Broward County—Map Location H-9

See SRDS consumer market map and data at beginning of the State.

Stations located within the combined city area are consolidated under multiple city headings. This is not to imply that all of the stations provide equal coverage of the entire area or cities involved. It is part of the time buying function to determine extent of individual station coverage, audience delivered, etc. within the area.

### RADIO MARKET ESTIMATOR

## FARM PROGRAMMING

Another Special Feature  
To Provide a Shortcut  
in Buying Radio Time

To aid users of the monthly edition of *Spot Radio Rates and Data* who are particularly concerned with reaching the farm audience, SRDS has a section devoted especially to farm radio programming. Check the contents page for its location.

This section enables buyers of time to locate more easily those radio stations that devote part of their program time to shows for the farm audience.

Information given for all or most of these stations includes the total number of hours of regularly scheduled farm programs per week. Stations are listed alphabetically by state and city.

Once the desired stations have been located in this section, the user can turn to the stations' regular listings in *Spot Radio Rates and Data*, for rates and other data.

A similar section, on farm television programming, appears in *Spot Television Rates and Data*.

## CHAMPAIGN-URBANA

(2 AM; 4 FM)

(Champaign County—Map Location F-6  
 See SRDS consumer market map and data at beginning of the State.)

Stations located within the combined city area are consolidated under multiple city headings. This is not to imply that all of the stations provide equal coverage of the entire area or cities involved. It is part of the time buying function to determine extent of individual station coverage, audience delivered, etc. within the area.

Weekly Package Plan rates apply only to number of 1-min, 30-sec and 10-sec spots broadcast for one product within a consecutive seven-day period on ROS schedules. Such spots are subject to immediate preemption for full rate spots without notice. Further, without liability to the station, Weekly Package Plan spots are subject to omission by station without charge to advertiser, or to rescheduling by the station in a time period considered equivalent to the station.

Frequency spots may be combined with Weekly Package Plan spots to earn lower plan rates, but Weekly Package Plan spots may not be combined with frequency spots to earn lower frequency rates.

# THE BLACK GIANT HAS 138,000 TOTALLY CAPTIVE CHICAGOANS.

Traditionally Black Chicago's #1 radio station has had a weekly audience larger than the total population of Denver, Cleveland or Baltimore.

That legendary reach now looks even more impressive: 7 days a week, from 6AM to midnight\* WVON ranks second among all Chicago stations for exclusive cume listening. That's an audience of nearly 140,000\* people who listen to one and only one station all day, every day.

The station is WVON.

Obviously, Chicago likes what the Black Giant has to offer. Make sure he mentions your name.

The last time  
anyone bought  
a whole state  
was in 1867  
for \$7,200,000.00!

Another one's  
for sale today at  
a fraction of  
that price!

The one that is for sale today is the state of Iowa. Well, at least 90 of the 99 counties, and they can all be purchased (including 2,503,200 people) in one buy at only a fraction of what was paid for Alaska. How can you do this? Buy KIOA AM/FM ... KIOA reaches Iowans ... from the kids straight to the biggest buying segment of the adult population—the 18 to 49 years olds.

KIOA-AM ... 25 years in Des Moines, Iowa ... the same contemporary format since the 50's ... the station that Iowans have "grown up" on and with. KIOA is the dominant station when considering the Des Moines Metro market or the whole state.

Bill Seward knew a good buy when he saw one ... You have just seen one, buy Iowa (ask your Eastman for more details)

Because radio reps can help you . . . SRDS helps YOU find THEM

For your convenience, there's a complete and up-to-the-minute list of radio station representatives at the beginning of every issue of Spot Radio Rates & Data. Company names are arranged alphabetically, and the list includes addresses and telephone numbers of sales offices.

Next time you need first-hand information about a station's market . . . areas where retail sales are best . . . places where dealers and wholesalers really use tie-in copy and point-of-purchase displays . . . and, of course, information on station policies and programming, check our list for the representative nearest you. Then check with him.
