**“...the most
authoritative
source.”**

**Darrel Cunningham
General Manager
KHBS-TV
Fort Smith, AR**

Darrel is one of thousands of engineers, programmers, general managers and financial people who get and regularly use the **Television & Cable Factbook**.

Pictured above (*left*) with news director, Craig Cannon, Darrel told us, “ Since we got our *SKYLINK* satellite news gathering vehicle, we talk to TV stations all over the country.”

Darrel and Craig are two of the most important decision makers in our business because they can say, “*Yes, we’ll buy!*”

KHBS-TV is one of hundreds of stations that use the Factbook. In fact, more than 4.31 different decision-makers and influencers refer to each **Television & Cable Factbook** 10.18 times every month. In other words, 23,705 top-level executives

will see your advertising message more than 241,000 times monthly! Over 63% are in upper-level management, and 30% have mid-level management positions.

Your ad in the **Television & Cable Factbook** costs about the same as those placed in weeklies and monthlies. Yet a single ad will represent your company over and over all year long.

If you want to reach the men and women who can say “*Yes*” to you, plan now to have a space like this in next year’s book while good positions are still available. Contact Gene Edwards, Advertising Director, for our media kit which will have all the details on our rates, availabilities and research. It’s not too soon to be planning for your ad in our next volume!

Television & Cable Factbook

Armed Forces Television Stations

American Forces Information Service, 601 N. Fairfax St., Suite 360, Alexandria, VA 22314-2007. Phone: 703-274-4856. Melvin W. Russell, asst. dir.

Armed Forces Radio & Television Service Broadcast Center, 10888 La Tuna Canyon Rd., Sun Valley, CA 91352. Phone: 818-504-1260. Capt. Jack Martin, commander.

AFRTS operates radio and television outlets located in 23 foreign countries. AFRTS facilities are established with major concentrations of U.S. forces overseas as well as in remote areas of Alaska, U.S. trusts, territories and possessions, aboard over 500 Navy ships and as closed-circuit facilities in 140 isolated locations. Most of the land-based stations are grouped into regional AFRTS networks to serve specified geographical areas, i.e., American Forces Network-Europe in Western Europe and Far East Network in the Pacific. AFRTS networks and independent stations overseas create their own individual radio and television program schedules from broadcast materials provided by the AFRTS Broadcast Center in Sun Valley, CA and from their own local productions. Some outlets are over-the-air broadcast operations and some are carried on closed-circuit systems of various types. Domestic and Intelsat satellite service is leased on a 24 hour-a-day basis, providing real-time stateside radio and TV to overseas locations.

Broadcast Television Locations: Belgium, Cuba (Guantanamo Bay), Diego Garcia, Federal Republic of Germany, Greece, Italy, Japan, Republic of Korea, Netherlands, Panama, Philippines, Portugal, Turkey and USA (Alaska, Kwajalein Atoll, Puerto Rico).

Cable Television Locations: Australia, Bermuda, Canada (Newfoundland), Greece, Greenland, Iceland, Japan, New Zealand and Spain.

Cox, radio correspondent (New York); David McNeil, radio correspondent (Washington).

INDEPENDENT TELEVISION COMMISSION (formerly Independent Broadcasting Authority)—70 Brompton Road, London, SW3 1EY. Telephone: 071-584-7011. Telex: 24345. The independent Broadcasting Authority was created by Parliament in 1954 as the Independent Television Authority to provide a comprehensive television service additional to that of the BBC. In 1972, it was renamed the Independent Broadcasting Authority

and its functions were extended to cover the provisions of independent local radio service.

The Authority selects and appoints the program companies; supervises programs provided by the contractors and their scheduling; controls the advertising; builds, owns & operates the transmitting stations. Fifteen companies provide programs in fourteen independent television regions of the United Kingdom (2 companies share the contract for London). As part of its review of the ITV system, the Authority, in Dec. 1980, offered a contract to broadcast a new national breakfast-time television service, which started in May 1983, to TV-am. In addition, changes were made to some ITV companies. Both Independent Television & Independent Local Radio services are financed mainly by the sale of advertising time. A new Broadcasting Bill is due to receive Royal Assent during 1990, its provisions coming into force at the beginning of 1991. Two new bodies replace the IBA, the Independent Television Commission & the Radio Authority. The ITC will be responsible for licensing & regulating all commercially funded UK television services including cable, satellite & terrestrial service. The Radio Authority will assign frequencies, issue licenses & regulate all independent radio stations. The IBA transmission system will be privatized in early 1991.

Members of the Authority: George Russell, chmn.; The Rt. Hon. The Lord Chalfont, deputy chmn., IBA & chief executive designate, Radio Authority; Professor J. F. Fulton; R. A. Grantham; Mrs. P. Mathias; Lady Margaret Popplewell; P. Sheth.

Permanent Staff: Lady Littler, dir. general; K. W. Blyth, secy.; David Glencross, dir. of television, IBA & chmn. designate, ITC; C. Mulholland, deputy dir. of television; Peter Baldwin, dir. of radio, IBA & chief executive designate, Radio Authority; Sarah Thane, controller of public affairs; M. Melaniphy, head of publications and publicity; Dr. R. Moss, head of educational program services.

YOU'VE ASKED FOR IT...YOU'VE WAITED FOR IT...AND NOW IT'S HERE...

The Cable Systems and Broadcast Television Directories of the authoritative Television & Cable Factbook are now computerized data bases!

At surprisingly low cost, you now can rapidly obtain a virtually unlimited amount of constantly updated video industry data. Through the Market Research & Data Sales division of Warren Publishing, Inc., you may order reports and other services that manipulate this data *exactly the way you need it.*

These data bases offer you electronic data from a vast bank of:

Cable Data

- Operating systems, franchises not yet operating & applications pending
- Multiple system operators
- Programming carriage, basic & tiers
- Basic, tier & security subscribers
- Installation & monthly subscriber fees
- Franchise expiration dates
- Makes of equipment
- Channel capacity, miles of plant & homes passed
- Addresses, telephone numbers, owners, managers & engineers

Broadcast Data

- Operating stations, construction permits awarded & applications pending, both commercial and non-commercial
- Current ownership & pending acquisitions
- Market rankings with TV household shares
- Channel numbers & network affiliations
- Satellite earth station usage
- Broadcast stereo capability

- Installed equipment
 - Technical facilities data
 - Addresses, telephone numbers & all major executives
- And much, much more.*

Take advantage of this unique opportunity to develop the valuable market research you need to:

- Market new products and services
- Pinpoint media acquisitions
- Monitor your competition
- Determine the impact of the 'Syndex' rules on your business
- Or conduct numerous other types of research & analysis.

How can you access the information?

Call us for reports from the Factbook data bases that select only those elements that are important to you, then have the reports sort the data into state, county or regional breakdowns, rank it by size, age or any other variable and screen out systems/stations that do not meet specified criteria.

Here are just a few examples of vital studies Warren Publishing, Inc. has recently provided to its clients:

- Cable system channel capacity studies
- Broadcast TV and cable system ownership studies
- Miniature data bases installed at clients' sites for maintaining important sales and marketing information

- Lists of cable systems carrying programming competitive with proposed new services
- Lists of cable systems using equipment competitive with new products being introduced
- Mailing labels for marketing campaigns targeted to broadcast stations and cable systems with specified characteristics

Warren Publishing, Inc. has been collecting broadcast TV data since 1945 and was the first organization to gather cable TV data. The Factbook data bases are unmatched by anything else in the field and are totally responsive to your individual requirements. They offer you unheard of speed and flexibility using the most complete source of television data available.

Best of all, reports from Warren Publishing, Inc. are available to you in a variety of formats sure to meet your needs. You may opt to receive data . . .

- On 9-track magnetic tape
- On 5¼" floppy diskettes ready to load onto your PC
- Via telecommunications
- In a printed format or
- On mailing labels.

For complete details on these or other research services, call Lynn Levine, Director of Market Research & Data Sales, collect at 202-872-9200.

Subscribe now . . .

to the authoritative weekly information service covering the latest developments in broadcasting, cable, consumer electronics and allied industries. . .

Television Digest With Consumer Electronics

Television Digest has been keeping leading communications executives informed since 1945 and is published for all those decision-makers—like you—who have a big stake in the ever-changing broadcasting, cable and consumer electronics industries.

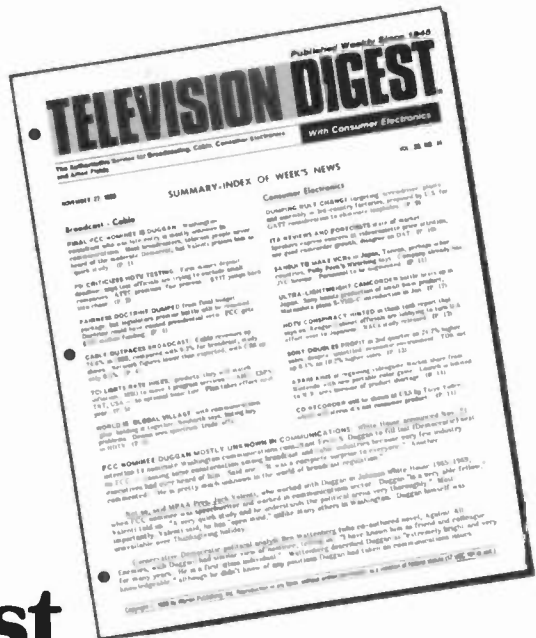

Television Digest goes beyond the scope of any other publication by bringing into sharp focus all the conflicting forces at work—broadcast, cable, home video, MDS, DBS, SMATV and others. It provides experienced, authoritative coverage. The Los Angeles Times recently referred to **Television Digest** as “a publication considered the bible of the TV industry.” Tack Nail, covering broadcasting, and Dave Lachenbruch, covering consumer electronics, are known and respected throughout the entire industry.

And each issue of **TVD** provides thorough coverage of government activities—the FCC, Capitol Hill, the White House. **Television Digest** also gives you the latest news on marketing strategies . . . programming ploys . . . personnel shifts . . . and current standings on the volatile revenue and ratings picture.

Television Digest regularly includes a host of industry surveys and statistics that cannot be found anywhere else. And because conventions, professional meetings and trade shows are of such vital importance to the communications industry, **TVD** provides complete pre- and post-meeting coverage of virtually every major professional meeting and trade show, whether in the U.S. or abroad.

Television Digest gives you the information you need, delivered in a fast-paced style and clear format that always respects your busy schedule. **TVD** is designed to be read quickly . . . to help you spend less time gathering information and more time using what you've found.

For subscription information, call collect: **202-872-9200**.

*With **Communications Daily**
you get the news first!
you get the news right!
you get the news every
business day!*

*(and, if you require it, as many do, you can get the
news instantly via the electronic information services,
NEWSNET, NEXIS, DIALOG, MCI Mail or facsimile)*

The Electronic Editions of **Communications Daily** (all you need is a data terminal, communicating word processor or high-speed facsimile machine) . . .

1. NewsNet. Every day, immediate delivery and optional access to all our specialized newsletters along with a programmable electronic "clip" service. For just a few dollars a day, the full text of **Communications Daily** can be ready to help you as soon as you are ready to start work. NewsNet is a service of Independent Publications Inc. of Bryn Mawr, PA.

2. Nexis. The world's largest full-text news database now includes **Communications Daily**. Nexis is a vast and growing electronic library that features powerful capabilities to search and retrieve information from hundreds of sources. Nexis is a service of Mead Data Central.

3. Dialog. The new PTS NEWSLETTER DATABASE (file 636) includes full text access to more than 120 newsletters including **Communications Daily**. A service of Predicasts.

4. MCI Mail. If you prefer, we can send you the full text of **Communications Daily** via electronic-mail. A service of MCI Communications Corporation.

5. Facsimile. By special arrangement, we can transmit **Communications Daily** to your digital facsimile machine anywhere in the world. A new service of **Communications Daily**.

*If you would like more information about the Electronic Editions of **Communications Daily**, call our circulation department collect at 202-872-9200.*

WARREN
PUBLISHING INC.

**FOR TOP PRICES IN THE TOP MARKETS,
YOU NEED A TOP BROKER.**

Front Row (L-R): Sam Diers, James Blackburn, Jr., Richard Blackburn, Neil Rockoff • Second Row (L-R): Richard Shapiro, Michael Henderson, Joseph
Cavaliere, Tony Rizzo • Back Row (L-R): Charles Klein, Steven Przett, Jay Bowles, Jack Harvey, George Oswald

Today's broadcasting deals have a number of variables. You need concise, accurate information on cash flow, ratings, multiples, financing, revenue projections, and the marketplace.

That's why Blackburn brokers are in the industry's largest markets every day. They're getting the latest information. Information that can be the catalyst to make the deal happen.

After all of the numbers have been crunched, it's the people who make the deal come together. Blackburn brokers have the savvy, the experience, and the drive to make it happen for you.

Top prices in the top markets. It's what you expect when you deal with a top broker from Blackburn & Company.
