WHO ARE THESE PEOPLE TALKING ABOUT????

**Tom Hutylar & Gary
Bryan, KUBE**

"We've seen significant increases in retail and the tremendous response truly took us by surprise. Its unique sound is really pulling in some great phones!!! If you program to 25-54 women, there's no better record out there!!!"

Bob Linden, 94Q

"Pulls immediate phones, both male and female, 25+! The impact of this major artist is being felt at retail as well -- and to top it off, the entire staff wants one for the house!!!"

**Kevin Hawkins,
RECORD BAR**

"Even without Top 40 airplay, we have seen a strong, consistent sales pattern develop!!"

Jay McCall, KOZE

"22-14 & HCT, need I say more??!"

Gary Cummings, KZFN

"This is one of those records that stands out not only because it's different, but because it sounds fantastic on the air!! It's the type of song I turn up when I hear it on the radio!!"

J.D. Chandler, KGOT

"When we first added this record, the response was so positive, we were forced to increase the rotation on it!! Every time it's played, we get at least two calls asking, 'Who was that??' If you're looking for an adult female smash, this is it!!!"

Benny B, KUUB

"Funny thing about this record is that I didn't wait for the record label to start pushing it at CHR -- I felt forced to add this record three months ago!! The reaction was immediate and my upper-demo women can't live without it!!"

Dene Le Master, OK95

"If you want a smooth sounding mass appeal record, you've found it with this one! This lady will definitely be around for some time -- we've already labeled her as the artist of the '90s!!!"

**Dave Roy,
TRANSWORLD MUSIC**

"Sales are strong and the momentum builds from week to week!!"

**Steve Wyrstock,
POWER 99**

"Her record is the most talked about at our station, just from test rotations -- ALL POSITIVES!!!"

INSIDE TOP 40

by Dave Sholin

It took longer than expected, but rock 'n' roll fireworks are now exploding across the land. As mentioned here several weeks ago, stations searching out a way to balance ballad and dance product are looking to rock as their salvation. With **INXS**, **CHEAP TRICK**, **DEF LEPPARD** and **POISON** in the top ten, audiences appear to be responding in a big way to this infusion of summertime smokers.

Only twenty chart points out of nearly 12,000 separate **INXS** and **CHEAP TRICK**, one of the closest calls we've seen in some time for a number-one record. **INXS** wins out though, with not only the edge in point totals but in overall airplay.

Like **INXS**, **DEBBIE GIBSON** and **RICHARD MARX**, **DEF LEPPARD** is turning their fourth single release into a major winner. In Def Lep's case, it's become the biggest Top 40 single of their career. Top three at B97, WBBQ, KKEZ, WKQB, Z100, Z94, PRO/FM, KMOK, KOZE, Q96/76, KIXY, POWER 104, 93Q, FM104, KFIV, OK95, CKXY, KKTIX, KXUS, KBQ, Y94, WL0L, etc. The widespread appeal of this track gets it added to **POWER 96** Miami and **KSTN** Stockton as they keep pourin' it on.

Encouraging listeners to turn the radio up, **ERIC CARMEN** heads into the top ten with a **HIT FACTOR** of 78% and hot moves at **KNOE** 19-11, **HOT** 105 24-10, **WLXR** 18-10, **KLYV** 20-14, **KPKY** 22-14, **Q96/76** 22-16, **KEYZ** 23-17, **KKYK** 21-12, **KFIV** 25-18, **KLYK** 18-12, **KWIN** 20-12, **PRO/FM** 26-17, etc.

Twenty three percent more stations take **TERENCE TRENT D'ARBY** into the top twenty as his **HIT FACTOR** rises from 46% to 69%. Gaining at **LG73** Vancouver 29-17, **WJET** Erie 23-18, **100KHI** Ocean City 22-19, **WSPK** Poughkeepsie 22-12, **CKOI** Montreal 27-20, **WQLK** Richmond 26-18, **WDBR** Springfield 21-17, **KDWZ** Des Moines 22-16, **KYYA** Billings 23-15, **KISN** Salt Lake City 21-17, **KKFR** Phoenix 21-16, **KWSS** San Jose 29-19, **KVXO** Spokane 23-15, etc.

Everyone agrees the scene stealer in "Dirty Dancing" was the sexy gyrations performed to the accompaniment of **THE CONTOURS**. Nevertheless, it took well over a year for this entry to resurface and get the airplay or "reported airplay" it deserved. Thirty-four adds lift it over the 200 total report mark. Large leaps at **KMGX** 20-14, **KCPX** 18-8, **POWER** 105 25-16, **KPLZ** 31-23, **KZZU** 29-21, **Q102** debut #20, **Y104** 30-21, **B97** 12-4, **Z103** 28-17, **WZYQ** 20-12, **KCPW** 24-19, **KBEQ** debut #18, **WAVA** Washington D.C. 6-1. New on **WWFX**, **WKSQ**, **WZOK**, **KFMW**, **WBNQ**, **KZZK**, **POWER** 92, **KKXX**, **Z014.5**, **KLAZ**, etc.

It's been more than a year since **WHITNEY HOUSTON** began her hit blitz, and the instant reaction to her fifth single from that album is proof of her astounding popularity. Debuts in the top thirty **B94** Pittsburgh #29, **WTIC** Hartford #29, **Q106** San Diego #26, **KITY** San Antonio #21, **KDWB** Minneapolis #28, **WKDD** Akron/Canton #29, **WFMF** Baton Rouge #24, **Z93** Atlanta #25, **Q105** Tampa #27, etc. Added at **Y108**, **KFIV**, **KYNO**, **WIBW**, **KSND**, **KBEQ**, **KQLA**, **WXXQ**, **KKXL**, **WHHY**, **BAM99**, **POWER99**, etc.

America seems ready to twist again, all it took was a little urging from **THE FAT BOYS** and the master twister of all time, **CHUBBY CHECKER**. Top ten requests and excellent sales for **Bruce Stevens** at **WBBQ** Augusta who debuts it at #36. **HIT FACTOR** more than doubles from 7% to 16%. Top Ten at **POWER** 104 Houston 18-9, **WHKW** Fayette 13-10, and **WKQB** Charleston 17-10 plus strong action at **KZZP** debut #22, **Z93** 20-12, **KMGZ** 30-23, **93Q** debut #27, **WCIL** debut #20, **B97** 28-20, **KMEL** debut #29, **KATD** 28-21, etc.

Last week, **TRACY CHAPMAN** prepared to make her first ever appearance on the Top 40 chart, and now she's done it. **Kris Blake WYAV** Myrtle Beach echoes the most often-heard comment that adult women are "calling like crazy for this record." A huge 30-15 move for **Dave Shakes** and **Mike West** **WTIC** Hartford, plus adds at **WSPK**, **KC101**, **EAGLE** 106, **WYAV**, **Q104**, **Z95.5**, **KZZP**, **KOY**, **KFTZ**, **KDWZ**, **KWSS**, **KPLZ**, **Y108**, etc. This **RECORD TO WATCH** of May 20th is growing fast.

Without a doubt the biggest buzz record of the week has to be **GUNS N' ROSES**. A number of programmers began witnessing a lot of request activity for their last single, but this more mellow effort is finding its way on Top 40 a little easier. Climbs 14-11 and number one in requests at **KATD** San Jose/Los Gatos. Also doing big things at **KOKZ** Waterloo/Cedar Rapids, drawing number one phones for **Phil Houston**, who reports, "Sales are going crazy." Other gains at **KFIV** debut #19 (#2 phones), **OK95** 17-10, **KUUB** 7-3, **KOZE** 20-15, **KXUS** 17-11, **WLLI** 29-22, **KZEV** 34-21, **Y104** 24-19, **B97** 27-19, **WQID** debut #23, **KFMI** 30-20, etc.

In their second week in the **MOST ADDED** column, **VAN HALEN** already have nearly 200 reports. Expect it to chart easily next week with 75 new believers including **EAGLE** 106 Philadelphia, **WXKS** Boston, **POWER99** Atlanta, **Z95.5** Detroit, **KQID** Alexandria, **WL0L** Minneapolis, **KLYV** Dubuque, **WLZ** Cadillac, **WTBX** Duluth, **Q105** Tampa, **WUVA** Charlottesville, **WNYZ** Utica, etc.

Mark Shands at **WHKW** debuts **NEW EDITION** at #17, and **Rick Gillette** and **Mark Jackson** aren't far behind with a debut at #24 at **WHYT** Detroit. Added at **KRQ**, **WKSM**, **WPST**, **WBBQ**, **Z100** Portland, **KKQV**, **KKYK**, **WQIO**, **WMVB**, and **HOT** 105.

WILL TO POWER takes a strong 23-18 move at **POWER** 106 Los Angeles plus gains at **KSTN** 27-19, **KITY** 30-26, **FM102** 26-23, **WWHT** 31-26, **POWER99** 16-12, **WCAT** 19-14, **WKSM** 29-22, **KQID** debut #21, etc. New on **WAIL**, **WKQB**, **B97**, **KVXO**, **KYNO**, **WHYT**, and **KIIS**.

Sandi Stevens at **WRGI** Naples is logging #3 requests on this week's **RECORD TO WATCH** by **INFORMATION SOCIETY**, and says it's very big with men 18-24. Heads upward 26-19 at **WRGI** along with **WCAT** 24-18 and **LIVE** 105 14-12. Added at **KMEL**, **KITY**, **WCLG**, **WKSM**, **KKQV**, **KCIL** and **FM102**.

RICKY VAN SHELTON

Making

His

Wild-Eyed

Dream

Come

True

The "Nashville Dream" inhabits many a hopeful heart--to go to Nashville, meet the right people, get a recording contract and become a Country star. Of course, that dream comes true for very few people. Ricky Van Shelton's success story should be enough to perpetuate the dream for many struggling artists.

Born in Grit, Virginia, Ricky always knew what he wanted to do with his life. At the age of three, he was singing hymns in church, and he joined his older brother's bluegrass band at 15. Over the next few years Ricky continued to sing Country music wherever people would listen, but reality kept rearing its ugly head--as he said, "You can't support yourself playing in Moose clubs for \$25 a night." So, while music remained his passion and favorite pastime, he paid the bills by working in construction, selling cars, driving a truck, selling appliances and working as a plumber.

Eventually, the dream brought Ricky and his wife, Bettye, to Nashville. While Bettye went to work to support them, Ricky devoted his time to becoming a full-time professional singer and songwriter, and eventually a Country star. With a little perseverance and a lot of practice, that dream soon began to come true. A contract with CBS Records and tour support soon followed, and this past year has been filled with accolades--four hit singles, a gold album and the Best New Male Artist Award from the Academy of Country Music. The "Nashville Dream" survives.

LS: You're currently on tour. Who've you been performing with?

RVS: Lately, I've been touring by myself a lot. The first three months of '88, I was with the Alabama tour, along with Eddy Raven and Lee Greenwood. That was a wonderful experience--we averaged about 8,000 people a night, they fed us good, the sound checks were quick, and, of course, the equipment Alabama uses is just top notch. The whole organization is right on the money. It was just a real pleasure working with them. They're real nice people.

LS: How long have you been on the road?

RVS: I started a year ago this April. That's the life of a Country music artist, though. It's not like the rock n roll acts. You go on tour, and you stay out. You get off tour when you retire. But it still beats what I used to do.

LS: Tell us about what you used to do.

RVS: When I was still in high school, I used to work with a paint contractor, and when I got out of high school I worked with him for a while painting houses and refinishing floors and cabinets. I worked at a couple of service stations, and did a whole lot of farming off and on. I drove a big truck installing church furniture for awhile. That was a tough job. I didn't last too long. (laughs) Then I got into plumbing and pipe fitting for about ten years. That's what I was doing when I decided to move to Nashville.

LS: You had a roundabout way of getting signed to Columbia.

RVS: Yeah, I was real fortunate. When we moved to

Nashville, my wife Bettye and I had a plan. She would be making enough money so I wouldn't have to work--she's a personal manager. That would give us enough income so we could go to the clubs at night so I could meet the people I needed to meet to get to where I am today. So I was kind of like a house-husband. I cooked the meals, scrubbed the floors, washed the clothes, took care of the yard. I was pretty good at it too. I'd vacuum two or three times a week. I kept the place sparkling, and anything that broke down I'd fix. The only thing I didn't do was grocery shopping. She wouldn't let me--I'd buy everything I looked at. After she went to bed at night, I'd run around to the clubs, meet musicians, get up and sing, and meet the club owners. You know, just meeting people in the business. But it was actually through Bettye that I ended up getting my contract with Columbia. Linda Thompson, the wife of Nashville newspaper columnist Jerry Thompson, worked with Bettye. Linda came home with Bettye one day, and I was in the basement recording a song I had just written. Linda heard it and liked it. She asked me for a tape of my songs which I gladly gave her. I was giving those tapes to anybody and everybody. Jerry heard it a month later, and he like'd it and wanted to meet me. He had nothing to do with music at all--he just wanted to meet me because Linda thought I was a nice fella. So we started going up to Linda and Jerry's on the weekend, and I'd take my guitar and I'd sing during our cookouts. We became friends, and Jerry became impressed with my music. He knew Rick Blackburn

at CBS, so we went in to see him and he listened to some of my songs. The quality was terrible--there was more hissing on the tape than music. But he heard something in the songs, and decided to give us a shot at a showcase in The Stockyard, a nightclub in Nashville. Rick brought Steve Buckingham, the staff producer. I did a thirty-minute set, and they signed me up. I was prepared for the situation, though. My lungs were in great shape. Besides taking care of the house all the time, I had three or four hours during the day where I'd get in the basement and sing everything I knew. I knew a lot of songs then, and my voice was in great shape, so I was ready when the opportunity came along.

LS: You said you gave Jerry a tape of songs you'd written, but your album doesn't contain any songs written by you.

RVS: No, it doesn't. I'd been looking for either a writing deal or a record deal. When that thing came about with CBS, Steve Buckingham had been listening to all these songs that he said would be great for me. So we cut 'em. I'm going to start cutting some of my own stuff, but I'll never record a song just because it's mine. Steve really chooses the material for me--I have to like it, of course--but he knows good music, and he knows hit songs. But I've already cut three of my songs for the next album.

LS: When did you first start singing? Was it always your goal?

RVS: Oh yes, it was always my goal, as long as I can remember. My mama told me that when I was three or four, one of her friends came over and asked me what I wanted to be when I grew up. I said I wasn't going to work for a living--I was going to sing and draw pictures. So that's how far back my desire goes. I've never wanted to do anything except what I'm doing.

LS: How small is your hometown of Grit, Virginia?

RVS: It's really just a small community. There might be three hundred people who live there. It doesn't even have a post office. If you want to reach my people, you have to write to Hurt, Virginia, which is just across the hollar.

LS: Rick Blackburn has left CBS since he signed you. What's your current relationship with him?

RVS: He left CBS and has joined my management team. I've got three people on my management team--Jerry Thompson, who got me started, Rick Blackburn and Michael Campbell. It's working out good so far.

LS: How did it feel to win Best New Male Artist at the ACM's?

RVS: Wonderful. I tried not to think about whether or not I'd win. I learned a lesson a long time ago about contests. Me and this friend of mine entered this talent contest and did a couple of songs. We had the crowd on its feet, and everybody backstage told us how good we were. They

That's the life of a Country music artist... You go on tour, and you stay out. You get off tour when you retire.

convinced us we were going to win, and had even set us up in a side room to practice our encore song. There was one group that followed us, and they won. Boy, I tell you, that taught me a lesson--never get your hopes up. So when this ACM thing came up, I really never thought about winning. So when I did win, I was actually surprised. A lot of people had told me I was going to win it, but like I said, I'd learned my lesson, and I didn't listen to them. Can you imagine how it would have been if I'd gotten to believing that and then didn't win? It'd be nothing but a heartache. I just don't put myself in positions like that, because this business is real cruel to you if you do. It's hard enough to deal with the music business anyway, much less putting yourself in a trap like that. I'll never wonder about awards.

LS: How did you get a hold of Foster & Lloyd's "Crazy Over You"?

RVS: Steve Buckingham got it. I knew they were writers,

but they hadn't done their album yet when I recorded the song for my album. They didn't even have a record contract. We had planned on releasing "Crazy Over You" as a single, but they beat me to it.

LS: I read somewhere that you described yourself as a traditionalist with an edge. What did you mean?

RVS: The edge is my background. I was raised up in gospel music, singing it constantly. Then I went over to the old rock n roll and the old soul, like Percy Sledge and Otis Redding, and bluegrass and Country. All that background,

Grand Ole Opry veteran Roy Acuff welcomes Ricky as the 64th member of the Grand Ole Opry.

gives me a little edge when I'm singing my songs. I've got the traditionalist in me, and I've also got the gospel, rock, and soul music in me.

LS: Who are some of the singers and songwriters you admire?

RVS: I admire anybody who can sing and write songs. Some more than others, but I admire them all. I'm influenced by everybody I come in contact with. I don't have any special favorites. I've really been influenced by styles of music more than I've been influenced by specific people.

LS: We heard there were two different endings to the "Somebody Lied" video.

RVS: Yeah, there were. The girl who was in it was the producer's girlfriend. We had a scene where I was laying on the bed, and I threw my shirt down and was all mad. But then she ended up sitting next to me on the bed and it was a happy ending. We took that scene out, and made it a sad ending.

LS: How did this muscle shirt become such a symbol for you?

RVS: Well, that's me. When I went to do the photo session, I asked the art director at CBS what to wear. He said, "Wear anything that's you." So I brought three or four changes of clothes, one of the things I brought was that T-shirt. That's what I'd wear when I was plumbin'.

LS: What happened at your first Fan Fair in 1987? I heard you hurt yourself and couldn't get down there.

RVS: I played in those Country Music Games and severely pulled a hamstring muscle when I was running the 50 yard dash. That took me out of action for a few days. When I

finally made it down to the Fan Fair booth, and there were all these people waiting for me. They made me a big "Get Well" postcard--there must have been 500 names on the card. I couldn't even walk to the booth. They had to carry me there on a golf cart. But CBS said people had been lining up for two or three days, so I finally just had to go. The fans wanted me there, and that was real special.

LS: How long did it take for you to get all the songs together for the album after you signed the contract?

RVS: I signed the contract July 1, 1986, and the album was done two months later. It was the fastest album they've ever recorded.

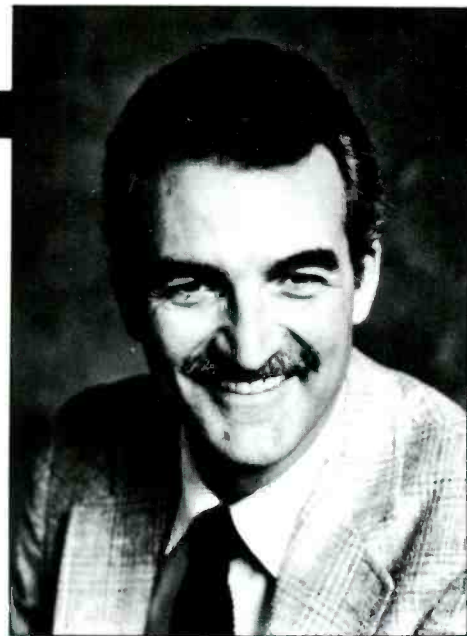

LS: Someone told me most of the vocals on the album were done on the first take. You must be pretty good.

RVS: Well, I wasn't working at the time, so when I got these songs, I had all day long to learn 'em. There was no reason for me not to get 'em on the first take. I've already cut some songs for my second album, and I've got to go back and re-do the vocals because I didn't know the song. Until you know them, you can't put yourself into them. I didn't have time to learn them, because I've been on the road so much. I had no excuse not to get 'em before.

LS: What are your plans for the immediate future?

RVS: To tour a lot, to have some more gold and platinum albums--the next album should be out sometime in August or September. And I'll be touring all over this country. The only place I've missed so far is New England. ●

MOONLIGHTING by Moon Mullins

IT'S SHOWTIME!

I understand that in the late fifties, George Carlin and Jack Burns did a deejay show together in Fort Worth. David Letterman is another graduate of the radio wars, and many other comedians have flogged the hits at one time or another.

It's difficult for a stand-up comic to be a successful radio talent. On radio, it's a new show every day—there's no standard routine to fall back on. And some of the best comedians are not ad-libbers, a requirement for radio folks.

Among the advantages stand-up comedians enjoy over air talent is immediate feedback on the material that works. They also have the luxury of refining their material and trying it out again on an entirely new audience.

Trying out your on-air material before a live audience is not unheard of, but until recently I never knew anyone who had actually done it, and afterwards was able to analyze the experience and apply the results to his radio program.

WSM-Nashville's afternoon drive host, Al Wyntor, was contacted by Textron Aerostructures to appear at a local management seminar. Some of the folks responsible for setting up speakers were fans of Al, and they asked him if he would be interested in appearing before their group.

Al had delivered a couple of speeches before, but this was the first time he'd been invited to appear before a group by himself and be totally funny.

Al told me, "I knew I had to have some kind of structure, just like on the air. I save everything I've written, so I put together what I thought was some of the best material I had."

Al planned to segue from one element to another, so the material would be structured for a half-hour, not the segmented way it was originally written.

"I knew I could improve some things that were already there, and that I had to modify it for the live audience," Al said. "But the big thing was the presentation. You get so familiar with the fact that people are listening to you, but I knew I would see these people."

Al got off the air at 5:00 p.m., drove over to the location and was introduced to the seminar at 5:30, so he didn't have time to get overly nervous.

The room was designed with Al on a platform behind a podium. The evening's

only problem, it turned out, was that podium, which interfered with his personal, intimate contact with the audience. Al says he would attempt to avoid that situation in the future.

The material was memorized, which is the best way to deliver it with confidence and the right timing. Al's plan was to attempt to get the audience on his side quickly. He did a rapid review of the room to see who was smiling and seemed positive and comfortable there. He began by zeroing directly in on them.

"These folks give you the immediate encouragement and confidence you need," he says. "Concentrate on those who look like they're there for a good time. Get them in your corner, and hopefully the others will feel good about you, too."

He began with a few gentle potshots at the guy who introduced him, then did a line about corporate takeovers, which Textron had just undergone: "Wouldn't it be terrible if Wham-O staged a takeover of Preparation H? I mean, who'd dare take 'Preparation Wham-O'?"

He also utilized one of the best styles of humor, either on-air or in person: audience involvement. For instance, he asked a very attractive lady in the front to stand, explaining there was a celebrity in the crowd no one had expected to be there. After some encouragement, Al introduced her as Nashville Mayor Bill Boner, who had achieved recent notoriety for going on drug busts in disguise.

According to Al, there were different types there. For those who sit around and tell jokes to each other, he recounted the news of a new suppository for big and tall men: the quarter-pounder. "For those who didn't appreciate that one—they looked like church deacons—I'd tell some stories about my kids," Al says. "They liked those." And for the women, Al told about the new pantyhose for women in the construction trade: Bib Underalls. "Whenever I delivered these lines for the different types, I'd look right at them. That seemed to help."

When it was over, Al received an enthusiastic round of applause, and one of the audience members asked him to speak before another group two weeks later. For his next outing, Al plans to re-use about 80 percent of the material and refine the other 20 percent.

What lessons did he learn from the

experience, and how can they be applied to his radio program? "I find I'm doing less bits," Al says. "I'm looking at my posts more to see how many I've got. There are certain places in the clock hour when I can really go to town with a lengthy bit that requires a set-up, and other areas where maybe a quick line works best."

Seeing the variety of reactions in the audience also made Al aware that some material can fail because it is not delivered properly—maybe it was rushed, the wording slurred, or the timing off. Now he's more careful about maintaining the timing, and is also careful to watch his phrasing and enunciation. Al plans to tape his future appearances and go over them just like an aircheck.

It is apparent that appearing before a group is like appearing before a microcosm of your audience. You have people who aren't going to find anything funny, those who will laugh if you work hard enough, and those who will find everything you do is a riot. It's imperative to remember that all audiences contain these three types.

If you are a personality who does humor, or a PD who has a comic jock, take a hint from Al Wyntor's experience. Work up your best material and take it on the road for a tryout. Perhaps there's a comedy club in your market, or you can ask some local civic groups for a chance to speak at one of their meetings. If you have a concert tie-in, ask the promoter to let your talent go on stage to warm up the crowd. Do 10, 15, 30 minutes—whatever they'll allow.

As Al says, "It builds confidence in your stuff. It's heard in your voice, demanding that you listen to me. It's showtime, folks!" ●

INSIDE A/C

Sade is this week's clear victor on the chart with 92% of her play in HEAVY rotation and 98% HIT FACTOR.

Billy Ocean, second in airplay with 222 reports, lags labelmate Eric Carmen in rotation profiles, but both are fresh enough (no burn) to take the cake before the party's over.

Elton John's 18% increase in HIT FACTOR (from 59% to 77%) gives him the biggest chart gain in the Top 20. New this week for U102, WAIV, WEZS, WSNI, WGAD and WKMI etc.

Baby boomer James Taylor leaps eight places on the chart with a 19% increase in HIT FACTOR. He's also scored 89 adds in the past two weeks.

Al B. Sure! has climbed from 39 to 25 on the chart over the last two weeks and has only now cleared the 100-station mark. Once again, HIT FACTOR tells the story - 59% of all players have made serious rotation commitments.

Little River Band's "Love Is A Bridge," already at 26 on the chart, shows 131 stations in three weeks, and 60% of those playing it more than one week are already HIT FACTORing it. Among the new this week are KEFM, KKHT, WGOL/FM, WMYX, KIDX/FM, KGLO and KWAV/FM.

With 22 more adds Johnny Mathis approaches the hun mark with HIT FACTOR already a respectable 44%, thanks to quality rotations from KDZA, KOST, WELI, KLOK, WAHR, KSKI, KMAS, KYLT, WBTH and WASK etc.

Also with 22 adds, Taylor Dayne's "I'll Always Love You" is new for KFQD, WFMJ, WJON, WQTU, WACO, WJTW, KKOR and KJOY, etc. More important, HIT FACTOR is up to 52% thanks to WBLU, WWMJ, WMT/FM, WTRX, WAFL, WSKI, WQHQ/FM, KYJC and WZNY.

Happy to see Joe Cocker make the chart so quickly. A Gavin fave, "A Woman Loves A Man," received 40% of its airplay as new this week. The film, "Bull Durham," and the record are major-league winners. Added this week for WRMF, KBLQ, WHTX, KFMB, 94Q, KWLO, WTUN, WJMQ and 33 others.

If it didn't already have so many adds, we'd nominate Crowded House's "Better Be Home Soon" for RECORD TO WATCH. But 90 A/C's are out-of-the-box in just two weeks including KWEB, WKST, WGOW, KSOO, KKOR, WJXL this week and WKCX, KYJC, WMMG, B100, WSKY, WKYE, WAEB and WEBE last week. Home soon? Home now!

Last week's RECORD TO WATCH, Brenda Russell's "Gravity," takes on 11 new stations including WTUN, KKOR, KBLQ, WKCX and KRLT. With rotations coming in for KYJC, WBLU, WMOU, KBMG, KTID etc.

This week's RECORD TO WATCH, "I Don't Want To Be A Hero" by Johnny Hates Jazz, debuts in UP & COMING with 32 conscripts including B100, WWMJ, KLZS, WJON, WQHQ/FM, WAEB, WMTR, WEBE/FM and WKYE.

If you're reading this on Tuesday, July 5th, please note that with no report-taking on July 4th (Louis Armstrong's birthday), we'll be swamped with reports on the phone all day. Please call as early in the day as possible to avoid busy signals. We'll be ready at 7:30 a.m., Tuesday.

This will also be a big week for our format as we'll celebrate 15 consecutive years of Gavin A/C charts in the issue dated July 8th. Enjoy!

REVIEWS by Ron Fell & Diane Rufer

CHRIS DeBURGH

Love Is My Decision (A&M)

Another one of those songs which sounds as though it's scheduled to roll over the closing credits, "Love Is My Decision" probably already has an Oscar nomination locked up. From "Arthur II On The Rocks," this Bacharach/Sager/DeBurgh composition could stand alone without the film and run to the top of the chart. The film's assistance in developing the record is just icing on the cake.

AZTECCAMERA

AZTEC CAMERA

Somewhere In My Heart (Sire)

Sounds like Rodney Frame has written himself and mates a hit record. The band's cult following here in the States has earned them respect from an ever-widening circle. "Somewhere In My Heart" is less artsy than crafty, allowing the band wide-angle exposure.

ELIZA GILKYSON

Calling All Angels (Gold Castle)

She possesses one of the most pure and powerful voices on record and she's also written a quorum call for those who care for and protect the rest of us.

HUEY LEWIS & THE NEWS

A Perfect World (Chrysalis)

Betcha this record becomes one of this summer's radio anthems. The song champions the idealist who finds comfort in the harmony of man. Take this one to the bank.

BEACH BOYS

Kokomo (Elektra)

You expect a new Beach Boys single right about this time each year. This year's entry, from the soundtrack of the film "Cocktail," has the warmth of the Gulf Stream and the same undercurrent of breezy harmony we've come to expect. The song is not about Indiana's famous city, but rather a winsome fleck in the Caribbean seascape.

RICK ASTLEY

It Would Take A Strong Strong Man (RCA)

Without a trace of pretention, Rick's music, and this song in particular, simply radiate with sweet, hook-laden production values.

P.D. NOTEBOOK

GETTING INVOLVED

by Eric Norberg

One unwritten rule of radio is that stations seeking to grow must get involved in civic events. Well, in my experience, some stations do benefit greatly from doing this, but others definitely do not—and those that don't usually fail to understand why.

The most obvious reason to associate yourself with civic events is to build call letter familiarity. This is a must for both new stations and those which have just changed call letters. Generally, a major effort will be needed over a long period of time to establish a station's new image and name-familiarity, and tying in with civic events is one efficient way of getting the new call letters known.

Stations which expect to build audience from this sort of activity, however, are usually disappointed. Put yourself in the average person's mind for a moment: What is there about seeing call letters on a poster or in a newspaper ad in connection with a civic event that would make you want to tune it in? Can you picture someone exclaiming, "Hey, that station is co-sponsoring the big parade Saturday—I think I'll tune it in!" That's about as likely as someone saying, "Hey, Campbell's Soup is co-sponsoring the big parade Saturday—I think I'll go buy some Chicken 'N' Stars!" The only reason for consuming any product, including radio, is that it provides benefit of some sort to the consumer. Conventional products can always cut price to make a sale, but radio is free to the listener, so the benefit will have to be an element of its service. So, if you are able to incorporate a slogan or statement defining a benefit to the listener into the civic event's publicity (examples: "All hit radio," "Best local news," "Listen and win," "The all-new WXXX," etc.), then this advertising may act to build listenership.

Suppose your goal isn't audience-building, but simply to reinforce the station's image. Then you had better make certain the event you are involved in is compatible with the image and lifestyle of your station. I've seen many stations participate prominently in civic events that have an image which the station seeks to have but doesn't, on the assumption that the connection of the event and the station name will somehow have a positive effect. This doesn't work.

Again, to understand the problem here, put yourself in the average person's head: If Geritol were to sponsor a 10K run in your town, would it change your image of Geritol? Would it cause you to think that 25-year-olds should be taking Geritol? Would it induce you to try Geritol? Or would it simply strike you as a strange sponsorship?

So for image purposes, participation in civic events can only reinforce an image the station already has—not change it. If your station needs to change its image, it needs to accomplish that through advertising first.

There is, of course, a good reason for participation in civic events that I haven't mentioned yet—making money! Stations commonly find ways to sell packages of advertising around these events, and there is nothing wrong with that. But it still would make sense for the station to select carefully the civic event it is to participate in, to make sure it is compatible with, and can enhance, its station image.

All these comments, so far, have been directed primarily towards how a station presents itself to those who don't already listen. The same comments also apply to those who are within the station's cume, but there is an additional dimension for these folks: The statement the station makes about itself to its listeners—through the station's participation. The statement thus made is that the station is involved in its community, and lends its reputation to assisting the meeting of civic goals. This is excellent PR, and can reinforce, and even improve, the existing image of a station to its own listeners. A station can accomplish the same thing by simply contributing a free remote from the event, without sponsorship of the event itself (and sell the remote to sponsors). It is still essential, though, that the image of the event selected be compatible with the image of the station.

I have never been a big fan of commercial remotes; all too often they sound like the station is prostituting itself for the client. However, I do feel remotes from civic events can be sold to sponsors without necessarily harming the PR benefit. With TV increasingly going outdoors with remote pickup trucks, radio can benefit by high-quality remotes tied to civic events or breaking news stories.

The bottom line for this column is: Sure, get involved in civic activities and events. But make sure you understand the effect your participation will have on your listeners—and especially those who aren't listeners. And, with realistic expectations of what you can accomplish and what you can't, plan your participation to maximize the value of your participation for all concerned! ●

GABBERT'S O'HAIRCUT

STORM BREWS AT KOFY/FM

With the firing of Thom O'hair as PD at KOFY/FM, a new new chapter has opened in the turbulent story of San Francisco's 98.9 frequency. "The station we felt we were getting didn't happen," said owner Jim Gabbert. "We wanted eclectic, not esoteric. We wanted the best of Album Radio, Top 40, A/C, a touch of Country, a touch of jazz, a touch of blues. What we got was all the unknown cuts off of known albums."

"We're all pretty upset," said listener activist Gaynell Rogers, whose Committee to Save The City blocked Gabbert's takeover of the former KRCY last year. The group dropped its objection when Gabbert agreed to preserve the station's vintage rock format and hired Album programming legend (KMPX, KSAN) O'hair. Now, Rogers says, "We're upset at what's on the air, and we're upset that he has not kept the agreement."

Saying, "We're going to have to come down a little heavier than we'd like to," Rogers is pressuring Gabbert to give the committee a voice in finding a new PD. "Our priority is finding someone we can work with and trust," she said. "Our focus is not so much on the people as on (obtaining) a station our supporters can listen to." But Gabbert is in no hurry to find a new programmer. "We're not looking for anyone," he asserted. "We're a lot different from most broadcasting companies, where you have owners who don't know diddly-squat about programming. Both my partner, Mike Lincoln, and myself have our roots in programming. I don't know if we need a program director—or a music director."

O'hair, who had his own written agreement with Gabbert, will let his lawyers do the talking.

FAIRMONT VEEPS COLE

K101-San Francisco PD Bobby Cole has been elevated to VP/FM Programming for parent Fairmont Communications. As such, he will be responsible for WNIC/FM-Detroit, WLAC/FM-Nashville and KKOB/FM-Albuquerque. "The Fairmont FM stations are achieving great things in highly competitive markets now," said company President John Hayes. "Bobby's role is to provide continuity so that each station can benefit from the group."

"This promotion is both a challenge and an opportunity, and I am looking forward to both," says Cole, a guy who can hit those buzzwords with the best of them. Cole, a veteran of KSAN and

Bobby Cole

KMEL in their rock incarnations, joined the station last fall.

MCA MAKES IT OFFICIAL-- \$61 MILLION FOR MOTOWN

Calling it "the beginning, not the end, of an era," Motown Records founder Berry Gordy, Jr., said he is selling the label to MCA Records and Boston Ventures for \$61 million. The deal does not include Jobete Music Co., Motown's moneymaking publishing arm.

Confirmation of the sale was first reported by Hollywood's Daily Variety, which quoted Gordy as saying, "In today's economy, the big get bigger and the small get extinct...to ensure the perpetuation of Motown and its heritage, I decided to clasp hands with one of the most formidable giants in the business."

MCA, which has distributed Motown for the past four years, would confirm only that the sale has transpired and that "Berry Gordy and the purchasers have provided for continued black ownership in the new company." What that probably means is that MCA President/Urban Music Jherly Busby will receive an equity stake in Motown along with control of the operation. Although the Motown stable has been depleted in recent years, it includes Stevie Wonder, Lionel Richie and Smokey Robinson, who will be joined by former colleague Diana Ross, now with MCA.

SORRY, CHARLIE

A&M Senior VP/Promotion Charlie Minor, left, tries to indicate his age as label President Gil Friesen whispers encouragement. The scene was a major bash in honor of Minor's 40th birthday.

LINER NOTES

Look for an announcement soon about the name, staff and location of the new CBS label to be headed by Jerry Greenberg. Word is that the name will not be Sony.

Lou Dennis adds "Senior" to his title of VP/Director of Sales for Warner Bros. Records. He has been with the label for 22 years. Said Warner Bros. Chairman Mo Ostin: "Lou's long tenure reflects both expertise in and enthusiasm for this key post. I join with the rest of the company in congratulating Lou on his promotion."

Josh Ziemann has been appointed to the newly created position of Marketing Director for EMI-Manhattan Records. He will report to VP/Marketing Ken Baumstein. Ziemann joins the label from TVT Records, where he was Director of Sales.

Capitol Records names John Warner Director, Artist & Product Development and appoints Cathy Lincoln to the new position of Director, Alternative Marketing. Warner comes from Epic Records, where he was Associate Director of Product Management. Lincoln has been with the Creative Services Field Force of Warner Bros. Records for the past four years. She will report to VP/Marketing Ron McCarrell. The label has also named Diane Nixon as Supervisor of Office Services. She will report to Blue Note President and Capitol East Coast Manager Bruce Lundvall, for whom she has worked for the past 12 years.

Marcia Edelstein has been named Director of Creative Services for Elektra Records. She has been with the label for five years. "Rarely does someone rise

SR. VP/MARKETING, PROMOTION FARACI UPPED AT ATLANTIC

Atlantic Records has promoted Vince Faraci to the new position of Senior VP of Promotion/Marketing. He's been with the label for 19 years, and has been Senior VP/Promotion for the past seven. Said Atlantic President Doug Morris, "This year has been the most successful in Atlantic's 40-year history. Vince's challenging new role marks a major step in our positioning for the music business of the 1990s. The critical link between the radio and retail communities will be come his focus as we strive to realize the potential of our artists in a highly competitive marketplace."

A pair of changes in the Atlantic field promotion staff move Bob Clark to West Coast Regional Pop Promotion Director and Rick Sudakoff into Clark's old job as Midwest Regional Pop Promotion Director. Sudakoff had been the label's local promo rep in Chicago. Both will report to Atlantic VP/Field Operations Lou Sicurezza. Finally, the label promotes Kathy Acquaviva to West Coast Director of Media Relations for Atlantic Records. She reports to Director of Media Relations Diane Gilmour.

INDIAN LEADERSHIP

by Dr. Oren Harari

This is one of those columns where I need to monitor myself carefully. When Anglos start talking about American Indians, strange things often happen. They become paternalistic, sanctimonious, judgmental or maudlin. They condemn, hero-worship or pity. I want to avoid all that, and instead focus on some challenges and qualities of Indian leadership that can be valuable lessons for leaders of any organization.

Last month, I had the privilege of working with a few of the governors of the Pueblo Indian nation in Albuquerque. We looked at means by which we could integrate modern management techniques with age-old cultural values and beliefs. It's not an easy task, but it's a vital one. The Pueblo tribes, like many Native Americans, are beset with serious problems, including alcoholism, unemployment and poor educational standards, as well as inefficient land and financial management.

To deal with these problems, Ron Toya of the Tribal Government Institute believes tribal leaders must incorporate modern management techniques. "Pueblos can develop sound, businesslike tribal governments without moving away from a traditional form of government," he argues. "There is no conflict between running an efficient, businesslike government and maintaining traditional beliefs."

In fact, one could argue that, given the problems facing the Pueblos and other Indian nations, failure to incorporate modern management into tribal operations might mean the gradual demise of the culture.

Management without culture leads to sterility, but culture without management leads to futility. A prominent Indian recently stated, "We must live in the present. Living in the present will help us mold the future for us, our people, our children and our children's children."

Last month, I was impressed with the willingness of the tribal governors to confront these difficult issues--issues which, in many ways, apply to any organization.

The most successful businesses nowadays are those which integrate sound business and management practices with a clear "corporate culture." The culture would include a history of the firm (including legends and milestones), a philosophy of how it does business, a vision of what it stands for, and clearly defined and shared values of excellence. Business management without culture, or vice versa, is like a piano with only black notes, or white notes. The business leader would be wise to build a complete instrument.

It is for this reason that the Tribal Government Institute was formed. It is a non-profit organization of Indian and non-Indian people directed toward bringing quality leadership to Indian operations, "using the values, the spirit and the heritage of Indian people as well as state-of-the-art management techniques."

Toya, the chairman of TGI, argues that "Indian people aren't looking for handouts, but a chance for self-sufficiency and self-determination... TGI combines the spiritual strength of Indian life with professionalism to do the seemingly impossible--revitalize and turn around Indian affairs in America." If any of you are interested in helping, write Ron Toya c/o the Tribal Government Institute, PO Box 26567, Albuquerque, NM 87125-6567.

The manager can learn something else from Indians: What it means to be a leader. Following are two sets of values, each one providing superb clues for anyone aspiring to lead a business--or a society.

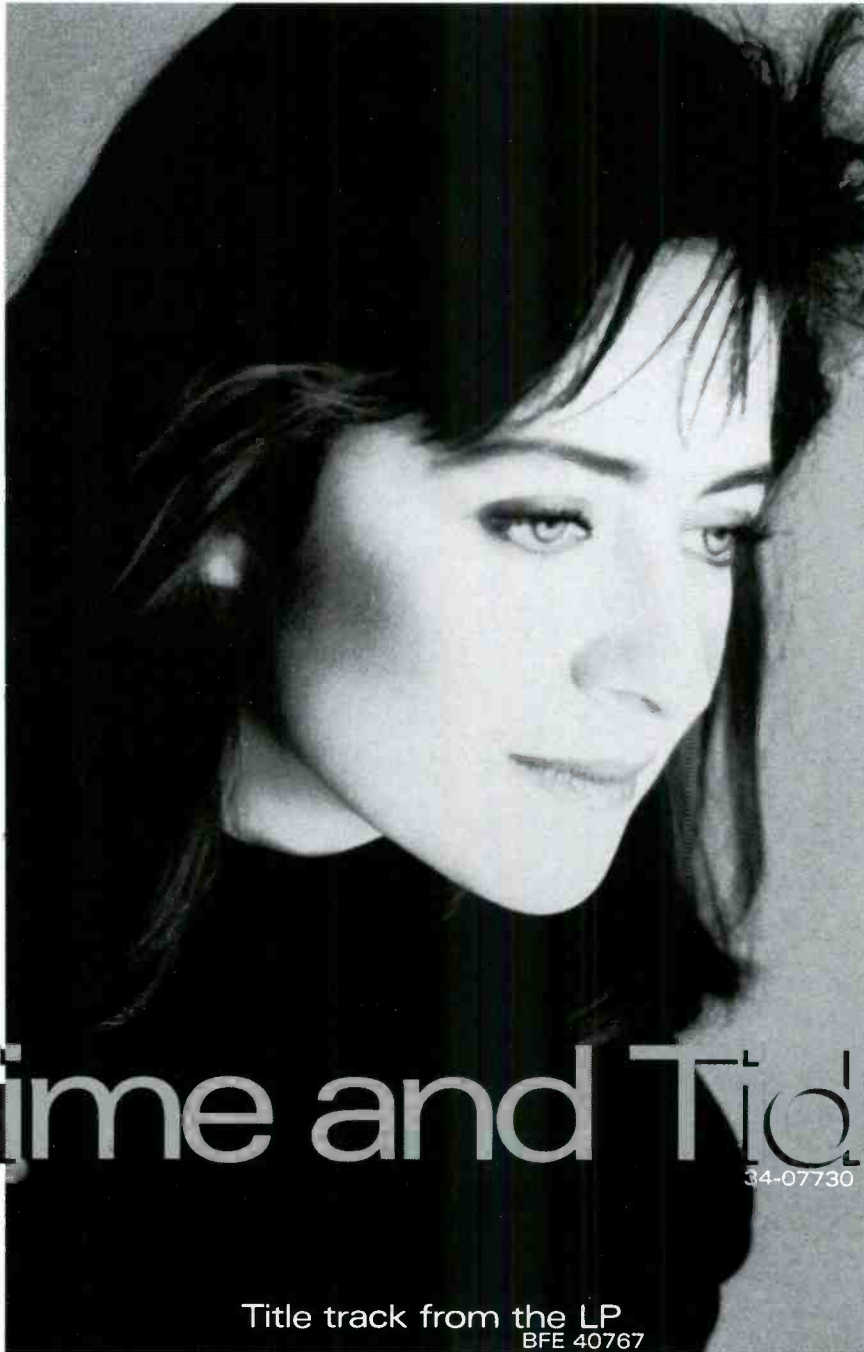

From the philosophy of the Pueblos:

"The job of our tribal leaders is to bring us forward; the challenge is to lead without lies or dictatorship and to motivate and inspire by vision and deeds."

From The Binding Law of the Iroquois:

"The lords of the Confederacy of Five Nations shall be mentors of the people for all time. The thickness of their skins shall be seven spans, which is to say that they shall be proof against anger, offensive action and criticism. Their hearts shall be full of peace and good will, and their minds filled with a yearning for the welfare of the people of the Confederacy. With endless patience they shall carry out their duties, and their firmness shall be tempered with tenderness for their people. Neither anger nor fury shall find lodgement in their minds, and all their words and actions shall be marked by calm deliberation." ●

NEW

Releases

HEAVY NOVA

HEAVY NOVA-

ROBERT PALMER (EMI-MANHATTAN)

In many ways Heavy Nova resembles its platinum predecessor in that there are some highly individualistic (if not experimental) traits to be reckoned with here. The meat-and-potato trax will be the hard rock/dance fusions like "Simply Irresistible." But what about the ethnic intro to "Casting A Spell," the **Jermaine Jackson** cover song, "Tell Me I'm Not Dreaming" or **The Gap Band's** "Early In The Morning"? These are tricks **Palmer** has been up to since earlier days when he would toss in something by **The System** or **Lee Dorsey**. Always expect the unexpected. Now what happened to the **Scorpions'** versions of some of these trax?

LIVE AND LET LIVE-Bobby King & Terry Evans (ROUNDER)

For the past ten years, **Bobby King** and **Terry Evans** have been the anchor of the **Ry Cooder Band's** vocal prowess. By using a myriad of soul and gospel roots, King and Evans always balanced Cooder's skills as a musicological interpreter, giving the final musical product a soulful twist. The same thing happens here. For example, **Roscoe Gordon's** "Just A Little Bit" uses some junkyard rhythms courtesy of the Cooder Band players. Everyone involved came to play on this one. Say amen, somebody.

"LOVE AND MERCY"-BRIAN WILSON (SIRE)

A long, long time in the making—possibly 20 years--**Brian Wilson** takes the integrity of **Pet Sounds** and personifies it. It's good to hear the real core genius of the **Beach Boys** soaring and separated from his Republican accomplices. Finally, the **Beach Boy** legacy is resurrected with wealth and taste by the principal architect. **KZ**

INSTINCT-IGGY POP (A&M)

Iggy Pop may have coined the best description that describes **Instinct**--that is, "Cold Metal." Stripping away any hint of sonic superficial trappings, **Iggy** unabashedly recalls when an Ig song meant one hot riff melted down with some bizarre Motor City images. Yet underneath the chains and leather lurks a certain vulnerability. Warning: this is the industrial strength brand of **Iggy Pop**. Producer **Bill Laswell** keeps things progressive yet timely. Trax: "Cold Metal," "Easy Rider," "High On You" and "Strong Girl."

UNDER THE SUN-

PAUL KELLY & MESSENGERS (A&M)

We predicted it last album, and it looks like we'll have to say it again: **Paul Kelly** will soon be exposed for the songwriting ace he truly is. He grasps the solo vision of a **Joe Jackson** or an **Elvis Costello**, while maintaining the wit and whiny irony of a **Randy Newman**. His band, the **Messengers** (dubbed the **Coloured Girls** in homeland Australia), flesh out the acoustic bone structure of the melodies into full-bodied rock n roll songs. As usual, Kelly's art is under-appreciated under **Album Radio's** one album/one track scrutiny system. Part of the joy of **Under The Sun** is feeling the consistency of the material. Besides "Dumb Things" there's "Big Heart," "Same Old Walk," the ode to rehab, "To Her Door" and many others. One of this year's best.

THE LEAVING TIME-MICHAEL SHRIEVE & STEVE ROACH (NOVUS/RCA)

Here's an impressive assembly of talent...**Michael Shrieve** and **Steve Roach** enlist guitarist **David Torn** to recreate some lunar landscapes and interplanetary collisions. **The Leaving Time** combines organic titles with musically ponderous concepts. I'd describe the music as **Einstein's** moving clocks meet the winds of percussion. Trax: "The Leaving Time" and "Tribes."

ELYSIAN FOREST-

MARK O'CONNOR (WARNER BROS.)

Sometimes you want to call **Mark O'Connor** a fiddle player, but on **Elysian Forest**, "violinist" seems much more appropriate. This album, born out of the studios and attitudes of Nashville, illustrates that there's much more to **Country Music USA** than **Ricky Van Shelton's** overalls and biceps. This music is transcendental, mysterious, folksy, jazzy and, best of all, unique. O'Connor is one of just a handful of Nashville cats who have the luxury to stretch out and get eccentric. Trax: "Idle Rain" and "Cool Winds."

WIDE AWAKE IN DREAMLAND-

PAT BENATAR (CHRYSALIS)

After a multi-year layout, **Pat Benatar** releases a studio collaboration with guitarist/producer/spouse **Neil Geraldo** and **Peter Coleman**. Augmented by one track piloted by **Keith Forsey**, it's clear that guitarist **Geraldo** (who co-wrote the lion's share of the songs) had lots of input as to the direction this album travelled. **Dreamland** is predominantly a rock n roll collection with lots of edge in mind. Trax: "All Fired Up," "One Love" and "Don't Walk Away."

Cinderella

"GYPSY ROAD"-CINDERELLA (MERCURY)

Cinderella enjoyed a **Cinderella** success story indeed. Their rise to the top rungs of the hard rock ladder will make believers out of those of us who can only hear a hard rock hit after being bludgeoned with a ball-peen hammer. This one's being touted as merely the tip of the iceberg. Looks like this band is willing to sidestep any bickering over whether **Album Radio** plays hard rock by getting right down to the art of the single.

SUGAR

GLIDES

While the top five remains the same, the story behind the scene is that **The Sugarcubes** improved their chart points by 10% and are on the verge of reaching the #1 position. Programmers enjoying extra sweet response include **Faith Henschell-KCMU**, **Patrick Ferrise-WVU**, **Larry Lumb-WUOG** ("The hottest!"), **Michael Bright-WFNX** (#1 requests!) and **Ken Glidewell-WOXY**. Wire looks strong while **The Sun and the Moon** is a sleeper record that's consistently beaming its way towards the top five. The **Mike Tyson** power-punch of the week award goes to **Shriekback** who debut at #9 after being Most Added last week. Over at **WRVU**, **John Koski** reports it's "kicking some butt," and other shriekers include **Mark Miller-KABL**, **Mike "Big-Mac" Thomas-WMDK**, **Brett Greene-KUNV** ("The big horn sound is different, making it accessible to young people"), **Marcia Woytaszek-WUSM** ("Storming up the airwaves") and **Helen Urriola-WFIT**. **Patti Smith** definitely has the power to crash through the top ten and is doing especially well for **Candy Pennetta-KVNF** and **Tim Zeigler-KUSF**. **Iggy Pop** was Most Added and is a time bomb about to explode on the chart. Our Record to Watch is **Paul Kelly & The Messengers**, who were second Most Added, drawing immediate reaction from **Deb Brady-WXXP** and **Damen Stewart-KJET**. Entering Chartbound this week is **Melissa Etheridge** who has drawn #1 phones five straight weeks for **Jamie Karr-KACV** and continues to do well for **Bill Evans-KTAO**.

AROUND THE HORN: Please note all Alternative programmers, record reps and anyone else interested...an informal gathering will be taking place during the **NMS** on Sunday July 17 from 12 noon to 2 p.m. at the **Ye Olde Triple Inn** on 54th St. (btw. 8th & Broadway). Be there or be talked about. Best wishes to **Valarie Pittman-WRAS** who departs the station as MD but will maintain her airshift. Can you name a nicer MD? She can still be reached at 'RAS.

Taking over for Valarie will be **Kim Saade**. Now just how does SHE pronounce her last name? **James Lien-WTUL** wants the world to know the station is now broadcasting from **Tipitina's** (my favorite club in the world) each Monday night. **TUL** purchased a microwave relay with all those wild marathon fundraisers. The equipment enables them to increase their visibility in the community. In fact, you can look for **WTUL** to be broadcasting live next year at the **Jazz & Heritage Festival** fairgrounds. **Kakie Urch-WRFL** sez the **Ambitious Lovers** record is "the best thing I've heard in a month, they write SONGS, not just experimentation."

Over in **Fresno**, **Cyndie Wathen-KFSR** is working hard to prevent their records from warping in the 100+ degree weather accompanied by "weird thunderstorms." **Ivar Hamilton-CFNY** reports that their #1 request item is "Shout" by **National Velvet**. A belated **Happy Birthday to Seana Baruth-WUSC** who celebrated on June 21st. **Jason Cohen-WNUR** is back from his vacation in hometown Philly, where he attended a high school graduation (no, not his own!) and a bar mitzvah. He also had a chat with **Charles Barkley** about the 76ers' upcoming season.

THE GOSPEL AT COLONUS

THE GOSPEL AT COLONUS - Original Cast Recording (Nonesuch/Elektra)

Almost every year, I make the pilgrimage to **New Orleans** for the **New Orleans Jazz & Heritage**. My favorite event is the ongoing **Gospel** tent, featuring singers of all ages from churches throughout the south. Having missed this year's event, this **Broadway cast recording** will help fill my **Gospel jones**. I dare you to tell me this record doesn't literally send tingles down your spine. The music is a reminder of this country's greatest resource, our rich and diverse culture. That musical diversity will be the key to **Alternative radio's** continued growth and progression in the coming years. Check out "Live Where You Can," "Stop Do Not Go On", "Eternal Sleep" and "Lift Him Up."

Verlaines,

Bird Dog - VERLAINES (Homestead)
Their last release in this country, "Juvenilia" (a compilation of earlier material), scored very high on the Richter scale of a select number of college stations and critics around the country. *Bird Dog*, recorded for the **New Zealand** label, **Flying Nun**, is the first new material from the **Verlaines** in over two years and features a droning yet clean brand of pop music (a cousin of the **Feelies?**). The band is from the college city of **Dunedin** on **New Zealand's** sparsely populated **South Island**, and they play with the same sense of desolation. Trax: "Take Good Care of It," "You Forget Love," "Just Mum," "Dippy's Last Trip," "Bird Dog" and "C.D. Jimmy Jazz and Me."

HOLLYWOOD

by Tony Richland

► Are we nuts?

All we want to know...once again...is this: Is the world going crazy, or WHAT? Don't know if this kind of thing is going on outside of Hollywood, but, as part of sweeps week, network TV affiliates are making a big deal about the sick books which purport that Elvis is alive. Now, seeing the memory of our favorite artist of all time desecrated in such a fashion is nauseating. What the book and the obnoxious TV stations are offering is the weirdo germ of an idea that The King (who SHOULD be alive) never really passed on—that some wino's body is in the coffin and that Elvis, fed up with bad press about his fatness, addiction to peanut butter, etc., and generally burned out by 25 years of celebrity, decided to engineer a complex scheme whereby he would disappear into "real life," perhaps with the aid of plastic surgery.

Local Channel 4 has joined in the whole crazy situation, "humorously" billing themselves as "The Station That KNOWS Elvis Is Dead." Jokesters are crawling out of the woodwork, and L.A. Times TV writer Howard Rosenberg received a letter, purportedly from the late Marilyn Monroe, Natalie Wood and Grace Kelly, ALL claiming they are married to Elvis, who is alive and selling aluminum siding in Yankton.

Now we hear both Michael Jackson and Ringo Starr have not only SEEN the ghost of John Lennon, but have actually spoken to him. They both say Lennon has given them business advice and even discussed the advisability of using "Revolution" in Nike's TV ads.

Has the world gone bananas, or is it us? With reference to a recent item in this space, it seems that God has chats with folks like Jim Bakker as He juggles a hectic schedule. If Elvis is really hanging around, and Lennon is getting into ad campaigns from his loft in Heaven, we wonder if any of these people are joined at power lunches by Duke Wayne, Gary Cooper, Sam Cooke and some deceased promo people we know (knew?).

Here's our pledge to our loyal Gavin readership: When we finally make OUR trip to that big jock lounge in the sky, we'll look all of them up and, depending on whatever MCI charges, we'll let you know how everyone is doing.

We're looking forward to being dead real soon, 'cause we anticipate brunches with Jim Morrison, cocktails...MANY of them...with Janis Joplin and Bobby Darin...oops, Janis is on the wagon...and earlybird nine-course dinners with our old Baltimore pals, Mama Cass and Divine. The way we see it, it's gotta be one big party up there, with Elvis and a couple of Bogarts running the show.

...

Can we talk about major-market disillusionment for a moment? Recently, one Willie Mays, an early hero of ours, did a promotional tour on behalf of his new book (one of those books written "in association with" some guy named Irv). As part of this trip, he was scheduled for an autograph session at a Hollywood bookstore. Crowds...make that THROGGS...including yours truly, lined up around the block for a chance to meet the hall-of-famer and get a signature. Imagine our chagrin when we reached the front of the line and were told BY WILLIE that the autograph would cost us a tenpot! Jeez, I mean we all know the Say Hey Kid didn't play in the days of \$3 mill+ salaries, but GIVE US A BREAK! Say it ain't so, Willie...for God's sake, Michael J. Fox only charged us a deuce!

...

Promo genius Danny Davis has been promising us a guest column for EONS now. Each week, he brings it up, and each week we encourage him to get it in the mail. We've even promised to give him the rather huge fee we earn for doing this stuff.

Danny keeps saying, "What's the big deal? ANY jamoke can do that dumb stuff. I'll get you one in the next post."

Danny...we didn't ask you to torture yourself by trying...aided by a fifth of Cutty...to get one in EVERY week, as Eric Norberg and I do (although rumor has it that Eric goes through TWO fifths). We just want you to do it one lousy time. We offer this deal: If Danny really submits a column (we assume it will be witty or pointed, or it won't be used), we'll ask Ron Fell to publish a recent Danny photo. The guy has just lost over fifty pounds on an all-quiche-and-sushi diet.

God knows he has something to write about...the guy maintains daily contact with Elvis, acts as intermediary between Ringo and Lennon, and has an MCI rap session with Jimi Hendrix more than once a week! ●

INSIDE COUNTRY

KSAN HELPS THE HOMELESS. Our neighbors at KSAN-San Francisco/Oakland got together last week with San Francisco mayor **Art Agnos** in a promotion to help our city's homeless. They took their Money Machine to a local store, and the mayor designated one of the store clerks to spend 15 seconds in the machine, trying to grab as much of the whirling money as possible. The clerk managed to accumulate \$450, and KSAN doubled that amount and dedicated it all the the Mayor's Homeless Fund.

COUNTRY WELCOMES AND CHANGES... **Bill Georgi** at KWDJ-Riverside reports he added **Lou Lunden** (yes, the same Lou who was at KCMJ-Palm Springs) to his air staff to do the midday shift... **Tim Scott** at KWPC-Muscataine has changed his music hours to 1-3 p.m. on Tuesdays... We added a new station to our list of reporters this week. **Maddie Blake** will start calling from WJST-Panama City. Welcome aboard! ... **Kurt Phillips** moves from KMIT-Mitchell to KWBG-Boone where he's handling the afternoon shift... **Mike West** is leaving KPRB-Redmond to take the Ass't. PD job

at KYVA-Gallup.

PROGRAMMERS ARE TALKING ABOUT... **Kevin Stuart** at KXKW-Lafayette tells us the new **Jo-el Sonnier** is already one of his most requested records. **Sean Lisle** at KNBA-Vallejo is predicting it will be a smash, and he can back that claim up - he played it as an album cut last August and it immediately became his most requested song. **Jeff Duffy** at KOKK-Huron agrees, saying, "This song really stays with you"... **Trish Hennessey** at WAVW-Vero Beach is getting great reaction to the new **Becky Hobbs** album... **Roger McDowell** at KRMS-Osage Beach reports immediate response to the **Dwight & Buck** duet. Ditto for **David Bryan** at WDAF-Kansas City and **Bobby Guerra/Norman Visger** at KLAC-Los Angeles, who both added the song in a Medium rotation... **T.C. Webster** at WGMR-State College reports good requests for "Sweet Life," **Marie Osmond's** duet with **Paul Davis**. Davis had a pop hit with this song back in 1978... **C.J. Jackson** at WFGN-Gaffney says, "Everybody loves the **Wagoneers**. We're getting requests from all demos"...

Charlie Hoskins at KLLX says the hottest thing in Bismarck is the **Burch Sisters** record... **Skip Davis** at K92/FM-Destin is excited about **Holly Dunn's** new LP, especially the cut "City Limit"... **Chris Allen** at WBGW-Bowling Green reports, "**Vern Gosdin's** LP cut 'Is It Rainin' At Your House' is getting floods of calls" (Cute, Chris). Talk to you next week.

REVIEWS

By Lisa Smith & Cyndi Hoelzle

JO-EL SONNIER - "Tear-Stained Letter"
(RCA)

The third single from Jo-el's debut LP and another example of his incredible versatility. A Richard Thompson composition, "Tear-Stained Letter" is a fast-paced, upbeat joy. A special song deserves a special video, and "Tear-Stained Letter" is getting just that, with Jo-el's longtime friend, actor Judge Reinhold, in the starring role.

CHRIS AUSTIN - "Lonesome For You"
(Warner Bros.)

Chris Austin is a multi-talented musician who spent a couple of years touring as Ricky Skagg's sideman, singing and playing guitar, mandolin and fiddle. On his debut single, he's come up with a song that's a Country radio programmer's dream - it's uptempo (another one!) and clocks in at 2:15. Watch out for this guy - he's hot!

NANCI GRIFFITH -
"Anyone Can Be Somebody's Foo!" (MCA)

Nanci is one of Country music's most promising songwriters and song stylists. She continues her evolution from her Rounder folk days into the cutting edge of Country.

TANYA TUCKER - "Strong Enough To Bend"
(Capitol)

Any record that receives this many out-of-the-box adds is bound to arouse your curiosity. One listen and they'll be no explanation needed. Producer Jerry Crutchfield has backed Tanya's strong vocals with minimal production, resulting in one of the summer's catchiest songs.

INSIDE URBAN RADIO

Glad to see **TERENCE TRENT D'ARBY** reach number one, proving our prediction that it would go to the top of the charts. It has a Hit Factor of 98%, and those last two stations have it headed for heavy rotation, which will give it a 100% as expected. **LOOSE ENDS** gets to Certified status, debuting at #31. Stations carrying it in heavy rotation are **WILD-Boston**, **WGSW-Greenwood** and **KKDA-Dallas**. **Mickey Arnold**, **WRDW-Augusta**, says, "It's really taking off here. Watch it." Also very hot on the **KSOL/FM-San Francisco** request line.

DAVID SANBORN had his best week ever. Says **Lisa Lipps**, **KACE-Los Angeles**, "No matter what he does, it turns out well." **Tony Lyte**, **WZFX-Fayetteville**, makes it his RTW: "He plays a sax like James Brown screams—to perfection! Added this week at **WFKX**, **WZFX**, **WVOI**, **KACE** and **KJLH**.

Jay Jefferies, **KXZZ-Lake Charles**, goes

out on a limb in his choice for RTW: "TAYLOR DAYNE has a nice ballad that should be some competition for **WHITNEY HOUSTON**." **Larry Gipson**, **KRUS-Ruston**, has **WHITNEY** as his record to watch and likes the **JESSE JOHNSON** change-of-pace single. "A nice groove, and I'm crazy about the sax!" **Alton Palmore**, **WQIC/FM-Meridian**, agrees wholeheartedly: "It kinda fooled me with what a change this is for Jesse. Darn good record!"

Carter Garrett, **WKIE-Richmond**, comments on the new **BUSY BEE**: "Hot 18+ phones-!" **A.B. Welch**, **KQXL-Baton Rouge**, loves the new **GEORGE MICHAEL**, one of our Most Adds this week: "Another hot dance tune, and this mix is dynamite!" **Earl Boston**, **KATZ/FM-St. Louis**, is high on the **GERRY WOO**: "The most impressive moderate tempo hook I've heard in a long time. Should be good for **Quiet Storm**."

FREDDIE JACKSON was a popular choice for RTW. **Gary Young**, **WLUM-Milwaukee**, says it went straight from the record rep's hands to his turntable with immediate audience response, and is picking up steam 18-24. **Mike Archie**, **WHUR-Washington, DC**, calls it a guaranteed adult 25-49 smash. This week's RTW, **ANGELA WINBUSH**, got rave reviews from **Costee McNair**, **WBIL-Tuskegee** and was added at **WANM-Tallahassee**, **WGSW**, **WKXG-Greenwood**, **WQKI**, **WRDW**, **WTMP-Tampa**, **KATZ/FM**, **WBMX/FM-Chicago** and **KACE**. Eight stations added the **DAN REED NETWORK** this week: **WHUR**, **WOWI-Norfolk**, **WPDQ-Jacksonville**, **WXVI-Montgomery**, **WCRX-Chicago**, **WGCI/FM-Chicago**, **KGBC-Galveston** and **KACE**. Ciao for now, **Betty**

REVIEWS

by Betty Hollars and John Martinucci

PEBBLES - *Take Your Time* (MCA)

Pebbles is moving on down the "rocky road" of success with this, her third-time's-a-charm hit!

MICHAEL COOPER - *Quickness* (Warner Bros.)

If you need a mid-tempo killer that's like a "Con Fun Shun revisited," try this on for size. A sure shot for audience grabbing.

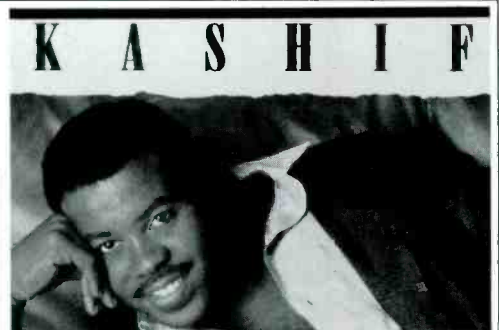

TONY! TONI! TONE! - *Born Not To Know* (Wing/PolyGram)

This could be labeled the Q&A record of the year! We're recommending the version with the grandma rap intro intact because it's a cute and novel approach.

SUE ANN - *Rock Steady* (MCA)

Nothing but smooth sailing ahead for this Jesse Johnson-produced single. Jesse takes Lady Soul's big hit and makes it so funky it's nasty.

KASHIF - *Loving You Only* (Arista)

Assistance on the "Rap" version comes from DOUG E. FRESH, who adds just the right touch to an already impressive single that should score big with Kashif fans.

PRINCE - *Glam Slam* (Paisley Park/Warner Bros.)

His Purple Nudeness scores this street cliché into a full-blown production. Even though the remix (with additional production by Shep Pettibone and Steve Peck) is a bit longer, it outshines the original.

DAVE SHOLIN'S PERSONAL PICKS — SINGLES

HUEY LEWIS & THE NEWS - *Perfect World* (Chrysalis)

Look out! Here comes a curve ball, and what better time than now to toss one? Written by Bay Area song man Alex Call, this ska-flavored effort contains a wonderfully clever lyric. The feel-good band of the decade never fails to create the perfect mood.

RICK ASTLEY - *It Would Take A Strong Strong Man* (RCA)

Here's a man who must be considered one of the brightest new stars of the year. Rick meets the challenge of following up two consecutive number one records with another Stock, Aitken, Waterman example of precision pop writing and producing.

BRIAN WILSON - *Love And Mercy* (Sire/Reprise)

No one will dispute Brian's incredible genius and creativity over the past two-plus decades. He, more than anyone else is responsible for bringing the spirit of California to the rest of the world through pop music. What a treat to hear him back, giving off more of those good vibrations with an upbeat, positive approach to life.

FOREIGNER - *Heart Turns To Stone* (Atlantic)

It's back to rockin' with a tune that's been a favorite on Album Radio for months. Remixed for Top 40, it's a clean, tight track, reminiscent of their great early releases.

RON FELL'S PERSONAL PICKS — ALBUMS

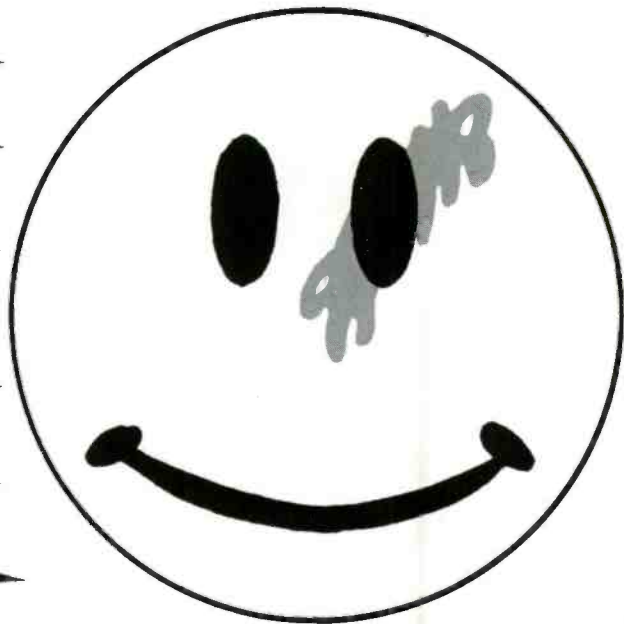

CHICAGO -19 (Full Moon/Reprise)

With I DON'T WANNA LIVE WITHOUT YOUR LOVE a confirmed smash, Chicago's recent mid-chart jinx for debut singles is behind them. Bill Champlin takes the lead vocals on some of this album's finer songs, including YOU'RE NOT ALONE, as hired gun Jason Scheff is playing more bass and singing a little less. Recent Chicago albums have had varying amounts of horns in the mix, and it's interesting to hear how the democratic and diplomatic processes in band politics balance the need to reach formats where horns are foreign. With 19, an appropriate balance is met. The horns are the ink in their signature, but the handwriting on the wall tells me the straight rock and pop sound adopted on this album will sell through and beyond normal Chicago-phiiles. I especially like HEART IN PIECES, I DON'T WANNA LIVE WITHOUT YOUR LOVE, LOOK AWAY, YOU'RE NOT ALONE and WHAT KIND OF MAN WOULD I BE.

IGGY POP - *Instinct* (A&M)

Iggy and his former Stooges predated the punk movement by a full decade, yet his stage premise was often one of primitive, outrageous, monster trash theatrics—a form later adopted by the supposedly seminal punk Sex Pistols of the late '70s. Well, things have a way of working themselves out for the best, and on Ig's new album who do we have playing the hottest, most accessible guitar of his career but Steve Jones of the aforementioned Pistols. The resulting merger of talent is kinetic. The magic in the collaboration is their ability to avoid a rocky horror show. The music has a Spartan, youthful, metallic exuberance which will attract the maniacal, but it also has a tempered, we-could-get-this-on-the-radio flair. Newcomers might find "Instinct" to be derivative of Billy Idol/Steve Stevens productions, but if you've experienced Pop in his previous prime you know the truth. Welcome back, Ig.
