**DENIGRIS EXITS E/P/A**

Dan Denigris, VP Promotion of Epic/Portrait/CBS Associated Labels has left the company after 12 years service. In making the announcement Dave Glew, Sr. Vice President/General Manager E/P/A stated, "Dan has made important contributions to E/P/A for which we are all grateful. Polly Anthony, VP Pop Promotion and Harvey Leeds, VP Album Promotion, will assume his responsibilities."

**BIG MONEY DEAL  
THORN EMI BUYS SBK  
ENTERTAINMENT**

British based Thorn EMI has agreed to purchase SBK Entertainment for an estimated \$377 million.

The SBK catalogue is richly endowed with over 250,000 individual songs that include classics such as "Over The Rainbow" and "Singing In The Rain" and contemporary songs by James Taylor, Luther Vandross, Laura Nyro and others. EMI Music Publishing itself has an impressive catalogue of copyrights acquired over the years. Merging the two creates a priceless treasure.

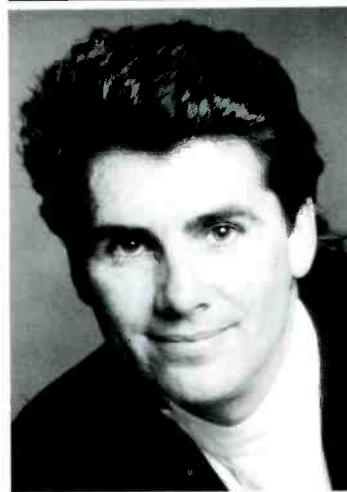

In conjunction with the acquisition, EMI Music plans to establish a joint record company venture that will be called SBK. Current SBK principals Martin N. Bandier and Charles A. Koppelman will be involved. This transaction is expected to take place in April of 1989. SBK's Stephen C. Swid plans to remain involved with Cinecom Entertainment Group, an independent film producer/distributor which is not part of

the Thorn EMI acquisition.

Jim Fifield, EMI Music Worldwide, President and Chief Operating Officer commented on the upcoming purchase of SBK, saying "By combining our existing major publishing catalogue with the equally strong SBK catalogue, we are creating a music publishing company with immense strengths in catalogue titles, current writers and excellent talent." SBK's partners noted that "We're proud to have enhanced SBK's value in two short years by aggressively merchandising our songs...we couldn't leave our songs in better hands."

## THE PORTLAND-SACRAMENTO CONNECTION

## SEAN LYNCH TO KROY

"Instead of flying to the Gavin Seminar I'll be driving," laughed Sean Lynch as we talked of his new position as Operations Manager at KROY-Sacramento.

Great American Broadcasting recently bought KROY, and is transferring Lynch to the station from their property in Portland, OR, the #1 rated KKRZ.

"I'm really excited about the challenge here in Sacramento," Lynch continued, "and I feel very fortunate that Tom Chase has elected to remain with us as Program Director." No major changes are in store at KROY.

Lynch will be commuting between Portland and Sacramento for at least another week and his position at KKRZ is still open. "We're looking for an aggressive, hands on, promotionally oriented PD who's ready to take the #1 station in Portland up a few notches," said Lynch in closing, "Not asking for much, are we?"

## RADI-O-RAMA cont.

He comes from B94-Pittsburgh where he'll continue to be the voice of the station. Gary Moore remains X-100's Production Director. Bill Catino has been named Director of Promotion for Universal Records. For the past four years Bill has been Director of Promotion (Northeast) for MCA/Nashville. According to Universal President Jimmy Bowen, "Bill...has been an incredible regional promotion director...and I know he will direct our regional staff to their full potential."

## RCA/JIVE ARTISTS BAND TOGETHER TO STOP THE VIOLENCE

In the spirit of Martin Luther King, Jr., Ann Carli of Jive Records and author Nelson George, along with KRS-One and Boogie Down Productions are spearheading the "Stop the Violence Movement."

The result of this collaboration is a very special record: "Self Destruction-Stop the Violence" and it will be released on January 16, the day the country observes Dr. King's birthday. Included on the album are songs especially written for the project by Kris (KRS-One) Parker, Kool Moe Dee, Ms. Melody and Just-Ice among others. All proceeds will be donated to the Urban League which will use the funds to support and develop programs to deal with Black on Black crime and youth education.

The album will be distributed through RCA and thus will be available at all major retail record outlets. In addition, many urban stations plan to simulcast the album at noon on January 16. "Our main concern is not to just release a record, but to make everyone aware of what's happening in this country of ours," said RCA National Director, Black Music Promotion "Jazzy" Jordan. "It's about the situation and the state of America. That's why I dub this project a 'message to America.' All Americans need to be aware of this."

Those of us within the industry can make tax deductible contributions to this worthy cause. The address is Stop the Violence Movement, c/o Jive Records, 1348 Lexington Avenue, New York 10128.

## A BRIGHT FUTURE

## MICHAEL BRIGHT RESIGNS

WFNX-Lynn/Boston Program Director Michael Bright announced his resignation on Tuesday, January 3. "My wife Jean and I had a baby girl on the day after Christmas," Bright said. "We want to raise Julia Rose in a family atmosphere, so we're moving back home to Kentucky where we have 10 brothers and sisters between us."

Bright plans to remain at the station for 4-6 weeks while they look for a replacement. Once he returns to his old Kentucky home,

Jean will return to work while Michael raises baby Julia.

Before spending five years at WFNX Bright worked as air personality on WCOZ (now WZOU)-Boston and WLLZ-Detroit. In parting he said, "It's particularly nice to be leaving with another Gavin nomination and also with an up book and the best 18-34 numbers we've ever had at 'FNX."

See you in the park, Michael.

# INSIDE TOP 40 by Dave Sholin

Plenty of activity on the music front as programmers waste no time in preparing an offense to rival the Superbowl bound 49ers and Bengals. Most playlists are getting major overhauls, indicative of the unusually long list of MOST ADDED tunes. There aren't too many weeks with five records scoring over one hundred adds. Last week's mention of ROXETTE'S "The Look," which is busting out of Minneapolis, prompted a number of calls and it's safe to say you'll find it on your desk in the near future once a label deal in the U.S. is finalized. Guy Zapoleon and Bob Case add it at KZZP Phoenix and KDWB jumps it 29-21 with WKTI debuting it at #15. Another interesting story is developing in the Midwest at Z95 Chicago. PD Brian Kelly adds a new version of the 1967 JIMI HENDRIX classic "Purple Haze." This one's by HUGH MARSH on the Soundwings/Duke Street label and features ROBERT PALMER as guest vocalist. After one week, Brian reports that it's top twenty in requests and is pulling the best response of any Palmer record since "Addicted To Love." The last 40-50 seconds of the song are a bit strange instrumentally so Brian fades it early.

A powerful chart surge for TIFFANY elevates her from a 49% HIT FACTOR last week to 72% this week. Takes top twenty honors in Tri Cities, WA at OK95 22-15 and KZZK 23-20 as well as BAM99 Montgomery 24-20, WGGZ Baton Rouge 21-17, WUVA Charlottesville 24-12, WBEC Pittsfield 22-16, WWHB Hampton Bays 25-18, WHSB Alpena 24-15, WKLQ Grand Rapids 22-18, KQAA Aberdeen 25-20, KROC Rochester 26-17, WXXQ Freeport 24-16 and KKXX Bakersfield 24-18.

All signs point to another top ten track for RICK ASTLEY who already ranks fourth in overall airplay totals. Top thirty debuts include FM104, Q96, KZZT, KMOK, Y108,

KWXX, KJCK, WIFC, KSTN, WKPE, Y106, WOVV, WYKS, Q104, WQID, WLBC, WNKO, KGLI, KPHR, KRIT and POWER 104.

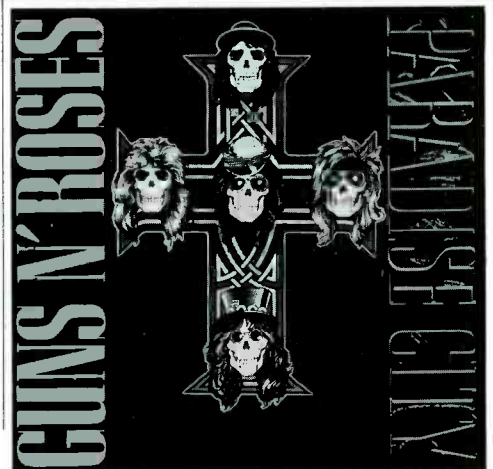

Mike Justin at WBNQ Bloomington, IL jumps EDIE BRICKELL 35-25 and says it's number four in requests and is "doing well in all dayparts and with all demos." That story is being repeated at KIIK Davenport, IA where John Ivey moves it 34-21 and reports it as the number one phone item with adults 25 plus. Other gains include WJET 31-22, WROQ 14-8, WTIC 30-25, WAGQ 25-11, KFMW 28-16, WSPT 19-10, POWER 104 19-10, KZFN 20-11, KOZE 1-1, etc.

ANN WILSON & ROBIN ZANDER score the first major movie soundtrack smash of 1989 with their duet from Tequila Sunrise. Greg Husak, MD at KDOG Mankato, MN, gives it a 36-23 move. He says he's getting a lot of phone action and interest fueled by the film. WIQQ Greenville, MS takes it 38-21 and Pat O'Bryan reports "monster adult phones." 41 adds including EAGLE 106 Philadelphia, PRO/FM Providence, WQUT Johnson City, KZ103 Tupelo, 99KG Salina, K100 Chico, WQLK Richmond and WSTW Wilmington. Excellent growth over the past several weeks on ROD STEWART who gains in HIT FACTOR 9% to 22%. Debuts at #27 on B97 New Orleans and #28 at POWER 104 Houston. Top Twenty listings at KEWB, KAKS, KPXI, OK95, KSLY, WAAL, K104, WPST, POWER99, WJAT, WYZB, KBAU, WKOR, WYNU, WZIX, KCPI, KFMW, KKRQ, KPHR, WLLI, KIXK, KNEN, etc.

Make way for MIKE + THE MECHANICS who are coming on fast and appear certain to turn this second effort from their latest album into a big winner. Tony Dee at KSIQ notes upper demo phones went crazy after just three days of play. Lori Scott at KWTX Waco, TX also reports tremendous early reaction taking it 40-24. Debuts include KDWB #27, KKRC #26, WIFC #28, WMMS #25, Q102 #28, WMJQ #22, KBQ #27, KDOG #30 ("number one phones") KIIS #26 and KEGL #15.

14 adds for MARTIKA including KGOT Anchorage, KAKS Amarillo, WQID Biloxi and KPHR Rapid City. Jamie Hyatt, PD at KDON Monterey/Salinas, moves it 15-9 and reports that it's one of his top callout records and is tearing up the phones. Also Top Ten at K100 Chico where it goes 15-9.

The success that 93Q's Bill Richards had with KON KAN isn't limited to Houston based on this week's stats. Hot in Denver at both KS104 12-6 and Y108 21-13. Added at Y100 Miami, Q107 and WAVA Washington, D.C., KEZY Anaheim, KISX, CKXY, etc.

Early believers who've been playing the new GUNS N' ROSES since before the holidays are reporting hot chart activity. Top Ten at KGGG Rapid City and KXXR Kansas City. Steve Ocean at Y106 says it's number one overall in requests and number two with callers 25 plus and leans female!

While "My Prerogative" heads downward, BOBBY BROWN wastes little time getting his next track, "Roni," in line to replace it. Besides a 26% HIT FACTOR last week's RECORD TO WATCH takes some huge gains at B95 27-14, Z100 Portland 34-16, FM102 33-20, KWSS 26-20, WHYT 18-14, WFMF 25-14 and KSTN 11-1. New on Y97, Z100 New York, KZOU, WDBR, KDWB, Y100, etc.

Stanton Jay at WHFX Waycross, GA was in Germany when MILLI VANILLI went to number one there. He's been playing it since his return in October and this week gives it a 19-10 gain. Also top thirty at KMGX, KSJQ97, KWXX, KZZP, KOY, KITY, KDVV, WNCI and Y108. Number seven at KMEL San Francisco.

MARC ALMOND boasts a HIT FACTOR of 8% with most activity on the West Coast. Charted at KATD, KWSS, POWER 106, KKXX, FM102, KDON and KMEL. KKFR Phoenix shows a 13-12 gain with adds at WSBG, 106RTB, KPXI, KIXS, KJEZ, WAIL, WVMX, WBEC, KKMG, KELY, KEZY and KPSI.

## INSIDE A/C

by Ron Fell & Diane Rufer

With more than 90% of their A/C airplay in HEAVY rotation, FLEETWOOD MAC increases its dominance in the format.

Despite being ranked the same as last week, the LENNOX/GREEN and BASIA both had excellent weeks. They could top the chart in upcoming weeks.

Recording veteran GLENN FREY overtakes his freshman labelmates THE BOYS CLUB with an eight station lead in total reports and a four station advantage in total HEAVY and MEDIUM play.

Only one record took as large as a seven point chart jump in the top half of the chart. TAYLOR DAYNE leaps from 66% to 82% in HIT FACTOR with 29 new HEAVY rotation reports and 11 adds from the likes of WJON, 3WM, KKJO, WTUN and KFYE etc.

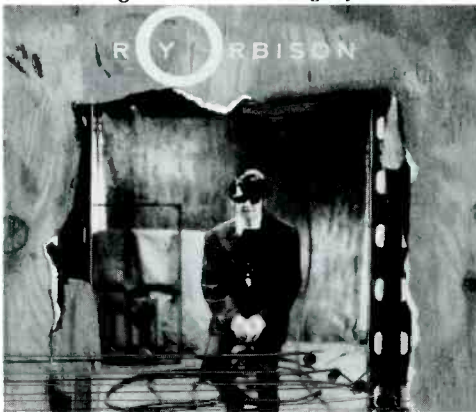

FAIRGROUND ATTRACTION is no longer a novelty. Since the holidays it's a certified A/C winner with an 85% HIT FACTOR and a 31 to 14 mover. Newly attracted to the record are WJMQ, WAZU, WEVA, KTHO etc.

BJ & DUSTY are rippin' up the chart, going 40 to 16 since the holiday siesta. HIT FACTOR is now 70% and among the new 23 A/C's are WTIC, KFYZ, WLMX, WMYX, WLKX/FM and WGOL.

Our highest chart debut is NEIL DIAMOND's "This Time" which already has tallied 123 adds since Christmas. New this time for KHLT, WHTX, KFOR, KLSS, WEBC, WOOD and WTUN. NEIL also wins PLUS FACTOR with a mighty 46% increase in HIT FACTOR.

MIKE + THE MECHANICS' new single "The Living Years" was our second MOST ADDED record with 58 new stations. In any other week that would probably have been enough to win the category. But no...

This week's MOST ADDED is ROY ORBISON's "You Got It", with 101 first week adds. That makes it the fifth MOST ADDED record in Gavin A/C history (21 years). Number one was USA FOR AFRICA, number two MICHAEL JACKSON's "I Can't Stop Lovin' You," number three was LIONEL RICHIE's "Say You, Say Me" and number four was STEVIE WONDER's "Part Time Lover." "Stuck With You" by HUEY LEWIS & THE NEWS is the only other A/C record in history to have 100 or more adds in one week, scoring an exact 100.

Lost in the shuffle are some damn good records like DEBBIE GIBSON's "Lost In Your Eyes" which pulled in a mere 50 adds out-of-the-box.

Our RECORD TO WATCH last week, EDIE BRICKELL & THE NEW BOHEMIANS gathered 26 new adds this week with WLAM, WLLH, WFEB, WSKY, WHIZ, WKMI, KBMG, KKRK, KMCQ and KVVN/FM to name a few. "What I Am" is in HEAVY rotation at WOHS, KBUN, KRXL.

## REVIEWS

### SCRITTI POLITTI

*Oh Patti* (Warner Bros.)

Loaded with warm tones and plucky rhythms, this Scritti song could be an instant adult hit. Check out the tempered trumpet of Miles Davis on the back half. Wonderful!!

### RANDY NEWMAN

*Falling In Love* (Reprise)

This is one of the more lyrically confusing Newman songs from "Land Of Dreams." It's so gosh darn simple you'd think there is something facetious in its message. But heck, it reads like a song about someone in love. Where's the beef, Randy?

### CROSBY, STILLS, NASH & YOUNG

*Got It Made* (Atlantic)

A Stephen Stills contribution to the reunion album of 1988 is by group harmonies and a sweet Neil Young guitar solo or two. If you lived through the '70s you'll recognize the harmonies.

### MIDGE URE

*Dear God* (Chrysalis)

A powerful, thoughtful song with adult appeal. Midge Ure is somewhat of a stranger to A/C radio in his former life as the lead singer in Ultravox, but "Dear God" begs a special admittance worthy of a serious audition.

### GIPSY KINGS

*Bamboleo* (Elektra)

This is a party record and the group is a band of real gypsies. Neither of the above is reason to play it. Reason number one is the song itself. It's melodic, exotic and danceable - - even if no one knows what they're singin' about.

SURVIVOR's "Across The Miles" is our RECORD TO WATCH this week. They debut in UP & COMING this week with WEBE/FM, WHAI, WKYE, WMT/FM, WTRX, KATA, KYJC among the 18 new adds. This is a ballad about how distance makes the heart grow fonder. Give a listen.

## NEW RELEASES by Lisa Smith & Cyndi Hoelzle

### BUCK OWENS - A-11 (Capitol)

The second single from Buck's comeback album, *Hot Dog*, takes him back to the sound that made him famous, and influenced so many of today's young artists. This Hank Cochran song was a minor hit for Johnny Paycheck in 1965, and Owens' gives it the full treatment.

### LACY J. DALTON - *The Heart* (Universal)

Lacy J's choice of this Kris Kristofferson song seems inspired -- her strong, confident delivery fits the lyrics perfectly. The single is Universal's first release, and it comes from her upcoming *Survivor* album.

### THE LONESOME STRANGERS - *Goodbye Lonesome, Hello Baby Doll* (HighTone)

The Strangers have been kicking around L.A. for a number of years, waiting for the Big Time. We're hoping it has arrived in the form of a new single and album on HighTone. The band is tight, and this single is more fun than we are usually allowed. Give it a listen and you'll be a believer too.

### ROY ORBISON - *You Got It* (Virgin)

A classic cut by one of the true legends of the music industry. While it's not exactly traditional Country, a big percentage of today's core Country audience grew up listening to Orbison, and the sound should fit in well with the current varied Country playlist. WXTU-Philadelphia and KSN-San Francisco have both jumped on it out-of-the-box and think you should give it a listen. We wholeheartedly agree.

JAZZ PROFILE

JACK KOLKMEYER OF KLSK- THE ADULT ALTERNATIVE OF BEAUTIFUL SANTA FE

by Kent Zimmerman

The Southwestern United States has captured the hearts of the rest of the country. Its cuisine, jewelry and Indian arts are but only a few reasons to visit New Mexico. Santa Fe is an entire city hidden in foothills peppered with adobe structures. If your radio is tuned to the right frequency, you are introduced to KLSK, a truly eclectic adult radio station that reflects the beautiful market in which it is nestled.

KZ: How about an overview of your experience in radio? I understand your being a musician steered you into radio.

JACK KOLKMEYER: Basically I've always had two lives. One involves the entertainment business. My family has been involved in the entertainment business since 1945. My brother is still in the movie business just like my father was. I've been in and out of the business as a performer. I started at age seven as a dancer. Song and dance is still important—I still have a band here in Santa Fe. Professionally, I've been a city planner. I have a Masters Degree in City Planning and I served in the Peace Corps during the late sixties and early seventies. I came to Santa Fe originally to work for the City Planning department and to be an actor and musician in my off hours. KLSK was started in January of 1984. As soon as I heard this station go on the air I said to myself, "That's for me!" I quit my city planning job and joined the station that February.

KZ: Who exactly started the station?

JK: Bill Sims. He's been in radio for a number of years. He and his partner, Gary Boal, decided it was time to do something interesting and different in radio. The basic concept at the start was a couple of things. One was to play music that crossed formats—a variety station, if you will. They chose classical, jazz and what we called from the very beginning, our eclectic category. At first classical music was heavily featured.

KZ: Yet it sounds like modern Adult music has taken a dominant stance in the sound of your station.

JK: It has. Primarily because, in our market, there's another classical music station. Still, we wanted to stress variety. From '84 until now, as you know, there's been an enormous amount of music released!

KZ: Let's talk about the market. It's beautiful and unique. On one hand, you have Santa Fe which is a very cultural environment. On the other hand, you have Albuquerque, which is much more a typical urban center. How does the station relate to such a personality split?

JK: We are a 100,000 watt commercial station. We also reach Taos and Los Alamos, so there are other communities as well, but we feel our strong listenership is in Santa Fe and Albuquerque. When you consider the ethnic diversity—Hispanic, Native American, Irish, German, Jewish, and more—historically, the ethnic blending is one of the most unique outside of big urban environments. Plus there is a great deal of emphasis here on the arts and on culture in general. I'm referring to Santa Fe more than Albuquerque. Look at San Francisco and Oakland, for example. There is a great deal of difference between those two communities. Anyway, our diversity sets us up to be both cultural and contemporary.

KZ: How do you measure KLSK's success in the marketplace? Usually it's done by the rating services. Is that the case with KLSK?

JK: We monitor ourselves a number of ways. Being a commercial radio station, of course sales is important. We are frequently sold out as of Wednesday. We go through large portions of our week sold out. If we follow the national ratings syndrome, possibly one national ad would take the place of three that we go out and sell. Yet we feel the local and regional base has to do with supporting the local business of our communities. If we're selling lots of advertising and we have a lot of good folks doing business through our radio station, that's success. Doing that by playing unusual and engaging music is success. If we get phone calls from listeners saying they like our music, then we feel that our variety is successful. We try to keep good sales and good feedback on the music in balance. It hasn't always been that way.

KZ: Can we clarify KLSK's role in radio as a pioneer? You were one of the first to pioneer an alternative to adults.

JK: It's hard to pinpoint just who did what first, particularly in this business. Where did this new format come from? Most people heard about it two years ago through The Wave and John Sebastian's efforts at WBMW. But I believe that was from 1986 on. There are a lot of syndicated programs that go way back, shows like Musical Starstreams. But to do it twenty-four hours a day on a commercial, 100,000 watt station, we started in 1984 with a market of over half a million people. The format hasn't changed. It has evolved and been refined. Taking a chance on unknown adult music is something we pioneered. That's how we get attention inside the music industry. I mention Ladysmith Black Mambazo. There's also Julia Fordham.

We stay ahead on artists like that. We play Sandy Bull or Steve Kilbey's solo album. I see adds on those two artists in Gavin, but it's been slow. As far back as 1984 we described ourselves as "eclectic." We got enormous negative feedback about that word. People didn't know what it meant and felt it was pretentious. We dropped it. Now we call ourselves KLSK/FM104 and we don't generally classify music using terms like Jazz, except on our Friday night program All That Jazz. We never use terms like reggae, folk, New Age—

KZ: Why not?

JK: Why? Why not just announce the name of the artist and let the people hear the music for themselves? If I say reggae, listeners and people in radio are put off. That may mean weird hair and dope-smoking to some people. Why call it anything? Same thing with Jazz. There's argument about "Mainstream" and "Contemporary" Jazz. We don't use any of those terms. If we eliminate the terms, we're better off. Still, we feel pressure to define ourselves. We started using the word Adult Alternative. I, tongue-in-cheek, refer to what we're doing as Eclectic Adult Radio—EAR. The thing that bothers me is all the attention on personalities out there in the radio business. Things are credited as "so-and-so's brainchild." Who gives a damn? Why don't we all get together and discuss what this is and figure it out. I feel that this format that we've developed could certainly work anywhere.

KZ: Describe KLSK's format.

JK: It consists of three sets per hour. It consists of 50% Jazz, 25% new technology music, 20% international and folk—labels like Flying Fish deserve airplay—and African, with the remaining 5% classical music. We'll take three of those categories and play them every hour with classical being played every other hour. We can then experiment by taking artist like King Sunny Ade from Nigeria and segueing him into someone like Patrick O'Hearn. And it works! The beauty is that we do it without computers. We work from left to right with about one hundred records and our air staff makes it work.

KZ: How do you retain an edge without being perceived as too laid-back?

JK: Two aspects. You get good people on the air. This wouldn't work without live announcers. We don't call our people DJ's or announcers. We call them music programmers. That's very important. They are trained as performing artists. Importance is placed on dynamics, mix and presence—words used in the other performing arts. Number two is unusual music. Sixty percent of what we play is on independent labels. I have to beat the bushes. But there really has to be support in the trade and industry publications. Hats off to Gavin and other industry publications for support—for taking it on in an unusual way. But we all have to work together. We've been ignored by the industry press for what we've created.

## LOU REED

NEW YORK - LOU REED  
(SIRE/WARNER BROS.)

"You see, my demos have always sounded better than my records," admitted **Lou Reed** prior to discussing **New York**. This time Lou has captured the stark vitality of his seed demos onto the final tapes. **New York** features Reed's usual gruff exterior. After all he is a New Yorker and **New York** represents the future image of most of America's urban centers. And he pulls no punches describing his angst and disgust. But the more you listen the more you hear the humanity becoming more evident when the man contemplatively discusses his work. "Dirty Blvd." comes from a consciousness that was raised while doing benefit work for the New York City homeless. Songs like "Endless Cycle" and "Last Great American Whale" are updated versions of Woody Guthrie's talking blues style. "There Is No Time" is a hard rock warning. "Dime Store Mystery" is a deep look at the mystery of death, both in its senseless and inevitable states. This is Lou Reed's finest album, perhaps, since his last airplay success, **New Sensations**. Yet due to it's timely subject matter it is ultimately more important. Next week Lou gets to tell his side of the story in a special **Gavin** interview that reveals a far different persona than we see and perceive from his controlled image.

## Violent Femmes

3 - VIOLENT FEMMES  
(SLASH/WARNER BROS.)

After dealing with group tensions and solo projects, the three ingredients of Milwaukee's **Violent Femmes** have laid down their arms and reunited. **3** features a dozen songs written by **Gordon Gano**. On standouts like "World We're Living In" and "Nightmares," Gano balances the simplicity of his song structure and the instrumental line-up (the Femmes still deal with one guitar, one snare, bass and a few stray horn arrangements) with the complexity of his lyrics. Images of psychological ghosts and theology keep things torn and frayed, always a Femmes specialty.

NEW RELEASE Working On It CHRIS REA

"WORKING ON IT" - CHRIS REA (Geffen)  
Chris' work isn't necessarily new news around here. In fact, his **Dancing With Strangers** LP was picked as one of the ten best efforts of 1987 in our year end derby. Unfortunately that recording went out-of-print shortly after its release. (If you happen on a copy, snap it up.)

**Chris Rea** now has a new label, a new lease and a plan of attack. "Working On It" hints that they'll be more great music to come. Bring it on.

"I'LL BE YOU" - THE REPLACEMENTS  
(SIRE/REPRISE)

Shoo-in Alternative champions **The Replacements** take another ten swipes gaining undeniable attention on the Album Radio level. champions. The band has an uncanny tendency to walk the line between what Alternative listeners naturally appreciate and what Album Radio stringently requires. "Lonely/I guess that's where I'm from/I was from Canada" is the **Gavin** Line Of The Week. I also dig those cat scratch guitar chords on those left channel verses.

"SING" - MICKEY THOMAS (COLUMBIA)

On the **Cocktail** Soundtrack, **Mickey Thomas'** voice was last in line when it came to doling out the track support. On the upcoming **Sing** soundtrack, it's first. Actually it makes sense when you consider that his (seemingly) effortless vocal has more in common with a Sing concept than it does with mixing drinks.

"IF A TREE FALLS" - BRUCE COCKBURN  
(GOLD CASTLE)

This is more than a piece of pop ecology. **Bruce Cockburn** has always had a way of putting important issues squarely into the consciousness of his listeners. I'll bet "If A Tree Falls" does to the rain forest issue what "If I Had A Rocket Launcher" did for the Guatemalan government's public relations image. That is, Cockburn shines a light on an emergency situation. Do you want to die for America's corporate hamburger ranches at the expense of the earth's ozone layer?

## EASTERHOUSE

COME OUT FIGHTING

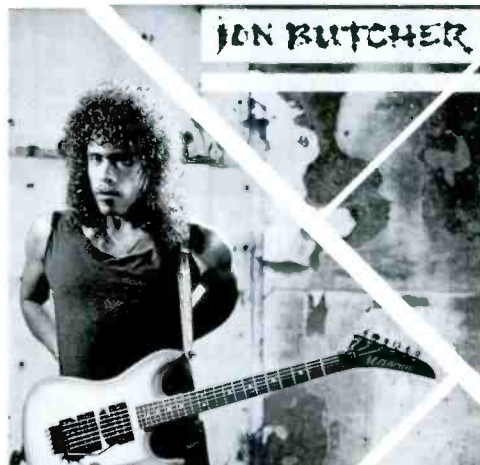

"COME OUT FIGHTING" - EASTERHOUSE  
(COLUMBIA)

**Easterhouse's** new single, "Come Out Fighting" shows the band turning a surprising corner. If you found their first album a little heavy (including sympathetic references to the IRA) and on the dark (but beautiful) side, expect a change. The upcoming album sounds like it will be one of the year's best. "Come Out Fighting" is the logical introduction that could hook listeners to **Easterhouse's** intelligent upcoming sophomore release.

"HALF THE TRUTH" -

ROYAL COURT OF CHINA (A&M)

Still an odd name for a band of Nashville cats, but probably a lot closer to what this band is all about in the flesh. This new LP, titled **Geared & Primed**, should provide the necessary ammo the band needs to lay an Alternative and Album airplay base. This single is a strong start.

"SEND ME SOMEBODY" - JON BUTCHER  
(CAPITOL)

**Jon Butcher** continues to mix his metaphors and eras as he bemoans city life with a longing for medieval times. Jon artfully mixes subways with Kings, Queens, courts and jesters. The guitar work crosses a few time lines, swerving from a sixties sensibility to an eighties hard rock edge. Still, the overall mood is sensitive with a hooky chorus. **KZ**

**OPENING THE  
 DOORS OF  
 HEAVEN WITH  
 MUSIC**

By Robert Barone

*Ofra Haza was born in Israel. Her parents, along with other Yemenites, came to Israel in an attempt to save what is considered to be one of the richest Jewish cultures in existence. Ofra Haza joined the district community theatre of Hatikva at the age of 13, and released her first album when she was 18. The group placed first in several song festival contests, and Ofra has been voted "best female singer" by Israel's major media on many occasions. She is a three-time Israeli Grammy Award winner, with 16 gold and platinum albums to her credit.*

*The Yemenites are noted for their multi-textured musical expression, and Ofra Haza is preserving this music in her own exotic way. Ofra and I spent a Sunday morning discussing her background, her music, and the recent samplings of her song "Im Nin' Alu."*

**ROBERT BARONE:** Where were you born and raised?

**OFRA HAZA:** I was born in Israel, but my parents came to Israel from Yemen in 1930.

**RB:** Were they a part of an airlift from Yemen?

**OH:** They came by foot all the way from Israel. It took them two years—it was rough.

**RB:** That's an understatement. Do you come from a large family?

**OH:** Yes, seven sisters and two brothers, I'm the youngest.

**RB:** I imagine there was a lot of music in your household when you were growing up.

**ALTERNATIVE PROFILE**

**OH:** Yes, in Yemen my mother sang at traditional weddings and parties. When they came to Israel she had to raise nine children, so she stayed at home and sang for us. Every night after dinner we sat in the salon, singing and dancing—we were a very happy family. Music was always around me.

**RB:** When did you realize singing was going to be your life's work?

**OH:** I was born in a poor neighborhood in Tel Aviv and started singing when I was 12 years old. My present producer did big theatre—workshop theatre, political theatre, protest theatre—about the problems that we had in the neighborhood and in Israel. I was in several productions and albums, and when I was sixteen years old one of my songs was Number One in the charts so people knew of me. I was a part of this group until I was 18. Everything happened very quickly and I knew that I wanted to be on stage and sing.

**RB:** How did you go about pursuing your career?

**OH:** When I was 18, I was in the Army for two years. After that my producer started to write songs for me as a solo singer and up to now, including Shaday, I have 20 albums!

**RB:** How did you feel about having to serve in the army? Do you look upon it as a growing experience, or something you would have preferred not to have done.

**OH:** It's our duty. In Israel every girl 18 years of age has to serve her country, so for me it was very natural. We were behind, not in front, doing things like computer and secretarial work.

**RB:** You have 20 albums out and have been in two films. Are we in the United States ever going to see those films or hear any of those other records?

**OH:** The films are very old—I did them ten years ago and they're typical Israeli films with typical Israeli humor. I don't know if the American public would understand them. Lately I've had some offers to do films here, and two of them are very serious. One is an American production and the other British and French. The scripts are very interesting. They are not musicals—they're acting parts, so maybe people will see me here.

**RB:** What about the music of Ofra Haza? You are making music that is over 400 years old popular.

**OH:** In 1984 we did some Yemenite songs as a present for our parents to help keep our culture for the future. I didn't know that this music would be here. This latest album was recorded in different ways. I sang all the songs with just a percussionist—no other instruments. We then took them home to listen to and my manager's children said to him, "you know, Pa, that's a good rhythm. Why don't you do it for us?" That gave us the idea to do a disco version of *Im Nin' Alu* and *Galbi*. I realized later that this was a good opportunity to bring this music to younger people who don't listen to traditional music.

Through the discotheques they will know about this culture and the Yemenite songs—this was important to me.

**RB:** In traditional music you use traditional instruments. What are they?

**OH:** Yemen was a very primitive country, and the people didn't have pianos or guitars. They began by clapping their hands and later, when they found oil, they put the silver tins on their shoulders and played them with their hands. These were the only instruments they had, and this is the basis of Yemenite rhythm. When we did the songs I didn't want to use just the tins because they would be too noisy. We decided to use classical instruments from the west: violins, cellos, and flutes, along with the Yemenite tins.

**RB:** How do you feel about other groups, such as M/A/R/R/S, and Eric B and Rakim sampling your music?

**OH:** It was a big shock. On one hand it was a compliment—people took my song, something that belonged to my roots, my soul, my heart, and put it to rap music. On the other hand, I was a little embarrassed that they didn't mention my name. They didn't say anything about the Yemenite album even though some of it is a part of history. It's something that's more important to me than a gimmick. But when I performed in London this year two very nice guys came up to me and said, "Hello we are the Cold Cut. We sampled your voice to Eric B." They apologized and they said "We chose your voice because it's beautiful and the song is excellent." And they said "Maybe in the future we can work together." To tell you the truth, it gave a big push to my song. People were curious to know who was the voice. So I felt good after talking with them.

**RB:** Do you think that you'll be able to maintain the integrity of the traditional Yemenite song without watering it down or losing sight of its roots?

**OH:** I don't think I'm losing anything. You have to understand that this music is more than 400 years old and it's survived the Yemenite desert. As you know, in the desert nothing remains if it hasn't got strength from another world. And, I'm the only one that is bringing this music to the world. So it is so important to my parents, my forefathers, to all the Jewish Yemenite people in Israel. I don't see that I'm losing anything even if I'm singing in English, because I'm not an American singer. I'm just singing in English because I want people to understand the message and the meaning.

**RB:** Any feelings about America's conception of Israel?

**OH:** Yes! I'm an Israeli girl—I'm very proud of my country. We have a lovely country and people don't know it. I travel a lot and I see television and hear radio. A lot of the time they do not say good things about Israel, and I want people to know that on the album Shaday there's a song called *Isham*. In this

# INSIDE ALBUM

by Kent Zimmerman

## THE INs AND OUTs OF ROCK N ROLL RADIO

by Kent Zimmerman

At the risk of trivializing some important points, here is a take-off on the New York fashion mag W's "In" and "Out" list of 1988-1989. Maybe I could have been more bold on the "In" list and more cruel on the "Out" list, but rest assured, I've done my best to be informative rather than bitchy.

### IN IN IN

**GOD.** God is making a big comeback in music. Not only does an active liturgical music scene exist outside the confines of airplay (but inside the confines of some large coliseums and arenas), but many hip and mainstream artists are operating their music on secular and spiritual levels. In the name of religious freedom, I won't name names.

**CLASSIC ROCK.** Like it or not, Classic Rock hasn't and won't go away even though the Who and Jethro Tull catalogues have just shipped toast.

**THE EARTH.** I agree with Time Magazine. A good choice for Man Of The Year is Mr. Earth. He's put up with quite a lot. Consult your Bruce Cockburn single for details.

### MUSIC WITH CONSCIOUSNESS.

With the deluge of party music on Top Forty, Album and Alternative artists will be positioning themselves beautifully if they record music with brains. Look for future outrage over the plague of homelessness.

**FEMALE ARTISTS.** The surge of '88 was no fluke. I think we're breeding a whole crop of radio representatives who create image and intelligence based on imagination rather than merely spandex and leather. There's now room for both.

**RAP.** Rap hasn't died yet. Acts like Run DMC are only replaced by more intensified rappers who have the ear of the young and the restless.

**JAZZ.** Every other decade critics mourn the death of Jazz. But with young musicians discovering both the traditions of Jazz and a new bold spirit of improvisation, the future is looking very bright. Plus we're REALLY talking adult demographics. Pass the shades.

**THE DEVIL.** We put God at the top with the Devil farther below. As television scrapes farther and farther down, shows like Geraldo Rivera's Satanic Special will continue to attack music and descend on the general public's low titillation factor.

**HEAVY METAL.** Like rap, rock must speak to the young. The power of a music delivered to an age group by their direct peers can't be underestimated. Plus, consider the vast spectrum of hard rock. Then move the hell over.

**TABLOID TV.** Frequently called Trash TV, it certainly drew attention away from

Blue Radio, giving the FCC a new headache to suffer. Starting out in the form of talk shows, Tabloid TV has spread to direct video versions of supermarket scandal sheets and USA Today.

**LONG HAIR.** After almost a decade of white walls and butch wax, I can say it's nice to recall an era when Gold American Express cards weren't all the on-campus rage. Still, it's only a fashion, isn't it? CDs. Even though we're on the brink of a retail glut as far as CD catalogue material goes, it's great to be a consumer again. Now bring on DAT, will ya?

**SOBRIETY.** The music and radio business grows up. Amid all the pressure and limited job security, we're learning a better way of dealing with stress. As Starman said in John Carpenter's movie of the same name, "You humans are at your best when times get tough."

### OUT OUT OUT

**DAVID LETTERMAN.** Finally the hipness has eclipsed. Aren't the bands' opening gyrations a little too much to take?

**EVANGELISTS.** The fall of Jim and Tammy was both refreshing and humorous reading. Now that Jimmy Swaggart has been dethroned, who will Bruce Springsteen cop his 'tween song rap licks from?

**SOUNDTRACKS.** After we've heard the record and seen the movie, it's hard to decide what's worse, background outtake music or foolish foreground visuals.

**THE CELTICS AND THE LAKERS.** As the Celtics grow old (without ole Larry) and as the Lakers lose on the road, I say it's "showtime" in Cleveland. Go Cavs. Warning: Two years and it's the Golden State Warriors.

**VINYL.** Major labels estimate that the vinyl part of their business is as low as 10%. With the influx of more CD pressing plants, the manufacturing costs have fallen. Once that gets passed on to the consumer, we'll see another rush of CD player sales just like we did with video machines, whose sales also came in multiple waves.

**ROOTS MUSIC.** Not that good ole American blues rock is over. It's just that it's been absorbed into the mainstream and no longer warrants a special segregated category.

**DRUM MACHINES.** Though you can't stop technology, blatant drum programs are something we can always smell a mile away. Only the more clever ones will get by this year.

**DRUGS.** It's no longer vogue to lose your family and possessions to a guy who dresses like Sonny Crockett and pays less taxes than Chevron Oil.

**MIAMI VICE.** Speaking of Sonny Crockett, aren't these guys looking more ridiculous by the week? Having your record played on the show uncredited no longer means anything, either.

**PROMISCUITY.** Here's a bitter pill for both music and movies to swallow. Movies can show condoms and bare restraint, but what can and should music do short of censorship and fascism? Stay well. Yer pal, KZ

song I turn to my neighbor, and the neighbor is the Arab who lives in Israel or neighboring lands. I ask to dance and not fight—to forget the heartaches and let our music talk. It's important that people know the desire of the Israeli people for peace.

**RB:** You're getting your message, your political message across in your music. Do you think some people are at a loss when they don't understand what you are saying?

**OH:** No I've had a lot of people tell me that the Yemenite album is a very sad album even without them understanding any of the words. That made me very happy. They said they feel it from my music, my sound, my voice, the magic of the songs and the emotions of the music.

**RB:** So maybe there is some truth to the saying that music is the universal language. **OH:** Absolutely! It's an international language.

**RB:** Does being an Orthodox Jew inhibit you from performing in clubs?

**OH:** I'm religious, but I'm not a fanatic. I do not perform in clubs, just halls, and I do not perform on Friday nights. But once again, I'm not a fanatic about it and if something important came up I would consider performing on a Friday, but so far I haven't.

**RB:** What about the future? What are your plans?

**OH:** The future?! Nobody can know, but soon I will be back in the studio to record a new album. In March or April I will start touring the U.K., Germany, and Europe. Then we will come to America.

**RB:** Anything else?

**OH:** I'd like to say hello to the people, and please come to visit us in Israel.

NEW RELEASES

The top three remain in a deep freeze, but a **HOT Lou Reed** intends to change the complacency that appears to have set in. **Lou Reed** is big news for **Jamey Karr-KACV** ("Good rush at the stores for it"), **Kakie Urch-WRFL**, **Pete Jone-KYOS** ("Appeals to a wide demographic"), **Rich Robinson-WHTG**, **Jeanne Atwood-WDST**, **Scott Carter-KCPR** and **Mark Miller-KABL** ("Exploded! People are rabid over it"). **Front 242** continue their assault on the chart breaking into the Top Ten. Surprisingly, one of the most talked about records is the new release from **Half Japanese**, which is causing quite a commotion for **Jason Cohen-WNUR**, **Chris Crowley-WUSB**, **Arnold Javier-KDVS**, **Gil Creel-WTUL** and **Dave Gottlieb-KFJC**. Our Most Added **Violent Femmes** is certain to make a major debut next week. **WUSM** in North Dartmouth, MA was voted by a local newspaper (New Bedford's "Standard Times") readers as the #1 radio station in the community for the second year in a row! The station will be changing call letters to **WSMU** on Jan. 15th. **KACV** in Amarillo, TX will be adding a new weekly Alternative Country music show in February. It's a fantastic idea, and if we can only get more of THAT Alternative music mixed into everybodys' playlists then we can truly be Alternative.

Less than five weeks away until the 1989 Gavin Seminar For Media Professionals! Confirmed Alternative radio attendees already include **Scott Carter-KCPR**, **Marcia Woytaszek-WSMU**, **Brett Greene-KUNV**, **Bob Weyersberg-WUNH**, **Gil Creel-WTUL**, **Jamey Karr-KACV**, **Ann Delisi-WDET**, **Marc Hill-WRVU**, **Oz-91X**, **Oedipus-WBCN**, **Kim Saade-WRAS**, **Bill Gruber-WAPS**, **Lin Brehmer** and **Norm Winer-WXRT**, **Patrick Ferrise-WWVU**, **Linda Ryan** and **Tim Zeigler-KUSF**, **Mike Summers-KJQN**, **Bill Evans-KTAO**, **Maggie McCabe-KCMU** **Jon Pernick-WFIT**, **Robbie Fung-KFSR**, **Gary Downs-KUCI**. Many others are very close to confirming. Don't forget pre-registration deadline is Jan. 31st and that additional Cocktail Party and Dinner Banquet tickets will NOT be sold separately. You must register for the entire convention to attend these events. Remember the Alternative format conclave on Thursday Feb. 16th at 5:30 PM. Labels that have artists they want to bring to the Cocktail Party must let **Sheila Rene** know in advance, and they must be escorted into the party by a registered seminar attendee.

## Heart For My Heart - JERRY SHELFER (Allied)

This EP represents a distilled collection of some of the freshest and most exciting songs I've heard in many months from an artist that few have, up to now, heard of. The songs rock and roll in just the right places, drawing from Jerry's diverse tastes in cajun rooted country and blues Americana. The title track is built around a canter-paced rhythm section backed by Jerry's soulful vocals, while "Baby You" is a near ballad that shows his tender side. "Cry" has a mystical and voodooish aura that makes it sound like it could have been recorded in New Orleans and "That's The Way Love Should Be" is a swinging number that rocks. Call Mark Plummer (415) 661-8780.

## The End of The Day - THE REIVERS (DB/Capitol)

Like many of their peers, the Reivers have traded in their more aggressive sound for a warmer tone that is heated by the vocal interplay between John Croslin and Kim Longacre. "End of the Day," "It's About Time" and "Your Secrets Are Not Safe" are compact and down to earth, while "Almost Home" has a honky-tonk element that includes a violin part. My favorite, "Star Telegram," has a subtle melody and killer hook.

## SINGLES by Dave Sholin

IMAGINE

**TRACIE SPENCER - *Imagine* (Capitol)**  
I'm told that when she performs this in concert it's goosebump time. That feeling comes across on this effort, expressing John Lennon's heartfelt desire for peace with youthful exuberance. Tracie's interpretation gives this song a new perspective.

**ANITA BAKER - *Just Because* (Elektra)**  
Her ranking among the top vocalists of the decade is unquestioned. She puts her trademark touch on every song and this one's no exception.

**VIXEN - *Cryin'* (EMI)**

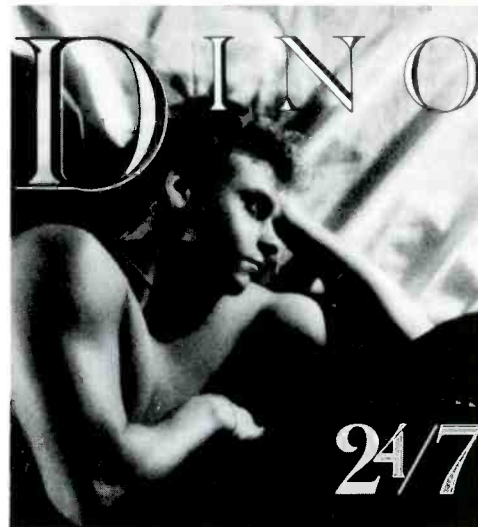

A return appearance from a talented foursome who made one of last year's stronger debuts with "Edge Of A Broken Heart." This second single takes 'em up several notches in my book.

**SA-FIRE - *Thinking Of You* (Mercury/PolyGram)**

Like Dino, here's an artist who's following up a big dance hit with a beautifully constructed ballad. The chorus won me over halfway through it.

**MICKEY THOMAS - *Sing* (Columbia)**

It's fitting that the title tune of a soon-to-be released movie called "Sing" gets sung by a singer who can handle just about any song! Starship's lead vocalist tears it up on this solo outing with a tune composed by Journey's Jonathan Cain, the co-author of "We Built This City," Martin Page and the man who gave us "Footloose," Dean Pitchford.

**DINO - *24/7* (4th & Broadway/Island)**

Well it's winter, so this time around Dino woos those "Summertime" with a romantic ballad that's easy to hear around the clock. Expect widespread appeal for this tremendous melody and production.

## ALBUMS by Ron Fell

**RICK ASTLEY - *Hold Me In Your Arms* (RCA)**

From the top of his baby face to the bottom of his ballsy voice, Rick is a study in pleasant contradictions. He has scored an unbroken string of hit singles without being either outrageous or controversial; despite being from Great Britain, the most trendy, culturally fickle country in the world. Maybe what makes him so special is his common appearance and straight forward pop stance. This, his second album, proves a lot. First, he's no fluke. The material is just as consistent as his freshman collection. Second, by relying on a variety of producers he's proving not to be just

the figment of Stock Aitken & Waterman's hitmaking machine. The first single, SHE WANTS TO DANCE WITH ME, will be a single digit chartmaker in no time at Top 40 and A/C. And I'd expect his remake of AIN'T TOO PROUD TO BEG to someday spin gold at forty five revolutions per minute. It's a contemporary gem of a vintage classic made popular by The Temptations and later by The Rolling Stones. Rick's not gonna save the world with his songs, but his music has in the past and will in the future spread a danceable good cheer to a pop-starved world.
