Singles Guide

This is our last full report before the summerbreak and we will be back with the issue of July 29th. We therefore need your next tips before July 22nd. Please also note our new address (see page 6) and for those correspondents who use the blue forms regularly, envelopes with our new address have already been sent to you and you should use these in the future.

QUEENS OF SOUL

Aretha Franklin, the woman who defined soul, claims her throne again with the new single *Freeway Of Love* produced by Narada Michael Walden. Featuring Clarence Clemens of the E- Street Band, *Freeway Of Love* is a heavy stomping solid dance tune, so irresistible that it is bound for the charts. Her leadership however is not undisputed as other Queens Of Soul are making their

way to the top; the new **Tina Turner** single *We Don't Need Another Hero* is already receiving masses of tips all over Europe and this slow ballad with an impressive choir on the end (from the soundtrack *Mad Max III*) only confirms her status as one of the best singers around. RCA released the follow-up for the **Eurythmics** entitled *There Must Be An Angel*. Together with **Sisters Are Doing It For Themselves** (the duet with **Aretha Franklin**) 'Angel' was always one of our favourites; the lovely melody coupled with **Annie's** emotional voice makes it an easy choice for your radio. To anticipate the summer, try the cheerful sounds of **Excitable**, the new single from the female reggae band **Amazulu**; or get in the mood with the new **Howard Jones** single *Life In One Day*, or stick to the steady beat of the Aussie band **Flash and The Pan** with their *Early Morning Wake Up Call*. Enough good tips we think!

MINI SOUNDTRACK

Although **Vicious Games** was **Yello's** first single from the *Stella* album, we always preferred *Desire* as the perfect mini soundtrack suitable for daily

programming. Well, **Phonogram** just released it as a follow-up and as an old Chinese proverb says: 'The first single is the choice of the record company, but the second one is chosen by the media' (thank you **Dorie**).

Our next and last tip for Euro-Crossover is for the Dutch band **Original Talkatives**. *Pickin' Up* (Carrere) combines a catchy ska beat with sunny arrangements. Check em out!

It is good to see the German singer **Jennifer Rush**, one of our Crossover tips of last year, finally making impact in the UK. Her single *Power Of Love* (nothing to do with **Frankie** or **Huey** though) is moving from 65 to 49 in the English charts and the single also gets some tips from Italy and Spain. Another Euro-Chartmaker, the Spanish singer **Ivan**, is picking up good sales in Belgium, Spain, Switzerland and France and the single is bubbling under the European Top 100 at 105. Other bubblers for **Feargal Sharkey** and **Giorgio Moroder & Philip Oakey**. *Frankie*, the rather naive sounding doo-wop tune from **Sister Sledge**, is this week's best played single in Europe and sales wise they move up to 16 in the Top 100. See you in 2 weeks time !!

LONDON CALLING

by Howard Marks

One of the most enjoyable events of the last few weeks, was the recent Nordoff-Robbins "Music Therapy" lunch, which was holding its tenth anniversary fund raising event recently. There were many people from the entertainment world there, too numerous to mention, but just a few faces that I spotted were Cliff Richard, Edwin Starr, Tony Blackburn, Peter Powell, Richard Powell (Actor), Richard Allinson (Capital), Alan Freeman (Capital), Janice Long (Radio One), Bruno Brooks (Radio One), Ray Moore (Radio Two) etc. etc. ... Dire Straits were awarded with the silver clef trophy, past names that have been honoured with the trophy have been Cliff, Genesis, Pink Floyd, Status Quo and Queen. Various members of all these bands were there too. Andrew Lloyd-Webber and Tim Rice made a very funny speech. In all a very nice event. The only thing that spoilt it for me was that it took the traffic division of the gestapo five hours to remove a nasty little yellow object from the front wheel of my car. God, these Japanese record pluggers get everywhere! For those of you in far away countries across the English channel, look out for some wonderful stuff coming out of England, for instance there is a single by 400 Blows which is wonderful, there is the new version of "The Great Pretender" from Animal Nightlife, also you should listen to a record by a band called No-Way Hosey (I think that's how you spell it). Also look out for the new single from Amazulu. Released this week in the UK is the killer new single from Belouis Some (if you are reading this in

Italy Neville, have a good time shooting the video). There are some good UK soul records coming too. One from September, and one from Mailibou, I don't know what labels those last two are on, but they are well worth checking out.

On the interview front, Whitney Houston was in for a chat with Tony Blackburn, as was Bunny from Third World. Incidentally, Tony Blackburn recently broadcast part of his Soul Night Out show, from WBLB in New York City. On Capital Radio Rick and Mick from Foreigner came in for a chat with Kid Jensen. Grace Jones also spoke to Kid about her role in the new Bond movie. Cher has been in for interviews with Wogan and TV-AM about the new Movie "Mask". Freddie Mercury has been doing some stuff with Simon Bates at Radio One. Dave Stewart & Annie Lennox have been on Radio One Show "Roundtable".

Culture Club, have been keeping a low profile since January. The band have spent most of the year out of the UK, they have been recording with a new producer, and there should be product out in the UK during September. Meanwhile the band have been preparing for a tour of the USA in August, and drummer Jon Moss has been producing a new band for Chrysalis Records.

Irish pirate radio station Radio Nova, has been broadcasting to various parts of the UK, and has been advertising the sale of its sister station to anyone who has the finance to buy it. Golly Gallagher has been appointed to look after Nova for the UK.

Good luck and best wishes for the future to all of those friendly faces over at Capital Radio, who have sadly left for pastures new. I'm sure that our paths will cross again somewhere. In the rumours department, the next few weeks look very interesting, it is swap round time for various people at Capital, Radio One, and Radio Two, more info next time around. Good luck to Radio One man Anthony Pug, who departs Radio One, and heads towards another BBC building. Good luck also to Chris Vezay, who takes over programming of the David Hamilton Show. Over at LBC, Peter Murray has decided to quit his late night phone in show, no new plans for Pete yet, or indeed no announcement of his replacement.

Although Queen have not been doing too much during the last couple of months, the individual members of the band have been busy on projects. Roger Taylor has been producing records, and has been very successful at it too. He recently produced Jimmy Nail, and now has the new Feargal Sharkey single in the charts too. John Deacon has recently opened his own recording studio.

Whilst passing some office at EMI recently, I heard the new single from would you believe, Kate Bush... and yes it is totally wonderful. Look out also for a band from Parlophone called The Pet Shop Boys. Best wishes to my pal Tilly Rutherford over at PRT, I hope the leg gets better soon mate, and that you are back at your desk as soon as possible.

New albums in the shops here in London from Animation, Jermaine Stewart, Whitney Houston, and a compilation of the sadly defunct Orange Juice. You can also pick up the debut album from Marilyn. If you are into heavy rock, Saxon have their new album out, and likewise if your taste is not heavy rock, you can get the debut album from the Untouchables.

Finally a couple of funny stories for you, Radio One dj Dave Lee Travis shaved his beard off after twenty two years. The hairy monster as he has always been known, appeared on TV-AM for the first time without it recently.

Noel Edmunds found himself without any water or electricity recently at his house after some chaps digging for historical remains in his garden dug through to water pipes and then the electricity cables. Enough of this stuff now, I'm going out for some lunch.

ALEXANDRA'S NEWS CORNER

Hello, and welcome to another one of my irresistible, news-show. Ladies and Gents, how about the new release of SCRITTI POLITTI, Cupid And Psyche 85? This is a great album as most of you will agree, which also states the not to be overlooked fact, that I'm not the TRUE Headbanger, as some may think. Just to create a bit of confusion here, RATT came out with a new Ratt & Rawer, entitled, Invasion Of Your Privacy (Excuse me, mine? I shouldn't think so!) ★

ROMAN HOLIDAY will have a new longplayer released end of July, called Fire Me Up. Released a couple of weeks ago, as a taster, was their single Touch Too Much, which is doing quite well ★ Are you still with me? And please stay tuned for some more confusion. PREFAB SPROUT had their latest single released with the title Faron Young, that happened on June 24th ★

R.E.M. recorded a new album over the last month in England, this piece of work has been given the title Fables Of The Reconstruction. The band have just started a support tour with U2 in England. On the 7th of July both acts play the Belgian Torhout/Werchter festival, where this lady will most likely be! (in case someone is interested!) ★ Last week saw the release of a new SOUND single, Temperature Drop. (Hello Mr. Curry, I've been waiting to dedicate something to you for a long time now - and all of a sudden-- here it is!!) If you live in London or if you're around there on July 8th, go and see them in concert at the Hammersmith Palais ★

While you're TRYING to read this, THE FALL made another move with a new single, once again produced by JOHN LECKIE. This black round 45 speed thing is called Couldn't Get Ahead. Listen to it and get ahead with it. One more thing, it is a double A-side with the other title to come, right now, Rollin' Dany, which is a cover version of GENE VINCENT ★ I Want You! Wrong it's not one of my statements but the title to JOHN ROCCA's latest single. This track was originally recorded by the late MARVIN GAYE ★

Now let's talk about a Dutch band, and a very good one too. Their name is VITESSE. They've been going for quite a while now. The only remaining original member is founder and drummer HERMAN VAN BOEYEN. Just recently they've signed to EMI Bovema, a new album is coming up, which is produced by NICK TAUBER, a single off this LP will be released within the next few days, entitled Lights in The Air ★

TOBRUK, one of my faves (as a new band that is) are heading for America to promote their debut album Wild On The Run ★ THE COMSAT ANGELS will come out with a new album end of July, called Seven Day Weekend, about two weeks before that, a single will be on the market with the title I'm Falling (Oh Dearie!) ★ PAUL HARDIMAN produced the new single from THE FAITH BROTHERS which is already getting quite some good airplay in the UK. Oh, sorry, obviously you wanna know the title, it's A Stranger On Home Ground ★

There's a very good debut album around from a band I've never heard of before. Their name is A-HA, three pretty boys from Norway. I must say this LP is well worth the listen, the title is Hunting High And Low ★ Rumours have it that HANOI ROCKS have split. MIKE MONROE mentioned his wish to go solo. I'm sorry about the band, but all the luck to MIKE ★ Imagination was BELOUIS SOME's debut single, which spinned many heads around, deservedly, but now there's a new one to take over, Some People. Let's see if it becomes as big a hit than his first ★ Last week the long-awaited new single by JOHN FOX has been put on the market, bearing the title Stars On Fire. A new album is scheduled for late August release ★

THE BIG DISH are from Scotland and a new signing to Virgin, brought out their debut single Big New Beginning. The band will start recordings for their first longplayer later this summer, both the single and album had and have PAUL HARDIMAN as a producer. Gosh, he's very busy at the moment. Well he did a great job on LLOYD COLE's album Rattlesnakes, and THE THE's classic Soul Mining Lp ★

NICO, from the legendary VELVET UNDERGROUND returned to the scene with her new album for Beggars Banquet and once again JOHN CALE has been her producer. The title: Camera Obscura. The new single has been given the title My Funny Valentine/My Heart Is Empty. It's a double A-side, the song is performed solo to an acoustic piano backing by JOHN CALE and trumpet by IAN CARR ★ July will see a few interesting releases by MCA artists. New singles by: NIK KERSHAW, called Don Quixote, THE DAMNED with The Shadow Of Love (which has been released already!), THE TRUTH, called Exemption Of Love, GLENN FREY: Sexy Girl, SAL SOLO with his single Heartbeat. How's that for the time being? ★

NIGHTRANGER, also one of MCA's supergroups are currently scoring real big with their new album 7 Wishes. Haven't got the album yet but know it's certainly a good one ★ The fastest band in the world delighted us (or rather me, myself) with a new single, brilliantly named Bonzo Goes To Bitburg (am I invited too?) ★

Are you still with me? GENE LOVES JEZEBEL just had their new album released entitled Immigrant, producer was this time Mr. JOHN LECKIE. Currently the band is on a European tour, also some UK dates are to

MILANO CALLING

by Lidia Bonguardo

Italy is finally starting to feel the wave of the mega concerts hitting Europe this summer. On Friday 21/6 **The Boss** played for 70.000 people at the

San Siro Stadium in Italy. His only concert in Italy brought people from all over the Peninsula. Tickets were sold out in 4/5 days. There's no need for me to tell you how great that evening was.

On 26, 27 and 28th of June, Gianni Ravera (San Remo) organized in St. Vincent the yearly festival for the 1985 summer song.

Tony Esposito with the song 'As To As' won in the 'Big Group' and **Lu Colombo** was chosen for the 'New Group'. In the 3 evenings 15 foreign acts were guests. Among them were Everything But The Girl, Lotus Eaters, Propaganda, Simply Red, Belouis Some, Amii Stewart and Mike Francis, Paul Young, Go West and lots of others. One of the highlights was Culture Club, but Boy George's 'primadonna' attitude caused some complaints among the Italian artists. In fact questions have arisen on the organization of the festival and the fact that there is always an enormous amount of foreign artists present in these popular Italian shows. More space has been asked to be given to the Italian artists.

Lately there have been some major video contracts signed with Italian record companies. **EMI Italy** has acquired the rights for the distribution of the **Picture Music International** catalogue in Italy. Video cassettes include artists such as David Bowie and Phil Collins. EMI Italy also distributes the Virgin video catalogue.

CGD Video Suono has made a deal with **Chrysalis**. 5 video masters will be duplicated and distributed in Italy by CGD. The artists are Spandau Ballet, Ultravox, 2 videos of Blondie and 1 of Jethro Tull.

Two new Italian LP's to come out on the market soon. One is **Edoardo Bennato** with 'Kaiwanna' (don't ask me what it means) and the other is of the Roman singer **Antonello Venditti** '100 Citta' (one hundred cities). Congratulations go out to **Claudio Baglioni**, after 2 weeks out on the streets, his LP's 'La Vita E Adesso' entered the Italian charts directly at number one, and I'm sure it will stay there for some time.

Well folks, I must say that vacation time is near even though lately the weather here in the North (of Italy) hasn't been great. I must go to my beloved Greece...

Best sun and fun to all of you.

BE A SHMOOZER ... NOT A LOSER AT THE NEW MUSIC SEMINAR

To make it in the music business, you've got to get out there and see people. Face to face. *Shmoozing*—the art of talking business as pleasure—is the most important activity at the **New Music Seminar**. SUMMERBREAK

With hardly any change in the European Album Top 100 it is quite obvious that the record companies are preparing for the summerbreak (and so are we; please note however that the Top 100's will have their normal runnings during the two weeks absence of Eurotipsheet). Hardly any new or significant entries, and in the first half of the European Top 100 there are even none. Of the new entries of the second half, only 1 has an important position: Men At Work's *Two Hearts* (new at 50 and charted in Germany, Belgium and Denmark). Further new entries for Level 42 (71), the soundtrack *A View To A Kill* (77) and the *Nebraska* album of Bruce at 95.

The fastest mover of this week is Bob Dylan, due to strong sales in the UK, Germany, Italy and Holland the album moves in its third week to 15 (from 25). Sting continues to be one of Europe's best played albums and indirectly Sting also exerts some influence on the other

good played album in Europe: Dire Straits. The release of *Money For Nothing* as the second single of Dire Straits this year makes the album again an airplay favourite on Euro-Radio and it is this same Sting who has co-written the above mentioned single and who is also audible on backing vocals.

The 'Mother of Punk', Nina Hagen, brings the audiences in Switzerland Germany and Denmark 'In Extase', her albums jumps to 47. She is closely followed by the soundtrack *Der Formel Eins Film*, the soundtrack from the movie based on the popular weekly German TV program of the same name.

Notwithstanding the quiet release schedules of most companies there are still some albums left to help you through the summer. AC/DC release their first album in two years entitled *Fly On The Wall* and thanks to standout tracks like *Playing With Girls* and *Danger* (the new single for Europe) this album will undoubtedly get a warm reception in Europe.

follow soon ★ I've heard a couple of songs from SAM COOK's new album, called S.C. Live At The Harlem Square Club, this is WOW- Hi RCA could we get a copy for a review. Michael Baker (The Editor) and me will fight for it. May the Best reviewer win! ★ I know that probably everyone knows already, but JEFF BECK and ROD STEWART have been working together again, and as a result, brought

out a single, People Get Ready. Just wanted to say, Beck is still really a flamboyant axe-man who hasn't lost his magical touch at all ★ MOTLEY CRUE have a new album out with the title Theatre Of Pain, on Elektra. This features also the debut pianoplaying of drummer TOMMY LEE (devious little, pretty devil) Producer was TONY VISCONTI as well as to the new ADAM ANT single entitled Vive Le Rock, flip side: Greta X. Adam commences his 1st UK tour in 3 years time, starting 10th of September. Currently though Adam stars the title role of JOE ORTON's black comedy, Entertaining Mr. Sloane. His first concert appearance this year will be at the All Star BAND AID concert on July 13th at Wembley Stadium ★

And now for: something completely different, let's move on to Finland for a while. DINGO!! Bingo- I knew there weren't too many people around in other countries who've heard about that band, and a shame it is too. They've released two real great albums, and wonderful singles. In their homecountry they sell more albums than the BEATLES ever did. Unfortunately up until now, all their material is sung in Finnish, which obviously makes things a bit more tongue- twisting to pronounce for non Finns. Anyway, try to get hold of their new album, and here it comes entitled Kerjalaisten Valtakunta. (Ok, whaddayawant, I can't help it!) I love their single called Levoton Tuhkimo, which in translation means Restless Cinderella. Honestly, cut the jokes, this band is superb. Soon there will be material coming out sung in English, if everything goes as planned. And THEN, we have a new supergroup, but remember who tipped you off. All

RATT AND ROLL !!

Shy - Brave The Storm- RCA

A record that never fails to please us, one that definitely grows on you. Just listen to the beautiful love ballad, *Reflections*. Their lyrics are certainly not done by Polly The Parrot, but meaningful. This particular song has such an emotional feeling to it; a wonderful subtle guitar solo with the right close harmony vocals. No need to be shy boys! This young & goodlooking band from Birmingham should come far with the right back-up & Push!

Ratt - Invasion Of Your Privacy- Atlantic

Yes, this is the latest Ratt album, produced by Beau Hill. Starting off with *You're In Love*, which is not the typical love ballad, quite the contrary. Like all the songs, they are up-tempo, a bit chaotic and with some real flamboyant guitar playing. This band is doing extremely well in the States (and deserved!). Hello Europe, are you with us? These boys are great, real Rockers! Lay It Down 'coz it's Ratt & Roll !!

Dingo - Kerjalaisten Valtakunta- Kraelp

Bingo-Dingo- emerging from Finland. This is their second album & the best sold rock Lp in Finland, ever! It's impossible to say any sensible word about the lyrics, 'coz all their selfwritten songs are sung in Finnish. What we can say though, is that this band is unique, a class in it self. The style could best be described as a Rock/New Wave/Punk & Folk mixture. A phantastic bunch of guys, it's time they break everywhere around the world.

videonews

It will be interesting to see the **SANDY MARTON** video of *Camel By Camel*. Claudio Cecchetto, one of our correspondents produced it and this same Claudio is also producer for the popular daily video show in Southern Europe, *Deejay Television*. If you have a chance to see this quite unique video presentation with games, interviews and special sections, you should not miss it! ★

With most of major television channels strongly protesting the *Pay For Play* initiatives from the record labels, it is refreshing to know that *Music Box* sees itself very much as a partner of the music industry. Right from the beginning *Music Box* had an agreement through *VPL* to let the people financing the videos part in the possible earnings through the channel ★

Nielsen, the American media company, announced that *MTV* had an increase of 33% in weekly viewers over the last twelve months which is specifically nice for the people that want to sell the network at present. In the meantime it was nice to see Swedish *Bjorn Skifs* as a new video ad on *MTV* with his *RCA* single *The Arbitr* (from the *Chess* album) ★ *Limelight* videos is making a big number of important clips. They have just finished the *MADONNA* video (*Over And Over*) while they still have a lot of *Madonna* footage left. *Steve Barron* has also done the *DIRE STRAITS* singles as well as the refreshing single from the Norwegian band *A-HA* (*Take On Me*). The video utilized special rotoscope animation effects, which apparently have taken two months work! ★ And yes, we love the *Bryan Ferry* video of *Slave To Love* and give full credit to director *Mondino* for the beautiful shots ★

How many video recorders will be in operation on July 13th to record the *Live Aid* broadcast? ★ One of the oldest established video companies *KEEFKO* is changing drastically. Both original partners *John Weaver* and *Keith MacMillan* are parting. *John* starts his own production company called *John Weaver Productions* in *Los Angeles*, *MacMillan* will stay in *London* and operate *Keefco* from there. *Weaver* starts with a long *Reo Speedwagon* special ★

JOHN PARR's video of the film theme to *St. Elmo's Fire* will undoubtedly be a smash in the *US*. We expect this video to be on *European TV* somewhere in *August* ★ Watch out for *'WEIRD AL' YANKOVIC*'s video of *Like A Surgeon* (...Cutting For The Very First Time...) ★ Welcome back to *Mick Rock*, one of the real pioneers of video productions (remember his *David Bowie* clips *Space Oddity* and *Live On Mars*; remember his *Kinks* and *Paul McCartney* videos). *Mick* has re-entered the video world and his first clip is for *Manhattan Records* *DOPPELGANGERS* ★ *PAT BENATAR*'s video is also ready, for her single *Invincible*, the theme from *'Legend Of Billy Jean'*, although it isn't released yet here in *Europe* ★ *Master HUEY LEWIS* has delighted us with his new one, shot in *Marin County*, directed by *Tim Newman* of *ZZ Top* fame. His single *Power Of Love* (as featured on the *'Back To The Future'* soundtrack) is great and obviously, so is the clip, but see for yourself! ★ *Tight Spot*, *KEVIN KITCHEN*'s new visual song is ready, try to see it asap! See you after summer !!

EUROTIPSHEET EXPANSION AND NEW ADDRESS

You have our last issue before our summerbreak in your hands. We will close for two weeks and be back with you the issue of July 29th. In the meantime we have lots of things to do. First of all we are moving to our new, very cosy building in Amsterdam, very near the Leidseplein, the famous nightclub area of Amsterdam. Our new premises are also opposite the Paradiso rockclub and so you can imagine it will sometimes very hard to keep the editorial team in the office after 10 PM! (Oh Oh, you did not realize we were still working that late eh?). We hope to welcome many of our correspondents in the coming year; Amsterdam is one of the loveliest cities in Europe and a boat trip through the romantic canals is one of the options: they depart right in front of our new address: **Stadhouderskade 35, 1071 ZD Amsterdam, phone: Holland (0)20-62 84 83, telex: 12938, E-Mail DGS1112.**

A great number of improvements for Eurotipsheet are about to happen of which the major one is the much more advanced system of computerization. We hope to have this operational within the next two months and it will enable us to be of much more value for the European media people. We will be able to give you much more news and interesting data for your programming. Stay tuned, elaborate and full information in the weeks to come...

European Music Report, the publishing company of Eurotipsheet, is going through major expansions and you should watch out for big announcements in August.

TOP 100 RADIO SHOW

The reactions on our European Top 100 Radio Show cassette have been tremendous and we already have agreements with many countries to broadcast this weekly show. It helps to promote the European talents of today and we hope that with the broadcasting in Canada, Australia, Japan and the USA, even more European artists then before will hit the charts in those important markets.

Preparations for the weekly television show are developing positively and we will hopefully have more news on this shortly.

THE EUROHITS

If you follow our charts you see how European talent is developing and conquering the world. We are very proud to be part of this process and that an increasing number of major record labels inform us that Eurotipsheet really makes a big difference! It all starts with the music and we will never claim we are making hits exclusively! But it is nice to know that we are helping to bring these wonderful productions to your attention. The

incredible international successes of acts such as Opus, Falco, Yello, Andreas Vollenweider, Alphaville, Modern Talking, Nena, Mai Tai, Art Company, The Limit, Raff, Silver Pozzoli, Ivan etc. show that you can have your hit originating from almost any country. We will continue to bring these to the notice of the top A&R people around the globe.

PICK UP THAT TALENT!

From September the 1st on we will be offering cassettes of the weekly European Top 100 Show to anyone interested. On top of that we will produce each month a cassette containing the best new product from the national countries around Europe and we intend to spotlight those records that have crossover potential. Already an enormous number of top A&R guys, especially from the major American labels have shown strong interest in this cassette. Obviously they can now hear the European hits much earlier than usual and we feel it will help to promote Euro-Talent. If you are interested to subscribe to this cassette series please contact Ron Betist.

MEETING POINT

In this issue we introduce a new feature, the Eurotipsheet Meeting Point, the classified advertising section. If you are looking for a radio job or want to promote your product or have a nice program to sell or are offering a job.... this is the ideal way to do it. WILLIE GOES CREEDENCE

Bill Wyman celebrated the release of his Willie & The Poor Boys video on June 6th with a glamorous star studded galapremiere in London's Video Cafe.

Wyman and musical friends like Andy Fairweather Low, Mickey Gee, Geraint Watkins, Charlie Watts, Kenney Jones, Paul Rodgers, Chris Rea, Jimmy Page and Ray Cooper recently collaborated on an album of Fifties and Sixties Rock 'n Roll songs under the monicker of Willie & The Poor Boys (named after the Creedence lp).

Wyman's goal with this project is to raise money for research into Multiple Sclerosis, the debilitating disease Ronnie Lane suffers from, and to make a new generation aware of the music which inspired him and his contemporaries at the start of their careers. The proceeds of the record, the video and related products will go to the Ronnie Lane Appeal for A.R.M.S. (Action for Research into Multiple Sclerosis).

The video features seven tracks and takes the form of a typical Saturdaynight dance of the Fifties, complete with Jive contest and teddy boy MC, and features the band playing before a celebrity audience including Barbara Bach, John Entwistle and members of Go West and Imagination. Ron Wood and Ringo Star also make surprise appearances.

Willie & The Good Cause- Willie & The Poor Boys Videoparty: (l-r) Jimmy Page, Andy Fairweather Low, Bill Wyman, John Entwistle, Kenney Jones, Paul Rodgers and Simon Kirke.
