Admission tickets and registration blanks for prizes are being given out by the merchants involved. As of 3/4 75,000 tickets had been picked up. Looks like a big one.
 WKDA-Nashville sponsored a show at the Tennessee State Prison Feb. 25 featuring Tammy Wynette, Mel Tillis and O.B. McClinton. This was the first event of this kind in two years. Things went so well the station is considering making it a monthly event at the invitation of the prison, a maximum security facility.
 Don Tiegiser, WNAT-Natchez, reports tremendous response to a show Sat. 2/28 featuring the Sonny James "200 Year" LP along with taped interviews with the artist. This Sat., 3/6, WNAT will do a special on Texas country music.

If you plan to be in Nashville on either the 7th or 8th, play by play announcers are needed for the games. If interested contact Ray Pradines at CMA, 7 Music Circle North - 37203 or call him at 615-244-2840.
 Personal postscript: Yes, the singing whales (Humpbacks) were great last week. Little hard to understand the lyrics, but the bass line was interesting. Seriously, it is a tremendous thrill to watch these great beasts cavorting in their natural element. We even sighted a mother with a calf so young the mother was resting on the surface, baby parked on her snout for safe-keeping. J.

Gavin's Gab

Buck Turnbull's column in the Des Moines Register notes that KIOA's Dic Youngs was willing to be considered for the vacant head basketball coach spot at Iowa State. Dic feels that his won-lost record with the KIOA High Hoopers speaks for itself - 238 wins to one defeat in the last four years.

Bonnie Smith tells us that WMAL-Washington raised over \$68,000 for leukemia during its 22 hour Radiothon Feb. 21-22. This was the largest amount raised by any of the 40 other stations taking part across the country. Bill Mayhugh hosted the WMAL presentation and was joined by such dignitaries as Ethel Kennedy, Joe Theismann, Pierre Salinger and many others.

Also in our nation's capital WASH and "The Washingtonian" magazine ran a "Washington, by George" contest. Contestants submitted one good reason why they liked living in "Washington, by George". Grand prize winners received a very special Washington weekend for two.

George Washington surfaced also in LaCrosse, Wisconsin when WLCX ran a history contest. Correct answer received a cherry pie as a prize.

"We Americans are probably missing the whole point with regard to the changeover from Fahrenheit to Celsius". So writes Bill Ford from KUGN-Eugene, Oregon. "The key is to learn the Celsius scale as a separate scale and try not to compare with Fahrenheit. In Australia they used jingles and catch phrases to teach the public to think only in Celsius during their changeover to the metric system. One example was 'tingling tens', 'temperate twenties', 'thirsty thirties' and 'flaming forties'.

Congratulations to Bud Elliott, news director of KHOW-Denver on his election as President of the Colorado Associated Press Broadcasters Association.

Joe Greene, music director of WBGN-Bowling Green, Ky., will graduate this spring from Western Kentucky University, carrying a degree in Mass Communications. He's interested in finding a radio opportunity "out West" - maybe in Arizona or Colorado. He has also handled news and production. Contact him through the station.

Golden oldies are in big demand these days. The record library of WDXR-Paducah was robbed last Monday night, with the thief taking only the oldies library - all of it. They urgently need replacement. Address: ATTN: Larry Weatherford, P.O. Box 2447, Paducah, KY 42001.

Also on a history kick, KCRA is running a series of 90 second programs on the history of Sacramento. The specially researched and produced shows (program-ettes) are voiced by Sacramento high school students.

Spring housecleaning is the theme for a contest at WIVY-Jacksonville. Contestant who first guesses a pre-selected date (March 1 to May 1) not only wins a new vacuum cleaner but also has the entire WIVY air staff - all dressed in tuxedos - drive up to her home - in a shiny Cadillac - and give the house a thorough cleaning.

KWSL-Sioux City, Iowa, reports satisfaction over the Oct.-Nov. ARB, showing them #1 in the 18-34 group, Mon.-Sun., 6-midnite. Station was formerly KTRI - changed owners and format Dec. 1, 1974 new call letters in April, 1975, came up from a previous #5 in the market.

Something new in music formats will be launched on March 15 by KFRC/FM (K106)-San Francisco. Newly appointed PD Dave Sholin (he's still music director of the AM'er) announces that his automated FM operation will present a continuous countdown of the twenty top hits of Northern California, as determined by daily tabulations of phone requests and sales reports. A unique feature of the format is the manner in which new releases are handled. There will be two new sides played each hour, with a rotation frequency of $2\frac{1}{2}$ hours. That calls for five new sides presented every 150 minutes. These sides will be presented with a request for listener phone response. Winning side will be placed in regular rotation the following day, for that day only. Each day, Monday through Friday, five new sides are presented, thus making a total of 25 new releases tested each week. Test results on the new entries will be kept strictly confidential, except for the announcement of the daily "winner". Record companies will be refused access to the test information but may buy time to have a record re-tested. Should this occur, the record would be presented with a commercial disclaimer and would be so logged.

Looks as if a lot of Texas radio people plan to attend our regional radio seminar, to be held April 24-25 at the Sheraton Crest Hotel in Austin. We've already heard from broadcasters in Waco, Dallas, Killeen, Houston, El Paso, Temple and Austin, saying that they'll be there. The folks at KNOW hope to line up some of that fine Austin entertainment for us for Saturday evening. Remember - lunch and cocktails are on me - no registration fee. Just be sure to let me know soonest if you plan to attend. Also, this is not just for top 40 radio. All formats are invited. Y'all come!

In the Midwest, there'll be a five state meeting of radio programmers, to be held in Minneapolis April 2nd & 3rd. I've been invited to come in and say a few words and am looking forward to meeting many of our correspondents in that area.

Some who attended our 1972 Radio Program Conference will be interested to learn that Buckminster Fuller, our principal speaker at that event, is still as sharp as ever. According to Earth News, "Bucky" performed several of his musical parodies recently at a University of Penn Folk Club. He sang five numbers and even did a soft shoe routine. A member of the Holy Modal Rounders described him as "an 80-year-old Lou Reed who hasn't sung in a while".

Bill Gavin's Personal Picks

- - - I especially like:

- FALLING APART AT THE SEAMS-Marmalade (Ariola) Vocal harmonies, reminiscent of the old Four Seasons or the Beach Boys, wrap up this commercial sounding tune in classy style. Production has the unique distinction of ending without a repeat or a fade.
- SAVE THE WHALES-Country Joe McDonald (Fantasy) No, I'm not being biased by our recent Hawaiian expedition with the humpback whales. It's just a good song on a subject that means much to conservationists. Album cut was #1 in phone requests for Len Jarvela a couple of months ago at KATA-Arcata, Calif.
- I'M MANDY, FLY ME-10 C.C. (Mercury) Sophisticated arrangement benefits little from an extended instrumental interlude, but there's some super group singing about "Mandy" which turns out not to be a stewardess, but a prescription medication that's sometimes taken to calm fear of flying. Full name is "Mandrax".
- PEACEMAKER-Loggins & Messina (Columbia) Singing is marred by a lot of unintelligible lyrics but the brilliant instrumental backing rates lots of airplay. The walking bass and the two flutes in parallel thirds are worth repeated hearings.

Gary Taylor's Personal Picks

- Album Cut: "SONG OF JOY"-Captain & Tennille (A&M) Without knowledge of what the next single will be, I must mention the title song penned by Billy Preston. A song presented in a superb manner by the artists which should attract a great deal of attention in the weeks ahead.
- FOREVER AND EVER-Silk (Arista) The Bach styled opening sets the stage for a production that evolves into a fine commercial offering.

Also Possible

- SHOUT IT OUT LOUD-Kiss (Casablanca)
- SLENDER THREAD-Terry Garthwaite (Arista)
- JASPER-Jim Stafford (Polydor)
- SPANISH HUSTLE-The Fatback Band (Event)
- IF YOU HADN'T LEFT ME (CRYING)-Marvin Hamlisch (A&M)
- SALLY-Grand Funk Railroad (Capitol)
- WE DO IT-R. & J. Stone (RCA)
- SIMONE-Denny Doherty (Playboy)
- MAKE YOURS A HAPPY HOME-Gladys Knight & the Pips (Buddah)

Albums of the Week

- "Come On Over"-Olivia Newton-John (MCA) The beauty of this album begins with four photographs of Olivia. But beauty, in this case, is more than sleeve deep. Dolly Parton's JOLENE and the Beatles' LONG & WINDING ROAD get the treatment from Olivia, as do SMILE FOR ME, her current single, COME ON OVER and WHO ARE YOU NOW. Top cut for many will be PONYRIDE, which has some of the same musical texture as I LOVE YOU, I HONESTLY LOVE YOU.
- "The Sound in Your Mind"-Willie Nelson (Columbia) Willie uses simple but effective arrangements to showcase old chestnuts like THAT LUCKY OLD SUN and Lefty Frizzell's IF YOU'VE GOT THE MONEY HONEY. Willie gets some fine piano work from daughter Bobbie on AMAZING GRACE and a medley of three of Willie's older tunes FUNNY HOW TIME SLIPS AWAY, CRAZY, and NIGHT LIFE. Most moving cut is I'D HAVE TO BE CRAZY.
- "Song of Joy"-Captain & Tennille (A&M) Although the album contains nothing to compare with LOVE WILL KEEP US TOGETHER, it does lead off with a strong version of Billy Preston's SONG OF JOY, a fun SHOP AROUND, and pleasant treatments of THE WEDDING SONG (THERE IS LOVE), and MUSKRAT LOVE.

Country Club....cont'd. from p. 6

- and rooms - for on-the-spot registrations:

- KERE-Denver offered \$100 to the first 2 people to beat the local "pong" champion at the Celebrity Sports Center. Pong-a-thon lasted 24 hours with the last 5 being broadcast by the station. Champion emerged unbeaten to set a new Guinness record.
- Last week's auction of personal possessions by the WHK-Cleveland air staff raised over \$700 for M.S. Top bids were \$140 for Gary Dee's cowbell and \$126 for Don Lennon's cowboy hat. Incidentally, Diamond Jim Brady finished third in the Cleveland Cookie Monster contest after consuming 110 Girl Scout cookies. His prize - a box of cookies!
- Big D Dunkers from WDEE-Detroit play a grudge basketball game Sat. Mar. 13 against the Dearborn Firefighters. Station also has a vacation contest going. Van loaded with candies is displayed at various Chrysler dealers. Contestant estimates weight and submits guess. Closest number to actual weight wins a vacation of his choice. Many commercial tie-ins with this one since goodies are supplied by various name manufacturers.
- WMC-Memphis into a "Gonna Buy Your Groceries" promotion. Listener sends grocery tape or reasonable estimate of a week's grocery bill. Winners of a drawing get the amount submitted on the tape. Always a simple and sure fire promotion. Bob Young says tapes are running about \$50 per week which compares closely with recently revised national averages.
- WBT-Charlotte has a bumper sticker/ license number call out promo going. Eligibility terms for North and South Carolina vehicles are spelled out on reverse of sticker. Winners get a slice of a \$25,000 pot.
- WTCR-Ashland, Ky. says their new tower is up and they hope to be into the new facility by Mar. 15.
- KLOO-Corvallis celebrates the third anniversary of "Home Comfort Bluegrass Music Time" in April. Successful show is aired Mondays at 9:30 PM and stars a local bluegrass band.
- Artist weekend salute at KSO-Des Moines features Sonny James (3/13-14)
- Thirteen segments of "Nashville-On-The-Road" will be filmed on the Gulf Coast says Lance Carson, WMMI-Biloxi.
- Bill Robinson, WIRE-Indianapolis, and his lovely lady Lynn will host a 15-day European tour this summer, July 18-Aug. 1. Countries visited will include Holland, Germany, Switzerland, France and England. Trip also includes a 5-day Scenic Rhine Cruise. Bill and Lynn are old hands at this sort of activity. So far they haven't lost a tourist.

Program Notes

As the new audience measurement surveys start to come in, we note what may be a new trend in the making: Some tight format, hard rocking AM stations are starting to slip, while some of the better country and smoother music stations have picked up audience.

Explanations for such a trend - if it actually is a trend - are at best only theories at this point. One guess might be that the heavy commercial overloads found on some leading top 40 AM's is sending some listeners over to FM alternatives. We note that a few strong AM rockers, whose commercial content is restricted, have not suffered audience loss in the last couple of books.

Another guess is that the old hits, which have been so long used as fillers to reduce the repetition frequency inherent in a short, short list, are finally beginning to wear thin to listeners more interested in what's new. One strong appeal that more varied

Gavin's Gab

In answer to questions about our upcoming Texas Radio meeting: (1) All arrangements for a possible Saturday evening entertainment are being handled by Bill Mayne and the folks at KNOW in Austin; (2) the three daytime sessions are for radio only, but record people will be welcome at the cocktail party, scheduled for 6PM Saturday at the Sheraton Crest Hotel; (3) Bill Young will moderate the Saturday forenoon session and Ken Dowe will act as moderator Saturday afternoon; (4) there will be no speakers or panels, so come prepared to share your ideas with the group; (5) broadcasters from nearby areas outside of Texas will also be welcome.

Revised lineup for WOKY-Milwaukee shows Murphy (WMAK-Nashville), Jim Brown, Lou Roberts, Ron O'Brien (WCFL-Chicago), Jay Anthony (WERC-Birmingham), Ron Richards and Gene Johnson. Swing men are Chuck Jackson (WZUU-Milwaukee) and R.J. Reynolds.

Lineup at WOAI-San Antonio shows PD Lee Fisher (KITY-San Antonio), Johnny Marks (KEYS-Corpus Christi), Ted Candler (KHOW-Denver), and George Rivera. Weekenders are John Pedraza (KITY-San Antonio) and Ed Gray (returns).

Donn Nichols wishes to correct a statement published elsewhere recently. He did not resign from WSPT-Stevens Point for health reasons. He is completely recovered from extensive surgery. He resigned simply to look for better opportunities in a larger market.

Mike Mohr, KJAS-Jackson, Mo., collects bumper stickers and posters from other radio stations. Mail yours to him at P.O. Box 312, Zip 63755.

New arrivals: Amie Renee, 7 lbs. 4 oz., born March 6 to Joanne and Steve Carter (he's music director at KAKC-Tulsa); Jenifer Carol, 8 lbs. 10 oz., born March 5 to Judy and Jerry Katz (he handles music at WSAV-Savannah).

The debut of a new format on KFRC/FM-San Francisoc has been postponed from March 15 to March 17 because of a top engineer's illness.

Paul Drew tells us that "Hands Across America" is moving along and will take place on July 4. Official chairman of the project is Marvin J. Rosenblum, the Chicago attorney who is reported to have dreamed up this bicentennial observance. Paul is vice chairman. The official organization is now being put together. Paul is counting on local radio to motivate widespread citizen participation in this transcontinental chain of clasped hands.

KPHD (KYNO/FM)-Fresno, which is currently on an automated country format, will switch on March 15 to live progressive rock. Call letters will switch back to KYNO/FM as soon as it can be arranged with the FCC. It'll be programmed by asst. PD Mike Novak. (Kris Van Kamp is asst. PD on the AM'er). Record promoters are requested to discontinue their mailing service of country records and to begin sending progressive rock LP's. Mail to Box 6029, Fresno, Ca.93703.

KYNO (AM) has been running a "Where In The World" contest, in which the grand prize will be an all expenses paid round trip to anywhere in the world. Applicants state in advance where they would want to go, and guess where over half of them want to go. Right - Hawaii.

WFLB-Fayetteville, N.C. raised \$3,385 from its March of Dimes Radiothon March 6 & 7.

Correction: Last week's "Changes" section showed Mark Shands moving to Y100-Miami/Ft.Lauderdale, as music director. Not so. He's to be air talent; Quincy McCoy is still the music director.

KNOW-Austin will present its annual Spring Fling and Ben Franklin Kite Tournament on March 21 at Zilker Park, following the March of Dimes 20 mile Walkathon.

Gene Rump, KAKE-Wichita is organizing a St. Patrick's Day Parade, with fellow staffer Jim O'Donnell serving as Grand Marshall.

WSAV-Savannah is running a "Song-of-the-Day" contest, with daily prizes of valuable goodies, plus a grand prize of a Caribbean cruise.

To our correspondents: I appreciate it when you report instances of undue promotional pressures to "report this record to Gavin". It helps us in separating hypes from facts and will help you in eliminating these annoyances.

Black Talk

KYAC-Seattle is presenting a "Soul Train Dance Contest" at the Seattle Center Arena on March 21st. Grand prize for the best "hustlers & bumpers" is an all expense paid trip to Los Angeles to the Don Cornelius "Soul Train" TV show.

Robert L. Scott also tells us about KYAC's "Baby Face Contest". \$100 savings bonds will be awarded to the cutest "Baby Faces".

At WAOK-Atlanta, "Fat Al" Parks takes phone requests over Channel 1 on his CB radio during his 1-4PM show on the air.

Happy 18th birthday to Victor Boykin (WBUL-Birmingham). Some of the accomplishments he's made thus far were a haircut and he's fallen in love!

Job opening: KATZ-St. Louis has an opening for an experienced air talent. Tapes to Chris Hall, P.D. at 812 Olive St., Zip 63101. No calls, please! Experience necessary.

Available: Rick Stevens, formerly at KCOH-Houston is available. Contact him at 312-783-6797.

Program Notes

(continued from page 12...)

FM programming offers to young adults, whose musical horizons have matured beyond the childish limitations of their early teens, is the opportunity to hear more new music. Perhaps a few more survey books will turn the guesses into facts.

Bill Gavin's Personal Picks

- - - I especially like:

- TRYIN' TO GET THE FEELIN'-Barry Manilow (Arista) Song has been very well received from album play. Another cut from this great LP, Bandstand Boogie, is pulling #1 phones at KIOA-Des Moines. The super-talented Mr. Manilow apparently can do no wrong.
- MON PAYS BLEU-(DURHAM TOWN)-Roger Whittaker (RCA of Canada) If this single is ever released in the U.S. it would surely find ready acceptance for airplay at many stations.
- GET CLOSER-Seals & Crofts (Featuring Carolyn Wills)(Warner Bros.) Slow paced rocker is sparked by exciting changes of pace and harmony. The use of the girl's voice adds spice to the vocal fare.
- BELINDA-Roy Orbison (Monument) Roy sings the song with sincerity and conviction, and he proves that he can still belt out those high notes with authority. Credit producer Fred Foster and arranger Bergen White with masterful achievements.

Gary Taylor's Personal Pick

WHERE DID OUR LOVE GO-The J. Geils Band (Atlantic) The Holland, Dozier, Holland song was top 10 for the Supremes in 1964. The familiarity to programmers and the upper demographic portion of their audience could spark strong initial airplay.

Also Possible

- CAN'T SMILE WITHOUT YOU-Vance or Tower (A&M)
- HIGH IN THE ROCKIES-Brussel Sprout (MCA)
- KEEP ON DOIN' IT-The Memphis Horns (RCA)
- PLAY ME A LOVE SONG-Paul Kelly (Warner Bros.)
- EVERYDAY WITHOUT YOU-Hamilton, Joe Frank & Reynolds (Playboy)
- CAN'T HIDE LOVE-Earth, Wind & Fire (Columbia)

ALBUM SECTION

Albums of the Week:(reviewed by Ron Fell) "WORD CALLED LOVE"-Brian & Brenda Russell (Rocket) This new dynamic duo offers strong vocals ranging from ballads, blues and gospel to rock. Inspired by Elton John, the album shows his influence in the arrangements. Gospel rocker TELL ME WHEN THE WHISTLE BLOWS, HIGHLY PRIZED POSSESSION, LABOUR OF LOVE, and YOU'LL NEVER ROCK ALONE are the top cuts.

"POUSETTE-DART BAND"-Pousette-Dart Band (Capitol) Already a favorite in Boston, this group traveled to Nashville, teamed up with Norbert Putnam and produced a very tight, clean sounding, acoustic rock album. WHAT CAN I SAY sounds particularly good. Others cuts of merit include HALO, SMILE ON ME, WOMAN IN MY DREAMS and HARDER.

"THE ART OF TEA"-Michael Franks (Reprise) Pure and simple jazz from the first downbeat, but many A-C and Progressive stations will find good programable material in cuts like EGGPLANT (He couldn't pronounce her name so he called her Eggplant), JIVE, NIGHTMOVES, and, for the more adventurous, try the tender lyrics of POPSICLE TOES. Ben Sidran fans should enjoy this Tommy Lipuma production with smooth keyboard work from Joe Sample and fine jazz guitar work from Larry Carlton.

Gavin's Gab

Sharon Nelson, KIIS-Los Angeles, collaborating with operations manager, Don Elliot, took note of the current trend of bringing back old standards in new disco dress by combining eight evergreens in an 8 minute feature - got a ton of phone calls from listeners.

Rick Carroll, new PD at KEZY-Anaheim, made a clean sweep of the program staff this week. Station plans to increase power to 10kw sometime later this year.

Bill Hennes is now consulting WLCY (AM & FM)-Tampa-St. Petersburg. The FM, to be known henceforth as Y95 will rock in direct competition with the AM. FM PD is Chuck Morgan, while Howie Castle directs the AM'er.

Scotty Brink now consulting KUPD-Phoenix. He tells us that Doubleday, owner of KRIZ, hired away the entire KUPD staff and put them on KHOW-FM. Scotty's new staff: Cleveland Wheeler (WAPE) doing music, Tony Mann (WRKO-KHJ), Don Christie (WDRQ), Jefferson Stone, Dave Summer (KIKX), J. Paul Emerson, from Honolulu.

WSAV-Savannah, getting some flak on the Charlie Ross single, put it to a vote by its listeners. Result: 3 to 1 against the record, so it has been dropped.

Ron Wood moves from KRIG-Odessa to KEYS-Corpus Christi, where he's in charge of the music and on the air noon to 3. He can take promo phone calls any day but Tuesday.

To our correspondents: From now on it will not be possible for us to list incomplete record action reports. We depend on each of you to reflect the music popularity trends in your areas. This purpose is not served by just the listing of your new adds this week. or by giving us only a top ten. We are particularly interested in your new phone action.

At WNCI-Columbus, music director Andy Carpenter will henceforth be known as Andy Williams.

KUGN proudly reports that its "Marathon 76" raised over \$17,000 for the Eugene Symphony. The special included a benefit performance by Mason Williams (a local resident), who will appear with the orchestra at the KUGN sponsored concert in May.

Kim & Mike (KGA-Spokane) Monroe welcomed new arrival Matthew on March 16 - 8lbs. 13 oz.

The New England publication "Night Life" did a feature article on WGNG's John Scott in the Feb.-March issue.

New lineup at KEZY-Anaheim: John Carter (KHJ), Mark Denis, John Peters (KIIS), Russ O'Hara (KKDJ), Beaver Stevens (KRIZ), T.Michael Jordan (KKDJ), Jefferson Stone (KDAY), Larry Groves, music director (KKDJ).

New lineup at KDWB-Mpls./St.Paul: Mike Butts, Bob Lange, Jeff McKee, Don Bleu, Joe Hogan, "Cosmic Phoenix", Robert Jay, Benny Blore.

New lineup at KSTT-Davenport: McFarland, Mike Welch (KIOA), Jeff Pigeon, Don Michaels (KSAQ), Sean Kelly, Steve McKee.

New lineup at WVIC-Lansing: Dave Hoppe, Ron Shannon, PD, Jim St. John, Steve Edwards (music director), Dan Caruso, John Kech.

Bill Mayne, of KNOW-Austin, has arranged for some fine entertainment at out Texas Radio Program meeting next month. Rusty Weir and Jayboy Adams will be on hand with their music at the Castle Creek Club on Saturday evening, April 24, from 8 to 10. Preceding the music, I'll host a social hour there at the club from 7 to 8PM. Since the hotel has no public space available for a cocktail party on Saturday, we're substituting this social hour at the Castle Creek Club, where the drinks will be on me until 8 o'clock.

While on the subject of the Texas Radio meeting, I have to remind some of our readers that this is not a Bill Gavin Conference. It is simply a regional get together of a few radio people in Texas and vicinity. Meeting sessions are for radio people only, local record people will be welcome at the social hour and show on Saturday evening. It has come to my attention that some record executives from New York and Los Angeles are planning to attend. A couple of years ago, Chuck Dunaway put together a fine Texas radio meet in Galveston - no promotional entertainment, no hospitality suites, just a friendly, neighborhood gathering to exchange ideas. This is what I hope can be repeated in Austin - just the local radio and record people with everything on a regional level.

Bill Gavin's Personal Picks

- - - I especially like:

- FALLEN ANGEL-Frankie Valli (Private Stock) The Bob Gaudio production matches the singer's mature style and gives us lyrics that can be understood without effort.
- ANYTIME (I'LL BE THERE)-Paul Anka (United Artists) Simple, relaxed, easy to listen to, the singer-composer again comes through with a top quality song. (We old timers have to stick together).
- HURT-Elvis Presley (RCA) He can still belt 'em out with the same old conviction. The triple beat in the backing recalls hundreds of rock and roll hits from the early 60's, but the ending is pure Elvis.
- NORMA JEAN WANTS TO BE A MOVIE STAR-Sundown Company (Polydor) The nostalgic reference to the late Marilyn Monroe is certain to find welcome in many hearts.
- THINKING OF YOU-Paul Davis (Bang) Unpretentious but infectuous melody is greatly aided by a sparkling arrangement.
- DON'T PULL YOUR LOVE/THEN YOU CAN TELL ME GOODBYE-Glen Campbell (Capitol) The medley finds Glen at his vocal best on this Lambert and Potter production.
- SOMEDAY-Cecilio & Kapono (Columbia) The Hawaiian duo has come up with another ear pleasing song that deserves a wide hearing on our mainland.

Gary Taylor's Personal Pick

LOVE HANGOVER-Diana Ross (Motown)/Fifth Dimension (ABC) Cover battles are frustrating for not only the labels in question but for everyone concerned, especially when the song is outstanding and both renditions are exceptional. The end result is usually both versions are cancelled out. Hopefully that will not happen this time. Initially the Diana Ross may have the edge because of her stature in the industry. We'll see.

Also Possible

- ONCE BEFORE I DIE-Tom Jans (Columbia) TWO FISTED LOVE-Phoebe Snow (Columbia)
- IT ISN'T ROCK 'N' ROLL-Pretty Things (Swan Song) L. A. FREEWAY-Spanky & Our Gang (Epic)

ALBUM SECTION

Album of the Week: (reviewed by Ron Fell) "FOREVER LOVERS"-Mac Davis (Columbia) Mac's personal problems appear to be the theme for no less than four of the tunes including one of the album's best cuts - THE GOOD TIMES WE HAD. I'M JUST IN LOVE (Mac Davis doing the "HUSTLE"?) the tear jerker FOREVER LOVERS, I DON'T WANT TO OWN YOU and THE LOVELAMP will probably receive much album play.

LP Flash: WHEN LOVE HAS GONE AWAY-Richard Cocciante (20th) This emotion-charged LP cut has stirred up something like a sensation on the KHJ phones in Los Angeles. The singer-actor displays an Italian-Bronx accent that for some reason lends credibility to his dramatic performance. Musical structure is excitingly out of the ordinary.

Our correspondents recommend the following LP cuts: (Most frequently mentioned are underlined)

Retrospect

...from our old files.....

March 11, 1966. KDKA is co-operating with Pittsburgh's Academy of Lawyers to stage a mock trial, portions of which will be broadcast on April 22. Mr. & Mrs. Neil McIntyre are the plaintiffs; defendants and witnesses come from the station staff. The two teams of lawyers are seriously competing for cash prizes plus the Judge Gourley trophy.

WEBC is the only Duluth station broadcasting during that area's worst-ever blizzard. Over 3,000 calls for help were cleared to helpers with snowmobiles and such. Fifty volunteers joined the staff for round-the-clock duty without sleep. Great job!

Jim Mann is doing all the MC work on the George Jones radio shows being syndicated in Houston. Jim also has opened a promotion agency for country talent.

Revised DJ lineup at KNBR-San Francisco: Frank Dill - 6 to 10AM, Dave Niles to 2, Ron Lyons to 6, Russ Syracuse to midnight. Mike Button, formerly PD at KOGO-San Diego, joins KNBR as special program assistant.

Ruth Meyer, PD of WMCA-New York, and Dan Daniel, 4 to 7 DJ, are in Africa, observing for the Peace Corps. Tapes will be aired on WMCA on their return.

March 18, 1966. Dick Schmitz leaves KAKC-Tulsa to join KRAV/FM and to help with that ownership's takeover of KFMJ.

New DJ lineup at KAKC: Lee Bayley 6-9AM, Jim Wight to noon, Dick Ralston to 3, Scooter Seagraves (PD) to 6, Roger Borden to 9, Robert Walker to midnite, Jerry Clark to 6AM.

Al Ross, popular morning man on WRC-Washington, recently celebrated his 50th birthday on his show. (So all you youngsters who dread becoming a 40 year old DJ really have nothing to worry about).

March 25, 1966. Max Gardner moves from KOKE, Austin, Texas to KBER-San Antonio. Jerry Green will be reporting to us on the country music action in Austin.

Don Rhea is recovering nicely after a brief stay in the hospital, and will soon be back looking after the music at KCKN-Kansas City.

March 28, 1966. Program Notes

"Creativity" - "entertainment" - "originality" - these were the words most frequently repeated by speakers at our Radio Program Conference. Over and over again, PD's and managers deplored the trite, banal, cliché-ridden, unprepared ad libbing of DJ's. Small wonder that tight format radio does well against competition where DJ's with some freedom to talk have nothing to say.

One manager asked: How can you get your DJ's to prepare their shows? The answer is, of course, that if you can't, you either have the wrong DJ's or the wrong manager. Reading the newspapers and magazines, taking part in community life, being a real person - these are basic essentials for a station's DJ's, no matter what its music policy. The man at the mike is the station to its listeners. He is the one who can make the difference between dullness and entertainment. He is the one who can make the difference in the ratings.

He had better have something to say and know how to say it. If he has a good potential, but lacks these skills, then management should take responsibility for his training and development.

"Presidents Postal Problems: It seems that even President Ford is having trouble with the U.S. Postal Service. A month ago his campaign organization in Chicago sent out a 34,000 mailing to nearby DuPage County. It never arrived. Another Ford mailing from midtown Chicago to the city's South Side wound up in the downstate town of Belleville." No comment.

Morning man, Dick Allen, and PM man, Jim Edwards, from KCKC-San Bernardino competed against each other in the calf tying contest at the National Orange Show Rodeo. Dick won with a time of 2 1/2 minutes. Each was supported by a contingent of cheering fans.

KSON-San Diego running the missing letter promo. Rotating cart gives contestant a 50/50 chance of doubling his money if he chooses - or of losing it all. Prize is \$200.

WITL-Lansing just started playing the Great American Music Game.

WMC-Memphis running an Academy Award Weekend 3/27-29. Winners get "All-In-The-Movies" T-shirts.

Bob Young reports that their 3rd. Anniversary Show 3/20 drew a crowd of 10,700. Large percentage of station proceeds go to charity.

WIRK-W. Palm Beach promoting the March of Dimes Walkathon. Scott Free, PM drive, says he'll walk the whole 20 miles.

WUBE-Cincinnati started a "Pair In The Air" promo 3/25. A young couple (Debi and Jerry Ochs) climbed a ladder to a specially constructed platform beneath a billboard on Interstate 75 to a fully equipped motor home which will be their home until 4/25. Part of the deal is that they listen only to WUBE during this period. (Couple were not previously WUBE listeners.) Their reward at the end of the 4 weeks is \$1,000 cash. They'll be chatting daily with WUBE air personalities as well as passing CB-ers. WUBE listeners will also get a chance to participate in tie-in contests, says Johnny Bridges, plus an opportunity to win the \$15,000 motor home through registration at participating sponsors.

What to say about the 7th Annual Country Radio Seminar in Nashville, 3/19 & 20? Each year builds upon the preceding one and the succession of "best evers" mounts. Particularly gratifying was the wall to wall radio attendance, heavily sprinkled with management. It is difficult to see how any broadcaster, regardless of musical commitment or market size, could have come away from the meetings without some positive new ideas. The sessions opened "up" and stayed that way for the entire two days. The Agenda Committee, chaired by Bob Mitchell, KCKC, and the Industry Committee, chaired by Frank Mull, are to be congratulated on the results of their joint efforts. Space doesn't permit details, but topics were: New Ideas to Improve Your Sound, Sound Ways to Clean Up Your Act, Everything You Wanted to Know About Formats - So Ask, Selecting Music For Airplay (I-By Research, II- By ear), Ratings - New Look at Audience Research, The F.C.C., Selling Yourself (a video presentation), You're In Charge - Take Charge. The keynote address was delivered by C.W. McCall; Tom T. Hall was the luncheon speaker Friday; Jim Gabbert, Pres. N.R.B.A. opened Saturday and Bill Anderson, wearing a radio badge for the first time as new owner of KIXX-Provo, closed the sessions Sat. PM. Friday night there was a general rap session and a section of "progressive" country and the New Faces show closed the banquet Saturday. It was announced that tapes of the Seminar will be available at a cost of \$20. Address inquiries to Dr. Jerry Prock, Middle Tennessee University.

Late flash: Opening for an air talent, 8-12PM at KGFX- Pierre. 3rd endorsed required. Contact Mark Swensen 605-224-8686.

Gavin's Gab

In Janet's "Country Club" section this week you'll find a story about some difficulties that President Ford has been having with the Postal Service. Those of our readers who have been receiving The Gavin Report two or three days late may find cold comfort in knowing that they are not alone in their frustration over slow mail deliveries. We'd like you all to know that we're still trying to improve the situation. We've been in touch with our Congressman Burton, our postmaster, the postal distribution supervisor - even postal officials in Washington, D.C. We understand that there has been improvement in some spots, but it's still bad in some. We ask that you let us know - and keep letting us know - of delayed deliveries. Be sure to include your zip code.

In Atlanta, WQXI/FM is bringing in a creative director and also a full time production director. (See "Changes") They plan on developing new and different ways of presenting their music, their news, their public service - even their commercials.

At WQXI/AM, here's the new staff lineup: Gary McKee (assisted by Willie the Guard), Rhett Walker (music dir.), Jack Fitzgerald, Dickie Shannon (from WCFL), Coyote McLeod, Night Train Lane and Eric Stevens.

George Klein forwards the new lineup at WHBQ-Memphis: Bob McLain, Tony Maddox, George Klein (PD), Dude Walker, Stu Robb, Sheila, Jay Michael Davis & Rick Collins.

Doug Corbett, KLSS-Mason City, Iowa, would like to exchange playlists with other pop programmers.

Just received a letter from Rob Sherwood, PD of U100 (WY00 AM/FM), written to correct a possible misunderstanding of Gary Stevens' announcement of the sale of U100-FM to Doubleday, where it was slated to simulcast with KDWB. Here's what Rob wrote:

"U100's parent corporation, Fairchild Industries, has agreed to sell our FM to KDWB (Doubleday Broadcasting) and our AM to WAYL (Entercom, Inc.). The stations will change hands simultaneously and at that point in time U100 will cease to exist. The entire staff, from secretaries to myself, will be severed.

"At this date the sale hasn't even been submitted to the FCC. As you know, it will be several months before we all head for the 'Big Turntable in the Sky'.

"Mr. Steven's remarks give the impression that their 'acquisition' of our FM facility is a fait accompli.

"I want to do EVERYTHING I can to counteract this publicity barrage. We are still here. U100 is continuing to broadcast on AM and FM Stereo, 24-hour simulcast, and will continue to do so until FCC approval of the transfer which optimistically will come sometime this fall. In the meantime, we continue to compete, with a new jingle package, an exciting contest with vacations to places all over the world (France, Morocco, Egypt, Warsaw, Moscow, etc.), and a staff of dedicated personalities.

"Reports of our death have been greatly exaggerated!"

Also in our mailbag was a thoughtful letter from Tom Mann, PD of KPUG/KERI-Bellingham, Wash.:

"It seems to me, as a small market program director who is up against major market competition, that I have to come up with a NEW idea in music rotation to survive.

"Here at KPUG we see a change occurring in WHO HAS THE SAY in this world of ours. The young people of yesterday are today's 30-plus, and they are the ones who have changed the course of music and radio over the past ten years.

"We are getting tremendous response from a mix of music dayparted to our available audience. Sure we have stress play music, sure we have a short list in many ways, only 34 records. But we are introducing new music thru the use of albums. We program about 30 albums with selected cuts in rotation at all times.

"As people change we should be in the front of the change, not re-acting to it later. We also try to give our listeners real people as air personalities, and not a lot of hype. Mostly we are people involved with our home, and the people who live here...we just try to give them a joyous celebration on the air...we try not to assault their ears and insult their brains, and keep them happy."

I look forward to meeting the broadcasters at the Five State Communication Conclave to be held at the Radisson Inn Plymouth Hotel in Minneapolis on the April 1st weekend.

Bill Gavin's Personal Picks

- - - I especially like:

LOVE IN THE SHADOWS-Neil Sedaka (Rocket) Heavy backbeat suggests disco possibilities; sharp, clean production all the way to the ending, which is spoiled - as are so many other recordings - by tiresome repetitions of the song title.

BANG-A-BOOMERANG-Svenne & Lotta (Morningstar) Childish lyric with an adult-type instrumental track.

BARETTA'S THEME-Rhythm Heritage (ABC) TV themes seem to be very much in favor these days as likely material for hit singles. Persistent percussion provides a cushion for an occasional "KEEP YOUR EYE ON THE SPARROW" from a vocal group.

COMES AND GOES-Dan Fogelberg (Epic) Music and arrangement are so appealing that the lyrics could be in some other language without impairing the charm of this song.

LOVE REALLY HURTS WITHOUT YOU-Billy Ocean (Ariola)/Alex Brown (Roxbury) Gary made the Billy Ocean an "Also Possible" last week. I list both versions here to emphasize the high energy hit potential of the song itself - in either version. Alex Brown, incidentally, is a female (I think) and her production has a strong R&B feel. The Billy Ocean, of course, is the British hit version.

Gary Taylor's Personal Pick

LOVE IS ALIVE-Gary Wright (Warner Bros.) The current status of the artist is such that there should be immediate adds in many areas.

Also Possible

SHE'S MY GIRL-Morris Albert (RCA)

TAKIN' IT TO THE STREETS-Doobie Bros. (Warner Br.)

MAGIC IN YOUR TOUCH-KGB (MCA)

YOU GOT THE MUSIC-John Fogerty (Elektra)

SIXTEEN TONS-The Don Harrison Band (Atlantic)

KEEP ON CHURNIN'-Ozark Mountain Daredevils (A&M)

DON'T STOP IT NOW-Hot Chocolate (Big Tree)

MOONLIGHT SERENADE-Bobby Vinton (ABC)

YOU'VE GOT YOUR TROUBLES-Travis Wammack (Capricorn)

ALBUM SECTION

Album of the Week: (reviewed by Ron Fell) "WINGS AT THE SPEED OF SOUND"-Wings (Apple)

Paul and his friends are off and flying again. McCartney has withdrawn to general membership in the group and with the able musicianship of the others, Wings is now in top form. A little less rock and roll, a lot more pure music, and an upcoming tour should make this the most popular McCartney/Wings album to date. Top cuts SILLY LOVE SONGS, (a probable single), LET 'EM IN, SHE'S MY BABY, and a very simple WARM AND BEAUTIFUL feature McCartney. Surprises include Denny Laine on THE NOTE YOU NEVER WROTE, Jimmy McCulloch on WINO JUNKO, and Joe English on MUST DO SOMETHING ABOUT IT.
