Country Club

Jobs: KCKN-Kansas City has a dandy opening for the right production director. Must have 4-track experience and have creative ability. No calls. Write P.O. Box 1165, zip 66117.

Service: WYFE-Rockford, Ill., needs the Tammy Wynette and Wynn Stewart singles. Matter of fact, they'd appreciate better record service from everybody.

KPUB-Pueblo requests country singles and LP's from all sources excepting ABC and Capitol. (They're great, sez Bob Pike.)

Mark Meredith is the new PD at KKIK-Waco.

Rick Marcellan moves from the GM chain at KKYX-San Antonio to take over as VP-GM of newly acquired KFJZ(AM) and KWIX(FM)- Ft. Worth. Bill Rhode moves up to the GM spot at KKYX, where his PD is Paul Morgan. All as of Oct. 1.

Buddy Johnson, formerly air talent and music director at KTRM-Beaumont, Texas, moves to KYKR-Pt. Arthur where he'll be into sales, in addition to his air work.

KRDR-Gresham, Ore., thanks all the record folks who have responded to their request for album service.

Valerie Holt, KPRB-Redmond, would appreciate re-service on the Merle Haggard single.

"Dub" Murray replaces Dave Allen as music director at KEES-Gladewater/Longview, Texas.

"Dub" was one of the first "Doc" Holidays, back in 1959, back at KAAY-Little Rock.

KYA-San Francisco drew a record-breaking crowd of over 30,000 for its back-to-school "Date Night" at "Great America" amusement park in Santa Clara.

A determined (relentless?) promotion man in Montgomery decided to camp out in front of WHHY until Lanny West agreed to play his record. Somebody phoned the station's night man that there was a suspicious looking person making camp in front of the station. Night man phoned police; police picked up promo man; promo man explained - was identified - not booked. Did Lanny finally go on the record? Ask him!

Three new voices on WNBC-New York reflect new directions under PD Mel Phillips. On October 11 Joe McCoy and Walt "Baby" Love will move into the 10AM-2PM and 2-6PM slots respectively. Joe was formerly a popular New York jock for seven years on WXLO/FM. Walt comes to WNBC from WVON-Chicago, where he was operations mgr. Johnny Michaels, from WBLS, is already installed in the 2-6AM slot.

Late opening flash: KGAL-Lebanon, Ore., needs an air talent with a first phone. Tapes & resumes to Jim Iverson, P.O. Box 749, Albany, Ore. 97321. No calls, please.

(Bill says that they're still awaiting the A&M edit of the Peter Frampton entry.)

Bob Murphy moves from WOKY-Milwaukee to take on the morning drive slot at WAYS-Charlotte.

At WLAC-Nashville, Wilma Carwell is now director of music research and also the R&B music director. On the Spider Harrison show, from midnight to 1AM, will be "The Big Break" feature - a nightly exposure of new R&B releases, with listener response invited. (This station's night time signal covers an enormous area.)

KBCL-Shreveport, La. invites tapes and resumes for future news openings. (E.O.E.) Address: News director, KBCL, 505 Lane Bldg., Shreveport, La. 71101.

Inside Progressive Radio

by George Meier, Editor of "Walrus"

Second Generation Progressive Radio Already

Progressive radio is now nine years old. In radio life that is at least two generations. If one is to attempt an understanding of the beast as it exists today that fact is important.

Though there is some bleeding back and forth, there are still only two spheres in progressive radio, the old and the new. They are not better or worse. They are simply different approaches to the same mass of music.

Tom Donahue's first attempt at developing a full time format was launched in April 1967 at KMPX. Those times were volatile and the people who staffed the station and the ones to follow were dropping out of the system which existed - namely Top 40 - or starting careers fresh out of school. These people believed deeply in alternatives, not only in radio, but in lifestyles of all sorts.

By now most of them have either fallen by the wayside or made some adjustments in their original thinking. Few remain essentially unchanged.

Replacing the legions who did not stick has come a combination of the corporations and a new breed of young radio person. Like other people coming from school in the last several years the attitude is much more one of finding a place to fit in rather than finding a new way of fitting the pieces together.

The corporations and their new corporals have evolved the second generation of progressive radio. It's safer, defined more in pop terms and, therefore, broader in appeal.

What exists today is an ever growing second phase and an ever shrinking first phase.

Albums

Album of the Week: "Songs in the Key of Life"-Stevie Wonder (Tamla) Much delayed and over-hyped, this album quickly makes up for lost time. The musical scope of Mr. Wonder appears limitless as the 21 cuts cover love, hate and hope in the past present and future about as completely as can be done in music. "Must Listen" cuts include: I WISH/LOVE'S IN NEED OF LOVE TODAY/AS/PASTIME PARADISE/SUMMER SOFT/NGICULELA-ES UNA HISTORIA/EBONY EYES/SIR DUKE (Tribute to Duke Ellington)/ISN'T SHE LOVELY and VILLAGE GHETTO LAND. Wonder's ability as a writer has, in the past, given us many standards like MY CHERIE AMOUR and YOU ARE THE SUNSHINE OF MY LIFE. Songs in "The Key of Life" will certainly increase his contribution to our "timeless music" category.

Also recommended from the following LP's:

Bill Gavin's Personal Picks

- - - I especially like:

- DON'T TAKE AWAY THE MUSIC-Tavares (Capitol) Ear catching intro leads into an exciting arrangement, in which vocal harmonies alternate effectively with a soulful soloist.
- ARIA-Acker Bilk (Pye) Shades of "Stranger On The Shore", one of the top hits of 1960. It's a pleasure to hear an instrumental that isn't slanted at the disco trade.
- SWEET FEELIN'S-Tennessee Ernie Ford (Capitol) He's singing just as well as he did 20 years ago with his big hit, "16 TONS". This song is considerably different, but it presents a nice, homey atmosphere that should find favor with many adult stations.

Gary Taylor is not making any picks this week.

Also Possible

Regional Meetings

Indianapolis registrations from Indiana and Ohio have been representative, but the response from Illinois and Michigan has been disappointing. Maybe the folks in these states didn't know that they were invited, too. Well, you are. It still is not too late to register for this regional meeting. Indianapolis Hilton (down-town), October 16-17.

From: Janet

Kaiser Hospital, San Rafael
September 30, 1976

Your many cards, letters, and flowers have made my days in the hospital much more pleasant. There have been so many that I can't possibly acknowledge them all individually, so I won't even try. It's some comfort to be missed at the office, even though it's no fun to be missing.

The doctors and nurses here have been wonderfully kind. They tell me that they're going to let me stay here for maybe another week, but it isn't definite yet. I'm feeling a little better and a little stronger each day, but it looks as if I'll have to take it easy for a long time yet.

When I get home, Bill is going to bring all the latest country records so I can keep up with what's going on with the world's best music. And even though I won't be in the office for a while, I hope to have some say about which new singles are "Recommended" and "Also Possible" in our Report.

Thank you all for your prayers and good wishes. They've helped a lot.

Gavin's Gab

Janet is scheduled to come home from the hospital on Monday (11th). The doctor has taken her off the salt-free diet, and food, she says, again tastes like food. She has truly enjoyed the many cards and letters that she has received. She has been getting more mail than all the rest of the hospital put together. I offered to take it home to get it out of her way, but she said no, she wanted to read it all again. For the future, she intends to keep in touch with country music at home by means of records and radio - maybe even a few phone calls. Then around the first of December she'll be coming back to our office on a limited schedule. Thanks to all the hundreds of friends who have sent her their good wishes.

WAVE-Louisville now has a hot air balloon to go along with "Skycopter 97" and "Car 97". Next, maybe, a boat - "Water Wings 97"? Station air staff: Danny King, Claude Wayne, Chuck Casteel, John Scott Morgan, Jack Gallo, Jerry Tucker. Danny writes: "We're very happy to be a new subscriber...not sure how we gave our listeners the proper music without The Gavin Report."

Perry Murphy is the new station manager at WNAM-Neenah, Wis. Perry was previously GM at WIFE-Indianapolis and KCBS/FM-San Francisco. Dave Moore remains as GM/Exec. VP of this Cummings Communications station.

Thanks to the folks at RKO's KHJ, KFRC, WRKO, WHBQ and 99X for the handsome birthday plaque that Michael Spears and Dave Sholin presented to me at lunch last Monday. It carries a big number "1", and the inscription says that I've been their personal pick for number one for 3640 weeks. Well, the math is a little off - should have been 3,588 weeks. I only just turned 69. But the thought is the thing, and the RKO folks can claim the distinction of being the first to wish me a happy 70th. Makes me very proud and happy to be rated so highly by some of radio's top talents and executives.

Albums of the Week
(reviewed by Ron Fell)

"Porgy & Bess"-Ray Charles & Cleo Laine (RCA) Producer Norman Granz, who put together the Ella Fitzgerald/Louis Armstrong recording of this same Gershwin opera back in the 50's, has brought the recording techniques of the 70's, Ray Charles and Cleo Laine to this classic composition. Ray Charles is spectacular in possibly his best recording since "Modern Sounds in Country & Western Music". Cleo Laine puts her jazz/blues style to good use. SUMMERTIME/I GOT PLENTY OF NOTHING/BESS YOU IS MY WOMAN/IT AIN'T NECESSARILY SO, and OH LORD, I'M ON MY WAY are particularly well done (in individual and collective performances.) What may have been an after thought was the inclusion of Ray Charles instrumental interpretations on most of the tunes, thus doubling the listening pleasure.

"The Painter"-Paul Anka (United Artists) This lavish Anka performance will surely produce lots of A-C airplay. "The Painter" is loaded with ballads and arranged in perfect hue by Michel Colombier. Anka's ability as a top notch writer shines through again on cuts like I'LL HELP YOU and THE PAINTER. The strongest songs on the album, HAPPIER and NEVER GONNA FALL IN LOVE AGAIN, are the only ones with bright, toe tapping beats, but Anka strikes a pleasing balance between ballads and bounce none the less.

Also recommended from the following LP's:

- "Thrills"-The Lost Gonzo Band (MCA) RELIEF/WILDERNESS SONG/LIFE IN THE PINES/SEXY THING

 "Stuff"-Stuff (Warner Bros.) SUN SONG/HAPPY FARMS/DIXIE/UP ON THE ROOF/MY SWEETNESS
 "Motion"-Geoff Muldaur (Reprise) MOTION/WHY DON'T WE LIVE TOGETHER/HOORAY FOR HOLLYWOOD

Bill Gavin's Personal Picks

- - - I especially like:

SLOW DANCING-Funky Kings (Arista) Name of the group somehow fails to convey their ability to make mellow music. (Ron Fell, our trivia champ, reminds us that the composer, Jack Tempchin, also wrote PEACEFUL EASY FEELING, which was such a big hit for the Eagles.)
MISSISSIPPI-Pussycat (Private Stock) The Father of the Waters gets a girls trio treatment here that should be just as big a success in the U.S. as it has been in Europe.

Gary Taylor's Personal Picks

KEEP ME CRYIN'-Al Green (Hi) An exciting record that certainly has cross-over potential written all over it.
IT KEEPS YOU RUNNIN'-Doobie Brothers (Warner Bros.) Objectively we should not look upon the Carly Simon version not making it as a reflection on the tune. This is a Doobies song and only they can do it the way it should be done.
YOU MAKE ME FEEL LIKE DANCING-Leo Sayer (Warner Bros.) This is a hit record - probably top 10. There are so many programmers excited about this that it can't be called a "pick", more appropriate would be "top prospect".

Inside Progressive Radio
by George Meier, Editor of "Walrus"

Established Radio Airplay

(In Order)

- Boston
- Linda Ronstadt
- Jefferson Starship
- Hall & Oates

- Lynyrd Skynyrd
- Steve Miller Band
- Orleans
- Gino Vannelli
- Ambrosia

Notes: It is most significant that a new band, barely a month on the radio, would find the number one emphasis airplay position. And they are doing it by edging out such venerable artists as Linda Ronstadt & Jefferson Starship. Above the line artists bunch together in strength. Regionally, Gino Vannelli tops the Southern list, while he has much less impact elsewhere. Also, Rod Stewart, who would be next on this list, shows best in the West.

New Progressive Airplay

(In Order)

- Robin Trower
- Stills-Young Band
- Bob Dylan
- Al Stewart

- Richie Havens
- Be Bop Deluxe
- Strawbs
- Tommy Bolin

- J.J. Cale
- Eric Clapton
- Ry Cooder
- Crack the Sky

Notes: The double line indicates a tremendous drop in radio response after Al Stewart. However, the records which follow are still getting significant play. Nothing much shows up in a regional way except that Ry Cooder is doing much better in the N.E. & South than he is elsewhere.

Miscellaneous Information

Ringo, ZZ Top and Gordon Lightfoot lead the singles of progressive interest. While recent import leaders Brand X and the Wailers have both been released domestically. In the Wailers case, it will be very interesting to see how they do in the face of their heavy presales. Other imports of note are Kevin Ayers and Soft Machine.

New retail sales are developing strongly along regional lines. Bromberg in the N.E., Bryan Ferry, and The Funky Kings, who aren't funky at all, in the South. Ozark Mountain Daredevils in the Midwest and Al Stewart spurts in the West. All are showing up nationally but their core strength develops from the areas mentioned.

The following tracks fill the air:

Gavin's Gab

Janet came home from the hospital on Monday (11th). She's in good spirits and is slowly regaining strength. We've been taking short walks up and down our street in Mill Valley - a little longer each day. We've found a woman who comes in and looks after the house during the day, Monday through Friday, and this weekend, while I'm in Indianapolis, our daughter, Sally White is coming down from Oregon to be with her mother. Doctor says that by December Janet will be able to cope with air travel as well as a light work schedule. (P.S. to Chris: Her appetite is now excellent. P.S. to Greg: Yes, she very much likes those new window curtains that we picked out.) Cards and letters can be addressed to her care of this office.

Mike Davis, PD of KOIN-Portland wants a pipe organ for his personal use at home. He hopes to find some radio station or theater that has an old one they want to get rid of. "Don't throw it out", says Mike, "I'll come and tear it down and haul it away".

Ed Michaels, of WBRG-Lynchburg, is looking for A-C gold (1969-75). He'll trade his classic country oldies for it or, if necessary, he'll pay for it.

Maybe Ed should get in touch with Robbie Vogt, of WGVI-Wilmington, N.C. Robbie is looking for a station that wants to acquire his personal collection of over 10,000 singles - 1,000 albums. Phone 919-763-6511, or write 211 N. 2nd Street, Wilmington, N.C. 28401.

Steve West (of KJR) and John Sherman (KJRB) invite visiting radio people - especially those from smaller markets - to visit them in their suite at the Sheraton-Spokane Hotel during our regional meeting there on Oct. 30-31. Not a "hospitality" suite - just a good place for radio friends to get together and talk shop.

As previously announced, Steve West will moderate our opening session Saturday (30th), following a welcome by KJRB's John Sherman. Starts at 9AM. Gary Giorgi, from KHQ will moderate the 2 to 5 session Saturday afternoon. The 10AM Sunday session will have Eric Norberg, from KEX, as moderator. The \$10 registration fee covers Saturday lunch and cocktails. There are already 71 radio people registered for this Pacific Northwest Regional Meeting, and interest is at a high level. Several people are coming up from KFRC-San Francisco, including PD Michael Spears and Chief Engineer Bob Kanner. Gary Taylor, former PD of both KJRB-Spokane and KJR-Seattle will be coming in with me. Looks like a fine meeting.

Reminder: In Spokane, for arriving radio people on Friday evening, KJRB, KHQ and KXLY will welcome visitors to look over their facilities. KJRB will provide coffee, donuts and guided tours between 8 and 9PM. KHQ and KXLY will be open between 6 and 9PM.

Jack Diamond checked in from WJTO-Bath, Maine, with the flash that the station will change frequencies in December (95.3 to 105.9) and increase power to 50kw.

Two newcomers to the staff at KOME-San Jose: Gene Mitchell, from KSFM, Woodland, Calif., and Dave Holderman, from KMYR-Albuquerque. New staff lineup: Capt. Reif, Dana Jang (MD), Peter B. Collins, Gene Mitchell, Joe Kelley, Jona Denz. Weekends: Ed Romig (PD), Jim Hilsabeck, Tom Ballantyne, Dave Holderman.

KUZZ AM/FM-Bakersfield, will split operations in December, with the AM remaining country and the FM going progressive/album rock. Record folks are requested to mail the appropriate singles and albums (new, current or old) to Terry Gaiser, music dir., 1209 N.Chester Ave., Bakersfield, Calif., 93308.

WRKT/FM-Cocoa Beach will soon be going live with a beautiful music format. They need record service from all sources. Contact Mike Lowe: 305-632-1300 - calls Mon. thru Thurs., 9AM to 2PM.

Steve York, WAUG-Augusta, sez "Music calls Tues. & Wed., 3-5PM.

Country Club (cont'd. from page 6...)

From Miami, Ron Tatar phones that last Sunday night WWOK presented its annual CMA Special, taking listener votes in 5 different awards category - 30 minutes devoted to each category. During the 2 1/2 hours they received 1,177 calls on their seven trunk lines.

In Yankton, S.D., WNAX celebrates Country Music Month by awarding listeners prizes for picking their favorite country vocalists - solo and/or group. "Fantastic response" - thanks record folks for co-operation.

In Tucson, KHOS is presenting a series of mini-bios of top country artists who have built up the stature of country music.

Kenneth W. Rink, WYFE-Rockford, Ill., thanks Columbia, Epic, MCA, ABC-Dot and Capitol for their co-operation in a recent station promotion.

WQYK (FM)-St. Petersburg using consultant Bill Taylor's "Country Music Game", offers listeners chances to win up to \$500 in cash and prizes.

This is the first CMA banquet that Janet and I have missed in twelve years. She'll be on hand for the Seminar in Nashville next spring, and I'll join her for the 1977 CMA banquet in the fall, provided they move it back to Friday night, where it belongs.

Albums

(reviewed by Ron Fell)

"Burton Cummings"-Burton Cummings (Portrait) The clarity and drive of the vocals, coupled with the thrust and direction of super-producer Richard Perry, mark this album as an auspicious debut for Burton Cummings as a solo artist and for Portrait as a record company. Cummings, whose single STAND TALL highlights the album, belts out songs like I'M SCARED, YOUR BACKYARD, IS IT REALLY RIGHT, and YOU AIN'T SEEN NOTHING YET in fine style. This album will establish Burton Cummings as a solo artist to the point where describing him as "the guy who sang lead on the The Guess Who hits" won't be necessary.

Summary of Indianapolis Meeting

Fifty radio people, from seven central states, met for two days last weekend at the Indianapolis Hilton. Much of the discussion in the three sessions centered around the general area of interdepartmental communication within a radio station and how to improve it. In the area of news, Fred Heckman (WIBC) pointed out that only 4% of the country's newsmen earn over \$15.00 a week. Too often a news staff is recruited from among jocks who are "over the hill" and lacking in education or training as broadcast journalists. It was emphasized that the quality of a station's news has much to do with the station's image in the community.

In the field of broadcast engineering, Jim Loupas, an audio consultant, called attention to the great progress being made at that level, with the listening public becoming more than ever aware of such factors as loudness, compression, distortion, equalization, etc. The discussion in this area stressed the need for better understanding between engineering and the other radio departments. Loupas noted the frequent difficulties encountered by laymen in putting into meaningful words their criticisms of the station sound. Dick Smart, chief engineer for the Fairbanks group, thought that engineers themselves had created some of their own problems just by isolating themselves and their work from other station operations. The point was also made that the station's sound could never be better than the weakest link in the audio chain. Someone observed that FM listening was becoming a status thing, with some listeners boasting of their "FM stereo", even though it may be only a small monaural receiver.

Discussion of FM radio continued in the afternoon session. Wayne Miller, of WIRL-Peoria, commented that AM radio shouldn't try to compete with FM just by increasing album plays. Personality, it was said, is a major AM advantage, and even many tight format top 40's now recognize and encourage personality radio, particularly during morning drive.

When the talk turned to commercial spot loads and the sales function generally, Jim Smith, manager of WSAI-Cincinnati sparked a lively discussion that sharply underlined the importance of mutual understanding between the sales and programming staffs. It was suggested that salesmen should thank the jock - or production man - who has done an especially effective job for one of his (the salesman's) clients. E. Alvin Davis, PD of WSAI-Cincinnati, expressed his opposition to rigid formats and said he favored emphasizing human values, with an awareness of listener attitudes and needs. We heard composite tapes from WROK-Rockford, WCOL-Columbus, WMOH-Hamilton and WIRE-Indianapolis. The WROK tape received enthusiastic applause from our group. This station boasts super audience shares even though being well within the primary coverage of the big Chicago stations.

Our Sunday talks started out by exploring the various facets of audience research. Attention was called to the RAB task force, which is being chaired by Plough's Harold Krebstein. The entire RAB Board will meet in Palm Springs on October 26 to receive a report from the Canadian group who operate the government's Board of Broadcast Measurement (BBM). The RAB seeks to improve the level of audience measurement accuracy in the U.S.

Regarding promotions and contests, John Randolph, PD of WAKY-Louisville felt that call-in promos can be overemphasized. The right combination of music, air staff and community image are the main elements in a station's success. Also included for discussion were station jingles, oldies, burnouts, power rotation, creativity and radio's ultimate responsibility to the public.

Moderators for the three sessions were Don Nelson, Bryan McIntyre and John Randolph. Jim Hilliard, exec. of Fairbanks Broadcasting, opened the first session with a friendly welcome to Indianapolis. We're especially indebted to WIRE and its engineering crew for providing and operating the sound equipment for the playing of the various tapes. Thanks also to Pat Martin, of WSPT-Stevens Point, for providing the notes on which this summary is based.

This was probably the most comprehensive regional Radio Meeting that we have held, in its wide range of topics of vital concern to radio broadcasters. We're looking forward now to Spokane (Oct. 30 & 31) and to Cocoa Beach (Nov. 13-14). Registrations for these meetings will be accepted right up to meeting times. Same rules apply: no speakers, no panels, no agenda. Sessions are for radio people only. Record friends are invited for cocktails at 6PM Saturday. There are to be no record hospitality suites.

Please note: All persons planning to attend either our Spokane or Cocoa Beach meetings should let us know in advance. This applies to record people coming in for cocktails as well as to the radio registrations. Even though there's no registration fee required for record people, we need to know how many, in order to provide ample food and beverage.

Albums of the Week
(reviewed by Ron Fell)

"Blue Moves"-Elton John (Rocket) A typical Elton John album, in that there are seven or eight good, programmable cuts. An atypical Elton John album, in that there are ten other cuts which thin out the overall quality. A symphonic masterpiece, TONIGHT, and a full-tilt boogie BITE YOUR LIP, bookend his current musical masterpiece. BETWEEN SEVENTEEN AND TWENTY, CRAZY WATER, CAGE THE SONGBIRD, ONE HORSE TOWN, CHAMELEON and a moving SORRY SEEMS TO BE THE HARDEST WORD would have made a spectacular one record set.

"A New World Record"-Electric Light Orchestra (United Artists) Appearing to stay within the safe limits of their previous "Face the Music" album, this latest Electric Light Orchestra set, none the less, rocks out with incandescent style. 100 watt performances on DO YA (the Move classic), SHANGRI-LA, and MISSION pace the album. Artists like E.L.O. are able to bridge the time gap between LP's with a steady stream of top quality singles from each album.

"Johnny The Fox"-Thin Lizzy (Mercury) Flat out rock and roll from the first chord of the Gorman/Robertson twin lead guitars, Johnny The Fox should continue to increase the momentum this group is gathering here in the States. Already a major act in Europe, Thin Lizzy now follows up their recent hit THE BOYS ARE BACK IN TOWN with a solid album of excellent guitar work and impressive vocals. DON'T BELIEVE A WORD, FOOL'S GOLD, OLD FLAME, and BORDERLINE should be heard.

Also recommended from the following LP's:

- "It's Your World"-Gil Scott-Heron & Brian Jackson (Arista) IT'S YOUR WORLD/MUST BE SOMETHING
 "Andy"-Andy Williams (Columbia) SAILIN'/MY LONELY ROOM
 "From Eden to Canaan"-Bobby Scott (Columbia) WILD WORLD/MAN OF CONSTANT SORROW
 "Back Into the Light"-Prelude (Pye) THE NIGHT THAT NEW YORK CRIED/NEVER BE ANYONE ELSE BUT YOU
 "Ports of the Heart"-Jimmy Spheeris (Epic) I'M SO LONESOME I COULD CRY
 "Leftoverture"-Kansas (Kirshner) CARRY ON WAYWARD SON
 "Romeo & Juliet"-Hubert Laws (Columbia) UNDECIDED
 "Don't Stop Believin'"-Olivia Newton-John (MCA) COMPASSIONATE MAN/HEY MR. DREAMMAKER/THE LAST TIME YOU LOVED/I'LL BET YOU A KANGAROO
 "Slip Stream"-Sutherland Brothers & Quiver (Columbia) IF I COULD HAVE YOUR LOVING/WILD LOVE/THE PRISONER
 "Four Seasons of Love"-Donna Summer (Casablanca) AUTUMN CHANGES
 "Bo & Ruth"-Bo Kirkland & Ruth Davis (Claridge) TO MAKE YOU LOVE ME
 "Blue Benson"-George Benson (Polydor) THAT LUCKY OLD SUN/THUNDER WALK
 "Living Inside Your Love"-Earl Klugh (Blue Note) I HEARD IT...GRAPEVINE/LIVING INSIDE YOUR LOVE
 "The Song Remains The Same"-Led-Zeppelin (Swan Song) ROCK AND ROLL/THE SONG REMAINS THE SAME

Bill Gavin's Personal Picks

- - - I especially like:

- INDIAN SUMMER-Nancy Sinatra & Lee Hazelwood (Private Stock) His rich, resonant voice brings a special intimacy to the recitation, while the orchestration, clustered around Nancy's delicate voice, creates the appropriate mood. Not an obvious top 40 candidate, but guaranteed to provide distinction to the adult stations who are trying to avoid the "me too" sound with the pop hits.
- FLIGHT '76-Walter Murphy Band (Private Stock) Derived from "Flight of the Bumble Bee" this disco treatment might irk the ghost of composer Rimsky-Korsakov, but it should bring pleasant profits to arranger-conductor Murphy.

Gary Taylor is not making any picks this week.

Also Possible

- MY PRAYER-Jackie Richardson (U.A.)
- CAN'T LET A WOMAN-Ambrosia (20th)
- BABY, I'LL GIVE IT TO YOU-Seals & Crofts (WB)
- LOVE IS STILL BLUE-Paul Mauriat (Free Spirit)
- EARLY IN THE MORNING-Tommy Roe (Monument)
- FREE-Deniece Williams (Columbia)
- A LOVE OF YOUR OWN-AWB (Atlantic)
- LOVE LINES-Lyons & Clark (Shelter)

Inside Progressive Radio
(by George Meier, Editor of "Walrus")

Established Progressive Airplay
(In Order)

- Boston
- Stills-Young Band
- Lynyrd Skynyrd
- Bob Dylan
- Al Stewart
- Linda Ronstadt
- J.J. Cale
- Robin Trower
- Steve Miller Band
- Hall & Oates

Notes: That the Stills-Young Band has captured a major share of airplay is not unusual. However, the instant acceptance of Boston, which was indicated in last report's New Airplay, is unprecedented. Regionally, Manfred Mann's fifth position in the Midwest pulls him up to a national 14th position.

New Progressive Airplay
(In Order)

- Stevie Wonder
- Eric Clapton
- Robert Palmer
- Tom Waits
- Ringo Starr
- Earth, Wind & Fire
- Styx
- Wendy Waldman

Notes: Beyond the overwhelming dominance of Stevie Wonder, Eric Clapton and secondarily Robert Palmer, there is nothing surprising to report. Regional positions are taken up by varying combinations of this list. A significant missing element is the recently released Wailers Live album. After months as a giant selling import, its U.S. release has been met by lukewarm radio reaction. We'll watch its retail progress.

Miscellaneous Information

- (1) One of the stronger new sellers is an old album. The re-issue of the Shelter catalog has stimulated sales on Leon Russell.
- (2) The runaway single in progressive radio is the new Electric Light Orchestra release. Others doing well are ZZ Top and Burton Cummings.
- (3) Vangelis, that unique European keyboard character, leads the short list of significant imports.

The following Tracks are filling the air:

- Mose Allison-YOUR MIND IS ON VACATION
- Brand X-NUCLEAR BORN
- Eric Clapton-HELLO OLD FRIEND/SIGN LANGUAGE/CARNIVAL/DOUBLE TROUBLE
- Phillip Goodhand-Tait-OCEAN'S AWAY
- Bob Marley & The Wailers-NO WOMAN, NO CRY/GET UP STAND UP/I SHOT THE SHERIFF
- Brian Protheroe-I/YOU
- Ringo Starr-A DOSE OF ROCK 'N ROLL
- Strawbs-SIMPLE VISIONS/I ONLY WANT MY...
- Styx-MADEMOISELLE/CRYSTAL BALL
- Long John Baldry-EASY EVIL
- Earth, Wind & Fire-SATURDAY NIGHT/BIYO/GETAWAY/ON YOUR FACE
- Rory Gallagher-CALLING CARD
- Bonnie Koloc-CLOCKS & SPOONS/KNOCKIN' MYSELF OUT
- Robert Palmer-SPANISH MOON/MAN SMART, WOMAN SMARTER/GOTTA GET A GRIP ON YOU/ONE LAST LOOK
- Flora Purim-500 MILES HIGH
- Steeleye Span-ORFEO/NATHAN'S REEL
- Robin Trower-CALEDONIA/LONG MISTY DAYS/MESSIN' THE BLUES/SAILIN'

Country Club

Jobs: Tacoma looking for a part time DJ to help cover weekends. Contact KMO P.D. John Harmon,
 P.O. Box 1277 (98401). (Good opportunity to break into the Seattle-Tacoma market.)

KPUB-Pueblo, Colorado, has an opening for air talent. Contact Bob Pike, 303-545-5970.

Service: KLIX-Twin Falls, Idaho, needs improved service from several labels. Current singles
 by Dickey Lee, Don Williams, Mickey Gilley, Eddy Arnold, Barbara Fairchild, Donna Fargo,
 Emmylou Harris, T.G. Sheppard. P.D. Dick Byrd would also appreciate LP service from RCA,
 ABC/DOT, MCA, Columbia, Epic, UA. It's a modern country format offering a wide variety
 of music. Dick tells us that his station is dominant in that market, with a 50% share of
 audience.

Don Richards at WOHS/FM, Shelby, N.C., reports that he needs service from UA.

KPUB-Pueblo needs country singles and LP's from Warner Bros., Columbia, Elektra/Asylum.

KINE-Kingsville, Texas, needs country singles - all sources. Mail to P.O. Box 846,
 Zip 78363.

Available: Rick Allen, with a 1st phone and 14 years experience can be reached at 612-677-4577.

Changes: Rick Lewis is the new music director at KTIB-Thibodaux, La.

At WWVA-Wheeling, Bob Berry returns to the music director's chair, replacing recently
 departed Bob Barwick.

Gary O'Neil, WQCK-Warner Robins, is trying his hand - or rather, his throat - at recording, with
 a soon to be released single, "A DJ'S PRAYER". He tells us, "Look out, world."

The air staff at KEED-Eugene will jointly MC a concert featuring Waylon Jennings and Jessie
 Colter Saturday (30th) at the Univ. of Oregon's Mac Court.

At WHN-New York last Friday (22), Mel Tillis, newly crowned "entertainer of the year" in
 CMA balloting, was guest DJ on the Del Demontreux Show. Mel took the mike from 4 to 5 PM,
 and Ed Salomon reports that some of his live commercials may have run a little overtime.

At KCKC-San Bernardino, Bob Mitchell this week held live phone interviews with Gene Autry (Mon.),
 Anne Murray (Tues.), Don Williams (Wed.), Gordon Lightfoot (Thurs.).

Jeff Williams from Salem, Oregon, thanks Irene Symmons, John Curb, and Freddie Zaehler for their
 help in making KGAY's "LP Jackpot" a big success.

Nick Owens tells us of a new country station "in Illinois second largest market" that is
 looking for creative air talent and production. Applicants contact Nick c/o WYFE, 1901
 Shaw Rd., Rockford, Ill., 61111.

John Gray notes that KNGS-Hanford has dropped the Mickey Gilley record because of
 objectionable lyrics.

Retrospect

....from our old files:

October 28, 1966. WFIL gave away thousands of pop guns in Philly to publicize its switch to pop music.

17 year old Sandi Hite won KHJ's "Million Dollar Weekend" contest. Her winning weekend was spent in - would you believe - San Francisco. Her headquarters were the Palo Alto Cabana Hotel, in a suite occupied last summer by the Beatles. Her guide was KHJ boss jock Johnny Mitchell.

LeBaron Taylor has resigned at WJLB-Detroit to devote full time to his record company. We wish him well.

November 4, 1966. Charlie Paine leaves his post as general manager of KLIF-Dallas to become a broadcast executive for Westinghouse. His successor at KLIF is Al Lurie, formerly Nat'l. Sales Manager for the McLendon stations.

KNBR-San Francisco has a new program director - Donald Loughnane. He was formerly PD at WHB-Kansas City. Station manager is Dale Moudy, from WSAI-Cincinnati.

Bill Stewart, formerly with the Storz chain, replaces Don Keyes as program supervisor for the McLendon stations. Don has bought himself a station in Canton, Ohio.

KJR-Seattle attracted 28,118 paid admissions to its Haunted Halloween House last week, raising over \$12,000 net for the Orthopedic Hospital. The waiting line at times was over two blocks long, with some people waiting in line for two hours - and it was raining.

Dick Starr's show on WFUN features a "Jet Set" feature - thirty minutes of authentic hits from the jet set capitols of the world - London, Rome, Paris, Melbourne, San Francisco, etc. Great listener response.

November 11, 1966. Quote from Terry David Mulligan, CKCK-Regina: "With Canada not only celebrating her 100th birthday but also hosting the World's Fair (in Montreal) the recording world can expect a flood of Canadian disc. Watch for Canadian groups to be talented. Sooner or later the U.S. will wake up to the vast amount of talent up here."

Johnny Randolph has resigned from WKLO, where he was music director for a year and a half. He is well recommended.

November 18, 1966. Our correspondent (name withheld by request) comments that being a music director is something like being a prime minister: You must constantly prove yourself right, and if you make one serious mistake you're out of office.

Pat Tallman contributes this: New group - Tigers in My Tank - singing "What Kind of Fuel Am I".

Inside Progressive Radio
(by George Meier, Editor of "Walrus")

Alternative News - Nuts & Bolts

Flowing from a philosophy of news which evolved out of the '60's tumult, progressive radio news and public affairs has a unique character.

Peopled, at its ideal, by real broadcast journalists, the orientation is toward local investigative reporting and away from standard news sources. UPI, the big-time press, and official spokespeople are viewed with emotions ranging from skepticism to downright distrust. This point of view sends these reporters to England's Reuters News Service, which may be establishmentarian in England, but its view of the USA and its relations in the rest of the world tends to be rather objective. For other national news, small independent newspapers and magazines often supplement Reuters, in addition to which a few hip, alternative news services have developed, mainly Earth News, Zodiac News, Rolling Stone's audio service and Newspace, which begins on 9 stations this week.

The best progressive stations, however, place emphasis on locally developed stories. In Boston they have been watching the busing story with an eye toward the politics of seething attitudes. In Cleveland they have been examining the untold story of the Kent State trials for years. And in San Francisco most of the pattern for alternative news was set years ago by a man named Scoop Nisker who added to his journalistic sense humor, wit, music and production skill. His irreverent satire, created on a daily basis, is legendary.

On the public affairs side, a batch of women's programs, gay programs and consumer programs have developed.

The whole character of progressive radio's news contributes mightily to the impact of the format, unifying its image. We wish we could say that our description generalizes throughout progressive radio. It doesn't. But, in some places they have put it all together as described. The others should.

Albums

Album of the Week: (reviewed by Ron Fell) NIGHT MOVES-Bob Seger (Capitol) Seger has been well known, for over a generation, amongst Eastern and Midwestern rock music aficionados as a quality performer. His relative lack of universal acceptance in the past should be shattered with this musically tight set. Seger's writing and performances on MAINSTREET, NIGHT MOVES, and SUNSPOT BABY are prime cuts. His resurrection of Willie Mitchell's COME TO POPPA and Ronnie Hawkins' MARY LOU further demonstrate Seger's talent as a mature, straightahead artist worthy of increased airplay.

Bill Gavin's Personal Picks

- - - I especially like:

SORRY SEEMS TO BE THE HARDEST WORD-Elton John (Rocket/MCA) It would be hard to find a better illustration of contemporary music's maturity today. Much of the rock & roll of the 60's seems sterile and childish when compared to the imagination and skill that have gone into writing, arranging and recording of this song.

LIKE A SAD SONG-Frank Sinatra (Reprise) To say that the rich vitality of Sinatra's voice is remarkable after all these years loses sight of his brilliant performance on this side. This John Denver song has pleased many listeners as sung by the composer; now, with the Claus Ogerman arrangement in support, the magnetic clarity of Sinatra's reading adds a new dimension of excitement to the ballad.

Gary Taylor's Personal Pick

MEMORY-Silver (Arista) This follow-up release is in the mainstream of commercial productions, consequently it should receive an adequate amount of airplay.

Cocoa Beach Regional Meeting

Where: Frank Wolfe's Beach Side Motel, 1100 N. Atlantic Avenue, Cocoa Beach, Florida.

When: November 13 & 14. Registration 8:30AM Saturday (13th).

First session: 9AM, Sat. Moderator: Ben Hill, CK101.

Lunch: 12:30PM, Sat.

Second session: 2 to 5PM, Sat. Moderator: Bill Early, WMYR.

Cocktails & hors d'oeuvres 6 to 7:30 Sat.

Third session: 10AM to 1PM Sunday.

Registration fee: \$10. May be mailed to Gavin office in advance or paid at the time of the meeting. Checks made payable to The Gavin Report.

Schedule: No speakers, no panels, no agenda. Just a free form, unstructured meeting of radio people from Florida and adjacent states. In previous regional meetings, much of the discussion has centered around news, engineering, sales, promotion, audience measurement and music research.

Thanks to Benjamin Hill, PD of CK101, Cocoa Beach, for sending out notices to some fifty Florida stations that are not subscribers to this Report. They have already produced six new registrations. Florida readers are urged to "pass the word" to any other stations in their area that might not have heard about our meeting.

Important: Be sure to let us know in advance who is coming in from your station. An advance head count is essential in order to plan lunch for the proper amount of people.

Those who'd like a two hour tour of the space installations at Cape Kennedy - on Sunday, following our meeting - get in touch with Ben Hill at CK101-Cocoa Beach. He can arrange for the tour through the TWA people there. Cost would be around \$2 per person.
