ONE TIME, ONE NIGHT

(Hidalgo/Perez)

A wise man was telling stories to me
About the places he had been to
And the things that he had seen

A quiet voice is singing something to me
An age old song about the home of the brave
In this land here of the free
One time one night in America

The guy that lived next door in #305
Took the kids to the park and disappeared
About half past nine
Who will ever know
How much she loved them so
That dark night alone in America

Four small boys playing ball in a parking lot
A preacher, a teacher, and the other became a cop
A car skidded into the rain
Making the last little one a saint
One more light goes out in America

People having so much faith
Die too soon while all the rest come late
We write a song that no one sings
On a cold black stone
Where a lasting peace will finally bring

The sunlight plays upon my windowpane
I wake up to a world that's still the same
My father said to be strong
And that a good man could never do wrong
In a dream I had last night in America

INSIDE TOP 40

by Dave Sholin

It seems like every time we turn around, another awards show of some type has sprung up on television. But in the world of motion pictures, nothing equals the Oscar, while for TV, the Emmy rates top billing. In a few days, music's equivalent honor, the Grammy will be awarded.

Like the Gavin Report, the Grammy is celebrating its thirtieth anniversary--three decades that have seen quite a few changes in the public's musical tastes. As you watch the telecast, see how many of the winning artists and their songs you remember as struggling to get some airplay in their early stages of development. Those of us who know how much new music is released each week certainly realize what an achievement it is to be recognized by the industry as being the very best.

While some critics berate the NARAS voting system and its conservativeness, especially when it comes to rock'n' roll, the Grammy ceremony has grown to be a standard of excellence in our industry and never fails to shift America's--and much of the world's--attention to music for one glorious evening. **HAPPY THIRTIETH, GRAMMY...AND MANY MORE!**

It's close quarters in the top ten with not much room for movement. Nevertheless, **MICHAEL BOLTON** has managed to rise to the challenge, becoming the only new entry in the list of the week's ten hottest singles. **HIT FACTOR** climbs from 48% to 69% with huge gains at **JLK/FM 22-15**, **WQLK 28-16**, **KBIU 27-18**, **93Q 19-7**, **KYYA 29-20**, **KQEN 26-16**, **KACI 23-14**, **WLXR 24-18**, etc.

HIT FACTOR more than doubles for **JOHN COUGAR MELLENCAMP**, who goes from 15% to 33%. Now top twenty for Jim Richards and Lori Campbell at **B94 17-13**, Craig Ashwood **94Q Atlanta 19-16**, Bill McDonald **WVAQ/FM 26-20**, Scott James

KAKS/FM 21-17, Dave Allen and Darren Silva **KSLY 22-19**, Don Stevens **AM106 debut #18**, Robert St. John and Tim Daley **KQIX 27-20**, etc.

First single or fifth, it doesn't make any difference when it's **WHITNEY HOUSTON**. Based on this week's comments, Top 40's audience can't seem to get enough of this remarkable talent. Debuts in the top 25 at **WMJQ Buffalo**, **WBXQ Altoona/Johnstown**, **WIAL Eau Claire**, **Z93 Atlanta**, **WKQB Charles-town**, **WHYT Detroit**, **KOZE** and **KMOK Lewiston**, **KAFX Lufkin**, **KSTN Stockton**, etc.

Airplay is building steadily for **ALEXANDER O'NEAL** with stats approaching 200 reports. Added at **POWER 104 Houston**, **B93/FM Austin**, **KBEQ** and **KCPW Kansas City**, **WQID Biloxi**, **Q101 Meridian**, **KKAZ Cheyenne**, **K100 Chico**, **KDWB Minneapolis**, **WROQ Charlotte**, etc. Top thirty debuts at **Z93 #28**, **KEZY #30**, **Y108 #29**, **WKMZ #30**, **WZYZ#29** etc.

As expected, **TIFFANY** isn't standing around waiting for chart moves. Lou Simon and Evan Lake already list it **22-15** at **KCPX Salt Lake City**. Other key gains in Phoenix at **KKFR 30-24**, and **KZZP 26-22**. New on **WJET**, **CKOI**, **KITI**, **KPKY**, **KWSS**, **KIIS**, **EAGLE 106**, **WAVA**, **WNYZ**, **WPFR**, **WGGZ**, **Q105**, **KZOU**, **KHIT**, **WZOK**, **WIZM**, **KHHT**, **WIQQ**, **B97**, etc.

A programmer's favorite from the start, **TOTO** is already turning in some impressive results. Mike Cushman at **KKEZ Ft. Dodge** says phone response has been "incredible," with listeners going wild to win copies of their LP.

Adds include **WPST Trenton**, **WXXQ Freeport**, **Z95.5 Detroit**, **WCAT Orlando**, **WSPT Stevens Point**, **KPLZ Seattle**, **Z104.5 Tulsa**, **KRQ Tucson**, **KIXY San Angelo**, etc.

Quite a few comments noting that **LOUIS ARMSTRONG** is starting to generate teen calls. Moves into the top twenty at **B95 Fresno 22-19**, **KYMO Sikeston 37-20**, **KSND Eugene 23-18**, **102QQ Saratoga Springs 24-19**, etc. Getting close to top ten territory for Bruce Stevens **WBBQ Augusta** who takes it **17-13**. **24** adds gets it just a few steps away from **CHARTBOUND**.

Several noteworthy leaps for **WHITE LION** including one for John Raymond at **KIXY San Angelo** where it logs a **28-19** gain. Also strong at **KJLS 27-18**, **KWKR 27-20**, **KVXO 35-28**, **OK95 19-14**, **WLXR 32-23**, **WILI 36-27**, etc. New on **WGKS**, **WSPK**, **106RTB**, **KKYK**, **KRNQ**, **WYHT**, **KLYK**, **KWTX**, **WDEK**, **KOKZ**, etc.

Chalk up another 34 adds for **BRYAN FERRY**, taking him close to 100 reports and easily making this his most played Top 40 track to date. New believers include Roger Gaither **WKQB**, Sunny Joe White and Jerry McKenna **WXKS Boston**, Kid Leo and Jim Octavec **WMMS**. Bob O'Dell **WZIX**, Sean Lynch and Chet Buchanan **Z100 Portland**, Jonathan Little and Matt Hudson **Z104**, Bob Beck **KYYY**, Mike Justin **WBNQ**, etc.

ERIA FACHIN nearly doubles her airplay of last week with adds at **WAPW Atlanta**, **KWNZ Reno**, **KTDR Del Rio**, **KZZK Tri-Cities**, **B95 Fresno**, **KMOK Lewiston**, **KZHR Yakima**, **WAIL Key West**, **KNEN Norfolk**, etc. Charts **14-10** at **WXKS** and **19-13** at **POWER 104**.

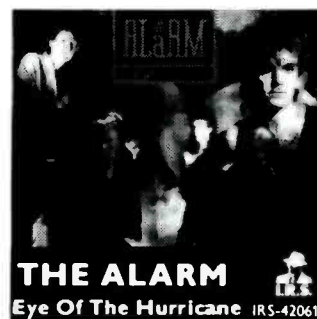

Key crossover indicators are having big success with **MORRIS DAY** and it's now spreading to all regions. Hot at **WHKW 19-11**, **KMGX 10-7**, **KITY 20-12**, **Z93 19-15**, **WZIX 30-19**, **WTIC debut #30**, etc. Adds at **POWER 106**, **KMEL**, **WCIL**, **KPHR**, **HOT 103**, **KCIL**, **WXKS**, etc.

Nothing but positives continue to come in for **PHIL COLLINS**. Jeff Davis at **KLYV Dubuque** was first to tell me about this tune five months ago. Jeff reports that after all that time it still shows up top five every time he tests it, with all demos, **18-34** and **25-54**. It's especially strong with females.

THE GAVIN INTERVIEW!

ROGER!

Since forming what he calls his first "let's get serious" band in Hamilton, Ohio, Roger Troutman's musical career has spanned two decades. Following his first big hit, "More Bounce To The Ounce" with Zapp, the multi-talented singer, songwriter, producer and performer worked with George Clinton, Bootsy Collins and Sly Stone--the Harvard University of Funk, if you will. Like Clinton's and Funk-

adelic's early music, Roger's appeal is pan-racial. Now, with the pop success of his LP, *Unlimited*, and its first single, "I Want To Be Your Man," Roger's demographic appeal has blown wide open. Calling from a cellular phone in his luxury space bus en route to a gig in Indianapolis, Roger acknowledged his debt to radio and conveyed his thanks to programmers who have made him "their man."

BY BETTY HOLLARS

BETTY: Where has Roger Troutman been for the past three years?

ROGER: Roger Troutman has been in the studio making "Computer Love," "As We Lay" and "Go On Without You." The last two were on the Shirley Murdock album.

BH: The award-winning gold album by Shirley Murdock?

RT: That's the one!

BH: How did you happen to hook up with her?

RT: Shirley was singing in a church in Toledo. My cousins were working in my office in Dayton, and they asked me to listen to her tape, which I did. I went to hear her in church, and I couldn't believe my ears. She was a songbird! Every time she sang, everybody could feel it. I knew then she would become a star. My gut feeling and my instant instincts told me she was going to be a smash.

BH: It sounds like your whole family has gotten involved. Are your brothers Larry, Lester and Terry still with you?

RT: Of course, every step of the way. Right now, Lester and Zapp (Terry) are with Shirley, and I have recruited two replacements: one is Clete Troutman. He's in the group to replace Zapp. He's 18 and my nephew. He plays bass and saxophone and he sings. My son, who is 17, performs with me now. He plays guitar, saxophone, keyboards, and sings background vocals and voice box.

BH: Your son?

RT: Yes, S-O-N.

BH: That's marvelous! How long has he been in the music business?

RT: Since he was about three and a half. He wouldn't leave me alone. He had a thousand questions and was always interested in playing things. I remember how I got started, and he did it the same way. That to me is a sign, when little children are curious, and when they have a knack to do it. When he was about six he started bugging me to be in my band. I sent him off to his room to learn a keyboard passage and told him if he didn't learn it, he'd be punished. He's always had a fear I would reject what he was going to do unless it was excellent, and he's still like that today.

BH: Matt Morton, the PD at WXOK-Baton Rouge...

RT: I remember that rascal! That's my buddy!

BH: ...told me you are his two-year-old son's godfather. He wanted me to ask you how you feel now that your son is in your band.

RT: It's a great feeling! First of all, he doesn't look 17. He looks more like he's 20. People in the audience get a kick out of it. We're playing for both the kids and the older people, and since "I Want To Be Your Man" became a hit

with both black and white listeners, the audiences are filled with a lot of white kids and young adults, as well as a lot of black parents. So a lot of the older women go for me, and the younger ones go for him. And then sometimes the older ones say, "I really like your son," and some of the younger girls say they like me. So there's a wide spectrum of entertainment and enjoyment for the fans.

BH: Do you see a bright future for Roger, Junior?

RT: He's already acquired a recording contract, and I'm working on his album right now.

BH: Now let's get back to your beginnings. The first group you formed was called Human Body.

RT: Yes, that was my first "let's get serious" group. I traveled around Ohio with them when I was about 18. As we got better and more notorious, it paid the bills, but I wasn't really interested in the record industry because I didn't know anything about it. I wasn't going to wait around as long as I could make money working in the nightclubs, I tried to cover that area.

BH: But the same band later became Zapp?

RT: Exactly. I was going into the studio while we were Human Body, and came up with the record, "More Bounce To The Ounce." I wanted to use a name that was more electrifying--more Darth Vaderish, more space age. My kid brother Terry was standing in the room while I was thinking about the name. His nickname was "Zapp," so that's what we decided to call the group. It was a nickname the younger nieces and nephews in our family gave to him when they were very small.

BH: How did you hook up with the crazy man, George Clinton?

RT: He saw me performing in Dayton. The promoters would bring him and Parliament and Funkadelic around to hear local bands when they needed a good local act to warm the show up. Every time George Clinton played in the vicinity, the promoters would use us. He said we were sensational and someday he wanted to bring us up to Detroit and do something with us. One day, he did just that. He and Bootsy (Collins) called me to Detroit, gave me some pointers, introduced me to the key people at Warner Bros. Before I knew it, "Bounce" was out.

BH: So both George Clinton and Bootsy Collins got you involved. If you had to describe these two together, is one of them a madman and the other one brilliant?

RT: They're both brilliant and I have the utmost respect for their abilities to search out talent. Neither of them is mad in any way! (laughs) They give off all that other stuff for their fans, I guess.

WHEN THE INSPECTOR COMES KNOCKING

With deregulation, there was, for a while, a cutback in FCC field inspections of broadcast stations. But recently, the Commission has gotten its "enforcement" activities back on track. Inspections are being made--and fines levied. In fact, nowadays, the FCC has authorized its Field Operations Bureau to levy fines directly. If you are issued a "notice of violation," you still have the opportunity to respond, but it's no longer headquarters in Washington that must issue the fine...although a fine will still very definitely show on your station's record there.

Among the recent fines levied, the most common involve such technical violations as failing to have EBS receiving and transmitting equipment, failure to broadcast the weekly EBS test, improperly operating remote control equipment, and failure to keep operating power within FCC limits (+5%, -10%). Such sloppiness as forgetting to renew STL/Marti licenses has proved costly. And quite a few stations have received major fines for violations pertaining to studio location. Although the FCC recently eliminated the requirement that the main studio be located within the city of license, the inspectors are still finding stations which have violated the remaining sections of this rule. If you've recently moved your studio outside your city of license, you might want to review the applicable rules with your Washington attorney. Nothing catches the FCC's attention like not finding a station where the records show it's supposed to be!

When can inspectors come in and look around? They must be admitted any time during weekday business hours. What can they look at? Anything that bears on FCC rules. (Generally speaking, that does not include the station's financial records, for example.) The program logs? Yes--if you use them. You don't have to use them, under the current rules, but practically all stations do, if only for billing purposes, and the inspector is legally entitled to examine them, even if you don't want them to.

What will the inspector look at for sure? (1) The control room and transmitter controls. (2) The engineering logs and records. (3) The posting of operators' licenses (4) The transmitter metering.

The inspector will want to make sure that the operator on duty knows how to

control the transmitter, make any legally required adjustments and read the meters correctly. The inspector will ask the operator on duty to run an EBS test.

By the way, if your station uses a light or amusing EBS test, the inspector will probably growl about it not being permitted, and suggest trouble from the FCC if it isn't discontinued. This is not necessarily true. If the test contains all the legally mandated wording, and particularly if it includes an additional line to the effect of, "If this were a real alert, we'd be taking the test a lot more seriously," no rules have been broken, and in no case--including my own recent confrontation with an inspector on this point--have I ever heard of any followup action.. Though the Commission likes to have EBS tests presented as if they were brought down from the mountain by Moses, I contend that a light approach can underscore that it is only a test, thereby making any real alert much more obvious.

The inspector will definitely want to look at the Public Inspection File, too. All personnel in the station must know where it is, and be able to get at it at a moment's notice. Some stations lock the file in the manager's office at night. That's okay, but that office had better be unlocked during the business day, or somebody in the station must have the key, or it's a citation for sure

And, as I've periodically warned you, the FCC has never mitigated the "Sponsor Identification Rule" or the "Lottery Rule," and violations of either still always draw fines. Although the inspectors will not generally look for spots which violate the rules, if they hear one while listening to the station, you can kiss \$2,000 goodbye. Inspectors usually monitor stations in advance of a visit, and may put the signal up on a modulation monitor or an oscilloscope to make sure it sticks to the limits. Violations heard then are fair game.

How should you act when the inspector comes calling? As normal as possible. If you run a clean shop, you have nothing to worry about. If you have not been sticking to the rules, a guilty or excessively nervous attitude can only invite suspicion and a more thorough inspection. As soon as an inspector shows up, an official of the station should be called to accompany the inspector on a tour of the facility. The

Nothing catches the FCC's attention like not finding a station where the records show it's supposed to be!

official can and should answer questions and cooperate by providing what the inspector asks for, but the experts say it's a mistake to try to explain away or even admit to an obvious violation. When the "notice of apparent violation" comes later--which it will, whether or not you try to explain away the problem--the station will have its chance to reply. And it may be impossible at that point to offer a plausible explanation to mitigate the fine if a hasty and ill-considered response has been offered on the spot.

Most inspectors are reasonably nice people, with an appreciation of good radio, and are not usually seeking ways to get your station in trouble. On the other hand, the inspection can be a real nightmare if your staff can't read the transmitter meters, isn't able to make transmitter adjustments as required by the "Rules and Regulations," doesn't know how to run an EBS test, etc. I have heard of deejays suffering breakdowns and having to leave the air for a while to lie down after failing a series of such requests, and I've heard of as many as 18 violations being issued as a result of such a catastrophic visit. Make sure your station is always ready for...THE VISIT. ●

INSIDE A/C

With a 99% HIT FACTOR, Patrick Swayze remains atop the chart for one more week. But he should hear the fearsome foursome of James Taylor, Rick Astley, Richard Marx and George Michael tap-dancing their way onto his dance floor.

James Taylor added an amazing 72 HEAVY rotation reports to his profile this week, and he's actually the airplay leader now with 213 A/C stations.

The top five is so explosive that, even though the Peabo & Regina single gained 19 HEAVY rotation reports, it ranked backwards. Go figure! For the first time in 1988 we'll underline a ranking decline, as nothing will break up the top six next week.

George Harrison's "When We Was Fab" is now HIT FACTORED at 84% of

its players, second only to James Taylor's 92% for six-week-old records.

Belinda Carlisle's "I Get Weak" is now bound to eclipse her previous single at A/C radio. Her 30 to 21 chart move over the past two weeks, coupled with her 21% increase in HIT FACTOR spells out a future top 10 with adults.

Louis Armstrong's "What A Wonderful World" makes a big splash this week as our highest chart debut and second MOST ADDED.

MOST ADDED this week is Whitney Houston's "Where Do Broken Hearts Go." She now has 148 stations in two weeks and 45 of those stations are already HIT FACTORING her. Any doubts where this one will end up?

Also destined for an ultimate single-digit future is the duet from Dolly & Smokey which is a solid debut and a MOST ADDED, with WTMJ, WGOL/FM, 3WM, KWEB, KBLQ, KDTH and WRFC among its 34 new stations.

Last week's RECORD TO WATCH, Toto's "PAMELA," adds 27 stations to its dance card. New for WQHQ/FM, B100, KFYE/FM, KQIP and KYJC.

This week's RECORD TO WATCH, Dionne Warwick and Howard Hewett's "Another Chance To Love" has now been fully serviced to A/C radio. Adds are 35 stations strong, including KDES, WEBE/FM, WMT/FM, KSL, KZZQ, KYLT, WTUN, WAHR, WBLU, WMTR and KBMG.

REVIEWS

ROBBIE ROBERTSON

Somewhere Down The Crazy River
(Geffen)

If Tom Waits' props are a lamp post, the barstool and the urban cul de sac, Robbie's props in this epic are the flatbed pickup, a roadhouse jukebox and the levee of a slow and muddy river. Robbie's gravelled narration of a spiritual drifter's tale is truly theatre of the mind—something which used to describe radio.

GLORIA ESTEFAN & MIAMI SOUND MACHINE

Anything For You (Epic)

We gotta believe this song performed live is the new showstopper on the never-ending MSM tour. With equal quotients of grace and power Gloria wrings the crying towel dry.

ART GARFUNKEL

So Much In Love (Columbia)

So good. So short. Art's doo-wop resurrection of a 1963 number by The Tymes brings a state-of-the-art approach to an almost timeless song. Take this one to the bank.

MICHAEL FRANKS

The Camera Never Lies (Warner Bros.)

This track was actually broken by the light jazz stations months ago and now has been punched up for straight pop

play. Michael's singular talents as both a lyricist and vocalist provide multiple layers of appreciation for the adult listener.

AGNETHA FALTSKOG duet with PETER CETERA

'GCI'S GROSSMAN ALSO JOINS STATION

MICHAELS VP/GM AT WBMX

Lee Michaels has been named Vice President and General Manager of WBMX-Chicago, where he has been Program Director since last May. He replaces Kermie Anderson, whose departure coincides with the official takeover of the station by Detroit-based Dorton Broadcasting. As reported here earlier, Michaels will also assume the title of VP/Programming for all Dorton stations, including WNYR/WEZO-Rochester, NY, WCZY-Detroit, KSKY-Dallas and WPEG/WGIV-Charlotte, NC.

Michaels, who helped push 'BMX back into second place while programming Urban rival WGCI, said, "I plan to create a more aggressive and competitive station, and ultimately make WBMX a market leader again. I will strive to surround myself with the most qualified broadcasters available, and motivate them toward our ultimate goal."

Joining WBMX from 'GCI is Maynard Grossman, whose title will be station President and corporate VP/Sales. Said President/CEO Joe Dorton: "I am excited about having two former colleagues rejoin me. Lee Michaels will clearly be one of the best programming-oriented general managers in the country. Maynard Grossman's outstanding sales skills will enable him to assist Lee in maximizing the WBMX marketing efforts."

OFFERS MARKET RESEARCH, PROGRAMMING ADVICE

CONSULTANCY FOR CHRISTIAN

His legal problems now behind him, former KTCZ-Minneapolis PD Bobby Christian has set up his own company to offer custom-tailored market research and programming consultation. "As a programmer, I know what information is important to GMs, PDs and GSMs," he says. "Plus, my experience with cost-conscious companies has led me to discover ways to minimize expenses without cutting corners." Christian's company, Sound Decisions, is located at 2051 Glenhill Rd., Colorado Springs, CO 80906. The phone number is (303) 471-4125. Note that as of March 5th, Southern Colorado's area code changes to (719).

LONGTIME 94Q MD JOINS 'THE BUZZARD'

MCCARTNEY NAMED PD AT WMMS-CLEVELAND

Cleveland's WMMS has a new PD--Jeff McCartney from KS98/KSD-St. Louis will fill the chair vacated when Brian Phillips moved to BJ105-Orlando late last year. McCartney was "simply the best applicant for the job," says 'MMS OM Kid Leo. "We had a lot of high-quality people apply, and Jeff was the unanimous choice of everyone who had a voice in the matter." McCartney, a 12-year fixture at Atlanta's 94Q/WQXI, told Chinwag, "I'm very used to Top 40/Album hybrids--and it was great to be wanted by someone as much as I wanted them!"

GABBERT LINES UP SUPPORT FOR APPEAL

FCC BLOCKS DEAL TO SELL KHIT

Jim Gabbert, whose plans to buy Olympic Broadcasting's KHIT-FM in San Francisco ran into a sudden and unexpected brick wall at the FCC, has joined forces with the listener group that helped block the \$11 million dollar deal, and says he has high hopes for a successful appeal. The "Coalition to Save 'The City,'" formed when the station was known as KKCX, has been lobbying for a return to an eclectic-rock format. "We found out that none of us were far off in what we want in a radio station," Gabbert says. "Obviously, we would reinstate some form of the format. With my engineering expertise and an incredible programmer, we would set this market on fire!"

The FCC ruling centered on Gabbert's request for an exemption from the "duopoly" rule barring multiple station ownership in a market. Gabbert argued that his AM and UHF TV outlets need the FM's cash flow for their financial viability, but the FCC said he'd failed to make a case.

"Let's assume that we go in with the Coalition's support, and I am able to answer them on that cash-flow thing," he says. "What reason would they have for turning us down?"

Gabbert revealed he has lined up a PD for the outlet--"I have a contract with one of the legends in San Francisco radio." Now all he has to do is wait for the FCC's train to pull into the station. If he is unsuccessful, however, he stands to lose a \$1 million down payment currently in escrow.

NAMED SENIOR VP AT CBS RECORDS

CBS RECORDS/NASHVILLE GETS THE WUNSCH-OVER

Roy Wunsch, who has spent his entire career with CBS Records, is now the label's Senior Vice President, Nashville Operations. He replaces Rick Blackburn, who resigned to start his own management company. Wunsch has been the Nashville division's VP/Marketing for the past seven years. "Nobody is going to perfectly prophesy musical trends which are not already evident," he says. "The job takes an instinct to recognize something special in the artist, along with the experience and knowledge to take that artist to the public in a tasteful way."

Steve Atkinson checks in from KHOK to report that the staff has not changed but the station has moved, from Hoisington, KS, to downtown Great Bend. "We have an awesome new control board and a new identifier, 'New FM101,'" he says. There's also a new address: 5501 W. 10th St., Great Bend, KS 67530. Phone: (316) 792-3647.

ONLY TWO FEATHERS REMAIN IN PEACOCK TAIL EMMIS BUYS FIVE NBC O&Os

Seven years after its founding with a single station, Emmis Broadcasting is poised to become one of the nation's five largest radio companies. Pending approval by the FCC and the respective boards of directors, Emmis will acquire five of the remaining seven NBC Radio O&Os for a reported \$121.5 million. The sale involves FM stations WJIB in Boston, WKQX in Chicago and KYUU in San Francisco, as well as flagships WNBC-AM and WYNY-FM in New York. Emmis presently owns a New York combo, All-Sports WFAN and Hot 103/WQHT, plus Power 106/KPWR-Los Angeles, WAVA-Washington, DC, WENS-Indianapolis, WLOL-Minneapolis and KSHE-St. Louis.

Two of the New York stations will have to be sold, of course, but Emmis founder Jeff Smulyan says his plans are "unclear on all fronts. We'll be taking offers and see what happens." He added, "This was a step forward we just couldn't pass up. There were markets we wanted to be in—Chicago, Boston and San Francisco, plus the chance

to own the two best signals in New York and maybe trade our properties there for other markets. It just made sense for us."

With last year's sale of the radio network to Westwood One, the once-mighty NBC Radio empire now consists of one AM and one FM, both for sale. KNBR-AM in San Francisco is being held off the market while negotiations continue on extending its contract with the San Francisco Giants (thereby upping the station's value). NBC Radio President Randy Bongarten says he expects to announce a deal for selling for WKYS-FM in Washington, DC, within a couple of weeks. Although the end is near for radio's pioneer network and group owner, Bongarten prefers to look to the future, not the past. "I would liken it to a high school or college commencement—it's the end, but also a beginning." Emmis, he said, "is a very aggressive company and dedicated to radio, and I think that will be good for the stations. When all is said and done, that's what's most important."

HELLO MARYLOU, GOODBYE JAN GAVIN WINNERS ON THE MOVE

Gavin award-winner Jan Tiefeld has exited her position as West Coast Promotion Director for Chrysalis Records, and is rumored to be destined for a label nearer the beginning of the Rolodex.

Another Gavin winner, Marylou Badeaux of Warner Bros. Records, has been rewarded with a promotion. Her new title is National Director of Marketing, Black Music.

A/C KYSD-San Angelo, TX, has gone Country as KTEO/FM, 80 percent simulcasting its AM sister of the same calls ... Bob Taylor moves crosstown from KYYX to KFMS-Las Vegas, replacing Jimmy Walker in overnights—the station's first air shift change in more than a year.

Chinwag congrats to KUIC-Vacaville, CA, and News Director Paul Hosley, honored with two awards by the Northern California RTNDA. The station was cited for Best Newscast and Best Feature Reporting for stations with small news departments ... Michael Reading has left the PD spot at KWAV-Monterey, CA, to join Pat McCoy's A/C and Jazz newsletter, MAC ... The new PD at KMIX-Modesto is Greg Edwards, who comes crosstown from KUBB/FM.

Up in Washington State, Danny B. departs KNWR-Bellingham to take PD/midday job at KBRC-Mt. Vernon, as Stu Black segues to PD/mornings at Pioneer Broadcasting sister stations KXRO and KDUX in Aberdeen ... KUBE/FM-Seattle promotes part-timer Rick Reynolds to overnights as Stitch Mitchell segues to middays at KMGJ ... An era has ended at KTMT-Medford, OR, with the departure of PD/MD R. Charles Snyder, who helped build the station from a 5 share to a 35.8. The new MD is Grant Tressel, but no PD has yet been named, according to owner Bob Johnson.

NASHVILLE PROMOTIONS NIPPER EXECS ON THE MOVE

Top RCA Nashville execs have hit the highway for a cross-country "Magic Bus Tour." The entourage includes Senior VP/GM Joe Galante, VP/Country Promotion Jack Weston and VP/Product Development Randy Goodman, both newly elevated to VP status, as well as regional RCA managers. "We're visiting radio stations and retail accounts and giving them a chance to hear our new product and to meet RCA executives face to face," said Weston. "It's not only good promotion, but a great way to

Jack Weston

gather feedback from the street."

Weston moves up from Director of Country Promotion and Goodman from Director, Merchandising. There were two other Nashville moves: Mary Martin to Manager, A&R, and Ric Pepin to Director of Marketing Administration. Said Galante: "This group of people has led RCA Records to our best year ever. I am honored to work with them."

"SUEDEHEAD"-MORRISSEY (SIRE/REPRISE)
When the Smiths disintegrated, and Johnny Marr and Morrissey parted paths, I'll admit that I was uncertain as to what Morrissey the tortured poet would be able to come up with. But, alas, Morrissey triumphs with a new collaborator--guitarist Vinní Reilly of Durutti Column. "Suedehead" is easily the Gavin Song of the Week. It sounds like when the chips were down, a singer reached deep inside, coming up with a solid winner. Bravo!

OUTSKIRTS-BLUE RODEO (ATLANTIC)
Sound and faces are finally attached to a band already getting a sprinkling of Canadian and college reports. Blue Rodeo was first submitted to our attention by CFNY's music/videocam man, Ivar Hamilton. Peter Standish then spilled Gavin ink over this band six months ago. The U.S. edition of Outskirts is immediately likable. Trax like "Rose Coloured Glasses" have a friendly, acoustic-guitared, big drum bounce. As electric guitars and spare keyboards abound, positive energy is exuded amid lyrics of home-spun prose. I became a Blue Rodeo fan instantly. In your spare time, give a listen to the 7:33 "Floating," dedicated to the late great William Holden. The written intro on the sleeve explains this odd piece of work.

SIRIUS-CLANNAD (RCA)
Sirius is a serious departure, not necessarily from their last album, but from Clannad's reputation as a soft folk outfit. In fact, this is Clannad's third album since plugging in and shifting into electric overdrive. While everyone seems to be harking the return of orchestral rock, possibly Clannad's brand of aural expanse is more what listeners might have in mind. Utilizing traditional folk vocal techniques (rather than overarranged keyboard gymnastics), Clannad lays sophisticated groundwork toward luring loyal adults. Produced by engineer Greg Ladanyi, whose work with the Church was inspiring. Trax: "In Search Of A Heart," "Something To Believe In" and "Second Nature."

NEW
Releases

FAIR & SQUARE-JIMMIE DALE GILMORE (HIGHTONE)
The first time Joe Ely's "Dallas" was recorded, wasn't it sung by Jimmie Dale Gilmore when Ely and Gilmore were part of the Flatlanders? If I recall, there was a musical saw on the track. Anyway, Gilmore returns with this folksy, Country effort produced by Ely. Once you get used to Gilmore's high-pitched nasal voice, the soul and content of the material sneaks up and takes control. Some old favorites like "The Blues" and Ely's "Honky Tonk Masquerade" are mixed in with Towne Van Zandt's "White Freight Liner Blues" and two Butch Hancock tunes, "99 Holes" and "Just A Wave, Not The Water." Acid Country-tonk lives.

NICK LOWE

"LOVERS JAMBOREE"-NICK LOWE (COLUMBIA)
Nick and Dave Edmunds don't stray too far from their rockabilly rockpile roots. This track is an honest headjam, well-liked and well-added by our voting body of programmers. This is Nick's strongest entry in years. Sounds like potential live fun.

HENRY LEE SUMMER (CBS ASSOC.)
Henry Lee's "I Wish Had A Girl" is taking off fast and furiously. On his major label debut (Henry previously sold a slew of independent discs), Summer pulls a Country backfield switcheroo. That is, he uses separate recording and road bands. Just as John Mellencamp has learned to weather the Springsteen comparisons, Summer will always be ducking the Cougar shadow. However, that doesn't mean that Henry Lee doesn't perform with a spry sense of vitality and straightforward rockability. While the majority of this week's chart seems to be made up of exotica, there is room for a fresh mainstream. "Hands On The Radio" is a slick pro-radio rocker. "Still Bein' Seventeen" has Summer manning all the instruments, not unlike early Todd. "Wing Tip Shoes" is an ode to the ultimate foot prisons with an instrumental track akin to another three-namer, John Lee Hooker.

THE LIGHT AT THE END OF THE TUNNEL-THE DAMNED (MCA)
The Sex Pistols may have been the very first English punk band (following New York's Ramones), but it was The Damned who first left the safety of their pub gigs, crossing the ocean to spread a new philosophy of bare-wires rock n roll. This double album is a spectacular retrospective of The Damned's underated achievements. After a dozen years of pounding the boards, The Damned have never been more popular than right now. As they prepare their next release, we can informally feast on classics like "Neat Neat Neat," "Stranger On The Town" and "Eloise." Also included is a twelve-year family tree compiled by the infamous Pete Frame.

MUD, LIES AND SHAME-WILD SEEDS (PASSPORT)
Recorded in San Marcos, Texas, Wild Seeds sow some basic, yet effective rock oats. Using a direct, Lou Reedish approach, the guitars punctuate the deadpan vocal styles. "I'm Sorry, I Can't Rock You All Night Long" finally debunks the mad, passionate myths of virility that rock n roll seems to propagate. "It's late, I'm tired. You've been watching too much MTV." Four stars for a sense of honesty encompassing the lyrics and the chords. **KZ**

INSIDE ALBUM

by Kent Zimmerman

OFF THE BENCH. Many thanks to Peter Standish and Robert Barone for filling in for me when an untimely flu struck on a Tuesday. After spending a day on the sickbed watching Geraldo, Oprah and Phil, I'm now an expert on marriages surviving infidelity, six radio talk show hosts who talk simultaneously and the comic trio of Milton Berle, Sid Caesar and Danny Thomas (Donahue's pappy-in-law). If you think radio is in a creative bind, try daytime TV.

AROUND THE HORN. Now, if I can decipher Barone's and Standish's notes, here's some of what's happening on a few Gavin playlists this week...Ty Banks is having big fun with Kingdom Come, Guns & Roses and Midnight Oil...WMVY-Long Branch reports Clannad doing well, specifically "Something To Believe In"...Sky Daniels at KFOG is having similar experiences. Sting is going strong as well as Jerry Harrison. Hometowners Dynatones are getting the big KFOG shake... Magic Mike's biggest album on KLAQ-El Paso is Robert Plant by far. Lita Ford is also shaking some action...Scott Murray at KVRE-Santa Rosa is sticking with Lyle Lovett... Another solid rave for Robert Plant from KXRX-Seattle...KEZX-Seattle is our first report on Windham Hill's Ian Matthews. Matthews' first album in many years is a collection of Jules Shear songs... They usually travel in packs. Guitar heroes Joe Satriani and Kingdom Come are terrorizing the KSJO phone lines. According to Patty Martin, Robert Plant roots also... Ditto Al Scott at KZEL-Eugene. "Robert Plant is driving me crazy"...WDHA's Mike Boyle adds Robyn Hitchcock. "Here's an artist who is getting RESULTS and we're glad we can be there in the beginning." Robyn remains the #1 Gavin Alternative record for the fifth week running... Leftfielders Crazy 8s ("great response") and Big Pig decorate Paul Cavanaugh's KSBT-Steambot Springs playlist...Brad Hockmeyer puts Pat McLaughlin straight into heavy rotation on KTAO-Taos, NM...INXS is still the hottest thing going at KLOL. Ikky Bop is four trax deep. While David Lee Roth and Joe Satriani are selling through, Bop calls the Church's "Under The Milky Way" their best song yet.

Yer Pal, KZ.

INSIDE ALTERNATIVE RADIO

by Peter Standish

Robyn Hitchcock continues to gain even more stations, but so does Midnight Oil, who close the gap to within 10% chart points. Fellow Australians The Church are on a roll behind the worshipping Deb Brady-WXXP ("our Screamer of the Week"), Margaux Tenenbaum-WUOG, Bruce Flohr-KCPR and Jim Keller-KJET. The Pogues, T Bone Burnett, Jazz Butcher and She's Having A Baby Soundtrack are all exceptionally strong. Last week's Record To Watch, EIEIO, jumps ten positions. The Mighty Lemon Drops experience a power surge debut and appear top ten bound ("I love it" Kandy Wilkens-WXCI). The Salvation Soundtrack is our Record To Watch behind the prized New Order track "Touched By The Hand of God" ("New Order are bigger than the Beatles," Len Brehmer-WXRT). Also featured on the soundtrack is the Hood whose own album has been the #1 requested record two consecutive weeks for Adam Langley- WBNY. The Woodentops were #1 Most Added followed by Drivin' N' Cryin' ("potential #1 album," Steve "Air" Balcom- WXYC). Ryuichi Sakamoto is chartbound with Neo Geo support from Tim Zeigler-KUSF and Mike Marrone- WHTG ("I think the only reason some people aren't playing it is because they don't know how to pronounce his name").

SPOTLIGHT LP

"New Breed" - RODS AND CONES (Invasion/Profile)

Thanks in part to supportive commercial radio from WFNX and WBCN, Boston has been one of the leading breeding grounds for new bands - even though Austin and Athens have received much of the attention. Survivors, Rods and Cones have rattled the cages of adventuresome Boston audiences for many years, while numerous other bands have come and gone. In terms of growth and maturity "New Breed" dwarfs the seedlings of Rods and Cones' previous recordings. "Rumors Of A War" is my pick behind a sharp hook augmented with gleaming guitar, percussion and piano fills. Other tracks to explore include "Only A Night," "Push And Shove" and the title track. Call Profile for more information at (212) 529-2600.

INSIDE COUNTRY

SEMINAR WRAP-UP. The Country session at this year's Gavin Seminar focused on marketing Country to both listeners and clients. EZ Communication Regional PD **Don Langford** was the moderator, and he started out by telling everybody that job descriptions for everyone in commercial radio and related industries could be narrowed down to two words - making money. He went on to outline several major steps you have to take before you can market a product, whether that product is a pair of shoes, a radio station or a new album. The first thing you have to find out is who is going to use that product. **Bob Young**, PD at WXTU-Philadelphia told us about various ways his station stays in touch with its target audience - by asking questions relentlessly whenever they go on remotes, promotions, concerts and any station-related event.

PROGRAMMERS ARE TALKING ABOUT... **Pam Sutherland** at WFGN-Gaffney, says her listeners are falling in love with the O'Kanes - requests are huge. **Dave Wenham** at KEYK-Wenatchee is seeing a lot of action on the

Lyle Lovett LP. **Keith Phillips** at KWWK/FM-Rochester notes instant calls on **Johnny Rodriguez** - the biggest in a long time. **Anthony Keith** at KROF-Abbeville agrees, noting good sales on Rodriguez. **Kelly Thompson** at KMDL-Kaplan says **Jo-el Sonnier** is selling out at their local retail stores. **Larry DeFrance** at KXRA- Alexandria predicts the **Ronnie Milsap/Mike Reid** duet is going to be big, adding, "This is already a real hot one." **Big John Libynski** is back at KGRT-Las Cruces, and says the Cajun sounds of **Jo-el** and **Eddy Raven** are hot there, adding, "The phones have been incredible, and I don't think it's just because of Mardi Gras." **George Hamilton V** is the #1 request at WHTL-Whitehall. **Alan Rowe** at WDVA-Danville is high another programmer who's high on this new O'Kanes single, saying, "If any stations in the past have been reluctant to add the O'Kanes out-of-the-box, this single should cure them." **Chuck Walley** at WGAA-Cedartown is getting instant reaction to **Kathy Mattea's "18 Wheels"** and says "That woman is incapable of putting out a

bad song." **Dan Hamann** at KBMO-Benson reports the **McCarters** as his hottest record. **Brent Widener** at KWIQ-Moses Lake tells us his listeners love **Highway 101** - it's his hottest request. **Greg Bell** at WWIC-Scottsboro says his listeners are really responding to the new **Eddie Rabbitt** single. Talk to you next week. The Gavin Country Crew

REVIEWS

By Lisa Smith & Cyndi Hoelzle

EARL THOMAS CONLEY - *"What She Is (Is A Woman In Love)"* (RCA)
Earl Thomas' new producers, Emory Gordy, Jr., and Randy Scruggs, have decided to highlight Earl's great voice on this song. It is the first single from his upcoming *The Heart Of It All* album, and gives us just a taste of a new, improved ETC.

BILLY JOE ROYAL

BILLY JOE ROYAL *"Out Of Sight And On My Mind"* (Atlantic America)

Last time around, Billy was leavin' her for good. In this follow-up to "I'll Pin A Note On Your Pillow," Royal admits he can't stop thinking about the woman whose done him wrong. The song shows off Billy' soulful voice.

JEFF CHANCE *"So Far Not So Good"* (Curb)

Formerly of the group Chance, this man from El Campo, Texas, can sing. (We're told he is also a genius of guitar, banjo, fiddle, steel guitar and saxophone.) The song's got a great honky-tonk feel, with a catchy chorus. The single, produced by Harold Shedd hot off his K.T. Oslin sessions, should make Jeff

Chance's name familiar to your listeners.

LOS LOBOS - *"One Time One Night"* (Slash/Warner Bros.)

Granted, this isn't a group that you would normally expect to see listed in the Country section, but give this one a listen. The lyrics, instrumentation and T Bone Burnett's production give it a definite Country feel.

INSIDE URBAN RADIO

Turn to Chinwag and Photo File (after you finish reading this, of course) and check out the latest gossip on the now-notorious **Lee Michaels**, and **Marylou Badeaux**, both Gavin Media Professional Award winners last week at our Seminar. "To the victors belong the spoils," and spoiled they both were this week with major promotions at both of their companies. CONGRATS to both of these well-deserving WINNERS!

ALEXANDER O'NEAL & CHERRELLE make it two-for-two on their duets. They climb to number one with ease, just ahead of **MORRIS DAY**, whose "Fishnet" may yet snag the number one spot if AO & C would get out of his "stream" of progress.

Certified title goes to cover-guy **ROGER**, a warm yet exciting member of the Troutman family who gave us a wonderful interview while riding in the band's tour bus. "Thrill Seekers," one of two anti-drug tunes on his latest LP, debuts at #34 this week.

Our other Certified choice is the **POINTER SISTERS'** "He Turned Me Out." from the "Action Jackson" soundtrack, EU's "Da Butt" is making quite an impression around the towns where it's being played. **Mike Wheeler**, **WQMG-Greensboro**, says he gets calls from all demos—even adults. **Pam Wells** and **Lisa Lipps**, **KACE-Los Angeles**, get 25-34 demo calls, and **Rob**

Morse, **WVKO-Columbus**, makes it his record to watch.

This week's Record To Watch, **AL B. SURE**, may sound familiar to you. A short tease can be heard on Sony Innovator Award radio ads featuring **Quincy Jones**. It doesn't make our Up & Coming yet, but is currently being played at 17 stations. **Tony Lye**, **WZFX-Fayetteville**, says he's high on it, **Tom Owens**, **WBLZ-Cincinnati**, says he's watching out for it, and stations adding it this week are **WDKX**, **WILD**, **WUSL/FM**, **V103**, **WHYZ**, **WJMI**, **WPEG**, **WYLD/FM**, **WZFX**, **WBMX/FM**, **WCIN**, **KDLZ**, **KACE** and **KMYX**. On at **KMJM**, **WQMG** and **WLOU**.

Earl Boston, **WFXM-Macon**, reports the **L.L. COOL J** is still number one requests, with the flip side, "Jack The Ripper," burnin' 'em up, too. He's also getting huge phones for **TEENA MARIE** and thinks "It's the best song she's ever done." **Ty Bell**, **WYLD/FM-New Orleans**, recommends **THE FIT**. "It's an unusual record that should do well in markets where **Luther Vandross** is big." **Costee McNair**, **WBIL-Tuskegee**, makes it his record to watch.

HINDSIGHT had a great week: **Andy Henderson**, **WQKI-St. Matthews**, says it's doing extremely well, **Ernie O'Dell**, **WFKX-Jackson**, makes it his RTW, and

Philip David March, **WJYL-Louisville**, reports calls at his place. Once again, thanks for all the great comments on our Seminar. Ciao for now, **Betty**.

REVIEWS

By Betty Hollars and John Martinucci

PAULI CARMEN duet with **KARYN WHITE** - *We Never Called It Love* (Columbia) If you had any doubts about a duet by these two, just listen again. Karyn's duets with Jeff Lorber, "True Confessions" and "Facts Of Life" put her voice in the spotlight, and Pauli Carmen's voice complements this performance on vinyl.

WELL RED - *Honey* (Virgin) Well Red had a reasonably successful first single with radio, "Get Lucky," which was an even bigger hit in the clubs. 12" releases seem to be this group's forte.

KASHIF - *Love Me All Over* (Arista) Kashif sounds good alone again after great duets with Dionne Warwick and Meli'sa Morgan put him back in circulation. This fine tune was co-written by Kashif and former Stevie Wonderite Greg Phillinganes.

STEVIE WONDER -
Dark & Lovely
MICHAEL COOPER - You've Got A
Friend/Dinner For Two
ALEXANDER O'NEAL - Sunshine

BH: When did you hook up with Sly Stone?

RT: Sly was always in the studio when I was recording in Detroit. He always knew how to get things in a record fast with a major production. If I was working on a song, he would walk in the studio, listen just for a second, walk over and turn the tape off, turn my chair around, put his finger in my face and say, "Do this, do that, change this, and it'll be a hit!" Then, he'd walk out of the room. Who could NOT listen to an influence like that?

BH: Are you currently on tour? I understand I've caught you in between stops for this interview.

RT: We're getting around the country now. One week we're performing with all rap acts, and then the next week we're doing shows with Force M.D.'s. This particular week, we're doing shows in auditoriums from Knoxville to Indianapolis. Last night, we did an early show for the under 21-year-olds and a later show for adults. In the under-21 show, half the audience was white. So you know, most of them had never heard of "More Bounce To The Ounce." We did that tune for them, and they were thrilled with it. Then we'd play "I Want To Be Your Man," and it was great to see both races of kids watching us perform. They didn't perceive me as a black artist or entertainer. It was just about somebody they wanted to see on a Wednesday night--they were packed in there and having a good time.

BH: That must be a great feeling.

RT: I feel pretty good about my career now. With "I Want To Be Your Man" crossing over to pop, I feel I've reached a milestone--yet the record still has flair and the ingredients that will allow black radio to take it to number one and make it a hit first. Black radio is my home and black radio is where I'm visiting right now.

BH: I understand you constantly drop in to visit black radio stations while you're on the road. You're well-known for your cooperation with radio.

RT: Of course. I do whatever they want me to do. My views on this is that I feel totally obligated to all radio people--program directors, music directors. They're the ones I want to thank forever. I can remember how things were before I had a hit record, and I can't believe other artists don't. If we'd had the opportunity to have program directors or music directors play our records before we made it big, we would have done anything...anything! I just never lose sight of that--and I know a lot of entertainers do forget. They won't come into cities or even spruce up and leave their hotel room and go to the radio station. I think that's a terrible slap in the face to an institution that has been so dedicated to all of us--me and my colleagues.

BH: You feel you're paying radio back for what they've done for you in the past. You'll go on the air and do live interviews, too?

RT: Right. I'll do interviews, bring my instruments, whatever. To me they're number one--very important. What's happened to me in the record industry is like a dream come true, and I couldn't have gotten there without radio.

BH: What's your most memorable experience so far?

RT: I have two of them. One of them was when we were opening the show for the Commodores in 1981. Muhammad Ali drove up in a Rolls Royce and came in to watch the show. I'm a big fan of his! The second thing was in 1980 when "More Bounce" first came out. Mojo, who is a legend in Detroit radio, asked me to come to his radio station for an interview. I went there with the voice box and we had a great blowout on the air for about an hour and a half! It was my first time ever doing a radio interview, and I'll remember that forever!

BH: "Thrill Seekers" is now out as a single for black radio, but Top 40 radio is still playing "I Want To Be Your Man." Do you have a favorite on the album you'd like to be the third single?

RT: Sure, maybe "Papa's Got A Brand New Bag." Black

radio always goes into my albums and plays whatever they want, and they're playing that. I think it's a perfect barometer when radio does that. It helps with the picking of the next singles.

BH: How does James Brown feel about it?

RT: I saw him in the airport when I was working on the song, and I played it for him. He just looked at me and patted me on the back. He didn't say he loved it or hated it or anything--just patted me on the back and looked at me. I take it as positive, though, but he didn't say anything. I never got any information from Creedence Clearwater Revival, or Gladys Knight or Marvin Gaye when "Grapevine" came out, so I must be doing all right.

BH: Tell us about "Thrill Seekers."

RT: It's an anti-drug song. I feel we all have a responsibility to remind young people and to urge them to be themselves and stay away from drugs. I dedicated the song

What's happened to me in the record industry is like a dream come true, and I couldn't have gotten there without radio.

to those kids. "Been This Way Before" is a rap anti-drug song. Both, I hope, can help convince young people to be straight.

BH: What about "Composition To Commemorate May 30, 1918?"

RT: That's my father's birthday. He got very sick when I was working on this particular album, and there really wasn't much I could do to comfort him other than do a song about him. To me, that would keep his memory alive, because when somebody asks me what that date means, it brings back the memory of my father.

BH: I want to thank you for taking time while you're on the road to do this interview for the Gavin Report. We appreciate that because when artists are on the road they're busy.

RT: It's not hard. I don't want anybody to print that I said it's hard. It's all like a dream come true! Are you serious? Look here--I'm in a bus, it cost about \$350,000 custom-made. My brother's driving, Shirley Murdock is traveling with us, my son is travelling with me, we're on our way to a hotel. The hotel people are fabulous--the show is sold out. We're going to do the show, collect the money, travel to Kansas City, do another show, and come home. Where's the hardness at? I'm looking out the window here and I see people driving to work who work in muffler shops and cook doughnuts and change tires for a living. THAT might be working hard--what I'm doing is not hard. So many entertainers say it's hard, they're full of crap! You're talking to a guy who loves every second of it--maybe because I'm always sober. I don't do drugs and I've got my family with me. That's my protection from old age--it keeps me young!

DAVE SHOLIN'S PERSONAL PICKS — SINGLES

GLORIA ESTEFAN AND MIAMI SOUND MACHINE - *Anything For You* (Epic) Dancin' or romancin', their track record is sound, to say the least. Gloria Estefan has established herself as one of music's finest vocalists, reaching new heights on this release. English/Spanish version on the B side is a great idea. Can't help but be one of the group's biggest hits.

MIKE OLDFIELD - *Magic Touch* (Virgin) Producer/Writer Oldfield was last on the Top 40 fourteen years ago with "Tubular Bells," the theme from "The Exorcist." Sounds like he's ready to charge back up the chart again, but this time around with words and music aided by Max Bacon on vocals. One great track!

ROBERT PALMER - *Sweet Lies* (Island) How do you spell class? It's simple: Robert Palmer. Sexy, suave, debonair, they've all been used to describe Robert and the same can be said for this tune, which also happens to be the title song for an upcoming film.

MIDNIGHT OIL - *Beds Are Burning* (Columbia) Probably not an hour goes by without Alternative editor Peter Standish or our Manager of Gavin Radio Services Robert Barone shouting the praises of this outspoken Australian band. Already a winner on both Album and Alternative stations, this song showcases the awesome power of a very special group. Check out our January 29th issue to get the full story on the song and the band. Put a careful ear to this one.

BONNIE HAYES - *Soul Love* (Chrysalis) Among her many talents, Bonnie has a marvelous ability to write pop music that's totally original and identifiable. If you're one of the unlucky ones who didn't get the opportunity to watch her in action in San Francisco on the opening night of the Gavin Seminar, check out the video of this tune...you won't be disappointed.

CROSSOVER PICKS

L.L. COOL J - *Going Back To Cali* (Def Jam/Columbia) One thing's for sure--there's nothing like this on the radio! Requests are massive where it's played--already take huge gains at KZZP 15-10, KKFR 15-10, KMEL 16-8, KATD 25-15, POWER 104 22-16, WHKW 27-14, Z93 17-13, POWER 96 14-10, HOT 105 16-8,

BLUE MERCEDES - *I Want To Be Your Property* (MCA) Reminds me of early WHAM!, with a chorus that's impossible to forget. Okay, how many of you remember Cyd Charisse? Picking up some impressive adds this week at FM102, KAKS, KYNO, KPSI, KFIV, KDON, WWUF, WYYS, WCLG, and KCIL. Looks like it's growing fast!

RON FELL'S PERSONAL PICKS — ALBUMS

ROBERT PLANT - *Now And Zen* (Es Paranza/Atlantic) Of the surviving Zeppelins, Plant has been the most viable and audible. He forsakes all the contemporary gimmicks of today's cutting edge musicians, recalling, thankfully, those values which made rock and roll a legitimate art form. His credibility with rock purists comes from his ability to challenge the senses with orchestral arrangements which swim through the mind of its listener. Plant's music isn't taken in with one listen, and neither does it burn quickly. Plant carries a timeless flame of Olympic proportions--heroic in its attitude and anthemic in its proportions. I especially like HEAVEN KNOWS, TALL COOL ONE and WHY.

ANYTHING FOR YOU GLORIA ESTEFAN AND MIAMI SOUND MACHINE

"We've been playing 'Anything for you' about as long as we've been playing 'Can't Stay Away from You' and 'Anything for you' is already a legitimate Top 5 Record in terms of requests and callout. It is a bigger hit for us than 'Can't Stay Away from You,' which also did very well!"
—STEVE PERUN, PD, Y-100 (WHYI), MIAMI, FLA

'Anything for You' bullets to no. 1 on our chart this week as it will on every station that plays it. It has proven to be the biggest hit off the album. GLORIA... WE LOVE YOU IN SOUTH FLORIDA!!"
—FRANK AMADEO, MD, Y-100 (WHYI), MIAMI, FLA

"It's a song that worked well for me at BJ 105 and when I moved to FM 102, we instantly added it as an album cut, and it became an instant smash as it was on BJ 105. It tested very well in terms of callout and it went to No. 1 in requests shortly thereafter. If you don't add this record, you're missing the boat because this is definitely another smash in the long string of hits for Gloria Estefan and the Miami Sound Machine!!!!"
—BRIAN WHITE, PD, FM 102, SACRAMENTO, CA

"'Anything for you,' originally discovered by 'POWER 96' as an album cut, is the biggest hit on the album!! Emilio Estefan tells me it is the song that Miami Sound Machine closes their stage show with, and it's no wonder... this song is absolutely unforgettable!!!"
—BILL TANNER, PD, "POWER 96," WPOW, MIAMI, FLA

"'Anything for you' will see radio through the spring books! An absolute monster!!!"
—LOU SIMON, PD, KCPX, SALT LAKE CITY, UT

"It shows up consistently on our 'Top 8 at 8.' We get calls at B-100 from adult females day and night. We have been getting calls from the moment we started playing it!!!"
—GENE KNIGHT, MD, B-100, SAN DIEGO, CA

"Perfect upper demo female record... Already retailing Top 20!"
—TOM MITCHELL, PD, 98PX (WPXY), ROCHESTER, N.Y.

"Top 5 phones in hottest rotation. Instant appeal... all demos!!! A SMASH!!!"
—RICK "DAN" UPTON, PD, KITY, SAN ANTONIO, TX
