO, NV M.D.-MAX VOLUME:

"This new Queen thing has got some incredible audibles: 'The Miracle', 'Scandal' and 'Was It All Worth It' are my next moves on this massive platter...Tom Petty is still the No. 1 seller here in the Reno-Tahoe market...My favorite new tape is Great White's 'Twice Shy' which is important to me, since I drive to and from the lake a lot. So, I listen to a lot of music in the car, listening at the station is next to impossible, and by the time I ever get home I watch movies...Anderson Bruford Wakeman Howe have sure done a fine job. I can see Feldman smiling even now as we speak...Don Henley's song is real good...Jackson Browne's thing is solid...Wang Chung I have always enjoyed, and we get lots of requests for that damn 'Dance Hall Days'...I understand I have a new A&M rep...Tora Tora smokes...And finally, I added Frank's 'Elvis Has Just Left The Building'. Had to, really, man, really."

WEQX, MANCHESTER, VT/ALBANY, NY M.D.-

FRAN KUSALA: "As much as we love giving hot new bands to our listeners, when a 'retro-rocker' like Queen hits power rotation and Top 5 phones in the same week, you have to take another look at comeback power! Plus, we're adding a new Doobies track 'Need A Little Taste...' as this core artist blasts its way back...XTC 'King For A Day' reigns!...We've got that wonderful 'Eardrum Buzz' from Wire...Bonnie Raitt's writing 'Love Letters'...The Cult will be scorching with 'Sun King', and a 'Hard Sun' from Indio will certainly insure cloudless skies around these parts for some time to come...Meanwhile, Concrete Blonde smokes up our phones...Mmm-Mmm! I do love this job!...Oh, by the way, to whomever keeps sending me Donny Osmond and Debbie Gibson crap: PLEASE STOP! WE IS NOT AMUSED! We can't get CDs we need, much less this 'Top 40 From Hell' stuff on 45s. Nuffsed."

"It is with sadness that I must report that this will be my last report to FMQB. I am leaving my post as PD at 99Rock/WFRD to tackle Madison Avenue, as I will be joining DDB Needham advertising agency in New York this Fall. Marc Baptiste will assume my position as PD here (just think, you can still call here, ask for Mark and you'll get the PD!), and I'm confident he'll do a great job. I want to thank everyone who has made these last four years such a tremendous experience. Most notably, thanks to Don Masters at Mercury/Polygram and John Souchack at Island, the two most supportive record reps I ever encountered. Also, big thanks to all the folks at WBAB on Long Island, without question the classiest rock radio station in the country. The 'radio years' of my life have been unforgettable and it's difficult for me to imagine 'what life will be without it'...Thanks again for all your support!"

WKRR, GREENSBORO, NC M.D.-JOHN

AMBERG: "Two years ago I was part of a large group of people who spent a very enjoyable time with Chris Isaak and his band. We did dinner, caught the show and by night's end I had decided on two things: A) Chris Isaak was one of the funniest, nicest artists I ever met, and B) He was a musical force to be reckoned with. I've listened to his self-titled album many times, cursing myself for not being able to get any of his excellent tunes on the radio. But, to quote Aimee Mann, 'Everything's Different Now'. 'Don't Make Me Dream About You' is the coolest track Chris Isaak's ever done. His voice has a presence that a lot of singers frankly lack, and the guitar break is the very essence of hip! Chris Isaak deserves a place on your playlist...'Pop Song '89' from R.E.M. is one of the better songs from the latest release...The Stevie Nicks/Bruce Homsby collaboration 'Two Kinds Of Love' sounds like a future HIT...Congratulations to my old pal, Erin Edwards, for landing the overnight gig at DC101! What did I tell you, Erin?...Personal to Redbeard: Loved the Rundgren inside scoop!"

WKGR, WEST PALM BEACH, FL M.D.-DENNY

JAMES: "What's up? If you miss the Jeff Healy show, that's your problem. (Fantastic show!) Thanks to Michelle Block of Arista Records for the tickets and thanks to the Jeff Healy Band for treating us so-o good...This week in rock 'n roll, K-ROCK comes out fighting with Tom Petty, Winger, King Swamp, Todd Rundgren and the Doobie Brothers. Check these tunes out...That's about it for this weekend. Keep a K-ROCKing and watch out for the Lone Ranger."

WIOT, TOLEDO, OH MICHAEL YOUNG:

"Congratulations, Tom Petty, for your innovative CD message! It's a nice way to let Side 1 sink in before hearing Side 2, plus it's worth a few chuckles. Way to go!...How 'bout Red Siren's 'One Good Lover'? Does that sound like something you've heard before or is it just me? If you haven't listened to it yet, do so, it's a great tune...And speaking of great tunes, pop on Todd Rundgren's 'Parallel Lines' and think of that relationship that wasn't meant to be. Every word of it is true...Thanks to Paul McCartney for 'Flowers', and Queen for 'The Miracle'. Welcome back!"

WAQX, SYRACUSE, NY P.D.-LORRAINE RAPP:

"Congratulations and best of luck to Ed Levine as he moves back East to territorialize DC at WJFK."...FROM: M.D.-MEG STEVENS: "CNN has nothing on Stevie Ray Vaughan. 'Crossfire' is a smash. The smoothest vocals and smokin' guitars."

WKLC, CHARLESTON/HUNTINGTON, WV M.D.-

JOHN RIGGS: "Holy Mol! Hundreds of black-teed teens camped out for tickets to see the Metallica/Cult show. A scary group, they...Bon Jovi and Skid Row kicked some serious ass here, too. Literally packed the Civic Center. Hell, they were sellin' seats outside the arena. Jon couldn't have been nicer pre-show to our winners, and a couple of them got the chance to shower with Sebastian Bach (Skid Row). I saw him naked, and I'm not really excited by men's groins, but for the women reading this, you'd be impressed! Kudos to Madelyn Scarpulla from Polywog Merc, and Kevin Raybatman for being swollen (he means swell) record people."

WPLR, NEW HAVEN, CT M.D.-TOM BASS:

"Had another good round of Escape from New Haven this weekend. Charlie Londono from I.R.S. and myself crashed the KISS 108 Birthday Party in Boston. I don't know why, but we had a good time. 'Hello' to the rock 'n roll types I met up there: Fred

McFarlin and Jack Daniel from WRFX in Charlotte. A couple of KISS listeners actually asked us if we thought Aerosmith was playing Great Woods, so I guess we looked the part, huh?...Musically, I'm psyched to have a new Stevie Ray Vaughan record to play. 'Crossfire' is going to be his biggest yet!...I'm also impressed with the Peregrins record. 'True Believer' has a good feel to it that should work on anybody's playlist...And, don't miss out on the Fine Young Cannibals 'Good Thing'. This record reacts on the phones and in retail. Plus, these guys have had a good alternative base since their first album, and I'm not willing to give them up to CHR without a fight!...The Godfathers continue to work exceptionally well for us. We are playing 'She Gives Me Love' in power because of the phone action and their retail success in New Haven. The only thing this record needs to be a hit for you is a little airplay! The same can be said about the Indigo Girls and Concrete Blonde. Don't miss the good stuff!"

WRCN, LONG ISLAND, NY M.D.-JOHN

LOSCALZO: "Wire's new Lp 'IBTABA' is captivating. A wonderful departure from the day-to-day dross your average AOR MD is subjected to...Kudos to Mark Diller...Just like to take this opportunity to state once again that WRCN does not produce a metal show. Our commitment to metal is satisfied by WWO's High Voltage. PLEASE STOP BEATING US UP ABOUT METAL BANDS! Thank you."

WONE, AKRON, OH M.D.-J.D.:

"There's no doubt Summer's in full swing despite all the rain we've had in the last month. However, it always seems to clear out and brighten up on Friday, just in time for 'Rockin' On The River'. Once again another healthy crowd (5,000-7,000) came out to soak in some sun and suck down some suds...Many thanks to Polygram recording artists New Frontier for one dynamic set of some serious rock 'n roll. Special thanks to Monty Byrom and Glenn Letsch from New Frontier for sharing some of those unbelievable/special stories with us...Speaking of special, many thanks to Saraya, Sandi, Tony and Gregg for stopping by the ole studios last week and spending some time with us before their show. What a show! If you haven't caught this band in concert yet, then you definitely owe it to yourself because it is simply awesome. It was one of those shows where you just sit back and say, 'yeah! This is what rock 'n roll is all about!'--passions and guts! Kudos to Sandi and the gang for a great show and look forward to seeing you back here again real soon."

KEZO, OMAHA, NB P.D.-BRUCE MC

GREGOR: "Dates for the 13th Annual Radio versus Records softball and golf outing have been set. It's August 18th and 19th in Omaha. Two softball games the 18th, early morning golf on the 19th. For those who have been asking, those are the dates. Call me at 402-592-5300 to confirm. Don't sit on your hands. This is the one for fun. Boy Howdy!"

WCMF, ROCHESTER, NY ASST. P.D./M.D.-DAVE

KANE: "Just a reminder that we now have a number to call for our adds: 716-546-ROCK (7625). Adds are usually ready Tuesdays at 3PM EST...I am loving this new album from Tangier. Cut for cut it is one of the strongest debuts I've heard in quite some time. Hard rockin' with great singing, great playing. It's just great! This is the kind of rock 'n roll we just loooovvve to play!...Tora Tora also fits very well into our scheme of things with their blues-based rockin'. 'Walkin' Shoes' sounds great and this album, like the Tangier record, has great depth...Calls are getting stronger for Queensryche, Lita Ford and Great White's 'House Of Broken Love'."

KZLR, LITTLE ROCK, AR M.D.-MALCOLM

RYKER: "And the headline read: 'Zeppelin comes to Little Rock'. Strange, but yes, it's true! Over the weekend, KZ95 broke in our new nine story tall hot air balloon a.k.a. the KZ95 Zeppelin. Talk about reaction! A black balloon flying over a river fest crowd of 100,000 people!...Tora Tora is the band to take AOR radio by surprise attack. I've been pushing this band ever since their garage days in Memphis and I know first hand about the incredibly explosive talent that we have here: 19-year-old Anthony Corter is one of the premier new vocalists of the '90s. A&M took everyone by surprise with Tora Tora. Take some tactical advice: Drop 'Walkin' Shoes' on the air, take a sip of saki and watch the phones explode like 500 pounders...Finally, with Summertime being here, people want to feel the sun, therefore it's perfect timing to tan some ears with 'Sun King'. Another supersonic smash from The Cult. Damn, how can so much jam come from three guys?"

WRKU, YOUNGSTOWN, OH M.D.-JOE PAIANO:

"Although it took a while to establish their first Lp, watch your switchboard overload on your first taste of 'Little Fighter'. White Lion has that expression that works like a vacuum. Sit back, hit play and prepare to suck in the market...It's always a treat to

listen to a master perform his craft. **Stevie Ray Vaughan** hits the mark again with 'Crossfire'. From the first listen you can feel the effort put forth to create yet another project headed for gold...The **Bulletboys** have been a constant draw on the phones. If you played 'Smooth Up' the first time around with success, try again. You'll be amazed at the response."

KMJX, LITTLE ROCK, AR M.D.-DAVID ALLEN

ROSS: "At our **Cheap Trick** show last weekend, we debuted our new logo, and later this Summer we kick off our 10th year celebration as an AOR! One of the surprises of our show was **Mama Terra** (a hard rockin' band from Memphis), plus there was a really fine set from a Little Rock band that goes by the name of **The Freds**...Musically, **Stevie Ray Vaughan** smokes...Also, I really like **Badlands** and **Tangier**...And finally, Happy 30th to our very own **Casey Jones**. I thought she was only 21!"

KFMG, ALBUQUERQUE, NM M.D.-NICKI

GARDNER: "Attention all L.A. Dodgers fans: I hope when you watch **Ramon Martinez**, **John Wetteland** and **Chris Wynn**, all Albuquerque farm team boys now kicking ass in the majors, you should think about **Tora Tora** and **Tangier**. Comparatively speaking, these bands are playing hard ball with the big boys here. You might consider looking to the bench and give them a play and they'll perform well. P.S. My only L.A. team is the **Lakers!**"

WIZN, BURLINGTON, VT M.D.-TOM VAN SANT:

"**Stevie Ray Vaughan**, a core artist at WIZN, appeals to men and women across-the-board and 'Crossfire' is vintage **SRV** in a big way. Tremendous thanks to **Danny McCloskey** at Atlantic for record catalog service above and beyond the call of duty. And speaking of **The Call**, 'Let The Day Begin' has to be their most obvious radio track to date. Play it in the morning and your listeners will be singing it the rest of the day, and calling in for it at night."

WWTR, OCEAN CITY, MD P.D.-SKIP ISLEY:

"Maybe **David Bowie** figures that if **Iggy Pop** can be nominated for a Grammy in the metal category, so can he! Good luck beating out **Jethro Tull!**"

WKQQ, LEXINGTON, KY ASST. P.D./M.D.-STACY

YELTON: "Mista Bone?! **Great White** proves that men name their uh, 'members!' Oh, God, what a field day you can have on the air commenting about this deliciously lewd song...**Simple Minds** 'Take A Step Back' provides us with more of the sound we're used to from this band. Should be a winner...**The Call**, as always, is a major phoner for us--so, up to heavy with 'Let The Day Begin'...Thanks to **Henry Lee Summer** for being so gracious and just plain fun at Memorial Stakes Day. The 25,000 people in the infield appreciated it!"

KFMQ, LINCOLN, NE M.D.-JOE SKARE:

"A quick thank you to **Kim Poole** of **Reprise** for all her help on the **KFMQ Replacements** promotion. If you get a chance to see these guys live, don't miss it!...Also, thanks to **Bill Rush** of **Geffen** and **Mercury's Rock LeGrand** for recent visits to Lincoln."

WRXK, FT. MYERS, FL M.D.-D DAY:

"Shades of 1975: Revived rockers continue to rack high airplay numbers! Programmers and GMs jump for joy while Consultants practically come all over themselves with the orgasmic delight of 'familiarity'. Do the household names of yesterday make radio a better place to be today? Or, do yesterday's superstars make safe hiding places for the spineless saps charged with the omnipotent position of predicting what will work and when?...The beat is on the street kids. There and nowhere else. What sells? What excites? What sucks? Chart rock is chump rock more times than not...Meanwhile, the largest proliferation of meaningful, masterful, moving, new music in modern history continues to bubble just below the surface of mass consciousness. Radio further invites its own fragmentation through ignorance, a blind eye, a deaf ear and a dense skull. Time for a boat ride, I gotta go!"

WPDH, POUGHKEEPSIE, NY M.D.-PAM

BROOKS: "A wild weekend of fun in the Hudson Valley as WPDH celebrated 13 years rockin' the folks around here. We had a huge two-day free bash on the banks of the mighty Hudson River. It featured the regular fare of food, rides, exhibits, local music and talent, plus jazz great **Larry Carlton** and **Southside Johnny** Saturday night and we wrapped it all up Sunday night

with an incredible display of aerial pyrotechnics by Legion fireworks, set off from a barge out on the Hudson. We took the WPDH party boat out to join hundreds of others on the water. All in all, over 30,000 folks attended the party and we can't wait to do it again next year...Speaking of can't wait, the buzz is on for **Stevie Ray Vaughan's** hot ticket as he rocks the mid-Hudson Civic Center, June 27th. Hot on the heels of that is the excellent new tune 'Crossfire' which is already getting response here. Another tasty treat from the guitar master that our listeners have come to love. This track continues to strengthen the groundwork of guitar wizardry that **Stevie** had laid...Tough call on the **McCartney** Lp--so-o-o many I like. 'You Want Her Too', 'Put It There', 'Ou Est Le Soleil' and 'Rough Ride'--we are going with the latter as our second track but after hearing it all, I know it's going to yield quite a few hits. There's a real exciting **Elvis** influence that has seemingly affected **Paul** overall, and the final project emerges as one of his best in years...Hots on for this week for **White Lion's** new one, 'Little Fighter', with guaranteed huge sales and phones and because of huge sales and phones we give the nod to the newest **Warrant** track 'Heaven', which has actually surfaced as one of my new favorites."

KGMG, SAN DIEGO, CA M.D.-CYNDEE

MAXWELL: "The new **Stevie Ray Vaughan** is a killer-smoker! We've already had a positive response from listeners. I'm thrilled with the **Tin Machine** album, thank you, **Phillip!** The lyrics on the whole album cut straight to the point--an excellent combination for music that cuts no bones...I'm also happy with the **Queen** album. It's deep!...**The Van Morrison** is an upper demo delight. I think it will be a HIT...Saw **Henry Lee Summer** in San Diego the night before he was on 'Rockline'. He is a hellava performer! Don't miss his show when it comes your way. Thanks to **Joe Bravo** for the tix...Also, my thanks to **Tasha Mack** for her hospitality at the Capitol Records shindig at the Del Coronado. Those Capitol people sure give new meaning to the phrase 'first impression!' It was a sheer pleasure to see **Stan Foreman** again. Love you, babe!"

WZBH, OCEAN CITY, MD M.D.-JENI GIPE:

"**Stevie Ray Vaughan** rules the universe!"

KPEZ, AUSTIN, TX M.D.-ELISE VANDER

BORGH: "**Stevie** rave-on..No doubt about it..The younger **Vaughan's** love affair with radio continues successfully with 'Crossfire'. Made Top 5 phones just a few days on the air...That lovely **Chris Isaak** is another 'PEZ-head' favorite. Soulful vocals and lyrics to match...By the time you read this, we will have concluded a very successful promotion with **Chrysalis Records** regarding **Johnny Diesel And The Injectors**. Our Morning Show guys, the **Breakfast Flakes**, gave away blind dates on the air. They had listeners call in with their questions and short bios, and they matched them up on the air for a hot date with **Johnny Diesel** and his band. Five couples, **The Injectors**, and various PEZ-heads ate fine cajun cuisine, with **Llano Red** as the Texas wine, and watched the show at the **Continental Club**. I'll get back to you with more details on how the actual concert went. Fine, I'm sure, as **Johnny Diesel And The Injectors** still burn up the phones...**Love And Rockets** are also taking off. Top 5 phones this week with a healthy retail buzz."

WEGR, MEMPHIS, TN M.D.-KELLY CRUISE:

"Bombs away! Don't be caught on the ground while **Memphis** rocker **Tora Tora** invade the airwaves with 'Walkin' Shoes'. This one is gonna fly!...**Todd Rundgren** certainly grows on you, and **The Outfield** will probably have a crossover hit with 'My Paradise'...I love the haunting rocker 'On The Line' from **Tangier**. It picks up where **Whitesnake** left off...**New Music Hours**: I'll take calls Wednesday and Thursday 3-5PM, and adds will be ready Friday by 5PM. Call 901-578-1155."

WRCN, LONG ISLAND, NY P.D.-TOM

CALDERONE: "Looking forward to seeing everyone at the **McGathy Game/Party** this year...WRCN is having a lot of success with the **Indigo Girls**. Lots of phones and local sales are up...**King Swamp** keeps growing and growing...Thanks to **Eddie** at **Elektra** for putting together the **10,000 Maniacs** concert trip...We are looking for IDs from artists for WRCN. If you can have them say 'Good Morning Long Island--you're listening to 103.9 WRCN!' it would be appreciated."

JIM DELBALZO, COLUMBIA (212-975-7029):

"Howard Stern is now Ed Levine's morning man. What a sick world we live in. Seriously, congratulations to Ed for opting for fame, fortune and a relatively promotion-man free environment at WJFK. Ed, you're still an asshole but now you're a classic asshole. Good luck to you and to DC101, it could be an ugly war...This summer will bring some great music from the Big Red Machine...Warrant is quickly becoming a phenomenon, and if you don't 'hear' 'Heaven' you're not listening. Play 'Heaven' now before your competition steals this hit and this act away from you...'My Paradise' from The Outfield is already performing on the stations that added it out-of-the-box...John Eddie's new album is starting out strong. Thanks for the hospitality that everyone along the route of the promotion tour has shown John...Many of you are already aware of Boris Grebenshikov, the best thing to come from Russia since Beluga caviar. For those of you who have not yet heard 'Radio Silence', please spend the time and you'll understand why we're so excited about the whole project...The award for most intriguing song title of 1989 has got to go to Dangerous Toys 'Sportin' A Woody'. There will be a unique t-shirt to follow. When 'Sportin' A Woody' gets played we can't keep it in the stores...Noiseworks' new track, 'Simple Man', is breaking big out of the West Coast. This Australian is too good to be overlooked...Also currently on your desk is a brand-new CD from the Burns Sisters. Make sure you check it out...On the horizon is a great record from a new artist named James McMurtry. This John Mellencamp-produced album will be around for a long, long time. You'll be hearing much more about this guy in the future...Also coming, new records from Billy Joel (Mick Jones/Foreigner-producer), Bob Dylan, The Hooters, Clarence Clemons, Deacon Blue, Michael Bolton and, of course, the Rolling Stones. Not bad, eh!!"

MICHAEL LINEHAN, REPRISE (818-953-3750):

"On your desk now is the new Bodeans CD PRO, 'You Don't Get Much', which most of you have heard by now. The feedback on this track has been amazing, and it will be a summer-long anthem. The band produced the album using Kenny Aronoff on drums, and have come up with their strongest record to date. Don't do those adds until you've heard this track...Also just out is 'Runaway Train' by F. Machine. This cut has a sultry opening, but it's not long before those big guitars kick in...If you're targeting upper demos and have done well with Wilbury/Orbison tracks, check out Chris Isaak's 'Don't Make Me Dream About You'...And if all that isn't enough, next week we will ship the edit of 'Sun King' by The Cult, which is already powering up the tracks' charts in 15-20 point jumps."

JEFF NAUMANN, VIRGIN (213-278-1181):

"What 'new' artist just finished a Sold-Out tour of the U.S. and blew everybody away, has a Top 5 alternative record which is selling quite nicely, has had millions of top notch reviews, is in Buzz Bin rotation on MTV, is the hippest thing since pockets in shirts and is growing on people everywhere? The answer, if you haven't guessed by now, is Bob Mould. The album is called 'Workbook' and the track is the ever catchy 'See A Little Light'. It's time for a Mould add, and take this whole suckaahh home too...Has Skafish become Phranc?"

HEAVY LENNY PROMOTIONS, INC. (800-233-1382):

"Once or so a year, I suppress my passion for written anonymity for the passion of crusading for something I really love and believe in. Around 1982, when I was sharing an office at Polygram/LA, my wall harbored behind it a crazy, Limey A&R guy who kept strange hours and stranger decibel levels when he auditioned new music. But one tape he just couldn't get enough of and played it at between a 9 and 10 level on his stereo (a non-technical term still appropriate for this discourse). During a six to eight month period, he played this one song hundreds of times drowning out any civil conversation and most of my phone work. John Stainze could not quell his animalistic urges to tell the world about his discovery and did I get indoctrinated and permanently hooked. I vowed I would break it into the Top 10. I've been associated with some of the most striking performers and vocalists of the last two decades, with certainly the '80s represented by Sting and Bono as two of my greatest labors of love. Their unbridled passion, emotion and enthusiasm have few peers in our generation. You think of Jim Morrison and Van Morrison as evocative. You think of most rock as shouters,

raspers or corporate readers. The one vocalist of the '80s who has reinstilled that total dedication and exuberance to each and every note and word is Michael Been of The Call. Whether you feel every song is a classic or you are not even a remote fan, you must take the time and devote your undivided attention to their new album. He makes every song a singular crusade. If you have only needle-skipped, you're cheating yourself of an exhilarating experience. For me, his voice can split the Red Sea. Share the moment with me and then share it with your listeners. Stay Heavy."

HUGO SIZEMORE, VIRGIN (212-463-0980):

"For those of you not playing King Swamp, you're wrong. Not playing 'Is This Love' when it's proven itself in the face of the most ridiculous traffic of the decade is unfair. If you listen to this album, you'll hear how strong this band is. The tour is soon and these guys cook, which isn't surprising, given their pedigree...And then there's Bob Mould. Solid Top 5 album at alternative amidst equally as brutal traffic (maybe worse traffic, for that matter), rave reviews, Buzz Bin at MTV and performances on a tour that blew my toupee into another zip code. Meet the new boss, not at all like the old boss...And Public Image Limited is just flying at radio and at retail and poised to start a huge, highly anticipated tour with Sugarcubes and New Order. I smell breakthrough album. You should listen to 'Disappointed'...New to you are Roy Orbison's 'Dream You' and Roxx Gang's 'Scratch My Back', taken from two records that are very, very active at retail. The competition is stiffer than ever before--it's almost like Top 40. All we ask is that you watch those activity levels...Finally, are any of you out there enjoying watching the films of those Eye-ranians smackin' themselves on their heads? I know I am...Personal to Jeffrey Naumann: 'Woo...Woo...Woo.'"

JETSON, RELATIVITY (718-740-5700):

"I was talking to my Grandpa the other day and he was telling me about when he used to do record promotion back in the old days before telephones, and he said 'You think you have a hard time getting an add, you should try getting an add using a telegraph.' It occurred to me that I don't even know Morse Code, so thank God for phones...Well, somewhere on that cluttered desk of yours you should find a very impressive looking CD package containing a CD single from Jet Red. The song, 'Not The Only One' contains enough hooks that you could use it as a fishing lure. (Oh that was bad, sorry.) Okay, okay, it's a great song and, as my friend Matt Pollack would say, 'It's gonna blow the roof off of Rock Radio.' Yeah baby!...How 'bout those 24-7 SPYZ? If you've checked with your retailers lately you'll find it's blowing out the door. The SPYZ are getting great response wherever it's being played. Both requests and sales. The buzz on this band is huge. The band is on tour and are incredible live. They are hitting most major cities and everyone should see them. So no matter who you are, if you want to see them, call me. In short, be hip, play this record and make your listeners happy!"

JOHN SIGLER, RCA (212-930-4552):

"Treat Her Right have a great new track called 'Junkyard'. This song features guitarist Mark Sandman, who sang 'I Think She Likes Me' from their debut release last year. Now is the time to add 'Junkyard'...'So Alive' from Love And Rockets is one of the most requested records at Album Radio. This is exploding! WLUP, KYYS, WIOT, WONE, WKDF, WPDH, WZZO and KATS add it this week. The tour starts June 22 in Orlando...Silent Rage's 'Rebel With A Cause' has another strong week, with new air play on KUPD, KEZE, KBOY, KCHV, KRIX, KJKJ, WGBF, WAZU, WAOR and WYBR. Silent Rage are now on tour with Kingdom Come, so make sure to check them out live...Mary My Hope's 'Museum' is one terrific debut album. 91X added 'It's About Time' -- this shooting up the Alternative radio charts. Listen -- you will be glad that you did."

CALVIN LEW, POLYDOR (818-955-5260):

"The sun is gonna shine on the Polydor Team this week, for radio gets two new CD pros from us. The first, Kingdom Come's 'Who Do You Love', hits hard and heavy, but not too heavy. 'Do You Like It' served its purpose well for Rock Radio. It was a hard-driving song that took no prisoners -- Top 5 phones and created a sales base of over 400,000 units. Two stations that did not play the first track, WIYY and DC101, have already jumped on this second track directly off the album. Make sure you hear this song -- it's exceptional!...The other CD pro you have is actually a collector's item! It's the seven-track Digipak from the Allman Brothers, containing four previously unreleased tracks, one of which is a studio version of 'Statesboro Blues'. We will ship just over 100,000 units to retail next week of the big four CD box-set. Make your Polydor local your best friend if you're looking for one for yourself!...The Saraya tour is in full gear, amazing all who catch them. 'Get You Ready' CD pro will be on your desk in two weeks!"

CHRIS BACA, EMI (213-960-4614):

"Diesel Park West is a quality new band from Leicester, England that incorporates rootsy American influences into their progressive '80s English guitar rock. Influenced by The Byrds, Buffalo Springfield and Moby Grape, they are none-the-less very English. 'When The Hoodoo Comes' appeals to both older traditionalists and younger demos. Chris Kimsey, whose works span The Rolling Stones to The Escape Club, produced and found the right blend of '60s and '80s...Tin Machine continues to draw Top 10 requests, is #1 in-store play and has amazing sales. The album debuts at #4 in Towers' National Chart and shows giant moves on everybody's sales charts. This album is very deep -- 'Heaven's In Here' is just one of many great tracks...Richard Marx has again proved his importance to Rock Radio with a Top 5 track. This album features many rockin' tracks, including 'Nothin' You Can Do About It' and 'Waiting For The Sunrise'. 'Repeat Offender' is nearly platinum after only one track, and has confirmed Richard's superstar status...Queensryche's 'I Don't Believe In Love' video world premiers on MTV this week. Be prepared for another explosion of listener requests and even more sales. 'I Don't Believe In Love' will be at Rock Radio at the end of the month."

LISA PAULON, CAROLINE (212-989-2929):

"Now is a good time to take your head out of the sand and make yourself aware of Naked Raygun. They have been leaders in the Alternative scene and charts for years now (since the early '80s) and, boy, do they sell records! Their music is powerful yet melodic post-punk rock 'n roll. 'Treason', the first single, is an extremely catchy track with great big hooks. Naked Raygun should be seen on every station's playlist who dares to call themselves 'Progressive' or 'Alternative'. Yes, they may be a bit hard around the edges, but isn't that where it all began -- Wire, Joy Division, Sex Pistols, Ramones?? Don't be afraid to add Naked Raygun, you'll be amazed by the results! Thanks to WXRT, KTCL, WHTG, WOXY, KRCK, KCRS, KTOW, and all the other stations that have been supportive of the album so far, especially the numerous college stations that have already made the 12" a Top 10 college record. The band will be doing an extensive U.S. tour in early July, so watch out for info soon!"

SHERRI TRAHAN, RESTLESS (213-390-5223

X123): "Yo! All you obnoxious pigtail-pulling and bubble gum-blowing Morning Zoo brats. You want 'em and we've got 'em. The youngest punk rock band in the world -- Old Skull!!! These pre-pubescent rebels lash out against society at a mere seven and eight years old. Their monumental recording debut, 'Get Outta School', features 15 songs entirely written, arranged and performed by the boys. Listen to the lyrics for 'Homeless' and 'Aids' and you'll wish these kids were moonlighting as tutors for Dan Quayle. Old Skull kicks off their whirlwind tour in Los Angeles: June 19 at Club With No Name, June 20 at Bogart's in Long Beach, and June 21 at The Whiskey with The Swans. Call me for passes and albums, or if you'd like to join us in a power lunch at Disneyland."

CLARISSA GARCIA, ENIGMA (213-390-9969

X215): "Girlschool begin their long-awaited U.S. tour this week. Confirmed dates are: 6/13 -- Las Vegas, NV; 6/14 -- Tucson, AZ; 6/15 -- Phoenix, AZ; 6/17 -- Tijuana, Mexico; 6/19 -- San Francisco, CA; 6/20 -- San Jose, CA; 6/22 -- Hollywood, CA; 6/23 -- Long Beach, CA; 6/24 -- Ventura, CA; 6/25 -- Hollywood, CA; 6/28 -- San Antonio, TX; 6/29 -- Killeen, TX; 6/30 -- Dallas, TX; 7/1 -- Austin, TX; 7/2 -- East Bernard, TX; and 7/3 -- Houston, TX. Girlschool's 12-inch for 'Head Over Heels' and 'First Watch' by Guardian are on their way to ya. I know you've been waiting patiently for the debut release from these four incredible musicians. Sorry for the delay -- we just received 'First Watch' a couple of days ago. I hope 'I'll Never Leave You' and 'Kingdom Of Rock' will keep you company 'til the full release arrives...Barren Cross shot their video for 'Cryin' Over You' from 'State Of Control' last week. It should be completed soon. Right now, the response to 'Out Of Time' is amazing. Check it out...Laaz Rockit's video for 'Fire In The Hole' moved from the third hour to the illustrious second hour of 'Headbangers' Ball' this week. This is a must-see, action-packed adventure featuring the Laaz boys and professional wrestler, Stinger, as Krunch...Til our next conversation, keep rockin' and if Russ bothers ya, tell him to go away."

PHIL HARDY, MEGAFORCE (201-254-6533):

"Well, I guess it comes as nearly no surprise at all that I'm leaving the major Megaforce label to pursue other interests in the Garden State. Obviously, I'm going to miss talking to some of you fine people, but fear not -- the other 90% will emerge intact. I just want to remind everyone that Megaforce Records may be

one of the smallest labels out there trying to play with the big boys, but their people are uncompromising in their desire to see new music succeed. I learned a lifetime's worth here in only a year and a half, and the dedication I discovered here behooves all of you at radio to take their few projects a year as seriously as you take your own personal endeavors; the people here live and die for 3-4 records a year by choice, not because of any limitations. Remember, the new King's X album is coming in July. Special thanks go out to Sam Calle, as well as Bill and Rose McGathy; finer people in this business are impossible to find."

STEWART MORALES, TORRID (914-664-

3885): "Yo, radio people, let me emphasize, the new Mucky Pup Lp, 'A Boy In A Man's World', is NOT A PUNK/HARDCORE ALBUM! Don't take my word for it. Listen to the proof yourself. The music fits well with Hard Rock/Metal, Alternative and other formats. The Lp just got a 5 out of 5 star review in the latest Metal Hammer. Just ask people like Allison at WPSU, Luke at KTEC or Craig at WEOS...Muchas gracias to Jim at WHVY for the 97 Underground T-shirt...Cheers to those industry folks who recently had birthdays. You know who you are...And finally, I saw that Rob Lowe video. Funny stuff. See ya in the city!"

KATHIE "I HAVE ENOUGH NAMES SO I DON'T HAVE TO PUT ANYTHING BETWEEN THEM" REED BARR, ROADRACER/RC (212-219-

0077): "Crimson Glory, the Floridian killers, are back in the states and gearing up to hit the U.S. right between the eyes with their live show -- more details soon!! Keep your eyes open for their 'Lonely' video, which MTV says will be on 6/10. Many a weary-eyed person called to holler at me for not seeing it this week, but MTV said 6/10 for sure!!!!...MTV 'Headbangers' Ball' will also be featuring videos from our Canadian squad -- of course I mean Annihilator and Sword!! Have you checked out Sword yet???? 'Sweet Dreams' is 'chock full' of killer tunes like 'Trouble Is' for your complete metal pleasure!! Annihilator just debuted their live show for the hometown Vancouver crowd with many a familiar face in attendance. Photos are coming soon, but for a preview, Paul Dean of Loverboy, Zakk Wilde, and assorted members of Motley Crue were in attendance to check out the hottest show since Metallica in Vancouver!! These guys know when they hear a good thing!!...From the underground, we have Sepultura surfacing everywhere, 'Beneath The Remains' is a killer!! Obituary's 'Slowly We Rot' is doing some serious buzzing around the New York metal crowd -- how's it doing out there in radio-land?? -- and finally, Evildead's 'Rise Above' Ep is out to give you a taste for what is on the way this fall. Check them out!!...Well, I'm packing my bags for Texas to check out David T. Chastain and Leather in Dallas, live on Z-Rock!! Next time, watch for Texas war stories!!!"

CHERYL VALENTINE, METAL BLADE (212-

645-6208): "My alarm goes off this morning, right? I get up and hear this obnoxious car horn outside my window. Eventually, I remember. Oh yeah, I strategically parked my car so that that dude doesn't park me in and prevent me from driving to work. I throw on some garments, go outside, and tell the guy that we'll have to play switcherooni in the driveway. He proceeds to say, 'Hurry up! You've wasted five minutes of my time and no one else can give prices at the store'. So I gave him a smart-ass look, like, 'Gosh, do I feel for you', and proceed to open the gate as slow as humanly possible. I'm thinking of ways to mentally abuse the idiot while we do the switcheroo. Naturally, he gets out of his car and apologizes for being a totally selfish ugly face who woke me out of a deep slumber. I grimace and mumble, 'Uh, huh', disappointed in the fact that the geek-brain was momentarily thoughtful and that I would have to refrain from screaming at him. Bummer. Speaking of Artch (?), put 'em up in your lists now 'cause I'm not accepting the 'Gee, I've got a bunch of new albums' line. Know why? 'Cause you can be just as slow to put them in your Top 3 as you have been with Artch...On the lighter side, I'll have a salad. I like salad, baked potato, cream cheese. I will be in Los Angeles the week of the twelfth (as you read this, basically) for our seventh anniversary party. You can reach me at 818-981-9050 for Goo Goo Dolls guest list stuff, tracking, whatever, or you can call New York and be subjected to the Tom Micucci dude."

RUSSELL GERROIR, CONCRETE (212-645-

1360): "My partner in muck-raking, Bill Fischer, and I would like to start things flying (no pun intended) with that crazy Enigma nun. So if she could see her way clear (through all that orange air), she's been forewarned...Two records that are loud and clear are Junkyard and Dangerous Toys. Both are being received very well by Metal radio and are climbing up the charts."

RECORD ACTION

Continued From Previous Page

Strong songs are 'Hollywood' and 'Blooze' for Junkyard and 'Teas'N, Pleas'N', 'Scared' and 'Take Me Drunk' for Dangerous Toys...Black Sabbath have climbed all the way to the top of the Metal charts, and have taken their show to the road with Kingdom Come. The songs that put them on top are 'Headless Cross', 'Devil & Daughter' and 'Black Moon'...Faith No More has a new record on the way very soon, and you should all have the lead track 'From Out Of Nowhere' by now. If you don't, call me. If you do, play it...Lastly, listen to the Sir Mix-A-Lot. The 12" is on your desk now - it features the band with guests Metal Church (whose own record is still raging on Metal radio), covering Black Sabbath's classic 'Iron Man'. This is one of the most fun songs you'll ever hear."

ANDI TURCO, MUSIC AWARENESS (818-883-7625):

"Ribs from the Rendezvous, Elvis Whatshisname, and Jon Scott are no longer the hottest items coming from Memphis - Tora Tora is ready to take on the rest of the country in a big way. 'Walkin' Shoes' has an instant hook that will bring 'em out of the woodwork and calling for more. Those of you already on this record know what I mean. Joining the ranks this week are WLLZ, WDVE, WHJY, KSJO, WLWQ, WYNF and many others...As we leave Memphis, we head for Madison, Wisconsin for the next track from Fire Town called 'She Reminds Me Of You'. They recently opened for David Crosby playing to new (and receptive) audiences. It's worth going back to listen to again...Now it's on to L.A. for a refreshing new album from Mary's Danish. 'Don't Crash The Car Tonight' has graced the KROQ airwaves for some time now, and they're creating quite a buzz. Listen for yourself...That's it for now - thanks for reading. Look for our next conference call on June 16th!"

JESSICA HARLEY/MISSI CALLAZZO,

MEGAFORCE (201-254-6533): "News flash!!! Phil Hardy leaves Megaforce and I move into the realm of Album Promotion. So, put your hands together and give a warm welcome to the wonderful and talented Missi Callazzo. You guessed it! Missi will be taking care of Hard Rock Metal Radio from now on. However, don't think you can get away with charting Testament at any less than Number 1 - I'll be watching!!! I'd like to thank all the terrific people in the world of hard rock for making my life a living hell. Where would I be without you. Well, I'll tell you. I would be a multi-millionaire,

living on the French Riviera with Trust (subliminal promotion), and of course, making movies with Rob Lowe (you know the type that get the front cover of The Enquirer). Truthfully, it has been a pleasure working with you all. But now it's time to move on - Missi, take it away!!!...Thanks, Jessica!!! I want to say hello to everyone. Please feel free to give me a call if you'd like to set up interviews, need product, or just want to chat. We also want to thank everyone for their overwhelming support with Trust!!! Don't forget, there will be a video for 'Paris By Night'. Also, it is approaching summer in some parts of the world, and what better song to hear on Hard Rock Radio than M.O.D.'s version of 'Surfin' U.S.A.'? I can't think of one. So play it!!! King's X will be releasing their second album on Megaforce Records June 27th. So run to the mailman each and every day to find this extremely brilliant work of art...Now on to Testament, the one word the world wants to hear, whose album 'Practice What You Preach' will be released on August 8th. This is another one you should be running to the mailman for. Also, be looking for new music from ICON in early September. The album will be entitled 'Right Between The Eyes', and will feature three of the original members...Until next time - report Trust!!!"

JERRY RUBINO, BAR/NONE (201-795-3809):

"Music history was made this past week as Bill Drummond made his first stage appearance ever. Opening up a bill, which included The Ordinaires and label new-comer Otis Ball at New York's Knitting Factory, he performed four songs from his debut Lp, 'The Man'. He came over from London with a band that included former Teardrop Explodes bassist David Balfe. If you recall on the first Echo & The Bunnymen and Teardrop Explodes albums, production credits went to The Chameleons, who were Bill & David. David & Bill are also partners with Zoo Music Publishing. They did 'The King Of Joy', 'I Want That Girl', 'I Believe In Rock 'N Roll' and the ever-popular 'Julian Cope Is Dead'. After the set, Bill and his band all remarked how much fun it was, they may be back. Let's hope so!!!...As for The Ordinaires, they start working on the video for 'Kashmir' in a few weeks. Don't forget, they'll be at The Rocket in Providence, RI on June 16th and The Rat in Boston on the 17th...They Might Be Giants video for 'Purple Toupee' is done and set to go. Done in the unique way only the Giants know how to, it's primed to be a summer smash. Be watching for our mailing of 'Toupee' in the coming weeks - it'll be one you'll never forget...This week's Super-Segue: 'Toss Of A Dime' by Fear Of Falling, 'From Light To Pouring Rain' by The Cheepskates and 'Surplus' by The Ordinaires. More believers to The Ordinaires camp include WWUH, WUOG and WVKR...Quoting They Might Be Giants, the hip term for the coming months will be: 'Purple Toupee' will show the way when summer brings you down'."
