## XM Rocks The Hall

XM Satellite Radio EVP/Programming **Eric Logan** and a number of XM Country staffers were on hand at a press conference at the Country Music Hall of Fame & Museum Monday night. Among Logan's announcements were the expansion of XM's agreement with the Country Music Hall of Fame & Museum. Noting that XM's studio in the CMHFM were opened before any of XM's other broadcast facilities, Logan told the assembled, "Our space here, like our commitment to Nashville, is growing. We are very pleased to tell you all that this year XM will add two more studios here in the hall."

Logan also said that, according to Arbitron audience measurement studies commissioned by XM, its Highway 16 is "currently the No. 2 Country hits radio station in the U.S. on a cumulative listenership basis." He added, "Highway 16 will be No. 1 this summer. No terrestrial station can touch us. That isn't boasting — it is the new reality."

Logan noted that XM has more than 3.2 million subscribers, representing more than 75% of the satellite radio market. He added, "Analysts project XM will exceed 20 million subscribers by the year 2010. All of these folks are migrating to XM because they are hungry for something that they just aren't getting from AM and FM."

Logan also detailed some of XM's upcoming Country projects, which will spread across XM's seven Country outlets. Among them:

### CRS-36 Commences

Tonight's Country Music DJ Hall of Fame dinner ushers in Country Radio Seminar 36, a wall-to-wall week of schmoozing, music, food, schmoozing, libations, overtaxed expense accounts, industry discourse and, of course, schmoozing. Though a restful night's sleep will be a vague memory for most participants, CRS remains a keystone event, particularly for its role in introducing new music. That endeavor reaches its pinnacle at Friday night's R&R-sponsored New Faces Show. We'll see you there.

One of the seminar's newest developments is the institution of the Spring Town Meeting, which allows local music-industry types to participate in a portion of the CRS experience at a reduced rate. Tickets are still available for the Thursday Town Meeting, which includes the Record Label Heads panel at 2pm, the "WCRS Live!" songwriter panel and performance at 3:30, and the Exhibit Area Networking Hour from 5 to 6, with beverages and snacks included. Register on-site.

In other CRS news, CRB has already announced this year's Radio Promotion Award winners. They are: Small Market: KRKT/Albany, OR and runner up KZPK/Paynesville, MN; Medium Market: KXKC/Lafayette, LA and runner-up WIVK/Knoxville; Large Market: WDSY/Pittsburgh and runner-up KILT/Houston. Awards — and the winning promotions — will be presented at the "900 Ideas in 90 Minutes" panel on Thursday at 10:30am.

### This Week At Callout America

Our weekly analysis of Country callout research is brought to you by Bullseye President **John Hart**. Here's Hart's take on the research that appears in the March 4 R&R:

"Craig Morgan's 'That's What I Love About Sunday' spends its third week as both the No. 1 song overall and the No. 1 passion song in this week's Callout America sample. Josh Gracin moves strong inside the top five with 'Nothin' to Lose,' from No. 4 to the No. 2 spot overall. Blaine Larsen's 'How Do You Get That Lonely' lands inside the top 10 titles for the first time, at No. 9, up from No. 11. Two songs 10 weeks of age or younger are developing inside the top 20: Kenny Chesney's 'Anything But Mine' is eight weeks old and ranks as the No. 14 song, and Trace Adkins' 'Songs About Me' is 10 weeks old and ranks at No. 17."

### Sledge Movin' On Up; Primo Gig Open

Last Wednesday's R&R Country Daily broke the news that Clear Channel VP/Country and OM of CC/Phoenix **Alan Sledge** had been promoted to Sr. VP/Programming for Arizona, Nevada and Texas. We also noted he would remain in Phoenix and continue as the company's VP/Country. Now some of the less conscientious news-slingers out there reported Sledge would retain his post as OM for CC's eight-station Phoenix cluster. Well, there are just so many hours in the day, and not even the multitasking Mr. Sledge could wear all those hats.

So the bottom line is, there is a primo job open in Phoenix as Dir./Programming Ops for CC/Phoenix, which includes KNIX. For a more detailed job description, including needed info and address to send it to, go to [www.knixcountry.com](http://www.knixcountry.com), look under

### Chart Chat

For the first time in the seven-year history of Lyric Street records, VP's **Kevin Herring** and **Dale Turner** and the promotion team have turned in an Exacta on the **R&R** Country Top 50. The label's **Rascal Flatts** are celebrating their sixth week at No. 1 with "Bless the Broken Road," while **Josh Gracin's** "Nothin' To Lose" is merrily ensconced at No. 2. Congrats! (PS: Herring begged us to add that he was looking to maintain both positions next week, but we told him we couldn't do that.)

### Chronicle

Our most heartfelt condolences to Capitol/Nashville Exec. VP **Bill Catino** on the Feb. 26 passing of his father, William Michael Catino, who was also the grandfather of RLG A&R staffer **Jimmy Catino**. The elder Catino was 88 and died following a long battle with Alzheimer's. Visitation set for 6-9pm, Wednesday March 2 and from 2-4pm and 7-9pm Thursday March 3 at the Nosek Funeral Home, 8700 Brecksville Road, Brecksville, OH 44141. Burial is 10am, Friday, March 4, at St. Basil in Brecksville, OH. An area flower shop is Bachelor Button, 440-526-5566.

The Catino family does request, however, that in lieu of flowers, donations be made to the Alive Hospice of Nashville, 1718 Patterson Street, Nashville, TN 37203, 615-327-1085.

### Final Thought

Finally, here's a little something that Regent VP/Programming **Bob Moody** wrote in a recent "Country Playlist" weekly report. I've been looking for an appropriate time to run this, and the launch of CRS 36 seemed natural. Moody noted: "The *Tennessean* reports that Sony has placed its building on Sixteenth Avenue on the market as they prepare to move into the current BMG facility in April. This includes Owen

## CD GALLERY

Here are the releases new in stores today:

### **Shooter Jennings** *Put The O Back In Country* (Universal South)

As expected, Waylon's son isn't much concerned with Music Row convention. Maybe it's in the genes. First single "4th of July" is a driving summer anthem, with other highlights including "Busted In Baylor Country," "Daddy's Farm" and the title track.

### **Jessi Alexander** *Honeysuckle Sweet* (Columbia)

Alexander wrote or co-wrote all 11 tracks on an album Rolling Stone has already called "a radiant debut." Jayhawks frontman Gary Louris and noted Tom Petty sideman Benmont Tench co-wrote songs and perform on the album, as does label mate Jon Randall.

## I Love The Nightlife: R&R's After-Hours Guide To CRS 36

Let's be honest: In planning and staff meetings you're diligently discussing the many fine panels and the value-added ideas you can bring back to improve your company's bottom line. But when you set foot in Nashville, it's the music that has you juiced. So as in years past, R&R has put together a list of events that's guaranteed to make those morning keynotes come a little too early.

Your CRS laminate will get you in to most after-hours gigs, but some events are by invitation only — including a few that were held out of this list by request. So read this page carefully. Also be sure to check the R&R Country Daily for updates as the week progresses. Hard copies will be distributed in the Convention Center.

116 Country reporters. Songs ranked by total points for the airplay week of 2/20-2/26. Bullets appear on songs gaining points and/or plays or remaining flat from previous week. If two songs are tied in total points, the song with the larger increase in points is placed first. Songs below No. 1 and down in points and plays for three consecutive weeks are moved to recurrent. Most Added is the total number of new adds officially reported to R&R by each reporting station. Songs unreported as adds do not count toward overall total stations playing a song. Most Increased Points lists the songs with the greatest week-to-week increases in total points. Station Weight = AQH Persons + (Market rank X 10) divided by 4180. Total Audience equals Average Quarter Hour Persons times number of plays (times 100). Each daypart on each station is assigned an AQH number. ## Can you imagine... a world without children?

At St. Jude Children's Research Hospital, we can't.

That's why we are working every day to find cures for life-threatening diseases that strike children everywhere. Diseases like cancer, pediatric AIDS, and sickle cell. And we won't stop until every child is cured, and every disease is defeated.

Because we can't imagine a world without children...can you?
