What happens in the halls of Congress, and elsewhere in the nation's capital, vitally affects local community life, very often as directly and immediately as the workings of municipal government. For this reason, the CBS Owned television stations—Channel 2 in New York, Los Angeles, Chicago; Channel 10 in Philadelphia and Channel 4 in St. Louis—have established their own Washington News Bureau. To bring the citizens of five major population centers direct news reports of the latest happenings on the Washington scene which specifically relate to their local communities.

Bureau Manager-Correspondent is John Edwards, veteran Capitol Hill and White House newsman during the Truman,

## City Hall

Eisenhower and Kennedy administrations. John Edwards' background embraces all major facets of Washington life: coverage of "the Hill," conventions, campaigns, elections, Presidential inaugurals, international conferences. John Edwards and his staff guarantee lively, authoritative coverage of the local aspects of the national scene.

The Washington News Bureau, with its full-time sight-and-sound facilities ready to capture news on-the-spot, is the latest example of the CBS Owned television stations' continued pioneering of new ways to expand the dimensions of local television. And in this manner provide better, more meaningful service to audiences in five major U. S. communities.

# Quick guide to Yearbook sections

Information in this YEARBOOK is divided into homogeneous sections as described in the boxes at right. Here's how to locate a section rapidly:

Hold the YEARBOOK in your left hand. With your right hand bend the book back so that the black markings on the right edges of the pages appear. If you wish to find a page in the A section, for example, place your right thumb over the black bar to the right of the letter A at upper right on this page and riffle through all pages containing a similar black bar in the same position; at the end of that sequence of marking will appear the first page of the A section. The same procedure can be used to find the beginning of any other section, starting with your thumb on the black bar on this page to the right of the letter of the section you wish to locate.

## Theatre in the Round

“Bonanza” is as big in Tokyo as it is here. “Amahl and the Night Visitors” has been shown for four consecutive seasons in Denmark. And “Dr. Kildare” is—if you’ll pardon the expression—killing the people in Manila.

These are just a few of the NBC Television Network programs being enjoyed and admired all over the globe. It is a globe which radio and television have transformed into a giant theatre-in-the-round, with audiences of hundreds of millions the world over.

These attractions—embracing public affairs, drama, comedy, adventure and opera—are giving the world’s viewers a closer look at American life, history, entertainment and culture than they’ve ever had before.

This overseas program—in which NBC International plays so large a role—is a natural outgrowth of a broadcasting company whose horizons, both here and abroad, have never been limited.

■ NBC is, for example, the acknowledged leader in the field of electronic journalism—with coverage that ranges from the expanded “Huntley Brinkley Report” to the fascinating exploration of ancient Greece’s Golden Age.

■ The NBC Television Network, with the

most diversified schedule in broadcasting, is unmatched in its record for developing young performers—like “Dr.

Kildare’s” Richard Chamberlain—and in introducing such innovations as the drama-repertory principle of the weekly “Richard Boone Show.”

■ NBC Radio, boasting such unique attractions as the dynamic “Monitor,” has more sponsored time than any other radio network.

■ NBC’s owned television and radio stations have earned an unparalleled reputation for distinguished achievement in the field of community service.

The *universal* appeal of NBC programming is, we think, happily underscored by its hundreds of millions of viewers and listeners overseas.

But no statistics can tell the whole story of this broadcasting company’s worldwide popularity and impact. More revealing, perhaps, is the repeated observation of travelers abroad that, wherever they go, the people look upon NBC as the second most familiar set of letters to come out of America.

The first? USA, of course.

## Market Door

The red torii, or gateway, stands before Japan's thousands of shinto shrines. Through it every year pass 95,000,000 of the world's best customers.

To reach this great market requires an understanding of the long and subtle tradition symbolized by the red torii. It also requires a knowledge of the complexities of modern, industrialized Japan.

And it requires all the skills of creative advertising and marketing that have proved so effective in the countries of the West.

Only one advertising agency can put all three kinds of knowledge to work on your selling problems. It is Dentsu, the fifth largest advertising agency in the world.

# 1963—GOOD YEAR FOR RADIO-TV

- Billings, profits show gains, with bright future predicted
- Image improved by fine coverage of tragic November weekend
- Audience and number of stations continue a steady growth

1963 was a good year for the broadcasting business.

Not only did billings reach new highs in television, but radio was expected to show its best revenue totals in the past 10 years.

Probably the greatest achievement of the year for both radio and television was their coverage of the events following the assassination of President John F. Kennedy. The virtually 100% station and network cooperation in canceling all advertising and devoting every hour to the news did more to improve the medium's image than any one event in broadcasting's short history.

Members of the Senate and House, of the FCC, of religious and other organizations were quick to praise the all-out effort of stations and the unselfish disregard of costs or revenue in the effort to serve the public.

Recent studies indicate that around 70% of all advertisers whose commercials were canceled during the tragic weekend will accept make-goods at later dates.

Two December studies, one for TV, the other for radio, were conducted by BROADCASTING. Both showed a healthy financial state as the year ended with promise of continued prosperity in 1964.

**Radio Billings Up** ■ In radio 77% of all stations were enjoying increasing business over that of 1962 at the same period. Only 15% showed decreases. Since 1962 was, in turn, 78% ahead of 1961 in billings the resulting increase in total revenue promises to be sizable.

Earlier the official FCC report on 1962 radio revenues indicated a total of \$636.1 million, up 7.7% over 1961's \$590.7 million figure. Total time sales for 1962 increased \$48 million for the year. Profits for radio, before federal income taxes, reached \$43.5 million, up 48% over the \$29.4 million reached in 1961.

Television, a similar survey by the magazine indicated, was selling at a brisker pace than a year earlier, particularly in the important spot category. A total of 75% of TV stations, the report showed, were enjoying better business than they did a year earlier. An-

other 14% reported that business was not as good.

As to 1962 the official FCC figures showed it to be TV's biggest year with total revenues of \$1.48 billion, 12.7% higher than the year before. Profits reached \$311 million, a gain of more than 31%. Networks and their owned stations accounted for nearly half of all broadcast revenues and a little more than a third of all the profits. The profits for network operations alone reached \$36.7 million; of the network owned stations \$74.3 million. The 539 other stations reporting had profits of \$200 million.

**Agency Rank** ■ BROADCASTING's annual report on the top 50 agencies showed J. Walter Thompson again in first place with broadcast billings of some \$160 million. TV contributed \$145 million of this while radio added \$15 million. Others in the top 10 included Young & Rubicam with broadcast billings of \$127.1 million; Ted Bates, \$113.84 million; BBDO, \$104.5 million; McCann-Erickson, \$94.5 million; Benton & Bowles, \$92 million; Leo Burnett, \$90.2 million; Compton, \$81.6 million; Dancer-Fitzgerald-Sample, \$80 million, and William Esty \$76 million.

N. W. Ayer was the biggest radio agency with \$20.5 million.

In spite of congressional hearings which were thought to have discredited radio and television ratings, Madison Avenue continued to watch each new audience report with unabated interest. Early 30-market figures showed the three TV networks fairly evenly matched, but as national reports began to come in CBS-TV again proved to be out in front with NBC-TV and ABC-TV trailing. There were several early program casualties with promise of even more by Jan. 1. ABC-TV dropped its quiz program *100 Grand* and only a few weeks later its expensive *Jerry Lewis Show*. NBC-TV abandoned *Redigo* and *Harry's Girls* and CBS-TV *Glynis*.

The continued success of sports programming, particularly football, has increased the price of such packages as the National Collegiate Athletic Association, The National Football League

and the American Football League.

This year the NCAA sold football rights for 1964-1965 to NBC-TV for \$13 million. In 1951 the rights were sold for \$700,000. Since then the rights have traveled from network to network with each contract going at a higher price than the one the year before.

While pro football contracts for 1964 had not been sold as the YEARBOOK went to press it was expected that the price would be well over the \$9.3 million which was paid by CBS-TV for the past two years. ABC-TV's five year \$10 million contract with the AFL runs through 1964.

The change in administration made changes in policy at the FCC possible, although observers expected no immediate dramatic action.

President Lyndon B. Johnson's family has had extensive broadcast holdings for years.

Chairman E. William Henry in October had issued his Omaha report, indicating a belief then that the public should be told what television could be doing and that it isn't always enough that the viewers like the programs they see. He also suggested a need for radio hearings to study programming similar to the earlier studies in Omaha and Chicago.

**Viewers, Listeners** ■ In September the A. C. Nielsen Co. issued a county-by-county report showing that 94% of U. S. homes have radio sets and 92% television sets.

As of September 1963 there were 473 commercial VHF TV stations on the air and 88 UHF for a total of 561 commercial stations. There were 81 noncommercial stations.

In radio there were 3,887 AM stations and 1,130 FM stations for a total of 5,659 broadcasting stations.

The 51.1 million television homes were reported to tune in a total of 6 hours and 8 minutes on an average day. Some 46,812,000 U. S. homes tune in TV in an average week.

In radio the 52.3 million radio homes tune in 1 hour and 32 minutes in the average day. Of these, 39,240,000 homes listen to radio in the average week.

## AUDIENCES

# THE RADIO AND TELEVISION AUDIENCES

More U. S. homes than ever before had television and radio as 1963 drew to an end.

■ **Television.**—A total of 51.3 million homes, or 92 percent of all U. S. homes, were TV-equipped as of September 1963, according to the A. C. Nielsen Co. American Research Bureau estimates put the count at 50.4 million, or almost 92%, as of July 1963.

■ **Radio.**—The number of radio homes was placed by Nielsen at 52.3 million, or 94% of all U. S. homes, as of September 1963.

■ **Radio sets.**—The number of working-order radio sets in the U.S. was estimated by the Radio Advertising Bureau as 200,258,000 as of January 1963, a gain of 16,458,000 sets in 12 months. RAB said the sets were distributed as follows: 140,310,000 in homes, 49,948,000 in automobiles, 10 million in public places.

■ **Viewing and listening.**—The extent to which radio and television sets were used is indicated in numerous ways in the charts and tables on this and succeeding pages. All data used in preparing this material was furnished by the Nielsen company and its Nielsen Television Index (NTI) or Nielsen Radio Index (NRI).

## BROADCAST CENTRE

to the QUAD-CITY Market

The WOC Stations climax 42 years of radio and 14 years of television service in the public interest — and in the service of their advertisers.

WOC AM-FM-TV 

DAVENPORT, IOWA

Represented Nationally by Peters, Griffin, Woodward, Inc.

## Wall, American style

We have our walls, too. But the big difference is the *purpose*. And our kind of purpose keeps such walls standing, keeps Americans rallying to defend and strengthen our country. The Payroll Savings Plan for U. S. Savings Bonds is a good example of how Americans rally to a good cause. When you install a Plan in your company, you harness the power of your pay-

roll in strengthening our country. You help encourage thrift that increases reserve buying power and individual independence. Keep our kind of wall standing forever. For help in installing and promoting a Payroll Savings Plan for U. S. Savings Bonds, call your State Savings Bonds Director. Or write Treasury Department, U.S. Savings Bonds Division, Washington 25, D.C.

*Keep Freedom in Your Future...* **U. S. SAVINGS BONDS**

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotism, The Advertising Council and this magazine.

<sup>1</sup>Before Federal income tax.

<sup>2</sup>Excludes 279 independently operated FM stations.

<sup>3</sup>Stations with less than \$25,000 time sales report only total revenues and total expenses. Stations with total time sales of \$25,000 or more, however, accounted for over 99% of the broadcast revenues of the 3,698 reporting stations.

<sup>4</sup>Before commissions to agencies, representatives and others.

Note: — denotes loss.

<sup>5</sup>Excludes data for 74 stations whose reports were not filed in time to be included in this report.

<sup>6</sup>Total revenues consist of total time sales less commissions plus talent and program sales.

#Not all stations in this market operated a full year during 1962.

\*Data not published for groups of less than 3 stations.

\*\*Data withheld to maintain confidentiality of individual station figures.

## Need a direct line to your audience?

The nearest thing to a direct line to your television audience is an ARB Overnight Survey . . . audience estimates the very next day on any U. S. television market. This economical survey method gives the quick and useful research information you need on short notice — registering the effects of new competitive programming, revealing differences after facility improvements and providing an up-to-the-minute sales and management aid for new shows.

If you can't afford delays and if you can't bypass sales opportunities, then you *can* afford ARB Overnight Surveys. When you face a decision requiring immediate audience estimates, join the growing number of other broadcasters, agencies and advertisers who regularly rely on the speed and reliability of ARB Overnight Surveys.

Extent of Broadcast Editorializing

About 3 out of 10 television and radio stations are now editorializing, at least occasionally, according to results of a nationwide survey for the BROADCASTING YEARBOOK.

The editorializing survey was obtained from the YEARBOOK questionnaire sent to all radio and television stations. Here are the results:

AM Radio Stations

Stations reporting they editorialize...1,269  
Total AM stations on the air.....3,891  
Percent of stations editorializing...32.6%  
Percent that editorialize daily.....7.0%  
Percent that editorialize weekly.....3.5%  
Percent that editorialize occasionally.....22.1%

Television Stations

Stations reporting they editorialize...189  
Total TV stations on the air.....576  
Percent of stations editorializing...32.8%  
Percent that editorialize daily.....9.7%  
Percent that editorialize weekly.....5.0%  
Percent that editorialize occasionally.....18.1%

Radio-TV Station Employment

In this table, groupings of fulltime staffs have been made and the percentage of the total reporting stations employing that number is shown. For example 3.3% of all reporting television stations and 13.2% of all reporting radio stations employ total fulltime staffs of from one to five persons.

# TV programing: live, film, video tape

Analyses of programing, based on questionnaire returns from U. S. television stations and networks, have been a continuing feature of BROADCASTING since 1953. The cur-

rent statistics cover the week of June 2-8, 1963.

The accompanying tables afford comparisons between figures for 1963, the previous year, five years prior (1958) and ten years prior (1953). For intervening years, see 1963 YEARBOOK.

# Mark of Deluxe Television

This is the camera you see wherever they insist upon the finest in television. More and more this deluxe 4½" I.O. equipment is becoming the symbol of TV leadership. Everyone is impressed with its "new look," its striking performance and its built-in aids to production. Your studio can benefit from this symbol of television distinction. To own it is to move up!

THE MOST TRUSTED NAME IN TELEVISION

No Tower,

## ***But Our Coverage Is Tremendous!***

When it comes to television audience research, ARB *does* have the coverage. **PROOF:** Of the Top Twelve advertising agencies in terms of television billing, eleven are full-package subscribers. Thirty-seven of the Top Fifty are also ARB full-package clients. Yet, that's only part of the story. Regional and partial package subscribers to ARB research include important advertisers and agencies across the country.

More television time is now bought on the basis of ARB reports than ever before . . . and with good reason. With the increased sample size, twice as many families are providing vital audience information for media planning and buying decisions . . . based on more than 600 local surveys in 240 television markets . . . and seven national surveys of network audience. If you haven't investigated the many advantages of ARB research services available this season, let us bring you up-to-date soon!

**TRUST**

*the 4th Dimension of WBRZ-TV*

Beyond sight, sound and action there is a 4th dimension of television: *Trust*. WBRZ-TV News, for instance. Here is trust through truth. WBRZ-TV locks on local-national-international news. Locks on news like radar. Tracks news. Analyzes news. Relays news... with razor-sharp presentation. WBRZ-TV News is more than immediate. It scans back. Projects forward. Retests, compares, coordinates. Polishes, refines, brings news down to earth. WBRZ-TV beams current events: conflict to conference. WBRZ-TV builds *trust* through truth.

# Stations DO Have Personality!

LES BIEDERMAN, PRESIDENT

In the case of the Paul Bunyan stations, the personality is that of its founder and president, Les Biederman.

A northern Michigan broadcast pioneer, Les built his seven stations - one community at a time.

The stations carry the "stamp" of Les Biederman. A local businessman recently referred to Les as the "conscience of the community" and as "guardian of the public trust", because of his community and editorial stands.

This is the image of Les and of his stations. This is the kind of image that established the "trust" of the audience in the station (and in the products it sells).

FLINTSAGINAWBAYCITY

## All together, it's Michigan's 3-in-1 shopping center and America's 37th Metropolitan TV market!

And why *not* put it together, as it is on our sign? After all, that's exactly what happens every time WJRT turns its transmitter on: the highways shrink, the hyphens fall out and you get metropolitan Flint, Saginaw and Bay City in a single TV buy. A buy that, by virtue of its 188,280 metropolitan TV homes, represents the 37th market!<sup>1</sup>

If you're an advertiser, you'd do well to look into

WJRT, which created "FLINTSAGINAWBAYCITY" in the first place. Which gets the lion's share of the TV audience, morning, noon and night.<sup>2</sup> And registers a 70% or better net weekly circulation in most of the surrounding 23 counties.<sup>3</sup>

Better call Harrington, Righter and Parsons today. Just ask for "FLINTSAGINAWBAYCITY"!

## **WBEN-TV** serves a great community with a great public service effort

Three-million-plus people in WBEN-TV's coverage area offer a challenging composite of diverse interests and backgrounds.

WBEN-TV meets this challenge by a continuing creative effort in developing public service programs that satisfy all interests — that entertain as well as inform.

During the past months WBEN-TV cameras focused on the installation of the Buffalo Diocese's new bishop, recorded five documentaries on cancer at famed Roswell Park Memorial Institute, caught the action of the All-American Bowling Team battling Buffalo's top bowling five during the ABC Tournament, brought new

insight to area viewers on their rights and obligations under the law in "The Law and You" series that again won the top State Bar award, and captured the gaiety and color of the Chopin Society's beautiful choral music and exciting Polish dances.

Religion, medicine, sports, the lively arts — all are in range of WBEN-TV's production facilities, mobile remote unit and enterprising staff.

That's why, in this great market — extending from northwestern Pennsylvania to the Canadian Niagara Peninsula — pioneer WBEN-TV retains its unsurpassed audience loyalty.

# THE SHOW WITH THE

## TALENT

**RUTH LYONS**—the power-packed personality with no equal in broadcast history—has led her smash “50-50 Club” program through its merry paces every weekday at noon for 17 years on WLW Radio and for 15 years on WLW Television, the last 6 in full color. She’s the modern American Radio-TV phenomenon—femcee, performer, pianist, composer, singer, wit, wise-cracker, brain, sage, character, Reds baseball booster, and housewife—who livens up the dial and has ‘em in the aisle!

The show’s own talented staff are all stars in their own right. All join in the fun to become fancy or foible for Ruth as she keeps ‘em stepping and guessing with one hand, and the audience in the palm of her other hand. Ruth and her happy show have been written up in the *Saturday Evening Post*, *Ladies’ Home Journal*, *Look*, *American Home*, *Billboard* and many other magazines.

## GUEST STARS

With her magic ability, Ruth makes the stars come out at noon in WLW Radio-TV land. Because of the popularity and influence of her show, guest stars by the star dipperful appear on "50-50 Club"—to the delight of audience and sponsors. Where else can advertisers get such a who's who about what's what in one program package? Musicians, show people, authors, statesmen, sports figures, everybody who's anybody. Just to name a few—

DR. ALBERT SABIN	CAROLE CHANNING
GUY LOMBARDO	VIC OAMONE
ANDY WILLIAMS	RUDY VALLEE
BILL DE WITT	AL HIRT
HUGH O'BRIAN	VAN CLIBURN
HENRY CABOT LODGE	MILTON BERLE
GEORGE GOBEL	BOB NEWHART
EVA GABOR	JIMMY DURANTE
GORDON & SHEILA	PETER NERO
MC CRAE	the stars of
OSCAR ROBERTSON	"BONANZA"
THE CROSBY BOYS	TROY DONAHUE
HELEN HAYES	THE FOUR SAINTS
JACK WEBB	ADELA ROGERS
HEDDA HOPPER	ST. JOHNS

## HAPPY SPONSORS

It wouldn't take a psychologist to conclude that the happiest people in the world are Ruth Lyons sponsors. And they stay happy for years. Prime proof of the pudding! Nu-Maid Margarine has been on the show for 17 years; Fels soap products and Folgers Coffee for 11 years; Frigidaire for five years. And the list goes on and on.

## AUDIENCE

Ruth's bouquet microphone can reach into 3 million homes. Her hour-and-a-half noonday show Monday thru Friday is carried on WLW Radio and the 4-Station WLW regional TV network—WLW-T, Cincinnati; WLW-D, Dayton; WLW-C, Columbus; WLW-I, Indianapolis. Tickets to her luncheon program at luncheon cost are sold out 3 years in advance. And could be sold out for 9 years if Ruth would permit it.

## MAIL

Ruth Lyons program in 1962 received over 1,726,000 pieces of mail. A big part of this is Ruth's fabulously successful Telephone Exchanges for various sponsors, with prizes up to \$1000. Even though listeners and viewers are not required to send in sponsors' labels, an overwhelming 98% of them do! Proving the loyalty of Ruth's audience to her products.

## PUBLIC SERVICE

This is the factor which really reflects the power and the glory of Ruth Lyons. Through her program alone, she raised over \$381,000.00 in her 1962 annual Christmas fund for equipment and toys in the children's wards of 59 hospitals. In the 23 years the fund has been in existence more than \$2,256,749.00 have been distributed. A fantastic accomplishment for which her only reward is an endless number of unknown children made well and happy.

**WE ARE PROUD** to say that Ruth Lyons is an example of the unique dynamic leadership and community spirit of the WLW Stations—which have made the Crosley Broadcasting Corporation a standard bearer in Radio-TV programming, talent, and engineering in this great world of communications.

The South's 19th largest Metro Market • The 97th largest television market in U.S.A.

Tri-Cities Offers Economical, Efficient Distribution and Advertising Coverage

spotlight  
on  
wcyb-tv

Within the center line of the map above, you have Tri-Cities (the South's 19th largest metro market), the home office of 12 Tri-Cities food brokerage firms and WCYB-TV. Within the middle line, you have the home offices of 20 wholesalers, who are sold from metropolitan Tri-Cities. Within the entire area of the outer line, you have 1400 retail food stores who depend on the distributors within the second line for their merchandise. This entire area represents over a million people with a purchasing power in excess of 1.28 billion dollars. It's a big market . . . and a

growing market. Covering it like a blanket are the powerful signal and programming voice of WCYB-TV (grey area on map). Tri-Cities is a unique market. Over 80 per cent of the business is done by independent stores and local chains. Through a broker or your own resident salesman, you can economically and efficiently effect distribution for your product. Tri-Cities is fringe to no other market. Effective distribution can only come from within. Tri-Cities is unique, too, because only television gives you comprehensive coverage of the total market . . . and the most influential voice in television is WCYB-TV.

# TEXAN

if you were a **TEXAN**

You'd know prime time and prime cuts of beef have a lot in common. That's natural for a Texan — to demand strip sirloin if that's what he paid for. And ... that's why we figured out a simple, equitable and highly versatile rate card that separates the filets from the sirloins, the T-bones from the club steaks. Well ... we didn't exactly think of it, but like any good Texan, we're willing to accept full honors. We'd like to brag it's the kind of rate card that makes you feel like a Texan because it's 'custom cured' to fit your particular requirements ... providing choice cuts of prime time purchases on the basis of their individual values. Simple ... purposeful ... analyzed buying power. Sorta makes you feel like a Texan ...

## **“PLACES, EVERYBODY!”** (You're on WSAZ-TV tonight!)

When we cover a dam dedication, we really cover a dam dedication!

With, for example, 34 newsmen-cameramen strategically stationed to film the 400 dignitaries who cruised 15 miles down the Ohio River for the opening of Kentucky's Greenup Dam.

Or with a fleet of cars waiting to hustle the film coverage back to our Huntington studios.

And with a complete 30-minute broadcast—processed, edited, scripted and aired in four and a half hours after Commerce Secretary Hodges opened the Army Engineer Corps' latest dam.

Why the fuss? Because Greenup Dam is a vital link in the economy of the 4-state 72-county “Supermarket”

served by WSAZ-TV. As well as in the affairs of the 2 million people who live in Supermarket—and who create their annual \$4-billion payroll in the factories, mills and farms served by the Ohio and Kanawha River waterways.

As Supermarket's dominant television station, we're strong believers in coverage like this for the 495,000 TV homes\* here.

Just as we believe that local interest, information and public service are as much a part of good business as they are of good broadcasting.

If you're an advertiser, may we remind you that WSAZ-TV is represented nationally by the Katz Agency? (\*ARB Coverage Study, Fall, 1960.)

## ...and still first!

Station Image, more than any single quality, has made Channel 4 Milwaukee's number one TV station . . . in the eyes of both viewers and advertisers. This "Total Image" is the sum of these parts:

**PROGRESSIVENESS** — The history of television in Wisconsin is literally the history of WTMJ-TV. It was the first station in Wisconsin on the air . . . with network shows . . . with color. And it's first in coverage (a population area of 4,468,903 people).

**EXPERIENCE** — Most of WTMJ-TV's people have worked more than 15 years in television and form Wisconsin's largest, most experienced station staff in live and network programing.

**QUALITY PROGRAMING** — Program policies of good taste are traditionally practiced in local production and in selection of network programing.

**HIGH-STANDARD ADVERTISING POLICIES** — Advertising rates are clearly stated and explained in an official Rate Card, with rates the same for all. WTMJ-TV does not "triple-spot," will not accept advertising it feels would be objectionable.

**PROGRAM VARIETY** — WTMJ-TV believes in programing to meet its community's varied needs: entertainment, information, education. Included in its balanced schedule are daily high-quality live shows and the station's own feature and news programs. For more detailed information on what makes up the Total Image of WTMJ-TV, write:

## Tv Allocations: State, City, County

Note: UHF and VHF TV allocations have been made by the FCC to the following cities. A plus or minus after a channel indicates that a station occupying the channel must operate with its carrier frequencies offset 10 kilocycles above or below, respectively, the normal carrier frequencies.

Asterisks (\*) indicate channels reserved for non-commercial use.

(As of August 1, 1963)

# CATV's "FIRST TEAM"

## THIS JERROLD TEAM BUILDS MORE CATV SYSTEMS ON A "TURN-KEY" BASIS THAN ALL OTHER MANUFACTURING CONTRACTORS COMBINED

Since the birth of community-antenna television, pioneered by Jerrold, no organization has contributed more than Jerrold to the growth of this important industry.

The Jerrold "turn-key" team has already made TV available to a million viewers through Jerrold-constructed systems alone—and there are millions more who benefit from Jerrold-equipped systems in over 1,000 CATV communities in the U.S. and Canada.

Jerrold's tremendous experience and nationwide organization are prepared to help you in every way—

assist and guide in applying for franchises and pole-line agreements; conduct signal surveys; engineer the complete system; supply all electronic equipment, including microwave; construct the entire plant, from antenna site to housedrop, put it into operation, and train your personnel... *plus* complete financing on terms to meet your needs. This complete service—or any part of it—is yours from Jerrold.

Your first move to assure a successful CATV operation is to contact Jerrold's Community Systems Division.

# Who Do We Please Or Whom Do We Please?

---

Grammatically speaking, we all know that “Whom do we please?” is correct (don’t we?). But if you’re in the communications business, what and how you say it is important in selecting the type of audience you want.

Three years ago, KABC RADIO decided that their audience should be adult, above-average in intellect and education, income in the upper-half of the class, more two-car families and maybe an extra bathroom in the house. We call them the “Whom” group. And to encourage this “bigger-buying” segment of Los Angeles to dial KABC RADIO 79, we inaugurated in 1960 a fresh and stimulating concept of an all-conversation format. We selected a gifted group of conversationalists (from the “Whom” category) who neither talk up nor down to our audience—but straight at them. It was and is a highly successful innovation... because we now deliver to our advertisers just about the most important group of listener-customers in Los Angeles.

Who do we please? “WHOM” (and advertisers)... that’s who.

To cross the mighty Mississippi at this point, you have a choice of three bridges — and WOC Radio. Like the bridges, WOC links five great communities (and eleven surrounding counties) with an EBI of more than 1 billion dollars. WOC — the Quint-Cities senior station — has increased its adult audience the fastest of any station, and is the only station in the area with a single-rate card.

Each of the counties within the WOC coverage area ranks in the top 18% of all the U. S. counties in gross farm income and three of the major farm machinery manufacturers are located here.

Since 1922

deliver the  
radio news-in-depth  
adults prefer!

■ WCBM listeners hear it first! WCBM's staff of legmen are first on the scene . . . in Baltimore . . . surrounding counties . . . and at the state capital in Annapolis. They have scored many notable newsbeats!

■ This kind of intensive local and regional coverage . . . international news-services . . . CBS news and commentators . . . give WCBM listeners a total of 32 hours of news every week! No wonder the adults in this area—men and women interested in what is happening in the world today—prefer WCBM news.

■ This, plus quality music, personalities, and interesting features consistently delivers the adults . . . the people with the money to spend for your products and services!

## MEDIUM RARE

Rare indeed for WJR offers all this in one buy!

### **DETROIT ...**

where WJR captivates this fifth richest market.

### **THE GREAT LAKES AREA ...**

with a signal that reaches 15,312,700 people in Michigan, Ohio, Indiana and Pennsylvania. Plus 4,500,000 more in Canada. (WJR ½ MV daytime contour and Sales Management's 1962 Survey of Buying Power)

### **ADULT AUDIENCES ...**

because 89% of the 2,183,000 people in our average weekly audience are 25 years and over. (WJR-Politz Study)

### **ALL KINDS OF LISTENERS ...**

because *everyone* can find something of interest in the complete range of programs provided by WJR and our CBS resources.

### **ATTENTION ...**

because WJR is the kind of "foreground radio" that people *pay attention to*.

Interested? Your Henry I. Christal representative is ready and raring to tell you more.

**Ever take the PULSE of your HOOPER?**

**WILS did. We found our PULSE to be remarkably like our HOOPER. Both show how well Lansing likes Radio WILS... like this:**

**PULSE: May 1-21, 1963**

**6 AM-12 Noon WILS 12 Noon-7 PM**

**63% 58%**

AUDIENCE ESTIMATE

**HOOPER: Jan.-Mar. 1963**

**7 AM-12 Noon WILS 12 Noon-6 PM**

**62.3% 68.8%**

SHARE OF RADIO AUDIENCE

Our PULSE audience composition showed WILS having from two to three times the adult listeners in each measured time period from 6 AM to 7 PM.

What earns this audience for WILS?

We broadcast 24 Hrs.-A-Day.

**48**

NEWSCASTS

We have news 48 times a day... plus editorials

**6**

GREAT D.J.'s

We feature our D.J. Personalities. They are liked.

We go where the action is. We did 125 trailer remotes last year.

Why Lansing is your market

**SALES MANAGEMENT** Ranks us:

**21st in Retail Sales per Household (3rd in Metro Cities over 200,000)**

**94th in Population and Households (always in the top 100)**

Lansing is the state capital and the home of Oldsmobile and Michigan State University (more than 25,000 students).

## MR. ADVERTISER: DON'T HURT OUR LISTENERS' FEELINGS

Talk about loyalty, WQXR's audiences are a remarkable group. They're not typical dial-twisters. In fact, a large percentage of them never listens to other radio stations in metropolitan New York. We repeat, never listens to other stations. The fact is, these unique non-dial twisters make up a large well-defined segment of the New York market, and Mr. Advertiser, you can't reach it effectively or in-depth by any other broadcast medium. Alas though, our large and loyal audiences do have one fault. They're over-sensitive. So please don't hurt their feelings by overlooking them. Force us to prove it, write or call for the facts.

Easy? Not really, but he makes it look that way—the sure sign of a professional who has mastered his art . . . So, too, with a BALANCED RADIO STATION such as WHEC, for 36 years a headliner in the Big Time. No fuss, no gimmicks, no pushing and pulling this way and that in frantic pursuit of “numbers.” Just a continuous refinement of BALANCED programming and service, guided by the sure touch of professional skill . . . Rochesterians like it and depend on it. So do our many advertisers.
