Inside Progressive Radio
by George Meier, Editor of "Walrus"

Progressive Radio's Evolution II

This is a good time to mention the specific format pegs which developed in progressive radio's alternative approach to the big guns of Top 40. Some of the ideas were not at all new. Some were a return to earlier radio notions. Yet other ideas were creative extensions of ideas which had been around only limitedly.

First to be dropped were the presumptions that the audience was a slow witted, amorphous mass and that they had a fifteen or twenty minute attention span. Replacing that idea was the notion that a knowledgeable human being, a jock with a genuine personality, could weave a spell with music of mutual interest to both announcer and audience, keeping them interested and entertained for hours. Instead of programming patterns - Top 10, Top 10 hitbound, Golden... - they began programming musical sets. Indeed, it worked. By putting together cogent statements radio became the central social force it hadn't been for years, at least those early audiences.

Other format elements were dropped and/or altered too. Jingles were dropped outright and have not really come back. Several stations added strict commercial policies which monitored a sponsor's message for factualness as well as approach to the audience. Few stations retain that orthodox position today.

The point of view taken in the news and public affairs changed drastically. Replacing the veneer of objectivity was an open skepticism of established politics and institutions. Further, a sense of advocacy became part of the extra-musical programming. Gay Lib programs, Prisoner Request Lines and the like are still important kinds of things being done.

Finally, progressive radio has made limited block programming work again. Live radio concerts are common place as well as many syndicated shows. Of course, the key is the limitedness of these shows both in terms of how much real time is used and in terms of their integration into the format. They don't jump all over the entertainment spectrum like a T.V. evening does.

Obviously, not all progressives do all these things, but all of these elements enliven the business of progressive radio.

Our sympathies to Don Rhea and family, whose sons Alan (17) and Sam (16) were badly injured in a one car accident during a driving rainstorm Saturday morning (7/31). Sam was thrown through the windshield and skidded along the shoulder of the road for 18 feet resulting in 40 stitches for face cuts alone and six solid hours in the hospital emergency room. He'll be in a neck and back brace for several months. Alan's injuries were not as severe. The doctor told Don that if Sam had been wearing his seat belt he would have been killed - being thrown from the car saved his life!

Albums of the Week
(reviewed by Ron Fell)

"This One's For You"-Barry Manilow (Arista) Loaded with programming possibilities, this album is probably Manilow's finest to date. THIS ONE'S FOR YOU, RIDERS TO THE STARS, and DAYBREAK could qualify as future singles. JUMP SHOUT BOOGIE, LET ME GO, ALL THE TIME and Randy Edelman's WEEKEND IN NEW ENGLAND should also get significant airplay.

"Mike Finnigan"-Mike Finnigan (Warner Brothere) The talented Jerry Wexler has taken a fine backup musician in Mike Finnigan and converted him into a fresh new singer with a promising future. His SAVED BY THE GRACE OF YOUR LOVE and NEW YORK STATE OF MIND are the best versions of these songs available to date. MISERY LOVES COMPANY (written by Jerry Reed) and THE ROOM NOBODY LIVES IN (written by John Sebastian), provide a good introduction to a future star.

"Spirit"-John Denver (RCA) As an artist, John Denver has always had a reputation for being at his musical best in the soft and tender country-folk ballads. "Spirit" is no exception. COME LET ME LOOK IN YOUR EYES and the old POLKA DOTS & MOON BEAMS get fine Denver performances, as does the bright WRANGLER MOUNTAIN SONG. But, the showcase of the album is LIKE A SAD SONG. On the Denver-Sinatra TV special (re-broadcast last week) this solo was the high point of the show.

Also recommended from the following LP's:

"Tom Thumb The Dreamer"-Michael Dinner (Fantasy) TOM THUMB THE DREAMER/THE PROMISED LAND
 "Back Stairs of My Life"-Dianne Brooks (Reprise) 99 MILES FROM L.A./HEAVEN IS 10 ZILLION LIGHT YEARS AWAY
 "Crosswords"-Larry Hosford (ABC) LOVIN' YOU LIKE I DO
 "Love Is A Fire"-Country Joe McDonald (Fantasy) IT WON'T BURN/LOVE IS A FIRE

Bill Gavin's Personal Picks

- - - I especially like:

- WHEELS OF FORTUNE-Doobie Brothers (Warner Brothers) Has been well received from LP plays. High pitched vocal harmonies are typical Doobies; bridge combines fragments of instrumental virtuosity; ending displays a delightful absence of the repeat syndrome.
- THE WRECK OF THE EDMUND FITZGERALD-Gordon Lightfoot (Reprise) Album cut has been a sensation in Duluth, Eau Claire and other spots near the Great Lakes. We've also had enough favorable response in other areas to indicate hit potential. The 5:57 length may be a deterrent to some, but conceivably it could substitute for a two record sweep.
- LONG HARD RIDE-Marshall Tucker Band (Capricorn) The market for such grass roots sounds continues to grow as young adults and older teens are finding the music a welcome alternative to the more contrived sounds in the pop field.
- IT'S A LONG WAY THERE-Little River Band (Harvest) Import from Australia opens with an ear-catching baroque styled intro, followed by a gutbucket guitar and a highly professional performance by the singers.

Gary Taylor's Personal Picks

- FARTHER ALONG-Spirit (Mercury) The original group (minus 1) is back together with a light, breezy arrangement that tastefully fills all the holes. There's a dominant walking bass and even a short vocal riff a la Kenny Rankin. I especially like....this one.
- SATIN SHEETS-Bellamy Brothers (Warner Bros.) One of those rare records you start humming after you've heard the first 30 seconds. Musically strong enough to pull immediate adds.
- THAT'LL BE THE DAY-Linda Ronstadt (Asylum) I watched 50,000 people react when she sang this at a recent Bill Graham concert. The familiarity of the song and an artist of her stature certainly make for the right mix. Airplay is already being reported.

Also Possible

- LOVE SONG-Jim Gregory (Earth)
- MY SWEET SUMMER SUITE-Love Unl. Orch. (20th)
- STAYING POWER-Barbi Benton (Playboy)
- BETH/flip-Kiss (Casablanca)
- YOU GOTTA MAKE YOUR OWN SUNSHINE-Val Johns (Playboy)
- ROSES-Janis Ian (Columbia)
- IT'S O.K.-The Beach Boys (Brother/Reprise)
- YOU ARE MY LOVE-Liverpool Express (Atco)
- FIND 'EM, FOOL 'EM & FORGET 'EM-Dobie Gray (Capricorn)

Gavin's Gab

Michael Spears, PD of KFRC-San Francisco, will start his vacation by traveling from San Francisco to Denver via Amtrak. His train will be making many stops along the way, with from 10 to 20 minutes waiting time at each stop. Michael says that he'd welcome visits from any local radio people along his route. Here's his schedule, leaving San Francisco, Saturday, Aug. 14, 10:55AM (all following times are scheduled arrival times)

Sacramento	12:40PM	Winnemucca, Nev.	8:50PM	Rawlins	11:30AM
Truckee	4:15PM	(8/15)Evanston, Wyo.	7:30AM	Laramie	1:35PM
Reno	5:35PM	Green River	9:15AM	Cheyenne	2:50PM
Sparks	5:45PM	Rock Springs	9:40AM	Greely, Colo.	4:25PM

Anyone with an aircheck for Michael to hear should bring it on a cassette. He'll be waiting in the dining car. Phone him at 415-982-9200 if you plan to see him.

Interesting quote from a letter from new correspondent Andy Carey, PD of WHEB-Portsmouth, New Hampshire: "We program to what our audience wants to hear... We buy all of our give away albums because we get no favors from the record people (nor do we expect any). When we add a record, it's because we feel it will be a hit, or a good programming record.

Tom Mann can take music calls at KPUG-Bellingham only between 10AM and noon, Monday thru Friday. (Says requests starting on SAD SONG from the new John Denver album)

KSTT-Davenport, Iowa, raised \$900 for the Muscular Dystrophy Fund by collecting 2500 lbs. (!) of aluminum cans in just six hours.

KRLC-Lewiston ran an intriguing promotion: offered one dollar to any girl who would walk down the main street over the noon hour wearing a KRLC Bikini, carrying an umbrella with the call letters on it, a red rose in her hair, high heel shoes on her feet, and leading a large white Pyrennes dog on a leash. Each day the offer was increased by one dollar. The offer was accepted when it reached \$17. Hundreds of people turned out to watch.

WTSN-Dover, N.H., has declared August, "Surfing Month", with another beach party planned for York Beach.

Newlywed Jim Bulger, of WLBK/FM-DeKalb, Ill., thanks everyone who sent their congratulations on the occasion of his recent marriage.

Charlie Scott, KXEL/FM-Waterloo, Iowa, hollers for help. Many of the dupes he receives for disco play have been melting in the heat. Address: Rock Springs Disco, 5028 Lafayette Rd., Elk River, Ia. 50707. Attn: Jim Oberhen.

Jim Smith sends us some Pulse numbers from Chicago, which show WLS leading all other rockers and running neck-and-neck with WGN in total audience. The numbers also show country WMAQ #3 over all.

Randy Rice sends his Mediastat numbers from KTEM-Temple, Texas, which show his station #1 in weekly cumes, both in total audience and in adults.

We'd appreciate it if correspondents who send us audience surveys of their markets would identify the formats of each station mentioned.

John Rook is looking for a PD and for a sensational morning man: Write P.O. Box 429, Reseda, Calif. 91335.

Contest/promo on B100-San Diego: Stop people on the street - ask 'em, "How do you get up in the morning?" - whoever answers, "I get up and boogie with Shotgun Tom on B100" wins a cash prize.

Staff at KITE-San Antonio: Steve Gibbons (KLZ), Sam Burke, Art Snow (Y100), Doug McKinnon (Y100), Roger Page (KOIL), Gunnar Rockwell (KHOW) and Bob Prado.

Quarter hour maintenance? WKYX-Paducah is running a Must Be Missing contest. Each hour one of the station's format ingredients is omitted - a call letter - time - weather - news - whatever. Whoever spots it wins a Tavares album.

Inside Progressive Radio
by George Meier, Editor of "Walrus"

Established Progressive Airplay

(In Order)

- Jefferson Starship
- Rod Stewart
- Crosby/Nash
- Jeff Beck
- Steve Miller Band
- James Taylor
- Steely Dan
- Average White Band
- Chicago
- Southside Johnny/Asbury Jukes

Notes: These ten artists dominate radio play currently, but the underlines denote significant differences in play among them. The first six records especially, establish themselves in all areas of the country.

New Progressive Airplay

(In Order)

- Go
- Richie Furay Band
- Mark-Almond
- Jess Roden Band
- Roxy Music
- Point Blank
- Dwight Twilley Band

Notes: Some interesting new things freshen the musical landscape. Go is the unpredictable surprise. Stevie Winwood is the big rock name in the amalgam. But, he is eclipsed by the world class, serious music percussionist Stomu Yamashta. Furay, Mark-Almond, and Roxy Music all are understandably successful. Their acceptance derives from the past. The others are newcomers. Interestingly, though this is Twilley's first LP he is one of the rare artists who established his name in progressive radio with a single.

Miscellaneous Information

Strong initial sales on the Jon Anderson and the Richie Furay Band albums indicate the correctness of record industry strategists who increasingly use the one leg-up approach to artist development. They start with a member of an established act to develop a new act. Also, immediate sales response has surfaced around a new blue-eyed soul band called Wild Cherry. Their strength is mainly in the Northeast, but, the South is responding too.

On the import side, the Wailers, Live Lp shows no signs of slowing, while a new name Brand X has shown itself to have some dollar attraction.

Finally, two new singles, one by Orleans and one by Stephen Stills and Neil Young have gotten extensive radio play. They lead a field which includes Elton John & Kiki Dee, War, Earth, Wind & Fire, Bryan Ferry, The Bee Gees, and Camel.

The following Lp tracks are filling the air:

Back Street Crawler	Mark-Almond	Roxy Music	Dwight Twilley Band
"Selfish Lover"	"New York State of Mind"	"Both Ends Burning"	"I'm on Fire"
"Sweet Beauty"	"Busy on the Line"		
	"Tradewinds"	Trooper	Go
Hummingbird		"Two for the Show"	"Winner/Loser"
"Gypsy Skies"	Jess Roden Band		
	"In a Circle"

Each week the voting is held in a different category - male, female, duo, etc. Top 5 male artists (listed alphabetically and not in final rank order): Johnny Cash, John Denver, Freddy Fender, Elvis Presley, Red Sovine. Albums of the Week
(reviewed by Ron Fell)

- "Hasten Down The Wind"-Linda Ronstadt (Asylum) Never sounding (or looking) better, Linda has recorded excellent versions of Ry Cooder's THE TATTLER, Willie Nelson's CRAZY, Buddy Holly's THAT'LL BE THE DAY and has co-written IO SIENTO MI VIDA. The show stopper, however, is the tune she opens her current concert tour with, LOSE AGAIN. A high quality album from a photogenic and phonogenic singer.
- "A Fifth of Beethoven"-Walter Murphy Band (Private Stock) A new artist who has captured the essence of disco-dynamics. The 24 year old New Yorker, whose A FIFTH OF BEETHOVEN has been confirmed as a smash, has attempted further classical alterations with FLIGHT '76 (Rimsky-Korsakov's "Flight of the Bumble Bee") and RUSSIAN DRESSING (Tchaikovsky's Piano Concerto #1) Originals like SUITE LOVE SYMPHONY and JUST A LOVE SONG prove Mr. Murphy to be more than just a classical copy cat.

Also recommended from the following LP's:

- "Good Singin"-Grand Funk R.R. (MCA) JUST COULDN'T WAIT
 "American Flyer"-American Flyer (UA) LIGHT OF YOUR LOVE/LADY BLUE EYES/QUEEN OF ALL MY DAYS
 "Talking and Dreaming"-Orleans (Asylum) REACH/THE GOLDEN STATE/THE PATH

 "Delicate & Jumpy"- Fania All Stars (Columbia) DESAFIO/PICADILLO
 "First Night"-Jane Olivor (Columbia) MORNING, NOON & NIGHTTIME/VINCENT/ONE MORE RIDE
 "Like a River"-La Seine (Ariola) LET US GROW
 "We Made Love"-Nino (Epic) WE MADE LOVE/MY BOY/MY SPECIAL PRAYER
 "Lost in the Wilderness"-Brigati (Elektra) YOU SEND ME
 "Big Towne 2016"-Paris (Capitol) HEART OF STONE
 "This is Nieci"-Deniece Williams (Columbia) FREE/WATCHING OVER/THAT'S WHAT FRIENDS ARE FOR
 "Facade"-John Reid (Columbia) NOW AND THEN IT'S GONNA RAIN/CAN'T FIGHT THE FEELING/LOOKS LIKE A LOSER

Bill Gavin's Personal Picks

- - - I especially like:

ROAD SONG-Charlie Rich (Epic) Initial piano backing has a Chopin Prelude flavor, while the minor key sets the mood for the loneliness of the performer who is "on tour". Charlie sings it as if he knows the feeling well. Which he does.

AMONG MY SOUVENIRS-Marty Robbins (Columbia) The occasional guitar phrases of "Sentimental Journey" remind me that this song gives yours truly a sentimental journey back to the time when "Souvenirs" was first a hit - not when Connie Francis did it but way back in the 1920's when it sold sheet music rather than records. Not offered here as an obvious top 40 type record, but just another sample of the fine music that results when singer, song and musical arrangement are combined by a producer like Billy Sherrill. (Guess this must be Billy's day in my pix - he also produced the Charlie Rich entry.

Gary Taylor's Personal Pick

I'M READY FOR YOU-Tommy West (Lifesong) Often ballads are slow to be accepted but a beautiful song such as this should find its share of airplay at the A-C level.

Also Possible

<u>MADE TO LOVE YOU</u> -Gary Wright (Warner Bros.)	<u>ALL NIGHT'S ALRIGHT</u> -Honey White and the Night Man (Haven)
<u>I GOT TO KNOW</u> -Starbuck (Private Stock)	<u>TAKE ME BACK</u> -Rick Billay (Atco)
<u>I DON'T BELIEVE IN MIRACLES</u> -C.B. Victoria (Janus)	<u>NADIA'S THEME</u> -P. Botkin, Jr. & B. De Vorzon (A&M)
<u>SWEET MELINDA</u> -Fate (Phantom)	

Gavin's Gab

Hardwick, morning man at KVI-Seattle, established some sort of a distance and endurance record by guiding a jet ski almost 740 miles from Ketchikan to Seattle. The little jet powered craft was only seven feet long. The voyage began a week ago Monday and ended Friday noon as Hardwick sailed into Seattle harbor.

Jack Lee, who has been program manager at WTMJ-Milwaukee for a number of years, will take over as general manager of WEMP-Milwaukee on August 30.

Bobby Hedeman, VP of Armadillo World Headquarters in Austin, claims a spot in the Guinness Book of Records as a result of spending 69 days atop a billboard perched on the roof of the Armadillo bldg. He terminated his stint by donning a white tux and a top hat and being lowered on a rope into the auditorium as a part of the 6th Annual Armadillo appreciation day. Bill Mayne, of KNOW, and Woody Roberts, of Armadillo put it all together.

WBT-Charlotte sent us an amazing black and white photo taken of their fireworks display July 4th. The fireworks were shot from the roof of the 40 story North Carolina Bank Building. This Sky Show 76 was viewed by over 150,000 people in downtown Charlotte and was visible within a radius of 18 miles. The rain, which had been heavy during the day stopped and the night weather turned perfect for the fireworks.

Musexpo '76, the 2nd Annual International Record and Music Industry Market, will be presented Sept. 7-11 at the Fairmont Hotel in New Orleans. Broadcasters in attendance will have a chance to meet top record executives.

Curt Lundgren, Music director of WCCO/FM-Mpls.-St. Paul sends us some ARB figures that show his station moving up during the past years from 14th to 4th in 18 plus shares. Nice gain. On August 11, 1976, CHUM-Toronto published the 1000th issue of the CHUM chart. This is longest continuously issued radio music chart in Canada and second only to WHB-Kansas City for the entire North America. That first CHUM chart was published May 27, 1957, and number one was Elvis Presley and ALL SHOOK UP.

Jim Wood, PD of WGBF, Evansville, Indiana, notes that his station switched to a rock format in September of 1975, and that their current Arbitron shares show an increase in 12 plus audience from 6.4% in 1974 to 24.1% in the 1976 spring book, which leads all competitors by a substantial margin.

Wayne Coffey, PD of KEIN-Great Falls, is plenty happy with his Arbitron book, which shows his station #1 in total audience, metro, in every time period. The trend shows a gain in shares from a 20.5% a year ago to a 31.7% share currently in this seven station market.

In the Fargo-Moorhead area, country KFGO leads the rating parade in total audience, metro, with KVOX and WDAY tied for second, followed by KQWB. KVOX leads in the 18-34 block as well as in teens. If, however, the KQWB AM & FM shares are combined, they would rate #2 in total audience.

WKWK-Wheeling sends along its Pulse shares for the Central Zone, which show the station leading with a combined AM/FM share of total audience 41% (!), as opposed to 27% for the nearest competition, country WWVA. In the 18-24 group, WKWK shows an impressive 52% of the men and 76% of the women.

Tom Mann, PD of KPUG-Bellingham, tells us his beef against inaccurate timings printed on record labels, some in error by 20 to 30 records. He'd also like to see label info on time, intro, fade or cold printed in big letters that are easier to read.

KUGN-Eugene, Oregon, sends a photo copy of their spring Arbitron which shows that station number one, 12 plus, Metro, Mon.-Sun., 6AM-Midnite, KUGN 6-10 AM shares are especially strong with a 32%, almost double their nearest competitor. It's a 13 station market.

Gary Mack, PD at KLEO-Wichita, sends us the spring Arbitron for his metro area, which shows his station leading a close race for total audience, metro, Mon.-Sun., 6AM-Midnite. A 12 station market.

We hear that KTTV-Los Angeles is the only TV operation in the city whose news department features daily news about records and the music business generally. Music people who have information that's useable on the TV medium should contact Charles Rowe, or his producer Don Kline, KTTV - Phone 213-462-7111.

THE GAVIN REPORT #1114
WEEKLY SUMMARY
 (Associate Editor, Gary Taylor)

Smash of the Week: DEVIL WOMAN-Cliff Richard (Rocket) Sixteen years is a long time to "pay dues" before being discovered. Welcome, Cliff Richard.

Sleeper of the Week: THE WRECK OF THE EDMUND FITZGERALD-Gordon Lightfoot (Reprise) Airplay is obviously hampered by the length, but requests are now reported in Bismarck, Atlanta, Stockton, Monterey, Waterloo, etc. Definitely spreading beyond the Great Lakes area.

Hot: DISCO DUCK-Rick Dees (RSO) It may be short lived but this is the hottest phone record in quite some time, with programmers reporting very broad demographics.

Top Tip: MAGIC MAN-Heart (Mushroom) Getting stronger every day it's played. Charts include WBBF (2), WOKY (5), WYRE (6), KEWI (6), KSLQ (6), WSPT (8), etc.

Records to Watch: GETAWAY-Earth, Wind & Fire (Columbia) 26 of the 53 correspondents playing this record have it charted.
HIGHFLY-John Miles (London) WRKO (charts #5) leads the way as this quality side fights for a fair trial.

Inside Progressive Radio
by George Meier, Editor of "Walrus"

Regionality in General

For years pop music programmers have gone beyond the charts to make playlist decisions. Using an instinctual sense, they measure their own city's personality against another to make those hairline decisions on guest records.

Though there is no direct parallel in progressive radio decision making, there is, in a general way, a distinct musical personality for each region of the country. As with the variations among cities, exploring regional variations can be fun. It is similar to the kick one gets watching the spread of a hit single as it meanders from place to place in the random domino theory of single success.

A few interrelated reasons account for these persistent regional variations. One of these reasons is that a music which tends to have more difficulty generalizing itself throughout the country is almost always deeply rooted in the culture of its region. Texas music by artists like Willie Nelson and Waylon Jennings seemingly derive from the rich Texas soil itself. These artists enjoy superstar status at home, while in other places they are just being introduced.

Another central reason for these regional differences goes back to a point made in a prior essay. Where an artist is able to work in a live setting, a base of support is capable of growing. In fact, until artists play live in an area they often have difficulty reaching a broad audience, even with radio play. Feeding off an already established cultural base, artists find it easier to work in their home environs thus perpetuating these regional personalities.

Our next essay will detail these personalities.

NRBA Convention

As our readers must surely know, the NAFMB (FM Broadcasters) has enlarged its jurisdiction to become the National Radio Broadcasters Association. The first national convention of this radio (no TV) organization will be held in San Francisco at the Hyatt Regency Hotel (Embarcadero), Sept. 19-22. Registration Sun. (9/19) with cocktails at 6:30 and the Armstrong Awards and FM Pioneers Dinner at 8:30.

Four concurrent sessions Monday forenoon will include a section on Progressive album programming. Monday afternoon - six concurrent sessions beginning at 3:15PM, will include one on country music, presenting Hal Smith (KNEW), Craig Scott (Plough), Cliff Haynes (KNEW), Jay Albright (KUZZ). Tuesday forenoon's program session devotes itself to Top 40 formats, featuring George Johns (Fairbanks), Gerry Peterson (KCBQ), John Sebastian (KDWB), Michael Spears (KFRC). Gary Stevens (KDWB/Doubleday), Todd Wallace (Radio Index). Tuesday, 3PM - FCC commissioners and staff, plus Washington Communications counsels. Wednesday AM program section on "Beautiful Music" will present James A. Schulke, Marlin R. Taylor (Bonneville), Bob Chandler (WGAY), Richard Ferguson (WEZN), Kenneth Mellgren (WJIB). Wednesday PM windup on Adult contemporary format presents James Hilliard (WIBC), Robert Henley (WGN), Gary Edens (KOY), and Cullie Tarleton (WBT).

For full information on registration and agenda, write to James Gabbert, KIOI-San Francisco. Please note that the advance publicity linking my name with this meeting should be understood as in an advisory capacity only. I have no part in its organization or sponsorship.

Postal Service Bulletin

A large number of our subscribers are now receiving The Gavin Report via special delivery, either to obtain a Saturday delivery, or at the least to assure priority handling. Last Monday (8/16) we received many phone calls informing us that the special delivery mailing had still not arrived. This, in spite of the fact that our regular first class mailings were received at the regular time.

The present high postage charge for specials obviously represents an attempt by the Postal Service to discourage the use of this type of service. The slow handling of last week's specials may have been another step in that direction. In any case, it seems ridiculous for any subscriber to be paying an extra \$1.25 per mailing when faster delivery cannot be assured. Two subscribers sent us the mailing envelopes in which their Reports had finally arrived. Both were stamped as having been received by their local post officer on Monday - one at 2AM, the other at 5AM. Obviously, since deliveries seem to have been delayed everywhere, the fault lay in the San Francisco Post Office itself. I have made a strong protest to our postmaster, but there's nothing else I can do. We're already pushing ourselves slightly out of shape to have our mailings at the post office dock before 3PM on Fridays.

Albums of the Week
(reviewed by Ron Fell)

"Beauties in the Night"-Lady Flash (RSO) Inspired, arranged & produced by Barry Manilow, this female trio debuts with a strong nine cut album. Besides their current single, STREET SINGIN', other winners include UPFRONT, THUNDERBOLT, and the old Martha Reeves & the Vandellas' NOWHERE TO RUN. The soft NEVER GONNA LET YOU GET AWAY and rework of the old Basie classic JUMPIN' AT THE WOODSIDE probably best illustrate the influence of Manilow.

"Crystal"-Crystal Gayle (U.A.) Some of the best country albums in past years have come from a new breed of country chorines like Emmylou Harris and Crystal Gayle. While most of the album is made up of material one would expect from an established country singer such as READY FOR THE TIMES TO GET BETTER, YOU NEVER MISS A REAL GOOD THING and RIGHT IN THE PALM OF YOUR HAND, the surprises come from a Melanie-sould-a-like in ONE MORE TIME and COME HOME DADDY which is similar to Leo Sayer's LONG TALL GLASSES. A-C programmers should not cverlook this already established country star.

Also recommended from the following LP's:

"The Mike Greene Band"-Mike Greene Band (Mercury) MIDNIGHT MIRAGE/DOWN TO THE WIRE/I NEED A LOVE
 "Mother's Finest"-Mother's Finest (Epic) MY BABY
 "On the Road Again"-D.J. Rogers (RCA) ON THE ROAD AGAIN
 "Street Prayer"-Voudouris & Kahne (Capitol) WONDER OF WONDERS 'ARE YOU WILLING
 "Moving Targets"-Flo & Eddie (Columbia) THE LOVE YOU GAVE AWAY 'SWAY WHEN YOU TALK
 "The Whole World's Going Crazy"-April Wine (London) SHOT DOWN/CHILD'S GARDEN
 "Do The Temptations"-Temptations (Gordy) WHO ARE YOU/IS THERE ANYBODY ELSE/WHY CAN'T YOU & ME GET TOGETHER
 "Both Barrels"-Jerry Reed (RCA) ALABAMA JUBILEE/REMEMBERING/LAST TRAIN
 "Honor Among Thieves"-Artful Dodger (Columbia) KEEP ME HAPPY/REMEMBER/DANDELION
 "Full Speed Ahead"-Tata Vega (Tamla) FULL SPEED AHEAD/TRY LOVE FROM THE INSIDE
 "Sibling Rivalry"-Rowans (Asylum) OOH MY LOVE/IF I ONLY COULD
 "Street People"-Street People (Vigor) FLIPIN' A COIN

Bill Gavin's Personal Picks

- - - I especially like:

FERNANDO-Abba (Atlantic) Offers classic simplicity in melody and harmony, with a delightful vocal line, much of it in parallel thirds. Has that rare combination of all the right ingredients that makes people want to hear it again and again. Should transcend format and demographic divisions and become one of the year's top records.

NEVER GET YOUR LOVE BEHIND ME-Faragher Bros. (ABC) Single version of an album cut recently recommended by our Ron Fell. The instrumental backing sparkles with creative musical ideas.

AFTER THE LOVIN'-Engelbert Humperdinck (Epic) New producers (and a new label) make him sound like a new - and better - singer. Excellent adult programming and easily adaptable to top 40 requirements.

Gary Taylor's Personal Picks

DIGGIN' IT-Dunn & Rubini (Prodigal) Records of this type seem to suggest a positive feeling. In certain parts of the song there's even a Sgt. Pepper tone to it. Good record.

MORE THAN A FEELING-Boston (Epic) The musical moods are many, but mostly it's good rock 'n roll. The logical assumption is the New England area will offer first exposure.

DRIFTING INTO LOVE-James Vincent (Caribou) Listed here because of the display of musicianship, arrangement, and uniqueness. In a day of formula releases this is very refreshing.

Also Possible

QUEEN OF MY SOUL-Average White Band (Atlantic) STAY-Andrew Gold (Asylum)

THAT'S THE WAY TO GO-The Bottom Line (Greedy) SLIP KID-The Who (MCA)

HALF A CHANCE-Carly Simon (Elektra) MUSIC, MUSIC, MUSIC-California (Warner Bros.)

THE WAY YOU DO THE THINGS TO YOU-Dion (WB) IMAGINATION'S SAKE-Sons of Champlin (Ariola)

SUCCESS AND FAILURE-Dalton & Dubarri (ABC) YOU GOTTA MAKE YOUR OWN SUNSHINE-Neil Sedaka

BLINDED BY THE LIGHT-Manfred Mann's Earth Band (WB) (Rocket)

Gavin's Gab

There's a 50kw rocker in the South looking for a sharp morning man. Excellent money for the right man. Can't divulge the station at this point, but tapes and resumes can be mailed to Radio, 119 Cherokee Road, Nashville, Tenn. 37205.

Creative production man wanted at KSO/KGGO Des Moines. Send samples, resume, recent pilots and salary requirements to Perry St. John, KSO/KGGO (FM)-Radio, Des Moines, Ia. 50317.

WJTO (FM)-Bath, Me., will soon switch frequency from 95.3 to 106, with a power increase from 3kw to 50kw. Rumors of possible sale are denied.

Jack Hayes, PD of KOIN-Portland, announces (regretfully) that from now on he will be compelled to limit the hours and days when he can accept record promo calls Mondays through Wednesdays only, from 9AM to noon.

J.J.Hemingway can now take music calls at WTOG-Savannah between 10AM and noon, Mon.-Fri.

New lineup at WKGK-Knoxville: Steve West (from 15Q), Dr. Al Adams, Pat O'Brien, Barry Tucker, Kris Lee.

New lineup at KSL-Salt Lake City: Bill Cawley, Tom Bock, Bob Lee, Danny Kramer, Gaylon Rowan, Herb Jebko.

KZUN/FM-Spokane will soon be increasing power to 59kw. PD Jim Swartz is looking for air talent for future openings.

Tom Holt, WKBR-Manchester, N.H., having read our last week's comment about CHUM's 1000th consecutive printed music chart, dug around in his old files and sent us a photocopy of WKBR's very first chart. It was dated July 30, 1956. Elvis had three in the top 40 (HOUND DOG was #1), and Fats Domino also had three. Present also were Patti Page, Mitch Miller, Sarah Vaughn, McGuire Sisters, Frank Sinatra, Georgia Gibbs, Don Cherry, Pat Boone, Patience & Prudence, the Chordettes, Perry Como, Doris Day and Hugo Winterhalter. So twenty years ago wasn't all rock & roll.

Wedding bells (8/14) for Erick Foreman (WDXR-Paducah) and Judy Newbern.

Sara and Steve Michaels (WFRC-Reidsville, Va.) welcomed new daughter Christy Marie, 6 lbs. 5 oz., Thursday, Aug. 13.

"It All Adds Up" contest pulling great response at WDXR-Paducah. Prizes reward constant listeners who follow from start of the contest clock to the alarm. Quarter hour maintenance gimmick.

At KWSL-Sioux City, Ia., PD Doc Holliday (E. Joe Eck) reports great response to "Fringe Benefit" contest. It's sort of a radio charade game, in which a series of clues are given to help identify a certain product of a sponsor. First correct guess wins prize. "Works great when sold as a package to an entire shopping center", says Doc.

WRKT-Cocoa Beach is looking for catalogues of old hits from any and all record sources making such available.

Who says you need an ocean beach for a beach party? In Lawrence, Kansas, KLWN will bring in a few truckloads of sand for the Labor Day Weekend. Prizes will include Flash Cadillac's new LP, "Sons Of The Beaches".

When WHIS-Bluefield, W. Va., (pop. 24,000) took over sponsorship of a local minor league baseball game, they boosted attendance from an average of a few hundred to a record 2,600. How? Free admission, free hot dogs.

Bill St. James (of KBCQ-Roswell, N.M.), will be driving his car from San Diego to San Francisco - easy stages, Aug. 30 to Sept. 9. He'd like to visit with Gavin Correspondents along the way. Call him at 505-622-6450 to offer some old fashioned California hospitality.

Many correspondents have sent us figures this week, showing audience gains in the most recent surveys. Following are compact summaries, based on Mon.-Sun., 6AM-Midnite, Metro.

Inside Progressive Radio
(by George Meier, Editor of "Walrus")

Established Progressive Airplay

(In Order)
Jefferson Starship
Steve Miller Band
Rod Stewart
Crosby & Nash
Jeff Beck
James Taylor
Average White Band
Chicago

Notes: The underlines indicate well defined plateaus of radio play. Though all are potent the top 3 are the real powers. Heart, the group we wrote about in April, continues to mystify and amaze. They show very strongly all over the country but have moved their focus to the South. Steely Dan has dropped some nationally, but continues to get real support from the N.E. Both Go and Mark/Almond show well as they begin to establish themselves.

New Progressive Airplay

(In Order)
Linda Ronstadt
American Flyer
Orleans
Grand Funk Railroad
Hall & Oates
Joan Armatrading
Paris

Notes: Linda Ronstadt sparks both artistically and commercially. She and the new amalgam, American Flyer, are impressively in command of new airplay. Regionally, Gino Vannelli acquires airtime in the South and Midwest to boost his position. While Hummingbird gets strength mostly from the Midwest.

Miscellaneous Information

A) An added thought about the instantaneous American Flyer success points out that years after America smashed through sounding like Crosby, Stills, Nash & Young, A.F. succeeds sounding like America. Both have been produced by George Martin. Soft, folk-rock harmonizing continues as a central musical force.

B) Some new singles and imports add color. In addition to imports by the Wailers and Brand X, which we have reported before, the new Soft Machine and Curved Air albums do well. Also the Stills-Young single is a runaway.

The following tracks fill the air:

American Flyer-LADY BLUE EYES England Dan/John Ford Coley-WESTWARD WIND
Bonnie Bramlett-HOLD ON, I'M COMING Flamin' Groovies-SHAKE SOME ACTION
Grand Funk Railroad-JUST COULDN'T WAIT John Mayall-SUNSHINE/YOU CAN'T PUT ME DOWN
Christine McVie-CRAZY 'BOUT YOU BABY Gino Vannelli-LOVE OF MY LIFE

Mailbag

Thanks to those who wrote us their comments on the Monterey radio meeting. Brian K. Graham, writing "on behalf of everyone at KWAV": "Congratulations for presenting meetings which were not simply the big guys telling the little guys what to do and how...I'd like to suggest that all members of a station's staff (sales, engineers) should be included...Any station that does not take advantage of such a meeting can't be too serious in upgrading their service to themselves, or to the radio public".

Fred James writes from KFIV-Modesto: "It was the best \$10 investment I've ever made in my radio career...The meetings were very informative...Of special interest was what I learned about ARB, promotions, and quarter hour maintenance. I only wish more of the KFIV staff had attended.

A longer letter from Rick Carroll, KEZY-Anaheim, passes along some impressions and some ideas: "I witnessed a new level of communication for a radio seminar that I've never experienced before...What was really different was the content of the sharing by both major and small market stations...Radio is radio - only the rules and agreements of the game are different with each market level...My experience is that you need to be able to handle the low level stuff before you can handle the high level stuff. What I've found to be important is the spirit and energy in which each of us, at our own levels, goes about getting the job done...Whatever level you are functioning at right now, be responsible for getting the job done at that level. We have it wired in our heads that satisfaction comes from 'making it'. The truth is that you've already made it where you are right now. In our society we have made the game of radio significant, we as radio people have to take responsibility for playing the game in a more responsible manner...Bill, I totally support this new form of regional conferences. It gives us more of a common ground to come from when we deal with situations and people that are closer to our every day reality...This seminar in Monterey stayed on target and got the job done. Congratulations on a success."

Several of our guests said afterwards that they regretted not having urged attendance by managers, engineers and salesmen. Apparently our regional meetings, small and informal, are growing into an excellent forum for pulling together the sometimes dissident elements of sales and engineering and establishing a firm foundation for more effective teamwork within the station.

Our special appreciation to Vic Ives (KSFO), Steve Rivers (KROY) and Dave Sholin (KFRC), who served as moderators and to Bob Kanner, KFRC's chief engineer, who talked about his technical field in terms that everybody could understand. And thanks to all the radio people who came and shared their experiences and ideas.

It was a memorable weekend for all of us from the Gavin office - Janet, Gary, Ron, Kent & Bill - and, I hope, for everyone who attended.

The other morning at KBOX-Dallas, Peck and Penny, up to here with requests for LAST RIDE, devoted the musical portion of their show to records dealing with someone's death. Surprising how many we have in country - they had no difficulty in filling the time.

Unusual event last Saturday on the Grand Old Opry - Charlie Daniels did two shows, taking an encore for each. Dr. Hook was introduced Friday night although the group did not perform. Shades of the days when certain instruments were banned from the Opry stage!

Reminder: CMA members have received the 2nd. round of ballots for the annual awards. Please note the deadline for return and get them in promptly .

Our sincere sympathy to Bill Robinson, WIRE-Indianapolis, on the recent loss of his mother.

Albums

Album of the Week: (reviewed by Ron Fell) "School Days"-Stanley Clarke (Nemperor) A progressive album in every sense. Clarke's electric bass guitar work, some outstanding guitar playing by Raymond Gomez and the album's high recording quality done by co-producer Ken Scott, put this album in my "Best Albums of 1976" category. HOT FUN (only 2:51), THE DANCER, QUIET AFTERNOON and some incredible pickin' on SCHOOL DAYS make this a "must listen" album of the week.

Bill Gavin's Personal Picks

- - - I especially like:

- I ONLY WANT TO BE WITH YOU-Bay City Rollers (Arista) The old Dusty Springfield hit song comes to life again in this new and different version by the Rollers. The way in which it is already jumping out of the box onto some notoriously tight playlists suggests that the side's potential is more than a little obvious.
- I CAN'T LIVE A DREAM-The Osmonds (Polydor) The group's customary top quality performance and production are attached here to an intelligently conceived piece of music. Record has obvious teen appeal but should also find a warm welcome in the older demographics.

Gary Taylor is making no personal picks this week.

Also Possible

- DON'T THINK...FEEL-Neil Diamond (Columbia)
- LIKE A SAD SONG-John Denver (RCA)
- LOVE HAS GONE AWAY-Marlena Shaw (Blue Note)
- THE PEOPLE SOME PEOPLE CHOOSE TO LOVE-Jim Weatherly
- ...MAKE YOUR OWN SUNSHINE-Harper's Bizarre (Blue Note)
- TONIGHT'S THE NIGHT-Rod Stewart (WB) (ABC)
- LOVE OF MY LIFE-Gino Vannelli (A&M)
- THE RUBBERBAND MAN-Spinners (Atlantic)

Gavin's Gab

WRBC-Albany, one of the oldest stations in Georgia is being purchased from the James Woodruff chain, by McClure Corp., who now will own five Georgia stations. One of these, WJSR-Athens, will become WAGQ on Sept. 1.

Another ownership change in the South - can't identify yet, but it's a powerhouse in a top 75 market. They're looking for contemporary air talent/production, news people and a music director/jock. Tapes and resumes to Allen James, 1926 Eye St., N.W., Washington, D.C. 20006.

WHHY-Montgomery presented a 16 hour Skate-a-Thon for the Muscular Dystrophy Fund. 300 kids skated the entire time - raised \$10,001.75 in pledges. Paul Davis came in, signed autographs, handed out cowboy hats.

WFLI-Chattanooga broadcast live from a pep rally at Eastridge High School which established a new pep rally record for the Guinness Book - 24 hours! Previous record was 15 hours. That's a lot of cheering.

Change of mailing address: KBZY Radio, P.O. Box 14900, Salem, Oregon 97309.

New phone numbers for KWWL-Waterloo: Bob Beck 319-291-1214, John Arthur 319-291-1245.

Michael Stone, CK101-Cocoa Beach can now take music calls Tuesdays and Wednesdays only - between 10AM and 1PM.

At KJRB-Spokane, Michael Christian can take music calls from 1 to 3PM on Mondays only.

WQOK-Greenville, S.C., is now featuring one entire album each night - needs LP service - all labels.

Format change: WBML-Macon switching from rock to country.

KSO/AM (country) and KGGO/FM (pop)-Des Moines, wants a top production director. No calls. Mail tapes, resumes, recent pilots, salary requirements to Perry St. John. Zip: 50317.

In our previous reference to the Fargo radio audience, we implied that KQWB/AM and FM might be simulcast. Bob Denver (KVOX) tells us that KQWB/FM is automated from 6AM to 6PM.

Debbie Marcus tells us that KFRC's Don Rose is the author of a "Jocks Tips" article appearing in the next issue of "Fruitbowl". Any broadcaster who has not previously had a free ride may have this as his free trial issue. Box 382, Fair Oaks, Calif. 95628.

Speaking of "Fruitbowl", there are usually some good words in the "Jock Tips" section - like this: "Commercials: are you taking the trouble to structure your clusters, so that the longer, unproduced spots lead to the shorter or more entertaining spots? Are you careful (in production) to choose obscure music for commercial leads so your listener won't focus on the music, instead of the content? Do you have the guts to complain when the copy is so long you have to race through it to finish in time?...Those commercials are going to run on your show, and affect the way you sound, and if you can't make everyone on the staff care, you can at least make sure one guy does it right.

WIBR-Baton Rouge will now be programming up to five album cuts a week. Cuts will be listed each week in their action reports to us. They'd appreciate album service from all sources, says Joe London.

Up in Tri-Cities, Washington (Richland, Pasco, Kennewick) ARB's adult shares show top 40 KALE #1 in the 18-34 group, while A-C KORD (AM/FM) leads the way 25-49, and with the 35-64 group KOWA is tops. That's metro, Mon.-Sun. 6AM-midnight.

David Carroll sends us some Chattanooga ARB numbers which show his station WFLI rated number one in total audience - teens and adults - Mon.-Sun. - 6AM-midnight.

Jerry Rogers, WSGA-Savannah sends the ARB shares for his market, which show his station #1 in total audience, metro, Mon.-Sun., 6AM-midnite, moving up from a number two position a year ago. In the total survey area, WSGF pulls ahead, with beautiful music WJCL running second.

Eric Norberg's analysis of the Portland (Ore.) Pulse shows KGW the leader in total audience, Mon.-Fri., 6-midnight, followed by KEX, KWJJ (country), and KISN, in that order. In Eric's target audience, 25-49, KEX rates #1 with a 14 share, followed by KWJJ and KGW, with KISN, KDOK (country) and KXL (background) tied for fourth spot.

Next week we'll quote some Eric Norberg comments on the comparative reliability of ARB and Pulse.
