Gavin's Gab

So many stations are giving away cash and other prizes to the drivers of cars displaying the station's bumper (or window) stickers that it's hardly news anymore. But the driver of a city bus? That actually happened in Kelso, Washington, when a busload of passengers was hailed and halted by the "cash van" from KLOG because somebody had stuck the station's sticker on a bus window. Passengers cheered as their driver went for the cash.

In Ocala, Fla., Bill Early tells us that WWKE celebrated its 12th birthday by giving away \$12 "bills" which totaled up to just over \$1200 worth of prizes and cash.

Correction: Benjamin Hill has changed his mind about going to the PD job at WTIC/FM-Hartford and will remain as PD at KMGK-Des Moines (FM affiliate of KIOA).

At KTKT-Tucson, Ed Alexander has been promoted to PD and will continue doing the morning show. Rest of the air staff: Don Beetcher (KTLK-Denver), Bobby Rivers (asst. PD), Jim Mann, Mike Daniels (music research) and Dean Taylor.

KCJS-Nacogdoches, Texas, recently switched from automation to live, with this air staff: Robert Hill, Kirk Williams, Shaun Kasey, Craig Jackson, Claudill Price and John Green.

Our good friend, Jim Taber, owner-mgr. of KINT (AM/FM) sends along reprints from the April/May Arbitron for El Paso. It shows a Spanish language AM/FM simulcast operation, KAMA, number one in total persons, Mon.-Sun., 6AM-midnite, with KINT (AM & FM - also simulcast) in a strong number two spot.

John Sherman, PD, KJRB-Spokane, proudly calls attention to the latest Arbitron for his market, which shows his station with number one shares of total audience and also leading in the important 18-24 demographics (Gary Taylor, who once was the KJRB PD, says, "Looks like the 60's.")

Terry Marshall, editor of Earth Starship (published by Earth News) would welcome short stories - anecdotes - about recording artists and their activities. Not just run-of-the-mill press release stuff, but human interest, behind the scenes items. Phone Terry at 415-362-3045, or mail the material to him at 210 California St., San Francisco, Ca. 94111.

In Topeka, KEWI celebrated its 15th birthday with a cake contest. Listeners submitted cakes for the judges' verdict. Prizes included \$50 gift certificates to a local gourmet shop. One entry took three days to bake - spelled out "K-E-W-I" - had edible pictures of the jocks in the icing. Thanks to J.R. Greely for the story.

Incidentally, KEWI is still looking for a night time personality. Midland Broadcasters are reported to be a fine ownership to work for.

A note from Steve Warren states in part: "By September 1st all the present DJ's at WNBC will be gone. The team of Charlie Warner and Bob Pittman had individual meetings with each of us, and the separations were all effected within a week. Most of us have been asked to work on the air right up to the format change. This...makes a statement for the air of professionalism regarding the situation. We were all just simply told that we would not fit into the totally new image the station was hoping to achieve. Bruce Morrow was first to leave by resigning effective Sept. 15. Dick Summer was next, with a request to work through August. Imus opted to take some vacation days. Joe McCoy and I were next and asked to work to Sept. 1. Walt Baby Love was last with the same offer. ...Also gone are music director Jeff Mazzie and our production/swing man, Bill Rock, who has assumed a new position as Op. Director somewhere in New Haven. ...Presently I'm doing eight hours each morning - my shift then Imus's - 2AM to 10AM."

Steve's letter recalls the turbulent events of many years ago, when consultant Mike Joseph was plotting similar changes at WABC.

Memo to our readers: Reports of late deliveries of last week's mailings increased sharply. We found out from the San Francisco Post Office that there was a routing error, and some of our envelopes got in the wrong sorting area - something like that. We also learned that all of our mailings to upper New England go by air to Boston, where they are then forwarded north by mail truck. Late deliveries in Maine, New Hampshire and Vermont may be due to errors out of the Boston Post Office. Please keep letting us know of late deliveries so that we can follow up from our end.

Albums of the Week
(reviewed by Ron Fell)

"Raisin' Hell"-Elvin Bishop (Capricorn) (Raisin' Hell is not where bad little raisins go). Live albums are really only worth their vinyl when they capture something which can't be heard in studio situations. With Elvin, half the fun is being there. The excellent mix (for a live album) and the slick musicianship on the part of the band make for a really special two record set. While nearly all cuts should meet with approval from Elvin's many fans, I keep going back to ROCK MY SOUL, SURE FEELS GOOD, CALLING ALL COWS, HEY HEY HEY, and FOOLED AROUND AND FELL IN LOVE. They get me grinning like a slit watermelon and wishing I was there again.

"Weak At The Knees"-Mylon Le Fevre (Warner Bros.) He's not exactly a household name but liner note freaks will note his presence on albums by Lynyrd Skynyrd and The Who as a singer and on albums by Elvis and Merle Haggard as a writer. He also had four of his own albums back in the first half of the decade, but they've all since disappeared even from the \$1.98 bins. Dipping into the Dave Loggins songbook for GOODBYE MISS SADNESS and SECOND HAND LADY borrowing Allen Toussaint's BASIC LADY and Dylan's GIRL FROM THE NORTH COUNTRY were smart moves, providing some hot tracks for this album. Further enjoyment comes from LET'S GET TOGETHER and ALL MY LOVE. We won't be asking "Who is Mylon Le Fevre?" much longer.

"B.J. Thomas"-B.J. Thomas (MCA) His career seemed to peak in 1970 with the multimillion seller, RAINDROPS KEEP FALLING ON MY HEAD and then came the endless one night stands and he began to stall artistically. Now, with the "burnout factor" behind him, he seems to have his act together again. He sings with newfound confidence and clarity. His current single DON'T WORRY BABY, plus PLAY ME A LITTLE TRAVELING MUSIC, WE HAD IT ALL, IT'S SAD TO BELONG and STILL THE LOVIN' IS FUN will herald the successful return of B.J. Thomas to America's airwaves.

Also recommended from the following LP's:

- "Shiver In The Night"-Andy Pratt (Nemperor) ALL I WANT IS YOU/SO FAINT

Bill Gavin's Personal Pick

- - - I especially like:

I'M JUST A COUNTRY BOY-Don Williams (Dot) Our history department reports that the song was first recorded by Jimmy (HONEYCOMB) Rogers, on Roulette, then later (1963, I think) on A&M by deep voiced George McCurn. It's still a lovely, romantic love song, and country star Don Williams gives it the kind of reading that should cross it over into the pop field.

Gary Taylor's Personal Picks

SHE DID IT-Eric Carmen (Arista) Having been addicted to the Beach Boys for several years, I find it easy to enjoy this fine release. The harmonious frosting they provide in support of Eric Carmen is the tasteful balance required to make the record stand out as one of the best of the week.

YOU LOOK JUST LIKE A GIRL AGAIN-Danny O'Keefe (W.B.) Here is a ballad that deserves to be heard.

Also Possible

Inside Progressive Radio

(by George Meier, Editor of Walrus)

A few notable LP's are always around even in summer times like these when a general LP slowdown sets in. Of the 65 LP's we sifted through, a couple of live LP's from tangential musics cause the most interest. Captured in a live setting Lonnie Liston Smith tends to concentrate on his strongest material and to turn on to the situation. Similarly the Clifton Chenier LP captures this cajun bar band in its element. However, its flaw may be the amount of music in the two record set. The important lesson is that double LP's often yield a lower common denominator of quality than a hypothetical single record which uses only the better material. The single LP focuses better and leaves the audience wanting more.

A new Carole King and a new Yes LP represent the big name artists. Carole's LP offers no surprises in the context of a very satisfying batch of songs which are presented nicely. Yes, on the other hand, could have been a better LP had it been mixed differently. Rick Wakeman returns to the band and fills in every space possible while the great voice of Jon Anderson gets buried in the middle of the blurr.

War is one of the more musical bands and their new/old double LP proves that. Half seems to be newly released while half is reissued.

A few more odds and ends bear mentioning; the opening track on the Credibility Gap comedy album. It is a truly inspired reformulation of Abbott & Costello's classic "Who's On First" routine.

Finally, an imported LP by The Vibrators contains one of the best new wave songs yet, called "Baby Baby." Just to prove that there is both bad and good in everything, it should be listened to.

THE GAVIN REPORT #1164
WEEKLY SUMMARY
(Associate Editor, Gary Taylor)

Smash of the Week: TELEPHONE LINE-Electric Light Orchestra (United Artists) Sales, requests, positive call out acceptance - all point toward the broad demographics required for a top 5 record.

Inside Progressive Radio
(by George Meier, Editor of Walrus)

Established Progressive Airplay
(In Order)

Crosby, Stills & Nash
James Taylor
Steve Winwood
Steve Miller Band
Dan Fogelberg
Heart
Peter Frampton
Alan Parsons
Geils
Yes
Neil Young
Roger Daltrey
Little River Band

Notes: These entrenched records should enjoy a rather long airplay run since there is relatively little coming out. C.S. & N. continuing to top each region's top 10. Regional biases work in sometimes inexplicable ways. For example, Alan Parsons doesn't show up that well in the Northeast, consistent with his pattern in recent weeks, while his fortunes have improved in other regions. Also, James Taylor seems to have peaked in the Midwest, while his fortunes have improved elsewhere. Of course, Ted Nugent remains strong in his home Midwestern turf.

New Progressive Airplay
(In Order)

Carole King
Styx
Bernie Leadon/Michael Georgiades
Tim Weisberg
Average White Band
War
The Rumour

Notes: As the plateaus indicate, the lion's share of new airplay is being given to the Styx and the Carole King LP's. They are heavy hitters in virtually all regions of the country. Leadon received an especially nice response in the Northeast and mellow Tim Weisberg did well in the West. Not much around.

Singles & Imports

Singles: The Doobie Brothers' single is a progressive runaway. Several lengths back but striding well are 45's by Firefall, Ram Jam, and Carly Simon.

Imports: Again, EP's tell the story. Genesis and the Sex Pistols draw evenly in favor with the new Hawkwind LP trailing behind though ahead of the rest of the field.

The following new tracks are gaining preference from progressive radio people:

- | | |
|---------------------------------------|-----------------------------------|
| 1. Yes-WONDRIOUS STORIES | 12. Blue-ANOTHER NITE TIME FLIGHT |
| 2. Yes-GOING FOR THE ONE | 13. Styx-MAN IN THE WILDERNESS |

| 8. Styx-GRAND ILLUSION | 19. Tim Weisberg-SOUTHERN LIGHTS |
| 9. Yes-TURN OF THE CENTURY | 20. Styx-MISS AMERICA |

Gavin's Gab

Jerry Rogers, station manager of WSGA/WZAT-Savannah, Ga., sends along some happy rating data: In the three county metro area WSGA (AM) shows up #1 in total persons, in adults 18+ and in teens. In the eighteen county total survey area, WZAT (FM) was #1 in total persons, in adults 18+ and in teens. That kind of a double triumph deserves a double congratulations. The average share trends for the metro area of Mobile, Alabama, shows WABB (AM) and WABB (FM) running one, two, in total persons and adults, while the FM pushes ahead of the AM in the teen count. Scott O'Brien notes that he and two other air staffers are brothers. Pretty good family teamwork, I'd say.

John Randolph has turned in his resignation as PD of WAKY-Louisville. He'll stay on until a successor is found. Then he'll continue with the owners, Multi Media Co., working in another capacity. Coyote Calhoun will continue working with the music and doing his 6 to 10PM air shift.

Tom Birch is the new PD at WQAM-Miami, replacing Jim Dunlap.

Gary Osborn replaces Dennis Cavender as music director at WIBM-Jackson, Mich., Dennis moves on to WABX-Detroit.

Metroplex Broadcasting (Norman Wayne and Bob Weiss) have reached agreement with Cecil Heftel to purchase Y100-Miami and KEZK-St. Louis, when ok'd by the FCC. Price of the package is said to be just over \$6 million.

WNOE-New Orleans has been entertaining 2,500 fans a night with their "NOE Nights On The Mississippi". They've chartered one of the river's largest capacity riverboats and furnished live rock music while cruising Ol' Man River.

WGLF-Tallahassee has just completed the Southeastern Skateboard Championships. There were 52 competitors from surrounding Florida towns. Jimmy Odom won top honors by riding up to a convertible, jumping over it, landing on another board and rolling on to the bottom of the hill, while over 4,000 amazed spectators looked on.

During Dick Whittinghill's vacation from KMPC-Los Angeles, he'll be replaced by a star studded lineup: Chuck Knox, Forrest Tucker, Dennis James, Terry Donahue, Jackie Vernon, Vikki Carr, Mickey Rooney, Phyllis Diller, George Carlin and L.A. Major Bradley.

KFXD-Boise ran a sandwich contest, giving prizes for the best recipes. There isn't room here to print the winning recipe, but it contained 18 ingredients, and it "serves one cave man or four people". Station has printed a booklet of the best sandwich recipes. Novel promotion was sponsored by Ban Super Solid.

Album of the Week
(reviewed by Ron Fell)

"Pacific Ocean Blue"-Dennis Wilson (Caribou) An automatic add for Beach Boy aficionados. After their atrocious album released this spring, one of the guys had to put out something to reclaim their good name. Although a "solo" effort on Dennis' part, "Pacific Ocean Blue" retains the essence and style of the Beach Boys. Heavy-handed production throughout, with a nod to the progressive album oriented programmer, is apparent to even the most calloused ear. The understandable curiosity surrounding a Beach Boy "solo" should be satisfied after listening to YOU AND I, RIVER SONG, FRIDAY NIGHT, DREAMER and RAINBOW.

Also recommended from the following LP's:

- "Before We Were So Rudely Interrupted"-The Original Animals (Jet/U.A.) BROTHER BILL/IT'S ALL OVER NOW/MANY RIVERS TO CROSS
- "(1934-1976)"-Freddy King (RSO) TAIN'T NOBODY'S BIZNESS IF I DO/SUGAR SWEET/TV MAMA
- "Emperor"-Emperor (Private Stock) DREAMER/TIME THAT IT TAKES
- "Crawler"-Crawler (Epic) WITHOUT YOU BABE/STONE COLD SOBER
- "If There Were No Music"-Rufus Thomas (AVI) WHO'S MAKIN' LOVE TO YOUR OLD LADY
- "Goin' Places"-Michael Henderson (Buddah) WHIP IT/WON'T YOU BE MINE
- "Je T'Aime"-Saint Tropez (Butterfly) JE T'AIME/LA SYMPHONIE AFRICANE
- "Gamble Rogers"-Gamble Rogers (Mountain Railroad) BLOOD MOUNTAIN/JULY YOU'RE A WOMAN
- "Feelin' Bitchy"-Millie Jackson (Spring) ANGEL IN YOUR ARMS/OUTSIDE LOVE/CHEATIN' IS

Bill Gavin's Personal Picks

- - - I especially like:

YOU LIGHT UP MY LIFE-Debby Boone (Warner Bros.) Theme from the movie sound track of the same name has already made a sensational splash in Houston and Yakima (Wn.) via its use in a TV spot plugging the film. Correspondents in these towns pass along reports of record stores being swamped with customer calls for the record. One listen tells why. The Joe Brooks melody and arrangement are enhanced by a warm and sympathetic reading of the love lyrics by Pat Boone's daughter. Sounds like another movie theme winner.

THE MARTIAN BOOGIE-Brownsville Station (Private Stock) Radio play of this 7 minute album cut in New Orleans and several other spots sparked heavy phone response some months ago. The electronic gimmicks at the start are a blast, and the arrangement provides appropriate contrast between the music and the spoken word. Seems almost sure fire for the stations that can find room for it.

YOU'RE MOVING OUT TODAY-Carole Bayer Sager (Elektra) She and Bette Midler wrote the song. Sounded good when Ms. Midler recorded it; sounds even better in this version. Clever lyric.

Gary Taylor's Personal Pick

IT'S IN HIS KISS-Kate Taylor (Columbia) Thirteen years ago the song was a hit for Betty Everett. This young lady, accompanied by her well known brother, has slowed the tempo and offers a rather funky version that could do just as well.

Pacific Northwest Regional Radio Meeting - Portland, Sept. 10-11

We're delighted to announce that our first session, Saturday morning at nine o'clock, will be opened by a man who has already become a radio legend, Pat O'Day. Pat's radio career at KJR-Seattle, first as PD and then as manager, is a record of creative programming and imaginative promotion, which lifted his station to a dominant position in the Seattle market. He now owns a station in Seattle and another in Honolulu. He'll have many things of interest to talk about.

Our three discussion sessions will be moderated by Bill Ford, PD of KUGN-Eugene, Michael O'Brien, PD of KPAM (FM)-Portland, and Alan Mason, PD of KING-Seattle.

Our 1976 Northwest meeting in Spokane was one of the most productive and best attended of any in the series. Looks as if 1977 might see something even brighter.

Final meeting of the year will be held Oct. 1 & 2 at the Galt House in Louisville. More details later.

To Our Correspondents

Our reporting system asks for your chart gainers below the top ten. Several have understood this to refer just to the few taking the biggest jumps. Not so. We need to know all upward movement, even if only a single point. Otherwise, the records you omit fail to receive the tabulation totals that they deserve.

Also, for those sending written reports:

1. When listing artists, give at least a first initial with the last name.
2. Use the long action report form that we enclose;
3. Do not write "see over" or "see attached". We can use only what is written on the face of the form.
4. Send us the original form - not a photocopy.
5. Artists occasionally have two entries that are currently active - e.g. Frampton, Tanya Tucker, Fleetwood Mac, Shaun Cassidy, etc. To avoid confusion, please identify title as well as artist.

I Remember Elvis

The closest I ever came to him in person was the audience for his first Las Vegas appearance at the International Hotel. And yet his career as a singer roughly paralleled mine as a programmer. During the early 50's, when Elvis was recording for Sam Phillips, I was programming a 30 minute record show five nights a week on KNBC (now KNBR). In 1955, when I joined McCann-Erickson to program their "Lucky Lager Dance Time", Elvis signed his contract with RCA and started recording under the A&R direction of a man who later became one of our dearest friends, Steve Sholes. In that same year, I had managed to swallow my first aversion to rock and roll and to program Bill Haley's "Rock Around the Clock". But when I heard Elvis singing "Heartbreak Hotel", I said, "No way!" I'd been programming records by Perry Como, Bing Crosby, Doris Day and such, and my ear wasn't yet tuned to Elvis. Eugene Selvage, the president of Lucky Lager, asked me about this new singing sensation, "Elvin" Presley (Mr. Selvage always called him Elvin.) I said we weren't playing his record because it didn't suit our image. He said, "Well, the people seem to like it - better play it."

From then on, of course, Elvis was the number one star on our program for many years, as he was for millions of fans almost everywhere. His dynamic impact on popular music tastes opened wide doors for the parade of other rock and roll performers. It might have happened without Elvis, but he was the catalyst - the spark that kindled a musical revolution. Red Robinson, of CKWX-Vancouver, recalls that when he MC'd the first Beatles concert up there John Lennon told him, "If it hadn't been for Elvis Presley, we wouldn't be here tonight". That same thing could truly be said about many of us today!

And now he is gone. The widespread expressions of grief and a deep sense of loss demonstrate the affection in which he was held by so many people. Already there have been an incredible number of radio specials in his memory, and there will surely be many more. For he was bigger than rock and roll. His songs were very much a part of all our lives. They still are - and will be for many years to come.

There'll be a total of \$2,000 worth of trophies awarded, all donated by various sponsors. From Ft. Dodge, KWMT's Shannon Reed will be tour guide for 140 people traveling to Nashville Sept. 8 - 11. Since 1974 Shannon has taken over 1,000 people on the Nashville tour. Although our statistical research shows a chart position of only #30 in this week's Top 30 for HEAVEN IS JUST A SIN AWAY by the Kendalls, late reports indicate fast growing sales and heavy phone requests. Looks like a high jumping chart item for many weeks to come.

Albums of the Week
(reviewed by Ron Fell)

"Tattoo"-David Allan Coe (Columbia) Some great songs including Mickey Newbury's SAN FRANCISCO MABLE JOY capture David Allan at his best. He states on the inner sleeve that the Rhinestone Cowboy is dead and he does seem to sing with some of the "rowdy" edge cut away, making his music more accessible. CANTEEN OF WATER (with a synthesizer yet), FACE TO FACE, MARIA IS A MYSTERY and the new single JUST TO PROVE MY LOVE FOR YOU are a good start for the new David Allan Coe. Too bad, though, there are no credits for his backup musicians.

"Boats Against the Current"-Eric Carmen (Arista) Hundreds of thousands of dollars were spent trying to get the right sound for this ex-Raspberries' second solo album. Nothing less than an excellent album could hope to reverse the cash flow and "Boats Against the Current" should return a handsome profit. BOATS AGAINST THE CURRENT, MARATHON MAN, NOWHERE TO HIDE and his current single SHE DID IT should make this a "supertanker" in the sea of vinyl.

"Playing To an Audience Of One"-David Soul (Private Stock) The question is: Will Hutch sing some felon his rights on the TV show this season? We know by now the man is gaining a firm grip on his singing career which should provide a comfortable cushion when and if the Nielsens slip. There's significant improvement in Soul's singing and producer Tony Macaulay should take a bow for a well conceived and executed album. Beyond the singles, GOING IN WITH MY EYES OPEN and SILVER LADY, other goodies include TOMORROW CHILD, BY THE DEVIL I WAS TEMPTED, NOBODY BUT A FOOL OR A PREACHER (sounds amazingly like Jesse Winchester), MARY'S FANCY and Ry Cooder's TATTLER.

Also recommended from the following LP's:

- "Appetizers"-Alan O'Day (Pacific) SOLDIER OF FORTUNE/SATISFIED/STARTED OUT DANCING...
- "Young Men Go West"-City Boy (Mercury) HONEYMOONERS/SHE'S GOT STYLE/I'VE BEEN SPUN/THE MAN WHO ATE HIS CAR
- "In Color"-Cheap Trick (Epic) BIG EYES/OH CAROLINE/CLOCK STRIKES TEN/SOUTHERN GIRLS
- "Blow It Out"-Tom Scott (Epic/Ode) GOTCHA/DREAM LADY/DOWN TO YOUR SOUL
- "Tropical Nights"-Liza Minnelli (Columbia) COME HOME BABY/EASY/I'M YOUR BEST FRIEND/TROPICAL NIGHTS-BALI HA'I
- "Goldsboro"-Bobby Goldsboro (Epic) ME & THE ELEPHANTS/LIFE GETS HARD ON EASY ST./HE'LL HAVE TO GO
- "Together"-Sister Sledge (Cotillion) BLOCKBUSTER BOY/DO THE FUNKY DO/CAN'T MESS AROUND WITH LOVE
- "Bionic Gold"-Various Artists (Big Sound) THEN HE KISSED ME/WHY DO LOVERS BREAK EACH OTHER'S HEARTS/UPTOWN/TWO OF US
- "Did You Ever Have That Feeling"-Jackie Lomax (Capitol) ONE OF A KIND/PART OF MY LIFE/FLOATING
- "Larry Ballard"-Larry Ballard (Capitol) MOTHER TEXAS/MAN OF THE HOUR/ONE MORE HURTIN' SONG
- "Bert Sommer"-Bert Sommer (Capitol) WHEN YOU FEEL IT/WE SAIL TONIGHT
- "Hold Me, Thrill Me, Kiss Me"-Johnny Mathis (Columbia) EVERGREEN/WE'RE ALL ALONE/ONE
- "Nightwings"-Stanley Turrentine (Fantasy) PAPA T/BIRDLAND
- "Beached"-Ricci Martin (Epic) STOP LOOK AROUND/MOONBEAMS
- "I Just Call On You"-David Meece (Myrrh) IT'S GONNA BE SO LOVELY/FOLLOW ME/IN THE MORNING
- "Patti Labelle"-Patti Labelle (Epic) JOY TO HAVE YOUR LOVE/FUNKY MUSIC
- "Sky Islands"-Caldera (Capitol) SKY ISLANDS/ANCIENT SOURCE
- "Free As The Breeze"-Michael Clark (Capitol) DRINKIN' MAN'S BLUES/HOLD TIGHT/SOMEONE SHOULD HAVE WARNED ME

Bill Gavin's Personal Picks

- - - I especially like:

- ROUND AND ROUND-Splinter (Dark Horse) Another George Harrison group does credit to his judgement in this Calypso flavored offering. The clarity of their lyrics is a joy. (Is that George himself doing the guitar breaks?)
- FALLING-LeBlanc & Carr (Big Tree) These talented Muscle Shoals musicians combine harmoniously on an extremely attractive piece of music.
- CIRCLE-Captain & Tennille (A&M) One of the two songs on the current album that were penned by Toni Tennille. Her early classical training shines through in the the baroque styling that creeps into her melody from a 16th century motet.

Gary Taylor's Personal Picks

- NEEDLES AND PINS-Smokie (RSO) As good as, if not better than, the original.
- ANOTHER STAR-Stevie Wonder (Tamla) His tremendous acceptance assures immediate airplay, and justifiably so.

Also Possible

- HEARTBREAKER-Chris Hillman (Asylum) DON'T LET LOVE GO-Brian and Brenda (Rocket)
- RAINY DAYS, STORMY NIGHTS-Impact (Fantasy) WE REALLY GOT THE RHYTHM NOW-Steve Tudanger (Big Tree)
- GIVE ME YOUR LOVE-Leslie and Kelly (Big Tree) HANNAH-Brent Maglia (Fantasy)
- WE DO IT-Carole Douglas (Midsong)

Inside Progressive Radio
(by George Meier, Editor of Walrus)

This summer is providing a welcome retreat from the overgrown releasing schedule of recent months. Of the less than fifty LP's we auditioned, some notable musical moments surface.

Those of us who had to endure the pre-release hype attached to the new Grateful Dead LP were relieved to be able to enjoy it. The second side's symphonette has to be considered among the best music they ever recorded. Especially with a group known for substandard recording relative to their stature, this album is appealing. The first track on the LP is a fine song in its own right also.

Speaking of first tracks, Robert Gordon, a man of strange origins, opens his first record with the absolutely archetypical '50's rock song. The hook says it all: "My Gal is Red Hot, Your Gal Ain't Doodlily Squat."

On the Live LP side, yet another worthwhile, live rocker is available. Bill Nelson's group Be Bop Deluxe scores well in all areas. Nelson is a gifted writer, vocalist and guitarist and, as a result, his band gets to you more than most others. Sonically, their album ranks well too.

Several other LP's bear a mention for one reason or another. The Rumour is the band which plays behind Graham Parker. Their own LP is solid on all levels, yet one cannot help but miss Parker's dynamism. Likewise, dynamism is a problem in Andy Pratt's album. He has enormous talent and many people pulling for him. However, his recordings don't feel at home. Instead they are tense, worked struggles - like the outfielder who makes the catch, but makes it look hard.

Firefall delivers that hit sound which centers around acoustic guitars and four part harmonies. Echoes of C.S. & N. and Eagles are subdued by uneven songwriting. On the other hand, the super songwriting of Harry Nilsson is subdued by a veritable easy listening production. We have already heard Nilsson Schmilsson. MOR stations will eat up the sweetness while us rockers will have our insulin attacks.

Gab

WRNN-Clare, Michigan has moved into new studios "as nice as many majors", according to operations manager, R.Scott Gilmore. The station inaugurated their new showplace with a 22-hour St. Jude Radiothon and raised \$2,100.00.

Many stations are involved with charitable activities this time of year to raise money for Muscular Dystrophy, coinciding with the big national drive Labor Day weekend. Alan Edwards of WIRK-West Palm Beach reports their 12 hour Skate-A-Thon held last weekend raised \$11,000 in pledges. Along that same line, KLOG-Kelso, Washington, was involved in a Bed Race through the downtown area on behalf of Muscular Dystrophy.

Last weekend WBOV-Terre Haute staged the "World's Largest Disco" in the Civic University Amphitheater. Over 2,000 people showed up - it was standing room only. The event was so successful the station is planning another for November 4th.

Ron Dennington asks record companies to note the following mailing change: KSAQ-San Antonio is now KZZY, GPM South Tower, Plaza Level, San Antonio, TX 78216.

New lineups at KRUX-Phoenix, Richard Ruiz, Jay Morgan, Daniel, Greg Mills, K.C. Kennedy, John Roberts. Weekends: C.W. McMuffin and Rock Risner.

at KATZ-St. Louis, Doug Eason, Don Clark, Bill Ryan, Harry Lyles (PD), Gary "Disco" Star, and Steve Winston.

Inside Progressive Radio

(by George Meier, Editor of Walrus)

Established Progressive Airplay

(In Order)

Crosby/Stills/Nash

Yes

Steve Winwood

James Taylor

Alan Parsons

Steve Miller Band

Heart

Dan Fogelberg

Peter Frampton

Geils

Notes: The plateaus indicate levels of airplay significantly more potent as you move up. Crosby, Stills & Nash and Yes absolutely dominate the chart. An interesting regional observation shows that the midwest is playing its top 10 much, much more intensely than are stations in other regions. That might indicate a higher concentration of tight formats. Other regional notes are that although Fleetwood Mac has dropped off dramatically they remain relatively strong in the northeast. Finally, Styx's power is still centered in the midwest.

New Progressive Airplay

(In Order)

Grateful Dead

Firefall

Elvin Bishop

Andy Pratt

Be Bop Deluxe

Bernie Leadon

Notes: Great bands always have the capability of rejuvenation. That has always been true. The Grateful Dead are the latest example of it. Keith Olson's production has drawn together the misfiring elements in a legendary band gone soft. Radio responded. Firefall, doing the formula gets a knee-jerk response while the others in this list hang on. Nothing of regional importance to report.

Singles & Imports

Singles: The Doobie Brothers and the Thin Lizzy singles run away from everything else.

Imports: Again, the little records dominate the import scene. Genesis' EP and the new Sex Pistols single stand well in front of several other punk rockers.

These new LP tracks are getting an important airing:

Albums of the Week
(reviewed by Ron Fell)

"It Was Almost Like A Song"-Ronnie Milsap (RCA) A beautiful album. All the components put together in one ten-cut set. Someone said recently that those stations who considered the current single IT WAS ALMOST LIKE A SONG "too country" probably had never heard it. For those who have yet to hear it, it's the fourth cut on side one. The other cuts, while more "country" are some of the best to come out of Nashville in quite a while. Choosing between WHAT A DIFFERENCE YOU'VE MADE IN MY LIFE, NO ONE WILL EVER KNOW, SELFISH, LONG DISTANCE MEMORY and THE FUTURE IS NOT WHAT IT USED TO BE should be a tough but pleasant task.

"Cate Brothers Band"-Cate Brothers Band (Asylum) On their last album they were close, but no cigar. The guys come out smokin' here though, with some solid blue-eyed soul. Ernie Cate's beefy vocals and brother Earl's crafty guitar work merit serious attention from programmers. Prime cuts include: I'M NO PRETENDER, RENDEZVOUS, WOMAN I'M TRYIN', LET IT SLIDE and YIELD NOT TO TEMPTATION.

"Oops! Wrong Planet"-Utopia (Bearsville) Although apparently not intended for earthlings, the Utopia soundship has produced an Elysian earful. Todd and his space cadets, always dancing to the beat of a different drummer, leave behind some mini-classics like THE MARTYR, LOVE IN ACTION, WINDOWS, TRAPPED and the lovely GANGRENE.

"Slick"-Eddie Kendricks (Tamla) One of the problems with media stereotypes is that under the broad banner of "black" music are clustered such diametrically opposed acts as The Sylvers and Eddie Kendricks. Kendricks has teamed with producer/arranger Leonard Caston, yielding a thoroughly satisfying and sophisticated album, and one which should go beyond the usual "black" music boundaries. SOMETHING SHADY, BABY, INTIMATE FRIENDS and THEN CAME YOU certainly live up to the album's title.

In Memoriam

Janet Breed Gavin died in her sleep during the early morning hours of August 23. She had been recovering from a stroke which occurred July 3, but failed to survive this second one.

She was born June 1, 1913 in Rock Elm, Wisconsin, the eldest daughter of Dr. A. L. Breed and his wife Bess. She was valedictorian of her graduating class at Elmwood High School. Then came two years at Milwaukee Downer College, followed by two more years at the University of Wisconsin, where she graduated in 1934 summa cum laude.

After a year of teaching at West Bend High School, Janet came to San Francisco, where we were married at Glide Memorial Church on August 17, 1935. The following year we moved to Seattle, where our daughters Sally and Ann were born. We returned to San Francisco in 1942 and moved to Mill Valley in 1946, where we welcomed another daughter, Janie, and a son, Greg. In 1954 Janet took her master's degree at San Francisco State College.

Janet took an active part in the American Association of University Women and was chosen as the charter president of the Mill Valley branch of AAUW. She was also chairman of the AAUW radio-television committee and a member of the organizing committee of the Bay Area Educational Television Association, which culminated in the licensing of KQED, Channel 9, in San Francisco.

Janet was a partner in The Gavin Report from the very beginning, starting out by keeping the subscription accounts at home. In 1960 she started working full time in our San Francisco office, where for several years she typed the stencils, stamped the mailings, folded the Reports and stuffed and sealed the envelopes. When we introduced our Country Music Section she soon took it over as editor, where her natural fondness for that kind of music was reinforced by a wide acquaintance with the people who make country music and the people who play it on the radio. She was a member of the C.M.A. Board of Director since 1968, and until her recent illness had missed only one quarterly meeting in all that time.

Country music brought Janet an exciting new career at a time of life when many other women take up bridge or crocheting. It also brought her a new world of friends, to whom she gave unstinting love and devotion. In return, she gained the affection and respect of all who knew her — not only in country music, but also in broadcasting and in other music forms. She was a constant champion of country music and sincerely proud of its growth and public acceptance.

It isn't possible for a husband to write of the sadness and emptiness that a wife's passing has brought. Janet was very special. The love and affection for her that she aroused in so many hearts are a lasting and fitting tribute to her memory. She was a loyal wife, a devoted mother and — as many have said — a great lady.
