Inside Progressive Radio  
(by George Meier, Editor of "Walrus")

Established Progressive Airplay  
(In Order)

- Eagles
- Jackson Browne
- Joni Mitchell
- Bob Seger
- Queen
- Wings
- Al Stewart
- Electric Light Orch.
- ZZ Top
- Gary Wright
- Stevie Wonder
- Santana
- Atlanta Rhythm Section
- Genesis
- George Harrison

Notes: This unusual looking list is a reflection of a situation when lots of strong artists have fresh LP's available. The Eagles, who have always had a major audience, have intensified their appeal with the new influence of knife-edge guitarist Joe Walsh. Bob Seger's LP is the first of his to generalize across the country. Long a star in the Midwest, he has now officially crossed the boundary. The list is especially long because there is a fairly even descent after Joni Mitchell. It should also be noted that the Queen LP is selling as impressively as it's getting airplay, in spite of the clamor about its \$7.98 list price.

New Progressive Airplay  
(In Order)

- David Bowie
- Janis Ian
- City Boy
- Starcastle
- Barclay James Harvest
- New Riders of the Purple Sage
- Leon Redbone

Notes: Both Bowie and Janis Ian intensify their sounds on their new LP's and both start well. David's LP is his most musically adventurous, a critic's delight, but is it as accessible as his other music? The presence of Leon Redbone on any list of this sort is an unsuspected pleasure. Response to his appearance on Saturday Night Live explains his new acceptance, they say. Starcastle and Sammy Hagar, not mentioned here, start best in the Mid-West.

Miscellaneous Information

- (1) Singles: Dylan, Fleetwood Mac, and 10cc get important progressive interest.
- (2) Imports: 801 continues to do well among imports. They are followed by both Hollies albums, Russian Roulette and Live, Keith Jarrett, and Alan Price.

The following tracks are filling the air:

- AWB-PERSON TO PERSON/CUT THE CAKE/...LOSE THIS HEAVEN/...GRAPEVINE
- Barclay James Harvest-ROCK 'N ROLL STAR
- Genesis-ELEVENTH EARL/AFTERGLOW/YOUR OWN SPECIAL WAY/...MOUSE'S NIGHT/WOT GORILLA
- Steve Harley/Cockney Rebel-LOVE'S A PRIMA DONNA
- Don Harrison Band-RED HOT

Albums

(reviewed by Ron Fell)

Album of the Week: "STRANGER IN THE CITY"-John Miles (London) His American debut album "Rebel" last year was an artistic, if not commercial, success. This second Miles entry, produced by Rupert Holmes, adequately showcases the many Miles talents without as much ornamentation as with the first album. Miles is a musician of immense potential as a guitarist/singer/song-writer, and cuts like SLOWDOWN, STANDUP AND GIVE ME A REASON, MANHATTAN SKYLINE, and GLAMOUR BOY, prove the point.

Also recommended from the following LP's:

Bill Gavin's Personal Picks

- - - I especially like:

WHEN I NEED YOU-Leo Sayer (Warner Bros.) Richard Perry has produced some outstanding recordings during his brilliant career, and this side has to rank as one of his finest creations.

MAGICAL MYSTERY TOUR-Ambrosia (20th Century) Symphonic treatment of the Lennon & McCartney opus sounds overly bombastic in spots, but still offers enough variety to satisfy almost any musical appetite.

STORMS OF TROUBLED TIMES-Beryl Davis (Zodiac) The lovely Jim Weatherly song receives a sensitive and tender reading from this talented lady. It's anything but rock & roll, but there's always room on the charts for another sentimental ballad.

Gary Taylor's Personal Picks

KEEP IT COOL-Elvin Bishop (Capricorn) This is "uptown". Elvin's guitar work is superb alongside that Chicago type brass line.

LAYING BESIDE YOU-Eugene Record (Warner Bros.) If ever there was a record that sounded like a cross-over up front - this is it.

Also Possible

GOODBYE OLD BUDDIES-Seals & Crofts (WB) PHANTOM WRITER-Gary Wright (Warner Bros.)

OLD FASHIONED BOY (YOU'RE THE ONE)-Stallion (Casablanca)

Gavin's Gab

Recent vile weather in the East has brought such widespread hardships to millions of residents there that it may seem out of place to mention such comparatively mundane things as record sales and playlists. Nevertheless, our correspondents in the hardest hit areas report drawing almost a complete blank in attempts to conduct their weekly surveys of singles sales. Some tell us that their playlists, like the rivers, are frozen and will stay that way until there's some sales action again. Others have been relying almost entirely on their phone requests which have held up, and even increased, during the bitter cold weather.

We congratulate those radio airmen who have worked overtime - even stayed around the clock at the station - to provide vital information to their listeners in hardest hit areas of Ohio, Indiana, Pennsylvania and upstate New York.

One unfortunate side effect of the Northern blizzards has been to delay publication of Bob Hamilton's Radio Quarterly Report. Strange as it may seem, the Quarterly, while edited in Los Angeles, is printed in Buffalo, the hardest hit of all cities by the blizzards. The book was to have been available today, February 4, but now the printers tell Bob that unless another storm comes along, they'll have the books in the mail February 8.

KLEO-Wichita celebrated Kansas Day - January 29 - by giving away sunflower seeds, the Kansas (group) "Leftoverture" and jigsaw puzzles of the album cover.

There's an opening for a morning man at a top rated AM top 40 station in a major market. Can't reveal what station it is, but applicants can send tapes and resumes to Pat Martin, WSPT-Radio, Box 247, Stevens Point, Wis. 54481. (No, it's not his station that has the opening).

Our old friend Bob (Todd) Thurgaland checked in from his present station, WGSO-New Orleans. They're all news from 5:30 to 9AM, news and phone talk from 4 to 7:30, and carry play by play sports casts. In between they plan to sharpen up their music along adult contemporary lines and could use some better record service from everybody.

Michael O'Shea, PD of WFTL-Ft. Lauderdale, has been named national PD for all the Joseph Amatore stations: WFTL (A-C), WGLO-Miami (beautiful), KKSS-St. Louis (black), and KLYX-Houston (all news).

WGNI-Wilmington, N.C., sponsored a welcome home concert by Charlie Daniels, assisted by the Winters Bros. Band. Attracted over 3,000 people last Sunday (30th) to 4 hours of rock & roll.

Robbie Vogt is looking for the right spot as music director of a station that features old hits. Robbie, now M.D. of WGNI, says he has a personal collection of 17,000 singles and 1,500 albums. Write him c/o the station, 211 North 2nd St., Wilmington, N.C., 28401.

David Lyons is decorating the walls of the program offices of WAPE-Jacksonville with posters and bumper stickers from radio stations and record companies. Materials can be sent to him c/o WAPE, Box 486, Orange Park, Fla. 32073.

WTOC-Savannah announces that from 11PM to 5AM, seven nights a week they'll be offering a progressive rock format, mainly from LP's, and need album service. Music calls to J.J. Hemmingway Mon.-Fri., 10:30-11:30AM, 912-232-0127.

Music calls to Bill Craig, KMLO-Vista, Calif., Tues.-Fri., 11AM-noon.

KSEE (KC 148)-Santa Maria, Calif., has moved to bigger and better studios, they've joined the NBC network, and their new morning man is Ken Jeffries, from WAZY-Lafayette.

KCJB is a 5kw. 24-hour rocker in Minot, N.D., and they need service from Capitol & MCA, and album service from all sources.

Regional Radio Meetings

The first in our 1977 series of meetings will be held in Jackson, Miss., March 12 & 13, at the Hilton Inn. Registration fee of \$25 covers Saturday lunch and cocktail reception, and three meeting sessions: 9 to noon and 2 to 5 on Saturday, and 10AM to 1PM on Sunday. Meetings are for radio people only; record friends may register for the cocktail party for a \$10 fee.

Checks for registration should be mailed directly to the Gavin office. Those requesting hotel reservations will be mailed room reservation cards, which can be filled out and sent directly to the hotel. Send registrations as soon as possible so we'll know how many to expect for lunch.

Correspondents in the Jackson area (Mississippi, Louisiana, Tennessee, Alabama and Georgia) are urged to call the meeting to the attention of their managers, with the suggestion that the stations register not only the program people, but also sales, engineering and management personnel. Our experience at previous regional meetings has shown them to be excellent forums for promoting better interdepartmental understanding.

Other regional meetings are being planned for the following cities:

San Diego	San Antonio	Philadelphia	Milwaukee
Denver	Portland, Ore.	Louisville	

We'll announce the dates as soon as hotel arrangements have been confirmed.

Program Notes

For many years programmers have assumed that adult listeners could not tolerate frequent repetition of the top hits. The rating successes of country music's WHN-New York and WMAQ-Chicago have disproved this classic assumption. Both stations operate with a short list of singles, each of which rotates about every two hours. Controlled frequency of selected singles is also a part of the success stories of such stations as WIP-Philadelphia, KVI-Seattle and KEX-Portland.

In contrast, we are witnessing a trend in rock radio away from the old Drake formula of an ultra short playlist with high frequency of rotation plus high energy jocks. Where certain top 40 programmers formerly wouldn't permit any album plays, we note that in the RKO chain and others that the door is being slowly opened to certain selected - very selected - LP cuts.

The use of old hits as a means of spacing out repetition frequency of the current hits is wearing thin in spots. Listeners who like the old hits can usually tune in a station that plays nothing except the gold oldies.

The ever increasing contrast in sales volume between singles and albums certainly must indicate in what area of music the public's interest lies. If we read present indications correctly, future years will see greatly expanded use of album product, not only on progressive stations but in other formats as well. Continuing fragmentation of demographic audience segments is bound to place growing emphasis on testing and selecting the "right" album tracks for a specific kind of audience.

Gavin's Gab

On the weekend of February 26 & 27 WIP-Philadelphia will present its Second Annual Radiothon on behalf of the Leukemia Society of America. Running continuously from 4PM Saturday to 8PM Sunday from the ballroom stage of the Hilton in South Philly, the show will present a star studded cast of celebrities who will co-host the show in conjunction with the WIP air staff. Stars already lined up are Helen Reddy, Chad Everett, Mike Douglas, Ray Stevens, Stephen Bishop and Clive Davis. Other performers who'd like to volunteer their services should contact Dean Tyler at WIP (215-568-2900). Last year's radiothon raised \$55,000, with an amazing 94% of pledges coming through with the money. All money raised goes for research against this dreaded disease - none for administration.

Rick Shayne, newly promoted to manager at WOWL-Florence, Ala., will continue to handle the PD chores for the time being. Music calls can be made to Mark Thompson any weekday from 1 to 2PM (Central Time).

WFTL-Ft. Lauderdale is running a "Fly A Friend To Florida" contest. Winners get to name somebody in the sub zero north who can be flown to the warmth of the Sunshine State for an all expense weekend. A unique angle - the winner gets nothing except the satisfaction of doing a favor for a friend.

CKOM-Saskatoon invited its listeners to phone in and "cluck" on the air in emulation of the Henhouse Five Plus Too. Winner of first prize - a barrel of Kentucky Fried Chicken - was a prominent local business man. He had used the name of one of his employees, but the secret leaped out. (Will the real "cluck" please stand up?).

Radio Alamo, in San Antonio, has filed for FCC approval of its purchase of KSAQ in that city. No change in the present top 40 format is contemplated. G.M. will be Dave Noll, and Bob Allen the PD.

Lee Kirk, KCRA-Sacramento, came across a feature from the S.F. Chronicle on "How To Save Water" - had a bunch printed up - offered them free to listeners who wrote in for them - has so far sent out over 500 of the print outs. And if you don't think that saving water is an exciting project around here, then you just don't know how serious our drought really is.

KMCM-McMinnville, Oregon, switches formats from country to adult contemporary. Ron Furby is music director. Address: Box 207, Zip 97126.

Norm Jeffries (Garr) wants all his friends to know that he's alive and well at KEDO/KLYK in Longview, Wn., working as news director, with a 90 minute telephone talk show Sunday morning.

Music calls to Larry Joseph at WBOW-Terre Haute, Wed. 11:30AM to 1PM and after 2:30PM. EST.

Music calls to Tom Evans, KISD-Sioux Falls, S.D., Tues. & Wed. before 3PM. Phone 605-334-5619.

Station plans on an extensive music survey, covering all of Missouri and Kansas.

More music - less talk - with the music in 15 minute clusters. Mark Edwards is the WJEZ PD and Bill Hart the operations manager for both FM and AM.

Albums of the Week  
(reviewed by Ron Fell)

"Rumours"-Fleetwood Mac (Warner Brothers) A spectacular album. Their recent albums have shown a tendency toward more vocals and less instrumental material, and on "Rumours" they've gone about as far as they can go in this direction. From an airplay standpoint, no less than 8 cuts sound like sure shots. A far cry from the blues band bearing the same name back in the 60's, but the group has, in "Rumours", their most accessible album yet.

"Sleepwalker"-The Kinks (Arista) The change of labels, and the incorporation of synthesizers on some cuts seems to be all that was needed to inject new life into one of the rock world's veteran bands. JUKEBOX MUSIC, with a crystalline Dave Davies' guitar solo in the bridge, will likely be the hallmark of the album but SLEEPWALK, SLEEPLESS NIGHT and LIFE ON THE ROAD also have the distinctive Kink's signature.

"Love At The Greek"-Neil Diamond (Columbia) Why has Neil Diamond released a third "live" album? Why not? The material, for the most part, has never been recorded "live". The tour last summer was an artistic and box office triumph and Diamond sounds comfortable in the "live" setting of the Greek Theater in Los Angeles. Some tunes, like GLORY ROAD, BEAUTIFUL NOISE, and LADY-OH never sounded better. The Neil Diamond classic, SONG SUNG BLUE, which includes Helen Reddy and the Fonz in cameo appearances, is a little bonus that is sure to draw A-C airplay.

Also recommended from the following LP's:

- "A Man & A Woman"-Isaac Hayes & Dionne Warwick (ABC) PHOENIX-PRAYER medley/BODY LANGUAGE/CAN'T HIDE LOVE/ONCE YOU HIT THE ROAD

- "Legs Diamond"-Legs Diamond (Mercury) STAGE FRIGHT

Bill Gavin's Personal Picks

- - - I especially like:

GLORIA-Enchantment (United Artists) Bluesy, slow paced lament offers some imaginative harmony touches, sparked by unexpected dynamic contrasts. The lead singer hits a couple of incredibly high notes.

ME AND THE ELEPHANTS-Bobby Goldsboro (Epic) "...we still remember you". An effective and original tale of undying devotion, sensitively performed by the singer.

OLYMPUS ONE-Herb Pilhofer (Good Sounds) Sparkling instrumental presents crackling brass, alternating with brilliant strings, laid over a vigorous beat and ending with a bang rather than the customary whimper of a fadeout. (Record label reads: "Distributed by T.K. Productions, Inc.")

Gary Taylor's Personal Pick

CRYING TO ME-Murray McLauchlan (True North) This "B" side is just gentle enough to warrant your attention. The voice texture has a down home warmth that can only be appealing.

Also Possible

- DON'T THROW IT ALL AWAY-Dave & Sugar (RCA)
- UNTIL THE MORNING COMES-Catherine Home (RCA)
- ALL STRUNG OUT-John Travolta (Midland Int'l.)

- BIRDWALK-Herbie Mann (Atlantic)

Regional Radio Meetings

Our 1977 schedule of eight regional meetings is listed below. Originally we aimed at the non-Arbitron months of March, June and September. We found this to be impractical.

March 12-13	Jackson, Mississippi	Hilton
March 26-27	San Diego, California	Royal Inn
April 23-24	San Antonio	El Tropicano
May 14-15	Philadelphia	Hotel not confirmed
June 11-12	Milwaukee	Hilton
June 25-26	Denver	Mariott
Sept. 10-11	Portland, Oregon	Hotel not confirmed
Sept. 24-25	Louisville	Hotel not confirmed

All meetings will follow the same general pattern:

- Saturday, 8:30AM - Registration and coffee
- 9:00AM - First session
- 12:00 noon - Lunch
- 1:30PM - Second Session
- 6:00-7:30 - Cocktail and hors d'ouerves
- On our own for dinner
- Sunday 9:30AM - Coffee available
- 10:00AM - Third session
- 1:00PM - Adjourn

Meetings will follow the same guidelines that proved so effective last year: No speakers, no panels, no agenda; two sessions Saturday, one on Sunday, with a different moderator for each session; radio people only, for the meeting sessions and for Saturday lunch, record friends invited to join us for cocktails Saturday evening.

- Full registration - radio only - \$25 (Includes meetings, lunch & cocktails)
- Additional luncheon reservations - \$10
- Cocktail party only, radio & records - \$10

Registration applications should be accompanied by a check for the appropriate amount. We will have blocks of rooms reserved for our group at each hotel. Registrants requiring hotel accomodations will be mailed room reservation cards, to be filled out and returned directly to the hotel. Each registrant will take care of his own hotel charges.

Correspondents are urged to notify us of any conflicts in dates or locations that would interfere with their attendance at a meeting in their region, with reference primarily to those marked "Not confirmed".

As always, we ask that there be no organized record promotion functions either Friday or Saturday evenings, and no record hospitality suites in our hotels. Our meetings last year were informative and exciting. We look forward to the same high standards in 1977, and we happily anticipate the opportunity to meet many of our correspondents personally.

Inside Progressive Radio  
(by George Meier, Editor of Walrus)

Continued Progressive Fractionalization

Our last essay expressed the feeling that standard-brand progressive radio's expansion had pretty much run its course. That there were so many stations doing it that almost all significant markets had their share of stations and, in several cases, one station too many. It is now a matter of the eternal shifting and readjusting, as stations try to pinpoint an audience.

We suggested that the radio story in the next several years will inevitably be the continuing fractionalization of the audience. Ever smaller slices will be targeted as more and varied formats will dissect the audience.

Symptomatic of that trend is that progressive radio is no longer as strictly defined by a white, urban, educated audience. Black progressive radio, for example, is a major factor in the panorama of metropolitan radio. Like its predecessor the format relies on the artistic depth of album artists as opposed to the singles-oriented black top 40 approach. As any reliable sales chart will tell you black artists and black albums are an even larger factor in the market place today than they have been traditionally.

Further divisions evidence themselves in the mellow sound of a KNX/FM in L.A. and WKTU-FM in New York City, and the progressive folk formula at Boston's WCAS. Each one defining a narrower, theoretically untapped audience.

Finally, the newest albumization of radio comes as the progressive country format takes its first shaky steps into the outside world. In doing so, it is forcing an adjustment of thinking in the country music world, record companies, radio managers and audience alike. The split between country music single artists and country music album artists grows broader everyday. It is almost as wide as the gulf between Nashville and Texas. Look for more.

Inside Progressive Radio  
(by George Meier, Editor of Walrus)

Warning: The Track You Use May Be Injurious To Your Health

This essay is an attempt to bring a possible misunderstanding out of the closet.

In various trade publications, including this one, you'll see attempts to ferret out the important tracks from the myriad of albums available for airplay. When you read them you ought to be aware of what you are reading. For example, the tracks we list, in our other-week analysis in the Gavin Report, are based on information gathered from progressive radio stations.

Here's the warning: There may not be direct correlation between the collective progressive response to an LP and what the best track for a top 40 radio station might be.

The problem is that there is no rule of thumb which we are able to discern. If it were true that progressive and pop favorites always were at odds that would be as valuable as the knowledge that they always agreed. Unfortunately, it's a sometime thing.

Since these tastes may or may not correlate on any single song you are placed in a buyer beware situation. It may help somewhat to know from exactly where the LP-track preferences are being derived. Album track information gathered from other top 40's might be more informative than those gathered from progressive only. Those sifted from both top 40 and progressive may mean nothing at all.

The point is to be careful.

Albums of the Week  
(reviewed by Ron Fell)

- "Amnesia"-Pousette-Dart Band (Capitol) Back in March of last year, the band's first album was highlighted in this section. It's good to know the vitality and high level of musicianship have carried over. These Boston boys, produced again by Norbert Putnam, cut their own path thru the acoustic/rock jungle, fighting off the bland and boring evils so often lurking in the bushes. COUNTY LINE, FALL ON ME, MAY YOU DANCE and I DON'T KNOW WHY light the way, while YAICHA brings the album to a delicate conclusion.
- "I Like Your Style"-Tony Wilson (Bearsville) Formerly with Hot Chocolate (remember the regal "Sexy Thing"?). Wilson has obviously sought higher ground and found it. I LIKE YOUR STYLE, LEGAL PAPER, ANYTHING THAT KEEPS YOU SATISFIED and WHAT DOES IT TAKE are representative of a refreshing new solo artist.
- "Songwriter"-Justin Hayward (Deram) The Moody Blues are sorely missed but as a soloist Hayward most closely reflects the musical depth and talent of the group. Side two, with LAY IT ON ME, STAGE DOOR and RAISED ON LOVE has a comfortable flow to it and has most of the potential airplay, but TIGHTROPE, on side one, best reflects the formidable "Moody's sound".
- "Deep In My Soul"-Smokey Robinson (Tamla) While this Robinson portfolio contains its share of pretty ballads like IN MY CORNER, THERE WILL COME A DAY, IT'S BEEN A LONG TIME and THE HUMMING SONG, the album's showcase is VITAMIN U, which gives the package its health glow.

Also recommended from the following LP's:

- "The Kenny Rankin Album"-Kenny Rankin (Little David) HERE'S THAT RAINY DAY/ON AND ON/WHEN SUNNY GETS BLUE
- "Songs From The Wood"-Jethro Tull (Chrysalis) CUP OF WONDER/THE WHISTLER
- "Harbor"-America (W.B.) NOW SHE'S GONE/POLITICAL POACHERS
- "Unpredictable"-Natalie Cole (Capitol) PARTY LIGHTS/BE MINE TONIGHT
- "Feel The Music"-Ray Stevens (W.B.) FEEL THE MUSIC/SAVE ME FROM MYSELF/SET THE CHILDREN FREE
- "Peter Gabriel"-Peter Gabriel (Atco) SOLSBURY HILL/MODERN LOVE/SLOWBURN
- "Queen of the Neighborhood"-Flame (RCA) BEG ME/LONG TIME GONE/LAUGH MY TEARS AWAY
- "The Eugene Record"-Eugene Record (W.B.) HERE COMES THE SUN/MOTHER OF LOVE
- "Ain't It Good Feeling Good"-Eloise Laws (Invictus) YOU GOT ME LOVING YOU AGAIN/AIN'T IT GOOD FEELING GOOD
- "Promises of the Sun"-Airtio (Arista) ZUEI/CIRCO
- "Bareback"-Richard Torrance (Capitol) RIO DE JANEIRO BLUE/MOONLIGHT TRIPPIN'
- "The Mysterious Flying Orchestra"-The Mysterious Flying Orch. (RCA) IMPROVISATIONAL RONDO FOR SAXOPHONE & GUITAR/THERE ONCE WAS A MAN NAMED JOHN
- "GOODBYE BLUES"-Country Joe McDonald (Fantasy) DARK CLOUDS/T.V.BLUES

Regional Meetings

Listed below are the final and confirmed dates and hotels for our eight regional meetings for 1977. Note that we've changed the dates for our Philadelphia meeting. On Friday night, May 20, ABC promotion man, Matty Singer, is being honored at a banquet in observance of his 65th birthday. Many radio people will want to be in Philadelphia for this event, and so do I. Therefore, our meeting at the Hilton Inn (10th & Parker) has been moved back to May 21 and 22. The Louisville meeting dates have been shifted to October 1 & 2.

Note also our hotels in Portland and Louisville have been confirmed. In Portland, it's the Sheraton, at Lloyd's Center, just across the river from downtown. In Louisville, the highly recommended Galt House,

Among the well known radio programmers who'll be in attendance at our Jackson meeting (March 12-13) will be John Long, PD of WHBQ-Memphis, and Bill Tanner PD of Y100 in Miami and formerly PD of WJDX-Jackson. Joe London and Bob Furlow are coming in from WIBR-Baton Rouge; they attended our Austin meeting last year and so they don't want to miss this one. Over in Hattiesburg, Craig St. John tells us that "half the staff" at WXXX will join us in Jackson.

In San Diego, our meeting will be opened by Dan McKinnon owner-manager of KSON-San Diego. Moderators will be Rochelle Staab (KIIS), Gerry Peterson (KCBQ) and Mark Blinoff (KMPC). Others who'll be there are Charlie Van Dyke (KHJ), LaVerne Drake (KIOI-San Francisco), Christy Wright (RKO-Radio), John Rook (KFI) and Jack McCoy (consultant and analyst).

Important: Get those registration checks in as soon as possible. Make them out to The Gavin Report; mail them to us in San Francisco; we'll send you hotel room reservation cards for you to forward directly to the hotel. No registration forms to fill out - just your check. Your \$25 fee covers lunch and cocktails on Saturday, plus all three meeting sessions. Record friends may register for cocktails only - \$10 fee. These cocktail reservations should be made in advance through our office. Record folks should not make reservations directly with the hotel but through this office, so that they can be credited against the block of rooms we're holding.

Here's the meeting lineup:

March 12-13	Jackson, Miss.	Jackson Hilton
March 26-27	San Diego	Royal Inn
April 23-24	San Antonio	El Tropicano
May 21-22	Philadelphia	Hilton Inn (10th & Packer)
June 11-12	Milwaukee	Milwaukee River Hilton
June 25-26	Denver	Mariott
Sept. 10-11	Portland, Ore.	Sheraton (Lloyd Center)
Oct. 1-2	Louisville	Galt House

We're hoping that many of our correspondents in Georgia and the Carolinas can join us in Louisville, and that those in the New York, Pennsylvania, Baltimore, Washington and Virginia areas can come into Philadelphia with us. Please let us know.

Inside Progressive Radio  
(by George Meier, Editor of Walrus)

Established Progressive Airplay

(In Order)

- Eagles-----
- Bob Seger-----
- Jackson Browne
- Genesis
- Gary Wright
- Atlanta Rhythm Section
- ZZ Top
- Queen

Notes: Eagles remains a very strong album followed by a powerful Bob Seger LP. The others on this list fall into position behind. Of regional interest, David Bowie is drawing extra play in the Northeast while Al Stewart finds favor in the South. In the West we find predictable support for Santana and top 5 airplay for Emmylou Harris who only fills 20th position nationally.

New Progressive Airplay

(In Order)

- Pink Floyd-----
- The Kinks-----
- Jimmy Buffett
- Fleetwood Mac
- Sea Level
- Michael Franks
- Marshall Tucker Band

Notes: Pink Floyd is by far the most important new release although speculation would assume that the Fleetwood Mac had not gotten through the distribution system when these figures were gathered. Sea Level is the new name, but it is the core of the defunct Allman Bros. Band. So it really isn't that new. George Benson scored well in the South, the Midwest and the West though not enough to make this list. Muddy Waters and Journey both showed well in the Midwest.

Miscellaneous Information

- (1) The only import to speak of is one we've been writing for what seems like months. 801 dominates the import scene trailed by two Hollies LP's.
- (2) Singles of progressive interest are 10cc, Fleetwood Mac, Hall & Oates and Bob Dylan.

The following tracks are filling the air:

Regional Radio Meetings

In answer to questions: Your \$25 registration fee covers all meeting sessions, starting Saturday at 9AM, and Saturday lunch and cocktails. Hotel accomodations are the responsibility of each individual. Those who make advance registrations through this office will be sent room reservation cards, returnable directly to the hotel.

A couple of stations have indicated their intention of registering several people and have asked if there is a group rate available. Yes, there is. Stations registering three or more persons will receive a 20% discount - a reduced registration fee of \$20.

We urge all who plan to attend either of our March meetings in Jackson or San Diego to mail your checks to us without delay. We must provide an advance attendance estimate to the hotels to cover the luncheons. While registrations can be accepted at the meeting place itself, your advance registrations will be a big help to us.

Albums

(reviewed by Ron Fell)

Album of the Week: "New Harvest-First Gathering"-Dolly Parton (RCA) Busting out of her traditional style, Dolly proves with this new album that she can court the progressive end of the country music spectrum while not alienating her loyal following accrued through years of more traditional performances. The selection of material like the Temptations' MY GIRL, and Jackie Wilson's HIGHER AND HIGHER, although not definitive versions, is encouraging, but cuts like APPLEJACK, GETTING IN MY WAY and HOW DOES IT FEEL, (all written by Ms. Parton) are the album's highlights.

Also recommended from the following LP's:

- "Teddy Pendergrass"-Teddy Pendergrass (Philadelphia International) I DON'T LOVE YOU ANYMORE/  
THE MORE I GET, THE MORE I WANT
- "Kenny Nolan"-Kenny Nolan (20th) MY JOLE/LOVE GROWS DEEP
- "Nite City"-Nite City (20th) SUMMER EYES/NIGHT CITY
- "Best Friends"-Cleo Laine & John Williams (RCA) KILLING ME SOFTLY/ELEANOR RIGBY
- "A Romantic Fantasy Set To Music"-Minnie Riperton (Epic) OH DARLIN'.../CAN YOU FEEL WHAT I'M  
SAYING/STICK TOGETHER
- "The Gap Band"-The Gap Band (Tattoo) OUT OF THE BLUE
- "Love Crazy"-The Miracles (Columbia) LOVE CRAZY/SPY FOR THE BROTHERHOOD

Bill Gavin's Personal Picks

- - - I especially like:

- ROOTS (MURAL THEME/MANY MOONS AGO)-Weapons of Peace (Playboy) Arrangement somehow captures the primitive, deeply human feeling of the book.
- HOTEL CALIFORNIA-Eagles (Asylum) To paraphrase the Toyota commercial, "You...asked for it, you got it...The Eagles". The album cut developed a large and enthusiastic following. For my money the single would have been much more acceptable with about two minutes of the instrumental intro and tag edited out.
- IT FEELS SO GOOD TO BE LOVED-The Manhattans (Columbia) A fine Teddy Randazzo production. Spoken lines by the deep bass voice remind us of The Ink Spots. Remember "If I Didn't Care"?
- DOWN TO THE STATION-B.W. Stevenson (Warner Bros.) Offers a timeless, grass roots quality, with an insistent "walking" bass line.

Gary Taylor is not making any picks this week.

Also Possible

- TO ONE IN PARADISE-Alan Parsons Project (20th)
- MIDNIGHT'S ALRIGHT-Jackpot (EMI)
- DIRTY WORK-Melissa Manchester (Arista)
- SING-Tony Orlando & Dawn (Elektra)
- BROOKLYN-Cody Jameson (Atco)
- JIGSAW WOMAN-The Mark & Clark Band (Columbia)
- TALKIN' ABOUT IT-Mark Ashton (20th)
- FOR WHATEVER IT'S WORTH-Yellow Dog (Arista)
- LIDO SHIFFLE-Boz Scaggs (Columbia)
- HONEY BEE-Sweet Thunder (WMOT)
- LOVING YOU, LOSING YOU-Johnny Mathis (Columbia)

Gavin's Gab

William D. Shaw, v.p. of Golden West Broadcasters and general manager of KSFO-San Francisco, announced to his staff this week that he is resigning his position. His front office chair will be taken over by Jack Bankson, presently manager of Golden West's KVI-Seattle. Under Bill Shaw's guidance, KSFO- many years ago became a major power in Bay Area radio, setting standards of program quality and community service that became nationally known and admired. Radio will miss him.

WKKY-Pascagoula is switching its top 40 format to its FM affiliate, WCIS - but not abandoning its call letters. So from now on it'll be WKKY (FM), a full time top 40 operation, and WCIS (AM), programming gospel. WKKY will expand its album programming and needs improved album service.

KPUG-Bellingham celebrates its 29th birthday soon and asks all jocks who have ever worked at the station to phone in their greetings - 206-734-1170.

KOIN/TV-Portland sent a camera crew down to Medford and did a feature film on KMED's Marvin Rhodes and his very special record collection. The feature was telecast in the KOIN-TV news on Feb. 15. Marvin, incidentally, buys all his personal records from the stores. His most recent acquisitions are two "perfect condition" versions of "The Way I Want To Touch You" by Captain & Tennille on the original Joyce label.

WKYX-Paducah rased \$6,000 in their "Kicks High School Heart Fund Drive". Out of five high schools in the county the winning school received a free disco dance and an official "I Care" award.

KEZY-Anaheim raised \$18,000 this past weekend, holding an on-the-air auction, benefit Syctic Fibrosis Foundation, reports Rick Carroll.

Music calls to Oogie Cooper, KEEL-Shreveport, Mon.-Tues. only, 9AM to 5PM.

New Lineup at KGMO-Cape Girardeau: Mike Parker (KYMO), Sherri Ross (KFMZ), Kent Nelson, Dennis St.John (KJMO), Skip Thomas (WGBF).

Lineup at KBCL-Shreveport: Larry Ryan (mgr.-from KEEL), Charlie Monk, Randy Davis (PD), Doug Baldelli weekends.

Lineup at KOZA-Odessa: Frank Childs & Mel Turner, J. Michael Scott, Steve Nelson, Frank Hall, Andy Childs, Gary McCollum, Jerry Kaye, Ric Elliott, Herman Ortega.

WFOR-Hattiesburg, Miss. switched to an adult contemporary format last August. They request please send them A-C type records. Address: 2414 W. 7th Ave., Zip 39401.

Just had a call from Jay Scott, formerly at WAXY-Ft. Lauderdale-Maimi and KKSS-St. Louis: He's now PD of WEBC-Duluth. Says Duluth is a beautiful city - reminds him of San Francisco. Jay is looking for a jock - "a real cooker".

John Sebastian tells us of an unusual opportunity for a station in search of a talented female for their news or air staff. Her name is Kashmirā Irani, a graduate of the University of Minnesota School of Broadcasting. John says that she speaks perfect English and has impressive references from several of her instructors. She has won honors in radio-TV journalism, production, etc. Her student visa expires March 25, and she'll have to return to India unless she lands a job in broadcasting before that date. She can be reached at 612-535-3664.
